

## Bodyguard 3051

### Chapter 3051 Shu's Secret (1)

"I'm back, something happened at Jingyi's house! I came back in a hurry, let's talk inside!" Lin Yi said to Mengyao.

"Alright," he said. Mengyao opened the villa door, and Lin Yi drove the Grand Cherokee into the yard, but another car followed right after. Mengyao blinked, ""Lin Yi, whose car is this?"

However, as soon as Mengyao finished asking, she saw Chentian in the driver's seat!

"Mengyan, this is the loot that boss seized. This car is quite valuable. It's a modified Hummer!" Chentian liked the car, though-it was cool, but it didn't have as many seats as the Grand Cherokee, and it couldn't fit too many people.

This Hummer was little one and little Eleven's car, and Lin Yi was pissed off, so he took the car for himself. It was a modified car, but it was only a few million, and neither Lin Yi nor Chentian cared about it. They were happy that the car was little one 's! This was a typical case of throwing away a car to save the king! The door was locked, but it was no big deal to Lin Yi.

However, Lin Yi and Wu Chengtian didn't know that small one had put his heaven grade weapon in the Hummer's trunk, and Lin Yi didn't search it. Poor small one was waiting for the situation to die down in two days, and he would send someone to drive the car back!

After all, in his opinion, it was impossible for a locked car to be parked on the streets of the secular world. Along the way, he saw many private cars parked on the side of the road and nothing happened.

He'd forgotten that he'd parked his car on house sun's private property, though-Lin Yi could tell with one look that this was Lil "one's car, with a foreign licence plate.

After parking the car, Mengyao walked into the villa with Lin Yi and the others. She called out as she walked,"Shu, Lin Yi's back, didn't you miss him? Get down quickly!"

"Oh? Shield bro's back?" Chen Yushu rushed down from upstairs. She had just finished showering and was drying her hair. She was quite happy at first, but when she saw Huo Shao Yun walking in with Lin Yi, her expression froze!

"The ... The cloud of ashes? Shield bro, why did you let him in?" Chen Yushu rejected the cloud from the bottom of her heart, "He's a bad guy!"

"Shu, do you have some sort of misunderstanding about the evening glow?" Lin Yi was curious about Yushu's attitude. Although she seemed to be a little crazy every day, she never messed around when it came to important things. Lin Yi felt that there was something wrong with her rejection of Huo Shao Yun.

"There's no misunderstanding. This man ... He's roasting the pig in front of the villa. He's going to turn the pig into a suckling pig!" Chen Yushu started to frame the cloud.

"Um ... Second sister-in-law, when did I ... Roast a suckling pig?" Huo Shao Yun's face turned black, but he didn't dare to refute, so he could only ask with a bitter smile.

"Alright, Shu-just now, Huo Shao Yun was heavily injured by a Sky Class late phase peak while trying to help-he's not a bad guy." Lin Yi said to Shu.

"Oh!" Chen Yushu saw that she couldn't slander Huo Shao Yun, so she sat down on the sofa unhappily and didn't say anything.

"Boss, second sister-in-law seems to have misunderstood me ..." Huo Shao Yun really couldn't figure out how he had offended this girl with a child-like face and big breasts. It seemed that he had been serious since he had first arrived. He also didn't show any coveting looks towards her like some other young masters.

"There's no misunderstanding. You're the one who's at fault!" Chen Yushu mumbled.

"Shu, stop it!" Mengyao glared at Shu. "Don't you want to hear about Lin Yi going to house sun?"

"I want to!" Chen Yushu loved listening to Lin Yi's stories the most. Every time Lin Yi came back from his trip, she would listen with great interest. So she could only give up on attacking the cloud and shut her mouth.

Lin Yi smiled. He didn't really know what to do with Shu, but she was right there, so he couldn't ask too much. He turned to Chentian, "Chentian, tell Shu and the others what happened!"

"Alright!" Chentian nodded and told them everything that happened in detail!

Mengyao and Yushu didn't expect that ancestor xuanchen would make a move again, and this time, it was against house sun! Sun Jingyi was uncle Fu's daughter, Chu Mengyao still cared about her safety very much. When Chu Mengyao heard that little eleven used silver needles to torture sun Jingyi, her face immediately turned red, "Lin Yi, did you teach that little eleven a lesson after that?"

"Haha, just continue listening to Wu Chengtian!" Lin Yi said with a smile.

And so, Chu Mengyao could only be patient and continue listening, even though she knew that sun Jingyi was definitely fine, otherwise Lin Yi wouldn't be able to come back so easily!

However, after Chu Mengyao heard Wu Chengtian's story, Lin Yi gave little eleven a taste of his own medicine, using silver needles to torture little eleven. She couldn't help but smile excitedly. The Miss wasn't a cruel person, in fact, she was very kind at heart, but it was obvious that she was really angry this time!

This little eleven, he tortured han Jingjing last time and almost killed her, and now it was sun Jingyi. No matter how kind Chu Mengyao was, she couldn't tolerate her anymore.

Yushu, on the other hand, didn't think it was cruel enough. "Oh, if Shu's here, tie her to little Feng's tail and drag her around for ten laps!"

Lin Yi couldn't help but smile bitterly, "I also want to, but the problem is that we don't have time. If it wasn't for Huo Shaoyun stalling small one's attack, I would have to kill small eleven immediately and not torture her!"

Chentian continued, leaving Mengyao and Shu speechless-it was a good thing Lin Yi left taganlong as a backup plan, or they wouldn't be able to make it back alive!

This was Lin Yi's last resort. When facing an enemy stronger than him, he had to find a way out first. Otherwise, it would be very dangerous. Of course, if there was no way out, he could only fight it out.

It was getting late by the time Chentian was done, and so Huo Shao Yun got up to leave. He knew that Yushu didn't like him, and staying would only increase the conflict!

As for yang shuizhen, he wasn't in a hurry to bring it up with Lin Yi. After all, Lin Yi had already accepted him as a follower, and Lin Yi had promised to go to the Hakuna Marta desert. Why should he bring it up?

Chapter 3052 Shu's Secret (2)

Lin Yi stopped Yushu, who was about to go upstairs, after the cloud was gone."Shu, you're in such a hurry to sleep? Don't you have anything to explain to me?"

"Ah ... Oh ... Shu's going upstairs to shower ..." Chen Yushu stuttered.

"Upstairs to shower? Didn't you just take a shower?" Lin Yi asked as he looked at Yushu's hair that was still wet.

"Ah ... Um ... Actually, I'm going to help Yaoyao sis with her bath!" "Yaoyao sis hasn't showered yet, I'll go help!" Yushu said, her eyes turning.

"No need, I can do it myself. You can sit here!" Chu Mengyao pushed Chen Yushu back and went upstairs. She knew that Lin Yi was going to talk to Yushu about the evening glow. Although Chu Mengyao was curious, she had asked Chen Yushu before but Chen Yushu didn't say anything. She could only rely on Lin Yi to ask.

"Um ... Shield bro ... You asked Shu to stay alone and kicked Yaoyao sis out ... Are you ... Confessing to Shu?" Yushu said, her eyes full of love.

"Pfff ..." Lin Yi was speechless. "Shu, you're not confessing to me like this. You're clearly the one who confessed to me!"

