Chapter 3191 Someone Is Following Us

The meal was very pleasant, but after the meal, Tang Yuqi didn't leave and waited for Lin Yi at the door. Mrs. Tang and Tang Jucheng didn't leave either. They were actually a little worried that Lin Yi and Tang Yuqi would fight and hurt their relationship!

After all, there were some things that Mrs. Tang couldn't tell Tang Yuqi directly. She couldn't tell Tang Yuqi about Lin Yi's identity, and she couldn't tell Lin Yi either. She could only try to smooth things over during the competition and not let her nephew and son-in-law break up.

However, what made Mrs. Tang feel at ease was that Tang Yuqi and Lin Yi weren't the type of people who couldn't take a loss. Tang Yuqi wanted to challenge them, but she could see that he was an upright person. If he lost, he probably wouldn't continue to pester them.

"Lin Yi, I've heard so much about you! I want to challenge you. I wonder if you'll give me the chance?" Tang Yuqi said to Lin Yi at the entrance of the home of six tastes.

"Alright, let's do it today." Lin Yi nodded, "let's find an empty space. You can decide how we're going to compete."

"We are all cultivators. Whoever defeats the other, can't get up, or voluntarily admits defeat will be fine. However, fists and legs have no eyes. Even if we don't want to harm each other's lives, injuries are inevitable. However, I have a small recovery pill and a large recovery pill, so you don't have to worry!" Tang Yuqi explained the rules.

Lin Yi was a little surprised at Tang Yuqi's words. He was actually providing pills to his opponents? This Tang Yuqi seemed like an honest person, but the more he acted this way, the happier Lin Yi was. After all, aunty Wang had helped him a lot in the valley, and he didn't want to become enemies with her family.

"Sure, but I don't need any pills." Lin Yi said with a smile.

"You mean, the one who's injured is definitely me?" Tang Yuqi's expression changed, but he didn't fly into a rage. He only said, ""It's good to be confident, but we'll only know after we've fought,"

Song Lingshan naturally knew that Tang Yuqi misunderstood Lin Yi. Lin Yi could heal himself and didn't need any pills, but she couldn't explain it. She only said, "I know an abandoned construction site nearby. Let's go there!"

"Sure." Lin Yi and Tang Yuqi both nodded.

And so, song Lingshan's car led the way, while Lin Yi and Mrs. Tang's Grand Cherokee followed behind, all the way to the construction site.

However, Lin Yi's sharp senses told him that they were being followed! Although Lin Yi wasn't sure where the person was, and he didn't know his strength, he knew that the person must be very strong if they could hide from him and follow him.

But Lin Yi was confused as well-who was following them? According to Feng Shasha, the ancient sect's enemies were all worried that he'd cause trouble for them, so who would come after him?

Plus, Lin Yi's Jade didn't react at all, so there shouldn't be any danger. Could it be that he wasn't this person's target? Or was it further away from him? Or was this person's target Tang Yuqi?

Even Lin Yi found the idea funny. After all, other than Tang Yuqi and the disciple, they were all his own people, and the Jade would alert him if they were in danger.

Obviously, there wasn't one now. It could only be Tang Yuqi and that disciple of the snow Valley. But what kind of enemy would these two have? One was a detective who had returned from overseas, and the other was a disciple sent by the snowy valley. The person who was following them was obviously an expert. The possibility of targeting these two people was very low.

But no matter what, Lin Yi didn't let his guard down at all as he searched for the person's location.

They arrived at the abandoned construction site, but Lin Yi still couldn't find anyone following them. This made Lin Yi even more shocked, but he still pretended to be calm on the surface!

He couldn't mess up-the news of him being able to kill two Sky Class late phase peak Masters in seconds had already spread throughout the ancient levels, and there weren't any Sky Class Masters yet-Sky Class late phase peak Masters were the Kings of practitioners, but that shouldn't be too hard for Lin Yi to kill. Even if he was being followed, he wouldn't be nervous. That would be exposing his weakness.

Of course, Lin Yi didn't get out of the car immediately, because he could feel the danger getting stronger and stronger. It seemed that this person was waiting for the moment they stopped the car, and was ready to strike!

Lin Yi was observing-he had to keep the danger within a controllable range!

Tang Yuqi got out of the car first, but as soon as he did, a black shadow flew towards him. Lin Yi was shocked, but he didn't dare to make a move. After all, he saw clearly that the person in front of him was Sky Class late peak!

Tang Yuqi was a Sky Class master after all, and a detective at that-his sixth sense wasn't just strong. When he felt danger, he used his Qi to protect his body and started retreating.

However, the other party was too strong. Even though Tang Yuqi dodged, he didn't completely Dodge. A palm hit Tang Yuqi's left shoulder. Tang Yuqi was sent flying by this strong force and crashed into the wall of an unfinished building at the construction site.

The huge impact caused Tang Yuqi's body to be like a cannonball. He directly smashed a big hole in the wall and his entire body also entered the unfinished building!

However, this made the black shadow lose its target. It couldn't find Tang Yuqi in its line of sight for the time being, so it could only stop attacking and wait for Tang Yuqi to run out of the unfinished building by himself. Otherwise, he wouldn't just attack the unfinished building like a fool, right?

This created a chance for Tang Yuqi to survive. He didn't die Here!

"Who are you? You dare to attack?" Mother Tang was shocked and angry. Tang Yuqi was her husband's long-lost nephew. Now that he was injured in front of her, she couldn't just sit by and do nothing. "I'm

the patrol and monitor of the snow Valley, and also the mother of the great elder. You injured my nephew for no reason. What are your intentions?"

The black shadow was celestial venerable Chun Leng, who had been sent by celestial venerable Chun Yang to deal with Tang Yuqi. He had wanted to leave after killing Tang Yuqi, but a middle-aged woman had suddenly stopped him and meddled in his business. He had been very unhappy and wanted to kill this woman, but he didn't expect her to be from the snow Valley.

Chapter 3192 Scared Away

Although she didn't hear clearly what her position was in the snow Valley, the identity of the great elder's mother made celestial venerable chunleng apprehensive. He was indeed from the everyday and every day sect, but the snow Valley wasn't weak either!

"Tang Yuqi once disrespected our everyday and every day sect's mad dragon patriarch. I was ordered to kill him. Even if you're from the snow Valley, don't meddle in other people's business. This is an order from our patriarch. If you try to interfere, you'll be fighting to the death with our everyday and every day sect!" Celestial master chunleng had come with a mission, so she wouldn't back down easily.

"What? You're from the everyday and every day sect?" Mrs. Tang frowned. She'd been in the ancient world for a long time now, and naturally she knew what the everyday and every day sect represented. She could do whatever she wanted in the valley, but she didn't have much power over the sect!

The snow Valley was strong, but it was nothing compared to the everyday and every day sect. Mrs. Tang didn't know if she should intervene or not! No matter, Tang Yuqi was Tang Jucheng's nephew. How could he watch him get killed?

But if she did, it would be the same as making a strong enemy for the valley. Mrs. Tang wasn't afraid of causing trouble for the valley, but she was afraid that it would affect Tang Yin. So, Mrs. Tang was in a dilemma!

Lin Yi heard that the people were from the everyday and every day sect and hesitated for a moment before getting out of the car. It was a little risky, but Lin Yi could see the difficulty Mrs. Tang was in! A drop of kindness should be repaid with a spring. When Lin Yi was in the snow Valley, Mrs. Tang helped him a lot. This was the time for him to repay her!

