

Bodyguard 2921

Chapter 2921 Confirmed To Have Been Deceived

"What do we do? "I don't have any other way for the time being. Compared to money, my life is more important. Now that the snake head has said that if I continue to cause trouble, he will chop me to death, I think ... President Liu, I don't want the goods, and I don't want the money. If you have the ability, you can get the goods yourself. I'll give them to you, I'm not doing this anymore ..." Little pure's voice sounded very depressed.

"What?" Tianli panicked. "Mr. Lang, you're wrong. If you leave now, what am I supposed to do?" You must know that I invested the most money in this!"

"That's why I said, President Liu, if you're capable, you can fish out the goods and give them to you. " Little purity said.

"But how am I supposed to get the drugs? I can't use my connections at all. Even if word gets out, it'll be a fatal blow to us, house Liu!" Tianli said, worried. Their house Liu was in the medicine business, and if they were to get involved with drug trafficking, they would be screwed.

"That's not within my consideration. President Liu, I'm sorry. I don't think there's any point in continuing our cooperation. I don't think we'll see each other again." With that, she hung up and said goodbye to Tianli.

"President lang...President lang, you can't do this...Hey? Hey, hey? Fuck you!" Tianli was so angry that he couldn't help but curse when he heard the man hang up on him. He threw the phone to the ground and smashed it into pieces!

Tianli was panting heavily, his right hand on his chest, his face twisted in anger. His eyes were bloodshot, and he looked terrifying.

"What's wrong, chief Liu?" Secretary Zhang heard the sound of the phone falling to the ground and quickly rushed into Tianli's office, asking nervously, ""What was that sound just now ... Eh, President Liu, your phone ..."

"Phew ..." Tianli took a deep breath. He knew that there was no point in getting angry now, he had to think of a way to solve the problem! The most important thing now was to contact President lang. After all, he didn't even know who the head of the snake was, so how could he find any connections?

Now, he could only count on Mr. Lang, and Tianli thought, "can you ask Mr. Lang to think of something?" Up until now, he still had no doubts about President lang. He had to admit that a hypnotist's ability was very strong.

"President Liu, don't be angry. What happened?" Secretary Zhang felt a little strange and could only ask carefully.

"Give me your phone and change the SIM card on my phone!" Tianli didn't explain much, but ordered Secretary Zhang.

"Okay, boss Liu." Secretary Zhang nodded and picked up the phone parts from the floor. He found Tianli's SIM card and put it in his own phone, handing it to him.

"Alright, you may leave." Tianli waved his hand, signaling for Secretary Zhang to leave. There were some things he didn't want Secretary Zhang to know too much about-once he started selling drugs, and the company's losses got out, it'd be a huge scandal, and the company might even go bankrupt.

"Yes!" Secretary Zhang was confused, but he didn't dare ask any more questions. He left the office respectfully.

After Secretary Zhang left, Liu Tianli called President Lang's phone again, but a cold voice came from the other end of the phone: "I'm sorry, the number you have dialed is either switched off or out of service. Please check the number before calling ..."

"Lang, you're too dishonest!" Tianli was furious when he heard that Mr. Lang's phone was turned off. He wanted to smash his phone again, but he held himself back and called Mr. Lang's assistant, Chui mianshi.

However, to his frustration, Chui mianshi's phone rang the same-her phone was off!

"Damn it, Secretary Zhang!" This time, Tianli truly believed that Mr. Lang really wanted to leave, he wasn't lying! It was true!

"President Liu ..." Secretary Zhang heard Liu Tianli's shout and quickly came back. He didn't know what he had done to piss Liu Tianli off, was that "F * ck" directed at him?

"Check two phone numbers for me immediately. See if you can locate the places where these two phone numbers have called recently." With that, Tianli jotted down the two numbers on a piece of paper and passed it to Secretary Zhang, but he didn't say who they were or what the point of the

investigation was, only saying, "It's best to find out the registration information of these two phone numbers as well!"

"Yes ..." Secretary Zhang got the phone number and left. With Liu Tianli's current position in the company, investigating these things was a piece of cake, and Secretary Zhang had many acquaintances.

Soon, Secretary Zhang brought the results of the investigation to Tianli. To his shock, the two numbers had never left Yanjing, nor had they reached that so-called small country. Other than calling him, they had not contacted anyone else!

This ... Was basically impossible. President Lang wasn't doing business with him alone, and how could they have been in Beijing all this time? This was completely illogical!

At this time, no matter how blindly Tianli trusted Mr. Lang, he realized that something was wrong-he knew that he had fallen into a carefully planned trap! President Lang had been prepared to lie to him from the very beginning!

"What the hell is this? You can register a phone card with this name?" Tianli pointed at the list of phone numbers that Secretary Zhang had given him. "These people are called 'Wolf Nima' and 'urge Nima'? Would anyone have such a name?"

"This ..." Secretary Zhang was speechless at the names, but he didn't know why Tianli was so fixated on them. He could only say weakly, "There are all kinds of strange things in this world. It's up to me to name myself ..."

"Hu hu hu!" Tianli realized that he'd fallen into a trap, and his breathing became ragged. Since these two were lying to him, it was only natural for them to call him "Wolf F * cking"-it was good enough that they didn't call him "F * ck you"! The priority right now wasn't to find out their names, but to track them down."Secretary Zhang, find me the information on President Lang's company right now. I want to take a look!"

"Okay ..." Secretary Zhang nodded and seemed to have realized something. These Wolf and urge are President lang and assistant cui, right? However, he didn't dare to ask too much. Who would dare to ask at this time? He quickly followed Tianli's instructions.

Chapter 2922 Dark Night Palace Disciple

Tianli, on the other hand, picked up a cigarette, lit it up, and put it in his mouth with a frown. However, after taking a puff, he suddenly realized that the cigarette he was smoking was the drug that Mr. Lang had given him!

Tianli was so scared that it was like he'd been stung by a Scorpion-he threw the cigarette on the ground and stepped on it, as if he'd seen a great enemy.

"This is a trap, I'm dead!" Tianli shook his hand and continued to think about the whole thing-why was he so stupid all of a sudden? How could she believe what President lang said before? Why did she smoke his cigarette? He didn't even notice the problem with the cigarette.

Tianli couldn't come up with an answer no matter how hard he thought about it-in the end, he felt that he wanted too much for house Liu to break away from Lin Yi, that he needed to find a way out for house Liu!

In fact, it was true-if Liu Tianli didn't have any selfish desires, he would never work with little purity in the cigarette business. It was his greed that gave the hypnotist the chance!

It was understandable for pengzhan to be tricked by businessmen. After all, pengzhan industries was a diversified company, and pengzhan was in charge of it. Pengzhan's greed had been exploited by the hypnotist.

But, Tianli being scammed wasn't something he could escape from. Right now, all of house Liu's business was focused on supporting Lin Yi's miracle doctor Guan medicine company-this was the future that Zhenhu and Jinghan had decided for house Liu!

However, Tianli always felt that if Lin Yi died one day, wouldn't house Liu be finished with him? And so, the hypnotist took advantage of Tianli's selfishness and successfully hypnotized him!

Otherwise, if a person had no selfish motives, no matter how powerful the hypnotist was, you wouldn't be tricked.

Tianli clutched his head, a little depressed-he didn't know what to do. How was he supposed to tell his family that something this big had happened to the company? The most important thing was, how was she going to face Lin Yi?

