

Bodyguard 3001

Chapter 3001 After The Heaven Rank

However, based on the outside world's understanding of Tian Huan, they were overbearing and lecherous. How could they give their woman away? Not to mention a good furnace? Of course, if he were to let the cauldron stay by Tian Ji's side on the surface and secretly let his disciple use it, Tian Ji probably wouldn't allow it. Since the cauldron was in Tian Ji's hands, Tian Ji might be considering giving it to her younger brother, Tian Bian, or other people from the heavenly elixir sect. Patriarch xuanchen didn't want to cause conflict with Tian Ji over such a small matter, so he could only nod in agreement.

He was a little annoyed-if Zhaoming had just given him the stoves, he could've helped the Hidden House Zhao's Zhao Guangyin and mianhua strengthen themselves, just like now, but with the heavenly elixir sect's involvement, could he get them back?

Uncle-master xuanchen, is there anything else?" Tian Gang naturally guessed patriarch xuanchen's thoughts when he saw his expression. However, Tian Gang naturally would not let him have his way and deliberately pretended not to see anything.

"It's fine, you can go back now. This Kang Zhaoming, I'm going to give him a good scolding for doing something like this!" Patriarch xuanchen pointed at the Mulberry and scolded the locust.

"That's good too. I'm looking for a maid as well. Little peach and Kang Zhaoming are a couple, so I'm planning to marry little peach to Kang Zhaoming and fulfill their wish. That way, I'll have to find another maid. I'm guessing that Kang Zhaoming had the same intention when he gave me this cauldron. " Tian Gang purposely twisted Zhaoming's words.

Tianjie knew why Zhaoming was trying to get close to little peach. He wanted to use her to get close to him. Little peach wasn't some stunning beauty, but Zhaoming was pursuing her with all his might. The meaning behind this was self-evident.

"Oh? So that's how it is!" Realization dawned on patriarch xuanchen. He snorted coldly and said, ""No wonder this brat didn't give me any notice beforehand. It turns out he wanted to exchange for little peach! I was wondering!"

Patriarch xuanchen didn't have much interest in women, so he didn't think little peach was beautiful or ugly. He believed Tian Gang's words. After all, he had seen how close Kang Zhaoming and little peach had been recently.

"So, I think it's better to fulfill Kang Zhaoming and little Peach's wishes." Tian Gang said.

"That's fine. However, you'll have to warn little peach to keep her mouth shut. If she reveals that you're a woman, don't blame me for being rude to her. Her family will also die!" Said patriarch xuanchen.

"Alright, I'll pass on your intentions, uncle-master xuanchen." Tian Gang nodded.

"Alright, you can go." Patriarch xuanchen waved his hand, indicating that Tian Gang could leave.

.....

After Lin Yi returned to the villa, Chu Mengyao and Chen Yushu saw that Lin Yi's face didn't look good. The Miss asked curiously, "Lin Yi, what's wrong? The Hidden House Zhao's matter isn't going well?"

"Zhao Guangyin ran away with Chen Xi, and I can't contact the two brothers. I wonder how they're doing." Lin Yi frowned.

"He ran away?" Mengyao blinked.

"Yeah, but he only took Chen Xi, not Ying Ziyu-that's what I'm confused about. If Zhao Guangyin wanted to threaten me, he would've done it by now, but there's no news at all." Lin Yi said, worried.

"That's strange. " The eldest miss was also stunned after hearing this. Logically speaking, there was a reason for kidnapping people. It was either to rob money, to rape, or to blackmail them!

Chen Xi was Zhao Guangyin's daughter-no matter how much of a beast Zhao Guangyin was, he wouldn't do anything to her. As for money, Chen Xi's family was completely broke, and even if she did have some money recently, it wouldn't be enough to attract the attention of the Hidden House Zhao.

All that was left was to threaten Lin Yi, but he didn't do it!

"Shield bro, Shu did think of a possibility!" Yushu said after some thought."Could Zhao Guangyin have sent Chen Xi as a gift?"

"Gift?" Lin Yi didn't quite understand what Yushu was getting at.

Zhuang niaoqiang slapped his thigh and shouted, ""Yeah! Boss Lin Yi, why didn't we think of that? Shu-Jie is so smart, we both wanted to take Chen Xi as a cultivation furnace, and Zhao Guangyin definitely knew about this too. He could've just given her away as a cultivation furnace and asked for the protection and support of some big shots!"

"Oh? It's somewhat reasonable to say so. " Lin Yi nodded as he looked at Yushu."Shu, do you have the same idea?"

"Yeah, that's what Shu meant too." "That's exactly what Zhao Guangyin's thinking,"Yushu said confidently." The Hidden House Zhao won't be able to fight shield bro anymore. He'll have to find a stronger backer if he doesn't want to die, but Chen Xi's the only bargaining chip he has left. "

"In that case, Chen Xi is in danger!" Lin Yi's brows furrowed even more.

"However, there's no point in panicking now. I can only slowly gather information." Han Tianba consoled.

Lin Yi nodded, but it didn't take long before news came from the Hidden House Zhuang-they'd found elder Zhu and second Zhu in an alley near the school, with varying degrees of injuries. Elder Zhu's injuries were more serious, and they were on the way to Eastern Sea city!

But Lin Yi felt that it wasn't normal-both Zhu's brothers were earth Class Masters, and they were both injured. The enemy needed at least three Earth Class Masters to do this-could there be a third other than Zhao Guangyin and elder Mian?

Zhao Qibing! Suddenly, Lin Yi thought of Zhao Qibing. He immediately picked up his phone and dialed GE Xian's number.

"Boss, why are you calling again? That's fast. I don't have any new information!" GE Xian asked with some doubt.

"I'm not asking you for news, but I want you to help me keep an eye on someone-Zhao Qibing from the Dark Palace, he's related to Chen Xi!" Lin Yi said.

"Oh? Alright, I'll find some spies to ask around. " GE Xian quickly replied.

Although this matter made Lin Yi very uneasy, he still had to live his life as usual. Before he had any news of GE Xian, Lin Yi couldn't go around looking for news of Chen Xi like a headless fly. He could only do his own things step by step!

After breaking through to Sky Class early phase, Lin Yi had a lot of things to do. He had to practice the later stages of the raging fire Eight Trigrams palm and find a suitable sky-grade weapon for himself. The second stage of the art of Dragon mastery was already completed, and he could return to the West Star Village to open the third stone door at any time.

Chapter 3002 The Ninth Style Of The Wild Fire Eight Trigrams Palm!

After reaching Sky Class, he could use spring rain to provide more stamina and Qi. He wondered if he could make a sky-class pill with han Jingjing's help.

However, the most important point was that Lin Yi was in need of money right now. The medicine company was barely able to sustain itself, but it didn't mean that it had already overcome the difficulties. After this batch of medicine was sent to the distributors, there would definitely be a break!

Previously, it was the distributors who paid first and received later. But after this incident, which distribute would be so stupid as to pay first and receive later? They wouldn't act until they saw the opportunity and would pay when the goods arrived. This way, miracle doctor Guan's medical company wouldn't have the money to produce the next batch of medicine.

Fatty Lai had already told Lin Yi about this, but Lin Yi really didn't have a choice! Of all the lackeys, the richest was the common house Liu, and now that they were done for, Lin Yi really had nowhere to go to find money!

The richest in the hidden world were the Hidden House you and the golden clock sect, but they were only pretending to be nice because they were afraid of Lin Yi. It was impossible for him to ask them for money, and Lin Yi couldn't just go to them and extort them, could he?

