Chapter 2881 Never To See You Again

"I mean the little kid in black!" The Dragon of five evils saw Naipao pointing at himself and nodded, ""Yes, I'm talking about you! This matter actually has nothing to do with you. I have a grudge against the three of them, and you were implicated. So, do you want to kill them?"

"You think I'm stupid?" Naipao rolled his eyes, "even if I was dragged into this, I wouldn't do anything. My life was saved by Lin Yi, and even if he wasn't, I'm no match for him. If I make the first move, I'll die first. Rather than that, I might as well wait and see-maybe I won't just sit here and wait for death!"

"Is that so?" The Dragon of the five demons felt very bored. It realized that its wisdom was still far inferior to that of a human cultivator! It was easy for human cultivators to trick each other, but it found that it wasn't so easy. After saying so much, these human cultivators didn't fall for it. It couldn't help but feel a little dispirited. It put away its intention to continue playing and said to the group of spirit beasts beside it, ""Let's attack together and tear them to pieces!"

"Roar!"

"Aooo!"

"Wuwuwuwu"

"Gu Gu Gu Gu."

The spirit beasts beside the Dragon of five evils roared at the same time, ready to rush up and kill Lin Yi and the others!

Lin Yi grumbled to himself. Ever since he came to Songshan, he'd met with all sorts of danger and trouble, big and small, but there was always a way to solve it. This was the first time he'd had to sit and wait for death!

Tian Gang, on the other hand, paled as well. She wasn't afraid of death, especially when she died with Lin Yi. What she was afraid of was what would happen to the sky elixir sect if she died. What about her younger brother? Could he shoulder the heavy burden of being the young sect master?

Naipao, on the other hand, was expressionless-he didn't think he'd be able to survive if Lin Yi didn't save him. Normal people wouldn't be able to last long in the fire, and while he'd woken up, it was only a matter of time before he died.

Lin Yi had been compressing the energy bomb since the beginning, but as there were too many spirit beasts, the energy bomb became less effective. Now that the Dragon of five evils had appeared, Lin Yi wasn't sure if he could hurt it, but he decided to try!

However, just as Lin Yi was about to give it his all, a loud roar came from between them and the spirit beast, ""All of you, back off!"

"Roar?"

"Owuu?"

"Wuuu?"

"Gugu?"

At first, the spirit beasts that had received the Dragon of five evils's order were ready to pounce on Lin Yi and the others and dismember their bodies. However, unexpectedly, these spirit beasts actually stopped in their tracks and let out a confused roar before quickly retreating!

Even the Dragon of the five evils was shocked, ""Roar?"

"Dragon of five evils, you little guy, escort them out!" The voice continued.

"Roar? Yes!" The Dragon of the five demons was breathing rapidly. Anyone could tell that it was extremely nervous at this moment. It seemed to be extremely afraid of the owner of this voice!

Lin Yi, tianshuo, and even naipao weren't unfamiliar with this voice-it was the same voice that had woken naipao up!

Lin Yi was surprised and happy-the thing was interfering? Lin Yi didn't even plan on asking the thing for help-he didn't think it could take on that many spirit beasts. It did say that it'd killed a few Sky Class

practitioners, but human practitioners and spirit beasts were two different things. It might be able to kill a Sky Class human practitioner, but it might not be able to kill a Mystic class beast!

What Lin Yi didn't expect was that these spirit beasts actually listened to that damn thing and actually retreated. Even the Dragon of five evils was extremely respectful to it, actually agreeing to escort them out?

What was going on? Lin Yi had never heard of a practitioner being able to command so many spirit beasts. Was this the privilege of a practitioner? However, Lin Yi had no way of knowing all of this if the thing didn't tell him.

"If you dare to disturb my cultivation again, I'll kill you!" The fog-like thing threatened the Dragon of five demons.

However, its threat was obviously quite effective. The Dragon of five demons nodded in fear and trepidation. ""Don't worry, I was just joking with them ..."

"I hope so!" The ghostly thing disappeared after saying that. Only Lin Yi knew that it had returned to the Jade space.

"You summoned it again?" Tian Gang looked at Lin Yi in surprise. He didn't think that this mist-like thing that Lin Yi summoned could command spirit beasts.

"I don't know how it came out ..." Lin Yi smiled bitterly.

Naipao was confused as well-he'd been wondering what this thing was when Lin Yi woke him up, and now that it could even threaten spirit beasts, it only made him even more confused.

Could it be Lin Yi's new trump card? It looked really cool-luckily she didn't fight Lin Yi again, or she'd be dead without even knowing how she died! No, she had to report this to Liang bro when she got back. This Lin Yi was too amazing.

But, as surprised as naipao was, he didn't ask out of curiosity-he knew that even if he did, Lin Yi wouldn't tell him anything, just like how he wouldn't tell him the Wasp absorption Arts.

"Please, you guys!" The Dragon of five evils was respectful and afraid of that damn thing, but towards Lin Yi and the others, he regained his calmness, but his tone was a lot better.

"Hehe, Dragon of five evils, you didn't expect this, did you? we still won in the end." Lin Yi knew that the more confident he was, the more he could intimidate the Dragon of five evils. Lin Yi knew that with that damn thing's temper, it would be very difficult for him to get it out again.

"You can invite ..." The Dragon of five evils shook his head, ""I've still underestimated you!"

Lin Yi wanted to ask the Dragon of five evils what kind of person he invited, but he'd be exposing himself to the Dragon of five evils if he did that. He just thought about it and didn't ask.

The spirit beasts that were watching were all sent away by the Dragon of five evils, and the Dragon of five evils obediently escorted Lin Yi, tianshuo, and naipao all the way to the teleportation formation.

"Dragon of the five evils, we'll never meet again!" Lin Yi waved his hand at the Dragon of five evils and let out a breath of relief.

Chapter 2882 Come Back Together

"See you again? Hehe, that's hard to say!" The Dragon of the five demons said indifferently, "kid, you're quite capable. I have high hopes for you. Who knows, we might meet again when we reach another level. Let's see what else you can rely on then!" I hope you won't disappoint me!"

With that, the Dragon of five evils turned and left without explaining or giving Lin Yi a chance to speak, leaving Lin Yi with a head full of question marks!

Another level? They could still meet? Lin Yi didn't understand what the Dragon of five evils was talking about, but he was sure that he would never come to the savage barren land again unless he was forced to.

Lin Yi piggybacked Qiqi, Tian Gang, Zhang naipao, and Skybolt pig through the portal, and finally arrived at the back mountain of the sky elixir sect. There weren't any disciples waiting there anymore, though-the test was over.

Looking at the familiar scenery, Lin Yi let out a long breath. He was finally out. The past few days felt like a lifetime ago, but although he managed to get out successfully, Lin Yi knew that this was the time for him to break up with tianshuo.

Lin Yi didn't see Tian Ji at the registration stage of the sky elixir sect, so she didn't stay at the Inn before. He also remembered her special status in the five elements sect-the sky elixir sect wouldn't treat her like any other normal practitioner!

"You ..." Lin Yi hesitated before asking.

"I ..." Tian Gang spoke at the same time. The two of them were stunned. Tian Gang couldn't help but smile. "I'm leaving, you guys can follow this path down the mountain and return to the inn of the sky elixir sect. "

"En ..." Lin Yi looked at Tian Gang, a little sad, ""Will we meet again in the future?"

