

## Bodyguard 2931

### Chapter 2931 Vicious Plan

"Lin Yi can cure normal poisons, but what about special ones? After I go back, I can contact the sky elixir sect and use some special poison to poison Lin Yi. No matter how good Lin Yi's medical skills are, it's useless!" Old master you said with confidence.

"Oh? That's great!" After hearing this, Zhao Yu's father was no longer unhappy. He said happily, ""Then, I'll leave this matter to old master you!"

"Don't be happy too early!" Old master you waved his hand and said, ""It's not hard to get poison, but how are you going to make Lin Yi eat it?"

"Hmm ..." Old master Zhao realized that this was indeed a difficult problem, because there was no chance! The Hidden House Summit wasn't that big of a deal, but now, they were treating Lin Yi to a meal out of nowhere? Of course Lin Yi was alert!

"I'll leave this matter to you, old Zhao. I'll think of a way to deal with the poison. As for the rest, you guys can think of a way." Old master you said.

"What kind of reason should we use to treat Lin Yi to a meal before he'll come?" Old Zhao started thinking about how to poison Lin Yi.

"Right, I say, old Zhao, isn't that Zhao qikun Lin Yi's little brother? If he were to invite Lin Yi, he'd probably come, right?" Mingyue opened her mouth. This old man was just as bad as Jianwen, always doing immoral things. He had the best tricks up his sleeve.

"That's true, but qikun's on Lin Yi's side-he'll never agree to harm Lin Yi, and he might even leak the secret!" Old master Zhao kept shaking his head.

"I say, old Zhao, can't you be more flexible? You could've just found a reason to trick that Zhao qikun of yours into inviting Lin Yi to dinner, right?" An Mingyue suggested.

"Oh?" Old Zhao's eyes lit up when he heard an Mingyue's words, "You really woke me up from my dream! This time, qikun passed the test without a hitch-I can hint to him that I've changed my mind, and that I'm thinking of making him the head of the house. I'll ask him to invite Lin Yi over and discuss this in detail, what do you guys think?"

"Good idea! This way, qikun won't suspect anything, and you have your reasons for inviting Lin Yi. Qikun won't suspect anything, and Lin Yi won't suspect anything either-we'll just have to figure out how to put the drug in!" Gate master wo clapped his hands and praised.

"Haha, if that's the case, I'll go talk to Zhao qikun when I get back!" After deciding on the plan, old master Zhao heaved a sigh of relief. "That's it for today's meeting-we'll each do our own research and give Lin Yi the final blow!"

After everyone left, old man you went to contact the sky elixir sect. He was still very enthusiastic about killing Lin Yi-if Lin Yi died, then Han Jing's matter would be easy to handle. House you had always wanted to do this, and after working behind the sky elixir sect for so many years, they wanted to rise to the ancient level. Of course, house you wasn't strong enough yet-there were too few Sky Class Masters!

If the you family's Alchemy technology advanced by leaps and bounds, then who could stop the you family's advancement to the ancient level?

However, it was impossible to rely on the sky elixir sect's help. Not to mention that the sky elixir sect couldn't teach them their alchemy skills without reservation, even if the house of you learned these skills, they didn't want to see the house of you grow big and become an existence on the same level as the sky elixir sect!

So, if house you wanted to advance, they had to save up their strength and think of a way on their own. The personal notes in Lin Yi's hands was the best opportunity. If he got it, although the house wouldn't have a big increase in strength in the next few years, as time passed, the house would become stronger and stronger!

And so, in order to prevent the sky elixir sect from being afraid, elder you didn't contact the heavenly silkworm transformation directly, but contacted the sky elixir sect's eighth elder Kang Zhaoming instead! Kang Zhaoming and Lin Yi were enemies, and old man you knew about it.

The test at the sky elixir sect had just ended, and Zhaoming was in patriarch xuanchen's room discussing elixir refinement.

"Master, right now, the sky elixir sect only has the Qi gathering pill that we promised Lin Yi, the Dark Palace's Qi gathering pill for the test, and the everyday and every day sect's bone cleansing pill!" "What's the order of making these pills?" Zhaoming asked. Also, who should I get to refine them?"

"The bone washing pill can only be refined by you. No one else can refine it! However, we're going to give Lin Yi a peak Qi gathering pill to impersonate a Qi gathering pill. This is a secret, and only the two of us know about it, so you're the only one who can make this pill. As for the Qi gathering pill, I can get

xuanzhen or some other elder from the sky elixir sect to make it. " Said ancestor xuanchen after some thought.

"Then ... Which one of the two pills should I refine first?" Kang Zhaoming nodded and asked.

"Your two pills and the one from the everyday and every day sect have nothing to do with our future plans, we're just giving them face. You should focus on Lin Yi's ultimate Qi gathering pill and cripple him first! This kid keeps appearing in front of me, I just don't feel safe!" Said patriarch xuanchen.

"Yes, master!" Zhaoming was overjoyed. He wanted to deal with Lin Yi as well, but he didn't have the authority to make a decision like this. He could only wait for the xuanchen ancestor's orders.

Kang Zhaoming's phone rang right after he finished his sentence. He jumped in shock as he took out his phone to hang up the call. He explained in a hurry, "Master, I was in a hurry when I came and forgot to turn off my phone ..."

"Who's on the phone?" However, patriarch xuanchen waved his hand and asked nonchalantly, ""You should take it."

"This ... Is the hidden right family?" Kang Zhaoming looked at the caller ID and froze! He did have the Hidden House you's phone number, but he didn't know why they were calling. He wasn't that close to the house.

"Oh? Ask him what's the matter?" Said patriarch xuanchen.

"Yes, Master." Kang Zhaoming nodded and picked up the phone, ""Hello? I'm Kang Zhaoming ..."

"Elder Kang, I'm the head of the Hidden House you ..." Old man you said carefully and respectfully. Kang Zhaoming's position was no longer the same as before, so he naturally had to be careful.

"It's old master you. What's the matter?" Zhaoming said.

"It's like this ... Elder Kang, may I ask if it's convenient for you to speak now?" Old master you asked after hesitating.

Chapter 2932 Deceiving Qikun

"Say it, it's fine!" Zhaoming didn't know what the old man was going to say, but he couldn't say it was inconvenient in front of the xuanchen ancestor. Wouldn't that mean that he had something to hide from the xuanchen ancestor? So Kang Zhaoming could only say that he was fine.

"It's like this, elder Kang, I heard that you have a grudge against Lin Yi?" Old master you asked.

"What do you mean? What are you trying to say?" Zhaoming tensed up as he asked in a low voice.

"Elder Kang, I'm just saying that there's a chance to kill Lin Yi now!" Grandpa you heard that Zhaoming was angry and quickly explained, ""Now, the Hidden House Zhao's old man wants to deal with Lin Yi, he wants to poison him ... It's like this ..."

Elder you didn't hide anything and told Zhaoming about how elder Zhao wanted to use qikun as bait to treat Lin Yi to a meal and then poison him.

"Oh? Why are you telling me about this? If house Zhao kills Lin Yi, then so be it-I'd be even happier if they did. " Kang Zhaoming was a little confused. Did elder you call him to tell him all this just to make him happy?

