

Bodyguard 3011

Chapter 3011 Tang Yin's Coldness

"I'm tang Yin's father! And this is Tang Yin's brother, we're from the Hidden House Tang and we're here to visit her!" Eldest brother Tang was startled and quickly explained.

"What? You said you're elder Tang's father?" The patrolling disciples were stunned! He was dumbfounded by the conversation between the two people in the car. Didn't tang Yun's parents live in the snow Valley? Who in the snowy valley didn't know about this?

These two could've pretended to be anyone but Tang Yin's father? Wasn't it exposed in an instant?

However, the patrolling disciple didn't expose him on the spot. Since this man was using Tang Yin's father's name to cheat people, they had to take him down first and see what he was up to!

"Yup!" Eldest brother Tang didn't know what the patrolling disciple was thinking, so he immediately nodded upon hearing his question.

The disciple of the snow Valley said, ""You guys wait here for a while, I'll go report!"

"Alright," he said. Boss Tang nodded.

The patrolling disciple took out a piece of paper and directly pasted it on eldest brother Tang's car's windshield, on which the words "patrolling disciple 19, waiting to report" were written.

Eldest brother Tang and Tang gezhi didn't know what was going on, so they quietly waited for the patrolling disciples to report back. However, what they were waiting for was a group of aggressive disciples!

These disciples were all Earth Class early phase to late phase peak, and they surrounded Tang GEI and boss Tang as soon as they arrived, making it impossible for them to even have the thought of resisting!

In fact, even if these people were not earth-rank, eldest brother Tang would not dare to act rashly. After all, this was the territory of the snow Valley. No matter how arrogant he was, he would not come to the snow Valley to show off. Wouldn't that be courting death?

Besides, he was here to acknowledge his family, so he had to show a kind attitude.

"You ... What do you mean by this?" Eldest brother Tang didn't expect to see a group of disciples from the snow Valley instead of Tang Yun!

"Take them down first and wait for me to convey this matter to elder Tang before making a decision!" The one on duty today was another elder of the snow Valley, elder Chen. Because this matter involved Tang Yun, he wouldn't make a decision on his own. Instead, he took down the two men who claimed to be Tang Yun's father and brother and waited for Tang Yun to deal with this.

At first, eldest brother Tang wanted to defend himself, but after hearing that elder Chen wanted to pass the message to Tang Yun, he let out a sigh of relief. When Tang Yun came, everything would be easy to talk about.

As a result, eldest brother Tang winked at Tang gezhi. The two of them didn't resist and obediently followed the disciples of the snow Valley to the reception room and were temporarily detained.

Tang Yun was in the middle of cultivation when the Grand Elder suddenly came to visit her. It surprised her a little. Normally, the Grand Elder wouldn't come to see her personally. Even if there was something important, it would be the disciple on duty. Something big must have happened for her to come here personally.

For example, if Lin Yi came, or if someone related to Lin Yi came.

"Tang Yun greets the Grand Elder!" Tang Yun stood up and greeted him respectfully.

"Elder Tang, there are two people outside the valley. They claim to be your father and brother. Do you know them?" The Grand Elder didn't try to hide anything-it wasn't Lin Yi, after all, so she didn't need to hide anything.

However, the Valley's rule was that if anyone came looking for Tang Yun, they had to report to the Grand Elder first. The Grand Elder was afraid that Lin Yi would do the same, so he added this rule. This was also the reason why she came here today.

"My father? My brother?" Tang Yin blinked, "doesn't my father live in the valley?" And ... I have a younger brother, but I don't have an older brother. "

"Then these two people are scammers?" "Then I'll get someone to teach these two liars a lesson and chase them out of the valley!" The Grand Elder nodded.

"Wait!" Tang Yin suddenly remembered something. "I'll go take a look at them first!"

"That's good too. You can go then. It'll be in the living room. I won't be going. You can handle it." The Grand Elder said to Tang Yun.

"Alright," he said. Tang Yin left the room and walked towards the living room.

On the other hand, the Grand Elder was quite pleased with Tang Yun. Lin Yi did come last time, but Tang Yun didn't acknowledge him or do anything inappropriate, which put the Grand Elder at ease.

The only thing she was worried about was that Tang Yun had encountered an obstacle in her practice. If he didn't train the emotionless Arts to the extreme, then he wouldn't be able to cross the chasm between Sky Class late phase peak and full phase!

Although the Grand Elder was Sky Class late phase peak as well, and was infinitely close to full completion, he wasn't full completion! Although Tang Yun was an inheritor, and there was no level barrier under the sky path, there was no level barrier between Sky Class late phase peak and Sky Class late phase peak!

This was the accumulation of strength and the cultivator's own comprehension. It had nothing to do with the level barrier. If the level of the heartless technique couldn't be increased, the last step would be impossible to reach. This was what the Grand Elder was most worried about.

Tang Yun walked all the way to the living room and immediately saw boss Tang and Tang gezhi surrounded by the disciples of the snow Valley. She had vaguely guessed that these two people were here, but when she saw them with her own eyes, a complicated look flashed across her face.

"Disciples of the snow Valley, please leave." Tang Yun waved her hand and said to the disciples in the room.

"Yes! Elder Tang!" Seeing that Tang Yun had arrived, all the disciples left the living room respectfully.

At this moment, there were only three people left in the living room, Tang eldest brother, Tang Yingzhi, and Tang Yun.

"Tang Yun! I didn't expect you to be so powerful and already an elder of the snowy valley. Father is really happy and proud for you!" Eldest brother Tang didn't know how to open his mouth. After holding it in for a long time, he finally said such a sentence.

Of course, if it was any other father and daughter, it would be a normal sentence, but it was a little funny when it came to Tang Yin and Tang boss.

"What are you doing here?" Tang Yin's face, aside from the complicated look she had when she first entered the room, was now back to a calm expression. She'd trained in the art of heartlessness, and her entire being was as cold as ice. Even in front of Lin Yi, her entire aura wouldn't change.

Tang Yin didn't want to, but there was nothing she could do. The chant was like that-the more she practiced, the more her aura would change.

Tang Yun's indifference made big brother Tang a little flustered. Looking at Tang Yun's indifferent face, big brother Tang smiled apologetically, ""Tang Yin, I know I was in the wrong at your grandpa's birthday party, so I'm here to apologize to you ..."

Chapter 3012 Lin Yi's Matter

"A birthday banquet?" Tang Yin's mind flashed back to the events in the Hidden House Tang. Lin Yi had held her hand and cut ties with the Hidden House Tang. She was helpless at the time, but she felt safe and secure standing by Lin Yi's side. But now, he had forgotten about her, and they had become impossible. She didn't expect that the one who came to her door was the "biological father" who had abandoned his wife and daughter and cut off all ties with her!

Tang Gege was a little embarrassed. He glanced at Tang eldest brother and then at Tang Yun. He sighed and said, ""Tang Yin sis, I know you're angry, but this man is our Father ..."

"I know," Tang Yun nodded. She had a good impression of Tang Yingzhi. Since Tang Yingzhi had asked, Tang Yun didn't say anything more. She just said, ""But what are you guys here for?"

"Tang Yin sis, it's like this ... You've heard about it, haven't you? "It's about Lin Yi-qianbei ..."Although Tang GEI and Tang Yun were on good terms, they had only met for a short time. Tang GEI wasn't sure if Tang Yun would give him face, so he was very careful when he spoke.

