

Bodyguard 3211

Chapter 3211 Kidnapping Tianli

Jinghan must've changed the office key and password, and even if they could get in, the server might not be in Jinghan's office, so this method wouldn't work.

If this didn't work, what should he do? Kang Zhaoming was having a headache. He had a lot of ideas, but Liu's group was obviously on guard against this. If they didn't, they wouldn't have released this kind of peripheral, so Kang Zhaoming had no chance.

After hanging up, Zhaoming went to find the xuanchen ancestor and told him what professor banjamin the second said. The xuanchen ancestor's face darkened! He didn't expect Lin Yi to react so quickly.

"It seems that Lin Yi has a wide network, to be able to contact the world's top hacker to create a server for him. We've underestimated him!" Patriarch xuanchen said with a frown.

"What should we do now, father-in-law?" "But Lin Yi's just a freelancer with no power or influence, how did he find these people?" Zhaoming said worriedly.

"We can work with professor Benjamin the second, and Lin Yi can work with other people too, these are not a problem!" After a moment of silence, patriarch xuanchen said, "The important thing is that we have to come up with a countermeasure now! The previous plan won't work, but I think you can start with Liu Tianli. "

"Liu Tianli? How is that possible?" "Tianli can't even open Jinghan's office door now," Zhaoming said. "It's useless even if we do-the server might not be in the office. We can't find it. "

"What I mean is, you kidnapped Liu Tianli and forced Liu Jinghan to hand over the server source program." "I believe you're familiar with kidnapping, right?" patriarch xuanchen asked. You've used this trick so many times-didn't you kidnap Guan Xin to get Lin Yi to hand over the recipe?"

"That's true ..." Kang Zhaoming's eyes lit up,""But, Will Liu Jinghan just give in? If I kidnap her, she'll give up-after all, these things belong to Lin Yi, and if he doesn't agree, we won't get the program even if Liu Tianli dies!"

"Whether it works or not, it's still possible to try." "This is the only solution I can think of at the moment," said patriarch xuanchen."You can try it first. If it doesn't work, we'll think of something else."

"Alright, I'll go Tie Liu Tianli up now!" Kang Zhaoming nodded,"but, father-in-law, you have to help me send a few strong people this time. That Lin Yi can even kill Sky Class late phase peak in seconds. If Lin Yi finds out about us, I will die for sure. You don't want little eleven to be a widow at such a young age, do you?"

"Okay, I'll let small one go with you. When you kidnap Liu Tianli, don't tell anyone, just bring him to the five elements sect. No matter how strong Lin Yi is, he won't dare to go into the five elements sect alone. At that time, he'll either give up on Liu Tianli or submit!" "But based on my analysis," ancestor xuanchen said,"with Lin Yi's loyalty to his followers, I'm afraid he'll agree to your request."

"You're right, Lin Yi's willing to make an enemy out of house Kang for that idiot Kang Xiaobo. I think he's the same now. " Zhaoming's interest was piqued by the analysis.

"Alright, I'll get small one to accompany you!" With that, the xuanchen ancestor contacted small one and asked him to go with Zhaoming!

Tianli's power had been taken away, but he was still in the sanatorium. No matter what, he was still Jinghan's father, and even if Jinghan was angry, she couldn't do anything to him. All she could do was remove all of his power in the company and let him spend the rest of his life in the sanatorium!

However, even if he didn't receive any punishment, Tianli's days weren't good either. He had a taste of the benefits of drugs, but it was only a few days before Jinghan cut off his business, and his cigarettes were confiscated.

But there was nothing Tianli could do-he was restricted from contacting the outside world, no phone, no landline-he only had a walkie-talkie to talk to the guards outside. He didn't have to worry about food or clothing-whatever he wanted to eat, whatever products he wanted, he just had to call the walkie-talkie, and someone would send it over. He had cigarettes, but there were no cigarettes mixed with drugs-he was used to the smell of drugs, and other cigarettes had no taste.

"Sigh, what bad luck. If there are more cigarettes, I'll have to dig a hole and bury them. I can't let Jing find out!" Tianli mumbled.

However, just as he was complaining, a familiar figure appeared in front of him in the next moment, giving him a shock!

"You ... You are ... Eh? You're Kang Zhaoming?" Tianli immediately recognized the person in front of him. It was the Kang Zhaoming who gave him the cigarette! Of course, he hated Zhaoming for taking advantage of him, but he couldn't do anything about it. He was a drug addict, after all.

"Mr. Liu, we meet again!" Beside Zhaoming stood small one, but he didn't say anything. Zhaoming was the main battle here, and he was just a foil. He was both helpless and relaxed that Zhaoming had replaced him as the xuanchen's son-in-law. To be honest, he didn't want little eleven anymore, but being the xuanchen's son-in-law meant Supreme status.

Right now, Zhaoming's status in the sect had basically surpassed small one's, and he was now patriarch xuanchen's right-hand man.

Of course, this was how things were. There were gains and losses, so small one was helpless.

"Kang Zhaoming, what are you doing here?" Tianli furrowed his brows, a look of desire in his eyes. "Kang Zhaoming, did you bring me some cigarettes?"

"You want cigarettes? sure. I'll take you to a place and you'll put on a show with me. Then, I'll provide you with cigarettes. I'll give you as many as you want!" Zhaoming said.

"Really?" Tianli's eyes lit up at the mention of cigarettes.

"Of course it's true. Why Would I Lie to You?" "Do you think I have the time to talk to you about this?" Zhaoming said faintly.

"That's true ..." Liu Tianli nodded, ""Tell me, what do you need me to do?"

"Actually, you don't need to do anything. You just need to leave with us and come to our territory as a guest. I can supply you with drugs, as much as you want!" Zhaoming said.

Chapter 3212 Pleading Again

"Really? How can there be such a good thing?" Tianli couldn't believe that something like that would happen-he didn't even need to do anything, and he was just going to let him do drugs? was Zhaoming out of his mind?

"You only need to cooperate with us. We don't need you to care about what we do. Just tell us if you agree or not!" Zhaoming could've just taken Tianli away by force, but he was worried that he'd alert the people outside and draw Lin Yi over.

"You want to kidnap me and threaten Jingjing, right?" Tianli wasn't stupid-he used to be one of the most powerful people in the business world, so he understood what Zhaoming was thinking after a moment of silence.

After all, Kang Zhaoming had brought him to steal Liu Jinghan's company secrets. Now it seemed that stealing wouldn't work, so he thought of kidnapping Liu Tianli. It was just that this kidnapping was a lure, not a force.

"Smart!" Kang Zhaoming nodded."Mr. Liu is a straightforward person. Since you already know, are you going to cooperate or not?"

"If I say I'm not going to cooperate, you'll tie me up, right?" Tianli said as he looked at little one."The one beside you is an expert, right? Even if I don't go, you will force me to go. You are just afraid of alerting the enemy, right?"

"Since you've guessed it, I won't waste any more time!" "Come with us!" Zhaoming nodded.

"...Alright!" Tianli sighed. Although he felt very guilty and sorry for Jinghan, the temptation of drugs made him stand up involuntarily! After taking drugs, he had lost himself. The temptation of drugs was greater than anything else.