"No, the situation now is that the Hidden House Zhao doesn't have any poison that can poison Lin Yi, so they asked us for help, but we don't have the confidence that Lin Yi won't notice the existence of the poison. After all, elder Kang, you know that Lin Yi's medical skills are very high!" "That's why I wanted to ask elder Kang if there's any suitable poison," said old master you."This way, we can let old master Zhao handle it ..."

Old master you was only saying that the Hidden House Zhao wanted to poison Lin Yi, but he didn't say that he wanted to kill Lin Yi himself! From the looks of it, he was just building bridges for the hidden Zhao family.

"Oh, I see. Okay, I got it. I'll give you an answer after I study it." Zhaoming understood what the old man meant, but he didn't agree immediately. He had to discuss this with the xuanchen elder first.

"Alright, elder Kang, I'll wait for the good news then!" Old master you said quickly.

After hanging up the phone, Zhaoming didn't hide anything and told elder you everything he knew for elder xuanchen to decide.

"Isn't this a good thing?" Upon hearing this, patriarch xuanchen did not express any objection. Instead, he agreed. "This way, someone will kill Lin Yi for us, and we won't have to do anything. That'll save us a lot of trouble."

"But, that poison ..." Kang Zhaoming didn't know how to make any poison.

"About the poison, I need to do some research. Lin Yi's not a simple person, normal poison won't be able to fool him. We need to get something special!" Ancestor xuanchen said after a moment of silence.

"Okay, master, then I'll call old master you back first and tell him that we will help?" Kang Zhaoming asked.

"Sure, but you have to keep this a secret. Don't tell anyone else." Patriarch xuanchen warned.

"Don't worry, master. This is the enemy of us master and disciple. It has nothing to do with anyone else. I definitely won't say anything. " Zhaoming nodded.

Kang Zhaoming went to call elder you, while elder xuanchen went to look up Poison Information. Elder Zhao had just returned to the Hidden House Zhao!

When he found out that qikun came back at this time, he was surprised. He gave Qibing, who was driving, a look, "Qibing, go to your room first. Work together these few days, don't let anything go wrong!"

He was afraid that Qibing would cause trouble these few days without knowing the truth, so he told Qibing his plan as the driver on the way-he was going to kill Lin Yi and use qikun's hands to do it. Qibing could pretend to be "causing trouble" these days, but he couldn't do anything else! Because the position of young master would still be his in the future!

"Don't worry, Grandpa, I know what I'm doing," Qibing nodded and went back to his room, while the old man went to qikun's room.

Clang clang clang!

He stood in front of qikun's room and knocked.

"Who is it? Please come in!" Qikun said casually.

The door was pushed open, but no one said anything. Qikun looked up, surprised to see his father!

Old master Zhao actually came to his room in person? This surprised qikun-he was quite flattered. After all, he'd been under house arrest back in the Hidden House Zhao, and the old man had ignored him for a long time-he was already used to this.

"Grandpa ... Why are you here?" Qikun was completely disappointed in his grandfather, but he was still his grandfather, after all. He still had to be respectful.

Old Zhao didn't say anything. He walked into the room and sat on the sofa, looking at Qikun in silence.

"Grandpa?" Qikun was even more confused-what was the meaning of this? Why didn't you say anything when you came in?

"Qitan ... You've returned from the trial?" Old Zhao finally spoke, looking at Qikun with a complicated expression.

"Yeah, Grandpa, I'm back ..." Qikun thought. However, he still replied respectfully.

"Qitan, is the trial dangerous? Lin Yi ... He's pretty strong, to be able to take you through such a dangerous test?" Qikun didn't understand what the old man was saying-what did he mean?

"Grandpa, you came to find me ..." Qikun was confused,""I got the recover pill and completed my mission, but elder bi ... Isn't he dead? You are ..."

"You're the one who got the great recovery pill, so it's up to you to use it as you wish. Even if elder bi doesn't die, it's still up to you to decide!" "I heard that Lin Yi's really strong now?" Grandpa Zhao waved his hand.

"Powerful?" Qikun blinked,"it's fine ... Grandpa, What do you mean ..."

"Qitan, I've misjudged you before-compared to Qibing, you're the young talent of house Zhao! Don't be mad at me, I only saw Qibing in a different light because he brought back a Qi gathering pill!" "But now, you've brought back a great recovery pill," said Zhao Yu's father. "It's a third-grade pill. You two are even now, so ..."

"Grandpa, you don't mean ..." Qikun jumped and looked at his Grandpa in disbelief! Could it be that old master Zhao had really changed his mind?

"That's right, Lin Yi's getting stronger and stronger, Grandpa can see that!" Old master Zhao sighed.

Chapter 2933 Liu Tianli's Bankruptcy

He then continued, "most of the time, as the head of a family, I have to consider the big picture and put the big picture above all else!" Before, I helped Zhao Qibing because of his contribution to the Hidden House Zhao. As the head of the house, I have to reward those who have contributed so much to the house, I can't disappoint them! If not, who else would contribute to the family in the future? So, I supported Zhao Qibing! And you, as Zhao Qibing's biggest competitor, I can only suppress you! However, I couldn't kill you with my own hands, so I could only put you under house arrest ..."

Qikun nodded silently-he understood what his father was saying. He was angry at Qibing for getting the position, too. However, after knowing Zhao Qibing's contribution, he just felt that he was unlucky.

"Grandpa, I understand ..." Qikun sighed.

"Yeah, you know that. Now that you've brought back a third-grade pill for the family, your contribution is equal to Qibing's, and I won't side with him anymore. You two have the same starting point, so I'm more inclined to you being the young master! Qitan, do you understand?" Zhao Yu's father said.

"Me?" Qikun didn't know what to think-why would his old man suddenly say something like this?

"Hidden house han, hidden house Pi, hidden house Zhuang-hidden house Zhuang used to be a lot weaker than house Zhao, and hidden house Pi was on the same level as us, but they're both doing better than us. Why is that?" Zhao Yu's father paused for a moment before he continued, ""I'm sure you understand, Zhao qikun. Because they recognized Lin Yi as their boss, the house has been developing greatly!"

"So, Grandpa, you're saying ..." Qikun finally understood-he was both surprised and happy! Grandpa finally opened his mind and knew how strong Lin Yi was. He was finally ready to join Lin Yi's side!

"Not bad!" Zhao Yu's father nodded his head, ""Before, Grandpa thought that Lin Yi was a freelancer practitioner and didn't have much ability. Because of Zhao Qibing, there was some grudges between us and Lin Yi, and because of that, I didn't put down my status and think about the pros and cons of this matter, but now it seems that you're the smarter one! He gave us a way out!"

Seeing his Grandpa come back to life, qikun was very happy-he didn't know what to say anymore.

"Grandpa ... I just feel that boss Lin Yi treats me very well and is very strong, he can protect me, so ..." Qikun said.

"En, I know. You don't have to explain. You did the right thing!" "It's just that Grandpa and Lin Yi had some misunderstandings in the past," Grandpa Zhao said. "It's a bit abrupt to join him like this, and it's also because of grandpa's face ..."

