

Bodyguard 3161

Chapter 3161 An Electric Cooker?

Thinking up to this point, Zhaoming no longer placed his hopes on little peach. However, he didn't pull her back either. In his opinion, the further away she was, the better. That way, he wouldn't be bothered by her, and he wouldn't have to worry about the misunderstandings between patriarch xuanchen and little eleven. He had to admit that Zhaoming was a vicious person.

Next, Kang Zhaoming decided to infiltrate the Liu's electronics factory. After all, the Liu's factory wasn't a solid piece of iron. It was easy to bribe one or two workers. Kang Zhaoming was used to bribing people with money, and now he was even more skilled. He quickly found an electronics factory's Foreman who was poor and had a sick mother. He asked him out to meet at a small coffee shop.

"Head engineer su, I'll ask you a few questions. As long as you answer honestly, this 10000 Yuan is yours!" Kang Zhaoming pointed at the bag on the table, "Of course, if there's something in your answer that interests me and you want to continue helping me, then the 500000 Yuan in this box is also yours!"

To be honest, 10000 Yuan wasn't very tempting to him. After all, his monthly salary was a few thousand Yuan, and 10000 Yuan wasn't enough for him to sell the company's core secrets. However, after thinking about a few questions, he nodded. What he was most interested in was the box of 500000 Yuan. If he could get this box of money, he could perform surgery on his sick mother!

Therefore, engineer su nodded without hesitation. ""What do you want to know?"

"I want to ask you, is the automatic Grade one medicinal cauldron produced by your electronics factory?" Kang Zhaoming was very satisfied with Su Yu's answer. Of course, this was also because he did a detailed understanding of Su Yu's family's difficulties before he found him. He knew that Su Yu's family's difficulties, which was why he was so confident in putting out so much money. Otherwise, if he failed, he might expose the target, and it would be difficult for Lin Yi to be on guard in the future.

"A grade one automatic medicinal cauldron?" "What's that?" engineer su was slightly stunned.

Kang Zhaoming frowned at Su Yu's expression. Did he guess wrong? This grade one automatic medicinal cauldron was not made by the Liu family's electronic factory? Zhaoming frowned as he took out the automatic medicine cauldron from his bag unwillingly, "Take a look. Are you sure this has never been produced before?"

"Ah? You're talking about this, isn't this an electric cooker?" Su changgong pointed at the thing in Kang Zhaoming's hand. "This one was produced. Is this what you're asking about?"

"An electric cooker?" Zhaoming was speechless, but he nodded. "This is the pot. Are you still producing it?"

"Yes, it's still in production, but this pot is made of titanium alloy. The production process is more complicated, the output is relatively low, and the assembly is also very troublesome. For this electric pot, many of our production lines have been updated, and our technical staff have also done new training!" "Mr. Kang, is this what you want to know?" engineer su asked.

"Not bad, this 10000 Yuan is yours!" Zhaoming let out a breath of relief-it seemed like his guess was right. The automatic cauldrons weren't produced in miracle doctor Guan's company, but in house Liu's company.

From the looks of it, little peach had wasted her move. However, it didn't matter. He could just use this as an excuse to send little peach away.

Su Yu's face relaxed as he took the ten thousand Yuan from Kang Zhaoming. He asked, "May I ask what I need to do next to get this 500000?"

"Collect information!" "As long as you can give me the manufacturing process and information, this 500000 Yuan is yours!" Zhaoming said.

After engineer su heard this, he suddenly hesitated. He was an engineer, but he was only responsible for one process, not all the processes. He knew the production process and information of this step, but it didn't mean that he knew the production process and information of all the production lines.

"I can only give it a try. There's no problem with the production process and information of the production line that I'm responsible for, but I'll have to slowly collect the rest." Su hesitated for a moment and said, "there's no lack of expenses for treating me to a meal. You know, if you want to know these secrets, unless the other production line's Foreman made a slip of the tongue when he was drunk, or he had the information on him and left it in a more accessible place when he was drunk, so I could take the opportunity to copy and copy it. Otherwise, it would be difficult to meet your requirements."

"So you're saying that 500000 Yuan isn't enough?" Kang Zhaoming understood what su meant.

"This 500000 is my reward. On top of that, I want another 100000 for the event expenses to treat you to a meal!" Engineer su said after hesitating.

"Sure, no problem!" Zhaoming nodded and waved to a five elements sect disciple beside him. "Go and get another 100000 Yuan and give it to su."

"Yes!" The disciple nodded and went to do his work. As for su, he showed a satisfied smile. After this, he would take his old mother away. The surgery would cost 200000 Yuan, and the remaining money was enough for him to change his name and start a small business.

Kang Zhaoming left his contact information after giving the 610000 Yuan to su before leaving. He didn't want to stay in the common world for too long. It would be troublesome if Lin Yi's people found out.

Now that su was helping him out without anyone knowing, it saved him a lot of trouble. All he had to do was wait and see.

.....

Lin Yi's life these past few days had been very comfortable. Every day, Xu Shihan and Cheng Yiyi would practice singing upstairs, while Chen Yushu would sit in the living room watching TV or go upstairs to watch Xu Shihan and Cheng Yiyi's singing. Although she seemed to be very happy, Lin Yi could see the worry in the depths of her smile!

Lin Yi could guess that Yushu was worried about her own future, and Mengyao's departure had robbed her of her usual cheeky and happy self. The happiness she felt every day was just an act.

But Lin Yi didn't say anything. After all, he couldn't do anything to stop these things, so the only thing he could do was to practice and study craftsmanship with all his might!

Chapter 3162 Assassinating Old Man Lin

The good thing was that under Liu Jinghan's supervision, the automatic Grade one medicine cauldron was selling like hot cakes. It saved Lin Yi the trouble of having to worry about money, and Yu Xiaoke's orphanage started work again, getting back on track.

However, this seemingly peaceful life made Lin Yi worried. Wasn't this too peaceful? The Dongfang family seemed to have disappeared without a trace, and Lin Yi wondered if they were up to something bigger. Or was he completely afraid?

There was also the ancient house Feng-Feng Shanshan and Xu Shihan's father, Feng Tianlin, didn't send back any concrete news, either. So whether Xu Shihan left or continued to stay here under Lin Yi's protection, there was no new progress.

The Miss had left the villa, and Xu Shihan's arrival added to the liveliness. Since they didn't want to leave, Lin Yi wanted them to be Yushu's company. After all, he spent his days cultivating and researching the forging fire, and didn't have much time to talk to Shu.

Shu didn't want to disturb Lin Yi. She knew that Lin Yi was working hard for her, the Miss, Xiaoxiao ... And Tang Yun, who he had forgotten.

Eastern Sea city was very peaceful, but West Star Mountain village had three uninvited guests! One of them was the Sky Class late phase peak, the blood-robed elder, the other was old ancestor yellow spring, and the third was the Sky Class late phase peak, the ghastly elder!

The three of them went to the West Star Village to find a doctor called old Lin. After investigating, they found out that this person was the one who raised Lin Yi. He was his foster grandfather and was as close to him as his real grandfather.

As long as this person died, Lin Yi would definitely go to the West Star Village, and that would be the time of his death! No matter how strong Lin Yi was, old ancestor yellow spring believed that with two

Sky Class late phase peak Masters and One Sky Class late phase Peak Master, Lin Yi would never come back!