"Perhaps ..." Tian Gang didn't know how to answer this question. There were some things that she wasn't sure about and couldn't make decisions about.

"Then, I'll see you again ..." Lin Yi knew that Tian Ji might have her own difficulties. The five elements sect was a very overbearing sect, especially under the leadership of ancestor xuanchen.

"Why do I feel like you're treating me like the Dragon of the five demons?" Tianshuo felt that Lin Yi's words were weird.

"Don't kick me!" Lin Yi said with a smile.

"I'm going to kick you!" Tian Gang also laughed.

"Ahem ... I say, can you guys stop flirting?" Naipao couldn't take it anymore.

"If you're in a hurry, you can leave first. I don't need to stay here." Lin Yi said.

"Let's go back together ..." Naipao hesitated-he really was a little scared now. They were out, but he was still afraid of getting into trouble. Lin Yi, on the other hand, gave him a sense of security-they'd been safe before.

"I'm leaving ..." Tian Gang was silent for a moment, then he gathered his courage and said, ""Your phone ... Give it to me."

"En!" Lin Yi didn't even think before giving his number, "159XXXX....."

"Mine is 139XXXX ..." Tianshuo gave Lin Yi his private number, ""When you're free ... Contact ..."

"En ..." Lin Yi took a deep breath and turned around. He started walking down the mountain with naipao.

Tian Gang faintly sighed and quickly walked in the direction of the palace.

Manager sun was very suspicious of Lin Yi and naipao coming back to the inn together. Weren't they enemies? Lin Yi had just crippled mo Jiu, how did the two come back together? Did they make up?

"Zhang naipao, why isn't yang Qiqi awake yet?" It'd been almost a day, and Qiqi still wasn't awake-Lin Yi was worried.

"I don't know, but I'm sure I've absorbed the Qi of the five evils. As for when I'll wake up, I'm not sure ..."
Naipao shook his head, ""Alright, Lin Yi, let's go back to the inn and resume our hostile relationship. Next time, we'll fight again!"

"Hehe, next time, I hope so." Lin Yi knew that naipao was telling the truth-he'd already absorbed Qiqi's Qi of five evils, and Lin Yi checked that there were no problems. Perhaps Qiqi was a little tired these last two days, and didn't eat much, which was why she was in a coma for so long!

In the inn, it had been a long time since anyone returned. Today, someone suddenly came back. The cultivators in the inn were all very surprised. They didn't know who was so powerful that they could return safely from the five evils Savage Land after 20 days.

However, when they saw that it was Zhang naipao, they were all a little scared-their faces changed when they saw Lin Yi! It was said that Zhang naipao and Mo BA were killed by Lin Yi in the test, and no one dared to ask about the fact that naipao came back alive with Lin Yi.

Qikun, Shasha, Ciba, and GE Xian, on the other hand, were surprised and happy to see Lin Yi!

"Boss, you're back!" The four of them immediately stepped out of the crowd to welcome him.

"The four of you have also come out safely, not bad!" Lin Yi let out a breath of relief after seeing his four lackeys safe and sound.

"Boss, why did Zhang naipao come back with you? Besides, isn't he crazy?" Qikun asked, confused.

"It's a long story. Let's go back to the room and talk!" Lin Yi waved his hand and pointed upstairs.

Naipao went back to his room, a little dejected. He could tell that while the practitioners here were still respectful towards him, they were all gloating over his misfortune. Mo BA and Mo Jiu were both done for-the three of them had come, and one had returned, and he had almost lost his life!

Lin Yi went back to his room and put Qiqi on the bed first before telling them everything that happened in the five evils barren land, as well as why he needed to save naipao.

"So it's for yang Qiqi!" Qikun suddenly realized-with Lin Yi's personality, he'd be lucky if he didn't kill the crazy naipao right away, why would he wake him up? Wasn't this an unnecessary move?

"That's right, that's why I let him off for now. " "Are you guys alright?" Lin Yi asked. After I left, I hope no one bullied me?"

"No, not at all. Speaking of your name, which trial-taker doesn't know you? Although those two bastards from the Dark Palace were bastards, they still acted as a Messenger and spread the news about the boss. " "By the way, boss, after you left, the young sect master of the sky elixir sect came to visit ..."

Chapter 2883 Tian Huan's Lie

"Oh? The young sect master of the sky elixir sect? What's he doing here?" "Did he come to visit you alone, or ..." Lin Yi blinked.

"He came to visit me alone, but it's all about Zhang naipao ..." With that, qikun told Lin Yi about how he came here through the sky silkworm transformation.

"The heavenly elixir sect cares about Zhang naipao?" Lin Yi frowned-he couldn't connect this to Tian Gang at the moment. After all, the sky silkworm transformation was very secretive, and from qikun's perspective, he was here to ask about naipao-that was what affected Lin Yi.

But after a moment of shock, Lin Yi remembered what Tian Gang said-Zhang naipao was someone her sect wanted her to find. Could it be that there was some sort of secret relationship between the two?

At the thought, Lin Yi felt that it was more and more possible. Tian Gang was one hundred percent from the five elements sect, and since the sky elixir sect came to ask Zhao qikun about Zhang naipao, then Tian Gang returned to the five evils "wilds. It all seemed logical.

However, from Lin Yi's point of view, Tian Gang's request to return to the five evils Savage Lands was for Lin Yi. This made Lin Yi extremely touched, because Tian Gang only started thinking about Zhang naipao after finding Lin Yi.

"Yeah, what's wrong?" Qikun asked curiously after seeing the change in Lin Yi's expression.

"Nothing much. Oh right, have you announced the rewards for the sky elixir sect's trial?" Lin Yi asked.

"Not yet, I've already registered. Boss, you have spirit herbs with you, right? Quickly go register with the sky elixir sect, don't miss anything. " Qikun reminded.

"En, I'll ask the innkeeper downstairs in a while." Lin Yi nodded.

Zhang naipao's safe return was good news for both the sky elixir sect and the five elements sect, but Lin Yi's safe return wasn't good news at all.

"Tianshuo, why is it Lin Yi and Zhang naipao?" The xuanchen ancestor thought that Lin Yi could die in the five evils Savage Lands. That way, he wouldn't have to do anything and taganlong would be avenged, and boss Bai wouldn't even have to say no.

But what he didn't expect was that Lin Yi and naipao returned to the inn together-he'd have to ask tengang about that.

"Uncle xuanchen, when I found Zhang naipao, he was with Lin Yi, and they seemed to have come to an agreement." "I didn't ask much and just brought the two of them out," said Tian Gang.

Tian Gang's lie didn't seem to be true-it didn't matter what naipao said after that, he did make an agreement with Lin Yi.

"It's a good thing that Lin Yi can return safely. Otherwise, it'd be hard to explain to first senior. " The xuanzhen ancestor was happy from the bottom of his heart. If something really happened to Lin Yi, he wouldn't be able to explain it to boss Bai.

"That's true. " Patriarch xuanchen could not say anything more. He waved his hand and said, ""Tianshuo, thank you for your hard work. Go back and get Kang Zhaoming here. Tell him I'm looking for him!"

"Yes!" Tian Gang cupped his fists, got up, and left the room. He heaved a sigh of relief when patriarch xuanchen did not ask for details.

After Tian Gang left, patriarch xuanzhen got up and left as well. He didn't like Zhaoming as a person, and he didn't want to get involved in the matter of taking him in as an in-name disciple.