"Grandpa, our family didn't respect boss Lin Yi that much in the first place-why are you still thinking about your face? boss Lin Yi's follower's already at the ancient level, it'd be too late for us to be reserved!" Qikun was starting to panic-why was his Grandpa still thinking about face at a time like this?

"Ah? Are they ancient?" Zhao Yu's Father's heart trembled, and he asked, ""Even the ancient sects are under Lin Yi?"

"No, they're just ancient level disciples." Qikun spoke the truth-he didn't know that the old man was just trying to get information out of him.

Qikun didn't know that earth Overlord was representing the yellow Earth high school-this was related to little nine, after all, and Lin Yi didn't tell him the details. He just left it out, so qikun didn't know yet.

"I see!" Grandpa Zhao pretended to be surprised, but he was relieved inside. It was just a few disciples, but if an ancient sect submitted to Lin Yi, it'd be a problem! Even if he did kill Lin Yi, the ancient sect would come for revenge, and he wouldn't be able to do anything about it! "Qitan, what do you think I should do now?"

"If Grandpa really wants boss Lin Yi to protect our hidden house Zhao, I think Grandpa should have a banquet and apologize to boss Lin Yi, letting bygones be bygones," Qikun suggested.

"What you said makes sense!" Old Zhao was almost laughing out loud-Zhao qikun, Zhao qikun, don't you know that the older the wiser? I was just waiting to get this sentence out of you, so that you can say it yourself!

"Grandpa, does that mean you agree?" Qikun let out a breath of relief-Lin Yi wouldn't like him if he still put on airs after Lin Yi became his boss, even if he were to become a follower of the Hidden House Zhao for his sake! However, if old master Zhao took the initiative to hold a banquet to apologize, then it would be easy.

"Yeah, they all listen to you, right?" "How about this, I'll do some research and call for a family meeting. We'll treat Lin Yi to a meal and confirm our relationship!" Old Zhao waved his hand.

"Okay, Grandpa, I'll go tell boss Lin Yi about our house Zhao's decision!" Qikun said happily.

"En, you go!" "I'll announce it later," old Zhao said, "you and Zhao Qibing will be hiding your position in house Zhao. From now on, you'll both be the heir to the house!" You know that I can't just remove Qibing's position as the heir right away, he has contributed a lot, and the future will depend on your contribution! But, you have Lin Yi's protection, so it shouldn't be a problem in the future!"

"I understand, Grandpa!" Qikun said.

If the old man had just said that he'd take Zhao Qibing away and support Zhao qikun, then Zhao qikun would've been confused and would've given himself away, but the more he said it, the more reasonable it seemed to him!

After Lin Yi got home, he didn't even have time to chat with Chu Mengyao and Chen Yushu and tell them about the interesting things they encountered in the sky elixir sect test. He was enraged by a troublesome matter!

These days, Tianli had been living a life of drunkenness, trying to hide things as long as he could. He didn't report the company's matters to house Liu, nor did he explain it to fatty Lai and the others. Instead, he just smoked every day!

He had a limited number of cigarettes, and there was no way he could get them from Mr. Lang since he had already run away. So, Tianli decided to go to some illegal bars and buy drugs from the black market!

#### Chapter 2934 Panic

The corporation was in debt, but Tianli was still able to fork out the money for the drugs. The company and house Liu's cars were worth a few million by selling any one of them, and one car was enough to last them a while.

However, Tianli's mouth was stuck in his mouth from the cigarette-normal drugs wouldn't make him feel anything at all, so he had to buy high-purity drugs!

That wasn't all-Tianli had been smoking a lot before, a few packs a day, and that meant he was taking in a lot of drugs. Even if he were to use pure drugs, he still needed a lot-otherwise, Tianli wouldn't be satisfied!

Plus, Tianli felt like everything was over-his company was gone, and he even owed Lin Yi a mountain of debt. He might as well just throw the pot down and enjoy every day he could!

However, Tianli couldn't just do whatever he wanted-the business department, sales department, finance department, and procurement department were all in a state of emergency! These days, the distributors had been pressing for more goods. Many distributors had already paid for the goods, but if they didn't receive the goods, they would definitely come and ask.

On the other hand, miracle doctor Guan's medical company was also in a shortage of raw materials. Not only that, but the profits from the medicine weren't transferred back to the company's account on time. Naturally, fatty Lai called to ask what was going on with the finances of house Liu's company.

Because Tianli's loans were large, most of them were short term loans. If he didn't return them by the time the loan was due, the bank would naturally come and ask what was going on. If he didn't return them by then, they'd have to confiscate their real estate as collateral.

These things were all piled up on Tianli's desk, but he didn't give a reply to any of them. He locked himself in his office every day, smoking smoke, and not giving his subordinates a clear answer!

All of a sudden, everyone in the company was in a state of panic, not knowing what had happened! Especially the important departments-not only did they have to deal with the distributors, but they also had to deal with the bank and fatty Lai. It was a busy day!

Fatty Lai and the bank called Liu Tianli, but he didn't pick up. He pretended that he wasn't there, and the rumors started spreading! The so-called rumors were actually half-true and half-false.

Especially Secretary Zhang, who knew the most. Seeing that the company was going downhill and he would not be able to get his salary and bonus, Secretary Zhang could only tell the truth to the company director, Deputy Director, and the managers of the finance department, sales department, business department, and procurement department. He told them what he knew and guessed so that they could respond as soon as possible. As for him, he was ready to resign!

The company was in a mess. Under such circumstances, who would be stupid enough to stay here? The Department managers who knew the truth would tell their close colleagues in private, and the whole company would know that Liu Tianli was done for.

And so, resignation letters flew all over the place, and people left the company one after another. Tianli wanted to hide it, but he couldn't! Because, at this time, the bank had already gone to the Liu family to check the real estate that was mortgaged!

The Liu family's Villa was one of them!

When Zhenhu and Tianyi were told by the bank staff that the villa had been seized because Tianli didn't pay the loan on time, they were both dumbfounded!

"What? You're saying that this villa and all of our real estate have been mortgaged by Liu Tianli?" Tianyi looked at the bank staff in shock-he didn't interfere with house Liu's business, and naturally didn't know what Tianli was up to."Could there be a mistake?"

"Mr. Liu, we're just following the rules. This is the mortgage application signed by Mr. Liu Tianli, please take a look. If you don't believe us, you can call Mr. Liu yourself!" The bank staff said with a bitter smile. The Liu family was one of the worldly families. Even if they seemed to be in a slump right now, they were not people that a small staff member like him could provoke. Therefore, he was very polite.

"Heaven's wings, there's nothing wrong with these documents ... It looks like it's really the work of that little brat Tianli!" Zhenhu said with a sigh as he looked at the security document.

"Dad, don't worry. I'll call Tianli and ask him what's going on!" Tianyi frowned as he dialed Tianli's number.

Tianli met the bank staff who were on their way to close down the building. He said nothing, dismissing all the employees and walking out of the building alone, sitting quietly on the Green Belt in front of the building. He didn't even explain anything as he let the bank staff close down the building!

The people who were still in the company were all the older employees-most of them were the most loyal and loyal people who had followed Liu Jinghan's lead to the end. They didn't quit, and stayed with Liu until the end.

