

Bodyguard 3231

Chapter 3231 The Ancient Dark Horse Gang

Of course, they had to consider Lin Yi, but they didn't have to worry too much about it. After all, Lin Yi was in Donghai city, not Songshan city, and he was Xu Shihan's bodyguard, not the Dean 's!

Even if Lin Yi were to attend the Dean's funeral, he wouldn't be able to keep an eye on Feng Tianlin and Feng Shangping all the time. All he had to do was find an opportunity to kill them! However, the person who did this couldn't be from the Feng family, and it couldn't be one of Feng Tianhu's men, so he had to find someone else to do it!

Apart from the blood-clad yellow spring sect, an ancient assassination organization, Feng Tianhu had another candidate in mind.

Although he wasn't here to assassinate Lin Yi, but the old principal, Feng Tianlin, and Feng shangxin, he had already offended the blood-clad yellow spring sect. He didn't think the sect would help him anymore. It would be terrible if the news got out!

So, Feng Tianhu was determined to contact the most F * cked up organization in the ancient sect, the Kongtong Dark Horse gang! The Black Horse gang used to be a gang, but it had developed behind the scenes.

Of course, this sect did murder and plunder in the secular world, but it was more secretive. Most of them were guards for the rich, like zou ruoming's uncle Yan, who was a member of the Black Horse gang!

Because the dark horse would only send out people of low levels, usually golden or Mystic class, the other ancient sects weren't unhappy with them. Of course, they would occasionally do some revenge business, like helping some ancient sect fight, or teaching someone a lesson, and so on.

Anyway, no one would be jealous of such a gray sect. After all, it was a gang-like organization, similar to the blood-clad yellow spring sect. People could ask them to do things that they couldn't do, but they didn't want to be involved when they had nothing to do.

Feng Tianhu naturally thought of the dark horse gang! The requirements of the dark horse gang were very high. If the dark horse gang took action, not only would they have to pay a considerable amount of money, but they would also have to promise the dark horse gang one thing. If the dark horse gang had any requests in the future, the employer must agree!

Of course, this wasn't a particularly difficult task. It was just something that the employer could do, but it might not be easy to do. He could do it or not, but if the dark horse society asked him to do it, he had to do it.

This kind of favor was actually the most difficult to repay. Therefore, if he could solve some things, he would do it himself. If he couldn't, he would look for the blood-clad yellow spring sect. If the sect couldn't solve it, he would look for the dark horse Association!

The dark horse gang relied on this kind of relationship to earn a lot of money in the ancient world. Many people owed them favors, so they wouldn't openly express their dissatisfaction with the dark horse gang. Therefore, when the dark horse gang sent experts to the secular world to be guards and make money, everyone turned a blind eye to it.

This time, Feng Tianhu really didn't have anyone else, so he could only look for the Black Horse! Another advantage of the dark horse gang was that they would never betray their employer, so Feng Tianhu didn't have to worry about being betrayed!

Of course, unless he couldn't pay the reward or refused the request of the Black Horse gang one day, this matter would not be exposed by the Black Horse gang! And there was a precedent for this, so Feng Tianhu hesitated again and again before making up his mind!

"Hello, is this the third brother of the dark horse gang, electric bro?" Feng Tianhu found a Black horse's name card. He had gotten it at the ancient sect and Noble House Summit.

"I am. You're Feng Tianhu from the ancient Feng family, right?" Brother Dian was the third head of the Black Horse gang, and he was also in charge of external communication. Every time he exchanged contact information with someone, he would save the other party's contact information, so as soon as Feng Tianhu's call came in, brother Dian knew Feng Tianhu's identity.

"It's me, it's me, brother Dian still remembers me!" Feng Tianhu was both surprised and happy. He naturally didn't know about brother Dian's habits and thought that he was a big Shot."Brother Dian, this time, I have something to ask the Black Horse gang for help!"

"You know the conditions, right? Other than the reward, you have to agree to one condition!" "Of course, we'll assess the manpower and reward according to the difficulty of the mission you mentioned. We don't want to fail either!" After all, if we fail, our reputation will be affected!"

"It's good that you know. " "Tell me, what's the matter?" brother Dian continued.

"Help me kill a few people. There are three in total." Feng Tianhu said.

"Who is it?" Brother Dian wasn't surprised at all. After all, he was in the business of killing and robbing.

"One of them is the old principal of Songshan orphanage, and the other two are my second brother, Feng Tianlin, and my nephew, Feng shangxin." Feng Tianhu said.

"The old principal of the orphanage? We won't attack ordinary people, but the other two can!" "It's too troublesome to attack normal people. Although we don't mind, Songshan city is a very troublesome place, and it's very close to Donghai city. You should know about Lin Yi, we don't want to mess with that person!"

The Black Horse gang was well-informed as well-Donghai city and Songshan city were Lin Yi's bases, and they'd be causing trouble if they went there and attacked a normal person. Therefore, they tried not to get involved in such matters.

"The Dean of the orphanage is my second brother Feng Tianlin's lover. He's an Earth Class late phase peak, not a normal person!" "That's what I wanted to remind you guys-try not to clash with Lin Yi. After you kill the Dean, hide and wait for my second brother and nephew to settle their funeral matters before you attack them!" "I'll tell you the truth, if you guys want to go against Lin Yi, don't blame me!"

"Your mission is too risky!" He didn't know that the principal was Xu Shihan's mother, and he didn't connect Xu Shihan to the principal. However, just Donghai and Songshan alone was enough to make them reject the mission.

"This is a series of missions. As long as the old principal doesn't die, Feng Tianlin and Feng shangxin won't be able to leave our ancient Feng clan, and you won't be able to kill them!" "And after they die, I'll be the heir to the ancient Feng family," Feng Tianhu said. "Wouldn't it be more powerful if I promised you one thing?" The promise of an ancient clan's patriarch and the promise of an ordinary member can't be mentioned in the same breath, and the things that can be done by the two are different. "

"What you said makes sense." Brother Dian hesitated for a moment before nodding ...

Chapter 3232 Sky Class Late Phase Peak

If Feng Tianhu could really become the head of the Feng family, then the dark horse would look for him to do something in the future. It could be a big thing, but Feng Tianhu wasn't the head of the family, so the things he did could only be ordinary.

This was the value of this mission.

"How is it? Anyway, I've already explained the pros and cons. If you agree, then do it as soon as possible. If you don't agree, just pretend I didn't say anything. " Feng Tianhu said.

"I'll discuss it with the other two heads, then I'll call you back!" Brother Dian said after a moment of hesitation.

"Alright, I'll wait for your news." Feng Tianhu quickly said. No matter what, there was a chance!

The members of the Black Horse gang were all desperadoes. Although this mission was risky, the rewards were obvious. Not to mention the High Commission, Feng Tianhu's promise as the head of the family was also very important!

So, after assessing the difficulty of the mission, brother Dian called Feng Tianhu back.

"Brother Dian!" Feng Tianhu picked up the phone and asked respectfully, ""How is it? any news?"

"Mr. Feng Tianhu, our boss has agreed to this mission, but I have to talk to you about the Commission." Brother Dian said.

"Please speak!" When Feng Tianhu heard that the dark horse gang had agreed, he was both surprised and happy.

"Because it's Lin Yi's territory, we sent a Sky Class late phase Peak Master to ensure our safety. He's one of the Grand elders of the Black Horse, so the price is a bit higher." Brother Dian said.

