

## Bodyguard 3121

### Chapter 3121 Preparing To Leave

Qibing was stunned when he saw Mengyao. He never thought that Mengyao would become the head of the Dark Palace. He thought that Mengyao and Lin Yi were dead!

However, as shocked as Qibing was, he wasn't too afraid. After all, in the dark Palace, the one who had the final say was still the Grand Elder, not the palace Master. So, Qibing changed his mind and decided to get close to the Grand Elder and drive a wedge between them. He wanted to make Chu Mengyao's status in the dark Palace drop to the bottom, even worse than ye Wan 'er' S. He believed that with his capabilities, it wouldn't be too difficult to do that.

However, things weren't as he thought. Chu Mengyao, the palace Master, seemed to be extremely strong, and even the Grand Elder had to be afraid of her. This made Zhao Qibing deeply worried, and when Chu Mengyao said that she would kill whoever dared to stop ye Wan 'er, Zhao Qibing was scared out of his wits!

He couldn't help but be scared. He just realized that the Dark Palace was Chu Mengyao's territory. A new era had arrived. The days of the Grand elder's power were long gone. Now, Chu Mengyao's appearance represented the entire Dark Palace, and she was the one who had the final say!

Even the Grand Elder had to respect Mengyao's opinion and lower his voice when she questioned him!

Qibing was about to jump out and stop them-he just wanted to make things difficult for Lin Yi and Mengyao for fun, but he could only stay silent now, unless ... He wanted to die!

"I ... Go back?" Ye Wan 'er heard Chu Mengyao's words and froze,""If I go back, what are you going to do? How lonely is it?"

"It's okay, mom. No one dares to bully me in the dark Palace, right, Grand Elder?" Mengyao turned to the Grand Elder.

"That's right! Whoever dares to bully Palace Master Yao Yao, I'll be the first to kill them!" The Grand Elder quickly said.

"Since that's the case, I can accept the inheritance and cultivate in peace. Mother, you should be relieved, right?" Since the Grand Elder had made his stand clear, Mengyao couldn't just sit back and do nothing. She had to respond and hint to the Grand Elder that she could only cultivate in peace after Wan 'er left. She had promised the Grand Elder that she would cultivate, and she was also hinting to the Grand Elder that she would only cultivate obediently after Wan' er left.

Wan 'er looked at the Grand Elder in shock. She didn't expect the Grand Elder to say something like that. It seemed like her daughter was much more powerful than her. She couldn't afford to lose out in the dark Palace.

"Then ... I'll go back and take a look ... If I miss you in the future, I'll bring your dad to visit you again, Yaoyao." Ye Wan 'er wanted to go back as well. Since Chu Mengyao was fine here, she really had to go back.

"En, you can come at any time. If it's not convenient, I can go and see you! After all, it's a bit far, and I'm afraid it'll be inconvenient for you to travel a long distance. " "Daddy's just a normal person,"Mengyao said." He can't take it!"

"That's fine, I'll send a car to pick them up!" The Grand Elder said quickly. She was afraid that Mengyao's cultivation would be affected if she went back to Donghai city, so she'd rather send someone to pick up ye Wan 'er and Chu pengzhan.

"That's still a long journey, right?" "Are there any easier mantras that are suitable for daddy to practice?" she asked.

After all, Chu pengzhan was old and not a practitioner, but Chu Mengyao also wanted him to live a long life. How could he let go of this opportunity?

"This ... Ye Wan 'er, you can go to the Scripture chamber to look for it later. See if there's anything suitable." The Grand Elder said.

"Many thanks, Grand Elder!" Ye Wan 'er was both surprised and happy. She had not expected that her life would be filled with hope all of a sudden, and all of this was brought about by her daughter.

"What are you thanking me for? I'm the palace Master of the Dark Palace, and you're my mother and the former palace Master. What's the difference between the things of the Dark Palace and those of our own home?" "Right, Grand Elder?" Mengyao asked.

"That's right!" The Grand Elder quickly said.

Zhao Qibing's heart was cold. It was over, it was completely over. The Dark Palace was now Chu Mengyao's world. His future days were going to be tough. What should he do? Qibing was deep in thought-he had to find a new way out.

"Right, do you have a Foundation establishment pill or something? My dad's so old, and he's been training hard. Zhao Qibing has already taken the pill, and my dad hasn't, isn't that a little too much?" Mengyao asked.

"The foundation building elixir ..." The Grand Elder was very depressed. I didn't ask your father to cultivate. You were the one who suggested it. Now you're saying that it's not easy to cultivate without the foundation building elixir. Aren't you scamming me? Plus, Qibing's Foundation egg wasn't from the Dark Palace, it was from the Hidden House Zhao! However, even though the Grand Elder was unhappy, he still said, ""No, I don't. As you know, the Dark Palace doesn't have an Alchemist. I do have some materials, but they're not finished products!"

"Oh, the materials are fine. Lin Yi can make pills, give them to me!" "Mom, take all the ingredients and Lin Yi will make the pill for you," Mengyao said without hesitation.

"Okay, Yaoyao ..." Ye Wan 'er saw Chu Mengyao's self-righteousness and her heart moved slightly. She didn't know what Lin Yi's relationship with Chu Mengyao was. If he was just a bodyguard, he wouldn't listen to Chu Mengyao like this, would he?

However, ye Wan 'er did not ask much. After all, she had never raised her daughter, and it was not appropriate for her to ask about her daughter's private life.

The Grand Elder finally saw ye Wan 'er off and let out a breath of relief. Although ye Wan 'er had brought along many good things from the Dark Palace, the Grand Elder didn't care about the heartache. Sending her away so that Chu Mengyao could cultivate in peace was the Grand elder's greatest wish.

After that, Chu Mengyao didn't say anything more. She followed the Grand elder's instructions and attended the inauguration ceremony. Then, under the worship of all the disciples, she became the new palace Master of the Dark Palace.

"Zhao Qibing!" The first thing Mengyao did as a Palace Master was to punish Zhao Qibing.

"Palace Master, I'm ... Here ..." Qibing's forehead was covered in sweat, his heart filled with regret. He could have chosen any ancient sect, why did he have to choose the Dark Palace? Damn it, this Chu Mengyao wouldn't stop until she killed him!

It seemed like she'd better consider joining Kang Zhaoming and starting all over again. Otherwise, it'd be impossible for her to go against Lin Yi in the dark Palace! The palace Master was Lin Yi's woman, wasn't she just asking for trouble by staying here?

Chapter 3122 Tian Gang's Thoughts

It was a good thing that the sky elixir sect had some sort of grudge against Lin Yi. Although the sky elixir sect's sect master had helped Lin Yi once for some reason, it was probably because he didn't like the Dark Palace, so he helped Lin Yi out of convenience. Zhao Qibing didn't believe that the sky elixir sect would be able to form a friendship with Lin Yi!

Plus, Kang Zhaoming had called him before to show off, saying that he had cut off Lin Yi's source of income. Under his suggestion, the heavenly pill sect had taken over the entire practitioner's trade Association's pill market. This way, Lin Yi would be in financial trouble. Although they couldn't cause Lin Yi any physical damage, causing him mental damage was still a victory.

And so, Qibing believed that as long as he maintained a good relationship with the sky elixir sect's young master, Lin Yi would be dead for sure. The sky elixir sect's young master was a man, he couldn't be Lin Yi's woman, could he?

Hehehehe, good thing I didn't do anything stupid, just watch how I'll play you to death!

"From today onwards, you're to clean the toilet!" Mengyao said faintly.

"Yes ..." Zhao Qibing didn't reject it. He knew that if he rejected it, Chu Mengyao would think of other ways to get back at him, so he agreed without hesitation.