But now, they didn't even have a place to work, and as they looked at the dispirited Tianli sitting in front of the Green Belt, their eyes flashed with disappointment! Liu Tianli was far, far worse than Liu Jinghan!

"Director Chen, what do we do now?" Director Chen held the highest position in the company among them. He was second only to one person in the company and above thousands of people. The Chairman and CEO of the company was Liu Tianli, and the Vice-President was Liu Jinghan, but ever since she left, it had only been in name, so the only one left was director Chen.

"Al!" Director Chen also sighed and said helplessly, "I'll give miss Liu a call ..."

Liu Jinghan left and told everyone not to disturb her. She had completed her task and the Vice President was just a title forever, but director Chen had to call Liu Jinghan now. The company was in danger!

"Director Chen?" Jinghan had just parked her BMW when she received director Chen's call. She was surprised-why was he calling her?

"Vice President Liu, it's me." Director Chen called Liu Jinghan Vice President Liu, and because Liu Tianli's last name was Liu, he could only add the word "vice" to Jinghan's name. Otherwise, according to the usual workplace customs, the word "vice" would be omitted.

"What's the matter?" Jinghan asked.

"Vice President Liu, something has happened at the company!" Director Chen said anxiously.

"What happened? What happened?" "Isn't the company doing fine?" Jinghan asked. Is there a problem with the collaboration with miracle doctor Guan's company?"

Chapter 2935 Atone For His Sins With Death

"No, it's like this ..." Director Chen didn't know the truth either. Liu Tianli was in a daze and didn't say anything. He could only make a rough guess based on what Secretary Zhang had said-Liu Tianli had been scammed, and the company's money was gone!

He didn't know the details, so he could only fill in the blanks in his head. He told Jinghan everything.

Jinghan, who was always calm, couldn't keep calm anymore when she heard that the company had been taken over by the bank. "What? The company's building was seized? How many loans did my father take out? What business did he and President lang do together?"

"Vice President Liu, I'm not too sure about this. I heard it's a cigarette business, but Secretary Zhang isn't too sure either. President Liu didn't tell anyone else because this business was directly discussed by President Liu and didn't go through us." Director Chen said.

"I know. Look after my father and don't let him do anything stupid. I'll think of a way to deal with the other things!" Jinghan took a deep breath-she didn't think that things would be this chaotic without her home!

"Okay, Vice President Liu." Director Chen replied.

Jinghan hung up, frowning as she fell into deep thought ...

At the same time, in Yanjing, the news of Liu Tianli's failed investment and losing all of his capital spread like wildfire to everyone involved. The Liu family had suffered a huge loss this time-they had lost a total of over five billion in capital and real estate!

Not only did he lose all the payment and purchase fees from miracle doctor Guan's medical company, he even lost his own family's money! The distributors called miracle doctor Guan's medical company again and again, complaining about Tianli and asking for a refund.

However, fatty Lai only had a small portion of the medicine that hadn't left the warehouse yet. The new raw materials weren't sent over yet, so miracle doctor Guan's medical company couldn't go into production! Plus, he didn't give the money back to fatty Lai, so even if he wanted a refund, he didn't have the money to give it to the distributors!

All of a sudden, miracle doctor Guan's medical company stopped production as well, and their reputation took a huge hit because of Tianli!

The truth about Tianli's drug use couldn't be hidden from people, and the news spread again not long after Tianli went bankrupt.

Zhenhu's body was shaking with rage-he never would've thought that Tianli would take drugs, and not only that, he even lost his company, and he didn't even think of a solution!

"Unfilial son ... You unfilial son ..." Zhenhu's body had been getting better after Lin Yi's treatment, but this time, he was so angry that he couldn't even get up from his wheelchair.

Tianli kneeled on the ground, his eyes dark and sunken, his expression blank as he ignored Zhenhu's roar! It wasn't that he really ignored these things, but he was still trapped in the illusion brought by drugs and didn't care about anything else around him.

"Father, please calm down ... My brother is probably addicted to drugs. He won't be able to hear us no matter what we say. I think we should send him to the drug rehabilitation center and force him to quit." Liu Tianyi noticed that there was something wrong with Liu Tianli.

He knew Tianli-he was a conservative person, and he managed the company well. He listened to his father, Jinghan, and himself when it came to family matters, and he didn't have much of an opinion himself. This time, the situation was special, and it was like Tianli had changed into a different person, taking drugs and losing money?

"He's not your brother! Taking drugs and selling drugs, this is bringing glory to our Liu family! Miracle doctor Lin gave us the business of the medicine company and we've managed it to this extent. How do you expect me to face miracle doctor Lin?" Zhenhu's body was shaking-what Tianli had done was way beyond what he could handle!

"Perhaps he was deceived?" Tianyi carefully explained.

"Deceived? If he didn't have greed in his heart, how could he have been deceived?" Zhenhu said with a cold smile. "Don't think that I don't know what he's thinking. He's never approved of us working with miracle doctor Lin. He thinks that we're dependent on Lin Yi's existence. If Lin Yi's gone one day, then we're gone too! But because of the pressure from you, me, and Jingjing, he had to do as he was told. But if he had the chance, he'd definitely want to make the company a business that could still run without Lin Yi!"

"Well ..." Tianyi couldn't help but smile bitterly. "Then isn't he just thinking for the sake of the Liu family?"

"There's something wrong with his thinking! Lin Yi's fine now, but he's done for!" "If he was half as good as Jingjing, the company wouldn't have ended up like this!" Zhenhu hmped.

"Yes ..." Tianyi didn't have anything else to say-he could only nod.

"Tianyi, give miracle doctor Lin a call. Tell him that the Liu family has let him down, and that Tianli and I will die to atone for our sins! "I can't face Lin Yi anymore with this old face of mine ... I don't have the face to continue living ..." Zhenhu sighed and made his decision.

"Father ... How can you die?" Tianyi's eyes went wide. "If you die, what will happen to our Liu family? I'll ask Mister Lin Yi for a favor, we'll do everything we can to compensate you ..."

"Don't the Liu family still have you?" Zhenhu shook his head. "Do you think that you can calm down miracle doctor Lin's anger by not killing him? Five billion isn't a small amount, and the impact this will have on miracle doctor Guan's medical company can't be calculated with money alone. Rather than suffering under miracle doctor Lin's future suppression, why don't Tianli and I die to atone for our sins? Tianyi, you still have a chance to rise again, because you're the closest to Lin Yi!"

Tianyi went silent after hearing Zhenhu's words. Yes, even if Lin Yi let house Liu go for old times "sake, he wouldn't care and trust them as he did before!

Even if Lin Yi didn't suppress house Liu, there was no guarantee that the other noble houses and lackeys around Lin Yi wouldn't do the same. When a wall is down, everyone would push it, and house Liu would never be able to rise again!

If Liu Zhenhu and Liu Tianli apologized with their lives, then Lin Yi would probably keep using Liu Tianyi, and house Liu would continue to live on! It wasn't that Tianyi hadn't thought of this, but he didn't want his father and brother to die for house Liu!

Chapter 2936 I Don't Want To See Him

"Father, miracle doctor Lin might not let you and your brother die as an apology ... Our house Liu ..."  
Tianyi said carefully.

