Chapter 2871 Estranged Relationship

Tian Gang didn't say anything else and jumped up. This time, it was easy for him because he didn't need to use his skills and could jump twice. Lin Yi replenished his Qi and quickly returned to the peak of the five evil mountains.

"Sky Class late phase peak is the best!" Lin Yi couldn't help but sigh. He might be able to kill this and that within seconds, but there was still a huge gap between them when it came to actual strength.

"You're tactful. " Tian Gang felt proud.

"Zhang naipao, where are we going to find it?" Walking out of the cliff, Lin Yi was a little confused. The five evils Savage Land was huge, and with the spirit beast riot, it was extremely difficult for them to find a person in this situation.

"Don't we have Skybolt pig?" Tian Gang pointed at Skybolt pig and said, ""Not only can it search for treasures, it can also find people. Of course, its range is limited, and it's not as agile as treasure hunting, but it's a spirit beast, and can move through the five evils wild lands as it wishes. Once it finds Zhang naipao, we can go there with a purpose."

Lin Yi was a little surprised-he didn't think that Big Dipper would be this smart. This was a pretty good idea."Skybolt pig, I'll leave this to you!"

"Ji Ji!" Skybolt pig nodded. He didn't help much when Lin Yi fell off the cliff, and now that Lin Yi asked for help, he couldn't wait to show off.

Skybolt pig went to look for naipao, while Lin Yi and Tian Gang temporarily set up camp at the foot of the mountains. No spirit beasts passed by here, and it was safer than a safe place.

"You have five elements as well ..." After some time, tianshuo started talking about Lin Yi's physique.

"Aren't you the same?" Lin Yi said with a shrug.

"Then why didn't you tell me when I told you about myself?" Tian Gang asked.

"We weren't that close back then ..." Lin Yi smiled bitterly.

"If you're not familiar with me, why don't you touch me ... Touch me there?" Tian Gang hmphed coldly as he glared at Lin Yi.

"I ..." Lin Yi was helpless, but he knew that there was no point in reasoning with girls. "Alright, it's my fault for hiding this from you."

"Hmph, that's more like it." Seeing Lin Yi admit his mistake, tianshuo suddenly felt very happy. The anger from before was gone, and he was a little worried, "You're the only one who knows about your Constitution, right?"

"And ... There are a few people close to me ..." Lin Yi didn't quite understand what Tian Gang meant, ""What's wrong?"

"It's nothing. It's best if you don't reveal it, or else ... Forget it, just keep it a secret." As a former spy, Tian Gang had to bear too much pressure from the five elements sect, so she didn't want Lin Yi to follow her path. If Lin Yi was really chosen by the five elements sect, he would have to carry out that extremely dangerous task, and that wasn't something Tian Gang wanted to see.

"Of course. If our relationship hadn't reached this stage, I wouldn't have told you." Lin Yi said with a nod.

"En ..." Tian Gang also nodded.

"By the way, let me ask you something. The martial arts technique that you used on the cliff, was it the five elements Eight Trigrams palm?" Lin Yi asked after some hesitation.

"Yes, do you recognize this martial art technique?" Tian Gang's heart moved.

"Can you teach me?" Lin Yi nodded and asked.

"This ..." Tian Gang couldn't help but fall silent. She wanted to teach Lin Yi, but she didn't dare to. If she taught Lin Yi the five elements and Eight Trigrams palm and the five elements sect found out, not only would she be in trouble, but Lin Yi would be in trouble as well. The sky elixir sect would be in trouble too. For everyone, Tian Gang didn't dare to take this risk.

When she heard Lin Yi's question, she had already guessed that since Lin Yi had the five elements Constitution, it was reasonable for him to want to learn the five elements Eight Trigrams palm.

"Hehe, I'm just casually asking. Actually, I know how to do it." Lin Yi shrugged. He didn't want to make things difficult for Tian Gang. He could tell that Tian Gang had his own difficulties! Lin Yi didn't think that Tian Gang would hide it from him if he could teach him a skill.

After all, Tian Gang was willing to give him the perfume pouch and return to the five evils Savage Lands to save him. Lin Yi knew about this. Tian Gang's silence at this moment naturally had her reasons.

"You can?" Tian Gang was stunned.

"Yeah, don't forget how Zhang naipao became crazy-I'm good at copying other people's skills, it's different, but it's about 50% similar!" "Five elements Eight Trigrams palm, I learned it from another person ..." Lin Yi smiled.

"Tagan Dragon?" Tian Gang knew that since Lin Yi recognized the five elements Eight Trigram palm, he must have guessed her relationship with the five elements sect. The two didn't say it out loud, but they both knew it!

"That's him. Is he alright now?" Lin Yi asked.

"He didn't die, but he didn't wake up either." Tian Gang shook his head.

"En ..." Lin Yi nodded and didn't continue the awkward topic.

"Hey, why do I feel like I've grown a lot more distant?" Lin Yi's silence made Tian Gang a little annoyed. He wondered if he was too bored to expose the fact that Lin Yi accepted the inheritance. It made both of them uncomfortable.

"Actually, I was wondering why you didn't get hurt again ..." Lin Yi grinned. He felt the awkwardness in the air and joked.

"You're so annoying!" How could tianshuo not understand what Lin Yi was trying to say? She rolled her eyes at Lin Yi, "why are you so dirty?" Can't you be more serious?"

"I was serious just now, but you said I was distant and not serious. Now you say I'm dirty. I'm really wronged!" Lin Yi shrugged, a bitter smile on his face.

"But I didn't ask you to be a hooligan!" "Hey, can you tell me about you and your childhood friend?" Tian Gang rolled his eyes.

"You mean her?" Lin Yi pointed at Qiqi and nodded after some hesitation. He chose what he could say, however, leaving out the things he couldn't ...

The story was very dull, even boring to the extreme. Every day, there was nothing but training, but Tianjie listened with great interest ...

After Lin Yi finished, Tian Gang was a little surprised, "So you're supposed to be a physical practitioner, you've never trained in spiritual arts since you were little?"

"No, I've been cultivating since I was eight." Lin Yi said.

Chapter 2872 Worse

"What? Eight years old?" Tian Gang's eyes were wide open as he looked at Lin Yi in disbelief, as if he was looking at a monster, "You've already passed the best time to train, and you're already at Earth Class late phase? And even more powerful than the average Earth Class or even Sky Class? Are you sure you're not lying to me?"

Tian Huan couldn't be blamed for being so strange. Most cultivators would still cultivate from a young age, and very few would become a monk halfway through their cultivation. Unless they had some kind of fortuitous encounter, otherwise, their meridians and bones would have already grown. Even if they took spirit medicine like the foundation building pill and could cultivate, they wouldn't have much achievement.

"No, why Would I Lie to You?" Lin Yi said, shaking his head.

"Then how do you cultivate? You took a pill?" It was hard for Tian Gang to imagine that Lin Yi only used ten years or so to step into the late phase of Earth Class.

"Yes, I did take a Qi gathering pill, when I was breaking through into Earth Class, but it was a waste." "I wasn't even a refiner back then," Lin Yi said regretfully, "I didn't know how precious Qi gathering pills were, and I didn't even know about the existence of lesser Qi gathering pills."

"Pfff ... Cough cough ..." Tianshuo started coughing. Lin Yi's words made her speechless, ""You've taken the Qi gathering pill and you can still continue to cultivate?"

