

Bodyguard 3061

Chapter 3061 Nitian Wakes Up

The moment Lin Yi started the third stage of the art of Dragon mastery, the energy in the Jade space seemed to be gathered by a huge invisible net, and then quickly rushed to Lin Yi's side. The speed of gathering was extremely fast!

However, Lin Yi didn't think much of this situation. After all, when he completed his body refinement and circulated the second stage of the art of Dragon mastery for the first time, it had a similar effect!

And so, Lin Yi didn't bother with the strange phenomenon and continued to practice the second stage of the art of Dragon mastery!

Following that, Lin Yi felt as if all the acupuncture points in his body suddenly opened up, and the energy that was gathered in the Jade space quickly rushed into Lin Yi's body through his acupuncture points!

This situation was the same as before, but what surprised Lin Yi was that the energy didn't enter his body directly like it did when he refined his body. It was all absorbed by his meridians!

Was he strengthening his meridians before he started cultivating? After thinking about this possibility, Lin Yi felt that his guess was very reliable. This feeling was like the energy in the Jade space was helping Lin Yi nourish his meridians, making them extremely comfortable.

As time went by, the third stage of the practitioner's Arts was getting faster and faster, and he was getting more and more familiar with it. Lin Yi could feel that the endless Qi in the Jade space was pouring into his meridians faster and faster!

With Lin Yi as the center, more and more pure energy started to gather in the Jade space, waiting to enter Lin Yi's meridians ...

Lin Yi, on the other hand, could feel the changes in his body. His meridians were getting stronger and thicker, and he could clearly feel that as his meridians got thicker, the speed at which he was chanting his Arts was getting faster and faster!

When Lin Yi stopped, he was already able to practice the third stage of the art of Dragon mastery!

Lin Yi didn't continue practicing-Chentian and Huo Shao Yun were still waiting for him outside, after all. The two were probably extremely nervous, and Lin Yi needed to give them some time to relax.

After coming back to reality from the Jade space, Lin Yi pushed open the door and walked out.

"Boss, you've finished reinforcing your meridians?" Chentian said as he saw Lin Yi.

"Yes, it's done." Lin Yi nodded.

"By the way, boss, what exactly is this thing that can enhance the meridians?" Huo Shao Yun had wanted to ask this question before, but he had never heard of strengthening meridians.

"To put it simply, I'm healing you guys faster now." Lin Yi didn't know how to explain, so he simplified it.

"I see, that's a good thing!" After hearing this, a look of realization suddenly appeared on Huo Shao Yun's face. He nodded and said, "This is quite useful in a tag-team battle!"

"Hehe ..." Lin Yi smiled. Huo Shao Yun only saw a part of the benefits, but he didn't know that Lin Yi's speed of compressing the energy bomb had also increased by a lot. This was the real killer weapon in battle.

.....

The ancient Feng clan.

Not long after Nitian took the recover pill, he finally woke up. Although his injuries were healed, his arms couldn't grow back. He couldn't use his heaven-defying Arts anymore, and his meridians were destroyed. He lost all his strength, and it was impossible for him to change to another practitioner's Arts.

And so, Nitian was living a life worse than death—he was awake now, but he was still depressed.

Feng Tianhu looked at his son and was really heartbroken. He couldn't control his anger! Why did Feng Shangxin come back safely from the test, and even got a recover pill, while his own son Nitian was crippled?

Didn't he just acknowledge a dog shit boss? He was just lucky!

"Nitian, what do you think?" Feng Tianhu asked, his heart aching.

"Dad ... I'm finished, I'm crippled!" Nitian had already checked his body and found that he was no different from a normal person. In fact, he was even worse than a normal person because he had no arms!

"It's good that your injuries have healed ... At least you're still alive. It's better than being unconscious!" Feng Tianhu consoled.

"But, I'd rather die than live like this!" Feng Nitian couldn't help but raise his head in pain as he shouted, ""Dad, you have to avenge me!"

"Against the sky, don't worry. I will definitely avenge you!" Feng Tianhu nodded and said, "whoever did this to you, I'll pay them back double!" Tell me, what's his name, and which sect he's from!"

"Dad, that guy's called Ling Yi, I don't know what sect he's from, but I think he's a solo practitioner, but he and Zhang Naipao were enemies before-you just need to ask Zhang Naipao from the Everyday and Every Day sect to know who he is!" Nitian said.

"Ling Yi? This name sounds familiar. Where have I heard it before?" Feng Tianhu was slightly taken aback, but he immediately remembered. ""Right, Feng Shanshan met a boss in the sky elixir sect's test, his name is Lin Yi, and he got really lucky under his protection, and passed the test ..."

"What? Feng Shasha is participating in the trials too?" "What happened?" nitian asked, surprised. How long have I been unconscious? Why is the sky elixir sect's test being held as well?"

"Against the sky, you've been unconscious for more than half a year!" Feng Tianhu sighed and said with some sympathy, ""As for Feng Shashi joining the sky elixir sect's test, it was all a scheme. I was prepared to kill him there, but I didn't expect him to come back successfully!"

"Scheme?" Nitian asked, surprised.

"Yes, I was going to ask him to get you a recover pill to heal your injuries. Originally, this was an impossible task, but Feng Shishang, for some reason, got lucky during the test at the sky elixir sect. He actually found a boss and passed the test smoothly. He even got you a pill!" Tianhu told nitian everything that had happened.

"This guy is really lucky!" Feng nitian wasn't grateful at all, he was angry instead. The ancient house Feng had lost all familial love, there were only fights.

"That's right, I'll ask him right now, who is this Ling Yi guy!" Feng Tianhu and the everyday and every day sect were connected. In fact, these ancient sects all had some connection.

After Feng Tianhu finished speaking, he took out his phone and dialed the number of the everyday and every day sect's heavenly Lord pure star!

Chapter 3062 Ling Yi, Lin Yi!

Celestial master Chun Xing was the junior Brother of celestial master Chun Yang and celestial master Chun Yin. He was Sky Class late phase, and had participated in the Ice Palace test with Feng Tianhu when he was young. They'd kept in touch after that.

"Heavenly venerate pure star, I'm Feng Tianhu from the Feng family!" Pure star was once Tianhu's friend, but he was now Sky Class late phase, much stronger than Tianhu himself. He had to be polite to him.

Heavenly venerate was the title of the everyday and every day sect's disciples. Feng Tianhu used to call pure star heavenly venerate pure star, but now, he had to call him heavenly venerate to show respect.

"Oh, it's Tian Hu. What's the matter?" Heavenly venerate Chun Xing asked.

"It's like this, I heard that Zhang naipao has an enemy called Ling Yi, do you know him?" Feng Tianhu asked.

"Ling Yi?" Heavenly venerate pure star was slightly taken aback, but he immediately recalled who Ling Yi was. ""Oh, so the Ling Yi you're talking about is Lin Yi? Ling Yi is his alias. What's up?"

"Ling Yi is Lin Yi?" Feng Tianhu was shocked after hearing what pure star heavenly venerate said. "Are you sure?"

"Yeah, that's right-we all know about this. What, you know Lin Yi?" Heavenly venerate Chun Xing asked.

"Heh ... Ling Yi is Lin Yi?" Feng Tianhu was so angry that he gritted his teeth! However, he still said, ""Nothing, I was just asking around. Thank you!"

"Oh, okay. If there's nothing else, I'm hanging up." The pure star primogenitor didn't have time to waste on Feng Tianhu-he was only half a step away from Sky Class late phase peak. Once he did, he'd have a chance to reach full circle, and then he'd be able to get a share of the Sky Class island's plan.

