Chapter 2981 Bringing Good News

"I didn't tell you guys before, but qitan was the one who injured me. But if he didn't hit me, I'd be dead in the Hidden House Zhao!" With that, Lin Yi explained what happened that day in detail to the two girls.

This included Lin Yi's other lackeys in the living room-all of them understood after listening to Lin Yi's story that qikun was forced to do that. If he didn't do that, Lin Yi might've been forced to stay in the Hidden House Zhao. Qikun seemed to have betrayed Lin Yi, but he was actually helping him!

"Boss, you're so wise! I was almost beaten to death!" Qikun let out a breath of relief when he saw that everyone's gazes towards him were much friendlier now.

"A few stones can kill you?" Chentian hmphed coldly. "If it wasn't for the fact that you didn't see through your grandfather's scheme in time, boss wouldn't have been injured! You house Zhao just can't do it-look at us, house Wu, house han, house Pi, house Zhuang, we're all following boss Lin Yi!"

"This ... I don't have a choice! Old man Zhao is short-sighted, you can't blame it on me. " Qikun said helplessly.

"Alright, let's not talk about qitan anymore-even I couldn't tell myself. No one would've thought that old Zhao would take out two hundred million to bribe me-even a hidden house wouldn't be able to take out such a huge sum of money so easily, especially house Zhao who hasn't been making much money recently. So, taking out this money at a time when I needed it the most, I didn't suspect that old Zhao had any other intentions." Lin Yi said, trying to smooth things over.

"Thank you, boss ..." Qikun said gratefully, ""By the way, boss, are your injuries ... All healed?"

"Alright, I'm done!" Lin Yi nodded, "it's all thanks to Jingyi, she used house sun's Arts to repair my meridians and dantian!"

"That's great! Boss, you can finally return to your former glory and come back with me to the Zhao family to seek justice!" Qikun stood up excitedly-he was completely disappointed in house Zhao now, no longer having any feelings for them-in his old man's eyes, he was just a tool that could be used, a chess piece that could be thrown away at any time. This made qikun's heart turn cold-from the moment he called his old man "old man Zhao," he was ready to cut all ties with house Zhao!

"? ?" Lin Yi paused, and so did everyone else. They all looked at qikun, speechless.

"Qitan, the boss" Energy Center and meridians have only recovered-his strength hasn't fully recovered yet. We have elder Pi, a Sky Class early phase, but we don't have the confidence to take down the Hidden House Zhao in one go! Also, if we go to find trouble with the Hidden House Zhao, if the Hidden House you, the GaN mountain sect, and the Golden Bell sect interfere at the same time, wouldn't we have even less chance of winning?" Han xiaopo raised an objection.

"It's easy to deal with strength!" "What I'm worried about the most are the meridians and dantian-as long as they're recovered, breaking through to Sky Class is just a matter of minutes!" Qikun said.

"What? Qikun, you're not having a fever, right? Isn't that nonsense?" Han xiaopo was a little helpless."Although the sky elixir sect promised the boss to make him a Qi gathering pill, they're still dragging it on and not giving us a definite answer. Besides, even if they did bring the Qi gathering pill over, there's only one left. They're still missing one, and it won't help!"

"I don't need the Qi gathering pill!" Qikun wasn't angry, however. He only shook his head mysteriously and took out an exquisite wooden box from his pocket. "Guess what good stuff I brought back?"

"Qi gathering pill?" Han xiaopo said subconsciously, but after she finished, she shook her head. ""No, you said you don't need Qi gathering pills. What is that? Is it the antidote?"

"I don't think it's the antidote!" Grandpa Pi shook his head. "Qitan said that you'll break through to Sky Class in a matter of minutes-the antidote alone wouldn't do that. Could it be a substitute for the Qi gathering pill?"

"Haha, old man Pi, you're getting smarter with age!" Qikun laughed as he opened the box, and a strong medicinal smell wafted out, stunning everyone!

Especially for cultivators, when they smelled this smell, it was as if their cultivation speed would increase!

"Eh?" Lin Yi, on the other hand, was a little surprised-the pill qikun took out had a very similar scent to Xinyan 's! Lin Yi found this very strange.

"What's wrong? Boss?" Qikun quickly asked after seeing the weird expression on Lin Yi's face.

"It's nothing ..." Lin Yi shook his head, ""What is this?"

Lin Yi, naturally, wouldn't tell them that Xinyan's scent was the same as the pill-only a few people knew that Xinyan could help him with his practicing, and these lackeys didn't know about it. It was something personal, after all, and Lin Yi couldn't just say it out loud. He was just curious about what the pill was.

"This pill is called the middle Qi gathering pill!" Qikun explained, "this was Qi Jiu's reward for finding a one-hundred-thousand-year-old herb in the Ice Palace. Apparently, the recipe for this mid level Qi gathering pill has been lost for a long time!" However, even though this mid Qi gathering pill's effect is much worse than the Qi gathering pill, it doesn't have the drawback of not being able to continue cultivating after taking it!"

"Oh? A middle Qi gathering pill?" It was Lin Yi's first time hearing the name of the pill, but it sounded like something good! Unfortunately, it was a waste for him to eat it, and the Qi gathering pill still had no drawbacks for him.

"Yes, it's said that the remaining medium Chi gathering pills are all in stock from a long time ago. The recipe is lost, and no Alchemist can make it anymore. One pill is one less pill." Qikun said with a nod.

"Zhao qijiu is giving away something so precious ..." Lin Yi was touched-these pills were like coal in the snow!

"Boss, if Xiaoxiao wasn't the Vice sect master, do you think the sect would give an outer disciple such a huge reward? Not only did he get a reward, but he was also promoted to an outer sect steward. This was simply unrealistic! As long as qijiu's brain isn't damaged, he'd know who he's doing this for. " Qikun explained, "take whatever you want, boss. You don't need to feel guilty or embarrassed. You deserve this!" Besides, you became like this because of me. As your younger brother, it's reasonable for me to provide you with medicinal pills to help you detoxify!"

Chapter 2982 Insincere Words

"Alright, then I won't thank you." Lin Yi nodded. Qikun was right, but Lin Yi was also responsible for getting poisoned. Everything had been too smooth for him recently-whether it was the Sky Class Masters or the test at the sky elixir sect, he'd defeated them all with ease, making him let his guard down. That was why he fell for old man Zhao's trap, "Can these three mid Qi gathering pills help me break through to Sky Class? Wasn't it said that the medicinal effect of this medium Chi-amassing pill was not as good as half of the medicinal effect of the Chi-amassing pill? Two Qi gathering pills are needed to break through to Sky Class-three shouldn't be enough, right?"

"Enough, it's like this ..." Qikun had the same concerns before, but he understood after qijiu's explanation, so he explained everything to Lin Yi.

Lin Yi was a refiner, but he wasn't too sure about the theory behind the Qi gathering elixir and the medium level Qi gathering elixir. However, after hearing qikun's explanation, he was very excited, "I can break through to the Sky Class ... That's great ..."

"Boss, you're going into closed-door training now?" Qikun was even more worried than Lin Yi-after all, he was the one who caused Lin Yi's injuries, and so he felt really guilty and hoped that Lin Yi could recover as soon as possible.

"Yes, I'll take it now." Lin Yi nodded. "But our plan was in vain. We don't have to go back to Starwest village. It's safe!"

"There's no need to go back ..." The young miss was slightly disappointed, but then she smiled and said, ""Lin Yi, congratulations, Shu and I are finally relieved! It's good that we don't go back. This way, we can take the final exam and don't have to take make-up exams next semester. "

"Yaoyao sis, you don't seem to be speaking the truth?" Chen Yushu blinked.