"Good, good, good!" Feng Tianhu was afraid that the dark horse would send a few small fries and they wouldn't be Lin Yi's match, but now, a Sky Class late phase Peak Master was sent out! This was a nuclear bomb! As for the extra cost, it was worth it! "What's the price?"he quickly asked.

" 10 billion! And a promise!" Brother Dian said.

Feng Tianhu was shocked, ""Brother Dian, you're not joking, right? Do I look like I have 10 billion? Although I have some savings, it's only about two billion in total ..."

In the ancient sects, the Feng family wasn't considered rich. Even if Feng Tianhu had some side businesses outside, he had only accumulated about two billion over the years! 10 billion, wasn't that a joke?

"You don't have one, but the Feng family does!" Brother Dian said faintly.

"The Feng family ... What I say doesn't count ... Plus, the Feng family doesn't have that much money! Most of this money is my extra income! I've supported a few spokespersons outside, some to do business, some to be celebrities, and some to be nurses. They all helped me earn money, and I've only managed to save up two billion!" Feng Tianhu explained with a bitter smile.

"How much money does your Feng family have?" Brother Dian frowned. He didn't expect the Feng family to be so poor! However, this 10 billion was also a lion's mouth, waiting for a counter-offer.

"I estimate that in cash, it's about three billion." Feng Tianhu didn't dare to hide anything. After all, what he knew, others could also find out.

"Two billion plus three billion, a total of five billion ... Deal, you can give us two billion first. As for the three billion, you can give it to us after you become the head of the family. Is that okay?" Dian bro asked. Five billion was a bit too much, but he thought it was worth it. After all, sending a Supreme elder to kill three people was as easy as lifting a finger. It was a bit dangerous to step into Lin Yi's territory, but it was fine as long as they were careful.

"Alright!" Feng Tianhu gritted his teeth and agreed. After all, when he became the head of the family, he would change the Feng family's current strategy and send more people to make money. At that time, he would make up for the gap.

"Alright, send me the information on the old principal. Our Grand Elder will move out today and tomorrow!" Brother Dian said.

Feng Tianhu didn't expect the other party to be so efficient and was a little surprised. However, this was a good thing for him. He quickly sent the old principal's information to the email address designated by brother Dian and waited for the good news.

Lin Yi and Yu Xiaoke strolled around the night market for a while before going back. Lin Yi saw that Yu Xiaoke seemed to be uninterested today. She seemed to be troubled and her heart was heavy. After all, he caused it. But how could he tell her? Would she be able to accept it if Lin Yi was the male thief?

After sending Yu Xiaoke back to the orphanage as the male thief, Lin Yi returned to his original identity. Xu Shihan and the Dean had finished reminiscing and was practicing with Cheng Yiyi in the stadium. Lin Yi went to take a look but couldn't help much. Yu Xiaoke obviously didn't want to talk to him, so Lin Yi found a room and started to practice.

He'd been stuck at Sky Class early phase for quite some time now, and there was still no sign of breaking through-Lin Yi couldn't help but exclaim. After Sky Class, every step was really hard to take, especially without Xinyan's help. His cultivation speed was at a low point.

At night, Lin Yi and the others stayed in the orphanage. The charity performance and donation were tomorrow, and Lin Yi didn't need to bring Xu Shihan and Cheng Yiyi back to the two cities. He didn't have enough time.

The night passed in silence. The next day at 10 am, the charity event officially started. Although the last event was held by the school and it wasn't too far away from this one, it was in Donghai city and this time it was in Songshan, so there were still a lot of rich and famous people who came.

Although on the surface it looked like it was the appeal of a star, in reality, it was all Chu pengzhan's credit! Chu pengzhan was the chairman of the provincial Chamber of Commerce and was supported by the Han family. His influence in the province was unparalleled. Who would dare to ignore the Han family when doing business in the province?

So, most of the entrepreneurs who came this time were here for Chu pengzhan's sake, and in fact, for han xiaopo's sake! Of course, at their level, they didn't know that Lin Yi was the real boss behind the scenes.

Han xiaopo was just Lin Yi's follower, but Lin Yi was someone who could shake the ancient level with a stomp of his foot.

The charity event was a huge success, and after the event was Xu Shihan and Cheng Yiyi's charity performance. All the income from the concert would be used for the construction of the orphanage, and fans could also donate to designated accounts through the internet.

Lin Yi sat alone in the audience, quietly looking at Xu Shihan on the stage, slightly lost in thought ...

Chapter 3233 All Of You Must Die!

The last time he came to the concert, it was him, the Miss, Shu, and Xiaoxiao, right? At that time, Xu Shihan had a headache, and he helped her backstage ... In the blink of an eye, things were the same, but people were different.

The Miss left, Xiaoxiao left, Shu was leaving, and Xu Shihan's headache should be better now that she found her mother, right?

The concert was extremely successful. Xu Shihan and Cheng Yiyi were very good at adjusting the atmosphere of the concert. The two of them cooperated well and pushed the concert step by step to the climax!

When the concert ended, it was already ten at night. Lin Yi didn't rush back, but stayed at the orphanage with Xu Shihan and Cheng Yiyi. However, Cheng Yiyi obviously wanted to go back to Donghai city, and on the way back to the dormitory, Cheng Yiyi tried to persuade Xu Shihan to leave several times.

"Han, why don't we go back to Donghai city? You're not used to living here?" Cheng Yiyi advised unwillingly for the last time.

"Don't tell me he went? I'm quite tired, you too, right?" Xu Shihan didn't understand why Cheng Yiyi insisted on leaving. "Besides, I just reunited with my mother. I don't want to leave so soon."

"I see ..." Cheng Yiyi was a little disappointed.

Lin Yi, on the other hand, gave Cheng Yiyi a meaningful look. Cheng Yiyi jumped in shock and quickly shut her mouth, but Lin Yi didn't say anything either. He went upstairs with them.

At the entrance of the dormitory, Cheng Yiyi saw Xu Shihan walking towards the principal's room. It was obvious that Xu Shihan was going to stay with the principal tonight. She quickly said, "Han, let's sleep together tonight?"

"Yiyi? What's wrong with you today?" Xu Shihan looked at Cheng Yiyi with a weird expression. "Didn't we live together every day in Eastern Sea city? I'm sleeping with mommy tonight, is that not okay?"

"No... I mean ..." Cheng Yiyi was a little anxious and didn't know what to say.

"Then the three of you can sleep together." Lin Yi looked at Cheng Yiyi and suddenly said.

"That's fine too. I'd like to chat with the old principal and listen to your childhood stories, han!" Cheng Yiyi heard Lin Yi's suggestion and immediately nodded.

"Ah? "Alright ..." Xu Shihan had no choice but to let Cheng Yiyi follow her into the principal's room.

Lin Yi, on the other hand, was deep in thought as he watched Cheng Yiyi and Xu Shihan enter the Dean's room.

At night, Lin Yi circulated the art of Dragon mastery's third stage, absorbing the Qi from the Jade space. However, the effect was very slow, almost negligible. What Lin Yi needed now was an opportunity to level up, but it wasn't easy to find that opportunity.

At midnight, Lin Yi suddenly felt someone approaching the dormitory! Tonight, Lin Yi saw Cheng Yiyi's abnormal reaction and was already on guard, so when this person got close, Lin Yi felt it!

