Chapter 2891 Seeking Help From Tian Huan

Earth Diamond Star was a Sky Class mid phase, but he had no advantage against naipao at all-he knew that naipao had returned to the inn, but he didn't dare cause him any trouble-he came to Tian Gang for help!

"Young sect master Tian, our sect may be a sect from the Western regions, but we've always been in close contact with your Central Plains" sky elixir sect and five elements sect. We're friendly sects, and we've worked together a lot. This time, our young sect master was beaten up like this by Zhang naipao, you can't just stand by and do nothing!" Earth Diamond Star said with tears and snot. He knelt in front of Tian Gang, hoping that Tian Gang could help him.

"Earth Diamond Star, I understand how you feel, but the only thing our sky elixir sect can do is to give your sect a great recovery pill. We can't do anything about anything else." "Huang tu Gao sect is a friendly sect of our sky elixir sect, but isn't the everyday and every day sect the same?" Tian Gang said, troubled.

"But, we, the yellow Earth high school, still need to find and train an earth-type inheritor. Young master Tian, we're allies! If our sect's young master is in trouble, how can we find and cultivate an inheritor in peace?" Earth Diamond Star said,"besides, our young sect master Tian came to the Central Plains this time to find an earth-type inheritor. Only our young sect master can sense and discover the earth-type inheritance bloodline. If anything happens to him, it will affect our future plans!"

"Earth Diamond Star, Didn't I tell you? Our sky elixir sect will provide you with a great recovery pill, the rest will be up to you. " Tian Gang said with a bitter smile.

"We also brought a recover pill, but it can only extend the life of young sect master tu, not save our young sect master!" "Even if we can't find trouble with the everyday and every day sect, young master Tian, you have to think of something!" Earth Diamond Star said.

This was earth Diamond star's true goal-he wasn't looking for trouble with naipao. He and earth Overlord weren't as good as naipao, and it was their own fault that they were injured by him.

However, he really had no way to save the Earth Overlord. Even the recover pill had no effect, and the sects of the Western Region were on a long journey. The earth Overlord definitely couldn't go back. Even if he went back, he wouldn't be able to do anything. His injuries were too serious!

Tian Gang was also having a headache. She had already sent someone to check on the earth Overlord's injuries. It could be said that his injuries were on par with ta ganlong 's. If she could cure the earth Overlord, then ta ganlong would have been cured a long time ago. The five elements sect would not need to use her as a spy!

Now, even the five elements sect and the sky elixir sect couldn't do anything about it, how could she help Earth Diamond Star?

"Earth Diamond Star, to be honest, I really don't have a solution here, but I can help you think about it. If I think of a solution, I'll let you know immediately." Tian Gang muttered.

"Ah, thank you, young sect master Tian!" Earth Diamond Star could hear the perfunctory tone in Tian Gang's words, but he was still trying. If the yellow Earth high sect couldn't do anything, what could the heavenly elixir sect do? He was here to try his luck.

After sending off earth diamond, Tian Gang felt a headache coming on. However, this was no small matter. She still had to inform patriarch xuanzhen and patriarch xuanchen. After all, it could affect the plans of her future inheritor.

At that moment, patriarch xuanchen and patriarch xuanzhen were tabulating the results of the trial.

"In this trial, we have successfully retrieved a total of 17 spiritual herbs. Second senior, you have more than the previous years. Do you think it's enough?" Patriarch xuanchen reported the total number of spirit herbs to patriarch xuanzhen.

"Oh? Seventeen? Weren't there fifteen before? Why are there two more?" "Seventeen?" patriarch xuanzhen was taken aback. "That should be enough. I can make one golden pill with every five pounds. With the ones I had before, I should have enough for the Sky Class Island Plan."

"It was fifteen before, but after Zhang naipao and Lin Yi passed the test, there were two more herbs." Explained patriarch xuanchen.

In truth, naipao didn't only have one herb at first, but who knew where his bag went when he was attacked by the spirit beast? he only found this one on the way back.

Lin Yi, on the other hand, didn't pick up the one he got from Tian Gang.

"Oh? Naipao and Lin Yi had both passed the test? Tian Huan has returned?" The xuanzhen ancestor's face changed upon hearing this-Tian Gang was back, and naipao and Lin Yi had passed the test, but he didn't hear anything about this at all ...

It seemed like the five-elements sect and the sky elixir sect were still patriarch xuanchen's domain! However, why didn't Tian Huan report to him? What patriarch xuanzhen didn't know was that after Tian Gang returned, he was busy with business. After that, he was pestered by Zhaoming and patriarch xuanchen, and then he talked to earth high sect's earth Diamond Star for half a day. He didn't have the chance to meet patriarch xuanzhen alone.

"Yes, see, they passed the test, so I came to tell you immediately, second senior. Don't worry, Tian Gang will be fine, and so will first senior's disciple, Lin Yi." Patriarch xuanchen said with a genial expression as if he had just found out about this.

"However, didn't they stay in the five evils Savage Land for more than twenty days? Why are you still fine?" The xuanzhen ancestor was a little surprised-Lin Yi wasn't affected by the five evils Qi at all, but it wasn't hard for him to figure out naipao's situation, "Zhang naipao's fine, he's trained in his Arts-he'll be fine."

"Oh, according to what tianshuo said, Lin Yi and Zhang naipao seemed to have come to some sort of agreement. Not only was Lin Yi fine, but he also came back with a girl on his back. At least, manager sun didn't sense any Qi of the five evils on them, so Zhang naipao probably used his wasp absorption Arts to suck it out for them." The xuanchen ancestor said. He didn't know why naipao and Lin Yi came to an agreement, but it wasn't his place to ask about it in front of Zhaoming.

"Oh ... No wonder ..." Patriarch Xuan Zhen nodded.

As the two of them conversed, the sound of knocking came from outside. Those who dared to knock here were all important figures. They were either from the Tian Ji planet, people of the heaven and earth, or Tiangang. Therefore, patriarch xuanchen said directly, ""Please enter!"

"Disciple Tian Gang greets master and uncle-master!" Tian Gang entered and greeted him respectfully.

"Tian Gang, why have you come here?" Patriarch Xuan Zhen asked.

Chapter 2892 Xuanchen's Idea

"Master, uncle-master, earth Diamond Star, the follower of the young sect master of the yellow Earth high sect, earth Overlord, came to me and told me about Zhang naipao, and wanted us to help him ..."
Tian Gang smiled bitterly, ""Although I told him that there was nothing we could do, it looks like he won't give up so easily."

"Oh?" After hearing Tian Gang's words, patriarch Xuan Zhen said, ""Wasn't the earth Overlord injured by Zhang naipao? Didn't you say that your injuries were very serious and that you couldn't be saved?"

"Yes, but they used the recover pill to extend their lives ..." Tian Gang said.

"I have an idea," Patriarch xuanchen's mind spun, and he came up with a mean move."I think we can ask him to talk to Lin Yi about this!"

"Looking for Lin Yi?" Tian Gang was taken aback, and so was patriarch Xuan Zhen. They didn't know why they were looking for Lin Yi.

"I'm looking for Lin Yi, of course it's about the tyrant!" "It's simple, isn't Lin Yi Zhang naipao's nemesis?"the xuanchen ancestor smiled faintly. After getting hit by naipao's tricks, nothing happened to him, and he even made an agreement with naipao during the test, allowing him to absorb the Qi of the five evils from him and his female partner-what an amazing thing! So, I think we should look for Lin Yi for

this earth Diamond Star. He's so powerful, he'll definitely think of something! Besides, didn't boss Bai recover from his injuries? Lin Yi might even have a peak grade great recovery pill. "

"How is this possible?!" Xuanzhen's face changed. Was he looking for trouble for Lin Yi? Lin Yi and naipao didn't have to have some sort of secret deal, and it was basically impossible for Lin Yi to get any more benefits from naipao. Plus, the xuanzhen ancestor said that Lin Yi had a peak-grade great recovery pill-if the people of Huangtu Gao sect found out about this, wouldn't Lin Yi be in trouble forever?

