

## Bodyguard 3021

Chapter 3021 I Won't Understand Even If I Die

"Two people who are dressed similar to you? And an old man with two big axes?" Goudan suddenly remembered-the two dead men beside Lin Yi were dressed the same as this one. Er goudan didn't notice it at that time, but it was only after this seventh brother reminded him that he realized that this guy was in the same group as the other two. Was he an enemy of that crazy old man battle-axe?

But to confirm his guess, goudan asked dumbly, "Is it an old man who looks like a lunatic and is holding an axe? They're fighting?"

"Yes, yes! Those two people in the same attire are from the same group. The old lunatic with the battle-axe is from the same group. Did you see them? Where are they?" Old seventh quickly nodded, thinking that this country boy had indeed seen it!

"Let me think which direction they went ..." Goudan scratched his head and pretended to be deep in thought.

"Right, think about it!" The seventh brother quickly said.

"They went there!" Er goudan pointed with his left hand, and threw a punch with his right hand while seventh was looking!

"Bang! Bang! Bang!"

With a loud bang, old seventh directly turned into a flying man and flew up into the sky!

"Ah!" The seventh brother screamed. His eyes were filled with shock and disbelief. He had never thought that a village boy who was hunting here would attack him without any warning! Moreover, he was so strong!

Seventh felt like his organs were about to explode-that was his last thought before he fell to the ground, dying a wronged death. He didn't even understand why er goudan wanted to kill him.

Furthermore, how could a village youth possess such extraordinary strength? What was going on? He was a Sky Class late phase peak!

In fact, seventh didn't die for no reason-he didn't even have his guard up against er goudan. Think about it, a young man from the village who was hunting here, he had no enmity with seventh, and they didn't even meet, how could he suddenly kill him?

Plus, seventh was Sky Class late phase peak-even if this Village Kid attacked, he wouldn't be able to do anything to him, right? This was one of the thoughts that old seventh did not guard against.

But er goudan just had to do it, and he wasn't a normal killer-he sent seventh brother to heaven!

"Alright, you'll be able to see those two people soon!" Er goudan said to the corpse.

Goudan was honest, but he wasn't stupid-Seven's two friends were dead, and they were enemies of the axe-wielding Sky Class man. Lin Yi even said that he'd let the Sky Class mad man get close, so wasn't Lin Yi on the same side as the Sky Class?

And so, he killed him right away, so he wouldn't disturb Lin Yi's training!

After killing seven, er goudan continued to patrol the area. Lin Yi, who was not far away, didn't expect er goudan to just kill a Sky Class late phase Peak Master from the five elements sect. Although he heard some fighting sounds, he thought that er goudan was hunting!

After all, six didn't make it clear, and Lin Yi didn't think that there would be someone chasing after them. If he knew that someone was coming, he'd probably have to get er goudan to carry him back!

Goudan didn't disturb Lin Yi after killing seven, but patrolled the area to see if anyone else was nearby. Other than seven, there was no one else.

It was only when Lin Yi called him at noon that he dragged Seven's body to Lin Yi's side!

Lin Yi jumped at the body in goudan's hand, "Er goudan, who is this? Why is there another corpse?"

"Boss, I killed this guy. He's the accomplice of the two dead men!" "I ran into him when I was patrolling," goudan said. "He asked me about the two people who were dressed like him, and the sky Class mad man with the axe. I was afraid that he'd come looking for trouble, so I killed him with one punch!"

"He was killed just like that?" Lin Yi understood er goudan's strength, but he still felt sorry for this man. He probably wouldn't even know how he died. I wonder what kind of expert he is?

But it shouldn't be weak-the sword on his waist was probably his Sky Class weapon, and this person was at least Sky Class early phase. However, Lin Yi suddenly remembered what six and twelve said-they mentioned seven, and this person was probably the seventh!

If sixth brother was Sky Class late phase peak, then this guy couldn't be weak either-he was at least Sky Class late phase peak, or maybe he was Sky Class late phase peak as well.

But Lin Yi was still a little scared-if er goudan didn't come, he'd be recovering his Qi, and the sky Class man wouldn't be here-he wouldn't be a match for seventh! Moreover, even if he wasn't recovering his strength and true Qi, he shouldn't be old seventh's match!

"You hit him and he didn't fight back?" Lin Yi quickly asked.

"No, I lied to him ..." Goudan explained the situation to Lin Yi, and Lin Yi couldn't help but laugh. This seventh brother was really unlucky-in his eyes, a weak village boy suddenly became a Tiger ...

"Er goudan, you were really lucky this time. If you didn't lie to him, no one would be able to save you if you were hit by him!" Lin Yi said, relieved.

"En, that's why I'm going to outwit him!" Goudan nodded, "my Yu Yuanyuan said that I can't always use brute force, I need to use my brain!"

"Hehe!" Lin Yi couldn't help but smile. "Let's pack up and go back. Don't tell anyone about today's incident."

"Boss, don't worry. Yuan Yuan and I won't say anything about this." Goudan nodded.

Lin Yi searched the three bodies on the ground—he didn't think that all three of them would be poor. Other than three sky-grade weapons, they had nothing! The seventh brother had a small box on him. It had an ancient fragrance to it, and was specially used to store elixirs. However, it was empty inside. After the seventh brother had been injured by the strange heaven rank man, he had probably taken the third-grade great recovery pill inside to recover from his injuries.

The box was a good item, and Lin Yi took it without hesitation. With the bamboo scroll on the ground, the small wooden box he got from the Xuanyuan cave, and three sky-grade weapons, Lin Yi could be considered to have returned with a full load!

#### Chapter 3022 Old Man Lin's Concern

Lin Yi was still worried about his sky-grade weapon before, but now he could even Open the Armory. With the Water-type weapon he got from the valley, the ice-type weapon he found in Liju's tomb, and the lightning-chasing Gale boots he got from the blood-robed yellow spring sect assassin, Lin Yi had six sky-grade weapons in total.

Of course, Lin Yi didn't know if there were any that he could use. Every sky-grade weapon needed a practitioner's art to unleash its full power, but Lin Yi didn't have any of them with him. He'd have to go back and think of something.

Er goudan was done with his hunt-he had a wild boar, a wild roe deer, and two wild pheasants on his back. It was a full haul, and so they went down the mountain.

The morning in the village was very lively. The people in the village liked to go to bed and wake up early. This was their life! Every morning, when the rooster crowed, they would get up and get busy. Now, they had opened a small business at the village entrance. The people in the mountain village had the habit of going to the market in the morning. Even if there was no big market, the small market at the village entrance still made them very happy every morning.

"Er goudan, you're back from hunting? If there's any good game today, let your uncle Wang choose first!" Uncle Wang, who was speaking, was in charge of holding banquets in the village. He was in charge of the banquets when there was a red and white wedding in the village. There were few big restaurants in the village. If the family had something to do, they would either cook at home or hire someone to hold the banquet. Uncle Wang would travel back and forth between the nearby villages and attend to the banquet business!

These years, the villagers were getting richer, and it became a custom to spend money on people to host a banquet. Uncle Wang often bought some game from er goudan, and when he held the banquet, he would put it on the important seats, like the tables of the elders, the head of the family, or the parents, to show their difference.