With Tianli's cooperation, they left the villa and the sanatorium without alerting the guards outside. They disappeared into the night.

In order to avoid any complications, Kang Zhaoming brought Liu Tianli back to the five elements sect that night. Only in the five elements sect could Kang Zhaoming feel safe. Last time, when Lin Yi came looking for him, Kang Zhaoming was scared half to death. If it wasn't for house you's Masters holding him back for a while, he would have died.

This time, he called Liu Jinghan only after he arrived at the five elements sect! Jinghan's phone number wasn't a secret, and he could just ask Tianli.

In the middle of the night, Jinghan was sitting on her bed, working on something on her tablet when her phone rang. She picked it up and saw that it was an unknown number. She thought it was a prank call, but the phone kept ringing. She picked it up.

"Hello, I'm Liu Jinghan." Jinghan said as she picked up her phone.

"Hello, miss Liu, let me introduce myself. I'm Kang Zhaoming, I'm sure you've heard of my name before, right?" Kang Zhaoming laughed shamelessly, "Hahahaha!"

"Kang Zhaoming? Do you have something to say?" Jinghan frowned-she knew what kind of person Zhaoming was, of course. He was the one who caused all that, but she just couldn't get her revenge.

"Miss Liu, if your father likes to take drugs, why don't you just let him? why don't you let him?" Zhaoming said.

"You called me just to say this?" "What do you want to do?" Jinghan asked, confused.

"Nothing much. I just want to tell you that your father really loves taking drugs. He's taking drugs right now beside me. Haha, he's having a great time, but he'll die from an overdose!" Zhaoming said, his tone neutral.

"What do you want to do?" Jinghan's voice was getting angry. "Kang Zhaoming, what did you do to my father? Why would he be at your place?"

"Of course I invited him over as a guest, but it seems like he really likes this place!" "Miss Liu, I suggest that you buy a coffin and clean up his body. He'll die in three to five days." Zhaoming smiled.

"Kang Zhaoming, just tell me what you want to do. There's no need to waste your breath." Jinghan said coldly. She was furious inside-Zhaoming was trying to hurt her, but he still had to do drugs?

Of course, people taking drugs could not be thought of with common sense. It was reasonable that they could not resist the temptation of drugs.

"Okay, that's great. Jinghan, I won't waste time with you anymore. How about this, send me all the information on how to make the automatic cauldron and the server's program, as well as the next upgrade. I'll consider letting your father go back, or I'll make sure he takes drugs here until he dies." Zhaoming said.

Jinghan was pissed off by Zhaoming's words, but she couldn't do anything about it. She sighed, "I can't make decisions like this, I'll have to ask Lin Yi ..."

"Hehe, whatever you want. But you have to hurry up. Otherwise, don't blame me for not warning you when your father dies!" Zhaoming said.

"Okay, I'll contact you as soon as possible." Jinghan was angry, but she still agreed. He was her father, after all, she couldn't just leave him be!

"Hehe, in that case, I'll be waiting for your good news, miss Liu." Zhaoming said.

It was late at night, but Jinghan quickly called Lin Yi after she hung up. Lin Yi was in the middle of training when his phone rang. He picked it up immediately when he saw Jinghan's number.

"Jinghan, why are you calling me in the middle of the night? What happened?" Lin Yi asked.

"Lin Yi bro, my father was kidnapped by Kang Zhaoming. He's using it as a threat to force me to hand over the materials for making the outer rim and the source code for the server." Jinghan said.

"What?" Lin Yi frowned-why was it Tianli again? Why was this Liu Tianli so problematic? However, for the sake of his face, Lin Yi controlled his temper and asked, "What's the matter? Tell me in detail, when did this happen?"

"Just now ..." Liu Jinghan didn't hide anything. She told Lin Yi everything that happened, including what Kang Zhaoming said on the phone.

"Oh? Did that mean that Tianli was the one who cooperated with Zhaoming? You weren't actually kidnapped by Kang Zhaoming?" Lin Yi asked faintly.

Chapter 3213 Han Jingjing = Liu Jinghan?

"Probably ... But Lin Yi bro, you know that people who take drugs aren't normal. He can't control his own thoughts." Jinghan explained for Tianli.

"Hmph, if he likes taking drugs so much, then let him do it at Kang Zhaoming's place. Don't let him come back." "Hmph!" Lin Yi hmphed coldly, "maybe he'll be unhappy after you get him to come back!"

"I ..." Jinghan's heart sank-Lin Yi's tone made it clear that he wasn't going to care about Tianli's business anymore."Lin Yi bro ... No matter what ... He's still my father ..."

"Liu Jinghan, I'm already giving you face, Who Do You Think You Are?" Lin Yi said impatiently, "there's a saying that goes, 'if you do it again, you can't do it again.' The first time, he almost destroyed the company because of drugs, so I let him go. The second time, he brought Kang Zhaoming to steal the

company's trade secrets, so I let him go. The third time, he was willing to follow Kang Zhaoming to take drugs. What else can I do?"

"But ..." Jinghan wanted to say something, but Lin Yi did reject her coldly.

"Alright, that's it. Don't disturb my cultivation!" "Don't take Jingjing's kindness for granted," Lin Yi said coldly," she put in a lot of effort to invent these things!"

Jinghan wanted to say something, but Lin Yi had already hung up. He quickly called again, but Lin Yi hung up on him-it was clear that Lin Yi was really angry, and didn't want to pick up his calls!

"Al!" Jinghan sighed, closed the tablet, put it in her bag, put on her jacket, and quickly went downstairs to the garage.

There were two white BMW X5M parked in the garage. Jinghan opened one of the doors with a remote control, but after hesitating, she took out another remote control from her bag and opened the door of the other. She got in, plugged in the remote control, started the car, and drove out of the garage quickly, on the highway to Donghai city.

It was four in the morning when Jinghan's BMW stopped in front of Lin Yi's Villa. She dragged her tired body out of the car and came to the door, but she didn't ring the doorbell. She sent Lin Yi a text instead.

"I'm at the door of your villa, Jingjing." Liu Jinghan waited quietly for Lin Yi after sending the message.

Lin Yi was in the middle of practicing when his phone beeped-Jinghan had sent him a text! He didn't expect Jinghan to be at his villa! Lin Yi didn't want to see Jinghan at first, and he didn't have any sympathy for her even if she was waiting for him at the entrance.

However, when Lin Yi saw the name of the text, he couldn't help but frown. Liu Jinghan's nickname "Jingjing" disgusted him. After all, this name represented han Jingjing in Lin Yi's heart, and he only acknowledged han Jingjing as Jingjing.

However, seeing Jingjing reminded Lin Yi of han Jingjing. He remembered how she kept pleading for house Liu, and his heart softened. For Jingjing's sake, he decided to see Liu Jinghan, but not to let Liu Tianli go-he wanted to make her give up!

Lin Yi put down his phone and walked out of the room. He opened the villa's Gate and saw Jinghan standing outside the iron gate with a Haggard face. Lin Yi walked over and opened the iron gate, and Jinghan walked in quietly and locked the car with the remote control.

However, there was no sound when he locked the car, so Lin Yi didn't notice Jinghan's car. This made Jinghan a little disappointed.