"Alright, shield bro, I'll confess to you ..." Chen Yushu heard Lin Yi's words and followed up, ""What do you think of Shu? can she be your small wife?"

"Alright, Shu!" Lin Yi's face turned serious as he looked at Yushu, "Shu, although you're good at pretending in many situations, we're already too familiar with each other. You're probably feeling guilty if you want to lie to me, right?"

"Alright ... Shield bro, you're so good. Since you know, why are you still talking ..." Chen Yushu put away her innocent face and blinked her big watery eyes at Lin Yi, a little depressed.

"Shu, why do you hate Huo Shao Yun? There should be some reason behind this, right?" Lin Yi stared at Shu and asked, "There is no love or hate in this world without reason. You didn't even know him before, so why would you hate him?"

In fact, this was also why Lin Yi didn't mention going to the Hakuna Marta desert until Huo Shao Yun left the villa. Lin Yi didn't understand what conflict Shu and Huo Shao Yun had between them.

"Actually ... I'm not too sure ..." Lin Yi was about to continue when Shu spoke up, ""Shield bro, do you still remember that I had an engagement?"

"Engagement?" Lin Yi blinked.

"Yes, it's an engagement between me and an ancient sect," Chen Yushu nodded.

"Eh?" Lin Yi thought about it, and it seemed that there was such a thing! But this was a long time ago, before Lin Yi had unified all the noble houses. Back then, on the eve of the noble House meeting, house Kang wanted to advance into a Noble House, and they had to cut off one of the noble houses. At that time, no one seemed to be optimistic about the common house Chen. However, there was a rumor that Chen Yushu was engaged to an ancient sect when she was born, and because of that, the people who wanted to target house Chen didn't dare to act rashly.

Lin Yi had heard the rumor before, but he didn't think much of it. After all, it was the day before the noble House meeting, and it was normal for them to make up some lies. It was only after Shu mentioned it that Lin Yi remembered, "Which ancient sect is it?"

"I'm not sure, but it should be the fire Mountain ..." Chen Yushu lowered her head, feeling a little down, ""Although I don't know if it's this Huo Shao Yun, I don't want to have too much interaction with this sect!"

"So it's like this!" Lin Yi realized that he'd been wrong about Shu-she wasn't being unreasonable, she was just trying to stop the marriage! If it was Lin Yi, he wouldn't feel good with the Golden hoop incantation on him either, "Then I'll ask Huo Shao Yun another day?"

"Don 't!" Yushu shook her head in shock. "Shield bro, please don't ask ....."

"Oh? What's wrong?" Lin Yi frowned and looked at Yushu seriously, "Shu, is there something you're not telling me?"

"No... No..." Chen Yushu's face froze and she stuttered.

"No?" Lin Yi took a deep breath and decided to be honest with Shu. He was now a Sky Class master, no longer the ignorant guy he used to be. If Shu had any problems, Lin Yi wanted to help her solve it and share her burden. "Last time, you poisoned my tea and killed me with a knife in the middle of the night. I already knew about this ..."

"Ah!" Yushu cried out, her face pale. She didn't think that Lin Yi knew everything, and in such detail at that! But why didn't he tell her, and why was he treating her so well? "Shield bro ... You know everything? Then ... Why didn't you expose me? why did you treat me so well ..."

"Shu, I'm sure you have your own reasons, and you're not a bad person. You don't want to kill me, do you?" Lin Yi smiled, "so I don't blame you. You poured me tea and spilled it. You tried to kill me in the middle of the night but couldn't do it. You lied to me that you were sleepwalking ..."

"Ah, fine, Shu'll tell you the truth then, but don't tell Yaoyao sis. She'll be worried." Chen Yushu said after some hesitation.

"Don't worry, I won't tell her. " Lin Yi nodded.

"Pinky swear!" Yushu said, sticking out her pinky.

"Hehe, sure." Lin Yi made a pinky promise with Yushu."Now, can you tell me?"

"I ... I'm not his sister," Yushu said weakly,""I'm not a child of the Chen family. I'm an adopted child of the Chen family ..."

"Ah?" Lin Yi froze-he didn't think that Yushu was adopted, not Yutian's sister! However, even Chu Mengyao probably didn't know about this,""Does Chen Yutian know? Who else in your Chen family knows about this?"

"It's just my Grandpa ... And me ..." Chen Yushu sighed,""Actually, I heard about it from other people, not from Grandpa."

Chapter 3053 Shu's Secret (2)

"Someone else? Who's there?" Lin Yi asked.

"Hidden house Yu, I poisoned you under the Hidden House Yu's orders." Since Chen Yushu had already said it, she might as well tell the truth.

"Hidden house Yu?" Lin Yi frowned. "This family, if it wasn't for my friend ... I can destroy them like dogs. They're hidden and there's nothing to be afraid of. Why didn't you say so earlier?"

Lin Yi was speaking the truth-the Hidden House Yu was a giant to him back then, but now, he could destroy the Hidden House Zhao with a snap of his fingers, and the same went for the Hidden House Yu!

Be it Yu Tianxing or Yu Yi, they were no match for Lin Yi at all. If Lin Yi wanted to destroy house Yu, it would only take a second.

"My parents ... They're controlled by the Hidden House Yu, or rather, they're not controlled by them. Behind them is a very powerful ancient sect, but I'm not sure which one it is, but I don't think it's the fiery mountain!" "Because the fiery mountain and the Hidden House Yu don't seem to have much of a relationship!" Yushu said.

"The Hidden House Yu controlled your parents?" Lin Yi felt that things were getting weirder and weirder. "Have you seen your parents? Or do you just believe whatever they say?"

"No..." Chen Yushu shook her head, ""They didn't let me see my parents' photos, probably because they were afraid that something would go wrong. However, they took a bottle of blood and asked me to do a DNA test secretly. I took my brother's blood for a test, and the results showed that the blood they gave me was family, not my brother's ..."

"So, this matter is true?" Lin Yi was shocked. Blood couldn't be faked. Even if Lin Yi was a practitioner, he couldn't change it!

"Yes, so I couldn't do anything about it. They forced me to do something at first, but they didn't ask me to kill you. Killing you was a mission later on, but it was probably the Hidden House Yu's own will, and it had nothing to do with the sect behind it." "After shield bro got stronger, they gave up on the plan," Shu said.

"Hidden house Yu ... What role is they playing?" Lin Yi suddenly understood! Yu Tianxing seemed to be a very smart person, or they wouldn't have been able to become the number one hidden house. He wasn't as stubborn as old Zhao, and this could be seen from the fact that he withdrew the order to assassinate him. He would give up when things got out of hand. A wise man submits to circumstances!

But now that he had a good relationship with Yu Bing, and with Yu Ning, any other hidden house's leader would want to get him on their side first, but the Hidden House Yu didn't do that.

This also proved that the Hidden House Yu had another backer behind them, and this backer was extremely strong, even stronger than Lin Yi-so the Hidden House Yu couldn't choose Lin Yi.