"I'll still choose wild boar, wild roe deer, and wild pheasant. Uncle Wang, which one do you want?" Er goudan didn't hunt those rare animals anymore. Under the influence of Yu Yuanyuan, he only hunted some normal wild animals to sell. Although it didn't make as much money as those rare animals, it was just for raising his family.

"Eh? Wasn't that Yi? You're back?" Uncle Wang recognized Lin Yi as well. He was an old man in the village, the younger brother of widow Wang.

"Uncle Wang, I'm back to see my grandfather. Your business is doing well?" Lin Yi greeted with a smile.

"Haha, it's still alright!" Uncle Wang grinned. It looked like he was doing well.

Uncle Wang's shout made the other villagers turn their attention to Lin Yi, who was standing beside goudan!

"It's Yi, after all!"

"Yeah, Yi, you came back on your own this time?"

"Yi, didn't your three pretty girlfriends come back with you?"

Three? Lin Yi blinked. Didn't he come back with Chu Mengyao and Chen Yushu last time? He didn't remember Xiaoxiao coming here either, so why did he have three girlfriends? But Lin Yi thought that he was wrong-it was a chaotic scene, and all the villagers were talking to Lin Yi, so he could only nod and smile.

Lin Yi finally returned to his courtyard after dealing with the situation.

As soon as he entered, Lin Yi saw old Lin sitting in the yard, stunned. When he saw Lin Yi, a smile suddenly appeared on his face, but it disappeared in a flash, and he returned to his usual calm self, "You're back, Yi?"

"Ha ... You're back!" Lin Yi's heart warmed-it seemed that the old man had been waiting for him the whole night and morning, according to his previous experience. The old man looked like he didn't care at all, as if he was enjoying the cool air in the yard ... But who the hell would enjoy the cool air under the sun in the middle of the day?

"Why did you take so long to come back?" Old Lin asked casually.

"We ran into some trouble, three Sky Class enemies." Lin Yi said calmly.

"Three heaven rank? In this place?" Old Lin's expression froze,"how did they get here?" Which force is it?"

At that moment, Lin Yi suddenly felt an indescribable overbearing aura from old Lin's body. It made even him, a Sky Class early phase, feel a little suppressed, but the old man's face returned to normal after he finished speaking.

"It's four cultivators who happened to pass by here. They didn't come for me, but these four people are all related to me!" With that, Lin Yi explained the background of the four men and how they died to old Lin.

"Oh? Er goudan killed one? It's a good thing he went up the mountain, otherwise you would have been repairing it there!" Old Lin hmphed, displeased."Next time, if you run into any trouble, just call me directly!"

"Sure, but isn't everything fine now?" "Thank you for waiting for me, old man," Lin Yi smiled.

"Why would I wait for you? I'm basking in the sun!" "You've been up the mountain, why didn't you tell me you're going to hunt some game for me?" old Lin said indifferently. Don't you have any filial piety?"

Lin Yi blinked, suddenly remembering that his goal in the mountains was to hunt some game, but he met the Sky Class man, old six, old seven, old twelve, and the others-he completely forgot about it. He came back after recovering his strength, and Goudan did get a bunch, but he forgot to ask him for them!

"I knew you weren't reliable. Forget it, I'll just make some noodles for myself!" Old Lin stood up and was about to go in to cook.

"Old man, let me do it!" Lin Yi quickly ran over and started a fire to cook. Lighting a fire was a piece of cake to him-he'd just use it as forging fire and burn all the wood in the furnace.

Making noodles was Lin Yi's specialty, and it was because of this that he conquered the Miss and Shu, making them accept him. Even the old man was willing to eat Lin Yi's noodles.

"Aren't you in a hurry to see what you've brought back?" Old Lin asked as he looked at the busy Lin Yi.

"I haven't eaten either!" "Let's eat first," Lin Yi said with a smile.

Old Lin looked at Lin Yi's back as he got busy, nodding in satisfaction.

After eating, Lin Yi went back to his room to study the day's harvest. He didn't have the mood to study the three heaven grade weapons. They looked precious, but Lin Yi didn't have a way to use them together!

At this time, the difference between a solo practitioner like Lin Yi and an ancient sect was clear-there were many Arts to use heaven-grade weapons in the ancient sect's library, but Lin Yi didn't know any of them.

### Chapter 3023 The File In The Box

Lin Yi was interested in the contents of the box, as well as the bamboo scroll that the Sky Class man gave him. Lin Yi took out the box from the Xuanyuan cave and opened it first. Although it was the third time Lin Yi had opened a small wooden box like this, he was still very excited!

Every time a small box was opened, it meant that Lin Yi's strength would increase, and he would get stronger abilities.

The wooden box opened, but there was no divine weapon inside. Lin Yi had guessed that there couldn't be any divine weapons in such a small box, but he was still quite disappointed!

After all, what he said at the third stone door made him fantasize about getting a heaven-grade weapon!

Just like last time, there were four neatly folded silk scrolls in the wooden box. It gave Lin Yi a familiar feeling.

There were three similar silk scrolls in the second wooden box Lin Yi got, but he didn't know what else there was this time apart from the art of Dragon mastery's third stage.

Without hesitating, Lin Yi picked up the first silk scroll and opened it carefully.

The words "art of Dragon mastery" appeared in front of Lin Yi's eyes. He'd seen the same words twice before-it was in the silk scrolls for the first and second levels of the art of Dragon mastery! As expected, the chant for the third stage of the art of Dragon mastery was inside.

As Lin Yi expected, there was a line of small words under the title-"third stage, butterfly transformation." Similar to the second stage, there was an annotation bigger than the title, instead of the main body!

"The first stage of the mental cultivation method is like a heavenly silkworm spitting silk, step by step. The second stage was like a White Crane spreading its wings and flying high, his physique changing. The third stage was like a butterfly breaking out of its cocoon, its strength changing. If you want to cultivate the third stage, you must first strengthen your meridians. The first step can be completed with the third stone door. The second step requires you to gather all the herbs and consume them to complete the strengthening of your meridians!"

"Remember, do not cultivate it before the blessing of the meridians is complete!"

These two lines reminded Lin Yi of the second level of body refinement-he couldn't wait to refine his body, so he changed the ingredients in the recipe and almost died from Qi deviation.

This time, Lin Yi learned his lesson and decided to use the small box's method to strengthen his meridians. He didn't tamper with any of the herbs.

If Lin Yi's guess was right, one of the remaining three scrolls was the meridian strengthening method. As for the other two, Lin Yi didn't know yet, but this was the only thing he was glad about. He had one more scroll than last time, which was one more benefit!

Lin Yi put down the third level and took out the second silk scroll from the box, carefully opening it and reading!

The words "Meridian strengthening prescription" entered Lin Yi's eyes. As expected, this was also a prescription. It was similar to the body strengthening prescription from last time, but the ingredients were completely different!

Below the meridian strengthening formula, there were four words written in large font, "heaven-grade divine weapon smithing technique"!

Lin Yi was extremely excited when he saw the words. He couldn't care less about the meridian strengthening recipe as he focused all his attention on the "heaven-grade divine weapon smithing technique"!

Wasn't this the heaven-grade divine weapon that he had always wanted? So the Xuanyuan mansion didn't provide any heaven-grade weapons, and Lin Yi had to make them himself!