Tianhu's face was dark and scary after he hung up, and Nitian heard what he said as well. He asked immediately, ""Dad, you're saying that Ling Yi is Lin Yi? The boss that Feng Shitan acknowledged?"

"That's right, it's him!" "Yes!" Feng Tianhu nodded."Heavenly venerate Chun Xing wouldn't lie to me. It seems like it's him!"

"Motherf * cker! Why would Lin Yi help Feng Shangguan and become her boss, and attack me in the test? Did he have an agreement with Feng Shanshan?" Feng Nitian was very angry, he was always jealous of the heart of a gentleman.

"Who knows? but I won't let Feng Shasha off easily. I'm going to bring this up at the family meeting and let everyone know about it!" "Yes," Tianhu said."Although Feng Shasha has been stripped of his position as the heir, it's not guaranteed. You're a cripple now, and if your grandfather suddenly decides to restore his position as the heir, it'll be troublesome!"

"That's right, the things that I can't get, I can't let Feng Shi Zhang get!" Feng Nitian nodded and said with hatred,"Dad, you have to help me deal with Lin Yi and Feng Shasha, I hate them to death!"

"Nitian, don't worry. I will definitely avenge you!" Feng Tianhu nodded.

Today, two big things happened in house Feng. The first was that Feng Nitian woke up. This was supposed to be a happy event for house Feng in the ancient times, but when they found out that Feng Shasha's boss, Lin Yi, was the one who crippled Feng Nitian, their mood became heavy again.

"Dad, the poem's calling Lin Yi its boss, what's the difference between that and calling a thief its father? That's the person who crippled against the sky, the enemy of our ancient Feng family!" Feng Tianhu was the first to attack!

Feng Tianlin furrowed his brows. He didn't expect things to develop to this point. The Feng family's Affairs were getting out of his control. First, Feng Shanshan's position as the heir to the young master had been removed, leaving him powerless to change anything. Now, Feng Tianhu had actually put Feng Shanshan in an even more disadvantageous position. He was caught off guard!

Originally, Feng Tianlin had planned to talk to old master Feng about restoring Feng Shanshan's position as the heir of the young master. After all, Feng Shanshan was the only third-generation direct descendant of the ancient Feng family. If he didn't make him the heir of the young master, the Feng family wouldn't be able to continue.

But now, Feng Tianhu had created such a scandal that Feng Tianlin couldn't do anything at all, cutting off Feng Tianlin's escape route! Feng Tianlin looked at his son, Feng Shanshan, with a look of exasperation. He was furious. Of all people, you had to take on the enemy of the Feng family. Aren't you just looking for trouble?

"Third uncle, you're going a little too far. How can I acknowledge a thief as my father?" No matter how nice Feng Shangshi was, she would have to refute Feng Tianhu's words, especially when Lin Yi was involved, "First of all, if it wasn't for Lin Yi, I would've died in the test at the sky elixir sect. He helped against the sky to get a recover pill, this is compensation for against the sky!"

"Compensation? Against the sky was now a cripple, how was he going to compensate? A single recover pill was enough to compensate? Are you kidding me? Feng Shasha, are you out of your mind? How is this the same?" Feng Tianhu said angrily.

"Tianhu, the poem was right. He crippled one of our Feng family disciples and saved another during the trial. We're even now!" Feng Tianlin finally came up with a plan. ""Defiantly and Shangshi are both descendants of our house, and we are one entity. If you want to trouble Lin Yi because of defiantly, then aren't you returning kindness with enmity? How will others view our ancient Feng family?"

"This ..." Feng Tianhu was at a loss for words. He didn't think that Feng Tianlin would point out the problem from the Feng family's perspective, and now that it was true, he really had no way to refute!

"Alright, stop fighting. This is a life for a life, right? besides, Lin Yi helped Shi Ping get a recover pill for heaven-defying to consume. Let's just forget about this for now!" Old man Feng waved his hand to stop the argument. He knew that Nitian was dying, and Feng Shangshi was his only grandson. If he killed him, what would happen to house Feng?

"Yes!" Feng Tianhu and Feng Tianlin both agreed. Since old master Feng had spoken, it was settled. Feng Tianhu was unhappy, but he had no choice. He could only return to Feng Nitian's room.

Chapter 3063 Vicious Method

"Dad, how is it? Did they kick Feng Shasha out of house Feng and then fire at Lin Yi?" Nitian asked expectantly when he saw Tianhu.

"Nitian, it's not as simple as you think. Your grandfather just said that it's a life for a life ..." With that, Feng Tianhu repeated what his grandfather had said to Feng Nitian. "Your grandfather isn't stupid. He

knows that Feng Shanshan is the only third-generation descendant left in the Feng family. If we completely suppress him, what will happen to the Feng family in the future? So, it would be very difficult to use old master Feng to deal with Feng Shangguan! Plus, no matter what, Lin Yi's helping us now, and if your Grandpa doesn't agree, I can't send a large group of Masters to deal with Lin Yi ..."

"Feng Shasha, I'm so angry!" Nitian gritted his teeth, but after a while, his eyes lit up. "Dad, tell me the truth. Do you have another son besides me?"

"You ... You know everything?" Tianhu paused, looking at Nitian in surprise.

"Yes, I already knew about it, but I didn't take it seriously. After all, you wanted to train me to be the successor of the Feng family, and that son of yours probably wanted to assist me in the future, right?"

"That's right. Ran 'er is a martial arts fanatic and doesn't care much about family power. Of course, it's possible that he hasn't come into contact with this level. In his heart, he's just an orphan I took in, so he naturally wouldn't want to fight for anything ..." Feng Tianhu nodded. "If you take the position, I'm prepared to not tell him the truth for the rest of my life. I'll only let him become an elder of the Feng family to assist you ..."

"Dad, you don't have to explain this. I understand. Now that I'm useless, I definitely can't fight for the position of the young master. Can we let your son take the position? In any case, I just don't want to see Feng Shanshan being good!" Nitian said.

"This ... Unless there's something that can make Feng Shangping unable to make a comeback, otherwise, these things are not a big deal!" Feng Tianhu sighed, "it's difficult. Although Lin Yi is the one who hurt you, he is Lin Yi and Feng Shangping is Feng Shangping. Although Lin Yi is Feng Shangping's boss, they are two people. There's no way to push the blame onto Feng Shangping!"

Nitian's face darkened after hearing Tianhu's words-it was true that it'd be difficult to drag Shasha down with this alone, but he didn't want to just let it go!

He'd joined the Ice Palace test because he wanted to win over Feng Shangyi. He'd seen Feng Shangyi as his mortal enemy since he was young, but he didn't feel anything for this half-brother of his that he'd never met before. He'd rather let him take the position than let Feng Shangyi do well.

Most importantly, Feng Shangguan was in cahoots with Lin Yi. Nitian didn't believe that Feng Shangguan didn't know that Lin Yi was the one who injured him, but Feng Shangguan kept it a secret and didn't report it. Even when the truth was revealed, she still protected Lin Yi. This made Nitian very angry, "Dad, no matter what, I don't want Feng Shasha to have an easy time! It's better to be broken Jade than intact tiles!"

"Against the sky, I know how you feel, but this is not a matter of complete annihilation. Even if we try our best to pull him down, we have no bargaining chips!" How could Feng Tianhu not want Feng Shangguan to be finished? As long as Feng Shasha was done for, Feng Tianlin probably wouldn't have the heart to continue sitting on the position of young master. When that time came, wouldn't the position of young master be in Feng Tianhu's hands?