This made sense now, but what ancient sect was behind the Hidden House Yu? Lin Yi suspected for a long time, but he didn't have any leads. It was impossible for the fiery mountain and yellow Earth high sect-the young masters of these two sects were already his followers. Naturally, it was impossible for the Dark Palace-they wanted to deal with him before, but Yu Yi wanted to help him. The Ice Palace and Snow Valley didn't seem possible either. As for the sky elixir sect, they were the Hidden House you's backer, not the Hidden House Yu 's.

Could it be one of the five elements sect or the everyday and every day sect? Lin Yi's face darkened at the thought. These were the strongest existences in the two ancient sects, and they'd even surpassed the ancient level!

It was just Lin Yi's wild guess, though. If it really was the five elements sect or the everyday and every day sect, then it would be better for Lin Yi to pretend that he didn't know about it. Otherwise, he'd go to house Yu and stand up for Yushu, and the five elements sect and the everyday and every day sect might just kill her parents.

"They should be a Messenger!" "Shield bro, let me tell you a secret ..... Shu's an inheritor too ....." Yushu said.

"What?!" Lin Yi's face went pale-Yushu's words were too shocking. Yushu was an inheritor?

"It should be. Actually, I guessed it myself." "The Hidden House Yu told me that I have to keep my virginity because I have a marriage contract. As long as I do what they say and get married, I'll let my parents go," Yushu said.

"Oh? Did you think of becoming an inheritor from the aspect of a Virgin?" Lin Yi asked.

"Yeah, that's just how Xiaoxiao is. I thought that maybe the marriage was just a cover, and the real thing was to accept the inheritance. My body always feels hot for no reason ..." Yushu said."I told you before, it's fire poison. House Yu will give me medicine to suppress it regularly, and if I don't take it, I'll have a fever all over my body, and I'll die of heat! It's similar to Xiaoxiao's symptoms ..."

Lin Yi nodded. He remembered that Yushu did have a fever before, but she got better after taking some medicine. It was said that it was from outside. Lin Yi didn't pay attention to it at first, but now it seemed that Shu and Xiaoxiao really did look alike!

"The fiery mountain is the origin of the fire element. You might really be going to the fiery mountain to receive the fire element inheritance!" "So ... You're afraid that Huo Shao Yun will find out that you're an inheritor, and that it's not a marriage contract, right?" Lin Yi said.

"Yeah, I don't want to leave ... But I can't ... I guess I'll just have to drag it out one day at a time ..." Yushu said faintly.

"Shu, it's been hard on you all these years!" Lin Yi looked at Yushu with some sympathy-what kind of girl was she? she was being threatened, and her life was in someone else's hands, her parents' lives were in someone else's hands as well, but she had to force a smile to cover up her sadness. She smiled every day, but it was all an act.

She looked like she liked to mess around, but she actually knew everything and was not stupid at all.

"I'm used to it ..." Yushu smiled, "Lin Yi bro, please don't tell Yaoyao sis about this-I don't want her to worry. She's the type of person with a lot on her mind, and I'm afraid she'll be upset if she finds out."

"What did you just call me?" Lin Yi blinked, but quickly nodded.

Chapter 3054 Lin Yi's Rules

The young miss was indeed the kind of person who would bury everything in her heart. Moreover, she had a lot on her mind. It was for her own good that she didn't let her know.

"I'll just call you shield bro, I'm still not used to it!" Yushu said with a smile.

"I'll help you find out more about the inheritances of the fiery mountain, and as for house Yu, I'll find a chance to ask Yu Bing. Don't worry, since they've asked you to do something, they won't do anything to your parents for the time being-they're safe for now!" Lin Yi consoled,"but, it's not too far away to break this situation. Once I get stronger again, I'll be able to kill Sky Class late phase peak Masters in seconds. Then, I'll be the one calling the shots in the world of practicing. I'll be the one making the rules!"

The Lin Yi now had this kind of spirit! From a common house all the way to a hidden house, Lin Yi had already begun to step into the ancient level. In the near future, Lin Yi might stand at the top of the pyramid of the ancient level!

At that time, all the ancient sects would end up like the hidden sects now-either surrender or be destroyed!

"En, en, Shu believes in shield bro's strength!" Chen Yushu always trusted Lin Yi.

"Let's end this topic for today. I'll pay attention to this matter." Lin Yi said to Yushu.

"Okay, then Shu's going to sleep! "I'm so sleepy!"Yushu yawned and wobbled her way up the stairs, back to her usual crazy self.

Lin Yi sighed as he watched Yushu walk up the stairs. So, Yushu had always been unhappy. Her happiness was just a facade!

After returning to his room, Lin Yi gave boss Bai a call. So many things had happened today, and Lin Yi had to tell boss Bai about it. He also had to consult boss Bai about Chen Yushu's matter.

"Yi? Why are you calling me so late? You're back?" Boss Bai's voice came from the other side of the phone.

"Teacher Bai! I've just returned to Eastern Sea city, but there are some things that I need to tell you. " Lin Yi said.

"Oh? What's the matter?" Boss Bai took a sip of tea to freshen himself up-something important must've happened if Lin Yi wanted to talk to him at this hour.

Xuanchen, you sent little one and little eleven to find trouble again!" Lin Yi said.

"What? They're here again?" Boss Bai was shocked at the words, and his voice was filled with anger, "He had an agreement with me that he wouldn't attack you. How dare he go against that agreement?"

"Not me, but sun Jingyi." "I'm guessing he's just pushing the boundaries, thinking that he's not targeting me or your disciple, and that you wouldn't be able to pick a fight with him!"

"Xuanchen ..." Boss Bai thought of xuanchen's personality and agreed with Lin Yi's guess. "That's right, that should be the case. Is sun Jingyi in danger? What's going on?"

"It's like this ..." Lin Yi told boss Bai everything that happened today in detail.

"Heal Tagan Dragon? However, you actually crippled little eleven. I'm afraid xuanchen won't let this matter go!" Hearing that Lin Yi and Jingyi were all fine, boss Bai started to worry for Lin Yi even as he relaxed.

Even without little Eleven's matter, would ancestor xuanchen let me go? He's always wanted to kill me and has never changed his mind. He just hasn't done it yet because of the agreement between you and him!" Lin Yi said.

"Indeed!" Boss Bai thought for a moment, and it was indeed the case, so he said,""Don't worry. This time, xuanchen and the others provoked you first. You're only retaliating. If they look for me, I'll tell them!"

"En, one more thing, do you know about the inheritor of the fiery mountain?" Lin Yi asked.

"Huoyan Mountain? They do have an inheritor, but I don't know how it's going because this matter has always been handled by xuanchen and small one. I've never been in contact with them. " Boss Bai said.

"Oh? So, the inheritor of the fiery mountain was also arranged by the five elements sect?" Lin Yi paused after hearing the words-he'd guessed that the Hidden House Yu was backed by either the five elements sect or the everyday and every day sect, but it really was the five elements sect!

"It must be arranged by xuanchen or small one. They have been in charge of following up on this matter, but why do you ask? Oh, right, you just said that Huo Shao Yun of the fiery mountain helped you deal with small one. Are you afraid that the fiery mountain will get revenge?" Boss Bai was stunned for a moment, then said,""The five-elements sect doesn't dare to offend the fiery mountain. After all, the fiery mountain is very powerful. Although the inheritors are trained in cooperation, it will be extremely difficult for xuanchen to train a fire element inheritor himself if the fiery mountain is really angered!"

