

Bodyguard 2961

Chapter 2961 The Sky Elixir Sect Takes Action

Before becoming a practitioner, it was possible to completely recover after a broken leg, but after recovery, it was rare to be able to practice, and it had to be a metal attribute practitioner. It was even rarer to be able to practice to the earth Class.

Especially in an ancient sect like the Dark Palace, where resources were scarce and disciples were scarce. It was very difficult for the black-clothed elder to find a successor, and now that he suddenly saw Zhao Qibing, he naturally had the idea.

Of course, whether or not he could take in a disciple would still depend on Grand elder's intention.

"Master, I'll treat the grade 3 great recovery pill as a gift for you as a disciple. I'll show my filial respect to you!" Qibing said quickly.

"En, I'll ask around for you." The black-shirted elder's tone and expression were a lot more pleasant now. He waved his hand at Zhao Qibing, telling him to calm down before walking away to make a call.

Old Zhao, on the other hand, gave Qibing a big thumbs up! With an ancient sect disciple like Zhao Qibing, house Zhao would definitely prosper.

No matter how he looked at it, it was a good deal to be able to get back a third-grade great recovery pill without any effort and also take in a disciple he was proud of. However, the Grand Elder of the Dark Palace was arbitrary, so the black-clothed elder had to ask for instructions.

However, the Grand Elder did not interfere too much this time. He nodded and agreed, which made the black-robed elder feel relieved.

"I can take you in as my disciple, but you can come with me to the Dark Palace in a few days. I'm going to Lin Yi's house again tomorrow morning, do you want to come?" The black-robed elder asked.

"Yes, of course I'm going. Wherever master goes, I'll go!" Qibing said quickly.

"En, okay, since that's the case, I'll stay at your house for the night. Tomorrow morning, you and I will go to Lin Yi and get the pills!" The black-robed elder nodded, satisfied with Qibing's answer.

Late at night, sky elixir sect.

Inside the room of the heavenly silkworm transformation, little peach had long since fallen asleep. Meanwhile, Tian Gang was sitting in his seat, cultivating as usual. However, all of a sudden, the window moved, producing a very small sound. If one did not listen carefully, they would not have noticed it.

"Come in," Tian Gang opened his eyes and said indifferently.

The next moment, a black-clothed person entered Tian Gang's room. It was a masked woman in a night suit. However, she didn't give off any aura, just like a dead person.

If she didn't deliberately make some noise, even Tian Huan probably wouldn't have noticed her arrival! She had hidden her strength to an extent that it was difficult for others to discover it.

"Tian die greets young lady." The Woman in Black knelt respectfully at Tian Gang's feet, but her voice was cold and unfeeling.

"Little butterfly, why did you come back so suddenly? is there anything important?" Tian Gang found it strange that Tian die would return at this time. Although Tian die's strength was the same as his-heaven class late phase peak-and even ancestor xuanchen would find it difficult to discover her when she suppressed her strength, Tian Gang still rarely summoned Tian die to keep it a secret.

Tian die was an orphan that Tian Gang had saved when he was young. Before Tian Gang took over the sky elixir sect at the age of eight, she had always been Tian Gang's servant girl. However, she had cultivated and improved together with Tian Gang. The two of them shared cultivation resources, and their cultivation speed was about the same.

However, in the sky elixir sect, not even the people of Tian Ji planet and heaven and earth knew that Tian die was also a cultivator. Only Tian Gang himself knew this. This was one of Tian Gang's trump cards. After taking over the position of the sky elixir sect's young master at the age of eight, Tian die 'accidentally' died, and the one who took over her position was little peach, an ordinary woman.

Tian die did not actually die, but was secretly hidden by Tian Gang. Tian die had always regarded Tian Gang as her idol. Tian Gang's determination and ruthlessness since he was young, and his Swift and decisive actions after taking over as the young sect master, all of these had imperceptibly influenced Tian die.

Tian die's almost obsessive worship of Tian Huan made her try to imitate Tian Huan's personality. However, all she learned was Tian Huan's cold and cruel appearance. Tian Huan took over the sky elixir

sect's young sect master as a woman, but he didn't do what he did every day. Only Tian Huan knew how hard it was.

However, Tian die didn't understand these things. She liked to imitate Tian Huan since she was young. She was like Tian Huan, and she liked to be Tian Huan's shadow.

All these years, she'd been secretly building up power outside, building a new power that was different from the sky elixir sect. It wasn't just a trump card for Tian Gang outside, it was also his eyes and ears.

Although tiandie found it a little strange that Tianjie suddenly asked her to pay attention to a man named Lin Yi, she would always carry out Tianjie's orders without reservation. Even if she had doubts, she would still carry them out seriously.

"Miss, Lin Yi attended the Hidden House Zhao's banquet and was set up by the Hidden House Zhao. He was poisoned and crippled, his meridians and energy Center destroyed ..." Tiandie described what she'd seen and heard these days expressionlessly.

"What? The Hidden House Zhao tried to harm Lin Yi?" Tian Gang's eyes were wide open in disbelief. Wasn't qikun Lin Yi's follower? He'd seen him in the inn at the sky elixir sect, and he didn't seem like the kind of person who'd turn on others. Why would he try to harm Lin Yi?

However, before he could ask the reason, Tian Gang subconsciously asked, ""Then why didn't you save him?"

"Save him?" "Didn't miss tell me to only help when Lin Yi's life is in danger?" Tian die asked. Although he's injured, his life isn't in danger. "

"You ..." Tian Gang was speechless. Tian die was too obedient. She did whatever he asked her to do. Couldn't she change her mind? However, Tian Gang couldn't say much and could only say, ""What happened after that?"

"And then, Lin Yi went home, and the Dark Palace came looking for trouble ..." With that, Tian die told Tian Gang about the Dark Palace.

After Tian Gang heard this, he immediately fell into deep thought. He frowned and said, ""The Dark Palace is too bold. How dare they question the results of the sky elixir sect's test?"

"Yes, that's why Tian die was in such a hurry to come back and report." Tian die said.

"How about this, tomorrow, I'll hide for a day and you'll pretend to be me and go to Lin Yi's Villa. If that elder in black comes looking for trouble again, take my token and ask him to apologize to Lin Yi and get the hell back to the Dark Palace. Otherwise, don't even think about getting the Qi gathering pill we promised them!" Tian Gang's eyes turned cold as he ordered Tian die.

Chapter 2962 Let Bygones Be Bygones?

"Yes, miss." Tian die would carry out Tian Gang's orders unconditionally. Although she was a little suspicious as to why Tian Gang didn't go and handle it himself, this was the sky elixir sect's responsibility, and there was no need to hide it.

Plus, Tian Gang had been hiding for a day, and he'd asked Tian die to come out. It wasn't to hide, but to let the sky elixir sect know that Tian Gang had gone out to deal with this. So why did he still do this? Tian die could not figure it out.

"Tell me everything about Lin Yi when you get back," Tian Gang waved his hand, telling Tian die to leave. He wasn't too worried about Lin Yi's injuries. After all, he'd seen how fast Lin Yi healed.

After Tian die left, Tian Gang's face blushed. He sighed and muttered, "If only life could be like the first time we met, but now, it's better to miss each other than to see each other ..."

.....

Lin Yi couldn't calm down after the elder left. He hesitated and took out his phone. He wanted to call Tian Gang, but he quickly turned it off.

His fate with Tian Gang might end with the end of the sky elixir sect's test. The two of them were on the same side, and it wasn't good for Lin Yi to contact her too often. The xuanchen ancestor was clearly not a kind person. If he found out that he was in contact with Tian Gang, he might drag Tian Gang down.