Even if Lin Yi didn't, the yellow Earth high sect had to believe him first. As long as there was the slightest possibility that their young sect master could wake up, they would definitely go to Lin Yi and force him to hand over the Supreme grade great recovery pill!

In that case, Lin Yi could be interrogated, just like when ancestor xuanchen sent little one and little eleven to deal with Lin Yi. Thus, ancestor xuanchen naturally objected.

"Second senior, I'm doing this for Lin Yi's own good. He's first senior's disciple, and it's only good for him to make friends with a large ancient sect like Huangtu Gao sect. One more friend, one more path!" Patriarch xuanchen waved his hand and said indifferently, ""Alright, this matter is settled!"

Tian Gang was slightly shocked. Before, when ancestor xuanchen did not mention Lin Yi, she did not think about him. Now that ancestor xuanchen mentioned Lin Yi, Tian Gang immediately thought of what happened between her and Lin Yi at the bottom of the cliff in the five evils mountain range!

Her injuries were so serious back then, and tianshuo was sure that even with the recover pill, she wouldn't be able to recover so quickly and easily. But Lin Yi miraculously healed her injuries, and even his own, the same with the hand that was pierced on the cliff. Lin Yi quickly healed all the injuries.

With that thought, Tian Gang hoped that Lin Yi could get the support of the yellow Earth Gao faction. He believed that with her, Tian Gang, coordinating everything, it wouldn't be hard for the yellow Earth Gao faction to be grateful to Lin Yi. As for Tian Gang, unknowingly, his heart had already started hoping that Lin Yi could get a strong support.

"Uncle master, I'll contact Earth Diamond Star later and ask him to visit Lin Yi and see if he can solve this." Tian Gang said without batting an eyelid.

Tian Gang's words stunned patriarch xuanzhen and patriarch xuanchen!

"Tian Gang, do you really not understand the problem or ..." Patriarch xuanzhen's expression changed slightly. He didn't expect Tian Gang to agree to patriarch xuanchen's request. After all, this wasn't an order, but a discussion. Patriarch xuanzhen still had a way to turn things around. They didn't have to ask earth Diamond Star to find Lin Yi!

He believed that as long as patriarch xuanzhen insisted, patriarch xuanchen would not force him to do so. However, Tian Gang's agreement was equivalent to a hammer striking the nail.

"Young sect master Tian, you're so righteous!" Patriarch xuanchen narrowed his eyes and could not help but think of something. Tian Huan had failed to accept the inheritance, so he would definitely be the young sect master of the sky elixir sect in the future. Tian Bian was not suitable to be the young sect master at all. He could become a Grand Elder or even a Grand Elder in the future.

This way, Tian Gang naturally had to build a good relationship between the sky elixir sect and the five-elements sect. As the actual controller of the five-elements sect, it was reasonable for Tian Gang to be attentive to him. This made patriarch xuanchen very satisfied!

Tian Ji may be patriarch Xuan Zhen's disciple, but for the sake of the sky elixir sect, she has no choice but to side with me. It's impossible for her to become the sect leader without my support!

"Master, I have no other choice. If we don't get rid of this earth Diamond Star in time, and if something really happens to the earth Overlord in the sky elixir sect's territory, both the sky elixir sect and the five elements sect will have to bear a huge responsibility. When the yellow Earth high sect comes knocking on our door, it won't be good for either of us to fall out with them." Tian Gang explained. It seemed fair, but in reality, he was speaking for ancestor xuanchen.

"You ..." Patriarch xuanzhen's chest heaved as he looked at his proud disciple, who was as good as his own daughter, in anger. He could not accept the fact that he had betrayed patriarch xuanchen one day!

However, he could not turn hostile in front of ancestor xuanchen. After all, the sky elixir sect was a vassal of the five-elements sect. There was no problem for Tian Gang to listen to ancestor xuanchen. This was a problem that could not be discussed publicly.

"Master, I'm doing this for the greater good!" Tian Gang said calmly.

"You ... Very well!" Patriarch xuanzhen took a deep breath and stood up. Without looking at Tian Gang, he strode out of the room and said, ""I'm tired, I'm going to study alchemy!"

"Master ..." Tian Gang sighed in his heart. He could only find an opportunity to explain! Ever since Tian Gang found out that ancestor xuanchen wanted to deal with Lin Yi, he decided to get closer to ancestor xuanchen so that he could know his plans at any time. This way, he could give Lin Yi early warning and prevent him from falling into his trap.

Patriarch xuanzhen left in anger, but patriarch xuanchen did not care at all. He smiled faintly and said, ""Tiangang, your master is quite interesting. He's refining pills when he's tired?"

Chapter 2893 Tiangang's Decision

"I ... I don't know ..." Tian Gang smiled bitterly.

"En, Tian Gang, you're not bad. Although you can't carry out that plan anymore, it's still a good way to develop the sky elixir sect. I have high hopes for you!" Said patriarch xuanchen.

"Yes, please guide me in the future!" Tian Gang cupped his fists and said.

"En, you can leave now. Go and reply to that earth Diamond Star as soon as possible. Don't let them wait too long. After all, he's our ally, right?" Patriarch xuanchen instructed.

"Disciple will go find him now!" Tian Gang quickly responded.

Tian Gang returned to his own residence and casually glanced at his phone. He didn't know why, but after returning from the trial, he had a new habit of looking at his phone. If he didn't look at it, he wouldn't be happy, but if he looked at it, he would feel a little disappointed.

In the past, Tian Huan wouldn't even look at his phone for half a month, not even turning it on. This was because the sky elixir sect still had many ancient customs, and it was always the disciples and servants who passed on messages.

When he saw that there was a missed call on his phone, Tian Gang was slightly stunned. He quickly checked it and found that it was a familiar number!

Did he ... Call me? He was about to call him and tell him the pros and cons of this matter, but he didn't expect him to call first. Thinking of this, tianshuo quickly pressed the dial-back button.

"Tiangang?" Lin Yi didn't expect tianshuo to call back so quickly and quickly picked up.

"En ... It's me ..." Hearing this familiar voice, Tian Gang had a special feeling in his heart. "You're looking for me?"

"En, are you okay ..." Lin Yi's words were at the tip of his tongue, but it turned into a question.

"En, pretty good. What about you?" he asked. After asking, Tian Gang felt that it was unnecessary-he knew everything about Lin Yi's actions when he returned to the inn. There was no need to ask.

"I'm fine too ..." Lin Yi said.

"Don't tell me you're looking for me just to ask this ..." Tianshuo suddenly smiled. "What's the matter?"

"I'm looking for you because of something. Do you know about the nail of the Dragon of five demons that I obtained previously?" With that, Lin Yi explained 9th's condition to Tian Gang in detail, "Do you know how to use the Dragon of five evils's nail?"

"You ... Want to know how to use the Dragon of five evils's nail?" A strange expression appeared on Tian Gang's face. He didn't know whether to laugh or cry.

"Yes, you know?" Lin Yi was a little excited. From Tian Gang's tone, he seemed to know how to use the Dragon of five evils's nail.

"Yeah, I know." Tian Gang said with certainty, "the things on the body of an earth-type spirit beast must be mated with a medicinal catalyst before they can be given to cultivators with earth-type problems. This medicinal catalyst can only be found in the yellow Earth high sect of the Western Region. That place is the origin of the earth element. In the yellow Earth high sect, there is a 100-million-year-old underground cave. There is a stalactite in it, which is the essence of the earth element. The stalactite that drops from it is the essence of the earth element. It is extremely precious!"