The young miss blushed, but she pretended not to hear him. ""Lin Yi, you're going to go into isolation now?"

Lin Yi nodded and stood up. He took the pill and walked to his room. In fact, Lin Yi was quite worried himself. He had lost his strength these few days and faced a series of unexpected events. If he had strength, he wouldn't be in such a difficult situation, even if he couldn't fight against the dark Palace.

Lin Yi went into seclusion, and the others stayed in the living room to protect him. After all, it would be too late for regrets if something happened during the process of consuming the pill.

After closing the door, Lin Yi sat cross-legged on the bed and placed the three mid Qi gathering pills in front of him. He wasn't nervous this time since he had the experience of taking Qi gathering pills before.

After all, the last time he had taken the Qi gathering pill, it had been thrilling. He had to choose the right time, not earlier or later. At that time, his body had also been poisoned and kept dropping levels. He had to take it at the moment of breakthrough to break through the level barrier.

This time, Lin Yi just needed to consume the three mid Qi gathering pills and everything would be fine.

Taking a deep breath, Lin Yi solemnly picked up the three mid Qi gathering pills in front of him and put them in his mouth, swallowing hard and directly into his stomach!

Lin Yi couldn't help but let out a cry of surprise. The moment the Qi gathering pill entered his stomach-a warm current flowed from his dantian to his entire body. Immediately after, all of his meridians felt like they were on fire, extremely hot!

With the experience from the Qi gathering pill last time, Lin Yi decided to let things take its course this time, instead of resisting it! To be honest, even if Lin Yi wanted to use his Arts to resist the heat, he couldn't because he was poisoned. He couldn't use Arts at all!

The heat became more and more intense with the passage of time! Lin Yi felt like he was on fire! But even so, Lin Yi gritted his teeth and persevered-he was very familiar with this feeling, it was the same as the first time he took the Qi gathering pill!

Slowly, Lin Yi could feel his clothes getting burnt by the heat from his body, but no matter what, it was a good thing. It was uncomfortable, but he felt really good inside because this feeling was the same as last time-it was the sign of a breakthrough!

Earth Class late phase, Earth Class late phase peak ... Lin Yi could feel the strength in his body rising bit by bit. It was slow, but the whole process was smooth and steady.

From the looks of it, the effect of the mid Qi gathering pill was still very strong. Lin Yi felt that it would be great if he could have such a fast cultivation speed ... Eh? It seemed that the Qi gathering pill was the same as the pill and Wang Xinyan.

Lin Yi could clearly feel that the Qi gathering pill's energy absorption rate was much faster than the Qi gathering pill-it was like Lin Yi was holding Wang Xinyan while eating the Qi gathering pill. It seemed that there must be some connection between the Qi gathering pill and Wang Xinyan!

However, Lin Yi was in urgent need of the Qi gathering pill to recover his strength. He couldn't break down the pill and study it slowly. Lin Yi didn't have the ability to distinguish the recipe of the elixir. This thing and the recipe were two different concepts. At least, Lin Yi didn't have the ability to do it now.

Earth Class late phase full phase, about to break through to Sky Class early phase-Lin Yi's forehead was already covered in sweat, and his clothes were like cloth under the sun for a long time-they'd been weathered and torn apart, falling on the bed. But Lin Yi didn't have the time to care about that-the energy in his body was increasing at an extremely fast speed.

The Qi in the air started to gather around Lin Yi, and more and more of it gathered. It circled above Lin Yi's head, forming a weak vortex!

The Qi in the natural world was pitifully scarce, especially in the city. However, this Qi was only gathered automatically when he broke through. Lin Yi's breakthrough this time was the same as last time, he relied on the pills and not the Qi, so it didn't matter how much Qi He had!

The Qi of heaven and earth, in other words, resonated with the Qi in Lin Yi's body, circulating rapidly around his body, faster and faster, and Lin Yi felt his body temperature rising!

Lin Yi could even smell something burning-it was his pants. His clothes were torn into pieces and fell on the bed, but his pants were still on his legs, burning on their own.

Chapter 2983 Who Broke Through?

Normal people couldn't feel the spiritual Qi, but Lin Yi's lackeys could clearly feel it, and their faces were filled with joy.

"Looks like boss broke through successfully ..." Qikun's heart finally settled down. Lin Yi broke through, and his mission was complete.

"It should be!" "That's right!" Old master Han nodded. "Judging from the scale of true energy, it should be a sign of breaking through the barrier of a higher level, not a lower level!"

Although the small barrier also had this kind of heaven and earth Spirit Qi, it was not strong. When breaking through the big barrier, it would be so powerful.

Not only did Lin Yi's lackeys feel the Qi, but even Yu Yi, who had been observing nearby, felt it! Yu Yi's face was filled with surprise!

Even when Qikun came to Lin Yi's place, Yu Yi wasn't this surprised. Although Lin Yi should have some sort of enmity with Qikun, and the reason why Qikun was still in Lin Yi's Villa-Yu Yi was confused, but it wasn't too shocking.

After all, it didn't matter to him what happened to House Zhao. House Yu and House Zhao were already on bad terms, and House Yu didn't care about House Zhao's business at all. It didn't matter if Qikun was a traitor or repentant-his goal was to make sure Yushu wasn't harmed.

However, this true energy fluctuation moved him a little. This was obviously a sign that someone had broken through the barrier of a large level. Who had broken through in this villa? Who was at the edge of the level barrier?

After thinking about it, Yu Yi could only think of han Tianba as a reliable person. Elder han was an Earth Class late phase peak, and only he could break through. But how did he do it? Could it be a natural breakthrough?

It must be known that the spiritual energy of heaven and earth was very scarce in the natural world. The Han family did not have any advantageous resources, so how could they have broken through?

Yu Yi didn't understand, but this wasn't a bad thing for him. With that, there were now two Sky Class Masters in Lin Yi's Villa-old man han and old man Pi.

If the enemy came again, with two Sky Class Masters, even the ancient sects would have to think twice before attacking-and if that didn't work, they still had him, the Sky Class from the Hidden House Yu.

But even so, Yu Yi still reported the news of someone breaking through to house Yu's Yu Tianxing!

"What? You're saying that someone in Lin Yi's Villa broke through? Han Tianba from the hidden han family?" Elder Yu asked, surprised.

"That's right, old master. If I'm not wrong, it should be han Tianba. He's the only one in this villa who can fulfill the requirements for a breakthrough." Yu Yi nodded.

"What happened in Lin Yi's Villa today?" Yu Tianxing didn't trust Yu Yi's judgment directly but asked back. Elder Yu was a very smart person, otherwise the Hidden House Yu wouldn't be where they were today.

"Today ... Right, Zhao qikun came today, and he's allowed into the mansion!" Yu Yi replied.

"Zhao qikun? Didn't he betray Lin Yi? Wasn't the Hidden House Zhao his enemy? What's he doing here?" Yu Tianxing frowned-it was understandable if qikun was kicked out, but it was weird that he was allowed in.

"I don't know-I was quite far away, so I couldn't see what happened from my angle. I only knew that Zhao qikun was here." Said Yu Yi.

"Zhao qikun ..." Yu Tianxing nodded,""Hmm ... I'm afraid that qikun's betrayal isn't that simple. Han Tianba ... Shouldn't be able to break through. Lin Yi may be a mysterious person, but his house isn't a cultivation paradise. How did he break through?"