Lin Yi ... Would he kill her? What he lost wasn't just house Liu's company-he lost the distributors "money, and the raw materials for miracle doctor Guan's medical company! Without the money, miracle doctor Guan's medical company would be in a cash flow crisis. Tianli knew the severity of the situation, but the more it was so, the more he didn't dare to confess.

Tianli picked up a cigarette and was about to light it up when he suddenly remembered that it was a drug! However, even if Tianli knew that it was a drug, he still couldn't stop himself. His hands trembled as he tried to throw the cigarette away, but he didn't know if it was because of the drug or because he couldn't resist the temptation of the cigarette, but he lit it up shakily ...

He had to think of a way now. If he had already smoked, so be it. It would not be too late to quit smoking when he thought of a way! Tianli thought ...

However, he simply couldn't think of any way! When he smoked, it only brought him an indescribable sense of comfort and relief. It made him temporarily forget his troubles and this matter ...

Tianli felt like he was floating in the air-at that moment, he felt like nothing else was important, the only thing that mattered was the cigarette ...

This time, Secretary Zhang took a long time. After all, investigating a company and investigating two phone numbers were two completely different things. However, Secretary Zhang was still very capable. Through several Chambers of Commerce, he still found out President Lang's company. However, when he found the company's information, Secretary Zhang frowned!

Of course, this wasn't something Secretary Zhang could worry about. After he got the information, he went straight to Liu Tianli's office and saw the cigarette butts all over the floor. Secretary Zhang was surprised but still said respectfully, "Boss Liu, I've got the information. Please take a look."

"Just put it there." Tianli was in the middle of his smoke-breathing session, and didn't rush to look at the files.

"Okay ..." Secretary Zhang didn't dare to say anything more. After putting down the documents, he turned around and left ...

After a long time, Tianli finally woke up from his drug addiction and remembered the documents. He quickly picked up the documents, but when he flipped through the first page, he was stunned!

President Lang's company was registered in Bermuda, so there was no other relevant information at all. All that could be found were the company's advertisements and encyclopedic introductions on the search engines. However, these things could not be used as any basis at all, and anyone could change these things!

Tianli threw the documents to the side and sighed bitterly. That's right, since the other party had decided to lie to him, they wouldn't let him find anything that could be used against them, and they wouldn't leave any real information for him to investigate.

"Ai!" Tianli lowered his head helplessly, his hands grabbing at his hair for no reason. He didn't know how to face it, and could only pick up a cigarette to smoke ...

.....

The two Dark Palace disciples picked up two trial herbs from the corpse, successfully exchanging them for a Qi gathering pill at the award ceremony. Although it might not take long to make it, it was the only way for Wan 'er to break through to Sky Class ...

If Wan 'er still couldn't accept the inheritance at Sky Class, then they'd have to find another heir. The pressure on the Dark Palace was still huge.

The two disciples 'successful return received the Grand elder's praise."Not bad, you two! The sky elixir sect's trial was so dangerous, and you managed to pass it!"

"The disciples will do their best to help Grand Elder. No matter how dangerous it is, we will try our best to complete it." The two Dark Palace disciples said in a flattering manner.

"En ... However, I only got two spiritual herbs. It's a pity. Why didn't you guys pick up more?" The Grand Elder asked.

"We ... We had a lot of herbs, but who knew that this Lin Yi guy would come in and take them all ..." The two disciples from the Dark Palace hated Lin Yi from the start-if it weren't for him, they would've gotten a lot of herbs from naipao, much more than just these two. But they never thought about what happened when they were helping naipao to extort Lin Yi's friends.

The disciples of the Palace of Darkness were all snobbish, just like their Grand Elder. It could be said that the kind of example would lead to the kind of disciples.

Chapter 2923 Dark Palace's Decision

They told the Grand Elder about how despicable Lin Yi was, how he took their spiritual herbs away, and how he exaggerated the details! On one hand, they were trying to shirk their responsibility, but on the other hand, they wanted their Grand Elder to stand up for them and take revenge on this Lin Yi who had embarrassed them!

Although it was Zhang naipao who started the extortion, he was from the everyday and every day sect-they couldn't afford to offend him. Besides, after taking them in as his followers, he even gave them some benefits, so they didn't hold grudges anymore! And Lin Yi, a freelancer, was being extorted by an ancient sect's disciple-how could they accept that?

"What? Lin Yi?" The Grand Elder was slightly taken aback. Why did this name sound so familiar? She immediately recalled who this person was. "Is it the wild man beside that little B * tch? He actually joined the sky elixir sect's trial? Wasn't he an earth-rank master? The two of you are still not his match?"

"Ah?" The two disciples paused-why did it sound like the Grand Elder knew Lin Yi? Therefore, disciple a of the Palace of Darkness asked carefully, ""Grand Elder, you know that Lin Yi?"

"You don't need to worry about this, I know!" The Grand Elder waved her hand, indicating that the two of them could leave, while she furrowed her brows! Everyone could see the anger in her heart-the people around Chu Mengyao were bullying her Dark Palace! Wasn't this a blatant provocation?

"Men, come!" The Grand Elder took a deep breath and shouted.

"Grand Elder, what's the matter?" The one on duty today was elder li. He was outside the door and heard the conversation between the two disciples clearly. He was very happy. The little Miss's bodyguard was actually so powerful? An Earth Class was enough to secure a spot in the sky elixir sect's test?

"Why are you here?" The Grand Elder saw elder li and frowned. She knew that elder li was on Wan 'er's side, and that he was very respectful and concerned about Chu Mengyao.

"I'm on duty today, Grand Elder!" Elder Li said in a tone that was neither haughty nor humble.

"Forget it, you'll do it!" The Grand Elder thought. Elder Li was only helping Mengyao in the dark, how could he go against his wishes on the surface? It was just nice to disgust him!

"May I ask why the Grand Elder is looking for me?" Elder Li knew that it wasn't something good from the Grand elder's face. The Grand Elder must have come up with some evil plan to punish Lin Yi.

"Now, use the Dark Palace's name and send a notice to Lin Yi. Tell him to return the two herbs he took from our disciples, or he'll have to bear the consequences!" The Grand Elder said.

"Ah?" Elder Li was stunned. He didn't think that the Grand Elder would ask him to do this. How was he going to issue this notice? Elder Li's expression was a little troubled, "Grand Elder, this isn't very good, is it?" The sky elixir sect will be in charge of the trial, and we can't do anything about it. If the sky elixir sect finds out about this, it'll be a huge taboo!"

"Hmph, Lin Yi's just a little freelancer, that little b*tch's dog, why would the sky elixir sect stand up for him? Plus, Lin Yi couldn't even go to the heavens to listen, could he? You must be joking!" "He's just suffering a secret loss," the Grand Elder said disdainfully. "He definitely won't dare to say it out loud."

"But, didn't we hand over the two spiritual herbs to the sky elixir sect? Where is Lin Yi going to return it?" Elder Li said with a bitter smile.

"Without those two spiritual herbs, we naturally have to take back the medicinal pills he obtained. Don't tell me we're going to let him take advantage of us?" "Hmph!" The Grand Elder snorted coldly, "he's just a puny rogue cultivator, and he's only good at bullying our Dark Palace disciples. Why wouldn't he dare to bully the sky elixir sect's disciples?" What the hell! But I'm Sky Class late phase peak, and he'll piss his pants!"