"I can ..." Lin Yi nodded, ""Didn't you notice that my cultivation speed is very fast? Especially when it comes to recovering physical strength and true Qi. "

"That's true, you're really a freak. " Tian Gang sighed, "you'll die if you compare people, but you'll throw away goods if you compare them!" If you were in my sect, you'd probably be Sky Class late phase peak already, or maybe even Tian Dao already ..."

"Ha ..." Lin Yi smiled, "I'm already satisfied. A solo practitioner can't be compared to a core disciple from a sect."

"Yeah, you're not satisfied, are you? when I was at your strength, I couldn't even kill a Sky Class mid phase instantly." Tian Gang was hit hard by Lin Yi's words.

"Don't you have the five elements Eight Trigrams palm?" Lin Yi asked, surprised.

"It's true that he has the five elements Eight Trigrams palm, but it's not enough to kill a Sky Class mid phase in an instant!" Tianshuo looked at Lin Yi, confused. "Don't tell me you think that the five elements Eight Trigrams palm is that powerful?"

"Isn't it?" Lin Yi blinked.

"Five elements Eight Trigrams palm, there are ten moves in total. Earth Class can use the first five, Sky Class early phase can use the last five!" Tian Gang shook his head and explained, "Although the five elements Eight Trigrams palm is five times stronger than normal martial arts, that's only in theory. With one's physical strength and skill level, it's already amazing to be able to unleash three times the power. The higher the level, the less the power will be unleashed, because the amount of physical strength required is huge. So, the advantage of the five elements Eight Trigrams palm is huge in the early and mid Earth Class, but it's a lot smaller in the late stage! That's why I said that the fifth style of the five elements Eight Trigrams palm would only be twice as strong as the tenth style of the earth Class at the late stage of the earth Class. How could it kill a Sky Class mid phase? And now, I can only exert a little more than twice the power. The final tenth form of my five elements Eight Trigrams palm is equivalent to the twenty-fifth form of an ordinary martial technique ..."

"What? A total of ten moves?" Lin Yi was surprised to find that the five elements Eight Trigrams palm he'd been looking forward to only had ten forms! And when he trained Tian Gang to its peak, the tenth form was only the equivalent of the twenty-fifth form. In other words, if Lin Yi continued to train normally, the twentieth form of raging fire Eight Trigram palm would be on par with it. Lin Yi didn't even need to learn the five elements Eight Trigram palm!

But it made sense—a practitioner's stamina and Qi were limited, and the skills they used couldn't exceed their own stamina and Qi. Lin Yi could understand why there were only ten forms in the five elements Eight Trigrams palm, and no practitioner could use more than that.

Of course, Lin Yi was just trying to comfort himself. The power of the five elements Eight Trigrams palm in Tian Gang's hands and Lin Yi's hands were completely different!

"Yeah, if it's 20 forms, wouldn't that be heaven-defying? Wouldn't I be invincible?" Tian Gang shrugged his shoulders and said.

"That's true," Lin Yi nodded.

The two of them talked about martial arts techniques and other cultivation aspects. Both of them had five elements physiques, so they had a lot of topics to talk about ...

.....

In Yanjing city, Tianli was having a great time these past few days, smoking the cigarettes that Mr. Lang gave him every day, fantasizing about the profits he could make from this big business deal! Although house Liu was different now that they had Lin Yi on their side, and some hidden houses even treated them with respect, they still relied on Lin Yi in the end. However, Lin Yi was Lin Yi, and house Liu was house Liu. With the relationship between Liu Tianyi and Lin Yi, house Liu's life was smooth sailing, but what about a hundred years later?

Tianyi wasn't a practitioner, and he couldn't live for too long. Without him, would Lin Yi be able to help house Liu like he was now? Obviously, Tianli didn't think that was possible, and so he'd been looking for a chance to make house Liu a big family that could exist on its own without Lin Yi.

Now, this opportunity had come. If they could continue to work with President lang, then the Liu family's company would have to expand even if they wanted to.

Tianli's phone rang, and he picked it up after seeing President Lang's name on the screen. "President lang, how is it? any good news?"

"President Liu, I'm Lil 'cui. It's Cui mianshi!" It was not President lang who called, but his Secretary, cui mianshi.

"Oh, Secretary cui. What's the matter?" Tianli asked.

"Here's the thing. There's a once-in-a-lifetime opportunity. Our President lang is now negotiating with a few local tobacco farmers and a few businesses. One of the businesses has a cash flow problem due to investment problems. He doesn't want the 1.5 billion Yuan worth of tobacco he had eaten, and wants to sell it at a low price of one billion Yuan. Everyone is a little tempted now, but one billion Yuan is a lot of money after all. President lang is the same as the other businesses. They're all asking their men to call their business partners or family to discuss if they can buy this. " "Mr. Lang means to ask Mr. Liu if we're interested," said cui mianshi.""

"1.5 billion worth of goods, just one billion ..." Tianli was tempted, but the money he gave out was already the limit of what he could afford. If he gave out another one billion, where was he going to get the money?

Chapter 2873 Found Zhang Naipao

However, Tianli was well aware of the profits of the tobacco. 1.5 billion worth of goods sold for only one billion, this was a gift from the heavens! If Tianli let this opportunity slip by, he wouldn't be a normal businessman.

"Secretary cui, don't worry. I'll think of a way. You should quickly inform President lang. I'll think of a way to raise the money as soon as possible. We must keep this batch of goods!" Tianli said after a moment of silence.

"Alright, President Liu. I'll go and inform President lang now. Call me immediately if you have any news." Chui mianshi quickly replied.

Tianli hung up the phone and left the office. He got into his car and headed straight for the bank. The company didn't have any cash left, but they still had a lot of real estate, such as the company's skyscraper, house Liu's Villa, industrial hotels and real estate that they had invested in before, luxury

cars, and so on. With the reputation and connections of house Liu, a billion was a big amount, but it wasn't impossible.

As for Chui mianshi, she hung up the phone and turned around to look at little pure. "It's done, Chunjie-Liu Tianli's taken the bait!"

"En, but, Chui mianshi, your contribution this time can not go unnoticed. When we return, I will definitely ask master Wen to help you claim your merits!" Little pure nodded in satisfaction-she didn't expect things to go so smoothly. It seemed like the hypnotist was the best, after all, and Tianli was completely lost.

"Thank you so much, brother pure ..." Chui mianshi quickly thanked her.

Tianli's actions were swift-in fact, the outside world knew that house Liu was buying raw materials and distributing finished products for miracle doctor Guan's medical company, and with this connection, it was easy for Tianli to get a loan.

Soon, the procedures were done, and Tianli successfully borrowed one billion from the bank. He contacted Mr. Lang and transferred the money to his account.

When little pure saw all the money go into her account, she knew it was time to close the net and say goodbye to Tianli, but in order to hurt him, she didn't say it out loud. She wanted to let him have a few days of sweet dreams before telling him!

An Jianwen didn't think that things would go so smoothly this time. It was even easier than tricking Chupengzhan last time!

"Lin Yi, Oh Lin Yi, you didn't expect this, did you? Why did you go to the trial? your company is going to be finished! Hmph Hmph, this is your end for going against the Firewolf gang and the red conch!" Jianwen sneered after hearing the news.

After all this time, he finally got his revenge. He'd been suppressed by Lin Yi all this time, and no matter what he did, it would always be ruined by Lin Yi or the people around him. This made him very angry, but this time, he could finally get his revenge.

.....