"Then ... Old head, you mean ..." Yu Yi paused. If it wasn't han Tianba, who could it be?

"Why don't you think about whether Lin Yi broke through or not?" Yu Tianxing made a bold deduction.

"Lin Yi?!" Yu Yi almost threw his phone out,"How is that possible? Not only was Lin Yi poisoned, but he's also disabled ..."

"Oh, Lin Yi's crippled? Are you sure he's crippled?" "You heard it yourself? Lin Yi told you he's crippled?" Yu Tianxing asked back.

"No, but isn't that what everyone says?" Yu Yi was puzzled.

"Back then, Lin Yi said he was crippled as well, and house Xiao was done for-we thought that Wu Chengtian was crippled, but it was Yufeng and the common house Yu who were crippled. Do you think that Lin Yi and the people around him could think in a normal way?" "Don't forget, Lin Yi can kill a Sky Class in seconds!" Yu Tianxing said.

"So ... Lin Yi was in disguise? He's been locked up in his room for the past few days because he's touched the level barrier and is preparing to break through?" "But ... Wasn't he Earth Class late phase before?" Yu Yi's voice trembled.

"Can't he suppress his strength? Besides, why can't a person who can fight an enemy above his level level also level up?" Yu Tianxing said.

"That's true, the old head's wise to see the essence of the matter right away. This Lin Yi's really a fraud!" Yu Yi started to sweat. "It's a good thing I didn't disrespect Lin Yi, or I'd be in real danger ..."

"Not bad, next time you see Lin Yi, be more polite." Yu Tianxing ordered.

"Okay, I'll call him young hero Lin too." Rain one nodded.

"No, you have to call him senior." "It's not that I'm trying to please him, but he really does have the right to be your senior. But because of his relationship with Yu Bing and Yu Ning, I can call him young hero!"

"Old head ... You mean, you want to ... With Lin Yi ..." Yu Yi paused as he remembered something.

"You're thinking too much. I just don't want to offend him, but it's hard for house Yu to be on good terms with him. Okay, I'm hanging up now. Xiaochen is here, we'll talk about it later ..." Grandpa Yu said.

"Yes, old master!" Yu Yi hung up the phone and fell into deep thought ...

However, Yu Tianxing hung up the phone and fell into deep thought. If it wasn't for the fact that he had no other choice, Yu Tianxing would really want to get closer to Lin Yi. But with the current situation, house Yu and Lin Yi were going to go against each other sooner or later. It was just a matter of time.

It was impossible for Yu Ning to follow Lin Yi, and as a hidden force of the five elements sect, Yu Tianxing vaguely knew the future that Yu Ning had to face as an inheritor!

Chapter 2984 What Do You Think?

Even if she accepted the inheritance, it was impossible for her to be with Lin Yi. Even if it was possible after breaking through to Tian Dao, at that time, Lin Yi might not even want Yu Ning anymore, and the position that Grandpa Yu gave Yu Ning was the future Head of House Yu.

All of this was the source of the conflict between him and Lin Yi, but there was nothing he could do about it. He knew that things were going to develop this way, but there was nothing he could do-he couldn't go against the five elements sect.

Even if they gave Yushu to Lin Yi, it could ease the relationship between Lin Yi and house Yu, but Yushu wasn't an option! Not a single one-this was the biggest headache for Grandpa Yu.

"Father, what are you thinking about?" Xiaochen came to his father's room to find that the old man was in deep thought, not saying anything.

"Chen, what do you think of Lin Yi?" Elder Yu asked, raising his head.

"Lin Yi?" Xiaochen paused, not sure why his father was asking this question, but he replied honestly, "To be honest, I don't have any feelings for Lin Yi. Since he can't be ning's boyfriend, he's destined to be house Yu's enemy ..."

"If I can't be her boyfriend, must I be her enemy?" Yu Tianxing continued to ask.

"This ... Father, forgive me for being slow-witted, but I don't know what you mean by that. Is house Yu changing our strategy? But isn't Lin Yi crippled?" Xiaochen asked, confused.

"You also think he's crippled?" Yu Tianxing smiled faintly as he looked at Xiaochen with a strange expression.

Xiaochen's heart dropped upon seeing his father's half-smile, "Could it be fake? Lin Yi isn't crippled, but he's planning something?"

"I'm not sure if it's a scheme or not, but someone broke through in Lin Yi's Villa today, and it was a major strength level too. " Said elder Yu.

"Father, you're saying that Lin Yi ... Has broken through to Sky Class?" Xiaochen asked, surprised.

"It's very possible!" Elder Yu nodded, "at least, I think that's more likely."

"Hmm ... So the days ahead will be a bloody one. It's a good thing that we didn't get involved when the Hidden House Zhao went after Lin Yi," Xiaochen said, still a little scared. He was only earth Class late phase peak-if Lin Yi were to become Sky Class, what would house Yu have to fight him?

He couldn't possibly complain to the five elements sect that he couldn't even defeat a rogue cultivator, could he? Plus, even though the five elements sect didn't say anything, the Hidden House Yu still knew about the time when little one and little eleven came to deal with Lin Yi, but they didn't do anything about it. There must be some sort of secret agreement behind this, and this worried Xiaochen.

"Even if Lin Yi didn't level up, we wouldn't join in. Lin Yi is no longer someone we can deal with, we don't need to throw an egg at a rock. Plus ... House Yu's future belongs to Yu Bing and Yu Ning, they won't be happy if Lin Yi dies." Grandpa Yu waved his hand. "Right, tell me what you're here for. Is there something you can't make a decision for, why are you still asking me?"

"Father, it's about Xiaojin." Xiaochen was obviously talking about Yu Xiaojin, Zhao Guangyin's wife and Yu Tianxing's daughter. If it was something else, he would be able to make the decision, but for Yu Xiaojin, he had to ask his Grandpa for permission. But now, it didn't seem like a big problem anymore, "But, if Lin Yi's not crippled at all, and he's even a Sky Class master, then this wouldn't be a big deal anymore. House Zhao's survival would be another story."

"What's wrong with Xiaojin?" Yu Tianxing asked. Yu Xiaojin was his daughter, after all, he couldn't just leave her be. Elder Yu wasn't the type of person who valued boys over girls, he treated his children the same. This was also the reason why Yu Ning could become the head of the house in the future.

"I've been really depressed lately-because of what happened with Zhao Qibing, the Hidden House Zhao fell out with us, and I've been banished from the house. I'm currently living with my nephew, and it's hard for me to live in house Zhao," Xiaochen sighed,"I don't know what's gotten into old Zhao, but he's determined to make Qibing the head of the house. His miraculous position has been taken away, and Xiaojin has lost his position. He's suffering so much that he's called me to tell me everything, and he wants us to think of something."

"If he wasn't crazy, he wouldn't have provoked Lin Yi-if I were him, I'd make that Zhao qikun the head as soon as possible and get Lin Yi's support-I think that old man Zhao's brain must've gone crazy from all the Qi gathering pills he ate-stolen things aren't that good!" Elder Yu's lips twitched,"you're right, we don't even know if house Zhao still exists. Tell her to come back when she can-if she can't, Lin Yi's already gone. Tell her to tell Lin Yi that she's Yu Bing and ning's aunt, and Miao Miao is Yu Bing and ning's brother. Lin Yi won't do anything to her."

Elder Yu knew Lin Yi very well, and knew that he was very forgiving towards his little brother and the people around women. Although he was puzzled why Lin Yi didn't punish them after such a big mistake, it was clear that Lin Yi was very forgiving towards his little brother.