"Oh? Are you saying that I have to go to the yellow Earth high school to ask for this earth essence?" Lin Yi quickly asked.

"That's right, but this earth essence is very precious and rare. We can only collect one small bottle every 100 years. It's enough for one use ..." Tian Gang said.

"Uh ... No way? So rare? Then wouldn't it be very difficult for me to obtain it?" Lin Yi couldn't help but smile bitterly. Why were the scenes of finding spiritual herbs all so similar? It was the same when he went to the Ice Palace ...

"It's indeed hard to get, but this small bottle of earth essence is nothing compared to the life of the young master of the yellow Earth high sect, earth Overlord. Even if you can save the young master of the yellow Earth high sect with ten bottles, they will give it to you without any hesitation!" Tian Gang said. He didn't know how to tell Lin Yi to save the Earth Overlord before, but now, it all made sense!

"Oh?" Lin Yi just remembered that the young master of the Huang tu Gao sect, the earth Overlord, had been beaten up by naipao at the restaurant entrance. "The Overlord isn't dead yet?"

"He's using the great recovery pill to extend his life!" "I won't die for now, but I can't live either ..." Said Tian Gang.

Lin Yi took a deep breath, carefully considering the pros and cons of this matter, but still said firmly, "Alright, I'll treat him! I'll look for the people of the yellow Earth high school to research this problem!"

Although Healing Earth Overlord would expose Lin Yi's healing ability, it was nothing compared to little Nine's life. Lin Yi had enough enemies now, and he was standing on a strong enough position. Even if people knew about his ability, it would only be an extra benefit for others to covet.

The Lin Yi now was like a Porcupine, trying to find a balance between different levels and forces. He wouldn't poke you, but he'd poke you if you came looking for him.

"There's no need for that. There's a saying that goes, 'a stick is not a business'. If you take the initiative to find them and ask them for something, they won't remember your kindness. But if you ask them to find you, it's different." Tian Gang said.

"But, how can I let him know that I can save the tyrant?" Lin Yi blinked.

"I'll arrange it for you. Just wait in the room. When the time comes, you'll be able to make the appropriate arrangements. The benefits you'll get won't just be the earth essence." Tian Gang said.

"This ... Thank you very much!" Lin Yi was a little shocked. He didn't think that Tian Huan would be this capable to be able to arrange for people from the Huang tu Gao sect to come and find him. But thinking about the Tian Huan five elements sect's background, it wasn't surprising.

"Thank me ... I'm going to kick you!" Tian Gang hung up the phone after he finished speaking. His face was red and his heart was beating fast. Especially when he said the last sentence, Tian Gang realized that he was extremely nervous ...

"..." Lin Yi was speechless. He had to be kicked out even after thanking her?

After hanging up, he turned around to find Qiqi staring at him. Lin Yi was a little embarrassed-he didn't ask about xiaojiu before, but was asking about tianshuo instead? was Qiqi unhappy about that?

"This ... Seven ..." Lin Yi didn't know what to say.

"Big brother onesie, little nine can be saved, right? The big sister Tian Ji you know is so powerful, she even knows people from the Huang tu Gao sect?" Qiqi said, excited.

Lin Yi blinked-it occurred to him that Qiqi had probably heard their entire conversation. There were only the two of them in the room, and it was extremely quiet-it wasn't surprising that she could hear what tianshuo had said

Chapter 2894 Little Seven And Little Nine

But, did Qiqi just ignore what Tian Gang said at the end?

In fact, Qiqi really didn't care. In her eyes, anyone who could help her save little 9th was a good person, and if Tian Gang could help, he was a good person too. As for everything else, it was nothing compared to what happened to little 9th.

"En, I'll just wait in the room for further arrangements." Lin Yi nodded.

"Then, I'll go back to my room first. I won't disturb big brother ah Yi and the people from Huang tu Gao faction. With me here, they probably can't talk about certain things, right?" Qiqi said as she stood up.

"That's good. You can go back first. I'll let you know if I have any news!" Lin Yi said with a nod.

After sending Qiqi off, Lin Yi sat on his bed and entered the Jade space with his eyes closed. He hadn't been practicing for a few days now, busy with how to leave the five evils Savage Lands safely. He couldn't practice in peace with naipao by his side.

"Hey, I say, ghost, thank you for what you did before!" Lin Yi hadn't had the chance to thank that damn thing yet-he didn't have the time to do so in the situation he was in, and he kept talking to Qiqi after they got back to the inn.

"There's no need for that. If I don't save you, you'll die. Where can I find such a good place to cultivate?"
"You don't have to thank me this time," the ghastly thing said indifferently. "You don't have to feel like you owe me anything. It's different this time."

"Fine ..." Lin Yi was speechless. He didn't think that this thing wouldn't be so proud of herself and pushed the credit away. She was an upright ... Damn thing!

"Alright, I'm going to continue preparing for my hibernation. You go do your thing, and don't disturb me if there's nothing important!" The ghastly thing said.

"Oh, then go into hibernation." Lin Yi really didn't need that damn thing for the time being, so he adjusted himself and started training as well.

.....

Qiqi went back to her room, still feeling like she was in a dream. Her meeting with Lin Yi was like a dream, and now that she thought about it, it was so much sweeter. Lin Yi would always appear at her most critical moment, reaching out to help her.

Could all of this be the arrangement of the heavens? Lin Yi was her big brother Yi, and today was the happiest day of her life. Not only did she get to know Lin Yi, but she also found a way to save little Jiu!

"Hello, little 9th, it's your 7th elder sister!" Qiqi called little nine.

"Ah, sister seven, you've passed the sky elixir sect's trial?" Little Nine's heart was finally at ease after receiving Qiqi's call. She was counting the time-Qiqi had clearly exceeded the time of the test, but she still hadn't contacted her. She was extremely worried, but she couldn't get in touch with Qiqi!

Qiqi had left her phone at the inn when she went to the test, and it was off as well-she couldn't get through to xiaojiu, so she could only worry!

"We didn't pass the trial, because the trial rewards from the sky elixir sect aren't of much use to us. But the most important thing is that I found the Dragon of five evils's nail, it's an earth element one!" Qiqi said excitedly.

"You really found it?" Little Jiu was a little shocked-she couldn't understand why a spirit beast as strong as the Dragon of five evils would give its nails to Qiqi? "Sister seven, did you encounter any danger?"

"Danger ... We did run into it ..." Qiqi smiled bitterly."But, in the end, I got out of danger, because ... I met Lin Yi again ..."

"Ah, you met Lin Yi again? Did he help you this time?" Nine let out a breath of relief-it seemed that Qiqi's escape this time had a lot to do with Lin Yi!

"Yeah, right, Lil 'Jiu, do you know who Lin Yi is?" Qiqi asked excitedly.

"Who is it ..." Little Nine's heart moved, but she still asked.

"It's big brother ah Yi, he's actually big brother ah Yi. Little Jiu, Did you know? I was so stupid that I wanted to kill him before, but I didn't expect him to be big brother Yi ..."Qiqi's voice changed.

"Ah, you know that?" Little nine asked subconsciously.

"Yeah...Eh? Little Jiu, do you know something?" Qiqi thought back to the way xiaojiu was speaking-it was like she knew that Lin Yi was Yi's big brother all along?

"I ..." Little 9th was at a loss for words, only then did he realize that he had let it slip.

"Little Jiu, you already knew, didn't you? You've been hiding it from me?" Qiqi's eyes went wide-she couldn't believe that little Jiu had been hiding this from her all this time! She'd risked her life for little Jiu, and yet little Jiu was lying to her?!

She knew that little nine liked big brother Yi, but she'd never been jealous. She'd always treated little nine as her closest sister, but little nine ...

