

## Bodyguard 2901

### Chapter 2901 I'll Help You

"I don't know," Wang Xinyan shook her head, "I've been staying in the school dormitory all this time, I didn't go back to Lin Yi's Villa. I'm not sure. "

"Ugh ... I see ..." Qibing was a little disappointed, ""Did Lin Yi contact you?"

"If you have anything to say, you should ask Chu Mengyao and Chen Yushu. I really don't know." Xinyan didn't want to say anything, and she really didn't know how Lin Yi was doing.

"Looking for them ..." Zhao Qibing's mouth twitched. Chu Mengyao was fine, but Chen Yushu reminded him of his building. This girl wanted to see his building collapse, and it really did. This was why Zhao Qibing had a shadow in his heart.

"I'm going to read, you can do as you please. " Xinyan didn't want to talk too much with Qibing, so she picked up a book and lowered her head.

Zhao Qibing had no choice but to go to the economics Department to find Chu Mengyao and Chen Yushu.

However, Mengyao and Yushu weren't as easy to find as Xinyan. First of all, Qibing didn't know where they were. There were no class tags on the classrooms in the University, unlike the biomedical science students who only had one class and were always in the same classroom.

So, Qibing went to the faculty building of economics to get the class schedule first, and then found the class according to the schedule. When he found it, it was almost time for class to end.

However, this was also good. He would have more time to ask after school.

Seeing Mengyao and Yushu walk out of the classroom hand in hand, Qibing quickly ran over, "Miss Chu, miss Chen, long time no see!"

"Zhao Qibing?" Mengyao was surprised to see Qibing here, not sure what he was doing here. "What are you doing here?"

"Miss Chu, it's like this, I need to talk to Lin Yi about something, do you have his contact?" Qibing said directly.

"Why are you looking for shield bro?" Yushu asked, answering for Mengyao.

Zhao Qibing was scared of talking to Chen Yushu the most. He purposely talked to Chu Mengyao to avoid talking to Chen Yushu, but he didn't expect Chen Yushu to take over the conversation.

"It's like this, I'm looking for Lin Yi to help me break my legs, he's already agreed to it. " "But, it's been so long and he still hasn't fulfilled his promise!" Qibing said.

"Oh?" Chen Yushu hmphed, neither agreeing nor disagreeing.

"You don't believe me? It's true, he went to our hidden house Zhao before the test, but I wasn't home at the time, so I came to find him as soon as I came back. " Qibing made up a story.

"When did I say I didn't believe you?" Chen Yushu asked.

"Uh ... You mean ..." Qibing looked at Yushu hesitantly.

"When shield bro left, he told me that I'll do it for you if you want to break his leg." Yushu said seriously.

"You?" Qibing didn't believe her-he wasn't an idiot, he believed everything Yushu said,"Really?"

"You don't believe me?" Yushu squinted her eyes and repeated Qibing's words.

"It's not that I don't believe you, I mean, Lin Yi might have told you, but ... Do you know how to fight?" Qibing didn't dare to offend Yushu, so he smiled bitterly.

"F \* ck, why wouldn't I?" "Shield bro's already taught me the technique, I'm a professional leg breaker now!" Yushu said with a hand on her waist.

"Ugh ... Never mind, I won't trouble you. We'll talk about it when Lin Yi comes back in a few days ..."  
Qikun didn't believe in Yushu's skills. This was no joke.

"Oh? You're not going to fight?" Yushu's eyes narrowed as she looked at Qibing with a half-smile. "Don't you regret it. I've been learning from shield bro for days just to break your legs. I've broken a few trees by now. If you don't want to fight, that's fine too. When shield bro comes back, I'll tell him that you don't want to fight anymore. He won't break your legs anymore. Shield bro listens to Shu the most!"

"Ugh ... This ..." Cold sweat started to form on Qibing's forehead as he blamed himself for speaking out of turn. How did he start a conversation with Yushu? Now, he was stuck between a rock and a hard place. He didn't want to let Chen Yushu interrupt him. The girl was definitely talking bad about Lin Yi, and if Lin Yi listened to her, he would have no hope of breaking his leg.

But Qibing didn't feel safe letting her do it-what if she couldn't?

"Hey, are you going to fight or not? If you don't, Yaoyao sis and I will go home to play. Get out of the way!" Yushu was starting to get impatient at Qibing's hesitation.

"Fight, fight! Is it here?" Qibing gritted his teeth and made the decision. He couldn't break it, he couldn't kill it, and he wouldn't die even if he tried, but if it really did break, he would be the one who got the advantage!

"Go to the open space downstairs. Find an iron bar for yourself." Chen Yushu replied.

"Okay ... Then you have to play well and try to interrupt!" Qibing reminded.

"Aiya, don't worry. Why don't you trust me? Don't you know that I'm called professional leg breaker?" Chen Yushu waved her hand impatiently, "Hurry up and find a stick!"

"I do have this stick!" After they went downstairs, Zhao Qibing waved his hand, "Uncle Zhu, bring me the stick!"

Uncle Zhu was waiting for Qibing downstairs. He had an iron bar with him just so he could see Lin Yi. It was specially made for Lin Yi to break his leg. Although Lin Yi didn't use an iron bar most of the time, it was better to be safe than sorry!

"Yes, master Bing!" Uncle Zhu passed the iron rod to Qibing.

"Alright, do you think this stick will work?" Qibing said as he passed the metal rod to Yushu.

"Okay, then get ready, I'm going to fight!" Yushu raised the iron rod and looked at Qibing's leg, thinking about how to start.

"I say, miss Chen, can you hurry up, I'm waiting ..." Qibing started to panic as Yushu didn't make a move. He had kept his Qi to protect himself, but this state wasn't something he could control. He had made some progress recently, but it wasn't enough. Otherwise, he could just find someone to break his leg.

"Aiya, he's here!" Yushu raised the rod and smacked it on Qibing's right leg, making a crisp "bang."

"Aiyo!" Qibing let out a cry of pain as he held his right leg and jumped up from the ground. His leg wasn't broken at all, it was just a little painful from Yushu's hit. Without the protection of his Qi, the hit was so hard that it was bruised. Even if Qibing was a practitioner, the pain was unbearable, "F \* ck, do you know how to fight?"

Chapter 2902 Wrong Leg

"How can I not play? It's your leg that's too broken, it's not easy to hit!" "Are you going to fight or not?" Yushu hmphed. Can you not be so nosy? It'll affect my mood for kicking!"

"I did beat him up, but miss Chen, can you break him? my leg is swollen, but it's not broken!" Qibing said with a bitter face.

"Oh, right, I forgot!" Yushu slapped her head in realization. "Before shield bro left, he told me to use pinliang's steel rod to hit you. Your rod isn't a steel rod!"

"Ah? Why didn't you say so earlier!" Qibing was speechless! He knew about pinliang's steel rod-it could break through any practitioner's Qi protection under Sky Class. He didn't use his Qi to protect himself when Yushu hit him, but he did after the pain, and so Yushu didn't do any damage to him other than the pain.

But the steel rod was different-it could break through the Qi Shield, and with that, the damage dealt by the steel rod would land on Qibing's body, making it more serious!

However, after hearing that Lin Yi told her to use the black steel rod, Qibing was more or less convinced. He thought that Yushu was just lying to play with him, but it didn't seem like that was the case.

