Chapter 3041 A Beautiful Memory

"In that case, don't risk your lives to rush in. You're no match for me. Wait for me to come!" To be honest, Lin Yi himself wasn't confident at all when he said that-the guy was Sky Class late phase peak, after all, but he had no choice but to charge forward.

"Then ... Okay." Chentian knew that he had to listen to Lin Yi-he wasn't a match for these people.

At the same time, Huo Shao Yun also got out of the car and dialed the number of the earth Overlord.

"Shaoyun, what made you call me? Didn't you go to boss Lin Yi? How was it? Did he agree to help you deal with the everyday and every day sect?" The Overlord quickly asked.

"Overlord, let's not talk about this for now. I've encountered some trouble and can't make! Decision! Can you help me?" As she spoke, she quickly explained the troubles she had encountered to the earth Overlord in detail.

"Oh?" After the Overlord heard Huo Shao Yun's words, he also hesitated. However, after a while, he still advised,""Shaoyun, from my point of view, of course I want you to help boss Lin Yi, but as a friend, I hope that you can do your best and not harm your own life. It's fine if you're injured, as long as you're still breathing, boss can help you recover!"

"Restore? Is that true?" "What?" Huo Shao Yun was slightly stunned."As long as he doesn't die, he can recover?"

"Hehe, I'll be honest with you. My injuries were extremely serious back then, and I was unconscious. I could be described as dying, but it was boss Lin Yi who cured me and made me jump around like a normal person!" The Overlord said.

"In that case, yang Shui can really be saved?" Huo Shao Yun was slightly stunned!

"Yang shuizhen? Didn't he die a long time ago? The dead can not be resurrected!" The Overlord was also stunned and said.

"He's not completely dead yet. A few days ago, the sky elixir sect sent yang shuizhen's body back. He was still breathing, so my grandfather sealed him in a cave in the fiery mountain. He won't die for now, but he won't live either!" Said Huo Shao Yun.

"The corpse can be sent back?" The Overlord was also stunned!

It turned out that this was all thanks to the ghostly thing in Lin Yi's Jade. After the ghostly thing intimidated the Dragon of five evils, the Dragon of five evils thought of doing a good deed and ordered his spirit beasts to send all the bones that had died in the test but were not eaten to the teleportation formation in the five evils mountain range, sending them back to the sky elixir sect.

When the sky elixir sect received these bones, they naturally sent them back to their respective sects. Because of his fire element cultivation, yang shuizhen's last bit of potential was activated when he returned to the fiery flame mountain. His desire to live gave him a chance to live, but he definitely couldn't be cured. Yang shuizhen's grandfather was still unwilling to give up, so he placed yang shuizhen's body in the cave of the fiery flame mountain. This was the place where the inheritor received their inheritance. However, it could also sustain a fire element cultivator's life for a period of time after being seriously injured.

Although Huo Shao Yun didn't know why yang shuizhen had been sent back, he told the earth Overlord that yang shuizhen had a trace of life.

"That can be saved! Boss Lin Yi can save him!" The Overlord said.

"What? Is that true? This works too?" After hearing this, Huo Shao Yun was stunned, "F * ck, it's that awesome?" Since that's the case, what's there to be afraid of? I'm going to charge into the enemy lines!"

"Don't ... Then don't charge blindly!" Earth Overlord was speechless, "you just need to cooperate with boss Lin Yi!" You can ask him what to do!"

"Alright, I'll go now!" Huo Shao Yun quickly got back into the car and was about to call Lin Yi through Wu Chengtian, but he saw that Wu Chengtian had already hung up! "What did boss Lin Yi say?" he quickly asked.

Huo Shao Yun heard about Lin Yi's strength and naturally started calling him boss Lin Yi. After all, Lin Yi was too strong, and Huo Shao Yun felt that he had to call Lin Yi boss.

"The boss told us to wait, as long as Jingyi-sis-in-law's life isn't in danger, we shouldn't do anything!" Chentian said to her.

"Okay, when will the boss come?" Asked Huo Shao Yun.

"Should be soon ..." Wu Chengtian was also very worried.

Logically speaking, with little one and little Eleven's strength, they should have been able to sense two people appearing near the sun family's house. However, little Eleven's attention was on sun Jingyi, while little one's attention was on taganlong.

As sun Jingyi screamed, taganlong slowly recovered. Little one, who was observing from the side, heaved a sigh of relief. He could finally report to patriarch xuanchen. If taganlong recovered, patriarch xuanchen would probably be very happy, right?

"Little eleven, work harder. It should be enough!" Little one said.

"Yes, senior brother, but the little b*tch's condition isn't too good. She seems to be unable to hold on any longer!" Naturally, little eleven could feel her Qi draining away as he inserted needles into her body- it was getting slower and slower! This wasn't a good sign- it meant that Jingyi didn't have much Qi left, and at this rate, it'd be gone in a while.

Little one nodded and took out another Qi recovery pill, stuffing it into her mouth. However, Qi recovery pills weren't as effective as it would be if she took it twice in a short period of time.

Even if it was the second time, the effect would be far worse than the first time.

"Ah!!!" Jingyi screamed again-she felt like her consciousness was getting more and more blurry, and the pain wasn't as intense anymore. She would've fainted already if she didn't stop the practitioner's Arts, worried that Lin Yi and little one would be unhappy with her ...

However, this willpower allowed her to persevere and not fall down, waiting for little eleven to finish his acupuncture.

Was he going to die? Jingyi felt like she was floating in the air, her soul returning to the past-back to the bar where she'd first met Lin Yi, thinking back to the joke she'd made with him, saying she'd be half his lover, thinking back to the fun times she'd had dinner with Chentian and Lin Yi, thinking back to Lin Yi helping her with her business ... Thinking back to the time she'd healed him ...

All of this flashed past her eyes like a movie ...

Lin Yi ... She had to leave him before they were even together, but she didn't regret it!

Chapter 3042 I'll Return The Silver Needles To You

The two weren't officially in a relationship, but thinking back to the past made Jingyi feel warm inside ...

Lin Yi saw his Grand Cherokee from far away, parked not far from house sun's yard. He patted the purple lightning Beast hard, ""Little Feng, hurry up! It's the final sprint!"

"Roar! Roar! Roar!" The purple lightning Beast let out a loud roar and rushed over!

Wu Chengtian and Huo Shao Yun heard the beast's roar as well, and they got off the car happily, "Boss, you're here!"

"How's Jingyi?" Lin Yi asked, worried.

"There's still movement inside!" Wu Chengtian's eyes were red with worry, and he was about to rush in with Lin Yi!

"Good! Wu Chengtian, Shaoyun, right? After we go in, I'll take care of the Sky Class early phase peak first, and the two of you will stall the Sky Class late phase peak for a while. Shaoyun, you're one level lower than him-you should be able to stall him for a while, right?" Lin Yi ordered.

"Alright, no problem!" Huo Shao Yun nodded. He probably couldn't do anything to a Sky Class late phase peak, but he was confident that he could hold them off for a while. He wouldn't be instantly killed.

Lin Yi nodded and rode the purple lightning Beast into house sun!

Little one and little eleven naturally heard the commotion outside. Little one frowned and instructed little eleven, ""Little Junior Sister, you continue. Don't pay any attention to it. I'll deal with it!"

"Alright!" Little eleven nodded. She also knew that taganlong's treatment was not over yet, she could not be distracted!

However, when small one saw Lin Yi charging into house sun on the purple lightning Beast, he couldn't help but frown! What was Lin Yi doing here?