However, this person's strength level shocked Lin Yi!

Sky Class late phase peak! Songshan city, where did this master come from? Who was he after? Was it him or Xu Shihan? Lin Yi frowned. At this moment, if this person wasn't coming for Lin Yi, he could still run away, but it was almost impossible for him to escape with Xu Shihan!

And if this person was coming for Lin Yi, then there was no way for him to run. Trying to run away from a Sky Class late phase Peak Master was just a dream.

Lin Yi took a deep breath, wondering why he was so unlucky to meet a master like this. But this time, he was afraid that he wouldn't be as lucky as before. The experts of the blood-clad yellow spring sect were willing to help him, so he could only rely on himself this time.

Force? I can't win! Outwit him? It was as if intelligence was useless in the face of absolute power ...

At this moment, Lin Yi could only pray that this person wasn't coming for him, but unfortunately, this person entered the dormitory as if no one was there, directly going up to Lin Yi's floor and walking towards Lin Yi's room!

This person moved extremely fast-from the time Lin Yi noticed him to the time he appeared outside the corridor, it was only the blink of an eye-how could a Sky Class late phase peak not be fast?

However, to Lin Yi's surprise, the person didn't enter his room but kicked open the Dean's door!

"Bang!" A loud sound was especially ear-piercing in the quiet night. Xu Shihan and the others must have woken up already! Lin Yi, on the other hand, was panicking, not knowing what to do! Although he'd started compressing the energy bomb as soon as he'd found this person, he wasn't sure if the energy bomb would have any effect on this Sky Class late phase peak!

"Everyone in the house must die." This Sky Class late phase Peak Master was naturally the Grand Elder of the Black Horse-he was surprised to see three people in the room!

Didn't they say that the old principal lived alone? Was the old principal the only one resting in this room? However, the Grand Elder didn't care too much. After all, three people and one person were the same in his eyes.

In his eyes, the old principal's strength was no different from an ant 's. The other two girls did not seem to be too powerful either. Since he had seen them, he might as well kill them both. It was as easy as lifting a finger anyway.

The Grand Elder raised his hand and pointed at Xu Shihan, ""You'll die first!"

Xu Shihan was shocked! He didn't expect a strange old man to suddenly run in in the middle of the night. Moreover, it seemed that this strange old man was not weak!

"Who are you? What are you doing here?" The Dean frowned. She felt that this person wasn't simple-he was a practitioner, but she couldn't feel his strength. She wouldn't be able to see his strength unless the Grand Elder showed his strength. She didn't have Lin Yi's cheat!

The Grand Elder of the Black Horse gang raised his hand and pointed at the old principal. He said indifferently, ""You're the old principal of the orphanage, right? Someone paid me to kill you, so you can die now!"

At that moment, the Grand elder's strength was revealed, and the old principal was shocked! Heavens, the opponent was Sky Class late phase peak! An expert at this level was like an atomic bomb. He was the king of cultivators and was unrivaled!

The old principal could not figure out who would send such a powerful person to kill her. Even the ancient Feng family did not have such an existence, right?

Chapter 3234 Who Asked You To Come?

However, the old principal still frowned and asked, ""Are you from the Dongfang family or the ancient Feng family?"

"Neither. No need to guess. I won't tell you!" The Grand Elder shook his head indifferently, as if he did not want to waste any more time with the old principal, "You can die now!"

"Wait a moment!" Xu Shihan was shocked! He didn't expect a strange old man to suddenly run in in the middle of the night. Moreover, it seemed that this strange old man was not weak! The other party wanted to kill her mother, who she had just acknowledged. How could Xu Shihan agree to that? She cried out in alarm and subconsciously looked up at the Grand Elder. She asked nervously, ""Senior, are you mistaken? My mother has no enmity with you. She's just the head of an orphanage. Why would anyone pay to kill her?"

"Yeah...Could it be a mistake ..." Cheng Yiyi didn't expect this man to make a move when she and Xu Shihan were in the room! Based on the Black Horse gang's style of doing things, they would either not attack or show no mercy!

In other words, everyone in this room had to die! That included her and Shihan! This was not what Cheng Yiyi wanted to see, so she wanted to retreat. ""Han, let's go get Mr. Lin ..."

With that, Cheng Yiyi pulled Xu Shihan to the door ...

"What's wrong? You want to escape?" The Grand Elder sneered at Cheng Yiyi, who was pulling Xu Shihan towards the door.

This made Cheng Yiyi's footsteps slow down, and cold sweat immediately broke out on her forehead.

"There's no mistake. I don't need you to tell me what to do! Besides, you and everyone in this room must die!" The Grand Elder glanced at Cheng Yiyi and snorted, ""Since you're in such a hurry to leave, then you'll die first! I'll send you on your way!"

As he spoke, the Grand Elder raised his hand and pointed at Cheng Yiyi, ready to kill her!

Cheng Yiyi felt great regret! She had only said one more sentence, and the Grand Elder had shifted his target to her? Was he prepared to kill her? This made Cheng Yiyi feel extremely helpless and helpless. She could only force herself to beg, ""Let's talk this over ... Is it a misunderstanding ..."

"Don 't! You're looking for my mother, right? I'm her daughter, and every debt has its debtor. This is my friend, and she's an outsider who has nothing to do with my mother. Please let her go, my mother and I can stay here!" Xu Shihan wasn't stupid-even the principal, an Earth Class late phase peak, didn't dare to

act rashly. This person in front of her must be very powerful, and this person was here for her mother. Then Cheng Yiyi was innocent-she didn't want to drag her down with her!

And so, Xu Shihan stood right in front of Cheng Yiyi, protecting her as she spoke with determination!

Cheng Yiyi was stunned-she didn't think that Xu Shihan would stand up for her at a time like this! At that moment, Cheng Yiyi felt a lump in her throat. Xu Shihan treated her as a true sister, but she ...

At this thought, Cheng Yiyi's tears instantly fell. She stood rooted to the ground, at a loss ...

At this time, the Grand Elder made his move. He pointed his finger at Xu Shihan, and a blue Zhen Qi shot out from his finger, shooting towards her! That Qi was extremely powerful, and if it hit Xu Shihan, she would die without a doubt!

However, in that instant, Cheng Yiyi moved. Her body moved at an unbelievable speed and appeared in front of Xu Shihan, using her body to block the Qi from the Grand Elder!

"BOOM!"

With a loud bang, a bowl-sized bloody hole appeared in Cheng Yiyi's chest. Cheng Yiyi's entire body was sent flying backward, crashing into Xu Shihan. However, her speed wasn't affected much, and the two of them crashed into the wall together with a thunderous sound.

Xu Shihan spat out a mouthful of blood. Although the Qi didn't hit her and was blocked by Cheng Yiyi, the force of Cheng Yiyi's Qi hit Xu Shihan's body instead. Although Xu Shihan didn't die, she was still injured quite badly. Blood was flowing out of her mouth as she fell to the ground. Although she wouldn't die for a while, she wouldn't be able to live for long.

Cheng Yiyi was in a worse state. Although she was gritting her teeth and trying her best to hang on to her last breath, she was definitely not going to live! The only reason she had the conviction to stay alive was because she wanted to apologize to Xu Shihan!

At this moment, she was going to die, but before she died, she had to say something to her good sister Xu Shihan, or she wouldn't be able to rest in peace.