"Lin Yi? Senior? What's the news?" Tang Yun didn't understand why Lin Yi was a senior in Tang geiqi's words. Even if Tang Yin had seen Lin Yi in the valley and heard of his heroic deeds, that he could kill Sky Class Masters in seconds when he was an Earth Class, there was no need to call him senior, was there?

Tang Jizhi was stunned. He didn't know the inside story of Tang Yun going to the snow Valley. He only knew from some outside news that Tang Yun had gone to the snow Valley and become a very important elder of the snow Valley. He didn't know anything else.

But, since Tang Yun was important in the valley, and the disciples called her elder Tang, how could she not know about Lin Yi? So Tang Gege wasn't sure if Tang Yun didn't want to talk to him and said this on purpose, or if she really didn't know!

"Tang Yin sis ... You don't know?" Tang Jizhi was stunned. He looked at Tang Yun, trying to tell if she was unwilling to tell him or if she really didn't know. But, to his regret, although Tang Yun asked this, her expression didn't change. She still kept her distance.

"I've been cultivating in seclusion all this time. I heard the news of your arrival as soon as I came out, so I naturally didn't know. " "Tell me, what happened to Lin Yi?" Tang Yin shook her head.

Although Tang Yun really wanted to know about Lin Yi, she acted very calm. She didn't want Tang Yingzhi and boss Tang to see through her.

"It's like this ..." Tang Qiqi didn't hide anything. Since Tang Yun wanted him to tell her, he told her in detail how Lin Yi was injured, poisoned, disabled, and then miraculously recovered, and how he destroyed the Hidden House Zhao!

Tang Yin was extremely shocked-Lin Yi was already Sky Class early phase? The last time I saw him, it wasn't too long ago. His speed of leveling up is really fast!

Furthermore, had the Hidden House Zhao already been destroyed? Thinking back, the Hidden House Zhao was a strong enemy Lin Yi made back in Songshan-he didn't think that Lin Yi would turn him into a stepping stone.

Tang Yun was truly happy for Lin Yi. Although she knew that she probably didn't have any interaction with Lin Yi, she still fantasized that even if she became an inheritor and ascended to heaven's will, she would still be able to meet Lin Yi if he ascended to heaven's will as well.

However, Lin Yi's meridians and dantians were destroyed by the poison, which shocked Tang Yun. She knew that Lin Yi had self-recovery abilities, but could his meridians and dantians recover after being destroyed?

At least, in Tang Yun's understanding of practitioners, this injury was impossible to recover from, but Lin Yi did. This made her relieved and glad that she came to see Tang Qiqi. It was a good thing. At least she knew about Lin Yi's news!

Tang Yingzhi's words made Tang Yun's attitude towards the two warm up a little. Perhaps it was because she was happy for Lin Yi, Tang Yun nodded and said, "I see, I know. Then tell me why you're here?"

Tang Yingzhi glanced at eldest brother Tang. It was naturally better for eldest brother Tang to bring up the matter of recognizing relatives. After all, eldest brother Tang was Tang Yun's father. As an elder brother, he couldn't say that he was here to recognize his younger sister, right?

After all, it was boss Tang who was in charge of this matter. Moreover, Tang gezhi was not Tang Yun's half-brother from the same mother, but a half-brother.

Eldest brother Tang was a bit embarrassed, but he also knew that this kind of thing could only be proposed by him at this time, so he said, "It's like this, Tang Yun, I want you to go back to the Hidden House Tang ... And acknowledge your family!"

"Oh?" Tang Yin laughed at her boss "words." "Mr. Tang, I have nothing to do with the hidden tang family. Besides, you were the one who drove me out, so why should I go back?"

"Well ..." Boss Tang was speechless. Yes, there was no benefit for Tang Yun to come back to the Tang family. He was already an elder of the snow Valley and had a lot of power. He didn't care about hiding his identity. Besides, he was the one who drove Tang Yun away. It was a bit unreasonable to let her come back.

"If there's nothing else, please go back. Since you won't tell the truth, there's no need for us to continue this conversation." Tang Yun looked at Tang eldest brother coldly and said. She naturally didn't think that Tang eldest brother had a conscience and came to meet his family. She was afraid that he had some other purpose.

"This ..." Eldest brother Tang looked at Tang gezhi for help, because he found that he was a little guilty in front of Tang Yun. Although Tang Yun didn't show her strength, her aura and the attitude of those disciples of the snow Valley were enough to show that Tang Yun's strength was not ordinary. Otherwise, she wouldn't have been able to be an elder of the snow Valley!

Tang Yun's strength had probably surpassed Tang Taizhong 's, so Tang eldest brother didn't dare to speak in front of her.

Tang GE had no choice but to bite the bullet and say, ""Sister Tang Yun, I know that you don't have a good impression of me after what I've said, but sometimes things can't be helped. As a disciple of the Hidden House Tang, I have to say some things! Therefore, I hope you can forgive me. "

Tang Yun glanced at Tang GEI. She was not an unreasonable person. Tang Yun was actually very grateful for Tang GEI's Secret protection of her birth mother, Xiao Ming. Through her birth mother, Xiao Ming, she also knew a lot about Tang GEI, so she had a completely different attitude towards him and boss Tang. She hesitated for a moment and said, ""Brother giving Shi, you can tell me. I understand your situation."

Chapter 3013 The Utilitarian Eldest Brother Tang

"Ah?" Hearing Tang Yun call him "brother," Tang zhige was stunned. He couldn't believe what he had heard and looked at Tang Yun in disbelief. "You ... You ... What did you call me? You're willing to acknowledge me as your brother?"

"Brother giving, my birth mother told me that you are a good person. So, no matter what happens between me and the hidden tang family, I will still acknowledge you as my brother." "So, if you have something to say, just say it." Tang Yin nodded.

"Alright, alright!" Tang Qi was pleasantly surprised. He said hurriedly, ""Actually, it's still related to Lin Yi!"

"Lin Yi? What's wrong with him?" "What does he have to do with your family?" Tang Yin frowned.

"It's not related. It's our hidden house Tang that's afraid that Lin Yi will come and cause trouble ..." As she spoke, Tang Jingzhi told Tang Yun about old master Tang's worry for Lin Yi after he saw the Hidden House Zhao being destroyed.

However, Tang Yun didn't know whether to laugh or cry. She knew Lin Yi's personality very well-even if they weren't related to him, he wouldn't have the heart to go after them if they didn't provoke him anymore, let alone the Hidden House Tang!

After all, even though it wasn't a happy incident back at house Tang, it wasn't to the point where Lin Yi had to settle the score.

"Don't worry about that, Lin Yi won't cause you trouble for no reason. As long as you don't mess with him, you'll be fine. " Tang Yin said, waving her hand.

"Is that so? then, can you help me make a call? And then we'll pay them a visit to apologize?" Boss Tang let out a breath of relief after hearing that Lin Yi didn't know how to settle accounts. However, he still wanted to build a good relationship with Lin Yi, so he wanted Tang Yin to help him.

People were like that, always thinking about another thing after one thing was settled, never satisfied. Boss Tang was worried that Lin Yi would go to the Hidden House Tang for trouble, but now that the problem was solved, he started thinking about what benefits the Hidden House Tang could get from Lin Yi.

Tang Qiqi blushed a little. She didn't expect her father to ask this question directly, which made her feel a little embarrassed. After all, he didn't want the little bit of kinship he had cultivated with Tang Yun to be washed away by this benefit.

Tang Yun's face slightly changed after hearing what eldest brother Tang said. It wasn't that she didn't want to help, but she couldn't! If boss Tang went to find Lin Yi, what should she say? He said that he was the son-in-law of the hidden tang family?

