

## Bodyguard 3031

### Chapter 3031 The Fiery Lion Sect And The Fiery Flame Mountain

"Back then, a sect leader disappeared while he was pursuing the heavenly Dao. He didn't have any children, so my ancestor, the great elder of the sect, inherited the position of sect leader." Uncle Fu continued, "actually, it should be the same in the fiery mountain. However, the fiery mountain is more traditional. The person who inherits the sect must change his surname to Huo to commemorate the founder. This is also a custom in other ancient sects."

"So that's how it is." Lin Yi finally understood-no wonder the rock Candy girl's last name was Bing! And Lin Yi could understand why they didn't rush up to help when uncle Fu's sect was in trouble!

The relationship between the two sects was only good, but there was no longer the initial kinship. It was impossible for the fiery mountain to sacrifice their own interests to save Lionsgate.

"However, in fact, I'm not particularly familiar with the fiery mountain. My master used to have more contact with the fiery mountain." Said uncle Fu.

"Right, speaking of your master, I saw him again when I came back this time!" Lin Yi said.

"Oh? He saw the old man again? What did that mean? Why did my master go to your hometown?" Uncle Fu didn't understand Lin Yi's words. After all, Lin Yi's old house was in a remote area, why would uncle Fu's master go there?

Lin Yi didn't mention anything about the three Sky Class Masters that were killed, "You also know that master is always crazy. It's fine when he's awake, but when he's not, no one can understand why he wants to do something."

Lin Yi also called the Sky Class man "master," and the two had some friendship between them.

"That's true," Uncle Fu wasn't suspicious anymore. After all, you couldn't use a normal person's way of thinking to measure a lunatic. "How is master? Are we still together?"

"That's not the case!" "No." Lin Yi shook his head, "master gave me a bamboo scroll, saying it's something like a secret manual from the enemy. However, he said it's for li 'er, so I didn't read it."

"Giving it to me is the same as giving it to you, right? It's useless even if I look at it. With my strength, I can't cultivate any powerful secret techniques!" "Besides, with our relationship, is there a need to be so formal?" uncle Fu quickly added.

"Alright, since you say so, I'll open it and take a look." Lin Yi nodded. He was curious as well, but he'd had to bear with it without uncle Fu's permission. Now that uncle Fu had agreed, he didn't need to put on an act.

"As for Huo Shao Yun of the fiery mountain, Yi, you can see for yourself. If you can help, then help. If you can't, then reject it. If you can't reject it, then I'll go talk to him personally." Said uncle Fu.

"Alright, I'll think about it." Lin Yi said.

After hanging up the phone, Lin Yi couldn't wait to find the bamboo scroll and open it. There were eight big words on it: Nine Fuxi needles Heart Sutras!

The nine Fuxi needles? Lin Yi was excited after seeing the words-didn't he have a set of the nine Fu Xi needles? One of the things he brought out from Liju's tomb was the nine Fu Xi needles!

But Lin Yi didn't know what the nine Fu Xi needles were used for because there was too little information. He only knew that the needles were a powerful acupuncture tool, but he didn't expect it to be a heaven-grade weapon!

This meant that Lin Yi didn't see Zhang Liju's weapons in the tomb, only Madam Bing and Madam Xue 'S. Lin Yi thought that Zhang Liju was an elixir master and didn't use any weapons, but he didn't think that he would have one.

"So the nine Fu Xi needles is a heaven-grade weapon! This means that the five elements sect master went to and stole this heaven-grade weapon's mental cultivation method should be Zhang Liju's mental cultivation method for using weapons!" Lin Yi said to himself as realization dawned on him.

Before, Lin Yi was still worried about his heaven-grade weapon, but in the blink of an eye, he had one! With this, Lin Yi could finally use the nine Fuxi needles he got from Liju's tomb!

Although the nine Fuxi needles weren't in Lin Yi's hands, he was only practicing with them and not using them against an enemy. He didn't need too much strength for the needles, so normal needles would do.

Of course, the shortcomings of the ordinary silver needles were also obvious. They could not be added with true Qi, and they could not really exert any power. They could only be used for practice.

However, this was enough for Lin Yi. He didn't have many enemies in the village, and there was no need for him to practice with real weapons. This would save him a lot of energy.

.....

Yushu went downstairs after the call. Mengyao looked at her and asked, ""What did Lin Yi say?"

"Oh, shield bro said that he won't be coming back for now. This Huo Shao Yun must be looking for him to help deal with Zhang naipao, but with shield bro's current situation, it's not the time to completely turn on the everyday and every day sect yet ..." Chen Yushu said.

"Then, what about the evening glow at the entrance? Should we tell him that Lin Yi's not coming back?"  
"That's hard to say!" Mengyao frowned.

"Shield bro said that he'll get tired of waiting, so he left. We don't need to bother with him." Chen Yushu replied.

"Alright, then." Mengyao nodded. "But he set up a tent opposite our villa. It doesn't look good."

"I'll call the property company and get the security to drive him away!" With that, she called the property company and told them that there was a homeless man at the entrance of the villa, asking them to send someone to get Huo Shao Yun out.

The real estate company naturally agreed in a hurry. These villa residents were all their big customers, and they paid a lot of property fees every year. So, the real estate company quickly sent fifth brother's security guard to come to the front of the villa in a patrolling electric car ...

"Sir ..." The security Captain was about to ask Huo Shao Yun to leave, but he saw a scene that shocked him!

Huo Shao Yun was planning to stay here for a long time, so he had to firmly insert the tent into the soil. Therefore, the security Captain saw with his own eyes that Huo Shao Yun inserted a one-meter-long tent frame into the soil effortlessly. He was dumbfounded!

This person didn't seem to be easy to deal with. The team leader had wanted to force Huo Shao Yun to leave, but he didn't dare to do so now. He could only say to him in a soft voice, ""Sir, this is the public area of the community, you can't occupy it for yourself ..."

Chapter 3032 Chen Yushu's Scheme

"Privately occupy it?" Huo Shao Yun glanced at the security Captain, not thinking of using force. After all, he was here to ask for Lin Yi's help, and he didn't dare to act all high and mighty. Besides, there were rules in the ancient level that they couldn't attack people from the secular world without permission, especially ordinary people. So, Huo Shao Yun asked, "They Park their cars there, dry their clothes there, the children play there, the old man plays Mahjong there, and the old lady performs Yangge there. They're all occupying the place for themselves. Why don't you drive them away?"

"This ..." The security Captain didn't expect that not only did Huo Shao Yun have the strength, but he was also not stupid. He could find so many reasons to refute at once. He couldn't help but wipe the

sweat on his forehead and said, ""Our neighborhood is a closed-off neighborhood. Non-residents are not allowed to stay here for long. You see, you're not the owner of this neighborhood, but they are ..."

"Oh, so you're telling me to buy a house here? You should have said so earlier!" Huo Shao Yun waved his hand. "You can find me a house. I'll buy it. Then I can stay here, right?"

"You've bought a house, it'll be nice to live in a house ..." When the security Captain received Chen Yushu's call, he thought that Huo Shao Yun was a homeless person, but now it seemed that Huo Shao Yun didn't look poor at all. Also ... The security Captain saw Huo Shao Yun walking to the Land Rover next to him, so he was even more unlikely to be poor!