However, even though it was a good idea, there was no way to realize it. Old master Feng was smart, and it was difficult to send Feng Shangxin to the 18th level of hell with a normal situation.

"Dad ... I have an idea ..." All of a sudden, Nitian's eyes flashed with a cruel light.

"What is it?" Feng Tianhu was slightly taken aback.

"If I die, Feng Shangguan will never be able to rise again!" Nitian gritted his teeth. "I don't want to live anymore, but dad, you have to be cruel. You poison me and then blame it on Feng Shasha. This way, even if Grandpa suspects him, the crime of murdering his own brother is enough to make him lose his chance to be the heir!"

"Nitian ... You ..." Feng Tianhu's eyes were wide open. He didn't think that Feng Nitian would be crazy enough to use this method to frame Feng Shangguan! He was simply too vicious. He was using his own life to harm others!

"Dad, you don't have to say anything. I've already decided!" Nitian said with a wave of his hand. "I'm already a cripple anyway. If I can die a worthy death and get rid of Feng Shasha, then I'll be satisfied!"

"Nitian, you have to understand that even if you die, you can't blame it on Feng Shasha. Even if you're poisoned, it's not necessarily because of the great cyclic pellet, so why are you blaming it on him? If you don't handle it well, you might just lose your life in vain. This is not worth it, we should take a long time to plan!" Tianhu's mouth twitched-Nitian had gone crazy, to the point where he'd do anything for revenge.

"Hehe, dad, think about it, if Feng Shasha came to see me and I took the poison, then I shouted," Feng Shasha, why did you poison me? did Lin Yi ask you to come?"what would the effect be?" "When the time comes, even if Grandpa doesn't believe it, he'll be very suspicious," Nitian said with a sinister smile. "Feng Shasha might not have the chance to be the heir anymore!" Then, you can push out that brother of mine whom you've never met. I'm sure grandfather will be happy to let him be the heir to the young master, right?"

"This ... But this way, against the sky, your sacrifice is too great. All the benefits have been taken by Ran'er and me. Your death is simply not worth it!" Nitian was a little moved-the father and son were both cruel.

"Why not? I'll be satisfied as long as Feng Shanshan is finished!" "Dad, after I die, you have to help me get revenge on Lin Yi, kill him and let me die a worthy death!" Nitian said.

"Alright, I promise you!" Feng Tianhu gritted his teeth and nodded. ""Don't worry, I'll help you mess up Feng Shasha's reputation, and then get rid of Lin Yi!"

"That's good!" Nitian let out a relieved smile-he was like Yu Shan, a practitioner who'd lost his strength and couldn't continue cultivating!

Chapter 3064 Feng Nitian Died

Then there would be no meaning in living, and it would produce some twisted mentality.

Nitian was supposed to be at the table for dinner after he woke up, and the dinner was prepared to celebrate his recovery. However, he wasn't there when the table was full of dishes.

Feng Tianhu, on the other hand, walked over with a worried look on his face. ""Father, against the sky is not in a good mood. His arm is broken and he can't cultivate against the sky anymore. He feels a little guilty and doesn't dare to come to eat!"

"Oh?" Old master Feng was slightly stunned and said, "what's there to feel guilty about?" Tianhu, try to persuade him again. Even without his arms, he can still practice physical arts. Our ancient Feng family can still find some physical arts and chants, and then he can still do it!"

These words were actually a bit empty and pale. Without an arm, if he continued to train as a physical style, what level could he reach? Plus, nitian was way past the best age to practice physical arts-even if

he did, he wouldn't be able to achieve much-it'd be good for strengthening his body, but it'd be hard for him to even step into golden class.

Uncle Fu had both hands and trained for so many years, but he was still only a golden class master. One could only imagine how difficult it was to train from the inside out! Hence, Feng Tianhu could only smile bitterly."Father, I tried to persuade him, but he ... He was afraid that the poem would laugh at him, so ..."

"How could I possibly laugh at him?" Feng Shanshan was slightly taken aback.

"How about this, Psalms, you go and persuade against the heaven!" Old master Feng thought for a while and said.

"Alright!" Feng shangxin didn't suspect anything as she walked out of the dining room and towards nitian's room. She knocked on the door and said,"Heaven-defying, it's me!"

"Oh, cousin, come in. The door isn't locked." Nitian said.

Feng Shangshi pushed the door open and entered nitian's room. Just as she was about to say a few words to him, she realized that nitian's face was red!

"Heaven-defying ... Your face ..." Feng Shanshan was shocked and quickly asked.

"Cousin ... I'm fine ... I just woke up, so I'm a little hot." Nitian had taken the poison, and he'd calculated when he'd die. He had Tianhu's internal strength to help suppress it, so it'd take a while for the poison to take effect.

"Oh, I see ..." Feng Shanshan nodded. If Feng Nitian had just woken up, then his face would be right. People who just woke up usually had a red face.

"Cousin, tell me the truth. I was able to cultivate the heaven-defying divine skill and was the most famous person among the younger generation of the Feng family. Have you ever been jealous of me and wanted to kill me?" Nitian asked.

"How is this possible? The more powerful you are, the happier I will be. The prosperity of our family is not just one person's, but everyone's. Only when everyone is strong can we be called the ancient Feng family, otherwise we are just rogue cultivators!" Feng Shanshan shook his head and said firmly.

"Is that so? You sure are selfless" Nitian seemed to have expected this from Shasha. "However, I feel that you're waiting for me to have a problem. Once I have a problem, you can smoothly take over the position, right?"

"Nitian, how can you think like that? If I really wanted something to happen to you, why would I take the risk to help you get the great cyclic pellet?" Feng Shanshan shook his head.

"Heh, that's hard to say ..." Feng Nitian's face reddened and he coughed, "Feng Shaoshang, my cousin, you know that Lin Yi was the one who hurt my people, yet you still call him boss. What are you up to? Do you dare to say that you don't know about this?"

Feng Shupian fell silent. Nitian was right-he knew that Lin Yi was the one who injured Nitian, but he knew Nitian's personality very well. If he didn't act tough first, he wouldn't have been injured.

However, as a member of the Feng family, how could he say that?

"It's fine, let's not talk about this anymore. Bro, get me a glass of water, I'm thirsty ..." Nitian said as he pointed at the glass on the table.

"Alright," he said. Feng Shasha nodded and picked up the glass on the table.

"I don't have hands, so I'll have to rely on you to feed me ..." Nitian said.

"That's not a problem," Feng Shitan held the cup and carefully put it by Nitian's mouth, letting him take a sip.

However, after Nitian finished the water, he waved his hand, signaling that he had had enough. Feng Shangxin put the cup back, but before he could turn around, he heard a "pfft" sound. He spat out a big mouthful of blood, staining the sheets and blanket red. The blood splattered all over the floor!

"The water is poisonous ... Cousin, why did you want to harm me?" "Ah ... I know, it must be Lin Yi! Lin Yi told you to get rid of him, didn't he?" Nitian yelled.

"I ... Against the heavens, what are you talking about? What's wrong with you?" Feng Shitan was shocked.

"Feng Shasha ... You killed me ... I'm not done with you ..." Nitian's eyes rolled back and he died.

Nitian's voice was very loud, and not far away, in the dining room of the Feng family, he could hear everything clearly. Feng Tianhu's face changed, Feng Tianlin's face changed, and old man Feng's face changed!

The three of them rushed to Nitian's room, while Feng Shangxin stared at Nitian's dead body in a daze! How did Nitian die? Why did he die after drinking a mouthful of water?