With that thought, Lin Yi quickly continued to read. Under the words "heaven-grade weapon smithing technique," there was a line of smaller text. "Intermediate level of the art of forging. The refining of the jade pendant is at the beginner level. Only those who are proficient in refining the space of the jade pendant can try to forge heaven-grade divine weapons!"

Lin Yi couldn't help but curse. What a trap! He couldn't even condense the space in the jade pendant, so how could he forge a divine weapon? Even he was not skilled in using and controlling the forging fire, was he?

"Elder Jiao, why do I feel like I can't keep up?" "I've already opened the third stone door, and I haven't even finished the Jade space yet. Isn't this too slow?" Lin Yi asked, a little depressed.

"Not slow!" "Who asked you to reach the second stage of the art of Dragon mastery so quickly?" elder Jiao said. With Wang Xinyan's help and the five elemental inheritances, your art of Dragon mastery's second stage has reached the great circle of perfection in advance, which is why you haven't mastered the forging fire yet. You'll be able to do it once you've mastered it. "

"A Paragon can even master it?" Lin Yi asked, surprised.

"Great Perfection only means that your mental cultivation method has reached Great Perfection. Although your mental cultivation method has reached this level, you can't fully display the power of this level. That's what I mean!" Elder Jiao explained, "for example, if a practitioner reaches Sky Class late phase peak, but he's a level higher than you, you won't be able to control it and use it to its full potential. Do you understand what I mean?"

"I understand. You mean I've leveled up too quickly, so I haven't mastered it yet." Lin Yi nodded, understanding what elder Jiao meant.

This made Lin Yi feel a lot more at ease, and he continued to read. Compared to the meridian strengthening recipe, Lin Yi was more interested in the divine weapon he was forging!

But when Lin Yi looked down, his face immediately showed a helpless and painful expression! Because there were many of the materials mentioned here that Lin Yi had never even heard of before!

Fine steel Dark Iron, black dark Iron, colored steel, dark charcoal stone, pure yellow jade, blue crystal powder, and the blood of the dragon of five evils. The materials used were much more condensed than the jade pendant before! Other than colored steel, pure yellow jade, and blue crystal powder, Lin Yi had never seen anything like that before ... And when he saw the last material, he almost spat blood!

The blood of the dragon of five evils? He might as well kill Lin Yi-where was he going to get the Dragon blood? The Dragon of five evils was very powerful, throwing Lin Yi into the valley with one claw. Unless the thing in the Jade came out and asked for it himself, he might still have a chance. Asking Lin Yi to ask for it from the Dragon of five evils was the same as asking for death!

Chapter 3024 The Omnipotent Mental Cultivation Method

Steel and iron? Lin Yi didn't have this one, but he did have a steel rod. Could it be recycled and reused? If it was possible, this would solve a big problem.

But the other things were not so easy to find. Pure yellow jade, blue crystal powder, and colored steel were already hard enough to find. The rest of the things would probably be even more difficult to find!

Lin Yi was a little discouraged at the thought. "Elder Jiao? Wasn't this a trap? Where am I supposed to find these materials?"

"I don't know about that. You'll have to figure it out yourself!" Elder Jiao didn't know where the materials came from, but he said, "In any case, you're not in a hurry. Why don't you first condense the jade pendant and then slowly search for it? Sometimes, you might even encounter a lucky coincidence!"

"Chance?" Lin Yi blinked, a bitter smile on his face. "It seems that's the only way! I'd better condense the space in the jade pendant first!"

After that, Lin Yi put the second silk file down and picked up the third one. What could this be? Lin Yi was looking forward to it, but he was also a little nervous. He couldn't guess what was in the third silk file now!

Last time, Lin Yi was looking forward to a martial skill, and now he had the chant in his hands. What Lin Yi was looking forward to now was ... The method of using a heaven-grade weapon, right?

When Lin Yi opened the silk scroll, a look of understanding flashed across his face. As expected, this was the practitioner's Arts for using heaven-grade weapons, specifically for the weapon he made.

However, before Lin Yi made a God-tier weapon, there was no use in using the practitioner's Arts. Lin Yi didn't even look at it carefully and put it back. After all, it was useless for him to look at it now. He remembered elder Jiao's words-haste makes waste. There was no point in knowing how to use the practitioner's Arts in advance. Without a weapon, it didn't matter how he used it anymore. He would take it one step at a time. It was better to spend his limited time on the forging fire.

This heaven-grade weapon's practitioner's Arts wasn't too out of Lin Yi's expectations, but the last silk scroll ... Lin Yi couldn't figure out what it was even if he racked his brain!

However, the more unknown something was, the more he looked forward to it. This made Lin Yi nervous!

He took a deep breath and opened the last silk scroll, but when he saw the words "practitioner's Arts" on the scroll, he was stunned. What the hell is this? The art of Dragon mastery, wasn't that his own mantra? Why did this incantation suddenly pop up?

With a confused heart, Lin Yi calmed himself down and started reading the contents of the chant! What kind of heart technique was this? It was just these four words, and the main body was right below, without any subheading to explain the chant. And that wasn't all-what confused Lin Yi even more was that the opening chapter of the chant was exactly the same as the first stage of the art of Dragon mastery!

Could they be the same thing? Lin Yi blinked, wondering if the person who put it in the box was the one who did it. The chant was exactly the same as the first stage of the art of Dragon mastery! However, when Lin Yi continued to read, he realized that something was wrong! Although the opening of this mantra was the same as the opening of the art of Dragon mastery, the content behind it was completely different!

It was different, but Lin Yi felt a sense of familiarity. This seemed to be a new version of the art of Dragon mastery! This was because the chant was the same as the art of Dragon mastery Lin Yi was cultivating!

However, as similar as it was, Lin Yi realized that it was completely different when he studied it carefully. This practitioner's Arts seemed to be a support type, not an independent one!

The more he read, the weirder he found it. There were some blank spaces in the middle of the chant, and there was a note in the blank space. He changed his heart technique.

Lin Yi didn't know what this "switching Arts" meant, but he continued to read-it was another support arts, but there were still blank spaces at the end, still labeled: "Switch Heart Sutras," and so on and so forth.

"Elder Jiao, What is this? Why was there a gap in the middle? We're changing our cultivation method here, what cultivation method should we change to?" Lin Yi couldn't help but ask.

"Oh, this mental cultivation chant, I remember now. It's the same as the martial skill from before, it's a support type." Elder Jiao, on the other hand, had regained his memory and didn't deny anything.

"A support-type mental cultivation method? I can see that, but what do you mean by "the same as the previous martial technique"?" "That's an all-purpose skill, this practitioner's Arts ... Could it be ..."Lin Yi said, confused.

Lin Yi suddenly had an idea.

"You've thought of it? It's exactly what you're thinking. " Elder Jiao nodded.

"An all-purpose mantra?" Lin Yi blurted out, a little shocked.

"That's right, it's the omnipotent heart technique pithy formula. With this one, you can switch between the other heart techniques in the middle, and you can smoothly use the other heart techniques. " "For

example, if you want to use someone else's practitioner's Arts, you can use this method!" Elder Jiao explained.