"I see. However, I'm not afraid of patriarch xuanchen's revenge!" Lin Yi shook his head, "small one doesn't even know who Huo Shao Yun is. He didn't even introduce himself. I think he's just my little brother. What I want to ask is, did you find an inheritor in the fiery mountain?"

"I'm even more unclear about this. It's better if you directly ask the burning clouds." Boss Bai said.

"Alright, I'll ask him then." After Lin Yi found out that xuanchen was the one behind this, he decided to ignore it for now. After all, Chen Yushu's parents wouldn't be in any danger before she fully accepted the inheritance. Lin Yi didn't have the ability to destroy the five elements sect yet, so he would have to settle this with them in the future. Bringing Chen Yushu along was just to settle both the Old and New scores, "Mr. Bai, I have a prescription here. The herbs on it are rare. Do you have any?"

"Oh? Tell me about it. " Boss Bai said.

"Solomon's Seal, white wormwood, netherworld grass, red wood ..." Lin Yi was talking about the ingredients needed to strengthen meridians for the third stage of the art of Dragon mastery. Old Lin only had a small portion of these ingredients, and Lin Yi didn't dare to replace them. He had to look for them slowly.

"I don't have these things with me," Wang Yao said. "They are all rare herbs. If you're not in a hurry, I have seeds with me. I can plant them for you, but it's already winter now. You can only plant them in spring next year, so the cycle will be longer." Boss Bai said.

"That won't do, it's a little too long!" "I'm in a hurry to use it!" Lin Yi smiled bitterly.

Chapter 3055 Xuanchen Apologizes

According to boss Bai's plan, they'd only be able to harvest the herbs next summer at the very least, and Lin Yi couldn't wait that long!

"If you're in a hurry, I suggest you go to the cultivator's market to take a look. They sell these herbs all year round!" Boss Bai said.

"Yeah!" Lin Yi slapped his forehead. How could he forget about the practitioner's market? Lin Yi was planning to bring some pills over to the practitioner's market to exchange for some necessary herbs. The auction hadn't started yet, and the pills could be sold for cash, but the practitioner's Association usually bartered. It was still possible for him to use his pills to exchange for some herbs!

With that thought, Lin Yi decided to contact the Vice-President of the practitioner's Association tomorrow and use some of the elixirs that Han Jing made to exchange for the herbs he needed!

After making his decision, Lin Yi continued to form the forging fire. This was the only thing he could do before the third stage of the art of Dragon mastery! After today's experiment, Lin Yi was more familiar with the use of the nine Fu Xi needles. However, Lin Yi's strength level was limited, so the power of the needles was limited.

The next morning, boss Bai received a call from patriarch xuanchen the moment he woke up!

Boss Bai looked at the caller ID on the phone and sneered in his heart. He had yet to find trouble with patriarch xuanchen, and he was the one who called first? Could he be here to apologize?

However, boss Bai still picked up the phone, but his tone was a little cold. ""Xuanchen? What's the matter?"

"Eldest senior brother Xuan Tian, this ... There's something that I have to apologize to you about ..."  
Ancestor xuanchen felt very vexed and aggrieved. Little eleven was crippled, and he still had to take the initiative to apologize to him! However, he had no choice. He had a reason to do so!

"Oh?" Boss Bai was taken aback when he heard patriarch xuanchen's words. Had patriarch xuanchen changed? Previously, he had only made a casual guess and did not really think that ancestor xuanchen was here to apologize to him. He knew ancestor xuanchen's personality. How could this person take the initiative to apologize to him?

"That ... I didn't know that sun Jingyi was your disciple's wife, so I sent little one and little eleven. However, it was for taganlong. You know how important taganlong is to the five-elements sect. If we want to return to that level, we have to do this ..." Ancestor xuanchen sighed.

"Xuanchen, so you're saying that even if you know that sun Jingyi is Lin Yi's wife, you'll still do this for taganlong, right?" Boss Bai asked.

"This ... Definitely not. I will discuss it with you in advance. If you don't agree, I will find other ways ..."  
Ancestor xuanchen paused and said weakly.

"Is that so?" Boss Bai smiled noncommittally. ""Alright, I accept your apology. Is there anything else?"

"Um ... First senior brother, take a look, did Lin Yi take small one's car?" "What's wrong?" patriarch xuanchen asked carefully.

"Oh? A car? What do you want to do?" Boss Bai really didn't know that Lin Yi took small one's car, and Lin Yi didn't mention it in the phone call yesterday. Plus, boss Bai really didn't know what was the big deal about a car. Did the xuanchen ancestor even have to ask? The five elements sect was not a pauper.

"It's like this ... That small one left in a hurry and left his heaven-grade weapon in the trunk of the car. Do you think ... You can return it to him?" That was the purpose of patriarch xuanchen's phone call today. Otherwise, he would never apologize to boss Bai. At most, he would apologize when boss Bai questioned him. If boss Bai did not say anything, he would pretend that he did not know.

However, after small one left this morning, he quickly returned! The person sent by small one to look for a car near the sun family's house didn't see small one's car at all. This person wasn't a high-level cultivator, so he didn't dare to go to the sun family's house to ask for trouble. He could only report the situation to small one truthfully.

The first thought that came to his mind was that Lin Yi had taken it away. Who else would steal his car other than Lin Yi? Thinking of this, small one was filled with regret and hatred. If he had brought the heaven-grade divine weapon out of the carriage, things would have been different, right?

He wouldn't have lost so easily, at least taking care of Huo Shao Yun, Wu Chengtian, and Lin Yi would be a piece of cake. Even if Huo Shao Yun was Sky Class late phase peak, he still had the absolute advantage!

However, a Sky Class without a weapon was like an Earth Class without any skills-it was like having their arms cut off, and not being able to use their strength!

And now, the car was taken away by Lin Yi. The car wasn't important, but the heaven-grade weapon was. Thus, small one had to ask for help from the xuanchen ancestor.

Therefore, left with no choice, patriarch xuanchen could only call boss Bai in a humble manner! He knew about small one's heaven-grade divine weapon. It was also one of the strongest heaven-grade divine weapons in the five-elements sect and was the most suitable for small one. With this weapon in hand, small one could unleash his full strength and fight an enemy above his level. However, without this weapon, small one was like a tiger that had lost its teeth. Therefore, even if ancestor xuanchen was vexed, he had to call boss Bai.

"I'm not sure-Lin Yi didn't tell me about the car, maybe a car thief stole it?" After hearing that, boss Bai said indifferently, "Plus, sun Jingyi's injured, and you guys didn't even do anything about it?"

"This ... Of course, we have to express our gratitude. Aren't we discussing this? "Let's see what you need, and I'll provide you with some. We don't know what you're lacking ..." Since he was under someone else's roof, he had to lower his head, so patriarch xuanchen could only say this.

"Oh, then I'll ask Lin Yi when I have time, see if he saw your heaven grade weapon." Boss Bai said casually, but his tone sounded like he was just dealing with it and not really taking it to heart.

"Then I'll have to trouble you, eldest senior brother ..." Patriarch xuanchen was helpless. He did not dare to rush boss Bai and could only think of urging him again after a while.