"Nitian, what's wrong?" Feng Tianhu rushed into the room first and saw Feng Nitian lying on the bed with his mouth full of blood. He quickly hugged him and said angrily, "Nitian, what's wrong with you? Why did you vomit blood?"

"Poem, what's going on?" Feng Tianlin also ran into the room, looking at Feng Shasha and shouting.

"Father, I don't know what's going on either. Defiantly said he wanted to drink water, so I gave him a cup of water. After he drank the water, he vomited blood ..." Feng Shasha was at a loss. Things had taken him by surprise, and he was caught off guard.

"Tianhu, my condolences. Against the heavens has already left!" Old man Feng walked over to check on Nitian's condition, and found that he was dead. He knew that there was nothing he could do, so he sighed and said to Feng Tianhu.

"What? Heaven-defying has already left? This is impossible, this is absolutely impossible!" Feng Tianhu was extremely emotional!

Chapter 3065 Framing Feng Shanshan

His voice was almost in tears. "Against the sky was fine just now. Why did he leave so quickly? How was this possible? I don't believe it! I don't believe it!"

Feng shangxin was a little embarrassed. Feng nitian had died in front of him. Although he didn't have any responsibility, he didn't know what to say. He could only say carefully, "That's right, third uncle. We should figure out what's wrong with heaven-defying now ..."

"Psalms, tell me, did you kill defiantly?" Feng Tianhu glared at Feng Shanshan and asked, "We heard what defiantly shouted just now. Don't deny it. Tell us, did you kill defiantly?"

Feng Tianhu's question made old master Feng and Feng Tianlin turn to look at Feng Shanshan. Old master Feng was also a little confused. He had heard Feng nitian's words before, so he wanted to see what Feng Shanshan had to say.

As for Feng Tianlin, although he believed that Feng Shanshan couldn't be the one who killed Feng nitian, the problem was that no one believed him!

"Third uncle, don't be so agitated. How could I possibly kill defiantly?" Feng Shangshi smiled bitterly and said, "Against the sky wanted to drink water, so I got him water. Who knew ..."

"You mean to say that against the sky died on his own? It's not related to you?" Feng Tianhu asked sternly.

"This ... Third uncle, what I meant was, I don't know how defiantly died, but it definitely had nothing to do with me ..." Feng shangxin said with certainty.

"No relationship? Do you think I'll believe you just because you say so? I only believe my son's words. He said that the water was poisoned and that you were the one who harmed him!" Feng Tianhu sneered and looked at old master Feng. "Father, what is Feng Shangshi's punishment for killing his own brother?"

"Tianlin, what do you think?" Old master Feng also had a headache. He was not a detective, so he could not tell who was right and who was wrong in this matter. Dirty laundry should not be spread in public, and he could not find someone to solve the case. He could only ask others based on his own opinion.

"Tianhu, you said that the water is poisonous. Does it mean that the poison in the water is definitely from the poem? Can't it be that the water was originally poisonous?" Feng Tianlin looked at Feng Tianhu and asked.

"It's poisonous? How was this possible? Are you saying that I'm going to die by poisoning the water?" Feng Tianhu asked ferociously.

"That's hard to say. " Feng Tianlin shook his head. "I didn't say that. You said it yourself!"

"Even a vicious Tiger would not eat its Cubs. How could I harm my son? I'm retarded!" "Feng Tianlin, you're saying that you can poison Feng Shangyi to death, and father can do the same to us?" Feng Tianhu asked angrily.

Old man Feng frowned slightly. He knew Feng Tianhu's personality. It wasn't impossible for Feng Tianhu to kill Feng nitian and push the blame to Feng Shanshan to achieve the purpose of suppressing Feng Tianlin and Feng Shanshan!

After all, Feng Tianhu had been doing these things in secret all these years. Although old master Feng didn't say anything and turned a blind eye to it, he knew that Feng Tianhu was capable of anything. He colluded with Feng Tianlin's wife, harmed Feng Tianlin's first love, and repeatedly laid his hands on Feng Tianlin's illegitimate daughter. Old master Feng knew all of these!

However, he couldn't and couldn't care about these things! A family needed competition to develop. Without competition, there would be no sense of crisis. Moreover, Feng Tianlin's wife had a powerful background-she was the eldest daughter of an ancient Dongfang family. The ancient Dongfang family was much stronger than the ancient Feng family, so the eldest daughter of the Dongfang family had always been a powerful existence in the Feng family. Even old master Feng had to give her some face!

But at this moment, everyone was right, and Feng Shasha was a suspect, but in old man Feng's eyes, Feng nitian was a suspect as well.

"Put this cup of water here. Feng Shangguan came later. Tianhu, I have a reason for suspecting you. If you had placed a cup of poisonous water here in advance, you could have framed Feng Shangguan!" Feng Tianlin said.

"How is that possible? How could I have predicted that to defy the heavens, one must drink water, and that it must be when Feng Shasha visited him? How could there be such a coincidence? You're completely talking nonsense!" "Do you think that's logical?" Feng Tianhu asked.

"How is it illogical ...?" Old master Feng's voice rang out before Feng Tianlin could finish his sentence.

"There's no poison ... In this water!" Old master Feng picked up the cup of water on the table and sniffed it carefully for a long time. He came to a conclusion, but his expression was not good. "There's some poison at the mouth of the cup ... And only a small part of it ..." He said.

"This ..." Feng Shanshan's face changed. If that's the case, the evidence would be against him! There was no poison in the cup. In that case, the poison should have been smeared on the mouth of the cup, but only a small part of it was there!

What did this mean? This meant that the person who poisoned Nitian knew which cup he was drinking from, and even knew which one he was going to drink from. Other than Feng Shanshan, who else would be able to apply the poison on the side of the cup that Nitian was drinking from?

Of course, what Feng Shanshan didn't know was that Nitian's poison was on his lips. When he was drinking, he rubbed it back and forth a couple of times before finally touching the cup.

"Feng Shanshan, Feng Tianlin, what else do you want to say? A thief crying out To Catch a Thief, who was the one who poisoned this time!" Feng Tianhu roared.

"Grandpa, I didn't poison it!" Although Feng Shanshan knew that the evidence was against him, he still defended himself. He didn't want to be wished for for no reason.

"If it wasn't you, who was it?" Old man Feng only believed in his own observation. From what he could see, Feng Tianhu couldn't have poisoned nitian unless he had great divination skills. Otherwise, how could he have known that Feng nitian wanted to drink water, and Feng shangxin even picked up the cup and gave the poisonous side to Feng nitian? This was completely unrealistic!

If it wasn't Feng Tianhu, then who was it? He couldn't have killed himself, could he? Who would commit suicide for no reason?

This was the most likely possibility, but it was ruled out as the most impossible possibility. From everyone's point of view, there was no reason for nitian to commit suicide. If he was embarrassed to see Feng Shasha, it meant that he still had a sense of shame. It was normal, why would he commit suicide?

Furthermore, if he committed suicide, who gave him the poison? He didn't even have an arm, so how could he have consumed poison?

So, all of this proved that Feng Shasha was the one who poisoned nitian.

Chapter 3066 The Next Killing Move

Feng Tianlin was also frowning. Although he didn't believe that Feng Shanshan was the murderer, he couldn't find any reason to object!

"Shangshi, tell Grandpa the truth. Did you do it? "If you admit it now, I'll let you off lightly. Otherwise ..."

Old master Feng seemed to have aged a few years in an instant. Although the power struggle in the family was gradually heating up, no matter how much Feng Tianhu fought, he couldn't possibly kill Feng Tianlin and Feng shangyue. He didn't dare to kill them in public!

