

Bodyguard 3251

Chapter 3251 Digging Two Big Pits

How could Lin Yi not know what he was thinking when he saw the light in his eyes? In fact, Lin Yi really didn't want to put House You to death right now. After all, House You was related to the young master of the Sky Elixir Sect, the Heavenly Silkworm Sect. The Heavenly Silkworm Sect was someone Lin Yi respected and was grateful to, so Lin Yi didn't want to make things difficult for them!

And so, Lin Yi didn't try to take the Hidden House You's third class medicine cauldron even though he knew it. It was a matter of principle.

"Right Panhu, I heard that your family has a lot of medicinal cauldrons?" Lin Yi asked, squinting.

"Ah? There's only one grade three medicinal cauldron ..." Right Coiling Tiger was shocked and subconsciously said.

"I didn't ask you about rank-3, but are there quite a lot of rank-2?" Lin Yi asked.

"Rank-2? there are indeed many of them." You Panhu let out a breath of relief. He didn't know what Lin Yi meant, but it was fine as long as Lin Yi didn't want a third grade cauldron. A second grade one didn't matter-it wasn't cheap to make, but it couldn't be compared to a third grade one.

"How many?" Lin Yi asked.

"A couple dozen, boss Lin Yi, what are you doing?" Youpan Hu didn't know what was going on-he didn't know why Lin Yi was so concerned about the number of second grade cauldrons.

"Oh, sell them all to me." Lin Yi said.

"Sell it to you? Why do you want to buy a grade two medicinal cauldron?" Youpan Hu was even more confused-what was the point of Lin Yi buying so many second grade medicine cauldrons?"I say, boss Lin Yi, if you need one or two, I'll just give it to you. There's no point in you buying so many class two cauldrons-they're not that fragile, are they?"

"So much nonsense? Are you selling or not? just one word!" Lin Yi frowned and asked.

Youpan Hu saw Lin Yi's frown and thought to himself,"not good! Is this guy angry?" Thinking of this, right coiling Tiger could only say,"Of course I'm selling them. Why wouldn't I? these aren't rare items. The sky elixir sect actually sells quite a few second grade cauldrons at the practitioner's trade association. They sell them for fifty million each. You can just give me thirty million for the capital ..."

With that, he looked at Lin Yi carefully. Thirty million was a capital, after all, and house you bought it from the sky elixir sect for that price. He didn't dare to ask for too much from Lin Yi, but if he didn 't, he was afraid that Lin Yi wouldn't even give him thirty million. In fact, if Lin Yi didn't give him the money, he could only accept it. Who would dare to mess with Lin Yi?

"Thirty million? sure, how much is it?" Lin Yi didn't haggle with him. After all, thirty million was considered cheap compared to Lin Yi's grade two automatic medicine cauldron.

"Around thirty, I think. Boss Lin Yi, why don't you give me one billion and I'll give them all to you? there's probably around thirty-five or six of them," Coiled Tiger let out a breath of relief when he saw that Lin Yi wasn't haggling. He gave Lin Yi some change.

"Alright," he said. "Yes!" Lin Yi nodded, "tell my family, I'll get Wu Chengtian to go get it!"

"Oh, sure." You Panhu nodded and quickly went to call home.

Zhaolong, on the other hand, stood at the side, not saying a word. His brows were furrowed-what was the point of Lin Yi buying so many Grade 2 medicine cauldrons? As far as Zhaolong was concerned, Lin Yi wouldn't buy all these cauldrons for his own use-he didn't need that many cauldrons.

If it wasn't for his own use, could it be that he was selling it? But the sky elixir sect had always been in control of this market, and Lin Yi was just buying it and then reselling it-what profit was there to make? Could it be ... Related to a grade one automatic medicinal cauldron? Was it used to develop a grade two automatic medicinal cauldron?

Only by doing research could he consume so many medicinal cauldrons. Otherwise, this thing would only be used for alchemy and would not be spoiled.

Zhaolong had to admit that he was quite smart-he'd guessed the general direction, but he didn't know that Lin Yi was using these cauldrons to make his first batch of Tier 2 automatic medicine cauldrons! This was because Zhaolong had made a mistake. If Lin Yi could use other materials to replace a first grade cauldron, it didn't mean that he couldn't use other materials to replace a second grade cauldron. Lin Yi bought these 30 cauldrons for the purpose of experimenting and looking for substitutes.

After all, if Lin Yi were to mass produce, how could thirty cauldrons be enough? And once Lin Yi made them, the raw materials would be in the hands of the sky elixir sect. If they didn't ship any more second grade cauldrons, then Lin Yi's automatic first grade cauldrons would have to stop production as well!

That way, Lin Yi would have to give the sky elixir sect a portion of the profits-they might as well go all out! This way, the sky elixir sect wouldn't have to waste their energy on the forgery-they could just split the money with Lin Yi.

However, Zhaolong would still inform Zhaoming about the situation first, and have him prepare for it.

"Zhaolong, why are you still here?" Lin Yi looked at Zhaolong and asked faintly, "I thought you weren't coming?"

"I ... You guys have your final exams, and I have to submit my thesis. Of course, I have to come to boss Bai's class ..." Zhaolong said awkwardly. In fact, he saw that Lin Yi wasn't coming to school these days, and he thought that it was an opportunity to pursue Xinyan!

He'd thought that Lin Yi wouldn't be happy if he found out, but there was a sky elixir sect elder here-Lin Yi wouldn't kill him even if he was unhappy. But recently, there'd been rumors that Lin Yi could kill Sky Class late phase peak Masters in seconds, and even Sky Class late phase peak full Masters-his strength had reached an unimaginable level.

"Oh, I hope you're not here to harass my girlfriend." Lin Yi said faintly as he looked at Zhaolong.

"This ... Of course not ..." Zhaolong's face turned green from Lin Yi's words! What do you mean by your girlfriend? That's my fiancée, okay? But Zhaolong didn't dare argue back."Then ... If there's nothing else, I'll take my leave first."

"Goodbye." Lin Yi turned around and went into the classroom. Zhaolong was here to see Xinyan, but since Lin Yi was here, he decided to leave. He had to report to Zhaoming as well.

Lin Yi sent a text to Wu Chengtian, telling him to take one billion from han Jingjing to buy a grade two Medicine cauldron from the Hidden House you. He also sent a text to han Jingjing, telling her that the first batch of Automatic Grade two Medicine cauldrons were made from real Grade two Medicine cauldrons.

Han Jing Jing listened to Lin Yi's suggestion and naturally agreed with it. This way, when the second grade medicine was on the market, she could numb Kang Zhaoming from the sky pill sect and scam him again, making him think that he was supplying Lin Yi with more second grade medicine.

Tianli's incident made Jingjing very angry at the sky elixir sect as well, but she didn't expect Lin Yi to dig two big holes for Zhaoming so easily, and for Zhaoming to jump into them for sure.

Chapter 3252 Meeting Xinyan Again

Chentian may be from the common house Wu, but the Hidden House of you didn't dare to treat him lightly or lie to him-all of their grade two cauldrons were real! After all, Chentian's house Wu status wasn't that big of a deal, but he was Lin Yi's follower! Who would dare to mess with people related to Lin Yi?