When sun Jingyi's whole body was covered in silver needles, her face was pale, and blood was flowing from the corner of her mouth, Lin Yi was completely enraged! Especially when he saw the person who was torturing her, Lin Yi's entire body was shaking!

Little eleven, Lin Yi remembered this name deeply. He once swore that one day, he would make han Jingjing kill this person with her own hands, but before Lin Yi could go and find him, she appeared in front of him again, and even attacked sun Jingyi!

Lin Yi wanted to use his raging fire Eight Trigram palm and kill little eleven instantly! However, his rationality stopped him from doing so. It wasn't that he was afraid of the five elements sect and didn't dare to kill little eleven. Even old six, old seven, and old twelve died in the hands of Lin Yi or someone related to Lin Yi, what was there for Lin Yi to be afraid of?

However, Lin Yi wanted han Jingjing to kill little eleven herself to relieve the hatred in his heart. Letting her be killed in an instant was too easy on her! Lin Yi had to torture her until she couldn't take it anymore and then kill her!

Lin Yi hated this opponent even more than all his previous opponents! Towards Zhong pinliang, it was just a normal type of hatred, but towards little eleven, Lin Yi couldn't even control his emotions when he saw her!

Seeing the pile of needles on sun Jingyi's body, and the way eleven was doing it, Lin Yi was taken aback. It felt familiar-wasn't that the nine Fuxi needles? Could it be ... That the method to use heaven grade divine weapons was little eleven's, and was stolen by the strange heaven grade man?

The more he thought about it, the more likely it seemed. A cold smile appeared on Lin Yi's face. Didn't you like the nine Fu Xi needles? Alright, I'll let you have a taste of the nine Fu Xi needles! The nine needles of Fuxi could be used to save and harm people by injecting vital energy into them. Good and evil could be done with a single thought. However, the method of saving people had been lost, and the only way left was to harm people!

Using pure Qi to insert the needles into the opponent's body to make them suffer, Lin Yi pulled all the needles out of her body! There weren't any real Fu Xi needles, but Lin Yi realized that the needles eleven used weren't normal silver needles. They seemed to be replicas of the fu Xi needles!

"Little eleven, right? Don't think that you're the only one who knows how to torture people!" Lin Yi laughed coldly and said viciously, "Hand over your life!"

Jingyi was on the verge of death, thinking that she'd never see Lin Yi again, but small one's call made her open her eyes. She couldn't believe Lin Yi's arrival on the purple lightning Beast!

How did Lin Yi know that she was in danger? And the two of them were Sky Class Masters, the ones who forced Lin Yi to the point where he couldn't fight back at all-how did he get the balls to show up here?

Wasn't he ... Afraid? Moreover, he actually said such ruthless words to little eleven, "hand over your life"

At this moment, Jingyi was extremely excited-she remembered Zixia's words on the TV, "the man I love is a hero, one day he'll come and marry me in golden armor and rainbow clouds ..."

Lin Yi wasn't on a rainbow cloud, but he was on the purple lightning Beast. He was like a prince on a white horse in a fairy tale ...

"Detestable!" Small one didn't expect Lin Yi to make a move right away, taking all the needles away from her-she'd been focusing on the needles the whole time, and didn't expect Lin Yi to target the needles on Jingyi's body instead of her!

Small one's expression hardened as well-Lin Yi had interrupted taganlong's healing, and he was both anxious and angry. He was about to attack Lin Yi, but it was at this moment that Huo Shaoyun made his move! Huo Shao Yun was a Sky Class late phase master, and was trained by an ancient sect. Although he was weaker than small one, he had no problem dealing with him. At least, small one couldn't kill him instantly.

Although small one was a bit annoyed at the Sky Class late phase, he had no choice but to deal with it. He wanted to kill Huo Shao Yun in one go, but it was unrealistic!

The worst thing was that small one didn't bring his divine weapon with him, but left it in the car! In his eyes, there was no need for divine weapons against the sun family-his role was to help eleven keep an eye on taganlong, but who would've thought that Lin Yi would bring a Sky Class late phase master with him? where did this guy come from?

Little one didn't have a heaven-grade divine weapon, but the burning cloud did. He held a banana fan in his hand, and true Qi with flames was released from the banana fan. It burned towards little one, making him cry out in pain!

Although small one had the absolute advantage in strength, he didn't have a divine weapon in his hands, so the gap between him and Huo Shao Yun was much smaller. He was only slightly stronger than Huo Shao Yun, so it was impossible for him to injure her!

Chapter 3043 What Do You Mean By That?

Just as the two were reluctant to part, Lin Yi raised his hand and injected his Sky Class Qi into the fake nine Fu Xi needles, shooting it at little eleven!

Eleven thought that Lin Yi pulled out all the needles to save Jingyi-she didn't expect Lin Yi to know how to fly needles, and the nine Fu Xi needles at that!

But, by the time he realized all this, it was already too late for him to Dodge. The fake nine Fuxi needles were all inserted into his acupoints, and Lin Yi's Qi was sealed in his acupoints!

Lin Yi's method was similar to the one he used on Yaowang, but the needles he used weren't good ones, and the Qi didn't have any rules, either-it was just random. But now, these needles were the nine Fu Xi needles, and the method of use was also specialized, so elder bi could easily get rid of the needles on Yaowang's body before, but now, even eleven couldn't get rid of them himself. If she dared to pull them out, her Qi would explode. A bloody hole was blasted in her body!

Although, this pile of bloody holes wasn't enough to take little Eleven's life, but Lin Yi's needles were inserted in a few places that were very sinister-his chest, abdomen, lower body, butt, etc. -All of them were pierced!

Of course, little eleven could take the recover pill to heal the bloody holes caused by pulling out the silver needles, but it would be more painful! However, his entire body's meridians were also filled with silver needles. It could be said that there was a silver needle in every section of his meridians, and even his dantian had two silver needles. If he wanted to remove these silver needles, then his meridians and dantian would be blown to pieces!

In that case, unless she forced the sun family to treat her, she would forever be a cripple! Or, she would let these silver needles stay in her body forever and be a Porcupine for the rest of her life until she found a solution!

But now that she was crippled, who could use the secret technique? The secret method could only be activated with the help of the nine Fu Xi needles. In the five elements sect, she was the only one who knew how to use the nine Fu Xi needles!

Hence, thinking of the tragedy that he was about to face, little eleven almost cried at this moment! His chest and butt had exploded. His meridians and dantian had also exploded. Then, the medicinal pill would be useless. It couldn't be dissolved. Wouldn't he become a disgusting person covered in holes?

If it was someone else, even if Lin Yi was fighting an enemy, even if he wanted to kill an enemy, he wouldn't use such a cruel and vicious method. After all, this was torture to death. Pulling out a silver needle would make the person suffer!

Only the person who tied the bell could untie the bell. To break the bell! One must be a cultivator who knew how to use the nine Fu Xi needles and was stronger than the person who applied the needles. Although little eleven was satisfied with this, there were silver needles in her meridians and dantian. Once she used the chant of the mental cultivation method, the true Qi on the silver needles would explode. She didn't dare to use the chant and could only watch helplessly. She clearly had the ability to resolve it, but she still couldn't!

Thinking of this, little Eleven's eyes flashed with fear. She looked at Lin Yi and panted heavily, her eyes spewing fire of anger, "Impossible! That was impossible! How can you use the nine Fu Xi needles? Quickly dissolve it for me, or else, or else I'll ask my father to kill your entire family!"

"Oh, I'm an orphan. I only have one adoptive father." Lin Yi said with a shrug.