After a while, Zhaoming entered the room with great respect under little Peach's lead.

"Disciple Kang Zhaoming pays his respects to master!" Zhaoming kneeled the moment he entered, kowtowing and kowtowing as if he was the Emperor.

"Oh, Zhaoming, get up!" The xuanchen ancestor was very satisfied with Zhaoming's actions.

"Many thanks, master!" Zhaoming stood up and carefully stood beside the xuanchen ancestor.

"Zhaoming, I'm here to ask you-what kind of martial arts do you want to learn?" Patriarch xuanchen didn't really care much about this in-name disciple, but Kang Zhaoming was very respectful to him and was also an elder of the sky elixir sect. Therefore, patriarch xuanchen decided to nurture him and make him his spokesperson in the sky elixir sect.

"Whatever master wants to teach this disciple, this disciple will learn. This disciple does not dare to be picky!" Zhaoming said, overjoyed.

He was a Sky Class mid phase, but he was just a refiner-he didn't have the strength to fight. Especially when he stood in front of Lin Yi as a Sky Class master, threatened by Lin Yi and forced to agree to some unfair terms-it made Zhaoming very frustrated and helpless, and he wanted strength more than any refiner!

"Very good. Although you say that, I can see a strong desire in your eyes." "You're right," patriarch xuanchen said indifferently.

"Uh ... This ..." Zhaoming blushed.

"I don't like people lying in front of me. Tell me the truth, what do you want to learn?" Patriarch xuanchen asked with a serious expression.

"I want to learn powerful martial arts techniques, the more powerful the better!" Kang Zhaoming gritted his teeth and said.

"Not bad, you're finally starting to tell the truth." Patriarch xuanchen nodded and asked, ""Why?"

"Because ... I want to surpass Lin Yi, I want revenge, I want to kill Lin Yi!" Zhaoming knew the xuanchen's personality and decided to tell the truth. He was betting that the xuanchen would see him in a new light and teach him a powerful technique.

"Oh?" When ancestor xuanchen heard the name 'Lin Yi', his expression changed slightly, and he was a little surprised. ""Do you have a grudge against that Lin Yi?"

"Not bad!" "Yeah." Kang Zhaoming nodded, "last time, I went to exchange the bone cleansing pill recipe with Lin Yi. I wanted to humiliate him, but I didn't expect that I wasn't his match, and was even humiliated by him ..."

"Oh? Did you have a grudge against each other?" "What's wrong?" patriarch xuanchen asked with interest.

"Yes, master, it's like this ..." Zhaoming didn't expect the xuanchen ancestor to be interested in his feud with Lin Yi, so he didn't hide it and explained it to the xuanchen ancestor in detail.

"I didn't know that you're such a bad person, Kang Zhaoming. You're such a bad person!" The xuanchen ancestor looked at Zhaoming and laughed. "Although you didn't succeed in doing all these things, it's enough to prove that you're a person full of bad ideas!"

"This ..." Zhaoming's face reddened at the words. His expression was ugly as he said weakly, ""Lord master, this is just child's play ..."

Chapter 2884 Pill Fire Bomb

"No, I, patriarch xuanchen, value a disciple's character the most!" Patriarch xuanchen waved his hand and said.

"Master, I ... I ... I'll change for the better, I'll be an honest man, I ..." Zhaoming said, startled.

"No, you misunderstood me. I mean, I like people like you the most when it comes to accepting disciples. You're not bad. You're very immoral, which suits my taste. Originally, I only wanted to take you as a nominal disciple, but you've succeeded in making me look at you in a new light. I'm ready to take you as an official disciple!" Said patriarch xuanchen.

"Ah?" Zhaoming was dumbfounded. He didn't think that his evil thoughts would become an advantage. He even made him an official disciple! Was he dreaming?!

"Kang Zhaoming, you're not willing?" "What is it?" patriarch xuanchen asked indifferently.

"Master, I'm willing!" Kang Zhaoming was surprised and happy at the same time. He quickly knelt on the ground and kowtowed, "Honored master, I will definitely spread my character and strive to help you do more bad things in the future!"

"En, you can get up. By the way, Lin Yi and I have some grudges too." He was thinking if he could use Zhaoming to get rid of Lin Yi. He couldn't make a move on Lin Yi because of boss Bai, but Zhaoming was different-he had a grudge against Lin Yi, and if Zhaoming made a move on him, boss Bai wouldn't have any evidence even if he suspected him. It was the best of two worlds.

"What? Master, that Lin Yi ... Wouldn't it be as easy as killing an ant for master? Why didn't you do anything to him?" Kang Zhaoming found it strange. As far as he was concerned, no matter how strong Lin Yi was, he wouldn't be able to fight against the five elements sect.

"There are some reasons for this, but I won't say them. In short, I can't attack him directly." Patriarch xuanchen waved his hand. "Let's not talk about Lin Yi for now. Let's talk about you first. I was planning to teach you a random martial technique, but since you're officially my disciple, I'll teach you some powerful martial techniques!"

"Thank you, master, for your help!" Kang Zhaoming quickly thanked him.

"The martial technique I'm teaching you is called ... Pill fire bomb!" Patriarch xuanchen enunciated every word.

"Pill fire bomb?" Zhaoming blinked at the name, "Master, this pill fire bomb doesn't sound very bad * SS ..."

"It doesn't sound that bad * SS, but when it's used, it's as bad * SS as I can imagine!" Patriarch xuanchen waved his hand and said, "this martial technique was invented by my master. Only an Alchemist can activate it. However, in my sect, no one else knows about it except me. I'm teaching you because, firstly, you're the only Alchemist among my disciples. Secondly, I like your temperament and like it very much. That's why I'm teaching you this alchemy bomb!"

"Ah, thank you, master, for valuing this disciple!" Zhaoming realized that it must be a powerful technique after hearing the explanation. The xuanchen wouldn't have kept it a secret otherwise.

"En, this martial skill is neither difficult nor simple, it's just that ordinary people can't think of it." "In fact, it's the process of condensing the alchemical fire into a process of activating the martial technique," said patriarch xuanchen. "The alchemical fire is transformed into a martial technique and released to fight the enemy!"

"Oh? You mean using pill fire to burn others?" Kang Zhaoming understood the situation and asked.

"More or less, but not exactly." Patriarch xuanchen shook his head and said, "you need to circulate the alchemy fire's pithy formula, but keep circulating it. Instead of condensing the alchemy fire into a physical form, you have to keep compressing it in your hand. Eventually, it will form a huge compressed fireball. Then, you can use the mental cultivation method's pithy formula of the martial technique to activate it in an instant, and it will become an alchemy fire bomb that will instantly form a flame explosion. This way, it can have the effect of injuring the enemy!"

"Oh? It's that awesome?" "Master, is this pill fire bomb very powerful?" Zhaoming asked, surprised.

"Come with me!" The xuanchen elder didn't explain further. He was prepared to demonstrate how powerful the pill fire bomb was with his actions.

"Yes!" Elder xuanchen walked out of the room with Zhaoming following closely behind. They went to the back of the courtyard.

"Kang Zhaoming, look closely!" With that said, patriarch xuanchen began to circulate the mantra to condense the elixir fire and began to compress the elixir fire in his hand.

Zhaoming stood at the side, staring at patriarch xuanchen. However, he only saw patriarch xuanchen standing there without activating his martial skill. Zhaoming was getting anxious after waiting for a while, but he didn't dare to ask, so he could only wait patiently ...