The heavenly elixir sect!

Vice guild leader Ouyang didn't say anything, but the Grand Supreme's honorary guild leader's spy in the practitioner's trade Association's market had reported Lin Yi's visit. It wasn't specific, but it was easy to guess that Lin Yi had lost.

It wasn't a secret, and the news spread quickly within the sky elixir sect. Naturally, Tian Gang knew about it as well.

However, there was nothing she could do even if she wanted to help. She could not disobey patriarch xuanchen's orders for no reason, right? That way, no matter how stupid the xuanchen ancestor was, he would be able to see that she was helping Lin Yi.

Sigh, it could not be helped. Although Tian Huan was a powerful sect master, when it came to some small matters, it was fine if patriarch xuanchen intervened.

Tian die, who was standing beside Tian Gang, was surprised. Why was Tian Gang paying so much attention to Lin Yi? Was there something special about this Lin Yi? But Tian die didn't find anything special. He was just a freelancer-if Lin Yi didn't help last time, he wouldn't even be able to deal with the Dark Palace.

But no matter what, from Tian die's point of view, Tian Gang was always right. No matter what Tian Gang did, she would blindly follow him. Since Tian Gang paid attention to Lin Yi, she decided to pay attention to Lin Yi too.

"Tiandie, can you help me investigate if Lin Yi is in need of money?" Tiandie didn't know about Lin Yi's company-it was too far away from her, so she decided to let her know.

"Yes, young sect master." Tian die responded and disappeared from Tian Huan's window.

After tiandie left, Tian Gang's face blushed and he pursed his lips, feeling lost about the future. He seemed to have feelings that didn't belong to him. Did he fall in love with Lin Yi?

If that was the case, what was he going to do in the future? She couldn't be the heir, but she was still the young master of the sky elixir sect. Her brother wasn't qualified to be the young master, and Tian Gang couldn't bear to force him into the position.

But, this way, she couldn't return to her female identity no matter what. Even if she could meet Lin Yi again, she could only use Tian Gang's identity and not the heavenly silkworm transformation. This secret, she had to bury it forever.

In patriarch xuanchen's room.

"Great news, father-in-law! Lin Yi went to the practitioner's trade association to sell some pills, but they didn't accept it!" Zhaoming excitedly told the news to the xuanchen ancestor.

"Yeah, there's nothing to be excited about. It's not a big deal." Patriarch xuanchen waved his hand and said, ""We can only cause Lin Yi some financial problems, we can't let him suffer any serious injuries."

"That's true. Oh right, Lin Yi asked me how the Qi gathering pill is going, father-in-law, when are we going to start making Lin Yi the pill?" Kang Zhaoming asked.

"There's no rush for now. The incident with little one and little eleven has already raised boss Bai's vigilance. If Lin Yi dies from a pill this time, he won't let it go so easily. Let's wait a little longer. When the wood element inheritor is fully cultivated, I'll have nothing to fear and can deal with Lin Yi without any worries. " Said patriarch xuanchen.

"Alright, father-in-law. In that case, we'll continue to refine first and second grade pills for the time being, right?" Kang Zhaoming asked.

"That's right. Use all of the five elements sect's money to buy the materials for the first and second class pills and make them as quickly as possible. You should know that the demand of the practitioner's trade association is very high. We'll make this market saturated so that Lin Yi can't get his hands in it. "

"Furthermore, we can also refine more stock," said patriarch xuanchen. "If we don't have the time to refine in the future, the cultivators trading Association won't run out of stock."

"Alright, I understand." Kang Zhaoming nodded. However, even if the sky elixir sect and five elements sect made the pills together, the cost of making the pills would still be high. After all, even if it was a grade one or two pill, there was no guarantee of success rate. Also, if you made too many, you wouldn't have enough energy, and the failure rate would increase.

Moreover, not all alchemists were second or third-grade alchemists. There were many Alchemist disciples who were lucky to succeed in refining one out of two pills!

Fortunately, although the cost was high, the selling price was higher. Even if it was cheaper, there was still a huge profit. Otherwise, with patriarch xuanchen's personality, he would not do business at a loss.

There were many ways to attack Lin Yi, and there was no need to lose money and make a profit! It was patriarch xuanchen's personality to harm others and benefit himself at the same time.

Half of Dongfang Qian's eye socket had been cut off. Although he had taken the small reversion pill and stopped the bleeding, eye sockets could not be regenerated. When he went back, he could only think of a way to make fake eyeballs and a protective skull.

"I'm not done with you, everyday and every day sect!" After Dongfang Qian ran away, he crouched in an empty place and gasped for air. He took out his phone and dialed Dongfang jinxing's number.

"Dong fanghard, how is it? Have you arrived in Donghai city? Did things go smoothly? Have you found Dongfang Jian's murderer?" Dongfang jinxing asked.

"Master, we've found out. It's the everyday and every day sect!" "But I'm also seriously injured!" Dongfang Qian gritted his teeth and said.

"You? Was he seriously injured? What's going on? Is the murderer still around?" Dongfang jinxing was shocked and quickly asked.

Chapter 3123 Xuan Zhen's Interrogation

"Yes, he's still here!" "It's like this. I came to the cultivator trade Association's city square today to inquire about some news ..." Dongfang Yuan said angrily.

As he spoke, Dongfang Qian told Dongfang jinxing everything that had happened. After Dongfang jinxing heard it, he was furious. "The everyday and every day sect again? Are you sure they did it?"

"Young master, don't forget that young master bulose died because of Zhang naipao's ultimate hell fist, and I've been hit by it too. That magical feeling can't be faked, at least other than the hell fist of the everyday and every day sect, I really don't know any other sect's skill that has such a magical effect!" Dongfang Qian said with certainty.

"En, what you said makes sense! We'll remember this grudge from the everyday and every day sect. Don't worry about Dongfang Jian's grudge for now, I won't dare to take revenge on Dongfang Jian for now, so don't be impulsive!" Dongfang jinxing tried to persuade him. He was afraid that Dongfang Qian would do something stupid and fight against the everyday and every day sect.

"I know that, young master. Don't worry, I also know that I'm not their match. The people from that sect are all perverts, and they can even fight enemies above their level!" "That's right!" Dongfang Qian nodded. "We need to plan for revenge. It'll be easier now that we have an enemy!"

"It's good that you understand! Also, the cultivators trade association should not be provoked if we can avoid it. You also said that the Vice President may have been threatened by the everyday and every day sect. In fact, this matter has nothing to do with him. Let's forget about it in the future. It's not appropriate for our Dongfang family to make too many enemies now!" Dongfang jinxing reminded.

"I understand. I won't." In reality, he didn't blame vice guild leader Ouyang. Although vice guild leader Ouyang had slashed him once, it was to save his life. Dongfang Qian had placed all of his hatred on the everyday and every day sect.

From his point of view, if it wasn't for the pressure from the everyday and every day sect, why would a powerful existence like the cultivators trading Association need to lie to them? The only possibility was that the everyday and every day sect was too powerful. The cultivators trading Association did not dare to offend them casually, so they helped them hide it.

After all, even though the Dongfang family was a top ancient sect, they were still far from a giant like the everyday and every day sect!

"Right now, what you need to do is to cooperate with Dongfang buruo and capture Xu Shihan. Then, return to the Dongfang family immediately and don't do anything else." Dongfang jinxing instructed.

"Yes!" Dongfang Yuan was injured, and he could only deal with Xu Shihan and her people. He didn't have the guts or the ability to go after the disciples of the everyday and every day sect-that was the same as sending himself to his death!