In fact, what happened in the room happened in a split second. Lin Yi sensed it the moment the Grand Elder entered the Dean's room and reacted, but it all happened too fast. It was only a few seconds after the Grand Elder spoke, and the Grand Elder made his move!

Lin Yi's energy bomb wasn't fully compressed yet, and he stood in front of the room, panicking! After all, it took time to compress the true energy bomb. Although the third stage of the art of Dragon mastery was much faster than the first and second stage, it couldn't be compressed in an instant!

After all, Lin Yi was a Sky Class early phase now, and the amount of Qi He could compress was much greater! If he were to compress his true energy according to the previous amount, it would be done in an instant, but it was useless!

After all, those Qi bombs were effective against low level practitioners, but Lin Yi was dealing with a Sky Class late phase peak now. Even if he compressed all his Qi into it, he might not be able to do much damage to the person in front of him, let alone those small scale Qi bombs from before.

After all, a Sky Class master's big move could shatter mountains and split the earth, and their bodies were extremely strong-Lin Yi had to be more careful!

"The people at the door have been watching for so long. Come in and die together." Lin Yi may have hidden his presence, but the Grand Elder could still detect him if he used the art of Dragon mastery to compress his pure energy.

Lin Yi couldn't help but smile bitterly. It seemed that he had to face it eventually. Besides, Xu Shihan and Cheng Yiyi's injuries were quite serious. Although they wouldn't die for now, they would die if they weren't treated in time.

After entering the Dean's room, Lin Yi looked at the Grand Elder coldly and asked in a condescending tone, "Which sect are you from? Why did he come to Songshan to kill? Who asked you to come?"

Chapter 3235 Exposed?

"A small sky Class early phase, and you think you're a Big Shot?" The Grand Elder found Lin Yi's cocky face funny-did he really think he was some Big Shot?

"Didn't anyone tell you that Songshan and Donghai are my backyards? Why didn't you tell me you were coming here to kill someone?" Lin Yi asked indifferently.

"What do you mean? Your back garden? Who are you?" The great elder frowned, feeling that something was wrong-this Sky Class early phase was a little too calm, wasn't he? They either had something to rely on or were reckless!

But, how many Sky Class early phase practitioners were hot-headed? Which one of them didn't put in a lot of effort? Therefore, the Grand Elder was a little uncertain.

"Lin Yi, he's a freelancer," "It's your turn," Lin Yi said faintly.

"Lin ... Lin Yi? You're Lin Yi?" The Grand Elder of the Black Horse Association looked as if his tail had been stepped on. He subconsciously shifted his body to the side and said in horror, ""You're that Lin Yi?"

"How many Lin Yi's are there in Songshan and Donghai?" "Don't you know that the person I'm protecting is the superstar Xu Shihan?" Lin Yi said coldly. For her, I killed both Eastern silver Star and the Lord of pure Yin. Now, you've made her vomit blood and even want to kill her mother?"

The Grand elder's heart tightened-what the f * ck, what he was afraid of was coming! He came to Songshan and chose to strike in the middle of the night to avoid Lin Yi and not attract his attention! After all, Lin Yi was a god-like existence in the ancient world!

Killing Sky Class late phase peak in an instant! Even the Grand Elder himself didn't dare say he could do that-what kind of strength was that? Isn't that a little too awesome?

"So it's her ..." But, now that they were enemies, the Grand Elder could only look at Lin Yi warily, ""Alright, what do you want?"

"I know that you were hired by someone. Tell me who the mastermind is and leave behind two great recovery pills. Then, I can let you go." Lin Yi's words were arrogant, but he considered them carefully. He didn't show any weakness, but he didn't force it either!

After all, Lin Yi didn't want the man to do anything in desperation, and it wouldn't make sense for him to let the Grand Elder go.

But, from the Grand elder's tone, Lin Yi could guess that the Grand Elder was here for someone else- otherwise, he would know who Xu Shihan was. Lin Yi used this as an excuse to let the Grand Elder go, which made sense.

"Really? You'll let me go if I tell you?" The Grand Elder looked at Lin Yi and made the same judgment.

"I've always kept my word," Lin Yi said with a nod.

"I'm from the Black Horse gang. " The Grand Elder of the Black Horse gang hesitated for a moment before he reported, ""I'm not sure who issued the mission. I'm just here to accept the mission. I'm the Supreme elder of the Black Horse. I'm only responsible for solving some difficult problems. I'm not in charge of accepting missions."

"Where's the great recovery pill?" Lin Yi nodded. He didn't want to waste any more time. Xu Shihan and Cheng Yiyi needed to be treated urgently.

"I didn 't, but you can treat it as if the Black Horse gang owes you. You can come to the Black Horse gang to take it at any time!" The Grand Elder said.

"Alright, you can go now." Lin Yi? Lin Yi wasn't crazy enough to go to the dark horse gang to get it-that was suicide. It's fine to act tough here and scare the Grand Elder, but if he went to the Black Horse gang, he might be exposed!

"Alright ... I'll send you on your way now!" A dark smile appeared on the Grand elder's face as he raised his finger, about to hit Lin Yi!

Lin Yi was extremely shocked-he didn't think that the Grand Elder would attack just like that. He was just about to leave, and now he was attacking. Could it be that ... He saw something?

But, no matter what, Lin Yi had to face it head-on!

The pure energy bomb, compressed to ninety percent, burst out from Lin Yi's hand and flew towards the Grand Elder! However, in order not to destroy the entire dormitory building, Lin Yi still limited the direction of the energy bomb, trying to make the angle as far as possible to be aimed outside the window. This way, the great elder would only hit the wall and explode outside the wall, not the entire building!

Although there were no orphans living in this building-the orphans had all moved to bigger dormitories, and this building was only for the caretakers. The only caretakers were the Dean and Yu Xiaoke, but Lin Yi didn't want the money spent on this building to go to waste!

However, what Lin Yi didn't expect was that before his energy bomb could hit the Grand Elder, the Grand Elder raised his hand and did something. The energy bomb was absorbed into the Grand elder's fingers before it exploded, disappearing without a trace!

It was as if Lin Yi had never even activated the energy bomb! Where did the true energy bomb go? Lin Yi was shocked!

In the next moment, a green qi shot out from the Grand elder's fingertip towards Lin Yi. Lin Yi's reaction was relatively fast, and he had the butterfly microsteps he learned from his master as an assassin, so he barely let the Qi hit his vital parts!

But even so, the Qi from the Grand elder's finger still pierced through Lin Yi's left shoulder, creating a huge bloody hole!

Lin Yi's forehead was covered in cold sweat-it was too painful! He didn't even see what the Grand Elder did and he was already hit!

No, he had to use his last trump card to save his life. Lin Yi had no choice but to take out the last inescapable net from the Jade space and cover the Grand Elder!

The net was taken out of thin air from Lin Yi's Jade space without any warning, and before the Grand Elder could react, he was wrapped up like a dumpling, unable to move at all.

"Phew ..." Lin Yi let out a long breath of relief as he looked at the Grand Elder. He quickly activated the third stage of the art of Dragon mastery to heal the injury on his left shoulder."Was there ... A flaw in my act just now?"

"You're really Lin Yi?" The Grand Elder of the dark horse gang, who was trapped by the inescapable net, didn't show any anger or fear. Instead, he asked calmly.

"Yes." Lin Yi nodded, "there's a fake one here?" At this point, there's no need for me to pretend anymore!"