As for the illegitimate daughter and lover, in a sense, they were not considered members of the Feng family if they did not return to their family. If they were touched, then so be it. This was an unspoken rule.

"No!" Feng Shasha knew that her answer would disappoint her grandfather. Under the current circumstances, who would believe her? However, Feng Shasha still shook her head and firmly denied it.

"You're not? The opening of the cup is perfect for the possibility of you poisoning it. Only you can do this!" Old master Feng sighed. "Good, very good. Tianlin, lock the poem in the west room. I'll think about it before making a decision!"

"...Yes ..." Feng Tianlin had no choice but to nod in agreement.

"Father, nitian died a terrible death, you have to help him. He just woke up and was about to fight for the position of the young master, but he died just like that. What a pity ..." Tianhu added fuel to the fire, pointing out nitian's intention to fight for the position of the young master, which was why Feng Shangyu wanted to kill him.

"I've said it. Lock the poems up first. I'll think about it before making a decision!" Old man Feng waved his hand. He couldn't kill Feng Shasha to avenge Feng nitian. After all, he was the only grandson left in the Feng family. If he died, the ancient Feng family would have no heir!

"Yes ..." Feng Tianhu nodded his head in pain as he picked up Feng nitian's body and cried, ""Against the sky, look, open your eyes and see. Grandpa has made the decision for you, he won't let the murderer go!"

"..." At this moment, even if Feng Tianlin didn't believe that his son was the murderer, the situation was really complicated. Since Feng Tianhu wasn't the murderer, who was the murderer? Who wanted to frame the poem?

Old master Feng shook his head and waved his hand. "Disperse, the banquet has been canceled ..."

The celebration dinner was supposed to be a good one, but with nitian's death, it was canceled, and the entire ancient house Feng fell into a state of sorrow ...

Feng Tianlin sent Feng shangxin to The West Wing. Although Feng shangxin was under house arrest and wasn't allowed to go out, Feng Tianlin was still allowed to visit her. So, after Feng shangxin was sent inside, Feng Tianlin sat directly opposite her.

"Shi Ping, tell me, are you nitian's murderer or not?!" Feng Tianlin was also curious, so he lowered his voice and asked, "Tell me the truth, I will never harm you!"

"Dad ... Don't you know my personality? If I had harmed him back then, would I have gone to help him ask for a great cyclic pellet?" Feng shangxin smiled bitterly, "but no one in the family believes me. They all think I killed Feng nitian!" But why would I kill him? I risked my life to ask for medicine to save him, and then I killed him. Don't I have nothing to do? What's more, he's already a cripple, and there's no conflict of interest between us. If I kill him, wouldn't I be looking for trouble?"

"That's true. I think so too, but your grandfather is already suspicious of you." Feng Tianlin sighed. "This doesn't seem like Tianhu's doing. Who did it?"

"Dad, I do have a suspect ..." Feng Shasha calmed down and thought about it carefully. She also thought of some clues.

"Oh? Who is it?" Feng Tianlin was immediately overjoyed and quickly asked. As long as they could find the suspect, they would be able to clear Feng Shangguan's name. At that time, Feng Shangguan might be able to gain something from this misfortune and get back the right to be the heir of the young master!

"It's ... Feng nitian himself!" Feng Shanshan said word by word.

"What? Feng nitian himself?" "Why is it him?" Feng Tianlin was stunned.

"When I came in earlier, he didn't look too normal, and he even said a bunch of weird things to me ..." Feng Shanshan then repeated what Feng nitian had told him.

"If that's the case ... It's possible that nitian consumed the poison himself, and then he framed you!"
"But, where did nitian get the poison himself?" Tianlin asked. And he doesn't have hands, so how did he take it?"

"This ... I'm afraid it's third uncle's cooperation ..." Feng Shanshan thought for a moment and analyzed, ""I'm afraid nitian had poison in his mouth before, so his face didn't look normal, but he didn't take it, so the poison didn't act up. Maybe third uncle used his pure Qi to suppress it, so he could hold on for a while. Then he drank some water and swallowed most of the poison in his mouth, and then he died. The poison on this cup was smeared on his lips by Feng nitian himself!"

"Although we've analyzed it, what's the use?" Feng Tianlin couldn't help but sigh. "Your Grandpa won't believe you, nitian's already dead-he'll think you're lying if you keep talking"

"Dad, it's fine. I'll just stay here and cultivate ..." Feng Shasha was more open-minded. Now that things had come to this, he could only take it one step at a time.

"Yes, don't worry. I'll do my best to absolve you of your guilt," Wang Yao said. Feng Tianlin said.

At the same time, Feng Tianhu appeared in secret at Feng Tianlin's residence! Just when everyone thought that Feng Tianhu was going to carry Feng nitian's body back and cry, Feng Tianhu appeared here!

"Second sister-in-law!" Feng Tianhu's face, apart from the grief from before, became extremely gloomy! He walked in front of a lady and called out in a low voice.

"Heavenly Tiger? What are you doing here?" The lady was taken aback-she was Feng Shangshi's mother, Dongfang xiaocui. She'd already heard from her servants that Feng Shangshi had killed Feng nitian, so she was surprised to see Feng Tianhu here,""Are you here to question me?"

"Third brother wouldn't dare!" Feng Tianhu shook his head and said sadly,""You can't blame second sister-in-law for this. Although I can't believe it either, all the evidence points to him. I have no choice but to believe it!"

Chapter 3067 Harming Xu Shihan

"What, Tianhu, what are you trying to say?" Dongfang xiaocui asked.

"I know. My life is over. I'm so heaven-defying that I don't have any more dreams. I want to take revenge on the poem, but I don't dare to. Even if I dare to offend big brother, I don't dare to offend you, second sister-in-law!" Feng Tianhu said, "right now, I just want to get back at defiantly so that his soul can rest in heaven!" I also know that in the Feng family, Shi Ping is the only bloodline left. No matter what, father will not do anything to him. That's why I said that defying the heavens is equivalent to dying in vain!"

"I've already said it, Tianhu, what are you trying to say?" Although Dongfang xiaocui was unhappy that her husband was protecting Xu Shihan outside, Feng Shishi was still his son. Feng Tianhu calling her his son naturally made her unhappy! Even if the two of them had worked together before, she wouldn't be nice to Feng Tianhu. ""You're here to complain? So what if he was killed by the poem? The grandson of my Dongfang family is not someone you can punish just because you want to. To be honest, the Feng family isn't that capable!"

"Of course ... Second sister-in-law, I didn't say I was going to deal with shangxin ..." Feng Tianhu said with a bitter face, ""Second sister-in-law, please let me finish ... What I mean is, I can't do anything to the poem, but I want to deal with my second brother ..."

"You're going to deal with the celestial Qilin? Do you think that's possible?" Of course, Dongfang xiaocui liked Feng Tianlin. If not, she wouldn't be so jealous that she would try to harm Xu Shihan and her mother.

"No, what I mean is that if we want to deal with Xu Shihan, as long as she dies, my second brother will be sad, and we'll achieve our goal ..." Feng Tianhu said, ""I just want to make him sad. I lost a child, so he has to lose one too. Otherwise, I won't be able to settle the hatred in my heart!"

"Oh? Are you saying that you're going to make a move on Xu Shihan?" Dongfang xiaocui was taken aback, but she wasn't as conflicted as before. She nodded and said, ""Then what do you plan to do?"