"Ah, if only the two old masters were here, things would be much easier if they were to help ..."

Dongfang jinxing hung up the phone and sighed, but he was just thinking about it. The two old masters had disappeared for more than a decade, and there was no news of them. Although the Dongfang family had two Sky Class late phase peak Masters in name, it was just in name. This was also why Dongfang jinxing had been holding back. There was no other way, even though their Masters had left. However, there was a new successor, but the Dongfang family had no successor. Dongfang Badao and Dongfang Yinxing had not made it to the top yet, so Dongfang jinxing could only bear this grudge in his heart.

After Dongfang had rested for a moment, he quickly rushed to the hotel where Dongfang buruo was staying. However, when Dongfang buruo opened the door, she was shocked!

"What ... What happened to your head?" Dongfang buruo was puzzled. Why did his father send him an injured person? The previous two who weren't injured were dead, so what use could this injured person be!

"I met an enemy, it's nothing. I'll go with you to find Xu Shihan tonight!" Dongfang Qian shook his head, indicating that he had no problem with it.

"But ... Are you a match for them?" Dongfang buruo asked worriedly.

"It's fine. The Grand Elder of the Dark Palace has already left with Chu Mengyao. There's no threat in the villa now. " Dongfang Qian said with a wave of his hand. He'd already done his research, and that's why he was willing to help Dongfang buruo cause trouble for Xu Shihan. If the Grand Elder still hadn't left, then he'd better run away as soon as possible.

"Good! We'll go there when it gets dark!" Dongfang buruo nodded and didn't ask any further. Since Dongfang Qian didn't want to say anything, why would he care how Dongfang Qian's brain was damaged?

Within the five elements sect.

"Second senior brother Xuan Zhen, is there something you need from me?" Patriarch xuanchen asked patriarch xuanzhen with a smile.

"Xuanchen, I heard that you asked the elders and disciples of our five elements sect and sky elixir sect to start refining first and second-grade elixirs?" "Aren't you just wasting time?" patriarch Xuan Zhen asked with a frown. Do we still need to make those things?"

"It's like this, second senior brother. I'm doing this for the sake of our five-elements sect. Although we're from the upper echelons, we're in a money-making society now. We don't have enough money to buy the raw materials for alchemy. I just want to make more money, don't I?" Patriarch xuanchen smiled bitterly and said, "second senior brother, you don't know how expensive daily necessities are. You're not in charge! The resistance suppression pill that you made for the opening of the Sky Class Island not only required a lot of spirit herbs, but also a lot of supplementary herbs. Don't you have to buy them? Our five elements sect doesn't have that much savings, so we can only earn money by selling these first and second grade pills. "

"Like this?" Patriarch xuanzhen was slightly stunned. He really did not know about this. He was not in charge, so he did not know how much savings the five elements sect had. Hearing xuanchen's words, it seemed to make sense, so he did not say anything more. "If that's the case, then you guys can continue!"

"Alright, second senior-you don't have to worry about that. Just focus on making the Sky Class Island pill. I'll take care of the rest." Only Zhaoming, xuanchen, and the others knew the dirty things behind the crown.

"Oh right, there's one more thing I called you here for-get Kang Zhaoming to help me out. I don't have enough manpower to make the Sky Class Island pill, so I need to find someone I can trust." Said patriarch Xuan Zhen.

"Kang Zhaoming ..." Patriarch xuanchen hesitated. ""He's going to marry my daughter soon. He doesn't have much time to help you. How about we ask Tian Ji to help you?"

Chapter 3124 The Magical Medicinal Cauldron

"That's fine too, but with the sky elixir sect's matters, she'll be busy. " Patriarch Xuan Zhen had no choice but to nod."How about this, I'll go look for her myself. Let's not delay the sky elixir sect's operations."

"That's fine too, as you like, second senior. " Patriarch xuanchen did not mind.

Patriarch xuanchen didn't waste any time. He packed up his things and went to find Tian Gang. The plan for the Sky Class Island was about to start, and he had to start refining the first layer of defense elixir. Otherwise, he wouldn't have enough time.

Tian Gang was slightly surprised by the arrival of patriarch Xuan Zhen. ""Master, why did you come here personally? If there's anything, just summon me and I'll be there!"

"I'm here to stay here for a long time. I need your help with something!" "It's like this," ancestor xuanchen said."I'm going to refine the first stage of the plan to open the sky Class Island, but I need someone to help me. I can't refine this type of pill by myself. Someone has to take over from me halfway!"

"Oh? If master has any instructions, please let me know ... But to take over halfway, this ... Although I'm also a third grade Alchemist, if there's a small error in my control of temperature, then it'll all be wasted!" Tian Gang said with a serious expression.

"Hehe, you don't need to worry about that. Master has a divine tool here that is specially used to refine this kind of medicinal pill!" Patriarch Xuan Zhen laughed and said proudly.

"Oh? There's such a divine weapon?" "What is that?" Tian Gang was stunned.

"This is it!" Patriarch xuanzhen took out a Grade 3 cauldron from his bag. However, this cauldron was different from the other cauldrons. It had a row of thermometers and a few seconds watches. It looked very strange.

"What ... What is this? He looks so strange!" Tian Gang looked at the grade 3 cauldron in patriarch xuanzhen's hand with a strange expression. "It's sick? Why are there so many thermometers stuck in them?"

"Cough ... Cough ..." Patriarch xuanzhen coughed when he saw Tian Gang's innocent face. He wanted to show off, but Tian Gang didn't know what he was talking about! Patriarch Xuan Zhen had no choice but to explain, ""This divine weapon was made by a genius girl I met by chance back then. She helped me modify it!"

"A genius girl? Modification? Then what's the use of this?" Tian Gang asked in surprise.

"Tianshuo, look here. There's a stopwatch and a thermometer, right? there's a scale on the thermometer, right?" Patriarch Xuan Zhen pointed at the item on the cauldron and said proudly.

"I saw it, but what's the use of this?" Tian Gang was very puzzled.

"Hehe, it's very useful. The scale on the thermometer is the temperature needed for the countdown shown on the stopwatch below. I just need to condense a pill fire at this temperature according to the time on the stopwatch, and then I don't have to worry about anything else. I just need to watch the temperature of the thermometer remain constant until the countdown ends, and then the next stopwatch will automatically start. At that time, I'll still adjust the pill fire's temperature according to the temperature on the stopwatch, then continue to maintain the constant temperature and wait for the countdown to end." And so on. The next second ..." Ancestor Xuan Zhen said.

"This ... Is it that simple?" "What?" Tian Gang was a little surprised. "Doesn't that mean that if we follow the instructions strictly, we can have a 100% success rate?"

"Of course!" Patriarch Xuan Zhen nodded and said, "That's why it's called a divine artifact! As long as we can master the temperature of the pill fire, we can successfully form the pill! The success rate can reach a hundred percent!"

"Oh my God, this is amazing!" "But this seems to be very complicated, can it be refined into other pills?" Tian Gang exclaimed.

"That's impossible-the mechanisms are all set up, so you can only make pills for Sky Class Island like this!" Patriarch Xuan Zhen shook his head and said, "These mechanisms are calculated through a series of complex function formulas. It's not something that ordinary people can change easily. We can't do it. Don't look at how only these mechanical things are here. This is just the surface. There's actually a single-chip inside!"

"A single-piece chicken? What was that thing? A spirit beast?" No matter how Tian Gang looked at it, this medicinal cauldron didn't look like it could rear small animals.