Chapter 3236 Helpless

"You're right, but the rumors aren't true-your attack would've killed a Sky Class mid phase peak for sure, but a Sky Class late phase would've only been injured-it wouldn't have affected a Sky Class late phase peak at all, much less me. " The Grand Elder of the Black Horse gang said indifferently, ""If you're really Lin Yi, then you didn't kill celestial master Chun Yin and Eastern Silverstar. Someone else did it!"

"That's right, there's indeed someone else. I'm just wondering why you would suspect me." Lin Yi said as he walked towards Xu Shihan and Cheng Yiyi. Both of them were injured, but Cheng Yiyi's injuries were more serious!

At that moment, Xu Shihan, who was still breathing heavily, stuttered, ""Han ... I'm sorry ..."

"Yiyi ... Why do you say that? You saved me, why would you let me down?" Xu Shihan was confused.

But Lin Yi interrupted their conversation and reached out to feel Cheng Yiyi's pulse. ""If you want to live, then don't speak!"

"Ah?" Cheng Yiyi was stunned. She didn't think that Lin Yi would come to save her first and not Xu Shihan! It was possible that Lin Yi didn't see through her, but she was surprised that he saved her first and not Xu Shihan.

"Han's injuries aren't as serious as yours, you're going to die soon. " Lin Yi didn't care what Cheng Yiyi was thinking. He immediately activated the third stage of the art of Dragon mastery and started healing her! Lin Yi's shoulder wasn't fully recovered yet, but it didn't affect anything, so he started treating Cheng Yiyi first.

"Since I took this mission and came to Songshan, I naturally know that there's a Lin Yi in Songshan and Donghai. This is his territory." The Grand Elder didn't feel like he was a prisoner at all-it was as if Lin Yi couldn't do anything to him even if he was trapped. He spoke to Lin Yi as if he was telling a story,""I've studied this person, but what you did just now is obviously different from what you've done before!"

"Oh? What do you mean?" Lin Yi frowned. He didn't think that the Grand Elder would be so easy to talk to. It seemed like the Grand Elder didn't care about him at all.

"It's actually very simple, I hurt the people around you, and I almost killed them. According to the Lin Yi in the legends, he'd get angry for the sake of the women! If you really did have the ability to kill Sky Class late phase peak, then you would've killed me the moment you appeared. You wouldn't be talking so much to me. " The Grand Elder of the Black Horse gang was obviously a thoughtful and cautious person. He made his own judgment in an instant."Moreover, you actually agreed to let me go, and the conditions you proposed weren't particularly excessive. This is another suspicious point! It doesn't match your greedy personality!"

Lin Yi nodded-he'd realized this himself, but he had no choice. Xu Shihan and Cheng Yiyi's lives were at stake, and Lin Yi didn't want to waste his breath on the Grand Elder.

However, this was only one of the suspicious points, not the most important one. The most important thing was that he didn't expect the Supreme elder of the Black Horse Association to see through his well-known protective character. The Supreme elder didn't attack him directly when he entered the room. This was the biggest flaw!

"So you attacked me?" "You're that confident?" Lin Yi asked with a nod.

"Of course, there's one more thing. When you were at the door, you kept running the incantation of your mental cultivation method. I could feel it. This also means that you appeared as soon as I entered the room, but you didn't come in. You didn't stop me when I attacked. Instead, you came in after I spoke. This also shows that you're afraid of me!" The Grand Elder of the Black Horse gang continued, ""You didn't attack right away after you came in, but continued channeling your practitioner's Arts-that's proof of that. If you really could kill a Sky Class late phase peak in seconds, you wouldn't need to be so nervous and keep channeling your practitioner's Arts-you're just showing your weakness!"

"I see ..." Lin Yi smiled bitterly. This was another huge flaw!

"So, in summary, these three suspicious points made me certain that you're just an empty shell!" The Grand Elder of the Black Horse gang said indifferently, ""However, if I don't have a trump card, I won't attack you directly even if I'm suspicious. I'll leave this place and won't cause any trouble! However, I have a trump card, which is the biggest reason why I made a move! The suspicious points are only supplementary!"

Lin Yi couldn't help but take in a cold breath after hearing the Grand elder's words. This person was terrifyingly smart and calm! If he didn't get rid of this person, he would probably be a great threat to him in the future!

However, how could she get rid of him? In fact, from the moment Lin Yi used the heavenly net to cover the Grand Elder, he had already thought of how to get rid of him! With Lin Yi's strength, he couldn't kill him at all!

Even if he was trapped in the net, he had pure Qi protecting him. No matter how hard Lin Yi hit him, he wouldn't die! He also said that Lin Yi's current strength couldn't cause him any harm!

This was what Lin Yi was most troubled about-he had the guy in his hands, but he couldn't do anything to him! The Grand Elder probably knew this as well, and that was why he was talking to Lin Yi so calmly!

"Your so-called trump card is the one that just sucked away my true Qi?" Lin Yi asked.

"Yes, I am." The Grand Elder of the Black Horse gang didn't hide anything. He nodded and said, ""Aren't you going to run? What are you doing here? Don't you know that there's a time limit to the heavenly network?"

"Time-sensitive?" Lin Yi blinked-he'd never heard the spider Clan mention this before. Normally, people who were trapped in nets couldn't get out from the inside-they needed help from the outside.

But Lin Yi didn't know about the time limit, but thinking about it, it was a one-time thing, and there was a time limit to it. It couldn't possibly bind the Grand Elder forever, right?

"It seems like you don't know? This is a treasure produced by a spiritual Spider, right?" The Grand Elder of the Black Horse gang said indifferently, ""I advise you to run away quickly. When this thing loses its effect, it will be the time of your death. However, you can't run far. Unless you all hide in the deep mountains and old forests, I will still be able to find you next time. You can't possibly be trapped in this inescapable net forever, right?"

Chapter 3237 Asking For Help

Lin Yi didn't look too good, but the Grand Elder was telling the truth. Where could he have run to? Unless he took Xu Shihan, Cheng Yiyi, and the Dean to the West Star Village to take refuge, but there was still a lot of things to do here. He couldn't just ignore it, right?

"How long is the time limit?" Lin Yi's face was a bit ugly.

"Looking at the quality of your heavenly network, I think it will only last for a day. But if I were to struggle inside, it will only last for a few hours." The Grand Elder of the Black Horse gang said, "it's just that I don't want to waste my energy. You can't do anything to me. Why should I waste my energy?"

"Looks like you're quite confident." Lin Yi was helpless. Indeed, he couldn't do anything to the Grand Elder with his own strength, not even his followers. Even if they attacked him in a group, they wouldn't be able to do much damage to the Grand Elder. After all, they weren't on the same level.

It was like a group of ants could not move an elephant. With one kick from the elephant, the group of ants would die.

However, Lin Yi's mind whirled as he thought of a few people. He just didn't know if these people could help him. Lin Yi only knew a limited number of people who could kill the great elder.

Other than old Lin and ER goudan who were in the distant West Star Mountain village, the rest were the people from the blood-clad yellow spring sect! But distant water couldn't put out a nearby fire-old Lin couldn't come, and even if er goudan did, it would take too long.

So, the only people Lin Yi could ask for help from were the few from yellow spring sect.

With that thought, Lin Yi decided to give it a try. He dialed the number the blood-clad netherworld sect's old ancestor left him and saw if they could help him kill someone. They were an organization that

accepted payment for killing people, so Lin Yi should be able to get them to help him if he paid a certain price, right?