Since when did he have a girlfriend with the surname Tang? Tang Yin would never allow that to happen! But she was afraid that if she refused, with her boss "personality, he'd still go to Lin Yi in secret. So she hesitated for a moment before saying, "Don't bother Lin Yi, he has his own things to do. If you go and bother him, he might just kill you. I can't do anything about that. If you want someone to back you up, just say ... Say that elder Tang of the valley is your daughter. "

Tang Yin didn't want to be involved in these things, especially when it was the Hidden House Tang that had abandoned her. But she didn't want to disturb Lin Yi, so she had to say this to boss Tang.

"Ah? That's great!" Boss Tang was overjoyed! He was thinking of taking a roundabout route to save the country, making Lin Yi the Hidden House Tang's backer. This way, the Hidden House Tang would be able to stay in the hidden level.

But now, they had the backing of an ancient sect, and that was much more useful than Lin Yi. No matter how strong Lin Yi was, he was only famous in the hidden world, not in the ancient world. As long as Tang Yun was willing to support the Hidden House Tang, what was there to worry about?

"Yes, I am." Tang Yin's interest waned-it turned out that her father wasn't here to acknowledge their family, but to look for benefits. She didn't want to waste time with him, so she just wanted him to get what he wanted.

"Little sister Tang Yun, I'm really sorry ..." Tang Gege sighed and said helplessly.

"I don't blame you." Tang Yin shook her head,"if there's nothing else, you guys can leave." I still need to cultivate!"

"Then ... Let's take a picture together? I'll hang it at home, so that others will know about our hidden tang family's powerful background?" Eldest brother Tang didn't notice Tang Yun's disinterest as he rubbed his hands and asked excitedly.

"Alright," he said. Tang Yin agreed without even thinking-the Hidden House would only stop bothering Lin Yi if they felt that they had enough of a background. She didn't want to reveal the truth to someone like boss Tang, either, so she'd only satisfy his greed for now.

Tang jizhi helped boss Tang take a picture with Tang Yun, and Tang jizhi took a picture with Tang Yun. Boss Tang was very satisfied."Yunyun, you can stay here and cultivate. I won't disturb you any longer. Go back to the family and report to your Grandpa!"

"Oh ... Okay." Tang Yin said faintly.

"Well, dad, aren't we here to pick up aunt Xiao Ming?" Tang gicheng frowned and reminded him.

Eldest brother Tang glared at Tang zhige without saying a word, then pretended to be very concerned and said,""Your aunty Xiaoming is Yunyun's mother, it's only right for her to stay here with Yunyun. How can she go back? How much did she miss Yunyun when she went back?"

"Ah?" Tang jizhi was stunned and couldn't help but smile bitterly in her heart. How could he not know that his father didn't want to take aunt Xiaoming back at all? With Tang Yun's support, it didn't matter if aunty Ming went back to the Hidden House Tang or not. Her mother and the you's might be unhappy if she went back, but if she didn't go back, she would get Tang Yun's support and wouldn't offend the hidden you 's. Eldest brother Tang had a good plan!

However, Tang gezhi couldn't say anything. After all, he wasn't the master of the family yet. He could only say to Tang Yun helplessly, ""I'll go and see Auntie Xiao Ming. When I was young, Auntie Xiao Ming treated me very well, just like her own son ..."

"Alright," he said. Tang Yun nodded and looked at Tang boss, "Are you going?"

"Then ... I'll go and take a look?" Eldest brother Tang secretly blamed Tang Gege for being so meddlesome. He should have just gone back safely, why did he go to see Xiao Ming? What if she wanted to follow him back to the Hidden House Zhao?

"You don't need to go." How could Tang Yin not see through boss Tang's thoughts? She was completely disappointed in him and directly rejected him.

"Oh, okay, Yunyun, whatever you say, I'll listen!" Eldest brother Tang quickly said, but he was relieved in his heart.

Tang Qiqi was helpless. She thought to herself that her father was really too embarrassing. But she had no choice. She silently followed Tang Yun into the snowy valley.

"Sister, I'm sorry. You know how I am. I'm a very utilitarian. Don't be angry." Tang GE apologized carefully.

Chapter 3014 Returning To West Star Mountain

"I'm not angry. I'm only helping the hidden tang family for you and Xiaoming's mother. I have nothing to do with that person." Tang Yun's voice was cold and emotionless. She didn't have any feelings for the Hidden House Tang in the first place, and it was even more so after she learned the emotionless art.

"Al!" Tang giving sighed and said with a bitter smile, ""I'm already very happy that you acknowledge me. I can't force you to do anything else ..."He said.

"Oh right, tell your father not to go to Lin Yi, or else, if something bad happens, it's not something we can control." Tang Yin reminded him again.

"Alright, I'll let father know." Tang yingshi nodded.

The two of them walked together to Xiao Ming's residence. Xiao Ming was very happy to see Tang GE coming to see her, but when she knew that boss Tang had also come but didn't come in at the door, she couldn't help but be very disappointed.

Tang Yin saw this, but didn't say anything. After all, Xiao Ming still had some feelings for big brother Tang. She had been with him for so many years, and she hadn't been in contact with other men. It wasn't easy to forget big brother Tang completely.

But in Tang Yun's eyes, the two of them had almost no chance of being together again, unless boss Tang's personality changed.

After talking to Xiao Ming for a while, Tang Yingzhi left. After all, boss Tang was still waiting for her. Tang Yun didn't see him off and simply found a disciple to send him out. She stayed here and chatted with Xiao Ming's mother ...

There weren't many opportunities like this. Tang Yun spent most of her time cultivating in the valley, and Wang Yuming and Wang Yuming had different personalities. Wang Yuming was overbearing and unruly, walking around the valley as she pleased while keeping an eye on Tang Yun. Wang Yuming, on the other hand, was more of a stickler for the rules of the valley.

Eldest brother Tang happily returned to the hidden tang family. Tang Yingzhi could only helplessly follow him back to the Hidden House.

Elder Tang let out a breath of relief after hearing the result. But at the same time, he prepared to invite the other elders of the hidden houses to a banquet to celebrate the fact that the Hidden House Tang now had the backing of the ancient sect, Snow Valley!

Of course, it was said to be a celebration, but it was only to show off in front of others ...

.....

Naturally, Lin Yi didn't know that his action of destroying the Hidden House Zhao had caused so much confusion to the Hidden House Tang. At this moment, Lin Yi had already arrived at West Star Mountain village on Xiao Feng!

It was evening, and Lin Dongfang noticed Lin Yi as soon as he appeared in his courtyard.

"You're back?" Lin Dongfang didn't seem surprised at all when he saw Lin Yi return on a spirit beast. He didn't show any signs of surprise as he asked normally.

"Yes, old man. You knew I was coming back?" Lin Yi blinked, not expecting the old man to be this calm.

"I heard that you were crippled and thought that you were coming back. But now that you've recovered, you're back. I'm a little surprised." Old Lin said as he walked up to the purple lightning Beast, patting it up and down. "This little thing looks pretty good. Can I eat it?"

..."Lin Yi didn't know what to say-the purple lightning Beast had never seen old Lin before, and it immediately showed hostility when it heard old Lin was going to let it out. It opened its eyes wide and roared, ""Roar!"

"What are you shouting for?" Old man Lin pulled the purple lightning Beast in front of him, giving it a big shock. What kind of force was this? it almost fell!