"Then I'll kill your Grandpa!" Little eleven shouted hysterically.

"Oh, go ahead, as long as you can find it." Lin Yi pouted. He was hoping that the xuanchen ancestor would take a trip to the West Star Village. He probably wouldn't be able to come back. And you want to kill my grandfather? If my grandfather could come out, you would all be dead!

"You ..." Little eleven didn't expect Lin Yi to be so calm. She didn't know what Lin Yi was thinking and thought that Lin Yi was sure that she couldn't find his Grandpa, so she roared, "Lin Yi, help me dissolve it, and big brother and I will leave immediately. We won't cause you any trouble!"

"Tsk, ts, are you stupid?" Lin Yi looked at eleven sarcastically, "I know a little girl who's stupid enough, but compared to you, she's super smart. You're not stupid anymore, you're brainless!" You won't cause me any trouble? It's obvious that I don't want to let you go!"

"You ..." Little eleven was worried, "big senior brother, help me kill Lin Yi!"

"I ..." Small one was about to speak, but he was distracted for a moment, and was slapped by the flaming Cloud. Although small one still managed to Dodge, the flames still burned half of his face, directly burning off half of his hair. Immediately, he had a yin-yang head, as if he had gone to a barber's shop to shave half of his head and left! Little one didn't dare to be distracted. Although he was worried about little eleven, the evening glow didn't give him any chance.

Little eleven was a tough guy, but he could see the difficulty small one was in-he was on par with burning cloud, and while it was obvious that small one was stronger, with Chentian's help, small one was caught off guard!

Although Wu Chengtian was only earth Class late phase peak, his Iron Fist was no joke. When he hit small one, he wouldn't be able to injure him internally, but he would still be able to injure him externally. At least he could make small one stumble, and this gave Huo Shao Yun a chance. The two of them worked well together, and Wu Chengtian always sneaked a shot behind their backs, changing his position after each shot. He didn't stop, and he left after a punch, no matter if he hit or not. This made it impossible for small one to lock onto Wu Chengtian's position, so he decided to just ignore him. The moment he went to look for Wu Chengtian, Huo Shao Yun would definitely come at him with a fan, catching him off guard!

This was the most frustrating fight he had ever fought. He was so powerful when he was fighting Lin Yi, and Lin Yi couldn't even fight back, but now, Lin Yi was torturing little eleven to death, and he couldn't do anything.

"Little eleven, how is it? Does it feel good? Actually, the fun is yet to come!" Lin Yi looked at eleven coldly-these needles were just the appetizer. Looking at sun Jingyi on the ground, Lin Yi's heart suddenly filled with cruelty!

Lin Yi wasn't someone who liked to torture people. Most of the time, his main goal was to kill his opponents. This was the first time Lin Yi had the urge to torture someone to death.

"You ... What do you mean?" Fear flashed across little Eleven's face. She was scared, she was really scared. Small one couldn't help her, and she couldn't do it herself. This situation made her start to feel scared.

Chapter 3044 Skyrocketing Strength

Little eleven regretted that she didn't mention this when Lin Yi came. If she had been slightly more careful, used her Qi to protect her body, and dodged, it would have been difficult for these silver needles to penetrate her body. Even if they did, there wouldn't be so many. She was like a Porcupine. A few silver needles could probably be removed with a small reversion pill, but now ...

"Little Feng, there's a lightning rod here. Do you think she'll be happy if a lightning bolt strikes down at this moment?" Lin Yi made sure that sun Jingyi had only fainted and her life wasn't in danger yet, so he continued to think of ways to torture little eleven.

"Roar!" The purple lightning Beast understood what was going on after hearing Lin Yi's words and started to laugh.

Little eleven didn't know what Lin Yi was talking about, what lightning? There was no rain on such a sunny day, so where was the lightning? However, she knew that Lin Yi wasn't saying anything good, and it couldn't be nonsense. She didn't understand it, but at least the spirit beasts around Lin Yi understood!

"What do you mean by that?" However, just as little eleven asked, a bolt of lightning shot out from the purple lightning beast's horn and struck the silver needles on little Eleven's body!

The purple lightning Beast understood Lin Yi's meaning. The current was controlled in an extremely weak range-it couldn't kill people, but it could make people suffer! Of course, even so, if it hit an ordinary person, it would be enough to electrocute them.

However, little eleven wasn't a normal person, he was a cultivator!

"Aooo!" Little Eleven's body trembled, and it let out a shrill cry! The lightning struck the silver needles and formed a net. Through the silver needles, it kept on hitting various parts of little Eleven's body!

Especially those sensitive parts, it made little eleven want to die, he started to do a breakdance on the ground!

The purple lightning beast's electric current was endless. It was small and could be used for a long time without stopping. It wasn't like using a big move, where it only took an instant to use and had to wait for a while to recover.

Even if little eleven was a cultivator, it wasn't easy for her to endure these continuous hits. Parts of her body had already started to emit green smoke, and the parts of her body where the silver needles were inserted had also started to gradually turn black!

"Ah, ah, ah, ah, ah, ah, ah, ah, ah!" Little eleven twisted his body in pain. The places that were struck by the electric current were burnt black and itchy. Little eleven wanted to reach out to grab it but didn't dare to. He was afraid that if he accidentally dropped the silver needle, the true energy inside would explode!

She could only dance like a water snake. She wanted to fall to the ground, but she didn't dare to. She was afraid that she would accidentally drop the silver needle. She could only stand in pain, suffering in pain ...

"Doesn't it feel good?" Lin Yi looked at eleven with interest, "Who doesn't know how to torture people?"

"Ah, Lin Yi, I'm begging you, let me go. I'm wrong, I shouldn't have tortured your woman ..." Little eleven couldn't take it anymore and started begging ...

Little one's face turned very ugly. Little Eleven's painful voice made him extremely worried, but he couldn't help. He hated Lin Yi and wanted to tear him into pieces!

"Lin Yi? What's wrong ..." Little Eleven's screams woke Jingyi up-it was clear how loud she was!

"It's nothing. I just want this B * tch to have a taste of being pricked by someone else. " Lin Yi said faintly, not a trace of sympathy in his voice, as if he didn't hear little Eleven's cry for help.

Jingyi smiled, a satisfied smile on her face as she looked at Eleven's pained face. Lin Yi had transferred all the pain she felt back to eleven, and it was even worse!

She'd give him a taste of his own medicine-ten times, a hundred times more! Jingyi felt extremely relaxed at this moment-Lin Yi had avenged her, as expected. But she just couldn't figure out where Lin Yi had found such a powerful helper (Huo Shao Yun).

"Lin Yi, I won't let you go!" Little Eleven's begging didn't work, so he started to say harsh words.

"Oh ..." Lin Yi replied faintly.

"You ... Did you hear that? "OWW" Little eleven was a little embarrassed when Lin Yi stopped moving after an "Oh." She wasn't afraid of Lin Yi bickering with her, but she was more afraid of Lin Yi's nonchalance. Lin Yi didn't seem to hear anything she said, it was like she punched cotton, and she felt a deep sense of powerlessness.

"I heard you, but I won't let you go either. Same to you." "Do you know why I didn't just kill you?" Lin Yi said faintly. I've intentionally kept you alive so that I can torture you again the next time we meet!"

"You ... You'll die a horrible death!" Little eleven glared at Lin Yi. If looks could kill, he would've killed Lin Yi!

"Haha ..." Lin Yi laughed, ""When you're torturing others, have you ever thought that you'll also die a horrible death?"