After entering the villa, Lin Yi took the initiative, ""Let's talk in my room. They're sleeping upstairs, don't wake them up. "

With that, Lin Yi walked in front with Jinghan following behind. The two entered the room one after the other, and after entering, Lin Yi gestured for Jinghan to lock the door, "Liu Jinghan, even if you rush here through the night, I'll still say the same thing. Liu Tianli is too much, I can't let him do this again and again."

"Lin Yi bro, can you forgive him this time? This is the last time, okay? "He's my father, after all "Jinghan's voice was shaking.

"Everyone has to be responsible for what they have done." "He's been ruining the company's plans time and time again," Lin Yi said faintly, "there's no need for me to keep him around anymore! In fact, if it weren't for the fact that you've been quietly pleading for house Liu, there would be no need for house Liu to exist anymore after the first time Liu Tianli did such a big thing. "The second time, it was the same. I quietly pleaded for mercy for your Liu family, and I didn't say anything more! However, you have to remember one thing. Jingjing might be doing this because she's your best friend, but this isn't what she should do! She used her own blood, sweat, and tears in exchange for Liu Tianli's safety!"

"Jingjing ... Is she very important in your heart?" Jinghan asked.

"It's important. It's extremely important." Lin Yi nodded, "since you're her best friend, you should know some things about her. Without her, all my businesses would've been destroyed!" Furthermore, she has also helped me a lot in other aspects! That's why I'm not letting Liu Tianli go this time! Do you know how many days and nights it has been since Jing Jing invented these things?"

"I ... I know." Jinghan said with a complicated expression.

"You know? Why are you still pleading for Liu Tianli?" Lin Yi frowned.

"Lin Yi bro, please forgive my father this time ... I'll do more research in the future to repay you ..."
Suddenly, a familiar voice rang out, shocking Lin Yi! It was han Jingjing's voice!

"Jing Jing? When did you get here?" Lin Yi asked subconsciously, but felt that something was wrong after asking. After all, Lin Yi was a Sky Class early phase master now-there was no way he wouldn't notice someone entering his room, and the person han Jingjing was talking about was her father?

Lin Yi raised his head to look at Jinghan, his eyes full of disbelief and shock! Other than Liu Jinghan, there was no one else in the room!

"I drove for four hours from Yanjing ..." Jinghan decided to lie down on Lin Yi's bed. "I'm so tired, Jingjing. Can Lin Yi bro just promise Jingjing this once?"

Chapter 3214 Agree To The Conditions

"You ... You're han Jingjing?" Lin Yi confirmed that the familiar voice belonged to han Jingjing, and he couldn't be more shocked.

"En, en." "I'm so tired, Lin Yi bro. I've been working on the tier two automatic medicine cauldron these past few days. As for the tier one automatic medicine cauldron, if Kang Zhaoming wants it, we'll just give it to him, okay?"

"So what if you say it's good ..." Lin Yi didn't know whether to laugh or cry after the shock, ""You ... Are han Jingjing? Then why are you still asking me? You invented all these things, so you can give them to whoever you want. There's no need to ask me at all! Jingjing, I'm sorry. My attitude towards you wasn't very good before ..."

"It's fine, Jingjing lied to Lin Yi bro ..." Han Jingjing rubbed her eyes, "I'm so tired, I'm going to sleep first. Lin Yi bro, I'll leave my dad's matter to you! Also, can you help Jing Jing Park her car in the garage? They're blocking the road there ..."

With that, han Jingjing closed her eyes on Lin Yi's bed.

Lin Yi looked at the exhausted han Jingjing and felt sad. Han Jingjing was the one who helped him for free and didn't ask for anything in return, but now that Liu Tianli was in trouble, she still had to ask him about it. Lin Yi felt that he had let her down!

Lin Yi pulled the blanket over her. He had a lot of questions, but he had to at least wait for her to wake up! Lin Yi picked up the car keys and walked out of the villa.

This time, when Lin Yi's eyes fell on the license plate of the BMW, he froze! The license plate was han Jingjing 's, not Liu Jinghan's car!

The two cars were both white BMW X5M, but they had different license plates. Lin Yi didn't notice it before! From the looks of it, Liu Jinghan had probably come back this time with the intention of laying all her cards on the table. Otherwise, she wouldn't be driving han Jingjing's car!

Lin Yi got in the car and drove to the parking lot in the yard. He dialed Kang Zhaoming's phone number!

"Oh? Wasn't this Mister Lin Yi? Mr. Lin Yi, what brings you here?" Kang Zhaoming received Lin Yi's call and he was extremely excited. It looked like Lin Yi was going to compromise!

"Kang Zhaoming, cut the crap. I can give you the thing, but when will you let him go?" Lin Yi didn't want to waste time with Kang Zhaoming and asked directly.

"Ha, Mr. Lin Yi, I'll let him go if you give me the thing!" Zhaoming said.

"I can give you the information and the source code of the server, but I haven't even designed the upgrade program for the peripheral equipment. I don't have it even if you want it!" Lin Yi, naturally, wouldn't give Kang Zhaoming the information on han Jingjing's second grade medicine cauldron.

"Alright, these are fine too." Kang Zhaoming didn't have high hopes of getting the upgrade information. After all, it was good enough to get it!

"Okay, I'll send these to your e-mail. I have your e-mail, is it the same as last time?" Lin Yi asked.

"Yes, after you sent it, I checked it. If it's true, I'll let him go!" Zhaoming said.

"You'd better keep your word, or you know how I am. House Kang is in the mortal world, and if you want house Kang to be wiped out, you can play all your tricks. " Lin Yi said faintly. Of course, Lin Yi could still use this as a threat, but if Lin Yi really kidnapped the Kangs to trade with Kang Zhaoming, he might not even trade them! He was willing to sacrifice his brother's wife for the sake of profit, why wouldn't he sacrifice the entire house Kang?

Kang Zhaoming was a cold and distant person, so he couldn't be dealt with the normal way.

"Don't worry, Mr. Lin Yi, I have a good reputation. " Zhaoming said.

"Oh, if that's the case, when can you give me my Qi gathering pill? Are you planning to renege on your debt?" Lin Yi asked.

"This ... Of course not." Kang Zhaoming didn't expect Lin Yi to bring this up again. He would have forgotten about it if Lin Yi didn't bring it up."That ... You also know that it's more difficult to make a Qi gathering pill. It's not that easy to make it successfully, so you have to wait, don't be anxious ..."

"Is that so? I see that you're refining so many first-grade pills quite smoothly. Why couldn't it be done when it came to gathering Qi pills? You're not just patronizing me, are you?" Lin Yi said.

"A first-grade elixir is so simple. The Qi gathering elixir is a third-grade elixir, so it's more complicated." Zhaoming said.

"Oh, a grade one automatic medicinal cauldron is also quite complicated. You've also made an imitation. I think you didn't take it seriously at all, right?" Lin Yi asked.

"Ahem ... How is that possible? "Don't worry, it'll be over soon ..."Zhaoming said quickly.

"Alright, I hope you can hurry up. Otherwise, I won't be so easy to talk to next time." "If you can kidnap Liu Tianli, then I can kidnap cuipu and Laicai," Lin Yi said."It's up to you. "

"Don't worry, I'll make good use of my time. " Zhaoming said.