He didn't want to see the ancient people interfering. He'd had enough trouble recently, and it'd just settled down-he didn't want more.

He could only take it one step at a time. Lin Yi settled his lackeys down for the time being and went to the backyard of the villa, ready to try activating the raging fire Bagua Palm.

As an Earth Class late phase, Lin Yi could already use the 8th style of the palm, but he couldn't use the 9th Style. The 9th Style, on the other hand, was already familiar with the flaming Fist, so Lin Yi activated the 9th Style and transferred his Qi to his palm, using the five elements Eight Trigram Palm's activation method to quickly activate it!

"BOOM!" A loud explosion sounded in the yard. Although Lin Yi only released it in the air, the power couldn't be underestimated. The huge explosive force shocked Lin Yi's lackeys in the villa, but they were more happy. Lin Yi seemed to be stronger than before!

This was the equivalent of activating the fifteenth move of a normal martial skill. Lin Yi could kill Sky Class middle phase Masters in seconds before, and now he felt that he could kill Sky Class middle phase peak Masters in seconds. But whether he could do it or not, he had to test it out.

To Lin Yi's disappointment, the ninth stance used up all of his Qi, and he fell to the ground. The fifteenth stance was usually something only sky Class mid phase Masters could use, and it naturally took more Qi for Lin Yi to use it.

Lin Yi also realized that the higher the level of the palm, the harder it was to use it. It wasn't like when he was in Earth Class, where he could use it all at once. Now, Lin Yi had to use all his strength every time he used it, and he couldn't use it continuously.

After quickly recovering his Qi, Lin Yi started to try the tenth, eleventh and twelfth forms of the wild fire Fist. However, it was as if Lin Yi had already memorized all three forms by heart, and he could use them smoothly without any delay. He only stopped when he reached the thirteenth form.

Lin Yi didn't feel his Qi being drained like the ninth style, even after using the twelfth style.

After that, Lin Yi tried again and realized that he could only use the eighth style twice in a row-in other words, he could kill two Sky Class mid phase Masters in a second.

It was a clear improvement from before, but it still didn't reach Lin Yi's expectations. It could be said that the art of Dragon mastery had a clear advantage before Mystic class, and the omnipotent skills had a clear advantage before Earth Class.

But now, he'd stepped into Sky Class, and he still hadn't found an advantage. He'd placed all his hopes on the third stone door that was about to open.

The news of Lin Yi's recovery spread across the entire ancient level like it had wings.

The Dark Palace, on the other hand, had received the news long ago-Qibing had returned and was sitting in the meeting room.

"Lin Yi's a freelancer, and he's recovered his strength? he's even Sky Class early phase? How was this possible? Wasn't he poisoned? Zhao Qibing, tell me, what's going on? It wasn't Kang Zhaoming who poisoned you?" The Grand Elder was exasperated. She thought that she could just keep the two pills in Lin Yi's hands by acting all high and mighty, but not only did she not get them, Lin Yi even became stronger!

"There's nothing wrong with the poison, but we can't use common sense on this Lin Yi! It happened a few times before, when Lin Yi looked like he was done for, but when his enemies came, they'd realize that he was just pretending!" Qibing said bitterly, "Zhaoming and I saw Lin Yi who was supposed to be unconscious from Qi deviation suddenly stand up and use a big move, turning a few of our Masters into ashes."

"You're just too weak-I'll have to do it myself, and Lin Yi'll have to kneel and beg for mercy!" "Forget it," the Grand Elder laughed coldly, "let's not talk about this. How did your trip to the sky elixir sect go?" "Have you resolved your grudge with the sky elixir sect?"

"Grand Elder, elder Kang said that he would give priority to refining Qi gathering pills for the Dark Palace. He will be done very soon. He is very happy about this!" Qibing said quickly.

"That's good. " The Supreme elder nodded. The conflict between the black-robed elder and the heavenly silkworm sect had caused the heavenly elixir sect to stop the Dark Palace from making the Qi gathering pill, and the Supreme elder was worried that it would affect the relationship between the two sects. Zhao Qibing had a plan, so he let him go, and it seemed like he had achieved his goal, "You've done well in this matter!"

"Many thanks for Grand elder's praise!" Although Qibing said that, he didn't really like the Grand Elder. This was a classic case of bullying the weak and fearing the strong. In front of the sky elixir sect, he was a grandson, but in front of Lin Yi, he was a master!

But, you're only good at talking, pay Lin Yi more? Do you dare? With the ancient sect's restrictions, even Sky Class late phase peak wouldn't dare to cause trouble in the mortal world!

.....

Ice Palace.

Bing Tang knew that Lin Yi had regained his strength earlier than the others, and aunt Qing brought the good news to her as soon as she returned.

Lin Yi was completely fine after taking the Qi gathering pill, and he even broke through to Sky Class early phase-this was something Rock Candy couldn't believe.

Chapter 3003 His Name Is Lin Dongfang!

"He ... He's actually a heaven rank?" Rock Candy was a little emotional-it was already rare for him to be able to enter Sky Class at such a young age, and while every sect had some elixirs in stock, breaking through to Sky Class was different from the other levels-the Qi gathering pill was something that should not be used unless absolutely necessary, and that was also why the Dark Palace had only used it now.

After all, once a Qi gathering pill was used, one's strength would be stuck at the moment of advancement. Unless one kept taking Qi gathering pills or accepted the inheritance of enlightenment and no longer had the level barrier, one's cultivation path would be locked in this life.

"Yeah, Palace Master, Lin Yi's really young and promising. If he wasn't vice Palace Master Feng's boyfriend, you could consider him." Aunt Qing said with some emotion.

Rock Candy's face reddened, remembering her promise to Lin Yi that she would be his little little wife. Rock Candy couldn't help but feel a little flustered as she watched Lin Yi grow up step by step. Was she really going to marry him?

Rock Candy was just saying it out of anger-she never thought that Lin Yi would have a day like that, but Lin Yi was already Sky Class early phase now, and it was hard to say what he would do in the future.

"Qing Yi, when have you ever put in a good word for a man? Didn't you tell me before that men are unreliable?" Rock Candy changed the topic-she couldn't imagine what it would be like if she became Lin Yi's Lil "wife.

"That year, both of us were interested in each other, but that man rejected me. Perhaps he had his own difficulties. In the past, I thought that he looked down on me, but after leaving for so many years, I

gradually understood that he rejected me for my own good. If he had accepted me back then, how would I have been able to get through all these years of missing him?" Aunt Qing sighed. Although she didn't look old, she was actually almost forty years old.

"Oh? Aunt Qing, you've thought it through?" Bing Tang was stunned and looked at aunt Qing in surprise.

"Yeah, after Lin Yi's incident and seeing him break up with his lover for various reasons, I've thought it through. Maybe that person has his own difficulties." "I just don't know how he is now. Is he living well?" aunt Qing said.

"It's good that you've thought it through, aunt Qing!" Rock Candy heaved a sigh of relief. Aunt Qing's matter was actually Rock Candy's worry. "Aunt Qing, since you've thought it through, have you decided to get married?"

"Of course not. Back then, that person said that if it was really possible, he would come back to look for me. At that time, I thought that he was just perfunctory, but now that I think about it, perhaps he really wasn't perfunctory!" "That's why I'll continue to wait!" Aunt Qing shook her head.

Rock Candy nodded. She understood aunt Qing. This matter had been in her heart for more than ten years. How could she let it go just because she said so? However, Rock Candy finally found a chance to ask, "Aunt Qing, because of your matter before, I didn't ask, but now that you've thought it through, can you tell me what happened back then? It's rumored that the two experts who suddenly appeared were both heaven's path experts, and your lover is actually a heaven's path expert. It's really unbelievable!"