Although Tang Yuqi could be considered Lin Yi's love rival, he was still a good person. He was also Mrs. Tang's nephew, so Lin Yi had no choice but to interfere.

He opened the door and got out of the car. Lin Yi looked at the black shadow and showed off his Sky Class early phase strength. He said calmly, "Tang Yuqi was about to spar with me. You injured him. What's going on?"

"And where did you come from?" Celestial master chunleng was taken aback. He didn't think much of Lin Yi's early phase Sky Class, but Mrs. Tang said that she was from the snow Valley, so Lin Yi should be from the snow Valley as well. He thought he could kill Lin Yi, but he came down the mountain to kill Tang Yuqi, not to make enemies with the snow Valley, so he didn't attack Lin Yi and only snorted, "What, do you have an opinion? I'm telling you, don't meddle in other people's business. The matters of the everyday and every day sect are not something you can meddle in!"

Lin Yi laughed when he saw how arrogant celestial master chunleng was. "The everyday and every day sect, right? I really have a problem with you guys, and it's not just a day or two!"

"Oh? Kid, so you're trying to cause trouble?" Celestial master chunleng looked at Lin Yi coldly. He didn't want to cause any trouble, but that didn't mean he could endure it forever. His eyes and tone were unfriendly now.

"Not bad!" "Yeah." Lin Yi nodded indifferently, "the everyday and every day sect is having a sect-I'll admit that Zhang naipao went against me before, but I'm his boss, Zhong pinliang, after all. However, a few days ago, they sent someone called Lord pure Yin to find trouble with me. I killed him and now another one came? Do you also want to die?"

"You ... You ... You are ..." Celestial venerable chunleng broke out in a cold sweat. His clothes were all wet, and his face turned extremely pale. He almost fell to the ground!

If it was any other day, he would've attacked a Sky Class early phase already if he dared to talk big in front of him-he wouldn't threaten him to die! He most likely killed that person first!

But now, things were different-Lin Yi's words pointed out his identity. He was the man the Mad dragon elder had warned him not to mess with, the man who'd cast a shadow over naipao's heart, the man who'd instantly killed the pure Yin Holy master and Eastern Silverstar!

"What am I?" Lin Yi looked at celestial master chunleng with a faint smile.

"Um ... Lin Yi-qianbei ... I'm sorry, I didn't know you were here. I'd be an idiot to come here if I did. I don't want to die, I was just joking, right, I was just joking!" Celestial master chunleng stuttered, "I have a small reversion pill here. Give it to him. After he eats it, he can go back to the market. If there's nothing else, I'll be leaving first ..."

"You think you can come and go as you please?" "What's your purpose of coming down the mountain?" Lin Yi asked.

"I ... I'm just here to be a bystander ..." Celestial venerable chunleng suddenly had an idea and said, ""There's no more soy sauce in the mountain Gate, so I'm out here to make soy sauce! That's right, I'm just a bystander!"

He had heard people talk about being a soy sauce, but he didn't know the true meaning. He thought that it really meant being a soy sauce, so he quickly said that. After that, he even praised himself. I'm really too F * cking smart!

"Who are you trying to fool?" "If you don't want to die, tell me the truth," Lin Yi said faintly.

"It's ... Alright. Actually, it's the Mad dragon patriarch who asked me to kill Tang Yuqi. " Celestial master chunleng said.

"Why?" Lin Yi asked. He really couldn't figure out what Tang Yuqi did to make the founder of a sect remember him and send people to kill him.

"Well, I heard that he humiliated our ancestral master. I don't know anything else ..." Celestial master chunleng didn't dare to reveal pinliang's identity. It was a big secret of the sect.

Luckily, Lin Yi didn't ask further-he couldn't have guessed what connection the kuanglong patriarch had with Zhong pinliang.

"That's enough. Get lost. I'll protect Tang Yuqi. Go back and tell your patriarch that if he sends more people here, I'll kill them." "I'll kill you all, even if it costs me something!" Lin Yi said.

"Yes ... I'll leave now ..." Celestial master chunleng nodded quickly. He didn't even have the courage to talk to Lin Yi directly. He took out a small recovery pill, put it on the ground, and quickly disappeared.

Lin Yi let out a sigh of relief as he watched celestial master chunleng leave. It seemed that he had successfully deceived this person. After a while, Lin Yi didn't feel like he was being followed anymore. It seemed that celestial master chunleng had really left.

At this time, Tang Yuqi climbed out of the unfinished building. It wasn't that he didn't want to come out before, but he really didn't dare to! He was extremely afraid!

Chapter 3193 Tang Yuqi Admits Defeat

He knew what he was doing-his opponent was a Sky Class late phase peak, and Tang Yuqi wasn't on guard at all, and he was still heavily injured. If this happened again, he'd be dead for sure!

Therefore, Tang Yuqi really didn't dare to go out at will. He just hid in the unfinished building and waited for celestial venerable chunleng to leave before he dared to come out! However, he felt a little ashamed. Lin Yi was also a Sky Class early phase master, but he dared to stay calm in front of celestial venerable chunleng, who was Sky Class late phase peak.

However, what shocked Tang Yuqi the most was that Lin Yi wasn't afraid of celestial venerable chunleng, but she was actually afraid of Lin Yi, and she was so scared that she was trembling. From what Lin Yi said, it seemed like Lin Yi had a deep hatred for the everyday and every day sect, and Lin Yi had killed their people before. If even a Sky Class late phase peak was afraid of Lin Yi, then wasn't Lin Yi's strength heaven-defying?

However, Lin Yi was indeed only a Sky Class early phase-this made Tang Yuqi very confused! However, since he was a detective, his brain was also very good, and his logical thinking was very strong. From the

short conversation between celestial master chunleng and Lin Yi, he could tell that Lin Yi's strength was definitely not what it was!

"Eat this small reversion pill. We'll compete again after you've recovered." Lin Yi pointed at the small reversion pill left by celestial master chunleng on the ground.

"Many thanks!" Although half of Tang Yuqi's shoulder was broken, he could still walk. He endured the pain and nodded to Lin Yi. He picked up the small recovery pill and put it in his mouth. The small recovery pill was enough for his injuries right now. He didn't need the big recovery pill yet.

Tang Yuqi didn't say much. He quickly refined the small recovery pill and controlled his injuries. However, his injuries couldn't be healed in an instant. He needed to rest for a while. He definitely couldn't compete now.

"You can go back and rest first. Let me know when you want to compete." Lin Yi had a good impression of Tang Yuqi, but he couldn't give song Lingshan to him just because of that.

To be honest, Lin Yi's feelings for song Lingshan were very special. The two of them had been through a lot together. It was impossible for Lin Yi to give her to someone else.

"There's no need to compete. " Tang Yuqi said,"Mr. Lin, I know what I'm lacking in. Just now, when I faced that expert from the everyday and every day sect, I was far from being your match!" If he's afraid of you, it proves that you have the strength to make him afraid. Otherwise, with his strength, he doesn't need to be so afraid, nor do he need to lower his voice to you. But to me, he's an expert who can kill me with a raise of his hand, so I'm not as good as you!"

"Haha ..." Lin Yi laughed. It seemed that Tang Yuqi wasn't a stubborn person. He was a very rational person. After knowing the difference between them, he wouldn't continue to pester him.

"Lingshan, I wish you happiness!" Tang Yuqi turned around and said to Song Lingshan, "I'm convinced this time!"