Feng Tianhu's suggestion did move Dongfang xiaochui. After all, Xu Shihan was someone she had always wanted to get rid of. Feng Tianlin's sneaky concern for Xu Shihan made her very angry, so how could she let go of such an opportunity?

Plus, Nitian was probably killed by his own son, Feng Shangshi. If Feng Tianhu were to take it to heart and not let it go, then even the Dongfang family wouldn't interfere with house Feng's business. After all, this was their private matter, and Dongfang xiaocui was only scaring him.

Now, Feng Tianhu said that killing Xu Shihan would calm his anger. A life for a life, this was the best thing that could happen!

Dongfang xiaocui nodded. To be honest, she was also afraid that Feng Tianhu would pester Feng Shangguan to 'kill' her. The barefooted aren't afraid of the ones with shoes. If Feng Tianhu went crazy and wanted to blow things up, Feng Shangguan would be skinned even if he didn't die. That wasn't something Dongfang xiaocui wanted to see.

She was a little scared of working with Feng Tianhu before, and although Dongfang xiaocui was jealous, she knew how to protect her son. How could she not know that Feng Nitian wanted to fight for the position of young master? That was why when she was working with Feng Tianhu, she always held back.

But things were different now. Nitian was dead, and Feng Shangshi was the only third generation descendant of house Feng. In the future, old man Feng would definitely make him the heir of the house, which was why Dongfang xiaocui was working with Tianhu so calmly.

"Second sister-in-law, you know that defiantly just died, so second brother's guard against me must be the heaviest. Once I mobilize the Feng family's forces, he will definitely find out. I'm afraid that I'll make a fool of myself by then. Before I can take action, big brother will find out about my plan. So, I'm wondering if we can get the Dongfang family to take action this time?" Feng Tianhu's plan was to let the

Dongfang family deal with Xu Shihan. When Xu Shihan died, and Feng Tianlin found out that it was his wife who killed his daughter, he would definitely be estranged from Dongfang xiaocui, and it would mess up his mind. This was the first blow!

The second blow was that Feng Tianhu wouldn't give up after killing Xu Shihan. After so many years of investigation, he had found out about Feng Tianlin's first love. The second step was to get Dongfang xiaochui's men to kill Feng Tianlin's first love!

If he killed Feng Tianlin's first love first, then after Feng Tianlin and Dongfang xiaochui fell out, Dongfang xiaochui might let Xu Shihan go. After all, the "B * tch" from back then was already dead, and only a child was left. It was impossible for Xu Shihan to fight with Dongfang xiaochui for anything, and it was a girl, so it wouldn't threaten Feng Shashi's family status. In order not to make Feng Tianlin angry, Dongfang xiaochui might just let Xu Shihan go.

However, Feng Tianlin's first love was different. Even if Feng Tianlin fell out with Dongfang xiaocui because of Xu Shihan, she would still kill Xu Shihan's mother. Feng Tianhu had already grasped Dongfang xiaocui's jealousy. This woman would never allow Xu Shihan's mother to live!

Since she was already on bad terms with Feng Tianlin, if Xu Shihan's mother didn't die and Feng Tianlin revived her, what would happen to Dongfang xiaochui?

However, the second time Dongfang xiaocui made her move, Feng Tianhu would intentionally or unintentionally leak the news to Feng Tianlin! Although Feng Tianlin knew about it, he couldn't do anything to stop it. The only thing he could do was to send someone to stop it.

Who should he send? In the ancient house of Feng, Feng Tianlin was the same as Feng Tianhu-the number of Masters he could mobilize was limited, and the powerful Masters were all under the control

of old master Feng. Feng Tianlin couldn't protect Xu Shihan's mother personally, so he could only send Feng Shasha!

In this way, he could pretend to join hands with Dongfang xiaocui's men and send or hire some assassins from the blood-clad yellow spring sect to kill Feng Shashi. This would be the third blow!

Xu Shihan, Xu Shihan's mother, and Feng shangxin were all dead. Feng Tianhu didn't believe that no matter how strong Feng Tianlin was, he wouldn't be in the mood to care about some family business! As long as he was dispirited, Feng Tianhu could take advantage of the situation and find a suitable opportunity to push his son, Feng Yiran, to old master Feng, allowing Feng Yiran to successfully take over the position!

When Feng Yiran ascended the throne and became the heir to the young family head, wouldn't the position of young family head be in Feng Tianhu's pocket?

Of course, during the second step of the plan, Feng Tianlin could also go and protect Xu Shihan's mother himself. That would be even better-he could just kill him, and then Feng Tianhu would be able to take over the position.

Chapter 3068 Conspiracy Exposed

This plan was intricately linked, but with Dongfang xiaocui's intelligence, she would never have thought of so many things. She would never have thought that her crazy jealousy would force him to work with Feng Tianhu and personally push her son and husband into the abyss!

In Dongfang xiaocui's eyes, no one could threaten her position if all of them were dead!

"The Dongfang family? It's not impossible. " "But if the Dongfang family is involved, you have to keep it a secret. I don't want Tianlin to know that I'm the one behind it," Dongfang xiaocui said after some thought.

"Of course, second sister-in-law, we've worked together so many times, don't you trust me? Don't worry, as long as she's dead, the scar in my heart will be removed, and I won't have anything to worry about anymore. I won't stop Shangshi from rising to the top. "

"En, you said it. I'll remember it. If you go back on your word, our Dongfang family will not let you off!" Dongfang xiaocui threatened.

"That's right, that's right!" Feng Tianhu sneered in his heart. The Dongfang family? No matter how powerful you are, you can't go to war with the ancient Feng family for Dongfang xiaocui's daughter. After all, every ancient family or sect has their own rules. If you interfere with outsiders, doesn't that mean that anyone can interfere in the future?

These rules were all hidden, and no one would break them.

"Alright, I got it-I'll arrange for a few Earth Class late phase peak Masters to go this time." Dongfang xiaocui said.

"That's good, second sister-in-law. I'll take my leave now ..." Feng Tianhu didn't dare to stay any longer. If Feng Tianlin came back and saw that he was conspiring with Dongfang xiaochui, his plan would be ruined.

Not long after Feng Tianhu left, Feng Tianlin returned as expected. Dongfang xiaocui quickly put down her phone and went over to greet him, pretending to be very concerned. "Tianlin, I heard that something has happened to Shangshi. What happened? is it serious?"

"It's okay, I'll handle it. " Feng Tianlin obviously didn't want to say too much. He was still worried about Dongfang xiaocui. This woman was able to lead a group of people to beat up Xu Shihan's mother, so how could Feng Tianlin trust her?

However, Dongfang xiaocui's identity made him helpless, and she truly loved him. Other than Xu Shihan, she was good at everything else, so Feng Tianlin had been living with her until now.

"It's good that you're fine!" Dongfang xiaocui heaved a sigh of relief and said, "Tianlin, we haven't been intimate for a long time. I'm going to take a shower ..."

With that, she winked at Feng Tianlin and walked towards the bathroom. She wanted to please Feng Tianlin with all her might. When Xu Shihan was dead, there would be no secret in this world. What would happen to her if Feng Tianlin found out?

Hence, she wanted to please Feng Tianlin in advance so that even if Feng Tianlin found out, he wouldn't be able to do anything. She was prepared to please Feng Tianlin crazily for the next few days.

It had to be said that Dongfang xiaocui took good care of herself. She was the eldest daughter of the ancient Dongfang family, one of the strongest families in the ancient times. They had a few face preserving pills as well, and while she wasn't a Sky Class master, she had taken some, so she was still pretty. She had the elegance and charm of a mature woman, and that one look from her made Feng Tianlin's lower body heat up ...