"I'm hanging up if there's nothing else. " After boss Bai finished speaking, he hung up the phone without waiting for patriarch xuanchen to say anything.

Chapter 3056 Exchanging For Medicinal Herbs

This made patriarch xuanchen feel helpless. He looked at small one and could not help but say angrily, ""How could you be so careless? Your heaven-grade weapon was in the car, and Lin Yi took it away-how could he return it to you?"

"This ..." Little one said with a bitter face, ""Lin Yi's too devious, even more devious than you, master! He couldn't beat me, so he let his spirit beast attack taganlong! You know, that spirit beast is only earth Class late phase peak, a whole class lower than me, but that spirit beast has thick skin and flesh. My attack didn't do much damage to it. If I was determined to kill Lin Yi, it's not impossible, and taganlong would've been killed by that spirit beast!"

Patriarch xuanchen nodded. He was just saying it out of anger. Small one was not to be blamed for this! Therefore, patriarch xuanchen said to little one, ""Send someone to follow Lin Yi's tracks and see if he has the heaven-grade weapon. If he does, we'll try to see if he has it. If he doesn 't, we'll trade with him. If not, we'll hire people from the blood-clad yellow spring sect to get it. We just need to cut off all ties with our five elements sect!"

"Yes, Master. I'll immediately send someone to do this!" Small one nodded-this was his business, of course he'd be very concerned. After he left, the first thing he did was send the outer circle members of the five elements sect, hidden house Yu's people, to keep an eye on Lin Yi!

The Hidden House Yu's Yu Yi was in charge of meeting up with Chen Yushu, so the extra mission was as easy as lifting a finger.

Lin Yi was planning to go to the practitioner's trade association early in the morning. He took out the pills that han Jingjing made during her practice and put them in the car before heading to the Association.

"Hello? Is it Vice President Ouyang of the cultivators trade association?" Lin Yi had just gotten in the car when he called the number on the Golden card the Vice Chairman gave him.

"It's me. Who are you?" Vice guild leader Ouyang picked up the call and asked.

"I'm Ling Yi. I wonder if vice guild leader Ouyang still remembers me?" Lin Yi said, using the name he'd used at the practitioner's trade association.

"Oh, it's Mr Ling! Hello, hello. Is there anything I can help you with?" Vice guild leader Ouyang immediately remembered Lin Yi. This Earth Class mid phase peak was able to use the thirteenth form of the Sky Class skill. Lin Yi was a special case among his friends, so the memory of Lin Yi was fresh in his mind.

"Hehe, it seems that vice guild leader Ouyang has not forgotten about me. It's like this, I have a batch of medicinal pills in my hands that I would like to sell. I wonder if vice guild leader Ouyang would be interested in it?" Lin Yi asked.

"The trade association hasn't started a new market auction yet. It's not that you can't bring the pill over now, but you won't be able to sell it for a good price like the one at the auction. Also, we only support bartering at the moment and can't exchange it for cash. You'll lose a lot of money this way!" Vice guild leader Ouyang was still very afraid of Lin Yi, and so he explained the pros and cons to him in detail. If it was someone else, vice guild leader Ouyang would scam them as much as he could, but not Lin Yi!

"It doesn't matter, I'm just going to barter!" "I'll go find you now?" Lin Yi said.

"That's fine. I'll be in the office of the cultivator's market. You can just come in directly. Tell me your name and show me your strength. The cultivator's market usually accepts cultivators for bartering. " Vice guild leader Ouyang said.

"Alright, see you later." Lin Yi said.

With that, Lin Yi drove to the practitioner's trade association. This was his second time here. He parked the car at the foot of the mountain and ran up the mountain with the pills!

It was the same Mountain Gate, but there were still two guards at the entrance. However, they weren't the same people as last time-Lin Yi had already killed the last person. These two people obviously didn't want to follow in the footsteps of the previous guard, so they didn't make things difficult for the practitioners. Lin Yi entered the practitioner's trade association very smoothly.

Lin Yi didn't stop and went straight to the office to find vice guild leader Ouyang.

"Vice guild leader Ouyang, long time no see. How have you been?" Lin Yi greeted with a smile.

"Mr. Ling, you're here. Please have a seat!" Vice guild leader Ouyang smiled when he saw Lin Yi. He knew Lin Yi's strength very well, and he didn't dare to neglect him,"May I ask, what is Mr. Ling here to exchange this time?"

"The pills that I brought this time are all here. Vice guild leader Ouyang, please take a look. As for what you want to exchange, I have a list here. Please take a look at it before you decide." With that, Lin Yi handed over the pills he'd brought along with the ingredients he'd needed.

As for the elixirs Lin Yi brought this time, most of them were level one elixirs that han Jingjing got when she was bored. Lin Yi didn't have much use for them and they weren't worth much, so he just took them to exchange for something he needed.

"Grade one pills ... So many!" In vice guild leader Ouyang's eyes, what he saw was a business opportunity, not the grade of the pill. In a business-based organization like theirs, grade one pills might be low-grade, but they were still popular products. Therefore, he didn't feel that the grade of the pill was low at all. As long as there were benefits, he liked it. "There's no problem with the pills. We can eat them all. We just need to see if we have the medicinal herbs you need!"

"Alright!" "Vice guild leader Ouyang, please take a look first." Lin Yi nodded.

Vice guild leader Ouyang looked at the list of ingredients carefully. "In here, there are only two rare herbs, and their prices are relatively high. One of them is extremely precious, and we only have one in stock. However, the amount you need is relatively small, so we have enough here,"

"Oh? All of them? That's great. Can I exchange these pills?" Lin Yi was surprised and happy at the words.

"Yes, it's more than enough. I've taken advantage of you. However, you should know that bartering is like this. Pills can not be calculated according to the selling price. They can only be calculated according to the pawning price. This way, it's just right ..." Vice guild leader Ouyang explained.

Chapter 3057 Butting In

"I understand. You also want to do business. As long as you can gather all these medicinal herbs, it will be fine." Lin Yi nodded. He didn't want to argue over such small things. After all, he was happy enough

that he could exchange all the herbs here. To him, the third stage of the art of Dragon mastery was better than anything else. It was hard to get it with money!

"That's good. I'll take you to the medicinal store to get the goods!" Vice guild leader Ouyang nodded and put the box away. He stood up and was about to take Lin Yi to the medicine store.

The herb shop was a shop opened by the cultivators in the city square. Usually, they would sell some herbs and ordinary pills, but the prices were extremely expensive. Usually, they mainly used bartering instead of money.

Lin Yi followed vice guild leader Ouyang to the herb store. It was a townhouse located at the South of the practitioner market. It was closed only when it wasn't in the market, providing convenience for practitioners.

However, the things here were very expensive, and the cultivators were at a disadvantage. Therefore, there were not many customers here. Most of them were not in a hurry and were waiting for the auction to come here to buy things. Only those who were in urgent need would shop at this time.

"Prepare all the medicinal herbs on this list!" Vice guild leader Ouyang found a disciple on duty in a shop and handed Lin Yi's list of ingredients to him.

"Yes! Vice President!" The disciple took the list and quickly went to prepare the goods, while Lin Yi and the Vice President sat in the rest area and started chatting.

