

Bodyguard 3301

Chapter 3301 Luring Lin Yi Out

Lin Yi had always been racing against time, creating a time difference and successfully confusing many people!

Of course, now that he'd broken through to Sky Class mid phase, it was time for him to go back. He couldn't just hide out there forever, and without any miracle medicine, he didn't have the chance to break through again.

One day, Lin Yi said goodbye to Qiqi and xiaojiu, and left with Shihan and Yiyi.

However, during Lin Yi's absence, some big things happened in the ancient level, all about the Dark Palace. It was just that Lin Yi's incident was too big, so not many people paid attention to it.

Qibing's life had been tough during this period of time-not only did he have to clean the toilets with one arm, but Mengyao was making it worse, adding all the dirty and tiring work to him!

Now, Zhao Qibing had become the executor of the Dark Palace's duties of raising pigs, cattle, sheep, and crops. When the disciples were on duty, they would see Zhao Qibing's figure every time. He didn't want to do it, but there was no other way. The Dark Palace had become a place where Chu Mengyao's words were the law. As long as she didn't do anything that harmed the interests of the Dark Palace, the Grand Elder usually wouldn't object.

Qibing's backer, the black-robed elder, was also in a bad position, and he couldn't even protect himself-who would have the ability to care about Qibing?

Zhao Qibing was frustrated and angry just thinking about it, but there was nothing he could do. In his heart, he had already planned to go to the sky elixir sect, but it wasn't like he could just go there whenever he wanted. Although Kang Zhaoming had already agreed, if he wanted to go to the sky elixir sect, he had to show some sincerity.

If he were to go there rashly, he wouldn't be able to gain any status in the sky elixir sect. He might even end up as a disciple who did odd jobs, and that wouldn't be much better than the Dark Palace! He wanted to stand out and take revenge on Lin Yi and Chu Mengyao, that B * tch. He needed strength!

A man can't live a day without strength, but without status, where would strength come from? Zhao Qibing had no chance of increasing his strength in the dark Palace, unless Chu Mengyao died or something happened.

Just as Qibing was racking his brain for a reason to surrender, a phone call made him go wild with joy!

"Hello, Zhao Qibing? I'm Kang Zhaoming!" Kang Zhaoming's arrogant voice came from the other end of the phone!

Back then, Zhaoming was just a hedonistic kid from a normal house, not even a Noble House, but he became an elder of one of the biggest sects in the ancient era, the sky elixir sect. Of course, he didn't know that Zhaoming was the son-in-law of the xuanchen patriarch. If he did, he would be even more envious!

"It's me, elder Kang, you were looking for me?" Qibing said with utmost respect.

"Here's the thing, I want to ask you something. Is Chu Mengyao controlling the entire Dark Palace?" Patriarch xuanchen had some understanding of the news regarding the Dark Palace. During this period of time, he was truly a little anxious!

Lin Yi was hiding overseas and not coming back. Those who went to cause trouble for the blood-clad yellow spring sect had also given up. Even if patriarch xuanchen wanted to deal with Lin Yi, he didn't know where to start!

However, he couldn't just let Lin Yi go like this. Not to mention the fact that Lin Yi made little eleven like this, just the conflicts from before were enough to make him not let go so easily!

Therefore, ancestor xuanchen wanted to force Lin Yi back and see how the sects that wanted to cause trouble for Lin Yi would react. If they didn't go after Lin Yi, it meant that there was something wrong with what happened before. If they went after Lin Yi, ancestor xuanchen could watch the fire from the other side.

However, he couldn't come up with a suitable reason no matter how much he thought about it. But Zhaoming's words enlightened him! Kang Zhaoming's evil thoughts were brewing. He suddenly thought of a good idea, and that was to hit on Chu Mengyao!

As Zhaoming's position rose, xuanchen also revealed some secrets to him, such as the Sky Class Island Plan. Zhaoming also knew that the young master of the sky elixir sect wanted to marry a wife and concubines, and sugar candy as his wife-it was to prevent them from ruining their plans before the Sky Class Island Plan started!

The concubines of the young master of the sky elixir sect were basically his people, and they could remain virgins for the time being.

So, Zhaoming suggested that the young master of the sky elixir sect go to the Dark Palace to propose marriage. After all, this was something that the xuanchen ancestor had to do for the next few years. When Chu Mengyao got into trouble, would Lin Yi just sit by and do nothing?

This way, Lin Yi would definitely come back to China, and his enemies would come looking for him! Even if his enemies didn't make a move, he could still hint to others to kill Lin Yi in the dark Palace.

Of course, all of this was based on the premise that Lin Yi had to show himself. That was why Kang Zhaoming called Zhao Qibing.

"Ah, it's like this for now!" Qibing nodded. "Right now, in the dark Palace, Chu Li's words carry enormous weight. Even the Grand Elder doesn't oppose him."

"Is that so ..." Zhaoming frowned. What if the sky elixir sect went to propose and the Grand Elder stopped them from doing so? After all, the Grand elder's temper was bad and stubborn. If she was on Mengyao's side, then things would be a bit difficult!

It was just like the Ice Palace's rock Candy. The Ice Palace had the capital to be strong, and if Rock Candy didn't agree, patriarch xuanchen couldn't do anything about it. He couldn't just let the sky elixir sect attack the Ice Palace, could he? That was not realistic! The good thing was that Rock Candy also knew that opening the Sky Class Island Plan required one to remain a Virgin. As a branch of the five elements sect, the Ice Palace must have explained this in their ancestral teachings, so there was no need to worry about Rock Candy messing around!

The same went for Snow Valley, but what pissed ancestor xuanchen off was that the Ice Palace and Snow Valley actually changed their inheritors to Lin Yi's wives. Even if they were still virgins now, there would definitely be resistance when the plan was carried out!

This obstruction was Lin Yi, so in the eyes of ancestor xuanchen, Lin Yi had to die! However, due to boss Bai's Wood-element inheritor, he didn't touch Lin Yi.

However, the xuanchen ancestor had also thought about it. If it didn't work, he would carry out his ultimate plan, which was to make extreme Qi gathering pills for Lin Yi. Even if boss Bai suspected it, the xuanchen ancestor could just say that Zhaoming did it on his own.