"So magical?!" Lin Yi knew that practitioner's Arts were unique to practitioners, and a practitioner could only practice one at a time. They couldn't change the practitioner's Arts at will, either, which was why Lin Yi didn't give Mengyao and Shu a suitable one-it was a big problem.

But there was actually an omnipotent mental cultivation method? This was a bit out of Lin Yi's expectations, but thinking about it, if even martial arts could do everything, what couldn't mental cultivation do? Besides, the art of Dragon mastery was a mantra that could produce all-powerful true Qi, and there were precedents!

"It's not that amazing. In fact, your art of Dragon mastery can already generate the pure Qi of other mantras. This supplementary mantras only increased the efficiency of the art of Dragon mastery!" "To put it bluntly, the art of Dragon mastery is like a simulator, it can simulate all sorts of mantras and Arts, but it's still the art of Dragon mastery! You can think of it as using the art of Dragon mastery to complete the use of other mantras. "

Chapter 3025 The Sorrowful Xuanchen

"I understand!" "So, this all-powerful practitioner's Arts, are there any disadvantages or limitations?" Lin Yi nodded.

"You'll understand if you read further. This supplementary mantra requires the art of Dragon mastery to reach the third stage. Otherwise, even if you practice it, it won't be able to simulate the effects. " Elder Jiao said.

"The third stage ..." Lin Yi was filled with excitement. The first thing he thought of was the combined attack he got from the Hidden House Zhuang. If the art of Dragon mastery's support was effective, he could simulate the combined attack. This way, Lin Yi could work with Han Jingjing, Guan Xin, and even

boss Bai to make elixirs. Third class elixirs weren't just a dream. When everyone reached Sky Class, they might even be able to make fourth class elixirs!

However, the prerequisite was that he had to complete the third stage of the art of Dragon mastery. This seemed easy. He reached the completion of the second stage of the art of Dragon mastery not long ago, but that was achieved by chance. The third stage shouldn't be so lucky.

With that thought, Lin Yi took a deep breath. This gave him more motivation to work harder. If he could use this all-purpose Arts, then the strength of Lin Yi and the people around him would have a qualitative leap! One could say that Sky Class late phase peak wasn't just a dream anymore!

Lin Yi wasn't an expert in making elixirs, but Han Jing Jing, Guan Xin, and boss Bai were. Lin Yi only needed to provide support to the three of them, allowing them to combine their strengths in making elixirs!

However, after the excitement, Lin Yi calmed down. After all, the art of Dragon mastery's third stage wasn't something that could be achieved in a day, so Lin Yi didn't think about it for now. He decided to train the art of Dragon mastery first and practice condensing the forging fire.

He'd already gotten what he wanted, but he still decided to stay for a while before leaving-he wanted to spend some time with him, after all, so he decided to live a simple village life for the rest of his days.

Other than practicing, Lin Yi went hunting with er goudan every day, satisfying old Lin's appetite!

Of course, with old Lin's strength, he was more than strong enough to go hunting on his own, but the problem was that Lin Yi wasn't home, and he rarely opened fire!

As for the bamboo scroll that the Sky Class man gave him, Lin Yi didn't open it. It was given to "li 'er" by the Sky Class man. Although Lin Yi was li' er in the eyes of the Sky Class man, Lin Yi wasn't the kind of person who would steal other people's things. Lin Yi decided that when he went back, he would show it to uncle Fu first. If uncle Fu agreed to let him see it, then he would be able to look at the contents without any worries.

Of course, Lin Yi understood that this was just a formality. With the relationship between Lin Yi and uncle Fu's family, even if it wasn't for sun Jingyi's incident, uncle Fu wouldn't hesitate to let him see it. He'd already taught him the raging fire Fist, what was there to hide?

But it was out of respect for uncle Fu. Lin Yi put the scroll away after he came back, never touching it again.

.....

In patriarch xuanchen's room in the heavenly elixir sect, little one rushed over from the five elements sect because something major had happened there!

The xuanchen ancestor was discussing Lin Yi's matter with Zhaoming. Zhaoming was extremely depressed these few days, but he didn't dare to say it out loud and could only endure it! The only reason was that the heavenly silkworm transformation wanted to betroth little peach to him, Kang Zhaoming!

Little peach was incomparably happy, but Kang Zhaoming wasn 't. If little peach married him, she would lose her position as a maid in the heavenly silkworm transformation. Kang Zhaoming pursued little

peach back then because she was a favorite of the heavenly silkworm transformation. Now that she had lost her position as a maid, what use was it?

Little peach was just an ordinary girl, how could Kang Zhaoming fall for her? He'd only played with pretty girls like Fen in the past, and he'd even tried to get his hands on Guan Xin. It was clear that Kang Zhaoming's standards were very high. To put it bluntly, he was only using little peach.

However, since patriarch xuanchen had happily told Zhaoming about this matter, Zhaoming couldn't say much. After all, the heavenly cocoon transformation had already made their decision, and patriarch xuanchen didn't know the truth. If Zhaoming told him the truth, not only would patriarch xuanchen be unhappy, but the heavenly cocoon transformation would be unhappy as well, and little peach would be even more unhappy!

What if little peach refused to marry and continued to stay by the heavenly silkworm transformation's side, saying a few bad things about him? even if he was patriarch xuanchen's disciple, the heavenly silkworm transformation's wrath would be enough to make him suffer!

Hence, the current situation was that he had to have little peach no matter what. He had to marry her!

So, Zhaoming could only pretend to be happy, "Thank you, master, for caring about this disciple's private life!"

"En, you're my disciple. I heard that you like little peach, so I can't just leave you be. While you're giving that cultivation furnace to young sect master Tian, I'll take little peach back for you. In fact, you're the one who asked for this opportunity. Without this cultivation furnace, little peach would have to serve young sect master Tian for some time. In that case, you'll have to wait!" Said patriarch xuanchen.

"Yes, it seems that disciple has done a good thing!" Kang Zhaoming nodded, but he was very sad inside. He wanted to slap himself in the face. He thought that the furnace was a good thing, but now it seemed like he was digging his own grave!

Not only was patriarch xuanchen unhappy, but he was also unhappy now!

"Oh right, master, now that Lin Yi's back to normal, are we still going to make the ultimate Qi gathering pill?" Kang Zhaoming suddenly thought of an important question and quickly asked.

"Oh ... Then it's time to refine it!" Patriarch xuanchen nodded. "But there's no rush for now. Refine a marrow and bone cleansing pill for the everyday and every day sect first. After all, they're our cooperative sect."

"Yes, master!" Zhaoming wanted to make the ultimate Qi gathering pill for Lin Yi first and then eat him to death, but he had to listen to the xuanchen ancestor's request.

As the two of them spoke, a series of urgent knocks came from the door of patriarch xuanchen's room! Patriarch xuanchen frowned and asked, ""Who is it? What's the matter?"

"Master, it's me, small one!" Little one's voice came from outside.

"Oh? Come in!" Upon hearing that the person outside was his eldest disciple, Xiao Yi, patriarch xuanchen let him in.

Chapter 3026 Investigating The Sun Family

"Lord master, it's not good, something big has happened!" As soon as small one entered the door, he said anxiously, not at all like his usual calm, but like a young boy.