This combination was more than enough to take out two Sky Class late phase peak Masters, let alone Lin Yi, who wasn't even Sky Class late phase peak yet!

Of course, they didn't act rashly when they arrived at the West Star Mountain village. Although this place could be said to be a remote mountain village and the blood-clad yellow spring sect wouldn't alarm anyone if they made a move here, they didn't dare to act recklessly because this was the secular world!

After all, the psychological trauma caused by the dual fiends of the Vajra realm back then was too great. Before they did anything, they would consider whether they would violate the rules set by the dual fiends of the Vajra realm. If they did, it would bring about a disaster!

"The dual fiends of Vajra have disappeared for more than ten years, and this place can no longer be considered the true secular world. The mountains are high and the Emperor is far away. The dual fiends of Vajra don't have clairvoyance or clairsentience, so how could they know that we were attacking here?" The ghastly patriarch could tell that the two patriarchs were a little scared. He comforted them even though he was a little scared himself.

"Ghastly, you're right. We're working here without anyone knowing. No matter how awesome the dual fiends of Vajra are, they wouldn't come to this remote place! Besides, they might not even exist in this world. They might have already fallen!" Old ancestor yellow spring nodded in agreement. In fact, he was also cheering himself on.

"Huang Quan, it's hard to say. I keep feeling uneasy." The blood-robed elder frowned and said, "I heard that some peerless experts like to seclude themselves. Those two might not have disappeared. They

might be hiding somewhere, waiting for someone to break the rules. Then, they will suddenly jump out and reap the lives of those people!"

"Xue Yi, I think you've been in seclusion for too long, and you've used your own personal experiences to guess others, right? Even if they were in seclusion, they wouldn't be in a place like this. We're here to make a move without anyone knowing, so how could Lin Yi be related to those two?" "I think we'd better not worry about it!" Old ancestor yellow spring waved his hand.

"I'm not worrying for nothing. I just think it's better to be more careful after we're done ..." The blood-robed elder nodded. He also felt that he might be overthinking things, so he did not say anything more and followed the footsteps in the direction of the West Star Mountain village.

During the day, they didn't do anything but chose to eat at widow Wang's restaurant. They claimed that they were old and had come to visit their relatives. Others wouldn't think much of this reason, including widow Wang. After all, although there were few tourists in the West Star Mountain village, it didn't mean that there were none. Sometimes, people from all the villages would come to visit their relatives and have a meal.

The three of them didn't idle around, either. While they were eating, they started talking to many of the people who came to widow Wang's grocery store for blind dates. They basically confirmed one thing- there was indeed an old man Lin in the village, and he was a traveling doctor. Lin Yi was also the old man's God-grandson, raised since he was young. It was said that he was working in the city now, and had his own company. He was rich.

This information made Huang Quan and the other two feel relieved. It seemed that they didn't come in vain! The target was here.

The ghastly forefather paid the bill at sunset and left widow Wang's shop with elder netherworld and elder blood-robed. They didn't have to pay the bill, but they didn't want to cause more trouble, so they didn't do anything to the people in the secular world.

According to the information they'd just gathered, old Lin's residence was on the edge of the village, in a small independent yard closest to the back of the mountain! Although he didn't understand why old Lin would live in such a remote house, it was better this way. It would be convenient for them to kill. Otherwise, it wouldn't be fun if the neighbors were alerted!

Old ancestor yellow spring and the other two headed west and came to old Lin's house.

"Did he sleep? Or was he not home? Why is there no light?" The blood-robed elder looked at the house not far away in confusion.

"It's normal for people in the countryside to sleep early. Let's go and take a look. He's just an old man. He can't run away. It doesn't matter even if we beat the grass and scare the snake!" Old ancestor yellow spring waved his hand and said indifferently.

The blood-robed patriarch nodded and walked to old Lin's house with netherworld and ghastly patriarch.

"Creak!" The door creaked open. Old ancestor yellow spring frowned. He wanted to push the door open quietly but didn't expect the noise to be so loud. But it didn't matter. Since he was here, old Lin couldn't run.

Chapter 3163 Almost Scared To Death

However, what surprised him was that in the courtyard, a man was sitting at a table with his back facing the door. He was quietly holding a glass of wine and admiring the moon. On his table, there was a plate of fennel beans.

"You're here? I've been waiting for you guys for a long time. " Lin Dongfang didn't turn around. He raised the glass in his hand and finished it in one gulp. Then, he threw a fennel bean into his mouth.

Lin Dongfang's words stunned old ancestor yellow spring, blood-robed old ancestor, and ghastly old ancestor. What was going on? Why wasn't old Lin scared? Three people barged in in the middle of the night, and not only did he not turn around to ask what was going on, he even said "I've been waiting for you for a long time. "What did he mean by that?

"You're old Lin?" Old ancestor yellow spring looked at Lin Dongfang and didn't sense any cultivator's aura, so he was a little confused about Lin Dongfang's arrogance. Did this old man have some kind of backing?

"Oh, you can call me that. Of course, you can also call me senior Lin." "The food at the village entrance is good, right?" Lin Dongfang asked.

"You ... You know?" Old ancestor yellow spring stared at Lin Dongfang's back in disbelief and subconsciously became alert. Who was this person? How did he know that they were here and was still eating at the village entrance?

"The village is so small. Of course I know what's going on. Didn't you ask about me during the day?" "You're here to see me, aren't you?" Lin Dongfang smiled.

"See a doctor?" Old ancestor yellow spring was stunned for a moment before he heaved a sigh of relief. It turned out that the old thing thought they were here to see him. No wonder he was so calm! He was almost scared to death! Old ancestor yellow spring became extremely angry at the thought of this. He immediately shouted, "Old man, we're not here to see a doctor. We're here to take your life!"

"You're not here to see a doctor? I think you three are sick!" Lin Dongfang seemed to not have heard old ancestor yellow spring's threat as he continued speaking.

"Hmph! You're the one who's sick!" The old man pointed at Lin Dongfang and said, ""Old man, I might as well let you die with a clear understanding! Do you know? Your grandson is causing trouble outside, big trouble! He has killed several experts of our sect. We are here to take revenge on you today! If you die, your grandson will be heartbroken and continue to come here to die!"

"It seems that you guys are really sick. If you're not, how could you break the rules and come to the secular world to kill people?" Lin Dongfang shook his head regretfully and said, ""I think you're beyond saving. Even I, a godly doctor, can't save you. It seems that I can only send you to your deaths!"

"You're too arrogant ..." The blood-robed patriarch was also extremely angry. However, he had just uttered three words when the fourth word came to an abrupt end, as if a Fishbone was stuck in his throat! That was because Lin Dongfang had turned around just as the blood-robed elder said those words!

Under the moonlight, the harmless and kind face looked as if he had seen a ghost in patriarch blood-robed's eyes. He was so scared that he almost fell to the ground and almost peed in his pants! His mind was completely blank. He could never have imagined that the person sitting here would be ... The same person from all those years ago!

The blood-robed elder had a bad feeling before, but he was afraid that the dual fiends of Vajra would find out about this trip. He definitely didn't think that he would meet them on this trip!

At this moment, the rumors of the death of the dual fiends of Vajra realm were all gone. Patriarch blood-robed trembled and looked at the person in front of him. He was so nervous that he could not speak.

Of course, old ancestor yellow spring and old ancestor ghastly woods were also dumbfounded!