Chapter 3302 Going To The Dark Palace To Propose Marriage

Kang Zhaoming was his son-in-law, after all. No matter how angry boss Bai was, he wouldn't really do anything to Kang Zhaoming. He would only leave a knot in his heart in the end.

"What's the matter?" Zhao Qibing heard the frustration in Kang Zhaoming's tone and asked curiously.

"It's fine now, but Qibing, I have a mission for you. If you do it well, I can guarantee you a good promotion to the sky elixir sect. I can't promise you the position of an elder, but a Deacon is fine!" Zhaoming said.

"Ah? Really? This is great!" Qibing was overjoyed, "elder Kang, what do you need me to do?" Don't worry, I will work hard to complete the mission!"

"It's nothing, actually. In a few days, something might happen in the dark Palace. When the time comes, you just need to report to me the reactions of the Grand Elder and Chu Mengyao. You don't need to do anything else, and you don't need to ask," Zhaoming said.

"I see. Alright, I understand!" Qibing quickly nodded.

After hanging up, Zhaoming went to report to the xuanchen ancestor. He told him everything Zhao Qibing said.

"I didn't think that Chu Mengyao's position in the dark Palace would be this high. Even ye Wan 'er wasn't this difficult to deal with before!" Patriarch xuanchen could not help but frown when he heard that! Back then, the Grand Elder of the Dark Palace was very supportive of ye Wan 'er's engagement with Tian Ji Xing, the Father of the heavenly silkworm sect. He didn't even ask for ye Wan' er's opinion, but now, if Chu Mengyao didn't agree, this matter might change!

If the Grand Elder strongly opposed and rejected this, could the sky elixir sect really go to war with the Dark Palace? Of course, it wasn't that the heavenly elixir sect was afraid of the dark Palace, but even though the heavenly silkworm sect was close to the five elements sect, they wouldn't just go against the dark Palace for no reason. This wasn't in line with the heavenly elixir sect's interests, and the heavenly silkworm sect wouldn't agree.

However, he couldn't let the xuanchen ancestor's men do it either. If Lin Yi asked boss Bai to do it, he would have to give him face. It was a headache!

"Yeah, Chu Mengyao took over the entire Dark Palace without saying anything. I'm just afraid that the Grand Elder will reject this, and we won't be able to force Lin Yi!" Zhaoming said, shaking his head.

"It seems that if we can't send someone to propose the marriage tomorrow, we can only think of a way to force the Grand Elder to submit!" Said patriarch xuanchen.

"Eh? I have a good idea!" Zhaoming suddenly slapped his thigh. "We can play a forced game!"

"Forced? How do we play?" "What's wrong?" patriarch xuanchen asked, stunned.

"It's like this. We can go and propose marriage first and promise that the two sects will be friendly in the future. If anything happens to the Dark Palace in the future, we will also help!" "If they don't agree, then we'll break up and leave!" Zhaoming explained. There's no need to say anything. "

"I understand. What you mean is that if they find a group of people but cause trouble for the Dark Palace, when the Dark Palace can't handle it, they will remember our previous promise and come to us for help. Then they will have no choice but to make a choice!" The xuanchen ancestor nodded. He was as cunning as Zhaoming, so he understood what Zhaoming meant immediately.

"That's right. This way, it doesn't matter if they ask us for help or not. We've achieved our goal!" "They're asking us for help," Zhaoming continued, "Chu Mengyao was forced to marry into the heavenly silkworm transformation, so she wouldn't want to do it herself. She'd contact Lin Yi to help her, and Lin Yi would come back! Of course, if she didn't ask us for help, she would've asked Lin Yi for help if she wanted to solve the trouble in the dark Palace. Then, Lin Yi would've come back, and although the process would've been different, the result would've been the same. We'd be happy to see the outcome of both paths. "

"That's right, then we'll do as you say. Tomorrow, you'll represent the sky elixir sect and go to the Dark Palace to ask for their hand in marriage. You'll make it clear and let them choose. There's no need to get into a conflict with them, no need to threaten or bribe them, just act normal. " Patriarch xuanchen instructed.

"I understand. Regardless of whether they agree or not, our plan is the same." Kang Zhaoming nodded. "Oh right, when the time comes, that Zhao Qibing will be considered a meritorious official. I promised him that I can arrange a Deacon for him. Father-in-law, what do you think?"

"It's not impossible to arrange a Deacon, but the main problem is that his father and that old Mian or something have been turned into practitioners by miss Lan's men. If Zhao Qibing finds out about this, I'm afraid it'll cause more problems. " Said patriarch xuanchen after some thought.

"Is that so ... It's fine, I'll talk to him and change him too. I know this kid, he's been craving strength and wants to take revenge on Lin Yi. Anyway, we took in house Zhao and the others in secret, and they're not officially registered in the heavenly elixir sect.

"Haha, you little brat!" After hearing Zhao Qibing's words, ancestor xuanchen suddenly laughed out loud! This Kang Zhaoming was bad enough, after using Zhao Qibing, he still wanted to trick him. In the end, no matter how strong Zhao Qibing was, he was still going to be used by Kang Zhaoming!

However, Qibing's goal was to deal with Lin Yi in this life, so it wasn't a trap.

"Hehe, I learned this from my father-in-law. Otherwise, I wouldn't have been so mean in the past!" Kang Zhaoming complimented.

The next morning, two uninvited guests arrived at the gates of the Palace of Darkness. Zhaoming didn't bring a huge group of people with him-he wasn't here to fight, he was here to propose marriage. The plan was already in place, and it didn't matter if the Palace of Darkness agreed or not-the ending would be the same. He was just going through the motions!

"You two, what are you doing here? This is an important place of the ancient sect, the Dark Palace. Those who are not here, please leave!" One of the disciples on guard saw Zhaoming and small one, who had accompanied him here.

Elder xuanchen was really nice to Zhaoming and took good care of him. Every time he went out, he'd let small one be his bodyguard in case something happened to him.

"I'm Kang Zhaoming, an elder of the sky elixir sect. Why don't you report this to the Grand Elder and Palace Master of the Dark Palace?" Kang Zhaoming hmphed coldly and ordered the guard.