Of course, small one's appearance was still quite young, but his actual age was no longer that young. But even so, small one was still relatively young among all the disciples of the xuanchen ancestor. At least, sixth and seventh were older than him. Of course, a Sky Class master at Zhaoming's age was a heaven-defying existence, and there was nothing that could be replicated.

The Sky Class Masters of the five elements sect were all real Sky Class Masters-they'd never taken any Qi gathering pills to increase their strength. After all, these people all wanted to break through to the path of the sky, and once they took the pill, they wouldn't be able to absorb the Qi of the world-how were they supposed to break through?

Even if he became Sky Class late phase peak after taking the pill, he'd have no fate with the path of heaven anymore-who would do something so stupid?

"Small one, what happened? Why are you in such a hurry?" Patriarch xuanchen frowned. He could not imagine what could have happened to the five-elements sect to make little one so anxious.

"Master, old six, old seven and old twelve, they should have already ... Already ..." Speaking of this, small one suddenly felt a little sad. These were all his senior and junior brothers who had been with him for decades. How could he not be sad when they were gone just like that?

"What already? What's wrong with them?" Patriarch xuanchen's heart skipped a beat, and an ominous feeling surged in his heart!

"Old six, old seven, and old twelve are probably no longer alive ..." Little one said sadly, "Their soul Jade plates are all broken!"

"What?" Patriarch xuanchen stood up and looked at small one in disbelief. "What's the matter? What was going on! Tell me clearly, aren't sixth, seventh and twelfth brothers cultivating in the sect? How could he have fallen so mysteriously?"

"Master, this is all small one's fault. I shouldn't have let them chase after that old lunatic from the fire Lion sect ..." Small one knelt on the ground and said in self-reproach.

"The old lunatic from the fiery Lion sect? Was it that crazy old man? He's back at the five elements sect?" "What's wrong?" patriarch xuanchen raised an eyebrow and asked.

"Yes, he sneaked into the five elements sect and stole little Eleven's mental cultivation method and pithy formula for using the divine weapon. He's visited our five elements sect more than once in the past, but he's always slipped away. This time, he happened to run into old six, old seven, and old twelve, who were heading to the Scripture Pavilion, and they started fighting!" Little one quickly said, "the sound of fighting drew me there as well, and that old crazy guy ran away. Old six, old seven, and old twelve all chased after him. I saw that old six and old seven were both Sky Class late phase peak, and with old twelve's help, they should be more than enough to kill that old crazy guy, so I didn't care about him and let them chase after him...And then ..."

"In the end, their soul Jade plates were all shattered?" "Who are you?" patriarch xuanchen's breathing quickened as he asked.

"Yes, the disciples on patrol today reported that the soul Jade plates of sixth, seventh and twelfth brothers were all broken ..." Small one said in pain.

"This isn't your fault. You can get up." The xuanchen ancestor waved his hand. "Logically speaking, Xiao Liu and Xiao Qi are Sky Class late phase peak. That old lunatic is only sky Class late phase peak. Two against one, with twelfth's help, there shouldn't be any suspense in killing him!" Did something happen? Or has that old lunatic already broken through to Sky Class late phase peak?"

"Even if they have the strength of a complete earthly sovereign, under the encirclement of the three of them, it should only be a draw. If the three of them can't beat them, they can also retreat, but it's not to the extent of being completely annihilated!" Little one said.

"That's true. Could it be that he met an expert who helped him? But, even if there was a practitioner, it would have to be a Sky Class late phase peak to kill them all, but there were only a few Sky Class late phase peak practitioners here-I knew all of them, who would help this crazy old man kill my disciple? Sky Class late phase peak Masters all know about our five elements sect, so they'd definitely recognize Xiaoliu and the others "uniforms."

"That's strange!" Small one also fell into deep thought. Previously, he had only come to report in a hurry and had not thought about the deeper things. Now that he thought about it, this matter was strange!

"Master, big senior brother, do you think Lin Yi has intervened?" Kang Zhaoming pondered for a while and said, "Didn't you say that Lin Yi was with that old lunatic in the mountain range?"

"Lin Yi?" When patriarch xuanchen heard this name, he could not help but shake his head. "Zhaoming, I know you hate Lin Yi and want me to kill him, but I want him dead too, don't I? However, I'm under the control of Xuan Tian. He's helping us train wood-type inheritors, so I can't turn against him! They could only live in peace for now-if they wanted to touch Lin Yi, they had to be reasonable, or they'd have to use underhanded methods. And if you said that Lin Yi, a Sky Class practitioner, could kill little six, little seven, and little twelve-that was completely unrealistic! Plus, Lin Yi doesn't really have much of a relationship with that old lunatic-what does that lunatic have to do with Lin Yi?"

"That's right. How can the experts of our five elements sect be ordinary experts? He'll be lucky if he can even beat twelfth!" Little one also said disapprovingly, "If Lin Yi had that kind of ability, then we might as well just kill ourselves! You've trained for so many years to Sky Class late phase peak, and you're still not as good as a Sky Class early phase freelancer?"

"Oh ..." Zhaoming was just mentioning it casually, but it had to be said that his mouth always hit the right spot. It was the same in house Kang, and it was the same in the sky elixir sect. It was just that not many people believed in him.

"Alright, let's not study this anymore. Do you have any clues?" Asked patriarch xuanchen.

"No, we don't know where they are now, so we don't know where to start looking for clues!" Small one shook his head helplessly.

Old six and old twelve only started to leave marks after old seven was injured in order to let old seven chase after them. However, the marks were already very far away from the five elements sect, so the five elements sect's people couldn't find the place where they had died.

"Then it's hard to do. That old madman's sect has been destroyed and he doesn't have a fixed residence at all. Unless he comes again, we can't find him at all!" Patriarch xuanchen was also a little annoyed. When they annihilated the fire Lion sect back then, they had missed out on such a person. This would truly cause endless trouble in the future.

Chapter 3027 Huo Shao Yun's Visit

"Yes, this is also the reason why this disciple is helpless. If we can find that old thing, this disciple will personally take action to end him!" Little one said with hatred.

"Let's put this matter aside for now. Since you're here, I have something I need you to do!" "No!" Patriarch xuanchen waved his hand and said, "go and investigate the secular Sun family. See who in the sun family knows how to use the mental cultivation technique and has not healed anyone before!"

"Oh? What do you mean by that?" Small one was taken aback and did not understand what patriarch xuanchen meant. After all, he did not usually pay attention to the matters of the secular world and basically did not know much about the secular Sun family.

"Kang Zhaoming, tell small one about house sun's history." The xuanchen ancestor ordered.

"Yes, master!" Zhaoming nodded and turned to small one, "Eldest senior brother, this is what happens in the sun family ..."

With that, Zhaoming told him everything about house sun, as well as how he treated Tagan long.

"Oh? Does this mean that there's hope for taganlong to recover?" Little one was stunned for a moment and was immediately pleasantly surprised. This was the only thing to be happy about after the deaths of his brothers.

"It's possible!" "But I don't really know much about the common world of house sun. You know that house Kang wasn't even a normal Noble House before, so we don't know much about these secrets."

To put it bluntly, it was because Kang Zhaoming's family was too low class, and the five elements sect was too high class. They didn't know much about house sun's Affairs.

"Alright, I'll start investigating now!" Little one quickly nodded and agreed, ""Master, about sixth, seventh and twelfth ..."