Lin Yi had killed a Sky Class late phase peak for the mother of the person he wanted to protect-couldn't he just destroy a hidden house for Chentian?

And there was a precedent. Didn't the common house Yu and the Hidden House Zhao fall like this?

As house you handed the cauldrons to Chentian, Zhaolong made a call to Zhaoming!

"Big brother? What's the matter?" Zhaoming's standards had improved ever since he became xuanchen's son-in-law, and he stopped fighting Zhaolong for the head position. The brothers' relationship had eased quite a bit, and they were both doing this for house Kang's benefit.

"Zhaoming, I just ran into Lin Yi in school." Zhaolong said directly.

"Lin Yi's at school? What's he doing?" Kang Zhaoming was very sensitive to the word "Lin Yi" and asked immediately.

"I think he's taking part in the final exam. However, he revealed a more important piece of information. He bought more than thirty grade two medicinal cauldrons from right Panhu!" Zhaolong said.

"Buy a second grade medicinal cauldron from right coiling Tiger? What does he need so many grade two medicinal cauldrons for?" Kang Zhaoming didn't know how to react.

"I'm not too sure about that, but I'm guessing that Lin Yi's starting to make tier two automatic cauldrons? Why else would he buy so many grade two medicinal cauldrons? There's no need for so many medicinal cauldrons to refine pills, and these things aren't easy to break. " Zhaolong analyzed.

"Brother, what you said makes sense!" Zhaoming was enlightened after hearing what Zhaolong said. "If you didn't remind me, I'd have to guess for a while. So, Lin Yi's started researching a grade two automatic medicine cauldron?"

"That's possible. After all, with your sky elixir sect competing for tier one automatic medicinal cauldrons, his profits will only get lesser and lesser. If he doesn't develop new products, how can he maintain his market superiority?" "And I'm guessing that they're pretty much at the end of their rope in upgrading and encryption," Zhaolong said. "There won't be any new breakthroughs, so I'm afraid they're giving up on this market. After a while, they'll probably sell their medicine at a high price!"

"A promotion at a high price? Haha, I've thought about it long ago, and I got the news from My Spy today too-Lin Yi's really planning on lowering his prices to promote the first grade automatic medicine cauldron, but he has Zhang Liang's plan, and I have my own. I've already started mass-producing automatic first grade medicine cauldrons!" Kang Zhaoming laughed, "don't worry, brother. I'll destroy Lin Yi's company. Let's see if he will still have the mood to fight with you for your woman!"

"Oh? Then I'll have to rely on you, little brother!" Zhaolong let out a breath of relief when he heard that Zhaoming had a plan.

Lin Yi walked into the classroom to see Xinyan at her familiar desk, reading a book. The exam was coming up, and she wasn't doing it at the last minute-she was a girl who liked to read, after all.

He'd always be reading in his seat, aside from talking to Lin Yi and Jingjing.

Lin Yi walked over and sat down beside Xinyan, who frowned slightly when she felt someone sit down. She didn't look over, her eyes still on her book.

Lin Yi smiled. It seemed that Zhaolong had been harassing Xinyan quite a bit, but Xinyan didn't even bother with him. She was treating him as Zhaolong now.

"Xinyan, how have you been?" Lin Yi asked.

"Ah?" Xinyan's body shook as she turned around, her eyes filled with surprise and disbelief. She didn't think that Lin Yi would suddenly appear in school. To be honest, Xinyan had missed Lin Yi a lot during this period of time. Han Jingjing was still in school before, and she could get some news about Lin Yi from her, but recently, Han Jingjing stopped coming to school as well, and Xinyan had completely cut off all sources of information.

She wanted to call Lin Yi or go to his house, but she didn't have the courage to do so. After all, she couldn't help Lin Yi with anything now, and she didn't know if she could still be with him in the future. Xinyan, on the other hand, felt guilty that she couldn't help Lin Yi with his practicing. She did help Lin Yi a little, but he had to go to the Snow Valley for some treasure for her—she almost let her down. Even Xinyan felt sorry for Lin Yi, and so she didn't contact him.

Xinyan thought that Lin Yi had already forgotten about her, and as time went on, even the most intimate of people would become strangers. That little warmth and flirtatiousness in his memory would become a beautiful memory.

Yet, Lin Yi appeared, sitting beside her like he always did in school! Xinyan had the feeling that Lin Yi had never disappeared, as if the last time he was here was yesterday.

"Zhaolong must've been bothering you a lot lately, right?" "I've been really busy lately," Lin Yi said apologetically, "I didn't come to class, so I drove him away at the entrance ..."

"Not really ... I don't even talk to him ..." Wang Xinyan explained subconsciously.

"I know," Lin Yi nodded, "don't bother with him next time. If he comes, just chase him away. I just said you're my girlfriend and he didn't even dare to argue."

"Ah?" Xinyan's face reddened in disbelief. "He ... Is very afraid of you now?"

"Yes, now, the ancient people are all afraid of me ..." Lin Yi wasn't very happy, but sighed, ""At least they won't dare to do anything to you or force you. However, I don't know how long this situation will last ..."

"What do you mean?" Xinyan blinked, not quite understanding what Lin Yi meant.

Lin Yi didn't hide anything, and told Xinyan everything that had happened. He'd been here very early, and there wasn't anyone in the classroom yet, so he wasn't afraid of people eavesdropping.

Xinyan was quite absorbed in the story-she didn't think Lin Yi'd been through so many soul-stirring things.

Chapter 3253 Moving Back

It was just that Xinyan was a little jealous that two big stars were living in Lin Yi's house. She didn't feel anything when Chu Mengyao and Shu were there, but she felt uncomfortable when two other women moved in.

However, she didn't say anything. She knew that Lin Yi was a loyal person, and Feng Shasha was his little brother. If he asked to help protect Xu Shihan, Lin Yi couldn't reject it.

However, Xinyan wasn't a scheming girl, and she said impulsively, "How about ... I move back too?"

"Ah?" This time, it was Lin Yi's turn to be stunned. He didn't think that Xinyan would make such a request! To be honest, Lin Yi was very supportive of Xinyan going back. After all, they were already used to living here, and Xinyan, Yaoyao, and Shu got along very well.

Now, although Xu Shihan and Cheng Yiyi were at home, they were still not as close to Shu. Xu Shihan shared a room with Cheng Yiyi while Chen Yushu had her own room. It was always lonely. Lin Yi thought that if Wang Xinyan went back, Shu would be happy.

"I mean ... Aren't you Earth Class early phase peak now? If I help you, will you be able to break through to mid Earth Class in a short time? "If you reach mid phase Earth Class, you'll be able to kill Sky Class late phase peak in seconds, and you won't have to worry anymore ..." Xinyan quickly explained-that was what she thought.

"I can't do that. You know your body's condition. You're relying on the Chinese broccoli to sustain your life. But if I absorb your body's energy, your life will be in danger!" Lin Yi shook his head decisively, "It's good that you're here to keep Shu company-she'll be lonely if Yao Yao's gone"

"Ah, yeah ... I didn't think that Yaoyao would be an inheritor as well. She just left like that ..." Xinyan felt emotional thinking about Mengyao. She didn't think that in the blink of an eye, Yaoyao would have already left the villa.