Chapter 3303 Chu Mengyao's Thoughts

"Ah?" The disciple was taken aback and was about to question Zhaoming when he saw the sky elixir sect elder's token that Zhaoming handed over. He quickly changed his words, "Please wait for a moment, I'll go and report ..."

"Hmph! Why aren't you rushing it?" Zhaoming was representing the sky elixir sect, a first class sect in the ancient era. He didn't think much of this disciple from the palace of dark night.

Of course, this disciple did not dare to voice his anger. Who asked his dark night Palace to be weaker than the other party? This was the structure that had been formed for the past thousands of years. The Dark Palace had never had a strong figure appear, and even if they had a Sky Class late phase Peak Master, it was just one. They couldn't be compared to the sky elixir sect.

The disciple hurried back and reported to Chu Mengyao and the Grand Elder. If it was in the past, these disciples would never report to the palace Master. Ye Wan 'er was only the palace Master in name. Everyone knew that her words were not as effective as a normal elder's.

But now, things were different. Chu Mengyao was now the head of the Dark Palace, and her position was not below the Grand Elder. If something happened, he would naturally report it to her!

"Kang Zhaoming's here?" Chu Mengyao was in the middle of training when she heard the disciple's report. She frowned. This Zhaoming was an old acquaintance, but after he got cocky, Mengyao didn't have much contact with him anymore. Why did he suddenly visit the Dark Palace? Could it be ... Because of Lin Yi?

She'd heard the rumors about Lin Yi in the ancient world as well-as the head of the Dark Palace, it'd be a lot easier for her to know these things than Tang Yun and Xiaoxiao!

Her personality was different from Tang Yun and Feng Xiaoxiao. She was born as a rich lady, and although she had never managed a company before, she had heard and seen it since she was young. She had a superior temperament, and this established her authority in the dark Palace.

As for Tang Yun, on one hand, it was her personality. On the other hand, she stayed here in exchange for Lin Yi's life. It was reasonable for the snow Valley to restrict her and prevent her from coming into contact with Lin Yi.

As for the Ice Palace, Xiaoxiao had a strong personality, similar to Yushu, but there was an even stronger sect master-Bing Tang. He looked down on Lin Yi from the start, and wanted to see how he'd solve the problem.

In fact, it was because of that small little wife that Rock Candy was struggling with. As Lin Yi got stronger, Rock Candy didn't know how to face Lin Yi anymore. Was he really going to be his small little wife? From Feng Xiaoxiao's Senior Sister to her little sister?

And so, Bing Tang sealed off all information about Lin Yi in the Ice Palace-she had as much control over the Ice Palace as Mengyao did, so naturally, Xiaoxiao wouldn't know about this.

However, even if Chu Mengyao heard the rumors and was a little worried, she still believed in Lin Yi in the depths of her heart. This kind of trust may have been formed after living with Lin Yi for a long time.

As far as Chu Mengyao was concerned, no matter how difficult or dangerous it was, Lin Yi could solve it in the end! No matter what kind of trouble Chu Mengyao met, no matter how strong the enemy was, Lin Yi would always be the first to protect her. Lin Yi was her guardian angel!

Out of her unconditional trust in Lin Yi, Chu Mengyao felt that Lin Yi wasn't hiding abroad. If he wanted to hide, wouldn't it be better to hide in West Star Mountain? With er goudan there, whoever came would die-did they even need to leave the country?

So, Lin Yi must have other things to do. The Miss always believed that Lin Yi was the strongest!

The Grand Elder walked in just as he was mulling over Zhaoming's intentions. She'd clearly received the report from her disciple and was here to discuss a strategy with Mengyao.

"Yaoyao, are you cultivating?" The Grand Elder asked with a pleasant look.

"No, Grand Elder, I just received a report from the guard. Kang Zhaoming from the sky elixir sect is here ..." Mengyao said.

"Yeah, that's why I'm here. Yaoyao, what do you think Kang Zhaoming's doing here?" The Grand Elder asked.

"I'm not sure, I wasn't that close to him before, but he and Lin Yi know each other ..." Mengyao said honestly.

The Grand Elder couldn't help but frown at the mention of Lin Yi's name. To be honest, the Grand Elder didn't think Lin Yi would win, especially with the recent news from the ancient level. It made the Grand Elder think that Lin Yi was just a pretentious guy who didn't have any real strength.

So now that she heard that this might be related to Lin Yi, she was a little pissed off, "Is it because Lin Yi's true strength was exposed that he's here to cause you trouble? After all, you used to be very close to Lin Yi! Yaoyao, why don't you tell him later that you've cut off all contact with Lin Yi? I told you that Lin Yi wasn't reliable-how could a freelancer have that much strength? Now that he's exposed, his enemies are probably going to take revenge on him ..."

However, the Grand Elder suddenly realized that Mengyao's face had darkened, and she had to stop talking. She wasn't afraid of Lin Yi, but she was afraid that Mengyao would be unhappy!

"Grand Elder, Lin Yi isn't like what the rumors say-he's very powerful, I hope you won't slander him in the future!" Mengyao said in a serious tone.

"It's fine, I'm doing this for your own good. Yaoyao, if Lin Yi's really that strong, why isn't he back yet? why is he hiding overseas?" The Grand Elder wasn't convinced-he didn't know what Lin Yi had done to Mengyao, but she was still siding with Lin Yi at a time like this.

"Lin Yi has his own things to do-he doesn't need to tell anyone where he's going, right? What other people say is their business!" Mengyao explained.

"Alright, let's go see Kang Zhaoming and see what he's here for!" The Grand Elder didn't want her relationship with Mengyao to be affected by a freelancer like Lin Yi, and so she didn't mention him anymore. To be honest, she didn't think much of Lin Yi.

Mengyao knew that the Grand Elder didn't like Lin Yi, but there was nothing she could do. She couldn't control someone else's heart. Although the Grand Elder approved of some of her orders, that was under the condition that it didn't do any harm to the Dark Palace. Mengyao believed that if she really did anything to harm the Dark Palace, the Grand Elder would be the first to jump out and oppose her!

Chapter 3304 Rejecting The Marriage Proposal

Mengyao had a good grasp of the Grand elder's temper, and so she'd been trying to maintain the balance between the two of them, not touching the Grand elder's bottom line. The Grand Elder wanted to use Mengyao to revitalize the Dark Palace, so he wouldn't touch Mengyao's bottom line either.