"This is the bank card, the password is 123456, there's 50 million in it, pick any house for me, swipe the card and give me the key and the contract!" Huo Shao Yun took out a bank card from the car and handed it to the security Captain.

The red fiery mountain was a relatively wealthy ancient sect, for no other reason than the fact that they were a fire element sect. They also had alchemists in their sect, but they were only involved in the southern suburbs, western regions, and other border businesses. They didn't conflict with the sky elixir sect or the practitioner's trade association.

The security Captain was shocked. He trembled as he took Huo Shao Yun's bank card. It was 50 million Yuan. He would never be able to earn this money in his life! At this moment, he even felt a sense of guilt. He wanted to take it for himself.

Although Huo Shao Yun was rich, he wouldn't let others cheat him. Moreover, this 50 million wasn't a small amount. The pills in the cultivation world weren't very expensive. It was a world of difference from the auctions in the secular world.

It was just that fiery mountain didn't usually pursue material enjoyment. Most of the people in the ancient sects pursued cultivation. Other than cultivation, they only wanted to raise the status of the sect. So, in terms of money, it was enough. Therefore, Huo Shaoyun didn't care too much about fifty million.

"Don't have any bad thoughts. If you want to embezzle the money, that's fine, but you're the security guard of this property company. It's as easy as flipping my hand to find you. Do you think your head is harder or this stone is harder?" As she spoke, Huo Shao Yun directly raised her leg and kicked a bluestone at the side. The bluestone immediately shattered, and she continued, ""If you think your brain is tougher than this, then I'll give you the money."

"Uh ... Big brother, how would I dare to embezzle money? you can rest assured that my sister is the sales manager of this community. I will immediately ask her to help you choose a house ..." The security Captain was scared and quickly said.

In fact, it was just a casual kick-any golden class master could do that, but it was the most effective one for the security guards. They wouldn't even recognize him if he revealed his Sky Class strength.

The security Captain came and left quickly. When he came back, he had already handed the key to a house to Huo Shao Yun, but to his surprise, Huo Shao Yun was still stationed here! However, since Huo Shao Yun was the owner of this place, he couldn't say anything.

After all, in this community, these places were all public. In the summer, there were people who set up tents to barbecue and play cards, but it was not common in the winter. However, Huo Shao Yun liked to camp here in the winter, so the security guard could not do anything about it.

Chen Yushu saw that not only did Huo Shao Yun not leave, but he even settled down outside. She immediately called the property company angrily, but the explanation from the property company made her go crazy. Huo Shao Yun bought a house here!

"Shu, why do you hate Huo Shao Yun so much, why do you have to chase him away?" Chu Mengyao didn't want to ask anymore, but Chen Yushu's actions made her ask again during the night.

"Yaoyao sis ... I ..." Chen Yushu was silent. There were some things that she didn't want to say until the right moment! If she said it, everyone would be unhappy. If she didn't say it, she would be the only unhappy one!

And so, Yushu didn't say anything. "I just don't like him. I don't have a reason for that. Just like how you don't like Zhong pinliang and an Jianwen. Is there a reason?"

"Alright then!" Chu Mengyao shook her head and didn't ask anymore. After all, Chen Yushu was right. What reason did she have to hate him?

However, the next morning, Huo Shao Yun's every move gave Chen Yushu more information! Huo Shao Yun felt that Chen Yushu was rejecting him. He was afraid that Chen Yushu would find a reason not to tell him or send Lin Yi away when Lin Yi came back, so he didn't leave Lin Yi's Villa for a second. As for food, he couldn't solve that problem.

However, this wasn't a problem for blazing cloud. He casually grabbed a few pigeons from the sky, then used his hand to ignite a flame and directly roasted the squab! When he was in the sect, he often caught wild animals and barbecued them at the back of the mountain, so he was quite familiar with the road.

"Hello, is this Lingshan sis? I'm Chen Yushu. " Chen Yushu called song Lingshan.

Chen Yutian was no longer pursuing song Lingshan, and song Lingshan had a relationship with Lin Yi. She even helped Chu Mengyao and Chen Yushu escape with Lin Yi in times of danger. Hence, Chen Yushu's attitude towards song Lingshan changed.

"Oh, Shu. What's up?" Song Lingshan was curious why Chen Yushu would call her.

"Lingshan sis, I'm calling the police! Someone's trying to set fire to my villa, come and take him away!"  
Chen Yushu replied.

"Set fire to your door?" Lingshan blinked, confused."This ... I don't need to solve it, right? Why don't you just get someone like Wu Chentian to chase that guy away?"

"Lingshan sis, it's like this ..." Chen Yushu could only "tell the truth" and told song Lingshan that Huo Shao Yun wanted to trouble Lin Yi.

Chapter 3033 Little Eleven's Discovery

Song Lingshan didn't know what to do. Although she didn't understand why Chen Yushu wanted to drive away the evening glow, she still nodded,"Alright, I'll go and try ..."

Very quickly, Lingshan arrived at the entrance of Lin Yi's Villa and saw Huo Shao Yun having a barbeque."Sir, this is a residential area. If you use an open fire to barbecue, it will easily cause a fire. Please leave ..."

Huo Shao Yun froze for a second, but he put away the flame and looked up at Song Lingshan, ""May I ask where the fire is? I don't have an oven here, and I don't have fuel. I'm doing magic with my hands, can't I?"

"..." Song Lingshan didn't expect the cloud to use his own Qi to ignite the flame. It must be either a martial art or pill fire. Song Lingshan couldn't interfere. After all, it was hard to manage a practitioner's business. Besides, the cloud didn't use an open fire, so Song Lingshan couldn't interfere, ""Alright, then you can continue. Be careful."

Song Lingshan had no choice but to return home. This made Chen Yushu, who had been keeping an eye on the situation outside, very angry. This Huo Shao Yun was really shameless. He just stood at the door and didn't want to leave. Song Lingshan was at her wit's end!

If the guy was a normal person, she could still make him leave in fear, but the guy was a practitioner, and all her tricks didn't work on him at all. Yushu's hatred for Huo Shao Yun grew even stronger.

The days passed, and Huo Shao Yun finally settled down in front of the villa. Chen Yushu had no choice but to ignore him ...

During this period of time, Lin Yi's control of the nine Fuxi needles had achieved some initial results. The use of heaven-grade weapons was also divided into three levels-early, middle, and late. The corresponding strength levels were early, middle, and late. The peak of early stage was also corresponding to the major early stage.

With Lin Yi's current strength level, it should be difficult for him to even use a divine weapon in the early stages. However, perhaps it was because Lin Yi's body was very similar to Zhang Liju's, or perhaps it was because of his five elements and seven attributes that he was very familiar with the control of the nine Fuxi needles.

Although he couldn't reach the level where he could use the mental cultivation method to the fullest in the early stages, there was no problem in using it proficiently! As for the effectiveness, Lin Yi couldn't do anything about it. His strength level was there, and the nine Fu Xi needles wasn't like the five elements Eight Trigrams palm, which allowed him to use it beyond his level. It could only be used according to his original strength level.

But this wasn't too bad, at least Lin Yi was quite satisfied with it. This also eased his depression from not fully mastering the forging fire! At least when it came to using a heaven-grade weapon, Lin Yi found the confidence he had when he activated his skills.