"Sister seven, I didn't mean to hide it ..." Little nine said weakly, ""Before, I wasn't sure if Lin Yi was big brother Yi. I only found out that his name was Lin Yi after checking his phone number, but I don't know if this is the Lin Yi that seven sis was talking about ... Plus, miss Zhou said that I can't reveal the information I'm in charge of ..."

"I see ... Okay ..." Qiqi didn't have anything to say after hearing that it was Madam Zhou's request-the information little nine was in charge of wasn't for members who weren't on missions outside, and they weren't allowed to access it without permission. Qiqi was no exception, so it made sense that little nine wouldn't tell them.

Qiqi had grown up in a family with strict rules, so she didn't think there was anything wrong with what little nine was doing.

Miss Zhou wasn't Qiqi's birth mother, but she was her father's other wife, and one of the instructors of these assassins. She was in charge of computer hacking training, and so Qiqi respected her very much. She wouldn't complain about anything she said.

"I'm sorry, sister seven ..." Nine was a little embarrassed as well. She was pretty sure that the Lin Yi that Qiqi met was Yi's big brother because they were still in contact at times, but she couldn't say it out loud due to the organization's rules. Now that Qiqi asked, she shouldn't have answered, but she and Qiqi were very close. At this point, she'd rather be scolded by miss Zhou than keep it a secret.

Chapter 2895 You Go Find Lin Yi

"It's okay, I understand ..." Qiqi shook her head, ""No wonder when I said I was going to kill Lin Yi, you were so protective of him, saying that he was trying to save me. So you knew about it all along ..."

"I wasn't too sure at that time!" Little nine said.

"En, that's right. It's all thanks to brother ah Yi this time. Otherwise, I would have died in the five evils Savage Land and I wouldn't have been able to obtain the Dragon's nail." Qiqi didn't dwell on what happened before-she told xiaojiu everything that happened in the five evils Savage Lands!

Especially when Lin Yi grilled fish for her and saved her-Qiqi told her in even more detail, and nine was quite envious. "Sister seven, you're so lucky to see brother ah Yi. I can only hear his voice on the phone ..."

"It's okay. Brother Yi has promised me that he will come to see us after a while. You can see each other then! Let him see that our ninth Princess has become a big girl. I think brother ah Yi will drool!" "Don't guys like pretty little girls in cartoon characters?" Qiqi asked.

"That's not true ... It's just that I'm a little petite because of my body's problems ..." Little nine said, a little embarrassed.

The two of them chatted happily. On the other side, Tian Gang had asked the inn's manager sun to find earth Diamond Star to see her ...

The earth Diamond Star returned to the inn of the heavenly elixir sect, looking at the unconscious young master with a depressed heart. Even the young master of the heavenly elixir sect had said that there was no way to save him, the earth Diamond Star was really at his wit's end!

It wasn't a good idea to drag things out day by day. However, the yellow Earth high sect was located in the Western regions and the journey was long. If they were to travel a long distance from here to the yellow Earth high sect, the local tyrant might not be able to hold on!

However, even if Huang tu Gao sent people over, it was impossible to save the Earth Overlord. The only hope now was that the last sentence of the heavenly silkworm transformation was not just a perfunctory remark, but a real help to the earth Overlord!

Just as he was worrying, the internal phone in the room suddenly rang. Earth Diamond Star was slightly stunned and picked up the phone. He did not understand who would call the internal phone at this time! During this period of time, earth Diamond Star had gotten used to the fickleness of human nature- now that they'd offended Zhang naipao, the other practitioners were all avoiding them like the plague, avoiding them even when they saw them, let alone calling.

Therefore, earth Diamond Star thought that he had called the wrong number. "Who is it?"

"Earth Diamond Star of the yellow Earth high school, right?" The person on the other end of the phone asked directly.

"I am, and you are?" Earth Diamond Star was a little stunned. The other party actually knew who he was, so it was obvious that they were really looking for him. But who would look for him?

"I'm manager sun of the inn, the young sect master of the sky elixir sect. She wants you to go to the sect to see her immediately!" "The young sect master said that he's found a way," manager sun said.

"What? Young sect master Tian has found a way?" Earth Diamond Star was surprised and happy, so excited that he couldn't even hold the phone firmly. "Many thanks manager sun, I will immediately head over. I am truly grateful!"

"There's no need to thank me. I'm only responsible for passing on the message. You'd better go quickly. Don't let the young sect master wait too long." Manager sun said indifferently.

"Yes, yes, I'll go now!" Earth Diamond Star said in fear.

After hanging up the phone, earth Diamond Star didn't even bother to be happy anymore. He didn't even go downstairs, he directly opened the window and jumped down, heading straight in the direction of the sky elixir sect. He was afraid that the heavenly silkworm transformation would get him angry, so he didn't dare to waste a single moment!

Earth diamond flew at high speed. As a Sky Class mid phase, he was extremely fast, and it didn't take long for him to reach sky elixir sect. Under little Peach's lead, he arrived at Tian Gang's room.

"Earth high sect's earth Diamond Star greets young sect master Tian!" Although earth Diamond Star was excited and eager to know what method the heavenly silkworm transformation had thought of, he still politely greeted first.

"Earth Diamond Star, you're here. No need to be so polite." Tian Gang waved his hand and pointed to the seat in front of him. "Have a seat first, we'll talk slowly!"

"Alright!" Earth Diamond Star nodded and respectfully sat opposite the heavenly silkworm transformation. However, he did not dare to sit too casually. He stood up straight, like a primary school student in class. Then, he carefully asked, "Young sect master Tian, you asked manager sun to look for me. Have you thought of a way?"

"En, I've thought of a way, but whether it can be realized or not, it's up to you!" Tian Gang pretended to hesitate.

"Young sect master Tian, if there's any way, please let Diamond Star know. Even if we have to cross mountains and rivers, we will find a way to save young sect master." Earth Diamond Star quickly said.

"En, actually, you don't have to go through mountains and rivers. The people who can help you are far away and right in front of you ..." Before Tian Gang could finish his words, earth Diamond Star interrupted excitedly.

"You're the young master Tian?!" Earth Diamond Star suddenly stood up and knelt on the ground with a thud. He shouted, ""Young sect master Tian, please save our young sect master tu's life!"

"Cough cough ..." Tian Gang didn't expect earth Diamond Star to suddenly interject at this time. He knelt on the ground and was a little speechless."Earth Diamond Star, get up first. I'm not talking about me ..." He said.

"Not young master Tian?" "Then, young sect master Tian, you said ..." Earth Diamond Star was confused.

"What I'm saying is, this person is also a participant who passed this trial. He's currently in the sky elixir sect Inn." Tian Gang explained.

"Oh, I see. I'm sorry, I was too excited ..." Earth Diamond Star stood up awkwardly and rubbed his hands.

"En, it's okay. I understand your feelings of wanting to save your master." Tian Gang nodded to show his understanding.

"Young sect master Tian, may I know who this person is ..." Earth Diamond Star asked impatiently.

"This guy is Lin Yi, I wonder if you've heard of him?" Tian Gang asked.

"Lin Yi?" Earth Diamond Star shook his head, lost. After Earth Overlord was injured, he brought him back to his room and didn't interact with other practitioners. Naturally, he didn't know about Lin Yi, "Which sect is he from? What's his strength?"

"He's a solo practitioner, Earth Class late phase. " "As far as I know, he's the only one who can help you," said Tian Gang. "But I'm not sure if he can help you."

"Oh? An earth-ranked rogue cultivator?" "He can help me?" earth Diamond Star was curious.

"Not bad." Tian Gang nodded his head with certainty.

"Then I'll go find him now!" After Earth Diamond Star knew the answer, he didn't want to waste any more time. He got up and cupped his fists, ready to leave. "Thank you for your advice, young master Tian. I'll take my leave first!"

Chapter 2896 Earth Diamond Star In Shock

"Wait!" Tian Gang indifferently called out to earth diamond.