Feng Tianlin wasn't in a good mood, so it wasn't a bad idea to vent his anger on Dongfang xiaochui. He took a deep breath, took off his coat, and was about to take a shower when Dongfang xiaochui's phone beeped.

"Toot ..."

Normally, Feng Tianlin wouldn't even be in the mood to look at Dongfang xiaochui's phone. However, he was in a bad mood today. For some reason, he picked up her phone and read the message on it!

"I know, little sister. I've been thinking of sending people to deal with her for a long time. Since bu RUO is interested in her, I'll get bu RUO to bring people to deal with her. I'll play with her first and then kill her!"

The person who replied was Dongfang xiaocui's big brother, Dongfang jinxing, and bu RUO was his youngest son, Dongfang buruo. Feng Tianlin knew that his eldest son, Dongfang Busu, had died in the sky elixir sect's trial, but he didn't have much contact with the Dongfang family, so he didn't ask much.

However, at this moment, Dongfang jinxing's text message made Feng Tianlin a little confused. Who was Dongfang buruo interested in? Who was he going to deal with? What play first, then kill? Driven by curiosity, Feng Tianlin read the messages from Dongfang xiaochui and Dongfang jinxing. However, as soon as he read them, cold sweat started dripping down his forehead, and his eyes were filled with anger. The messages from before had made him extremely angry!

The message was from Dongfang xiaocui, asking Dongfang jinxing to send a group of earth-class Masters to deal with Xu Shihan. Feng Tianlin was drenched in cold sweat!

"Dongfang xiaocui!" Feng Tianlin's eyes were filled with anger. Although it wasn't a lot of text messages, it was enough to set a big event in stone. Feng Tianlin's previous desires were all gone in an instant. He already owed Xu Shihan a lot, and as the young master, he couldn't let her return to the Feng family. He couldn't let her return to the family. How aggrieved was he?

Now that Feng Tianlin knew that Dongfang xiaocui was going to kill Xu Shihan, he was beyond furious. He didn't take good care of Xu Shihan, and he couldn't give her fatherly love. He even caused her to be separated from her mother since she was young, and no one knew if her mother was Dead or Alive. All these were enough to make Feng Tianlin sad. How could he bear with what happened today?

Just as Feng Tianlin was fuming, Dongfang xiaochui had finished her shower and was walking out of the bathroom. However, she didn't know that Feng Tianlin already knew that she was going to get the Dongfang family to assassinate Xu Shihan. She even said to Feng Tianlin gently, ""Tianlin, it's your turn to shower. I'll be waiting for you on the bed!"

"Wait? Are you going to wait for my daughter to be killed by you?" Feng Tianlin said coldly.

"Tianlin ... W-what are you saying? What do you mean by your daughter was killed?" Dongfang xiaocui was shocked, and her face turned pale. However, she still tried to defend herself, ""Tianlin, I don't understand what you're saying. Didn't we agree to be intimate?"

"Dongfang xiaocui, stop pretending. You sent the message yourself. Are you going to deny it? Do you want me to show it to you personally?" As Feng Tianlin spoke, he threw Dongfang xiaocui's phone in front of her and said coldly, ""I've seen the messages between you and your brother, Dongfang jinxing. Are you still trying to deny it?"

Chapter 3069 Spilled Water Can Not Be Collected

"I...I ..." Dongfang xiaocui was completely dumbfounded. She was actually a woman without much of a mind of her own. Even when she killed someone, she didn't know how to hide it. She thought that Feng Tianlin would definitely not see her text message, but to her surprise, Feng Tianlin really did see it. She didn't know how to explain it.

"Dongfang Xiao Cui, I know you've been trying to kill Xu Shihan, but she's innocent! No matter what, she's my daughter. She doesn't even know about this, and you can't tolerate her? She can't endanger your position, and she can't endanger Feng shangxin's position. Why do you keep chasing her? I'm afraid that you're also related to what Tianhu did before, right?" Feng Tianlin wasn't stupid. He knew that Feng Tianhu was behind the assassination of Xu Shihan, but it was impossible to say that Dongfang xiaocui wasn't involved.

"I...I'm sorry, Tianlin ..." Although Dongfang xiaocui hated Xu Shihan, she didn't want to ruin their relationship. Feng Tianlin's words made her feel that Xu Shihan's death wouldn't affect anything. She was a girl, and she couldn't compete with Feng Shashi for the head position. She wasn't Feng Tianlin's lover, either, she was just his lover's daughter, and it didn't matter!

However, Dongfang xiaocui was worried about Feng Shangshi's safety, so she told Feng Tianlin everything she knew, ""Tianlin, listen to me. I'm doing this for the poem!"

"For the poem?" Feng Tianlin furrowed his brows and asked coldly, ""Why do you say so? What did it have to do with poems? Let's see what excuse you can come up with!"

"It's like this, Tianhu said that our Shangshi killed against the sky. He said that he wants to pay with his life, and that he'll only be at ease after killing one of your children. As long as Xu Shihan is dead, he won't pursue Shangshi's crime of murder ..." Dongfang xiaocui didn't dare to hide anything, so she revealed Feng Tianhu's intentions.

"A woman's opinion!" Feng Tianlin didn't know whether to laugh or cry, but he was even more furious. "You even believe his words, do you have a brain? Nitian wasn't even killed by Feng Shangshi! Besides, even if he did kill him, father wouldn't be able to do anything to him. He's the only bloodline of the ancient Feng family, and if he dies, our Feng family will have no descendants. Do you think that's possible?"

"I ..." Dongfang xiaocui stammered, not knowing what to say.

"Tell your brother to cancel this plan!" Feng Tianlin roared.

"Oh, oh ... Okay ..." Dongfang xiaocui quickly picked up her phone and dialed her brother, Dongfang jinxing's number.

"Little sister, did you receive my message? I've told the old man about this, and he agreed to it. You know, he's no longer weak to his grandson, and he really dotes on him a lot. I heard that he's in love with a woman, so he decided to send a Sky Class early phase instead of an Earth Class. What do you think? That bitch Xu Shihan is dead for sure!" Dongfang jinxing picked up the phone and said excitedly to Dongfang xiaocui before she could say anything.

"Ah?" Dongfang xiaocui was stunned for a moment, but she quickly replied, ""Big brother, cancel this plan, don't kill Xu Shihan, there's no need to send people!"

"Little sister, what do you mean by this? Why did it get canceled?" Dongfang jinxing asked, stunned.

"Big brother, Tianlin has found out. I don't want to argue with him, so let's cancel it ..." Dongfang xiaochui still cared about Feng Tianlin.

"Little sister, I'm telling you, buque already knows about this matter, and our Father also knows about it. He has already given the order to send people, but you suddenly canceled it. Do you think buque will let it go? Do you think that father's words are casual?" Dongfang jinxing suddenly changed the topic and said, ""I think you know what kind of person father is, right? His words carried enormous weight. No one could refute his words! You and I can 't! Moreover, after she won't lose, the old man doted on her a lot. Even if she wanted the stars in the sky, the old man would think of a way. Do you think that you can quit just because you're not weak? If you pique his interest, the old man will make his wish come true no matter what!"

"This ..." Dongfang xiaocui was dumbfounded. She could understand Dongfang jinxing's words. She knew master Dongfang's personality very well. Once master Dongfang had made his decision, he would never change it. Moreover, it involved Dongfang buruo. In this case, it was already set in stone, and there was no way to change it!