"This ..." Elder Li was in a difficult position. Wasn't this clearly making things difficult? Everything that happened in the trial was left to fate. There was no such thing as settling scores after the event. It was fine if they had a life and death feud, but they still wanted to take back the two spiritual herbs they had stolen. Was this simply bullying?

"Are you going to send it or not? If you don't, I'll let someone else do it?" The Grand Elder saw Elder Li hesitating and immediately glared at him.

"This ... I'll post it, I'll go arrange it now!" Elder Li had no choice but to leave the Grand Elder's room and secretly walk to where Wan'er was cultivating.

How powerful was the Grand Elder? Naturally, she knew all about Elder Li's little tricks. She had seen it too, but she didn't stop him. It was better for Wan'er to know, this was the effect the Grand Elder wanted!

"If you don't break through to the heaven rank and accept the inheritance, then your family will always be bullied. Without pressure, how can you have motivation? The position of the Palace of Darkness was in danger. If the inheritor could not appear, it would ruin the entire future plan. If that place was angry, they might do something inhumane, and the pressure on the Grand Elder was also very great.

Now that Lin Yi was here, she could use this as an excuse to pressure Lin Yi and make Wan'er understand that if she didn't train, she wouldn't let her daughter have any status!

Elder Li told Wan'er about the Grand Elder's order. Wan'er's face was a bit pale. She was like a mature young woman of the eldest miss, and her feelings were very complicated.

After the inheritor lost their virginity, the possibility of receiving the inheritance was almost zero. Even if they broke through to Sky Class, it would be hard for them to comprehend the inheritance. The palace Master Wan'er knew that the only way for her to reunite with Chu pengzhan and Chu Mengyao was to successfully accept the inheritance and become the inheritor. At that time, she would be the true Palace Master of the Dark Palace. Now, it was just a title.

If he couldn't accept the inheritance, everything would be over. Therefore, the Qi gathering pill of the dark night Palace became the key to turning things around. Once he succeeded, everything would be better. If he failed, he would fail forever. The highest elder had to open the dark night Palace's magic weapon, the Dark Phoenix bloodline guide stone, and find another metal element inheritor of the Dark Phoenix bloodline to accept the inheritance!

Although she was the palace Master, she had to step down in order to appease the new inheritor. At that time, her position would be lower than an ordinary elder in the dark Palace. Although the Supreme elder wouldn't do anything to her, and would even make sure that she didn't have to worry about food and clothing for the rest of her life, with the Supreme elder's temper, it was almost impossible to see Chu pengzhan and Chu Mengyao in this life.

Chapter 2924 The Decision Of The Ancient Feng Clan

"I understand ... Elder li, please do as the Grand Elder says ..." Wan'er sighed. She couldn't make any decisions. Her escape from the wedding back then seemed childish and ridiculous, but ... She didn't regret it!

That was her choice, Chu pengzhan, and the love of her life. It was hard on him and her daughter. All these years, he was a very successful existence in the secular world, but in the ancient world, he wasn't even worthy of the Supreme elder's attention.

"Yes, Palace Master!" Elder li sighed, "if we do this, the people around the young miss will definitely be confused ..."

Wan 'er pursed her lips and didn't say anything else. Nothing she said could change the reality before her. Luckily, she only wanted Lin Yi to hand over the medicine and didn't cause him any more trouble, which made her feel a little more at ease.

.....

Back in the ancient Feng family, Feng Tianhu never expected Feng Shasha to return alive! However, what made him happy was that Feng Shasha had brought back the great recovery pill. Feng nitian was saved! So, even if Feng shangxin didn't die, Feng Tianhu was still smiling." "Psalms, you've worked hard! As expected of the first-in-line successor of the ancient Feng clan, to be able to pass such a difficult trial, not bad, not bad!"

Although Feng Shanshan looked like he wasn't scheming, he was actually a man of great wisdom. It was just that there were some things he didn't want to think too much about, and he didn't want to fight. Looking at his uncle's smile, Feng Shanshan also smiled and nodded, "It's all thanks to your help, otherwise I would never have passed the trial. "

"A noble?" Feng Tianlin also came out at this time, and when he heard Feng Shanshan's words, he was slightly taken aback, "What benefactor?"

"Father, I met a boss during the trial. If it wasn't for him, I wouldn't have passed the trial so smoothly!" Feng Shanshan decided to reveal this matter. Whether it was a blessing or a curse, it was inevitable. Sooner or later, he would have to say it, so it was better to say it earlier.

"What?" Feng Tianlin frowned after hearing Feng Shanshan's words. Feng Shanshan was his son, the future young sect master of the ancient Feng family. How could he just acknowledge someone else as his boss? In this case, wouldn't the ancient Feng clan become someone else's underling in the future?

"Feng Shasha, what do you mean by this? You're from the ancient Feng family, how can you just call me boss? Don't you know that by doing this, you're automatically giving up your right to be the successor of the young master?" Feng Tianhu didn't wait for Feng Tianlin to say anything and immediately berated him. He knew that Feng Shasha had brought back the recover pill, which meant that Feng Nitian could be saved. He also wanted to push Feng Nitian back to the top position. Even if it didn't work, he still had a trump card. The most important thing right now was to remove Feng Shasha's right to be the successor.

As such, the moment he opened his mouth, he had determined Feng Shangyi's actions. It seemed as if he was resenting Feng Shangyi for not being able to live up to his expectations, and that he was blaming Feng Shangyi for not taking things seriously. However, in reality, he was saying that Feng Shangyi's actions no longer allowed him to be the heir of the young master.

Which heir of the young master would acknowledge someone else as his boss? If Feng Shasha became the young master, then wouldn't the ancient Feng clan become someone else's underling? Therefore, his words had basically cut off Feng Shanshan's escape route.

Old master Feng was an experienced man, so how could he not understand Feng Tianhu's meaning? However, Feng Tianhu was right. If Feng Shangshi acknowledged someone else as his boss, he would no longer be qualified to be the young master of the ancient Feng family.

"Poem, what you're doing is indeed inappropriate!" Old master Feng squinted his eyes and said indifferently, ""You're the successor to the young master. Your every word and action represents the ancient Feng family!"

"Grandpa, the situation at that time didn't allow me to not do that. If I didn't recognize that person as my boss, then I wouldn't be able to get the great cyclic pellet. Even returning safely would be difficult!" Feng Shasha sighed in his heart. He knew that this would happen when he returned home, but he had no choice.

"The reputation of our ancient Feng clan is the most important!" Feng Tianhu said in a tone that was like iron failing to live up to steel.

"Shi Ping, that boss you acknowledge, which sect is he from?" Feng Tianlin tried his best to change the topic. He wanted to know the identity of Feng Shanshan's boss. If this boss was the direct disciple of some big sect or even the young master, it would make sense. In the ancient times, the Feng family wasn't a top existence, but a bottom-tier existence. If they really had a boss like this, it would be good for the ancient Feng family.

Feng Tianhu frowned. He knew what Feng Tianlin meant, but he couldn't stop Feng Shanshan from saying it.

"He's ... Lin Yi, a freelancer ..." Feng Shangshi knew that if he revealed Lin Yi's identity, it would only make Feng Tianhu use him as an excuse to attack him, but he didn't want to lie!

Lin Yi's identity as a freelancer was something that could be investigated and couldn't be hidden.

"What? A wandering cultivator?" Before Feng Tianhu could say anything, Feng Tianlin exclaimed in shock, "Poem, what are you thinking? How could he acknowledge a wandering cultivator as his boss? Do you know how much of a negative impact this would have on our ancient Feng clan?"