Small one was panicking-if this went on, little eleven might really be tortured to the point where she wouldn't even be human anymore. Although Lin Yi said that he wouldn't kill her, death wasn't the scariest thing! Little one gritted his teeth. He had no choice but to use his secret technique. This secret technique was brought down from the ancient level by the five elements sect and the everyday and every day sect. It was very damaging to one's strength and could forcibly increase one's strength by one level in an instant. However, the higher the level, the more time one could last. After that, little one's strength would suddenly fall to heaven class, and he would need to rest for a period of time to recover!

But at this time, he couldn't think so much. He had to defeat Huo Shaoyun and then deal with Lin Yi! Even if he had to kill Lin Yi, he had to do something. Otherwise, little eleven would be tortured to death, and patriarch xuanchen would probably blame him when he returned!

"Immemorial Suan NI's blessing!" Little one suddenly shouted. In an instant, the black robe on his body suddenly puffed up, filled with true Qi energy. His strength also had a qualitative leap in this instant!

Although small one was already Sky Class late phase peak-he wouldn't be able to reach sky path even if he leveled up, since the technique wouldn't be able to get past that Super Barrier-it still allowed him to have the same power as a god weapon!

If little one used the weapon now, his strength would increase even more-he'd be even stronger than other Sky Class late phase peak Masters!

Chapter 3045 Hidden Move

Huo Shao Yun's eyes narrowed, and a look of disbelief flashed across his face. Why did little one's strength suddenly increase so much?

Lin Yi's heart skipped a beat as well-not good, small one seemed to be using some sort of secret technique!

In fact, Lin Yi's torture of little eleven seemed to be very complicated, but it was actually just a flash of lightning, only a few minutes in total. Lin Yi wanted to torture little eleven a few times and then start compressing the energy bomb to help Huo Shao Yun deal with small one, but what Lin Yi didn't expect was that small one's strength suddenly increased to an unbelievable level!

Lin Yi couldn't care about little eleven anymore. He turned to look at little one, who was sending a palm towards Huo Shao Yun, ""Go to hell! Xuanji tornado!"

Little one didn't care about Chentian's sneak attack-he just wanted to take care of the burning cloud!

The tornado of heaven and earth was something that burning cloud had dealt with before. He could easily resolve it with his own martial technique, Starfire Prairie. But this time, when burning cloud used Starfire Prairie and the banana fan to meet it, he felt that something was wrong!

The two fierce martial techniques 'true energy collided with a loud bang. Small one only took two steps back, but Huo Shao Yun spat out a mouthful of blood and flew backward. He landed heavily on the courtyard's wall, smashing a big hole in it!

Lin Yi's eyes sharpened. He didn't expect small one to become so strong all of a sudden. Huo Shaoyun couldn't even take one move! Of course, although Huo Shao Yun was defeated by little one in one move, his life was not in danger. He only suffered heavy internal injuries!

After Huo Shao Yun was sent flying, little one didn't bother with him. He turned around and looked at Lin Yi with a ferocious expression,""Lin Yi, no one can save you today, you must die!"

Lin Yi didn't know that small one had a secret method to increase his strength-it was quite similar to Heibao bro 'S. Lin Yi's face turned serious!

However, Lin Yi still had a backup plan. Small one's strength was very strong, and Lin Yi couldn't just rely on Huo Shao Yun. So, when Lin Yi just entered the Sun House, he already made a plan.

Originally, Lin Yi wanted to torture little eleven a little longer. When his energy bomb was successfully compressed, then he'd combine it with Huo Shaoyun's fatal blow to small one. He believed that after small one was hit by the energy explosion, even if it couldn't do anything to him, it would affect his movements. This would be enough for Huo Shaoyun to injure him.

But Lin Yi had to change his plan now. Seeing that small one was about to use his strongest martial skill, Lin Yi's heart froze! Lin Yi had experienced the pain of this skill before, and if he really got hit by it, he'd be Dead or Alive. So he quickly ordered the purple lightning Beast,"Little wind, don't worry about me. Hack taganlong to death!"

"Roar!" The purple lightning Beast roared and the horn on its forehead began to flash with electricity as it prepared to charge at Tagan long!

This was Lin Yi's backup plan. After Lin Yi came to house sun's courtyard, there were many opportunities to kill taganlong, but Lin Yi didn't do so. He was very clear about taganlong's importance. This could be seen from the xuanchen ancestor's anger, as well as the fact that little one and little eleven ignored boss Bai's agreement and came to deal with sun Jingyi without permission. Taganlong was extremely important to them.

Lin Yi didn't kill taganlong because he wanted to use him as a last resort.

Lin Yi's order to kill taganlong was just to scare small one. With the purple lightning beast's strength, it wasn't enough to kill taganlong in front of small one, unless small one gave up on taganlong and didn't save him!

However, that was impossible! As expected, small one's face changed when he heard Lin Yi's order. He turned around and stepped in front of taganlong!

"Boom boom boom boom boom boom!" The purple lightning beast's horn also shot out a bolt of lightning, striking towards little one!

Little one, on the other hand, took the purple lightning beast's attack head on and didn't dare to Dodge. He was afraid that if he dodged, he would hit taganlong.

"Bastard, take this!" Little one's tornado of heaven and earth, which he hadn't used yet, was instantly launched at the purple lightning Beast!

A tornado-like energy rushed towards the purple lightning Beast, and Lin Yi was a bit worried, but what happened next surprised him! Although the tornado looked extremely powerful and terrifying, it only made the purple lightning Beast take a few steps back. It didn't do much to it!

From the looks of it, this purple lightning beast's skin was so thick that even a Sky Class late phase peak couldn't do anything to it?

The purple lightning Beast seemed to have been angered, and the horn on its head began to flash with a powerful current.

Little one didn't expect the purple lightning Beast to be so unafraid of the attack. He only took two steps back and didn't cause any substantial damage to it. This made him frown.

No matter what, small one didn't expect Lin Yi to target taganlong! This was a huge burden, but small one didn't dare to throw it away, so he didn't dare to fight the purple lightning Beast in a stalemate. He was afraid that Lin Yi would attack taganlong from behind again!

If he turned to Lin Yi, the purple lightning Beast might just throw another lightning bolt at him.

Since he couldn't kill the purple lightning Beast, there was no need for little one to continue fighting. He also knew that some spirit beasts had thick skin. Even if their strength was low, cultivators couldn't do anything to them. This was very common in the five demons mountain range.

Hence, little one made a prompt decision. He picked up little eleven with his left hand and Tagan long with his right hand, turned around and ran! As long as he was alive, there was hope-if he stayed here and fought Lin Yi to the death, he might be able to kill Lin Yi, but taganlong would be dead for sure!

This wasn't the result small one wanted to see. If Lin Yi died, boss Bai would be furious. If taganlong died, the xuanchen ancestor would be furious. Hence, small one chose to retreat rationally!

He was Sky Class late phase peak, after all-his speed was extremely fast, and he disappeared without a trace.

Looking at small one's back, Lin Yi was about to praise the purple lightning Beast when he saw the beast spit out a big pool of blood! From the looks of it, the purple lightning Beast had suffered a very serious internal injury, and it had only been acting to scare small one!

"Little Feng, how are you?" Lin Yi was shocked and quickly asked.

"Roar Roar ..." The purple lightning Beast shook its head weakly, indicating that it was fine for the time being!

Chapter 3046 A Problem

It then pointed at Jingyi and the cloud with its claws, signaling Lin Yi to save them first.

Lin Yi nodded. Since the purple lightning Beast could hold on for a while, Lin Yi naturally had to save sun Jingyi first!