"Tang Yuqi, you're actually a pretty nice person ..." Song Lingshan was a little embarrassed.

"Alright, I've received a nice guy card." Tang Yuqi sighed, then smiled and said, "But, Captain Song, I still want to stay here. After all, my father is coming soon. It's not realistic for me to be a detective overseas. You won't fire me, will you?"

"With a great detective like you working for me, I naturally can't reject you!" Lingshan said with a smile.

Since Tang Yuqi said so, Song Lingshan naturally couldn't drive him away. If he wanted to stay, then he would stay. She could see that Tang Yuqi kept his word.

"Okay, then we'll go back first. Aunt Wang, if you're not busy, why don't you come to my villa? Lingshan knows the place." Lin Yi invited. After all, Aunt Wang had helped him a lot back in the valley, and Lin Yi had always been grateful to her. But now, Lin Yi knew that Aunt Wang would definitely talk to Tang Yuqi first when they just met. She wouldn't leave Tang Yuqi behind and come to his house.

"I won't be going. I'll be returning to the valley after I'm done with my business here." Mrs. Tang wasn't in a rush, she just didn't want to have too much contact with Lin Yi in case he remembered the past. If that happened, all of Tang Yin's efforts would go to waste.

"Alright then. Let's meet again when we have the chance." Lin Yi didn't force her, assuming that Mrs. Tang was busy.

Song Lingshan went back alone, while Mrs. Tang and Tang Jucheng drove with Tang Yuqi to find a place to reminisce about the old days and discuss how to bring Tang Jucheng's big brother back.

Lin Yi, on the other hand, drove Xu Shihan, Cheng Yiyi, and Chen Yushu back to the villa.

.....

Dongfang xiaocui was a woman who couldn't keep her mouth shut. After getting Lin Yi's forgiveness, the worry on her face was gone. Not only that, but she also felt that she was a very powerful person. The reason was that Lin Yi was famous in the ancient world, and no one dared to mess with him. Now that she was the mother of Feng Shanshan, Lin Yi's follower, she seemed to have some kind of relationship with him, and she felt that she was a very powerful person.

And Dongfang xiaocui's attitude made Feng Tianhu secretly see some clues. He was worried about Lin Yi's matter, and now he suddenly saw Dongfang xiaocui, who was in the same boat as him, so happy. Naturally, he felt that something was wrong!

So, he found an opportunity when no one was around to block Dongfang xiaocui's path, ""Second sister-in-law, you've been very happy these past few days?"

"Ah ... Tianhu, you ... What are you doing?" "What's wrong?" Dongfang xiaocui asked, shocked by Feng Tianhu's sudden appearance.

"Nothing, I'm just wondering why she's still so happy when she heard that Lin Yi's coming to teach us a lesson. I just wanted to remind second sister-in-law so that we can discuss the countermeasures. " Feng Tianhu said as if he was speaking the truth.

"You ... You're talking nonsense!" Dongfang xiaocui wasn't a sneaky person, and after being scared by Feng Tianhu, she immediately revealed the truth,""Shangguan already called Lin Yi, and he said that he wouldn't take it out on me. Even if he wanted revenge, he'd go to the Dongfang family first, not me ... Stop scaring people!"

"Oh?" Feng Tianhu pretended to be confused, but his heart was bursting with joy. No wonder Dongfang xiaocui wasn't afraid these few days, and was even smiling so happily. It was because Feng Shishi asked about Lin Yi! He immediately heaved a sigh of relief, but on the surface, he said,""Is that so? So that's how it is, then maybe I heard wrong?"

Chapter 3194 Feng Tianhu's Test

"I must have heard wrong!" Dongfang xiaocui didn't know that Feng Tianhu was just testing her, so she nodded her head with certainty.

"Alright then, second sister-in-law, you can continue with your work. Just pretend I didn't say anything." Feng Tianhu said with a smile.

"Then I'll take my leave first." After Dongfang xiaocui finished speaking, she turned around and left.

Feng Tianhu, on the other hand, fell into deep thought again! Many people were like this. They had no memory and forgot the pain once the scar healed. Feng Tianhu's heart started to race again as soon as he found out that everything was fine.

Of course, he didn't want to go against Lin Yi-he didn't have the guts. The person he wanted to go against was still Feng Tianlin, he wanted to take the Feng family's young master position! Feng Tianhu was extremely sullen. He had a conversation with the everyday and every day sect, but they didn't even care about him. It was obvious that they felt that his status was not enough.

"Men, come!" Feng Tianhu shouted after he returned to his room.

"Boss!" A Man in Black suddenly appeared in Feng Tianhu's room. Over the years, Feng Tianhu had kept a few people under him. These people were his secret forces. He had never exposed them and didn't dare to use them easily. Usually, these people were used to gather information for him.

"How's the matter I asked you to investigate?" Feng Tianhu glanced at the Man in Black and asked, "Did you find Feng Tianlin's ex-girlfriend?"

"Boss, I have some clues, but I'm not sure where it is." "According to our investigation, the last place the woman appeared was in Songshan, and then she disappeared without a trace. We can't rule out the possibility that she left in the dark, but our men have been secretly investigating the woman who suddenly appeared in Songshan." The Man in Black said.

"Oh? Songshan?" Feng Tianhu frowned slightly. To be honest, the two cities he was most on guard against right now were Donghai and Songshan, because they were Lin Yi's headquarters. If it wasn't necessary, he didn't want his people to step into these two cities and interact with Lin Yi again. But now it seemed that he had to go to these two cities to investigate, so he ordered, "You guys did a good job, but remember to avoid this Lin Yi guy when you investigate. Don't get into a conflict with him."

"I understand, boss!" The Man in Black nodded, "the ancient level has already spread the news. That Lin Yi can kill two Sky Class late phase peak at the same time. We naturally won't get into a fight with this kind of master."

"I'm very confident in you guys. Go on. If you have any concrete news, let me know immediately." Feng Tianhu said.

"Yes!" The Man in Black cupped his fists and disappeared, leaving Tianhu in deep thought. He was waiting for an opportunity to take down Tianlin and Nitian, but it was obvious that these two would be happy because of Lin Yi, so Tianlin chose to wait.

.....

Little Peach had a good impression of Kang Xiaobo. Perhaps due to Tianji's previous warning, Little Peach had paid special attention to Kang Xiaobo. Once a woman paid special attention to a man, especially if the man was outstanding, the chances of the woman falling in love with him were very high. This was especially true for a woman like Little Peach who had just been hurt in a relationship and was trying to walk out of the shadow of it.

Of course, Little Peach's business capabilities were also very strong, and Kang Xiaobo relied heavily on her, allowing her to participate in some of the company's core operations. This way, Little Peach truly discovered that Miracle Doctor Guan's medical company had no relationship with the Medicine Cauldron Manufacturing Company.

There was no information about medicinal cauldrons here, nor were there any production records. What was certain was that the medicinal cauldrons were not manufactured here.

This made little peach heave a sigh of relief. After all, she didn't want to lie to Kang Xiaobo. This way, she didn't have to sell anything. Although Tian Gang would help her block some pressure, if miracle doctor Guan's medical company really created the medicine cauldron, Kang Zhaoming would definitely force her to steal the information.

"Brother Kang." Little Peach's phone suddenly rang. It was from Kang Zhaoming. She quickly adjusted her emotions and picked up the phone.

"Little sister little peach, how is it? did you find anything?" Kang Zhaoming asked enthusiastically.