Wang Xinyan didn't say anything after Lin Yi rejected her. After all, she couldn't change Lin Yi's decision. She wanted to help Lin Yi, but she didn't want to cause him trouble. If her life was in danger, Lin Yi would find a solution for her at all costs, and it wasn't what Wang Xinyan wanted to see.

"Then you can go back with me tonight." "This time, Zhaolong won't go to your house either," Lin Yi said with a smile.

"Haha ..." Wang Xinyan also smiled happily ...

The exam questions were simple to Lin Yi-he had the right to exempt himself from the exam, but he'd just treat it as accompanying Xinyan. Boss Bai was pleased with Lin Yi's appearance-he had special privileges, but as a disciple, he had to follow the rules, and that was what boss Bai wanted to see.

But what he didn't expect was that he'd get a call from Qiqi the second day Xinyan moved in!

After the exam, Bai Weitao walked over, excited to see Lin Yi.

"I say, big brother Lin, where have you been all this time? I didn't see you. I asked my grandfather, but he didn't say anything. " Bai Weitao asked curiously.

"Hehe, it's nothing much. There's just a guest at home and I've been busy with her matters recently." Lin Yi said.

"I see ..." Bai Weitao nodded, "How do you plan to spend this holiday? He meiyue and I are planning to go on a trip, are you coming?"

In fact, it was he meiyue who suggested that Bai Weitao find Lin Yi. According to Bai Weitao's thinking, Lin Yi must be busy and he might not have time, but Bai Weitao said that they were all brothers and it would be more lively with more people, so he asked with a try attitude.

"Oh? Where are you guys going?" Lin Yi didn't have much time, but he'd been a good friend in University, especially the grandson of Mr. Bai. He'd like to go out with him if possible.

"We're going to Southeast Asia. It's warmer there in winter." "He meiyue said that she's unfamiliar with the place and people there. It'll be more interesting if she has a few more friends," said Bai Weitao. "If sister-in-law Xinyan is free, why don't you come along?"

Xinyan's face reddened as she turned to Lin Yi, her eyes filled with anticipation. Perhaps she wanted to go out with Lin Yi too?

"I'll look at the time," During this period of time, although Xu Shihan might not be in any danger for the time being, Lin Yi still didn't dare to let his guard down with the orphanage. Who knew if Feng Tianhu went crazy and found someone to deal with Xu Shihan or the Dean?

"Sure. If you're going with me, give me a call." Bai Weitao knew that Lin Yi was busy, so he didn't force him.

Lin Yi said his goodbyes and went back to the villa with Xinyan. She was a little embarrassed when they arrived at the familiar entrance-she knew that she'd see Shu the moment she entered, but how was she supposed to answer when Shu asked her why she came back?

Did she miss Lin Yi and want to sleep with him? It was too embarrassing, and Xinyan couldn't say it.

"Oh, sister Xinyan, you're back!" Chen Yushu didn't know if it was because she saw Wang Xinyan from her room or if she heard the sound of the car in the yard, but she ran out of the villa and said excitedly.

Xinyan was a little embarrassed and awkward at first, but Yushu's words helped her out of her predicament. She felt like she was back home.

"Shu, I'm so happy to see you ... I wasn't feeling well before, so I didn't come back ... I only found out today that Yaoyao left, and I didn't get to see her off. I feel bad." Xinyan sighed. Mengyao was still here the last time she came.

"There's no other way, everyone has their own mission. Maybe one day Shu will leave too, and shield bro will be taken care of by sister Xinyan. " Yushu said with a smile.

Xinyan didn't think that Yushu was telling the truth because she was smiling. She thought that Yushu was joking with her, and her face reddened. "Don't make fun of me, Shu"

Yushu smiled back, but didn't say anything. Xinyan could feel that the Yushu in front of her was different from before, but she couldn't tell what was different. Perhaps it was because Mengyao was gone, and Yushu was a little lonely?

Chapter 3254 News Of The Auction

Yushu was only saying this out of pure emotion-Mengyao was gone, and Lin Yi knew her secret, so she'd shed her stupid facade at times like this.

When she was alone with Lin Yi at home, she didn't make any noise, just read a book or watch TV in the living room. She didn't do anything stupid because she didn't need to do it in front of Lin Yi, and she didn't need to hide her loneliness and confusion in front of him.

Mengyao was gone, and she might have to go too. She didn't know what her future life would be like.

She didn't know if she'd have a chance to live after the Sky Class Island Plan, or if she'd have a chance to get back together with Lin Yi, Mengyao, Xiaoxiao, and Tang Yun ... She didn't have any confidence at all, and even the Prophet wouldn't be able to keep her promise ...

The wheel of fate wasn't in her hands, and even shield bro, who she had high hopes for, was only a small part of the big plan. The Sky Class Island Plan, where the inheritors met and got to know each other before the inheritance, was like a big game of chess.

Yushu didn't know who the mastermind behind this was, but she and Lin Yi were both chess pieces. Perhaps Lin Yi was the one who could turn the tables, but everything was unknown.

Every time she thought of this, she couldn't bring herself to be happy-the moment was near!

Wang Xinyan moved into the villa successfully. Xu Shihan had heard about Wang Xinyan's existence from Chen Yushu before, and knew that Wang Xinyan was Lin Yi's girlfriend. She didn't have any thoughts of fighting with him. Although Xu Shihan was secretly in love with Wang Xinyan, she didn't dare to do anything disrespectful in front of Wang Xinyan.

She could tell that Lin Yi valued Xinyan a lot, but she didn't know why.

At night, Xinyan went upstairs to sleep with Shu. Lin Yi wanted to hug Xinyan to sleep as well-she was the only girl he was very close to, but he was afraid that he'd cause problems for her while he was practicing.

But what he didn't expect was that he'd get a call from Qiqi the second day Xinyan moved in!

"Lin Yi bro, I've asked around for you. On the 20th of this month, there's a blue crystal that's going to be auctioned off at kreiston auction house. I've already gone to get the right to auction it. When are you coming over?" Now that Qiqi and Lin Yi knew each other, they were much more intimate.

She'd only helped Lin Yi find out where the blue crystal was out of gratitude, but it was her business now. She called Lin Yi as soon as she got any news.

"You have a whereabouts? That's great!" Lin Yi had always been very concerned about making the Jade space. Other than practicing, he only spent his time on forging. He didn't know how to make elixirs, and he didn't know how to fix things, so he decided to focus on making the Jade space!

Plus, the space in the Jade was a little small-Lin Yi had packed most of the valuable stuff, and he didn't even have enough space for the small stuff!

Lin Yi had to leave some room for maneuvering, right?

"En, when are you coming over?" Qiqi's tone towards Lin Yi was full of tenderness-the girl who'd grit her teeth at the mention of Lin Yi was gone.

"The 20th. There are still a few days left. I'll go over as soon as possible." Lin Yi said.

"By the way, I heard that you're a bodyguard for a celebrity? Little 9th said that she's already made arrangements with an entertainment company and is planning to invite her here to discuss a movie collaboration. " Qiqi said.