"Your own iron rod is not good and you blame me for not telling you earlier? I'm not playing anymore if you say it again. " Chen Yushu raged.

"Don 't, please don' T. Go ahead, I'm begging you!" Qibing was shocked and quickly begged, "Shall we go to your house now?"

"Oh, since you're so sincere about wanting to break your legs, let's go." Chen Yushu nodded.

Chu Mengyao was a little confused. When did Lin Yi teach Shu the secret of breaking legs? However, it was probably Yushu's plan to mess with Zhao Qibing! Thinking about it, it made sense-they'd been keeping a low profile every day when Lin Yi was out, trying to avoid unnecessary trouble. They didn't go anywhere after school, and their lives were so boring. Now that Zhao Qibing came to their doorstep, she wouldn't be Yushu if she didn't take the chance to mess with him.

"Alright, let's go!" Qibing's leg healed as quickly as it hurt-it was just a bruise, and he could still take it.

Qibing asked uncle Zhu to drive, following Mengyao and Jingjing's BMW X5M all the way to Mengyao's Villa.

"Is it okay now?" Zhao Qibing got off the car and couldn't wait. He was practicing the thousand legs and was stuck on breaking his legs. He had been waiting for a chance and now that it was here, he couldn't let it go.

"It's already six in the afternoon. I'm going to eat. Even if you're not hungry, I'm still hungry. By the way, I haven't eaten yet. I need to go out and eat something first." Yushu said all of a sudden.

"Ah? You still want to eat!" Qibing said helplessly, "What do you want to eat? I'll get uncle Zhu to buy it for you. "

"Oh, that's fine. I want to eat spicy soup and grilled squid from the shopping district. Ask him to buy me two bowls of spicy soup and ten sticks of grilled squid." Chen Yushu wanted to go eat for a long time, but Lin Yi wasn't at home. She was afraid that she would cause trouble if she went out, so she didn't eat.

But now that she had Zhao Qibing as a free laborer, she wouldn't hold back.

"Oh, sure. Uncle Zhu, you can go." Qibing said to uncle Zhu. Even if Yushu wanted to have a sumptuous meal, he'd buy it for her, not to mention these cheap snacks. He was in a hurry to break his leg.

"Yes, master Bing," After receiving the order, uncle Zhu drove off to buy some snacks.

"Miss Chen, is it okay now?" Qibing asked.

"Alright, let's begin!" Chen Yushu found a black steel rod and raised it, aiming at Zhao Qibing's leg, "I'm ready to fight. Relax, it doesn't matter if you're protected by true Qi!"

"Yeah, I know." To be honest, Qibing was a little interested in the steel rod in Yushu's hand. It was a good thing-if he could get his hands on it, he wouldn't have to look for Lin Yi to break her legs anymore, he could just find someone else to do it for him.

However, Qibing was just thinking about it. He didn't dare to take Lin Yi's things-wouldn't that be suicide? If that happened, he would bring trouble to the Hidden House Zhao, and that wasn't something Qibing could handle.

"Bang!"

Yushu swung the stick at Qibing's right leg!

"Aooo!"

Qibing cried out in pain. This time, he heard a "crack" sound. He thought that his leg was broken, and the pain was worth it. However, when he raised his leg to look at it, his right leg wasn't broken at all, only a bone was broken!

"Hey, Chen Yushu, what's wrong with you? it's not broken, it's just a bone fracture! Do you even know how to fight?!" Qibing was starting to panic-this leg of his, a broken bone and a broken bone were two completely different things-a broken bone wouldn't help!

"If I don't know how to fight, do you? Why do you have so many things to do?" "Are you still going to fight?" Yushu asked unhappily. If you don't want to fight, I'm going to eat!"

"Yes, but you have to play well!" Zhao Qibing didn't dare to refuse, he could only brace himself and say, "Come and hit me again!"

"Alright, you're so troublesome!" Yushu raised her dark steel rod and swung it at Qibing's left leg!

"Bang!"

"Ka BA!" Qibing kneeled on the ground again! His right leg had just broken, so he didn't dare to use too much force and only used his left leg as support. Qibing thought that Yushu would hit his right leg, but he didn't expect her to hit his left leg instead.

Qibing screamed again, finally angry, "Chen Yushu, do you know how to fight? Right leg! Right leg! It's not the left leg, you hit the wrong one!"

"Wrong number? Is that so?" Yushu looked at Qibing, confused. "That's right, isn't it a match? It's cracked on both sides, but there's no problem!"

"Crack your head, I want to interrupt, not crack! Lin Yi broke it in one hit, you're not good enough!" Qibing was angry, but he didn't dare to let it out too much.

"I'm the one who's cracking your head. You dare to say that my skill level is not good enough?" Yushu was enraged as she raised her dark steel rod and smacked it on Qibing's head. "I'll let you crack your head!"

"Bang!"

" His head was also cracked open, and blood was flowing out of his head. It was a terrifying sight.

Chapter 2903 Revived

Chu Mengyao and Lin Yi had been together for a long time and she had seen many bloody things. She didn't feel scared at all but she didn't know whether to laugh or cry at what Shu did. Zhao Qibing was screwed to death.

At that moment, uncle Zhu came back with some food in his hands. He was surprised to see Yushu hitting Qibing's head with a stick, "This ... This is ..."

"Oh, here's the delicious food!" Yushu ran up to uncle Zhu with the steel rod in her hand, snatching the snack away from his hand. "Yaoyao sis, let's go eat!"

Then, she ran into the villa.

Mengyao shrugged helplessly, "Hurry up and get him out of here."

"Master Bing ... He's dead?" Uncle Zhu was shocked.

"He's not dead. He should have fainted. " Chu Mengyao knew about the relationship between uncle Zhu and Lin Yi, so she didn't guard against him.

Uncle Zhu nodded and walked over to check for Qibing's breathing. He let out a breath of relief when he found that Qibing was still breathing and quickly brought him to the Hidden House Zhao.

Qibing's head and legs were broken, but he was still a practitioner. He woke up not long after returning to the Hidden House Zhao, but he had a splitting headache. His legs weren't as bad as Yushu's hit on his head-it was pretty hard. Qibing's skull bones were all broken.

Old master Zhao came as well, and was a little speechless after listening to Qibing's story, but he understood how Qibing felt. He wanted to master the thousand legs technique, and it was a good thing. It was only that Chen Yushu's fault.

As for uncle Zhu, he didn't get punished-it wasn't that he didn't protect him well enough, it was Qibing who asked Yushu to hit him, it had nothing to do with him. Plus, he was sent out to buy food when it happened.

"With your injuries, you should take a small recovery pill. I'm afraid you'll have some residual effects." Old Zhao said after a moment of silence.

"But, Grandpa, aren't my legs broken for nothing? It almost broke!" Qibing didn't want to give up, or he would've taken the pill already.

"Uncle Zhu, you should've taken advantage of Qibing's unconscious state and cut off his leg, but now that he's awake, there's nothing we can do!" Old Zhao said helplessly.

"But, in that situation, how could I have done it?" Uncle Zhu smiled bitterly.

"That's true, I know that you're loyal to Qibing. Forget it, elder Mian, give Qibing a small reversion pill first, we'll decide later ..." Old Zhao felt that things weren't going well these days, especially Lin Yi who was getting stronger and stronger. To the Hidden House Zhao, it was still a threat!

However, he couldn't kill Lin Yi, and the other hidden houses were just waiting for him. This made things difficult for him!