"Hurry ... Hurry up and run!" Old ancestor yellow spring was the first to react. He knew that something was wrong when he saw Lin Dongfang's face. If he stayed, he would probably die Here tonight!

Old ancestor yellow spring turned to leave, but he heard Lin Dongfang's calm voice. "Run? Do you think you can escape?"

Although his words were spoken indifferently, they made old ancestor yellow spring, who was about to escape, stop in his tracks. He was a little embarrassed. "Not running ... That ... How could we possibly run?"

"If you're not running, why did you turn around?" Lin Dongfang asked.

"I ... I ... I just ... Just turned around ..." Old ancestor yellow spring was so scared that he didn't know what to say. He was a Sky Class late phase peak full master, and yet he was scared witless in front of Lin Dong-he didn't even dare to say anything!

On the other hand, the blood-robed elder and the ghastly elder were not doing any better. The medical elder's face had already turned pale, and the ghastly elder was even worse. He was shaking all over as if he had been electrocuted and was dancing disco.

"Are you guys performing a breakdance for me? You turned around and got an electric shock?" Lin Dongfang looked at the three people in front of him and asked calmly.

"Yes! That's right, we've specially arranged a dance!" The ghastly master was quick-witted, so he took advantage of Lin Dongfang's question and continued, ""Back then, we admired the heroic bearing of the dual fiends of King Kong and couldn't forget it for a long time. After so many years, when we had time, we would arrange a dance to dedicate to the dual fiends of King Kong and King Kong that we admired the most!"

Lin Dongfang looked at the ghastly old man with a half-smile but did not expose him. He just nodded and asked, ""Did my Lin Yi offend you guys?"

"I ... I didn't offend you! How could they possibly offend us?" "So young master Lin Yi is Mister Lin's grandson! I was wondering why he's so strong, becoming a Sky Class at such a young age, and fighting someone of a higher level as well! It's no wonder he's Mister Lin's grandson!" The old man said.

"Oh, his master is the other one of the dual fiends of Vajra that you mentioned." Lin Dongfang said.

"Ah?" The ghastly old master broke out in a cold sweat. One of the two Vajra fiends was someone he couldn't afford to offend. Lin Yi was both that person's disciple and old Lin's grandson. If they really went after Lin Yi, the blood-clad yellow spring sect would probably be gone by now.

Thinking of this possibility, the ghastly ancestor felt a wave of fear. "Haha, a great teacher produces a great student. Like I said, we've always thought highly of young hero Lin ..."

"Don't talk to me about useless things. Tell me everything. " Lin Dongfang waved his hand and interrupted him. ""Tell me what happened between you and Lin Yi!"

"This ..." The ghastly patriarch was in a difficult position. He turned to look at the two patriarchs.

Chapter 3164 Newly Accepted Little Brother

"Let me say it ..." Old ancestor yellow spring smiled bitterly. He knew that today was a blessing and not a disaster, and he couldn't avoid it, so he just listened to Lin Dongfang and nodded. "Mr. Lin, actually, The Grudge between our blood-clad netherworld sect and young hero Lin starts from a contract of hiring assassins ..."

With that, old ancestor yellow spring told Lin Dongfang all the grudges between the blood-clad yellow spring sect and Lin Yi. He didn't dare to hide or exaggerate anything, even telling Lin Dongfang their plan and purpose this time!

Because these things couldn't be hidden from Lin Dongfang at all. Instead of quibbling, it was better to tell the truth and fight for a lenient sentence!

"Oh, so you're saying that if the person sitting here wasn't me, he would have been killed by you today, right?" Lin Dongfang asked.

"This ..." Old ancestor yellow spring nodded helplessly. "You can say that ..."

"Hehe, alright, at least you're honest." Lin Dongfang didn't blame or get angry, he just nodded calmly, ""The world of practicing is a world where the strong eat the weak. I understand what you're saying, so this matter between you and Lin Yi should end here. I don't want you to target Lin Yi in the future."

"Of course not-why would we target young master Lin Yi? Unless we don't want to live!" The blood-robed patriarch spread his hands and said, not knowing whether to laugh or cry.

"Good! Let's just forget about this matter. " Old ancestor yellow spring and the other two heaved a sigh of relief at Lin Dongfang's words. However, Lin Dongfang's next sentence made them nervous again."But, shouldn't you give me an explanation for coming to the secular world to kill people?"

After the three of them heard Lin Dongfang's words, they couldn't help but look at each other helplessly. They had been wondering why Lin Dongfang had let this matter go so easily, but now it seemed that this was Lin Dongfang's backup plan!

"Mr. Lin, how do you want to ... Punish us?" The blood-robed elder sighed and said, ""As long as you don't annihilate our blood-clad yellow spring sect, you can name your conditions and punishment!"

It wasn't that the blood-robed patriarch was belittling himself, but that Lin Dongfang really had the ability to destroy the blood-robed yellow spring sect. However, they didn't know that Lin Dongfang needed the spring water and couldn't leave the West Star Mountain village for too long, so they still thought that Lin Dongfang was the dual fiends of Vajra!

"Mr. Yang Ming told you that if you step into the secular world, he will exterminate your bloody-clothed netherworld sect. Have you forgotten this sentence?" Lin Dongfang asked.

"This ... I don't!" The blood-robed patriarch replied.

"Alright, since you don't have it, then I hope you will keep your promise from back then!" Lin Dongfang stood up slowly.

The blood-robed elder, the netherworld elder, and the ghastly elder broke out in a cold sweat and almost fell to the ground after hearing Lin Dongfang's words! Was his entire family going to be exterminated? Was he really going to annihilate the entire clan?

They regretted it, they really regretted it! If she hadn't acted on impulse and decided to go after old Lin, she wouldn't be in this situation now. Sigh, why did she start a feud with Lin Yi?

It wasn't like blood-clad yellow spring sect had never lost people before. There were also times when they assassinated the experts of other ancient sects. Of course, no matter if it was a disciple of the sect who died or the one being assassinated, there would be no grudges between them!

The death of the assassin could only be attributed to his ineptitude. If you went to kill others, they would kill you. You only had yourself to blame! If the other experts were killed by the sect, he wouldn't blame them. After all, they were paid to do this and he was only the executor, not the mastermind. If he wanted revenge, he would have to find the mastermind!

But now, the sect wanted to kill Lin Yi because they thought he was a loose cultivator, a soft persimmon that they could squeeze as they pleased. But who would've thought that Lin Yi wasn't a pushover, but had such a strong background?

Thinking of this, the three of them had the urge to cry! You have such a powerful background. If you reveal it to the public, who would dare to touch you? Even in the entire ancient sect, you're an existence that can do whatever you want, right?

However, you've insisted on hiding. Now, our blood-clad yellow spring sect has kicked an iron plate. This is simply a trap!

"That ... Old Mister Lin, I heard that young hero Lin likes to take in younger brothers and is currently doing so at the ancient level. What do you think about us joining young hero Lin?" The ghastly patriarch suddenly had an idea. He had thought of a good way to protect the blood-clad yellow spring sect!

According to the investigation, some of Lin Yi's lackeys were his enemies, but Lin Yi was a very forgiving person. If these enemies didn't make any big mistakes and were sincere in joining him, Lin Yi could still accept it.

That was why the ghastly patriarch had made this request! Their goal was for Lin Dongfang to let them go. This way, they would be Lin Yi's underlings, and they would all be on the same side.