"That's enough, second brother. Let's not talk about poems anymore. He's still young and it's his first time going out to gain experience. He's still insensible, so let's not talk about him!" Feng Tianhu pretended to be a good person and waved his hand. "Now that the deed has been done, the only thing

we can do is to announce to the public that Feng Shashi's right to be the first in line to the young master's position. There won't be any more problems then!"

Feng Tianlin's face was extremely ugly. He was very angry at Feng Shanshan's reckless behavior, but Feng Shanshan was his son, after all, and his personality was similar to Feng Shanshan's. They were both good people. At this time, he didn't know what to say, so he could only hatefully say, "Psalms, look at what you've done!"

"Father, I don't think I've done anything wrong. If this matter affects the reputation of our ancient Feng family, then I'm willing to take full responsibility!" Feng Shasha said stubbornly, "at that time, I had to pass the trial and obtain the trial spirit herbs to exchange for the great cyclic pellet for my brother. I had to do this!" Plus, it's not just me, even Li Ciba from the divine fist position has Lin Yi as his boss!"

"Then ..." Feng Tianhu was about to say something when he was interrupted by old master Feng!

"Oh? The disciples of the divine fist Palace also acknowledge that rogue cultivator as their boss?" Old master Feng waved his hand, signaling for Feng Tianhu to shut up. He then looked at Feng Shangguan in surprise.

Chapter 2925 Divine Fist Hall's Decision (1)

"Yes! And the ancient level freelancer GE Xian also called Lin Yi his boss, and the few of us successfully completed the sky elixir sect's test because of boss Lin Yi's protection!" Feng Shanshan nodded.

"Tsk!" Old master Feng smacked his lips in surprise and fell into deep thought! Even the disciples of the godly fist position recognized Lin Yi as their boss? Old man Feng knew very well what kind of sect divine fist Palace was. In the ancient sects, divine fist Palace was the model of physical cultivation, it was very awesome! Although they had been keeping a low profile these years, no one could deny the transcendent status of divine fist Hall!

Although the divine fist Palace's disciples who were going to the sky elixir sect test might not be the direct disciples, they were definitely core disciples. The core disciples of the divine fist Palace were not stupid-this Lin Yi must have something special!

Furthermore, old master Feng had heard of GE Xian's name. GE Xian was considered a figure in the ancient era. He was well-informed, but he did not join any ancient sect. For such a figure to acknowledge someone else as his boss, there must be a problem!

"Feng shaoshang, no matter what, this time you've done something that damaged your family's reputation. You should go face the wall and reflect on your mistakes! You don't need to participate in the other Affairs of the family!" Old master Feng finally opened his mouth and said,""You've obtained a Grand recovery pill from the trial this time. Your merits and faults have been offset, so I won't punish you any further!"

"Yes, thank you, Grandpa!" Feng Shanshan did not expect the matter to be resolved so easily! One had to know that facing a wall to reflect on one's mistakes was actually similar to cultivation. Otherwise, Feng Shasha would often go into closed-door cultivation, so this punishment was basically no punishment for cultivators!

Originally, Feng Shasha had thought that he would be stripped of his title as the first in line to the young sect master's position! However, it seemed that his grandfather did not have such thoughts!

Feng Tianhu's face changed. He didn't expect the old man to settle the matter with one sentence, but he had no choice and didn't dare to say anything more.

"En, Tianhu, take the great recovery pill and give it to defiantly heaven. He is also our ancient Feng clan's disciple with the most potential, so it'll naturally be good if he can recover!" Old master Feng wasn't

biased, and he directly hinted to Feng Tianhu that his son would have a chance to compete if he recovered.

"Yes! Many thanks, father!" Tianhu was overjoyed-he didn't think that nitian would really get the pill! One had to know that he'd hoped for it before, but he wasn't sure if the pill would be given to nitian.

After all, nitian was in a vegetative state to house Feng in the ancient times, and he was useless. According to some cold-blooded noble houses, people like him would be abandoned. Even if they got the Grand recovery pill back, they would keep it at home for emergency use, not give it to anyone else.

The Hidden House Zhao was a living example. Old master Zhao's actions were very cold and heartless.

"All of you may leave and do your own things." Old master Feng turned and left after he finished speaking. The atmosphere in the ancient Feng family wasn't good, but old master Feng had no choice. Feng Shanshan was too weak. If the ancient Feng family was strong, then it wouldn't be a problem, as no one could do anything to them. But now, the ancient Feng family was just a bottom-tier family. If Feng Shanshan didn't have some tricks up his sleeve, then wouldn't they be bullied to death in the future?

However, old man Feng couldn't think of a good solution. Feng Tianlin and Feng Shanshan were similar in personality, and Feng Tianhu and Feng nitian were similar in personality, but both of them were extreme and weren't suitable to be the head of the house.

However, for the time being, they could only take it one step at a time. Old master Feng could only hope that one of them could change.

.....

Li Ciba's return to divine fist Palace was an accident for them!

On the way, li Ciba and one of his fellow disciples ran into Zhang naipao, and after being killed by him, li Ciba left for the heavenly elixir sect to participate in the test.

At that time, the disciples of the divine fist Palace who were in charge of collecting the corpse had advised li Ciba to back out and not go. However, li Ciba still went to the heavenly elixir sect with determination. Some people thought he was stubborn, but some people thought he was just acting on impulse!

He'd already made an enemy out of naipao, and if he went to the heavenly elixir sect, it was hard to guarantee that naipao wouldn't hate him and attack him again, leaving him in the training ground.

Therefore, li Ciba's return surprised everyone in the sect, especially his master, the peerless boxer. Divine fist Palace and the everyday and every day School had always been enemies, and peerless boxer was the current sect master of divine fist Palace. Although li Ciba wasn't his last disciple, he was one of the disciples he had high hopes for. He was very worried when he heard that the disciple of the great elder of divine fist Palace was killed, but his disciple still went to the trial test.

Although li Ciba's spirit was praiseworthy, it would be a little impulsive to still go despite knowing the dangers.

"Ciba, did you pass the trial?" Pugilist Wushuang asked in surprise.

"Yes, Master. I have passed the trial and have successfully exchanged for a recover pill!" As he spoke, li Ciba carefully took out the recover pill from his pocket and presented it to the peerless fighter.

"Ah!" The peerless boxer was truly shocked this time. He was already very surprised that li Ciba could come back alive, but he also brought back a grade three great recovery pill. This was a little unbelievable. "Zhang naipao didn't give you a hard time during the test?"

The peerless fighter hated naipao to the bone-not only because he killed a core disciple of the godly fist Palace, but also because he was a disciple of the everyday and every day sect! The godly fist Palace hated the disciples of the everyday and every day sect!

"Yes, but I found a boss during the test, and under his protection, not only did I defeat Zhang naipao and get revenge for my fellow disciple, I also passed the test and got a rank 3 great recovery pill!" Li Ciba said honestly.

"Oh? You have a boss? And even crushed naipao's spirit? What's going on?" The peerless boxer was originally a little annoyed that li Ciba had acknowledged a boss. The disciples of the divine fist Palace were all outstanding existences, how could they casually acknowledge a boss?

But, when he heard that he'd taken a huge blow to naipao's spirit, his interest was piqued-seeing the people from the everyday and every day sect get into trouble was the happiest thing in the world.