"Kang bro, I'm starting to take over the core business of miracle doctor Guan's medical company, but I didn't find any manufacturing information for automatic cauldrons, nor did I see any records of them being manufactured." "That's why I'm certain that this place hasn't produced any grade one automatic medicinal cauldrons before," little peach said. "Big brother Kang, you should give up on this place ..."

"Oh? No..." Zhaoming was a little disappointed. He'd expected this-miracle doctor Guan's medical company was a production line, after all, and he'd confirmed that the cauldron came from house Liu's electronics factory, so it was reasonable that they didn't have any information!

However, Kang Zhaoming naturally wouldn't let little peach give up because he didn't want her to return to the sky elixir sect. This person wasn't someone he could kill easily. He was an eyesore, and if it affected his relationship with little eleven, it would be a huge loss if he made elder xuanchen wary of him.

So, Kang Zhaoming directly said, "little peach, don't give up. Stay there. This Automatic Grade one medicinal cauldron might be a core secret, and it can't be displayed in front of ordinary employees. How about this? you can continue to stay there!" I think I'll probably have to stay for three to five years before I can come into contact with those secrets! Little peach, if you want to be with me, you'll have to be prepared to be a long-term spy! Do you understand?"

"En, en. Okay, big brother Kang. In that case, little peach will continue to stay here and inquire about the tier one automatic medicinal cauldron!" Little peach nodded hurriedly. However, she was very disdainful inside. Ever since she found out about Kang Zhaoming's ugly face, she knew that he was just toying with her. He just wanted her to stay away from him so that she wouldn't be a hindrance to his plans!

However, staying here was also little Peach's idea. She had developed a very good impression of Kang Xiaobo during this period. Although she knew that Kang Xiaobo had a girlfriend, little peach was an ancient person. She had no concept of monogamy, so this didn't affect her feelings for Kang Xiaobo.

"Alright, call me if there's any news. If there's no news, don't contact me, in case Xiaobo finds out." This was the last time Kang Zhaoming would call little peach. He probably wouldn't ask about her anymore.

Chapter 3195 Little Peach's Identity Exposed

"Yes, yes, I know." "Yes," little peach replied, pretending to be extremely serious.

Kang Zhaoming hung up the phone, satisfied. On the other hand, little peach let out a sigh of relief and put away her phone. Just as she was about to leave the secretary's office, she turned around and saw Kang Xiaobo standing at the door with a dark expression!

"C-CEO Kang ..." Little peach was shocked, and she stood rooted to the ground, dumbfounded. What she didn't expect was that Xiaobo would find out!

"Tao Xiaohong, don't you want to explain this to me?" Xiaobo's face darkened-he never expected his Secretary to be a spy. "Who's that Kang bro you're talking to over the phone?"

"Chief Kang ... I was wrong ... I shouldn't have kept it from you ... But I really have no ill intentions toward you or the company, not even the slightest bit ..." Little peach sobbed, somewhat at a loss.

Kang Zhaoming couldn't help but frown. He didn't think that little peach would start crying first! Xiaobo, on the other hand, was a soft-hearted man-like boss, like follower. He couldn't bear to see a woman cry, either. He was pissed, but he still tried to comfort her."Little red, don't cry first. If there's a problem, just say it. Crying won't solve the problem, right?"

"Chief Kang ... Then ... Do you believe me?" "What's wrong?" little peach asked weakly as she wiped her tears.

"I ..." Xiaobo didn't know whether to laugh or cry. Little peach hadn't even said anything yet, and Xiaobo was already asking if he believed her."Xiao Hong, tell me everything that happened. If you're not in the wrong, I won't blame you, but if you really betray the company's interests, I won't let you live no matter how much I rely on you!"

"En en, chief Kang, I'll tell you now ..." Little peach didn't hide anything. She told Xiaobo everything about her identity, her relationship with Kang Zhaoming, as well as how Kang Zhaoming had sent her here to spy on his secrets and play with her!

Xiaobo was a little surprised at the name, but he was more enraged than surprised! This cousin of his was actually still going against him and his boss. This person was really hopeless! The person Kang

Xiaobo hated the most in his life was Kang Zhaoming. Not only did he hurt Fen, but he also sent people to go against him and Lin Yi!

Xiaobo was no longer the hot-blooded young man who impulsively wanted to go up to the rooftop with Lin Yi. He'd been in the business world for so long, and he had developed the ability to read people. He could tell whether little peach was lying or telling the truth with a single look.

From little Peach's words and tone, Kang Xiaobo could basically tell that she wasn't lying. Moreover, the Kang Zhaoming that little peach mentioned was very similar to Kang Xiaobo's personality. He was a person who was blinded by greed and placed benefits above all else.

At the same time, Kang Zhaoming began to sympathize with little peach. This person was completely a sacrifice for Kang Zhaoming to climb up the ranks. It could be said that Kang Zhaoming had no feelings for her at all. He was just using her, and after he was done using her, he would kick her away ...

"How can I believe you?" Xiaobo asked, looking at little peach. Although he'd already made his decision, he wasn't an irrational person. Everything needed evidence.

"I ... I have a recording of my conversation with Kang Zhaoming, and since it was for the young sect master, I recorded it. Chief Kang, I can play it for you, and you'll know what Kang Zhaoming is thinking after listening to it. My mission here can be said to be completed, and I was supposed to go back, but he made me stay here for three to five years-is this something someone who likes me would say? Three to five years, how long was that? Would he leave me here alone?" Shaking her head, little peach smiled bitterly and said, ""Chief Kang, I won't lie to you. I'm here to avoid Kang Zhaoming and start a new life. Our young master is a good person-he gave me this chance and told me to just pretend to be nice to Kang Zhaoming."

"Alright, I'll listen." Kang Zhaoming nodded, signaling for little peach to play the recording.

Little peach didn't say anything else. Instead, she played the recording of her conversation with Kang Zhaoming for Kang Xiaobo to hear. After listening to the recording, Xiaobo believed little Peach's words and let out a sigh of relief.

He felt that little peach was very pitiful. At this time, he also felt very sympathetic toward her! Perhaps it was because he felt sorry for LAN Fen-these two were people that Zhaoming had abandoned!

"Little red, I believe you! So, you're actually not called Tao Xiaohong, but little peach?" Xiaobo asked.

"Thank you for your trust, chief Kang!" Surprised and overjoyed, little peach said, "that's right! My name is little peach!"
"Tao Xiaohong was the name young sect master gave me! I've been a maid since I was young, I don't have a name. "

"Your sky elixir sect's young sect master is an upright man." Xiaobo had faith in the heavenly silkworm transformation-he'd heard about it helping Lin Yi before, and so he had a good impression of it. "If you can get him to call me and explain this matter to me, then I'll let this matter go. You'll still be my Secretary, and I won't pursue this matter."

"I ... I'll try ..." Little peach wasn't sure if the heavenly silkworm transformation would be able to help her communicate with Xiaobo! Saying so, little peach dialed Tian Gang's number.

Little peach, what's the matter?" Tian Gang still had a lot of feelings for little peach. After all, he had been with her for so long. Now that little peach had left his side, Tian Gang would often think of her.

"Young sect master, it's like this ... When I was on the phone with Kang Zhaoming, chief Kang discovered me ..." Little peach said weakly.

"Little peach, how could you be so careless? So, what does Xiaobo say now?" Tian Gang didn't know whether to laugh or cry. He hadn't expected little peach to be so clueless. Didn't she know to be more cautious when making a phone call?