"Hehe, rumors might not be reliable. In fact, I asked him if he was a cultivator or a heavenly path master. At that time, he did not give a direct answer, but gave an ambiguous answer!" Aunt Qing said with a smile.

"What answer?" Rock Candy asked.

"He said that he doesn't know what level he's at. If I had to say, he's probably a no level master because he's neither a physical practitioner nor a spiritual practitioner, but he's stronger than any practitioner in the world!" Aunt Qing seemed to have fallen into her memories, recalling those years and those things.

"More powerful than any other cultivator. What about the people in that place?" Rock Candy asked after hesitating for a moment.

"He should be more powerful. Back then, he killed patriarch mad dragon with one punch in the everyday and every day sect!" "This is not something any cultivator can do," said aunt Qing.

"So, those rumors are true ..." Bing Tang had more or less heard of these things before, but most of them were just rumors. Because of aunt Qing, she didn't go into detail. "Then ... What's his name?"

"He's called Qianqian Lin Dongfang!" Aunt Qing remembered this name that was engraved in her heart.

"Lin Dongfang? Eh? He has the same surname as Lin Yi?" Bing Tang was slightly taken aback, but she immediately looked at aunt Qing with a smile that was not a smile and said, "Aunt Qing, you're not interested in him because his last name is Lin, are you?"

"Perhaps ..." Aunt Qing did not deny it, but nodded slightly and said, "But, Lin Yi has his own merits,"

"Aunt Qing, please tell this good news to Xiao Xiao. She will be very happy to hear it." Rock Candy hesitated for a moment and said.

"Oh?" Aunt Qing paused-this didn't seem like rock Candy's personality. Because of her, Rock Candy had always been cold towards relationships since young, and this time, he was asking her to tell Xiaoxiao?

"Actually, aunt Qing, after talking to me for so long, I can understand how you feel, and naturally, I can understand Xiaoxiao's feelings as well. I hate Lin Yi, perhaps because he's the first practitioner to challenge the sect's dignity, and the first man to make me say that I'd be his little little wife, so I've always been biased against him. But just as you said, he's strong!" Bing tan had to admit that Lin Yi was a strong person-a solo practitioner entering Sky Class from Mystic in such a short time was unbelievable!

"Hehe, that's good!" "Actually, I don't want to see you and vice Palace Lord Feng having a conflict because of this," aunt Qing smiled.

Aunt Qing left, but Bing Tang was deep in thought again, unconsciously remembering the first time Lin Yi came to the Ice Palace. Lin Yi stood in the snow, unyieldingly waiting to see him, even if he didn't eat or drink, just for Xiaoxiao.

It was clear that Lin Yi was sincere towards Feng Xiaoxiao. Before, he didn't think Lin Yi was good enough for Feng Xiaoxiao, but now that Lin Yi was Sky Class early phase, he was Sky Class late phase peak. Even Sky Class late phase peak full cultivation wasn't impossible.

Chapter 3004 Metal-Type Inheritance

When he was in the mystic class, this goal was out of reach, but now, it wasn't within reach, but it wasn't too far away either.

Thinking back to Lin Yi at house Tang's birthday party, when he fought for Tang Yun, even going as far as to fall out with house Tang and even the sky elixir sect's Messenger, Rock Candy thought that Lin Yi was overestimating himself. But now, it seemed that the overestimating one was the Hidden House Tang!

Now, on the hidden level, who would dare to go against Lin Yi? The Hidden House Zhao would end up like them!

With that in mind, Rock Candy suddenly felt that Lin Yi wasn't that annoying anymore. He was a solo practitioner, and he got to where he was today all because of his own hard work. He was different from practitioners from big sects like himself-he could only rely on himself.

Heroes don't care where they come from. Those two unknown experts back then were able to sweep through the ancient level. Weren't they wandering cultivators? He might not even be an itinerant cultivator, but he could still turn the ancient level upside down.

Unknowingly, Rock Candy's view of Lin Yi changed, and she was even a little happy for Xiaoxiao. To have a man who loved her so much, at least she was much better than aunt Qing!

Although aunt Qing had gone to help Lin Yi, Feng Xiaoxiao still didn't have the heart to train. Aunt Qing could help now, but not forever.

Lin Yi being disabled from being poisoned wasn't a small problem. There was no antidote for the poison, and Lin Yi's injuries were in his meridians and dantian. It was an endless cycle, and no matter how good the elixir was, it couldn't heal Lin Yi's injuries.

In the world of cultivation, a crippled dantian meant the end of a cultivator's path of cultivation. He could only be an ordinary person for the rest of his life! Xiaoxiao knew how important strength was to Lin Yi-where would he go if he didn't have it?

Just as Xiaoxiao was frowning, aunt Qing walked into her room.

"Aunt Qing?" Xiaoxiao raised her head when she heard the footsteps, surprised. "Aunt Qing, why did you come back? Lin Yi honey ... How's he?"

"Vice Palace Master Feng, I'll tell you some very important news. Don't get too excited ..." Aunt Qing finally cracked a joke with Feng Xiaoxiao.

If it was any other time, Feng Xiaoxiao would definitely say, "aunt Qing, just call me Xiaoxiao, why vice Palace head?" But Xiaoxiao didn't have time to talk about that today. She was thinking about Lin Yi, "Aunt Qing? What was going on? What happened to Lin Yi?"

"It's a big matter!" Aunt Qing looked at Feng Xiaoxiao seriously and said slowly, ""He's broken through to Sky Class early phase!"

"Ah?" Xiaoxiao's heart was beating fast-she didn't expect the news to be this big! This was indeed a big deal, but with aunt Qing saying it like this, how could Feng Xiaoxiao not think of the worst? Xiaoxiao grinned, "Aunt Qing, you're just scaring me!"

.....

The everyday and every day sect, the news of Lin Yi's recovery and the destruction of the Hidden House Zhao, naturally, had reached pinliang as well. He was a little surprised, but not too surprised.

He was one of Lin Yi's first opponents ever since he returned to the city, and one who understood him the best. He'd seen Lin Yi's ups and downs before, and the rumors that he'd gotten injured only for him to stand up in the end made it easy for pinliang to accept. Lin Yi wasn't injured at all, and he was just playing the pig to eat the Tiger.

"Chunyang, what do you think?" Zhong pinliang frowned after receiving the news.

"Master, this actually has nothing to do with us-the news of Lin Yi being poisoned and his injury came at almost the same time as the news of him pretending to be a pig to eat a Tiger and kicking house Zhao. We didn't plan on taking advantage of him, but decided to use our absolute strength and let brother pure Yin do it. Even if Lin Yi was at the early phase of Sky Class, he wouldn't be able to withstand a single blow from a Sky Class late phase peak," Said heavenly venerate Chunyang.

"That's true. Has pure Yin's closed-door cultivation ended?" Pinliang nodded and asked.

"Not yet. Based on pure Yin's current strength, it's going to be difficult for him to break through. That's why he can't come out of seclusion for a while." "If my master has the order, I can call him out of seclusion ahead of time ..." Heavenly venerate Chunyang said.

"Forget it, interrupting his practicing might cause him to go berserk-we already have Zhang naipao trapped in his heart, we can't afford to lose more men." "There's no rush in killing Lin Yi-we'll go after he's done with his practicing," pinliang said, waving a hand.

"Whatever Lord Master says, then we'll wait for a while." Heavenly venerate Chunyang quickly chimed in.

.....