So, Lin Yi decided to call GE Xian.

"Boss Lin Yi!" GE Xian received Lin Yi's call and was very excited, ""Boss Lin Yi, did you and qitan go back successfully? I've missed you guys. When I'm not busy for a while, I'll go visit you!"

"GE Xian, let's not talk about this first. Let me ask you, how strong is the Dark Palace?" Lin Yi interrupted GE Xian and asked directly.

"The Dark Palace? boss, why are you suddenly asking this?" GE Xian was stunned, but he still answered honestly, ""The Dark Palace is an ancient sect, just like Feng Shanshan's house-they're both bottom-tier ancient forces, but even so, they still have a lot of resources, and they have Sky Class late phase peak Masters!"

"I see ..." Lin Yi nodded. Sky Class late phase peak-even if he wasn't injured, he still wouldn't be able to fight against it. It seemed like the ancient level was much stronger than the hidden level, ""In that case, can the ancient level act as they please in the mortal world?"

"This definitely won't work." GE Xian immediately denied it. "However, if it involves your personal interests, you can handle it in a low-key manner as long as you don't kill anyone. This is not a hard rule. What happened between you and the Dark Palace, boss?"

"Something unpleasant happened," Lin Yi didn't tell him about his injury, but told him about the Dark Palace asking for the great cyclic pellet.

"Isn't the Dark Palace too shameless? How could he do such a thing?" GE Xian was shocked. "That's a bit of a taboo. The sky elixir sect's test results were decided by them, and the Dark Palace changed the rules just like that. If the sky elixir sect finds out about this, they won't just sit back and do nothing!"

"The point is, would the sky elixir sect even notice such a small thing?" Lin Yi smiled bitterly, "plus, we're both from an ancient sect, so we should at least have some face, right?" You won't fall out with me because I'm a wandering cultivator, right?"

"That's true, but the relationship between the Dark Palace and the sky elixir sect isn't that good. " GE Xian said, "however, if they threaten you with hurting you, then there is really nothing we can do. If they

really can't do it, I will give my Grand recovery pill to you, boss. This matter was also benefited by us. If it weren't for us, the Dark Palace would not have come to find trouble with you!"

"No need, I have one in my hand. If it really doesn't work, I'll give it to them and say it's yours. I'll think of a way in the future." Lin Yi said.

"Alright," he said. GE Xian didn't think too much about it-he didn't know that Lin Yi was injured, and thought that Lin Yi only compromised because he didn't want to mess with the ancient sect. After all, this was different from the test-he didn't have to worry about background or status during the test, but he couldn't do that in the real world. The Dark Palace might be at the bottom, but they had Sky Class late phase peak Masters.

After hanging up, Lin Yi went to bed early. Nights without practicing were especially free. As for old Lin, Lin Yi didn't call him because he didn't know what the poison was or what it was made of. Calling old Lin would only make him more troubled.

The next morning, Lin Yi wanted to get a good night's sleep, but he heard the black-robed elder's voice from yesterday!

"Lin Yi, young one, come out now!" The black-robed elder shouted.

Lin Yi frowned, thinking that this guy was still here after leaving yesterday. It seemed like Lin Yi's excuse wasn't even worth it.

Chentian and the others were woken up as well, and Lin Yi walked out of the villa under Chentian's guidance. The people outside, however, surprised him! He didn't expect to see a familiar face standing next to the black-robed elder-it was Zhao Qibing!

"Zhao Qibing? What are you doing here?" Chentian said, spotting Qibing.

"Hehe, you guys didn't expect this, did you? The black-robed elder of the Dark Palace has already accepted me as his disciple. I'm now a disciple of the Dark Palace! Lin Yi, do you really want to kill me? Are you fantasizing that you'll be able to destroy the Hidden House Zhao after you've recovered?" Qibing looked at Lin Yi gleefully, "haha, you can't do it now, can you?" I've already become a disciple of an ancient sect, and I'm under the protection of the Dark Palace. Let's see if you still dare to touch me!"

Lin Yi only smiled coldly, not saying anything. The Dark Palace might seem stronger than Lin Yi now, but one day, when Lin Yi recovered and could kill Sky Class late phase peak in seconds, the Dark Palace would be nothing in his eyes.

So, there was no point in saying anything now. Qibing could be happy for now, but one day, he would have to settle this score slowly.

"Oh, you're here just to tell me this?" Lin Yi asked indifferently.

"Hmph, Lin Yi, the purpose of my visit is to make you hand over the illegal gains from the test. As long as you hand over the recover pill, master and I will let bygones be bygones!" Qibing pointed at Lin Yi.

Chapter 2963 Heavenly Silkworm Transformation

With that, he didn't wait for Lin Yi to reply and continued to threaten, "Or else ... Hmph, I'm not afraid to tell you that my master is from the ancient sect-it's not convenient for him to kill people, but it's

convenient for me to do so. I've never liked Chu Mengyao and Chen Yushu for a long time, let's see if the Hidden House Yu still dares to meddle in the ancient sect's business!"

Zhao Qibing smiled coldly, "plus, don't think that I'll still dare to attack you just because you have a Sky Class master. If you do anything to me, it'll be challenging the entire Dark Palace, and they'll have a reason to kill you all. Even the other ancient sects won't stop them from getting revenge!"

Zhao Qibing's words were vicious. If Lin Yi didn't agree, he would attack Chu Mengyao and Chen Yushu, and even threatened Lin Yi's people not to fight back. If they fought back, it would be a public challenge to the ancient sect Dark Palace, and they would be annihilated!

If Lin Yi wasn't injured, even if he wasn't as strong as the Dark Palace, he wouldn't have to suffer like this. But now, he had to lower his head, and Lin Yi was helpless against this shameless way of doing things!

At this time, Chu Mengyao and Chen Yushu just happened to come out of the villa and heard Zhao Qibing's words. Their faces changed slightly. Although it wasn't obvious, Lin Yi's sharp senses noticed it.

Shu was always the type who wanted to see the world in chaos, but today she was exceptionally calm. She didn't refute Zhao Qibing's words, but stood behind Lin Yi silently, waiting for his decision.

Yu Yi was also afraid that Zhao Qibing and the others would come back, so he was just loitering around Lin Yi's house when he saw this headache-inducing scene! Before, when the Dark Palace came to Lin Yi for the pills, Yu Yi didn't think much of it, but today, to his surprise, the elder and Zhao Qibing were working together!

In a situation like this, Yu Yi didn't dare to step forward, especially after Zhao Qibing said that house Yu didn't want to meddle in other people's business. It made Yu Yi hesitate even more. House Yu might have a background, but it was still a hidden level of house. It was unrealistic to go against the ancient level.

"Hahahaha, Lin Yi, what do you think? You have nothing to say, right? If you know what's good for you, quickly hand over the great recovery pill. Otherwise, I'll make a move!" Zhao Qibing waved his hand and threatened Lin Yi, "I'll destroy Chu Mengyao's face first, then break Chen Yushu's legs. Damn it, I hate this big-breasted Shu the most! After breaking her legs, I'll smash her chest and make it burst. She'll be walking around in front of me, it's so annoying!"

Lin Yi frowned. He couldn't do anything about Qibing's vulgarity and vulgarity. Just as he was about to nod in agreement, a cold voice came from behind them, ""An ancient sect coming to the mortal world to cause trouble, who gave you the guts to do this?"

The black-robed elder was shocked, and so was Lin Yi! They did not realize that there was an extra person nearby! Even Yu Yi, who was hiding not far away, changed his expression-he didn't know when this person appeared, but even a Sky Class like him didn't notice!