After hanging up, Lin Yi gave nine a call, telling her to send the server's programming and the design details to Kang Zhaoming's email. After receiving the information, Kang Zhaoming let Liu Tianli go.

It was a waste of food to keep Tianli here-it'd be better to send him away as soon as possible. If he died from drugs, Lin Yi might go on a rampage and take it out on house Kang. Zhaoming wasn't going to take responsibility for that!

"Just get a disciple to send Liu Tianli back, you don't have to show your face." "That's right," patriarch xuanchen said. "Is there any problem with the information?"

"There's no problem with the information. Professor Benjamin II has seen it. We can launch the new peripheral in a short time." Zhaoming explained.

"We have to go public as soon as possible. Otherwise, we won't be able to get back our investment!" The xuanchen ancestor nodded. The cost of their grade one cauldrons was different from Lin Yi 's. Their cauldrons were real cauldrons, while Lin Yi's was a substitute of titanium alloy. Therefore, the cost of the xuanchen ancestor was higher. If these things couldn't be sold, it would be a huge loss.

"Okay, I'll urge Dr. Benjamin II to hurry up and push out the upgraded product." Kang Zhaoming nodded.

"En, that's good." Patriarch xuanchen nodded.

"Oh right, there's one more thing, father-in-law-Lin Yi asked me if I've made the Qi gathering pill, and I had to brush it off. What do you think we should do about this?" Kang Zhaoming asked.

Chapter 3215 Han Jingjing's Past

"Qi gathering pill, huh? then get ready to make it. It's said that Lin Yi can kill Sky Class late phase peak in seconds, and there's no precedent for him to kill a complete master yet, but we have to be careful. Lin Yi's growth has become our biggest threat, so it's a good thing that we can kill him with the Qi gathering pill." Said patriarch xuanchen.

"Yes, but it's not easy to make the ultimate gathering Qi pill. I've been wasting my energy on too many things recently, and I don't have time to study alchemy." Zhaoming said.

"We'll take our time. This thing will eat Lin Yi to death anyway, so we don't have to worry. But, the cauldron's business is good now, and if Lin Yi dies, we won't have anyone to make a replica, so we shouldn't rush it. We'll kill him when he's almost done with his upgrade. Without Lin Yi's support, there's nothing to be afraid of. We can just go and Rob him. " Said patriarch xuanchen.

"That's true. I'll go and study it. " Zhaoming said, nodding.

After Lin Yi was done, he went back to his room. Han Jingjing slept for a while and woke up. Lin Yi didn't know what to call her when he saw Liu Jinghan's face.

"Jing Jing, are you Liu Jinghan or Han Jing Jing?" Lin Yi looked at the drowsy-eyed, innocent-looking Jinghan, and found it hard to connect her to the smart, business genius she was.

"Both, Liu Jinghan's nickname is also Jing Jing, and Jing Jing hinted at it to you, but Lin Yi bro didn't think in that direction!" "And the car I'm driving," Jingjing said. "Han Jingjing and Liu Jinghan both have the same car, so Lin Yi bro isn't curious."

"To be honest, I was really curious and thought that the two of you were the same person, but your looks were too different, and your voices were different. By the way, how did you change your voice?" Lin Yi asked, curious.

"It's easy to change one's voice. Don't forget that Jing Jing can even invent a grade one automatic medicinal cauldron. What's so difficult about inventing a voice changer?" Han Jingjing said matter-of-factly, ""As for her appearance ... Jing Jing is actually wearing a thousand silk mask!"

As she spoke, she wiped her face, and Liu Jinghan's face turned into han Jingjing's face! Lin Yi sighed as he looked at the familiar face, "I still like her this way. Liu Jinghan is pretty too, but I still think Jing Jing is better looking."

"It's the same anyway!" "Whatever Lin Yi bro likes me to be, I'll do it!" Han Jingjing didn't mind.

"Jing Jing, are you trying to act cute in front of me? Jinghan isn't like you, you know?" Lin Yi couldn't help but smile at her voice.

"Liu Jinghan's the one pretending!" However, han Jingjing shook her head. "Actually, this is Jingjing's original personality. Jingjing doesn't really like doing business. Jingjing still likes to research Science and Technology."

"Alright, but your Alchemist rank should still be there, right? How come I didn't notice it?" Lin Yi asked.

"Ah? In fact, Jingjing didn't hide her practitioner level when she was in Liu Jinghan's state, but it seems like Lin Yi bro didn't think about it in that way, did he?" "But I didn't show it on purpose, maybe Lin Yi bro didn't notice it," han Jingjing said, confused.

"That should be it!" Lin Yi didn't think about it this way before-house Liu wasn't a practitioner family, and in his memory, they didn't have any practitioners. He didn't have a good impression of Liu Jinghan back then, either, so now that he thought about it, he probably overlooked this point. However, there was one thing that puzzled Lin Yi the most,"Jing Jing, why did you lie to me? Why did you appear by my side as han Jingjing? Of course, I'm not saying that you're plotting something-after all, everything you've done for me is free. You helped me with pill making, you helped me with the level one automatic medicine cauldron, you don't need to ask for anything in return, but you could've used Liu Jinghan's identity to come see me!"

"Actually ... It's Jingjing's teacher who told her to hide her identity and help Lin Yi bro in secret." Since han Jingjing had revealed her identity, she might as well tell Lin Yi everything. This was also what her teacher had allowed her to do back then-she could tell Lin Yi the truth if she had no other choice.

"Your teacher?" Lin Yi blinked-he didn't think that han Jingjing had a teacher. A teacher who could raise such a powerful student like han Jingjing must be an extraordinary person-he must be a very powerful scientist.

"Yeah, my teacher's called sun sikong. He's a very powerful scientist. Jingjing has been learning from him since she was young, but she's only learned a little. Jingjing isn't as smart as my teacher, but if Lin Yi bro were to learn, he'd definitely surpass my teacher." Han Jing Jing said.

"Pfff ..." Lin Yi chuckled after hearing what han Jingjing said,""Jingjing, you think too highly of me. After I found out you're Liu Jinghan, I'm not used to you acting so cute ..."

After hearing Lin Yi's words, Han Jing Jing's face suddenly became a little sad,"Jing Jing isn't acting cute, this is what Jing Jing's teacher said. The teacher said that Lin Yi bro is the most powerful person, and asked Jing Jing to help him well, as they're going to do something big together! Jingjing also said that Jinghan was just an act, and the Jingjing now is the real Jingjing. "

"Your master ... Knows me?" Lin Yi didn't dwell on it anymore after seeing how serious Jingjing was.

"Actually, I should say that my master and your master have a deep relationship." Han Jing Jing said.

"Oh? He knows my master? Does he know where my master is?" Lin Yi was shocked.

"He knows, but Jing Jing doesn't." Han Jingjing shook her head, "the teacher didn't tell Jingjing, and Jingjing hasn't seen her teacher for many years. He only told Jingjing that he went to do something big with Lin Yi bro's teacher and some other people. He told Jingjing not to worry and to study at home. When she's done well in school, she'll go help Lin Yi bro."

"So that's how it is. Then why didn't you ... Come and find me before?" Lin Yi nodded and asked.