Placing his hand on Jingyi's meridians, Lin Yi quickly activated the second stage of the art of Dragon mastery, and the pure Qi in his body started flowing into Jingyi's body.

About half an hour later, Jingyi finally woke up, and saw Lin Yi by her side, making her feel a little more at ease. It seemed that little one and little eleven weren't around anymore, and she didn't know if they'd died or ran away, but no matter what, the danger was over.

However, Lin Yi's face didn't change for the better even after Jingyi woke up. It only became more serious!

"Lin Yi, what's wrong?" Jingyi was happy that she'd woken up, but Lin Yi's face made her suspicious.

"Jingyi, don't you feel something wrong with your body?" Lin Yi asked.

"Inside my body? What's wrong with that?" Jingyi asked, surprised.

"There's a surge of pure energy in your body that doesn't belong to us!" Lin Yi continued, "this Qi seems to have taken root in your body. It's the same as your own Qi. My Qi, on the other hand, was split into two when it entered your body. One of them mixed with your own Qi, and the other turned into another type of Qi!"

After sun Jingyi healed Lin Yi, the Qi in her body was the same as Lin Yi 's, but there was another type that didn't belong to her. Sun Jingyi only used her house sun practitioner's Arts and noticed that something was wrong!

"This is ... The true energy of that Tagan Dragon!" Jingyi, on the other hand, recognized the energy immediately.

"Tagan Dragon?" Lin Yi frowned-it seemed that sun Jingyi was treating ta ganlong's injuries, and little eleven used some unknown method to make sun Jingyi's Qi change! "Try it now," Lin Yi said."Can you still heal me? I'll treat Huo Shaoyun first, and then you can tell me what's going on!"

"Alright!" Jingyi nodded and started channeling her Arts, checking the Qi in her body.

In the next moment, Lin Yi appeared beside Huo Shaoyun and started healing her!

Huo Shao Yun was injured, but it wasn't fatal. He woke up and was shocked to see Lin Yi healing sun Jingyi so quickly. It seemed like the tyrant wasn't exaggerating at all!

He knew very well how badly injured sun Jingyi was-she'd been on the verge of death before, but now she could stand up and move freely! At the thought of this, Huo Shao Yun suddenly felt a burst of excitement and pride for his choice!

If he didn't follow Lin Yi here to deal with small one, yang shuizhen would be dead! Thinking that yang Shui could still be saved, Huo Shao Yun's thoughts of seeking revenge on the everyday and every day sect faded. After all, the everyday and every day sect was not a weak sect. On the contrary, it was extremely powerful. Unless it was absolutely necessary, it was best not to provoke it.

"Boss Lin Yi, you're amazing!" Huo Shao Yun quickly said as he saw Lin Yi walking over.

Lin Yi blinked. Since when did he take Huo Shaoyun in as a follower? This guy was good at pulling strings.

Huo Shao Yun seemed to have read Lin Yi's mind as well, so he smiled and said, "I'm the sworn brother of the local tyrant. You're the boss of the local tyrant, so you're naturally my boss too!"

So he was introduced by the tyrant? Lin Yi nodded and didn't dwell on it. After all, if it wasn't for Huo Shaoyun resisting for a while, Lin Yi wouldn't have tortured little eleven for so long. Lin Yi was very grateful to Huo Shaoyun.

The two of them didn't know each other. It was just an introduction from the Overlord. It was already good that Huo Shao Yun could do this. Even if he was helping him with a purpose, he was a sincere person.

"I'll help you heal first. If there's anything, you can tell me now. " Lin Yi said as he reached out his hand and felt her pulse.

"How do you want me to cooperate? Boss Lin Yi?" Huo Shao Yun had never treated his injuries before, so he didn't know what he was going to do.

"You don't have to do anything, just wait." Lin Yi said.

"Alright! I'll need your help with this matter!" Huo Shao Yun nodded and started explaining his background, "Boss, I'm sure you've heard that our fiery flame mountain has sent a disciple to participate in the sky elixir sect's test. However, this person is not ordinary. He's the grandson of our fiery flame mountain's great elder, and also a good brother that I grew up with ..."

"Oh, I know. The one you're talking about, what's his name, young swordsman yang?" Lin Yi had some impression of this guy-it was naipao who killed yang shaoxia, and Shu had told him why Huo Shaoyun was looking for him, "So you're saying that you want me to help you get revenge on Zhang naipao?"

"Yes, he's called yang shuizhen!" Huo Shao Yun quickly nodded, but said, ""There's no need for revenge. The everyday and every day sect is very powerful. I only realized my shortcomings after fighting with those two people just now. I can't harm you, boss, so I don't have any thoughts of revenge."

"Then why are you looking for me?" Lin Yi was a little confused. Since she wasn't going to take revenge, what else did she need his help with? Lin Yi really couldn't think of anything.

"It's like this, boss. I want you to help me treat yang shuizhen ..." Huo Shao Yun hesitated for a moment before revealing his purpose.

"Yang shuizhen?" Lin Yi was stunned, "isn't he dead?" What else is there to save?"

"Ugh ... Not completely dead, there's still one breath left ..." Huo Shao Yun smiled bitterly and told Lin Yi what happened to yang Shui.

"Oh? He's not dead yet?" "That's possible, but can you bring him over?" Lin Yi was a little surprised.

"This ... I'm afraid that's not possible. I'm afraid that he won't be able to withstand the long journey ...""Boss, can you come and visit me personally? No matter what the reward is, as long as our fiery flame mountain has it, you can ask for it, boss, we will definitely satisfy you!"

"The payment is secondary. The main thing is that I don't have time to go to such a far place." "How long Can Yang shuizhen last in that cave?" Lin Yi asked.

Chapter 3047 The Enthusiastic Sun Family

"He should only have one year left to live ..." Said Huo Shao Yun.

"One year, that's definitely not a problem. The location of your fiery mountain should be the Hakuna Marta desert, right?" Lin Yi knew the location of the mountain.

"Yes, it's right next to the Hakuna Marta desert!" "Boss, you know this place?" asked Huo Shao Yun.

"En, I may have to go to the Hakuna Marta desert to do something. I can go to you when I'm there!" Lin Yi said.

"Alright, that's great!" "I'll thank you on behalf of Shui Zhen, boss!" Huo Shao Yun said in surprise.

"You've helped me a lot today. No need to thank me. I'll contact you when the time comes." "Alright, you've recovered!" Lin Yi said.

"Ah? You've already recovered?" Huo Shao Yun didn't think that his injuries would heal in the time he was talking to Lin Yi. What kind of insane recovery method was this? Lin Yi seemed to have healed his injuries so easily?

Of course, although Huo Shaoyun saw that Lin Yi was very relaxed, he didn't ignore it. Lin Yi was very relaxed, but if it were someone else, they probably wouldn't be able to help even if they died of exhaustion.

"I'm healed. " "If you're willing to stay here, then you can stay for a few more days. If you're not, you can go back today," Lin Yi said.

"Okay, I'm not in a hurry. I'll go back with you, boss. I'll leave after a few days." Huo Shao Yun said. He didn't ask why Lin Yi was going to the desert since it might be Lin Yi's privacy.

After Lin Yi was done with Huo Shao Yun's treatment, he started to heal the purple lightning Beast. After that, he started to heal the people from house sun-old man sun, sun Jingyi's uncle, all of them needed Lin Yi's help.

They only returned to normal in the evening, and house sun was extremely grateful to Lin Yi for saving them.