"Mr. Ling, it seems that you have a lot of pills in your hands. It hasn't been long, and you've already sent another batch of pills. You have more than one Alchemist by your side, right?" Vice guild leader Ouyang

asked. In his opinion, even a second grade Alchemist wouldn't be able to refine so many pills in such a short period of time. Even if he refined them without rest every day, it would still be impossible because there was always the possibility of them going to waste. Besides, it was impossible for anyone to refine pills every day without rest, and still have time to recover their strength!

"Hehe, three or four," Lin Yi said faintly. He wasn't actually lying to him-there was Han Jing Jing, boss Bai, Guan Xin, and a half-assed Lin Yi himself-there were four of them.

The way vice guild leader Ouyang looked at Lin Yi changed-three or four? this wasn't a small sect, was it? a normal ancient sect would only have one, and many didn't even have one. Even the heavenly elixir sect didn't have more than ten, and Lin Yi's sect had three or four?

Plus, Lin Yi's sect was good at fighting people above their level. Lin Yi was able to use Sky Class skills when he was only earth Class, and this made Vice President Ouyang admire the mysterious force behind Lin Yi. He didn't dare to ask too much, but only sighed, "No wonder Mister Ling has so many medicinal pills. It turns out that you have a lot of alchemists!"

Lin Yi smiled noncommittally. Han Jingjing's way of refining wasn't something a normal person could understand, and Lin Yi didn't plan on telling her.

The disciples over there were preparing the medicinal herbs and placing all the medicinal herbs in a box on the counter. This was the territory of the cultivators trading Association, so they were not afraid of anyone stealing their things.

However, as soon as the disciple put a medicinal herb into the box, a cultivator who came to buy things nearby couldn't help but make a "Yi" sound. He quickly walked over and picked up the medicinal herb that the disciple had just put in the small box. After looking at it carefully, he said, "I'm taking this herb!"

"Ah?" The disciple was slightly taken aback after hearing the man's words, but he still replied, ""I'm sorry, this herb has already been reserved ..."

"You won't give him another portion if you reserve it?" The cultivator snorted impatiently and took out a bank card. ""Isn't the price tag 50 million on it? I want it! I'll pay by card!"

"This ..." The disciple didn't have the bank card of his subordinate, but said, ""I'm sorry, Sir. There's only one of this herb left. If you need it, please come back next year!"

"Next year? Is there something wrong with your head? I want it now, you can just let the other person wait until next year!" The cultivator said domineeringly. After that, he took the herb in his hand and didn't seem to want to put it down.

The disciple was not afraid of him. This was the cultivators Association's territory and they could not allow these cultivators to behave atrociously. Hence, his face darkened and he said, ""Are you here to cause trouble? Don't you know where you are? Vice President, someone is forcing us to buy and sell!"

"Force your mother to buy and sell. What are you shouting for?" The cultivator snorted coldly and slapped the disciple. Half of the disciple's face was smacked into a bun. He rolled a few times on the ground before stopping!

At this time, vice guild leader Ouyang and Lin Yi saw the situation. This was the practitioner's trade Association's business, so vice guild leader Ouyang had to take care of it. That herb was prepared for Lin Yi, and now that someone was interfering, Lin Yi couldn't just sit back and do nothing.

Thus, the two of them stood up and walked over to the cultivator.

The disciple was an Earth Class early phase, and now that he'd been slapped, he was furious! He didn't expect that the other party would actually dare to hit him here. He didn't even use his mental cultivation method's pithy formula to protect his body, so he was completely caught off guard. He pointed at the cultivator and was so angry that he couldn't speak.

"You're here to cause trouble? Don't you know where you are? how dare you cause trouble here? Don't you want to live?" Vice guild leader Ouyang laughed coldly, showing off his Sky Class early phase peak strength!

"Bang!" Another slap landed on vice guild leader Ouyang's face!

Sky Class mid phase peak!

No wonder this cultivator was so arrogant. It was because of his own strength! Vice guild leader Ouyang was completely dumbfounded-he was Sky Class early phase peak, and that was more than enough for him to hold the line here, but this guy was a mid-phase peak!

"I just want to buy something. If you buy it for me, we'll live in peace. If you don't sell it to me, don't blame me for being impolite!" The cultivator looked at vice guild leader Ouyang coldly.

A few practitioners walking around the shop saw the fight, and it was between two Sky Class Masters at that-they all left the shop, not wanting to be involved in the fight.

Chapter 3058 Elder Dongfang

Vice-President Ouyang's face changed. Lin Yi was strong, but he was still an Earth Class. It was already extraordinary for him to be able to defeat Sky Class early phase peak. From what he knew, Lin Yi could only fight to a draw.

And so, this Sky Class mid phase peak coming in made things difficult for him. After all, the world of practicing was like this-the strong preyed on the weak, and wasn't it the same with Lin Yi? Only after intimidating vice guild leader Ouyang did the latter view him in a different light.

Although he was angry about being slapped, the other party was too strong. Vice guild leader Ouyang could only swallow his anger and say, "Sir, this medicinal herb was reserved by Mr. Ling. If you want it, you can discuss it with him directly. Please don't make things difficult for the cultivators trade association! Plus, even if you're Sky Class mid phase peak, the practitioner trade association still has other strong practitioners! Aren't you afraid of revenge?"

The practitioner nodded and didn't make things difficult for vice guild leader Ouyang anymore. He turned to Lin Yi. "Kid, these are your herbs? If you give it to me, I won't kill you! Otherwise, even if you get it, you'll have your life!"

"Oh? You mean, if I don't give it to you, you'll kill me and take it?" Lin Yi looked at the practitioner with interest and started channeling his practitioner's Arts-his Sky Class early phase strength was completely revealed!

"Sky Class early phase? You dare to show it in front of me?" The practitioner looked at Lin Yi mockingly, "That's right, you can understand it this way. I am threatening you! Don't doubt my words, I mean what I say. If you dare to say no, I can kill you now! This medicinal herb is exactly what I need, so I must get it!"

"Oh, really? Then you can die. " Lin Yi laughed coldly as he used the ninth style of his palm!

Vice guild leader Ouyang's eyes narrowed. He was shocked when Lin Yi revealed his Sky Class early phase strength. Lin Yi didn't have that strength before, but he'd already leveled up so many levels in such a short time?

Plus, Lin Yi was at the early phase of Sky Class now, and from the way Lin Yi fought against people of higher levels, this Sky Class mid phase peak was really dangerous!

Sure enough, vice guild leader Ouyang's guess was right. With a loud "boom", the cultivator's body was sent flying. By the time he landed on the ground, a large, bloody hole had appeared in his chest. Blood foam could be seen at the corner of his mouth as he struggled on the ground. However, he would probably never be able to get up again.

"You ... Actually ... Dare to kill me ... The elder ... Of Dongfang clan ... We ... Dongfang clan ... Won't ... Just ... Pass ... Your ..." The cultivator used the last of his strength to finish these words. Then, he couldn't stand it anymore. His eyes rolled back and he was dead!

Vice guild leader Ouyang's mouth twitched, and the respect he had for Lin Yi before had turned into respect! What kind of power was this? one move and a Sky Class mid phase peak was dead! If Lin Yi wanted to kill him, it would be a piece of cake!