"Young sect master Tian, is there anything else?" Earth Diamond Star asked.

"You're going to find him like this? You don't even know what his temper is, what his hobbies are, or what he needs, and you can ask him for help?" Tian Gang shook his head, ""If you mess up this matter, then your young sect master will be beyond saving!"

"Young sect master Tian, you're overthinking things. A puny Earth Class practitioner isn't worth my time. As long as we promise him some benefits, that Lin Yi will come over and help us, right?" Earth Diamond Star, however, said arrogantly, ""Even if he doesn't want to go, I can force him to! I may not be as good as the young master, but I'm still Sky Class mid phase!"

"Oh, then go. You and your young sect master can die Here. Don't blame the sky elixir sect for not warning you." Tian Gang frowned and coldly said.

"What's wrong? Could it be that young master Tian is interfering?" Earth Diamond Star froze, not understanding what he meant. He was a Sky Class mid phase, how could an Earth Class like Lin Yi Do something to him? Thus, he understood that the heavenly silkworm transformation wanted to interfere.

"I won't get involved in this-I'm just telling you that you're Sky Class mid phase, and you're nothing but a toy to Lin Yi." Tian Gang said calmly.

"What? a good deal?" Earth Diamond Star thought he didn't hear her clearly."How is that possible?"

"Zhang naipao's two followers, mo BA and Mo Jiu, are both Sky Class mid phase Masters. Both of them took one hit from Lin Yi, one dead and one injured-you decide what to do." Tian Gang waved his hand and said,"I'm a little tired. I've done my best in your matter. I've reminded you of what needs to be reminded. You can go!"

"Don't!" When earth Diamond Star heard Tian Gang's words, he was scared out of his wits. He turned around and knelt on the ground with a plop. "Young sect master Tian, it's Diamond star's arrogance. Please help us. Please don't drive him away. This is related to the life of our young sect master tu!"

Earth Diamond Star was shocked by Lin Yi's ability to kill two Sky Class mid phase Masters, and they were both from naipao's side-this was unbelievable, but he didn't think the sky silkworm transformation would lie to him. First of all, there was no need for that, and second, he just needed to go back to the inn and ask manager sun and the other practitioners, and everything would be clear.

So as shocked as he was, earth Diamond Star started praying right away-if Lin Yi was really the type of person the heavenly silkworm transformation described, then he'd probably just die if he used force.

"What else do you want to know?" Tian Gang asked helplessly.

"Young sect master Tian, please tell me more about this Mister Lin Yi. I'll have a plan to deal with him, so I won't be caught off guard!" Earth Diamond Star pleaded.

"Alright, then I'll tell you." "Yes!" Tian Gang nodded, "Lin Yi may be an Earth Class, but he's stronger than a Sky Class. Even I don't have the confidence to win!"

"What?" Earth Diamond star's eyes widened in shock. "Young sect master Tian ... You're not confident? Aren't you a Sky Class late phase peak?"

"That's right, I'm not confident ..." Tian Gang nodded.

Earth Diamond Star took in a breath of cold air-as far as he was concerned, there was no reason for the heavenly silkworm sect to boost someone else's morale and lower their own-a Sky Class late phase peak practitioner, the young master of the sky elixir sect, saying he was inferior to an Earth Class late phase?

The only reason was that this Earth Class late phase was strong-why else would the sky silkworm transformation say that? This was a matter of face! To admit that his skills were inferior to someone, and to admit that someone's strength was much lower than his own, he did not believe that the heavenly silkworm transformation would joke about this matter. Wouldn't this affect his reputation?

However, there was one thing that earth Diamond Star did not expect. That was, the heavenly silk transformation was a heavenly aura ...

"Don't look down on Lin Yi. He may be a solo practitioner, but the ancient house Feng's eldest grandson, Feng Shanshan, and the divine fist Palace's disciple, Li Ciba, are all his underlings. In the hidden world, he has many underlings as well. So, although he's a solo practitioner in name, he actually has a very powerful force behind him!" Tian Gang introduced.

"So powerful ..." Earth Diamond Star sweated, thankful that he didn't ask Lin Yi for help. What if he said something wrong and Lin Yi killed him? what would young master earth do?

No wonder Naipao didn't dare to cause Lin Yi any trouble after losing two Sky Class mid phase lackeys-he didn't even let out a fart after so long!

But, the more it was like this, the more it showed how strong Lin Yi was. Earth Overlord was injured by naipao, and Lin Yi was stronger than naipao, so there was a high chance that he could heal Earth Overlord.

"Yes, Lin Yi's temper is a little weird. He usually doesn't help people who have nothing to do with him, but when his brothers and family are in trouble, he'll help them." "Moreover, the more you force him, the more he won't do as you say," Tian Gang continued. "As for how to beg him, you'll have to think of a way yourself."

"Is that so ..." Earth Diamond Star hesitated. He didn't understand if Tian Gang was hinting at something or not. Did he have to send earth Gao to Lin Yi as a boss to save Earth Overlord? But wasn't it a little too weird for a sect as big as Huang tu Gao to acknowledge a wandering practitioner as their boss?

Moreover, this was not something he could decide. It had to depend on the local tyrant's opinion!

"Alright, I can only help you up to this point. The rest is up to you." Tian Gang said.

"Many thanks, young master Tian! Earth Diamond Star will remember this kindness in his heart, and once earth Overlord is saved, our earth high sect will treat the entire heavenly elixir sect as our benefactor!" Earth Diamond Star quickly said.

Tian Gang's brows twitched as he said indifferently, "I'm telling you this in private. Don't spread it."

"Ah ..." Earth Diamond Star was not stupid and immediately understood what Tian Gang meant. "I understand. We, the yellow Earth high sect, will treat young sect master Tian as our great benefactor. If there's anything that we can use, we'll be at your service at any time!"

"Alright, you can go." Tian Gang nodded and said.

"Yes!" Earth Diamond Star couldn't wait to find Lin Yi. He ran to the inn of the sky elixir sect again, but no matter how anxious he was, he didn't go straight to Lin Yi. Instead, he went to the front desk of the inn and saw manager sun, "Manager sun, many thanks for your previous notice!"

Chapter 2897 The Problem Of Consultation Fees

Shopkeeper sun was slightly stunned. Wasn't this earth Diamond Star trying to find a topic to talk about? I'm informing you under young master Tian's order, how could I dare not inform you? "Hehe, this is what I should do," he said with a smile.

"En, right, do you know Lin Yi's room number?" Earth Diamond Star asked.

"Oh? I know, I'll check for you. " The practitioner's room number wasn't a secret, so manager sun didn't need to hide it. He quickly found Lin Yi's room number and gave it to earth diamond.

"Thank you, manager sun. Right, I heard that Lin Yi and Zhang naipao have some conflict?" Earth Diamond Star asked tentatively.

"A little, it's like this ..." Manager sun had already received the heavenly silkworm transformation's orders-he only needed to answer earth Diamond star's questions truthfully, and so he told him all about the grudges between Lin Yi and Zhang naipao in detail.

When he heard that Lin Yi had crippled mo Jiu and returned with naipao after the test, earth Diamond Star started to think-could it be that naipao had already given in? Now, it seemed that begging Lin Yi was the best way!

Thinking of this, earth Diamond Star said: "many thanks shopkeeper sun. Then I will go upstairs first. You can continue with your work!"

"Alright," he said. Indifferently, manager sun nodded his head.

Earth Diamond Star didn't go back to see earth Overlord, but went straight to Lin Yi's room. He stood in front of Lin Yi's room and reached out his hand, but didn't dare to knock on the door. He seemed to be under a lot of pressure. The person inside was an Earth Class, but he had the strength to kill a Sky Class in seconds. Earth Diamond Star didn't dare to mess around!

Finally, after taking a few deep breaths, he knocked on the door bravely and waited for a response from the person inside.