Chapter 3216 The Confusing Master's Order

"The teacher has a good friend, I think he's a fortune-teller Taoist. He told Jingjing that she'll meet Lin Yi bro when the time is right, and that she can only come and help him after meeting him. She's not allowed to go and look for him before that." "Jingjing's teacher also agreed to what the priest said, so Jingjing only came here after she met Lin Yi bro,"han Jingjing said.

"I see ..." Lin Yi nodded. He believed han Jingjing's words. Lin Yi had pretty much guessed who the Taoist was. It was kongwen, the man he met before.

"Yeah, yeah. Lin Yi bro, you won't blame Jingjing for hiding it from you, right?" Han Jing Jing said apologetically.

"Naturally, I won't," Lin Yi shook his head, a bitter smile on his face. "Since it's my master's order, and your master knows my master, how can I blame you?"

"That's good ..." Han Jingjing patted her chest and heaved a sigh of relief. "Actually, what I've been worried about is that one day, when brother Lin Yi finds out about my identity, he'll ignore me. I'm so worried!"

"How is that possible?" "Jingjing, it doesn't matter if you're Liu Jinghan or not, or if you have another identity, you're still the Han Jingjing that I like. Liu Jinghan's face, don't use it anymore ..." Lin Yi comforted her with a smile.

"Oh, okay, I was thinking that Lin Yi bro would get tired of Jingjing and change his looks!" Han Jing Jing said.

"Why would I be?" Lin Yi shook his head, "alright, don't think too much about it. Have a good sleep at home. You don't have to worry about Liu Tianli ... About uncle Liu. When he comes back, I'll help him get rid of the drug in his body and let him return to normal as soon as possible."

"Ah? Can I? That's great!" Han Jing was overjoyed. "Lin Yi bro, you're so good to Jingjing. No matter what, he's still her father, and that's why she's been begging for mercy for him time and time again ..."

"I understand what you're thinking. You don't have to say anymore, Jingjing. If I had known that he was your father, I would have helped him get rid of his drug addiction a long time ago. I wouldn't have waited until now!" "Plus, you don't need to discuss with me what you promised Kang Zhaoming. You can give your invention to anyone," Lin Yi continued.

"Yes, yes. By the way, did my father come back safely?" Han Jingjing suddenly thought of the possibility that Kang Zhaoming would break his promise.

"Not yet, but it'll be soon. Kang Zhaoming won't play any tricks. He doesn't need to let the whole house Kang be destroyed for someone who's insignificant to him." "I've already warned him!" Lin Yi said.

"That's good ..." Han Jingjing nodded. She knew that Lin Yi was still concerned about Liu Tianli's situation.

"When uncle Liu comes back, I'll help him get rid of his drug addiction and let him take charge of the company again. Now that the Liu family's business is on the right track, you don't have to worry about it anymore. You'd better stay by my side. I'm not used to you not being here these days." "So the excuse you used was that you went to Yanjing to run a company ..." Lin Yi said.

"Ah? And you want my father to be in charge of the company? Will this work?" Han Jingjing was a little shocked. "Actually, that's not an excuse. Jingjing was really researching something!"

"You said it yourself, he was tortured by drugs and became like this. After my treatment, he will be completely free from the control of drugs! Besides, he won't make the same mistake again after this lesson." Lin Yi said with a nod.

"Then I'll thank Lin Yi bro for my father's trust!" "If father makes another mistake this time, I won't plead for mercy anymore," han Jingjing said gratefully.

"You don't need to plead for me. I can't do anything to him." Lin Yi shook his head, "right, Jing Jing, your family doesn't know who you are?"

"I know a part of it, but not all of it. They know that I went out to learn from others, but they only think that I'm learning business knowledge and not science knowledge!" "When I go home, I always wear a mask," han Jingjing said. "They don't know what I really look like either. Actually, the current me is the real me."

"So that's how it is." Lin Yi nodded. This explained why Tianli and Zhenhu never thought of using han Jingjing's method to ask for mercy after house Liu was in trouble. They didn't know how much help han Jingjing had given him.

After understanding the truth, Lin Yi told han Jingjing to go back to her villa to rest. He was curious about the cauldron as well, but there was no rush. Han Jingjing had been too tired recently, and Lin Yi wanted her to rest.

Han Jingjing did not reject him. She had indeed been mentally and physically exhausted these days. It might not be a bad thing to be able to rest well for a few days!

Of course, just as she was about to leave, her phone rang. Han Jingjing looked at the ringing phone and pressed a button near her chest. Her voice became Liu Jinghan's. "Hello? What was it? Oh? My father has returned? Alright, bring him to Eastern Sea city immediately. I'm in Eastern Sea city, and I'll take a private jet, the faster the better!"

The people Jingjing had ordered were the ones who were in charge of keeping an eye on Tianli-they'd reported to Jinghan as soon as they'd seen Tianli return, and since Lin Yi said he could cure Tianli's drug addiction, she'd have Tianli sent here.

After hanging up the phone, Han Jingjing said, "Lin Yi bro, I've sent my father here, can I come to your villa directly?"

"Of course you can." "Yeah, I have something to tell him," Lin Yi nodded.

Liu Tianli wasn't very good at opening up new businesses, but he was good at maintaining them. The Liu Group didn't need to open up new businesses either—they only sold things made by Han Jing Jing, and they were working with the practitioner's trade association and Fatty Lai's medical company. They didn't need him to open up new businesses.

Tianli, on the other hand, was afraid that Lin Yi would dump House Liu one day, but he believed that Tianli would have no such worries after seeing his close relationship with Jinghan. He'd be able to run the company in peace.

Plus, he wouldn't make the same mistake twice—he wasn't an idiot, after all, letting Zhaoming lead him around by the nose!

Chapter 3217 Liu Tianli's Regret

To put it bluntly, it was all because of the drugs in his body—if it weren't for them, Tianli wouldn't have listened to Zhaoming at all.

Han Jingjing went back to rest, and Lin Yi took the opportunity to think about what Liu Jinghan said before Liu Tianli arrived. From all the clues he'd gathered, his master and the Sky Class late phase peak from the ancient sects were probably going to do the same thing.

Han Jing Jing didn't know what exactly happened, but old man Lin probably did. He just didn't tell her. What exactly was it?

From han Jingjing's tone, it seemed that even those experts could not handle it, and she needed his help? But even Sky Class late phase peak couldn't do it-could Lin Yi?

Lin Yi didn't think that he was that capable-he knew his own limits. Killing Sky Class late phase peak in seconds was just a Bluff. In fact, it was the blood-clad yellow spring sect who killed him, and it had nothing to do with Lin Yi.

But since he couldn't figure it out, Lin Yi decided not to think about it anymore. He shook his head and decided to take it one step at a time!

"Elder Jiao, do you know about my master and sun sikong?" he asked. Lin Yi said as he returned to the Jade space.

"I know a little, but it's not very clear. Also, your current level is not high enough, and you don't have enough authority. My memory is not unlocked, so I can't answer your question." Elder Jiao said.

"I'm gonna faint. " Lin Yi felt helpless at the formulaic words, but he'd gotten used to it already-that was how elder Jiao always spoke.