One had to know that the purple lightning beast's strength was very great, but this seemingly weak old man in front of him was able to pull it back. One could only imagine how great his strength was!

The purple lightning Beast immediately realized that the person in front of it was a non-existence that shouldn't be provoked. It subconsciously wanted to take two steps back, but found that old Lin's hand was holding onto its horn and it couldn't move at all!

"Roar!" The purple lightning Beast panicked, and a bolt of lightning suddenly flashed from its horn, striking old Lin's body through his hand!

"Eh? It can even discharge electricity?" Old Lin looked at the purple thunder lightning Beast strangely, not caring about the lightning at all, as if it hadn't hit him at all. He'd been hit by the purple thunder lightning beast's lightning martial skill, but he was perfectly fine and could even talk. "This electric energy is useless. It can still be lit up with a light bulb!"

Lin Yi clicked his tongue, but he'd gotten used to old Lin's strength since he was young. He was just shocked this time-the purple lightning beast's skill was enough to kill a Sky Class mid phase peak in seconds, but it didn't affect old Lin at all!

He'd always thought that old Lin was unbelievably strong, and that he was stronger than him-that was why he'd never fought him before. Now it seemed like this old man wasn't just strong, he was super strong!

"Alright, old man, stop teasing it. It must have been hard for little wind to Carry Me Back. It's quite loyal." Lin Yi said to old Lin.

"Oh ..." Old man Lin let go of his hand and didn't make things difficult for the purple lightning Beast anymore, but the beast was scared to death. It hid to the side and didn't even dare to breathe. Lin Yi's family was terrifying!

Lin Yi was already a terrifying existence, and she didn't think that his old man was even scarier than him! He didn't even react when lightning martial arts struck him, and it was extremely powerful!

"You're back to go up the mountain?" Old Lin looked at Lin Yi.

"Right. I've reached the peak of the second level. I'm going to go take a look." Lin Yi nodded.

"Have you settled the things in Eastern Sea city?" Old Lin asked.

"It's been solved, but there's a problem. One of my sisters was captured and taken to the sky elixir sect."
" Lin Yi said.

"Chen Xi?" Old Lin asked.

"I say, old man, how do you know everything? Did you install a surveillance camera on me?" Lin Yi
blinked, realizing that he couldn't hide anything from old Lin.

"No, I've just been paying more attention to you recently. Your growth has finally sped up, which makes
me feel gratified." "I'll probably be able to tell you some things the next time you come back,"said old
Lin.

"Oh?" Lin Yi blinked,"You can't tell me now?"

"It's not time yet. " Old Lin said, shaking his head.

Lin Yi didn't ask anymore-that was just how old Lin was like. He'd tell Lin Yi what he wanted to say even if Lin Yi didn't ask, and he'd refuse to tell Lin Yi what he didn't want to tell him. Elder Jiao, on the other hand, would tell Lin Yi everything he knew and wouldn't tell Lin Yi anything if he didn't ask.

Chapter 3015 The Cave Adventure (3)

"By the way, are there any missions recently?" Lin Yi said, changing the topic.

"You're short of money?" "I thought you'd gotten used to a comfortable life already." Old Lin looked at Lin Yi.

"My life now can't be said to be comfortable compared to the past. Compared to the life of an assassin, it's just child's play. It's just that my strength has increased and I don't feel that it's that dangerous anymore." Lin Yi smiled bitterly, "every world has its own rules. You'll never understand it if you don't go in there."

"Since you want to take on a mission, I can help you think about it. Of course, don't take on those previous missions. I will help you find some high-end missions with high commissions." Old Lin agreed.

"Alright, the more the better!" "Of course, but don't make it too difficult-I don't want to die for money," Lin Yi replied.

"Oh, I'll help you check." Old Lin said nonchalantly.

That night, Lin Yi left Lil "Feng at old Lin's place and rushed to West Star Mountain!

After the second floor opened, Lin Yi remembered that there was a stone tablet next to the third door that was completely different from the first one. There was a line of words written on it in seal script: Once the second level of the divine Art was completed, the stone door could be opened.

This way, Lin Yi didn't have to keep the five-year promise on the night of the full moon. As long as he completed the second stage of the art of Dragon mastery, he'd be able to open the third door! Now that Lin Yi had completed the second stage of the art of Dragon mastery, he should be able to enter the stone door smoothly.

Lin Yi arrived in front of the Xuanyuan cave with ease. He had a rough idea of what was going on now- this Xuanyuan cave didn't exist in ancient times, but was built later on by people. From what elder Jiao said, the five-year pact seemed to be specially prepared for Lin Yi!

Lin Yi's heart was filled with questions. From the time old Lin kicked him off the cliff, he seemed to have walked onto a path that someone had planned. He started this path, and every step was controlled by that person. Who planned all this?

Of course, this person clearly didn't have any bad intentions. In fact, he was full of good intentions. After all, Lin Yi had gotten all the benefits. Although Lin Yi didn't have a good sect background or a large amount of natural treasures for cultivation, it could be said that the Jade space and the Xuanyuan cave's high-quality arts were enough to make up for this gap!

Otherwise, how would Lin Yi be able to step on all the opponents who were stronger than him? This was enough to prove that the Xuanyuan mansion's items were pretty strong-they weren't any weaker than the top-tier inheritances of ancient sects. No matter how strong naipao was, he was still suppressed in the end, wasn't he?

As a result, Lin Yi was very impressed with the person who built the Xuanyuan cave. He didn't know why this person would help him, and what was his relationship with him? Why didn't he show up after he built the Xuanyuan cave?

Old Lin probably knew all of this, or maybe he knew a part of it. He wouldn't have kicked Lin Yi out if he knew, and now that old Lin didn't want to talk about it, Lin Yi could only guess.

It wasn't night time yet, and the last time Lin Yi was here, he tried to open the door-it couldn't be opened before evening, but he wasn't sure if it would work this time. The third door didn't have a full moon, but it didn't have to be a full moon, so he decided to try it again.

Unfortunately, the stone door didn't open. It seemed that even if it didn't need a full moon, a normal night was still needed. Night was a prerequisite for opening the stone door, and this was within Lin Yi's expectations. However, he couldn't be sure without testing it.

Since it was still early, Lin Yi decided to calm himself down and sat down cross-legged at the entrance of the cave. He continued to refine the forging fire, waiting for the night to fall ...

Lin Yi's path of practicing had basically reached a bottleneck-Sky Class early phase was completely stable now, and he was just waiting for a chance to break through to Sky Class early phase peak. Sky Class early phase peak wasn't that easy to break through, unless Lin Yi had a Qi gathering pill or found a bottleneck in battle-it was extremely hard to break through like this.

This was also why many cultivators did not have the opportunity to break through in battle and could only choose to seclude themselves to seek an opportunity to break through.

Of course, that was unless the practitioner kept on taking Qi gathering pills until Sky Class late phase peak, but the practitioner wouldn't have any more pills to take and couldn't cultivate anymore-it was the same as losing the chance to reach Sky Class.

Although breaking through to the heavenly Dao realm sounded like a dream, many cultivators still held onto a sliver of hope. They wouldn't use Qi gathering pills if they didn't have to. After all, apart from sky elixir sect, which other sect would have too many of these?

Slowly, night fell, and Lin Yi put away the forging fire. He raised his head and looked up at the dark blue sky. The moon wasn't a full moon, but a crescent moon.

Lin Yi stood up and walked towards the cave. He stopped at the stone door in front of the cave and slowly placed his hand on the stone door. He started circulating the art of Dragon mastery!