"Mr. Lin, I really have to thank you this time!" Old man sun set up a table and looked at Lin Yi with a smile, "If you hadn't arrived in time, house sun would've been in danger. Not only would Jingyi have been killed, but her second uncle and I would've died as well!"

"Old man sun, you're too polite. This is what I should do." Lin Yi smiled, "I wanted to find a good day to talk to old man sun about something, but since I'm here today, I'll just say it!"

"It's about you and Jingyi right? This was naturally not a problem! I completely agree!" "Jingyi said it when she came back. I'm not worried if she's with you!" Old man sun said directly.

Jingyi's face was red, but she was happy inside-the old man had some reservations when she told him about Lin Yi when she came back-he had a couple of girlfriends already, after all, and he was worried that Jingyi would be at a disadvantage if she got involved.

But now, it seemed that Lin Yi was still very reliable. At least, when house sun was in trouble, he could come at the first moment.

"Then, thank you, old man sun, for helping me!" Lin Yi smiled and thanked him.

The dinner was quite a happy one, with Wu Chentian and Huo Shao Yun joining as well. Old man sun, on the other hand, was a little awkward with Wu Chentian-after all, he was one of sun Jingyi's suitors, and he'd also allowed him to pursue her.

Chentian, on the other hand, didn't feel awkward at all-he'd stayed at Lin Yi's place for so long, and Jingyi had stayed with him for quite a few days as well, and their relationship had changed a long time ago. He only saw Jingyi as his sister-in-law, and didn't have any other thoughts.

Old man sun let out a breath of relief when he saw Chentian and Jingyi talking and laughing freely without any awkwardness. It seemed like Lin Yi was quite attractive-not only did Chentian give up on Jingyi, he was even willing to be his follower!

Of course, this wasn't a surprise. When old man sun learned the identity of the ancient sect of the evening glow, he was completely shocked!

Lin Yi ... He had an ancient level follower? Wasn't this too powerful?

However, when old man sun found out that Lin Yi didn't just have an ancient level follower, there was also the earth Supreme sect's earth Overlord-he suddenly realized that the distance between him and Lin Yi was getting further and further!

The difference between the two wasn't just a little bit, and hidden houses were probably nothing to Lin Yi anymore ...

.....

Little one brought little eleven and ta ganlong and ran like crazy. They didn't even have time to get a car. After running for tens of kilometers, they rented a car and sped towards the sky elixir sect!

The person in charge of renting the car didn't suspect much, thinking that little eleven was having his acupuncture treatment there. Since ta ganlong was also a patient, he didn't ask much and brought little one and the rest forward quickly.

In the car, small one could not help but want to call patriarch xuanchen a few times to tell him about today's encounter. However, he decided against it after some thought. It was better to talk about these things personally!

Finally, after a long and arduous journey, little one brought little eleven and ta ganlong to the sky elixir sect.

For the last journey, the rented car could not send them off, so small one could only walk.

Along the way, little eleven remained silent. Although she managed to keep her life, perhaps it was because she had been too agitated, and her body was too weak, she didn't even say a word to little one.

Looking at little Eleven's miserable appearance, little one also started to make plans in his heart! Previously, he pursued little eleven because little eleven was ancestor xuanchen's daughter and also because little Eleven's strength was extraordinary-a Sky Class master.

But now, little eleven was probably crippled, and there were probably a few holes on his body, he had become a complete cripple. What was the use of marrying such a woman? At this moment, little one was thinking about how to cut off all ties with little eleven in the future.

It had to be said that all of patriarch xuanchen's disciples had crooked thoughts. It was reasonable that a Crooked Stick would have a crooked shadow.

"Dong Dong Dong!" A series of urgent knocks on the door interrupted ancestor xuanchen's cultivation. In fact, it could not be considered cultivation. With his strength, he rarely cultivated. He spent more time comprehending the heavenly Dao. Although this comprehension was actually very ethereal and few people had succeeded, it was the only well-known method of advancing to the heavenly Dao before the opening of the Sky Class Island.

Of course, no one knew if anyone had successfully ascended to the heavenly path through enlightenment.

Chapter 3048 The Sad Outcome

"Who is it?" Patriarch xuanchen opened his eyes and was a little annoyed. It was his rule to reject others from disturbing him when he was cultivating. Furthermore, there were people guarding the door, so it was only natural that he was angry that someone knocked.

However, the person outside the door did not answer patriarch xuanchen. Instead, he directly pushed the door open and entered! Patriarch xuanchen was about to flare up, but he was instantly stunned when he saw the person who entered!

"Small one? Little eleven? What's wrong with you guys?" When ancestor xuanchen saw little eleven, who was covered in silver needles, he immediately lost his calm. He stood up and strode over. This was his biological daughter!

"Master, when little eleven triggered sun Jingyi's indicators and forced taganlong to heal, Lin Yi came. He was the one who pulled out all the silver needles from sun Jingyi's body and inserted them back into little Eleven's body, but for some reason, Lin Yi knew how to use the nine Fu Xi needles too!" Little one lowered his head and spoke to patriarch xuanchen in a low voice.

"The nine Fu Xi needles? Is this the nine Fu Xi needles?" Patriarch xuanchen was taken aback. Then, a grave expression appeared on his face. He reached out and placed his hand on little Eleven's meridians. After checking it slightly, his expression turned even uglier!

Patriarch xuanchen had studied the nine Fuxi needles before, but he was not suitable to cultivate it, so he let little eleven cultivate it. In the entire five elements sect, little eleven was the only one who cultivated the nine Fuxi needles. After all, there was only one set of divine weapon replicas, and only one person could cultivate it!

However, the situation now was that Lin Yi's nine Fuxi needles could only be neutralized by someone who knew it, and the person who neutralized it had to be stronger than the person who used the needles!

However, little eleven couldn't even use the chant now as his meridians were all locked by the nine Fuxi needles. Once he used the chant, it would trigger the true Qi sealed by the nine Fuxi needles and cause an explosion of true Qi!

"Dad ... Save me ... I don't want to become a cripple ..." Little eleven, who had been holding back all this time, suddenly burst into tears in front of ancestor xuanchen. "It's all that bastard Lin Yi's fault! Dad, you have to take revenge for me, kill him!"

"Little eleven, I will think of a way! Don't cry!" Patriarch xuanchen's expression was extremely gloomy. "But, Lin Yi can't be moved now!"

"Can't move? I'm already in this state, can't you take revenge for me?" Little eleven was stunned and looked at ancestor xuanchen in shock.

"This time, we didn't have the right to touch Lin Yi's woman, sun Jingyi, to heal taganlong. We just pretended that we didn't know what kind of relationship sun Jingyi had with Lin Yi, and played a word game. If we didn't touch boss Bai's disciple, then sun Jingyi isn't boss Bai's disciple!" Patriarch xuanchen sighed and said helplessly, ""But at the end of the day, sun Jingyi is Lin Yi's woman, and with that, she's also boss Bai's disciple. Just like in our sect, if you get married and have children, the wife has to call me master, and the child has to call me grand-master or great-master-this is a rule of the practicing world! If Lin Yi didn't show up, we could still get away with it, but now that he's here, what we should do the moment he appears is to stop and apologize, not fight! Now that you've lost the battle, we're also suffering in silence!"

Although little eleven was rude and unreasonable, she was not a person with low intelligence. When she heard patriarch xuanchen's explanation, she knew that she was not in the right, but she was unwilling to accept it. She liked to abuse people, but she did not like to be abused!

Now, she was being tortured like a dog by Lin Yi, and little eleven still couldn't take revenge, she couldn't accept it! Her eyes were filled with hatred, like a lioness.