How could they let the other hidden houses team up and kill Lin Yi together? Old Zhao started thinking about the possibility of working together. He believed that no matter how strong Lin Yi was, he wouldn't be able to handle all the hidden houses working together ...

Lin Yi cultivated all the way until night time before he got up and looked at the earth Overlord. The earth Overlord's injuries weren't that serious to Lin Yi, and this injury was nothing.

Lin Yi walked over and took the Overlord's wrist, channeling the second stage of the art of Dragon mastery, quickly healing the Overlord's internal injuries. However, he bypassed the Overlord's meridians, and they were the same as before.

Of course, the old Lin Yi wouldn't have been able to do this with the first stage of the art of Dragon mastery, but the second stage was a piece of cake for him now.

The earth Overlord used the recover pill to keep his life, and the nutrients his body needed were enough. It was just that many parts of his body were damaged, so he couldn't wake up. After Lin Yi repaired it, the earth Overlord woke up.

"Who ... Who are you?" The earth Overlord opened his eyes and looked at Lin Yi, who had just let go of his wrist. He didn't know where he was, but he remembered that he had hit naipao, and an even stronger force hit him back, making him faint.

"Lin Yi!" "Alright, you're awake now. I should get going," Lin Yi said faintly.

"Argh! Wait a minute ... You ... Saved me?" Although the Overlord was arrogant and despotic, he was not a fool. He knew very well how badly injured he had been. He was prepared to die because the great recovery pill had no effect.

However, now that he had suddenly woken up, the earth Overlord checked his physical condition. Other than all his meridians being broken and unable to cultivate, his body's functions had returned to normal. In this case, it was obvious that someone had saved him.

Now, Lin Yi was by her side, but his follower earth Diamond Star wasn't there. It must be when Lin Yi was saving her, otherwise, there would be someone else.

"Yes, but you don't have to thank me. You're not my underling, so I don't have the obligation to save you for free. Your follower, earth Diamond Star, has already promised me that he will give me two bottles of earth essence as a reward!" "Alright, I'm leaving," Lin Yi said.

"Ah ... This ..." The earth Overlord had just woken up, and although his mind was still a little muddled, even an idiot could guess that Lin Yi was a master. He wanted to talk to Lin Yi, but Lin Yi didn't seem to want to talk to him, so he could only shut his mouth!

Naipao's lesson this time was pretty serious-he knew that there was always someone better than him out there, and he didn't want to force anything on someone like Lin Yi, who could save his life. He needed to understand the situation.

As Lin Yi walked out the door, earth Diamond Star, who had been waiting anxiously not far away, immediately came up to him. This scene was like a family member waiting for the doctor next to the operating room. Earth Diamond Star quickly asked, "Senior Lin, how is it? The Overlord ..."

"He's already alive." Lin Yi said.

"Then ... Are you out of danger? Can I go in now?" Earth Diamond Star asked carefully, afraid that he would make a mistake.

"Of course you can. He's inside, you can go in and talk to him." "This isn't a surgery, it's still a critical period ..." Lin Yi didn't know whether to laugh or cry.

"Ah? He could already speak? That's great!" Earth Diamond Star looked at Lin Yi, not hiding his admiration at all. "Senior Lin, you're really amazing. You saved our young sect master in just one day. You're a master! He's much better than that Zhang Naipao!"

Chapter 2904 The Tyrant's Plan

"If you're not afraid that he'll kill you after hearing this, you can continue." Lin Yi said faintly.

"This ..." Earth Diamond Star suddenly realized that he had gotten carried away. He smiled awkwardly and said, ""There's no one here, right? plus, with Master Lin here, naipao wouldn't dare do anything to us ..."

"Hehe." Lin Yi didn't argue and only smiled, "I'm going back to my room to rest. Send me the earth essence as soon as possible."

"Okay, senior Lin, you can go rest first ..." Earth Diamond Star wanted to talk to Lin Yi, but he remembered that Lin Yi had just finished Healing Earth Overlord and must be very tired. It was normal for him to go back and rest, so he didn't dare to stop him.

Lin Yi nodded and turned to leave, while earth Diamond Star walked into earth Overlord's room impatiently, "Young sect master, are you alright?"

"Diamond Star, I'm fine. My body's functions have recovered, but my meridians are still broken." Although the Overlord had come back to life, he was clearly in low spirits.

"This is great! Senior Lin is indeed amazing, you really do what you say!" Earth Diamond Star heaved a sigh of relief after seeing the earth Overlord sit up from the bed.

"Who was the person who saved me before?" The earth Overlord was curious about Lin Yi, but he didn't really care about anything else.

"Young sect master, you're talking about senior Lin, he ..." Earth Diamond Star didn't hide anything from earth Overlord and told him everything that happened after he fainted, including him asking for help from the sky silkworm transformation, finding Lin Yi, and negotiating terms with the sect master.

"That senior Lin, how is he so powerful? Isn't he afraid of Zhang naipao?" The earth Overlord was filled with respect for Lin Yi after hearing earth Diamond star's words-someone who couldn't even handle the heavenly silkworm transformation had to be a master, but making an enemy like Zhang naipao for no reason wasn't worth it.

"There's something else I didn't tell you-Lin Yi-qianbei and naipao were enemies, and the mo BA and Mo Jiu were all dead-one dead and one injured, it was all Lin Yi qianbei's doing. " Earth Diamond Star explained,"and Zhang naipao doesn't even dare to fart right now. He's obviously afraid of you, so you don't have to worry about him at all."

"So awesome!" The earth Overlord didn't expect Lin Yi to be this strong-he was a Dark Horse in this test,"Which sect is he from?"

"He's a rogue cultivator ..." Earth Diamond Star said,""But I heard that a few of the direct descendants of the ancient level were his little brothers ... Sigh, our Yellow Earth high sect doesn't have any friendship with him. If only the young sect master was also his little brother, he could even repair your meridians. It's just that unless it's someone related to him, he wouldn't do anything to unrelated people no matter how many conditions he offered! We've given you two bottles of earth essence in exchange for your life, young society head. "

"Wandering cultivator? There are even ancient level underlings? He can even repair my meridians?" The earth Overlord was completely shocked. This man didn't sound like an ordinary rogue cultivator. I'm from an ancient sect, and I can do anything. He's almost on par with the five elements sect!

"Yes, that's what the young master of heavenly silkworm transformation said. It can't be false!" "As for the meridians, I had some doubts in the past, but the sect master didn't have any doubts. He might know something ..." Earth Diamond Star nodded.

"In that case, as long as I acknowledge him as my boss, he will be able to help me heal my injuries and repair my meridians?" The earth Overlord suddenly remembered what Lin Yi said before he left-"you're not my follower, I don't have the obligation to save you for free." Didn't that mean that after he became his follower, he would repair his meridians for free?

At that thought, earth Overlord was getting excited-he didn't just call Lin Yi his boss for the sake of repairing his meridians. The main thing was that with a boss like Lin Yi, he'd be super cool! At the very least, people like Zhang naipao wouldn't dare to hit him anymore! Plus, with Lin Yi's strength, he'd become the biggest helper of the Huang tu Gao sect in the future! This kind of boss deal was worth it!

However, he was worried about his uncle's attitude. He was the young master of an ancient sect, after all. Lin Yi as his boss was nothing now, but when he became the sect master, wouldn't the entire sect be Lin Yi's follower?