"Ahem ... It's a type of electronic component, just like the central processing unit in a computer. We only need to operate it according to the temperature and time. However, we forgot one important thing, which is the fire! "This single-chip can automatically change the amount of fire produced by a stove-like stove in the medicinal cauldron through the temperature and time we input, achieving the purpose of changing the intensity of the fire! It's very complicated and can't be applied to other things. " Patriarch Xuan Zhen introduced.

"Then ... The person who invented this thing is really a genius!" Tian Gang really couldn't imagine that pill refining could be so high tech!

"That's right. Otherwise, I wouldn't have given her that thing back then!" Patriarch Xuan Zhen said with a nod.

"That thing?" "The one for little peach?" Tian Gang was slightly taken aback.

"That's right, that's it ..." Patriarch Xuan Zhen nodded and said, "I had originally prepared it for you and the heavenly transformation. I didn't expect that I wouldn't be able to use it."

"Hehe, I really want to meet this genius ..." Tian Gang said, "My surname is also Tian, how can I not be a genius!"

"Tiangang, I suddenly realized that you've become very cute today. Are you planning to return to your female form?" "What's wrong?" asked patriarch Xuan Zhen suddenly.

"I ... I didn't ..." Tian Gang's face turned red. Although she said she didn't, her expression betrayed her!

"Ah! "You've worked hard enough. If you really can't take it anymore, you can just recover. I'll train the sky changing technique again ..." Ancestor Xuan Zhen felt sorry for his disciple.

"No need, master, let's start refining pills now!" Tian Gang shook his head and firmly said, "It's alright. I'm doing pretty well now!"

"En, since that's the case, then I won't say anything more. In a moment, when my physical strength and true Qi can't keep up, you can directly connect with me here. During this alchemy process, there is a small pause here, which is also the reason why two people can refine together!" Patriarch xuanzhen pointed at the second meter and the temperature scale on the cauldron.

"Alright, I understand!" Tian Gang was also an Alchemist, so he could easily understand what patriarch xuanzhen meant.

As a result, the two of them began to seriously refine the medicinal pills

Chapter 3125 Han Jingjing's Invention

"Hu hu hu--han Jingjing stretched lazily and rubbed her big watery eyes-she placed the small stove in her hand on the table. She was very satisfied with this invention of hers-after a month of Research day and night-she had finally made this finished product!

Han Jingjing was very excited. She couldn't care less about her fatigue as she took the stove on the table and rushed downstairs, straight to Lin Yi's Villa!

Lin Yi heard a hurried knock on the door and thought that it was Dongfang Qian. He didn't expect to see Han Jingjing outside. "Jing Jing, didn't you go back to cultivate in seclusion? Why are you here again?"

"Lin Yi bro, Jingjing's invention was a success, so she ran over to let you see!" Han Jingjing raised the small stove in her hand, like a child who had scored 100 marks in an exam. She was extremely happy. "Lin Yi bro, do you think Jingjing's good?"

"Uh ... What's this?" Lin Yi pointed at the small stove in her hand and asked, "It looks like a grade one medicinal cauldron, but why is there an LCD screen on it?"

"Hehe, that's right, it's a grade one medicinal cauldron, but it's an Automatic Grade one medicinal cauldron!" "This is Jingjing's latest invention!" Han Jingjing said proudly.

"First grade cauldron? It's automatic?" Lin Yi blinked, his eyes wide. "Can I understand it as your medicinal cauldron being able to automatically refine pills?"

"Of course you can't automatically refine pills, you need an Alchemist to do it!" Han Jingjing explained, "However, it's a lot simpler. With this Automatic Grade one cauldron, the alchemist's body doesn't have to have any wood attribute, just the fire attribute. It's actually the same as quietly refining pills. There are hints on it when you need to change the temperature of the pill fire. You just have to change the temperature according to the time period, and the automatic Grade one cauldron can automatically adjust the flame according to the existing formula inside to replace the wood attribute. This way, The requirements for becoming an Alchemist are much lower!"

"This ... You can create a product?" Lin Yi looked at han Jingjing in disbelief. He didn't know what to say. If possible, he really wanted to pry open han Jingjing's little brain to see what was inside. An automatic medicine cauldron ... Only she could think of that, right?

"That's right, that's right, I saw that Lin Yi bro was in need of money, so I invented this medicine cauldron. This kind of medicine can be sold for sky-high prices to those hidden houses and ancient sects! You have to know that this is a high-tech product that can allow their Alchemist to form pills with a 100% success rate!" Han Jing Jing said.

"Jingjing ..." Lin Yi took a deep breath. He didn't know what to say. Han Jingjing had been in isolation for the past month. So, this was what she was busy with? Was it because he was short of money that he was doing this?

Looking at han Jingjing's thin face, Lin Yi couldn't help but hug her in his arms. "You've worked hard ..."

Han Jingjing's body froze for a second, but a look of happiness flashed in her eyes. She didn't struggle and just leaned into Lin Yi's arms. She was tired indeed. This past month had almost exhausted her to death. If she wasn't a practitioner, she might not have been able to hold on for long.

"It's fine, as long as I can help Lin Yi bro, I'll be happy!" Han Jing Jing said, "this grade one medicinal cauldron can currently refine ten different medicinal pills. However, Jing Jing suggests that we create three medicinal cauldrons. One is a medicinal cauldron that contains five commonly used medicinal pills, one is a medicinal cauldron with a single medicinal pill, and the last one is a limited edition that can refine ten medicinal pills. It contains two to three medicinal pills that can not be refined in the five medicinal pills or a single medicinal pill. The rarer an item is, the more expensive it is. It can be taken out for auction!"

Lin Yi suddenly realized that han Jingjing's business mind was also heaven-defying. It was originally a product, but she changed it into five in one, ten in one, and many Automatic Grade one cauldrons. This money was really easy to earn!

Lin Yi could already imagine how popular it would be if this thing were to go on the market. Which sect would not want to buy such a thing? In this way, not only could it increase the success rate of alchemy, but any fire element cultivator could also refine pills. It was not necessary to have wood element attributes. Which sect and family would not buy it?

He wouldn't have to worry about the sky elixir sect and the practitioner's trade association anymore, and he could make whatever pill he wanted to use anytime he wanted. How awesome and convenient was that?

What made Lin Yi happy the most was the fact that Kang Zhaoming got a bunch of rank one and rank two pills to support Lin Yi's business. It was great now. Lin Yi couldn't do anything about the rank two pills for now, but the rank one pills would probably pile up in Kang Zhaoming's hands in the future. He would either sell them at a lower price or who would buy them? It's so cheap to make it myself, and the cost is so low!

Lin Yi was just thinking about how he'd screw Kang Zhaoming over this time, and now han Jingjing had given him this heaven-defying gift. He'd hit a pillow when he was drowsy. Kang Zhaoming would probably be so angry if he found out.

"Jing Jing, you really solved a big problem!" Lin Yi sighed. The ancient sects and hidden houses "money wasn't easy to earn. One of Lin Yi's longevity and toxin cleansing pills could be sold for a couple hundred million in the common world, but would that be possible in the hidden and ancient worlds? It can 't!

It was just like how fruits had a different price in the country of origin and another price when air-flown overseas. However, han Jingjing was a money-snatching weapon.

"Yes, yes, but I don't know how much or how much it's going to be sold for!" "But Lin Yi bro can give this thing to the common house Liu, let them produce and sell it!"

"The common Liu family?" Lin Yi blinked-he'd wanted to work with the Vice-President of the practitioner's trade association, after all, since he was a trustworthy friend. He wouldn't forget about him if something good happened, but he didn't think that han Jingjing would suggest giving the sales rights to house Liu!