"Master, I don't think we should study Lin Yi right now, we should save little eleven first, and then check on taganlong's condition. That's the most important thing right now!" Small one calmed down-what was their purpose in looking for sun Jingyi? Wasn't it to save taganlong? They didn't want to cause Lin Yi trouble at all, so they didn't care whether they took revenge or not. They were humiliated today, but the big deal was more important!

He was a flexible person. Otherwise, patriarch xuanchen would not have nurtured him as his eldest disciple.

"Little eleven, you should rest first. I need to study how to break the silver needles on your body." The xuanchen ancestor said to little eleven. In fact, although he didn't agree to take revenge on Lin Yi on the surface, he hated Lin Yi to the core and wanted to kill him!

This was great. He was originally going to treat ta ganlong's injuries, but he did not know if ta ganlong had recovered. Instead, another one was injured, and it was his own daughter. How could patriarch xuanchen not be angry?

"Dad, but my silver needles are on my butt. I can't even lie down!" Little eleven said anxiously with a sad face.

"There's nothing I can do about it. Unless I find someone who knows how to use the nine Fu Xi needles and ask him to help you break it, I'm afraid I'll still hurt you if I pull out the needles for you!" How could ancestor xuanchen not be worried about little eleven? However, he had no other choice. There was nothing he could do!

"That's right. Little Junior Sister, bear with it for a while. You don't want to be injured in the explosion, do you?" "If your dantian wasn't sealed, it would be fine. Master and I can quickly pull out all the silver needles on your body. It doesn't matter if you're injured in the explosion. You can just take a recover pill and you can heal these external injuries! "However, your dantian has been sealed, so the third-grade big exchange can't refine it at all. Once the silver needles in your dantian are removed, your dantian will also be blown to pieces ..."

After little eleven heard this, a sad expression flashed across her face. Before, she was still excited that Lin Yi's Dan Tian was destroyed and that he was poisoned but she couldn't do anything. In the blink of an eye, it was her who was helpless!

The most infuriating thing was that she had the ability to resolve the nine Fuxi needles on her own, but because her meridians were sealed, she couldn't use her heart cultivation technique!

"Okay, dad, first senior brother, then help me think of a solution as soon as possible. It's not a good thing to go on like this!" Little eleven said helplessly.

Patriarch xuanchen nodded and did not say anything else. Instead, he walked to taganlong's side, squatted down, and carefully examined taganlong's condition!

"Not bad? Most of my meridians have been repaired, but there are some small internal injuries that haven't been repaired yet. However, these are not problems. With some nursing, I will be able to recover very quickly!" After checking, ancestor xuanchen said excitedly, temporarily forgetting the sorrow little eleven brought him.

Chapter 3049 Tagan Dragon Fully Recovered

"Is that so? Master, taganlong has actually recovered?" Little one was also overjoyed. Taganlong was the main character in that plan. Without him, he and patriarch xuanchen could forget about advancing to the heavenly Dao and stepping into the primordial realm again!

"En, it seems that the sun family's mental cultivation method is really not simple and ordinary!" Patriarch xuanchen nodded and said, ""Small one, take taganlong to rest. Give him a small reversion pill. He should be able to wake up tomorrow morning!"

"Yes, master!" Little one quickly nodded and brought Tagan long to rest.

After small one and ta ganlong left, only patriarch xuanchen and little eleven were left in the room. Patriarch xuanchen turned around and sighed slightly at little eleven. Some words were not appropriate to say in front of small one. After small one left, patriarch xuanchen said, ""Eleven, father has no other choice! I can't cultivate the nine Fu Xi needles, so I can't help you dissolve the Qi inside!"

"Ah? Then what should I do? Wouldn't I be like this for the rest of my life? Can't you just lie down and rest?" Little eleven was shocked, his voice also became hoarse, ""Dad, you have to think of a way!"

"There's no other way!" "Unless Lin Yi helps you." Ancestor xuanchen shook his head.

"Then let him make a move, alright? We'll give him whatever he needs! Didn't he want the Qi gathering pill? We'll give him, we'll give him a few more so that he can come and save me, okay?" Little eleven said hurriedly, "there is a good saying. You must give what you want first. Let's give him some benefits first. Then, when he saves me, we will kill him, okay?"

"Little eleven!" "Stop it!" Patriarch xuanchen suddenly shouted. "Stop messing around!" Lin Yi's Qi gathering pill? He was already Sky Class early phase-with a few more Qi gathering pills, he'd be Sky Class late phase peak-who could kill him then? Unless a large number of experts attacked him together! Besides, would boss Bai be willing? Can he just watch a bunch of Masters surround Lin Yi?"

"This ..." Little eleven immediately shut his mouth. After a long while, he said aggrievedly, ""Then ... What should I do ..."

"I'll help you remove the silver needles slowly. Don't even think about your meridians and dantian. It's fine if you don't want them. Just be an ordinary person. As for the injuries on your body, they won't kill you. I'll treat you. Although it's impossible to recover, no one will see you if you put on clothes!" In fact, patriarch xuanchen was also very unwilling, but some things could not be solved just by being unwilling.

"Ah? If that's the case, wouldn't I become a cripple? how would I be able to marry eldest senior brother?" Little eleven was shocked and quickly asked.

"You don't have to think about marrying small one. You've lost all your strength and become a cripple. He will never marry you." Ancestor xuanchen waved his hand. "He'll be stepping into that level with me in the future, and you have to stay here. I can't guarantee that I can take you to Sky Class Island, but it's theoretically impossible. So, I'm prepared to marry you to another disciple that I have high hopes for!"

"Who is it? Is he handsome?" "What's wrong?" little eleven asked quickly. She didn't have much feelings for small one. She was cold and vicious, just like patriarch xuanchen.

"Kang Zhaoming, you should have met him before." Said patriarch xuanchen.

"Ah? I know. Alright, it's him then!" Little eleven was overjoyed. Kang Zhaoming was a real, handsome man, with a dashing and elegant demeanor. Otherwise, he wouldn't have been able to make Fen fall head over heels for him. Now that he was in the heavenly elixir sect, he was able to seduce little peach with ease. This was enough to show that Kang Zhaoming had the potential to be a pretty boy.

So, after little eleven heard this name, he agreed without thinking. However, little eleven was a little confused, ""Right, isn't Kang Zhaoming engaged to the sky elixir sect's little peach? Then I can't be the little one, I have to be the big one!"

"Don't worry about that. Plus, Kang Zhaoming has already broken off his engagement with little peach, so they're not suitable for each other. Kang Zhaoming's personality is similar to yours and mine-he's sinister and vicious. Little peach isn't suitable for him, and they don't have anything in common!" "No!" Patriarch xuanchen waved his hand and said, "the two of you, on the other hand, should have a lot to talk about together. That's why I'm preparing to matchmake you two!"

"That's great! It'll save me the trouble of trying to poison little peach to death!" Little eleven said happily.

"But, although you're my daughter, I know Kang Zhaoming's disciple very well. His devious personality is much worse than mine, and you're just cruel, but not devious enough. I'm afraid that you'll be at a disadvantage in front of him, so I'm going to teach you a special skill!" Ancestor xuanchen said to little eleven.

"Oh? What ultimate skill?" Little eleven was slightly stunned.

"Bed sex ultimate skill!" "Don't worry." The xuanchen ancestor waved his hand. "Although you're thousands of times better looking than little peach, the scars on your body are a pain. I'm afraid that when Kang Zhaoming loses interest in you, he might not break up with you because of me, but he won't touch you either. Your fate will be miserable! And this sex technique will allow you to tie Kang Zhaoming down, making him unable to stop himself from falling for you!"