"That should be the case, but I'm just afraid that senior Lin won't accept you ..." Earth Diamond Star smiled bitterly. Even the head of the sect, tu Qingsong, had hinted for him to make things happen between Lin Yi and the earth Overlord. Lin Yi must be really capable, or the head wouldn't have said that.

But this didn't mean that they could just take Lin Yi as their boss like that. Lin Yi said that he had enough followers, and he wouldn't just take them in like that. It seemed like he needed an opportunity.

"He's pestering me with soft tactics and hard tactics! Moreover, didn't he ask for the earth essence? He doesn't know how to use it, and only my uncle and I know this secret. So, if he wants to know, I have to

tell him personally. After a while, we'll get to know each other better, and I'll take the opportunity to recognize him as my boss!" "But what I'm worried about is how to explain it to my uncle," the tyrant said.

The earth Overlord admired the strong, especially when Lin Yi was someone who could beat naipao. He was just worried about his uncle!

"That's fine!" Earth Diamond Star nodded. "You don't have to worry too much about the sect leader. The sect leader has already told you that you can get closer to senior Lin, young sect leader. Everything is up to you to decide."

"Oh? Did uncle really say that?" The Overlord was not stupid and immediately understood what he meant. However, he was a little surprised. With his uncle's personality, how could he agree? Even if it was to restore his meridians, he wouldn't be so straightforward, right?

"Yes, young sect master. If you don't believe me, you can call and ask the sect master." Earth Diamond Star nodded and said.

"There's no need for that. How can I doubt what you say?" The earth Overlord waved his hand. He was just a little curious, but he didn't doubt the words of the earth Diamond Star. The earth Diamond Star had followed him for so many years and had always been loyal.

"Young sect master, what do you think? should we go find Lin Yi-qianbei now?" Earth Diamond Star suggested, "as the saying goes, strike while the iron is hot!" Now that senior Lin has just saved your life, it's reasonable for you to thank him and express your admiration for him!"

Chapter 2905 Very Understanding

"We're going now?" However, the tyrant shook his head and smiled bitterly, ""Mister Lin acted as if he didn't want to be disturbed. After he saved me, he said a few words and left, as if he didn't want to say anything more ..."

"Then what do we do?" This was the first time earth diamond planet realized that it was difficult for an ancient sect's young sect master to acknowledge a wandering cultivator as his boss. And the problem wasn't with the young sect master, but with the wandering cultivators ...

"When will the person who delivered the earth essence arrive?" The Overlord asked after thinking for a while.

"It should be tomorrow. He took a private jet here, so he shouldn't be too slow." Earth Diamond Star said.

"En, tomorrow then. When the earth essence is delivered, I'll explain to senior Lin how to use it and take the opportunity to call him boss. We'll see what his attitude is like!" The Overlord said.

"That's good. " Earth Diamond Star nodded.

Lin Yi didn't go back to his room after leaving-he went to Qiqi's room and knocked.

Qiqi was on the phone with nine when she heard a knock on the door. Who could it be at this time? wasn't Lin Yi treating the tyrant?

"Who is it?" Qiqi asked.

"It's me. " Lin Yi said.

"Ah!" Qiqi heard Lin Yi's voice and lowered her voice, "Little nine, big brother ah Yi is here. I'll go get the door first!"

"En ..." Nine was a little disappointed. She wanted to ask Qiqi to pass the phone to Lin Yi, but what could she say? She didn't know what to say to Lin Yi after all these years-they were just like teammates asking each other questions.

Qiqi opened the door and blushed when she saw Lin Yi, "Brother ah Yi, you're here ..."

"En, I just came out of the tyrant's room, so I came to take a look." "I'm called Lin Yi now," Lin Yi said. "Yi and Ying are just codenames, you can just call me by my current name. I'm not used to the name Yi ..."

"Alright." Qiqi liked Lin Yi as a person, not the name Yi. It didn't matter what he was called-he'd always be her childhood friend, "But Lin Yi bro, your room's over there, the tyrant's room's on the other side. It's not on the same way you came here!"

"Uh ..." Lin Yi was just saying it casually, and he didn't expect Qiqi to see through it. "Alright, I'm here to see you."

Lin Yi didn't mean it, but it made Qiqi's heart race. A flash of shyness appeared on her cool face. "Really ... Little seven is so happy ..."

"Yes, there's something even happier. I'm coming for the earth essence. There are two bottles, and the yellow Earth high school has agreed to send them over as soon as possible." Lin Yi said.

"Really!" Qiqi was very excited, "Lin Yi bro, you've cured that earth Overlord?" They're so forthright, little 9th is finally saved. "

"Not yet. He's alive, but his meridians are still broken." "But they're happy enough already," Lin Yi shook his head.

"Just like this?" Qiqi was a little surprised-wasn't the yellow Earth sect a little too easy to deal with? It was just that she didn't know the importance of the earth Overlord to the yellow Earth high school.

"Yes, tell the ninth Princess the good news later and make her happy." Lin Yi was here to make Qiqi and nine happy.

"Lin Yi bro, why don't you call her yourself? You have her contact information anyway. " Qiqi said.

"You ... Knew that I was in contact with her?" Lin Yi was surprised-he only had a one-way contact with nine, and it was a rule of the assassin organization-Qiqi shouldn't have known about it, but ...

"You're an assassin from the assassin group, right? as long as you're on a mission, you'll be in contact with little nine. It's just that many people don't know who each other is, but Lin Yi bro definitely knows who little nine is. " Qiqi said.

"I forgot about that ..." Lin Yi couldn't help but smile bitterly."Then ... You won't blame me for not going back to look for you or contacting you, right?"

"It can't be. Father said that assassins shouldn't contact their teammates with their original identity after they've completed a mission. If something happens to one person, it's possible that they'll drag the others down with them. This is why she hasn't made up her mind to look for Yi all these years ..." Qiqi shook her head."I didn't think that fate would allow seven to meet Yi bro again. But it seems like Lin Yi bro, you're no longer an assassin, you've stepped into the world of practicing?"

"Yes, being an assassin is only limited to the common world. In fact, if it wasn't for some people and things, I might never have had anything to do with the world of cultivation in my life. But there are some people and things around me that force me to go against the flow and step into a higher level. I don't go looking for trouble with them, but they will come looking for trouble with me and the people around me ..." Lin Yi said,"Just like this time, if I didn't have my reputation in the world of cultivation, no matter how much Tian Huan helped, it would be impossible to make the yellow Earth Gao sect so willing to hand over two bottles of earth essence liquid."

"That's true, I didn't think that Lin Yi bro would be this strong, he's strong in every field, even in the world of practicing, I'll be following Lin Yi bro from now on!" Qiqi was even happier that Lin Yi was stronger than her now.

Lin Yi knew Qiqi's personality very well-she looked cold and cool on the outside, but she was a girl who looked strong on the outside but was fragile on the inside. She wasn't suited to be an assassin, and her parents had made her undergo assassin training at a young age. She didn't choose this path because of her personal preference.

Qiqi didn't like it at first, but after getting to know him, Lin Yi could feel that she was training for him. Now, she was fighting for nine.

She'd cried at the Ice Palace test, at the practitioner's market, and had shown the fragile side of her heart. Under this cool disguise, her strength came from a strong belief.