Skybolt pig was a spirit beast, and its movements were not restricted in the five evils Savage Land. No spirit beast would attack it, and they would just ignore its running around ...

Of course, no matter how easy it was for the pig to move around, it was still extremely hard to find naipao in the five evils wild!

However, Skybolt pig wasn't blindly searching-he would stop for a while every time he reached a large area. He'd seen naipao before, and he'd remembered his presence-as long as he was within a certain range, he'd be able to sense him.

Finally, the heavens didn't let the pig down-when the pig came to a certain area, it detected naipao's presence. This discovery made the bored pig excited, and it started running towards the direction of the presence ...

It was a miracle that naipao was still alive-he'd been running around the five evils barren lands after Lin Yi made him crazy, and it was inevitable that he'd run into some spirit beasts. These spirit beasts would naturally attack a Sky Class early phase like naipao.

However, even if naipao was crazy, he would still subconsciously fight back if someone or a spirit beast attacked him. He was lucky that he didn't use his martial skill, and instead used the bramble Arts.

If he activated his martial arts skills and attacked randomly, it might not be effective. He might even be killed by the spirit beasts in seconds before he could activate them, just like Dongfang Busu.

However, the divine thorn technique was different. This was a passive counterattack mental cultivation method. When the spirit beast attacked him, he would naturally have two hundred and forty percent of the counterattack!

Spirit beasts weren't stupid-after attacking naipao, they'd take a huge blow, and after two attacks, they'd realize that something was wrong, and stop attacking. Although they managed to injure naipao severely, the spirit beast didn't continue attacking him. Not only that, it even warned the other spirit beasts about the danger of naipao, telling them not to attack this weird practitioner, in case they got hurt.

And so, naipao managed to escape successfully, but he couldn't run anymore due to his injuries-he just sat on the ground and laughed like a madman. The spirit beasts nearby all received the warning and treated him like air, waiting for him to die.

The pig noticed naipao, but didn't expect him to just be sitting there like an idiot. However, seeing the injuries on his body and the other spirit beasts ignoring him, it was a little strange!

The pig had been in the five evils mountain range, a forbidden area for spirit beasts, so it didn't receive any news.

At first, Skybolt pig was thinking that even if he found naipao, it wouldn't be good for him to bring Lin Yi and Tian Gang here. After all, naipao was a living person, and a crazy one at that. His location wasn't fixed, and so Skybolt pig was thinking that he should follow naipao and wait for him to rest before going back to Lin Yi. But now, it seemed like that wasn't necessary.

After remembering naipao's location, Skybolt pig rushed back to Lin Yi's five fiend mountains!

Lin Yi and tianshuo were both surprised to see Skybolt pig return so quickly!

"Little guy, you've found Zhang naipao?" Even Tian Gang didn't have much hope of finding naipao anymore, and the pig had found him? Her purpose here was to find Lin Yi, and Zhang naipao was just an excuse to brush the xuanchen ancestor off. She didn't expect an accident to happen.

"Ji Ji!" Skybolt pig nodded proudly-not only did he find naipao, he'd also found an important pattern in the movements of a spirit beast!

Chapter 2874 Kick You

"So we're going to look for Zhang naipao now?" Lin Yi suggested, worried about Qiqi's condition.

"Oink Oink ..." The pig shook its head and wrote on the ground. "Not now-every day, between 2 to 4 am, that's when the spirit beasts rest. That's the best time for us to go find Zhang naipao, we won't be attacked by the spirit beasts."

"Oh? Two to four in the morning? The spirit beasts are resting?" Lin Yi paused-he didn't think that the pig would come back with such good news, not just Zhang naipao. He'd been worried about how he'd get to naipao safely with the pig, worried that he'd get attacked by spirit beasts on the way.

After all, he did have the perfume pouch, but tianshuo and Qiqi didn't. They were still in danger, but the pig's discovery solved that problem.

"Ji Ji!" Skybolt pig nodded and continued writing, "Zhang naipao's injured, he's resting on the ground, don't worry about him leaving."

"That's good. " Lin Yi nodded-he could understand why naipao was injured now. He'd be attacked by the spirit beasts if he were to wander around here, and he could counter their attacks. This way, the spirit beasts wouldn't attack him anymore, and so naipao survived.

Tian Gang had obviously thought of this as well. He was lucky. Not only did he find Lin Yi, but he could also report back to ancestor xuanchen.

It was two in the morning, and Lin Yi was still talking and laughing with Tian Gang before the pig came back, but after the pig brought news of Zhang naipao, Lin Yi was looking forward to the night falling earlier so he could take Qiqi to find Zhang naipao.

The three humans and one pig advanced under the moonlight. Just as Skybolt pig said, there were no spirit beasts at this time. It seemed that the spirit beasts were really resting. There was no trace of danger on the flat road.

The Dragon of five evils actually knew that Lin Yi and Tiangang had come up safely from the bottom of the cliff. They had stayed at the foot of the five evils mountain range for so long, and this was the Dragon of five evils's territory. There was no way the Dragon of five evils couldn't sense their existence.

Of course, the Dragon of five demons didn't come down to continue attacking them. As the king of the five demons mountain range, although the Dragon of five demons hated human cultivators, especially those who stopped it from devouring the origin Energy, it wouldn't let Lin Yi and Tian Gang off easily.

However, the king had his pride too. He had already killed Lin Yi and Tian Gang once, and although he was surprised that they didn't die, he didn't kill them a second time. He just used the same method to throw them off the cliff.

Whether they would die or not would depend on their luck. However, what the Dragon of five demons did not expect was that these two people actually came up again! When did this cliff become so easy to climb?

However, just because the Dragon of five evils didn't make a move, it didn't mean that it would allow Lin Yi and Tian Gang to come a second time. After Lin Yi and the others left, it called over the spirit beast closest to it and ordered, ""Awoooo! Awoooo!(All the previous rules have been canceled. All spirit beasts are free to move and rest!)"

"Wu Wu Wu Wu Wu", the spirit beast underling quickly expressed his understanding and turned around to inform the Soundwave flying spirit beast ...

Lin Yi and the others still didn't know that the Dragon of the five demons had very sinisterly set up a trap for them, disrupting the spiritual beasts' daily routine! However, it would still take time for the message to be transmitted. Although the Soundwave flying spirit beast could quickly spread the Dragon of five demons' order, it would still need the spirit beast's subordinate to inform it first.

Skybolt pig's sense of direction was extremely strong, and there weren't any turns at all. Lin Yi, with Qiqi on his back, found Naipao with Tianshuo!

When Lin Yi saw Naipao, he couldn't help but sigh! An impressive disciple of the everyday and every day sect was now sitting on the ground in a daze. No one knew what he was doing, or rather, he did not do anything at all!

"Zhang Naipao!" Tian Gang shouted.

However, Naipao didn't react at all. He didn't even raise his head to look at Tian Gang. He completely ignored Tian Gang's shouts.

"He's in his peak state and can't hear anyone's summoning." Lin Yi explained, shaking his head as he recalled his situation.

"Then ... How can he wake up?" Tian Gang frowned. If he brought Naipao back to the Xuanchen elder before he woke up, the Xuanchen elder would definitely question him. Tian Gang was worried that Lin Yi's Secret would be revealed.

"Feng Shasha said before that this is a type of madness in the yuan Shen-in theory, only he's awake, and if someone tries to interfere, it's very easy for him to go crazy. Only someone who knows how to use Yuan Shen out of body can communicate with naipao directly, and that's the only way to wake him up." Lin Yi said. He was confident that naipao would be able to save Qiqi because of that damn thing in the Jade space-that guy seemed to be a high level essence spirit.