The two walked into the living room of the Dark Palace. Kang Zhaoming and small one were invited into the living room as well. Kang Zhaoming was drinking tea calmly. He didn't even stand up to welcome the Grand Elder and Chu Mengyao!

Mengyao didn't react much when she saw Zhaoming, but her face changed when she saw small one beside him! Other people might not know small one, but she did. This was the person who had injured Lin Yi. Xinyan even had a picture of him in her phone, and she told Mengyao to be careful of him!

But, why was Kang Zhaoming with this guy? What was his relationship with Kang Zhaoming? One Kang Zhaoming from the sky elixir sect was already hard enough to deal with, and she didn't think that they'd bring someone this strong with them! Mengyao was starting to get a headache!

Small one and Lin Yi's enmity was deep, from the first clash with Han Jing to the second time with sun Jingyi, where Lin Yi stole small one's heaven-grade weapon. It wasn't an exaggeration to say that the two couldn't get along.

"Elder Kang, aren't you two putting on airs? You've come to my dark night Palace, and when you see Palace Master Chu and me, you don't even get up to welcome us? Our Dark Palace doesn't welcome rude guests like you!" Kang Zhaoming and small one's actions made the Grand Elder extremely angry. This was a slap to the face of the Dark Palace. The Grand Elder cared about the reputation of the Dark Palace the most, and these two's actions had crossed the line!

You can insult the Grand Elder or the disciples of the dark night Palace, but you can't insult the rules of the dark night Palace!

"Is that so? Why didn't I feel that way? please sit down, you two!" Zhaoming didn't seem to understand the Grand elder's words as he pointed at the seat not far away.

"You guys ..." The Grand Elder hmphe coldly, displaying his Sky Class late phase peak strength! As far as the Grand Elder was concerned, Zhaoming was just a Sky Class early phase refiner-he didn't have much strength. She'd just scare him a little and let him know that this was the Dark Palace, not the sky elixir sect!

"Hmph!" Little one hmphe coldly as well, suddenly displaying his Sky Class late phase peak strength. The elder was shocked as he looked at the follower beside Zhaoming in disbelief!

"You ..." The Grand Elder was shocked. She didn't think that Zhaoming's follower would be this strong. One had to know that in the entire ancient world, the number of Sky Class late phase peak Masters were countable. This person ... Who was he?

When little one saw the Supreme elder's shocked expression, he smiled smugly. This was exactly the effect he wanted! We have the right to be arrogant here!

Zhaoming was feeling great too-having a bodyguard like this was great! He was overjoyed to see the elder's face."Grand Elder, who are you trying to scare?"

"It's little one, right? shouldn't you also take out your heaven-grade divine weapon to show off?" Chu Mengyao wasn't afraid at all, she only looked at small one coldly. The reason she dared to talk to small one like that was because of her special status. She was the metal element inheritor, and if small one dared to hurt her, it would be the same as going against the entire ancient sect!

Furthermore, Chu Mengyao knew more inside information. She already knew from Lin Yi that the inheritor plan and the sky Class Island Plan were led by ancestor xuanchen. Since that was the case, as ancestor xuanchen's disciple, it was even more impossible for Xiao Yi to hurt Chu Mengyao. If that happened, he wouldn't be able to report back!

That was why Chu Mengyao was so proud and dared to mock him!

As expected, small one's face froze and reddened. His heaven-grade weapon was taken away by Lin Yi, and he still hadn't returned it. It was a pain in his heart, and Mengyao said it out loud. He couldn't keep his face,"Alright, Junior Brother Kang, let's get down to business!"

"Five elements sect, the eldest disciple of patriarch xuanchen." Mengyao said to the Grand Elder, directly pointing out small one's identity.

The Grand elder's expression changed slightly after hearing this. He could not help but frown. "The people of the five elements sect? What are you doing here?"

"It's nothing, I just came to accompany Junior Brother Kang!" Little one pointed at Zhaoming.

"Kang Zhaoming? Aren't you an elder of the sky elixir sect? When did you become patriarch xuanchen's disciple?" Mengyao asked.

"Haha, not only am I patriarch xuanchen's disciple, but I'm also his son-in-law!" Zhaoming laughed. "Alright, let's not talk about this anymore. Palace Master Chu Mengyao, I'm here on behalf of the sky elixir sect's young master, the heavenly silkworm transformation. I want to propose a marriage!"

"Marriage proposal? What marriage proposal?" Mengyao blinked.

"Our young master Tian has taken a fancy to Miss Chu and is prepared to take her as his concubine. How about it, Miss Chu? if you don't have any objections, let's settle this matter. You're now young master Tian's man!" Zhaoming said, as if the sky elixir sect was the only one who said it.

"Kang Zhaoming, what do you mean? Are you crazy?" Mengyao's face darkened, her eyes turning cold. This Kang Zhaoming was up to no good, coming here to cause trouble! Marry the heavenly silkworm transformation? Didn't he know that she liked Lin Yi?

But thinking about it, he knew about it. He only came here because he saw that Lin Yi's strength couldn't make it anymore.

"Elder Kang, please go back. Your sky elixir sect is too big for us, the Dark Palace!" The Grand Elder didn't like the sky elixir sect very much. Although it was ye Wan 'er who broke off the engagement first, the sky elixir sect had been secretly suppressing the Dark Palace all these years. The Grand Elder had long hated the sky elixir sect, so how could he let Chu Mengyao marry them?

Besides, the Grand Elder had wanted ye Wan 'er to marry into the Tian Ji planet of the heavenly elixir sect, the Father of the heavenly silkworm transformation, because the Dark Phoenix bloodline in ye Wan 'er's body wasn't very pure, and the chances of her receiving the inheritance were low. After she was married into the Tian Ji planet, the heavenly elixir sect could use a secret technique to stimulate the greatest potential of the Dark Phoenix bloodline in ye Wan 'er's body, and then keep it in their daughter's body!

Chapter 3305 The Supreme Elder's Decision

It could be said that the Grand Elder was doing this to cultivate a successor for the Dark Palace, but now that the Dark Palace already had a successor, they could have a place in the future Sky Class Island Plan. They had the right to speak, and there was no need to marry anyone.

As such, the Grand Elder directly refused.