"He's taking in underlings. Your level is too high for him to take in. " Lin Dongfang's words sent chills down the blood-robed patriarch and the other two's spines. However, Lin Dongfang's next words did make them heave a sigh of relief."However, I think your blood-clad yellow spring sect is still useful, so I'll accept it on behalf of Xiao Yi."

The three of them were overjoyed. They looked at each other and cupped their fists at Lin Dongfang. "Blood-robed yellow spring sect, blood-robed sect, yellow spring sect, and Yin Sen pay their respects to the old master!"

"I hope you are sincere. Otherwise, I will kill you all with my own hands." Of course, he was just scaring the people in front of him. If they really wanted him to leave the West Star Village, he wouldn't be able to.

"We are definitely sincere!" The blood-robed patriarch and the other two were shocked and quickly responded. In fact, they were sincere. After all, Lin Dongfang's reputation had been deeply rooted in their bones, and they did not dare to have any rebellious thoughts!

Back then, the dual fiends of Vajra were able to easily take out a Sky Class late phase peak with one move, and now, after so many years, Lin Dongfang's strength must have reached a terrifying level-the blood ancestor and the others didn't dare to lie!

"That's good. " Lin Dongfang nodded. "Leave your contact information. Then go back."

The two chapters that I owed you in September will be made up this month. At present, it was not that the murloc did not want to restore three chapters, but that the writing speed of the book had significantly decreased as it reached the end. It had to echo the previous plot, which was to fill in the holes and keep the end as good as possible, so it could not be fast even if it wanted to.

Chapter 3165 Keeping A Secret

"Yes!" The ghastly Grandmaster quickly handed a contact card to Lin Dongfang and said respectfully, ""Old master, this is my contact method. As long as you can contact me, you'll be able to find elder blood-robed and elder netherworld!"

Lin Dongfang took the contact card, glanced at it, and then put it on the table. "Alright, you guys can go."

"Okay ... But, old master, if I may ask, you're so strong, and Master Lin Yi is your grandson, and Mister Yang's disciple, why didn't he tell anyone? As long as you leak a little bit of information, who in the cultivation world wouldn't give you face?" Old ancestor yellow spring asked in confusion, "As far as I know, master has a lot of enemies. Although it's a scare each time, this is a bit too ..."

"Hehe, Yomi, are you going to ask me why I let Lil' Yi out there and didn't interfere?" Lin Dongfang knew that the people of the blood-clad yellow spring sect would have this question sooner or later. If this question wasn't answered properly, they wouldn't think too much about it at the time, but they would definitely have doubts later on. If they guessed the truth or something similar, it wouldn't be what Lin Dongfang wanted to see. Therefore, he had already thought of an excuse.

"That's right, old master. Master is out there. Let's not talk about the threat from our blood-clad yellow spring sect. Even the people from the ancient Eastern family and the everyday and every day sect are enough for master to deal with. Why ... Didn't you interfere?" Yomi nodded and asked in confusion.

"Do you think Lin Yi's growth would still be this fast if I interfered?" What Lin Dongfang said was half true and half false, 30% true and 70% false. After all, he had discussed it with Yang Ming, Mr. Yang, and kongwen before. If Lin Yi wanted to grow, he couldn't have too many external forces to rely on!

Kongwen had also read Lin Yi's fortune before-he'd only get bigger opportunities if he allowed Lin Yi to develop on his own! It was just that this way, Lin Yi would encounter a lot of unexpected dangers, but in the end, he was safe!

Human external factors could only appear three times a year, so it wouldn't interfere with Lin Yi's life. Once it exceeded three times, Lin Yi's life might deviate. This was why kongwen set the rule of three times a year!

Of course, this help was only limited to the older generation. Goudan and the others were Lin Yi's followers, but they weren't included. They were Lin Yi's own friends and circle of power. They were trained by Lin Yi himself and had nothing to do with external forces.

Only by allowing Lin Yi to develop freely would they be able to obtain more unexpected opportunities, and these opportunities were the most important conditions to break out of the trap from back then! Making Lin Yi go through even more cruel tests was just the end.

The main reason was because of the group of people who had left back then!

From the looks of it, Lin Yi's development was just as kongwen had planned. Almost all of the inheritors were on Lin Yi's side. These people would be a great help to Lin Yi in breaking that trap. Without their help, Lin Yi would never be able to reach that level of cultivation and connections.

However, he couldn't tell these things to the people of yellow spring sect, so he asked a question in reply.

"This ... I don't think so ..." Old ancestor yellow spring was stunned for a moment before he figured out the key point! How could a flower that grew in a greenhouse reach its current height? If there was someone behind everything, Lin Yi wouldn't have any pressure to level up anymore. How was it possible for him to step into Sky Class from golden class in less than a year?

Thinking of this, old ancestor yellow spring couldn't help but admire the courage of Lin Dongfang and Yang Ming. How much courage did it take to throw a junior into the secular world and let him develop freely?

"No wonder master grew so quickly!" The blood-robed patriarch nodded in agreement.

"Of course, if there's really a situation that can't be solved, we'll take action." Lin Dongfang's next words made the blood-robed patriarch and the other two break out in cold sweat!

A situation that really can't be solved? Did that mean the three of them had to kill Lin Yi? The three of them were both shocked and scared at the thought-if they'd really gone after Lin Yi in the heat of the moment, they'd probably be dead bodies by now.

Lin Dongfang was still fine, but that yang guy was a crazy person. If he was asked to fight, he probably wouldn't even have the chance to beg for mercy and be his underling.

"Haha, with the three of us here in the future, you don't have to do it yourself. In this world of cultivation, there are few things that can't be solved with the three of us!" The blood-robed patriarch patted his chest and promised.

"That's right, old master can live in seclusion here in peace. The three of us are more than enough to run errands for you. " Old ancestor yellow spring nodded and said.

"After I return, I'll completely reform the intelligence Department and focus on little Master's News." The ghastly forefather said hurriedly.

Lin Dongfang pondered for a while and finally nodded at the three's suggestion. ""Okay, but don't interfere too much with Lin Yi's growth. You can watch him, but don't do anything! Unless there's a danger that you have no choice but to take action. However, you have to inform me as soon as possible after the matter is over!"

Of course, it was fine to inform them in advance, but it would delay things. Sometimes, danger was instantaneous. If they delayed informing them, the danger might have already happened! That was why Lin Dongfang gave the three of them the right to act first and report later!

Of course, Lin Dongfang didn't reject the three's suggestion. As Lin Yi stepped into higher and higher levels, having three people to help him keep an eye on him would save him some worry. After all, he had many sources of income, but one more person was always one more strength.

"Thank you for your trust, old master!" The three of them did not feel that it was inappropriate to help Lin Dongfang. Back then, the wild leopard patriarch of the everyday and every day sect was proud to be Lin Dongfang's underling. Wherever he went, he would show off his strength. In fact, they were very envious of him!

After all, it was a very glorious thing to be the underling of a heavenly path expert. Others would not be able to find such an opportunity even if they wanted to! Of course, what disappointed the three was that this identity was obviously hidden. Lin Dongfang didn't want them to reveal it to the public, and Lin Dongfang's seclusion was to train Lin Yi. This news couldn't be revealed unless they wanted to die!

Chapter 3166 Visiting Lin Yi

However, they were still very happy that Lin Dongfang had given them the power to act first and report later. This at least showed that Lin Dongfang treated them as his own people and was not just pretending to be polite to lie to them.