Of course, every heaven-grade weapon needed to be paired with a corresponding element to use. For example, the nine Fu Xi needles needed a fire element to use, and the other three heaven-grade weapons Lin Yi got from Liju's tomb were ice and mist elements. Only those with mist and ice attributes could use them.

Of course, the ice and mist element were all Water-type, and between these three attributes, they could use water, ice, and mist heaven-grade weapons, but they wouldn't be as effective as the corresponding ones.

Lin Yi happened to have the fire element in his body, and naturally, he could use the nine Fu Xi needles with ease. Any other fire element practitioner would be able to do the same.

After all, a heaven-grade weapon was only a type of support in battle. As long as it was used with the same attribute, there would be no problem using it.

However, there were also some void attribute cultivators who couldn't use heaven-grade weapons even after reaching the heaven rank. Even if they did, they wouldn't be able to display much of an effect, just like an ordinary person holding an ordinary large blade. At most, they would only have a bit more strength!

As for physical practitioners, their heaven-grade weapons couldn't be infused with Qi and didn't need corresponding attributes. But their weapons were in a different category. Some physical practitioners knew how to use them, and some didn't. They were already very powerful with their bare hands.

After all, it was even more difficult for a physical practitioner to find a suitable heaven-grade weapon. Sometimes, using a weapon was more convenient than not using it.

The only regret was that Lin Yi could only use the nine Fuxi needles as a heaven-grade weapon, but not as a healing weapon. According to the records, the nine Fuxi needles had the ability to resurrect the dead, but the usage of these abilities had been lost-even Zhang Liju didn't know how to use them.

But Lin Yi still felt that using the needles as a weapon was just a branch of the needles "function-its main function was to heal people!

Or rather, it was meant to heal practitioners. Lin Yi felt that if the nine Fu Xi needles were really as the legends said, then healing a practitioner's dantian and meridians shouldn't be a problem!

Of course, he'd have to figure out how to use it for healing-otherwise, the nine Fuxi needles would just be a pure heaven-grade weapon.

.....

Following patriarch xuanchen's instructions, small one conducted a thorough and detailed investigation of the secular Sun family. However, the results of the investigation made small one frown. Fortunately, little eleven, who accompanied him in the investigation, found a description of the sun family in another ancient book. Furthermore, it also introduced some unknown secrets, so small one heaved a sigh of relief!

After receiving the news, little one immediately rushed to the sky elixir sect, ready to tell the results of his investigation to patriarch xuanchen and ask him to make a decision!

Taganlong's injuries were heavy, about the same as Lin Yi 's, but the only thing better was that his Dan Tian wasn't completely destroyed-only half! This way, if he had a fourth-grade great recovery pill to consume, he could still recover.

But the key problem was that no one could refine a superior-grade fourth-grade great cyclic pellet!

Therefore, in order to cure ta ganlong and allow him to cultivate again, he must repair ta ganlong's meridians and dantian. In this way, the sun family must have someone who has cultivated to the second stage of their mental cultivation method to be able to cure ta ganlong!

Or, two level one's would do!

#### Chapter 3034 Forced Treatment

However, the problem now was that the second generation of the sun family, who had cultivated to the completion of the first stage, had already used their own healing index. As for the first generation of the sun family, although old man sun had cultivated to the completion of the second stage, he had wasted one index and was only left with one.

House sun's third generation, sun Yikai, hadn't reached the first stage yet, and couldn't heal others yet. Sun Jingyi, on the other hand, had probably wasted her energy when she was trying to save Lin Yi. But what surprised him was that she had already reached the second stage!

If she hadn't reached the second stage, she wouldn't have been able to repair Lin Yi's meridians and dantian.

Therefore, this was equivalent to walking into a dead end. The sun family only had old man sun who could treat ta ganlong, but he could only repair his external injuries and meridians, not his dantian.

However, his dantian couldn't be repaired. Even if ta ganlong woke up, it wouldn't help. Little one was extremely conflicted after investigating this result. However, little eleven seemed to have seen an introduction to special cultivators like the sun family in an ancient book about acupuncture!

Little Eleven's heaven-grade weapon was a replica of the nine Fu Xi needles. The real Fu Xi needles were used by Zhang Liju, but they disappeared with him.

The one in little Eleven's hand was made by a talented blacksmith in the five elements sect, who copied the nine Fu Xi needles with similar materials. Therefore, little eleven would naturally read some ancient books about the nine Fu Xi needles.

Hence, little eleven found the ancient book again and found a secret technique that could allow the sun family to be used by ta ganlong! This secret technique was actually used on a kind of spirit beast that had already disappeared. Of course, the effect was the same when used on humans. It was just that no one had tried it before, so no one knew what the consequences would be.

Of course, since there was a way, he had to report it to patriarch xuanchen and ask him to make a decision.

"Small one greets master!" "Patriarch xuanchen!" Small one bowed respectfully when he entered the room. He realized that Zhaoming was there too. It seemed like Zhaoming and patriarch xuanchen's relationship was not ordinary!

"Small one, how is it? how's the investigation of the sun family?" Asked patriarch xuanchen.

"The sun family's matter has been investigated, but it's not optimistic!" "At present, the sun family has the ability to cure taganlong, but the treatment index has been wasted ..." Little one said honestly.

As he spoke, small one explained the characteristics and situation of the sun family's mental cultivation method to patriarch xuanchen in detail.

"Oh? Does this mean that taganlong has no hope?" Patriarch xuanchen raised his eyebrows, and his expression darkened. ""The sun family doesn't have any branch family?"

"Master, the sun family's population isn't large to begin with, so naturally, they don't have any collateral branches. Some of them were married off, but their descendants didn't practice the sun family's heart technique, so we can only start from the sun family's main family!" "But little eleven found a substitute secret technique from an ancient book. It can force the sun family members who have lost their indicators to be used by Tagan long and stimulate the healing attribute in their bodies!" Little one said.

"Oh? It could be activated by force? Will this secret method work?" Patriarch xuanchen's eyes lit up as he asked.

"It should be possible, but it's very vicious. You need to use acupuncture to stimulate the potential of the sun family. But the consequences are unpredictable. The process is very painful. Maybe after treating taganlong, he will become a disabled person!" Little one said.

"Oh? Become a cripple? Will you die?" "What's the matter?" asked patriarch xuanchen after a moment of silence.

"I don't think so, but it's hard to say. After all, this secret technique is used on spirit beasts. If it's used on humans, it might have unexpected consequences ..." Small one said.

"Then, who in the sun family is suitable to use this secret method? Is it old man sun or that sun Jingyi?" Asked patriarch xuanchen.

"I'm fine with either, but sun Jingyi should be better. " Little one said.

"Oh? How should I put it?" Patriarch xuanchen frowned slightly. ""This sun Jingyi, she's Lin Yi's woman right? If we touch her, it seems like we're breaking the rules-if Lin Yi finds out and tells boss Bai, it'll affect the whole plan ..."

"But old man sun is getting old. I'm afraid he can't hold on using this secret technique. It'll be even more troublesome if he dies!" "Plus, according to our sources, Lin Yi hasn't been in Donghai city recently. We should be able to do it in secret," small one explained.

"Oh ..." The xuanchen ancestor nodded and looked at Zhaoming. "What do you think, Zhaoming? You're more familiar with the common world-Lin Yi and Sun Jingyi, are they really in that kind of relationship?"