"Don't say anything, just ask for miracle doctor Lin's opinion and do as I say!" Zhenhu said with a wave of his hand. "I've already decided!"

"It's ... Father!" Tianyi didn't dare say anything else. He nodded and dialed Lin Yi's number.

Lin Yi had just gotten the news from fatty Lai. He didn't show it, but his face was dark and scary! Lin Yi didn't expect Tianli to be a drug dealer, and even lose his company!

And that wasn't all-the main thing was that Tianli had lost all the money from miracle doctor Guan's medical company. What was he thinking? Did he want to defy the heavens?

Tianyi's call came in at that moment. Lin Yi glanced at it and picked it up, but his tone wasn't as friendly as before. "Mr. Liu, if you have something to say, just say it."

"That ... Miracle doctor Lin ... I'm sure you've heard about our Liu Tianli ..." Liu Tianyi's forehead was covered in cold sweat. Lin Yi's attitude wasn't that good after all, and it made his heart turn cold!

"I know. What do you want to do?" Lin Yi's anger had reached a certain level-this wasn't the right way to compensate, was it? Even Chu pengzhan only paid with his own money, but this Liu Tianli even paid for fatty Lai's money, and still owed the distributors the goods and money!

And so, Lin Yi's tone wasn't very nice. After all, Tianli's actions had directly affected many of Lin Yi's plans, including the expansion of the medicine company and the construction of Yu Xiaoke's orphanage. Which one of these didn't need money?

"I'm sorry, miracle doctor Lin, we've let you down. My father said that he and Tianli will use their lives to atone for our sins. If you're not satisfied, I can ..." Tianyi sighed.

"Forget about you and your father, it has nothing to do with you! But that Liu Tianli, I don't want to see him ever again. " Lin Yi said after a deep breath.

He wasn't trying to be cruel to house Liu, but if these families didn't receive the appropriate punishment, then the other families would follow suit. If they didn't receive any punishment for their mistakes, how would Lin Yi convince the public?

And so, even if Lin Yi was grateful for everything house Liu had done for him, he couldn't let them go so easily this time. However, punishing Liu Tianli alone was already giving house Liu a lot of face, and this was also for Liu Tianyi's sake when he lent him money without a second thought when he needed it!

"Yes ... Thank you for your forgiveness, Mr. Lin!" Tianyi let out a sigh of relief, and then another one. His father Zhenhu was fine, but Tianli ... No one could save him.

"Alright, I'll hang up if there's nothing else!" Lin Yi's head was starting to hurt-he needed to talk to fatty Lai about how to continue with the company. He couldn't just let things be.

"Alright, miracle doctor Lin ..." Tianyi hung up and turned to his father. "Father, Mister Lin only said that he doesn't want to see Tianli anymore ..."

"Tianli, if you don't want to see him, then don't. He deserves it. You know what to do, right?" Zhenhu was a decisive man-he was angry, but Tianli's death hurt him as well, but he had no choice.

"I understand ..." Tianyi smiled bitterly and nodded. "But, shouldn't we inform Jingjing about this ... She ..."

Zhenhu's eyes sharpened as he looked at Tianyi. "Don't bother about Jingjing's matters. She has her own plans!"

"Yes ..." Tianyi nodded. "Then I'll send Tianli to the drug rehabilitation center first. If we're going to be on the road, we'll have to be clean and fresh, right?"

"En ..." Zhenhu didn't say anything. "It's good to wait ..."

Tianyi had sent Tianli to the drug Center, and with his connections and connections, he and Zhenhu had a place to stay. The noble houses he had good relationships with, however, were all waiting to see what Lin Yi was going to do. They didn't know what Lin Yi wanted, and no one dared to help!

House Chen, house Wu, and house sun didn't have much money, and while they couldn't help with the company, they could at least help house Liu through their difficulties. But Lin Yi didn't say anything, so who would dare to interfere?

.....

He put down the phone and fell into deep thought. There was no use getting angry over this-it had already happened, and they had to find a way to fix it. What miracle doctor Guan's medical company needed now was funds, and once they had the funds to resume production, they had to find someone to take over house Liu's company!

House Liu had always been in charge of the purchasing and sales channels of miracle doctor Guan's medical company. Now that they were gone, fatty Lai didn't have the contact information of the distributors and suppliers. He could find another supplier, but most of the distributors had paid a

deposit. If he were to replace them all, it would definitely cause dissatisfaction among the distributors and he might even get a lawsuit. Fatty Lai had to be careful.

The only thing Lin Yi could do right now was borrow money from Chu pengzhan and the other noble houses and hidden houses, but the gap was too big this time. These hidden houses had their foundations, but it wasn't realistic for them to take out such a huge sum of money all at once.

For example, the Hidden House han had a lot of treasures, but it was impossible to exchange them for money! Their entire family's annual expenses were fixed, and they didn't prepare too much. Lin Yi couldn't possibly ask them to take out all their money for him, and they wouldn't be able to live.

Plus, even if he took out all the cash, it wasn't much-it was like a cup of water on a burning cart of firewood for miracle doctor Guan's company!

However, no matter what, it was better to resume production first. It was better to reduce the supply than to stop production.

Lin Yi's plans were all messed up by the company's sudden incident, and he was caught off guard.

He'd wanted to study the Jade space-he'd just completed the second stage of the art of Dragon mastery, after all, and he couldn't wait to start making it!

There was also another important matter, which was to go to the West Star Village and return to that cave. According to the description on the stone door when it opened for the second time, after Lin Yixuan completed the second stage of the art of dragon control, he could open the third stone door, and he wouldn't have to keep the five year promise.

Lin Yi wanted to know what was beyond the third stone door-it was a huge opportunity for him to increase his strength. He couldn't help but be anxious.

Chapter 2937 Timely Assistance?

However, it seemed that everything would have to be delayed. He had to settle the Family Matters first.

He sat down on the sofa and started calling the wus, one by one. He couldn't get too much from each house-one hundred million was easy for a house like house Wu, but getting too much was difficult.

Fortunately, Lin Yi had a lot of followers now, and they were enough to help fatty Lai survive ...

Chu Mengyao and Chen Yushu didn't dare to disturb Lin Yi. It was too sudden, even the curious Shu didn't ask Lin Yi about the fun things during the test.

Naturally, the Hidden House Zhao received news of what happened to miracle doctor Guan's medical company! Old master Zhao laughed out loud. Even the heavens are helping me!

Old Zhao went straight to qikun-he'd been in the Hidden House Zhao for the past two days, and he'd been treated like master tan again, but Qibing always had red eyebrows and green eyes on his face when he saw him. He'd just Hmph coldly and leave.

Qikun understood Qibing's behavior-he'd stolen his position as heir the moment he came back from the test, and no one would be nice to him. Qibing, however, probably thought that he still had hope and didn't want to break up with qikun here, so even though they were in a Cold War, they lived in peace.

"Grandpa, you're looking for me?" Qikun was just about to call Lin Yi and tell him the good news when his Grandpa came looking for him so early in the morning.

"Qitan, did you call Mister Lin Yi?" Zhao Yu's father asked directly.

"Not yet, Grandpa. What's wrong?" Qikun was confused-why was his Grandpa asking this the moment he came up?