Of course, from their point of view, there was no need for Lin Dongfang to pretend to be polite to them. If Lin Dongfang wanted to kill them, he could do it with just a wave of his hand. For him to entrust them with this task was already a great honor.

"I hope you can keep my presence here a secret. I don't want news of me to spread before Lin Yi has grown up. He doesn't know what happened to me back then either!" Lin Dongfang gave the three old ancestors a warning look.

"Don't worry, old master. We won't say anything. We won't attack unless it's absolutely necessary. On the surface, we'll still maintain our relationship with little master. " Old ancestor yellow spring nodded and asked carefully.

"There's no need for that. Let's find a reason to resolve the grudges between the two of you so that he won't worry. " Old Lin also wanted to help Lin Yi relieve some of the pressure. After all, Lin Yi was under too much pressure right now, and old Lin was afraid that Lin Yi couldn't take it. If it was someone with a weak mind, they would've gone crazy.

"Alright, we know what to do." Old ancestor yellow spring answered immediately.

"Alright, you guys can go. If there's anything, you can contact me." Old Lin gave his phone number to old ancestor yellow spring. "I don't have a business card. You can take it down."

"I've already remembered it!" On the other hand, the ghastly elder had already taken out a notebook and jotted down Lin Dongfang's phone number! He was a little excited. This was a heavenly Dao expert! In the future, the blood-clad yellow spring sect would have a powerful backer, a heavenly Dao expert, who was even more awesome than the five elements sect!

If Lin Dongfang and Yang Ming were to go together, the five elements sect and the everyday and every day sect would be finished!

The three patriarchs left silently. Old Lin couldn't help but smile wryly as he watched them leave. Today's matter was a mix of good and bad. He couldn't leave the West Star Village for a long time, which was a fatal weakness. Fortunately, only the blood-robed yellow spring sect knew that he was here. Otherwise, the more sects knew, the more likely Lin Dongfang's matter would be exposed!

It wasn't a good thing that it was exposed-if everyone guessed that Lin Dongfang couldn't leave the village, then the sects that suffered losses back then would vent their anger on Lin Yi. Unless Lin Yi returned to the village to avoid trouble, he'd have enemies all over the world!

Therefore, Lin Dongfang had strictly ordered the blood-clad yellow spring sect to keep it a secret out of this consideration.

After leaving the boundary of the West Star Mountain village, the three of them sat on the grass by the roadside and heaved a sigh of relief. The sky was gradually turning bright, and the three of them were panting heavily with lingering fear.

"Xue Yi, it seems like your premonition and guess were right. Who would have thought that the old master would come here to live in seclusion?" Old ancestor yellow spring smiled bitterly and wiped the cold sweat off his forehead.

"Ah, I was just saying. What's even more surprising is that Lin Yi is the old master's grandson, that Mister Yang's disciple. We even wanted to kill Lin Yi, aren't we just asking for death?" The blood-robed elder sighed helplessly.

"Oh right, how do we resolve our grudges with Master Lin Yi?" The ghastly elder suddenly thought of the main point. Lin Dongfang had asked them to find an excuse to let go of The Grudge, but how?

"How about we go to Donghai city and talk to Master Lin Yi?" Old ancestor yellow spring suggested.

"How should I put it? Should I just say it?" The blood-robed elder frowned and said, ""Then, will Master Lin Yi suspect our purpose?"

"Two ancestors, I have a good idea!" The ghastly forefather rolled his eyes and said, ""We can go and tell Lin Yi that the person who hired us back then was Zhao Qibing, and that everything was started by him. Every debt has its debtor, and we want to get revenge on Zhao Qibing, but now that he's a disciple of the Dark Palace, it's not good for us to get revenge. If we can talk to Chu Mengyao through Master Lin Yi, and ask her to help us deal with Zhao Qibing, that would be great!"

"Oh? That's a good idea, but can Master Lin Yi help us?" Old ancestor yellow spring nodded and asked.

"I think it's about 80%. After all, we can promise him something. For example, if he needs the help of the blood-clad yellow spring sect, we can help him!" "This way, not only will we have a reason to help master Lin Yi, but he won't suspect us!" The old man said.

"Sinister, I find that your mind is quite flexible!" Old ancestor yellow spring immediately felt that old ancestor ghastly's idea was very good. He nodded and said, "Very good. This way, we have a reason to help Lin Yi!"

The ghastly forefather heaved a sigh of relief. "Old ancestor yellow spring, you're too kind. I'll make up for my mistake!"

"No, not only did you not do anything wrong, but you also made a contribution, a great contribution! If it wasn't for our slow investigation and delaying our attack on Master Lin Yi, we'd be dead for sure if we really went to kill Lin Yi, whether old master arrived or Master Lin Yi was dead!" "You've made a great contribution!" Old ancestor yellow spring waved his hand and said.

"Yes, you've saved our yellow spring sect this time! From now on, you're no longer a servant. You're our blood robes "third brother, and you've officially become a high-ranking official in blood robes yellow spring sect!" The blood-robed ancestor nodded.

"Thank you for your cultivation, patriarchs. In the heart of gloominess, you two will always be the Masters of gloominess!" The ghastly forefather said gratefully.

"No, our current master is Lin Yi. Don't get it wrong and let the old master misunderstand, it won't be good." "We'll be master's underlings from now on. It's the same!" Old ancestor yellow spring said.

"Yes!" The ghastly forefather quickly replied.

After the three of them agreed, they left for Eastern Sea city. Of course, they didn't want to delay any longer. After all, Lin Dongfang's status in their hearts was like a curse.

When the blood-robed, yellow spring, and ghastly ancestors stood in front of Lin Yi's Villa, their feelings were completely different from when they left the blood-robed yellow spring sect. At that time, they were full of anger and hatred towards Lin Yi, wanting to kill him. But now, there was only respect and fear in their hearts!

Chapter 3167 The Three Incredible People

They were afraid that if they couldn't get Lin Yi's forgiveness, they'd be in an awkward situation. They didn't even know if Lin Dongfang would still acknowledge them as his lackeys.

And so, they rang the doorbell with great trepidation!

Lin Yi stopped channeling the art of Dragon mastery and walked out of the room towards the villa's entrance when he saw the three people outside. In his heart, there were also stormy waves!

Of the three people outside, two were Sky Class late phase peak, and one was Sky Class late phase peak!

What kind of a group was this? in the ancient era, they were all fearless existences, but they actually appeared in front of his house? What was the purpose of these people?

"The three of you, may I ask who you are looking for?" Lin Yi asked without changing his expression. Since the three didn't force their way in and politely rang the doorbell, Lin Yi was secretly on guard, but he still asked politely on the surface.

"Excuse me, is this Lin Yi 's, Lin shaoxia' s, residence?" The blood-robed patriarch asked carefully.

This question made Lin Yi's eyelids Twitch! Lin shaoxia? This was Sky Class late phase peak, and he was calling himself Lin shaoxia? There's nothing wrong with that, right? At this moment, Lin Yi was really confused. Who were these three people?

Seeing Lin Yi's shocked expression, ancestor yellow spring couldn't help but glare at ancestor blood-robed. He naturally understood that the ancestor was too infuriating and made Lin Yi suspicious. He coughed and pointed at Lin Yi, "Kid, you're Lin Yi, right?"