"Then ... How do I wake him up? Do you have a way?" Tianjie paused-naipao obviously wouldn't be able to save Qiqi in this state, and she didn't know where Lin Yi's confidence came from.

"Let's go to a safe place first. It's too dangerous here. We've already spent an hour and a half to get here. Fortunately, we're not far from a safe place. Otherwise, we'll be in deep trouble when the spirit beasts wake up. " Lin Yi said.

"Ah ... If you didn't tell me, I would have forgotten the time." Tian Gang nervously stuck out his tongue.

"I thought you weren't afraid of the spirit beast. When the spirit beast comes, you can kick it!" Lin Yi smiled at how cute tianshuo was.

"You dare to joke with me?" Tian Gang's face reddened as he glared at Lin Yi, "I'll kick you professionally, not the spirit beast. "

"Kick me professionally? Why don't you say that your ancestors kicked me?" Lin Yi blinked, a bitter smile on his face.

"Do you think it's an ancestral phone screen protector from the streets?" Tian Gang glared at Lin Yi.

"You even know about the ancestral film?" Lin Yi, on the other hand, found it strange-he'd come across a stand selling phone film on the streets while browsing the internet. They called it "professional film protector" while his family called it "ancestral film protector." Lin Yi was confused-did his ancestor already have a phone? It can also be used for film? He didn't expect Tian Gang to know.

"A lunatic told me a joke." Tian Gang didn't know at first, but Kang Zhaoming came every day to please her and even told her jokes, so he knew.

Chapter 2875 Consider

However, Kang Zhaoming's jokes were quite interesting. Tianjie took it as a way to relieve his boredom after work.

"Crazy?" Lin Yi blinked. He wasn't talking about himself, was he? However, he had never told Tian Gang before.

"Let's not talk about that-we don't have much time, why aren't you taking naipao and leaving? Let's see what you can do when the spirit beasts come! I can kick, let's see what you can do!" Tian Gang reminded.

"I have a weapon!" Lin Yi said seriously.

"Pfft ... Disgusting!" Tianshuo's face changed slightly at Lin Yi's words. "Don't tell me you and the spirit beast ..."

"What are you thinking? The weapon I'm talking about is a sachet, and you gave it to me!" Lin Yi said innocently.

"I'll kick your sachet!" Tian Gang was embarrassed. She knew that Lin Yi was denying it on purpose, but she had no choice, "Hurry up and carry Zhang naipao!"

"Oh ..." Lin Yi wasn't as gentle with naipao as he was with Qiqi-he just reached out and lifted him up. Naipao was using his thorn Arts, but Lin Yi didn't use any Qi-he was just lifting him up, and so naipao wouldn't cause him any harm.

With naipao in mind, Lin Yi and tianshuo made their way to the safe area. They were quite lucky-not long after they reached the safe area, there was a commotion outside-the spirit beasts had all woken up, and it wasn't four in the morning as Skybolt pig had said-it was fifteen minutes earlier!

Lin Yi had Qinggong, and tianshuo was Sky Class late phase peak-the two weren't slow at all. If they didn't have to worry about the spirit beasts following them and just ran, they'd be able to reach naipao's safe spot in fifteen minutes.

When Lin Yi was going back and forth the five evil mountains before, he had Tian Gang's fragrance bag with him, but he had to carry a Sky Class spirit beast with him at all times, so Lin Yi's speed wasn't fast. This time, however, he didn't need it.

"What's the matter? Didn't they say that the spirit beasts would only wake up at four in the morning?" Lin Yi looked at Skybolt pig strangely.

Skybolt pig, on the other hand, was lying at the entrance of the safe zone with a serious look on his face. He only turned around when he heard Lin Yi's question and quickly scribbled on the ground, "The Dragon of five demons has issued a new order. The previous order has been canceled, and the spirit beasts are free to move around ..."

"What do you mean?" Lin Yi was stunned. He didn't know about the Dragon of five evils's order.

"It's like this ..." Lin Yi didn't know, but tianshuo knew more or less. He told Lin Yi about the Dragon of the five evils ordering the human cultivators to be annihilated. "I'm afraid the two hours of rest in between is also an order from the Dragon of five demons."

"I see, I really couldn't tell that this Dragon of five evils was so sinister ..." Lin Yi thought back to when he was thrown into a cliff by the Dragon of five evils and felt that the Dragon of five evils was a bit evil.

"Spiritual beasts, unless it's a contractual spiritual beast of a human cultivator, otherwise, they're always on opposing sides. It's not a bad thing." "No." Tian Gang shook his head and said, "I'm not thinking about the Dragon of five demons right now. I'm thinking about how we can leave this place."

"That's true ..." Lin Yi looked at the spirit beasts outside and frowned. It seemed that these spirit beasts were more excited than when Lin Yi first entered the five evils Savage Lands. Could it be that these spirit beasts had killed too many cultivators before and were now bloodthirsty?

This was the only possibility! He'd still have the confidence to leave if it was at the start, but he couldn't now.

But Lin Yi wasn't in the mood to think about how to get out of here yet-what he was thinking about was how to wake naipao up and get him to help suck away the Qi from Qiqi.

"Hey, GUI yuanshen, I'm talking to you. You're definitely not asleep. Don't play dead." Lin Yi said after entering the Jade space.

"I say, kid, are you done? What's the matter now?" The ghastly thing's voice was filled with helplessness and depression.

"Can you do me a favor?" Lin Yi asked.

"I can 't," "I'm not your subordinate," the ghastly thing said firmly."Your level is too low. It's impossible for me to work for you."

"I'm not ordering you, I'm discussing this with you ..." Lin Yi smiled bitterly, ""A friend of mine is about to die now. The Qi of the five evils invaded his body ..."

"Oh, then you don't have to say it. I can't help you with this. I'm only an apparition now and don't have a physical body. I can't help you dissolve the Qi of the five evils in your friend's body." The ghost interrupted Lin Yi.

"I'm not asking you to help me dispel the Qi of five evils. There's another person who can help me dispel it. However, he has entered a state of madness, just like me. I need your help to wake him up." Lin Yi explained.

"I still have to go out?" The ghostly thing immediately refused. "Going out is very taxing on my primordial spirit. I'm not going."

"Just do me a favor?" "If you need my help in the future, I'll definitely help you!" Lin Yi said with a sincere tone.

"Oh? Then I'll think about it. " The ghostly thing said after thinking for a while.

"How long do you need to consider?" Lin Yi blinked.

"I'm not sure. It'll take at least three to five days, at most a year and a half. In any case, it won't be more than two years. " The ghostly thing said.

"You ... Aren't you scamming me?" Lin Yi was pissed off-he felt like this thing was just brushing him off! He was just a promise, not a substantial condition for the exchange. Was there a need to consider it? The thing, on the other hand, had to think about it-it probably just didn't want to help, but it was just an excuse to get tired of Lin Yi.

But the thing stopped talking after that and ignored Lin Yi.

Lin Yi had no choice but to leave the Jade space. This thing didn't say anything, and Lin Yi couldn't do anything to it.

"Lin Yi, don't you have a way to wake naipao up?" Tian Gang saw that Lin Yi didn't say anything and didn't know what Lin Yi was doing. He couldn't help but ask.