"Who is it? Please come in! The door isn't locked. " Although Lin Yi replied quickly, those few seconds were like a century of waiting for earth diamond.

After carefully pushing the door open and entering the room, earth Diamond Star immediately bowed deeply. ""I'm Earth Diamond Star, the follower of the young master of earth Supreme sect earth Overlord. Greetings, senior Lin Yi!"

Seeing earth Diamond Star come to his door and bow so respectfully, Lin Yi knew that this was the result of Tian Gang's coordination. He didn't know how Tian Gang did it, but he still said faintly, "Oh, so you're from the earth Diamond Star of the yellow Earth sect ..."

"It's me, it's me. Senior Lin, have you heard of me?" Earth Diamond Star was overjoyed and quickly nodded.

"I've never heard of it. " Lin Yi said, shaking his head.

"Uh ..." Earth Diamond Star suddenly felt a little embarrassed, but he did not dare to say anything. "Our Yellow Earth high school is located in the Western regions, so it's normal that senior Lin has never heard of us."

"Oh, what's the matter?" Lin Yi asked despite knowing the answer.

"It's like this, senior Lin ..." Earth Diamond Star quickly explained earth Overlord's injuries to Lin Yi, including the fact that he was using the recover pill to keep his life. He didn't hide anything and only spoke after he was done, "I heard from a friend that senior Lin is a powerful person and has a way to cure our young sect master's injuries. What do you think ..."

"That Overlord was so arrogant. He deserved to die. You can go." Lin Yi waved his hand and started chasing them away.

It seemed that Tian Gang had already prepared everything for him-if Lin Yi didn't cooperate, then he'd really be letting Tian Gang down.

"Don't ... Senior Lin, although our young sect master is young and frivolous, he's not a bad person." Earth Diamond Star quickly explained, "he's just a young man who has achieved success. It's his first time out for training, so he doesn't have much experience. You know, he's the young sect master in the sect, and no one dares to disobey him. He does whatever he says, so he has developed this temperament. But he's actually still very simple, and he doesn't have any bad intentions ..."

"What does this have to do with me?" Lin Yi asked.

"This ... I hope senior Lin can save him!" Earth Diamond Star said through gritted teeth.

"Why should I save him? I don't even know him. What good would it do me to save him?" Lin Yi shook his head, "plus, it'll take a lot of energy to save him, I won't!"

"Please don't, senior Lin. If you have any requests, just tell us. We'll definitely try our best to satisfy them!" Earth Diamond Star said quickly. He believed Lin Yi's words, of course. If it wasn't too much trouble, anyone could heal.

"Do you think I look like someone who needs your help?" Lin Yi looked at Earth Diamond Star mockingly.

"This ..." Earth Diamond Star gritted his teeth and said, "Our young sect master has always admired the strong. If elder Lin can treat his injuries, our young sect master will probably acknowledge you as his boss. In that case, our Yellow Earth high sect will become Mister Lin's helper. What do you think ..."

"I already have enough underlings. Every time they need help, I have to help. Do you think it's a good thing to have more underlings?" Lin Yi said faintly as he rolled his eyes.

Lin Yi's words made earth Diamond star's eyes light up! Lin Yi always went to help his follower? That would be great-if the earth Overlord became Lin Yi's follower, he could look for Lin Yi directly if he needed anything!

The key was the attitude of the other members of the yellow Earth high sect!

From earth Diamond star's point of view, with earth Overlord's personality, becoming Lin Yi's follower wasn't a difficult task. But earth Overlord was the young master, not the master-he still had his uncle, tu Qingsong, above him!

Plus, once earth Overlord became the sect leader, the yellow Earth high sect would become Lin Yi's subservient sect.

It seemed that he would have to contact TU Qingsong about this matter after he returned.

"This ..." Earth Diamond Star didn't know what to say.

"Forget it. I'll see if his injuries can be treated first. Otherwise, it's useless to say anything more." Lin Yi knew that he could cure her, but he had to put on a show.

"Yes, yes, senior Lin, please!" Earth Diamond Star quickly made a gesture, inviting Lin Yi to his room.

Lin Yi followed earth Diamond Star to earth Overlord's room and saw the pale-faced earth Overlord lying on the bed! Lin Yi walked over and pretended to check it out. "It can be treated!"

"Argh! That's great. Then, senior Lin, when shall we start the treatment?" Earth Diamond Star was overjoyed.

"Did I say I was going to treat him?" Lin Yi asked.

"Uh, then you're here for ..." Earth Diamond Star was stunned.

"I'm just here to see if it can be treated. " "But we haven't even talked about the fees yet, and you're already in such a hurry?" Lin Yi said.

Chapter 2898 What Are You Saying?

"Yes, yes. It's about the consultation fee. There's no hurry!" Earth Diamond Star knew that there was hope after hearing Lin Yi's words. He quickly said, "Senior Lin, how much do you need for the treatment?"

"I heard that your sect has a treasure called earth-type essence?" Lin Yi asked.

"This ... There is ..." Earth Diamond star's face changed. This was the sect's treasure. Lin Yi wouldn't want this, would he?

"That's good. Two bottles of earth essence and the method to use it, I can save your young sect master!" Lin Yi said.

"Two bottles ..." Earth Diamond star's face turned even uglier. However, for the young sect master's life, he still said, "Senior Lin, I'll ask our sect master about your conditions, but please wait a moment ..."

"No problem, you can go and ask for instructions." Lin Yi said with a nod.

"Okay, senior Lin. If we agree to your condition, you can definitely cure our young sect master's injuries, right?" Earth Diamond Star asked.

"Who said it's cured? I only said save him!" Lin Yi said faintly.

"This ... Isn't this the same?" Earth Diamond Star was a little strange.

"Of course it's different. Saving him is just to let him come back to life. He doesn't need to rely on the great cyclic pellet to maintain his life, and he can live like a normal person. "However, to cure him is to heal all the meridians in his body so that he can continue to cultivate. These are two different concepts, so don't mix them up." Lin Yi said with a wave of his hand.

"Ah? Then ... How can it be cured?" Earth Diamond Star could not help but smile bitterly. "Senior Lin, why don't you tell me your conditions? I'll go ask the sect master ..."

"I can save them, but repairing their meridians is limited to those around me, such as my family and younger brothers. Outsiders can't provide this treatment because it will consume a lot of my physical strength and true Qi. I can't accept any conditions!" Lin Yi said firmly.

"This ..." Earth Diamond Star was taken aback, but he remembered what the heavenly silkworm transformation told him about Lin Yi's personality. It wasn't surprising at all! But this wasn't a problem- as long as the Overlord lived, he'd be able to cling onto Lin Yi and call him boss. Wouldn't that heal him?

So, earth Diamond star's priority was to ask tu Qingsong, and so he turned to Lin Yi,""Alright, senior Lin. Please wait a moment. I'll go and consult our Yellow Earth high sect's sect master!"

"Go on." Lin Yi waved his hand.

Earth Diamond Star walked out of the room and called tu Qingsong.

Tu Qingsong's phone call was quickly connected. Tu Qingsong had been worried about the issue of the local tyrant all this time! This was his only nephew, and also the only direct bloodline of the yellow Earth high sect! Even though Huang tu Gao sect wasn't small, they didn't have many direct bloodlines!

This was related to the inheritance of the yellow Earth high school's bloodline. In the yellow Earth high school's bloodline, there was a large amount of earth element. According to logic, this was an extremely good Earth element physique, very suitable for receiving the earth element enlightenment inheritance!

However, because male practitioners couldn't carry out the inheritance, only female practitioners could, so the male practitioners of the yellow Earth sect were very bitter. If they didn't step into the sky Class before the age of 20, then their only fate was to wait for death!