Dark night Palace.

Today was a day of celebration for the Dark Palace, because the sky elixir sect had delivered a Qi gathering pill!

Perhaps it was because he had given the sky elixir sect a good furnace, patriarch xuanchen specially instructed the dark night Palace to refine a Qi-gathering elixir first and sent it over.

Of course, this was just a gesture. Although the furnace was of no use to Tian Gang for cultivation, in order to show his love for the furnace in front of the outside world, he quickly gave him a Qi gathering pill.

"Wan 'er, this pill is the last hope of the Dark Palace. After you take it, I'll immediately send you to the Dark Phoenix Mountain range to seclude yourself. The moment you break through to the Sky Class is the easiest time for you to gain the inheritance. At that time, you might become a metal element inheritor." The Grand Elder held the pill in excitement and said solemnly, "I hope you won't waste this opportunity!"

"Yes, Grand Supreme elder ..." Ye Wan 'er was a little nervous. Looking at the Grand Supreme elder's excited eyes, she could only pray in her heart that she would succeed in receiving the inheritance this time. Otherwise, even if she was the granddaughter of the old palace Lord, it would be of no use.

The Grand Elder was a person who was almost crazy about the development of the sect. In her eyes, all the benefits were not as important as the benefits of the sect! Even if it was a Palace Master, as long as it was not good for the sect, she could still dismiss him and support a new palace Master.

It had to be said that this kind of person who did not consider any other benefits for the benefit of the sect was simply a weirdo in the ancient level!

After Wan 'er received the pill, she was sent to the Dark Phoenix Mountains by the Grand Elder to seclude herself and break through to Sky Class to receive the inheritance.

However, the greater the expectations of the people in the dark Palace, the greater the pressure on Wan 'er. In fact, everyone knew in their hearts that stepping into the sky Class would only increase the chances of receiving the inheritance by a small amount!

However, this small chance had become the hope and spiritual sustenance of everyone in the dark Palace, which had been infinitely magnified..

Chapter 3005 The Nervous Hidden Tang Family

Lin Yi's life became simple again. Although the news of him breaking through to Sky Class early phase had spread, and his enemies had all gone into hiding, Lin Yi was worried about Chen Xi, so he didn't leave the villa.

In fact, Lin Yi's top priority right now was to go back to the West Star Village and open the third stone door, getting the benefits behind it.

It was just that he didn't have any news about Chen Xi, and Lin Yi's heart was not at ease.

And so, these past few days, Lin Yi stayed in the villa every day, practicing his martial arts, condensing the forging fire, and waiting for Han Jing Jing to come out of isolation. He wanted to raise her strength to Earth Class late phase, and see if she could make third class pills.

The only thing that made Lin Yi happy was that his forging fire had improved-perhaps it was because he'd gotten stronger, or maybe it was because he'd been training hard. Either way, Lin Yi could now add or decrease the attributes of his forging fire as he pleased, but he couldn't change the temperature and intensity of the fire. He still needed more practice in these two areas.

But no matter what, Lin Yi had improved a lot, and this change made him very happy.

At noon, Lin Yi finished his training and was ready to raise his spirit beasts "strength as well, but his phone rang before he even reached the backyard. He picked it up and saw that it was GE Xian. He quickly answered, "GE Xian? How is it, is there any news?"

"Boss, we have news! I was just about to talk to you about this!" GE Xian had just received the news and quickly called Lin Yi, "Zhao Guangyin and Chen Xiao went to the heavenly elixir sect, and Chen Xi is currently being gifted to the young head of the heavenly elixir sect as a good cultivation vessel. Zhao Guangyin, on the other hand, has also become the follower of the eighth elder Kang Zhaoming."

"Oh? Chen Xi was offered as a furnace?" Lin Yi's heart skipped a beat. Although he didn't know how to use the furnace, it was definitely bad for Chen Xi. He quickly asked, "Is she in danger?"

"There's no danger for now, because according to the news, Chen Xi didn't have a proper cultivation method before, so the sky elixir sect decided to let her re-cultivate the cultivation method and only use it two years later. So for now, it seems like everyone is in danger. " GE Xian said, "however, it's hard to say after two years. According to the news, the maid before the heavenly silkworm transformation was his cultivation furnace. Her name was Tian die. She has been cultivated to death."

"One is already dead?" Lin Yi frowned, but he was still a little confused. The heavenly silkworm transformation didn't seem like it was some sort of evil thing to do. Could it be that the rumors were true, that the young sect master of the sky elixir sect, the heavenly silkworm transformation, was a lecherous man?

"Yes, even the sky elixir sect admitted that one of them died, but they said it was an accident. The rumor is that the heavenly silkworm transformation used her as a human furnace and absorbed too much true Qi!" "Boss, you know that it's hard to say," GE Xian said. "But the rumors might not be without reason."

What GE Xian didn't know was that the news of Tian die being sucked to death as a human furnace was spread by the heavenly silkworm transformation cultivator of the sky elixir sect. One, it was to cover up her female identity, and two, to cover up the fact that she had hidden Tian die.

"But luckily, there are still two years left. GE Xian, help me keep an eye on the sky elixir sect and Chen Xi. If anything changes, tell me immediately!" Lin Yi said after some thought.

At least, Chen Xi was fine for now, and Lin Yi let out a breath of relief. He'd already sent the Zhu brothers back to protect Ziyu-he had enough followers already, and they wouldn't be of much use here.

Plus, the news that Lin Yi was Sky Class early phase had already spread, and there was no one who could fight him in the hidden world.

As for the ancient levels, they had their own rules and wouldn't enter the mortal world as they pleased.

After hanging up, Lin Yi called Ying Ziyu, telling her not to worry that Chen Xi was in no danger for now. He also told boss Zhu to go talk to Chen Xi's mother about Chen Xi's situation, but he could only tell her the truth. Chen Xi was sold by Zhao Guangyin, and although she was safe for now, it was to tell her to give up on Zhao Guangyin and be more careful in case she was tricked again.

.....

In the Hidden House Tang, old man Tang Taizhong heard that Lin Yi had broken through to Sky Class and destroyed the Hidden House Zhao-he was so scared that he couldn't sit still!

Tang Taizhong had never thought that a wandering practitioner like Lin Yi could grow to this level. It was unbelievable! Even at the Hidden House Summit, Tang Taizhong didn't see that Lin Yi was able to destroy the Hidden House Zhao!

At that time, he naively thought that Lin Yi was trying to get out of the conflict between the Hidden House Yu and hidden house Zhao. He was still afraid of the Hidden House Yu and hidden house Yu, and Lin Yi's excellence was only at the level of the younger generation-it was a world of difference when compared to the old men!

But now, his illusion had been shattered by Lin Yi's actions. In his eyes, Lin Yi was just a junior wandering cultivator, and he didn't take him seriously. Lin Yi had suddenly turned into a big crocodile that could swallow the hidden tang family at any time. Tang Taizhong was really scared!

Eldest brother Tang, Tang Yizhi, and you Xiaoxin were all called to the meeting room of the hidden tang family. Tang Taizhong was like an ant on a hot pan, pacing around on the ground. "What do you guys think we should do? What should he do? We, the Hidden House Tang, offended Lin Yi and his father-in-law's family. What should we do now? The Hidden House Zhao has already been destroyed by Lin Yi, so the next step should be our hidden house Tang, right?"

Tang Taizhong wasn't too worried when he heard that Tang Yun had been accepted as a disciple, but he was a little regretful that he had kicked her out of the house. After all, ancient sects wouldn't attack a hidden house just because of a small grudge-that was against the rules!