He looked at her strangely, remembering how she'd pleaded for the common house Liu. Did she have any connections with the common house Liu? But it was han Jingjing who invented it, and Lin Yi was already very grateful to her for giving it to him for free. Since she said she wanted to give it to the common house Liu, then he'd give it to them."Alright, I'll listen to you!"

Chapter 3126 Little 9th's Confession

"En, en, thank you Lin Yi bro!" Han Jing Jing said happily.

Lin Yi didn't know whether to laugh or cry."This is something you invented yourself. Even if you didn't give it to me, I wouldn't be able to say anything if you just went to the common house Liu to work with you. You're still thanking me?"

"No, Jingjing's things are Lin Yi bro 's, she doesn't have any ideas!" Han Jing Jing said as she lay in Lin Yi's arms.

"Holy sh \* t, shield bro, you're too fast! Although Yaoyao sis and I both acknowledge Jingjing, you can't just hug her at the front door right after Yaoyao sis left! You have to do it in the villa, and bring Shu along!" Yushu's voice came from behind.

Han Jingjing was a little shy as she struggled out of Lin Yi's arms and looked at Chen Yushu, "Jingjing's a little tired, so Lin Yi bro helped me up ..."

"I understand, I understand ... Eh? What's so fun about this?" Chen Yushu pointed at the automatic Grade one medicine cauldron in Lin Yi's hand.

"This is something Jingjing invented ..." Lin Yi explained the function of the automatic medicine cauldron to Yushu.

"No way? Jingjing, you're so strong! Shield bro's going to be rich this time!" Yushu's eyes were wide open as she looked at the automatic Grade one medicine cauldron in Lin Yi's hands.

"Haha ..." Lin Yi laughed, and han Jingjing was a little embarrassed.

"Right, shield bro, there's a computer program in this thing right?" Chen Yushu suddenly asked.

"Yes, there must be." Lin Yi nodded.

"Then you'll have to be careful-if there's a computer program in there, it'll have to be encrypted. The ancient sects and hidden houses might not understand it, but if they know someone who does, we won't be able to sell our products if they pirate it!" Chen Yushu reminded.

"You're right. There are many counterfeit goods now. If they are counterfeits after they come out, it would not be worth it." Lin Yi nodded after hearing Yushu's reminder."Shu, you've thought it through-Jingjing and I didn't think of that!"

"That's right, Lin Yi bro, Shu's right, we have to do it with encryption!" Han Jingjing nodded."But Jingjing isn't good at hacking knowledge like encryption and decryption. I'm not confident in asking someone to help me. This is a problem ..."

"A hacker?" Lin Yi suddenly smiled,"I do have a good friend. She's very good at computers, especially hacking. It seems that there's no problem leaving it to her. I have two mistresses who are also computer experts. When the time comes, the encryption will be so strong that even the ancient sects and hidden houses won't be able to copy it!"

"That's good ..." Chen Yushu was a little surprised. She didn't think that Lin Yi knew people in this area.

"Then, Lin Yi bro, you can go back to work on this first. Here's a flash drive, the design of this first class automatic cauldron and the source code of the single chip inside are all here. You can start researching and producing it now, Jingjing needs to go back and continue her research!" Han Jing Jing said.

"Continue the research? What else do you want to research? Isn't this enough?" Lin Yi blinked.

"This is only grade one. There are still grade two and three. However, grade one is easier. Jingjing has tested the materials for grade one cauldrons and found that they can be replaced with titanium alloy. However, grade two cauldrons are not that easy. If they are produced, they can't be mass-listed without a replacement. So Jingjing still has to continue working hard!" Han Jing Jing said.

"Then I'll have to trouble you!" Lin Yi didn't stop him, but encouraged him, "Jingjing, I'll be relying on you to earn money in the future."

"En, en, okay, Jingjing will be Lin Yi bro's money tree from now on!" Han Jingjing smiled, waved at Lin Yi, and ran back to her villa happily.

"Lin Yi bro, do you think that han Jingjing got close to you, helped you make pills, and even invented this for you? do you think she has a purpose?" Chen Yushu asked after han Jingjing left.

"Hmm?" Lin Yi blinked-Yushu rarely spoke to him in such a formal tone, but it had to be something important,"I can't tell. It's hard to imagine what her purpose is."

"That's right, a girl who's willing to give up her life for you, what purpose could she have?" Yushu shook her head, confused."Shu's a bit confused. Han Jingjing helped you so much and made this magical thing to make money for you. Could it be that she really admires shield bro, just like Shu?!"

"Pfft ..." Lin Yi didn't know whether to laugh or cry at Shu's words."If she's like you, it means that she's also very scheming ..."

"So annoying, shield bro, you're mocking me for being a schemer ..." Chen Yushu was not happy.

"It's not sarcasm. At least you won't harm me, right?" Lin Yi smiled, "I don't think han Jingjing would do that either. So no matter what, if she doesn't want to tell me, I won't ask. She's already given enough for me ..."

"And there's Yaoyao sis." Chen Yushu reminded.

"MHM, when I'm done here, I'll go to the Dark Palace and visit Yaoyao." Lin Yi nodded seriously.

Yushu went back to the TV happily.

After Lin Yi went back to his room, he called nine. Some things, since he had chosen to face it, Lin Yi wouldn't run away from it. Accepting the Miss and han Jingjing in succession made Lin Yi's mentality change.

Since the people around him had changed because of his appearance, and this change was irreversible, why did he still try to resist? It was better to let nature take its course!

"Eagle?" The ninth Princess was surprised to receive Lin Yi's call.

"Just call me Lin Yi from now on, or call me big brother Yi like seven," "I don't need the name" Eagle "anymore," Lin Yi said.

"Eh?" "What?" the ninth Princess was a little surprised. "You're not going to be formal with me?"

"No matter what, it can't change the fact that we grew up together. Why should it change?" "So, what do you think, 9th?" Lin Yi smiled. It's about your biological parents and brother. "

"I'm going to take a look. If an inheritor can really cure my illness, then I'd rather be an inheritor. I'm in a wheelchair every day and I can't see the sun anymore. It's too painful ...""Don't change the subject. Are you saying that you've decided to accept me?"

Chapter 3127 A Disappointed Call

"Accept you?" Lin Yi blinked.

"Let me be your girlfriend!" "Didn't you say that if you can't change it, then don't change it?" little nine said.

"I mean, we're childhood sweethearts. What does that have to do with you being my girlfriend?" Lin Yi couldn't help but smile bitterly. 9th sure knew how to push his luck!

"Isn't childhood sweethearts your girlfriend?" Little nine asked in return.

"Qiqi and I are childhood sweethearts, so she's my girlfriend? Doesn't that mean you're both my girlfriends?" Lin Yi asked back.

"That's right, who said it wasn't?" Little nine said matter-of-factly, "I have so many wives!"

Lin Yi was speechless. "Let's not talk about this for now. That ... You know that inheritors can't do that ... So, let's put the matter of a girlfriend on hold ..."

"I know, we just don't have to go to bed for now ... We can still hug." Little nine said.

"...Lil 'Jiu, when did you become so impure ..." Lin Yi sweated.

"Do you expect a girl who spends all her time on the internet and in the forum to be pure? "I can't even tell if it's a man or a woman ..." Little nine said.

"..." Lin Yi was speechless, "then let's talk when we meet, okay?" It's such a serious question, I can't explain it over the phone. "

"Alright!" Nine didn't say anything more to Lin Yi this time-she knew when to stop. If it weren't for the fact that she'd heard about Lin Yi's change from Qiqi, she wouldn't have pushed him so hard today. If it were the old Lin Yi, she'd probably just shut up!

"Oh right, little 9th, I'm calling you this time because I need your help with something!" "Are you good at encryption on a single chip?" Lin Yi asked.