"Ah ..." Lin Yi heard Tian Gang's question and couldn't help but smile bitterly. "I haven't thought of it yet ..."

"You were so confident before. I thought you had a way ..." Tian Gang was stunned and then said speechlessly.

"I ... I thought it was a little too simple before ..." Lin Yi couldn't tell him about the thing. It wasn't that he was trying to hide it from Tian Gang, but how was he supposed to tell him about it?

Chapter 2876 Agree To The Conditions

If Tian Gang asked where he was, how was Lin Yi going to explain? Even if he explained, would that thing be willing to expose itself? Lin Yi didn't want to mess with this thing.

"Oh?" Tianshuo looked at Lin Yi, confused. "Simple? What do you mean by that?"

"It's nothing, I just don't think I'm good enough ..." Lin Yi changed the topic, ""Just like before, when I thought I could deal with Qiqi's Qi of five evils, but I realized I couldn't ..."

"You can solve it?" Tian Huan was even more confused.

"We're all cultivators of the five elements Constitution, so we can all absorb and dissolve the Qi of the five evils for our own use. " Lin Yi saw that he'd successfully changed the topic and explained,"I thought that I could take the Qi of the five evils out of Qiqi's body and absorb it-I've helped other physical practitioners absorb their pure Qi before, but the Qi of the five evils isn't all together in Qiqi's body-it's spread all over her body, in her meridians and in her body, and I can't take it all out ..."

"Alright ..." Tian Gang was a little speechless."Then there's nothing I can do for now. Although I don't want anything to happen to her, Zhang naipao is the only one we can rely on. I know the method you're talking about, people who are often injured by spirit beasts have pure Qi in their bodies. This is easier to resolve since they're all together, but it's scattered, we can't do anything about it."

"Yeah ..." Lin Yi nodded, but he was still worried about Qiqi when a deep voice came from the Jade space,""Okay, I agree. In the future, I can ask you to do one thing for me. You can't refuse!"

"Sure, but it must be something within my ability. I can't just die if you want me to." Lin Yi was surprised and happy when he heard the words. He didn't have any hope in it, but the thing suddenly agreed!

With that thought, Lin Yi quickly entered the Jade space, but he didn't lose his mind. He added a condition.

"Of course. It's definitely something that doesn't go against your principles. Otherwise, you might not even do it even if I ask you to." "Don't worry," the demonic thing said."I won't let you do anything that's dangerous or harmful to you."

"That's good, thank you so much!" Lin Yi blinked-he didn't think that this thing would be so straightforward, even making the conditions more specific.

"No need to thank me, it's a fair trade." "It's the crazy man sitting on the ground beside you, right?" the ghostly thing asked.

"That's right, it's him, Zhang naipao!" Lin Yi quickly nodded.

"Alright," he said. The ghostly thing suddenly came out of the Jade space and appeared in front of Lin Yi! It was still a ball of mist, and it was impossible to see what it was. Its sudden appearance gave Tian Gang a shock!

Tian Gang was a Sky Class late phase peak, after all-how could he not notice something like this appearing here?

"Ya, What's this?" Tian Gang quickly asked.

"Don't be scared, this is the helper I've summoned, it'll wake naipao up. " Lin Yi explained.

"You? You summoned it?" "You also know ancient summoning techniques?" Tian Gang was stunned.

"Ancient summoning technique? What is it?" Lin Yi was confused by what Tian Gang said.

"It's a long-lost summoning technique that can summon some helpers in special forms, such as primordial spirits that are wandering in the world ...""Actually, I'm not very sure. It's just a legend ..."

"Oh, I can summon it, but I often can't. What I meant was that I thought I could summon it, but I didn't. Now I can suddenly do it again." Lin Yi's words were a bit of a mess, but tianshuo understood.

"Oh, so that's how it is. Then it ..." In front of this ghostly thing, Tian Gang felt an extremely obvious pressure. For some reason, even when he was facing the dragon of the five evils, Tian Gang did not feel such a great sense of pressure.

"Zhang naipao! Wake up!" The ghostly thing suddenly roared, scaring both Lin Yi and Tian Gang.

"Ah!" Naipao roared, and his dull eyes cleared up as he raised his head, confused. He looked at Lin Yi, then at tianshuo and the thing that woke him up. He slowly remembered what had happened ...

Just like Lin Yi, he still remembered what happened at his peak after he woke up-he knew that Lin Yi was the one who brought him to his peak, found him, and cured him ... He couldn't help but feel a deep sense of defeat when he thought about that ...

Originally, he came to the five evils Savage Land with high spirits and Supreme skills, wanting to show off his skills to attack Lin Yi, but he didn't expect that in the end, he would be the one to be attacked! How did Lin Yi learn her ultimate skill?

And that wasn't all-even he couldn't break the attack, but Lin Yi could do it so easily and even summon help to help him-this was too unbelievable!

Plus, he was Sky Class early phase, while Lin Yi was only earth Class late phase, but their strength wasn't on the same level. Naipao finally realized how small he was in front of Lin Yi-he was like a clown.

He'd always come back in disappointment-his strength had increased, and so had Lin Yi 's, to the point where he couldn't even handle it ...

One hell fist was more than naipao could handle ...

"Why did you save me?" Naipao knew what had happened before he woke up, but Lin Yi didn't go into detail in his conversation with Tian Gang, so he didn't think too much about it. What he was thinking about now was-Lin Yi could've killed him, so why did he save him? What was the meaning of this?

"Help me suck out the Qi of the five evils in her body. Then, we'll forget about this matter. After we get out, we'll return to our original path." Lin Yi said as he pointed at Qiqi.

"So you have a favor to ask of me. I was wondering why you saved me." Naipao looked at Qiqi and thought of the five evils Qi-he knew his wasp absorption Arts, so naturally, he could absorb and dissolve the Qi.

"Don't talk nonsense, save or not?" Lin Yi asked.

Chapter 2877 You Want To Learn

"So what if I save him? So what if I don 't?" Naipao was starting to lose interest-he didn't want to live anymore! He felt like he couldn't surpass Lin Yi after all this time and effort! The two of them had a

similar starting line-when he first met Lin Yi, he was only a golden class master, just a little stronger than him!

However, Naipao's self-castration and hard work were more than enough to make up for this small flaw, but what he didn't expect was that it still didn't work. Was this what people called "one step first, one step first"?

But that didn't make sense-mo BA and Mo Jiu were Sky Class mid phase, yet they still couldn't beat Lin Yi. What kind of theory was that? She was also at the early phase of Sky Class, leveling up faster than Lin Yi-why couldn't she beat him?

Could this be the so-called "lack of talent"? Naipao said, frustrated.

"I said, if you save her, I can let you go this time." "If I don't save her, I'll keep using my hell fire Fist to make you go crazy and stay here forever," Lin Yi said.

"I have the divine Bramble technique ..." Naipao said unwillingly. He'd accepted the fact that he wasn't as good as Lin Yi, but it wasn't that easy to make him admit defeat ...

"The divine thorn technique? You still have to bear 20% of the damage yourself. 20% of the Hellfire fist is enough to make you go crazy, and the 240% reflected back can wake me up, so it doesn't affect me. " "Plus, I still have the mid-quality cicada underwear for defense," Lin Yi shrugged.

"..." Naipao was speechless-that's right, even the bramble Arts that he was so proud of was easily neutralized by Lin Yi! Even if Lin Yi didn't have the mid quality Golden Cicada undergarments, he couldn't do anything to him!