"Look carefully, I'll activate a small pill fire bomb first!" Just as Zhaoming was getting impatient, the xuanchen elder finally spoke. He raised his right hand and pointed at a fake mountain not far away!

"Whoosh! Boom! Boom! Boom! Boom!"

A huge red fireball was released from patriarch xuanchen's right palm and smashed towards the fake mountain. With a thunderous sound, half of the fake mountain was blown to pieces. In an instant, sand and stones filled the entire backyard, and the sky was filled with gravel. The heat from the fireball's explosion left Kang Zhaoming dumbfounded and shocked!

The xuanchen ancestor looked at the wide-eyed Zhaoming and was very satisfied with his expression. ""How is it? It's alright, right?"

"Too awesome! Master, this pill fire bomb is almost the same as a real Cannonball. It's so powerful that it can kill people!" Zhaoming said excitedly as he came back to his senses.

"This is only the power of a small pill fire bomb. I have limited time to refine it. If I have enough time, I can refine a more powerful pill fire bomb!" The xuanchen ancestor laughed as he enjoyed Zhaoming's praise.

"Ah? This is just a small-scale one? It can be even more powerful?" Kang Zhaoming was beyond excited. If the small pill fire bomb was this strong, then how strong would the big one be?

"Of course, but there's a flaw. It takes time to condense. The more powerful the pill fire bomb is, the longer it takes to condense." "This pill fire bomb can't be used as an emergency martial technique," patriarch xuanchen explained. "It can only be used after careful planning. It's suitable for killing people by surprise."

Chapter 2885 Kang Zhaoming's Provocation

"It's fine. This martial technique is so powerful. In comparison, it's not a flaw at all. Master, please teach me quickly!" Kang Zhaoming said impatiently.

"En, but there are still some things I have to tell you about this martial technique!" The xuanchen ancestor waved his hand, signaling for Zhaoming to calm down. "This martial technique, because it's a pill fire martial technique, in addition to the defect in the activation time, there's another defect, and that is that it's ineffective against cultivators with ice and mist physiques. No matter how big the pill fire bomb you activate is, it can't hurt cultivators with these two true physiques."

"Oh?" Zhaoming blinked. He knew a little about the real and illusory attributes-his fire was an illusory one, made from the scorching fire pill, but he didn't really care. "However, ice and mist attribute cultivators are extremely rare, so this isn't a big problem."

"En, that's true. But there's one more thing to pay attention to. That is, the alchemy fire bomb condensed by the fire attribute alchemy fire is also ineffective against cultivators whose true attribute is water attribute physique!" Said patriarch xuanchen.

"Ah? Master, why don't you just say that this pill fire bomb is ineffective against cultivators with the three elements of water, ice, and fog? Why do we have to talk about it separately?" Kang Zhaoming was confused.

"This one is different. I'm talking about true energy bombs condensed by fire-type core fire, but it doesn't include core fire bombs condensed by Water-type core fire!" Patriarch xuanchen waved his hand and explained, ""Cultivators with the ice and mist true attributes are immune to all alchemy fire bombs. However, alchemy fire bombs with water are ineffective against cultivators with true earth attributes ..."

"Honored master, I understand now. This is the principle of the five elements-metal subdues wood, wood subdues earth, earth subdues water, water subdues fire, and fire subdues metal, right?" Kang Zhaoming wasn't stupid and immediately understood the logic.

"That's right. The alchemy fire bombs condensed by these alchemy fires have their own immunity to the cultivators with the corresponding physical attributes. Therefore, you also have to make the dishes according to the person. You can't blindly activate the alchemy fire bombs." The xuanchen ancestor nodded in satisfaction. He was very satisfied with Zhaoming's comprehension.

"That Lin Yi should be a fire and wood element practitioner, right? I heard that he's also a pill master ..."Zhaoming said after some thought."Then I'll use a pill fire bomb formed from my fire-elemental pill fire to deal with him!"

"This should be it. What kind of alchemy fire are you able to condense now?" Asked patriarch xuanchen.

"Master, I can now form fire and wood element pill fires, but I haven't tried anything else yet ..." Zhaoming replied honestly.

"Oh, not bad. But from now on, you have to start trying to condense pill fires of other attributes." Patriarch xuanchen nodded and said,"you don't have to be too familiar with it. As long as you can successfully condense it, you just have to keep condensing it. You don't have to consider changing the fire intensity and temperature because you're not using it to refine pills. You're only using it to activate

the alchemy bomb! Of course, the greater the intensity of the fire and the higher the temperature, the faster the refining speed will be, so there are benefits to being familiar with it. "

"Yes, master, I understand. I'll immediately go back to study and cultivate!" Kang Zhaoming quickly replied.

"En, not really. You're one of the elders in charge of this trial, so there's still the matter of the trial rewards. It's not too late to practice after you're done." "You're right," patriarch xuanchen said indifferently.

"Yes, master!" Zhaoming said with a fist salute.

After he left, Zhaoming went to take care of the sky elixir sect's test. However, when he saw Lin Yi's name on the name list, he was pissed!

He didn't expect Lin Yi to come out. He thought that Lin Yi had died in the five evils Savage Land, but Lin Yi actually returned to the sky elixir sect Inn safely twenty days after the test. He even got the herbs and reported his results to manager sun.

Manager sun didn't have much authority, and while Lin Yi and naipao were the last to pass the test- they'd already exceeded the time limit, he didn't have the authority to decide if they'd passed or not. He had to report this to the heavenly silkworm transformation.

As for Tian Gang, she naturally wouldn't stop them. Putting aside her personal relationship with Lin Yi, Zhang naipao was someone that the xuanchen ancestor valued, so she didn't have to stop them. She added their names to the list.

However, Kang Zhaoming wasn't that happy. Lin Yi not only didn't die, but he also passed the test and even got a reward? Zhaoming pondered and decided to talk to the heavenly silkworm to see if they could disqualify Lin Yi.

Little peach reported that Kang Zhaoming requested an audience, and Tian Gang didn't stop her. He simply waved his hand, having little peach bring the man in.

"Little Ming greets the young sect master!" Zhaoming had the xuanchen as his master, but he knew that he had to stay in the sky elixir sect in the future. He couldn't do anything if he didn't suck up to the heavenly silkworm transformation and made things difficult for him from time to time. It would be tragic if the xuanchen thought he wasn't good enough.

"Oh, it's little Ming. What's the matter?" he asked. Tian Gang looked at Kang Zhaoming and asked indifferently. She was a completely different person from the Tian Gang in the five evils Savage Lands. She was no longer Tian Gang after returning to the sky elixir sect. She was the cold and cruel heavenly silkworm transformation!

"Young master, I'm here for the sky elixir sect's winner list. Look, Lin Yi only came back after the test, and it's already past the test's twenty-day limit. Shouldn't we disqualify him?" Kang Zhaoming suggested. Since Lin Yi didn't die, he wouldn't let Lin Yi have an easy time.

"Oh, I'm the one who decided on this. As long as the trial-taker gets the spirit herb for the trial, he or she will pass the trial. Time doesn't matter." "Little Ming, is there anything else?" Tian Gang asked indifferently.