But one thing Lin Yi was sure of was that Jiao yazi knew sun sikong, and they were probably related! Lin Yi felt as if he'd walked into a trap, a well-planned trap. It wasn't that someone was trying to harm him,

of course-it was that there was an invisible hand behind him that was affecting his life ever since he'd come to Songshan!

Or rather, it wasn't that he was affected, but that everything he was doing now was planned by that person in advance! Now that he thought about it, this person was really powerful! Of course, Lin Yi wasn't worried-his master and old Lin had to be involved in this. These two were the closest people to him, and they wouldn't harm him.

These people's decisions only helped Lin Yi walk on the path of success. Now that he thought about it, Lin Yi's strength had increased rapidly along the way, which was a good thing.

From han Jingjing's words, Lin Yi could roughly guess what had happened, but he wasn't sure.

Of course, all these speculations were useless now. After all, both Han Jing Jing and Jiao yazi only had a rough idea. Han Jing didn't know at all that Jiao yazi couldn't access his memories because he wasn't strong enough. To put it bluntly, he was just a shadow, like a computer robot. He couldn't change the program he had set, just to make it more human.

The only one who knew was old Lin, and he was still keeping it a secret, not willing to reveal the truth. Lin Yi could only give up for now.

The next morning, Liu Tianli was sent to Lin Yi's Villa. Liu Tianli's heart was very nervous at the moment. He knew that he didn't die the first two times because Liu Jinghan pleaded for him, but Liu Tianli didn't know what Liu Jinghan did to make Lin Yi change his mind!

But again and again, Tianli wasn't sure if Lin Yi would let him go this time. If he was looking at it from another perspective, he wouldn't let go of someone who sold out his company so easily!

"Mr. Lin ..." Tianli was panicking when he saw Lin Yi walking out. He knew that Lin Yi could destroy him and house Liu with a single finger. House Liu might look glorious now, but if Lin Yi abandoned them, they'd be pushed around by everyone. After all, Lin Yi had a lot of allies, and these people could hit them when they were down.

Of course, this was also the reason why Tianli wanted to break away from Lin Yi-house Liu could only rely on Lin Yi, and if Lin Yi decided to stop supporting them one day, they'd be done for.

In Tianli's eyes, this kind of cooperation without any family relationship was not reliable.

Lin Yi couldn't help but sigh as he looked at the sunken eyes and the skinny body. It was quite a pity that Tianli was a drug addict! "Alright," Lin Yi nodded, "come with me!"

With that, Lin Yi walked towards Jingjing's Villa, Tianli carefully following behind, not knowing what Lin Yi was going to do with him.

Han Jingjing had already woken up, and had changed into Liu Jinghan's appearance. She heard the doorbell, and came out to open the door. She hadn't seen Liu Tianli in a long time, and her heart ached at the sight of Liu Tianli's miserable state.

"Jingjing, I'm so sorry ..." Tianli knew that he was in the wrong, but there were times when he couldn't control himself when his drug addiction kicked in. "I know. You've always helped me plead for mercy when I've made mistakes. This time, I know I'm wrong. Just punish me however you want. I'm a drug

addict now, so I'm considered a cripple. Mr. Lin, please give me a quick death and don't take it out on the Liu family and Jing Jing ..."

"Uncle Liu, come in and talk." Lin Yi didn't think that Tianli would have this level of awareness-it seemed like he wasn't a bad person at all, and this made Lin Yi breathe a sigh of relief! For Jing Jing's sake, he'd let Tianli take over the company no matter what, but Tianli's good nature made Lin Yi even happier.

"What ... What did you call me?" Tianli froze-he didn't think that Lin Yi would be so polite to him, even calling him uncle! As far as he was concerned, it was already good enough that Lin Yi could call him by his name. He was already satisfied that Lin Yi didn't scold him, and he still called him uncle?

"Uncle Liu, no matter what, you're still Jingjing's father. With my relationship with Jingjing, it's reasonable for me to call you uncle Liu." With that, Lin Yi took Jinghan's hand to show their relationship.

In fact, Lin Yi and han Jingjing's relationship was already very close. Last time, the two of them had confirmed their intimate relationship, and Lin Yi and han Jingjing often had physical contact. It was natural for Lin Yi to have physical contact Now. It was just that the person Lin Yi was holding onto was "Liu Jinghan," so it was hard not to feel weird. It was just that he didn't show it on the surface.

Chapter 3218 Trust

Jinghan's face reddened-even she, han Jingjing, felt a little embarrassed.

"Ah?" Tianli blinked as he understood what was going on-his daughter was with Lin Yi now? Thinking back to how Lin Yi let him go a few times before, it was probably because of this connection. He couldn't help but feel ashamed. In the end, he still needed his daughter to let him go. He didn't know how much pressure Liu Jinghan was under! Tianli sighed at the thought."Jing Jing, although you have this relationship with Mr. Lin, dad is still like a normal person when he's sober. Once his drug addiction acts up, he won't be able to control himself and will lose his mind! I don't want to give you any more trouble,

and I don't want to affect your relationship with Mr. Lin because of me. I don't want Mr. Lin to have a bad impression of us. Plus, I'm a drug addict, so I'd rather die. Just end it for me ..."

Now that he'd seen Lin Yi and Jinghan's relationship, Tianli was at ease-at least house Liu wouldn't fall for the next hundred years, so he didn't mind dying! When he did business with President Lang and the others, wasn't it for the Liu family to stand strong?

"Uncle Liu, I can treat your drug addiction!" Lin Yi said, waving his hand.

"You can treat it? Is that true?" Tianli paused in disbelief. His drug addiction hadn't been completely cured after such a long time, and Lin Yi was able to cure it?

"Uncle Liu, don't forget how I got to know the Liu family. Have you forgotten my old profession?" Lin Yi said with a smile.

"Argh! That's right, you're miracle doctor Lin!" Tianli was both surprised and happy at the thought! House Liu and Lin Yi got to know each other because Lin Yi treated Zhenhu's illness, but it was a long time ago. Lin Yi later invented medicine and stuff, and Liu Tianli forgot about it.

Lin Yi nodded and sat down on the sofa."Take off your shirt, I'll help you with the acupuncture!"

"Yes!" Tianli quickly and respectfully sat down on the sofa. He knew about Lin Yi and Jinghan's ambiguous relationship, but he didn't dare to call himself an elder. Lin Yi wasn't a normal person, and he was a guilty person, so he didn't dare to be arrogant.

While Tianli was taking off his shirt, Lin Yi wrote down a prescription for Jinghan and used his pure Qi to form a voice. "This is the prescription for the longevity pill and toxin cleansing pill. Go and make some. If you lack it, go to the pharmacy and buy it, but don't buy it in one pharmacy."

Liu Jinghan was taken aback. She knew the value of this pill. Back at house Yu's auction, it was sold for hundreds of millions of Yuan. Plus, Kang Zhaoming had to rack his brain just to get this recipe!

Of course, that was Lin Yi's doing, changing it to a Tier 3 recipe, but what Jinghan had was a recipe! Just the recipe alone had the same effect as a Tier 3 recipe-it wasn't an overstatement to say that this was a priceless treasure.

However, Lin Yi obviously trusted her completely-he told her without hesitation! Of course, the one Lin Yi trusted was Han Jingjing, and she had nothing to hide from Lin Yi either.