"Ah? Making a movie?" Lin Yi blinked. Xu Shihan had been in the music industry for a long time, and although she was a diva, she didn't have any achievements in the film industry. In fact, this was also because the ancient house Feng's influence was limited, and they didn't have too many people in touch with her. Hence, Xu Shihan's development was restricted in the music industry.

"That's right. This company's special effects and professional post-production work were mostly done by little 9th's disciples. They have many things to ask of little 9th, so their company's Chairman gladly agreed to this request." With that, Qiqi revealed the name of a famous company.

Lin Yi was surprised, but it made sense! For this kind of entertainment company, if they wanted to do special effects and post-production, they had to hire very professional people or companies to outsource the work. After all, each skill was specialized. The company was good at making movies, but the post-production special effects might not be as good as these professional companies.

"That's good news-with this company supporting her, her acting career can go one step further. " Lin Yi nodded.

Qiqi, on the other hand, didn't really mind celebrities-she didn't really care how many women Lin Yi had around him, and that had to do with the environment she was born in. His father had a couple of wives, and one of them was a celebrity, too, so she didn't really care. As long as Lin Yi was her big brother Yi, that was enough.

After putting down the phone, Lin Yi gathered everyone in the living room-he had to tell Shu and Xinyan if he was going out.

"Lin Yi ... You're going to Europe ..." Xinyan was a little disappointed. It seemed like her plan to go to Southeast Asia with Lin Yi was ruined. Lin Yi couldn't go.

"Yeah, Xinyan, do you want to go with Shu?" Lin Yi suggested.

Xinyan was moved as she turned to look at Yushu expectantly.

Yushu wanted to go as well, but she couldn't-Yu Yi had sent her a message saying that the date of the plan was getting closer and closer. The people backing Yu Yi had been having meetings and discussions lately, and Yushu might have to leave soon.

"I'm not going, Xinyan sis, you go play with shield bro, don't worry about me, I'll stay at home. Maybe Yaoyao sis will come back to visit?" Chen Yushu found an excuse for herself.

"Ah ... You're not going ..." Wang Xinyan was a little disappointed. If Chen Yushu didn't go, then it wouldn't be good for her to go. "I'll stay at home with you then. Lin Yi, you'll go with han?"

"Alright, then." Lin Yi knew that Xinyan didn't want to leave Shu alone at home, and han Jingjing had already gone to her company in Yanjing to prepare for the automatic medicine cauldron. Naturally, she couldn't stay at home with Shu.

Chapter 3255 50%

Xu Shihan herself was a little lost-she didn't know if she should stay in the entertainment industry. She found her mom, and her goal of becoming a big star was achieved. These days, she'd lost her life goal.

"Lin Yi ... I don't know what I'm going to do in the future, but I became a star to find my mom. Now that I've found my mom, is there any point in continuing to be a star?" Xu Shihan hesitated for a long time, and finally said what was on her mind.

"Han, I understand how you feel." Lin Yi wasn't too surprised. He smiled, "In fact, everyone has a purpose when they do everything. For example, I came to Songshan to protect Yaoyao, but later, I was no longer Yaoyao's bodyguard, but we became good friends. Now, as her girlfriend, I'm doing things that are beyond my job, it's just a life! And you should be the same. Although you've achieved your goal of being a celebrity, think about it. If you don't want to be a celebrity, what are you going to do? You can't just stay at home every day, right?"

Xu Shihan heard Lin Yi's words and couldn't help but to nod. Yes, if she didn't want to be a star, what was she going to do?

"Actually, you still have a life goal. Your next life goal is to work hard and earn more money." Lin Yi smiled, "your mother put her whole life into the development of the orphanage. Of course, that was the reason why she looked for you at first, but now she has fallen in love with this profession. She needs money to build her orphanage. If you can help her, I believe the Dean will be very happy, right?"

"Yup!" Xu Shihan's eyes lit up after hearing Lin Yi's words! She had never thought about these things before, and now that she thought about it, it was true! Her mother needed a lot of money, and the more successful her career was, the more money she'd earn, and she could help her mother with some of the difficulties. At this moment, Xu Shihan found her life goal again, and she couldn't help but be grateful to Lin Yi, ""Thank you, Lin Yi, you're the Savior of my life ... I'm so happy to meet you! With you by my side, I feel very happy. "

Xu Shihan's confession was very subtle, but everyone understood. Lin Yi wasn't surprised. He looked at Wang Xinyan, then looked at Shu. He didn't see any special expressions on their faces, and he sighed in relief.

It seemed that Shu wasn't as boisterous as she used to be, and didn't reject anyone anymore. Xinyan, on the other hand, had always been a quiet girl-even if she had something to say, she wouldn't say it out loud, and would just accept it.

The only time she'd fought back was with Zhaolong. It turned out that even a good girl would have rebellious moments.

"Then you should get ready. We'll leave for Europe in a few days." Lin Yi nodded and looked at Cheng Yiyi, ""Yiyi, you can come with me. I can help you open up the overseas market, but you have to give me half of your income as a reward!"

Lin Yi knew that Cheng Yiyi was one of Feng Tianhu's people, and that Feng Tianhu took all of her income, so he didn't hold back and took half of her labor.

"Ah? "I'll think about it ..."Cheng Yiyi knew that Lin Yi was using her money to help the orphanage, and she agreed to it, but she was afraid that Feng Tianhu wouldn't agree! Giving Lin Yi money was better than giving it to Feng Tianhu. She needed to talk to Feng Tianhu first.

Xu Shihan was startled, not expecting Lin Yi to blackmail Cheng Yiyi. They were sisters, and she didn't really care what Cheng Yiyi did with her money. She just thought that Lin Yi was going a little overboard by asking for half of her income.

However, she couldn't say anything. After all, Lin Yi had his own considerations, and without Lin Yi's help, the two of them wouldn't be able to open the overseas market.

After Cheng Yiyi returned to her room, she dialed Feng Tianhu's number.

"Yiyi, any new information?" Feng Tianhu quickly picked up the phone and asked.

"It's like this, Lin Yi's going to Europe to meet a friend, and his friend has a lot of power there. He can convince xxxx entertainment company to work with Xu Shihan, and let her play the lead role, making her famous. " Cheng Yiyi said.

"Damn it, this B * tch is lucky. She can rely on such a big backer even though she's selling her B * stards!" Feng Tianhu was a little envious and jealous as he cursed viciously. He knew what kind of company XXX entertainment was-it was a super money-making Kingdom, and if they really helped Xu Shihan, she'd be famous for a long time.

At the same time, he was shocked. Was Lin Yi really just a normal practitioner? He actually had such great power overseas? To be able to influence the decisions of such a large company, he was definitely not an ordinary person.

Feng Tianhu felt a little indignant at that thought. Not only did he fail to get the dark horse gang to help him, but he had also wasted a large sum of money. He was in need of money now, so he said to Cheng Yiyi, ""Didn't you do it with Lin Yi too? He didn't give you any benefits? Or are you not as good as that bitch Xu Shihan?"

"I haven't been with Lin Yi for long, but after my hard work, Lin Yi did say that he could get the other party to help me too, but he'll take 50% of my income as a reward." Cheng Yiyi said.