But a moment later, Yu Yi understood-the owner of the voice didn't hide his strength, he ... Was Sky Class late phase peak!

"Who ... Who are you?" The black-robed elder's face changed as well-if Yu Yi could sense this person's strength, then so could the black-robed elder-a Sky Class late phase peak! In an ancient sect, this would be the leader, Grand Elder, or head elder-why would he suddenly appear here?

"A person who sees injustice." This was a graceful young master in white. He held a paper fan in his hand. Although he looked very confident and at ease, his voice carried a tone that warned strangers not to approach him.

"I'm the Dark Palace's Black-robed elder, and I'm here on the Grand elder's orders to retrieve the stolen goods. I don't care who you are, but please don't interfere with the rights of the Dark Palace!" The black-robed elder spoke sternly, but he was actually timid. After all, the other party was a top-notch expert in the cultivation world.

"Stolen goods? How come I didn't know that it was stolen?" The white-robed young man glanced at the black-robed elder and asked coldly.

"What do you know? This is an internal matter of the Dark Palace-you may be Sky Class late phase peak, but I don't think we need to report it to you, do I?" The black-robed elder bit the bullet and said.

"I naturally don't care about other matters, but this matter involves the interests of my sect. My heavenly silkworm transformation must interfere!" The white-robed young man closed his paper fan and coldly glanced at the black-robed elder.

"Your sect? What ... What are you? You said you're in the heavenly silkworm transformation?" The black-robed elder suddenly came to a realization and looked at the white-robed young master in front of him in shock. "You're saying you're ... The young sect master of the sky elixir sect?"

"That's right. The sky elixir sect's reward was personally issued by us. It's not up to the dark night Palace to decide what to do. " The young master in white was naturally Tian die. She had rushed back overnight and did not expect to see such a scene. She immediately stepped out to stop it.

The black-robed elder looked at the white-robed young master, his eyes filled with hesitation and unwillingness. He didn't believe that the heavenly silkworm transformation would come and handle this personally. This wasn't a big deal at all. He felt that he was lucky and suspected that this was Lin Yi's ancient follower in disguise. But this strength wasn't fake, right?

However, the black-robed elder still asked, ""As far as I know, young sect master Tian is a busy man, how could he have time for such a small matter? How can you prove your identity?"

"Is this not enough?" Tian die threw a token to the black-robed elder.

The black-clothed elder took it and looked at it. His eyes suddenly narrowed. This was indeed the token of the ancient sect's sect leader, young sect leader, and elders. The token was jointly forged by all the ancient people, so the black-clothed elder naturally recognized it. Even he himself had a token marked with an elder of the dark night Palace. This was also for the convenience of the ancient people when going out to do things, in case a flood washed over the temple of the Dragon King and a family didn't recognize one another.

Therefore, the black-robed elder no longer doubted it. Although he was unwilling, he still returned the token to Tian die respectfully and cupped his fists, ""Dark Palace's Black-clothed elder greets young sect master Tian! Since young sect master Tian has intervened, I'll be taking my leave. "

With that, the elder was about to leave with Qibing. Qibing didn't know what was going on, but he knew that this pretty boy wasn't someone to mess with. He lowered his head and prepared to leave with the elder, not daring to say anything that would hurt Chu Mengyao and Chen Yushu.

Chapter 2964 Kowtowing And Admitting His Mistake

"Wait, who allowed you to leave?" Tian die's tone turned cold as she blocked the black-robed elder and Zhao Qibing's path.

"Young sect master Tian, since you've already intervened, why don't we leave? What do you mean by stopping us?" The black-robed elder frowned. Could it be that the heavenly silkworm transformation still wanted to pursue the matter?

"Kneel down and apologize to him!" Tiandie pointed at Lin Yi and said coldly.

"You ..." After hearing Tian die's words, the black-robed elder's face suddenly turned red. He had never thought that the heavenly silkworm transformation would make him kneel down to a rogue cultivator! What kind of humiliation was this?

"Didn't you hear?" Tian die furrowed her brows. She had been trying to imitate Tian Huan. When Tian Huan was in the heavenly silkworm transformation, he was a man of his word. He was cold and unfeeling. This was also an image that the outside world had acknowledged. However, Tian die didn't know that Tian Huan also had a gentle side ...

"Young sect master Tian, don't go too far! It's indeed our fault for interfering with the sky elixir sect's prize, but we're all from the ancient world, and we've seen each other all the time. You want me to kneel down to a wandering cultivator junior? I didn't hear it wrong, right?" "We, the Dark Palace, aren't pushovers," the black-robed elder said angrily.

"Kneel down." Tian die only had two words.

"Zhao Qibing, let's go! Let's see what he can do!" The black-robed elder flicked his sleeve and was about to leave with Qibing. As far as he was concerned, even Sky Class late phase peak Masters wouldn't dare to attack without reason!

"Ah!!!" A blood-curdling screech made the elder's heart clench, almost falling out of his chest. However, in the next moment, his heart was about to explode, because he was shocked to find that Zhao Qibing, who was beside him, had lost an arm!

The black-robed elder didn't even see how the heavenly silkworm transformation was used, and Qibing's arm fell off.

"If you don't kneel, I don't mind breaking your legs and kneeling for you!" "I heard that you're cultivating something called a thousand legs," said Tian die indifferently. Breaking a leg for cultivation? However, I might be able to cut off your legs thoroughly, and then ... I wonder if you can still cultivate the thousand legs technique?"

With that, Tian die pointed her finger, and a fireball shot out from her hand, landing on Qibing's severed arm and turning it into ashes!

"My arm ..." Qibing's eyes rolled back as he saw his arm turn to dust. He fell to the ground head first. He was still fantasizing about getting his arm back to the hospital, but now that it had turned to dust, what was there to get it back? He would be a disabled one-armed man in the future ...

At that thought, how could Qibing not faint? Although he was good at leg techniques, as a cultivator, losing an arm was a fatal injury.

Cold sweat trickled down from the black-clad elder's forehead. The rumors from the outside world were indeed true. The heavenly silkworm sect was a tyrannical and ruthless man. Although he looked like a

handsome young master, the rumors about him finding some beautiful woman as his cultivation vessel were most likely true. From this method, it could be seen that he was a ruthless man.

"What ... What kind of flame is this? How could it have such a high temperature? Is this a pill fire?" The black-robed elder asked in shock. However, he was also a little confused, "That's not right. This shouldn't be a pill fire. How can a pill fire be so powerful?"

At this time, Lin Yi also looked at the handsome young man in white in front of him, shocked. He almost blurted out the forging fire! The white-robed handsome young man was actually using the forging fire! The forging fire could actually be used as a catalyst for a martial technique? It actually had such a high temperature? Even the bodies of cultivators could be burned to ashes?

But, as suspicious as he was, he couldn't say it now.

The sudden appearance of the heavenly silkworm transformation troubled Lin Yi, even more so than Yu Yi's appearance yesterday! It was understandable that Yu Yi had a relationship with Yu Ning, but what about the heavenly silkworm transformation? Lin Yi would believe that the heavenly silkworm's transformation was fueled by Kang Zhaoming's influence, but the heavenly silkworm's purpose was to help him? that was a bit unrealistic!

Could it be that the heavenly silkworm transformation was the only reason he was here? to uphold the fairness of the heavenly elixir sect's trial? This was a little ... Unbelievable, right?

He looked at the heavenly silkworm transformation, which seemed familiar yet unfamiliar at the same time. Lin Yi racked his brain, wondering if he'd met this pretty boy before. However, Lin Yi was disappointed to find out that there was no such person in his memory!