Even if Lin Yi was a Sky Class now, without the mid-grade Golden Cicada underwear's restraints, he still wasn't a match for one hell fire Fist ...

"Sigh, if it wasn't for Liang bro, I wouldn't give in even if I died here today. But I can't die, I have to keep working hard for Liang bro, I have to repay his kindness!" Naipao shook his head,"alright, I'll do it!"

"You're quite loyal. It's just that there's a little problem with following your master." Lin Yi said, shaking his head.

"Liang bro's really nice to me, Lin Yi, you don't have to do this!" Naipao retorted,"don't talk about useless stuff like that-you can't make me betray you! If you're capable of doing that, then go make Liang bro betray me! If he doesn't do anything to you, then I won't do anything to you either, but that's impossible! Liang bro hates you to the bone!"

"Forget it, I'll just absorb the Qi of the five evils." Lin Yi didn't want to say too much to Naipao-there was nothing he could do about this stubborn man.

Naipao nodded, not saying anything more. He looked at Qiqi and placed his hand on her wrist, ready to start his practitioner's Arts and absorb the Qi.

"Wait a moment!" Lin Yi suddenly stopped him.

"What are you doing?" Naipao blinked,"why wait?"

"I have to see if you can harm her!" With that, Lin Yi lowered his body and looked at Naipao's hand.

"I think you're trying to steal it, right?" Naipao wasn't stupid-he immediately knew what Lin Yi was thinking.

"Don't you have a mental cultivation method that you can learn just by looking at it?" Lin Yi was exposed by Naipao, but he acted like it wasn't a big deal.

"Others might not be able to learn it, but you might not. Otherwise, how did you learn my Hell Yin demon fist?" Naipao didn't believe Lin Yi's words.

"Mine is called the Hellfire fist. It's different from your Hellfire fist. They're two completely different martial arts techniques." Lin Yi said.

"Do you think I'm an idiot? I think you're obviously fabricating this based on my martial technique!" Naipao shook his head, "you're always lying to me. I'll have to be on guard against you in the future. I won't use defiantly tyrannical's skills in front of you, or you might just steal them."

"You really think highly of me." Lin Yi smiled bitterly-he didn't think that Naipao would become so much smarter after waking up. It wasn't easy for him to figure this out.

But since Naipao had already said that, Lin Yi couldn't just go and peek anymore. Naipao would probably carry him if he did, too, so he decided to just stand to the side and not disturb Naipao, "Even if she doesn't use the mantra, you can still absorb the Qi of the five evils from her body?"

"Use the mantra to absorb the Qi of the spiritual practitioner. This Qi of five evils isn't her own Qi, so I can absorb it directly." Naipao said, not hiding anything.

"Oh, I see." Lin Yi nodded, "you absorb it then, I'll go back for a bit."

"I'm already fine." Naipao, on the other hand, stood up. "She might wake up in a while."

"Alright, thank you for this." Lin Yi and Naipao were enemies, but he did save Qiqi, after all, so he had to be polite.

"No need to thank me. You also saved me, so we're even! Moreover, I've absorbed the Qi of the five evils in her body, which has healed many of the injuries I've suffered." Naipao waved his hand, "You'd better think about how we're going to go back first."

That's right, after Yang Qiqi's five evils Qi was gone, the biggest problem now was how to leave this place. Naipao was unconscious, but he heard that the spirit beasts had stopped resting, and so he was worried!

"Either we force our way in, or we'll find a pattern ..." Lin Yi said, "I don't have any solutions for the time being. I can avoid the spiritual beasts by myself. As long as it's not a heaven rank spiritual beast, I'll be fine. But you guys can't."

"Right, who is this?" Naipao didn't know what to do-he turned to look at tianshuo. He knew that Lin Yi was able to avoid the spirit beasts, after all-Lin Yi had miraculously dodged a few attacks from the spirit beasts when he was hit by the hell fist, and naipao thought it was weird. Now that he heard Lin Yi's explanation, he understood what happened.

"I'm Tian Gang, I was in the five evils mountain range and got injured. It was Lin Yi who saved me. " Tian Gang didn't say too much to naipao, only giving a simple self-introduction, hiding her identity as the young master of the sky elixir sect. It was fine if she told naipao alone, but she didn't want to tell Lin Yi.

Chapter 2878 Surround Them

Although they had roughly guessed each other's identity, if her identity as the sky elixir sect's young master was revealed, it would create an even bigger gap between her and Lin Yi.

"Oh, nice to meet you." Naipao was a eunuch, and didn't have much interest in pretty girls. In his eyes, they were just skeletons. Although Tianji was pretty, naipao only greeted her before turning his attention to Lin Yi.

Tian Gang didn't show his strength, and naipao didn't expect him to be Sky Class late phase peak-he was only a small Mystic in his eyes, after all, and Lin Yi was the one who saved her.

Naipao didn't say much, and tianshuo was more than happy to be quiet-Lin Yi would see through him if he did.

"In that case, won't that spirit beast of yours be able to communicate with other spirit beasts?" Naipao said after some hesitation."We can let it discuss with the spirit beasts we meet on the way. We can use

both soft and hard tactics. If it makes way, then we'll be safe. If it attacks me, I can reflect the damage and use the Wasp absorption Divine Art to suck their strength and true Qi dry, sucking them to death!"

"Oh? You can absorb it? I forgot, but can't we just fight our way out?" Lin Yi remembered Naipao's wasp absorption Arts-it was a heaven-defying skill.

"I can, but it's not realistic to fight my way out. Spirit beasts have more stamina and Qi than human practitioners. With my current strength, I can still absorb a golden or Mystic class spirit beast, but it's a bit difficult to absorb an Earth Class spirit beast. If I absorb a Sky Class spirit beast, my body will explode and I'll die. Just like last time, you almost made me explode and die!" Naipao shook his head,"plus, even if it's a golden or Mystic class, I'd only be able to suck two or three of them. I can't take it if I suck too many!"

"That's true," Lin Yi nodded in realization."By the way, why don't you absorb Two Spirit beasts, then use the thorn divine technique to injure a few more spirit beasts, and then absorb again to heal your injuries? this way, you don't have to worry about exploding and dying."

"This ... Is also a good idea!" Naipao thought about it and agreed,"but, we need to be careful when we leave. A small number of spirit beasts is fine, but if we run into a few at once, I won't be able to follow my heart."

"We can only try to avoid it. After all, we don't have the final say in this ..." Lin Yi shrugged.

"Then shall we leave now?" Naipao asked.

"Sure ..." Lin Yi carried Qiqi on his back-it didn't matter if she woke up or not, she wouldn't be of any help in the fight with the spirit beast, so it was the same.

Tianshuo had been listening to the conversation the whole time, and when naipao suggested leaving, he questioned,"If we do this ... I'm afraid we will attract more spirit beasts. The spirit beasts here seem to be United. If we kill too many spirit beasts, I'm afraid we will be besieged by them. It will be difficult to leave then."

"But this is the only way. You're a woman, so don't express your opinion." Naturally, naipao wasn't too happy with Tian Gang's rebuking-in his eyes, Tian Gang was the same level as yang Qiqi, and if he weren't Lin Yi's friend, he wouldn't even be bothered with him.

"Hehe ..." Tianshuo laughed, not saying anything. Naipao was right-this was the only way, and the only way. Otherwise, it'd be really hard to get to the teleportation formation!

Although the journey wasn't long, from the looks of it, these spirit beasts were all very excited and were running around. If they went out, they might be immediately attacked by the spirit beasts.