"Fifty percent, huh? that's a bit too much, but it's not bad that you're able to get this much. Not bad, Cheng Yiyi, it looks like you didn't let Lin Yi Do it for nothing. You're quite capable!" Feng Tianhu was instantly happy. This fifty percent was for nothing. If Lin Yi didn't support Cheng Yiyi, she would never have been able to work with that company. She didn't even have fifty percent, so Feng Tianhu was very happy with the extra income.

Hearing Feng Tianhu's vulgar words, Cheng Yiyi frowned slightly and sighed in her heart. If Lin Yi really wanted to mess with her, that would be fine, but ...

"Then I'll agree to it?" Cheng Yiyi asked.

"Why not? Go and say yes-you'll make your own decisions if anything good happens in the future. Lin Yi's going to get suspicious if you keep coming back to discuss it with me. " Feng Tianhu said.

"Alright, I got it." Cheng Yiyi nodded.

The next day, Cheng Yiyi agreed to Lin Yi's request for a share of the profits, and so Lin Yi told little nine about the situation here. To little nine, having Cheng Yiyi as an extra didn't matter-it was just for her apprentice to give the company a better special effects idea, since little nine had plenty of resources like that in her hands!

Chapter 3256 Overseas Cultivators Association?

Three days later, Lin Yi, Xu Shihan, and Cheng Yiyi were on a flight to a place called Butterfly Town in Europe. Lin Yi spent a part of his childhood here, and he was filled with emotions as he set foot on this land again.

The plane slowly landed in the city closest to Butterfly Town. This city was also the location of kreston auction house, which was called kreston city.

In fact, Christen was quite far from Butterfly Town, and the most convenient way to get to Butterfly Town was by sea, but it was slower, and Xu Shihan and Cheng Yiyi might not be able to get used to life on a boat. So Lin Yi bought the plane tickets to Christen city!

Of course, the auction was going to be held here, and Butterfly Town was the place Lin Yi planned to go after the auction. Xu Shihan and Cheng Yiyi would be having a business meeting then, and Lin Yi could go back to Butterfly Town with Qiqi.

Lin Yi saw Qiqi's cool little black figure the moment he stepped out of the airport, standing at the arrival gate and looking over anxiously. She ran over happily as soon as she saw Lin Yi, "Lin Yi bro!"

With that, he gave Lin Yi a big hug and wrapped himself around him like an octopus, not letting go.

Qiqi was a practitioner, after all, and didn't really care about what the outside world thought of her. Plus, she was sure that Lin Yi was her big brother Yi, so it was only natural for them to do some intimate things. After all, Lin Yi and Qiqi had a lot of physical contact when they were kids, and it wasn't a big deal.

Xu Shihan and Cheng Yiyi had never seen yang Qiqi before, but they already knew on the plane that she was Lin Yi's childhood friend, so they didn't have any hostility towards her.

"Little seven, there are friends here. If you hug me like a tree hanging from a bear, what will the others do?" Lin Yi said with a bitter smile.

Qiqi listened to Lin Yi's every word and jumped down from his body, turning to Xu Shihan and Cheng Yiyi, a little embarrassed. "You must be Xu Shihan and Cheng Yiyi, right? We welcome you to visit us. It's a pleasure to meet you! I have a concubine who's also a celebrity, so I think we'll get along very well in the future. "

Qiqi clearly thought that Xu Shihan and Cheng Yiyi were Lin Yi's women. Otherwise, why would Lin Yi protect them and even help them arrange the performance?

Xu Shihan and Cheng Yiyi were both surprised and a little embarrassed. Qiqi's words made two points clear. One was that her father seemed to have multiple women, and she didn't mind it.

The second was that Qiqi said her aunt had a celebrity as well-she was clearly treating them as Lin Yi's women!

Lin Yi didn't know whether to laugh or cry, but he didn't explain. Xu Shihan had already expressed her feelings, but Cheng Yiyi had already met her. It was impossible to say that they weren't related at all.

It was just that Lin Yi hadn't given them a clear answer yet. His future was very complicated. It seemed that he had suppressed all his enemies, but they were all built on a lie. Once this lie was exposed, Lin Yi's good days would be over. He really couldn't make any promises to Xu Shihan.

"Alright, Qiqi, let's not talk about this. Have you booked the hotel?" Lin Yi asked.

"Yes, the best hotels in this city are the kreiston hotel and the Douglas vast hotel. The kreiston hotel and the kreiston auction house are together and both belong to the overseas cultivators trading Association." "The Douglas vast hotel, on the other hand ... My family has some shares in it, so it's pretty convenient to stay in, but it's not good for getting information about the auction." Qiqi explained.

Qiqi briefly explained the pros and cons of the two-she wasn't that cool, dumb girl anymore, but a smart girl, and that surprised Lin Yi!

In fact, Qiqi had grown up a long time ago-she'd had to go to the tests and markets time and time again to be a punching bag for little Jiu. After all, she was strong, and in the practitioner's world, strength was everything. If you didn't have strength, no matter where you came from, people would look down on you.

The mortal world was different now-Qiqi was clearly very powerful here, and so she could do things like this without any problems.

Just like Lin Yi-when he was still weak, no one in house Yu's auction would even put him in their eyes. Even the normal noble houses could show off in front of him, but now, even the Ancient Ones would be afraid of Lin Yi.

"The overseas cultivators Association?" Lin Yi frowned. He didn't think that the kerston auction would be a business of the overseas practitioner's Association! Lin Yi's enmity with the overseas practitioner's Association wasn't shallow-he'd killed one of their elders, and while there was no news yet, they'd probably put him on their blacklist.

He just didn't know if the people at the auction would recognize him. But no matter what, he had to be careful. He didn't want the overseas practitioner's Association to know that he was here and affect the auction!

"Yes, these strange materials are actually only available in the overseas cultivators Association. They won't appear in other auctions." "The overseas practitioner's Association has their own ways of getting these things," Qiqi said.

"This is their property in the secular world?" Lin Yi nodded and asked.

"Yes. After all, cultivation also requires funds, and these industries in the secular world can make up for this gap." Qiqi said.

"How about this, Qiqi? when you sign up, don't put my name on it. You can sign up in your own name." Lin Yi said after some thought. It was best if he didn't reveal his identity-it'd be troublesome if someone knew about him.

"Oh? Okay ..."Qiqi was a little confused, but she nodded anyway-it wasn't a big deal, after all."Lin Yi bro, you've heard of this overseas practitioner's Association before?"

"En, I know a little." "Just keep it a secret," Lin Yi said with a wave of his hand.

"Alright," he said. Qiqi didn't ask any more questions.

Since Lin Yi wanted to keep it a secret, Qiqi naturally drove them to the Douglas vast hotel. Her family had some shares in the property here, so checking in was a piece of cake. The check-in was all labeled as "Yang family's VIP," not even the name.

Chapter 3257 A Person She Didn't Want To Meet

Lin Yi had one room, Shihan and Yiyi had one, while Qiqi herself booked a room in the kreiston hotel. She wanted to find out how many people were interested in the blue crystal, and Lin Yi was determined to get it. Qiqi wanted to find out-knowing your enemy and knowing yourself was the best way to win!