"This ..." Zhaoming blinked. He didn't think that Tian Gang would reject his suggestion. He didn't want to give up, but he didn't dare to argue with Tian Gang. "Young sect master, Lin Yi is the enemy of our sky elixir sect. My master, ancestor xuanchen, hates him a lot. Let's set some obstacles for him and help my master vent his hatred, right ..."

Zhaoming brought up the xuanchen ancestor in order to get Tian Gang's attention. This way, Tian Gang could reconsider.

Chapter 2886 Interrogation

"I've said it before, this is my decision. The list has already been sent out. " Tian Gang said.

"I see, but we're not willing to give Lin Yi the Tier 3 pill. We've already paid so much for that recipe ..." Kang Zhaoming pretended to be sad, ""Why don't we give him the pills on the surface, but secretly send people to snatch them back? This way, we won't lose face for the young master, and we'll also reduce our losses. We'll help my master get back at him!"

"What's wrong, little Ming? do you think you can order the sky elixir sect around just because you've become my Junior Brother? Or do you want to usurp the throne?" Tianshuo's eyes sharpened as he looked at Zhaoming coldly. Even his voice was bone-chilling!

She had two rank three great recovery pills with her at the bottom of the cliff in the five evils mountain range, but Lin Yi didn't steal a single one. Tian Gang was letting Lin Yi pass the test now, but he deserved it. How could she ask Tian Gang to Rob Lin Yi again?

"It's not ... I ..." Zhaoming broke out in cold sweat. He realized that he had indeed gotten carried away and was too eager for revenge. He had forgotten the strict rules of the sky elixir sect. Although he was patriarch xuanchen's disciple, how could he compare to the heavenly silkworm transformation?

"Elder Kang, I know you're doing this for the good of the sky elixir sect. But we, the sky elixir sect, organize a test and allow participants to participate. Not only do we earn money for the sect, we can also get elixirs. With such benefits, if we still do some shady things behind our backs, who would still come to participate in the test in the future?" Tian Gang's tone softened. "You may leave. I have my own plans!"

"Yes, thank you for your understanding, young sect master!" Zhaoming said carefully as he wiped the cold sweat off his forehead.

Kang Zhaoming carefully left the room. He was very unwilling to give up. Although Lin Yi did get the medicine, he exceeded the time limit. It was normal for him to be disqualified. The others couldn't say anything about it. Why didn't the heavenly silkworm transformation agree to it?

With that thought, Zhaoming decided to look for the xuanchen ancestor again. The xuanchen ancestor hated Lin Yi, and he believed that as long as Zhaoming explained the reason, the xuanchen ancestor would agree! As long as patriarch xuanchen gave the word, the heavenly silkworm transformation would have no choice.

Zhaoming knocked on patriarch xuanchen's door when he returned.

"Who is it?" Asked patriarch xuanchen.

"Master, it's me!" Zhaoming said carefully.

"Kang Zhaoming? Why did you come back?" Patriarch xuanchen was confused when he heard Zhaoming's voice. He didn't know why Zhaoming would return.

"Master, I have something to report to you. Do you have time?" Kang Zhaoming walked in and asked in fear.

"Oh, tell me. You and I are master and disciple. If you have something to say, just report it directly. There's no need to ask anymore." Patriarch xuanchen waved his hand and said.

"Yes!" Kang Zhaoming was surprised and happy at the same time, he nodded, "It's like this-Lin Yi passed the test as well, but I think he's the last one to come out, and he's already past the twenty-day deadline. Should we disqualify him ..."

"You should talk to the young master of the heavenly silkworm transformation about this, not me. Even though I'm your master and the martial uncle of the heavenly silkworm transformation, I won't meddle in the affairs of other sects." Patriarch xuanchen waved his hand and said, ""Regarding this matter, you can directly suggest it to the heavenly silkworm transformation sect. There's no need to consult me."

"Master, I've asked for your permission, but for some reason, the young sect master just wouldn't agree. I had no choice, so I had to ..." Zhaoming smiled bitterly."Lin Yi's our enemy, and I'm doing this for the sect's sake, but the young master has his reasons, he said ..."

Zhaoming didn't dare try to drive a wedge between them and told the xuanchen patriarch the truth.

"Oh, I'll tell him about this." After listening to Zhaoming's explanation, although he felt that the heavenly silkworm transformation was also for the sake of the sky elixir sect's reputation, there was evidence to disqualify Lin Yi. He had already exceeded the trial's stipulated time!

"Master is wise. Only master can talk to the young society head about this." Zhaoming was overjoyed.

"En, little peach!" Ancestor xuanchen then called out. A Sky Class Master's Voice didn't need to be loud, but it was extremely penetrating. Although little peach wasn't at the door, she still heard it.

Rushing over, little peach carefully asked, ""Patriarch xuanchen, may I know why you're looking for little peach?"

"Go and ask Tian can to transform. I have something to ask him." Patriarch xuanchen instructed.

"Yes!" "Yes," little peach hurriedly replied. She then turned around and went to look for the heavenly silkworm to transform.

Not long after, Tian Gang arrived at patriarch xuanchen's room and saw that Kang Zhaoming was there as well. He couldn't help but be surprised, but he didn't ask. He only asked respectfully, ""Martial uncle, is there something you need from me?"

"Here's the thing, I'll get Kang Zhaoming to ask you how Lin Yi passed the test. " The xuanchen ancestor wasn't stupid. He took all the blame on himself and removed Kang Zhaoming from the picture, only saying that he was the one who sent Kang Zhaoming to question him.

Tian Gang was slightly taken aback. He did not expect that patriarch xuanchen would personally ask about this matter. However, Tian Gang had been in a high position for a long time and quickly thought of a countermeasure. He explained unhurriedly, ""Uncle master, Zhang naipao, who came back with Lin Yi, passed the test as well. If you cancel Lin Yi's test, then Zhang naipao's test will be canceled as well, and you'll ..."

"Oh? There's still Zhang naipao!" Realization dawned on patriarch xuanchen, and he nodded. ""I understand. Heavenly silkworm transformation. You can go back now. This matter is settled. They have all passed the trial."

"Yes, uncle master." Tian Gang nodded, "then I will take my leave."

"En, you can go." Patriarch xuanchen did not say anything else.

Zhaoming was a little confused after the heavenly silkworm transformation left, but he didn't ask. He only looked at the xuanchen ancestor strangely.

"Kang Zhaoming, things aren't as simple as you think. Lin Yi's fine, but Zhang naipao has the everyday and every day sect behind him. I need to make use of them in the future, so it's necessary to give them some benefits. It's not worth it to go against the everyday and every day sect over such a small matter." Said patriarch xuanchen.

"Yes! I understand, I was too naive. " Zhaoming wasn't willing, but he had no choice.

Chapter 2887 The Ultimate Qi-Gathering Pill

"I know that you're looking for Lin Yi for revenge, but this isn't just about him. The heavenly silkworm transformation has its own reasons, and you shouldn't keep coming to complain. I can protect you this time, but she might suspect you the next time. You're still working for the sky elixir sect after all." The xuanchen forefather warned.

"Yes, this disciple won't dare anymore. Thank you, master, for covering for this disciple!" Kang Zhaoming quickly replied.

"En, by the way, didn't you have a lot of bad tricks in the past? What do you think, can we change our way of dealing with Lin Yi?" Since Zhaoming was here, he decided to discuss the plan with him.