"Supreme elder, you'd better think it through before you speak. It's Miss Chu's good fortune to be chosen by our young master Tian. Could it be that your Dark Palace wants to make an enemy out of our sky elixir sect?" Zhaoming felt a bit embarrassed when the Grand Elder rejected him. He'd guessed that the Grand Elder would probably reject him, but he'd still had a sliver of hope in his heart-it was completely destroyed!

"Small one, right? The matters of our Dark Palace were all decided by that Mr. Yang. If you think that you can go against Mr. Yang, then do as you please!" The Grand Elder turned to small one and said slowly.

"Mr. Yang?" Little one was stunned.

"Mr. Yang is one of the two Vajra demons. If you don't know, you can go back and ask your master, patriarch xuanchen. He will definitely know." "Back then, why didn't Mr. Yang kill him?" the Grand Elder asked.

"You ..." Small one had naturally heard of the Vajra duo demons 'reputation. Although the Vajra duo demons did not find the five-elements sect back then, the news had still spread, causing everyone in the five-elements sect to feel insecure. Now that the Grand Elder suddenly mentioned it, small one was shocked!

This dark night Palace was actually related to the dual fiends of Vajra? Is that true? Could this old woman be trying to scare him? How come I've never heard of it before? This old woman must be scaring people! The dual fiends of Vajra had disappeared for so many years, how could they have anything to do with the Dark Palace? If they were related, would the Dark Palace be in such a miserable state?

"Hehe, elder Kang. If you don't believe me, you can go back and ask your ninth elder. He was also an insider back then. Oh, but a few of them were taken away by the dual fiends of Vajra realm. He should have been promoted now, and his position is definitely above yours." The Grand Elder said indifferently.

"Ahem ... Let's not talk about this. I'm here to deliver a message. The decision will be made by the Dark Palace, we won't interfere!" Zhaoming had heard of the dual fiends of the Vajra before, but he'd never experienced it himself. He wasn't too afraid of these two legendary figures, and he didn't want small one and the Grand Elder to continue fighting."You guys should consider it!"

"There's no need to think about it. The Dark Palace will not agree to it. Please go back!" The Grand Elder directly refused.

"Hehe, actually, we have good intentions. If Grand Elder doesn't agree, then just pretend I didn't say anything." Kang Zhaoming shrugged his shoulders and said helplessly.

"Good intentions? This is good intentions?" Mengyao asked coldly.

"Didn't we, the sky elixir sect, think that the Dark Palace was weak and didn't have any backing? If Miss Chu marries our young master Tian, then our two sects will be in-laws. In the future, if anything happens to the Dark Palace, our sky elixir sect will also help. " Zhaoming said.

"No need." "What else do you have to say?" the Grand Elder interrupted.

"Haha, it's fine if you don't need it. I know that Miss Chu has Lin Yi as your backing, but Lin Yi ... Tsk tsk, I wonder if Miss Chu has heard about Lin Yi's recent situation? I'm afraid that this backer is unreliable!" Kang Zhaoming shook his head and sighed, "the ancient plane hasn't been very peaceful recently. Right, Grand Elder, you said that the black White double demons or whatever, they've been gone for too long and can't control the ancient plane anymore. Recently, there's a group of people robbing people in the ancient plane, you guys have to be careful. If you have any problems, ask Lin Yi for help. Our heavenly elixir sect can't help you!"

"Kang Zhaoming, what do you mean? If you have something to say, then say it. What do you mean by a group of robbers?" Mengyao frowned. Zhaoming's words were unclear, and she couldn't understand.

"Nothing, I just heard that there's been a group of people robbing the weaker ancient sects recently, so you guys should be careful!" Kang Zhaoming didn't stay any longer after he finished speaking. He stood up and prepared to leave, "Alright, that's all I have to say. You guys can think about it!"

"Elder Kang, are you trying to scare us?" The Supreme elder, on the other hand, had never heard of any groups trying to Rob an ancient sect. He thought that Zhaoming was trying to scare the palace because he didn't get what he wanted.

"Hehe, it's up to you to believe me or not. I've already said it anyway." Zhaoming shook his head and left the living room with small one.

The Grand Elder didn't stop him. If Zhaoming didn't want to tell her, there was no point in forcing him. The Grand Elder was strong, but she couldn't force Zhaoming to stay. That would be going against the heavenly elixir sect, and the Grand Elder didn't want the Dark Palace to be dragged into this.

"Yaoyao, what do you think this Kang Zhaoming is trying to do? Is he really here to propose?" The Grand Elder felt that Zhaoming's goal wasn't that simple. He had some other intentions.

"I don't know, but ... Should I contact Lin Yi and see if he can come over? we can talk about it. He knows Kang Zhaoming better than I do!" Mengyao suggested. She'd been missing Lin Yi a lot, but she didn't have the chance to go back, and Lin Yi was busy. She wanted to use this as an excuse to get him to come.

"Lin Yi?" The Grand Elder frowned, "Yaoyao, it's not that I want to criticize you, but Lin Yi's just a freelancer. Now that his strength has been exposed, why are you still in contact with him?" A nobody like him doesn't deserve you at all. Not only that, he might even bring trouble to our Dark Palace! He's

already Kang Zhaoming's enemy, and now that he's here, it's obvious that we're going against Kang Zhaoming. Wouldn't we be offending the sky elixir sect?"

The Grand Elder didn't want to have a marriage alliance with the sky elixir sect, but she didn't want to fall out with them either. Of course, she didn't like Lin Yi at all-she didn't think there was anything good about him, and she didn't want Mengyao to repeat what happened to ye Wan 'er back then, doing anything with him!

"Grand Elder, what do you mean by this? Didn't you say that you wouldn't interfere in my personal affairs? Plus, Lin Yi's really strong, do you believe in me or Kang Zhaoming?" Mengyao wasn't pleased-the Grand Elder was looking down on Lin Yi, and that made her very uncomfortable!

Chapter 3306 Forming A Team To Rob

"Whatever, whatever you want ..." The Grand Elder sighed. She felt that something was wrong with today's events. The sky elixir sect had come early for no reason, without any warning, and after being rejected by her, they just left. This was really strange.