It was the same for qikun, who was able to enter the villa today-Lin Yi didn't drag him into this because of his anger towards house Zhao.

"Yes, father, I understand." Xiaochen nodded and left.

.....

Ice Palace.

Bing Tang listened to aunt Qing's report-qijiu gave all his herbs to qikun, which meant that he was giving them to Lin Yi.

However, Rock Candy didn't stop him. Her feelings towards Lin Yi were very complicated, even though she kept reminding herself that Lin Yi was a bad guy. Not only did he hook up with her sister, but he also made her Junior Sister love him to death. Both of them just had to be inheritors, and she wasn't.

If they accepted the inheritance, they'd definitely be stronger than her. They were all willing to follow Lin Yi, and she was just a small wife-what advantage did she have? His previous arrogant attitude would probably become a joke when the time came, right?

And so, in her mind, Lin Yi should just die-it'd save her the trouble of thinking about him naked and that evil thing every time she thought of him.

But, in her subconsciousness, she didn't want Lin Yi to die!

Chapter 2985 Rock Candy's Thoughts

If Lin Yi died, her mother Wang Yujie would be sad, her sister Tang Yun would be sad, and her junior Feng Xiaoxiao would be sad ...

As for me ... Hmph, I'm not worried about her. I'm only worried about the people around me!

"Aunt Qing, you should go there yourself. If the Dark Palace people come looking for trouble with Lin Yi again, cover for them." "If the Dark Palace asks, just say that vice Palace Master Feng ordered you to come. Lin Yi is her lover, so it's not against the ancient rules."

"Ah?" Aunt Qing, on the other hand, was stunned. She didn't expect that the usually indifferent and pure rock Candy would take the initiative to meddle in this matter, which made her feel a little incredulous.

"I don't want Lin Yi to affect Xiaoxiao's training. Also, I can't just ignore mom and Tang Yun's feelings, can I?" Bing Tang looked at the shocked aunt Qing and explained with a slightly unnatural expression, ""It has nothing to do with me. I don't want to be a small, small, small wife. It's better if he's dead!"

"Ah?" When aunt Qing heard the first half of Rock Candy's sentence, she was a little enlightened, but the second half of the sentence made her even more confused. This didn't seem like rock Candy's character! Furthermore, she had even specially explained what 'small, small, small wife' meant.

In fact, even Bing Tang herself didn't know what she was thinking. She had been in the Ice Palace since she was young, and all she did every day was cultivate. She didn't know when she started to pay attention to this person. Although Bing Tang was biased towards this person, she had to admit that this person had entered her life from then on, becoming the only new idea in her boring life in the Ice Palace.

No matter if this person was powerful or unlucky, Rock Candy would always listen to aunt Qing's nagging. If he was powerful, Rock Candy would be a little nervous, worried that she would become his little little little wife. If he was unlucky, Rock Candy would gloat in his heart, thinking, 'how can he let me marry him with such a standard?' I'm really overthinking things.

But ... Bad luck was bad, Lin Yi was going to die, and Rock Candy didn't want him to die for real. Otherwise, if he didn't hear the news in the future, he'd feel that his life wasn't happy anymore. That was why he sent aunt Qing to check it out.

Even rock Candy didn't realize it, and so he pushed all the blame onto Xiaoxiao, Tang Yun, and Wang Yujie.

However, this tsundere personality was very similar to the Miss. If the Tang Yun before wasn't the real Tang Yun, and this Rock Candy was the real Tang Yun, then she and Xiaoxiao together were the real miss and Shu.

"Aunty Qing, I'm actually still waiting for him to make the pill for me-I've been Sky Class late phase peak for too long, and I want to become a Sky Class too, so I'm waiting for Lin Yi's ice heart Jade bone pill!" Rock Candy explained.

"Oh ... Alright, Palace Master!" Aunt Qing was confused. Until now, she still didn't understand the real reason why rock Candy asked her to help. However, she didn't want to ask anymore, so she nodded and prepared to go down the mountain.

One had to admit that as outer sect managers, Yu Bing and qijiu had some connections-they couldn't get through the upper levels, but the lower levels were quite smooth!

There weren't any men in the inner sect-they were all women, but the lower-level disciples who served others were servants. They'd have to get married eventually, and even if they did, they wouldn't be able to leave the Ice Palace-so their only choice was the male outer sect disciples!

With this connection, Yu Bing and qijiu, as outer sect managers, naturally knew the inner sect managers- after all, the Ice Palace had their own rules as an ancient sect-even after the inner servants and outer sect disciples got married, they couldn't meet each other every day. They could only meet each other on the weekends, and so it'd be a tragedy if any outer sect disciple found out that his wife was on her period.

As a result, some of the inner sect maids and outer sect disciples would come to visit at other times. The Ice Palace rules didn't mention this, but it had been an unwritten rule for thousands of years. As long as the inner and outer sect managers agreed, they could come and visit.

And so, the inner and outer sect were one family, and Yu Bing easily found the inner sect maid who served Xiaoxiao, and asked her to deliver a letter to her.

Feng Xiaoxiao's maidservants were all selected through strict selection. Although they were managed by the inner sect, they were also independent existences. If it was any other big matter, she wouldn't take the risk to help, but this kind of small matter that didn't harm any benefits, she was naturally happy to help!

Especially when she heard that Yu Bing and qijiu were close to Feng Xiaoxiao, they seemed to have known each other since they were in the mortal world. That was why the maid helped her without hesitation.

Feng Xiaoxiao received Yu Bing's letter and was a little surprised. She didn't understand why Yu Bing would suddenly write to her. Couldn't he just ask someone to deliver the letter? However, after Feng Xiaoxiao opened the letter, she was shocked!

Lin Yi's meridians and dantian were destroyed, and he was poisoned! Xiaoxiao wasn't the same troublemaker anymore-she was now the Vice sect master of the Ice Palace, and she was on the path of practicing herself! Naturally, she knew how serious these two things were!

One could even say that this was the same as cutting off Lin Yi's path of cultivation! Although Lin Yi had his own strengths, his meridians and dantian were all destroyed. He couldn't use his Arts, and he couldn't refine the pill either. What should he do?

Xiaoxiao panicked-she didn't think that Yu Bing would lie to her. This wasn't something that could be joked about!

And so, Xiaoxiao quickly ran out of her training ground and headed to the rock Candy's training ground!

Other people wouldn't be able to see Bing Tang right away, but Xiaoxiao was able to do so without any trouble. Aunt Qing wasn't here, and no one in the Ice Palace dared to question her, so she went straight to Bing Tang's room.

"Xiaoxiao? What are you doing here? Aren't you in seclusion to break through to Sky Class?" Bing Tang looked at the person in surprise. Feng Xiaoxiao's practicing talent was pretty good because of her body. After taking some practicing herbs and Qi gathering pills, her strength rose all the way to Earth Class late phase peak!

Of course, with this strength, taking two or one mid Qi gathering pill would be enough to break through to Sky Class, but using mid Qi gathering pills as a breakthrough pill had a fatal flaw-it was even more serious than not being able to level up after taking the pill, so he didn't give the rock Candy to Xiaoxiao, letting her break through on her own.

Chapter 2986 Big Problem

"Senior Sister Bing Tang, Lin Yi's husband is in trouble, Did you know?" Xiaoxiao wasn't stupid-to be honest, she was worried, but when she received the letter, she understood one thing-Rock Candy must've known about Lin Yi's injury, but she was intentionally hiding it from him.