"He asked you to explain it to him ..." Little peach said. She then told Tian Gang what she had already confessed.

"Alright, I'll talk to him." Tian Gang readily agreed.

This made little peach both surprised and happy. She quickly passed the phone to Kang Zhaoming and said, "Chief Kang, the young sect master wants to talk to you."

"Hello, young sect master Tian." Xiaobo picked up the phone nervously-the person on the other end was the young leader of a super ancient sect, after all. When had Xiaobo ever spoken to someone like that?

"Hello, chief Kang." Tianjie was very polite. In her eyes, Xiaobo was Lin Yi's follower!

Chapter 3196 Is The Heavenly Silkworm Transformation A Friend Or Foe?

Then, she would unconsciously want to leave a good impression in front of him."What little peach said is true. I can guarantee it with my status! Plus, as the young master of the sky elixir sect, I don't think I have to lie to you. "

"Indeed," Kang Xiaobo couldn't think of any reason for the young master of the heavenly elixir sect to lie to him. Although he couldn't rule out the possibility that little peach was in cahoots with the heavenly silkworm transformation, Kang Xiaobo knew that the heavenly silkworm transformation was still the heavenly silkworm transformation, and Kang Zhaoming was still Kang Zhaoming!

Kang Zhaoming wanted to deal with Lin Yi and himself, but the heavenly silkworm transformation had helped Lin Yi a lot. Not only did he look for Lin Yi during the test, but he also helped when the Dark Palace attacked. This showed the attitude of the heavenly silkworm transformation.

If the heavenly silkworm transformation wanted to use their benefactor's identity to threaten Lin Yi and force him to hand over the materials for making the grade one automatic medicinal cauldron, she believed that with Lin Yi's personality, he would definitely hand it over. Lin Yi was a person who valued kindness, and if the heavenly silkworm transformation wanted these things, they didn't need to go through so much trouble. They could get it done with a phone call, so why would they need to put on an act with little peach?

As for Kang Zhaoming, Kang Xiaobo knew that he had always wanted to deal with Lin Yi and himself, so what little peach said made perfect sense! As for why Kang Zhaoming, as an elder of the sky elixir sect, refused to listen to the heavenly silkworm sect's orders, the reason was simple. A large sect couldn't possibly have only one power in it. Little peach had also said that the person supporting Kang Zhaoming was the martial uncle of the heavenly silkworm sect, a powerful man. So, it was reasonable for the heavenly silkworm sect not to go head to head with him.

"Since young master Tian has said so, I will definitely believe you. No matter what, you have helped my boss so much, there is no need to lie to me." "But, you don't mind if I tell boss about this, do you?" Xiaobo asked.

"You can tell him that it doesn't matter." Tian Gang said.

"Alright, thank you for your understanding." Xiaobo let out a breath of relief. He couldn't keep this a secret from Lin Yi, and it'd be difficult if he had to keep the heavenly silkworm transformation a secret, but it was fine now.

After hanging up the phone, all Xiaobo could feel for little peach was pity. He never thought that the little girl would be so pitiful. Sighing, he said, ""Little peach, you're a pitiful person, and so is my girlfriend. When the time comes, I'll introduce you two to each other. I'm sure you'll have a lot of common topics to talk about, right?"

In reality, little peach and LAN Fen worked in the same company, so they met quite often. They'd known each other for a long time, but they hadn't been close. Little peach was only Kang Xiaobo's Secretary, after all, so it was a little strange for her to be friends with Kang Xiaobo's girlfriend.

However, things were different now that Kang Xiaobo had brought it up. In fact, little peach also wanted to talk to LAN Fen. She had seen Kang Xiaobo's information and knew about LAN Fen's background. This girl's background was even worse than hers. In comparison, she was nothing!

Kang Zhaoming had tricked little Peach's feelings, but not only did he trick LAN Fen's body, but he also tricked her into a car accident and forced her to jump off a building. Not only was she mentally ill, but her leg was also broken. Fortunately, she met Lin Yi and Kang Xiaobo, or LAN Fen's life would be ruined.

The two were in the same boat, and little peach had a good impression of Xiaobo, so it was only natural for her to visit LAN Fen.

"Thank you, chief Kang. I've read the information before, and I know that miss LAN was hurt by Kang Zhaoming. If you can introduce us, I'll be able to let out my unhappiness, and it'll be a lot easier." Little peach didn't hide the fact that she knew about LAN Fen.

"Oh?" Xiaobo blinked. He didn't think that little peach already knew about LAN Fen, but thinking about it, since she was sent by Kang Zhaoming and had alerted the heavenly silkworm organization, they would definitely look into his background before sending little peach. This made sense to Kang Zhaoming, and he nodded, "I'll give Fen a call, then. "

Xiaobo said as he picked up the phone on his desk and dialed Fen's number.

"It's me, Fen," Xiaobo said directly.

"Xiaobo? Why are you calling me?" Fen was surprised-Xiaobo was normally very professional at work, and wouldn't call her directly. Even if he did, he'd let his assistant contact her instead of calling her personally.

"Do you have anything on your hands right now?" Xiaobo asked.

"Not yet. Why? What's the matter?" Fen asked.

"It's like this. You know my Secretary, Tao Xiaohong. Before she came to the company, she had a story that I hope you can enlighten her." Xiaobo said.

"Me? Counsel her?" Fen blinked, not quite understanding what Xiaobo meant. "How am I supposed to counsel her?"

"She was just abandoned by that bastard Kang Zhaoming ..." Xiaobo smiled bitterly.

"What?" Fen was stunned-she didn't think that Xiaobo would say something like that. This Xiaohong had something to do with Kang Zhaoming? Wasn't this too much of a coincidence?

"Actually, it's like this ..." Kang Xiaobo briefly explained what happened between little peach and Kang Zhaoming to Fen, "The young sect master of the sky elixir sect has already guaranteed this to me, so there's definitely no problem with little peach."

"I understand. Ask her to come over." Fen sighed. Seeing little Peach's current state reminded her of her past self. However, her injuries were even more severe than little peach 's, while the latter had only just fallen into her current state.

"Alright, I'll get her to go find you." Xiaobo said with a nod.

Xiaobo told little peach to look for Fen while he called Lin Yi, "Boss!"

"What's the matter, Xiaobo?" Lin Yi quickly picked up.

"Boss, it's like this ..." Xiaobo explained little Peach's situation to Lin Yi, as well as his conversation with the heavenly silkworm transformation.

Lin Yi was surprised by Xiaobo's words-he didn't think that Zhaoming would reach out to him again, much less that the heavenly silkworm transformation would be on his side. In fact, Lin Yi had always been suspicious of the sky silkworm sect's attitude towards him-they'd asked for information about him during the sky elixir sect's test, and he'd helped out when he was at the Dark Palace. All of this meant that the sky silkworm sect wasn't his enemy!

But Lin Yi and the sky elixir sect were still enemies, especially after the tier one automatic medicine cauldron incident. Lin Yi made Kang Zhaoming pay for it until his grandmother's house!

Chapter 3197 Kang Zhaoming Takes Action

Although it was Zhaoming's loss, the pills weren't his own. They should be from the sky elixir sect. Didn't the young master of the sky elixir sect hate him?

Or was it just as Xiaobo said, that there were a few factions in the sky elixir sect, and that Zhaoming's faction happened to be on the opposite side of the heavenly silkworm change? So the money lost was probably the profit of that faction, and had nothing to do with the heavenly silkworm transformation?