Although Chu Mengyao had established her reputation in the dark Palace, she still wasn't good enough when it came to the ancient world. The Grand Elder wanted to think about what the sky elixir sect wanted to do in peace!

However, the Grand Elder was destined to be disappointed. She never would've thought that the sky elixir sect would go in such a big circle, not for the dark night Palace, but for Lin Yi! But this conclusion, Grand Elder absolutely could not have thought of it.

Zhaoming and small one went straight back to the five elements sect after leaving the Dark Palace. The rejection was within their expectations, and Zhaoming called the xuanchen ancestor in the car.

"Father-in-law, we've left the Dark Palace. As expected, the Grand Elder didn't know how to appreciate my kindness and rejected my proposal." "But, I went straight to plan two and told her that the ancient level hasn't been peaceful recently!" Zhaoming said.

"Alright, I understand. Leave the rest to me." Patriarch xuanchen pondered for a moment, nodded, and hung up the phone. Then, he directly said to the door, ""Waiter, come in for a moment."

This waiter was naturally ancestor xuanchen's second disciple. He was little one's junior Brother and a Sky Class late phase peak full master. Although it hadn't been as long since little one entered full cultivation, he was still a top master in the five elements sect!

In the five elements sect, there were five Sky Class late phase peak Masters-other than the crippled Xuan Tian master, boss Bai, there were still Xuan Zhen, Xiao Yi, and Xiao er.

"Master!" The waiter cupped his fists and walked in respectfully.

"How about this? in a while, you inform little three, little four, and little five to come and find me together. I have something to tell them to do!" Patriarch xuanchen said to the waiter.

"Alright, master, I'll go find them now!" The waiter quickly nodded.

The gang that recently appeared and robbed at the ancient level did not exist at all. It was no wonder that the Grand Elder had not heard of it, as patriarch xuanchen had not been established yet!

Since the dark night Palace had rejected the marriage, patriarch xuanchen had to carry out the next step of his plan, which was to find someone to cause trouble for the dark night Palace! In that case, either the Grand Elder forced Mengyao to marry the sky elixir sect to seek protection, and she'd have to ask Lin Yi for help to fight back, or she'd have to ask Lin Yi for help. No matter what, Lin Yi couldn't hide anymore and had to show up-there wouldn't be any accidents.

Therefore, ancestor xuanchen sent his disciples to cause trouble for the Dark Palace. This time, he sent three Sky Class late phase peak Masters in one go, aiming to make the Dark Palace give in and pressure them.

As for why they didn't send Xiao' er, who was Sky Class late phase peak, it was because it'd be too fake if he did-how many Sky Class late phase peak Masters were there in the ancient world? If he sent the waiter, even though the waiter had never publicly appeared in the ancient world, the Grand Elder would definitely not suspect the five elements sect, but boss Bai would definitely be able to!

Other than the Sky Class late phase peak Masters, this master could only be from the five elements sect! This wasn't the result that the xuanchen ancestor wanted. After all, in his plan, if no other forces came to find trouble with Lin Yi after he appeared, he would let his disciple's group kill Lin Yi. It had nothing to do with him anyway, and boss Bai wouldn't be able to find any evidence even if he suspected him!

There weren't many Sky Class late phase peak Masters, but there were a few Sky Class late phase peak Masters-almost every ancient sect had them, and even the practitioners had them. Who would know who was the one doing this?

Little three, little four, and little five arrived before patriarch xuanchen very quickly. The three of them bowed very respectfully and said, ""Greetings, master!"

"En, very good. You guys are here? I'm going to ask you to do something. How about it? you must do it well, do you hear me?" Patriarch xuanchen's dignified voice made the three of them turn solemn.

"Don't worry, master, we'll definitely work hard!" The three of them quickly said.

"Alright, here's the thing. You guys bring a few junior brothers. They don't have to be too powerful, just heaven class will do. Then, they'll put on a show for me ..." As ancestor xuanchen spoke, he told his three disciples his plan.

In fact, the three Sky Class late phase peak Masters were just there to intimidate the Dark Palace and give them pressure. They only wanted to draw Lin Yi out, not really destroy the Dark Palace. So it didn't matter if there were no sky Class late phase peak Masters.

These people were enough to intimidate them-after all, the great elder was a Sky Class late phase peak, and there was no way he could go against three Sky Class late phase peak Masters.

"We understand, master. I will definitely do a good job on this matter." After little San and the others heard this, they felt that this matter was not difficult. Wasn't it just to intimidate? At that time, he just had to kill a few disciples or work together to injure the Grand Elder. It was not a difficult thing!

It might not be easy for the three of them to kill the great elder together. After all, the great elder had fought to the death before he died. They might suffer heavy losses, but it was still possible to injure and threaten him.

"En, but there's one thing you need to be careful of-the three old ancestors of yellow spring sect. If they come to help, you need to retreat. Even a Sky Class late phase peak wouldn't be able to kill you in an instant, so you'll definitely be able to escape." Patriarch xuanchen reminded.

The only uncertain factor now was the blood-clothed yellow spring sect. He didn't know if the three old ancestors of this sect were still on Lin Yi's side. He didn't know if they would meddle in Mengyao's business. The possibility wasn't high, but he still had to be careful.

"We understand. With Xiaowu's golden finger, we can see clearly what the other party's strength is. As long as there are consummate level experts, we will retreat immediately!" Little San said immediately.

In fact, Xiaowu was not a cheat. It was just that he cultivated a special martial art technique!

Chapter 3307 Here Comes The Robber

This was an auxiliary martial skill that could directly distinguish the strength level of the other side's cultivator. Even if the other side didn't use the mantra, it could also be seen. This martial skill was actually of little value. One could use the other side's strength level to raise one's own martial skill to the same level as the other side's strength level to attack!

It was a heaven-defying practitioner's art that borrowed strength to counter strength, but now that Xiaowu was a Sky Class late phase Peak Master, she could only use Sky Class late phase peak martial skills. Unless she met a master in the great circle stage, she wouldn't need to use this at all.

Of course, before he had his current strength, his auxiliary martial skill was still quite useful. He used to be a very powerful cultivator. When he was in the earth-class, he could also exchange a blow with a high-level cultivator and escape. But now, there was nothing special about it.