This also meant that Yu Bing couldn't send him any messages-he could only do so through his servant. The only one in the Ice Palace who had more power than him was Rock Candy.

Rock Candy's heart tightened. Xiaoxiao actually knew? I wonder who leaked the information? But Rock Candy was glad that she made the decision before. Otherwise, there would be a barrier between her and Xiaoxiao.

"Oh, you're talking about Lin Yi? I've already asked aunt Qing to go, in case someone tries to take advantage of us." Bing Tang pretended as if nothing had happened and said indifferently, ""I didn't want to affect your cultivation, so I didn't let anyone tell you."

"Argh! Aunt Qing has already left!" Xiaoxiao felt a lot more at ease after hearing that. "That's great! Senior Sister Bing Tang, so you're this interested in Lin Yi honey too? did you fall in love with him when you saw him naked last time?"

"..." Three black lines flashed across Rock Candy's head. "I'm just afraid that no one will concoct pills for me after he dies!"

"If he can concoct pills, then you can be his little little little wife too, right? Haha, then you'll have to call me sister Xiaoxiao! You're the senior Sister outside, but I'm the big sister here!" Xiaoxiao said.

"There's no point in saying all this. How's your cultivation going? Have you touched the barrier to the heaven rank?" Rock Candy's face turned slightly red, but it disappeared in a flash. He changed the topic and asked.

"Not yet ..." Xiaoxiao shook her head, ""Sky Class isn't that easy to break through, my training speed is already fast enough ..."

"You have a cold Yin body, and you're the birthplace of the ice attribute. With the addition of elixirs, it would be a real problem if your cultivation speed is not fast!" "Go back and continue your isolated practicing, I'll keep an eye on Lin Yi for you," said Rock Candy.

"En, en, I'll leave Lin Yi honey to Rock Candy sister then!" Xiaoxiao nodded. She knew that Lin Yi's meridians and dantian were destroyed, and it wasn't something she could help with. Not even rock Candy could help!

Xiaoxiao knew how strong the Ice Palace was, and her dantian and meridians weren't normal injuries. As long as Lin Yi didn't have anyone taking advantage of her, she'd be happy. As for the rest, Lin Yi would have to think of a way himself.

Bing Tang frowned at Xiaoxiao's flirtatious words. What did she mean by giving Lin Yi's boss to her? A little annoyed, he couldn't help but make a joke, ""You gave him to me, you don't want him anymore?"

"Haha, Lin Yi honey, you can't leave me alone! At most, you can add Rock Candy sister!" "How about this, with Yun Yun sis, Yaoyao sis, Shu, and Bing Tang, we can have a 6p ..." Xiaoxiao said.

"I don't want to play 6p, you guys can play by yourselves!" Bing Tang said helplessly. It seemed like it was a mistake to joke around with Xiaoxiao. She only needed to talk about one topic and it would lead to this mess.

"Then, Rock Candy Senior Sister wants to play by herself? that's fine, but it's better to have fun with everyone than to have fun alone ..." Xiaoxiao said, a little regretful. "It's more fun to play together ..."

"I really should have frozen you back into the ice coffin!" Bing Tang's face darkened as he turned around, ignoring Xiaoxiao.

"Senior Sister Bing Tang is shy, sigh, I can't tell the truth in the future, it's easy to offend people if I tell the truth ..." Xiaoxiao shook her head and walked out of Bing Tang's room.

Bing Tang, on the other hand, almost fell to the ground after hearing the last sentence. When was she shy? He was clearly angered!

.....

Lin Yi felt that the Qi in his body was getting more and more. He didn't need to direct it, but the pain in his meridians and dantian was still very painful. However, it was still within the range that Lin Yi could bear!

After all, the first time he took the pill, he had to release the compressed Qi explosively in his body, and the pain was much more intense than now.

Finally, Lin Yi felt that the Qi from the mid Qi gathering pill had reached its peak. It felt like water was about to overflow. Lin Yi knew that he was about to break through!

As expected, not long after that, Lin Yi felt a loud 'boom' in his body, and the surrounding spiritual Qi spun rapidly, forming a huge vortex and rushing into Lin Yi's body!

After breaking through, Lin Yi could clearly feel the changes in his senses after entering Sky Class. Whether it was his hearing, vision, perception, or his body's qualities, they all felt an obvious improvement!

Lin Yi subconsciously started circulating the art of Dragon mastery. The second stage of the art of Dragon mastery was circulating smoothly in Lin Yi's body, and there was no longer any sign of poisoning. Lin Yi finally let out a breath of relief-the poison was finally removed!

He was an Earth Class back then, and he could kill a Sky Class in seconds? After entering Sky Class early phase, Lin Yi could already feel the difference between him and earth Class Masters. He didn't know if the sky Class Masters he killed were too weak or something, but at least Lin Yi felt that he couldn't be killed by the earth Class back then!

Perhaps there was a difference in strength between Sky Class Masters! This difference in strength was more obvious the higher the level-even if there was a difference between Mystic and golden class, it wouldn't be too big. It was like a centimeter and nine millimeters-it wasn't that big of a difference, and you wouldn't be able to tell from a distance.

But the difference between ten and nine centimeters was huge-one look was enough to tell the difference, and it should be the same for Sky Class Masters. Of course, this was just Lin Yi's guess!

"Huuuu has broken through? This feeling is just too good. " Lin Yi wanted to get up from the bed and stretch, but the next moment, he realized that something was wrong. He felt that his acupuncture points were still absorbing the Qi from the air, and it didn't stop!

What was going on? Lin Yi's face gradually turned red, and his body, unable to absorb the surrounding spiritual Qi, turned purple. It was a terrifying sight! Lin Yi, on the other hand, felt like he was suffocating in a lack of air. His body was desperately trying to absorb the spiritual Qi!

Chapter 2987 Aunt Qing Is Here

However, there was no Qi around Lin Yi-the Qi in the city was scarce to begin with, and when Lin Yi broke through just now, all of it was gathered and poured into Lin Yi's body. Where was the Qi now?

However, what made Lin Yi feel strange was that he could absorb the Qi of heaven and earth when he was breaking through, but he couldn't when he was cultivating! It was estimated that during the breakthrough, the spiritual energy of heaven and earth would automatically gather and form a pure energy. However, during cultivation, the spiritual energy of heaven and earth could not be gathered!

But now, Lin Yi couldn't care about that anymore, because he felt like he was suffocating. Of course, it wasn't that he couldn't breathe, but that his body needed to absorb the spiritual Qi from heaven and earth, and the spiritual Qi around him couldn't supply it!

.....

Aunt Qing arrived at Donghai city, near Lin Yi's Villa.

However, she didn't enter the villa, because that would be too abrupt. Just as she was hesitating, she suddenly felt that there were other cultivators nearby! The next moment, aunt Qing was in front of Yu Yi!

Aunt Qing and Yu Yi were both Sky Class Masters, but Yu Yi's strength was lower than aunt Qing's, and he was also a hidden Sky Class master. Naturally, he was weaker than the Sky Class Masters from the ancient sects.

"Who ... Who are you?" Aunt Qing's appearance gave Yu Yi a big shock-Yu Yi looked at her cautiously, not daring to make a move. Although aunt Qing didn't reveal her strength, someone who could get close to a Sky Class early phase like him without making a sound was probably an even stronger master-Yu Yi was very clear about this.

Aunt Qing could tell from Yu Yi's relaxed aura that he was a practitioner, but he didn't reveal what level he was at. She didn't have the Golden finger, so she couldn't tell what level elder Li was at.