"A single chip. Most of the single chips in the world can decrypt. Why are you asking this?" Nine was a little confused as to why Lin Yi was asking about this.

"It's like this ..." Lin Yi told her about han Jingjing's invention of an automatic medicine cauldron that could make pills.

"Oh, that's easy. Send me the source program, and I'll help you encrypt it. Put it into a kind of single chip that godmother and I developed when we had nothing to do. There's no information on this kind of single chip in the world. The encryption is very powerful, and it's very difficult to crack it." Little nine said directly.

"Okay, I'll send it to your e-mail later." Lin Yi let out a breath of relief after settling one thing.

"En, and then you want to generate a variety of programs, right? Tell me what you want each of them to look like and what their functions are. I'll help you integrate and encrypt them." Little nine said.

"No problem," he said. "How's Qiqi doing?" Lin Yi nodded.

"It's still the same. After little Seventh Sister knew that she didn't have to run around for my illness, she devoted herself to helping you find the blue crystal and other things. She will inform you once there is news." Little nine said.

"Alright, I won't be busy for a while. I'll go back and take a look." Lin Yi said.

After ending the call with nine, Lin Yi hesitated for a moment before calling Jinghan. This time, he didn't look for Tianyi, but Jinghan. He didn't know why, but maybe he wanted to prove something.

"Mister Lin Yi?" Jinghan picked up quickly, her voice happy but also worried.

"Ms. Liu Jinghan, I heard that the bank's starting to chase after you for your debt?" Lin Yi asked directly.

"Yes, the Liu family owed a lot of debts." Jinghan didn't try to hide anything, "But Jinghan's already working hard, trying to find new money-making projects ..."

"Keep the change, I'll give you one." With that, Lin Yi told Jinghan about the automatic Grade one medicine cauldron that han Jingjing had invented.

"There's such a magical thing? Jinghan really admired the person who invented it ...""It's not very good for Jinghan to get such a good deal, right?"

"It's nothing bad. The inventor said that he wanted to give it to your Liu family. She's very important to me, and so are her words. Therefore, I'll give it to your Liu family!" Lin Yi said.

"En, en!" Liu Jinghan was very excited.

"What did you just say?" Lin Yi blinked.

"I'm sorry, Mr. Lin, I lost my composure. This thing is too magical, and I'm very excited. I think that when this thing goes on the market, the hidden houses and ancient sects will all come to get on house Liu's good side ..." Liu Jinghan said sincerely.

"Alright, I'll leave the marketing planning to you." Lin Yi nodded and didn't say anything else. "I hope you won't let down my friend's efforts. You must make this medicinal cauldron a good one!"

"Don't worry, Mister Lin. I will do my best!" Jinghan said.

"That's good. I won't say anything else. " "But, you'd better come to Donghai city to get the sample yourself," Lin Yi said. "I'm worried about sending it to you, after all. You've never seen the theory of the cauldron before, so I'll have to explain it to you personally ..."

In fact, Lin Yi's words were just an excuse. He suddenly had a very persistent thought in his heart, and that was to see Liu Jinghan! Liu Jinghan, Jing Jing, Han Jing Jing ... Could there be a relationship between them?

Lin Yi didn't think it was possible, but Jinghan's "yes yes" seemed to have touched something deep in Lin Yi's heart, making him want to see her!

"Alright, I'll rush over today. We'll be able to meet tomorrow." Jinghan agreed without hesitation, and this made Lin Yi a little disappointed-it seemed like he was wrong about some things.

"Then see you tomorrow!" Lin Yi nodded and hung up the phone, losing interest.

After that, Lin Yi continued his research on the forging fire. He was getting more and more skilled at it, but he didn't dare to try to create the Jade space. He didn't have enough materials, and if it didn't work, he'd be in trouble. This thing had a success rate, just like making elixirs-it wouldn't do any damage to the Jade, but the materials would go blind.

Lin Yi had to be at least 80% confident before he dared to make a move.

At night, Lin Yi was in the middle of refining the Jade space when he suddenly felt a car parked outside the villa. There were two people in the car, and they were practitioners!

Lin Yi had been on guard against Dongfang hard's arrival, so his spiritual sense was locked on the outside of the villa's courtyard.

#### Chapter 3128 Another Misunderstanding

Lin Yi stood up and left the room, walking towards the villa's entrance. Since they were already here, Lin Yi didn't want them to enter the house. After all, Dongfang buruo was a practitioner, and Lin Yi was afraid that he would cause Xu Shihan and Chen Yushu harm.

One had to know that this guy was a pervert-even if he didn't do anything to Xu Shihan or Chen Yushu, it would make Lin Yi uncomfortable to be perverted by him.

"Young master buruo, we'll leave after we get Xu Shihan, don't cause any more trouble!" Dongfang hard said to Dongfang buruo after getting off the car.

"I know ..." Dongfang buruo was very unhappy with Dongfang hard's tone, but he also knew that so many people had died before, and a quick battle was the best way to end it. However, he wasn't willing to give up. The Grand Elder of the Dark Palace had taken one female student away, and there was one left. If he could get the other one to come with Xu Shihan, it would be a great thing, but he couldn't say for sure.

"En ... En?" Dongfang Qiang was about to enter the villa when he saw Lin Yi standing at the door. He jumped, "It was you? Young master bu RUO, run! I'll Cover You!"

Dongfang Qiang subconsciously cried out. He'd experienced Lin Yi's power at the practitioner's trade association, and he'd already run away. Now that he was injured, he couldn't use his full strength at all. He couldn't even protect Dongfang buruo, let alone win against Lin Yi, so he had to get Dongfang buruo out of here!

Dongfang buruo was taken aback, but he wasn't a fool. Dongfang Qian wanted him to run, so he must be in danger. Dongfang buruo didn't care about Dongfang Qian's life and death. He turned around and jumped into the car!

Lin Yi frowned. He wanted to make Dongfang hard and Dongfang buruo stay, but he didn't expect Dongfang hard to be so alert! However, leaving one behind was enough!

"The ninth move of wild fire Eight Trigrams palm!"

Lin Yi took advantage of Dongfang hard's distraction and used the ninth style of the raging fire Eight Trigram palm. Dongfang hard was worried about Dongfang buruo and didn't have time to defend himself when Lin Yi's palm was already in front of him. He jumped in shock and wanted to Dodge, but he

saw that Dongfang buruo's car hadn't started yet. He could only close his eyes helplessly and take the hit to create time for Dongfang buruo to escape!

He had to admit that the people from the Dongfang family were very loyal. If he dodged, Lin Yi would've hit the car that was just about to start, and Dongfang would've died!

"BOOM!"

Dongfang hard was already channeling his Qi to protect himself, but he didn't expect Lin Yi's attack to be so powerful that he was sent flying! Dongfang hard's body shot out like a cannonball and heavily smashed into Dongfang buruo's car that had just started!

The force was extremely strong, and if it hit Dongfang buruo's car, it would definitely flip it over. This wasn't what Dongfang Qian wanted to see, so he had no choice but to retract his pure energy to protect himself and use his own pure energy to resist Lin Yi's force.

"Pfft! Pfft! Pfft!" Dongfang hard's injuries weren't fatal to begin with, but this time, although the force of his flying was reduced, Dongfang hard also suffered serious internal injuries at the same time. A mouthful of blood spurted out from his mouth. By the time he landed at the back of Dongfang bunqiang's car, he was already gasping for air. Especially since he didn't use his true energy to protect his body, the injury on his head was once again very serious. It was obvious that he wouldn't be able to survive!

At the same time, Dongfang buruo started the car and quickly disappeared in front of Lin Yi's Villa.