"This ... This is all I can think of ..." Kang Zhaoming scratched his head, unable to think of a good idea,""We've already promised to make him a Qi gathering pill, and now we're going to make the icy heart Jadestone pill. He's really getting off easy ... Eh? By the way, master, can we do something to the pills? Like making a poison pill and eating Lin Yi to death!"

"Poison pill ... That's impossible. Lin Yi's not an idiot, how could he not tell when someone poisoned him? Don't forget what he did to go against house Kang, he's a powerful medicine master and pill master. It's impossible for you to use poison on him. " Patriarch xuanchen shook his head.

"You're right ... Then ..." Kang Zhaoming really couldn't think of any other way.

"Oh right, now that you've reminded me, I suddenly thought of a pill formula. This method is really feasible!" Patriarch xuanchen suddenly had an idea and said,""I have a very bad pill recipe, called the ultimate Qi gathering pill! It's also a type of Qi gathering elixir, and it was originally improved by my ancestor Zhang Liju based on the ancient true Qi gathering elixir, making it a level three elixir, but it has a huge flaw! That's why it was thrown to the side and never used again. "

"Oh? What flaw?" Kang Zhaoming quickly asked.

"It's like this. This ultimate Qi-gathering pill not only has the effect of leveling up, but it can also unleash the potential of the cultivator. While the cultivator absorbs the pure energy in the pill, he must also absorb a large amount of spiritual energy from heaven and earth. The effects are much more than normal Qi-gathering pills, and he can break through and level up continuously!" Explained patriarch xuanchen.

"Ah? Honored master, forgive your disciple's stupidity, but this ultimate energy-gathering pill is a super good pill. How can you call it a bad pill? This isn't bad at all, it can even level up continuously after eating it-how can I give this to Lin Yi?" Kang Zhaoming asked curiously.

"Hehe, I'm not done yet!" The xuanchen ancestor waved his hand, signaling for Zhaoming to listen. He continued,""I've already said that after taking the ultimate gathering Qi pill, you must absorb a large amount of spiritual energy from heaven and earth. If you don't absorb enough, you'll suffer a backlash. In the light case, your meridians will be broken, and in the heavy case, you'll explode and die!"

"This ... What if Lin Yi absorbed the Qi of the world?" Zhaoming felt that the pill had its flaws, but it was only one of the possibilities!

"Do you think there's still a place where we can absorb so much spiritual energy? It wasn't possible in the old Grandmaster's era, even the Qi density in the five evils place wasn't enough. Where was Lin Yi going to absorb the Qi? "I can't absorb it, hehe ..." Ancestor xuanchen laughed sinisterly.

"Yeah! It's still shizun who's amazing to think of such a vicious method in a short time. It seems that the older the ginger, the spicier it is!" Kang Zhaoming was excited after hearing it,"Lord master, your idea is really too brilliant!"

"Hehe, this elixir is a good thing on the surface, but it's actually a poison on the inside. Most importantly, although the ingredients required for the Qi-gathering elixir and the ultimate Qi-gathering elixir are not quite the same, after they are refined, whether it's the color or the fragrance, there's no difference at all!" "Lin Yi shouldn't have any suspicions after he gets it!" Ancestor xuanchen said.

"Hehe, that's great!" "So, when do we start, master?" Zhaoming grinned.

"I'll need to make some preparations. This ultimate Qi-gathering pill requires a lot of natural treasures, including the ingredients for the pill. However, it's not one set, but three sets for one pill!" When patriarch xuanchen said this, his heart ached. "I can't believe I have to pay such a huge price to scam Lin Yi, I'm not satisfied!"

"Master, there's a saying that goes, 'you can't trap a Wolf without giving up the child. 'We can't kill Lin Yi without the herbs!' Zhaoming said.

"En, but the difficulty and time required to make this one is quite long, so you should study it and make it yourself! My pill refining skills are average, so I can only leave this matter to you!" Said patriarch xuanchen.

"Don't worry, master. In the coming days, I'll focus on refining these ultimate Qi-gathering pills. Don't worry, I won't let you down!" Zhaoming patted his chest as he promised. Making these extreme Qi gathering pills seemed like a tough job, but he had to grit his teeth and endure it to deal with Lin Yi.

In fact, ancestor xuanchen's heart ached when he said this method. There were so many materials. The five-elements sect might be rich, but they were basically sitting on the fence now. If it weren't for boss Bai, he wouldn't be able to fight Lin Yi head-on. He wouldn't use this method against Lin Yi!

However, this was indeed a good method to kill without leaving a trace. Thus, patriarch xuanchen gritted his teeth and agreed.

Lin Yi handed his medicine to manager sun and went back to his room to find Qiqi awake!

Qikun, Shasha, li Ciba, and GE Xian had already left, and Qiqi woke up to find no one in her room. She was a little confused-she didn't know how she ended up in this place, but wasn't she at the bottom of the cliff in the five fiend mountains?

Could it be that ... She and Lin Yi were saved? Qiqi couldn't remember anything from the days before or after she fainted-her mind wasn't clear at the time, and she couldn't remember what happened. Did Lin Yi save her?

Qiqi was still in a daze when the door opened all of a sudden. She looked at the door warily, not expecting Lin Yi to come in!

"Little seven, you're awake?" Lin Yi went back to his room and saw Qiqi sitting on the bed. He was both surprised and happy-the Qi in her body had been sucked away by naipao, but as long as she didn't wake up, Lin Yi wouldn't be at ease. Now, Qiqi was finally fine

Chapter 2888 Reunion After A Long Time

It had been a long time since they last met! And all the pent! Up feelings he'd been suppressing were finally released! He didn't have the mood to feel the joy of meeting when Qiqi was unconscious, but it was different now! He couldn't help but rush over and hug Qiqi!

It was an instinctive reaction-when Lin Yi was young, he'd GO train alone, and Xiaoxiao, also known as seven, would always wait for him on the way back. Lin Yi would always give her a hug when he saw her!

They were childhood sweethearts, and a hug didn't mean anything-it was just a joy to see yang Xiaoxiao. Lin Yi was the same-he couldn't help but do something he hadn't done in a long time after recognizing Qiqi.

"Ah!" Qiqi wasn't expecting Lin Yi to pounce on her the moment he entered-was he trying to push her down? Only then did Qiqi realize that it was Lin Yi's room ... What was he doing?

Qiqi sent a kick at Lin Yi,"You ... What are you doing? Hooligan!"

"Ugh ..." Lin Yi wanted to hold onto Qiqi's hands, but he stopped in mid-air unnaturally as he looked at her, stunned. He didn't even try to Dodge the kick-it didn't hurt, after all, and she wasn't a Tianjing, so Lin Yi didn't have to be too careful. One kick wouldn't kill her ...

"Lin Yi, what are you doing?!" Qiqi glared at Lin Yi-she'd thought that Lin Yi was a really, really good person when he roasted fish for her at the bottom of the cliff, and she might've really fallen for him if her heart wasn't occupied by that guy already.

But Lin Yi doing something so lewd to her like this ... All that good impression she had of him was gone, and all that was left was anger and frustration!

"Qi...I ..." Lin Yi smacked his forehead, suddenly remembering that Qiqi wasn't in her right mind when they first met. She probably couldn't tell if it was a dream or reality back then, but now that she was awake, she didn't know that he was her big brother small one. It would be weird if she didn't get angry at him for hugging her!

And so, Lin Yi smiled bitterly, "Little seven, you don't recognize me?"