"This ... I'm 80% sure." Kang Zhaoming didn't dare to lie about this. As much as he wanted to deal with Lin Yi, he couldn't cause trouble for the five elements sect. The five elements sect was his Foundation, and if they abandoned him, then he would be nothing. So he was very cautious about this, "But, I remember that master only promised boss Bai that he wouldn't cause trouble for his disciples or Lin Yi, right? Sun Jingyi isn't his disciple, so we can just pretend we don't know anything-even if boss Bai asks us about it, we'll just pretend we don't know anything and shirk our responsibility!"

"That's a good idea!" Patriarch xuanchen nodded. Wasn't it just being shameless? However, he had to admit that sometimes being a scoundrel was the best way.

"That's right, master-junior Zhaoming's right-as long as boss Bai doesn't get involved, we'll be able to push the blame away!" "But the possibility of boss Bai going to house sun is almost zero!" Even if Lin Yi goes, it won't be of any use. He can't beat me at all. If I go personally, he can only watch. Then, we can just deny it and let it go. "

"Alright, let's do that then! You and little eleven get ready, bring ta ganlong to Donghai city and use this secret technique to activate sun Jingyi's healing index and heal ta ganlong!" "However, we must be fully prepared and try to succeed," said patriarch xuanchen. "There aren't many chances. Taganlong is our only hope now!"

"I understand, master, don't worry, little eleven and I will be careful!" Little one replied and then asked,""By the way, master, old six, old seven, and old twelve ..."

#### Chapter 3035 Zhaoming Breaks Off The Engagement

When patriarch xuanchen heard little one's question, although his expression did not change, he was extremely sorrowful! It was not that he did not want to investigate, but there was no clue to this matter. There were only a few people that patriarch xuanchen could think of who were more powerful than his sixth and seventh brothers, and they had no reason to attack them! After all, the five elements sect's only public Enemy was Lin Yi!

However, it was impossible for Lin Yi to kill sixth, seventh, and twelfth. Even if Lin Yi was a Sky Class early phase master and could kill twelfth, ancestor xuanchen believed it. However, sixth and seventh were Sky Class late phase peak Masters! How could they die so easily?

"Don't worry about this matter, I know what to do!" Patriarch xuanchen waved his hand, indicating that small one did not need to care. In his opinion, small one's investigation would be a waste of effort.

"Yes, master!" Little one left respectfully.

"Master, don't be too sad. The dead can't be brought back to life. We're all here ..." Zhaoming comforted.

"Al, that's true!" "Oh!" Patriarch xuanchen nodded."Right, Zhaoming, how are the preparations for your marriage with little peach?"

"It's alright ..." Kang Zhaoming's heart ached. F \* ck you, do you have to marry little peach? He wasn't even interested in sleeping with that kind of trash! Kang Zhaoming had decided that he had to think of a

way to stop this from happening. He had to think of a way to reject this marriage! Otherwise, his life would be ruined!

At the thought, Zhaoming quickly said, "Master, I'll go find little peach to discuss the matter of our marriage."

"Alright, you can go." The xuanchen ancestor waved his hand, signaling for Zhaoming to leave.

Little peach received Kang Zhaoming's invitation and happily went to meet him. When she saw Kang Zhaoming, she immediately said, ""Brother Kang, you were looking for me?"

"Little peach, I called you here to discuss serious business!" Zhaoming couldn't keep up the act any longer-little peach was no longer a personal maid of the heavenly silkworm transformation, and she had lost her value. After much thought, Zhaoming decided it was best to tell the truth!

Now that he was patriarch xuanchen's disciple, he could be considered an elder of his backer. In the sky elixir sect, he no longer needed little peach to approach the heavenly silkworm transformation.

"Is it our marriage?" Little peach was still in the dark, so she naturally didn't know that Zhaoming had been lying to her all along.

"Marriage? Little peach, tell me the truth. Do you really think I like you?" Zhaoming looked at little peach coldly, "To tell you the truth, I've taken a fancy to your identity as the personal handmaiden of young master Tian. I just wanted to use you to get close to young master Tian. But you didn't disappoint me. I did get a lot of benefits from you to get close to young master Tian!"

"You ... You ... Big brother Kang ..." Little peach looked at Kang Zhaoming in disbelief, so shocked that she couldn't speak, her eyes filled with shock and anger! He was being used? He was just being used?

"Alright, don't be delusional. Look at you. Besides, we all know what kind of person young master Tian is. You're his maidservant. I don't believe that he hasn't played with you before. I don't like a woman like you at all!" Kang Zhaoming snorted. "I'm here to lay my cards on the table. If you know what's good for you, then break up with me calmly. We won't interfere with each other's business. Otherwise, it'll be easy for me to kill you. Don't forget my current status. I'm the disciple of patriarch xuanchen. Even if I kill you, the young master Tian will let it go on account of patriarch xuanchen! Don't even think about telling young master Tian about this and asking him to stand up for you. Once the fact that you helped me get in touch with young master Tian through the back door is exposed, you won't have a good ending!"

"I ... I ..." Little Peach's tears flowed uncontrollably. The naive little girl never thought that Kang Zhaoming would be this kind of person. To think that she had loved Kang Zhaoming so deeply, but all she got in return was this!

However, little peach also had her own backbone. She was a maid of the heavenly silkworm transformation, so she wouldn't embarrass the heavenly silkworm transformation. Although she liked Zhaoming, he didn't want her anymore. He never liked her, so what was there for her to pester?

"Don't worry, brother Kang, I won't bother you! I understand ... You can go!" Wiping away her tears, little peach gritted her teeth and said, "This is the last time I'll call you big brother Kang. From now on, you're elder Kang."

"Not bad, you're tactful!" Kang Zhaoming finally let out a sigh of relief after seeing little Peach's attitude, "But don't worry, I'll introduce you to a boyfriend and find you a good man. I have a cousin who likes to pick up old shoes. He picked up my last girl. I'll introduce you to him. He's doing pretty well. It's a good way out for you to be with him. But you have to tell the public that we broke up peacefully!"

"Thank you. You don't have to worry about my matters." "Elder Kang, if there's nothing else, I'll be taking my leave!" Little peach said, shaking her head.

"Ah, then you can go. I won't see you out. We're still friends!" Kang Zhaoming finally let out a breath of relief. He finally got rid of this ugly monster!

After wiping her tears dry, little peach returned to her residence in the heavenly silkworm transformation. These next few days, little peach and Tian Xi would be taking over Chen Xi's duties. Little peach needed to tell Chen Xi about some of the things she liked about the heavenly silkworm transformation, as well as the things she needed to pay attention to.

"Little peach, Kang Zhaoming asked you out to discuss his marriage, right? How was it? Have you set a date yet?" The heavenly silkworm transformation asked little peach. To be honest, Tiangang didn't have high hopes for Kang Zhaoming. Kang Zhaoming was a bad person, and he was Lin Yi's enemy. As Tiangang's personal maid, little peach naturally hoped that she would find a good husband. To be with Kang Zhaoming was a bit of a waste!

However, little peach liked Kang Zhaoming, and there was nothing Tiangang could do to stop her. He could only silently support and bless her.

"Young sect master, we've broken up ..." Little peach said, pretending to be calm.

"Break up? What's going on?" Tian Gang was stunned. "Little peach, why did you break up with Kang Zhaoming? He suggested it?"