With his previous experience, Lin Yi was very familiar with the way. The stone door recognized its owner and quickly rose up, revealing the Xuanyuan cave inside.

The scene behind the stone door was similar to the last time Lin Yi was here. He didn't stay for long and walked straight to the stone door of the second floor!

The last time Lin Yi opened this stone door, he used a lot of strength. The stone door made his body's energy go through a big circulation, but this time, Lin Yi had experience. He calmly placed his hand on the second stone door and started circulating the art of Dragon mastery. However, what surprised Lin Yi was that the energy in his body didn't go through the stone door on its own and complete a circulation like the first stone door, Lin Yi started chanting, and the stone door slowly opened!

The stone door opened, and Lin Yi established a connection with the Jade space again. He couldn't help but ask, ""Elder Jiao, the second stone door is completely different from the last one?"

"Of course it's different. Last time, you circulated the first stage of the art of Dragon mastery, so the stone gate naturally wanted to test you to see if you've reached the great circle of the first stage. But this time, you're circulating the second stage of the art of Dragon mastery. Have you ever seen anyone break through to the second stage without reaching the great circle of the first stage? Therefore, there's no need to test me. " Elder Jiao explained.

Chapter 3016 The Cave Adventure (3)

"I see. Then there's a corresponding test in front of the third stone door?" Lin Yi quickly asked.

"Naturally!" "It should be about the same as last time," elder Jiao said.

"I know." Lin Yi nodded and quickly walked through the second stone door. He went around the platform and came to the third stone door. He saw the words on the stone tablet next to the door: "You can open the stone door after you master the second level of the divine Art."

Now that Lin Yi had reached the second stage of the art of Dragon mastery, opening the door shouldn't be a problem!

Lin Yi placed his hand on the third stone door and activated the second stage of the art of Dragon mastery. Just like last time, all the pure Qi in his body was activated, and his art of Dragon mastery was pushed to the full second stage!

Lin Yi didn't even need to use his practitioner's Arts-it was like it was running on its own, and Lin Yi's energy was slowly pouring into the stone door through his palm!

But with the experience of opening the second stone door last time, Lin Yi didn't panic at all. Instead, he faced the situation calmly.

As time went on, the Qi in Lin Yi's body became less and less until it all went into the stone door. Then, the Qi that went through the stone door flowed back into Lin Yi's body.

Unsurprisingly, the pure Qi this time was purer than the one in Lin Yi's body before. The stone door helped Lin Yi complete the filtering again, and then the energy flowed back to the stone door, flowing back and forth.

Finally, the third stone door let out a loud "boom" and the energy flow between Lin Yi and the stone door stopped. The stone door started to rise up ...

"Hu!" Lin Yi let out a long breath. It seemed that the third stone door was opened the same way as the second stone door.

"Little Lin, what are you doing? It's going to be bright soon, why don't you go in and see what's there?" Elder Jiao's voice sounded in Lin Yi's ear as he was catching his breath.

Lin Yi came back to his senses and turned around. He didn't know when, but the sky was starting to turn white. This time, it took longer than last time because the second stage of the art of Dragon mastery had more energy than the first stage. Lin Yi didn't have much time.

"It's already so tense this time. Won't it be dawn the next time?" Lin Yi jumped, "If there's a stone door at stage three top class, will I be trapped for five years?"

"Five years? No need, the five-year promise is long gone. You just need to wait for one day. At night, when it's dark, you can use the same method to open the door. " Elder Jiao said.

"That's good. " Lin Yi let out a breath of relief. If they had to wait for five years, they'd be dead! Something big might have happened to their family!

Behind the third stone door, there wasn't a Grand Hall like the first one. It was a simple room, and there was no light source in the room, but it was still bright as day. Lin Yi was used to it.

In front of the stone room, there was a small high platform. On the high platform, there was an ancient-looking small box. Other than that, there was nothing else behind the third stone door!

This made Lin Yi extremely disappointed! Lin Yi was already a Sky Class master, and he'd once dreamed of getting a powerful Sky Class weapon from behind the third stone door, but it seemed like there was nothing here other than a box!

How could a divine weapon be kept in such a small box? It wasn't going to fit in anyway, so Lin Yi walked up to the stage, a little disinterested, and took the antique-looking box down.

The box was light, almost the same as before, much to Lin Yi's disappointment. It seemed like there wasn't anything else in there other than the arts.

"There are no divine weapons here?" Lin Yi asked, a little disappointed.

"If there is, then there is. If there isn't, then there isn't. What you see is what you get." Elder Jiao didn't seem to know what was behind the stone door either, so he said something ambiguous.

Lin Yi was speechless, but since he was here, it was always good to have something. He could only place his hopes on the fourth stone door!

Because, in the third room, Lin Yi saw the fourth stone door.

Perhaps, this stone room was designed according to the Sky, earth, black, and yellow? It's just that I came in five years late, which caused my strength and the chant to be different. Or, in theory, the third stage of the art of Dragon mastery is the real match for the chant of the earth Class?

Lin Yi couldn't figure it out either-every practitioner's Arts had a different connection to their strength level. He didn't know if his guess was correct without any reference.

He came to the fourth stone door, and there was another stone tablet at the side. As Lin Yi expected, there were words carved on it.

"Stage three top class, weapon in hand, and strike the door with it. Only then can you enter!"

"What? You have a weapon?" Lin Yi blinked. Wasn't this a scam? Where did the weapon come from? There was only a small box behind the third stone door, and it probably contained the incantation of the heart technique. Where could he find a divine weapon?

Could it be that this meant that he could open the fourth stone door by simply striking it with a heaven-grade weapon? It wasn't a very reliable guess, but Lin Yi really didn't know where he could get a godly weapon from.

It was almost dawn, and Lin Yi didn't stay any longer. He walked out of the stone door and came to the entrance of the cave. The sky had just brightened, and Lin Yi waited for the stone door to close before leaving for the village.

Lin Yi's return this time was low-key, and the villagers didn't know about it. It was already dawn, and if Lin Yi just went down the mountain empty-handed, it would attract suspicion. Although the Xuanyuan cave was at the foot of the West Star Mountain, and the possibility of being discovered wasn't high, Lin Yi decided to hunt a wild beast on the mountain before going back to be careful.

Otherwise, it'd be weird if the first thing Lin Yi did when he returned to the village was to go up the mountain instead of home.

With that thought, Lin Yi didn't rush down the mountain, but went deeper into the mountains. He was ready to hunt some wild animals for a meal.

Chapter 3017 3015-Meeting An Old Friend

However, just as he entered the mountain range, his expression changed and became extremely serious. Because, Lin Yi felt the aura of a practitioner in the mountain range! It was the fluctuation of true energy!

Sky class's perception was indeed extraordinary. If it was the old Lin Yi, he wouldn't have been able to do this, but ever since he stepped into Sky Class, even if he was only at the early phase, Lin Yi's perception of the outside world was extremely strong.

Plus, according to Lin Yi's senses, it wasn't just one person's pure energy fluctuation. There should be two or three people!

Lin Yi subconsciously retracted his aura, making it so that he didn't even have the aura of a normal person. He hesitated a little, wondering if he should go and see what was going on!

After all, a practitioner appearing here didn't seem to have much to do with Lin Yi at first glance, but thinking about it, this was the West Star Mountain village-how could there be practitioners here?

This place was remote, and there were no tourists here. Where did the cultivators come from? What was this cultivator doing here?