"It's like this ..." Li Ciba didn't hide anything and told his master about how he met Lin Yi, how he killed mo BA and crippled mo Jiu, and how he beat up Zhang naipao.

Chapter 2926 Divine Fist Hall's Decision (2)

This wasn't a secret, and everyone in the trial knew about it, so Li Ciba didn't need to keep it a secret.

"What? This Lin Yi was a freelancer, and he was this strong? Mo BA and Mo Jiu are finished? That Naipao wouldn't dare do anything to him? And he actually defeated Zhang Naipao?" The peerless fighter's eyes were wide open in disbelief. He was thinking, just who was this Lin Yi? He was so strong that even the everyday and every day sect couldn't do anything to him?

This wasn't the first time Lin Yi had done this to Naipao—he'd already lost once during the Ice Palace test! Lin Yi was still alive and well, and that was what made the pugilist feel the most unbelievable.

"Yes, I am." Li Ciba nodded, "I was curious before too, but after spending more time with boss Lin Yi, I realized that a practitioner's strength isn't related to their level. Boss Lin Yi is an Earth Class, but he could kill a Sky Class mid phase in seconds."

"Lin Yi ... I've never heard of him." The pugilist tried his best to recall the name Lin Yi, but he realized that he didn't have this name in his memory. This person just appeared out of nowhere.

Of course, the divine fist Palace never paid attention to Lin Yi before, so it was normal that they didn't hear his name.

"Actually, I also suspected his background ..." Li Ciba smiled bitterly. "But I heard from another follower that boss Lin Yi's followers are from hidden houses and normal houses. This means that boss Lin Yi has been walking the path of the strong step by step. At the very least, he only has me, Feng Shanshan, and GE Xian as his followers. There wasn't any in the past."

"Your analysis is not bad." Pugilist Wushuang nodded in agreement, ""If that's the case, then this Lin Yi isn't as simple as he looks. He has no background, and yet he's walking the path of a master? Why don't I believe you?"

"But ... It seems like that's the case ..." Li Ciba said after some hesitation.

"From the looks of it ... There are some things that can't be seen on the surface. What do you think?" The peerless fighter turned around and looked at the elder of the sect, fighter WUFA. He was also a Sky Class late phase peak physical master, just a little weaker than the peerless fighter. The peerless fighter was already at the peak of his training, only one step away from Sky Class.

"Sect leader, it's hard to tell. This Lin Yi is either a once-in-ten-thousand-years practitioner genius, or he has an extremely strong background that none of us know about! Otherwise, it doesn't make any sense!" Pugilist WUFA said after some thought.

"A powerful background that no one knows about? Then no one else would be able to find out? Would the everyday and every day sect not know?" The peerless fighter frowned.

"The everyday and every day sect ... I don't know if they know, but if they're afraid of Lin Yi, they should know something, right?" Pugilist WUFA said after thinking for a while.

"No... Logically speaking, this Lin Yi should've been strong enough in the test already, and if he had a background, then naipao wouldn't have tried to kill him in the test!" However, the peerless fighter waved his hand and said, "If Lin Yi really did have a strong background, would Zhang naipao still do this?"

"But, sect leader, even if the everyday and every day sect doesn't know, it doesn't mean that Lin Yi doesn't have a background ... Did you forget that ten years ago, those two Sky Realm Masters wiped out the ancient sects? "Didn't they take sect leader Wudi away back then ..."Fist master WUFA shook his head again."Those two people appeared out of thin air, and then disappeared! Who knew of their existence before this? Theoretically, they're both at the peak of physical arts, even beyond our knowledge, but we didn't even know about their existence!"

"That's true!" The peerless fighter hesitated for a moment and fell into deep thought! After a long while, he turned to Li Ciba and said, ""Ciba, you did well this time! Don't break off your relationship with that Lin Yi, you need to keep in contact with him. But remember, you're representing yourself, not the divine fist Hall! Before knowing that person's real background or before that person showed enough strength to look down on the ancient level, you can't associate with him under the name of divine fist Palace!"

"Yes, master, I understand!" Li Ciba was overjoyed. Although he thought that Lin Yi as his boss wouldn't be rejected by the people in the sect, he didn't think that it would go so smoothly. His master, the peerless fighter, was so supportive of it.

Of course, Li Ciba didn't think too much about the addition of the peerless boxer. After all, divine fist Palace was a top existence in the ancient sect. If they recognized a rogue cultivator as their boss in the name of the sect, the impact would be too great.

Using his own name to interact with Lin Yi was already giving him the maximum freedom possible.

"Sigh, it's such a pity that your Junior Brother got killed by Zhang naipao, but Mo Ba and Mo Jiu are both dead now. You can consider that your revenge!" The peerless fighter sighed."Also, take this recover pill. This is what you deserve. You don't have to give it to the sect!"

"Ah? How can we do that?" Li Ciba was stunned and didn't know what to do.

"Also, you can sit down and cultivate tomorrow. From now on, you will be one of my last disciples, and you will be treated the same as the other last disciples!" The peerless master was a man who knew what was good for him-he could tell that Lin Yi wasn't normal, and so he started preparing to train Li Ciba.

"Ah? "Thank you, master" Li Ciba kneeled on the ground, overjoyed. He didn't think that Lin Yi would bring him so many benefits after becoming his boss!

However, fighter WUFA didn't object. Instead, he agreed with fighter peerless's decision. He smiled,""When you see Lin Yi, help me thank him for avenging my disciple! I can't take revenge for this matter. Usually, I can only pinch my nose and admit it, but this time, I've vented my anger!"

"Yes, first elder, this disciple will definitely convey your message!" Li Ciba quickly said.

Naipao returned to the everyday and every day sect in low spirits. He only greeted Zhong pinliang and celestial master Chun Yang before shutting himself up in his room, as if he had lost his parents.

Chapter 2927 Naipao's Bottleneck

"Chunyang, what's wrong with Pao? How did he become like this when he came back? Didn't you successfully pass the trial and get me a marrow and bone cleansing pill? Isn't this a good thing?" Pinliang looked at celestial master Chunyang, confused."Do you know why?"

"I'm not sure. I'll ask him later and then report to you, master. What do you think?" Celestial venerable Chunyang shook his head.

"That's good. " Pinliang nodded-part of his spirit might have belonged to the crazed Dragon Master, but his care for naipao came from the bottom of his heart, and he'd always treated naipao as his right-hand man.

Heavenly venerate pure yang knew this as well-he knew that naipao had an unusual position in the everyday and every day sect, and so he didn't dare to delay his arrival. He ran straight to naipao's place.

"Naipao!" When heavenly venerate Chun Yang walked into naipao's room, naipao was still sitting there in a daze. He didn't even notice heavenly venerate Chun Yang's arrival! Logically speaking, naipao was already a Sky Class, and his senses should be pretty sharp-if he didn't sense celestial master Chun Yang, it meant that he wasn't paying attention!

"Argh! It's master ..."Naipao snapped back to his senses and looked up at the man."Master, is there something you need me for?"

"Naipao, did something happen in the test this time?" Heavenly venerate Chunyang asked.

"Master ..." Naipao said after some hesitation,""That's right, Lord master, this trial test, this disciple has suffered a great blow!"

"Oh? What's going on? You've clearly passed the trial, and even obtained the trial's spiritual medicine to exchange for the marrow and bone cleansing pill for master wild dragon. These are all good things, so why did you suffer such a huge blow?" Heavenly venerate Chunyang was completely confused.