Lin Yi couldn't figure it out, but there were some things he couldn't ask directly from the sky silkworm transformation. He'd have to take it one step at a time,""Since little peach has become the heavenly silkworm's guarantor, you don't have to worry about anything. Let her continue working in your company. You still have to give the heavenly silkworm's organization some face."

Lin Yi was someone who knew how to repay kindness, and the heavenly silkworm transformation had done him a favor. He had to trust it this once, no matter what. There weren't any core secrets in Kang Xiaobo's company, after all. Those recipes were treasures to house Kang in the past, but they were of little value to the sky elixir sect now. If the sky elixir sect wanted these things, they could make them themselves, they didn't have to steal Lin Yi 's. As far as Lin Yi was concerned, it was impossible for the heavenly silkworm transformation to have any ill intentions.

"I know." Xiaobo said with a nod.

After hanging up, Lin Yi gave Liu Jinghan a call.

"Jinghan, I have something to tell you." Lin Yi explained to Jinghan about how Zhaoming had his eyes on the automatic medicine cauldron. "You need to be on guard. If Kang Zhaoming can't find a breakthrough from fatty Lai's side, he'll make his move on you,"

"Lin Yi bro, I know. Kang Zhaoming's already done something. He bribed one of the workers in our electronics factory and is stealing the factory's information. It looks like he's doing two things at the same time, not just targeting CEO Lai." Jinghan said.

"Oh? He had already taken action? You know about it? How did you handle it?" Lin Yi asked, surprised.

"No, but I've already sent someone to keep an eye on this engineer su." "On my side, if we get rid of su, Kang Zhaoming will definitely find other ways to steal the information. Instead of doing that, it's better to keep the danger in our own hands and keep an eye on Kang Zhaoming and su." Liu Jinghan said.

"Oh? There's nothing to steal from Su Yu?" Lin Yi wasn't expecting Jinghan to have noticed this, and let out a breath of relief.

"Yeah, it's all the production data. The core technology of a grade one automatic medicine cauldron is the source program in the single chip. Most of the high-end electronics companies can copy the

manufacturing process and plans through our products. It's not a problem at all. Kang Zhaoming can steal these things if he wants to. It doesn't matter." Jinghan said.

"I see. Where did you store the source program?" Lin Yi nodded.

"The source program is in the head office. It's in the computer in the secret room of my office. No one in this office knows about it. When the source program was written, I personally did it. The company's workers placed the chips in batches on the programmer and brought them to me. I controlled the computer and wrote the program in the secret room." "It's a bit troublesome, but the good thing is that we don't have a lot of cauldrons produced or sold. We only have a few each day, but I can still operate them myself. It only takes about half an hour each time, and I can put in fifty chips at the same time."

"That's good. " Lin Yi let out a breath of relief."But you have to be careful. If Kang Zhaoming doesn't get what he wants from that su guy, he'll definitely think of other ways."

"Don't worry, I'll be careful. " Jinghan said.

Kang Zhaoming spent six hundred thousand Yuan to get the information from su, but it was something that he didn't need. Although six hundred thousand Yuan wasn't a lot, Kang Zhaoming was quite depressed. After all, he wasted a lot of time, and all he got was the manufacturing process!

This manufacturing process could be replicated by any electronic company! The circuit board inside was simple, and there wasn't any technical difficulty in producing it. All he could say was that it would be easier for Zhaoming to copy them, and he could save some time on the design, but it wouldn't be of much use!

"That's all?" Kang Zhaoming looked at su with disappointment.

"Boss Kang, this is all the information I can get. Take a look ..." Su looked at Kang Zhaoming's face and knew that he wasn't very satisfied with the information he brought, but there was nothing he could do. He had tried his best.

"Why isn't there any information about this single-chip and the source program inside?" Zhaoming asked with a frown.

"I heard that this single chip is not produced in China, and the program is written by the head office. Our electronics factory is not responsible for this ..." Su said with some difficulty.

"Oh? Did someone from the head office write it in? Do you know who is in charge?" Zhaoming's eyes brightened. As long as the program was written here, it'd be fine. It'd be troublesome if the program had to go overseas.

"I'm not too sure about that. You know, I'm just a small leader in the factory!" "I can't inquire about the head office's matters," said su.

"Alright, alright. You can go back now. Don't tell anyone that I'm looking for you, understand?"
"Otherwise, even if I expose you, you won't get away with selling the trade secret!" Zhaoming said sternly.

"I understand, I understand!" Engineer su quickly said.

"It's good that you understand!" Kang Zhaoming nodded, stood up, and left. He had to find out more about the Liu's headquarters. It seemed that the source program of the chip was in the hands of a few people. It was impossible for ordinary employees to know about it.

However, Kang Zhaoming was quite lucky. He waited near the factory for a few days and finally saw the person who sent the chip to the factory! This person was the one who sent the programmed chip to the factory, and Kang Zhaoming finally found him.

After the man gave him the chip, he got into the car and was about to leave when Kang Zhaoming opened the door to the front passenger seat and sat in.

"Brother, let's have a chat?" Zhaoming said with a smile.

"Who are you? What are you doing? Let me tell you, I don't have any money. I'm just a delivery man to the company. This car is the company's bus, not mine!" The man jumped in shock when he saw Kang Zhaoming get in the car. He thought that Kang Zhaoming was going to Rob him!

Chapter 3198 Finding Liu Tianli

"Hehe, let me introduce myself. My surname is Kang, and I'm here to discuss a business deal with you!" Kang Zhaoming introduced himself.

"What business do you want to talk to me about? I'm just a delivery man. If you have business, you can talk to my company's leader. That's the job of the Department manager. What's there to talk to a worker like me?" The delivery man said, somewhat baffled.

"Don't worry, I just want to ask you something. If you answer me, I'll give you 20000 Yuan. How about it?" Kang Zhaoming said as he took out two stacks of cash and placed it in front of the delivery man.

"You ... What do you mean by this? Let me tell you, I won't do anything illegal. I'm just a delivery man, I don't know anything. If you want me to kill or set fire, I won't!" The delivery man looked at the cash in front of him and was shocked.

"Don't worry, I'm not asking you to commit murder or arson. I just want to ask you a question. Where did you get these single-chip chips from?" Kang Zhaoming asked.

"Just this question? The company asked me to send it over. You want me to answer this question and give me the money?" The delivery man's eyes were wide open as he looked at Zhaoming in disbelief.

"Of course, that's the question. But you have to tell me, who gave you the chip?" "In other words, who was the one who programmed this?" Zhaoming asked.

"This single chip was given to me by Vice President Liu's assistant. As for who wrote the program, I don't know." The delivery man shook his head and said.

"Vice President Liu? Who is it?" Kang Zhaoming asked.

"It's Liu Jinghan, Vice President Liu. She's the head of Liu's group. " The delivery man explained.

"The person in charge of your group? Then why was it the Vice President? Who's your President?" Kang Zhaoming asked curiously. As far as he knew, Liu Jinghan was the president!

"It's like this, the CEO of our company is still Mr. Liu Tianli, but because he took drugs, he was sent to the drug rehabilitation centre, and after he came out, he's been living in the sanatorium. Vice President Liu is the same as the CEO, but she hasn't officially taken over yet. " The delivery man said.

"So, Jinghan was the one who wrote the program into the chip?" Kang Zhaoming asked.