"I do ..." Qiqi was taken aback by the question as well-he was fine, why would he ask something like that? Could it be that something happened after they came out of the cliff? Did I lose my memory? Why else would Lin Yi ask that?

Could it be that she had forgotten some things, and these things were things that happened when she was with Lin Yi? Qiqi frowned-but that didn't make sense. She already had that guy in her heart, how could she accept Lin Yi?

"You know him?" "You know him? then you ..." Lin Yi blinked.

"Lin Yi, what happened?" Qiqi calmed down as well-she was an assassin, and she was very good at observing other people's expressions. Lin Yi's shock and bitter smile didn't look fake at all, and so she asked carefully after some hesitation.

"Little seven ... It's been so many years. Do you have any news about master?" Lin Yi didn't know how to explain his identity, so he changed his way of asking.

"Master?" "Your master ..." Qiqi blinked.

"Is master's wife Wang alright? How can she be at ease leaving you alone?" Lin Yi continued.

"You ... Y-y-y-you ..." Qiqi's eyes were wide open as she stared at Lin Yi in disbelief. The first part of Lin Yi's statement was a little off the top of his head, but the last part was clear. Master's wife ... Her mother's surname was also Wang, and Lin Yi said she'd let her out without worry ... Who was Lin Yi then?

"You went to find the Dragon of five evils to treat the ninth Princess? Her illness ... Have you found a solution?" Lin Yi didn't care about Qiqi's surprised face as he continued asking.

"Who ... Who are you?" Qiqi looked at Lin Yi as if she'd seen a ghost.

"When I was grilling the mud fish for you, I thought you remembered. I thought you remembered what happened when we were kids on that deserted island ..." Lin Yi smiled.

"You ... You're brother onesie?!" Qiqi looked at Lin Yi in shock-she'd thought that Lin Yi was her big brother Yi when he said those things, but her image of him had always been too different from big brother Yi's, and she didn't have a good first impression of him, so she'd completely ignored him. But now that she thought about it, Lin Yi ... Wasn't that person!

Only that person knew about these things about him. Only that person knew about the memories on the deserted island that only belonged to the two of them ... And only that person would call him little seven and hug him when he saw him!

"Haha, I didn't expect you to be Lil 'Seven's sister either ..." Lin Yi smiled bitterly. He admitted that this was a bit cliché, but childhood playmates were too different in appearance. Who would have thought that there would be such a coincidence?

"You ... Why didn't you say so earlier!" Qiqi jumped up from the bed and into Lin Yi's arms, feeling the warmth of the embrace and crying, "Great, I finally don't have to kill you ..."

"Pfff ..." Lin Yi almost burst out laughing. What was this cool girl thinking? It was actually about killing him?

"I'm sorry, Yi-Gege, I didn't know you were Lin Yi ... That's why I wanted to kill you ... I treated you so badly before, but you're so nice to me ... Little seven is so bad ..." Qiqi cried in Lin Yi's arms.

"What bad? "I didn't think that you'd kill me for me ... Now that you've thought it through, I won't blame you ..." Lin Yi's words sounded sick, but the two of them knew what he meant.

However, Lin Yi's heart was also a little shocked. There were some things he didn't say out loud. He really didn't expect that his childhood sweetheart would have that kind of feelings for him! He'd always treated her like a little sister, and didn't think too much about it-he just wanted to protect her and take care of her, but he didn't say it out loud.

It'd been a long time since they'd last met, and Lin Yi wouldn't say anything that would dampen their spirits. As for Qiqi's feelings for him, it was probably a form of reliance from Lin Yi's point of view. Before they met, she'd always miss him, but now that they'd met, she'd slowly realize that the Lin Yi she knew now was a completely different person from the Yi she used to know ...

Chapter 2889 Little 9th's Condition

"En ..." Qiqi's knot in her heart was untied instantly-as long as Lin Yi understood, she didn't need to explain anything anymore. She couldn't express her feelings now-some old saying did make sense, the person she missed so much was right beside her, silently helping her and saving her. They didn't know it back then, but now that they thought about it ... It also had a special atmosphere.

"Can you answer my previous questions now?" Lin Yi asked, still holding Qiqi in his arms.

"Ah ..." Qiqi blushed, blushing."En ... There's still no news of my father. He hasn't contacted us since. Although my mother and the others are worried, they have no way to contact my father. Our family is fine, but after my father passed away, our power and influence are not as strong as before. Also, in terms of cultivation, my father didn't leave any connections back then. This is also why I came out to find medicine for little 9th!"

"I see ..." Lin Yi nodded. It was true-his master was famous in the assassin world, but he didn't leave any connections for Lin Yi in the practicing world. This was why Lin Yi was working so hard all this time-if he had a good sect like naipao, he wouldn't have to work so hard to get the Qi gathering pill and the ice heart Jade bone pill,""Little Jiu, how is she? Judging from your actions these few times, it seems that her condition is very serious?"

"Yes, the spirit herbs I exchanged at the cultivator's market previously failed, so I have no choice but to look for things related to earth-type spirit beasts again. The Dragon of five evils is a spirit beast of five elements, and its claws are of the earth-type, which is also the reason why I'm here." Qiqi said."Little 9th's problem ... Actually, I'm not very clear about it. I've asked the overseas cultivators Association to check on him. They said that little 9th had too many earth elements in his body, but they weren't activated. The initial symptoms were that his legs couldn't walk, but now the symptoms are getting

worse. His entire lower body is extremely limp, like a pool of soil. It's getting worse and worse. If he doesn't get treated in time, he'll become limp all over in the future like he has osteodystrophy ..."

"Osteodystrophy?" Lin Yi was taken aback, but he was sure that it wasn't osteodystrophy. Even old Lin couldn't tell what it was back then, so how could it be? But what made Lin Yi curious was, "Why did the spirit herb from the earth-type spirit beast fail?"

"The overseas cultivators' Association is different from the birthplace of martial arts here. Although there are experts there, they are not very clear about some ancient legends. Back then, they had to look up a lot of information before they came to the conclusion that the earth element in little Jiu's body can be suppressed by something on the body of an earth-type spirit beast. However, there is no correct way to suppress it and how to use the thing on the body of the spirit beast. We can only explore it!" Qiqi smiled bitterly, "the last time I went back, I mixed it in water for little Jiu to soak in, but it didn't work ..."

"Too many earth attribute?" Lin Yi frowned. Why did it sound like it was similar to Feng Xiaoxiao? The only difference was that Xiaoxiao had too many Yin elements, while xiaojiu had too many earth elements!

It was just that Lin Yi didn't know who to ask about this. The only people he could ask were boss Bai or old Lin.

With that in mind, Lin Yi gave boss Bai a call. After all, old Lin knew about Lil 'Jiu's situation and had seen it before, but there wasn't any good solution. Lin Yi decided to ask boss Bai first.

"Yi?" Boss Bai was a little surprised when he received Lin Yi's call. "Aren't you participating in the trial? Why did he suddenly call back? Did you run into some trouble?"

"Mr. Bai, I've indeed run into some trouble!" "Are you free right now?" Lin Yi said honestly.

"Yes, what happened?" Boss Bai's heart tightened. Lin Yi was going to the sky elixir sect's test, and he knew the relationship between the five-elements sect and the sky elixir sect. He was most afraid that the five-elements sect would team up with the sky elixir sect to harm Lin Yi.

"It's like this ..." Lin Yi said and told boss Bai everything about Lil 'Jiu in detail.