Although the earth essence could be used to extend the lifespan of a heaven rank Earth Spirit beast, it could only extend it by five years. When it reached thirty years old, it could only die in sadness. Moreover, heaven rank Earth Spirit beasts were extremely rare. Even if the yellow Earth high school raised one, they couldn't take its blood often. Otherwise, the Earth Spirit beast wouldn't be able to take it and would die.

Tu Qingsong's father had left the yellow Earth high school due to the visit of two unexpected guests, and his whereabouts were unknown.

The Overlord's father died young because he didn't step into the sky Class before he was twenty!

Tu Qingsong only had one daughter. When she was young, she also left with tu Qingsong's father because of an unexpected visit. After that, there was no news of her.

After that, the Overlord would become the only continuation of the yellow Earth sect's bloodline, so how could tu Qingsong not be worried?

Although tu Qingsong was in his Prime, and it wouldn't be a problem for him to have another son, the key problem was that it would be extremely difficult to raise Another Sky rank before the age of 20!

"Diamond Star, any new information? How's your relationship with the sky elixir sect? Can the Overlord be saved?" Tu Qingsong picked up the phone and quickly said.

"There are!" "Sect master, I went to see the young master of sky elixir sect's heavenly silkworm transformation sect today, and he introduced me to someone ..." Earth Diamond Star said quickly.

With that, earth Diamond Star told tu Qingsong about Lin Yi's situation, his request for Lin Yi to treat earth Overlord's injuries, as well as the conditions Lin Yi offered.

After tu Qingsong heard earth Diamond star's words, although he was excited, he was still the sect leader of an ancient sect, after all. He calmed down instantly and fell into deep thought! Lin Yi's conditions seemed a bit ridiculous, asking for two bottles of earth essence right away, but the earth Overlord's life was more important.

It was just that if Lin Yi could make the earth Overlord back to normal, then it would be fine. The problem was that Lin Yi was only saving the earth Overlord's life, but if he didn't, the earth Overlord's meridians would still be crippled. Lin Yi didn't offer any other conditions for treatment in exchange. The only possible way was for the earth Overlord to become Lin Yi's follower, so Lin Yi could treat him.

This was the reason why tu Qingsong was hesitating. For such a large sect to be the underling of a rogue cultivator, firstly, it would not be nice if it was spread, and secondly, tu Qingsong did not want to be under someone else! However, these things like face and reputation could not be compared to the life of the tyrant.

This was the only bloodline successor of the yellow Earth high sect. Tu Qingsong did not want the yellow Earth high sect's bloodline to be cut off just because of a little face and reputation. Although the nephews of the other elders in the sect were not bad, and there was no lack of materials that could be cultivated into the young master, the yellow Earth high sect would have lost the qualification to inherit the power of the earth element by then. An ancient sect without an inheritor would be a second-grade sect in the future. Tu Qingsong did not want the yellow Earth high sect to fall from its divine altar.

"A wandering cultivator has such great power?" Tu Qingsong pondered for a moment and asked, "The everyday and every day sect doesn't dare to touch him?"

"That's what it looks like now-even the young master of the heavenly silkworm transformation said so, I'm afraid this Lin Yi has some skills and isn't a normal person. " Earth Diamond Star said.

"Lin Yi ... A solo practitioner ..." Tu Qingsong frowned, "This name, why does it feel familiar? But I can't remember ..."

"Sect master, what are you talking about ..." Earth Diamond Star did not understand tu Qingsong's mumbling.

Chapter 2899 The Shocked Sect Master Tu

"Lin ... This surname is rare in the Western Region. Let me think ... Let me think ..." Tu Qingsong patted his head, "Lin ... Yi ... Yes! Don't tell me it's him?"

Tu Qingsong's memory was pretty good. He suddenly remembered something and suddenly screamed, which shocked the earth Diamond Star on the other side of the phone!

"Sect master, what's him ... You know Lin Yi?" Earth Diamond Star was confused. He didn't know what tu Qingsong was talking about or why he was surprised.

"Lin Dongfang ... Yi ... That's right, back then, when that person took ran ran away, he told father to let ran ran train with Yi and the others ... Could it be him?" Tu Qingsong just muttered to himself and did not answer.

When earth Diamond Star heard that tu Qingsong had no intention of answering him and said some strange names, he did not dare to ask any more questions and could only wait silently.

"Earth Diamond Star, ask that Lin Yi later, he ... Does he know Lin Dongfang, and what's his relationship with him?" Tu Qingsong finished sorting out the meridians and came up with such a rough deduction. Then, he ordered earth Diamond Star.

"Oh? "Okay ..." Although earth Diamond Star didn't know why tu Qingsong would ask this, and who was Lin Dongfang, since it was the order of the sect leader, he naturally had to ask, ""I'll go and ask now?"

"En, I can agree to the two bottles of earth-type essence. Let him save the Earth Overlord first. After you ask this question, quickly tell me the answer, and I will decide what to do next." Tu Qingsong said anxiously.

"Okay, I'll let Lin Yi know." Earth Diamond Star quickly nodded.

"Wait, you must be respectful. Don't call him by his name." Tu Qingsong reminded.

"Don't worry, sect master, I'm just reporting to you. I call Lin Yi senior Lin in front of him. " Earth Diamond Star was stunned. He didn't understand why the sect master would care so much about this.

Lin Yi wasn't in the mood to eavesdrop on earth diamond's conversation with the sect master. It wasn't hard for him to eavesdrop, but he wasn't that kind of person.

"You're done asking?" Lin Yi asked faintly.

"Yes, senior Lin!" "Our sect master said that he can give you two bottles of earth essence," earth Diamond Star quickly said. "That's no problem. Please save our young sect master first."

"Oh, sure." Lin Yi nodded, "start now?" But when are you going to give me the earth essence?"

"This ... After we return to the Western regions, we'll immediately send someone to deliver it to senior Lin, how about it?" Earth Diamond Star asked carefully.

"It's been too long. You can have someone send it over now. " Lin Yi waved his hand impatiently, "Besides, if you leave and don't give it to me, do you think I can go to the Western regions to find you? I don't have the time!"

"Uh ... That works too." Earth Diamond Star had never thought of reneging on his debt. Since the sect master had already agreed to it, it was naturally impossible for him to change his mind. Thus, he nodded his head readily. "I'll have someone send it over by plane. "

"Alright, let's start the treatment now." Lin Yi nodded, "Oh right, please wait outside when I'm treating you."

"That's not a problem. By the way, senior Lin, can I ask you a question?" Earth Diamond Star finally asked.

"Oh, go ahead." Lin Yi didn't think much of it.

"May I ask, senior Lin, do you know Mr. Lin Dongfang?" Earth Diamond Star asked carefully.

"Oh?" Lin Yi blinked, "you know him?" Why are you asking this?"

"This, our sect leader asked me to ask, may I ask what is your relationship with Mr. Lin Dongfang?" Earth Diamond Star continued to ask.

Lin Yi hesitated-he didn't know if the yellow Earth high sect was friends or enemies with Lin Dongfang, but so what if they were? So what if they were friends? If they were his enemies, they wouldn't dare to do anything to him. They even had to beg him, so he could take the opportunity to extort more good things.

If it was a friend, then at most he'd help the tyrant return to normal, and Lin Yi wouldn't lose anything. So he said honestly, ""You can say that he's my grandfather,"

"Alright, senior Lin. Please start treating the young sect master. I'll go out for a while." Earth Diamond Star nodded and was ready to reply to sect master tu Qingsong.

Lin Yi didn't know what was going on-earth diamond didn't say anything about friend or foe after that one question, what did that mean? But Lin Yi didn't think too much about it-perhaps he'd only heard of Lin Dongfang's miracle doctor name.

In fact, earth Diamond Star couldn't learn Lin Yi's healing method even if he didn't see it. It was just that Lin Yi didn't want earth Diamond Star to know that he saved earth tyrant so easily. It would be a bit expensive.