"Don't worry about that for now. If an existence that can kill them really appears, their whereabouts won't be something you can easily find out ..." Patriarch xuanchen muttered inwardly. Who did this?

However, he looked very calm on the surface, as if this matter was not worth mentioning. He waved his hand and said, ""I'll personally investigate this matter!"

"Yes, Master. I'll go back now!" Little one hurriedly responded, cupped his fists, and left.

After small one left, patriarch xuanchen sighed. He suddenly realized that not everything seemed to be under his control. For example, he was still powerless to do anything about the unknown changes that had occurred today.

.....

Donghai city, in front of Lin Yi's Villa, a dusty Land Rover stopped suddenly, and a handsome young man got out. He was dressed in bright red, and if he were in a public place, he'd be the center of attention.

However, in this villa area, there were basically no people passing by, so his outfit didn't attract anyone's attention.

The young man got out of the car with a map in his hand. He carefully compared it with the map for a long time to make sure that the address was correct before he rang the doorbell.

It was the weekend, and Lin Yi wasn't at home, so Mengyao and Yushu didn't go out either. They waited quietly for Lin Yi to come back, and they were surprised to hear someone ring the doorbell.

"Shu, you go check who's here first, I'll go after I hang the clothes in the washing machine!" Mengyao said to Yushu, who was watering the plants. She was doing the laundry.

"Okay." Chen Yushu walked out of the villa with the kettle and came to the yard. She saw a young man in red standing outside and asked curiously, "Who are you? Who are you looking for?"

Yushu didn't know who this person was, but she was sure that Lin Yi didn't have a friend like this.

"Hello, are you brother Lin's family member?" The fiery red Youth respectfully cupped his fists and said, "I'm from the fiery mountain sect in the southern suburbs. I'm the young master of the fiery mountain sect, Huo Shao Yun. I have something to ask of you, young hero Lin, brother Lin!"

"Fiery flame mountain? Burning cloud? I don't know him!" Yushu's face changed as she waved her hand, signaling for her to leave. "What nonsense is this? the Borealis?"

"Uh ... Pretty lady, it's normal that you don't know me, but we've grown familiar with each other. This is young hero Lin's house, right?" Huo Shao Yun asked, a little embarrassed.

"I don't know, I don't know him. There's no Lin shaoxia here, and there's no one called brother Lin. You should leave quickly!" With that, Yushu turned around and left.

"Don't, open the door first. We can talk things out. This is definitely young hero Lin's Villa. The property company has confirmed it ..." Huo Shao Yun looked at the mark on the map, then compared the house number to the house number, and called out in a strange voice, ""Beauty, please wait!"

Mengyao had just finished hanging up her clothes and was walking out of the villa when she saw Yushu walking back with the cloud in the middle of yelling. She couldn't help but find it strange, "Shu, who's this guy? He's here for Lin Yi?"

"I don't know. I don't know him. He's probably a lunatic!" Yushu's expression was a little unnatural, and she seemed to be very emotional. She suddenly turned around and poured the water on the burning clouds, "You're still not leaving? If you don't leave, I'll call the police for harassment!"

Huo Shao Yun didn't expect Chen Yushu to pour water on him so fiercely. He wasn't on guard and was completely soaked. He was in a difficult position! But he was here to form an alliance with Lin Yi, so he didn't dare to get angry. Who knew who this big breasted little girl was to Lin Yi? If she was Lin Yi's wife, then offending her would be the same as offending Lin Yi!

Therefore, Huo Shao Yun could only smile and carefully said, ""I'm really here to look for someone. Can we, talk properly? I'm not a bad person!"

"Shu, what's going on?" Mengyao frowned. She didn't understand what Shu was up to, messing with a customer like that.

"Yaoyao sis, don't worry about him. He's in the wrong place." Chen Yushu said as she pulled Chu Mengyao into the villa.

"Wait a minute, this is brother Lin's Villa, right? "I'm here to visit him ..."Huo Shao Yun shouted.

"You're looking for Lin Yi?" Mengyao turned around and looked at the cloud, confused by Shu's actions."Shu, he's here for Lin Yi, right?"

"Uh ... Yaoyao sis, I don't think this guy is a good person ..." Yushu said.

"Ah, this beautiful lady must be brother Lin's wife, right? Hello, sis-in-law, I'm here to see Lin Yi, Lin shaoxia. " Huo Shao Yun saw that Chu Mengyao seemed to be more normal, unlike Chen Yushu who went crazy for no reason, and quickly said,"Second sister-in-law, you seem to have misunderstood me."

Chapter 3028 Weird Shu (1)

Huo Shao Yun saw that Chen Yushu was calling Chu Mengyao "big sister," so she was probably Lin Yi's small wife. She didn't dare to offend Chu Mengyao and could only ask weakly.

"Who are you? Why are you here ... For Lin Yi?" Mengyao blushed, but didn't argue. She thought to herself that she didn't even know this guy, so there was no need to explain so much to him!

Chen Yushu, on the other hand, was taken aback by the way Huo Shao Yun addressed her. She realized that she had misunderstood something. Huo Shao Yun did come here for Lin Yi, not for her! Chen Yushu subconsciously thought that Huo Shao Yun was here for her and said something like "first time, first time, second time, familiar" which was why Chen Yushu reacted so strongly.

Now that she heard Huo Shao Yun call her second sister-in-law, she was instantly very happy. "Oh, you're smart, I'm shield bro's small wife!"

"Shield bro?" Huo Shao Yun froze, not knowing who Chen Yushu was talking about. However, he used his Qi to evaporate the water on his body. He was a fire element practitioner, and doing this was a piece of cake.

"You're ... A cultivator?" Mengyao was surprised, but she turned to Shu. "Why did you say that Lin Yi wasn't here?"

"Oh ... Oh ... That's because he's looking for some Lin shaoxia, Lin bro! There's only Lin Yi here, shield bro, there's no Lin shaoxia or Lin bro here, that's why Shu chased him away!" Chen Yushu explained.

"..." Mengyao thought that Yushu was talking nonsense, but she couldn't ask in front of an outsider. She explained to the cloud, "Shu calls Lin Yi shield bro, there might be a misunderstanding here."

"I am the young sect master of the fiery mountain sect in the southern suburbs, Huo Shao Yun. I've come to visit brother Lin. I hope that you can help introduce me to him, sister-in-law." Although Huo Shao Yun was also puzzled by Xiao Shu's reaction before, she finally explained it now and quickly said.

"The red fiery mountain's Red clouds?" Mengyao nodded. She'd never heard of this sect before, but it was clear that this person didn't have any enmity. If he did, he wouldn't have been so nice to Yushu if she had splashed water on him. "Lin Yi's out for business, he's not back yet. What's the matter?"

"It's like this, our Huoyan Mountain sect has a deep enmity with the everyday and every day sect's Zhang naipao, have you guys heard of him?" Asked Huo Shao Yun.

"Zhang naipao?" "He's my, Shu 's, and Lin Yi's old classmate ....."Mengyao blinked.

"Uh ... You're actually all classmates ..." Huo Shao Yun was stunned, and his expression changed slightly,""Could it be that you guys are also disciples of the everyday and every day sect?"

"How can we be the disciples of the everyday and every day sect?" Mengyao was taken aback as well.