"Alright, little sister, you talk to brother-in-law. It's just an illegitimate daughter. Let's forget about it. He doesn't want the old man to be unhappy, right?" "If there's nothing else, I'm hanging up. You try to persuade him!" Dongfang jinxing said.

"Okay ..." Dongfang xiaocui had no choice but to hang up the phone.

The room was very quiet, so Feng Tianlin could clearly hear the conversation between Dongfang jinxing and Dongfang xiaochui. He was suddenly a little dazed. He didn't expect things to have developed to this extent!

Now that old master Dongfang had intervened, it was no longer something that ordinary people could control. Unless old master Feng could make a phone call to come out and make peace, there was no way to reverse this situation.

But the problem was, Feng Tianlin would never ask old master Feng to plead for him. Xu Shihan didn't return to the family, and she was a girl. Old master Feng wouldn't offend old master Dongfang for her!

Plus, with Feng Shasha "poisoning" Feng nitian, no matter what Feng Tianlin said to old man Feng, he wouldn't let old man Feng help ...

"Tianlin, I've tried my best, but ... You know my father ..." Dongfang xiaocui looked at Feng Tianlin weakly.

"Hmph!" Feng Tianlin was so angry that he snorted. "You incompetent old woman!"

"Tianlin, I'm sorry ..." Dongfang xiaocui could only apologize.

"Wrong? what's the use of being wrong?" Feng Tianlin waved his hand impatiently and left the room. He was extremely frustrated. This matter had already been made irreversible by Dongfang xiaocui, and since there was nothing he could do, he had to think of a solution!

If it was a normal practitioner, it would be fine, but it had to be the early phase Sky Class from the Dongfang family! This was someone that even Feng Tianlin couldn't face head on-he was at the peak of Earth Class late phase, and although he was about to break through to Sky Class, he was still an Earth Class. Even if he broke through to the early phase of Sky Class, he still wouldn't be able to fight against a Sky Class that had been famous for a long time!

Chapter 3070 Hiring A Bodyguard

And so, either he let Feng Shanshan handle this personally, or he had to find a strong bodyguard for her. Feng sanhuang obviously wasn't qualified-he was just child's play in front of a Sky Class.

However, Feng shangxin couldn't leave house Feng at all. If she left, people would think that she ran away to avoid punishment. So, Feng Tianlin could only help Xu Shihan find a bodyguard from another source!

Feng Tianlin knew Dongfang buruo's personality quite well. This kid was a little debauchee, and if he couldn't get what he wanted, he would keep pestering her. So, if Xu Shihan didn't have a strong bodyguard by her side, she would be in real danger!

But where was he supposed to find a Sky Class to be his bodyguard? After all, Sky Class Masters had their pride-what Sky Class could be a bodyguard for a celebrity? Even if this singer was an illegitimate daughter of the ancient Feng family, it wouldn't do!

Those Sky Class Masters were all noble houses "guests-letting them go on a mission once in a while and giving them the benefits was enough, but to let them stay by one person's side as bodyguards-Feng Shasha couldn't do that!

Perhaps only old man Feng would personally give the order for the family's sky rank elders to be bodyguards? He, Feng Tianlin, didn't have that kind of strength!

However, Feng Tianlin had no other choice but to turn to any doctor in this desperate situation. He knew of a mission publishing platform in the secular world, so he filled in his requirements with the intention of giving it a try!

"Bodyguard, Sky Class. The protected can follow the bodyguard wherever he goes, and the monthly salary is one hundred million."

After thinking for a long time, Feng Tianlin changed it again and again. He made the conditions as loose as possible, because he knew that Sky Class Masters had their pride and temper-it was unrealistic to expect him to be Xu Shihan's bodyguard. He could only let Xu Shihan stay by her side, and let her move her work to the city where Sky Class Masters could move freely-it was also a form of respect for Sky Class Masters!

A salary of 100 million a month might seem like an astronomical figure, but it was actually not that high! Which family's Sky Class guest wouldn't use more cultivation resources than this? 100 million was still a small number.

However, it was hard to say if there were Sky Class Masters who could see it on a platform like this in the common world, but Feng Tianlin was in a rush right now, and this was the only way he could post the mission!

After all, only the blood-clad yellow spring sect could be hired in the ancient world. They could be used to kill people, but not as bodyguards.

However, to Feng Tianlin's surprise, there was a response less than half an hour after he posted the mission. The phone number he left behind actually rang! If he ruled out the possibility of a mistake, this call must have been from the person who accepted the mission!

This was because this was an uncommon phone number. Almost no one knew this phone number. Moreover, the phone had just been turned on, so the only way to receive a call was through the mission publishing platform.

With that thought, Feng Tianlin picked up the phone excitedly. "Hello, how are you?"

"You're Mr. Xu, right?" A deep male voice came from the other end of the phone.

"Yes, it's me!" Feng Tianlin became even more excited. Mr. Xu was a surname that he had randomly made up on the mission announcement website. It seemed that the other party had indeed called him about this matter.

"I can accept the mission conditions you have proposed. However, the monthly salary is a little low. You can increase it a little!" The other party went straight to the point.

"This ..." Feng Tianlin knew that a hundred million wasn't a lot for a Sky Class master, but he didn't have that much money in his private stash. He couldn't just let the ancient house Feng pay for it, could he? So, after a moment of hesitation, he said, "How about 150 million?"

"Alright, 150 million, but you'll have to add some cultivation resources. If I need anything, you'll have to do your best to help me find it!" The other party thought about it and agreed.

"That's not a problem. As long as you do your best to protect my daughter, it's not a problem to find some cultivation resources." Feng Tianlin agreed without hesitation. To him, finding cultivation resources was much easier than making him pay another 50 million.

"Then there's no problem. I'll accept your mission now!" The other party said.

"Wait, how can I believe you? You're a Sky Class?" Feng Tianlin asked hesitantly. It wasn't that Feng Tianlin was suspicious, but that things had gone too smoothly. He had just posted the mission not long ago, and someone had already applied, and they even met the requirements!

One had to know that Feng Tianlin found a Sky Class master, not a normal killer-he found one just like that? He found it unbelievable.

"I'm not a Sky Class, but the people I sent were Sky Class early phase. " The other party said.

"Oh? That's fine, but we'll make a deal-if it's not a Sky Class early phase, I won't keep my promise!" Feng Tianlin was afraid of a scammer, so he told sanhuang in advance. Feng sanhuang wasn't a strong practitioner, but he could tell that it was a Sky Class master. If the person was a fake, Feng Tianlin wouldn't transfer the money to him without Feng sanhuang's confirmation!

"Sure, you can pay after you meet." The other party said straightforwardly.

"Alright, how do we contact each other?" Feng Tianlin asked.

"I'll get him to call you to arrange a place. " "Alright, I'll accept your mission!" The other party said.

After that, the other party hung up the phone. Feng Tianlin also saw that the mission he had posted on the computer had been accepted by someone else! Feng Tianlin subconsciously pointed at the level and credibility of the person who accepted the mission, but when he looked at it, he was shocked!

The mission completion rate was actually 100%, and it was the highest level of the crown assassin in the mission delegation network!

Could it be true? Feng Tianlin didn't believe that a common World Mission network could have a Sky Class master, but this person didn't look like a scammer-he was a high level master. With a 100% mission completion rate, there was no need to ruin his reputation because of this mission!

After all, 150 million was not a small amount, but it was not a lot either! Most of the assassination missions here could earn up to ten million. Since this person had such a high completion rate, he must have seen money before. So, Feng Tianlin was full of confidence in this bodyguard!

After settling such a big matter, Feng Tianlin was ready to discuss it with Feng shangxin again!