"That's me ..." Lin Yi was even more confused now. What were these three people doing here? How could one be so polite and the other so arrogant?

Old ancestor yellow spring glanced at old ancestor ghastly forest. Naturally, old ancestor ghastly forest knew that he was needed to smooth things over. He coughed and turned to Lin Yi, "Lin Yi, I guess. These two are the two old ancestors of our sect. One has a good temper, the other has a bad temper ..."

"Blood-clad yellow spring sect?" Lin Yi's face changed as he looked at the three people in front of him, stunned. As for their good and bad tempers, he'd experienced them before, but these three were his biggest enemies, and logically speaking, he should've started fighting them as soon as they came up. Why were they standing here and talking to him?

Could it be that all experts had a strange temper?

"Not bad!" The ghastly forefather nodded and said, ""There might be some misunderstanding between our sect and Mr. Lin Yi. We're here today to clear it up!"

"Resolve the misunderstanding?" Lin Yi really didn't understand what these three were up to! If it weren't for Lin Yi's ability to tell their strength level, he'd think they were scammers!

But, what Sky Class late phase peak would have the time to come and act like a scammer? And there were two of them? Even the Sky Class late phase peak wouldn't be in the mood to act like a scammer, right?

"That's right, aren't you going to invite us in, Mister Lin Yi?" The ghastly forefather's tone was neither good nor bad.

"Alright, please come in!" Lin Yi took a deep breath. It was a blessing, not a curse, and he couldn't avoid it. With these three's strength, he couldn't run away even if he wanted to, and he couldn't fight back even if he wanted to, so he decided to see what they were up to!

From the looks of it, the three weren't very nice, but they didn't do anything too outrageous. Lin Yi decided to keep his cool.

Old ancestor yellow spring couldn't help but admire Lin Yi's composure even after hearing their identities. He was indeed the descendant of the dual fiends of King Kong, with such strong mental strength! He didn't know that Lin Yi was thinking of it as a blessing and not a curse.

The three patriarchs walked into Lin Yi's Villa. Yushu was still in school, and Xu Shihan and Cheng Yiyi were practicing their songs upstairs. They rarely came down during the day, so only Lin Yi and the three were left in the living room.

"Mr. Lin Yi, there was some misunderstanding between us earlier. You killed a few of our men, right?"
The ghastly forefather asked after sitting down.

Both the netherworld ancestor and the blood-robed ancestor were not good at disguising themselves, but the ghastly ancestor was quite capable. Therefore, he was the only one who spoke on behalf of the others.

"That's right. However, it was your people who wanted to kill me first, so I was forced to fight back. " Lin Yi didn't know why the three were here, so he didn't hide anything. After all, these things could be found out even if he didn't say it, so he might as well tell them the truth.

"Oh, we know. We don't have any grudges against Mr. Lin Yi. The reason why we wanted to assassinate Mr. Lin Yi was because we accepted a mission, so we came to assassinate Mr. Lin Yi," "As the saying goes," the ghastly patriarch said."We take people's money and help them solve their problems. That's our original purpose!"

"I understand. I don't blame you." Lin Yi nodded. He'd been in the assassin group in the common world before, so he understood the rules of the assassin world. There was no right or wrong here, and he wouldn't put the blame on an assassin,"Every injustice has its perpetrator, and every debt has its debtor. I'll settle the score with whoever wants to kill me!"

"That's right!" The ghastly forefather slapped his thigh and said,""Mister Lin Yi is really a smart person. It's so easy to talk to Mister Lin Yi, he immediately understood our intentions!"

"You guys came here just to say this?" Lin Yi looked at the old man strangely.

"Of course it's not just that-we've sent out Sky Class Masters, but they were no match for Mr. Lin Yi, so we decided to give up on the plan!" "Although it was our fault for assassinating Mister Lin Yi, he killed many of our men after that. How about we let this matter go?" the old man said.

"Let's just forget it?" Lin Yi couldn't believe his ears-there was such a good thing? The assassin group can't kill people, and they still want to make peace? Moreover, he wasn't confident that he could escape from any one of these three, so how could he just let it go?

"Yes, what do you think, Mister Lin Yi?" The ghastly forefather nodded and asked.

"I ... Of course I don't have any objections. But, are you all sincere?" Lin Yi felt that this was a little weird no matter how he looked at it!

After all, there were three Sky Class late phase peak Masters, and two of them were full Masters. Lin Yi couldn't believe that a group of this strong would come here and make peace!

Chapter 3168 Conditions And Favor

"Of course. In fact, we can also see that Mister Lin Yi has great potential and we don't want to be his enemy!" The ghastly forefather nodded and said, ""Of course, you're probably guessing that we're Sky Class late phase peak at the very least since we're the old masters of the blood-clad yellow spring sect, right?"

"That's right!" Lin Yi nodded. This was what he was most confused about-these three should've been able to kill him easily, so why were they talking so much?

"The truth is, the old ancestor of our sect doesn't make a move easily-that's the rule. The money the employer gives us is limited-we can only send a Sky Class mid phase at most, and we can't trouble the

old ancestor with this money. Killing you might be as easy as lifting a finger, but we won't do that! Because there are rules in every trade, and we can't break these rules!" "On the contrary, our employer has given us wrong information and caused our sect to suffer heavy losses. We want to take revenge on him. We seriously suspect that he's setting us up on purpose!" The ghastly forefather explained.

Many of these rules were made up by the ghastly old man to gain Lin Yi's trust. Of course, he had his reasons, and Lin Yi believed him. He didn't know what these three were doing here otherwise!

"Who is your employer? Who hired your people to kill me?" This was the question Lin Yi wanted to know the most.

"This employer of yours is an old acquaintance of yours." "Actually, we think you're a young expert with endless potential and want to befriend you," the ghastly patriarch said. "But that's not the end of it. Our blood-clad netherworld sect also has some young talents. We've come here personally to ask for your help to teach this employer a lesson. Otherwise, we won't be able to take this lying down!"

"What's wrong? Did this employer have a powerful background? Even you guys don't dare to take action?" Lin Yi blinked.

"That's not it!" The ghastly forefather waved his hand and said, ""We're an assassin organization after all, and it's not good for our reputation to deal with our employer. Moreover, we only suspect that the employer is trying to trick us. Plus, he's a disciple of an ancient sect right now, and it's not good for us to do anything to an ancient sect disciple!"

"Pfft ... An ancient sect disciple?" "You guys think I'd be able to do anything to an ancient sect that you guys are all so afraid of?" Lin Yi didn't know whether to laugh or cry.

"Of course. That's why we came here personally. Otherwise, do you think you'd be so influential that the two of us patriarchs and my Butler would come to you together?" The ghastly forefather asked.

"Oh? Who is your employer?" Lin Yi asked, confused.

"Zhao Qibing!" "He's a disciple of the Dark Palace right now," the old man said. "If we go after them, it'll cause a conflict between the ancient sects. Mr. Lin Yi doesn't need to do that. From what I know, the current leader of the Dark Palace, Chu Mengyao, is his woman, right?"

Lin Yi was just about to say that Mengyao wasn't his woman, but a good friend when he remembered the confession she made before she left. She was probably his woman now, so he nodded. "It's Zhao Qibing ..."

Lin Yi's doubts were finally solved! He had been wondering how he had provoked the people of the blood-clad yellow spring sect, but it turned out that they were not looking for trouble on purpose, but were entrusted by someone!