"Then you said that Zhang naipao was your classmate?" Huo Shao Yun didn't think it was possible-if Lin Yi was from the same sect as Zhang naipao, he wouldn't attack him! He came from an ancient sect, so he wasn't too clear about the concept of classmates. He thought that they were disciples of the same sect, but now that he thought about it, he suddenly realized,""Could it be that you and naipao are classmates in the common world?"

"Yeah, we were high school classmates." Mengyao said with a nod.

"High school?" Huo Shao Yun was taken aback once more-he didn't know about naipao's apprenticeship at all. He thought that naipao had been a core disciple of the everyday and every day sect since he was a kid, but Mengyao said that they were high school classmates, and she didn't seem that old. Didn't that

mean that naipao hadn't been in the sect for long? "Then may I ask which grade are you in now?" he quickly asked.

"I'm a first-year university student. What's wrong?" Chu Mengyao thought that Huo Shao Yun's question was a bit strange.

"So ... So that means that Zhang naipao's only been in the everyday and every day sect for three years at most?" Huo Shao Yun couldn't believe it-naipao had gotten this strong in such a short amount of time! Was the everyday and every day sect too strong, or was naipao's talent too heaven defying?

"It hasn't even been a year," Mengyao shook her head,"he's advancing pretty fast indeed. He's even faster than Lin Yi. At first, Lin Yi was a golden class master and naipao was a normal person. But now, both of them are Sky Class early phase ..."

"Pfff ... Cough cough cough cough ..." Chu Mengyao's words made Huo Shao Yun cough in shock! Naipao breaking through quickly wasn't a big deal-that was the everyday and every day sect, after all, one of the strongest in the ancient sects! But Lin Yi, a freelancer, breaking through from golden class to Sky Class in less than a year-what the hell was this?!

After all, it was extremely difficult for a rogue cultivator to level up, especially when Lin Yi was so young. Leveling up so quickly was unimaginable to Huo Shao Yun! How was naipao faster than Lin Yi? Lin Yi was obviously way faster than naipao!

How could loose cultivators and sect disciples be compared? And ... Huo Shao Yun suddenly realized-wasn't Lin Yi an Earth Class late phase? In the test, he was clearly Earth Class late phase, but he could beat the Sky Class early phase naipao-how long had it been since then?! Wouldn't that make him even more powerful?

As far as Huo Shao Yun was concerned, Lin Yi's Sky Class early phase was much more valuable than naipao 's-if naipao was still Sky Class early phase, Lin Yi would be able to beat him.

"What's wrong with you?" Chu Mengyao looked at Huo Shaoyun in surprise. In fact, Chu Mengyao pointed out Lin Yi's strength because she didn't trust Huo Shaoyun. If she showed Lin Yi's strength, then Huo Shaoyun wouldn't dare to act rashly if he really wanted to do something.

"It's nothing ... Brother Lin is indeed powerful. May I ask when brother Lin will be able to return?" Asked Huo Shao Yun.

"I'm not sure. If you want to find him, you can come and visit often." Mengyao said.

"Then ... May I stay here for a while and wait for brother Lin to return?" Huo Shao Yun asked. His way of thinking was completely the way of the pugilistic world. In his opinion, it was very normal to visit others and stay in their houses, because many ancient sects were located deep in the mountains and forests. There were very few who had inns, and most of them stayed in other sects.

"This ... Isn't very convenient, right? we're not very familiar with each other, right?" Mengyao said, rejecting her request.

Chentian came back as they were talking-he'd gone to the supermarket to get some food and daily necessities, and since Mengyao and Yushu weren't going out, the task naturally fell to him. He looked at the cloud by the door, confused."Yaoyao, what's this guy doing?"

Chapter 3029 Weird Shu (2)

"Oh, Chentian, this is the young master of the fiery flame mountain, Huo Shao Yun. Have you heard of him?" "He's here to visit Lin Yi," Mengyao said, introducing him.

"Oh? The burning clouds?" Chentian paused, but still reached out his hand. "Hello, I'm boss Lin Yi's follower, Wu Chentian from house Wu, Earth Class late phase peak!"

"What? The Wu family? Earth Class late phase peak?" Huo Shao Yun jumped in shock. A common Noble House had an Earth Class late phase peak? What was going on? Had he been in the ancient sect for too long that he didn't know what was happening outside?

How did the strength of the common Noble House catch up to the Hidden House? And even a junior was an Earth Class late phase peak-this was nothing compared to an ancient sect, right?

Wu Chengtian was also afraid that this Huo Shao Yun was up to no good, so he pointed out his own strength first. Seeing the shocked look on her face, he continued, "That's right-our boss has a lot of followers, like the Hidden House Zhuang, hidden house han, hidden house Pi-they're all Earth Class late phase peak. "

Wu Chengtian being an Earth Class late phase peak wasn't a big deal, but what surprised Huo Shao Yun was that all of Lin Yi's followers were earth Class late phase peak. Was this a coincidence or something?

But from what Huo Shao Yun remembered, even if they were from hidden houses, there shouldn't be a large number of Earth Class late phase peak, right? Could their strength be related to Lin Yi? Otherwise, why would they all be stuck at Earth Class late phase peak? No more, no less?

At the thought of this, Huo Shao Yun felt that he had made the right decision to visit Lin Yi. Lin Yi was much stronger than he had imagined!

"Alright, since brother Lin isn't here, I'll set up camp nearby and wait for brother Lin to return!" "I brought a tent with me in the car," said Huo Shao Yun. "I've been in the tent all the way, so I'm used to it."

"Ah? You want to stay at the entrance?" Chu Mengyao felt that it was impolite to let a guest stay at the entrance. She wanted to let Huo Shao Yun go back first, but she was determined to wait here. Chu Mengyao hesitated and said to Shu, "Maybe we should let him come into the villa and live with Wu Chentian?"

"No!" Yushu shrieked and declined immediately, but then she realized that she was overreacting. She explained, "I won't be able to sleep at night if someone I'm not familiar with moves in,"

Although Chen Yushu temporarily confirmed that Huo Shao Yun wasn't here to cause her trouble, Chen Yushu was afraid. She was afraid that Huo Shao Yun would find out if she stayed too long. She didn't want to have any interaction with Huo Shao Yun. She naturally disliked Huo Shao Yun.

Chu Mengyao saw the determination on Chen Yushu's face and frowned slightly. She didn't bring it up anymore since this villa was also hers. She couldn't ignore Chen Yushu's opinion, but Chu Mengyao knew that Chen Yushu couldn't sleep because of something. A few days ago, elder Pi, elder han and a lot of other people were staying in the villa, and there was nothing wrong with Chen Yushu.

"It's fine, I'm used to living here ..." Huo Shao Yun was also confused. He didn't remember offending Chen Yushu, right? Why did she seem to find him an eyesore?

"We can't do it here either, you should go back and wait. How about you leave a contact number, and I'll get shield bro to contact you when he's back!" Chen Yushu didn't want to see the cloud of ashes every day, it would ruin her mood.

Chen Yushu didn't like the Huoyan Mountain sect at all. If it wasn't for this sect, her parents wouldn't have been caught, and house Yu wouldn't be able to threaten her. So even if Huo Shaoyun looked innocent, Chen Yushu didn't like him.