"Where are you from? What are you doing here? Could it be that you are up to no good?" Aunt Qing was here to help Lin Yi guard against those who wanted to take advantage of him, and with Yu Yi hiding nearby, aunt Qing naturally saw him as Lin Yi's enemy.

"I'm elder Yu Yi of the Hidden House Yu-I won't be a bother here, who are you and?" Yu Yi wasn't arrogant, but he didn't lower his voice either.

"Hidden house Yu?" Aunt Qing paused-wasn't this Yu Bing's family? Then they shouldn't be enemies, so his attitude became more amiable.""In that case, you're considered one of us!"

"?" Yu Yi blinked, not thinking much of aunt Qing's attempt to get close to her. "Don't try to get close to me. What's on our side? How come I don't know you?"

Aunt Qing laughed after hearing Yu Yi's words-she was being polite when she said they were on the same side, but she didn't expect Yu Yi to reject her first. She wasn't angry, however, "Your Yu Bing is an outer disciple of our sect, do you think he's one of us?"

Yu Bing? Outer sect Deacon? Didn't that mean that this person was from the Ice Palace? With that thought, Yu Yi's body shivered. "Senior, are you a master of the Ice Palace?"

"Hehe, I'm the same as you, an elder." Aunt Qing was a very kind person and said with a smile.

"Hidden house Yu's Yu Tianxing's follower, old Yu Yi, greets the elders of the Ice Palace." Yu Yi quickly cupped his fists, but his tone was a little cocky. Yu Yi's position in the Hidden House Yu wasn't much lower than the current head, Yu Xiaochen. He was just trying to build up his own reputation so that his position wouldn't be much lower than aunt Qing's.

One had to know that the Sky Class elder of the Hidden House Yu was no weaker than a normal elder of an ancient sect.

Aunt Qing frowned. She was pretty much the same as Yu Yi-Yu Yi's job was to serve Grandpa Yu, while Qing's job was to serve Rock Candy. They were very similar, but aunt Qing didn't want to make it obvious.

However, since Yu Yi had already said so, aunt Qing had the mood to teach him a lesson. She smiled faintly, "Looks like we're quite similar-I'm Qing, just one of the sect master's servants. I was only able to become an elder because the sect master raised me, and it was all through connections."

Aunt Qing's words sounded like she was depreciating herself, but it was like a clap of thunder to Yu Yi's ears, making him blush! He had thought that in order to gain face for himself, he would not be too weak in front of aunt Qing, so he had said those words before. However, he did not expect that the consequences of these words would be self-humiliation!

Aunt Qing's position in the Ice Palace was second only to the sect master 's-it was almost the same as his position in house Yu. However, aunt Qing had always been nice and nice, while he was always acting tough, and it made him feel a little embarrassed.

"Senior, you're here for ..." Yu Yi didn't want to embarrass himself so he quickly changed the topic.

"Our vice Palace Master, Feng Xiaoxiao, is Mister Lin Yi's girlfriend. She heard that Mister Lin Yi was injured, and sent me here to see if there are any clowns!" "Elder Yu Yi, did you see that?" aunt Qing said honestly.

"Elder Qing, just call me Yu Yi-I'm not an elder in front of you!" "I did see a few clowns ..." Yu Yi blushed.

Yu Yi didn't hide anything from Qing. He told her what he saw, how house Zhao and dark Palace came to cause trouble, including the first time he came to resolve it, and the second time the young master of sky elixir sect, sky silkworm sect, came to resolve it.

"The heavenly silkworm transformation has also arrived?" Aunt Qing heard Yu Yi's words-she didn't see anything wrong with Yu Yi making a move, of course. Seeing Yu Bing in the Ice Palace, she thought that the Hidden House Yu and Lin Yi had a good relationship-she didn't expect the complications. She only suspected the purpose of the heavenly silkworm transformation.

"That's right, young master Tian said it's to maintain the fairness of the sky elixir sect's trial!" Said Yu Yi.

"Fair and just? When had the sky elixir sect ever been fair? It's already a blessing if they don't bully others. " Aunt Qing snorted coldly, clearly disapproving of the sky elixir sect.

Yu Yi didn't dare to say anything-ancient matters weren't something an elder of a small hidden house like him could comment on, so he pretended not to hear anything.

"Forget it, let's not talk about this. What else did you see?" Aunt Qing waved her hand dismissively. She clearly didn't want to talk too much about the sky elixir sect.

"After that, Zhao qikun came, but the people in Lin Yi's Villa didn't kick him out, they let him in ..." Yu Yi said honestly.

Chapter 2988 Quickly Stop Him!

But he didn't say anything about elder Yu's guess that Lin Yi was pretending to be injured. After all, these were all baseless things, who knew if they were real or fake? He only said what he saw.

"Alright, thank you. You can continue to stay here. I'll go take a look." Aunt Qing didn't chase Yu Yi away-she thought that Yu Yi was sent by Yu Bing to protect Lin Yi. She turned around and walked back to the villa.

Yu Yi let out a breath of relief as he looked at aunt Qing's back. He quickly called elder Yu! He had to tell this to master Yu-the Ice Palace had made their move! It seemed that the situation of the Ice Palace wasn't like what Yu Bing had reported in his letter-Bing Tang had full control of the Ice Palace! Now, Feng Xiaoxiao seemed to be able to make her own voice in the Ice Palace! Or rather, Feng Xiaoxiao and Bing Tang's relationship had already reached a certain level, otherwise, Bing Tang wouldn't have allowed someone like elder Qing to appear here personally!

It seemed like house Yu was right not to get too involved in this-otherwise, Yu Bing would be dragged into this!

Elder Yu was surprised by Yu Yi's report, but he wasn't too nervous,"Yu Yi, do your job-if that elder Qing talks to you again, find a chance to hint to him that you're here to help Lin Yi because of Yu Bing!"

"Yes, old master!" Yu Yi said.

Aunt Qing asked about the situation and decided to go to the villa to see Lin Yi-she wanted to check on his condition, and with her here, it was enough to scare off any troublemakers. The Ice Palace elder was here, and even if the Dark Palace came, they'd have to go back.

Aunt Qing rang the doorbell as she stood in front of Lin Yi's Villa.

The sudden ringing of the doorbell startled everyone in the villa. After all, Lin Yi was at a critical moment of his breakthrough, and it was natural for them to be nervous when someone suddenly came to visit.

"I'll go and take a look. " Old man Pi said after a moment of thought. He was a Sky Class, the strongest of the group, so he volunteered.

Naturally, no one had any objections. Grandpa Pi walked to the door and saw a woman in green standing there. She didn't look like someone from the modern era, but more like someone from ancient times or someone from a wuxia TV show.

"May I ask who you are looking for?" Old master Pi asked, confused.

"Hello, is this Mister Lin Yi's Villa? I'm Qing, an elder of the Ice Palace-the sect master and vice sect Master Feng sent me here-they heard that Mister Lin Yi was injured, and wanted me to come and scare off some of the younger generation!" Aunt Qing spoke her identity and purpose directly to the people around Lin Yi, and gave her Ice Palace elder token to the old man.

"Argh! It's elder Qing, please come in!" Hearing aunt Qing's identity, old man Pi quickly made a welcoming gesture. As for the token in her hand, he'd heard of it before-one look and he knew it wasn't fake. "I'm the head of the Hidden House Pi, and the people inside are all Mister Lin Yi's family and followers!"

Aunt Qing nodded and entered the villa with elder Pi-everyone inside had heard their conversation outside. Hearing that it was an elder from the Ice Palace, they all looked happy.