However, Lin Yi was a freelancer-he didn't care about the rules at all, and he didn't play by the rules at all. He just killed whoever he wanted, and that was what elder Tang was most worried about!

Eldest brother Tang's face was also very unsightly. Back then, he had cut off all ties with Tang Yun in front of many people at the birthday banquet. Later on, when Tang Yun went to the snow Valley, he felt that he had lost face. If it weren't for the falling out, the Hidden House Tang would have had an ancient level direct backing!

Chapter 3006 Miss Ling

However, the Tang family all cared about their reputation. Although they knew that they were the ones who caused the situation, they couldn't bring themselves to go to the snow Valley and ask Tang Yun to come back. Especially since Xiao Ming was still in the snow Valley, eldest brother Tang didn't dare to do this behind you Xiaoxin's back. If you Xiaoxin knew about it, she would definitely be furious and cause a scene.

But now, the hidden tang family's survival was at stake. They could throw away their pride. Tang Taizhong had already given in, so why would eldest brother Tang care about his pride?

"Why don't I make a trip to the snow Valley and bring Xiao Ming back?" Eldest brother Tang looked at Tang Taizhong and asked after hesitating for a moment.

In fact, bringing back Ming meant that he'd acknowledge Tang Yun as his father-in-law, and Lin Yi couldn't just ignore his family, could he?

"Don't you dare!" Before Tang Taizhong could say anything, you Xiaoxin exploded and immediately denied it, "Are you still thinking about that bitch?"

"Pa!" Tang Taizhong frowned and was very dissatisfied with his daughter-in-law. However, before he could scold her, eldest brother Tang couldn't help but slap you Xiaoxin's face. "Why should a woman interrupt when a man is talking? You B * tch, if you hadn't rejected Xiao Ming, would our family be like this now? Xiaoming's daughter was Tang Yin! She's senior Lin's girlfriend. With senior Lin's support, our hidden house Tang might even become an ancient house Tang!"

"You ... You ... You hit me?" You Xiaoxin didn't listen to eldest brother Tang's words at all. She directly became anxious, pointed at eldest brother Tang, and scolded, "I, I want to go back to my family and tell my father that you hit me!"

"Alright! Be careful, don't mess around!" Tang Taizhong finally couldn't help but shout, "The hidden you family can't even protect themselves! Do you think your father is some great hero? In front of Lin Yiqianbei, he was nothing! Senior Lin told him to destroy the hidden Zhao family, so he had to do it. Otherwise, he would die too! However, he's lucky to have the chance to be senior Lin's dog to resolve grudges. Our hidden house Zhao is one step behind!"

Tang Taizhong's scolding woke you Xiaoxin up. Yes, Lin Yi wasn't the same Lin Yi as before. The Hidden House you that she had been relying on was like a dog in front of Lin Yi.

Thinking of this, you Xiaoxin shut her mouth and didn't dare to say anything more.

"Grandpa, I support father's suggestion. I'll accompany him to the snow Valley to acknowledge our family. Even if we can't bring aunt Xiao Ming back, our relationship will at least be better. At least, my relationship with aunt Xiao Ming is still not bad!" "As for Lin Yi, I'm on good terms with him too. I wonder if he'll do me a favor?" Tang Yizhi said. Of course, if Tang Yin sis helps, then it'll be fine. "

"Alright!" Tang Taizhong nodded in agreement and patted Tang gezhi's shoulder. ""Giving, it seems that you have the best foresight in our hidden house. Not only did you have a good relationship with your aunt Ming, but you also had a good relationship with Lin Yi. This way, not only can our house Tang resolve our grudges, but we might even be able to move up to the next level! Be careful, look at how powerful your son is! Unlike you, so petty! If Xiao Ming comes back this time, her status in the family is the same as yours, equal wife. If you dare to bully her, then go back to the hidden you family and wait for death. Don't drag our hidden tang family into this!"

Tang Taizhong thought that with Lin Yi's support, the Hidden House Tang would soar, and the Hidden House you's help and power wouldn't be worth mentioning anymore!

You Xiaoxin nodded obediently but didn't dare to be unreasonable anymore. No matter how stupid she was, she could see that Lin Yi was more powerful than the Hidden House you and hidden house Tang. If she offended Lin Yi, her family would be destroyed,"Dad, don't worry, I won't do it again! But you have to thank me for giving birth to this child-if it wasn't for him, we wouldn't have had the chance to get close to Lin Yi!"

"Yes ..." Tang Taizhong nodded and calmed down a little. "How about this, boss, give in, you guys pack up and head to the valley. The earlier we get this done, the better. Otherwise, if Lin Yi-qianbei were to attack us when he's free, we'd be caught off guard!"

"Alright!" Eldest brother Tang and Tang gezhi quickly nodded.

However, the Hidden House Tang's people were worrying for nothing. Lin Yi didn't remember what happened in the Hidden House at all. His memory was messed up because of the herb medicine, and he couldn't remember what conflict he had with the Hidden House Tang, so it was impossible for him to cause trouble for them.

.....

Five elements sect.

In the five-elements sect's reception hall, patriarch xuanchen was receiving three people from the secular world. However, for patriarch xuanchen to personally receive them, these three people were definitely not ordinary!

"Patriarch xuanchen, I've heard a lot about you!" The leader of the three was an outrageously young woman. Her attitude was neither servile nor overbearing when facing patriarch xuanchen, and she was clearly someone who had gone through great storms.

"Miss Ling, I'm afraid you've just heard of xuanchen's name, right? I, on the other hand, have long heard of your name! He's the person in charge of the largest research organization overseas, the Kongtong Center!" Patriarch xuanchen laughed and nodded at the young woman in front of him.

"Don't call me miss Ling. I'm afraid I'm about your age. " The woman called miss nie said, ""I wonder what's the matter, patriarch xuanchen?"

"Forgive me for being blunt, but I was just guessing before. Behind the Firewolf gang and the red conch, there is a bigger and more high-end organization. The Firewolf gang and the red conch sound more like a branch of some organization. Thinking about it, it's more similar to the center that was once prosperous." "That's why I invited you through an Jianwen," the xuanchen ancestor said."I'm giving it a try."

"I didn't expect that even though I kept a low profile after central was destroyed, patriarch xuanchen still managed to connect the fire Wolf Gang and the red conch to central from the clues!" Said miss Ling with a smile.

"There are very few things in this world that can escape my notice. Many years ago, I noticed this central. However, because he was not very related to the cultivation world, I did not contact him. Later, I heard that he was destroyed. It seems that it was not. What was destroyed was only the surface." "Miss nie, the person in charge of the center that was destroyed was just a chess piece of yours, right?" patriarch xuanchen asked. Just like the firewolves and the red conch?"

Chapter 3007 An Jianwen's Suggestion

"Hehe, if you have something to say, say it." Lady ni did not continue with the trivial conversation with patriarch xuanchen and asked directly.

Due to the fact that an Jianwen had earned quite a bit of money recently, he directly entered miss NIE's sight from the Firewolf gang's North Branch leader. It just so happened that patriarch xuanchen sent

someone to invite an Jianwen and the leader behind him to the five elements sect as guests, so miss nie appeared.

If it was an ordinary sect, miss nie would definitely not show up, but the five elements sect was different. Miss nie had heard of this sect, which stood at the top of the pyramid of the cultivation world, so she agreed to come!

As for an Jianwen, it was his first time seeing the BOSS of the firewolves and the red conch! However, if he could get into the eyes of the BOSS, then it wouldn't be long before he became a Big Shot.