This way, Lin Yi's hatred towards the blood-clad yellow spring sect faded. The assassin group was all paid to work, and the main culprit was Zhao Qibing!

"What do I get out of this?" Lin Yi thought about it and asked. He knew that he was asking a Tiger for its skin, but the old man had explained so much, and they wouldn't do anything to him anymore. That was why Lin Yi had the courage to ask.

"Punish him and help us vent our anger. Consider it as giving us face. We owe you a favor and we'll definitely return it!" Old ancestor yellow spring said.

"You owe me a favor?" Lin Yi pondered for a moment-this was a profitable business! Chu Mengyao would definitely punish Zhao Qibing, so the blood-clad yellow spring sect would owe him a favor for nothing! This was really a good thing! And so, Lin Yi nodded,"Alright, since that's the case, it's a deal!"

"Straightforward!" Old ancestor yellow spring nodded and said,"I like straightforward people the most. Alright, it's settled then. The three of us won't disturb you any longer. We'll take our leave!"

"You're leaving just like that?" Lin Yi blinked-he didn't think that these three were really here for this, leaving after!

"That's right. The purpose of our trip is to ask Mr. Lin Yi to help us vent our anger on Zhao Qibing. Our blood-clad yellow spring sect has been established for so long, but we've never been tricked by our employer like this. This is a scam!" The ghastly forefather said angrily.

"Alright, I'll let Chu Mengyao know." "Take care, you three!" Lin Yi nodded.

"Alright, there's no need to send us off. We'll be on our way." With that, the ghastly ancestor followed the two out of Lin Yi's Villa. They really didn't stop at all!

Lin Yi frowned as he watched them leave. Today's matter was really a little strange! The old man's words seemed reasonable, but Lin Yi felt that there was no need for the three to treat him like this with their status.

Was it really because of Zhao Qibing? If they wanted to deal with Zhao Qibing, they could just tell the Dark Palace and owe them a favor. There was no need for them to come here and waste their time, right?

However, if it was because Chu Mengyao was the current leader of the Dark Palace, and they tried to assassinate him, they were afraid that Chu Mengyao wouldn't give them face. This was possible, and so they came to him to persuade him.

That was the only possibility Lin Yi could think of, but he was relieved that the three didn't have any hostility. The Jade didn't give him any warning from the start, which meant that they really didn't want to kill him!

So, Lin Yi could only shake his head and not think about it for now. After all, there was no point in thinking about it. Since there was nothing else, Lin Yi decided to focus on training the art of Dragon mastery and refining the forging fire!

Chapter 3169 Joint Attack

After leaving Lin Yi's Villa, the three patriarchs didn't rush to return to the blood-robed yellow spring sect. Instead, they planned to stay here for a while and get to know Lin Yi better!

Now that they were Lin Yi's lackeys, how could they not understand their master? At the very least, he needed to know who Lin Yi's enemies were, who his friendly sects were, and who his lackeys were!

They would suppress their enemies whenever they had the chance, but they had to make a clear distinction between their friendly sects and their followers in case they were not friends. Therefore, they decided to stay and investigate.

"Ghastly, get the intelligence team to move into Eastern Sea city and start investigating master. We have to know ourselves and our enemies to help master and live up to old master's trust!" Old ancestor yellow spring said.

"Okay, I know. I'll make the call now!" The ghastly ancestor nodded and called the intelligence team over.

.....

Dongfang jinxing of the Dongfang family received some important news today. The everyday and every day sect's celestial master pure Yin had come out of seclusion, and celestial master pure yang had given his reply. They could work together with the Dongfang family's Yinxing to deal with Lin Yi.

Hence, Dongfang jinxing rushed over to Dongfang Badao's room and knocked on the door, ""Father, second brother, I have great news!"

"Jin Xing, come in." "What's so exciting?" Dongfang Badao asked.

"Father, the everyday and every day sect's celestial master Chun Yin has come out of seclusion. Their celestial master Chun Yang just contacted me, saying that he's willing to work with us to kill Lin Yi!" "Lin Yi's dead for sure this time!" Dongfang jinxing said excitedly.

"Oh? Can the everyday and every day sect make their move now?" Dongfang Badao pondered for a moment, then said, ""Let's work with them this time. When Silverstar and I become full circle elites one day, we'll be able to make the everyday and every day sect pay a price!"

"Father, you're allowing me to take action?" Dongfang Yinxing was excited as well. He'd wanted to kill Lin Yi before, but he didn't dare go alone because he was afraid that Lin Yi would be able to kill enemies above his level. Now, he had the pure Yin Holy master with him, two Sky Class late phase peak Masters. Even if Lin Yi had three heads and six arms, he'd be dead!

"En, with celestial master chunyin with us, I'll naturally be at ease if you go. Otherwise, this Lin Yi kid is really strange. He can kill Masters who are much stronger than him in seconds. We have to be on guard!" Dongfang Badao continued, "if it wasn't for the sect of everyday and every day, I'd definitely ask you to let go of this grudge for now. After all, we've already lost a lot of our core strength. If something were to happen to you, our Dongfang family would really be on the decline. By then, more ancient families and sects would surpass us. It's not worth it!"

"Is that Lin Yi guy that strong?" The Silver Star of the East furrowed his brows, clearly disapproving.

"Don't underestimate the enemy!" Dongfang Badao waved his hand and said, ""That Lin Yi, he has his own way of living and not being killed by his enemies. We can't underestimate him, we might fail miserably!"

"Yes ..." Eastern silver Star replied quickly, but he still underestimated Lin Yi a little. He thought that Lin Yi was only a Sky Class early phase, and there was no way he could be stronger than him!

"Remember, if Lin Yi is really strong and things get out of hand, then let go of your hatred and run back as fast as you can. Don't try to be brave!" Dongfang Badao warned.

"I know, father! I'll be careful. " Although Dongfang jinxing said this, his words were full of perfunctory. This made Dongfang Badao frown slightly. This son of his was not as steady as Dongfang jinxing. Although his strength was there, he was still very impulsive when doing things!

Dongfang jinxing was very obedient. This was also the reason why Dongfang Badao allowed him to manage the Dongfang family without any worries! However, Lin Yi was only a Sky Class early phase-no matter how strong he was, no matter how strong he was, he couldn't possibly be a Sky Class late phase Peak's opponent, right? If that was the case, then Lin Yi would've been able to do whatever he wanted in the ancient level!

Plus, Lin Yi should've killed Dongfang hard back at the practitioner's trade association, not letting him escape. It seemed that Lin Yi's strength was still limited, and this made Dongfang Badao's nervous heart relax a little.

"When do we act?" Dongfang Badao asked.

"The everyday and every day sect is waiting for our reply. As long as we agree, they will immediately send people to meet up with us!" Dongfang jinxing said.

"Alright, tell him that our family is ready as well. We'll let him meet up with celestial master chunyin and kill Lin Yi together," At this point, Dongfang Badao turned to look at Eastern silver Star, ""Silverstar, remember, you must attack together with celestial master chunyin. Don't be stupid enough to rush to the front and be a test."

"I understand!" Dongfang Yinxing was not stupid. Since the two families were working together, he naturally wanted celestial master pure Yin to be at the front. It would be best if both sides were injured,

and he would kill Lin Yi himself. This would indirectly make the everyday and every day sect suffer a little, and he would take revenge for Dongfang Busu.