And so, Lin Yi didn't ask her to stay and let her go. After settling down, he brought Xu Shihan and Cheng Yiyi to the hotel for a quick meal before going back to their room to rest.

Since the overseas practitioner's Association was here, Lin Yi didn't dare to be careless. He decided to get to the bottom of things before the auction!

It wasn't until three days later, when the auction officially started, that Lin Yi brought Shihan and Yiyi out of the hotel. Qiqi was already waiting in the car at the entrance.

Qiqi was driving a business car, low-profile and unassuming-she'd obviously taken Lin Yi's advice and wanted to keep a low profile.

Lin Yi got in the car with Shihan and Yiyi, and Qiqi started the car, driving to the auction house. She was alone in the car, with no driver or assistant.

Kreston's auction house was luxuriously built, similar to house Yu 's. Qiqi's car was stopped at the entrance, but after she showed an invitation to the auction, the security let her through.

Qiqi parked her car in the underground parking lot of the auction hall and got out with Lin Yi, but a red sports car stopped right next to her parking space. Two young men got out of the car-one was Asian, and the other was European.

Qiqi frowned at the two, but she knew that if she left without saying anything, they'd be suspicious. She wasn't afraid, but her family's power wasn't as strong as these two young men 's, and her real identity didn't really mean much anymore with her father's departure.

"Seventh Sister, you're also here to participate in the auction?" The Asian walked quickly towards Qiqi, but his eyes were locked on Shihan's face-he was clearly in awe of her beauty!

"He tianzu, young master he, I didn't expect that you would also participate in this kind of auction." Qiqi wasn't trying to start a conversation-she was just really surprised! He tianzu was the son of He dan TOU, the president of the overseas cultivators Association!

The overseas practitioner's Association was an organization that was formed in the last ten years or so. Its purpose was to gather all the practitioners overseas and form an organization similar to an ancient sect. Bullet head was a Sky Class late phase peak full master!

The young man of European descent next to he tianzu was freyon orchston, the son of the Vice President of the overseas cultivators Association. The reason why all the businesses of the overseas cultivators Association were named after the vice president's family name was simple. Bullet head he didn't like to do business, while christenton's family was a business family. It would be better to use their name to do business!

Otherwise, although the overseas cultivators Association was powerful, it was newly established and could not go against some of the local big forces and tycoons. It was better to use the Kriston family's connections to do this.

Since he tianzu was bullet head he's son, he could just take whatever he wanted in this auction. There was no need for him to attend an auction, and that was why Qiqi was so confused.

"I couldn't get through cultivating in the Association, so I came out for a walk. See, good things happen the moment I come out. Seventh Sister, aren't you going to introduce me to this beautiful lady?" He tianzu looked at Xu Shihan, not hiding the adoration in his eyes.

Perhaps due to the influence of foreign customs, he tianzu's way of expressing his love was bold and direct.

Lin Yi frowned-these two guys looked young, but they weren't weak. This he tianzu was Sky Class late phase peak-of course, it was possible that he was already very old and just looked younger. After all, after stepping into Sky Class, his face wouldn't change anymore.

The European young man, on the other hand, was Sky Class mid phase-this was a rare sight as well, and Lin Yi didn't have to guess to know that these two were probably from the overseas practitioner's Association as well, and their positions weren't low either!

He was just about to avoid them, not wanting to have too much interaction with them, but he didn't think that this he tianzu would be so straightforward, confessing his love to Xu Shihan directly. This made Lin Yi feel helpless, but he really couldn't get into a conflict with them at this time. This was their territory, and if they got into a conflict, he wouldn't be able to run away, and even if he did, the blue crystal would be gone!

Qiqi's face froze as well-she didn't think that tianzu would make such a request. She was in a difficult position, but after some hesitation, she said,"This is the star, miss Xu Shihan. She's here to discuss a business deal with XXX entertainment company, and she'll be leaving soon."

Qiqi wanted to say that Shihan was just a passer-by, and that she'd be leaving soon, but it was obvious that he tianzu didn't understand what she meant."I was wondering why miss Xu was so beautiful. So you're a celebrity! Although XXX entertainment company is famous, there are too many big names there. Freynold's family also has a film company, kreston films. Although it's not as famous as XXX, I think it's very easy to promote a newcomer! Last year, the newcomer who won the Best Female Lead Award at xxx films was hired by Kriston films! Since miss Xu is here to cooperate, you should also consider the publicity efforts of both sides. I can guarantee that all the resources here will be dedicated to miss Xu!"

"I'll think about it. Thank you, young master he. " Xu Shihan was a celebrity after all, and she had seen the world. After a short moment of shock, she smiled and said politely, ""However, my friend was the one who introduced me to xxxxx company. I need to think about it carefully."

"That's good too. By the way, miss Xu, are you here to attend the auction too?" He tianzu wasn't stupid, and since Xu Shihan didn't agree, he wouldn't force her. He had plenty of ways to pick up girls anyway, so he changed the topic.

"I'm just looking around. " Xu Shihan replied.

Chapter 3258 III Intentions

"Really just looking around? I'm a shareholder of this company. If you like anything, let me know in advance, and I'll reserve it for you. Otherwise, when the competition starts later, it's hard to tell who will get the last place!" He tianzu said, "miss Xu, you don't have to hide it. Since you're going to discuss a cooperation with xxxxx company, and you're in a hurry, you can't be staying here for no reason. I think miss Xu must have taken a fancy to something in here, right?"

"This ..." Shihan didn't think he tianzu would be this hard to deal with-this guy was lecherous, but he wasn't stupid! Qiqi's explanation only made him chase after her even more! But, what could she say?

She was only here to accompany Lin Yi, and the only thing she knew was that Lin Yi was going to get the blue crystal, but she couldn't tell him. What if he tianzu decided to stop her after she told him?

Lin Yi was getting impatient-why was this he tianzu so hard to deal with? If he really knew that the item he wanted to bid for was the blue crystal, there would probably be some resistance when he got it,

right? At that thought, Lin Yi opened his mouth. "I was the one who asked han to come with me. I was also the one who contacted XXX entertainment company, so han was actually waiting for me."

Lin Yi didn't want to be in the limelight, but there was nothing he could do. Xu Shihan was a celebrity, but she obviously had less social experience than this guy. This he tianzu was a tough guy, and Xu Shihan was no match for him.

"Oh?" He tianzu looked at Lin Yi with a hostile look in his eyes, but he still spoke politely, ""This gentleman, you are?"

"Mr. He, you're from the overseas cultivators Association, right? May I know your identity in the Association?" Lin Yi didn't answer but asked back. He had to find a reason to calm he tianzu down first, or he wouldn't be able to attend the auction.

"Brother ah Yi, this young master he is the son of the overseas cultivators Association's President, He dan TOU!" Qiqi introduced, but didn't say his name.

"So it's President he's son, nice to meet you! I'm here to discuss a business deal with President he. " Lin Yi extended his hand with a smile, "I forgot to introduce myself. I'm Ling Yi, the sales manager of miracle doctor Guan's medicine company. I'm here to establish a trade relationship with the overseas cultivators Association. I'll sell our grade one and two automatic cauldrons!"