At that thought, vice guild leader Ouyang couldn't help but regret his actions. He didn't have a clear stand to help Lin Yi, but instead chose to stand from the perspective of the practitioner's trade association and leave it as it was none of his business.

"The Dongfang family?" Lin Yi frowned-what kind of family was this? Could it be that they were also from an ancient clan? But no matter what, it was over. Lin Yi didn't want to cause trouble, but he wasn't afraid of it. This Dongfang family would be his stepping stone to the ancient level!

Lin Yi believed that even if he didn't kill him, he'd do anything to take the herbs from him. If he went back and told the Dongfang family, they'd come to Lin Yi in large numbers, and it'd be even more troublesome.

"Vice guild leader Ouyang, what did you guys see?" Lin Yi turned to vice guild leader Ouyang and asked in a dark voice. He knew that it was understandable for the practitioner to look for him, but he was still a little angry at him, so he didn't bother being polite.

"Senior ... Senior Ling, I ... I didn't see anything ..." Vice guild leader Ouyang's body trembled in fear as he hurriedly replied.

"Oh, then how did the elder of the Dongfang family die?" Lin Yi asked faintly.

"I don't know, I think they were fighting with some other ancient sect's disciples, but by the time we got here, the other one had already run away. That Dongfang Family Guy is dead, right?" After vice guild leader Ouyang finished speaking, he turned to look at the disciple who had prepared the medicine.

"Uh ... Yes, he died a horrible death. I just don't know how he died." The disciple nodded and said.

"Haha ..." Lin Yi smiled and looked at the disciple,""Have you prepared all my medicinal herbs?"

In fact, Lin Yi knew that it was impossible to hide what happened today-there was no such thing as an absolute secret. Vice guild leader Ouyang and the disciple had said that in front of him, but Lin Yi didn't believe that they wouldn't tell him the truth if they were to face a Sky Class late phase peak!

Plus, the people who were hiding didn't see what happened, but they could guess. Even if they didn't know Lin Yi's identity, they only knew that his name was Ling Yi. It was only a matter of time before they figured out who Lin Yi was!

However, what Lin Yi was lacking was time! Lin Yi believed that he'd become strong enough in time, and the Dongfang family would have to think twice before making a move on him.

So Lin Yi didn't really mind.

"Soon, it's almost ready!" The disciple quickly said in fear and trepidation.

"Hurry up. Also, prepare a few sets of the materials for making spirit gathering pills, Qi gathering pills, and recovery pills for senior Ling. Consider it as the cultivators trade Association's repayment to our old customers!" Vice guild leader Ouyang had offended Lin Yi before, so he had no choice but to be on good terms with him!

Although Lin Yi didn't say anything on the surface, and elder Dongfang's death seemed to be over just like that, there was no guarantee that Lin Yi wouldn't kill him afterward. So, vice guild leader Ouyang could only bribe Lin Yi again, hoping that he really didn't mind.

Chapter 3059 Cutting Off Lin Yi's Source Of Income

"Hehe, thank you, vice guild leader Ouyang. It seems like we can work together for a long time in the future!" Lin Yi smiled and patted his shoulder.

"That's right, that's right!" Vice guild leader Ouyang let out a breath of relief. It seemed like Lin Yi wasn't going to pursue the matter anymore ...

The disciple quickly packed up all the ingredients Lin Yi needed and some of the free ingredients for the elixir. Lin Yi didn't stay any longer and left the practitioner's trade association.

However, Lin Yi's visit was noticed by one person-Yu Yi of the Hidden House Yu!

Yu Yi was also a Sky Class master, and it wasn't easy for him to follow Lin Yi without being noticed. However, Lin Yi never thought that he would be followed, and he just advanced to Sky class, so he didn't really like to use Sky Class perception!

But then again, Yu Yi had followed them for a long distance, and he'd followed them here by luck. He'd also hidden his practitioner's presence, so it was normal that Lin Yi didn't notice. After all, Yu Yi was a famous Sky Class master.

Seeing Lin Yi leave, Yu Yi didn't follow him, but called the elder Yu Tianxing.

"Yu Yi, how is it? Did Lin Yi take out that sky-grade weapon?" Yu Tianxing asked.

"Lin Yi went to the practitioner's trade association. I thought he wanted to trade the heaven-grade weapon, but I realized I was wrong. Lin Yi came here to sell elixirs. He's selling a large number of first class elixirs and a small number of second class elixirs!" Yu Yi said. The pills that Lin Yi sent were immediately put up for sale, and the practitioner's trade association even announced that they were the same quality pills as the ones from the auction-they were from Mister Ling! So Yu Yi didn't need to investigate much to know Lin Yi's purpose.

"Oh?" "Lin Yi went to the practitioner's trade association to sell pills?" Yu Tianxing blinked.

"Yes, but during that time, Lin Yi got into a fight with a Sky Class mid phase peak practitioner ... That practitioner was killed by Lin Yi in an instant." Yu Yi didn't see the situation with his own eyes, but he could imagine how strong Lin Yi was after seeing elder Dongfang's body. He was worried-Lin Yi's growth was unstoppable, and house Yu was no longer his opponent.

"What? Lin Yi can kill Sky Class mid phase peak in seconds now?" Yu Tianxing was shocked."What is the identity of the cultivator?"

"I don't know. Do I need to investigate?" Yu Yi asked.

"It's fine, let's not mess with Lin Yi for something like this. We shouldn't have any conflicts with him in the future. Although we can't reject the mission from that place, we can't just become cannon fodder for Lin Yi because of them. " Yu Tianxing instructed.

"Yes, I know." Yu Yi nodded.

"Keep following him and see where the heaven-grade weapon is, and if it's still with Lin Yi." Yu Tianxing ordered.

"Alright, old master." Rain one responded.

After hanging up, Yu Tianxing called small one right away. Small one was in charge of the contact with the Hidden House Yu.

"Senior, I'm Yu Tianxing. Yu Yi followed Lin Yi and got some information about him, but there was no news of your heaven-grade weapon." Yu Tianxing said carefully.

"No?" "What's Lin Yi doing?" small one frowned.

"Lin Yi went to the practitioner's trade association and then went home," Yu Tianxing said.

"Go to the cultivators trade association? Are you sure he's not here to sell my heaven-grade weapon?" Little one asked with a frown.

"I don't think so. Lin Yi sold some first and second class pills in exchange for some herbs, but he didn't sell anything else." Yu Tianxing said.

"I see ..." Little one nodded, ""Then, does Lin Yi have my car?"

"Well, Yu Yi doesn't dare to go near Lin Yi's house. You know that Lin Yi's a Sky Class master now, I'm afraid of being discovered." Yu Tianxing said.

"Then why don't you send an ordinary person to check it out?" Little one asked.

"This ... I'll send someone over to take a look!" Yu Tianxing said as he wiped the cold sweat off his forehead. Although he was one of the top hidden houses, he was still scared of small one. He didn't dare to resist!

That was someone who could destroy the Hidden House Yu with a snap of his fingers!

"Alright, report to me immediately if you have any news!" Little one said.