"Master, please don't praise me anymore. If it wasn't for Lin Yi, I'm afraid I would have died without a burial place. You wouldn't be able to see me now, I would've been in the five evils Savage Lands a long time ago!" Naipao said with a bitter smile.

"What do you mean? You're saying ... Lin Yi saved you?" Celestial Chunyang was a little surprised- weren't Lin Yi and Naipao sworn enemies? How did Lin Yi save Naipao? What was going on? The two of them made up? That shouldn't be the case!

"That's right ... But I almost died because of Lin Yi. I won because of Lin Yi, and I lost because of Lin Yi!" Naipao said with a nod.

"What does this mean? Lin Yi defeated you and saved you?" Heavenly Venerate Chunyang was finding this all the more unbelievable!

"Master, it's like this ..." Naipao decided to tell him everything that happened in the five evils Savage Lands in detail! Including the fact that Lin Yi killed his right-hand man!

It was only now that Celestial Master Pure Yang realized that Mo Ba was killed by Lin Yi, and Mo Jiu was also turned into a vegetable by Lin Yi. These two weren't attacked by spirit beasts in the five evils Savage Lands- Lin Yi was the main culprit!

However, Celestial Master Chunyang was extremely shocked. Lin Yi was only an Earth Class late phase, but he was able to kill Mo Ba and Mo Jiu, two Sky Class mid phase Masters? And it was an instant kill?

And that wasn't all, naipao's hell demon fist, but Lin Yi's hell Flaming Fist? what the hell was this? How did he get out? Naipao was now the heir of the chrysanthemum Arts, and he couldn't even beat a freelancer like Lin Yi? This was too unreasonable, right?

But the truth was right in front of him-naipao didn't look like he was lying, either. The only explanation was that Lin Yi was too strong, and no one else was his match!

"Lin Yi ... He's already this strong?" Heavenly venerate Chunyang's brows were tightly knitted together."In that case, if our everyday and every day sect wants to touch him, unless an expert at my level makes a move?"

"Not really-if Lin Yi wasn't wearing a mid-quality Golden Cicada bra, he wouldn't be able to hurt me so easily!" Naipao smiled bitterly,"it's just a freak combination of factors ..."

Heavenly venerate Chunyang patted naipao's shoulder before standing up."These things are the inner demons! Your current cultivation is already stuck on this. Once you break through your heart's devil, you can move forward bravely. "

"What do you mean?" Naipao said, surprised.

Heavenly venerate Chunyang shook his head and didn't say anything else. Instead, he turned around and left his room.

Naipao was alone in his room, deep in thought.

Celestial master Chunyang, on the other hand, went straight to pinliang.

"Master mad dragon, I've learned everything about Zhang naipao's test! "Here's what happened ... "Celestial master Chunyang told pinliang everything he knew.

"Oh? That means that Pao suffered a blow in the test, and couldn't recover?" Pinliang frowned after hearing celestial master Chunyang's words. "How did Lin Yi become so strong?"

"That's right, Zhang naipao did take a hit! However, this is actually a good thing!" Heavenly venerate Chunyang said.

"Good thing? What do you mean by that?" Pinliang blinked, but his face lit up as he understood. "The second stage of the chrysanthemum Arts is complete. Before I can break through to the third stage, I have to go through the inner demon. Without it, I can't break through!"

"That's right, it seems that master has also thought of this. " Heavenly venerate Chunyang nodded.

Pinliang had merged with the Mad Dragon's memory, but it wasn't enough time. He couldn't fully master it, and sometimes he would pause.

"It seems like Lin Yi has done us a huge favor!" "But, if Pao can't get out of his inner demons and pull himself together, wouldn't he be stuck in this situation for the rest of his life?" pinliang said with a smile.

"Master, there's no other way. You know that you have to go through this to practice the chrysanthemum Arts!" Celestial venerable Chunyang spread his hands and said helplessly, ""If the chrysanthemum Arts were that easy to cultivate, would our everyday and every day sect still be suppressed by the five elements sect?"

"That's true. Let's hope Paozi can successfully break through!" Pinliang nodded.

Hakuna Marta mountains, inside the fiery mountain sect.

The great elder of the fiery flame mountain, yang dingtian, was sitting in front of the sect leader's rocket cannon with tears and snot!

Chapter 2928 The Sect Of Fiery Flame Mountain

"Old leader, you have to help me think of a way. Yang Shui is my most outstanding grandson, which is equivalent to your grandnephew. He died just like that, in such a miserable way!" Yang dingtian complained.

"Ahem ... Dingtian, I understand how you feel, but life and death are determined by fate in the trial. If yang Shui really goes to the trial and doesn't return, it can only be said that his fate is bad, and we can't do anything about it! "My condolences ..." The rocket cannon helplessly comforted.

"Old leader, you don't know, I just got the news! Our Shui Zhen wasn't killed by a spirit beast in the test, but by the everyday and every day sect's Zhang naipao!" Yang dingtian said in grief.

"What? He was killed by Zhang naipao from the everyday and every day sect?" The rocket launcher's face changed! If yang Shui had really died an unnatural death, then no matter how sad they were, they could only admit that they were unlucky, but it was different for someone else to die. This not only involved the problem of hatred, but also the problem of the face of fiery mountain: "Are you sure?"

"Yes! Old head!" Yang dingtian nodded, "my grandson found a relatively safe place in the sky elixir sect's test. He was about to rest there for a while, but he didn't expect that the disciple from the everyday and every day sect, Zhang naipao, who was also resting there, would suddenly attack. Not only did he not let my grandson rest, he even tried to steal the herbs. My grandson didn't want to give them to him, so he attacked and killed him!"

Although what yang dingtian said was a little exaggerated, the truth of the matter was pretty close.

"This Zhang naipao's too cocky!" "Don't tell me, you think that our fiery mountain is easy to bully?" Hu Pao said in a deep voice.

"Old head, this is not a matter of bullying ... Our fiery Fire Mountain can not afford to offend the everyday and every day sect!" Yang dingtian's eyes were red as he cried out. If he could afford to offend them, he wouldn't have to look for chief Huo to think of a solution. He would have gone to question the everyday and every day sect and sought revenge.

"Where did you get this information from? Is it accurate?" The rocket cannon was also a bit of a headache. Indeed, the everyday and every day sect was similar to the five elements sect, both sects that descended from the ancient times. As the saying goes, a starving camel is still bigger than a horse. Although these two sects were no longer the Taigu sect, they were still a little stronger than the other ancient sects, right?

"It's the information that young sect leader Yun got from the fire. It shouldn't be fake!" Yang dingtian said.

"Oh? Did Huo Shao Yun find out?" "What?" rocket cannon was slightly taken aback. "Tell Shaoyun to come here immediately and tell me the details!"

"Yes!" Yang dingtian responded and walked to the door. He gave some instructions to a disciple on duty, and the disciple on duty quickly left.

Not long after, a dark-skinned young man walked into the room respectfully. His eyes were red, as if he had just cried. "Huo Shao Yun greets grandfather and great elder!"

"Shaoyun, what's going on?" Rocket cannon asked.

"Grandpa, big brother Shui Zhen was indeed killed by the everyday and every day sect's disciple Zhang naipao!" Huo Shao Yun had grown up with yang shuizhen and cultivated together. The sect had also deliberately trained yang shuizhen to be Huo Shao Yun's right-hand man in the future, to take over the position of great elder. Therefore, the relationship between the two was very good! They weren't Blood Brothers, but they were more like blood Brothers-now that the news of yang shuizhen's death had come, Huo Shaoyun was extremely sad, and hated naipao to the bone!