"Hello, Mister Lin!" The old man picked up immediately when he saw it was Lin Yi's number. He was very polite, and because of Lin Dongfang, he didn't dare to be disrespectful to Lin Yi!

However, he didn't dare to go too far. He could only put on a flattering face and speak calmly.

"Ghastly old ancestor, can I ask you to help me kill someone?" Lin Yi asked.

Originally, the Grand Elder didn't pay much attention to Lin Yi's phone call. He knew about Lin Yi's circle of friends, and although he had a lot of followers, the strongest were only Feng Shasha and a few ancient people. These people couldn't pose a threat to him at all, so he wasn't afraid at all.

However, his heart skipped a beat when he heard the name of the ghastly old ancestor. Wasn't this the person from the blood-clad yellow spring sect? Lin Yi was calling them? What did he mean by this? he wanted to hire a medical student from yellow spring sect to kill him?

But, thinking about it, the great elder calmed down-the elder was only sky Class late phase peak, not complete yet. Even if he came, he wouldn't be able to kill him with his Qi.

And if he were to send his other subordinates, then there would be even less to worry about! The most worrying ones were the two Sky Class late phase peak Masters, old ancestor yellow spring and blood-robed old ancestor! However, could anyone just invite these two patriarchs?

These two patriarchs were existences on the same level as him. They wouldn't be interested in ordinary missions. Moreover, these big shots were also very reserved. It was impossible for them to come out just because someone invited them!

Plus, Songshan city was far away from the blood-clad yellow spring sect-even if the two Sky Class late phase peak elders were to come, he'd be able to escape by the time they arrived!

However, the Grand Elder of the dark horse was clearly a cautious and scheming person. He didn't allow any mistakes, so when Lin Yi called, he started struggling in the heavenly network!

He needed to get out of the trap as soon as possible, in case Lin Yi really hired a killer to kill him! According to his estimation, he would be able to get out of the inescapable net in about three hours. It would take at least seven to eight hours for the blood-clad yellow spring sect to get here. Therefore, he was not in any danger after weighing the pros and cons.

"Oh? Kill? Kill who? Are you trying to hire us to assassinate someone, Mister Lin?" The Grandmaster paused-he didn't expect Lin Yi to ask them to kill someone! However, in order to put on a good show, he couldn't act too urgently! He couldn't just say "wow, wow" when Lin Yi called to kill someone-that'd be too fake.

"Yes, he's the Supreme elder of the dark horse gang, Sky Class late phase peak. I've already trapped him with an inescapable net, but I can't kill him. Your sect just needs to send elder blood-robed and elder yellow spring here to kill him together!" Lin Yi explained quickly and in detail. He had already seen the Grand Elder struggling in the heavenly net, and he didn't want to waste any time. If the Grand Elder managed to break out, it would be a disaster."The mission isn't dangerous, and it's rather easy. How about it? Are you interested, forefather ghastly?"

Lin Yi used to be an assassin, so he knew a little about this. The simpler the mission, the lower the reward, but because of the level of the target, two important people were needed.

The reason why Lin Yi called the people from the blood-clad yellow spring sect was because they were cultivators and could run over quickly. Old Lin and ER goudan could only take the train, and the people from the sect were faster in comparison.

"Ah, it's the Grand Elder of the dark horse gang. That's great, Mr. Lin. We were just wondering if we should accept this mission. You've really helped us a lot!" Upon hearing that it was the Grand Elder of the dark horse gang, the ghastly forefather's heart trembled, and cold sweat broke out on his forehead!

What a dereliction of duty! The three elders were stationed in Donghai city, researching Lin Yi's whereabouts, personality, and social circle. Naturally, they paid more attention to the things happening around here! A Sky Class late phase peak appearing right under their noses, of course, they'd pay attention.

However, they didn't pay much attention to it when they heard that the Supreme elder of the Black Horse Association had only gone to kill the old principal of an orphanage. After all, the Black Horse Association and the blood-clad yellow spring sect were considered to be in the same line of work in a sense. They were all from the ancient era and there was no need to break their relationship over a small matter.

Besides, she was just the old principal of an orphanage. Her life and death had nothing to do with the blood-clad yellow spring sect!

Chapter 3238 Frightened Out Of Her Wits

They still didn't know that the orphanage had anything to do with Lin Yi, let alone that the Dean was Xu Shihan's mother!

So, they didn't care at all and just treated the great elder as a passer-by, but after receiving Lin Yi's call, they realized that they were wrong, they were completely wrong!

The Grand Elder of the Black Horse gang was going against Lin Yi, and after Lin Yi caught him, he even hired someone from the blood-clad yellow spring sect to kill the Grand Elder. How much hatred did they have?!

What if Lin Yi didn't have the heavenly network? Wouldn't he have been killed by this old thing? Cold sweat dripped down the old man's back at the thought-he wouldn't dare ask for a reward from Lin Yi! Therefore, he had to adapt to the situation and had an idea to say so.

"I helped? What did I do to help?" Lin Yi blinked.

"It's like this, we're not far from here. We came here because someone gave us a new mission. The reward is very high, but the difficulty is also very high! It's to kill the Supreme elder of the Black Horse!" "This guy's Sky Class late phase peak, full circle-we weren't sure if we could take him out without getting hurt, so we were just thinking of a plan when Mr. Lin brought us good news!" The old man said. We'll go there immediately. We owe you a favor. If you need anything in the future, just contact me directly!"

With that, he hung up without waiting for Lin Yi's reply. He knew that time was of the essence and didn't want to waste it.

Lin Yi, on the other hand, just stared at the phone in his hand, smiling bitterly in his heart! What the hell is this? It was simply too strange. He originally wanted to hire the people of the blood-clad yellow spring sect to kill, but he didn't know if they would agree and what conditions they would put forward.

He had been worried, but in the end, he had inexplicably become a helper of the blood-clad yellow spring sect. Not only did they send people to kill the Supreme elder of the Black Horse Association, but they also said that they owed him a favor?

Lin Yi shook his head. Weird things happened every year. There were a lot of blood-clad people in yellow spring sect! It was the same last time! However, Lin Yi thought that this man was a good person. If he didn't say it out loud and agreed to Lin Yi's request, not only would they get a Commission from Lin Yi, but they wouldn't have to owe Lin Yi a favor either. They could also complete their mission of killing the Grand Elder of the Black Horse gang. It was killing three birds with one stone!

However, the blood-clad yellow spring sect didn't do that. They were truly a kind sect!

Of course, this was just Lin Yi's impression. He didn't know if the other cultivators or sects who had dealt with the blood-clad yellow spring sect would vomit blood. Generous, my ass!

Would this kind of assassin organization talk to you about favors? He wasn't dreaming, was he?

However, Lin Yi didn't know much about the ancient world, let alone what the blood-clad yellow spring sect was like in the past. After two encounters, he felt that the sect was a good person!

Looking at the Grand Elder struggling in front of him, Lin Yi's mouth curved into a mocking smile. If the blood-clad yellow spring sect was at the sect's side, they would rush over as fast as they could, but Lin Yi wasn't sure if the Grand Elder of the Black Horse Association would be able to struggle out of the heavenly network before that. But now, he didn't have to worry about that because the people of the blood-clad yellow spring sect were nearby!