"Oh?" He tianzu froze. He knew about the automatic Grade one medicine cauldron, and was about to send someone to investigate and see if they could buy some in bulk. However, an elder had just died, so the overseas practitioner Association didn't dare to make any rash moves. They were still investigating the killer Lin Yi's background, and since this person had the ability to kill a Sky Class master, he couldn't be a nobody.

However, before the overseas cultivators Association sent anyone, miracle doctor Guan's medical company sent someone over, which surprised he tianzu! She was even more surprised when Lin Yi told her that there was a grade two automatic medicine cauldron. Her attitude towards Lin Yi became warmer as she shook his hand,""Mr Ling, does your company still sell grade two automatic cauldrons?"

"It's about to be listed!" Lin Yi nodded,"but it's a limited number. The only way to sell them is through the practitioner's trade Association's auction. But I'm here to supply a few to the overseas practitioner's Association. After all, you're far away, and it's not easy to participate in the auction. Our company also wants to establish a long-term partnership with your Association!"

Lin Yi said with conviction. After all, he knew both grade one and two cauldrons, and he successfully tricked he tianzu!

"I'm really grateful!" "Then, Mr. Ling, I welcome you to visit our overseas cultivators Association after the auction. This is my business card!" He tianzu said with a smile.

With that, he tianzu handed Lin Yi a card. Lin Yi glanced at it-there was only he tianzu's name, phone number, and address on it, and nothing else. It was obviously the overseas practitioner's Association's address.

"I left my name card in the hotel. I'm only going out this time to follow little sister seven to see the auction here." Lin Yi said as he kept the card.

"It's fine," "Mr. Ling, may I know who you and miss Xu are ...?" He tianzu said, waving his hand.

"Han is our company's spokesperson," Lin Yi, naturally, wouldn't say anything else-who knew what he tianzu was going to do next, catching him off guard!

"Okay, Mr. Ling, you're welcome to visit. I'll take my leave first." He tianzu knew the severity of the situation-he couldn't afford to get on Lin Yi's bad side right now. This guy was here to give him some treasure, and the overseas practitioner's Association needed it. If they got on his bad side, they'd lose the automatic medicine cauldron. He decided to put this aside for now.

Lin Yi let out a breath of relief, but he didn't let his guard down. He planned to leave this place as soon as the auction ended!

After entering the auction, Lin Yi followed Qiqi all the way to the VIP room. Everyone with a certain background here had their own private room, but even if there were only a few of them, Lin Yi still checked the room carefully after entering. After making sure that there weren't any hidden bugs or surveillance equipment, he turned to Qiqi, "Xiao Qi, are you in contact with the overseas cultivators Association?"

"Yeah, Lin Yi bro, I'm a member of the overseas practitioner's Association. Practitioners from overseas are all members here, and they don't need to do much. They just need to register their identity and they can get some elixirs and treasures every month. It's a pretty non-profit organization, right?"

Lin Yi nodded silently. It seemed like he dan TOU was good at winning people's hearts. He didn't need them to do anything for the time being, but they could be very useful in critical moments!

After Tang Yuqi became a Sky Class master! It was only natural that the overseas practitioner's Association wouldn't let him go. After all, he'd gotten a lot of resources from the overseas practitioner's Association before. Without the overseas practitioner's Association, there wouldn't be a Sky Class Tang Yuqi!

However, aunty Wang of the snow Valley had also made it clear that she could help Tang Yuqi pay back these cultivation resources, or double the amount!

Chapter 3259 Side Issues

However, the overseas cultivators Association did not give them any face at all. They did not even want to negotiate. To put it bluntly, the cultivation world was a place where strength was respected.

However, if Lin Yi had known that the auction house was part of the overseas practitioner's Association's territory, he probably wouldn't have come. Even if he did, he wouldn't have used his identity-he would've put on a disguise, like the mask, or just let Qiqi show up.

Who knew that the practitioner's Association would be built right in front of Qiqi's house? But since he was already here, he couldn't hide anymore. He had no choice but to continue.

"I see ... Why didn't you mention this before?" Lin Yi sighed.

"Before ... You didn't ask, did you? why, Lin Yi bro, it seems like you have some history with this overseas practitioner's Association?" Qiqi wasn't stupid-she could already guess what was going on even before contacting him.

"That's right, I killed one of their elders ..." Lin Yi said.

"Ah? Is it elder Chen?" Qiqi blinked, surprised. She obviously knew about this as well.

"Qi Qi, you know?" Lin Yi was surprised as well-he didn't think that Qiqi would know about this.

"The members of the overseas practitioner's Association all know that elder Wang came back alone, and elder Chen, Sky Class mid phase peak, was killed. They even called us for a meeting to discuss how to deal with this, but we don't know much about the other side, and I'm not a core member, so I don't even know who killed elder Chen or how he did it. I'm only here to listen and warn us. Don't mess with the ancient sects over there. " Qiqi said.

Lin Yi nodded."It's fine. Since we're here, we'll just take it. We'll leave this place as soon as possible after the auction!"

"Okay, then ... The collaboration with XXX entertainment ..." Qiqi hesitated.

"Forget it. Let's go to Island X directly." Lin Yi said after some thought.

Xu Shihan and Cheng Yiyi didn't say anything else. After all, safety was more important, and the money-making thing could only be pushed back. Who asked that he tianzu to take a fancy to Xu Shihan?

Very soon, the auction officially began. Just like other auctions, after the host explained the rules of the auction, the auction smoothly entered the process!

Lin Yi scanned through the guide-the items on it were all treasures, but of course, they were treasures for normal people-the things that could extend one's life and cure illnesses. There was nothing that could really help with cultivation!

However, it was not surprising after thinking about it. The overseas cultivators Association must have bought some elixirs in bulk from somewhere, but they kept the elixirs that were useful for cultivation for themselves. These elixirs were just supplementary items that they bought back to generate income!

There was quite a bit of competition for these unassuming items, but it was normal-most of the people here were normal people, after all, and they were all after these treasures that could extend their lives!

Finally, it was the blue crystal that Lin Yi needed. He took a deep breath and nodded to Qiqi, telling her that he'd bid later. It was best for him to keep a low profile and not show his face.

"Next up, we'll be auctioning a blue crystal. It's a rare gem ..." The auctioneer introduced the blue crystal. Of course, he didn't know that this thing could be used for refining weapons. Of course, even if he knew, it would be useless because the forgers had disappeared. Even if this thing was used by the forgers, it was just an ornament.

The people who came here to participate in the auction were basically looking for the treasures of heaven and earth and the longevity elixir. These people didn't care much about the gemstones and crystals. These luxurious items could be found in other auctions. They didn't come here to study these.

Therefore, when the blue crystal was taken out, it didn't attract too much attention. Even those who had bid before had picked up their teacups and were ready to drink some water to relax and wait for the next round of bidding.

Lin Yi, on the other hand, was paying close attention to the blue crystal!

"Eight million!" A voice slowly sounded. The starting price of this blue crystal was five million. At that time, in this kind of auction, the base price was usually not high, and it was all about bidding!

However, not many people wanted the blue crystal. In fact, the auction was just taking it out as a way to relax. They did not expect to sell it for a good price.