Lin Yi couldn't figure it out at all, but since he couldn't figure it out, it was even more suspicious. So, after hesitating for a moment, Lin Yi still walked forward. The practitioners here were probably here for him, otherwise Lin Yi couldn't think of any other reason.

The practitioner's aura was getting closer and closer, and Lin Yi was sure that there were three practitioners in front of him, and their levels weren't low!

One of them was Sky Class early phase peak, while the other two were Sky Class late phase peak! At this distance, Lin Yi could already feel their strength-all of them had revealed their strength without holding back!

What surprised Lin Yi was that the three didn't seem to be in the same group-they were fighting!

What was going on? Lin Yi was even more curious now-it didn't seem like these three were here for him, but why were they fighting here?

To go or not to go? What made Lin Yi hesitate was that the other side had two Sky Class late phase peak Masters-it wasn't easy to meddle in the affairs of Sky Class Masters, and Lin Yi didn't want to get himself involved.

But, if he didn't check where these three people came from, Lin Yi still couldn't be at ease. These three suddenly came to the West Star Village, even if they weren't here for Lin Yi, he should at least be on guard, right?

While he was hesitating, he suddenly heard one of them shout,"Sixth brother, I can't hold on much longer. This old lunatic suddenly stopped going crazy. How did he become so powerful?"

The man who was called brother six was also complaining to himself. This old crazy man had suddenly stopped going crazy, and even he couldn't hold on any longer. No one knew where this old man had gotten these two extremely domineering heaven-grade weapons from, but even he, an expert of the same level, couldn't hold them off.

"Let's hold on for a while. This old thing is intermittent. I don't believe he won't go crazy!" The person called brother six said through gritted teeth.

"Alright!" The person from before gritted his teeth and replied, ""I don't know if old seventh has recovered or not. He fell behind after being hit by this old thing's axe!"

"Old seventh has the Grand recovery pill in his hands, so there shouldn't be any problems!" Brother six said.

Why did these two voices sound so familiar? Lin Yi frowned-he felt like he'd heard that name somewhere before. It seemed like someone he knew, but there wasn't a Sky Class late phase peak among his acquaintances.

Except for the strange heaven rank man ... That's right! Could the crazy old man they were talking about be the strange heaven rank man? Lin Yi, on the other hand, remembered the Sky Class man and the two people he was related to-sixth and twelfth!

From the looks of it now, these two people should be from the five elements sect. They were ancestor xuanchen's subordinates, and they were fellow disciples of little one and little eleven. Could it be that they found the strange heaven rank man and were attacking him?

Last time, Lin Yi used an inescapable net to escape from twelfth brother's pursuit in the mountains. Twelfth brother was a Sky Class early phase peak back then, and he was a high and mighty figure to Lin Yi.

But now that he was a Sky Class early phase, he wouldn't be in such a difficult position when facing the twelfth.

Thinking that the person they were attacking might be a Sky Class man, Lin Yi didn't hesitate anymore and ran over!

When Lin Yi got closer, he was right-the three people were the Sky Class man, sixth brother, and twelfth brother!

He saw that the Sky Class man's weapons had changed from the black iron rod to two huge battle axes, and to Lin Yi's surprise, the man didn't seem to be crazy this time. He used the battle axes in a very organized way, and he was able to unleash the maximum power of the axes!

On the other side, sixth brother and twelfth brother, two against one, did not have any advantage under the attack of the battle-axe from the left and right. Instead, they were at a disadvantage!

But, Lin Yi could see that even though they were at a disadvantage, it was impossible for the Sky Class man to kill old six and old twelve. The two were only a little bit weaker, and they worked together very well. When one of them was in danger, the other could quickly defend, making the Sky Class man's attacks fail again and again.

At the very least, sixth and twelfth should have no problem holding on for three to five days. By the end of the fight, everyone would probably have run out of physical strength and true Qi and would disperse.

Lin Yi was full of hatred towards the people of the five elements sect. Old six and old twelve were his enemies too. Although he didn't hate them as much as he hated little one and little eleven, he still had to take revenge for being chased like a dead dog by old twelve!

At the thought, Lin Yi shouted, "Master, I'm here to help you!" Then, he rushed over.

Lin Yi was a Sky Class early phase master now, and he hid his strength when he came here. The Sky Class man, six, and twelve didn't notice Lin Yi's arrival, and Lin Yi's shout scared them!

"Lin Yi?!" Old six and old twelve were shocked and quickly looked up at Lin Yi, recognizing him immediately!

Six and twelve, on the other hand, had the same thought-they'd already lost their advantage today, and they were already struggling to deal with the Sky Class man. If Lin Yi were to add on to the mess, they'd fall into the sky Class man's trap!

Of course, from their point of view, they didn't care about Lin Yi's strength at all, because back in the Wulong hao te mountain, Lin Yi could only run away. Small one also came back and said that he beat Lin Yi to death like a dog. If it wasn't for boss Bai's intervention, Lin Yi would've been dead long ago!

Chapter 3018 Solving One

But what they were afraid of was Lin Yi's sneak attack while they were dealing with the Sky Class man-that distraction would give the Sky Class man an opportunity.

As a result, the two of them wanted to retreat, and prepared to take advantage of the strange heaven rank man's distraction to escape.

The strange sky Class man turned around and looked at Lin Yi, a confused look in his eyes. Following that, his entire body became sluggish, and the shrewdness in his eyes disappeared. He suddenly shouted, "Good, li 'er, you've come! The two of us, master and disciple, shall kill these two pieces of sh * t together!"

Seeing the weird man's expression and reaction, Lin Yi knew that things weren't looking good! How could he have thought that he had only called him master, and this strange heaven rank man had become stupid again, without the shrewdness from before!

If the sky Class man was as strong as before, Lin Yi and him working together would be able to kill six and twelve without a problem, but now ...

Old six and old twelve were just about to run away, but when they suddenly heard the strange heaven rank man's words, they were immediately stunned. But when they saw the strange heaven rank man's appearance, they immediately became happy-he was crazy! Crazy again!

"Wahahahaha!" Twelfth suddenly burst into laughter, "sixth brother, this old thing's gone crazy! Haha, that Lin Yi just called him master and he became stupid!"

"Not bad, Lin Yi, thank you so much. It was hard for us to deal with this old thing, but you've come to our aid!" "Don't worry," sixth brother said happily. "I'll thank you properly. After I take care of this old lunatic, I'll send you to keep him company!"

"Master ... How are you?" Lin Yi ran towards the old crazy man with concern, but six and twelve didn't stop him. As far as they were concerned, Lin Yi didn't run but came to check on the old crazy man's condition. He was looking for death!

If Lin Yi ran away now, they might need more time to kill the Sky Class old man, and they wouldn't be able to find Lin Yi then, but Lin Yi was sending himself to his death?

"Sixth brother, it looks like this kid wants to die together. Then, we won't be polite ..." Twelfth brother's words suddenly came to an abrupt end. This was because he was shocked to find that a palm had suddenly been imprinted on his chest!

"The eighth move of wild fire Eight Trigrams palm!" Lin Yi's body, which was originally running towards the sky Class man, made an unbelievable turn. Six and twelve didn't even see how Lin Yi turned around, and his palm was already imprinted on twelfth's chest!

"Bang Bang Bang", followed by a loud "Bang Bang Bang", twelfth brother's entire body flew backward. As he flew, he spat out a mouthful of blood. A huge depression could be clearly seen on his chest. His entire body fell heavily on a tree trunk not far away. Then, he lay straight on the ground, lifeless!