And so, After Earth Diamond Star left, Lin Yi didn't bother with earth Overlord and started practicing ...

After Earth Diamond Star left the room, the first thing he did was to call tu Qingsong.

"Diamond Star, how is it? any news?" Tu Qingsong picked up the phone and quickly asked.

"Yes, there's news!" "Lin Yi said that Lin Dongfang is his grandfather ..." Earth Diamond Star said.

Tu Qingsong took a deep breath-it was indeed related to that person! Previously, he had thought that his wild imagination was a little funny and not particularly reliable, but now it seemed that his guess was correct!

"What's wrong, sect master?" Earth Diamond Star heard that tu Qingsong's voice was a little abnormal, so he quickly asked.

"It's nothing. Zuan Xing, think of a way to make Lin Yi the Overlord's boss. Of course, he has to accept him wholeheartedly, not just for show!" Tu Qingsong made his decision in an instant. If Lin Yi was really that person's grandson, then he'd made the right bet. Getting on Lin Yi's good side was the same as getting on the good side of those two people. Although he didn't know where those two people were now, they'd make a comeback one day!

"Ah?" Earth Diamond Star was stunned. He didn't know why sect master tu Qingsong would suddenly make such a decision, but he didn't dare to ask. He only said, ""Yes, I understand. When the young sect master wakes up, I'll pass on your message to him!"

"En, if he doesn't listen, you can call me directly and I'll talk to him!" Tu Qingsong said.

"Yes, sect leader!" Earth Diamond Star quickly responded.

After hanging up the phone, tu Qingsong's face flashed with a touch of excitement. If the Huang tu Gao sect became the underling sect of those two people, it would not be a shameful thing at all. Back then, the everyday and every day sect was proud of this, and others would be envious of it!

Yanjing city, Tianli had been dreaming of getting rich when he suddenly received a call from "President lang"!

Chapter 2900 Zhao Qibing Is Here

"President lang, how is it? Did you swallow the previous batch of goods? They've already started transporting it, right?" Tianli asked.

"President Liu, I'm sorry, there's a problem!" Little pure's voice was very low.

"Oh? What's the problem?" Tianli was taken aback, but because the hypnotist's hypnosis skills were deeply embedded in his brain, he trusted little purity without a doubt.

"It's like this. Because there are more goods this time, the snakeheads at the border who are responsible for smuggling have some opinions. They didn't agree with the price we agreed on at the beginning. Now the goods are stuck at the border and can't go through. It's really troublesome!" Xiao Chunjie sighed helplessly.

"Oh? How much do they want?" Tianli understood-the snake head wouldn't be happy with the old price if they had too much stock.

"And 200 million as a passing fee ..." Little purity said,""Sigh, this time, I'm asking for a bit too much money ..."

"It's not a lot. It's nothing compared to the value of the goods. " Tianli's trust in little purity had been hypnotized, but he still kept his business mind."However, the current situation is that I don't have a single cent on hand. I've also mortgaged my property, so I can't get any more cash ..."

"I see ..." Little pure thought to herself-it seemed like she had squeezed all of Tianli's money dry this time, and it was time to pull in the net."Then I'll negotiate with them again. I'll also do some research and see if I can raise the money!"

"That's fine. I'll take a look here too. If it really doesn't work, I'll borrow some from my old friends!"
"We'll get our cigarettes back with interest once they arrive!"Tianli said.

"That's true. Alright, we'll keep in touch!" Little purity said.

After the call ended, she turned to Jianwen respectfully, ""Master Wen, it's almost time. I don't think we can squeeze any more money out of Liu Tianli's hands."

"Yeah, I can't even take out 200 million. It seems like I really don't have any more." "Alright!" Jianwen nodded."We can start the final plan now. There's no room for discussion if we're going to screw him over!"

"Yes, master Wen! Then let's wait a few days and see if he can still get the money. " Little purity replied.

"Alright, do as you see fit. Find a time to tell him about our final plan, and then it'll be over. We can go home." Jianwen said.

Donghai city, Zhao Qibing hid in the Hidden House Zhao for a while, and realized that the Hidden House Yu didn't do anything to him. He let out a breath of relief and returned to the floating cloud Bar.

In fact, the Hidden House Yu didn't have the heart to look for Zhao Qibing anymore because of Yu Shan. At most, Zhao Qibing was tricked by Yu Shan, and Yu Shan was the dirty linen of house Yu. They couldn't hide this anymore, why would they bring it up again?

And so, they let Zhao Qibing go, but towards the Hidden House Zhao, house Yu didn't treat them as in-laws anymore-they'd cut off all ties with them, and Yu Xiaojin naturally became a sacrifice.

Without the Hidden House Yu's support, Xiaojin had become someone she wasn't even close to-she didn't even have the status she had in the Hidden House Zhao anymore, and guangyin didn't have to face Xiaojin anymore.

Qikun was feeling a bit regretful recently-Lin Yi came to the Hidden House Zhao and threatened to break his legs, but Qibing was afraid that Lin Yi would look for trouble for him because of Yu Ning, so he didn't dare to meet Lin Yi.

But now that it was all over, it was clear that everything was fine. House Yu didn't look into it anymore, and it seemed like Lin Yi didn't want to look into it either. Qibing regretted it a little-wasn't it good to be released back then? Lin Yi would be able to break his legs!

And so, the first thing he did when he got back to the floating clouds was to pay Lin Yi a visit at school. As far as he was concerned, Lin Yi wouldn't do anything to him at school, no matter what he said.

Of course, the most important reason was that Qibing went to find Lin Yi to check things out. According to the time of the test, Lin Yi and qikun should be back by now, but Qibing didn't show up at house Zhao. He didn't know if qikun was still alive or not, so he decided to go to school to see if Lin Yi was there.

He didn't know that Lin Yi and naipao had been delayed for a few days in the five evils Savage Lands.

Qibing found his way to Lin Yi's class with ease, and found coiling Tiger.

"Isn't that master Bing? Long time no see. I heard you went into hiding?" Although house Yu and house Zhao were both trying to keep a low profile, the hidden houses like house you still got the news.

"Haha, how can that be? Why should I hide? why should I?" Qibing was a little embarrassed, but he was thick-skinned and didn't mind, "Right, did you see Lin Yi?"

"Didn't Lin Yi go to the sky elixir sect's test?" You Panhu was slightly stunned and said, "huh?" Judging from the time, he should be back by now. Did he die?"

If Lin Yi died, you Panhu would be very happy. Lin Yi's presence here made him very unhappy, but there was nothing he could do. After Lin Yi died, he could go hit on han Jingjing without any worries.

"I think so too, that's why I'm here to ask. My qitan hasn't returned yet." Qibing said.

"That unlucky brother of yours?" "I'm not sure. Why don't you ask Wang Xinyan and han Jingjing? she might know."

"Wang Xinyan and han Jingjing, I'm not familiar with them ..." Zhao Qibing wasn't familiar with Wang Xinyan and han Jingjing, and he didn't want to waste his time asking.

"Then I have no choice." Youpan Hu didn't want to get involved before he could confirm Lin Yi's death. He'd learned enough from the past and didn't want to be taken care of by Lin Yi again.

"Forget it, I'll go and ask." Qibing had no choice but to walk to Xinyan's side, giving her a shock.

"What ... What are you doing?" Xinyan had seen Qibing before, but they weren't that close. He was a scary person, always breaking his legs and stuff, and she didn't want to have anything to do with him.

"Hehe, it's nothing much, actually ... I just wanted to ask if Lin Yi's back yet?" Qibing asked.

"Lin Yi? Why are you asking this?" Xinyan was on alert, not knowing what Qibing was up to.

"I just want him to help me break my legs. I don't mean anything else. Has he returned?" Qibing said as he gritted his teeth, pretending to be harmless.