The sky was bright now, and Lin Yi carried Qiqi, tianshuo, naipao, and Skybolt pig out of the safe area, heading towards the teleportation formation. It was fine at first, but they weren't far away when two yellow Class spirit beasts started eyeing them!

"Ji Ji! (I'm a Mystic late phase peak spirit beast, I order you to leave this place!)" The lightning pig barked at the two yellow rank spirit beasts. Although they were unwilling, they still left obediently.

Lin Yi just remembered that Skybolt pig was a Mystic late phase peak spirit beast, and it could suppress spirit beasts that weren't strong enough.

Naipao was very nervous at first-these two Spirit beasts might only be golden class, but they were different from humans. Some were strong at golden class, but some were only so-so at Sky Class.

However, he didn't expect Lin Yi's spirit beast to be able to suppress a Yellow Class spirit beast. This surprised him,"I didn't expect this. This way, it'll be even easier for us to reach the teleportation array. As long as we don't encounter any earth-rank or heaven-rank spiritual beasts, we'll be fine!"

The pig nodded proudly. In fact, it was just trying at first. The Dragon of five demons 'order was canceled, but the pig didn't know if these spirit beasts would be suppressed immediately. Now, it seemed like it was possible.

Tian Gang was surprised as well, and he looked at Skybolt pig with admiration.

With the pig, the journey was much smoother. First of all, the pig could sense the presence of high-tier spirit beasts, and it could alert everyone from far away. They could change their path and avoid running into high-tier spirit beasts.

Some low-rank spirit beasts, however, didn't care. They just used the rank suppression system to avoid the high-rank spirit beasts. It was quite smooth, but sometimes it was too smooth, and other people ... Or spirit beasts would be envious!

Although the Skybolt pig was able to avoid high-rank spirit beasts and deal with low-rank spirit beasts, all of this was detected by the Soundwave flying spirit beast that was in charge of sending messages in

the five evils Savage Lands. The Soundwave flying spirit beast then reported to the Dragon of the five evils at once!

The Dragon of the five evils was a little stunned after hearing the report from his subordinate! It allowed the spirit beasts to move freely because it wanted to make Lin Yi and the others stay here forever, but the Dragon of five evils was arrogant and didn't want to kill them just for a few human cultivators.

But now, the Dragon of five demons was a little angry. These little guys are quite smart? However, it didn't matter. The Dragon of five demons was ruthless this time. It absolutely couldn't tolerate that there were still things that were not within its control in its territory!

The Dragon of five evils wanted to let Lin Yi and the others know that it was the king here. No matter how smart they were, it was useless!

"Awooooo! Awooooo!"(Pass down the order immediately. Let the earth and heaven rank spiritual beasts gather around those little guys and surround them!) The Dragon of five evils's eyes turned cold, ready to give the order to kill Lin Yi.

Chapter 2879 Trouble

However, since you're able to make me, the Dragon of the five demons, personally order to deal with you, you've all died a worthy death!

After receiving the order, the subordinate spirit beast went to convey the Dragon of five evils's order. Although it took some time to transmit the order, this time, the sonic flying spirit beast came to report. The subordinate spirit beast did not need to search for it and directly conveyed the Dragon of five evils's order to it, which was faster than usual.

Very quickly, all the spirit beasts above earth rank in the entire five evils wild land received the Dragon's order and prepared to attack Lin Yi and the others.

The other spirit beasts could hear this order, and so could the pig. When the pig heard the order from the sonic flying spirit beast, it was so shocked that all its fur stood on end and it stopped in its tracks!

"Skybolt pig, what's wrong?" Lin Yi saw the pig suddenly stop, not knowing what was going on.

"Ji Ji!" The pig found a soft piece of land and wrote on it with its claws, ""This is bad. The Dragon of five demons has issued a new order. All the low-rank and above spiritual beasts in the vicinity are to come and besiege us!"

"What?" Lin Yi was shocked, and so was tianshuo. Naipao, on the other hand, frowned in disbelief.

He had never dealt with the Dragon of five demons before, so he asked doubtfully, ""That Dragon of five demons or something, would he mobilize so many people just for us? You little thing, are you lying to us?"

"Skybolt pig wouldn't lie." "I'm afraid we really are in trouble!" Lin Yi shook his head.

Lin Yi didn't expect the Dragon of five evils to be so evil, to the point of being evil to the core. He kept using evil tricks on the way, and if one didn't work, he'd use another one. He wouldn't stop until he got what he wanted! But Lin Yi could understand-he'd stolen the source of its five evils, so it was normal for it to be angry. If it were him, he'd fight to the death too.

"It seems that I can only take a gamble!" Naipao didn't think that Lin Yi would lie to him-since he said that Skybolt pig was telling the truth, naipao believed him, "We'll show our strength now and see if we can intimidate those spirit beasts. If it doesn't work, we'll kill our way out like before! Lin Yi, can your mid-grade Golden Cicada underwear defend against an earth-rank spirit beast's attack?"

"How would I know?" "You're the ones who gave me this undergarments?" Lin Yi blinked.

However, naipao's words did remind Lin Yi-could this mid-grade Golden Cicada underwear defend against attacks from spirit beasts below Sky Class? Since the undergarments had a strict grading system, then spirit beasts also had a grading system. He wondered if it was feasible?

"You can try it later." Naipao said after some thought, "you'd better help me block the attacks of the earth rank spirit beast, and I'll use the hell fist to attack the spirit beast. When my Qi runs out, I'll find a heaven rank spirit beast to absorb it-this is much easier than using the divine Bramble technique to reflect the damage. But, when I'm halfway through absorbing the Qi and the heaven rank spirit beast can't move, you'll have to help me kill it. Otherwise, if I absorb too much, I'll explode!"

From the looks of it, naipao was ready to go all out as well-he'd just reached Sky Class, and didn't really dare use his wasp absorption Arts to suck a Sky Class beast, but things were too sudden-he had to take the risk. Otherwise, it'd be like what Skybolt pig said, and they'd all die Here.

"Reveal your strength?" Lin Yi smiled bitterly, "with our strength, we're nothing in the eyes of the spirit beasts. Even Tian Huan wouldn't be able to scare them." That Dongfang bulwin from before, he's Sky Class late phase peak, right?"

"Tiangang?" Naipao froze, looking at Tian Gang in shock, "You're ... A Sky Class late phase peak?"

"En ..." Tian Gang nodded.

"..." Naipao was speechless-he cupped his fists,""I'm sorry, I didn't think that there would be an expert here. That's great, he'll be an important helper when we're facing the spirit beasts later!"

"With you and Lin Yi here, how would I dare call myself a master?" Tianshuo realized that he didn't have much of an advantage against naipao and Lin Yi-the two of them both knew that hellish fist or something. Even if he was a Sky Class late phase peak, he'd go crazy after getting hit by that hellish fist. Although he didn't think that he couldn't break the hellish fist with his strong mind, he would still be at a disadvantage even if he did.

"It's fine in front of me, but I'm scared of being kicked. Zhang naipao isn 't, he's a eunuch. " Lin Yi said.

Tian Gang's face reddened as he glared at Lin Yi, but he couldn't threaten naipao with him here.

Naipao, on the other hand, was confused,"what does this have to do with eunuchs?" Do you discriminate against eunuchs?"