Lin Yi didn't use the ninth form-it'd use up all of his stamina and Qi, and twelfth was only sky Class early phase-he was from the five elements sect, and was a bit stronger than normal Sky Class early phase Masters, but Lin Yi's eighth form could even take out a Sky Class mid phase from the everyday and every day sect, so taking out twelfth shouldn't be a problem!

It seemed that Lin Yi's judgment was correct. Twelfth was dead without a doubt, and Lin Yi still had at least half of his Qi.

He chose twelfth because sixth was too strong, Sky Class late phase peak. Lin Yi didn't even have to test it out before he knew he couldn't kill him-he'd rather pick someone who could kill him.

After twelve died, six would be left on his own, and with the Sky Class man and Lin Yi's help, he should be able to handle it.

"Impossible! How could you? You're Sky Class early phase?" Six looked at Lin Yi, shocked and angry-Lin Yi was already Sky Class early phase? How come he didn't know? But it wasn't surprising-the news of Lin Yi's breakthrough had just gotten out, and he and twelfth had been chasing the strange sky Class man for almost half a month, running from the five elements sect's territory to West Star Mountain!

During this time, the strange heaven rank man was sometimes good and sometimes bad, sometimes crazy and sometimes sober, so he dragged it out, and no one was able to defeat anyone. They chased for a while, then fought for a while, but fortunately, by the time they chased him here, they had already figured out the strange heaven rank man's fighting style, and when he went crazy, they could take him down in one fell swoop.

But who would've thought that someone would pop up out of nowhere? And Lin Yi was a Sky Class early phase! Of course, what confused six the most was that even if Lin Yi was Sky Class early phase, twelfth was Sky Class early phase peak, and the five elements sect's disciples were usually stronger than other practitioners of the same level-but it didn't seem to be the case. Lin Yi was stronger than twelfth?

What was even more unbelievable to him was the Qinggong Lin Yi just used. Even a Sky Class wouldn't be that fast, right? A moment ago, he was standing in front of the strange heaven rank man, and the next moment, he directly teleported in front of twelfth brother and sent him flying with a palm strike?

Could this footwork be a new martial technique that was specially used for sneak attacks?

However, the strange man didn't give sixth brother time to ask questions. Although he was crazy, the two battle-axes in his hands didn't stop. They turned in the sky and smashed down on sixth brother's face!

"Old thing, you're looking for death!" The sixth brother didn't get an answer, and instead suffered a fierce attack from the strange heaven rank man. He was so angry that he raised the ruler in his hand, and smashed it towards the strange heaven rank man's head!

This was his sky-grade weapon, and twelfth's sky-grade weapon was something like a black token. Lin Yi didn't know what it was, but he was already eyeing it and was going to steal it later!

The strange heaven rank man didn't Dodge, and directly swung his two battle axes at sixth brother. These two battle axes were much longer than the ruler, so sixth brother was shocked and quickly dodged back, and the ruler was also taken back!

He couldn't not Dodge, if he didn't Dodge the axe of the strange heaven rank man, then wouldn't his head be directly split open? In fact, although the strange heaven rank man was currently in a crazy state, his strength wasn't lacking. He just didn't have any strategy when fighting the enemy, and just randomly attacked.

However, it would have been fine if the divine weapons in his hands were ordinary goods. These two axes were long and sharp, and most importantly, there were two of them. They could be used from the left and right, which worried sixth brother to death!

Chapter 3019 3017-Dying With Grievances

Originally, it should have been easy to deal with the crazy heaven rank man, but now it had become extremely difficult!

Otherwise, he and twelfth brother would have killed the strange heaven rank man long ago, and would they have waited until now? And they finally found a flaw in the strange heaven rank man. When he was awake, there was a blind spot that he couldn't take care of. This was also the reason why when one person was in danger of being attacked, the other person could help him escape. Because once the other person attacked from the position of the flaw, the strange heaven rank man would have no choice but to protect himself.

Thus, when the strange heaven rank man went crazy, one person attacked from the front, and the other attacked from the weak point. The strange heaven rank man wasn't clear-headed and simply couldn't care about that much, and it was very likely that he would be killed.

But now that there was one less person, this plan would be difficult to implement. Sixth brother could only brace himself to fight the strange heaven rank man. Fortunately, this person was a bit stupid, and sixth brother could still barely have the upper hand, but he couldn't eliminate him.

Lin Yi watched the fight between six and the weird Sky Class man-from the looks of it, the man couldn't do anything to six. Six wasn't stupid, and he dodged very quickly. The weird Sky Class man also attacked randomly, so he couldn't hit six at all.

The Sky Class man swung his axe a few times, but six dodged it easily-it was a pity.

At the same time, Lin Yi's mind kept on thinking about how he could help the Sky Class man kill sixth brother! If he let six Get Away Today, Lin Yi would be in deep trouble! Although boss Bai and ancestor xuanchen had an agreement, that was under the premise that they didn't invade each other. Now that

Lin Yi killed twelfth, sixth brother would have enough reason to tell ancestor xuanchen when he went back. Who asked him to kill someone first?

If sixth and twelfth came to Lin Yi first and were killed by him, he could only swallow his anger. If he wanted to take revenge on Lin Yi, boss Bai would definitely not agree because he was in the wrong!

But now, twelfth brother was dead. Although Lin Yi said that he was helping the strange sky Class man, Lin Yi had nothing to do with the strange sky Class man. As long as the xuanchen ancestor insisted on this, boss Bai would not be able to do anything to Lin Yi!

To put it bluntly, many things at the ancient level needed a reason, a reason that everyone could get by. With a reason, there was nothing to worry about.

But no matter how Lin Yi thought about it, he couldn't think of a way to deal with six!

The compression time of a pure energy bomb was too long, and Lin Yi couldn't guarantee that it would work on sixth brother. After all, sixth brother was a Sky Class late phase Peak Master, and Lin Yi's pure energy bomb might not even be able to hurt him.

As for the raging fire Eight Trigram palm, even if Lin Yi used the ninth form, it shouldn't have any effect on sixth brother. After all, it was already good enough that the ninth form could kill a Sky Class mid phase peak in an instant, but it was still unknown if it could even seriously injure a Sky Class late phase peak, let alone a Sky Class late phase peak.

After thinking about it, Lin Yi's brain started working at full speed, trying to recall all the times he'd fought someone of a higher level than him, but it didn't seem to be very useful. The highest level he'd ever fought was naipao's two underlings, mo BA and Mo Jiu, Sky Class mid phase.

All of a sudden, Lin Yi remembered naipao. He remembered naipao's legendary skill, the hell fist, which Lin Yi had modified to become the flaming hell fist.

The Hellfire fist wasn't as powerful as the hell demon fist, but it could still throw people into an illusion-naipao had been like that before, unable to break free from it! However, this hell demon fist also had a weakness. It was not very effective against high-level cultivators!

Some people with strong willpower could quickly recover from the illusion, but it was also possible that there was no effect at all!

But no matter what, Lin Yi thought of this move, and he had to try it. If it didn't work, he would have to waste his last inescapable net and trap six inside, then let the Sky Class man smash six to death with two axes.

With that thought, Lin Yi started channeling the wild fire Fist's practitioner's Arts and followed the infernal Yin demon fist's activation method. He suddenly threw a punch at six's head, "Hell fire Fist!"

Six was nervously dealing with the Sky Class man, and Lin Yi chose the right time to attack. The Sky Class man's axe swung over, and the moment six quickly took up his ruler to block, Lin Yi's hell fire Fist was also activated!