"Nine million." Another person also called out his own price.

However, after this person called out nine million, the previous person didn't raise the bid again. It was obvious that he wasn't determined to win. He gave up when someone was higher than him. Perhaps he was just a prop to prevent the auction from having an awkward silence and a situation where the auction was not sold.

"Ten million." Qiqi started bidding-she could tell that the auctioneer was ready to ask for the first time, and it was obvious that no one was paying attention to this thing anymore.

Qiqi's bid surprised the person who called for nine million. He glanced at the room she was in and gave up immediately-the blue crystal wasn't very pure, and there were a lot of impurities in it, making the value of the crystal drop!

Therefore, the price of 10 million Yuan was not entirely not worth it. However, an item of such quality was really not of much use.

Of course, for collectors and carvers, a flaw in the crystal was a fatal injury, but it didn't matter to Lin Yi. He used it to craft weapons, and the blue crystal was just a supplementary material. He had to grind it into powder, and the impurities inside didn't affect it at all.

After Qiqi's bid, no one else made another bid. The auctioneer raised his hammer as well, "The guest in Room 27 has bid 10 million. Is there a higher bid? 10 million, going once ..."

Just when Lin Yi thought that he had to win, a familiar voice sounded, making Lin Yi frown!

" 12 million!" The bidder was none other than he tianzu, whom he had met in the parking lot earlier!

Lin Yi didn't understand-what was he tianzu doing? Lin Yi didn't know what tianzu was trying to do with his sudden bid-this auction was the overseas practitioner's Association 's, after all, and he was the young master of the Association, so he should be able to get anything he wanted. There was no need to bid at all, he could just take it home and not sell it!

Chapter 3260 Caught Up

Obviously, he tianzu had a purpose for doing this. Was he trying to go against him, or was he trying to get help from him?

Lin Yi looked at Qiqi and nodded.

" 14 million!" Qiqi continued.

" 15 million." He tianzu said.

It was worth mentioning that the price here was measured in euros, so the price of 15 million was quite high.

" 17 million!" Qiqi added another two million.

" 18 million!" He tianzu continued to bid without hesitation.

"Twenty million!" Qiqi added another two million.

" 21 million." He tianzu continued to bid.

Lin Yi took a deep breath. This he tianzu actually pushed the price above twenty million? In this way, it was not as simple as just selling it. This price had already exceeded the previous ordinary heavenly treasures by a lot. The guests present were also very puzzled and puzzled. How could such a piece of broken blue crystal with impurities be so valuable?

Moreover, there were actually people who were competing for it? Not many ordinary businessmen knew about he tianzu's identity. Because they were of different social classes, he tianzu didn't have much contact with them. On the other hand, freyon orchreton usually had contact with some businessmen. However, he wasn't the one bidding, so no one thought much about it.

He looked at Qiqi and raised three fingers.

"Thirty million!" Qiqi understood Lin Yi's intentions and called out a high price of thirty million.

" 40 million." This time, he tianzu changed his previous method of increasing the price by a million, and directly increased it by ten million!

Forty million euros was a lot, and Lin Yi's mouth twitched. He had some money now, but it wasn't a lot. He'd invested all of it into the orphanage and the second-grade automatic medicine cauldron.

" 50 million." Qiqi continued, giving Lin Yi a reassuring look before whispering, "I still have some money here."

" 100 million!" He tianzu didn't want to waste any more time, so he directly started to bid.

...Even though Qiqi had some money in her pocket, she was still shocked by the way the other party was bidding! Of course, this was for Lin Yi's auction, so Qiqi didn't hesitate and continued, " 150 million!"

" 300 million!" He tianzu continued to raise the price.

Qiqi was just about to continue when Lin Yi shook his head, "Forget it, I'll give up ..."

"Ah?" Qiqi blinked, not understanding why Lin Yi was giving up just like that. "I have around one billion in my private savings. If I can't, I can borrow from little 9th ..."

"It's not about the money. He tianzu is the boss of this auction house. No matter what price he calls, it's just going to go back in. He can bid however much he wants. He can buy and sell in the company's name without even having to pay a Commission. It's just a formality. He can even bid ten billion." Lin Yi said with a wave of his hand.

Qiqi thought about it-it was true. This auction house was he tianzu 's, and no matter how much she bid, she wouldn't be able to beat him! And so, Qiqi didn't say anything and gave up.

"The guest in Room 3 has bid 300 million, are there any higher bids? 300 million, going once, going twice, going thrice ... Deal!" The auctioneer gave the final word and the auction was completed.

"Let's go. There's no point in us staying here. " Lin Yi stood up, and Qiqi, Shihan, and Yiyi followed behind him, walking out of the room and towards the elevator ...

Qiqi, Shihan, and Yiyi didn't say anything else-they knew that Lin Yi wasn't in a good mood after failing to get the blue crystal, but they couldn't do anything about it. Tianzu's interference wasn't something they expected.

The four of them took the elevator to the underground parking lot. When they were about to get into the car, the elevator door of the internal passageway not far away opened. From the elevator, he tianzu, freyon, and orchston slowly walked out!

He tianzu, on the other hand, was holding a box in his hand as he walked over to Lin Yi with a smile!

Lin Yi didn't know what he tianzu was trying to do, but he still "politely" stopped. He tianzu wasn't too much of a threat in his eyes-Sky Class late phase peak was someone he could at least injure if he didn't kill him in an instant with his current strength. But what would happen after that?

The trouble that would follow would be endless, and he would barely be able to escape from the city!

"Miss Xu, I'm sorry. I bid just now because I wanted to personally deliver this blue crystal to you!" He tianzu smiled and handed the box to Xu Shihan!

He was doing this out of respect for Xu Shihan-it didn't matter who among the four needed the crystal, since he gave it to her, it meant that he left a good impression on her. Since she was the spokesperson of miracle doctor Guan's medical company, he couldn't force it no matter what. If he fell out with miracle doctor Guan's medical company and couldn't provide them with automatic cauldrons, it would be a huge loss.

So he changed his strategy, using this method to make Xu Shihan owe him a favor, and then he could do things step by step.

"Thank you ..." Xu Shihan took the blue crystal after some hesitation. She didn't know what it was for, but one thing was for sure. Lin Yi really needed it. Otherwise, he wouldn't come all the way here for the auction.

And so, even though she knew he tianzu's intentions weren't pure, she still accepted it.

"Hehe, miss Xu, I won't disturb you any longer. Go back and consider my suggestion. I'll visit you later!"
He tianzu said with a smile.

After he tianzu finished speaking, he got into his sports car and left the parking lot with Freo.

Lin Yi watched as the car left, and got into the car with Qiqi and the others. He turned to Qiqi. "There's no need to go back to the hotel. We don't need anything. Just drive away from here!"

"Alright!" Qiqi nodded and started the car.

Inside the hotel, there was only some personal luggage and clothes for Xu Shihan and Cheng Yiyi to change into. Although it was a little expensive, it was better to lose it than to die.

Qiqi drove towards the highway right after the auction, but a red Ferrari caught up to her not long after. It was he tianzu's car!

He tianzu's actions surprised Lin Yi-why was the kid here again?