One could tell how tough Qiqi's life had been these past few years-they were a famous assassin organization in the common world, but they were nothing in the practitioner world. They had to start from the beginning, and all their past backgrounds were just floating clouds.

Chapter 2906 Ignored

Lin Yi understood this feeling very well-he'd been through this before, after all, and those backgrounds he had in the common world were actually quite popular there-for example, at house Kang's birthday party, it was quite effective against normal houses that weren't even noble houses.

However, when it came to noble houses, all that background didn't matter at all. This was also why Lin Yi had always been envious of others having a good master-even people like Kang Zhaoming and Zhang naipao, who didn't do much, were Sky Class. How could a hard-working loser like Lin Yi take this?

But there was nothing he could do-he was tall, rich, and handsome, with a good master. The pills were like candy to him, but Lin Yi had to go through so much trouble just to get one. He almost got trapped under a cliff in the five fiend mountain range during the test. It was a deep sense of helplessness.

However, Lin Yi overcame all of this with much difficulty. He walked all the way up and finally stood at the top of the existence. Of course, all of this was thanks to the Jade space and the damn thing, or Lin Yi would've been dead long ago.

And so, Lin Yi patted Qiqi's shoulder. "Little seven, you can announce to the public that you're my sister. Normally, no one will find trouble with you ..."

In this test, Lin Yi could see that he stood in a very special position-no one dared to mess with him, or rather, no one wanted to mess with him, because the consequences were heavy. This was why Lin Yi and naipao were in a peaceful situation.

Especially after what happened with Zhang naipao, Lin Yi's name was like thunder in the ears of these practitioners!

"Great! Hehe, big brother ah Yi used to protect me, and now he's protecting me again. Can I do whatever I want in the ancient level?" Qiqi asked happily.

"You can bully those who have bullied you again. For example, you can occupy a few tables for tomorrow's meal and not let them sit there to eat." Lin Yi said.

"En, en!" Lin Yi's suggestion was casual, but Qiqi seemed to take it seriously.

After Lin Yi went back to his room, Qiqi happily called nine.

The people from the yellow Earth high sect were indeed fast. It was unknown if tu Qingsong had specially arranged for them to arrive, but in any case, this disciple of the yellow Earth high sect had already arrived at the inn of the heavenly elixir sect in the early morning of the second day. It seemed like the yellow Earth high sect wasn't weak either, as their private jet could take off at any time.

"Good!" When the local tyrant saw that the disciples of the yellow Earth high sect had arrived, he was instantly overjoyed. He also understood the principle of striking while the iron was hot, but if you had nothing in your hands, what was the point of striking the iron? To forge iron, one needed to be hard, right?

And so, After Earth Overlord got the essence, he went to the inn's restaurant early, planning to have a chance encounter with Lin Yi so that he could talk to him about the essence. After dinner, they could go to Lin Yi's room or his own room to talk about it in detail. When it came to worship, he could just kneel down and call him boss, and everything would be fine.

Of course, the Overlord's idea was good. However, when he arrived at the restaurant, he noticed a strange phenomenon!

The cultivators who came here to eat all walked out of the restaurant with their lunch boxes. They did not eat in the restaurant, which made the tyrant very confused! Generally speaking, the cultivators here did not have the habit of returning to their rooms to eat!

There were no full-time waiters here, so the garbage that was produced in the room had to be disposed of by themselves. Therefore, everyone found it troublesome. After eating in the restaurant, they could leave. What was going on today? why did everyone take out?

Just as he was about to ask someone, he looked up to see naipao walk out of the restaurant with a depressed look on his face. In his hands, he was also holding a takeaway!

At the same time, naipao saw earth Overlord as well-he froze! He naturally knew how badly injured the tyrant was. How did this guy recover? You can still walk? Wasn't he unconscious?

However, as confused as naipao was, he didn't want to ask any more questions-he only glanced at earth Overlord and left in a hurry!

Naipao's weird actions confused the earth Overlord-why was this naipao acting like he didn't see anything? Although he was the one who hit me, I'm here perfectly fine. Can't he ask me a few questions?

In fact, he wanted to let naipao ask a few more questions-after all, if naipao were to start a fight, Lin Yi would probably interfere. He'd just been cured by Lin Yi, how could he allow naipao to be so cocky? This was a matter of the cultivator's face!

He shook his head-he wouldn't provoke naipao if he didn't want to, and Lin Yi wasn't an idiot-provoking him and getting injured again were two different things.

Walking into the restaurant, before the local tyrant could stand still, he heard an arrogant female voice. "All the tables in this restaurant belong to me now, you guys are not allowed to eat here. Lin Yi bro and I want to enjoy our time together, go buy food and eat outside!"

This female voice naturally belonged to Qiqi. When she first came here, she bought food and wanted to find a place to sit down, but these practitioners chased her away with a cold glare. This time, she gave them a taste of their own medicine-anyone who wanted to eat here would be kicked out.

Of course, some of them were innocent-Qiqi didn't go to their table when she first came, or they'd already left after eating. They didn't even see her, but they didn't dare say anything!

Qiqi and the others didn't know where it came from, but Lin Yi and the others did! This Lin Yi had swept the sky elixir sect clean, and even naipao wasn't his match-didn't he see that naipao had already left after buying breakfast? Who else could be Lin Yi's match then?

Thinking that it was better to avoid unnecessary trouble, these people bought breakfast and left. Qiqi's overbearing attitude made the tyrant smile bitterly-this person was clearly very close to Lin Yi, and he couldn't afford to mess with him, but he didn't want to let him leave just like that!

At the same time, his admiration for Lin Yi went up another level! Seeing was believing-he'd only heard about how strong Lin Yi was from earth Diamond Star, and all he'd seen was Lin Yi's medical skills, but he didn't really know Lin Yi's strength.

And now, seeing naipao leave with his tail between his legs, the earth Overlord finally believed it-the legends were all true! And just now, naipao saw that the tyrant didn't say anything-it was probably because they were in the restaurant, and he didn't want to stay any longer! He wanted to leave as soon as possible, so he ignored him!

Chapter 2907 Usage Method

When he thought of this, the tyrant was excited. This was too awesome! What ancient sect could be this powerful? He didn't even say anything and only let his little sister Speak, but these people didn't dare to eat here!

The tyrant's imagination was running wild-if he were yang Qiqi, how cool would that be?! He stood at the entrance of the restaurant and said to the practitioners, especially naipao,"All the tables in this restaurant belong to me, you guys can't eat here-I have something to discuss with boss Lin Yi, go buy food and eat outside!"

Wakaka, I'm so excited just thinking about it! Earth Overlord was a person who liked to show off, and he didn't have many bad intentions. He liked the feeling of being looked up to, and Lin Yi as his boss could sweep away all the setbacks he had encountered before.

"Hey ... All the tables in this restaurant belong to me. You're not allowed to eat here ... Eh?" Qiqi was just about to shoo the local tyrant away when she looked up and saw that it was him. She quickly changed the topic. "You're the Overlord?"

"That's right, sis. I'm actually a connection with boss Lin Yi, and I'm his patient. Do you think I can eat here?" The Overlord asked carefully.

"You?" Qiqi turned to Lin Yi-it was the guy who gave xiaojiu the essence, but he still had the final say on whether or not he could sit here. She didn't dare make the decision.

"Oh, it's the Overlord. You've recovered quite quickly? You're here to give me the earth essence, right?" Lin Yi estimated the time-it should be about time if the yellow Earth sect was a little faster.