"Straightforward!" Patriarch xuanchen nodded and said,""I've talked to an Jianwen before, and it just so happens that professor Yin wants to experiment on a few practitioners to create a new type of bio-human. I can provide two practitioners here. "

"Oh? What are the conditions?" Miss Ling was not stupid and asked directly! After all, it was very difficult to find cultivators to do experiments on. Which cultivator would be willing to accept the transformation? But normal people didn't have much use-the professor had tried so many times already, and he still couldn't break through. He had to find practitioners.

Moreover, the cultivators were very powerful. If they did not accept the transformation willingly, no matter how powerful the Firewolf gang was, it was impossible for them to capture a few cultivators and cooperate with the transformation.

"I heard that the Firewolf gang is good at turning the dead back to life. As long as there is a living tissue in the body, they can turn a person into a bio-modified person. Is that right?" Asked patriarch xuanchen.

"That's right. What do you want to do?" Miss Ling didn't deny it. "However, the technology is more advanced. It'll be difficult for Yin siren to make it himself."

"That's why I'm looking for miss Ling!" "If lady ni can do it herself, things will probably be much simpler!" Patriarch xuanchen said. How about it, miss Ling, can you help me?"

"Who do you want to resurrect and transform?" Miss Ling didn't agree, but she didn't refuse either. She just asked. She was also calculating the stakes and how much benefit she could gain from this.

"It's one of my grand-disciple who was beaten into a vegetative state. He's unconscious. As long as we can wake him up and keep the attribute structure in his body unchanged, it'll be fine. To put it bluntly, we can keep the part of the strength of a cultivator!" The person that patriarch xuanchen was referring to was naturally taganlong. Now that Dark Child Tianjie had failed to accept the inheritance, patriarch xuanchen had no choice but to target taganlong again.

However, there was no hope of making a grade four great recovery pill. It was really out of his reach. He had no choice but to think of other ideas. After thinking about it, he noticed the Firewolf gang and prepared to make a deal with them.

"This definitely won't do!" To patriarch xuanchen's surprise, lady ni denied his assumption with one sentence. "If you want your grand-disciple to come back to life and possess extraordinary strength, that's no problem, but if you want to preserve his attributes and strength, that's something I can't do right now! If it's a normal person, we can try, but the thing is, your grand-disciple is already seriously injured. I have to change some of his genes to resurrect him. Who knows what attributes will change in his body?"

Miss Ling directly rejected such an impossible task, so as to avoid any trouble later.

"Is that so ..." Patriarch xuanchen was immediately disappointed. "That's why I said, let's try the cultivators we provide first?"

"I've already said that the dead and the living are different. There's no comparison." Miss Ling shook her head and refused.

"Can't you think of a way?" "No!" Patriarch xuanchen was unwilling to give up. "What price? name it!"

"I really can't." Lady ni shook her head and said, "You know how central does things. We can work with others, but we won't easily agree to something we can't do!"

"Professor nie, patriarch xuanchen, I've heard a rumor. I wonder if you want to hear it?" Jianwen interrupted.

"Oh? What rumors?" "What's wrong?" patriarch xuanchen looked at an Jianwen and asked. He naturally didn't think that an Jianwen would talk about something unrelated to this matter. Since he did, it must be related to taganlong's injury.

"Lin Yi was poisoned a while ago, and his meridians and dantian were destroyed. I'm sure you're familiar with that, right?" "But Lin Yi recovered afterwards, do you know why?" Jianwen asked.

"I've heard about that, but do you know why?" The xuanchen ancestor's expression turned serious as he looked at an Jianwen.

"I have a rough idea!" Jianwen said proudly, "according to my sources, after Lin Yi got injured, there was a time when he was at his wits 'end. A whole bunch of people rushed to Lin Yi's Villa. This means that the news about Lin Yi being poisoned and injured was right. Lin Yi shouldn't be faking it. Something really happened to him!"

"Of course. I was the one who gave out the poison. It would be strange if it didn't have any effect!" Ancestor xuanchen nodded and did not hide anything.

"Oh?" Jianwen blinked at the news. "Ancestor xuanchen, you're Lin Yi's match too? Then why isn't Lin Yi dead yet?"

However, what made Jianwen puzzled was how powerful the five elements sect was. Would they need to poison Lin Yi? They could just send a few Masters out and kill Lin Yi.

"Due to some reasons, my men and I can not personally take action." Patriarch xuanchen waved his hand and said awkwardly, ""Let's not talk about this for now. Continue with your speculations. "

"Okay, Lin Yi was resting in the villa at that time, but someone came to the villa later!" Jianwen said.

"Who is it?" The xuanchen ancestor frowned, unhappy that Jianwen kept him in suspense.

"Sun Jingyi!" "Our an family used to be one of the four big noble houses and five small noble houses in the common world. We know what's so special about house sun. They all know a special art that can heal people!" Jianwen said.

"Oh? You're saying that Lin Yi's injury was cured by that sun ... Sun Jingyi?" Patriarch xuanchen was shocked! He wasn't unfamiliar with the name sun Jingyi-wasn't that the name of the girl who went to Wulong haote mountain with Lin Yi?

Chapter 3008 Yaoyao Sis Wants Me To

So she had this ability? In patriarch xuanchen's eyes, the worldly family was at the bottom of the hierarchy. He did not care about it at all and was not even particularly concerned about the hidden matters, so he had really neglected the worldly Sun family.

"According to my guess, that's definitely the case. After all, only sun Jingyi had this ability back then, no one else could do it. Plus, Lin Yi's dantian was destroyed, he can't take pills!" Jianwen said with a nod.

"An Jianwen, you've said so much-are you telling me to find that sun Jingyi to treat my grand-disciple's injuries?" Asked patriarch xuanchen.

"Sun Jingyi definitely won't make it-house sun's practitioner's Arts can only heal one person, and after healing once, they can only heal that person for the rest of their life. There's no point in bringing her here." "What I mean is, you can try it out on anyone else from house sun." Jianwen waved his hand.

"Hmm ... That's a good idea!" Patriarch xuanchen nodded. He wasn't too willing to go after sun Jingyi since he had an agreement with boss Bai. Although sun Jingyi wasn't boss Bai's student, she was someone little one and little eleven had touched last time. If he went after her again, it would be equivalent to not giving boss Bai face, and it wouldn't be right.

Therefore, it would be best if he could find someone else to replace him.

"Anyway, I'm just saying it casually. The details are up to you, patriarch xuanchen." "But, this idea of mine is worth the value of the two test subjects, right?" Jianwen said.

"Oh ... That's true. In that case, you can modify the two test subjects!" The xuanchen ancestor wanted to use Zhao Guangyin and mianhua to exchange for some benefits, but he had to admit that an Jianwen's suggestion was indeed valuable.

Miss nie looked at an Jianwen with praise. She thought that he was good at making money and negotiating with others. The two test subjects were supposed to pay the price, but they were tricked by an Jianwen's news.

"Yin siren, find a chance to see if the two test subjects meet the requirements." Miss Ling said to the professor.

"Yes, ancestral master Luan!" The professor's name was Yin siren, but he called miss nie ancestral master! Miss Ling was the professor's master's master!

However, an Jianwen seemed to have known about this long ago and didn't mind. On the other hand, ancestor xuanchen was a little surprised. From his perspective, even if miss nie knew all these Science and Technology, she was probably only on the same level as the professor. He didn't expect that as the leader of central, she was actually the professor's teacher!

Miss nie brought an Jianwen and the professor to rest while they waited for the two test subjects to arrive. On the other hand, Grandmaster xuanchen went to investigate the sun family ...