"Oh, you might not know yet, but Mr. Lin Yi's company is in trouble!" "I thought you already knew," said Zhao Yu's father, "I was just about to tell you about it."

"What? Is there a problem with boss's company? What's the problem?" Qikun paused-he'd been with Lin Yi quite late, so he didn't know much about the company.

"It's like this ..." Old man Zhao told qikun the news he had just received.

"Ah? Then boss ... Isn't he in a difficult situation now?" "Then ... Can we do something?" qikun asked, surprised.

"Qitan, grandpa's here to discuss something with you-since we, the Hidden House Zhao, have chosen Lin Yi as the boss, then we, the underlings" families, will do our best to help Mister Lin Yi get through this!" "That's why I wanted to tell you that although our hidden house Zhao doesn't have much money, we've been running a business for half a year and have quite a bit of capital in our hands. If we pool it

together, we can take out 200 million!" Call Mister Lin Yi now, we'll give him the two hundred million. It's a small amount, but this is the best we can do!"

"Ah?" Qikun was dumbfounded-he didn't think that his Grandpa would do something like this, supporting Lin Yi with all his might! The banquet hadn't even officially started yet, and this was already the result-it was clear that Grandpa had already set his mind on Lin Yi!

Qikun couldn't be happier-he was worried that his Grandpa only wanted Lin Yi's protection when he called Lin Yi boss, but if he didn't do anything and just kept asking for more while getting protection, then even if Lin Yi didn't say anything for his sake, he'd still feel uncomfortable!

And so, when qikun heard that his Grandpa could take out two hundred million, he was both surprised and happy!

"Grandpa, what you said ... Is it true?" Qikun quickly asked.

"Of course it's true. You child, don't you trust your grandfather?" "I've already asked guangyin to get the money, it's on this card, the password is your birthday, you can call Mr. Lin Yi anytime!"

"Thank you, Grandpa!" Qikun said, overjoyed.

"Alright, you can make the call. I won't disturb you any longer!" Zhao Yu's father nodded and left with a smile.

Qikun, on the other hand, quickly dialed Lin Yi's number! He was still hesitating on how to tell Lin Yi about this-the Hidden House Zhao calling Lin Yi boss meant that he'd gained another hidden house as a follower, but from the Ice Palace test this time, he could tell that Lin Yi didn't need followers at all.

So, what if Lin Yi didn't want to do it? And so, qikun was hesitating! But now that Lin Yi's company was in trouble, qikun didn't hesitate anymore.

"Hello? Strange altar? How can you call me?" Lin Yi was surprised-qikun didn't get locked up again after going back? He could actually call her?

According to Lin Yi's plan, qikun would be even more feared by his parents after he went back, and he might even be locked up! However, his life wouldn't be in danger-Lin Yi could tell that the old man was scared of him, so he wouldn't do anything to qikun.

And so, Lin Yi decided to visit qikun after a while-if things really didn't work out, he'd have him start a new branch and hang out with han xiaopo or Pi Zhishan.

The company's business, however, affected his plans. Qikun wasn't going to be in trouble for a while, so he decided to let him stay at house Zhao for a while.

"Boss, did something happen to your company?" Qikun picked up and asked.

"Eh? How did you know?" Lin Yi was a bit surprised-qikun's source of information was probably the worst, and even if the Hidden House Zhao knew about this, they wouldn't tell him! And so, Lin Yi only called his lackeys to borrow money-qikun and Yu Bing were the only ones he didn't call. Qikun didn't

have any say in house Zhao, and Yu Bing was in the Ice Palace. Lin Yi didn't have a good relationship with the Hidden House Yu, and he didn't feel like calling them.

"My Grandpa told me ..." Qikun said, ""Boss, you must be in need of money right now, right? We, the Hidden House Zhao, can give you two hundred million!"

"What?" Lin Yi's eyes went wide as if he'd just heard the most unbelievable thing in the world. He couldn't believe his ears, "Zhao qikun, what did you say? Your hidden house Zhao wants to lend me 200 million?"

"I didn't borrow it. Grandpa said I'll give it to you!" Qikun said.

"Your grandfather ... Gave it to me?" Lin Yi's mind was in a mess-he'd think he was dreaming if he wasn't sure he was awake!

#### Chapter 2938 Debt Problem

Old master Zhao wanted to give him money? How was this possible? Don't even talk about giving it, it was impossible to even lend it!

"Boss, actually, grandpa's attitude towards me has changed ever since I came back from the sky elixir sect's test!" Qikun knew that Lin Yi would be surprised, so he didn't hide it from him. He told Lin Yi about the changes in his father after he got home, "Grandpa wants us hidden house Zhao to acknowledge you as the boss, but because of some misunderstandings from before, Grandpa is a little embarrassed. It just so happens that there's this matter, so Grandpa asked me to send you this money ..."

"I see ..." Lin Yi was surprised at the change in attitude, but it wasn't hard to understand. The Hidden House Pi and house Zhuang used to be his enemies, right? Now, didn't he still become his little brother?

Plus, qikun had returned safely from the sky elixir sect test this time, bringing back a level three pill and showing his strength. It was normal for the old man to change his attitude-after all, Qibing and qikun weren't even close!

As long as the old man didn't go to the extreme or go senile, choosing qikun as the heir to the Hidden House Zhao was a very wise choice!

"Yeah, boss, give me your account number and I'll transfer the money to you!" "Grandpa said that after this is over, he'll invite you to a party and confirm our identities!" Qikun said.

"If that's the case, qitan, please help me thank old Zhao! "My account is ..." Lin Yi said, a little emotional. Of course, he didn't think that the old man would be such an extremist. Even now, he still wanted to kill him, and he was even offering two hundred million as a price. This old man was crazy!

"En, boss, I'll transfer it to you now!" "I won't bother you anymore," qikun said. "You must be busy with other things. We'll contact each other after this is over."

"Alright," he said. Lin Yi nodded-qikun's two hundred million was a great help! Lin Yi's lackeys weren't poor, but they didn't have a lot of cash either. Lin Yi's phone call barely made one billion, and with qikun's two hundred million, he had a total of 1.2 billion!

For miracle doctor Guan's medical company, it could only help alleviate the pain-after all, Tianli had too much debt! There was no way to get the money back from the medicine-it was all gone, and Tianli had already taken it all.

"Lin Yi, dad just called me. He said he can give you three hundred million in cash, and we can get more through the adjustments and loans, but we can't rush this." Mengyao said as she walked over to Lin Yi.

"300 million is already a lot!" Lin Yi knew that pengzhan's company had grown to Donghai city, but he didn't have much cash on hand. He'd had to borrow money from Liu Tianyi in order to pay Chu Mengyao's ransom. This three hundred million was probably for Chu pengzhan's new company.

Of course, this was also the reason why Lin Yi didn't kill house Liu directly. Liu Tianyi had helped him in the end, and so he only took away the right to partner with miracle doctor Guan's medical company and made Liu Tianli disappear. As for the rest, house Liu was still under Lin Yi's protection.

The Miss nodded and pulled Shu up the stairs. She knew that Lin Yi needed some peace and quiet, so she didn't disturb him ...

Tianyi had sent Tianli to the drug rehabilitation center, and was just about to head back when he received a call from Jinghan!