"That's not it. We broke up peacefully. We felt that we weren't compatible, so we broke up ..." Little Peach's eyes reddened. However, she still pretended to be calm as she replied.

"A peaceful breakup?" Tian Gang naturally didn't believe him, "isn't your relationship good?" How could they break up peacefully? Little peach, tell me the truth? What's going on?"

Chapter 3036 Why Are You Guys Here?

"I-it's fine ..." Shaking her head, little peach said, ""Young sect master, we really broke up peacefully ..."

"Is that so? Alright then, I'll call Kang Zhaoming over for a confrontation! Let's see what you're up to!" Tian Gang coldly said.

"Don't ... Young sect master, I'll tell you the truth. Don't ... Don't pursue it, okay?" Startled, little peach hurriedly said.

"You tell me, I'll see how it goes." Tian Gang said indifferently.

"It's like this ..." Naturally, little peach didn't dare to hide anything from Tian Gang, so she told her everything about her and Kang Zhaoming.

Tian Gang's brows furrowed as he cursed Zhaoming for being an ungrateful bastard. He didn't want to offend the xuanchen ancestor over something like this, though. Zhaoming was the xuanchen ancestor's disciple, after all, and the only person in the sect who could refine the bone cleansing pill. It wasn't a good thing to punish him!

At the same time, however, Tianjie was also rejoicing. She didn't want little peach to be with Kang Zhaoming, but little peach was in love with Kang Zhaoming, so she couldn't stop her. Now that they had broken up, it was even better.

"Little peach, let's break up," Shi Feng said. "You can continue to stay by my side."

"Ah? "Young sect master, don't you already have Tian Xi by your side ...?" Little peach was slightly stunned.

"Tianxi, the main thing is to cultivate. You'll be in charge of the trivial matters." "I'll announce your marriage with Kang Zhaoming later. Cancel it and you won't have to worry about it anymore," said tianshuo.

"Argh! "Thank you, young sect master ..." Little peach shed tears of gratitude, her heart filled with even more loyalty towards Tian Gang. At the same time, she felt that she was too stupid to actually believe Kang Zhaoming's words ...

And so, Zhaoming and little peach ended their engagement peacefully. The xuanchen ancestor had only asked a single question, and Zhaoming's answer had been vague, but he didn't ask any further. He didn't care about such things, and he didn't feel that going back on one's word was something shameful.

Little one and little eleven were almost ready. They packed up and headed to Eastern Sea city. The sun family was located in a small town not far from Eastern Sea city, so they had to transfer to another car through Eastern Sea city.

Little one and little eleven didn't drive too fast. After all, there was an injured person in the car. Although this injured person used to be a cultivator, he was now extremely sick and couldn't take any more trouble. Little one was really afraid that he would die from the bumpy road.

Finally, after a long journey of dozens of hours, small one stopped the car in front of the sun family's Villa.

"Is this the secular Sun family?" Small one asked loudly after he got out of the car.

The common house sun was a famous house in the area, especially after joining Lin Yi's practitioner's Association. Their status rose, and now even the hidden noble houses didn't dare to do anything to them. This gave rise to old man sun's arrogant temper.

Hearing someone shouting at the door, how could he just let it go? So, Grandpa sun said to sun Yikai's father, sun Gangjin, "I just came in. Go out and see who dares to shout at our Sun family's Gate. Do you not want to live anymore?"

"Yes, father!" Sun Gangjin nodded and strode out of the sun family's house. When he came to the door, he saw a young man in his thirties standing at the door and shouting. Sun Gangjin sneered and said, "Since you know that this is the secular Sun family, why are you still making a scene here? do you not want to live?"

"Is sun Jingyi here?" Small one didn't want to talk nonsense with sun Gangjin at all. In his eyes, sun Gangjin was like an ant. Even saying a word was a waste of breath! If it weren't for the xuanchen ancestor's orders, no one in house sun could die in case Lin Yi and boss Bai were unhappy.

"What are you? Come to my Sun family and behave atrociously? Sun Jingyi is the wife of the practitioner's Association's President, Lin Yi. Is her name something you can just call out?" Sun Gangjin pointed at small one and said angrily.

"You're so full of yourself, go to hell!" Before small one could say anything, little eleven, who had just gotten out of the car, was impatient. He waved his hand and a strong wind swept past. Sun Gangjin immediately screamed and fell to the ground. Blood spilled from his mouth ...

"Little Junior Sister, don't kill him!" Little one was shocked and quickly reminded.

"Don't worry, I won't die. I'll just be crippled. " Little eleven said indifferently, "let's go. Since this person doesn't want to say anything, then we will go in and find him. Stop talking so much nonsense. It's so annoying!"

As he spoke, little eleven stepped out and stepped on sun Gangjin's chest. Sun Gangjin screamed again. His eyes rolled up and he fainted. If there was no medicine like the recover pill, sun Gangjin obviously wouldn't be able to live, because he couldn't heal himself. As for the sun family, unless old man sun took action, even if he recovered, he would still be a disabled person.

Although small one was also very vicious, he couldn't help but sigh when he saw how vicious little eleven was. This Junior Sister of his was really too vicious. She did this to him and still wanted to step on him.

Sun Gangjin's cry naturally attracted the attention of the sun family, and old man sun subconsciously felt that something was wrong. He ran towards the door with sun Jingyi, but he thought that the other side would be more restrained after saying Lin Yi's name. After all, Lin Yi's name was already known by the hidden houses, even many people from the ancient level.

However, before old man sun and sun Jingyi left, little one and little eleven came in.

Seeing sun Jingyi, little Eleven's eyes lit up, ""Big senior, you go deal with that old thing, I'll deal with sun Jingyi!"

"Alright!" For small one, dealing with old man sun was as easy as lifting a finger. He casually waved his hand, and old man sun fainted without even saying anything! As for the other servants of the sun family, they didn't dare to make a sound when they saw how powerful the person was. They subconsciously hid!

Although the sun family was also a cultivation family, they were different from ordinary cultivators. There were no powerful cultivators here. Of course, even if there were, they were definitely not the opponents of little one and little eleven. What level of Masters were these two?

If not for the fact that patriarch xuanchen felt that taganlong was too important, he would not have sent small one out personally. Why would he use a sledgehammer to crack a nut? Little ten and little ten could have gone together to deal with the secular Sun family. However, patriarch xuanchen sent little one out because he was afraid of accidents.

"You ... Why are you guys here again?" Jingyi naturally recognized the two-they were the ones who'd caused trouble for her and Lin Yi!

Chapter 3037 The Cruel Little Eleven

Back then, Lin Yi almost died in their hands. Although Lin Yi's strength was different from before, he had no chance of winning against small one.

And so, Jingyi's heart skipped a beat-she didn't understand why they'd come to house sun to cause trouble!

"Sun Jingyi, right? We meet again!" Little eleven looked at sun Jingyi, a cold look in his eyes. He hated girls who were prettier than him the most, and sun Jingyi was one of them! She especially liked to torture these beautiful women. She had the same feelings for han Jingjing the last time.

"What do you want to do? Didn't Lin Yi have a deal with you guys? You can't attack us again!" Jingyi knew that they weren't coming with good intentions, but she still warned them.

"Promise? That's right, we didn't touch Lin Yi, but you're not part of the agreement!" Little eleven looked at sun Jingyi and smiled cruelly,""However, if you cooperate with me on one thing, I can spare your life! Otherwise, I'll make sure you die a horrible death, strip you naked, and hang your body in front of house sun's door. Lin Yi will lose all his face!"