.....

Lin Yi decided to go to the West Star Village after knowing that Chen Xi was fine. He asked Han Xiaochao when Han Jing Jing would come out, but Han Xiaochao said it would take at least a month. Lin Yi decided to go back to the village and open the third stone door first.

After all, Han Jing Jing didn't have a specific time for her closed door cultivation. It was at least a month, which meant that a month might not even be over. Lin Yi would've returned from the West Star Village long ago.

At night, Lin Yi gathered Chu Mengyao, Chen Yushu and his group of followers together, ready to tell them about the West Star Village.

The solemn atmosphere made everyone understand what decision Lin Yi was about to make.

"Tomorrow, I'm planning to go back to the West Star Village." Lin Yi said.

"Ah? Lin Yi, didn't you recover? Why do you still want to go back to West Star Village?" Mengyao asked, surprised.

"I don't have much to do recently. The main thing is ... I'm short of money. After I go back, I want to discuss with my old man if I can go back to my old business and earn some quick money." Lin Yi said, a little embarrassed.

This was actually one of Lin Yi's secondary goals. Fatty Lai didn't say anything, but Lin Yi could feel that he was having a hard time. He even sold his villa at qianhua waterfront and changed his car to a second-hand business car. This was enough to show how difficult fatty Lai was.

So as the real boss behind miracle doctor Guan's medical company, Lin Yi had to do something! Plus, although Yu Xiaoke didn't say anything, Lin Yi could imagine how hard it was for her to run an orphanage. It was fine to take in orphans, but most of them had congenital diseases, either disabled or cerebral palsy. The medical fees were like a bottomless pit!

Mengyao's mission had come to an end, and Lin Yi couldn't leave the Miss and Shu alone even if he had to hand in the mission.

However, while carrying out this mission, he could still take on other missions without any delay.

Lin Yi could tell that these hidden houses were all very powerful. Before he was injured, even if he was in the sky elixir sect's test for a month, these people wouldn't dare to come and cause trouble. But once he was injured, these people would still come and bully him even if he was in the villa.

So even if Lin Yi went on another mission, as long as he was fine, the hidden houses wouldn't dare to do anything to Chu Mengyao and the others. When he went to the sky elixir sect, Zhao Qibing was beaten up badly by Chen Yushu, but he didn't dare to say a word. It was only when he was injured that he would come out and show his fangs.

"Ah? You lack money?" The Miss blinked, remembering Lin Yi's medicine company. She'd completely forgotten about it because of Lin Yi's injury, but now that she thought about it, Lin Yi really did need money!

These lackeys didn't have much of a choice-they could've gathered a hundred million by force, but it was like a drop in the bucket for the company's operations. Lin Yi had to find another way to get a big sum of money quickly!

"Yes, it's not something to be embarrassed about. What happened to house Liu this time has brought us too much trouble. Now that my injuries are fine, the next step is to get some money." Lin Yi said.

"Then ... Let Shu go back with you?" The young miss said after hesitating for a moment.

In fact, she wanted to go herself, but she was too embarrassed to say it. With miss "personality, she naturally pushed it onto Shu.

"Oh, shield bro, Yaoyao sis asked Shu to go with you, and also bring Yaoyao sis along." Chen Yushu translated.

Chapter 3009 Spirit Beasts Also Have Martial Skills

"Who's going? I still have to take the exam!" Mengyao glared at Yushu, a little embarrassed that her secret had been exposed.

"Ohoh, then Shu can go by herself." Chen Yushu blinked her eyes.

"Yaoyao, Shu, I'll go alone this time. It's not a sightseeing trip, it's a discussion. It probably won't be interesting. I'm planning on riding the purple lightning Beast, too. It's faster, so I won't drive." Lin Yi

didn't plan to bring the two girls along-he still had to open the third stone door. This was a secret, and he didn't want anyone to know about it.

The Miss and Shu were trustworthy people, but if they wanted to come, the lackeys would have to come too. Lin Yi had no reason to reject them.

"Alright, that'll be faster. Then, Shu, you're not allowed to go either-stay here and take the exam with me!" The young miss said indifferently, but she was a little disappointed.

"Actually, I'll be back soon." "It won't be long this time," Lin Yi said with a smile.

"Boss, do we need a few people to go back with you?" Qikun asked.

"It's fine, just leave a few of you to protect Yao Yao and Shu. The others have been out for a while, go home and do your own things. I'll come to you guys when I need something!" Lin Yi waved his hand.

"Alright," he said. Qikun didn't force the issue-Lin Yi's strength was there, after all, and it wasn't convenient for him to bring his underlings along.

Chentian, on the other hand, was apologetic,"boss, among us common houses, only house Yu and house Liu are the richest. Now that house Liu is bankrupt, we can't help much!" I'm a bit regretful now-if I hadn't been blinded by greed and wasted a lot of money pursuing Jingyi, I could've taken out more now!"

"Hehe, I'm already very satisfied with your kind intentions. I'll think of a way to deal with the next matter!" Lin Yi said with a wave of his hand, not thinking much of it.

He needed money in every aspect, and Lin Yi's ways of earning money were limited. He couldn't bring out the pill of life extension and toxin cleansing anymore, and if he did, Kang Zhaoming would probably come looking for trouble again. He might even take the chance to cancel the exchange of the pill.

Lin Yi didn't want to get into trouble, so he had to keep a low profile and turn the bone cleansing pill into a life-prolonging pill. It wasn't time for the practitioner's market yet, so he could sell another batch of pills and solve the problem.

At night, Lin Yi didn't rest but went to the yard. Since he had decided to leave, the first thing he did was to level up his three spirit beasts. When the purple lightning Beast reached Earth Class, it should be faster than before, and Lin Yi would have a speed advantage when he rode it back.

"Little Feng, accompany me back to West Star Mountain village this time. I'll help you level up first!" Lin Yi said as he waved at the purple lightning Beast.

The purple lightning Beast heard Lin Yi's words and immediately ran over.

Lin Yi found a clean spot and sat down cross-legged, channeling the second stage of the art of Dragon mastery and leveling up the purple lightning Beast!

This wasn't the first time the purple lightning Beast had received Lin Yi's Qi, so it didn't panic. It was enjoying the feeling of breaking through.

The purple lightning Beast was Mystic late phase peak now, and Lin Yi had helped it break through to Earth Class. After that, its strength skyrocketed, and it finally stopped at Earth Class late phase peak!

Although this was Mystic to Earth Class, and required more Qi than golden to Mystic, Lin Yi's art of Dragon mastery was now at the peak of the second stage. The speed of circulation and Qi transfer were completely different, and so it only took a few hours for the purple lightning Beast to successfully level up.

After that, it was general Weiwu and Skybolt pig's turn, but as the "spirit beast" that followed Lin Yi the earliest, general Weiwu was very generous and gave the chance to Skybolt pig first!

Lin Yi didn't really care about the way they were going-it was just a matter of entering the earth Class sooner or later, after all. Since Skybolt pig came first, then it was Skybolt pig's turn.

However, when Lin Yi was helping Skybolt pig level up, he was shocked by the sparks and lightning not far away!

At first, Lin Yi thought that it was about to rain, but upon closer inspection, it was the horn on the purple lightning beast's forehead that was releasing lightning! It didn't look like the purple lightning Beast had used much power, but it was enough to surprise Lin Yi!

Could it be that the purple lightning Beast had advanced to the earth rank and could also use martial skills? Lin Yi had heard before that the purple lightning Beast could activate skills when it reached Earth Class, but he didn't think it was true! Furthermore, it was a lightning martial technique that looked very awesome and cool! He wondered how strong the enemy would be.