Yu Tianxing hung up the phone carefully and couldn't help but sigh. He had no choice-it was hard for him to live between Lin Yi and the five elements sect. It was fine if Lin Yi was weak, but he was strong enough already. Even little one and little eleven suffered in Lin Yi's hands, and this put the Hidden House Yu in a difficult position. It wasn't good to offend anyone, but since they chose the five elements sect, the price of betrayal was even greater. They could only continue down this path.

Small one hung up and went to see patriarch xuanchen. He repeated what Yu Tianxing said in detail to patriarch xuanchen.

"Lin Yi's going to sell pills?" After hearing Yu Tianxing's words, patriarch xuanchen fell into deep thought.

Zhaoming was there as well. He was now the son-in-law of the xuanchen ancestor, so their relationship was naturally closer. There were pros and cons to this. Although he married a disabled girl, his relationship with the xuanchen ancestor was almost on par with small one.

"Father-in-law, I heard that Lin Yi's in a tough situation right now. His company is in a huge debt, and his only way to make money now is to sell pills. Why don't we work with the Hidden House you and get more first class pills to impact the market? Lin Yi won't be able to sell that many pills this way-we can't touch him, but we can take a roundabout way and attack him. It's not a bad idea." Zhaoming suggested.

"Hmm.....This is a bad move!" After hearing this, ancestor xuanchen nodded his head in approval. A grade one elixir was nothing to the sky elixir sect and the Hidden House of you. It was easy to make, and it would be easy for them to top Lin Yi's market. Thus, ancestor xuanchen was tempted. "It's a good way to attack Lin Yi from this angle-if we can't deal with him directly, we'll just disgust him from the side! Small one, Zhaoming, you guys start arranging this-Lin Yi won't even be able to find a place to cry!"

Chapter 3060 The Third Stage Of The Art Of Dragon Mastery!

"Okay, father-in-law, I'll do it now!" House Kang Zhaoming was from went bankrupt because of Lin Yi's miracle doctor Guan medical company, so he wouldn't let go of a chance to get rid of Lin Yi.

What Lin Yi didn't know was that Kang Zhaoming was planning to ruin his business again. Lin Yi didn't have time to care about that now. The ingredients for strengthening his meridians before the third stage of the art of Dragon mastery were all prepared. Lin Yi was ready to boil the medicine.

With the experience from last time, Lin Yi was very familiar with the process this time. He didn't rush it, but followed the silk scroll's instructions strictly.

After everything was ready, Lin Yi called for Huo Shao Yun and Wu Chengtian. He wanted to talk to Huo Shao Yun about the inheritor, but he couldn't wait to finish strengthening his meridians, so he decided to wait until after.

"Chentian, Shaoyun, I'm going to finish strengthening my meridians. I'll need to go into seclusion for a while. It won't take long, maybe a few hours. But I can't move during this time, so I'll need you to protect me." Lin Yi said. Although this was different from training, Lin Yi could force himself out of the liquid if something happened, but the effect wouldn't be achieved and the liquid would be wasted!

It wasn't easy for Lin Yi to get this herb, and he'd even killed an elder of the Dongfang family for it. How could he waste it for something so common?

"No problem, boss, we'll sit at the door and wait for you ... That whatever Meridian blessing is completed ..." Huo Shao Yun was the first to express his position. Although he didn't know what it was about blessing meridians, with his status and knowledge in the ancient sect, he had never heard of it. But every heart technique was different, so although Huo Shao Yun was curious, it was not convenient for him to ask.

Chentian, on the other hand, was very familiar with guarding Lin Yi. He didn't even need to say anything and just sat in the living room, guarding the door for Lin Yi.

After Lin Yi returned to his room, he followed the instructions on the meridian strengthening recipe and prepared the medicine. After taking an Oral Medicine, he jumped into a basin of dark green Medicine on the ground!

In an instant, Lin Yi felt a burning sensation on his skin, as if he had jumped into a basin of boiling water! In fact, when Lin Yi jumped into the liquid, he was already prepared for the cold. The last time he tempered his body, there was a bone-chilling cold when he jumped in!

But this time, Lin Yi didn't expect it to be hot! This caught Lin Yi off guard-it was a good thing he had a good body, and his resistance to the heat was stronger. Otherwise, he'd really have jumped out of the water!

Gritting his teeth, Lin Yi silently endured this. This was a hurdle he had to go through before he could reach the third stage of the art of Dragon mastery-he had to persevere through it before he could successfully cultivate the third stage!

Strengthening the meridians took a different time from body tempering. Body tempering took twenty-four hours, but strengthening the meridians only took four hours. So, overall, Lin Yi had an easier time this time.

As Lin Yi expected, the dark green liquid became lighter and lighter as time passed. Lin Yi knew that his body was absorbing the liquid. It was the same last time-after his body absorbed the liquid, it started to discharge the impurities, completing the body refining process.

But this time, what surprised Lin Yi was that the color of the liquid kept getting lighter, unlike the body refining process where it was expelled after being absorbed. This time, it seemed to be completely absorbed into his body!

No wonder the time of strengthening the meridians was relatively short this time. It turned out that it was only the absorption process and not the detoxification process! After about four hours, the liquid was completely clear, making Lin Yi click his tongue in wonder!

The burning sensation was getting weaker and weaker, until it disappeared completely. Lin Yi jumped out of the water, feeling very comfortable. He felt that his meridians were a lot thicker than before, and he could use more Qi at the same time.

"Hu ..." Lin Yi let out a long breath. This feeling was completely different from before. Lin Yi felt that his realm had increased in quality again. Whether it was compressing his Qi bomb or recovering his strength and Qi, it would all be faster than before!

With that thought, Lin Yi took out the silk copy of the art of Dragon mastery's third stage and started studying it.

"The art of Dragon mastery, third stage, butterfly transformation ..." In fact, Lin Yi had studied the third stage of the art of Dragon mastery many times before he strengthened his meridians. He had memorized it by heart. He only took it out this time because he was afraid that there would be problems!

He'd already lost his mind last time, and this time, Lin Yi decided to be careful. He went through the third stage once more, and after making sure there were no problems, he entered the Jade space and tried the third stage!

"Yi, you're pretty fast this time!" Elder Jiao was surprised at how fast Lin Yi was healing his meridians-it seemed like everything was going smoothly!

"I say, elder Jiao, you're not hoping for something to happen to me, are you?" Lin Yi said, a little annoyed.

"Haha, how could I?" "You're going to try the third stage of the art of Dragon mastery?" elder Jiao laughed dryly.

"Yes, I am!" Lin Yi nodded, "now that I've finished reinforcing my meridians, let's start training!" Time is of the essence, and the enemy is getting stronger!"

"Hur hur, it's a good thing to have a sense of urgency." Elder Jiao nodded.

"Oh right, elder Jiao, what's behind the fourth stone door?" Lin Yi asked, curious.

"I don't know," Elder Jiao shook his head firmly, adding, "I didn't tell you even if I knew. If you're looking forward to it, you can just increase your cultivation speed. Haste makes waste. It's not like you don't understand this principle."

"Alright," he said. Lin Yi was helpless when it came to elder Jiao. There were some things that he wouldn't tell him no matter how he asked, since he wasn't at that level yet. Or rather, his memories weren't unlocked yet, so it was pointless to ask.

Calming himself down, Lin Yi tried the third stage of the art of Dragon mastery, circulating it within his body!