However, it seemed that aunt Qing's arrival didn't matter anymore. Lin Yi was going to recover his strength soon, and aunt Qing could go back when he recovered.

"Hello aunt Qing, I'm Chu Mengyao. I've heard Lin Yi mention you before, thank you for taking care of him in the Ice Palace." Mengyao had heard Lin Yi talk about the Ice Palace before, and knew that aunt Qing had put in a good word for him.

"Hehe, it's just a small matter that I can do." "Where's Lin Yi?" aunt Qing smiled nonchalantly. I'll take a look at his condition. "

"It's like this-Lin Yi's recovering his strength in his room right now, so you'll have to wait for a while, aunt Qing. " Mengyao said.

"Recover my strength?" "Didn't someone destroy his dantian and meridians? how did he recover his strength?" aunt Qing was slightly stunned.

Because when aunt Qing came, Lin Yi had just completed the breakthrough from Earth Class late phase peak to Sky Class early phase. The surrounding spiritual Qi had already entered Lin Yi's body, and there was no feeling around him anymore. Aunt Qing didn't know that Lin Yi was breaking through.

"Lin Yi's meridians and dantian have been healed using a special method, and right now, he's preparing to use the mid Qi gathering pill that qikun got from your sect to break through into Sky Class early phase." Mengyao didn't hide anything-the mid Qi gathering pill was from the Ice Palace, after all.

"What?" "You're saying that Lin Yi took the Qi gathering pill and is preparing to break through to Sky Class?" aunt Qing was shocked.

"Yeah, is there something wrong?" Mengyao's heart skipped a beat when she saw aunt Qing's face change. Something seemed to be wrong!

"Quickly stop him. Tell him not to use the Qi gathering pill to break through the level barrier. Otherwise, the consequences will be unimaginable!" Auntie Qing said quickly. She had Mengyao stop them because they were in Lin Yi's Villa, and she couldn't just barge in. After all, Mengyao was more familiar with the layout of the villa.

"Ah?" Chu Mengyao didn't bother to ask why and quickly ran to Lin Yi's room. She didn't knock and just pushed the door open. Chen Yushu followed behind Chu Mengyao and barged into Lin Yi's room, ""Lin Yi, don't use the mid Qi gathering pill to break through!"

Mengyao called out subconsciously as she stood at the door. She raised her head to look at Lin Yi and was surprised to see him naked, sitting cross-legged on the bed.

"Ah!" Chu Mengyao couldn't help but scream. Her face was red and she was about to leave when she suddenly remembered that she came here to stop Lin Yi from taking the Qi gathering pill. She quickly stopped!

But she was complaining inside-what was this Lin Yi doing, training without any clothes?

"What's wrong, Yaoyao sis? what's wrong with shield bro?" Shu, who was following behind, thought that Mengyao had seen something terrifying when she heard her scream.

"It's ... It's ... It's nothing ... Shu, go and see what's wrong with him!" Chu Mengyao blushed and stammered, not knowing what to say. Her heart was still beating wildly at this moment. She didn't even dare to look in Lin Yi's direction but she couldn't turn around and leave either. She could only let Chen Yushu see what was going on!

"Oh?" Yushu blinked, wondering why Yaoyao sis didn't want to see Lin Yi, but wanted her to? However, she was worried about Lin Yi, so she quickly walked around Mengyao and went into the room.

Chapter 2989 Breakthrough, Sky Class Early Phase!

"Oh?" Yushu froze as well when she entered the room and saw what was inside, but she wasn't blushing or anything like Mengyao. She was just surprised, "Holy shit, shield bro isn't wearing any clothes? But shield bro's muscles are still as fit as ever, he's so cool!"

"Shu! I'll let you see how Lin Yi is, what are you doing!" Mengyao was a little annoyed-Yushu was admiring Lin Yi's naked body at a time like this!

"Ohoh ..." Yushu quickly walked over and started examining Lin Yi's body, including his private parts. Luckily, she wasn't joking this time and was serious, as if she was really checking Lin Yi. Mengyao was a little embarrassed, but she didn't stop her. She only looked at Yushu from the corner of her eyes, not daring to look at her.

After a long time, Yushu concluded that Lin Yi looked perfectly fine, other than the fact that he wasn't wearing any clothes! "Yaoyao sis, Shu can't tell what's wrong with shield bro, but I've never seen other guys naked before, so I'm not sure if there's anything wrong with him!"

"Go to hell!" "You're taking advantage of me!" Mengyao said, pissed.

"You can look too, Yao Yao, you're the one who didn't want to." Chen Yushu said.

Aunt Qing heard Chu Mengyao's scream and was ready to run over to see what was going on, but Chen Yushu said that Lin Yi wasn't wearing any clothes. Naturally, aunt Qing couldn't go and see what was going on. However, she was very anxious in her heart. Now that she heard that Lin Yi's body was fine, she couldn't help but wonder, "There's nothing wrong with Lin Yi's skin? Wouldn't it turn purple? And it's showing signs of shriveling?"

"I didn't!" Yushu said firmly, shaking her head.

"Eh? That's strange. Could it be that he didn't take the Qi gathering pill to break through?" Aunt Qing thought for a while and could only think of this possibility, so she shouted from not far away from the door, ""Lin Yi, it's your aunt Qing. I know you can hear me, but don't take the mid Qi gathering pill to break through, or the consequences will be severe!"

With that, aunt Qing turned to Mengyao and Yushu. "Alright, you guys can leave now. Don't disturb him. I've already told him!"

"Alright!" Mengyao was a little suspicious, but it seemed like everything was fine. She finally relaxed, "Shu, let's go!"

"But I haven't seen enough ..." Chen Yushu said, a little reluctant.

"Lecherous girl, if you keep looking, you can stay here. I'm leaving!" Mengyao said.

"Oh, then I'll be leaving too ..." Although Chen Yushu said that she was leaving, she kept turning back every step. Chu Mengyao was so angry that she kicked Chen Yushu, ""Let's go!"

Lin Yi knew what was going on outside, but he was busy solving the problem. He didn't have the time to care about them. Lin Yi heard aunt Qing's words and smiled bitterly to himself. He wouldn't have been caught off guard if she'd come earlier!

He could only smile bitterly at the girls "conversation.

However, Lin Yi's skin was indeed purple before, but Chu Mengyao and Chen Yushu didn't notice it because Lin Yi had found a solution!

The feeling of "suffocation" was very painful for Lin Yi, and because of the lack of spiritual Qi, Lin Yi had an idea and quickly entered the Jade space! Outside, there was no spiritual Qi of heaven and earth, but it was different in the space of the jade pendant. There was an endless supply of spiritual Qi of heaven and earth!

As expected, when Lin Yi entered the Jade space, large amounts of pure energy entered his body, quickly nourishing his meridians and dantian!

Very quickly, Lin Yi was surprised to find that he had just broken through to Sky Class, and his strength was stabilized! This miraculous speed surprised Lin Yi-he'd heard that Sky Class Masters all had an unstable period of time when they broke through, especially when they used pills. Old Zhao was an example.

But Lin Yi realized that the Qi gathering pill didn't have this flaw-it stabilized his strength.

When Lin Yi's strength stabilized, he realized that his meridians stopped absorbing the Qi and returned to normal! However, when Lin Yi realized this, he lost the joy from before and was covered in cold sweat!