"Something like that. I'm not sure ..." The delivery man said.

"Alright, this money is yours." Kang Zhaoming got out of the car after getting the information he wanted.

Things had reached a dead end. If Liu Jinghan was the one who wrote the program, then there was no one else that Kang Zhaoming could look for but Liu Jinghan. But why would Liu Jinghan give the program to Kang Zhaoming?

Kang Zhaoming thought about it and decided to start with Liu Jinghan's Secretary. Of course, Kang Zhaoming didn't go directly to Liu Jinghan's assistant. Usually, assistants were Liu Jinghan's confidants. He only looked for Liu Jinghan's personal secretary. This Secretary was only in charge of cleaning the office and serving tea. She wasn't involved in the business. Therefore, this kind of person wasn't Liu Jinghan's confidant. Moreover, she didn't earn much money, so it was easier for Kang Zhaoming to get her!

As expected, Kang Zhaoming managed to get some important information from the Secretary! Jinghan was the one who wrote the chip, but there wasn't any programming device in Jinghan's office. According to the Secretary's observation, there was a secret room in her office that could only be entered with a fingerprint.

"Then you've never entered this secret room?" Kang Zhaoming asked.

"No, not even Vice President Liu's assistant and business Secretary have entered. That is the forbidden area of the president's office. Only the former president Liu and the current Vice President Liu can enter and have the authority to verify." The personal assistant said.

"Oh? Does that mean that Liu Tianli can go in as well?" Zhaoming's eyes brightened up as he thought of something.

"Yes, this used to be President Liu's office." The personal assistant said.

"Alright, I got it." Kang Zhaoming left after paying the fee. He didn't stay near the company anymore. He went to execute another plan ...

In fact, Liu Jinghan had been monitoring all of Kang Zhaoming's interactions with these people. Although she didn't know what Kang Zhaoming talked to these people, she didn't care. These people had no access to the company's core secrets. Even if Kang Zhaoming looked for them, he wouldn't be able to get the source program. It would be a waste of time. Liu Jinghan would let him do as he pleased for now. As for the employees, Liu Jinghan decided to deal with them later.

After Zhaoming left, he went to the sanatorium where Liu Tianli was. It wasn't a secret, and with Zhaoming's connections, finding out where Liu Tianli was resting was a piece of cake.

In the middle of the night, Zhaoming walked around the people house Liu sent to watch over Tianli and entered his room! Zhaoming was a Sky Class now, and while he didn't have much fighting strength, he could still easily get past the guards outside.

These days, every day was a torture for Liu Tianli. After getting rid of drugs, Liu Tianli became Haggard. Although he wanted to continue taking drugs, he had no money and no way to buy them. Although he had moved into the sanatorium after getting out of the drug rehabilitation centre, there were guards outside the villa that Liu Jinghan had sent over.

In name, it was to protect his safety, but in reality, it was to monitor him and not let him leave so that he would not have a chance to come into contact with drugs.

During the day, Tianli could go play cards and drink with his friends in the sanatorium, but it was difficult at night. Every time his drug addiction acted up in the middle of the night, Tianli would be in so much pain that he wanted to die!

Tianli's drug had just started acting up, and he was sitting on the bed, panting heavily. It was at this time that Zhaoming appeared in front of his bed.

"Do you want one?" Zhaoming handed a cigarette to Tianli. Of course, the cigarette was specially made, with drugs in it. He'd prepared it before coming.

Tianli saw the cigarette and put it in his mouth without a second thought, while Zhaoming lit it up for him! He didn't even have cigarettes, let alone drugs, so he didn't care who Zhaoming was or how he got in. He wouldn't let cigarettes go just like that.

However, after one breath, Liu Tianli's eyes lit up!

Chapter 3199 Secret Room Theft

This wasn't an ordinary cigarette. It smelled exactly like the cigarettes he had smoked before that were mixed with drugs. This was a cigarette with drugs!

Even though he subconsciously knew that taking drugs was wrong, he couldn't control himself! Plus, Tianli had nothing left, and every day in the sanatorium was so boring that he decided to just throw everything away and enjoy as much as he could.

"Good, that's satisfying!" Tianli couldn't help but praise as he finished the cigarette.

"Boss Liu, do you want another one?" Zhaoming smiled as he placed a pack of cigarettes in front of Tianli.

"You ... Who are you? How did you get in? Why do you have drugs?" Tianli's eyes lit up with greed as he looked at the pack of cigarettes in Zhaoming's hand. He wasn't stupid, however-he knew that Zhaoming wouldn't just show up here for no reason. There had to be some other reason.

"Hehe, it doesn't matter who I am. What's important is that I can provide you with a lot of these cigarettes!" Zhaoming said with a smile.

"Why? What do you want?" Tianli needed cigarettes, but he knew that there was no such thing as a free lunch.

"President Liu is a smart man. You should be able to enter the secret room in the president's office, right?" Kang Zhaoming asked.

"The secret room in the president's office? Are you talking about the Liu Group?" Tianli asked, his eyes on the cigarette Zhaoming had placed on the bedside table.

"If you want to suck, then have another one!" Zhaoming said as he passed the cigarette to Tianli. He waited for Tianli to take another puff before saying, "Yes, it's the secret room in the president's office of Liu's group!"

"I can go in, why are you asking this?" Tianli didn't understand why Zhaoming was asking about the secret room-there was nothing in there, only a computer and a bed. It was where Tianli used to rest when he was frustrated!

Otherwise, who would leave valuable things in the company? It wasn't like the Liu family didn't have a secret room to store things.

"You'll bring me in later. As a reward, I'll give you ten packs of cigarettes, all of which are like this." Kang Zhaoming pointed at the cigarettes on the table.

"Ten?" Tianli was taken aback. He knew that Zhaoming wasn't up to anything good in the company's Secret room, but his desire quickly overcame his rationality. He needed drugs-ten packs of cigarettes were enough for him to have fun for a while, and the pleasure he got from smoking just now made him extremely happy. However, Tianli was a successful businessman in the past, and he knew how to bargain,"Thirty!"

He started raising the price immediately-Zhaoming had to have a plan if he wanted to go to the secret room. Tianli didn't think there was anything important in there, but he still decided to test the waters with his conditions.

"Sure." Kang Zhaoming agreed without thinking. The drugs were rare, but it wasn't expensive for Kang Zhaoming. Fifty packs of drugs and cigarettes were like a drop in the bucket compared to the return.

Tianli knew that he'd asked for too little after Zhaoming's quick response-he didn't want to give up."You have to give me some in advance. Otherwise, how can I trust you?"

"Now?" Kang Zhaoming paused,"sure, they're all in my car. I've actually prepared forty of them. If everything goes well, I can give them all to you. I don't have them even if I want them. I don't do drugs."

"Alright!" Tianli said, happy to hear that."If you want to go to the secret chamber, let's go now! But there are guards at the door, can you hide?"

"Sure!" Zhaoming said, nodding.

With that, he grabbed Tianli's hand and jumped out of the window, disappearing into the night ...

Tianli was surprised and happy as he watched his own body fly into the air and land a few hundred meters away from the villa. "You're a cultivator?"

"Yes, I'm a Sky Class!" "So you should know that I have no reason to lie to you! If I wasn't afraid of alerting the enemy, I would've directly broken the secret room's mechanism. "

It wasn't that Zhaoming didn't think of doing that, but he was afraid that he'd be discovered while he was destroying the place. If that happened, he'd have to run away, and there wouldn't be a chance like this in the future. That was why he brought Tianli along.