"Oh?" Boss Bai didn't expect Lin Yi to be looking for him for this, but he let out a breath of relief. As long as Lin Yi wasn't in danger, he was at ease,"According to what you've said, my preliminary conclusion is that the little nine you've mentioned may be a cultivator with an earth attribute physique. His physique is very pure, but he lacks an opportunity to activate it. Using something from an earth attribute spirit beast to guide and activate it is indeed a way. Your situation is somewhat similar to that of an inheritor, but I don't know the specific method. If I were still in the five elements sect, I could help you find out. But now ..."

Although boss Bai could ask patriarch xuanzhen about the void and true attributes, he had just asked patriarch xuanzhen about them. If he asked anything else and patriarch xuanzhen went to look for information again, it would inevitably be discovered and suspected by patriarch xuanchen, and that would be bad.

"I see ..." Lin Yi was a little disappointed,""Mr. Bai, this person is very important to me. You see ..."

"How about this? I'll ask Xuan Zhen again after a while and see if he has any ideas!" Boss Bai said after a moment of silence.

"Thank you, Mr. Bai!" Lin Yi knew that boss Bai's conversation with patriarch xuanzhen was difficult, and it was inevitable that patriarch xuanchen would find out. If Lin Yi wasn't worried about little nine, he wouldn't have let boss Bai take the risk.

"Hehe, why are you thanking me?" "With our relationship, you're treating me like an outsider by saying this," boss Bai smiled.

"En, Mr. Bai, I have good news for you ..." Lin Yi hesitated and decided to tell boss Bai about the source energy inheritance. He wanted to go back first, but he decided to tell boss Bai first to make him happy! Plus, Qiqi wasn't an outsider-she was the closest person to Lin Yi since he was young.

"Oh? What good news? Could it be that you've passed the test and received the reward from the sky elixir sect?" Boss Bai couldn't be blamed for not thinking much about it-Lin Yi was going to the sky elixir sect's test, after all, and it had only been a few days since he passed the test. What good news could there be?

Chapter 2890 Earth Diamond Star

"That's true, but there's even better news!" Lin Yi didn't want boss Bai to continue guessing, "I've successfully obtained the inheritance of the origin Energy?"

"Oh? You've successfully obtained the inheritance of the origin Energy? What do you mean by that?" Boss Bai didn't understand Lin Yi's words-it was too shocking, after all, and he didn't even dare to think about it.

"That's right, five of the virtual attributes in my body have become real attributes. " "Metal, wood, water, fire, and earth elements, but not ice and mist," Lin Yi explained.

"What? You've successfully obtained the inheritance of the origin Energy? In the trial, or?" Boss Bai finally understood Lin Yi's words and was shocked. He didn't expect Lin Yi to receive an inheritance of Origin Energy, and it was a five-element one!

"En, it was during the test ..." Lin Yi didn't hide anything and told boss Bai everything that happened during the test. Although he omitted the part about Tian Gang acting cute, boss Bai could still hear that Tian Gang treated Lin Yi special!

"You snatched her inheritance and she came back to save you?" Boss Bai was a little taken aback, but he shook his head soon after. This girl was really stupid-she was supposed to be their biggest enemy, but she came to save Lin Yi and Qiqi! Love was a really hard word to understand!

However, boss Bai didn't want to delve into the affairs of young people, so he only said, "If I'm not wrong, she's the five elements sect's spy. Ta ganlong is the bright one, but you've destroyed both the bright one and the dark one ... You're really amazing!"

"Hehe ..." Lin Yi didn't expect to be so fated with the five elements sect. He had ruined all of the xuanchen ancestor's plans. The xuanchen ancestor probably hated him to death, right?

"Congratulations! However, you'd better ask Tian Ji about little Jiu. If she's really a spy of the five elements sect, she'll know more!" Boss Bai said.

"Oh? "That's right"Lin Yi smacked his head-how did he forget about Tian Ji? He had just exchanged phone numbers with her.

After hanging up, Lin Yi turned around to see Qiqi looking at him with a bitter expression. Lin Yi's story with Tian Gang was pretty plain, but even boss Bai could tell that there was something fishy going on between them, so how could Qiqi not?

"Brother ah Yi, that Tian Ji ... Do you ... Like her?" Qiqi couldn't help but ask.

"Why are you suddenly asking this?" Lin Yi was a little embarrassed-he'd just reunited with Qiqi after a long time, and while he'd always had some special feelings for her, it was from when they were kids. Now that he thought about it, it was more like a brother-sister relationship, wasn't it?

But Qiqi clearly didn't see their relationship as that of siblings, and so Lin Yi didn't want to tell her the truth. He couldn't lie to her, either, so he changed the subject.

"Then ... I won't ask anymore ..." Qiqi said weakly, guessing what was going on from Lin Yi's expression. In her heart, she didn't have the concept of monogamy since her own father had several wives, and no one taught her this since she was young. She was just a little jealous, but Lin Yi didn't want to answer, so she didn't ask too much. She was afraid that Lin Yi would be unhappy if she asked too much, and it would affect their first meeting.

"Ah? " Lin Yi paused at the answer-he wasn't expecting her to stop just like that.

"I'm happy as long as Yi bro has me in his heart ..." Qiqi didn't want to lose the happiness of their reunion after so long, and so she didn't even dare to ask about tianshuo's identity. She was afraid that Lin Yi would be angry.

Lin Yi smiled bitterly,"actually, it's nothing. We're just good friends. I'll tell you if you want to hear it."

"No need," Qiqi shook her head, "My mom said that it's better for girls not to ask so much. I don't want brother ah Yi to hate me."

"Haha ..." Lin Yi suddenly realized how cute Qiqi was-that cool girl from before was also a little silly when it came to relationships.

"Big brother onesie, you should call that big sister Tiangang and ask her about little nine." Compared to jealousy, Qiqi was more concerned about xiaojiu's condition-if Tian Gang had a way, then she wouldn't have any thoughts about him.

"En, I'll call her now!" Lin Yi nodded and dialed Tian Gang's number.

Soon, the call went through, but no one picked up after a few rings. Lin Yi only put down the phone when there was no answer. Could it be that Tian Gang didn't have his phone with him?

"Brother onesie, did you not get through?" Qiqi asked, worried.

"He didn't pick up the phone. Maybe he didn't have it with him." Lin Yi said.

"Oh ..." Qiqi nodded, ""Then let's wait ..."

"When she sees it later, she might call back. Don't worry too much." Lin Yi consoled. In fact, he wasn't sure if Tian Gang would be able to call back. After all, Tian Gang was the five elements sect's spy, and this identity meant that she couldn't have the same freedom as the others.

"En ..." Qiqi nodded, ""By the way, brother onesie, why are you looking for colored steel, blue crystal powder, and pure yellow jade?"

"I want to make something similar to a weapon, and I need these raw materials." Lin Yi didn't hide the fact that he might be a forger in front of Qiqi, "Oh right, little seven, you said last time that there was an auction for blue crystals. Is that true?"

"That's right, there is indeed a blue crystal, but we don't know when the auction will be. I'll help you keep an eye on the auction time and let you know." Qiqi said.

"Alright, then I'll leave this matter to you. I won't say any more words of thanks." Lin Yi said with a smile.

"En, there's no need for that. Little seven will help big brother ah Yi keep an eye out." "I'll ask around for you when I get back," Qiqi said quickly.