This time, Huo Shao Yun's explanation was more detailed, and there were some differences with yang dingtian 's. Although yang shuizhen was a little arrogant, it was Zhang naipao who provoked him first. Huo Shao Yun didn't favor yang shuizhen, and only spoke the truth.

"It seems like we are also responsible. Yang shuizhen was too impulsive!" The rocket launcher couldn't help but sigh.

"Old head, who didn't have a frivolous time when they were young! Back then, When You and I Were Young, didn't you also think that you were number one in the world?" Yang dingtian said sadly.

"That's true, sigh! But, if this naipao was from some other ancient sect, it'd be easier for us to question him-this everyday and every day sect ... Bazooka didn't say anything else, but what he meant was that they couldn't afford to mess with him!

Yang dingtian was also a little silent. Indeed, they couldn't afford to offend the everyday and every day sect! If the two sects really went against each other, the one who would suffer in the end would probably be the fiery Fire Mountain!

"Grandpa, great elder, I ... Have an idea ..." Huo Shao Yun hesitated for a moment and said when he saw that the two of them were silent.

"Oh? What idea?" The rocket cannon raised its head and looked at the evening glow.

"The everyday and every day sect and Zhang naipao may be overbearing, but it's not like there's no one who can stop him!" In fact, Huo Shao Yun had wanted to say this for a long time, but it would weaken the momentum of the fiery mountain.

"What do you mean? You mean the people from the five elements sect?" The rocket launcher was slightly stunned.

"Of course not. The people of the five elements sect will never form an alliance with our fiery flame mountain. We are just a chess piece in their plan. Although we are all using each other, how could their high and mighty existence care about our Affairs?" "No." Huo Shao Yun shook his head. "Besides, the everyday and every day sect played an important role in that plan ..."

"Then you mean ..." The rocket cannon looked at the red Cloud with some doubt and asked.

"In the test this time, there was a rogue cultivator called Lin Yi ..." Huo Shao Yun changed the topic and told yang dingtian and rocket cannon what Lin Yi had done in the test.

After he finished speaking, rocket cannon and yang dingtian were both in shock. After a long while, rocket cannon said, ""You're saying that Lin Yi killed mo BA and Mo Jiu, but nothing happened to him? Not only did Zhang naipao not do anything to him, but the everyday and every day sect also didn't do anything to him?"

"Not bad! Of course, that's not all. After I noticed this practitioner called Lin Yi, I did some research and found out some other things. " "During the Ice Palace test, Lin Yi crippled naipao, but the everyday and every day sect didn't make a single sound either ..."

"So, this Lin Yi, there's something wrong with him?" Rocket launcher's face revealed a contemplative expression. "You mean to say ..."

"We can team up with Lin Yi and ask for his help to teach the everyday and every day sect a lesson," Said Huo Shao Yun.

"Why would Lin Yi help us?" Huoyan Mountain and Lin Yi didn't know each other at all, why would Lin Yi care about this?

Chapter 2929 Evening Glow And Overlord

Plus, Lin Yi didn't kill naipao this time-it was obvious that he didn't want to kill naipao. Why else would he walk out of the five evils wild land with the crazy naipao, who was now completely fine?

"Because Lin Yi is the boss of my sworn brother!" Said Huo Shao Yun.

"Your sworn brother? You mean ... The local tyrant?" When rocket cannon heard what Huo Shao Yun said, he immediately thought of who his sworn brother was, but he was very surprised." "Lin Yi's the boss of the tyrant? What's going on?"

"Earth Overlord, he also participated in the sky elixir sect's test this time, but he didn't make it into the five evils Savage Land before he was attacked by Zhang naipao, and became a vegetable ..." As he spoke, Huo Shaoyun told yang dingtian and rocket cannon about earth Overlord's experience in the sky elixir sect's test.

The fiery mountain and yellow Earth high school were both in the West, and the relationship between the two schools had always been good. Moreover, Huo Shao Yun and the earth Overlord were sworn brothers. The reason why Huo Shao Yun had so much news about the trial was also because of the earth Overlord.

Earth Overlord didn't participate in the test, but he'd heard everything that happened in the inn after the test. He didn't say much about Lin Yi's strength, but what he could say was enough to prove how strong Lin Yi was!

From Huo Shaoyun's point of view, earth Overlord wouldn't lie to him. Earth Overlord was a very proud person, similar to yang shuizhen. If Lin Yi wasn't really strong, why would he call Lin Yi his boss?

This way, the Huoyan Mountain's revenge plan fell on Lin Yi.

"Young sect leader, as you said, if this Lin Yi is really that strong, then we should build a good relationship with him! I know the young sect master's personality-if Lin Yi wasn't capable, he wouldn't have submitted to him!" Yang dingtian said.

"That's true ... But, even if we have a connection with the tyrant, why would we ask Lin Yi for help for no reason? Lin Yi can help us?" Rocket cannon shook his head,"according to Shaoyun, this Lin Yi is a master. It would be difficult for even the local Overlord to call him boss. In the end, because of his ran ran, Lin Yi reluctantly agreed. If we suddenly pop out and look for him, will he even respond to us?"

"This ... Sigh!" Huo Shao Yun also felt that Lin Yi seemed to be quite difficult to get close to. If he went to Lin Yi rashly, Lin Yi might not even talk to him! He suddenly felt a little discouraged.

"Young sect leader, Shui Zhen was your loyal subordinate. You can't let him die in vain!" When yang dingtian saw that the evening glow was dejected, he immediately became anxious! If yang Shui really died, he would not be able to take it lying down!

"Dingtian, don't worry. Even without Shui Zhen's incident, this Lin Yi is so strong that even the earth high sect's earth Overlord has acknowledged him as his boss. Of course, our fiery mountain won't be outdone!" "But, we need to think about this for a long time," rocket cannon said."We want to get Lin Yi on our side, but it's not like that's the only thing we need to do, right? we need to have a way, right?"

Although the relationship between the fiery mountain and yellow Earth high school was very good, and Huo Shao Yun and the earth Overlord were good Brothers, the more this was the case, the more serious the two sects' thoughts of comparing with each other became! It was just like how many people liked to compare themselves to the people around them, but not many people would compare themselves to strangers who were far away from them.

"That's right, great elder. I'll definitely go to the everyday and every day sect to seek an explanation regarding yang shuizhen's matter!" Huo Shao Yun nodded.

Yang dingtian didn't really want naipao to pay with his life, he just couldn't stand the arrogance of the everyday and every day sect! It wasn't the first time that the everyday and every day sect had bullied the other ancient sects!

Yang dingtian didn't only have one grandson. He had two grandsons. If one of them died, there would be one left. It was just that this one wasn't as powerful as the other one. Therefore, yang dingtian felt that it was a pity that yang Shui had died.

.....

Lin Yi walked qikun to the door of the Hidden House Zhao, but he didn't go in. One could see the complicated expression on qikun's face-he didn't feel any sense of belonging at all coming back to the place he grew up in!

"Boss, I really don't want to go back to this house. I don't know how to face my family when I go back!" Qikun sighed and got off the car unwillingly.

"I don't know why your grandfather is so stubborn. If I were him, I would let you be the head of the family. No one is more suitable than you." Lin Yi shook his head. He couldn't understand house Zhao's situation.