But Lin Yi was in the middle of helping the pig level up, so he didn't have the time to test the beast's skill level. He could only wait until he was done with his work.

However, what made Lin Yi extremely surprised was that in the few hours that he was helping Skybolt pig level up, Lin Yi witnessed the purple lightning beast's lightning skills go from being unpracticed to being proficient! However, as the purple lightning Beast continued to activate the skill, the brightness of the lightning became dimmer and dimmer. It seemed that the purple lightning beast's true Qi had been used up. Human cultivators would consume a large amount of true Qi to activate their martial skills, and it seemed that spirit beasts were the same.

But Lin Yi didn't care about it until he finished upgrading the pig. He then asked the purple lightning Beast, ""Little Feng, is this your martial technique? How powerful is this martial skill of yours?"

The purple lightning Beast said in a weak voice.

"Ji Ji!" Skybolt pig wrote on the ground with his claws and translated, ""If you're familiar with it, it should be similar to your earth-tier martial skill's ninth move. However, there's a limit to the number of times you can use it. If you use it with all your strength, you can only use it two to three times."

"Oh? It's only the ninth move ..." Lin Yi was a little depressed-he didn't have much of an advantage with the ninth move, since all of his followers were earth Class late phase peak now. They were all ready to learn martial arts, and it wasn't hard to activate the ninth move! However, Lin Yi's eyes suddenly narrowed, ""You're saying that it's similar to my earth-tier martial skill's ninth form? Do you mean wild fire Fist or wild fire Eight Trigram palm?"

Skybolt pig continued writing on the ground, ""The ninth style of the wild fire Eight Trigrams palm."

Chapter 3010 Heading To The Snow Valley

"What?" Lin Yi was both surprised and happy after hearing the pig's explanation! The ninth style of the wild flame Eight Trigrams palm, that's something that can kill a heaven rank in seconds. I can only use it once, but the purple lightning Beast can use it two or three times? What the hell was that? in other words, even if Lin Yi had to face three or four Sky Class mid phase peak Masters at the same time, he would be able to handle it!

Of course, Lin Yi didn't know if he'd have any advantage against Sky Class late phase Masters, but even Sky Class late phase Masters would be heavily injured from four heavy blows.

"Then, can you activate it now?" Lin Yi quickly asked.

The purple lightning Beast shook its head.

"Ji Ji!" "Little Feng said that it can't use the full power of the skill, only about 70 - 80%. It should be able to kill Sky Class mid phase, but it's a bit hard to deal with Sky Class mid phase peak," the pig translated.

"It's okay, then practice more!" Lin Yi was a little disappointed, but he was more surprised than disappointed. Spirit beasts could activate martial skills, so Lin Yi could go on missions and earn money more easily.

With the purple lightning Beast at home, it was like Lin Yi was in charge-even if it was a Sky Class master, he wouldn't be afraid.

In the end, only general Weiwu was left, and after Lin Yi upgraded it to Earth Class late phase peak, the sky started to brighten.

It was a fruitful night, but to Lin Yi's disappointment, both Skybolt pig and general Weiwu didn't have any martial arts. Lin Yi expected general Weiwu to have no martial arts since it wasn't a real spirit beast, but a pseudo spirit beast that Lin Yi forced to level up. Skybolt pig, on the other hand, was a treasure-hunting spirit beast, so he didn't have any martial arts skills either. Lin Yi didn't know what it did with every level up. Did it get stronger every time?

Lin Yi prepared a sumptuous breakfast for Yaoyao, Shu, and the other lackeys before he left.

"After I leave, qitan and Chentian can stay here, the rest of you can go back!" "All of you do your own things," Lin Yi said to everyone. "You can come back when you need to."

Everyone nodded-Lin Yi was telling the truth. When Lin Yi wasn't busy, those clowns would all go into hiding. As long as Lin Yi was strong, no matter where he was, his family would be fine. At least, they wouldn't dare to cause trouble in the hidden world.

"Jingyi, if you don't have anything else to do, go and spend some time with uncle Fu. You didn't go with him after you met him, you've been spending time with me in the villa." Lin Yi turned to Jingyi-she'd been living in the villa all this while, and Mengyao didn't mind at all because of uncle Fu. She'd even prepared a room for her upstairs.

"Yeah, but I need to go home first." "According to house sun's training, all of them have to go back to the ancestral hall to register their names after treating someone. If nothing goes wrong, that person will be the other half of house sun's members ..." Jingyi said.

Jingyi's face reddened a little as she looked carefully at the Miss "direction. She let out a breath of relief when she saw that the Miss didn't react.

Lin Yi was surprised-he didn't know house sun had this rule, but he quickly replied,"Jingyi, I'll pay a visit to old man sun after I come back, and tell him about us!"

Since this was house sun's rule, and Lin Yi had feelings for Jingyi, he naturally had to give her an explanation for this. However, what made Lin Yi relax was that the Miss and Shu didn't show any dissatisfaction.

They'd shown extreme rejection when Xiaoxiao came before, but they'd always been warm towards Jingyi-it was probably because she'd saved them, and she was the daughter of uncle Fu and grandma sun.

"En ..." Sun Jingyi's face reddened as she replied.

"Actually, if there's time this time, it'd be best if you could bring Jingyi back." "Of course, if you can't make it in time, you can tell Grandpa Lin first," Mengyao said.

"Ah ... Okay!" Lin Yi nodded and looked at the Miss gratefully. The Miss "personality seemed to have changed?

Mengyao was a little embarrassed by Lin Yi's stare. "Jingyi sis has done so much for you, and she likes to be with you. Shu and I would love to see that happen, but we need to tell Xiaoxiao about this."

"That's true-after a while, I'll go to the Ice Palace and talk to Xiaoxiao about this in person. I'll tell her about Jingyi and Xinyan. " Lin Yi didn't feel that pressure anymore.

It wasn't that Lin Yi had the strength to be above the Ice Palace, but it was because he was Sky Class now, and the distance between him and Bing Tang was getting closer and closer. In front of her, it didn't feel like it was out of reach anymore.

Jingyi lowered her head, too embarrassed to say anything-she didn't expect things to go so smoothly between her and Lin Yi!

After saying goodbye to everyone, Lin Yi rode the purple lightning Beast and disappeared from everyone's sight. It was only dawn, and there weren't many people or cars outside yet. Lin Yi and the purple lightning Beast were on a quiet path, so no one noticed them.

.....

At the same time, within the boundary of the snowy valley.

Today, two uninvited guests had arrived. The disciples of the snow Valley had stopped a car in the vicinity of the snow Valley.

"This is the boundary of the snowy valley. If the two of you are here for an adventure or a vacation, please stop!" The snow Valley's patrolling disciple stretched out his hand and stopped eldest brother Tang's car.

Eldest brother Tang didn't dare to act rashly. This was the snow Valley, after all. It was an existence much stronger than a hidden sect. Even an ordinary patrolling disciple's strength was almost the same as his. Eldest brother Tang respectfully said, "Young hero, we are here to find someone. This is the snow Valley, right?"

"That's right, this is the snow Valley. Who are you looking for?" The patrolling disciple nodded. Hearing that eldest brother Tang was here to look for someone, his face slightly relaxed and asked.

"We're here for Tang Yin, is she here?" Asked eldest brother Tang.

"How audacious! How dare you call our elder Tang's name as you please? Who are you?" The patrolling disciple was a little unhappy when he heard eldest brother Tang call Tang Yun by her name.