"That's good. " Patriarch xuanchen nodded. This was also the reason why he was at ease letting his three disciples take action. Once an expert appeared, Xiaowu would definitely detect it, and the three of them would definitely not be at a disadvantage.

After all, there were risks involved in the robbery. If the blood-clad yellow spring sect killed him out of justice, patriarch xuanchen would have nothing to say. No matter how powerful he was, he could not simply admit that he was related to the robbery gang. Otherwise, boss Bai would definitely make a big deal out of it.

"Then, shall we pack up and go to the Dark Palace tomorrow?" Little three asked.

"En, you guys go ahead!" "Remember," ancestor xuanchen said."You can't kill the Grand Elder of the dark night Palace. Kill the other disciples as you wish. Kill one as an example to the others. Your goal is to lure Lin Yi out!"

"Alright, master, but what if Lin Yi comes?" Little three continued to ask.

"When Lin Yi comes, spread the word and let his enemies kill him. Of course, if no one else wants to help, you guys can kill him too. We'll see what happens!" Patriarch xuanchen instructed.

"No problem," he said. Little San nodded in agreement!

The Grand Elder sent Kang Zhaoming away, but still couldn't figure out what their goal was. Of course, she didn't know that the Dark Palace was about to face a great disaster, and she would be skinned alive if she didn't die!

She was at the critical moment of breaking through to Sky Class late phase peak-if she was injured, then the Sky Class Island Plan wouldn't have anything to do with her anymore.

However, all of this had already been decided by patriarch xuanchen in a few words. Even the Grand Elder could not change anything, so what if she thought of it? He didn't expect it, but what could he do?

The next morning, a dozen uninvited guests arrived at the palace. The three leaders were the strongest, Sky Class late phase peak, while the rest of the group had Sky Class late phase to Earth Class late phase peak, though most of them were only sky Class early phase.

"Boom! Boom! Boom! Boom! Boom! Boom!"

Little three, little four, little five and the rest smashed the stone phoenix statue at the entrance of the Palace of Darkness into pieces, sending sand and stones flying everywhere!

This stone Phoenix was made of hard ironstone. This hard ironstone was one of the raw materials used to make heaven grade divine weapons. It was incomparably hard, different from the stones of the secular world. Its hardness was comparable to diamond, but it had been shattered by little san's group. One could only imagine their strength!

The gate-keeping disciple was scared silly by this sudden change. He saw a group of masked Men in Black coming to the mountain Gate and was about to ask them what they were doing. He didn't expect them to attack without saying a word and break the stone Phoenix representing the Dark Palace. What exactly did they want to do?

"You ... You ... You guys ..." The guard was so scared he couldn't speak. He looked at the people in front of him in shock. When little three, little four, and little five broke the stone Phoenix, they already showed their strength-Sky Class late phase peak. Three Sky Class late phase peak Masters suddenly appeared here, and they didn't come with good intentions. How could the guard be at ease?

"It's a gang robbery! Call the person in charge of the Dark Palace out!" Little San looked at the gate-keeping disciple arrogantly and coldly, snorting, "Hurry up, I'll give you ten minutes. If you don't show up in ten minutes, we'll force our way in!"

"Don't ... Don't ... I'll go and report it now. Seniors, please wait a moment ..." Although the gate-guarding disciple was very aggrieved that this group of thieves called him 'senior', he had no choice but to bow his head now that they were so powerful!

"Hmph! Aren't you going to hurry?" Little San coldly snorted.

The disciple ran off to report to the Grand Elder and Chu Mengyao, and the Grand Elder was furious when he found out that a group of thieves had appeared outside the palace and destroyed the stone Phoenix totem!

"Who is it? how dare you come to our Dark Palace and cause trouble? do you want to die?" After the Grand Elder heard this, he went to find these people to ask for an explanation.

However, the closing disciple jumped in shock and quickly waved his hand, saying, ""Grand Elder, don't be rash-the three leaders of the group revealed their strength when they broke the stone Phoenix-they're Sky Class late phase peak ..."

"What? Three ... Sky Class late phase peak?" The Grand Elder was stunned. His originally angry face immediately became calm and frighteningly gloomy! The Grand Elder thought that they were just a bunch of thieves who didn't want to live anymore-no matter how strong they were, they wouldn't be able to move a Sky Class late phase peak like her!

But now, the Grand Elder felt that something was wrong-what did three Sky Class late phase peak mean? It was possible for the three of them to join forces and kill him!

"Did you inform Yaoyao?" The Supreme elder took a deep breath and reminded herself to stay calm. She had to stay calm. Today's matter was not ordinary. She had to deal with it carefully. Otherwise, the consequences would be unimaginable.

"I've already sent someone to inform her. Palace Master Chu should know by now ..." The disciple was speaking when he saw Chu Mengyao walk in with a serious face!

"Grand Elder!" Mengyao said as she walked in.

The Grand Elder waved her hand and said, "Yaoyao, come with me. Let's go out and take a look!" If it's a blessing, it's not a disaster, and if it's a disaster, it can't be avoided. These people didn't force their way in, they just want to see the people in charge of the Dark Palace. Perhaps, there's still room for negotiation!"

"Alright!" Mengyao said with a nod.

Chapter 3308 Unable To Escape

After receiving the Dark Phoenix's inheritance, although her strength had increased by leaps and bounds, she was still only at the early stage of the earth Class. However, as the palace Master of the Dark Palace, she had to take responsibility and show her face!

Chu Mengyao and the Grand Elder quickly arrived at the gate of the Palace of Darkness. At this time, little three and the others were getting impatient. Little three jumped up and slapped at the huge plaque with three words "Palace of Darkness" on it!

"Stop!" At this time, Chu Mengyao and the Grand Elder arrived just in time. Seeing the little three attack, the Grand elder's heart skipped a beat. He jumped up and attacked the little three!

"Bang!"

The two people's palms touched each other and then separated quickly. The two were just testing each other, not fighting head on, but even so, the Supreme elder was still extremely shocked-this little San in front of her was Sky Class late phase peak, not simple at all!

If they fought head-on, the Grand Elder had no confidence in killing the person in front of her. Instead, she would be seriously injured! This discovery made her a little depressed. Where did these people come from?