It looked familiar, but Lin Yi really didn't know what it was!

But it wasn't surprising-Tianjie was a different woman in a man's outfit, after all. They looked similar, and even more so when dressed as men, but they were two people, after all. They'd changed several times, too, so it was natural that Lin Yi couldn't recognize them.

"You want to try?" Tian die asked coldly.

"No... I don't ..." The black-robed elder stammered, his face pale. Qibing was an Earth Class early phase, and although he was Earth Class late phase peak, he was nothing but a piece of cake in front of the heavenly silkworm transformation!

The problem was that while the heavenly silkworm sect seemed to be on the right side, they were actually very strong. Even if the other ancient sects knew that they were making a big fuss out of nothing, no one would dare to say anything. This was a super ancient sect, who would be willing to stand up for a low-tier Dark Palace?

"That will depend on your performance." Tian die said.

The black-robed elder's face turned from white to red, but in the end, he managed to overcome the mental struggle and knelt on the ground with a plop. He said to the heavenly silkworm transformation, ""Young sect master Tian, please spare me. I'm here on the Grand elder's orders. I was wrong ... I won't interfere with the sky elixir sect's business anymore ..."

"It wasn't me, it was him." Tiandie pointed at Lin Yi, not showing any reaction to the black-robed elder's actions.

"Lin Yi, Lin shaoxia, I was wrong, I'm sorry, I won't do it again, please say something ..." Elder black clothes knew that if Lin Yi didn't say something, this matter wouldn't be over. He didn't know why the heavenly silkworm transformation had to ask Lin Yi for his opinion, but he had to do it no matter what!

Lin Yi didn't want to let the elder go so easily, but the one standing up for him was the sky elixir sect's young master, after all. He wasn't that close to him, and he couldn't go too far. He nodded, "Since you've made a mistake, then get lost and don't come back again."

Chapter 2965 Who Let You Go?

"Yes, yes, yes!" The black-robed elder was like a little chick pecking at rice, nodding non-stop.

Everyone present was looking at this dramatic scene, especially Grandpa Pi and the others. They didn't know what the heavenly silkworm sect was up to. If it was for the fairness of the test, they could've just punished the black elder directly, and they wouldn't have to care about Lin Yi's feelings at all. But now, it seemed like Lin Yi was the main character?

Could this be the sky elixir sect's way of putting on a show of putting the trial-taker first? So that more trial-takers would trust them and join the next trial?

"Since Lin Yi forgave you, then I'll let it go this time." "Don't let this happen again!" Tian die warned.

"Yes, young sect master Tian. Please rest assured!" The black-robed elder quickly promised and pulled Qibing up from the ground. Qibing might be missing an arm, but he still had his legs. It wouldn't affect his thousand-kick training, "Young sect master Tian, I'll take my leave now ..."

"Wait," Tian die once again spat out two words that made the black-robed elder's heart jump.

"Young sect master Tian, is there anything else?" The black-robed elder asked carefully.

"You're fine, but he's not! He hasn't knelt down yet!" Tian die said.

"He ... He's just my disciple. He has nothing to do with this, right? "Besides, he's already fainted ..." The black-robed elder asked helplessly.

"Weren't you guys on the same side just now?" Tian die asked.

"This ... Good!" The black-robed elder had no choice but to slap the back of Qibing's neck, waking him up.

"Master ... Master, save me ..." Zhao Qibing woke up and cried out in fear.

"Stop screaming, kneel down and apologize to Lin Yi, then I'll take you away!" The black-robed elder didn't want to stay in this embarrassing place any longer, so he quickly rebuked.

Although the people of the Dark Palace were good at changing sides and being shameless, they didn't look good.

"Ah?" Qibing froze, looking at the black-robed elder in confusion, "Kneel to Lin Yi? Give it to him? We're from an ancient sect!"

"I'm already kneeling, and you're still not? Why are you talking so much nonsense!" "Hurry up!" The black-robed elder said angrily.

Qibing was a little taken aback, but the cold look in tiandie's eyes made him shiver. He didn't want to give up, but he still kneeled in front of Lin Yi. This humiliation was worse than death!

Why? He was already an ancient sect's disciple, why was he still kneeling to a freelancer Lin Yi, who lost to the Hidden House Zhao? this psychological contrast was driving him crazy!

This morning, he came to Lin Yi's place in high spirits, thinking that he could turn Chen Yushu into a disabled girl in front of Lin Yi, but he didn't expect to become a disabled one-armed man himself ...

"I'm sorry, it's my fault ..." Qibing almost cried when he knelt down. He had admitted defeat in front of Lin Yi before, but things were different now! Back then, Lin Yi was strong, and he was just a weakling.

But now, he was a master and Lin Yi was injured, but he still knelt down and apologized. This was too F * cking exciting.

He looked at the arrogant Zhao Qibing who was kneeling in front of him, then at the black-robed elder who had a green face but didn't dare to say anything, and then at the calm face of the heavenly silkworm transformation elder who didn't seem to care about anything. Lin Yi finally understood one thing.

If he wanted to make a sound in the world of the strong, he had to be stronger! The sky silkworm sect's greatest source of confidence was the backing of a powerful force. The Dark Palace might have Sky Class late phase peak as well, but they definitely didn't have as many as the sky elixir sect. This was why the sky silkworm sect dared to order the black-clothed elder around!

No matter how strong he was as an individual, no matter how strong he was, no matter how strong he was, he couldn't do it without a strong force. If his followers were all Sky Class Masters, and formed a force that was comparable to an ancient sect, would the Dark Palace still dare to do this?

Of course, even if Lin Yi understood all this, it was useless for now. Compared to the ancient sects, Lin Yi lacked the foundation. If Lin Yi didn't increase his own strength, he couldn't help his follower increase his strength. This was a classic example of one man rising to the top, unlike the ancient sects, where there were many talents and many ways to increase their strength.

With that in mind, Lin Yi knew that he'd been too impatient-he'd stepped into the ancient level too early. He was only earth Class late phase, and while he could kill Sky Class mid phase in seconds, he was still Earth Class late phase!

If he was Sky Class, and knew how to make Qi gathering pills, then his followers would be Sky Class early phase as well-would the Dark Palace still dare to do this?

The thrill of fighting a higher level opponent made Lin Yi lose his mind, and he forgot about the limitation of strength level. It made Lin Yi feel that as long as he could kill a higher level enemy, his level didn't matter.

However, this was not the case. The only way was to increase one's true strength.

"Young sect master Tian, is it okay now?" The black-robed elder asked after Qibing apologized.

"Hand over your recover pill to Lin Yi as an apology! After that, you can leave. " Tian die said.

"What? Our Qi gathering pill? Why do I have to?" The black-robed elder was completely hysterical. The heavenly silkworm transformation was pressing on him step by step, causing him to finally explode.

"We've already apologized. Why should we take out our own things? Didn't your sky elixir sect want to maintain fairness and justice? Why do we have to hand over what belongs to us?"

"You made a mistake. If it's just an apology, then I'll kill you and apologize to the Dark Palace, okay?" Tian die said expressionlessly, "It's fine if you don't want to give it to me, but I won't have any Qi gathering pills! This is my decision. I'm confiscating a third-grade pill. "

"What? The Qi gathering pill ... Is gone?" The black-robed elder's angry expression calmed down. The Qi gathering pill was for Wan 'er to increase her strength. How could she not have it? If there were none left, the Grand Elder would kill him when he returned!

With that thought, the black-clad elder had no choice but to take out a small box from his shirt pocket and throw it to Lin Yi, "Good! We'll give you the great recovery pill!"