Dongfang jinxing left Dongfang Badao's room and went to call heavenly venerate Chunyang.

After receiving the call, celestial master Chunyang told pinliang the news. "Master, the Dongfang family has agreed to work with us to kill Lin Yi!"

"We still have to kill Lin Yi!" "Actually, after I've merged with the Dragon's memories, it's very easy for me to kill Lin Yi. I could just send a few Masters and kill him!" Pinliang sighed. But the reason I didn't do that was because I wanted to give Pao something to push for. But in this situation, if he doesn't get rid of Lin Yi, he won't be able to get rid of his heart's demon. He has to get rid of Lin Yi first!"

"Master, since you have agreed, then I shall send Junior Brother Chun Yin to meet up with the Silver Star of the East?" Heavenly venerate Chunyang nodded and asked.

"Sure, but before he leaves, tell him to come over. I have something to tell him!" Pinliang said.

"Alright, master, I'll go find him now." Heavenly venerate Chunyang nodded and left to look for heavenly venerate chunyin.

Celestial master chunyin had come out of seclusion. He had failed to break through to the peak of the late stage of Sky Class!

Chapter 3170 Coincidentally Met

He'd tried this many times already, but it still didn't work-after all, Sky Class late phase peak was a very difficult cut, and there was a chance of breaking through to the path of the sky after that-it wasn't something that could be comprehended just like that.

"Senior brother, how is it? Do you want me to come out of the mountain and kill that kid?" Every time heavenly venerate chunyin came out of seclusion, he would go out and stretch his body. After all, he had been cooped up in his room for a long time and definitely wanted to get some fresh air. Now that there was a mission to kill people, he was still very active.

"En, master, that is, your great martial aunt, has already agreed. But before we go, master has something to tell you, come with me!" Heavenly venerate Chunyang nodded.

"Alright!" Heavenly venerate chunyin quickly followed him to pinliang's residence. After he came out of seclusion, he knew that pinliang was the reincarnation of the Mad dragon patriarch, so he naturally respected him.

The two arrived at pinliang's house and knocked on the door,"Honored master, disciple Chunyang has already brought Junior Brother chunyin over!"

"Alright, come in." Pinliang said faintly. He'd learned how to act cool during this time, and while he was still a bit of a dandy in his personality, he had to act like a leader in the sect. It'd be weird if he didn't.

"Disciple chunyin pays his respects to great uncle!" Heavenly venerate chunyin said hurriedly after entering the room.

"Pure Yin, no need to be so polite!" "This time, you're going to kill Lin Yi. There's something I need to remind you of!" Pinliang said, waving his hand.

"Eldest aunt-master, please speak!" Heavenly venerable chunyin nodded his head and appeared to be all ears.

"It's like this, I know Lin Yi very well. He's the best at hiding his strength, so the strength he's revealed now might not be his ultimate strength. He has endless cards up his sleeve, so you have to be careful!" Pinliang said.

"Great martial aunt, I'll remember it!" Pure Yin's expression turned serious as he nodded. He believed pinliang's words without a doubt. After all, pinliang and Lin Yi were classmates and enemies. If pinliang still valued Lin Yi so much after becoming the master of the Mad dragon sect, then pure Yin would have to value him even more.

"En, it's good that you remember!" "Yeah." Pinliang nodded, satisfied, "when the time comes, you and Dongfang Yinxing from the Dongfang family will attack together. Don't get greedy, kill him in one hit and don't give Lin Yi any chance to catch his breath!" After completing the mission, don't stay any longer and rush back immediately! Did you hear that?"

"Yes, uncle master, I understand!" Celestial master chunyin replied.

"Alright, you can go." Pinliang said.

Celestial venerable pure Yin and Eastern silver Star had met up at Eastern Sea city's xueshang business hotel. He had never been to other places, nor had he been there before. This was the place where Dongfang buruo had once stayed, so he had chosen this place!

First, it was because they were familiar with the place, and second, it was because this place was closer to Lin Yi's Villa. They could kill their way to his door at any time!

As for heavenly venerate chunyin, he had never been to East Ocean City before. He lived wherever Silver Star of the East lived.

It was evening when the two arrived, but coincidentally, their car arrived at the same time as the blood-clad yellow spring sect's intelligence team's car. The blood-robed elders, yellow spring elders, and ghastly elders were also staying at the xueshang hotel. It was the closest hotel to Lin Yi's Villa, and it would be convenient for them to investigate Lin Yi.

Naturally, heavenly venerate pure Yin and Eastern Silverstar did not know the members of the blood-clad yellow spring sect's intelligence team. After all, these people were in charge of intelligence work and would not show their faces in public, let alone let others know their identities. However, that did not mean that they did not know them!

The intelligence team of the blood-clothed yellow spring sect had recorded all the famous figures in the ancient era. Their faces were engraved in their hearts. Therefore, the person in charge of the intelligence team, Feng shengniao, noticed them as soon as they appeared at the entrance of the hotel.

When heavenly venerate pure Yin and Eastern silver Star had booked their rooms, wind Saint bird noted down their room numbers and got into the elevator together. Wind Saint bird and the others' rooms had already been booked by ghastly patriarch the day before. The reason he had waited to go up with

heavenly venerable pure Yin and Eastern silver Star was to hear what the two of them were talking about.

After entering the elevator, heavenly venerable chunyin and Eastern Silverstar did not hide anything. After all, they did not think that anyone from the secular world could threaten them. Furthermore, outsiders would not be able to understand the meaning of their words.

"Lin Yi lives nearby?" Celestial master chunyin asked.

"Yes, in a villa not far from here." "Shall we rest for a while before going, or shall we go tonight?" asked Eastern silver Star.

"Let's go tonight. " "The sooner we go, the sooner we can be more efficient. We'll leave after we're done," said celestial venerable Chun Yin after some thought.

"That's good. " Eastern silver Star nodded.

The conversation between the two of them sounded like they were going to visit a friend. If it wasn't for the wind Holy bird, no one else would have paid any attention to it. However, the wind Holy bird's heart trembled!

These two Sky Class late phase peak Masters, were they here to deal with Lin Yi? After all, the intelligence team had already gotten the news that the Dongfang family and the everyday and every day sect had enmity. The bird didn't think it was a good thing for the two to come to Lin Yi at the same time!

Moreover, from what they said, they would leave very quickly after finishing their business. Other than killing people, what else could be done very quickly for these ancient level experts?

However, on the surface, the wind Saint bird did not make a sound. He had been gathering information for years and had long cultivated the ability to not show his emotions. So, at least on the surface, the wind Saint bird had been focused on playing with his phone the moment he got on the elevator and did not pay attention to the pure Yin Holy master and the eastern Silverstar at all!

When they arrived at the floor where the wind Saint bird was, it no longer paid any attention to celestial venerable Chun Yin and Eastern Silverstar. Instead, it walked out of the elevator with two of its subordinates and headed in the direction of old ancestor yellow spring and the others without looking back.

The sacred Wind bird knocked on the door of the room where the three patriarchs were.

"Who is it?" The ghastly old master's Voice came from behind the door.

"Mr. Yin, it's me, wind Saint." Outside, he called the ghastly old ancestor Mr. Yin, old ancestor yellow spring Mr. Huang, and old ancestor blood-robed Mr. Xue to avoid unnecessary trouble. Otherwise, it would be strange in modern society to call them old ancestors.