Jinghan took the prescription, and her face didn't change, but her eyes were full of emotion. She nodded and left.

Tianli didn't know what prescription Lin Yi gave Jinghan, but he didn't ask. He just waited for Lin Yi to start the acupuncture!

As a matter of fact, all Lin Yi had to do was to help Tianli gather all the drugs in his body, and then use the pill of life extension and toxin cleansing to get rid of all the remaining drugs. This was an easy task for Lin Yi-compared to the fire toxins, it was a piece of cake.

Soon, Lin Yi was done with the acupuncture, and Jinghan came back. She made a few pills according to Lin Yi's prescription and gave them to Lin Yi. Lin Yi took one out and gave it to Tianli, "Consume it, then go to the toilet and squat there."

Tianli's body had a lot of poison in it, and while Lin Yi had forced them together with acupuncture, Tianli only needed to take the pill to start excreting the remaining poison until it was completely gone.

As expected, Tianli ran to the toilet after taking the pill, and Jinghan let out a breath of relief as well. She suddenly hugged Lin Yi and kissed him on the cheek. "Thank you, Lin Yi bro ..."

"Jing Jing, you and I don't need to talk about this." Lin Yi shook his head, "it's just that I feel like it's Liu Jinghan who's kissing me. It's a weird feeling!"

"Hehe, it's all Jingjing anyway. Isn't it good to have two Jingjing?" Jinghan said with a smile.

"Alright," he said. Lin Yi thought about it and found it exciting. Han Jingjing had two identities, so it wasn't unacceptable.

"Right, Lin Yi bro, is this the recipe for the life-prolonging and toxin-cleansing pill? Why did you tell Jingjing? this thing is very precious. " Han Jing Jing pointed at the prescription in her hand and asked carefully.

"Which pill recipe of mine don't you know?" Lin Yi patted Jinghan's head. "Give the rest of the pills of life extension and toxin cleansing to house Liu. Your grandfather's old, and his body's functions are deteriorating. It's easy for toxins to accumulate in his body. As long as you give him one pill every five to ten years, he should be able to live to a hundred years old."

"Really?" Jinghan was surprised.

"You're an Alchemist, don't you know the effects of the bone washing pill?" Lin Yi smiled bitterly, "if he wasn't so old, he could've started training already!" Why is that idiot Kang Zhaoming able to cultivate so fast? it's because he's taken this before ..."

"I see." Liu Jinghan nodded.

Tianli stayed in the toilet for two hours, exhausted, but the color of his face was indescribably refreshing. He was full of energy before, but he was dead.

"How do you feel?" Lin Yi asked.

"The smell of the waste I excrete almost killed me. There's also the smell of drugs in it. This time, I'm so disgusted that I want to vomit at the sight of drugs, let alone take drugs." "I don't even want to smoke cigarettes anymore," Tianli said, waving his hand.

"That's good. Jingjing will stay by my side from now on. Uncle Liu, you should go back and manage the Liu family's business. Remember, if you encounter any problems in the future, you can come to me or Jingjing immediately. " Lin Yi said with a nod.

Chapter 3219 Follow The Wind

"Ah?" Tianli didn't expect Lin Yi to not only cure his drug addiction, but also let him continue managing the company. This was something he didn't expect at all-could it be that Lin Yi really trusted him? Or was Jinghan spoiled to a certain extent?

After thinking about it, it could only be the latter! After all, with all the things he'd done before, even house Liu wouldn't trust him, let alone Lin Yi! But what exactly did Liu Jinghan do to please Lin Yi, to make him make this decision?

Liu Tianli really couldn't figure out what his daughter had that attracted Lin Yi! There were pretty girls, but Lin Yi had plenty of pretty girls around him. Not to mention Chu Mengyao and Chen Yushu, even song Lingshan, sun Jingyi, and the other girls were all top tier beauties, and there were also the two who left, Tang Yun and Feng Xiaoxiao!

Tianli even heard that Lin Yi had two celebrities living in his house, and both of them were on par with Jinghan. How did Jinghan do it? It seemed like Lin Yi really doted on Jinghan.

Of course, as a father, it wasn't his place to ask these questions-it'd be embarrassing if his daughter was good in bed or something, but no matter what, Tianli was happy.

"Mr. Lin, thank you for your trust, but ... I'm someone who has made mistakes. If I take over the Liu family's business, will people gossip?" Tianli said, worried.

"Who is gossiping about you? The people on my side will completely obey my decisions. As for the enemies, if they want to say it, just say it. " "It's mainly because Jingjing wants to stay by my side, and there's no one to take care of the company. "Lin Yi smiled.

"We can ask little Chao to go back and help you. Although little Chao is a little bookworm, he has strong principles. I'm not worried with him by your side to help you." Jinghan said.

"Little Chao? That's fine too!" Tianli nodded. Although he really wanted to go back and run the company, he was still afraid that something would go wrong. With han Xiaochao's help, he could finally relax.

Lin Yi was surprised. Han Xiaochao knew business management with that dumb look on his face?

Jinghan smiled slightly, probably because she saw Lin Yi's expression, "Lin Yi bro, don't think that Lil" Chao is just a nerd-he's no worse than Jingjing in business tactics. He's the one who made a lot of the company's decisions in the past, especially when it comes to perfecting business plans. He's an expert at picking out gaps and filling in gaps!"

"Oh? I really didn't expect han Xiaochao to have this ability!" Lin Yi knew that han Jingjing wouldn't lie to him, so he was very surprised.

"Don't worry, Lin Yi bro-Jingjing's recommendation won't be wrong!" Jinghan said.

"En, of course I believe you." Lin Yi nodded before turning to Tianli. "Uncle Liu, if there's nothing else, you can take little Chao back. There's no way there's no one in charge of the company. I'll inform you of the latest product through Jing Jing."

"Okay, Mr. Lin. Thank you for your trust. I'll go back now." Tianli nodded in fear and trepidation, before looking at Jinghan. "Jing Jing, you can stay here. Since Mr. Lin likes you so much, don't learn from me and betray his trust."

Tianli knew that Lin Yi was a person who valued relationships-as long as Jinghan didn't do anything to let him down, he wouldn't "abandon" her, and house Liu wouldn't have anything to worry about anymore.

Of course, Tianli didn't know that Lin Yi and Jingjing had a special relationship-the trust between the two was beyond his imagination.

It was just that Lin Yi didn't say anything, and Liu Jinghan didn't say anything either.

That day, Liu Tianli and han Xiaochao left, and the person in charge of escorting Liu Tianli here had now become Liu Tianli's follower. With han Jingjing's permission, Liu Tianli was once again the CEO of Liu's group, and these people naturally did not dare to treat him the way they used to.

.....

Professor ban Jieming the second's speed of copying was pretty fast. After Liu Tianli took over the Liu Group again, the sky pill sect also launched the upgrade gear for grade one smart cauldrons, but it didn't need to be connected to the internet, and it was much simpler than Lin Yi's automatic cauldrons.

This was not a difficult task for professor Benjamin II. He only took one day to fix the server's computing program into the peripheral. He was not alone, he had many assistants to help him complete this task!