"Uncle, I'm Jing Jing." Jinghan's voice sounded from the other end, clearly worried. "My father ... How is he?"

"Jingjing, I just sent Tianli to the drug rehabilitation center ... But he's not doing too well ..." Tianyi sighed, not hiding anything. Zhenhu didn't want him to talk to Jinghan, but it was Jinghan who called him first. "Miracle doctor Lin's anger isn't so easily appeased. Even though he's no longer holding us responsible, he said that he doesn't want to see Tianli anymore ... You should understand what he means, right?"

"What ....." Jinghan couldn't help but scream. "Uncle, you mean, my father ..."

"Your grandfather wants him to die as an apology ..." Tianyi smiled bitterly. "That's the only way house Liu can be saved, and we won't be the business partner of miracle doctor Guan's medical company anymore ..."

"Uncle, have you ever thought that there's something fishy about this ... My father shouldn't be such an impulsive person. Why would he take drugs and sell drugs? "He should be a very conservative person ..." This was something Jinghan couldn't figure out.

"There are definitely some unreasonable things, but people who take drugs will have a change in their minds. No one can say for sure if they will do something impulsive." Tianyi sighed before explaining. "Plus, your Grandpa and I have always known that, and I believe you should understand, Jingjing. Tianli may be a conservative person, but it's precisely because he's conservative that he's the one who doesn't want us to become miracle doctor Lin's vassals. He's always wanted to make house Liu's business bigger without Lin Yi! Our business was big before, but it wasn't as big as the common house Yu of the past. It was only with miracle doctor Lin's help that it became a top-tier business. Tianli thought that these weren't the real house Liu 's, and that if something happened to Lin Yi, then house Liu would be finished, but ... He didn't think that the problem would be him ..."

Jinghan was silent-she was one of the people who understood Tianli the best, and Tianyi's explanation made sense. She said helplessly after a while, "I know ..."

"Jingjing?" Tianyi didn't know what Jinghan meant by that, but she'd already hung up when he was about to ask.

Lin Yi discussed the situation with fatty Lai. He had a total of 1.5 billion in funds on hand, which could only be used for a short period of time. He would use this money to pay off the debt of the raw material supplier, then use the remaining money to buy the raw materials, make the medicine, and ship it to the distributors!

However, after this process was completed, miracle doctor Guan's medical company would be in trouble again! Although the raw material supplier's debt and the dealer's debt were both from Tianli's past, it was ultimately related to miracle doctor Guan's medical company, and fatty Lai had no choice but to take on this debt!

#### Chapter 2939 Silent Request

From a business point of view, fatty Lai could go back on his word, but he couldn't do this kind of unscrupulous business! Besides, miracle doctor Guan's medical company valued reputation and reputation the most.

However, Lin Yi could only solve this much for now!

Shaking his head, Lin Yi decided to put these things to the back of his mind for now. He stood up and was about to go back to his room to study the Jade when the doorbell rang!

Mengyao and Yushu were both upstairs, so Lin Yi had to open the door himself. He didn't expect to see han Jingjing!

"Lin Yi bro, you're back!" Han Jing Jing was very happy to see Lin Yi. She skipped through the door and sized him up.

"Yeah, I'm back. How did you know?" Lin Yi was surprised at how well-informed han Jingjing was.

"Your car is just outside!" Han Jing Jing looked at Lin Yi, confused. "What's wrong, Lin Yi bro? Why do you seem a little distracted?"

Lin Yi heard han Jingjing's words and suddenly understood. Yes, his Grand Cherokee was already parked in front of his house. If han Jingjing still didn't see that he was back, then her eyes must've missed something! "It's nothing," he said with a bitter smile. "Something happened at the company. I didn't have the time to look for you when I got home!"

"En en! Jingjing's looking for Lin Yi bro, she has something important to tell him!" Han Jing Jing nodded and said.

"Oh? What's the important thing?" Lin Yi blinked.

"I've been working on a new invention recently. Actually, I've been thinking about it ever since I could mass-produce pills. I've finally made some progress recently, so I want to go into seclusion for a while. I'm saying goodbye to Lin Yi bro ..." Han Jingjing said.

"Invention? Seclusion? Say goodbye?" Lin Yi didn't quite understand what she was talking about. It took a while before he reacted. "You mean, you're going to lock yourself in your room and study the invention you mentioned?"

"En, en!" Han Jing Jing nodded as she looked at Lin Yi with admiration. "Lin Yi bro's amazing, you know what Jingjing's going to do!"

"Pfff ..." Lin Yi blinked and couldn't help but laugh, ""What's so amazing about that? you already said that you're going to go into seclusion to research and invent. Of course, I could think of it! By the way, Jing Jing, what exactly do you want to study?"

"I'm quietly researching a method that can guarantee a 100% success rate in refining medicinal pills!" Han Jing Jing said. She'd never hidden her new invention from Lin Yi.

"Oh? A method to concoct medicinal pills with a 100% success rate? This ... Jing Jing, didn't you already have a 100% success rate in refining pills? Why do you still want to study it?" Lin Yi blinked, not understanding what was going on.

"That's because only Jing Jing can have a 100% success rate. Jing Jing means that other alchemists can also have a 100% success rate!" Han Jing Jing explained.

"Other alchemists ... Can also concoct pills with a 100% success rate?" Lin Yi sucked in a breath of cold air. If han Jingjing's invention really succeeded, it would definitely set off a huge wave in the cultivation world!

"En, en, yes!" "Yes!" Han Jingjing nodded. "Jingjing's research has already made some progress. All that's left is the final confirmation!"

"That's an interesting invention ..." Lin Yi nodded, deep in thought. If han Jingjing could really make it, then Lin Yi could totally find some underlings who fit the requirements to make elixirs and become a big elixir sect no weaker than the sky elixir sect!

"It's alright, but we'll have to wait until Jing Jing finishes her research. " As han Jingjing said this, she changed the topic.""Right, Lin Yi bro, what's wrong with your company?"

"It's nothing much, actually. It's just that Liu Tianli from house Liu used all the company's money on some drug trafficking business and got scammed ... Oh, right, you probably don't know people from house Liu ..." Lin Yi said casually.

"I see ... Then Lin Yi bro, how do you plan on punishing that house Liu?" Han Jingjing seemed to be very interested and continued to ask.

Lin Yi didn't know why Jingjing was interested in these things, but he still said,""Since house Liu has been so loyal, we'll cancel their partnership with miracle doctor Guan's medical company and make Liu Tianli disappear. As for the others, we'll just do the same ..."

"I see ..." Han Jingjing nodded, but suddenly asked,""Lin Yi bro, can you ... Let house Liu off this time?"

"Ah?" Lin Yi was taken aback by the sudden question and asked in confusion,"Let the Liu family off? Why?"

"Because...Because Jing Jing knows house Liu. Jing Jing's alchemy invention has a 100% success rate, and she needs house Liu's Help to Buy some things. So, Lin Yi bro, can you promise Jing Jing that you'll let house Liu go?" Han Jingjing blinked her big, watery eyes as she looked at Lin Yi longingly.

Lin Yi frowned. Han Jingjing's reason was ridiculous. She needed house Liu's help to invent?