Little Eleven's words were vicious, and Jingyi had to cooperate with her no matter what. It was fine if she died, but it'd also bring shame to Lin Yi! Jingyi's face changed instantly, and she still asked,"What do you want me to do?"

"Help me save a person!" Little eleven waved his hand, signaling little one to carry Tagan long into the courtyard.

Little one quickly brought taganlong's stretcher over and placed it on the ground.

"That's impossible! House sun's Arts can only heal one person at a time, and once the target is activated, it's irreversible! I've already healed Lin Yi, I can't heal anyone else!" Jingyi said.

"Hehe, under normal circumstances, it's naturally impossible. But I wonder if you've heard of a special method? "It can forcibly activate the healing ability of your Sun family, and it is not limited by the index ..." Little eleven said.

Jingyi's body shivered at the words-she knew of this method, but she didn't know where he'd heard it from."Why should I cooperate with you? That kind of method, I would rather die than Live!"

This method of forcefully activating her healing ability was vicious, but she had to be willing to do it with her own heart. Otherwise, it wouldn't work, and if she didn't agree, he couldn't kill her.

"Oh? So, you're prepared to leave your body naked outside the door?" Little Eleven's face turned cold and asked.

"Lin Yi and I only like each other, we're not officially in a relationship yet. No one knows about our relationship, and what you're doing will only bring shame to house sun. It has nothing to do with Lin Yi!" Jingyi said coldly. Little Eleven's method was extremely cruel, making one wish they were dead. She'd never seen it, but she'd heard of it before-she'd rather die than suffer that pain, it wasn't something a normal person could handle!

"Oh?" Little Eleven's face darkened, she didn't think that sun Jingyi would reject her. She had already threatened sun Jingyi before, and sun Jingyi gave in, but now she changed her mind, it was enough to prove how painful the secret technique was, but the more painful it was, the more little eleven liked it!

Even if it wasn't to save taganlong, she would still find an opportunity to test this cruel method. Hence, little eleven said coldly, ""Okay, if that's the case, big senior brother, if she doesn't want to, you can go

kill Lin Yi. He's out there now, and we don't know how he died. If we don't admit it, boss Bai can't do anything about it!"

"Alright, Little Junior Sister!" Little one knew that little eleven was just trying to scare her, and so he nodded his head and turned to leave.

Little eleven, on the other hand, spoke to Jingyi at the same time,""Since you're of no use to me, then die!"

"Don 't!" Jingyi cried out subconsciously-little Eleven's ruthlessness forced her to compromise. Her chest heaved up and down, evidently very angry,"I promise you, you won't cause Lin Yi any trouble ..."

"Hmph, wasn't it the right thing to do earlier? You're so talkative, you won't shed tears until you see the coffin!" "But, whether or not you kill Lin Yi will depend on your cooperation!" Little eleven said coldly.

"Alright, I'll cooperate." Jingyi nodded, her eyes filled with determination. Lin Yi almost gave up his life to protect her in the Wulong hao te mountain range-what couldn't she do?

"Very good. Senior brother, lift taganlong's hand. I'm going to start the acupuncture!" Little eleven said to little one.

Small one nodded, thinking that being cruel sometimes was useful-didn't sun Jingyi just give in obediently in the end? He took taganlong's hands and raised them up.

"Put your hands on it!" Little one ordered.

Jingyi was prepared to die, and she mechanically placed her hand on taganlong's hand, "Is that so?"

Small one didn't reply-what he replied to her was a few silver needles!

\* Swish! Swish! Swish! Swish! \* The silver needles pierced through Jingyi's acupuncture points from all ten of her fingers, connecting with the acupuncture points on taganlong's hands!

Jingyi's tears almost came out from the pain as she shivered-why was it so painful? Although the fingers were connected to the heart, sun Jingyi was a strong-willed person, but this kind of pain was enough to make people tremble.

What sun Jingyi didn't know was that little eleven added a special Qi onto the needles-it was a secret technique, and the pain was unbearable even before it was used!

"Bear with it, you stinky B \* tch. If you bark again, your eyes will be blinded!" Little eleven threw out a few more silver needles, piercing them into a few of her acupuncture points!

Jingyi shuddered from the pain, holding back her tears, but for Lin Yi's sake, she gritted her teeth! She had to admit that little Eleven's threat was quite effective on her! Because, from her point of view, little one and little eleven really had the ability and motive to kill Lin Yi!

Last time, if it wasn't for boss Bai's interference, Lin Yi might have already ... This time, without boss Bai by her side, Jingyi had no choice but to compromise!

"Alright, now start circulating your mental cultivation method. With the mental cultivation method's chant, I'm going to perform the acupuncture!" Little eleven said coldly.

"Oh ..." Sun Jingyi nodded numbly, and started channeling house sun's practitioner's Arts.

Chapter 3038 3036-Suffering

With the channeling of her practitioner's Arts, Eleven's Silver needle pierced into the meridian in her chest!

"Ah!!!" Jingyi couldn't help but cry out in pain. In that instant, she felt the pure Qi in her body start boiling, no longer under the control of her practitioner's Arts ...

Jingyi subconsciously stopped her practitioner's Arts, but that was fine as the needle in her chest was flicked out as well. Little eleven was concentrating on the needle, and without even a second thought, the needle landed on his arm, leaving a cut.

"Fuck your mother! Cheap slave!" Little eleven was furious, and he sent a kick towards her, landing right on her stomach! Jingyi cried out in pain and kneeled unnaturally on the ground, but little eleven wasn't satisfied yet-he kicked her in the chest, "Motherf \* cker, you dare to stab me? I'll kick your breast!"

One had to admit, little eleven was extremely vicious-she was a woman too, and knew which parts of a woman were more vulnerable. She'd been stabbed by sun Jingyi, and so she'd gone crazy trying to get her revenge.

"Alright, Little Junior Sister. We have more important things to do. Don't kill her!" Little one frowned, he had to stop little eleven from kicking anymore-what if he killed sun Jingyi? what would happen to taganlong?

"Hmph!" Little eleven stopped then, but seeing that sun Jingyi was still on the ground, he couldn't help but kick her again,"Hurry up and get up! I didn't use my true Qi just now. Don't play dead!"

Sun Jingyi wasn't a practitioner, and didn't have Qi to protect her body, so it could only be said that her body was slightly stronger than a normal person 's. But even so, after being kicked by little eleven, blood still seeped out from the corner of her mouth as she struggled to get up from the ground. The silver needle connected to taganlong's hand had already fallen off, but little eleven didn't hold back at all and pulled her hand over, directly connecting the needle to taganlong's hand!

Ta ganlong was unconscious and didn't feel anything, but sun Jingyi was extremely sad, especially when little eleven twisted the silver needle on her finger back and forth. Sun Jingyi was in even more pain!

But, with the lesson from before, she could only grit her teeth and hold on even if it hurt, not daring to move anymore. Thinking back to how miserable han Jingjing looked, she sighed-it seemed like she'd fall into little Eleven's hands, there was no way she'd be able to survive ...

But, for Lin Yi's sake, she had no choice but to endure it. She endured the pain and started channeling her practitioner's Arts again!