Tianli was surprised to hear that Zhaoming was a Sky Class master. He nodded, "Alright, since that's the case, let's go!"

The two of them stopped in front of a car. Kang Zhaoming opened the trunk of the car and showed the cigarettes to Liu Tianli. Liu Tianli looked at it and got in the car, satisfied. He followed Kang Zhaoming to Liu Corporation!

The security of the Liu Corporation was pretty good, but these people were all practitioners from the common world. It was impossible for them to guard against a Sky Class like Zhaoming. Zhaoming brought Tianli to a washroom with an open window and went upstairs to the CEO's office.

Jinghan didn't change the lock, and so Tianli was able to easily open the door with his key! Jinghan didn't think that Tianli would come back to this place-he was still the CEO in name, but he'd already retired to the sanatorium, how could he come back?

After entering the office, Tianli opened one of the wall paintings, and behind it was a fingerprint scanner. Tianli entered the password and scanned his fingerprint, and the door to the secret room slowly opened.

Because Tianli had entered the office and opened the door through the proper way, the security wasn't activated at all—it was like Jinghan coming in at night herself, and as long as she didn't check the security, she wouldn't notice anything.

"Well, as the door of the backroom is open, you'd better do it as soon as possible. If we're discovered by others, neither of us will have a good outcome!" Tianli reminded.

Zhaoming nodded. "I don't need you to remind me. I'll be quick!"

With that, Zhaoming checked the room first, and his eyes fell on a computer on the office table. Next to the computer was an instrument that looked like a programmer, with a row of chip locks on it. Zhaoming knew that this was the mass production tool for single-chip programs!

Chapter 3200 Market Competition

However, Zhaoming wasn't interested in the programmer at all. Even if he took it away, it wouldn't be of much use to him. He didn't have a special single chip like this, and he couldn't produce it!

What he had to do was to copy the source file of the program in the single chip, analyze it, and write it into an existing one that could be bought. He would replace the original one and play the role of simulation.

Zhaoming quickly turned on the computer and entered the system. Since this was a secret room, Jinghan didn't set the password since she didn't expect anyone to be able to enter the room. Of course, even if she did set the password, she could still use the USB to guide the PE system to bypass the original system and copy the data inside.

It didn't take long for Zhaoming to find a folder called "medicine cauldron source program" in Jinghan's D drive. He opened it and saw the source files "single version," "1-in-1," and "5-in-1." Zhaoming quickly inserted the USB and copied the source program.

This computer looked like it was used to write programs. Other than the driver of the programmer, there was nothing else. Kang Zhaoming copied the driver of the programmer. Although he couldn't copy the one chip inside the cauldron, he could analyze the parameters of the one chip through the driver of the programmer and find a replacement.

After copying everything, Zhaoming turned off the computer and unplugged the USB. He said to Tianli, "Mr. Liu, let's go."

"Oh? It's already healed?" Tianli didn't know what Kang Zhaoming had copied, but he wasn't in the mood to think about it. His mind was filled with the forty packs of cigarettes.

After locking the office door, Kang Zhaoming brought Liu Tianli back the way they came.

Zhaoming didn't lie to Tianli. After sending him back, he gave the forty packs of cigarettes to Tianli and left Yanjing city quietly, returning to the heavenly elixir sect ...

With these programs, professor Benjamin II could make some modifications and find a replacement for the single chip. Although it was not an easy task, it was not too difficult. After a few days of continuous work, he finally found a replacement single chip that could simulate the functions of the original single chip!

As for the cauldron itself, although Kang Zhaoming had already obtained the production process information from su, the titanium alloy used wasn't from this factory. It was directly imported from a foreign place called Island X. Kang Zhaoming didn't know the smelting process.

However, this wasn't a problem for professor Benjamin II. He used an Ordinary Grade one medicinal cauldron and combined it with the assembly process provided by head engineer su. He had actually modified a grade one automatic medicinal cauldron made from an Ordinary Grade one medicinal cauldron!

This modified product had the same functions as a grade one automatic medicinal cauldron. Although the cost was a little higher because it used a real Ordinary Grade one medicinal cauldron, it was still very low compared to the selling price of this medicinal cauldron.

When patriarch xuanchen and Zhaoming heard the good news, they were instantly overjoyed!

"Father-in-law, it looks like we can attack Lin Yi again this time. Once our cauldrons hit the market, we'll break Lin Yi's monopoly. We'll sell them at a lower price, and people will come to buy our cauldrons." Zhaoming said.

"En, not only are we cheap, but the sky elixir sect is also an old and famous elixir refining sect. When the time comes, I'm sure those alchemists will know who to choose." Patriarch xuanchen was also very confident about the product that was about to be launched.

"Alright, mass-produce the finished product as soon as possible. We'll put it on the market!" Patriarch xuanchen said firmly.

"But ... Father-in-law, we don't have any money right now. We used all the money to make rank one pills. There are still so many pills in the warehouse ..." Kang Zhaoming said, troubled.

"Doesn't the cultivators trade association provide loans? I'll go there and borrow a portion of it. I'll be able to earn back the money very quickly anyway. " Said patriarch xuanchen after some thought.

"Alright, I'll go now." Kang Zhaoming was confident in the grade one automatic medicine cauldron. After all, he saw the sales from Liu Jinghan's side. If he could get a third of the market share, he would be able to make a lot of money and make up for the losses.

On this day, a huge event happened in the cultivation world. The sky elixir sect's grade one intelligent medicinal cauldron was on the market! The so-called grade one intelligent medicinal cauldron and the grade one automatic medicinal cauldron were actually the same thing. The two had the same effect through a different approach, but they had changed their names!

Zhaoming was smart-he didn't make the single version or the five-in-one ones, but the ten-in-one limited edition! He knew that if he wanted to take over the market, he had to produce and sell these rare items to get a share from Lin Yi.

It wasn't Kang Zhaoming's creation anyway. He only cared about the immediate benefits, not the long term benefits! In his opinion, this kind of imitation business would not last long. After the sales war between the two companies broke out, the price of the medicinal cauldrons would definitely become lower and lower. At that time, the profits would also decrease. In this way, it would be better to sell as much as possible from the beginning!

These 10 in one cauldrons were usually sold for around 1.5 billion at the practitioner's trade association, but Zhaoming's 10 in one cauldron was sold for a discounted price of 999999000!

This was a 500 million discount. These noble houses and sects weren't stupid. They would naturally choose the cheaper one. Besides, they might not be able to get it if they went to the cultivator trade association for an auction, while the heavenly elixir sect sold it 24 hours a day. It was clear which one was better!

So, on the first day of the sky elixir sect's 10 in 1 Grade smart medicine cauldron's market, they sold three of them, earning close to three billion. Even if they took out the manufacturing cost, they still had a net profit of two billion. It was simply a good business with a small capital and ten thousand profits!

The sky elixir sect's cauldron was on the market, and it stunned the cultivators from the cultivator trade association. The Liu family was also dumbfounded. They didn't expect the other party to have a cauldron with the same function on the market! The sky elixir sect claimed that this was their newest invention, but anyone with eyes could tell that it was a complete copy of Lin Yi's first grade automatic medicine cauldron!

Because the ten types of pills were all the same as Lin Yi's cauldron! There were more than twenty types of first-grade pills, and if the heavenly elixir sect wanted to make them, they could definitely make a few different ones.