"Nothing, I was just joking." Lin Yi was afraid that tianshuo would go crazy, so he shrugged and was about to change the topic when he saw Skybolt pig's body shaking. The Jade on Lin Yi's chest also sent him an alert!

There was danger!

Naipao, on the other hand, seemed to have realized something as well-he raised his head and looked into the distance.

It was the footsteps of spirit beasts, and they came in groups! Naipao's scalp went numb-this ... This wasn't just one or two Spirit beasts! It was clearly a herd of spirit beasts!

"Skybolt pig, what's going on?" Lin Yi's face was a bit ugly.

"There are at least 20 spirit beasts of earth rank and above coming this way!" The pig wrote.

"At least twenty?" Lin Yi felt dizzy as he smiled bitterly at Naipao, "Zhang Naipao, it looks like your plan won't work-there're so many spirit beasts here, even if you can absorb one and I can defend against one, the other spirit beasts won't give us a chance ..."

"Then what do you suggest we do?" Naipao didn't know what to do-he didn't think that the Dragon would be this cruel, "Did you guys offend the Dragon of five evils? Why is it so bad?"

Offended ... He had really offended her! But Lin Yi couldn't tell Naipao in detail-he just replied vaguely, "We're here to participate in the trial, and we're not offending it?"

Tian Gang didn't expect to encounter such danger and was at a loss!

However, just as Tian Gang was at a loss, she suddenly felt someone touching her waist. She turned around and saw Lin Yi's hand reaching for her. This made Tian Gang a little angry!

"What are you doing?" Tian Gang was angry. At a time like this, he still wanted to take advantage of her? This Lin Yi ... He didn't seem like the type to have such low tastes.

Chapter 2880 Mutual Concern

"You go first, don't worry about us." Lin Yi said.

"Ah?" Only then did tianshuo realize that there was something on his waist. It was the perfume pouch she gave to Lin Yi, and he didn't expect Lin Yi to return it to her.

"There's still time to leave now. " "Let's go!" Lin Yi said to tianshuo.

Tianshuo didn't think that Lin Yi would still think of her at a time like this. He was very touched and felt a bit sweet! Was this the feeling of two people caring for each other? Great She felt that her risk of coming back to Lin Yi wasn't in vain, but could she leave on her own now? What would Lin Yi Do if she left?

"I want to fight with you." Tian Gang made a decision in an instant. This decision was extremely irrational. It was a world of difference from the calm and composed heavenly silkworm transformation in the past. But at this moment, she was Tian Gang. She did not regret it!

"If I can deal with them, then there's no point for you to stay. If I can't deal with them, then your sacrifice will be meaningless." Lin Yi said.

"But ..." Tianshuo thought about it carefully. Lin Yi was right. He couldn't help at all if he stayed here! Sky Class late phase peak was extremely small in front of these spiritual beasts.

"If we don't leave now, we won't have time!" Lin Yi interrupted.

"It's already too late!" Naipao didn't know why Lin Yi told tianshuo to leave, but he didn't have the time to ask. He told them what he found, "The spirit beasts are coming from all directions, she can't escape!"

"What!" Lin Yi took a deep breath. It seemed that the Dragon of five evils was determined to get rid of them this time.

"Roar!"

"Aooo!"

"Wuwuwuwu"

"Gu Gu Gu Gu. -

The footsteps and cries of the spirit beasts were getting closer and closer, and in the blink of an eye, they were right in front of them. It was just as naipao had said, dozens of spirit beasts were surrounding them from all directions, leaving them no way to escape.

"Roar!"

"Aooo!"

"Wuwuwuwu"

"Gu Gu Gu Gu."

However, what made Lin Yi and the others feel strange was that after these spirit beasts surrounded them, they didn't move at all. They just surrounded them, didn't attack, and didn't move forward. Not a single spirit beast provoked them, but they surrounded them!

"What's the meaning of this?" Lin Yi looked at Skybolt pig strangely.

"Chirp chirp chirp chirp (what are you guys doing?)" The pig asked the spirit beasts that surrounded them.

"Growl growl growl (the Dragon of the five demons asked us to surround you, it's coming over in person soon!)" One of the spirit beasts replied.

"The Dragon of five evils is coming." The pig wrote.

"What? The Dragon of the five evils ... It actually came personally?" Lin Yi was stunned. He thought that if the spirit beasts didn't attack, there would still be conditions to negotiate, but it seemed that the Dragon of five evils was here in person. There was nothing to negotiate.

Naipao's face darkened as well-he didn't know what kind of bad luck he had, for the Dragon of five evils to come personally,""It seems like we won't be able to get out today!"

The Dragon of the five evils flew over with a roar. Lin Yi was surprised to find that the Dragon could fly! There was a pair of wings on its back, but they weren't too obvious-they were very small, and Lin Yi was confused. Wasn't this a typical small horse-drawn large cart with a 0.8L engine to pull a tank ...

But it really did fly-it looked a little out of place, but it was perfectly natural, like a helicopter, landing right in front of Lin Yi.

"I have to admit that you little guys are very smart. You can use all the resources you can and actually ran here." The Dragon of the five evils rolled its eyes and said to Lin Yi and the others. No one could tell if it was angry or something.

"You've been playing with us all this time?" Lin Yi was furious, but there was nothing he could do. From the time he was thrown off the cliff by the Dragon of five evils until now, he realized that he had never escaped from the Dragon of five evils's control. It seemed that the Dragon of five evils wanted to play him to death.

"That's right. The first time you and this little girl came to the five evils mountain range, I threw you off the cliff and you came up on your own. But I decided to let you go and ignored you. Who knew you would come again? I can endure it once, but it doesn't mean I can endure it a second time!" The Dragon of the five demons laughed evilly. "The reason why I didn't injure you and throw you down the cliff the second time was to play with you. I wanted to let you see some hope of survival. Then, after you climbed up, I would slowly crush your hope!"

"I see ..." Lin Yi couldn't help but smile bitterly. "Then, you came here personally. Do you want to kill us personally?"

"I didn't plan to kill you all myself, but I suddenly realized that I've underestimated you all. However, it's also a very satisfying thing for me to be able to kill you high-intelligence cultivators myself!" The Dragon of five demons said.

"Abnormal!" Lin Yi was a little speechless at the Dragon of five evils 'words. Did this guy go through some kind of setback when he was young? why was his heart so dark?

"You're right, I'm a pervert. I've been in the five evils Savage Land for too long. It's not easy for me to find something fun, so how can I let it go so easily?" The Dragon of five evils looked at Lin Yi and the others teasingly. In its eyes, Lin Yi and the others were its playthings.

"Then how do you want us to die?" Lin Yi asked.

"Hmm ... Let me think!" The Dragon of the five demons pretended to ponder and said, ""How about this, you guys kill each other, and I'll let the last one leave. How about it?"

Lin Yi frowned. This Dragon of five evils was really bad. It made this request to watch the show, and it had other reasons to kill the one who survived. It was clearly playing with people.

Naipao's eyes flashed with hesitation, but he remembered that Lin Yi was stronger than him, and he would be the one to die. He decided to give up on the idea of killing each other, not to mention that there was still a Tian Gang whose strength unknown. Who knew what trump cards she had?

"What's wrong? Don't you believe me?" The Dragon of the five evils was a little angry when he saw Lin Yi and the others were unmoved,""There's only one chance. If you miss it, you won't have it anymore. Don't you want to live? You want to leave this place?"

Lin Yi and the others didn't say anything. Although the Dragon of five evils's words were full of temptation, these people weren't stupid.