It had to be said that in terms of scheming, the xuanchen ancestor was much better than Zhaoming. Zhaoming had unknowingly fallen into the xuanchen ancestor and his daughter's trap ...

"Okay, dad, please teach me!" With no more effort, little eleven calmed down-he'd have to rely on Kang Zhaoming for his next pranks. Only by locking onto Kang Zhaoming's heart would he be able to help him.

"En, but before that, I'll help you remove all the silver needles from your body." Said patriarch xuanchen.

"Okay ..." Little eleven nodded.

Thus, a pig-like wail rang out from patriarch xuanchen's room. If one did not know better, they would think that patriarch xuanchen had killed his daughter!

The next morning, taganlong woke up as patriarch xuanchen had said. Small one quickly told patriarch xuanchen the good news!

However, when small one saw little eleven, who was wrapped up like a mummy on patriarch xuanchen's bed, the corner of his mouth twitched. It looked like the silver needles on little Eleven's body had finally been removed, but little eleven had been blasted into such a miserable state!

Although little Eleven's face was not damaged, his body was definitely in a terrible state. Even if ancestor xuanchen had the special edition injury medicine, it would not be able to repair his shattered butt and chest!

Chapter 3050 Xuanchen Acting As A Matchmaker

Therefore, little one instantly lost interest in little eleven. Even if marrying little eleven would make patriarch xuanchen value him more, he was not prepared to do such a thing.

However, on the surface, he still pretended to be very concerned and said, ""Master, how's little Junior sister's injury?"

"It's alright. There's no danger to his life, but he has lost all his strength." "Little one," patriarch xuanchen sighed. "I have something to tell you. It's about little Eleven's marriage!"

"Ah?" Small one was taken aback and laughed bitterly inside. Could it be that patriarch xuanchen was going to betroth little eleven to him? That would be F * cked up!

"It's like this, little eleven. After losing her power, I feel that it's no longer suitable for her to be with you." How could patriarch xuanchen not see through small one's thoughts? But he also understood that little one was someone who stepped into the path of heaven with him. Marrying a useless person like little eleven would indeed be a burden to him.

"Ah? "Master ... I didn't mean that ..." Small one didn't expect patriarch xuanchen to say that. Was he testing him? Thinking of this, he quickly waved his hand and refused.

"Small one, this isn't your idea. It's my idea!" "I'm planning to betroth her to Zhaoming," the xuanchen ancestor said. "It'll be hard for Zhaoming to advance any further. He's only advanced by consuming pills, so it's basically impossible for him to step into the heavenly Dao. If he and little eleven stay here, it'll be good for the five elements sect to have a successor."

"Is that so ..." Small one thought about it and agreed that this was indeed the case. It was fine as long as patriarch xuanchen did not blame him. Thus, he nodded and said, "That's a good thing. I'll congratulate Little Junior Sister!"

"Senior brother, don't forget to attend my wedding!" Little eleven smiled at small one-she'd thought it through as well. Zhaoming was handsome, and most importantly, he suited her. Small one was strong, but he had to go to Sky Class Island with her father.

"Hehe, of course!" "I'm sure!" Little one laughed. "When the time comes, eldest senior brother will definitely give you a big gift!"

"Then I'll have to thank eldest senior brother!" Little Eleven's mood was slightly better today.

"By the way, what's the matter? Has taganlong already woken up?" Ancestor xuanchen waved his hand, indicating that little Eleven's matter was over. Instead, he changed the topic.

He had already checked taganlong's condition yesterday, so he wasn't too worried. In his opinion, taganlong would definitely wake up today.

"Yes, Master. Taganlong has woken up, but his body is still weak, so he can't visit you in person!" Little one said.

"Oh, it's okay, I know!" "I'll go and see him personally later!" Patriarch xuanchen said.

"Yes, master!" "Then I'll go down first," little one said.

"Call Kang Zhaoming over, I have something to tell him!" Patriarch xuanchen said to little one.

"Yes!" Little one nodded and left.

Not long after, Zhaoming arrived at the xuanchen ancestor's room. He had broken off the engagement with little peach, and Zhaoming had been extremely happy these past few days. However, he had also heard the news that small one had been injured by Lin Yi, so he had no choice but to pretend to be sad.

"Greetings, master. Greetings, eleventh Senior Sister!" Zhaoming said respectfully. However, he jumped in shock when he saw the bandaged little eleven. What was going on? Could it be that the silver needles in her body had already been pulled out? Only pulling it out would have such an effect, right?

With that thought, Zhaoming couldn't help but chuckle inside. Little eleven was the xuanchen ancestor's daughter, and now that she'd been abused like this, would the xuanchen ancestor let Lin Yi off so easily? Obviously not!

"Zhaoming, is your marriage with little peach over?" The xuanchen ancestor looked at Zhaoming and asked.

"Yes, it's been removed!" Kang Zhaoming quickly replied.

"Very good. Since that's the case, I'll matchmake you again!" Patriarch xuanchen nodded and said.

"Matchmaker?" Zhaoming blinked. "Master, you mean ... You want to introduce me to someone?"

"Not bad!" "Yes," ancestor xuanchen said. "I'm going to let you marry my daughter, little eleven!"

"Ah?" Zhaoming was completely dumbfounded by the words! Marry little eleven? Wasn't that The Mummy on the bed? Zhaoming heard that Shiyi's entire body would be full of holes if he pulled the needles out!

Plus, little eleven had lost all of his strength and was a cripple. If Zhaoming married her, she'd be worse off than little peach! Although little Eleven's face was a little more beautiful than little peach 's, if he took off his clothes at night, little Eleven's body would have big holes and small eyes, or only half of his butt or half of his chest. Wouldn't that scare her to death?!

"What's wrong? Kang Zhaoming, you don't agree?" "Who are you?" patriarch xuanchen frowned and asked.

"No... No... I was just too happy!" Zhaoming's heart skipped a beat. How could he say no? This was patriarch xuanchen's daughter, and she was personally matchmade by patriarch xuanchen. If he rejected her, he would probably be kicked out of the house! So, no matter how unwilling Kang Zhaoming was, he could only pretend to be happy, "This happiness came too quickly. I couldn't bear it all of a sudden. I was stunned!"

"So, you agree?" Asked patriarch xuanchen.

"Parents 'orders and matchmakers' words. Master, master, a master is like a father. Your arrangements are this disciple's will!" Zhaoming said quickly, his heart bleeding. If he'd known this would happen, he wouldn't have asked little peach to break off the engagement! He was dying of regret!

However, what was the use of regret? Kang Zhaoming could only accept the reality of being married.

"Alright, since you've agreed, I'll find a day to hold your wedding!" Patriarch xuanchen nodded in satisfaction.

"Alright!" Zhaoming thought to himself, how could I disagree? It was really a scam! Lin Yi, you're the one I'm going to kill! You've ruined this piece of trash, and now you're mine! One day, I'll kill you!

Zhaoming swore to himself.

.....

Lin Yi went back to the villa from house sun with Chentian and Huo Shao Yun, and Mengyao was surprised when she opened the door. She didn't expect Lin Yi to be back! When Chentian left the villa, he didn't say anything, but Mengyao didn't think much of it. After all, Chentian did drive out a lot to buy stuff.

Mengyao thought that Chentian was back, but she was surprised to see Lin Yi outside the villa. "Lin Yi, you're back? Aren't you still at the old house?"