A burst of true energy shot into sixth brother's head, and he suddenly roared, his eyes revealing an extremely frightened look! He suddenly felt that he was in a sea of fire, and that sea of fire was chasing him from behind, and was about to burn him!

Sixth brother turned pale with fright and subconsciously turned around to escape! However, he was still a Sky Class late phase Peak Master, and a disciple of the five elements sect-his willpower was extraordinarily strong. If it wasn't for the fact that he was dealing with the Sky Class man's attack and didn't notice Lin Yi's skill, he wouldn't have let Lin Yi fall for it so easily!

Therefore, after a moment of illusion, sixth brother roared again and broke out of the illusion, successfully escaping from the sea of fire! However, he was extremely shocked. Lin Yi had the ability to create an illusion for others? What kind of battle technique was this?

However, when sixth brother opened his eyes, he saw two battle axes falling from the sky and smashing towards his head! This was the last thing he saw after he woke up. Then, sixth brother's head exploded and he collapsed on the ground, turning into a bloody gourd.

Although it was only a moment of confusion, and it had only been a few seconds since sixth brother was hit by the Hellfire fist, those few seconds were enough for the strange heaven rank man's axe to smash into sixth brother's head!

Although the strange heaven rank man smashed randomly, his strength was there, and sixth brother had just woken up, so he didn't have time to defend or dodge, and his head was cut open like a watermelon.

The death of sixth brother could be said to be very, very unjust. If the strange heaven rank man was sober, he would have accepted it if he was killed, but he was in a state of madness, and he could still kill him, so He Died with His Eyes Open ...

However, his eyes were already gone, smashed to pieces ...

At the last moment before sixth brother's death, he wanted to say, "just you wait, our people will not let you off," but he could not say it ...

Chapter 3020 There's Still One More

Lin Yi's body was drained of all his Qi after using the hell fire Fist, and he fell to the ground. The Sky Class man, on the other hand, was full of energy-he didn't feel tired at all after killing six.

"Li 'er, the enemy has been killed by us, master and disciple! I'll leave this with you for now. I helped you steal it from the enemy's base. Take a look first. I'm hungry, so I'll go find something to eat!" With that, the Sky Class man took out a bamboo scroll and threw it in front of Lin Yi. Before Lin Yi could say anything, he turned and ran into the depths of the mountain ...

"Master ..." Lin Yi quickly called out, but the strange sky Class man didn't care. He walked away until he disappeared!

Lin Yi didn't even have the strength to stand up and chase after him. He could only watch helplessly as the Sky Class man left. With Lin Yi's past experience, he knew that if the sky Class man left, he would just leave. He probably wouldn't be able to come back, and they didn't know when they would meet again!

Lin Yi wanted to ask the Sky Class man when he woke up-how did he piss off six and twelve, how did they chase him all the way here, and what the hell was this bamboo scroll he gave him?

But Lin Yi could only keep all these questions in his heart and wait for the next time they met to ask!

Putting the scroll away, Lin Yi didn't look at it directly. He quickly entered the Jade space and started circulating the second stage of the art of Dragon mastery, recovering the energy he lost! Although the enemy was already taken care of, Lin Yi was worried that something might happen again. Recovering his strength was his first priority!

As for this bamboo scroll, he could read it at any time, and he was not in a hurry. It would not be too late to read it when he recovered his strength!

But, just as Lin Yi was meditating and circulating the art of Dragon mastery to recover his energy, he heard footsteps not too far away. Lin Yi was a little surprised-could it be that the Sky Class man had really returned?

Of course, it wouldn't matter if it was the Sky Class man, but Lin Yi was afraid that other people would pass by. For example, the villagers of the West Star Village-would they be scared to death if they saw the two bodies?

However, Lin Yi didn't have the strength to dispose of the two bodies right now. He could only force himself to continue recovering his pure energy. If there really were villagers passing by, he would have to make up an excuse.

The footsteps were getting closer and closer, but Lin Yi relaxed after hearing it clearly-the footsteps were very familiar, it was Er Goudan! Lin Yi let go of his worries and let the footsteps approach.

Er Goudan came to the West Star Village to hunt this morning. Now that he had a home, he had to work even harder to earn money, so hunting had become his job.

But today, Goudan felt something unusual in the mountains-it was the smell of blood! Could it be that some wild beasts were fighting here? Goudan wasn't scared at all-he ran over just to watch the show, but he froze when he saw what was in front of him!

"Boss? What are you doing here?" Er Goudan didn't think that he would run into Lin Yi in Donghai city when he was hunting. He was even more surprised when he saw the two dead people, "Who are these two dead bodies?"

"Er Goudan, you're here just in time. I'm recovering my energy, so help me patrol the area. Other than a mad man with messy hair and two axes in his hands, don't let anyone get close!" He said. Lin Yi didn't have the time to explain this to Goudan.

"Alright!" Goudan nodded without even thinking, disappearing into the woods and going back and forth on patrol.

Lin Yi, on the other hand, continued to channel the second stage of the art of Dragon mastery, quickly recovering his pure Qi.

The seventh brother, who was also the person the sixth brother was talking about, was hit by the strange heaven rank man's battle axe when he was awake, and was seriously injured. He had no choice but to sit on the ground to heal, while the sixth and twelfth brothers went to track the strange heaven rank man!

However, as old sixth and old twelfth chased, they scattered some of the five elements sect's unique markings on the ground, which allowed old seventh to catch up ...

Er goudan hunted as he patrolled, and in the blink of an eye, he had a wild boar on his back. There were a lot of wild boars here, and it was easy to catch one. Of course, this was deep in the mountains, and the villagers of West Star Mountain rarely dared to go into the mountains alone. Although there was a lot of wild game in the mountains, there were also a lot of dangers-leopards, wolves, and the like were a frequent sight.

From afar, footsteps could be heard, and goudan immediately went on alert. He came here every day to hunt, and he could even hear the footsteps of every type of beast, but the footsteps today definitely didn't belong to any beast, but a person!

But while he was on guard, he didn't show it on the outside-he was just a harmless Village Kid.

Very quickly, the sound of footsteps approached. A man dressed in a black eight-trigram robe, who looked like an old man, but from his appearance, he looked to be in his thirties, walked over quickly!

Goudan looked at him-he didn't have an axe, only a sword. This clearly wasn't the axe-wielding Sky Class crazy guy Lin Yi was talking about, and so he was surprised.

This person was naturally old seventh. Old seventh had chased all the way to West Star Mountain, but he didn't see old sixth, old twelfth, or the strange heaven rank man. Instead, he saw a village boy, and couldn't help but be stunned!

Seven looked at er goudan carefully-he was wearing coarse clothes and carrying a wild boar on his back, and he was definitely a Hunter nearby. He wasn't on guard against him, and walked over to him,""Young man, you're hunting here?"

"Yes ... Old grandpa ... Oh no, uncle, where are you from? why don't I know you?" Goudan asked.

"This old man is here to look for someone, not a local. This old man wants to ask you something, when you were hunting here, did you see three people? Two of them are dressed like me, and the other one is an old man with two big axes in his hands?" Seven chased them all the way here, but didn't see any more clues left behind by six and twelve, so he asked goudan.

As for the smell of blood in the forest, seven ignored it-er goudan was carrying a dead boar, so it was normal to smell blood! As for Lin Yi's Qi recovery, it was done in the Jade space, and the outside world couldn't sense it at all.