"That's right, that's right, boss Lin Yi is amazing! He saw through my intentions right away!" The Overlord took advantage of the situation and ran to Lin Yi, sitting down in front of him.

Outside the restaurant, the practitioners who hadn't left all had weird expressions on their faces. One, they were surprised that the tyrant was awake, and two, he said he was Lin Yi's patient? Did Lin Yi cure him?

How was that possible? Wasn't the grade three great recovery pill ineffective against the earth Overlord's injuries? How did it get better?

Of course, although these people were puzzled, they did not dare to ask.

"Why are you calling me boss? You're not my underling. " Lin Yi said faintly as he looked at the local tyrant.

Lin Yi's expression didn't look anything special, but he was suspicious. The tyrant was calling him boss so soon? What prompted him to make such a decision so quickly?

He had only treated his injuries, but not his meridians. This was a deal. He had to pay the earth essence liquid for his treatment. It was fair.

And even with Tian Huan's help, it was impossible for the young sect leader of an ancient sect to make a decision so easily! Feng Shangshi and Li Ciba had seen his strength under special circumstances, and that was why they recognized him as their boss. However, earth Overlord was different. Lin Yi couldn't understand why he wanted to be his boss. Was it just to repair his meridians?

But, Lin Yi knew that he was a good judge of character-he didn't see any profit in the tyrant's eyes. On the contrary, he seemed to really worship him. What was he worshipping?

Moreover, he had a follower, earth Diamond Star, by his side. If he casually called him boss, wouldn't earth Diamond Star Report it to their sect master?

"Even boss can't express how grateful I am, but boss Lin Yi healed my injuries and gave me a new life. It's like I'm reborn, so boss Lin Yi is my new parent! But I call you my Godfather, boss Lin Yi, so you can't call me your godson. So, I'll settle for second best and call you boss!" "What do you think? Of course, this is just a form of address. In my heart, I treat you as my boss. It doesn't matter if you acknowledge me as your little brother or not. You're my idol and I'm your fan. "

"Pfft ... Cough cough ..." Lin Yi didn't expect the tyrant to come up with something like this. Godfather? He really did have the balls to call him that, but Lin Yi could tell that the guy was being serious.

And so, even if Lin Yi was confused, his expression softened a little. He nodded and said noncommittally, "Where's the earth-type essence?"

"Aiya, I was so busy talking that I forgot about the proper business! The earth-type essence is here!" With that, he carefully took out two very, very small bottles from his pocket and placed them in front of Lin Yi.

"Such a small bottle?" Lin Yi looked at the small bottle in front of him, speechless.

"Uh ... This small bottle is actually just enough for one dose." The tyrant explained awkwardly, ""The quantity of this thing doesn't matter. The earth essence is stored in a special way. Once the bottle is opened, it has to be used immediately. It will lose its effect after three days, so it's a waste no matter how many bottles are filled."

"So that's how it is." Lin Yi nodded, thinking that this was similar to the spring water old Lin and ER goudan drank at home-the effect would disappear after a while.

"Yes, I am." The tyrant nodded and asked, ""I wonder what boss Lin Yi wants to do with this earth essence? The usage of this earth essence is the secret of our Yellow Earth high sect. Only my uncle, who is the current sect leader, and I know about it. We don't even know about earth Diamond Star! Of course, boss Lin Yi isn't an outsider, so it doesn't matter if you know. "

Lin Yi found the words funny-this guy was trying to get information out of him, asking him to take him in as a follower! Of course, it wasn't a problem for Lin Yi to take the earth Overlord in-he didn't care about the hidden houses anymore, and the next step would be the ancient level. One more follower meant one more helper, and Lin Yi was happy with that.

However, the boss knew that something was wrong-Lin Yi had to figure out this person's purpose and character first.

"I have a friend who has too much earth element in his body. He can't control or guide it. He needs earth essence and a part of the Earth Spirit beast to treat it." Lin Yi didn't hide anything-he had to tell the tyrant about this, after all, so he could find the right solution.

"Oh?" The Overlord was stunned! He'd thought that Lin Yi had an earth-element friend who'd lost control of his cultivation and needed earth essence to mediate it, but he didn't think that Lin Yi was talking about a completely different situation!

Chapter 2908 Matters Regarding The Inheritor

This situation made the Overlord pause, his eyes widening as he looked at Lin Yi in disbelief."Boss Lin Yi, are you serious?"

"Do I need to lie to you about this? Otherwise, why would I ask you for the earth essence?" Lin Yi frowned, not sure what kind of expression the Overlord had on his face. Was he surprised by this?

"No, boss Lin Yi, don't misunderstand. I mean, I thought that you had an earth-type practitioner friend who went into Qi deviation and needed earth essence to help him out, but it seems like that's not the case. The situation you're talking about might be the earth-type inheritor that our Yellow Earth high school has been looking for. Your description is exactly the same as the earth-type inheritor!" The Overlord quickly explained.

"Earth element inheritor?" Old Lin had mentioned this before, but he wasn't too sure himself. Now that earth Overlord had mentioned it, it was pretty much confirmed that Lil 'Jiu was the so-called earth inheritor!

At that thought, Lin Yi couldn't help but be on his guard. One had to know that from the moment Feng Xiaoxiao became an inheritor, Lin Yi was already a little unwilling, because the rock Candy Girl said that the inheritor had to do something dangerous.

Lin Yi didn't want Xiaoxiao to go to the Ice Palace and become an inheritor, but he couldn't let this go so easily with what happened to xiaojiu. "I just want to know how to use this earth essence. I don't care if it's an inheritor or not. My friend will not become an inheritor."

"This ..." The earth Overlord realized that he was too excited. The person in front of him was Lin Yi, not anyone else! It was impossible for him to control the will of the person in front of him, so the earth Overlord could only smile bitterly and say, "Boss Lin Yi, it's like this. If the person's condition is really as you described, using the earth essence as a drug primer, along with the body part of an earth-type sky rank spirit beast, it'll give him the greatest relief. However, there's a drawback to doing so-the earth element in your friend's body will disappear, and his body will become extremely weak. Even if he can extend his life, he won't be able to live for long. He'll die within ten or twenty years."

"What ... What you said, is it true?!" Lin Yi was a little surprised-this was very similar to what the rock Candy Girl had said back in the Ice Palace. Lin Yi had wanted to give Xiaoxiao the fruit, but she stopped him-and now, it was the same for earth Overlord.

"Of course, I'd never lie to my respected boss Lin Yi!" Earth Overlord sighed."To be honest with boss Lin Yi, I came to the Central Plains from the Western regions this time. Other than participating in the sky elixir sect's test to gain knowledge, I'm also looking for ... An earth element inheritor to return to our Yellow Earth high sect."

There was another reason why he was here, and that was to look for his cousin, tu Ranran. However, his uncle, tu Qingsong, had specifically told him that he had to be careful with what he said back then because it was complicated. He couldn't mention it to anyone, and so he didn't even mention it to Lin Yi.

Lin Yi nodded. With the experience from the Ice Palace last time, he didn't think that earth Overlord would lie to him. Xiaojiu's situation might be as he said, an earth element inheritor who had to accept the inheritance.

"For a cultivator with this kind of physique, is there no other way to deal with it except to accept the inheritance?" "For example, what Arts?" Lin Yi asked, not willing to give up.