Even if Qibing did get a Qi gathering pill and gave it to his old man, allowing him to successfully become a Sky Class master, Qikun still brought back the recover pill this time.

"Forget it. No matter what, I have to go back. Where else can I go?" Qikun shook his head and started walking towards house Zhao's entrance ...

Qikun's return didn't cause any big waves-in fact, no one even bothered with him!

Qikun walked all the way back to his room-he didn't see a single person from house Zhao who had the final say. The servants and disciples all ignored him as if he didn't even exist.

He shook his head bitterly and self-mockingly-he'd expected this, so he didn't get angry. He pulled a Random House Zhao disciple to his door and asked,"Where did all these people go? Where's my grandfather?"

"Master tan, master Zhao and master Bing are both out, and master Zhao is out too. There's no one in the house right now, so we don't know how to deal with your problem ... Please don't make it difficult for us ..." The disciple replied in fear.

Qikun paused-he realized that there was no one in charge here anymore, but he couldn't blame the servants-they knew that qikun had been under house arrest the whole time, and so they didn't know how to treat him!

If they were nice to qikun-what if the old man wasn't happy when he came back? they'd be the ones in trouble-what if the old man didn't want to lock him up again? The servants would still be the unlucky ones, so they decided to just ignore qikun-there wouldn't be anything wrong.

"Alright, you can go and do your things." Qikun nodded, not getting angry. He understood what the servants were thinking, so he didn't make things difficult for them.

Chapter 2930 Fighting Lin Yi

"Many thanks, young master tan!" The disciple thanked him profusely and left, leaving qikun alone in the room, pacing back and forth as he waited for the old man to return.

The reason why old master Zhao wasn't at home was that he had an appointment with several important people today. He was currently holding a secret meeting in the hidden you family's meeting hall.

Ever since qikun was taken away by Lin Yi, old Zhao had been on tenterhooks. If Lin Yi dared to kill him, then he could only watch! Old master Zhao could not just stand by and watch this kind of danger appear in front of him!

The news of qikun's success, on the other hand, made the old man feel like it was the end of the world. Qikun was home, and he had Lin Yi's support-what was he supposed to do? At that time, if Lin Yi really wanted qikun to be the head, forcing him to step down and force Qibing to give up, what should he do?

And so, old Zhao couldn't take it anymore-he sent out invitations to all the hidden houses and houses that had grudges against Lin Yi, discussing how to get rid of this disaster!

Old Zhao had invited the Hidden House you, the Hidden House Yu, the GaN mountain sect, the Golden Bell sect, and the fire Wolf Gang! These were all the houses and sects that hated Lin Yi, but the Hidden House Yu wasn't here.

Old Zhao knew that the Hidden House Yu didn't send anyone, but he didn't think much of it. He thought that house Yu and house Zhao were separated because of Zhao Qibing and Yu Ning, and that they didn't want to attend the meeting.

In fact, when Grandpa Yu saw the words "fight Lin Yi together" on the invitation, he threw it away immediately. He didn't want to inform Lin Yi, but he had no interest in attending!

Under the silent influence, master Yu had started to adjust the future plans of the Hidden House Yu, especially after Yu Ning's accident. His attitude towards Lin Yi had changed slightly.

Of course, old Zhao didn't know about this.

In the meeting room, other than old Zhao, there was also old master you from the hidden you family, leader wo from the Qian Mountain sect, leader Jin from the Golden Bell sect, and an Mingyue from the fire Wolf Gang.

The reason why the meeting was held at house you was because the Hidden House Summit was held at house Zhao last time, so it was held at a different place this time.

The Qian Mountain sect and the Golden Bell sect were both in the mountains, so it was not easy to go there. An Mingyue of the fire Wolf Gang was only a person in charge of the eastern sea city and didn't have a headquarters. Therefore, the hidden you family became the best place for the meeting.

The two sects hated Lin Yi to the bone-they wanted to kill him right now for revenge. Be it sect leader wo or sect leader Jin, all the important people in their sect had died at Lin Yi's hands, especially when their spirit beast was taken away!

The firewolves had always wanted to get rid of Lin Yi, so an Mingyue came here without hesitation.

As for hiding house you, he wanted to get Zhang Liju's personal notes. If Lin Yi died, then han Jingjing would be easy to deal with. As long as you Panhu could get close to han Jingjing, everything would be solved. The problem was that if Lin Yi didn't die, han Jingjing would never accept you Panhu.

Therefore, these people could be said to hit it off!

"Old Zhao, you're the one who started this meeting, tell me, what do you think we can do to Lin Yi?" Gate leader wo asked impatiently. If he had the strength, he would've killed Lin Yi Long ago.

"If I had a way, I wouldn't have needed to gather everyone here!" Zhao Yu's father smiled bitterly and sighed, ""The main reason I'm here is to let everyone think of a way to get rid of Lin Yi! As we all know, Lin Yi's strength is getting higher and higher. If we don't make a move now, we won't have another chance! The Hidden House Summit was a once-in-a-thousand-years opportunity, but we missed it ..."

"Old Zhao, if you didn't fight with house Yu's old Yu, our plan would've succeeded! You can't blame anyone for this!" The old man you interrupted lightly.

"This ... Forget it. Let's not talk about this. Old master you, do you have any good ideas?" Old master Zhao narrowed his eyes and looked at old master you, who had interrupted. ""Since old master you is so anxious, he must be confident!"

"Hmph, don't talk about useless stuff like that-I'm a Sky Class, and I'm only a refiner-I'm not even an Earth Class when it comes to fighting, what can I do?" Old man you snorted and said.

"Alright, stop quarreling. We're here to discuss important matters, not to quarrel. Let's talk one by one!" Lord Golden Gate waved his hand and stopped the two of them from quarreling. "Our golden clock sect is on the decline, and it's all because of Lin Yi. There's nothing much we can provide ..."

Everyone knew that Golden Bell sect's sect Master Jin was telling the truth. Jin Wudi was dead, and so were a few of the Golden Bell sect's outstanding disciples. Now, the Golden Bell sect was only an empty shell, and they couldn't count on him.

"If Lin Yi had a spirit beast, I could control the spirit beast for a short period of time and stop it from attacking us! Our gan mountain sect has a secret drug that can make spirit beasts lose their strength for a short period of time. " Gate master wo said.

"That's right, gate leader wo's idea is very useful. Lin Yi has a spirit beast with him, we have to be on guard!" Zhao Yu's father nodded in agreement, ""Mr. An, do you have any suggestions?"

"I think gate leader wo's suggestion has reminded me-can we poison Lin Yi? From what I know, if we were to fight Lin Yi head on, all of us combined wouldn't be his match!" "We're just going to die if we go,"an Mingyue said." If we can poison Lin Yi, we'll win with our wits. That's the way to go. "

"That makes sense!" Old Zhao nodded in agreement."It's true that we're no match for Lin Yi, but poisoning him ... I heard that he's a Master in Medicine too, even our Yaowang wasn't his match ..."

"Hehe, what's the big deal about your King of medicine?" Old master you said with some disdain,""Your Yaowang is nothing in the eyes of the Hidden House of you!"

"Oh? Do you have any good ideas?" Although old Zhao wasn't happy with old you's words-it seemed like he looked down on Yaowang-he couldn't get angry. After all, old you was from an alchemy family, and he had the sky elixir sect's support. It was normal for him to look down on Yaowang.