This allowed those who had bought the sky elixir sect's grade one medicine cauldron to breathe a sigh of relief. This medicine cauldron could actually be upgraded, and after the upgrade, it could be used locally

without the need for an internet connection. This made these people think that even though the sky elixir sect was a counterfeit manufacturer, it was obvious that their technology level was not weak. The reason they hadn't upgraded it for so long was that they had made the internet connection function a local function to make it convenient for users to use!

In fact, that was what Kang Zhaoming from the heavenly elixir sect had told the public, saying that the upgrade wasn't quick because they wanted to improve the user experience and make it as convenient as possible! Convenience was the only reason and motivation for users to choose the sky pill sect's grade one smart cauldron!

Although the advertising message was a little vague, it made people feel comfortable no matter how they looked at it. So, in this way, the sales of grade one medicinal cauldrons in the alchemy School began to recover these few days ...

This wasn't what Lin Yi wanted to see, but he couldn't do anything about it. It was easy for Han Jing and the hacker Princess to download the server data into the hardware, but it would be like slapping his own face!

After all, this model was to prevent piracy. However, the pirated version still came out and they followed the pace of the pirated version by changing the peripherals into a model that could be used locally. It was not very good to look at!

Therefore, han Jingjing had no choice but to launch a third upgrade. This time, she solidified the refining program of the remaining Grade-1 pills in the upgrade program. This upgrade also removed the external network mode and directly used the local direct use method.

This was because there was no point in server verification. The hacker Princess could not develop another background system in a short time. Even if the existing system was improved, it was only a matter of time before Benjamin II cracked it. There was no point.

Chapter 3220 Equipment Repair Master And Medicinal Cauldron

The upgrade this time was to restore the reputation of miracle doctor Guan's Automatic Grade one medicine cauldron. It wasn't just for the sake of upgrading. After all, Han Jing Jing had basically given up on the development of the automatic Grade one medicine cauldron because there was nothing else to do. All the grade one pills could be made through the automatic Grade one medicine cauldron, so there was no need to upgrade it anymore!

Of course, the most important thing was that after going through these few commercial Wars, the market demand for grade one automatic medicinal cauldrons had already reached a state of saturation. The previous sales scene of a blowout no longer existed.

Unless an Alchemist apprentice was added to the sect or someone's medicinal cauldron was accidentally broken, there would basically be no one who would buy medicinal cauldrons anymore. Therefore, han Jingjing simply gave up on this market.

The company's difficulties had been temporarily overcome. Her main energy was now placed on the research and development of the grade two automatic medicinal cauldron.

However, a grade two automatic medicinal cauldron could not be completed overnight. At present, there was only some progress in theory, and it still needed a lot of experiments! Moreover, the encryption technology this time had to be more advanced. Therefore, it would still be a long time before it was launched.

What Lin Yi was thinking about now was how to quickly raise han Jingjing to Sky Class. As long as han Jingjing was a Sky Class master, she would meet the requirements to make a level three elixir, and

should be able to make the Qi gathering elixir. Of course, the main problem was that Lin Yi didn't have a level three cauldron yet! Han Jingjing could only simulate the pill refining process and could not actually perform it.

Although she had obtained the Shennong cauldron from right Panhu, it was incomplete. She had thought that she could get a fake divine weapon cauldron from the ancient tomb, but it had strangely disappeared. So, even if Han Jing Jing could refine it, she did not have a cauldron to use for the time being.

At that thought, Lin Yi felt that he needed to research a third grade medicine cauldron! The first one was to repair the Shennong cauldron. Lin Yi had gotten a "incomplete manual of the path of artifact repair" from han xiaopo's house. Lin Yi hadn't studied the book in detail yet, but according to the introduction, it was easier to become an artifact repair master than a forger. A forger needed three attributes, but an artifact repair master only needed two. Now that Lin Yi was a practitioner of the five elements and seven attributes, he had two virtual attributes and five real attributes, which was more than enough to become an artifact repair master!

The second option was to get a third grade cauldron from the sky elixir sect. Lin Yi basically couldn't count on house you anymore-they probably only had one or two third grade cauldrons in the entire house. Only forgers could make something like that, and house you couldn't, so they couldn't just give their only cauldron to Lin Yi unless Lin Yi could offer them something they couldn't refuse.

As for the third option, he could collect the materials for a third grade cauldron and make one himself. Now that he was a forger, making a third grade cauldron shouldn't be a problem.

But from the looks of it, the first and second options were more feasible. Lin Yi had the incomplete volume of the path of artifact repair, and he could learn the artifact repair technique to repair the Shennong cauldron. He just didn't know what level of repair master was needed to repair the Shennong cauldron, and he didn't know if he could find the materials for it!

The second option was to trade for a Grade 3 medicine cauldron the next time Zhaoming came to negotiate with him. It was more feasible, but the price would be higher. Zhaoming wasn't an idiot-he'd definitely ask for a sky-high price.

As for the third option, it wasn't very realistic. First of all, Lin Yi didn't know how to make a third grade cauldron. He didn't have the relevant information, nor did he know what materials were needed! Plus, the forging he was learning right now was only for creating a Jade space-he didn't know what level he was at, or if he could make a third grade cauldron.

After some thought, Lin Yi decided to take out the incomplete volume of the path of artifact repair. If the first method didn't work, he'd have to look for a second method.

Just like the ranks of the forgers, the armament master profession was also divided into four ranks: heaven, earth, black, and yellow. The highest was heaven rank, and the lowest was yellow rank. Similarly, different from the cultivator rank and Alchemist rank, the armament master and forger only had these four ranks!

Now, it seemed that the forger and the forger were of the same line, and these two professions also had very similar areas.

Flipping open the incomplete manual, there were descriptions of items that could be repaired. A yellow-rank repair master could repair first-grade divine weapons, a Mystic-rank could repair second-grade divine weapons, an earth-rank could repair third-grade divine weapons, and a heaven-rank could repair fourth-grade divine weapons.

The back was blank, with only the words "fifth-grade divine weapon", but it didn't say what kind of equipment repairing master could repair it. Now that he thought about it, the "incomplete volume" of

the path of equipment repairing meant that there was no complete volume. This should be a remnant volume copied from a complete scroll of the path of equipment repairing!

Above Sky Class, there was a practitioner level-Lin Yi already knew about this, and everyone called it "heaven's path. "Perhaps only a heaven's path master could repair a fifth-grade weapon?

The first grade weapons were weapons that golden class Masters could use. Lin Yi paused-could it be that golden class Masters could use weapons as well?

The introduction in here subverted Lin Yi's understanding of the world! But thinking about it, han xiaopo should have read this book before. Didn't he have any doubts at the time? Thinking up to this point, Lin Yi directly called han xiaopo's number, planning to ask her what was going on.

"Boss," Han xiaopo felt that Lin Yi's call was a little strange, ""What happened?"

Donghai city had been peaceful recently, and the ancient powers that were hostile to them had all quieted down. Han xiaopo really didn't know what would happen to Lin Yi.

"Xiao po, I have something to ask you." "You've seen the incomplete path of artifact repair I took from your han family, right?" Lin Yi said. I want to ask you about some things inside!"

"Oh? What's wrong? I've never seen it before, but I've heard about it from my grandfather. " Han xiaopo didn't expect Lin Yi to suddenly ask this, but she still said, ""Boss, what do you want to ask?"