Lin Yi's limbs hadn't recovered yet, and it wasn't convenient for him to take things. Wu Chengtian took the box and opened it. He nodded, "That's right, it's the great recovery pill!"

Chapter 2966 Tian Huan's Reason

"Since that's the case, you can go." Tian die waved her hand at the black-robed elder, indicating that he could leave.

"Let's go!" The black-robed elder gritted his teeth and pulled Qibing away from this place of sorrow! What did it mean to suffer a double loss? This was a classic example-if the black-clad elder wasn't so greedy and returned to the Dark Palace with Zhao Qibing after taking the pill, there wouldn't be so much trouble.

The two of them were both Earth Class Masters, and it was only a matter of seconds before they left.

Lin Yi thanked them after the two had walked far away. "Thank you, young master Tian, for upholding justice!"

"En, if there's nothing else, I'll be leaving first." Tian die nodded, turned around, and left. She left quietly, not taking a single cloud with her ... Just like how she came quietly.

"Boss, you're friends with young sect master Tian?" Han xiaopo asked with some doubt.

"No, it's the first time we've met." Lin Yi shook his head. If they were friends, it would be qikun-he did come to the inn at the sky elixir sect for help.

But house Zhao's Zhao Qikun's fake betrayal wasn't made public yet, so the heavenly silkworm transformation should be closer to Zhao Qibing, not Lin Yi. Was the heavenly silkworm transformation really here to uphold justice?

"That's weird, the young society head was obviously biased towards us, otherwise he wouldn't have given us the great recovery pill ..." Zhishan was also confused by the heavenly silkworm transformation's actions.

"Forget it, we can't read the minds of the ancient sect's Masters. Since everything's fine now, that's for the best." Grandpa Pi waved his hand and turned to Chentian, "Push Mister Lin back. It's windy outside!"

"Yes!" Wu Chengtian nodded and pushed Lin Yi back.

After Tian die left, she naturally went to report to Tian Gang. The black-robed elder brought Zhao Qibing back to the Dark Palace, only to be met with the Supreme elder's anger! Of course, this wasn't directed at them, but the sky elixir sect!

"Heavenly silkworm transformation, you've gone too far! It's just that Wan 'er didn't marry your father back then, right? Do you have to suppress the Dark Palace like this?" The Grand Elder had completely blamed the strange behavior of the heavenly silkworm transformation on Wan 'er! She glanced at ye Wan 'er, who was sitting silently at the side, and said, ""Ye Wan 'er, because of your mistake back then, our Dark Palace was reduced to a bottom-tier sect. The heavenly silkworm transformation is actually helping that little slut to suppress us!"

Zhao Qibing, on the other hand, was extremely shocked because he saw a mature version of Chu Mengyao here! And the Grand Elder kept calling her a B * tch, could he be referring to Chu Mengyao? There must be a hidden story behind this!

Qibing was filled with energy after discovering this secret! This was a huge discovery-it seemed like the Grand Elder was very unhappy with Lin Yi and Mengyao. If she became a disciple of the Dark Palace, she just had to get on the Grand elder's good side and she could plot against Lin Yi and Mengyao!

With that thought, Qibing started laughing coldly. Lin Yi, Oh Lin Yi, you didn't expect this, did you? I, Zhao Qibing, found another ally here! Next time, it'll be you kneeling and begging for mercy, not me!

As for ye Wan 'er, Zhao Qibing guessed that she had a deep relationship with Chu Mengyao, but so what? Zhao Qibing finally understood that in the dark Palace, the Grand Elder had the power to speak, and ye Wan 'er was just a puppet without any real power.

"Grand Supreme elder, I will definitely work hard to cultivate and strive to pass down the inheritance as soon as possible ..." Ye Wan 'er said, somewhat dejected.

"It's good that you know how to work hard! I don't want the Dark Palace to be removed from the list because of you during the meeting of the heaven class!" The Grand Elder said.

The news of the sky silkworm sect supporting Lin Yi quickly reached the Hidden House Zhao, and the overjoyed old man Zhao fell into an ice cellar, losing all his happiness.

It was understandable that the Hidden House Yu supported Lin Yi, but Tian can? How was this possible? Didn't Lin Yi have a grudge against the sky elixir sect?

The Hidden House you received the news as well, but they were even more confused than the Hidden House Zhao. Didn't elder Kang Zhaoming give them the poison? Why was the heavenly silkworm transformation here to help Lin Yi?

At this point, even the Ganshan sect and Golden Bell sect, who had been waiting for an opportunity to go after Lin Yi, were doused. No matter how strong they were, they wouldn't dare to go against an ancient sect, especially one of the strongest ancient sects!

Not long after Tian die returned to the sky elixir sect and Tian Gang, Tian Gang was summoned by patriarch xuanchen! Zhaoming received the Hidden House of the right's question as well, which meant that the xuanchen ancestor had received the news.

Tian Gang was not worried. She had already thought of a reason and directly went to patriarch xuanchen's room! However, what pissed Tianjie off was that Zhaoming was here too.

Heavenly silkworm transformation greets martial uncle xuanchen!" Tian Gang respectfully greeted.

"En, take a seat. Heavenly silkworm transformation." Patriarch xuanchen nodded and gestured for the heavenly silkworm transformation to sit down and talk.

The heavenly silkworm transformation didn't reject the offer and sat across from the xuanchen ancestor. This was a privilege that even Zhaoming didn't get. After all, the heavenly silkworm transformation was the young master of the heavenly elixir sect.

"Martial uncle, is there something you need from me?" Although the heavenly silkworm transformation had a rough guess in his heart, he still pretended not to know and asked.

"Heavenly silkworm transformation? I heard you went to Eastern Sea city?" "Help Lin Yi resolve the conflict with the Dark Palace?" the xuanchen ancestor asked calmly.

"Yes, uncle-master, I just came back." "Yes!" Heavenly silkworm Saint nodded and replied frankly.

"Oh? Don't you know that there's a conflict between Lin Yi and me? Why did you help him?" Although patriarch xuanchen's tone was calm, there was a hint of reproach in it.

"I know, but compared to Lin Yi, I dislike the Dark Palace even more." "The dark night Palace and the sky elixir sect have been enemies for many years," Tian Gang replied. "This time, I'm not helping Lin Yi, I'm doing this for the sky elixir sect's fairness!"

"Oh? Why do you say so?" Patriarch xuanchen was slightly taken aback, but he was still satisfied with Tian Gang's answer. The conflict between the sky elixir sect and the Dark Palace had been accumulated from the previous generation. Of course, it was also because of the interference of those two ruthless people back then, who prevented ye Wan 'er from aborting the child and becoming the concubine of the young master of the sky elixir sect, Tian Ji Xing. Otherwise, the Dark Palace and the sky elixir sect would have been in-laws, and they would not have been in such a terrible state!

Therefore, he didn't think there was anything wrong with Tian Gang's reason.

Chapter 2967 Xuanchen's Warning

"We designed the sky elixir sect's trial this time, and a lot of practitioners died. Although this isn't too suspicious, people will still get suspicious over time. I'm going out now to show that the sky elixir sect is fair and just. Even if the trial ends, the rewards will be protected by the sky elixir sect. This way, there will be more participants in the next trial.

"So that's how it is. You're still thinking too much." Patriarch xuanchen nodded and said in relief, ""However, if that plan succeeds this time, we won't need that kind of trial spirit medicine to refine pills anymore!"

"So that's how it is. Then my disciple is being meddlesome." The heavenly silkworm transformation said.