"Ah!!!!!" Jingyi cried out as little one's needle pierced her chest again, but she didn't dare stop the practitioner's Arts.

"Call your mom!" Little Eleven's palm landed on her face, making a crisp "pa" sound!

Jingyi took the slap, but didn't dare to make a sound or resist. She didn't even dare stop the practitioner's Arts-what awaited her was an even more severe beating!

"Alright, Little Junior Sister, there's more important things to do. If you hit her like this and she stops the operation of the heart cultivation method, we'll have to start all over again!" Little one advised.

Little eleven nodded her head, how could she not know that? But she hit sun Jingyi out of natural jealousy-she was jealous that sun Jingyi was prettier than her, and had a better body than her! She just wanted to torture sun Jingyi, torture her to death!

But thinking about his father's plan, he continued with the needles, not caring about her cries anymore, and continued to Pierce her body one after another, each time making her cry out!

Sun Jingyi felt that the energy in her body was completely out of her control, and was circulating along with little Eleven's acupuncture. Suddenly, sun Jingyi felt that the energy in her body was pulled by a strong force, forcibly pulled out from her palm and transferred into taganlong's body!

In theory, the pure Qi in sun Jingyi's body couldn't be used by taganlong, but with little Eleven's guidance, it could enter taganlong's body. This surprised sun Jingyi, but at the same time, Nightwind's pain was even more intense, it was like a part of her body was being stripped off!

Jingyi's face turned pale, her body shaking uncontrollably as if she was on the verge of death, but Eleven's needles didn't show any signs of stopping-they were still moving as fast as they could, his hands moving all over her body.

Taganlong's originally pale face was now starting to turn red-it was clear that sun Jingyi's pure Qi had an effect on him!

Seeing this situation, a smile appeared on little one's face and he encouraged little eleven,""Little Junior Sister, continue to work hard. Taganlong's condition has improved!"

Little eleven nodded, she couldn't care about torturing sun Jingyi anymore, compared to that, Taganlong was more important! But, even if she wasn't intentionally tormenting her, she was already in extreme pain.

The pain brought by this secret technique was inhuman. One could imagine how it felt to have all the blood drawn out of a person's body. Jingyi, on the other hand, felt like all her blood was being drawn out, and her life was slowly slipping away ...

"Senior brother, give her the Qi returning pill and the small recovery pill!" Little eleven looked at sun Jingyi, afraid that she would die.

"Alright!" Little one quickly pulled out a bottle and poured out two pills, stuffing them into Jingyi's mouth! The entire healing process would take four to five hours, and if Jingyi died in the middle, then everything would be for nothing!

Little one and little eleven only knocked out the important People of the Sun family, but the servants of the sun family didn't care. In their eyes, these people were not even ants. They were like microorganisms, and killing them would dirty their hands.

But house sun's servants were core members, they knew Chentian's number, and so when house sun was in trouble, they called Chentian!

"Hello? Hello, I'm Wu Chentian, may I know who you are looking for?" It was an unfamiliar number, so Chentian asked politely.

"Mr. Wu, the sun family is in trouble!" An anxious voice came from the phone!

Chapter 3039 Lin Yi Returns

"Who are you?" Chentian asked, confused.

"Mr. Wu, I'm sun HUPO, the Butler of the sun family's old master. The sun family is in trouble! "There's two masters who came out of nowhere, and they've injured the Head of House sun, knocking out the old head. They're trying to harm Miss Sun, and I think they're forcing Miss Sun to treat one of their men ..." Butler sun explained what he'd seen.

Chentian panicked-he didn't know if Jingyi's practitioner's Arts could still be activated by force, but it seemed like her life was in danger, and he could hear her screams from the other end!

"I'll be there immediately!" Chentian said.

"Wait, Mr. Wu, these two people seem to be Sky Class Masters ..." Butler sun was a practitioner, and he had some real practitioner's Arts, but he wasn't from house sun, so he didn't have them.

But, when little one and little eleven fought, he was quite far away, and could only roughly guess that they were Sky Class Masters.

"What? Sky Class Masters?" Chentian was shocked-he wanted to save Jingyi all by himself, but he was dumbfounded when he heard that the guy was a Sky Class master! He'd just reached Earth Class late phase peak not long ago, and he was at the peak of his confidence-but steward sun's words were like a bucket of cold water poured down on him! He realized he wasn't a match for them, and he had to ask for help!

However, who should he ask for help from? Lin Yi was far away in West Star Village, and old Pi and old Zhuang weren't around either. It would take some time to get to Jingyi's town, so Chentian had to let them know first and go on his own!

With that in mind, he called old master Pi and old master Zhuang first, telling them to go to the emergency room, and then he called Lin Yi.

"Chentian, what's the matter?" Lin Yi didn't expect something to happen in his house. He picked up the phone and asked in a relaxed tone.

"Boss, it's bad, something happened!" "Boss, house sun's being attacked by two Sky Class Masters! Jingyi's life is in danger! I have to go! Boss, you should come back as well!" Chentian said quickly.

"What? Sky Class? Or two?" Lin Yi's heart froze! This definitely wasn't done by the hidden level-there were only a limited number of Sky Class Masters in the hidden level, and house Zhao was already done for. Only elder you and elder Yu weren't on their side, but these two had no reason to make a move on Jingyi!

House Yu helped Lin Yi a few days ago, so they couldn't do anything. House you, on the other hand, even if they wanted to deal with Lin Yi, why would they do anything to sun Jingyi? This wouldn't be useful at all. First, it wouldn't vent his anger, and second, it would only make Lin Yi's revenge even more violent. The first thing Lin Yi would do when he came back was to flatten the Hidden House you. From what happened to the Hidden House Zhao, it could be seen that elder you was different from elder Zhao. He wasn't a stubborn person. He knew how to adapt to the situation and bowed to Lin Yi in time. From this point, it couldn't have been elder you who did it!

But, other than the Hidden House Yu and hidden house you, who else could send two Sky Class Masters? Could it be ... The ancient level? However, why would they attack a worldly family at the ancient level? There was no reason at all!

It wasn't that Lin Yi hadn't thought about the five elements sect, but little one and little eleven had let Jingyi go the last time they were here, not making a move on her. It was clear that Jingyi was a small fry in their eyes, and there was no need for them to come to Donghai city and cause trouble for house sun.

Hence, Lin Yi couldn't figure out where this enemy came from! But the more it was like this, the more worried Lin Yi was!

"That's right, boss. The sun family's butler didn't say anything about their exact strength. I can only go over and take a look first. I'll go over now!" Chentian said as he ran out of the villa, not even bothering to send Mengyao and Yushu a message.

"Alright, then be careful. I'll head back immediately!" "If Jingyi's life isn't in danger, then don't do anything. A Sky Class isn't something you can handle!" Lin Yi said immediately.

"Alright, boss!" Chentian replied. He was about to get into the car when he saw the red Cloud not far away. His eyes lit up! Didn't he have a heaven rank fighter? With that thought, Chentian quickly waved at the cloud, "Hey, you're Huo Shao Yun, right?"

"Yeah, yeah! Brother Wu, what's the matter?" Huo Shao Yun was bored out of his mind these few days. The Qi here was thin, and he couldn't even cultivate. No one talked to him, but he didn't dare to be disrespectful to Lin Yi's family and friends, so he could only draw circles on the ground.