"It's possible if he started training from a young age, but from the looks of it, even if he's younger than you, Lin Yi-qianbei, he shouldn't be that much younger, right? In terms of time, it's too late. At least, we earth attribute cultivators can 't. " The Overlord shook his head and said with certainty,""I won't hide it from you, boss. If there was a solution, then the direct bloodline of our Yellow Earth high sect wouldn't be so small. Until now, only my uncle and I are left! This is also the reason why my uncle easily agreed to use the earth element essence in exchange for my life. My family has all left ..."

"Oh?" Lin Yi was a little shocked. The Overlord's people ... Were all dead? Of course, Lin Yi didn't think that the tyrant would joke about this. He only needed to ask GE Xian to know if it was true or not.

"Don't be surprised, boss Lin Yi. Our family's bloodline is the same as the bloodline you're talking about. There's a large amount of earth element in our body, and we have to practice our Huang tu Gao sect's Arts from a young age. We also have to step into Sky Class before the age of twenty, or we'll face death. At that time, we'll need to use earth essence and a part of an earth-element sky beast to relieve the pain, but the effect varies from person to person. At most, we'll only have ten or twenty years of life ...""But for those under twenty years old, even if a sect tried their best, they'd only be able to train one or two at a time. After all, there's a limit to how many pills they can accumulate-just like how the everyday and every day sect focused on training Zhang naipao, we, the yellow Earth sect, focused on me."

"But, can't you all become inheritors? Then why don't you accept the inheritance?" Lin Yi asked, confused.

"The inheritors are all female. Male cultivators are unable to accept the inheritance of enlightenment and can not become inheritors. The bloodline of our Yellow Earth high school is very special. Our descendants are all male. If you want to have a daughter, you have to use a very complicated method. You have to spend a lot of energy and natural treasures to produce a female descendant. This is specially done to cultivate cultivators." The Overlord said.

"Then ... Why don't you make a female descendant to accept the inheritance?" Lin Yi asked, confused.

"Yes ... My uncle has a daughter, who is also my cousin. This should be something to be happy about, but ..." The tyrant suddenly realized that he had said too much. He wasn't prepared in front of Lin Yi, and accidentally revealed a secret that he couldn't tell.

"What's wrong?" Lin Yi was a little confused when he saw the tyrant stop talking.

"I'm sorry, boss Lin Yi, this is our family's Secret, I didn't mean to say too much ..." The earth Overlord said, embarrassed,""In short, you just know that we tried, but we didn't succeed ..."

"Not successful? In other words, even if my friend goes to your place, he might not be able to successfully accept the inheritance?" Lin Yi asked.

Chapter 2909 About The Five-Elements Sect

"That's not it. When I said it was a success, there was a problem. Your friend will definitely be fine ... By the way, is your friend a woman?" The tyrant suddenly realized that he'd forgotten the most important question-the gender of Lin Yi's friends.

"It's a female. " "So you're saying that my friend will definitely be able to accept the inheritance?" Lin Yi nodded.

"It's like this," "It's more effective than earth essence or the things from heaven rank Earth Spirit beasts, and it's not dangerous ..."The earth Overlord nodded.

"Then, after becoming an inheritor, are there any requirements? for example, do you need to do one thing?" Lin Yi nodded and continued to ask.

"Boss Lin Yi ... You know about that plan too?" Earth Overlord was a little surprised, and his voice lowered quite a bit. As far as he was concerned, Lin Yi couldn't have come into contact with the core secrets of that level. Even if Lin Yi was the boss of the heirs of the ancient sects, those sects weren't involved in the plan. The divine fist Palace wasn't, and neither was the ancient Feng family. They only

knew about the future "Sky Class Island" plan, but they didn't know what use these heirs had. I wonder what the inheritors will do. "

"Yes, my small wife is called Feng Xiaoxiao, the Vice sect master of the Ice Palace, and one of the inheritors." "That's why it's not surprising," Lin Yi nodded.

"What? Boss Lin Yi's ... Second wife?" Earth Overlord was shocked-he wouldn't even believe it if Lin Yi said that his wife was the Vice sect master, and a small wife at that!

After all, the Ice Palace was one of the strongest ancient sects-the sky elixir sect wanted to do something to them, but didn't dare to-and the Vice sect master of a sect that even the everyday and every day sect didn't dare to mess with was Lin Yi's mistress?

But thinking about it, it made sense-the everyday and every day sect wouldn't dare do anything to Lin Yi, would they? Didn't the sky elixir sect's young master, Tian can Bian, say the same thing? he didn't have the confidence to deal with Lin Yi, did he?

This made perfect sense, and he felt that Lin Yi had no reason to lie to him. After the shock, he said in admiration,""Boss is indeed our boss. He's not even on the same level as us young sect leaders. He's already on the same level as the sect leaders and Palace leaders of the ancient sects."

"First, tell me what the earth element inheritor will do in the future. Is it dangerous?" Lin Yi didn't care about his flattery and asked.

"This ... Boss, don't you know? It's the same as what an ice element inheritor needs to do ..."The Overlord looked at Lin Yi, confused. How could he not know?

"Do you think she would tell me if there was danger and make me worry?" Lin Yi asked.

"This ... That's true!" Earth Overlord didn't know about Lin Yi's past, and thought that Xiaoxiao met Lin Yi after she became the sect master and inheritor, and became his mistress. This made perfect sense, and Xiaoxiao didn't want Lin Yi to worry, so she didn't tell him the details. But earth Overlord was still a little confused, "Why didn't she hide the fact that she's an inheritor? Wouldn't that make you less curious, boss?"

"Inheritors can't lose their virginity. Do you think you should tell me?" Lin Yi messed up the right and wrong, and made the time difference, so the earth Overlord naturally wouldn't see any flaws.

"I forgot about that. Haha, I see." The earth Overlord understood. Since Feng Xiaoxiao was Lin Yi's wife, but she didn't want Lin Yi to push her down, she had to explain the reason! Therefore, the Overlord nodded, but he still probed, ""It's like this, boss Lin Yi should know about that place, right?"

"Five elements sect?" Lin Yi asked.

"That's right, it's the five elements sect!" The Overlord no longer doubted it and said directly, ""This plan has been prepared for a thousand years, and the goal is for Sky Class late phase peak practitioners to step into the path of the sky! The plan was actually very simple-metal, wood, water, fire, earth, mist, and ice inheritors and a practitioner with five elements would be the medium to open the sky Island! In fact, that's all I know-there'll be danger in the process of opening it, but it's nothing compared to the rewards. These inheritors and mediums all have the chance to go to Sky Class Island and become Sky Realm Masters-which practitioner doesn't want to step into that realm?"

"I see, but what's the specific process?" Lin Yi continued to ask. This wasn't much different from what he knew, and that medium was obviously the previous taganlong, now Tian Gang. But, these two mediums couldn't be used anymore, what was the five elements sect going to do?

"I don't know the details-that place wasn't made public, and we can't just ask around. Even though they were one of the leading sects, they only got a spot to enter Sky Class Island, but the five elements sect was the most important part!" The Overlord said.

"What you're saying is similar to what I know. It's all unimportant matters. I'm still not clear about the specific dangers." Lin Yi said with a shrug.

"Only a few people in the five elements sect know about this. We can't do anything about it!" "If I could find out, I would have done so long ago," the tyrant said helplessly.