Lin Yi hesitated as he watched Dongfang buruo's car leave. He didn't give chase. The ninth style of the raging fire Eight Trigrams palm had used up most of his stamina and Qi, and there was only a small portion left. Even if he could catch up to Dongfang buruo, he'd have used up most of his remaining stamina and Qi, and he wasn't sure if he could kill him!

Moreover, it was possible to expose his weakness. It was better to let Dongfang buruo see his strong side and be afraid! He wouldn't know what to do if he brought two Sky Class Masters with him the next time.

Looking at Dongfang hard in the rearview mirror, who was spitting blood in the air, Dongfang buruo thought that she was lucky-this was the power of a Sky Class mid phase peak! Because he wanted to escape, he didn't check Lin Yi's own strength but saw the strength of Lin Yi's skills, so he subconsciously thought that Lin Yi was a Sky Class mid phase Peak Master. This way, killing the injured Dongfang hard instantly was no problem!

However, what did Dongfang Qian mean by his other words? The person in front of him was from the everyday and every day sect? Since when did the ancient Feng family ... Or Feng Tianlin have connections with the everyday and every day sect, to the point where they could get someone from the sect to protect Xu Shihan?

Or did that bitch Xu Shihan hook up with a disciple of the everyday and every day sect to be her bodyguard? The first possibility wasn't very likely. In Dongfang buruo's opinion, it was completely impossible. If Feng Tianlin was really so capable, he would have held real power in the Feng family a long time ago. Why would he need to be so afraid of Feng Tianhu?

And so, he thought that the second possibility was the most likely. He couldn't help but curse in his heart-Xu Shihan, that B \* tch! He thought she was pure and innocent, but she was a second-hand good! However, the more he acted like this, the harder it was to calm his anger. He had to get Xu Shihan, or else he wouldn't be able to take this lying down!

However, the most important thing now was to escape!

Naturally, Lin Yi wouldn't leave Dongfang hard on the ground, and the people in the villa heard the noise outside as well-Feng sanhuang and Wu Chengtian rushed out.

"Feng bro, Chentian, you guys take care of this guy." Even if Lin Yi didn't do anything, Dongfang Qian was already dying. He'd just let Feng sanhuang and Wu Chengtian find a place to get rid of him.

"Yes! Thank you for your help, Mr. Lin!" Feng sanhuang said gratefully. This was a Sky Class mid phase peak, after all, and he could clearly see Dongfang Qian's strength as he wasn't completely dead yet. He was extremely shocked-Lin Yi was strong indeed, even Sky Class mid phase peak was good!

"However, Dongfang buruo ran away and didn't manage to keep him here." Lin Yi sighed.

"Mister Lin, with all due respect, it's a good thing that Dongfang buruo ran away. If you really want to kill him, then you'll have to bear a huge grudge!" Feng sanhuang quickly said.

Chapter 3129 Taking The Initiative To Volunteer

"Oh?" Lin Yi turned to Feng sanhuang.

"The Supreme elder of the Dark Palace is awesome, right? but she wouldn't dare to kill Dongfang buruo. Her purpose is to leave a way out so that the Dongfang family won't go on a rampage!" Feng sanhuang saw that Lin Yi didn't understand so he continued, "That's why I said it's a good thing!"

Lin Yi nodded, but didn't comment. Feng sanhuang's words made sense, but Lin Yi and the ancient house Feng were already at war. There was no room for negotiation. Even if Lin Yi let Dongfang buruo go, would the house let him go?

Could they just let this matter go? It was obviously impossible!

Lin Yi's guess was right-the first thing Dongfang buruo did when he returned to the hotel was to call Dongfang jinxing for help!

"You're not weak. Have you finished your business? Don't stay here any longer, just return to the Dongfang family!" Dongfang jinxing picked up the phone and spoke directly to Dongfang buruo. It wasn't that he didn't think too much about it-after all, the dark elder of the Dark Palace had already left, and with Dongfang hard, a Sky Class mid phase peak, taking care of Xu Shihan was a piece of cake.

"Dad, it's not good. Something happened. Dongfang Qian is dead!" Dongfang buruo's face was sullen and he said in shock, "That person is too powerful. One move, just one move and he killed Dongfang Qian. Luckily, I ran fast, or I would have died too!"

"What?" Dongfang jinxing was shocked. How did Dongfang hard die? What was going on? Didn't the Grand Elder of the dark night Palace leave? How could Dongfang Qian still die? "Not weak," Dongfang jinxing quickly asked, "what on earth did you guys encounter this time? Could it be that the Grand Elder of the Dark Palace has returned?"

"No, I didn't! It was not the people of the Dark Palace, but the everyday and every day sect! Xu Shihan, that B \* tch, seduced a young master from the everyday and every day sect, and she was Sky Class mid phase peak as well! She killed Dongfang Qian in one move! Dongfang hard didn't dare to hide anything and told Dongfang jinxing everything that had happened, but Dongfang buruo didn't know about

Dongfang hard's loss at the practitioner's trade association, so he could only guess that Dongfang hard knew Lin Yi.

"Oh? The people from the everyday and every day sect are involved?" Dongfang jinxing could not help but feel a surge of anger shoot up from his ribs after hearing this! Dongfang bushou's death hasn't even been settled yet, and your people not only killed Dongfang Jian, but also killed Dongfang hard with Xu Shihan?

Who couldn't bear it! Even if they couldn't go to the everyday and every day sect to demand an explanation, they had to kill this disciple of Xu Shihan 's. Otherwise, where would the Dongfang family's face be? So many people from the Dongfang family had died at the hands of this disciple of the everyday and every day sect. If the Dongfang family could still tolerate it, then wouldn't anyone be able to ride on the Dongfang family's back and shit in the future? Dongfang jinxing had to take some measures!

But, a Sky Class mid phase peak? Didn't Dongfang Qian say that he was a Sky Class early phase? Did he level up so quickly? However, Dongfang Jin wasn't stupid-he immediately figured out a problem. Dongfang bu RUO probably didn't see the strength of the opponent clearly when he was running, but from the way he killed Dongfang Jin, he could tell that the opponent was Sky Class mid phase peak!

This made sense-the everyday and every day sect were all Masters who were stronger than them, and it wasn't strange for a Sky Class early phase to kill a Sky Class mid phase peak-even Dongfang Busu, a Sky Class late phase peak, was killed by a Sky Class early phase-what was the logic behind this?

"Yes! Dad, I can't take this lying down. What should I do?" Dongfang buruo said.

"Even I can't take it, let alone you, but if we want to mess with this guy, normal practitioners wouldn't be able to do anything-he was able to kill a Sky Class mid phase peak in a second, meaning that his combat index has already reached Sky Class late phase! Unless we get a Sky Class late phase peak to

fight him, we don't have the confidence to stop him!" Dongfang jinxing had thought it through, but he had overestimated Lin Yi's strength.

"Hiss ..." Dongfang buruo was shocked. He secretly thought that he was lucky and quickly asked, ""So, father, you're not his match?"

"I can't say that I'm not his match, but at least I'm not sure if I can keep him here. So, if we want to deal with them, unless your grandfather or uncle comes out in person, no one in our Dongfang family is his match!" Dongfang jinxing sighed inwardly. There was no news of the two great ancestors. These two super experts of the Dongfang family existed in name only!

"Then ... Can Grandpa and uncle help?" Dongfang buruo asked.

"I'll have to ask you about that. He's not weak. During this period of time, you should find a place to hide and keep a low profile. At least, before your grandfather or uncle makes a move, don't act rashly!" Dongfang jinxing warned.