Cheng Yiyi didn't expect Lin Yi to know someone from yellow spring sect. She was a little surprised, but her heart was heavy when she felt her injuries getting better. Her conscience was blaming her. If she died just now, she would be dead too. But now, she was alive again. How was she going to face Xu Shihan in the future?

"Alright, you won't die, Earth Class early phase!" Lin Yi whispered in Cheng Yiyi's ear, using his pure energy Voice transmission so no one else could hear him.

However, Cheng Yiyi's face flashed with a trace of shock! Lin Yi actually knew her strength level? No, she'd never shown it in front of Lin Yi! How did Lin Yi know?

Even when Lin Yi was healing her, she never used her Qi to heal herself. When she took the Grand elder's attack, she did use her Qi to protect herself, but Lin Yi hadn't entered the house yet, and there was so much Qi in the room, including the Dean's and the Grand Elder 'S. Lin Yi shouldn't be able to tell who was who.

Lin Yi, how did you know?

However, before she could ask anything, Lin Yi had already turned to treat Xu Shihan. He didn't give Cheng Yiyi a chance to ask anything!

The Grand Elder of the Black Horse Association kept struggling in the inescapable net. The defense of the net was extremely good. No matter how the Grand Elder of the Black Horse Association tried to use his skills, it was like hitting cotton. Moreover, this thing was one-way. He couldn't get out from the inside, but he could get in from the outside. This was also the reason why the Grand Elder of the Black Horse Association was struggling so quickly. He wanted to break free and escape from this place!

Right now, it didn't matter if he could kill Lin Yi or these people. For the Grand Elder of the Black Horse, running for his life was the most important thing! He didn't want to die in the hands of the blood-clad yellow spring sect without knowing why.

However, how could the spider clan's inescapable net be so easy to open? The fire Lion clan's spitting fire inside had limited use. Only when a few fire lions spat fire together from the outside could it be cracked. No matter how powerful the Grand Elder of the Black Horse Association was, he was only a human cultivator. Compared to those powerful spirit beasts, there was still a difference!

He'd heard Lin Yi's phone call before-he was Sky Class late phase peak, and the house was quiet-it wasn't hard to hear the old man's voice from Lin Yi's phone!

He couldn't understand why the blood-clad yellow spring sect had received the mission to kill him. Who wanted to kill him? As the Supreme elder of the Black Horse Association, he rarely left the sect. During this period of time, he didn't have any enmity with anyone. Which bastard hired the people of the blood-clad yellow spring sect to kill him?

What depressed him the most was that the blood-robed elder, the netherworld elder, and the ghastly elder were all nearby. Then if they came, wouldn't he be dead? How could there be such an unlucky thing in this world?

And so, he couldn't be bothered to talk to Lin Yi anymore-all threats were useless, and he had to break free and run!

Lin Yi saw that, although he was worried that the guy wouldn't really come out. However, on the surface, he could only maintain his calm!

Chapter 3239 What A Coincidence

He took a deep breath, and a cold smile appeared on his face, "What did you do just now? If you didn't talk nonsense with me just now, you might have already run away!"

Of course, even if the Grand Elder didn't say anything, he wouldn't be able to run away now. Lin Yi was just trying to distract him so that he couldn't escape.

In fact, although Lin Yi was mocking him, he was looking at the heavenly net without blinking. Once the heavenly net loosened a little, he would escape at once!

At this time, Yu Xiaoke and Xiao Ken also heard the commotion and came to the door. They saw the strange scene inside and didn't dare to go in. The Dean didn't know what to say either. He was dumbfounded by what happened!

"OI 'President, take Xiaohan, Yiyi, Xiaoke, and the others and leave this place. Go somewhere else to rest." Lin Yi said to the old principal. He couldn't guarantee that the Grand Elder of the dark horse wouldn't be able to break free from the net before the blood-clad yellow spring sect's people arrived. If they really did break free, it'd be a disaster.

Moreover, the process of killing the Supreme elder of the Black Horse gang would certainly be very bloody. After all, it would be a little cruel if they could not kill the Supreme elder with one strike but had to fight him many times.

"Alright, I got it." The Dean nodded. She knew that she would only be a burden to Lin Yi if she stayed here. If they got into trouble, Lin Yi would have to take care of them, and he'd be easily distracted. So, the Dean came back to her senses and left the room with Xu Shihan, Cheng Yiyi, and you Xiaoke.

Although Xu Shihan and Cheng Yiyi had a lot of things they wanted to ask Lin Yi, they knew that it wasn't the right time. They decided to wait!

The Dean and the others left, and Lin Yi let out a breath of relief. He watched them leave until they disappeared before turning to the Grand Elder, "Hey, you're going to die. Tell me the truth. I don't believe that the Black Horse gang didn't tell you who assigned you this mission before you left."

"Hmph!" The Grand Elder obviously didn't think much of Lin Yi. He only hmphed coldly and didn't say anything.

"Hehe." Lin Yi frowned and smiled faintly. He knew that he wouldn't be able to get anything out of the Grand Elder. It was extremely difficult to get any secrets out of him. If he didn't want to talk, then there was no point in asking.

Time passed, second by second. Lin Yi was burning with anxiety, but he didn't show it. The Grand Elder of the Black Horse was the one who was really burning with anxiety! He had been struggling for more than 20 minutes, but the inescapable net was still tightly bound to his body. There was no sign of it loosening, which made him feel a little discouraged!

If the people from yellow spring sect were really nearby, half an hour would be more than enough for these Sky Class late phase peak and Sky Class peak Masters.

Sure enough, hurried footsteps came from the corridor, and the next moment, the blood-robed elder, the netherworld elder, and the ghastly elder appeared at the door!

The Grand Elder of the Black Horse gang struggled for a while. When he saw the three people at the door, he stopped struggling. He stopped his hand movements dejectedly because he knew that it was useless no matter how much he struggled!

The three people in front of him could kill him if they worked together. Even if he had true Qi to protect his body, he would die without a doubt if these three people took turns to attack him! He was a person who planned before taking action. Since he knew the result, he would not make any unnecessary struggle.

"Who sent you to kill me? Our Black Horse Association and the blood-clad yellow spring sect are similar in nature. We've always stayed out of each other's way. Do you want to make enemies by trying to kill me after knowing my identity?" The Grand Elder of the Black Horse gang gave up struggling and changed to a more empathetic way.

"Do you dark horses have the business of revealing the identity of your employers?" The ghastly patriarch looked at the Grand Elder of the dark horse gang and said, ""Why don't you tell me who sent you first?"

The old man seemed to be mocking Lin Yi, but he was actually trying to help him find out the truth. He didn't know if Lin Yi knew who the mastermind was, but there was no harm in asking.

"This ... You'll tell me if I tell you?" The Grand Elder of the Black Horse gang was slightly taken aback, but he still asked in a daze.

"Sure, I'll tell you what you want to say." The ghastly forefather said indifferently.

"Good! I was sent by Feng Tianhu of the ancient Feng clan, you should have told me already, right?" In order to know the truth, the Grand Elder of the Black Horse gang didn't intend to keep it a secret. He didn't want to die without knowing why. At least, before he died, he should at least know how he died.

"Feng Tianhu from the ancient Feng clan? I don't know him. " The ghastly forefather shook his head as if he did not mind."Actually, it's not impossible for you to die knowing why. However, I'm afraid that you won't be able to take it if I tell you. The people who hired us to kill you are from the Black Horse gang ..."