If he didn't have the space in the jade pendant, he would have been in trouble before! This Qi gathering pill seemed to be different from the Qi gathering pill. After the breakthrough, the Qi gathering pill would continue to absorb the spiritual energy of heaven and earth to stabilize the level of strength, but the Qi gathering pill did not have this process.

Lin Yi didn't have the Jade space to absorb pure energy, so where was he supposed to get all this energy to stabilize his strength? Even if Lin Yi didn't use the Jade space to train, and didn't take the Qi gathering pill, the thin amount of Qi in his body wasn't enough to stabilize his strength!

Lin Yi was sure that if he didn't absorb enough spiritual Qi, he would've suffocated 'to death!

In other words, if it was anyone else who used this method to break through, it would be very dangerous. At the very least, they would lose all their strength, and at the very worst, they would lose their lives!

Of course, qikun wouldn't do anything to harm him, and qijiu probably didn't know about this either-he took the pill to break through from Earth Class early phase to Earth Class late phase peak, not to break through the level barrier.

At that thought, Lin Yi was glad that the Jade space had saved his life again! This golden finger had always helped him at the most critical moment! Sometimes, Lin Yi would feel bad for himself-he had the Jade as a trump card, but his leveling speed wasn't as fast as naipao 's, but now that he thought about it, he'd still be the winner in the end. Leveling fast didn't mean he was the final winner!

After stabilizing his strength, Lin Yi took out a new set of clothes from his closet and put them on. However, at that moment, Lin Yi suddenly had an illusion!

It seemed that the last time he had taken the Qi gathering pill to break through, someone had come to see him. What had he done after that? I seem to have made a phone call, but who did I call?

Lin Yi shook his head-he really couldn't remember!

Chapter 2990 Going To House Zhao Again

Lin Yi didn't know why his memory was so bad sometimes, but now wasn't the time to think about that. He had to get out of here as soon as possible so that everyone wouldn't worry!

And so, Lin Yi got up, pushed the door open, and walked out.

"Lin Yi, how are you?" To Lin Yi's surprise, the first one to speak was Miss Chu Mengyao! Even Shu couldn't get it.

Plus, the miss's face was blushing, but the concern in her eyes was irreplaceable. Lin Yi's heart warmed up!

"I'm fine!" Lin Yi shook his head and smiled at Mengyao before turning to aunty Qing."Aunt Qing, you've come!"

"Lin Yi, how are you? You didn't take the mid Qi gathering pill?" Aunt Qing looked at Lin Yi, confused, but she couldn't tell what level he was at if he didn't use the arts. He'd transferred the arts into the Jade space before she came, so she couldn't feel it from the outside.

"Aunt Qing, don't forget, after I took the Qi gathering pill and broke through to Earth Class, I could continue to cultivate and level up, so I'll naturally be fine after taking the mid Qi gathering pill!" Lin Yi didn't say much about his special situation. After all, the space in the Jade was a secret.

Aunt Qing didn't ask any more questions after Lin Yi pointed it out, "That's right, you're very magical. You can't use ordinary logic to think about it! Then, you are now ..."

"That's right, I'm Sky Class early phase now," With that, Lin Yi activated his practitioner's Arts, revealing his Sky Class early phase strength.

A look of surprise flashed across aunt Qing's face. She didn't know how Lin Yi's meridians and energy Center recovered, and how he was fine after taking the mid Qi gathering pill, but she didn't ask, ""Congratulations! It seems I've wasted my time here-I should go back and report to the sect master and vice sect master. "

"It's not an unnecessary move. Lin Yi, thank you for coming here to help, aunt Qing. If you need anything in the future, just let me know. If I can do it, I'll do my best!" Lin Yi had a very good impression of aunt Qing-she'd taken care of him the first time he'd visited the Ice Palace, and he'd always remembered it.

"Hehe, then aunt Qing will remember this. If there comes a day when I really need your help, don't refuse!" Aunt Qing smiled and got up to leave. She wasn't one to drag things out, and she was an elder of an ancient sect. It wasn't good for her to stay in the secular world for too long.

If Lin Yi was injured, she would have an excuse, but now that he wasn't injured, she was ready to leave.

"Aunt Qing, but please keep the fact that my meridians and dantian have recovered and that I've used the Qi gathering pill to break through and level up a secret." Lin Yi said seriously.

"Don't worry about that-your aunt Qing and I, as well as the sect master, aren't talkative people. Your Xiao Xiao wouldn't sell you out either. " Aunt Qing said with a smile.

"Alright, aunt Qing. I won't be sending you off then. You also know that I've just recovered and broken through. It's not appropriate for me to go out and show my face." Lin Yi said.

"I understand. You guys don't have to send me off. I'll walk on my own!" As she spoke, aunt Qing turned around and quickly walked out of the villa, floating away ...

After aunt Qing left, the villa's living room became lively again, and the happiest person was none other than qikun, "Boss, you've finally recovered. I feel much better now. Otherwise, I'd be guilty for the rest of my life!"

"Right, Lin Yi, the problem that elder Qing was talking about, what is it?" Old master Pi asked, confused.

"It's nothing much. It's just that the level barrier doesn't make sense in a few words. However, don't use the middle Qi gathering pill as a pill to break the level barrier in the future!" Lin Yi said.

"We have you to level up with, boss. Why would we need to take any pills?" Chentian said with a smile.

"Right, speaking of leveling up, qitan, come with me, I'll raise your strength to Earth Class late phase peak first!" Lin Yi said. Although the Hidden House Zhao tricked him this time, it didn't have much to do with qikun-he was able to break through to Sky Class all thanks to him, and Lin Yi hadn't had the time to help him level up yet, so naturally, he had the chance.

Also, Lin Yi wasn't wearing any clothes before, and it was a bit awkward for Mengyao and Yushu to barge into his room. He wanted to avoid them.

"What? Earth Class late phase peak?" "Boss, did I hear you right?" qikun blinked.

"No, but now that I'm a Sky Class, I can raise all of you to Earth Class late phase peak. As for the small Qi gathering pill, it's useless now, but with it, I can mass-produce Sky Class Masters!" Lin Yi said.

"Oh my God, boss, does that mean we'll be able to break through to Earth Class late phase peak too?" Chentian said, a little envious and surprised at the same time. He was envious that qikun was the first to level up, but the surprise was that Lin Yi wouldn't be able to do the same as them!

"Not bad!" Lin Yi nodded and took a deep breath, "Tonight will be the night when everyone's strength will skyrocket. Tomorrow, come with me to the Hidden House Zhao to take revenge!"

However, Lin Yi looked at qikun, wanting to see his attitude.

As expected, qikun's face was a little complicated, but it was soon replaced by decisiveness and decisiveness. "Boss, I'll go with you!"

Lin Yi nodded-it seemed that qikun was completely disappointed in the Hidden House Zhao. "Let's go. Come to my room first. The rest of you, stand guard outside the room!"

"Yes!" The group replied immediately, and qikun followed Lin Yi into the room ...

The next morning, when the sun rose, everyone in Lin Yi's Villa was already at Earth Class late phase peak, with the exception of old master Pi. Even old master Pi himself was an Earth Class late phase peak spiritual practitioner, but his physical body was already Sky Class, and Lin Yi couldn't level it up.

Looking at the room full of Sky Class followers, Lin Yi's emotions were surging like never before. This force was extremely strong even in the ancient world, but it wasn't enough to enter the ancient world yet. After all, Lin Yi didn't have any top class Masters here, and there were too few of them. Their Foundation couldn't compare to ancient sects.

However, with all these forces gathered together, it would be a piece of cake for them to trample on a hidden family!