"This ..." Huo Shao Yun was helpless. She looked at Chu Mengyao and Wu Chengtian, "I don't have any bad intentions, I'm just here to visit brother Lin, Lin shaoxia ..."

"Shu, they're all Lin Yi's guests. If he doesn't live at home, are you telling me that you can't let him live outside?" Chu Mengyao also felt that it was a bit unreasonable. You have to have a reason for not letting people live outside, right? Wasn't this unreasonable?

After all, Huo Shao Yun was the young master of an ancient sect, and he felt really wronged. He was just visiting Lin Yi, and he didn't have to stay at his house, could he not just stay outside? Even a clay figurine had 30% of its nature, but the flaming Cloud didn't have fire? Of course, Huo Shao Yun didn't dare to get angry. He could clearly feel that if he left, Chen Yushu might not even inform him when Lin Yi came back, so he decided to act shamelessly, "This entrance is a public area and not your house. I live here, what can you do? I'm going to be stationed here!"

With that, she drove the car to a public parking spot in the villa area and set up a tent in the grass nearby, ignoring Chen Yushu.

Mengyao shrugged helplessly. She didn't really care about the cloud, but the problem was Yushu. Why was she reacting so strongly?

"Alright, Shu, let's go back. Don't worry about him, he's staying outside and it won't affect us!" Mengyao said as she pulled Yushu over.

"Ah, fine. If he takes Shu away, Yaoyao sis will never see Shu again ..." Yushu mumbled.

"What nonsense is this? Why did he catch you? He's here for Lin Yi, isn't he?" Chu Mengyao was also curious about Shu's actions today. She only asked after they entered the villa, "Shu, what's wrong with you today? Why did it look so strange? Do you have a grudge against this person?"

"I don't know, but Shu just doesn't like him. She doesn't want him to stay here!" Chen Yushu replied.

"You should at least tell Lin Yi, right? Why don't you give Lin Yi a call and tell him about this, and see what he says?" Chu Mengyao didn't have a choice. If Shu didn't want to say it, there was no point in her asking, but she had to tell the person involved, right?

"Alright, I'll call shield bro." Chen Yushu nodded after some hesitation.

With that, Yushu picked up her phone and walked upstairs. Mengyao was confused, "Shu, why did you call upstairs? you could've just called downstairs. Why don't you go through some trouble?"

"Oh ... That ... It's like this, I really miss Shield bro, and I want to have a private conversation with him. Wu Chentian is downstairs, and I'm a little embarrassed ..." Yushu said.

..."You can still feel embarrassed?" Mengyao was getting more and more confused.

### Chapter 3030 Shu's Call

Chentian shrugged awkwardly, finding it weird-Yushu always said she wanted to be Lin Yi's small wife right in front of him, did she ever feel embarrassed?

"I'm going to make a call ..." Chen Yushu didn't say much and went upstairs.

Mengyao wanted to follow them, but Chentian was there too. If she went up, Chentian would think that she was eavesdropping on Yushu's Secret. The Miss didn't think that Shu had anything to hide, though. Normally, she would've just gone up and asked.

Chen Yushu went upstairs and dialed Lin Yi's number.

Lin Yi was cooking for old Lin when his phone rang. It was Shu's number, and he quickly picked it up. "What's up, Shu?"

Under normal circumstances, Mengyao and Yushu wouldn't call Lin Yi when he was out on business, unless something really happened at home.

"Shield bro, it's like this, there's a guy called Huo Shao Yun from the fiery mountain looking for you. He's camping outside our villa right now, so don't come back!" Yushu said, panicking.

"Ah? What red fiery mountain and burning clouds? Why did he come to me? Could it be that it's not good for me? Then all the more I have to go back?" Lin Yi blinked, not quite understanding what he was hearing.

"Don 't, don' t, don 't, don't come back-he's Sky Class late phase peak, you can't beat him if you come back!" "He'll leave by himself if you come back later!"Yushu said.

"Sky Class late phase peak?" "Then if I don't go back, he'll do something bad to you and Yaoyao?" Lin Yi asked, confused.

"No, he wouldn't dare. That's ... That's because the ancient level can't just attack normal people from the mortal world. Shield bro is a practitioner, it's different!" Yushu said, making up a story based on what Lin Yi had told her.

But what she said was possible, and so Lin Yi nodded, believing her,""Then I should go back and take a look too, right? We can't just hide, can we?"

"Aiya, no need-he doesn't have any bad intentions towards you, he just needs your help, and it's super troublesome-he just wants you to kill Zhang naipao for him, isn't that just looking for trouble? So, we just need to make him back off!" Yushu started coming up with a random excuse from what she'd heard from naipao.

"Oh, I see!" Lin Yi believed Yushu's words even more now-after all, there was a disciple called yang shaoxia from the fire Mountain sect who was killed by naipao during the test at the sky elixir sect. It was only natural for the fire Mountain people to seek revenge from him!

After all, naipao's martial arts and Arts were both heaven-defying, and he was the only one who could counter him right now. It was only natural for the people of the fiery mountain to ask for help! But it was true that Lin Yi didn't want to help-naipao was back at the everyday and every day sect, and if he went looking for trouble with him, wouldn't that be suicide?

The everyday and every day sect didn't just have Zhang naipao-they had many other Masters as well, and it was already good enough that they didn't come to the common world to cause Lin Yi trouble. If Lin Yi came to him himself, they wouldn't let him go so easily, which was why Lin Yi wouldn't take this job!

And if they rejected the offer, it would be equivalent to offending the ancient sect. Although Lin Yi wasn't afraid of offending people, it was better to avoid making enemies for no reason. Just like what Shu said, if that Huo Shao Yun didn't wait for Lin Yi, he would leave on his own.

So Lin Yi pondered for a while and said,"Alright then, I'll wait for a while before going back! But you should also help me take a look at this person. If he doesn't have any ill intentions, it's fine for me to go back early. After all, it's up to me to help. "

"Okay, but I think he's a bad guy. Shu, keep shield bro updated on the situation here!" Chen Yushu replied.

He hung up and shook his head. Why was this guy from the Huoyan Mountain here? Was this a good or bad thing? But thinking about the Huoyan Mountain sect, Lin Yi was ready to call uncle Fu.

After all, uncle Fu's sect was also a fire-element sect, and they might have some connections with the fiery mountain. This way, Lin Yi could learn more about the fiery mountain.

With that thought, Lin Yi dialed uncle Fu's number.

"Yi?" Uncle Fu and pengzhan had been working hard these days-his new company was taking root in Donghai city, and he'd given fatty Lai a huge sum of money. They didn't even have the time to visit Jingyi, "What's the matter? I'm in a meeting ..."

"I see, I wanted to ask you about the ancient sect, fiery mountain. If you're busy, you can call me back later!" Lin Yi said.

"It's fine, I'm not busy!" Li Fu knew that Lin Yi had something important to ask the moment he heard the question. He quickly stood up and walked out of the meeting room. "It's just me and Mr. Chu, it's fine, you go first!"

"Alright, uncle Fu, it's like this, do you know about the ancient sect, the fiery mountain?" Lin Yi didn't hold back.

"Of course, I know about the fiery flame mountain. Why, do you have any enmity with this sect?" Uncle Fu asked after some thought.