"Alright, since that's the case, I'll think about it and give you an answer. I'm not in a hurry to find out how to use the earth essence. You can go back to your room and wait for a while. " Lin Yi said to the tyrant.

"Okay, boss Lin Yi, I'll head back first then. I'll go ask my uncle if he knows more." The Overlord said respectfully.

"You haven't had breakfast yet?" He'd been talking to Lin Yi the whole time, so he'd forgotten to have breakfast-Lin Yi had to give him a heads up.

"Uh ... It's fine if you don't want to eat, but since boss wants me to eat, I'll just eat a little!" As the tyrant spoke, he beckoned to earth Diamond Star, who was standing at the entrance of the restaurant, ""Hurry up and buy food. Boss will reward me for having breakfast with him ..."

"..." Lin Yi was speechless. This Overlord was a talent, but from the looks of it, he didn't have any flaws other than a bit of acting tough. Acting tough wasn't a flaw-it was normal to act tough when one had the strength.

After breakfast, Lin Yi and Qiqi went to his room alone. Qiqi had a lot of things she wanted to ask Lin Yi as well.

#### Chapter 2910 Uncle And Nephew's Call

But she couldn't ask that question in the restaurant with the tyrant there-she asked as soon as they entered the room,"Lin Yi bro, what's with the inheritor that earth Overlord was talking about? Little Jiu ... She's the inheritor?"

"Inheritor, I don't really know much. Do you want to ask Feng Xiaoxiao what's going on?" Lin Yi saw the light in Qiqi's eyes, and he understood what she was thinking.

"Not ... Not really, I'm just a little curious-is Lin Yi bro's small wife the one he carried in the Ice Palace that time? "When did she become the Vice sect master ...?" Qiqi was a little embarrassed that Lin Yi had hit the nail on the head.

"Hehe, then I'll tell you!" Lin Yi nodded and told Qiqi about how he met Xiaoxiao, as well as her health problems and her trip to the Ice Palace."You know what happened after that-I went to the Ice Palace to ask for medicine, but when I saw the sect master rock Candy, something unexpected happened ..."

Lin Yi told Qiqi about what happened in the Ice Palace, and she couldn't help but click her tongue in surprise. She didn't think that Xiaoxiao would have such a coincidence, becoming the Vice sect master and heir of the sect!

But this was both a good and a bad thing-the good thing was that Xiaoxiao was saved, and the bad thing was that Xiaoxiao had to stay here and do something she couldn't do. Qiqi could feel the helplessness in Lin Yi's tone!

The Lin Yi back then wasn't as strong as he was now, and he wasn't able to deal with ancient sects as easily as he did now. Of course, even now, he wasn't much in the eyes of the Ice Palace-they were stronger than the yellow Earth high sect, and they didn't have any demands on him.

Saving Feng Xiaoxiao and letting her accept the inheritance was just a trade, and Lin Yi making the ice heart Jade bone pill in exchange for Feng Xiaoxiao was dispensable to the Ice Palace. Even if they didn't have it, Feng Xiaoxiao would be the inheritor, and Bing Tang would still be able to get a share of the Sky Class Island Plan.

This was also the reason why the rock Candy Girl didn't put Lin Yi in her eyes.

And so, Lin Yi had no choice but to let Xiaoxiao stay in the Ice Palace-there was no other way.

"Lin Yi bro, I believe that you'll be able to make the pill for sure, and then give it to the Ice Palace to get Xiaoxiao sis back." Qiqi looked at Lin Yi encouragingly-she'd always had faith in him.

"Hehe, I'll work hard. I'm prepared to trade for an ice heart Jade bone pill in the sky elixir sect's test this time, but I'm not sure if they'll set up any barriers." Lin Yi's relationship with the sky elixir sect wasn't

very good right now, especially with Kang Zhaoming here. This guy was the eighth elder or something. He'd probably say a few bad things about him in front of the sky elixir sect's master and young master, and the sky elixir sect's impression of him would plummet!

Plus, he had a good relationship with the five elements sect. Would the sky elixir sect really be willing to help him concoct the icy heart Jade bone pill? Lin Yi didn't think it was possible, but he had to try.

"Let's not talk about that for now-let's talk about Lil 'Jiu. Lil' Jiu and Xiaoxiao are in similar situations, but they're different-Xiaoxiao only needs to practice the arts of the Ice Palace to avoid death, but Lil 'Jiu is different-he needs to accept the inheritance to be safe forever. " "But, it's dangerous for 9th to do that thing," Lin Yi said worriedly,"that's a problem, but we should ask for 9th's opinion first. "

"That's fine. Then ... Should I call her?" Qiqi said after some thought.

"En, you should talk to her." Lin Yi nodded.

The first thing that earth Overlord and earth Diamond Star did after returning to their rooms was to call the sect. This call was made by earth Overlord himself.

"Uncle, I'm the local tyrant." This was the first call that the Overlord made after he recovered. It was too late last night, so he didn't call back immediately.

"Overlord, you've already recovered? So fast?" Tu Qingsong thought that even if Lin Yi agreed to save him, it wouldn't be a short time. He would need at least a few days, maybe even a month. He didn't expect that he would be cured in the second day!

"Actually, I've recovered since last night, but I don't think I've fully recovered. My meridians haven't recovered yet." "It was too late last night, so I didn't call you, uncle!" The tyrant shook his head.

"So fast!" Tu Qingsong's expression suddenly changed. It seemed that his initial decision was not wrong. How could the younger generation related to those two people not be powerful? Since he had healed the earth Overlord's injuries so quickly, he believed that it would not take too long for his meridians to recover! Thinking of this, tu Qingsong quickly asked, ""Overlord, did Diamond Star tell you what I want?"

"Uncle, are you talking about building a good relationship with boss Lin Yi?" The Overlord was stunned. He was about to report this to his uncle, but he didn't expect that his uncle was even more anxious than him.

"Not bad ... Eh? You've already acknowledged him as your boss?" Tu Qingsong paid attention to the way tu bawang addressed Lin Yi.

"Not really, I went to the restaurant to look for him this morning, and this is what happened ..." The tyrant told Qingsong about how he called Lin Yi 'boss' in the restaurant, ""But boss Lin Yi didn't say no, he didn't reject it too strongly."

"That's good!" Tu Qingsong was relieved. "Overlord, you've done well. You didn't go to the Central Plains for nothing. Although you didn't participate in the sky elixir sect's trial, you've gained much more than you did in the last trial!" If you're on good terms with Lin Yi, it might bring great benefits to our sect in the future!"

"En, I know ..." The tyrant nodded, ""Uncle, have you heard of ... Lin Yi?"

The earth Overlord knew tu Qingsong's personality very well-he only called Lin Yi his boss out of respect. He couldn't beat Zhang naipao, but Lin Yi could, and he even healed him. These were the reasons why he respected Lin Yi.

However, these reasons weren't enough to move tu Qingsong and make him agree to the relationship between the Overlord and Lin Yi. However, tu Qingsong's uncharacteristic agreement made the Overlord a little confused.

"Well ... You don't have to ask about these things. It's not good for you to know too early. It's not necessarily a good thing for you to be in contact with him with a fearful heart ..." Tu Qingsong shook his head.

"Fear?" "Boss Lin Yi's pretty nice to me, he respects me, but ... He's not afraid of me, is he?" earth Overlord blinked.