"What!" The Grand Elder of the Black Horse gang's eyes narrowed, and a hint of disbelief flashed in his eyes. However, his gaze soon became fierce."Did the president hire you?"

The president mentioned by the Grand Elder of the Black Horse gang was naturally the chief of the Black Horse gang! The leader had just reached Sky Class late phase peak not long ago, meaning that his power wasn't restricted by the Supreme Elder Council anymore-he was now the boss of the Black Horse!

However, the Grand Elder of the dark horse gang had been dissatisfied with him before, and there was no need to show him any respect. On the other hand, the other Grand elders had adjusted their attitudes ... Perhaps this was the reason why he wanted to kill him?

In fact, this wasn't a conflict at all-even if the Dark Horse's President had water in his head, he wouldn't spend so much money to get rid of a strong member of his own gang. Sky Class late phase peak wasn't a common sight, and one death meant one less person-how could he just die like that?

However, the Supreme elder of the Black Horse Association believed him at this moment because he didn't doubt the words of the ghastly old ancestor. After all, the blood-clad yellow spring sect was just like the Black Horse Association. They were an organization that took people's money and helped them get rid of disasters. It was completely impossible for the blood-clad yellow spring sect to come and kill him out of nowhere, unless they were too bored.

Hence, he used his rich imagination to pin his death on the Guild Master.

He couldn't be blamed for imagining it. After all, every sect had disputes and they weren't United. Moreover, things just had to be so coincidental!

Chapter 3240 Hard-Won Opportunity

"It's useless even if I tell you who it is. It's just a little Lackey that we don't know. You know that our blood-clad yellow spring sect is different from you. We don't need any promises. We'll attack as long as the reward is enough. We won't ask too much. " The ghastly Grandmaster said with a wave of his hand. He didn't expect his casual remark to be true. Did this guy have a conflict with the leader of the dark horse? There was no need to waste words.

Small fry? The Grand Elder of the Black Horse gang was stunned, and he was even less suspicious of it. Who would pay a small fry of the Black Horse gang to assassinate him? How much did it cost to ask the three old ancestors of the blood-clad yellow spring sect to come together?

Feng Tianhu had spent five billion and a promise in exchange for the help of one of his Grand elders. The three old ancestors of the blood-clad yellow spring sect had to make a move. Without the promise, the starting price would be at least 20 billion!

There was no one else in the Black Horse gang who could take out 20 billion besides the president. There was only one person in the entire Black Horse gang who could take out such a nouveau riche.

"I know, do it, give me a quick death." The Grand Elder of the Black Horse gang sighed and gave up on resisting. He didn't even use his true Qi to protect his body, because he knew that even if he used true Qi to protect his body, it would only be a matter of time before he died.

Even if the other party hit him a few more times, he would still die. Since the outcome was already decided, there was no difference. He didn't have the mood to resist. He might as well let the other party give him a quick death!

"Straightforward." The ghastly forefather was taken aback, but he nodded.

Without another word, the blood-robed elder, netherworld elder, and ghastly elder stepped forward and surrounded the Grand Elder. They started chanting at the same time, and the pressure in the room made Lin Yi breathless!

It was too powerful! Lin Yi's own injuries weren't fully healed yet, and he was just out of danger, so he quickly went to heal Cheng Yiyi and Xu Shihan. At this moment, with two Sky Class late phase peak Masters and One Sky Class late phase peak chanting their Arts, Lin Yi almost couldn't hold on and spat out a mouthful of blood, "Pfft ..."

The Grand Elder looked at Lin Yi indifferently and shook his head. It seemed like the rumors were wrong. Lin Yi seemed to be very familiar with the people from the sect, so he probably hired them to kill the two Sky Class late phase peak last time.

The Grand Elder knew that Lin Yi was very rich. That automatic cauldron was sold for hundreds of millions, or even a few billion. It was more than enough to hire the blood-clad netherworld sect to kill people. He didn't know that Lin Yi even donated money to the orphanage. He thought that the money was all Lin Yi's own!

However, even if he had come to this conclusion, he could no longer send out the message. He would die in the next moment!

The pressure in the air made it hard for Lin Yi to breathe. He quickly circulated the third stage of the art of Dragon mastery to resist it! Lin Yi knew that the pressure wasn't directed at him, but he was too close to them. He was affected!

This was the so-called getting shot while lying down.

The old man noticed Lin Yi's condition as well, but he didn't care. They weren't targeting Lin Yi-he could've just left the room if he wanted to. He could've taken it if he didn't, so they didn't have to worry! Lin Yi probably wanted to see the Grand Elder die with his own eyes before he could rest easy!

The three didn't dare to be careless, either. The great elder of the Black Horse society had said that they'd give him a quick death, meaning that he was just waiting for his death. But after all, this was the first time in their lives that they were going to kill a Sky Class late phase Peak Master. They were a little nervous, afraid that something would go wrong!

Therefore, they didn't make a move immediately. Instead, they were accumulating power and preparing to use their strongest moves at the same time to send the Grand Elder of the Black Horse Association away!

The reason why Lin Yi didn't leave wasn't because he wanted to see the Grand Elder get killed! This didn't even need to be seen-the great elder was facing two Sky Class late phase peak Masters and One

Sky Class late phase peak. With the three of them attacking him together, it went without saying that the great elder had already given up on resisting. Even if he didn 't, he'd be dead for sure.

Lin Yi, on the other hand, was channeling his practitioner's Arts-he felt a sliver of a breakthrough! Before, when Lin Yi was fighting the Grand Elder, he was always in a nervous state. This kind of fighting that exceeded his body's limit not only overdrew Lin Yi's body, but it also gave him the opportunity to increase his strength.

However, the difference in strength between Lin Yi and the Grand Elder was too great. The two only exchanged one move and Lin Yi had to use the inescapable net, or he'd be dead!

This made Lin Yi very depressed. He was clearly at the edge of the level barrier, and with a little more effort, he could break through for sure, but he stopped at the most crucial moment! Lin Yi couldn't say anything.

However, the blood-robed elder, netherworld elder, and ghastly elder were chanting their Arts at the same time. The pressure from their pure Qi was no joke. Lin Yi was both surprised and happy at the same time!

Lin Yi had gotten the opportunity he was so close to! The combined strength of these three was far beyond the grand Elder 's, but their target wasn't Lin Yi. Lin Yi was only affected by the aftershock!

One person's power couldn't give Lin Yi so much pressure, but it was three people's power. Although two was just right for Lin Yi, he couldn't care so much!

It wasn't easy for an opportunity to come, and Lin Yi wouldn't give it up so easily. If he gave up now, who knew when he'd get another opportunity? The pressure from these three people was a lot, but it wasn't something Lin Yi couldn't handle. He could still resist it, but it would be a little harder, and he'd get internal injuries easily!

Of course, Lin Yi wasn't afraid of internal injuries as long as he could level up. As for injuries, with the art of Dragon mastery and the space in the Jade, it would be a piece of cake.

And so, Lin Yi didn't leave. He used his Arts to resist the pressure. The old man was curious, but he didn't say anything. As far as he was concerned, Lin Yi was smarter than anyone else. He had to have his reasons for not leaving and fighting back.

"Get ready ..." The blood-robed patriarch suddenly sped up the circulation of his mental cultivation method, and the genuine Qi around him rose to an unprecedented level!