But Lin Yi still probed, ""There's no need for the Liu family. If you need anything, I can help you get it from someone else."

"Lin Yi bro, just promise Jingjing, please, I beg you!" Han Jing Jing insisted.

If it was someone else, Lin Yi wouldn't agree to such a ridiculous request, but he couldn't reject han Jingjing. It wasn't just because she could make elixirs for him, but because she almost lost her life trying to keep his secret!

"Okay, I won't cancel the cooperation between house Liu and miracle doctor Guan's medical company. I heard that Liu Tianli has a genius daughter called Liu Jinghan. She should be able to take over her father's business ..." Lin Yi sighed and agreed to han Jingjing's request. Although he didn't agree to it completely, it was a huge concession from Lin Yi!

Han Jing didn't seem very happy after hearing that. Instead, a hint of sadness flashed in her eyes."Then ... What about Liu Tianli?"

"Everyone has to be responsible for what they have done. A mistake is a mistake. If they do something wrong and nothing happens, what will others think?" Lin Yi paused."Jing Jing, why did you plead for the Liu family?"

"Lin Yi bro ... Jingjing ... After all this time, I've only asked you for this one favor, okay?" Han Jingjing gritted her teeth and raised her head to look at Lin Yi,"Can I? Lin Yi bro, for the sake of Jingjing's life, can you agree to it?"

Chapter 2940 Jingjing?

Lin Yi was a little surprised-he didn't think that han Jingjing would be so persistent about this! He understood han Jingjing's personality-she wouldn't bring up the fact that she was harmed by little eleven if she didn't have to, because at that time, she didn't even think about using it to exchange for anything with Lin Yi!

What's the use of conditions when he's dead? At that time, han Jingjing really wanted to die! But now that han Jingjing brought it up again, Lin Yi was more confused than surprised!

This was because all of this did not match han Jingjing's personality!

Suddenly, Lin Yi seemed to have thought of something and understood something. He looked at han Jingjing's face, but he shook his head, thinking that his guess was a little ridiculous.

However, no matter how confused Lin Yi was, he still nodded,""Okay, Jing Jing, I promise you! However, don't say that it's only for this one thing. It's only right for you to ask me for many things for the things you've done for me. "

"En, en, thank you Lin Yi bro!" At this moment, Han Jing Jing seemed to be especially happy, as if a heavy burden had been lifted.""I know that Lin Yi bro is the best to me!"

"Haha ..." Lin Yi smiled. He wanted to ask Han Jingjing again, but from the look on her face, he didn't think she would answer. The reason he gave before was already very poor, but since han Jingjing didn't want to say more, Lin Yi couldn't do anything.

Plus, Lin Yi didn't want to ask too much about these things. Han Jingjing must have her reasons for protecting house Liu. As for han Jingjing, Lin Yi would do his best to satisfy her.

"Lin Yi bro, I'll go back to practicing then. If there's anything, you can ask my brother Li" Chao to let me know. I'll come out from time to time to look for food, but I'm not out yet, so please don't disturb me!" Han Jing Jing said.

"Alright, are you in the next room?" Lin Yi thought it was weird, but he agreed.

"Yeah, it's just next door," "If it's anything urgent, just call me," Jingjing said with a nod.

"Alright," he said. Lin Yi agreed. He felt that Han Jingjing was acting weird today, but he couldn't put his finger on it.

"Then, Jingjing will be leaving ..." Han Jingjing was about to leave, but when she reached the door, she turned around and said, ""Lin Yi bro, you didn't forget what you promised Jing Jing, did you?"

"Oh? What's the matter?" Lin Yi blinked, but quickly reacted. "You're talking about the Liu family? Don't worry, I'll give Liu Tianyi a call. "

"En en, then Jingjing will be leaving!" Han Jingjing smiled happily and left Lin Yi's Villa, heading back to her own ...

Lin Yi shook his head, but still dialed Liu Tianyi's number.

"Miracle doctor Lin!" Tianyi picked up the phone, terrified. He didn't expect Lin Yi to call him again so soon.

"Mr. Liu, your brother ... Let's forget about it. Let him stay in the drug rehabilitation center for a while." Lin Yi said.

"Ah?" Tianyi blinked, not understanding what Lin Yi was trying to say. Was he being sarcastic or testing him? But Tianyi didn't dare disobey-he replied seriously."Miracle doctor Lin, don't worry. We'll keep our word. I won't let you see Tianli again."

"Don't you understand what I'm saying?" Lin Yi frowned and hmpned coldly, "I'll let him Live!"

This was han Jingjing's request, and Lin Yi did as she said-it wasn't for house Liu, it was for the girl who was willing to die to keep his secret! As a result, Lin Yi was still angry at Tianli, and naturally, he didn't sound too happy with the question.

"Miracle doctor Lin, are you saying that Tianli doesn't need to die?" Tianyi said, surprised and happy at the words."Thank you for your concern, miracle doctor Lin ..."

"Also, your house Liu can continue working with miracle doctor Guan's medical company, but Liu Tianli is obviously not suitable for this job. Don't you have a genius girl called Liu Jinghan? When she has time, tell her to give me a call. She'll be in charge of the Liu family's business from now on!" Lin Yi said.

"Ah Yingluo, Okay, okay!" Happiness came too quickly, and Tianyi couldn't accept it at all. He replied mechanically, but he remembered something the next moment-Lin Yi had let house Liu go, and appointed Liu Jinghan as the heir. He could guess the implications behind that ... "Don't worry, miracle doctor Lin. I'll report your decision to my father immediately and let Jingjing take over the family business and Affairs!"

Tianyi's intentions were clear-he was even ready to give up his position as head of the house, and let Jinghan handle both the business and the family.

"Jingjing?" Lin Yi was very sensitive to the name, and he blinked at the mention of it.

"Liu Jinghan, Jing Jing is her nickname ..." Liu Tianyi quickly explained.

"Oh ..." Lin Yi's heart jumped. Jing Jing? Liu Jinghan? Could it be ...? Lin Yi shook his head again, denying his guess. It didn't make sense ...

"Miracle doctor Lin, do you know our Jingjing?" Tianyi asked, testing the waters.

"Of course I don't know your Jingjing! "Mr. Liu, there's one last thing I want you to understand. I've let your family off so easily, not because of your family itself. The mistakes you've made have reached a point where I have to punish you. However, a very important friend of mine has pleaded for you, so I'll let you go this time. I hope you'll look out for yourself and not do anything that will disappoint me again!" Lin Yi warned faintly.

"Don't worry, miracle doctor Lin. No matter what, please have mercy on us. We, the Liu family, will do anything for you in the future!" Tianyi promised, but he was confused. An important friend of Lin Yi's was pleading for house Liu? So it wasn't Liu Jinghan? Who was it then?

Lin Yi hung up the phone, and Tianyi was still lost in his excitement and confusion. He couldn't figure it out, so he reported it to Zhenhu as it was.

"Father, it's heaven's wings. Miracle doctor Lin just called again." Tianyi said excitedly after the call connected.

"Oh? What did miracle doctor Lin say?" Zhenhu didn't know why Tianyi was so happy. From his tone, it seemed like it was a good thing that Lin Yi was calling now?