"Yes, I understand, dad." Dongfang buruo wasn't a fool. Dongfang Qiang was dead, and he was the only one left. Would he dare to act rashly? Wasn't that the same as seeking death?

"Yeah." Dongfang jinxing heaved a sigh of relief when he heard Dongfang buruo's reply. He hung up the phone and walked quickly to the room where Dongfang Badao and Dongfang Yinxing were in seclusion.

"Clang clang clang ..."

It was midnight again!

Dongfang Badao could also hear Dongfang jinxing's footsteps, so he said, ""Jinxing, what's the matter? come in and talk!"

"Father, brother, something big has happened!" Dongfang jinxing felt depressed. Every time he came to visit, something big happened!

"What's the big deal now?" Dongfang Badao's heart skipped a beat as he asked.

"Dongfang Qian is also dead!" As Dongfang jinxing spoke, he told Dongfang BA and Dongfang Yinxing in detail about how Dongfang Qiang had been injured by the disciples of the everyday and every day sect when he had gone to the cultivator trade association, and how he had been beaten to death when he had met this disciple again that night.

"What? Is it the everyday and every day sect again?" Dongfang Badao's eyes flashed with a vicious glint, ""You're going too far!"

"A puny little disciple, only sky Class early phase, but having the battle index of Sky Class late phase ... This everyday and every day sect sure is evil!" Dongfang Yinxing was also very angry, 'if we don't get rid of this guy, he'll definitely become a great threat to our Dongfang family in the future! Father, I'm going to volunteer to kill this brat and take revenge for my acquaintance, Dongfang Jian, and Dongfang!"

Chapter 3130 A Strange Girl

"Don't be impulsive!" Dongfang Badao waved his hand dismissively. This old man was still a very steady person. He pondered for a moment before saying, ""I've heard that the everyday and every day sect is training an important disciple for the Sky Class Island Plan-we need to find out who this disciple is. Otherwise, if it really is that important disciple, then things won't be as simple as we think-if we touch him, I'm sure you two know what's waiting for us! Didn't Dongfang Jian die because he touched the inheritor of the Dark Palace? If we touch the important disciples of the everyday and every day sect, we'll be The Public Enemy of the entire ancient level!"

"This ..." Dongfang Badao's words made Dongfang jinxing and Dongfang Yinxing break out in cold sweat! That's right, wasn't Mengyao's lesson enough? Dongfang Cha and Dongfang song's deaths had caused the Dongfang family to suffer in silence. If they really touched the important disciple of the everyday and every day sect, then no one would stand up for them even if they were to be wiped out!

"Father, if it's really that important disciple of the everyday and every day sect, are we just going to bear with it?" Eastern silver Star asked, a little depressed.

"Of course we can't just let it go like this-once we break through to Sky Class late phase peak, we'll go to the everyday and every day sect and demand an explanation. We can leave that important disciple alone, but the everyday and every day sect has to pay the price!" Dongfang Badao said.

"That's good. What if he's not?" Eastern silver Star asked.

"If not, then it's simple. You can directly kill him after you arrive there!" "We don't dare to cause trouble for the everyday and every day sect right now," Dongfang Badao replied indifferently. "But it's just an ordinary disciple outside. It's fine if we kill him!"

"Alright!" The Silver Star nodded, then turned to the gold Star, ""Big brother, hurry up and find out who that kid is. If there's nothing, I'll go kill him!"

"I know, I'll go and investigate!" Dongfang jinxing nodded.

After leaving Dongfang Badao's room, Dongfang jinxing called Feng Tianhu. There was no one easier than Feng Tianhu to find out who Xu Shihan's people were. After all, he knew more about Xu Shihan than the Dongfang family!

This time, Dongfang didn't contact Dongfang xiaocui but Feng Tianhu directly. He was afraid that Dongfang xiaocui would leak the news to Feng Tianlin.

"Hello, how are you?" Feng Tianhu picked up the unfamiliar number and was a little confused about who was calling.

"Mister Feng Tianhu? I'm Dongfang jinxing from the Dongfang family!" Dongfang jinxing introduced himself.

"Ah? Greetings, young master of the Dongfang family!" Feng Tianhu was a little excited. He didn't think that the Dongfang family, who he wasn't very familiar with, would call him. After all, the Dongfang family was Dongfang xiaocui's family. Even if they didn't like Xu Shihan and wanted to deal with her, they wouldn't easily do anything to Feng Tianlin. After all, they were Dongfang xiaocui's family.

But this time, Feng Tianhu was a little puzzled. What did Dongfang jinxing want from him?

"Feng Tianhu, there's a bodyguard with Xu Shihan right now, and I hope that you can find out who he is as soon as possible. Otherwise, it'll be very difficult for us to touch Xu Shihan!" Dongfang jinxing said.

"Oh? Xu Shihan's bodyguard? Wasn't it Feng sanhuang? He's just a Mystic, how can he be hard to deal with?" Feng Tianhu was slightly taken aback, then he said, ""You mean what happened in the dark Palace? But didn't the Grand Elder of the Dark Palace leave?"

"She did leave, but ..." Dongfang jinxing changed the topic and said in a pained voice, ""I'm sure you'll find out soon enough, so I won't hide it anymore-the Sky Class mid phase peak that our Dongfang family sent over is dead too! It's like this ..."

As he spoke, Dongfang jinxing told Feng Tianhu everything that had happened. Although this matter was a little embarrassing, he wanted Feng Tianhu to take it seriously and investigate it with all his might. Dongfang jinxing could only tell the truth!

"What? You're saying that Xu Shihan colluded with the Masters of the everyday and every day sect? How is this possible?" Feng Tianhu was shocked. He knew very well how powerful the everyday and every day sect was. It was a sect that even the Ice Palace and Snow Valley didn't dare to provoke, let alone an ancient Feng family.

"Nothing is impossible. The truth is right in front of you!" "Feng Tianhu, you don't have to be afraid. You don't have to do anything. You just have to find out who this person is. Leave the rest to me!" Dongfang jinxing said.

"Alright, I understand!" Feng Tianhu gritted his teeth and nodded in agreement. Although investigating the everyday and every day sect made him very timid, he thought about it and thought that it was only a secret investigation. He wouldn't do it openly, so it was nothing."Young master of the Dongfang family, please wait for my news."

"Okay, I'll be waiting for your call then." Dongfang jinxing hung up the phone and couldn't help but shake his head. He could tell that Feng Tianhu was afraid. He felt a little disdainful. With such courage, how could he compete for the position of the Feng family head?

The second day after Dongfang buruo left, Lin Yi's Villa returned to its usual peace. No one came to look for him again. It seemed like Dongfang buruo had given up just like that? But from Lin Yi's understanding of the Dongfang family, it didn't seem like they would give up so easily. After all, they sent so many masters just to find out the cause of Dongfang Jian's death!

What surprised Lin Yi, however, was the fact that the ancient Dongfang family had quite a few Sky Class Masters. In just a few months, they'd lost Dongfang Busu, Dongfang Jian, Dongfang Cha, Dongfang song, and Dongfang hard-five Sky Class Masters! If they could still send a Sky Class master, then their family would be really rich!

The next morning, a white BMW X5M stopped in front of Lin Yi's Villa. Lin Yi, who had been on guard against Dongfang buruo's visit, naturally noticed the car immediately. He thought it was han Jingjing's car since it looked exactly the same as hers, but he was surprised when he saw the plate number. It was from Yanjing city, and it was an unfamiliar number.

A petite young girl pushed open the door of the driver's seat and jumped down from the BMW lightly. Her entire person exuded a sense of experience, and her decent professional suit also revealed her identity!