"It's not a big deal. You're the young master of the sky elixir sect, of course you have to put the reputation and benefits of the sky elixir sect first. You did nothing wrong. " Patriarch xuanchen waved his hand and said, ""Let's just forget about this. That Lin Yi, stay away from him and don't help him. "

"Yes, this disciple understands." Tian Gang hurriedly lowered his head and replied. However, a trace of undetectable determination flashed through her beautiful eyes.

"Alright, you can go back first." Patriarch xuanchen waved his hand, indicating that Tian Gang could leave.

After Tian Gang left, the xuanchen ancestor looked at Zhaoming and said, ""It's not a big deal. According to the reports, Lin Yi's meridians and dantian are already broken. Even if he had a class 4 great recovery pill, it wouldn't help because he can't make any pills. An additional grade three great recovery pill is just an additional joy. "

"That's true. I was a little too impatient. " Kang Zhaoming quickly apologized.

"The heavenly silkworm transformation, although he's your senior brother, he's already the young master of the sky elixir sect. Try not to question his actions in the future!" The xuanchen ancestor muttered to himself before instructing Zhaoming.

"Master, isn't the sky elixir sect a subsidiary of our five elements sect?" Zhaoming blinked.

"Yes, they're a subsidiary sect, but they've been following behind the five elements sect all these years, and they've gotten a lot of benefits as well. Our five elements sect is just a hidden sect, and all the benefits on the surface have been taken by the sky elixir sect. The power of the sky elixir sect has been expanding rapidly in the past twenty years, and from what I can see, they're no less powerful than the everyday and every day sect." Ancestor xuanchen said with a grave expression.

"You saw it? Is there something you can't see?" Zhaoming blinked.

"Who doesn't have a trump card? "Including our five-elements sect ... Hehe ..." At this point, patriarch xuanchen only smiled and did not continue.

But Zhaoming understood what the xuanchen elder meant. The five-elements sect seemed to be holding back as well-what he saw might not be the full strength of the sect! Zhaoming couldn't help but get excited at the thought."Since the sky elixir sect is our subsidiary, shouldn't we investigate if they're hiding something?"

"If you want a sect to work for you in peace, you either have to have absolute power and eat them up, or you have to let them always have a trace of fantasy and a trump card, thinking that we can't

completely eat them up." "No." Patriarch xuanchen waved his hand. "You're still young. You don't understand the mentality of those in power."

"Oh ... I see. Then why don't we, the five elements sect, go to the front desk? If I go to the front desk, won't I be able to get more resources?" Kang Zhaoming asked, confused.

"Hehe, it seems like it was the right decision not to go to the front desk. If we did, I guess little one and I wouldn't be in the five elements sect." Patriarch xuanchen said with some emotion.

"Honored master, what is the meaning of this? What do you mean by not in the five elements sect?" Zhaoming didn't understand what he meant.

"It's something that happened a dozen years ago-two Sky Class Masters came out of nowhere and took away all the Sky Class late phase peak Masters. Anyone who resisted would die, but anyone who followed them would be able to become a Sky Class master. " When ancestor xuanchen thought about the past, he felt a little scared. Fortunately, the five-elements sect was led by boss Xuan tianbai and kept a low profile. That was why the two experts did not discover the existence of the five-elements sect. Otherwise, the five-elements sect would not have been spared.

"A heavenly Dao expert? There really are heavenly Dao experts in this world!" Zhaoming realized that he was a frog in a well. "Aren't those two people a little too overbearing? Those who resist will die? Isn't this unreasonable?"

"In the world of cultivators, the weak are prey to the strong. What logic is there to speak of? You're being unreasonable by poisoning Lin Yi, aren't you?" Patriarch xuanchen shook his head and said disapprovingly.

"Ugh ... That's true ..." Kang Zhaoming just remembered that he was the same.

"Plus, these two Sky Class Masters aren't unreasonable-in the world of practicing, which Sky Class late phase peak practitioner isn't dirty at all? All of them have killed people before and snatched other people's treasures. If these were to be listed, they would also be guilty. " "He just casually took out a clause to talk about it," patriarch xuanchen said."You can't do anything about it."

"Then wouldn't it be better to follow them? Can't you advance to the heavenly Dao?" Kang Zhaoming still didn't understand.

"That's true, but who saw it? For the past thousands of years, the only way for us practitioners to become a Sky Class practitioner is to open the sky Class Island and become a Sky Class practitioner there, not follow someone else to become a Sky Class practitioner. " "Furthermore, it seems like the cultivators who left with those two people have completely disappeared," said patriarch xuanchen."There's no news of them in the pugilistic world anymore. Therefore, I think there's an 80% chance that they've never returned."

"What are those two heavenly path experts trying to do?" Zhaoming asked.

"I don't know about that. Heavenly path experts have strange thoughts that we can't predict. Before reaching that level, no one knows what people at that level are thinking or pursuing." Patriarch xuanchen shook his head.

"Alright," he said. Kang Zhaoming nodded and stopped asking, ""Right, master, is Lin Yi still going to make that ultimate Qi gathering pill?"

"There's no need to refine it for now. Let's refine the marrow and bone cleansing pill for the everyday and every day sect first!" Patriarch xuanchen waved his hand and instructed,""Lin Yi's dantian's crippled, what's the point of taking pills? Plus, if he's not disabled, then we can't let him eat it-what if he rises two levels and breaks through into Sky Class? then wouldn't the poison be for nothing?"

Chapter 2968 Returning To The West Star Mountain Village Again

"That's reasonable, it's still Lord master who thinks far ahead!" Zhaoming flattered. He'd already thought of this, but he couldn't make the decision himself, so he asked the xuanchen patriarch.

The xuanchen elder glanced at Zhaoming. With his intelligence, how could he not see through Zhaoming's hypocrisy? But he didn't say anything. He liked Zhaoming's personality. He felt that this disciple of his was definitely better than his other disciples in terms of devilish and immoral skills!

This was also the reason why patriarch xuanchen often had Zhaoming by his side-it was a great thing to have a disciple who was equally wicked and smoking.

.....

What happened today, although it was a close call, it made Lin Yi break out in cold sweat!

If it wasn't for the heavenly silkworm transformation, Lin Yi would have no choice but to hand over the recover pill. However, even if he did, with Zhao Qibing's evil personality, he might not let Chu Mengyao and Chen Yushu go. He would definitely do something to disgust him.

Although Qibing's third leg was broken, he wouldn't do anything dirty. Lin Yi believed that Yaowang didn't have the ability to cure him so quickly, but the more it was so, the more abnormal Qibing's mental state would be.

He'd dodged it today with the heavenly silkworm transformation, but he couldn't guarantee what would happen next time.

This time, although Lin Yi didn't face any immediate danger, the worry in his heart was even greater! He couldn't predict what was going to happen, and if Kang Zhaoming got the news and brought people to cause trouble, Lin Yi wouldn't be able to guard against it!

And so, after dinner, Lin Yi looked at the people in front of him and made a difficult decision!

"I'll pack up and go back to West Star Village with Shu and Yaoyao. We'll hide for a while. I'm leaving. The enemies won't do anything to you. You can go home. " Lin Yi's tone was normal, but anyone could see the helplessness and desolation on his face.

Lin Yi's words made everyone who had just finished eating fall into silence. When Lin Yi first got injured and became a cripple, he mentioned that he wanted to go back to West Star Village. Although many of his lackeys weren't with him at that time, he heard the news from others after the incident.

This time, Lin Yi wanted to go back again, and it was obvious that he was at the end of his rope-this wasn't what they wanted to see.

"Boss, I'll follow you wherever you go. Although you don't need me as a bodyguard, I can still help with carrying your bags!" Chentian was the first to make his stance clear-he wanted to follow Lin Yi to the village!