He already knew who Chentian was-he was just a normal Wu, but he'd been with Lin Yi for quite some time already, and if he'd taken Lin Yi as his boss like the local tyrant, calling him brother Wu would be perfectly normal.

"Something happened to the boss" woman, sun Jingyi, do you want to come with me?" Chentian asked.

"Alright! Let's go!" Huo Shao Yun was bored to death, especially since he could help Lin Yi. He naturally wouldn't reject it-only by forming a good relationship with Lin Yi could he take revenge on the everyday and every day sect!

Huo Shao Yun patted his butt and got into Wu Chengtian's car, driving towards house sun's city!

As for Lin Yi, after hanging up the phone, he said goodbye to old Lin, got on the purple lightning Beast, and sped off in the direction of house sun!

It was a good thing that Lin Yi brought the purple lightning Beast with him this time, otherwise it would take him a long time to get to house sun. The purple lightning Beast was now Earth Class late phase peak, so it was a bit faster, but Lin Yi was still worried.

"Little Feng, hurry up! Time is of the essence!" He was already very fast, but Lin Yi still patted the beast and urged it on.

"Roar Roar ..." The purple lightning Beast seemed to have sensed the danger and used all its strength to run. It was even faster than when it had come!

However, after running for a while, Lin Yi could clearly feel the purple lightning beast's fatigue. Although it was fast at the start and had run past its limit, it couldn't hold on anymore. Now, its running speed was even slower than its normal speed!

#### Chapter 3040 The Help Of The Evening Glow

From the looks of it, the purple lightning beast's speed was definitely fixed, and from this, it could be seen that its physical strength was also fixed. If it used too much of it in the past, it would naturally use less later on. This was the same as a normal person, when they burst out, it would only be temporary and couldn't be sustained.

"Little Feng, are you running out of true Qi?" Lin Yi suddenly thought of a possibility and asked.

"Roar!" The purple lightning Beast quickly nodded after hearing what Lin Yi said.

"Alright, I'll help you fill it up!" Lin Yi confirmed his thoughts and placed his hands on the purple lightning beast's body, circulating the second stage of the art of Dragon mastery!

The third stage of the art of Dragon mastery, Lin Yi still hadn't completed the process of strengthening his meridians, so he couldn't use it yet. Although Lin Yi still couldn't grasp the operation of the third stage, but even so, after Lin Yi broke through to the completion of the second stage, whether it was the amount of Qi or the speed of Qi transfer, it was much stronger than before!

Of course, the reason why Lin Yi didn't use the spring rain and chose to use the third stage of the art of Dragon mastery to transfer Qi was also because spirit beasts were different from practitioners. When Tian Ji didn't use the practitioner's Arts, Lin Yi couldn't transfer Qi to her, only healing her.

But spirit beasts were different-they didn't have any practitioner's Arts, they just absorbed Qi on their own. Lin Yi wanted to see if it worked while it was moving! After all, using spring rain consumed a lot of his Qi, and he'd be at a disadvantage if he ran into an enemy during that time.

But the art of Dragon mastery was different-Lin Yi only acted as a conductor, converting the endless energy in the Jade space and transferring it to the purple lightning Beast. It didn't affect Lin Yi's own strength at all.

An endless stream of energy was transferred into the purple lightning beast's body as Lin Yixuan circulated the third level of the art of dragon control. The purple lightning Beast quickly recovered its strength and increased its speed to its limit again!

The purple lightning Beast felt that its body was filled with endless energy!

Lin Yi let out a breath of relief when he saw that the purple lightning beast's speed had returned to normal. At this speed, they would reach house sun in about two hours! Because the purple lightning Beast was walking in a straight line, it didn't matter if there was a road ahead or not. If there were mountains, rivers, or houses, it would be able to fly over them. An Earth Class late phase Peak Purple lightning beast's Qinggong was quite impressive.

Chentian arrived at house sun with the cloud, and Jingyi's scream could be heard before the car even got close!

House sun had its own house nearby, and there weren't any other houses nearby. No matter how much Jingyi yelled, no one else could hear her.

"Ah!!!"Jingyi's cries tugged at Chentian's heartstrings-he'd given up on her, but he still liked her from the bottom of his heart. Seeing her with Lin Yi now, he could only wish her well and give up on that thought.

However, sun Jingyi's scream still made his eyes Go Red with rage! Whether it was the person he once loved, or his sister-in-law now, he couldn't take it anymore!

Just as Chentian was about to get out of the car, his arm was pulled back by Huo Shao Yun who was in the passenger seat!

"Don't be rash-there's a Sky Class early phase peak and a Sky Class late phase peak in there, I'm not their match!" Huo Shao Yun shook his head!

"What? There's a Sky Class late phase peak?" Wu Chengtian jumped in shock. From what he could see, the two Sky Class Masters that steward sun mentioned were at most Sky Class early phase or early

phase peak, and Huo Shao Yun was Sky Class late phase-he could handle them. Even old Pi and old Zhuang wouldn't be able to do much. But what surprised him was that Sky Class late phase peak also appeared?

Huo Shao Yun was Sky Class late phase, and Chen Yushu couldn't tell his strength at all before. She was just saying that to Lin Yi, but it wasn't the case!

"That's right, if I go in, I'm afraid I'll also be beaten up!" Huo Shao Yun was hesitating. He was here to ask Lin Yi for help-he didn't want to lose his life if he failed!

Most importantly, Lin Yi hadn't said anything yet. If she rushed in to help, wouldn't she die for nothing?

Thinking of this, she really didn't know if she should go in.

"We'll still have to go in. If we don't, what's going to happen to sis-in-law?" "If you're afraid of death, don't stop me!" Chentian said, panicking.

"Brother Wu, don't be rash!" Huo Shao Yun patted Wu Chengtian's shoulder, "If we rush in blindly, we'll only die in vain. We have to think of a plan. You don't want us to die and Miss Sun to be in trouble, do you?"

"I ..." Chentian froze for a second before his expression returned to normal. He suppressed the anxiety on his face. Yes, Lin Yi did tell him to be careful when he called. He wasn't a match for her, and if Jingyi's life wasn't in danger, then he shouldn't act rashly ...

"Brother Wu, let's have a General Plan, shall we?" What Huo Shao Yun was thinking was, should he call the Overlord and ask what he thought? The Overlord had a better relationship with Lin Yi than he did-at least the Overlord wouldn't trick him.

"I'll give the boss a call first!" Wu Chengtian nodded and dialed Lin Yi's number.

"Chentian? How's the situation?" Lin Yi had wanted to call Wu Chengtian as well, but he was afraid that Wu Chengtian would start fighting with the two masters from house sun already. If he called, it would affect him, so he didn't dare to call.

"Boss, I'm here! Sis-in-law's screams almost made my heart explode! Huo Shao Yun's here too, but he said that Lin Yi has a Sky Class early phase peak and a Sky Class late phase peak! He's the Sky Class late phase peak, we're no match for him!" Chentian said with a bitter face.

"Sky Class late phase peak?" Lin Yi didn't know what to do after hearing what Chentian said-why would a Sky Class late phase peak go after house sun? What were these people trying to do?

"Chentian, is Jingyi in danger?" Lin Yi asked after a moment of silence.

"Boss, for the time being, sister-in-law is not in danger. It's just that she's screaming non-stop. She's obviously being tortured!" Chentian said after some hesitation.