"I don't have anything to do, so I'm taking Zhishan and Zhihai to Mr. Lin's hometown for a tour." Old master Pi smiled, not really caring.

"Haha, elder Pi, it looks like we've come to the same conclusion! We don't have anything to do with the Han family, so let's go on a trip!" Said han Tianba, grandfather han.

"If you all go without us, we will definitely be unhappy. We are all the boss's underlings. Why can you all go but we can 't?" Zhuang niaoqiang immediately chimed in.

Lin Yi was very touched by the words of his lackeys, especially the Zhuang brothers behind him. He felt that the people around him were very loyal, and they would be the backbone of his strength for him to raise them into Sky Class and ancient.

"Of course, I welcome you to visit me." Lin Yi didn't say anything else, only nodding at them before turning to Mengyao and Yushu."Yaoyao, what do you think?"

"Shu and I will be fine, but we'll have to let daddy know." Mengyao was naturally overjoyed to follow Lin Yi back to his old home, but she kept a calm face as if it was a normal thing.

"Yaoyao sis, it's just the two of us going back to our hometown this time. You have to grab this chance to get a higher position!" Chen Yushu raised her fist and encouraged.

"Shu!" Mengyao kicked Yushu under the table. "What nonsense are you spouting!"

"No, I'm just telling the truth ..." Yushu pouted, feeling wronged.

"What do you mean by only the two of you? Didn't you two go back with me last time?" Lin Yi's mind was in a mess-he remembered going back to the village with Mengyao and Yushu, but that didn't seem to be the case ...

Mengyao glared at Yushu-she wasn't angry about the promotion, she was angry because Yushu said that there were only the two of them this time, and Lin Yi would've misunderstood ... Wasn't it?

Yushu realized that she'd let the cat out of the bag and laughed it off. "It was the same last time, but Yao Yao didn't take the initiative"

"Alright, Shu, let's not talk about this anymore. I'll call daddy right now and tell him about this!" Chu Mengyao followed Chen Yushu's words and changed the topic.

With that, Mengyao picked up her phone and dialed pengzhan's number. At this time, Lin Yi didn't want to disturb Mengyao's call, even if he was suspicious.

Chu Mengyao told Chu pengzhan about Lin Yi's injury in general. Chu pengzhan was shocked and said that he would rush over with uncle Fu immediately!

Chu pengzhan was currently expanding his influence in Eastern Sea city. He was usually busy, but he could rush over quickly.

As expected, not long after, uncle Fu drove Chu pengzhan and sun luofei to Lin Yi's Villa. When Chu Mengyao called, they were in the middle of a meeting at the company. Sun luofei returned to normal, and naturally helped Chu pengzhan with his new company in Donghai city as an assistant, accompanying uncle Fu more often.

"Yi, how did this happen?" Uncle Fu was shocked when he saw Lin Yi's injuries. He was one of the people who knew about Lin Yi's miraculous abilities. Didn't Lin Yi heal himself? Why couldn't he do it this time?

Lin Yi smiled bitterly as he explained the situation to uncle Fu and pengzhan in detail. The Miss didn't explain it clearly over the phone, only giving a rough outline without any details.

"So he was poisoned, and there's something wrong with his Energy Center and meridians ..." Uncle Fu nodded, understanding Lin Yi's difficulties. It wasn't that Lin Yi didn't want to solve this problem, but he couldn't. No wonder he wanted to go back to the West Star Village.

Chapter 2969 There's Still A Way

"Li Fu, actually, Mister Lin Yi's problem isn't incurable ..." Sun luofei listened to Lin Yi's current situation and pondered for a moment before saying, ""The main problem right now is that as long as we repair Mister Lin's meridians and energy Center, and then take two Qi gathering pills, you'll be able to break through the earth Class barrier and reach Sky Class. That way, the poison's effect will be dispelled on its own."

"Luo Xuan, we all know this now, but the key question is how to repair the meridians and Dan Tian? Lin Yi's Dan Tian is broken, he can't refine the Dan!" Said uncle Fu with a bitter smile.

"I'm not talking about pills ..." Sun luoxuan shook her head, ""Have you forgotten our Sun family's internal art?"

"You mean you?" Uncle Fu was taken aback. He then asked in confusion, "But right now, other than healing me, you can't heal anyone else, right?"

"It wasn't me ..." Sun Luoyue shook her head.

"You mean Jingyi?" Uncle Fu finally understood what sun luoxuan was trying to say. He slapped his forehead and said, "How could I have forgotten your family's exclusive internal strength mantra? If Jingyi can help, then Mister Lin's problem will be solved!"

"However, if you want to repair your dantian, you must first reach the second stage. The first stage is not enough." Sun luoxuan shook her head and said, "I'm only at the first stage, so I can't restore my dantian."

"Eh? Wasn't the second level able to save two people? Why does it require the second level to repair the dantian?" Uncle Fu asked in confusion.

"The complexity of the dantian is no less than a person's meridians. It's just that there are very few cultivators with broken dantian, so it's not taken as a special case. In fact, the second level can save two people because it can treat ordinary injuries for two people, including the meridians, not the dantian."
"Only with Jingyi's own hard work will this method work," sun Luoyue said.

"Jingyi's practitioner's Arts has actually reached the second level ..." Lin Yi ended the argument between uncle Fu and sun luofei.

"What? You've already reached the second level?" Uncle Fu and sun luoxuan were both surprised. "Really? How can her cultivation speed be so fast?"

"It's true. However, she's relying on the energy stone that uncle Fu's sect brought back. " "Uncle Fu, I even asked you about it," Lin Yi said.

"So it's that energy stone!" "That's great, Yi-you should contact Jingyi. I may be her father, but we haven't acknowledged each other yet ... It's not a good idea to tell her about this. "

Lin Yi, on the other hand, was a little embarrassed-he'd just wasted two of Jingyi's stats, after all. Jingyi wouldn't be able to do anything else other than heal him full-time from now on, and it was like he'd done her in!

From now on, her future training was all for him. Lin Yi felt bad about this, so he asked, ""Can I only repair my dantian and not my meridians?"

Sun Luoyue was slightly stunned, but she still replied, "It's fine to only repair your meridians without repairing your dantian, but it's not possible to repair your dantian without repairing your meridians. If you want to repair your dantian, you must go through your meridians. If there's no problem with your meridians, you can naturally repair your dantian by yourself, but you can't do it now."

"I see ..." Lin Yi was helpless. He didn't know if he should give Jingyi a call.

"Mr. Lin, you're our family's Savior. If you hadn't risked your life to save Jingyi in the Wulong hao te mountain range, I'm afraid she wouldn't have lived until now. She'll definitely agree." Uncle Fu said, seeing Lin Yi's hesitation.

"Yeah, isn't sister Jingyi half your lover? She'll definitely help if something happens to your half lover!" The Miss was a little disappointed that she couldn't go back to Starwest village, but Lin Yi's recovery was what she wanted to see the most. As for sun Jingyi's jealousy, she wasn't jealous anymore. After all, she was uncle Fu's daughter, and even if the Miss had to fight with someone, it would be Shu and sun Jingyi. They were already the most important people to her, just like Tang Yun and Feng Xiaoxiao back then, and now song Lingshan and Wang Xinyan were the same.

These were people who had sacrificed their lives to help her and Lin Yi. The Miss had no reason to hate them.

"Alright," he said. Lin Yi nodded, making up his mind. With Chentian's help, he dialed Jingyi's number.

Not long after the call connected, Jingyi's lazy voice came through. "Lin Yi? You're looking for me?"

"Why are you sleeping at this time?" Lin Yi blinked upon hearing Jingyi's voice.

"Yeah, I've been busy with my cultivation lately, so the time difference has turned black into white. You didn't come looking for me and left me alone in the hotel. I'm getting more and more confused." Jingyi's voice was a little bitter. "You didn't even come to find me after the trial ended!"

"You didn't go back to the sun family?" Lin Yi, on the other hand, was surprised-he didn't think that Jingyi would still be in the hotel!

"No, you didn't ask me to go back." Jingyi said.

"Then, can you come to my villa now? I have something to discuss with you. " Lin Yi said.

"Now? Go to your villa? Chu Mengyao and Chen Yushu aren't here?" Jingyi asked, confused.

"Yes, you'll know when you come." Lin Yi smiled bitterly. Mengyao and Yushu didn't really like Jingyi in the past, since she'd tried to seduce Lin Yi in front of them the first time they went to a bar. It was embarrassing, and she wouldn't show up in front of them unless there was something special.

"Okay, I'll go over now." With that, Jingyi hung up.

Jingyi's hotel was just nearby, and after ten minutes, she stopped her car in front of the villa.

"Eh? Why are there so many people?" Sun Jingyi entered the villa and realized that it was like a big meeting, there were a lot of people in the living room. When sun Jingyi's eyes fell on sun luofei, she was

clearly surprised for a short moment, but when she saw Lin Yi in the wheelchair, she immediately forgot about her surprise and asked nervously, "Lin Yi, what's wrong?"

"Let Chentian talk about this," Lin Yi had explained it many times already, so he decided to let Chentian tell Jingyi his problem.

Sun Jingyi heard Lin Yi's question and request, but she nodded without hesitation, "Then, when do we start healing?"

Chapter 2970 Acknowledging Relatives

However, Jingyi's face reddened as she said this-only she and sun luoxuan could understand.

"I'm not in a hurry. This is only the first step. Even if my meridians and dantian are repaired, I don't have any Chi-amassing pills with me. Besides, one Chi-amassing pill doesn't seem to work. I'll have to take two in a row." "Of course, it'd be even better if we could find the antidote-I wouldn't need the Qi gathering pill anymore, and you wouldn't even have to help me with my injuries," Lin Yi said.

"There shouldn't be an antidote for this!" Uncle Fu shook his head, "I've heard of this poison when I was in the realm, but I've never heard of an antidote. Usually, those who are poisoned by this poison will be crippled without the Qi gathering pill to break through. However, even if they use the Qi gathering pill to break through, they will still be crippled and will only be stuck at one level. Unless the sect is very strong and has an endless supply of Qi gathering pills. However, I'm afraid that other than the sky elixir sect, no other sect can produce that many Qi gathering pills!"

"I didn't ..." Lin Yi sighed, ""Looks like I'll have to go back to West Star Village. At least, I can't stay here until I find the two Qi gathering pills. Today, the matter with the Dark Palace has been resolved by the people from the heavenly elixir sect, but I can't guarantee that the Dark Palace will come back for revenge tomorrow ..."

"What? The people from the Dark Palace are here?" Chu pengzhan heard Lin Yi's words and suddenly became extremely excited. He looked at Lin Yi and asked anxiously.

"Uncle Chu, you know about the Dark Palace?" Lin Yi blinked, confused. "Today, the dark night Palace has indeed come to find trouble!"

Chu pengzhan heard Lin Yi's words and was shocked, "They ... Are here to cause trouble? What's the reason?"

"It's not because of anything, I'm just looking for trouble!" With that, Lin Yi explained the Dark Palace's intentions.

"They ... Came here just for that grade three pill?" Pengzhan let out a breath of relief, "You didn't ask for anything else?"

"No, what else should I ask for?" Lin Yi asked, confused.

"Nothing ... Nothing ..." Pengzhan shook his head, lost in thought. He seemed to have remembered something, but he stopped himself.

"Uncle Chu, is there a problem with the Dark Palace?" Lin Yi felt like pengzhan was hiding something.

"It's ... It's fine," "Let's not talk about this anymore, Yi. When do you guys plan to go back?" pengzhan said with a wave of his hand.

"Since it's confirmed, naturally the sooner the better, to prevent any more trouble." Lin Yi said.

"That's good, tomorrow it is then. You guys pack up, uncle Fu and I will send you guys off. " Pengzhan said with a nod.

"There's no need to send us off. We'll just leave on our own. It's better to keep a low profile for this kind of thing." Lin Yi said, "I said as soon as possible, not tomorrow. There are probably a lot of people watching us right now, and even if I leave, they'll be able to stop me on the way. So I want to wait for a while, at least for now. The Dark Palace won't come looking for trouble, and the other forces will have to think twice before they anger the Hidden House Yu and the heavenly elixir sect."

Pengzhan nodded, "okay, then you decide ..."

"Jingyi, even though it's a bit sad at this moment, I have something to tell you that makes me happy." Lin Yi turned his head to look at Jingyi.

"Ah ... What's the matter?" Jingyi was thinking about something embarrassing, her head lowered as she blushed when she heard Lin Yi's voice. "What ... What do you want to say?"

"Your parents are actually not dead." Lin Yi didn't know what Jingyi was thinking about, but he didn't think too much about it.

"What? My parents are not dead?" Sun Jingyi's eyes went wide, and all those thoughts were thrown to the back of her mind. Suddenly, she thought of something as well, and looked at sun luoxuan in shock!

"That's right, you might have already guessed that uncle Fu and granny sun are actually your biological parents!" Lin Yi said with a nod.

Jingyi's eyes reddened, but she didn't question Lin Yi's words. Lin Yi must've confirmed it many times to be so sure, and sun luofei's appearance was even more proof.

It was just that she never thought that uncle Fu and granny sun were her parents!

"Jingyi, Yi's right, Luo Xuan and I are your parents!" Uncle Fu looked at Jingyi nervously and expectantly, "Actually, I knew about it when you guys came back from the mountain and Lin Yi took out that energy stone. It's just that your mother and I have a very strong enemy, and I was afraid of implicating you, so I didn't tell you. But I didn't expect that even if you didn't acknowledge her, you still got into trouble a while back. I almost got you and Lin Yi into trouble, but it's a good thing that it's over now ..."

"Is this true? I'm not dreaming, right?" Jingyi felt like she was in a dream-Lin Yi was injured, and she found her biological parents.

"Jingyi sis, uncle Fu really is your father!" Mengyao had heard about this from Lin Yi and uncle Fu.

Jingyi understood-no wonder Mengyao was so friendly towards her, it was because she was uncle Fu's daughter!

Jingyi's guess was right-that was what Mengyao was thinking! Uncle Fu treated her like his own daughter, and he'd saved her many times. Now that he'd found his daughter, Mengyao accepted her even though she had some emotional entanglements with Lin Yi. She was uncle Fu's daughter, and that made her no different from her own sister.

Just like how Shu treated him, she never treated him as an outsider, and never fought with him for anything.

"Dad ... Mom ..." Jingyi thought it'd be a heavy call to her parents, but calling them out like that was incredibly easy!

"Jingyi!" Sun luoxuan's tears fell first, but uncle Fu was tougher and kept smiling at sun Jingyi.

"Mom ..." Sun Jingyi pursed her lips, walked forward, and threw herself into sun luofei's arms.

Everyone found it funny that a grown up like sun Jingyi would do something like this, but they could understand her feelings.

Looking at sun Jingyi's happy face, Chu Mengyao was touched. If one day, she saw her mother, would she be like sun Jingyi? He probably would!