"I am the Grand Elder of the Dark Palace. May I ask where all the heroes have come from, and why have you come to our Dark Palace?" After the Grand Elder landed, she cupped her fists and asked. Although she was very angry at these people's evil deeds, the Grand Elder didn't dare to get angry because of the situation. Getting angry was equivalent to courting death.

"We want to establish a sect, but we lack some resources at the moment. We're here to ask for some from your Dark Palace. I wonder if this Grand Elder will agree, agree, or agree?" Little San laughed and asked.

"I wonder what the heroes want?" The Grand Elder asked helplessly. Establish a sect? Do you need some resources? Wasn't that robbery? He could have just said that it was a robbery, but he had to come up with so many reasons and excuses.

However, even though the Grand Elder knew this, he could only ask patiently. The cultivation world was different from the secular world. There was no place to reason with this robbery. The weak were prey to the strong. The Dark Palace was weak, so these people naturally came to bully the Dark Palace.

"What do you want? Didn't I just say it? We brothers want to establish a sect, but we lack some resources at the moment!" Little three said.

"What kind of resources do you want?" The Grand Elder asked.

"I need some cultivation resources to establish a sect, right? Whatever heavenly treasures, we must have them!" Little three said.

"You mean, we're going to give you heavenly treasures?" The Grand Elder had already guessed something. These cultivators weren't here for money. If they wanted money, they wouldn't come to ancient sects, they could just go to the secular world and Rob a consortium! They had come to the ancient sect for the cultivation resources.

"That's right. Give us whatever you have in the dark Palace!" Little San nodded and said.

"You want all of them?" The Grand elder's expression changed. He didn't expect these people to have such a big appetite. They actually wanted all the cultivation resources of the Dark Palace. Wasn't this the same as taking the Dark Palace's life?

"Hehe, of course. But don't worry, it's not over yet!" Little San waved his hand and continued, "We still need a place to establish our sect. I think the location of the Dark Palace is not bad. It will belong to us in the future. You can move away!"

"Don't even think about it!" The Grand Elder trembled in anger at little san's words: "You're going too far, you're going too far! Don't you know that your actions have already broken the rules of cultivation in the ancient level?"

"Destroy? Hahahaha, old woman, are you out of your mind? You're talking about ancient rules with us robbers? Are you crazy?" The mistress laughed out loud. "If you have the ability, then show it. If you don't, then bear with it. I'll give you a few days to think about it. When we come here again in a few days, we'll take over the Dark Palace. At that time, don't blame us for not giving you face!"

"Delusional! There's no need to wait, I can tell you clearly that this is the origin of our Dark Palace, and we will definitely not give it to you. This is the honor of the Dark Palace, and we will not allow you to taint it! As for the cultivation resources you want, I can give you some. I hope you can leave after you get them. Don't be too cruel!" The Grand Elder said firmly.

The Grand Elder would never give up the territory of the Dark Palace. This was the honor of the Dark Palace, and she would defend it with her life! She would not allow the Dark Palace to be destroyed in her hands. The place of origin passed down by her ancestors must not be lost!

The Grand Elder could give up a part of the cultivation resources and bear the humiliation of insults and mockery. However, if someone wanted to do something that would harm the foundation of the Dark Palace, he would never allow it. He would rather die than do it!

It had to be said that although the Grand Elder was a snobbish person, she was sincere to the Dark Palace. As long as it was good for the Dark Palace, she would do anything without dignity. However, if it was not good for the Dark Palace, she would not kill her!

"Old thing, I think you're just refusing a toast only to drink a forfeit!" Little three had been waiting for Grand Elder to say this, and he was going to establish his might! Little three sneered and said to little four and little five, ""2nd brother, 3rd brother, let's teach this old hag a lesson!"

"Alright!" Little four and little five responded and the three of them surrounded the Grand Elder!

The Grand elder's heart trembled. He didn't expect that these three people would attack just like that. They didn't even care about the ancient rules! However, at this time, no matter what, she had to bite the bullet and press on. She couldn't let go. Once she let go and lost the birthplace of the Dark Palace, she would be a sinner of the Dark Palace for thousands of years. In the underworld, she wouldn't have the face to face the ancestors of the Dark Palace!

Mengyao was extremely worried, but there was nothing she could do. She was weak, Earth Class early phase-she had no advantage against these people. She could only be worried, but couldn't help at all!

Moreover, if she went to help, she might even be of more help. After all, the Grand Elder still had to take care of her, and she couldn't focus on dealing with the enemy.

However, the result was obvious-not to mention that the great elder was just a normal Sky Class late phase peak, even a Top Sky Class late phase peak wouldn't be able to escape from three Sky Class Masters of the same level!

Chapter 3309 The Grand Elder's Decision

The three of them attacked at the same time, but the Supreme elder received the attack alone. One could imagine how miserable it would be. The power of the Supreme elder's attack was resolved by the three of them, but the attack power of the three people was added to the Supreme elder at the same time!

Three different directions and different moves were launched at the Supreme elder, which overwhelmed him. The three attacks hit the Supreme elder at the same time, causing him to spit out a mouthful of blood and fall heavily to the ground. He had suffered extremely serious internal injuries!

"You overconfident old thing. I'll give you a few days to think about it. Otherwise, it won't be so simple next time. If you don't give up the Dark Palace, the next time will be the death of everyone in the dark Palace!" Little three looked at the Grand Elder lying on the ground, a flash of ruthlessness in his eyes.

"You ... Who are you? Did Kang Zhaoming send you here?" Mengyao was worried about the Grand elder's safety, but this wasn't the time to care about him. She needed to figure out who these people were!

The Grand Elder was harsh and unreasonable at times, but Mengyao could tell that he was loyal to the Dark Palace. She was very worried.

She'd thought of something before-Zhaoming had said something before he left yesterday, saying that the ancient level wasn't peaceful these days because of a robbery gang, and these people came the next day. Was there really such a coincidence in the world?

These people ... Chu Mengyao felt that they had something to do with Kang Zhaoming.

The mistress froze-she didn't think that Mengyao would be so smart to guess their identity! This was the most fatal thing. Patriarch xuanchen's purpose of making them cover their faces was to avoid people's eyes and ears. He did not want them to show their true faces!

However, Chu Mengyao actually guessed it. However, little three couldn't do anything to Chu Mengyao. He could attack the Grand Elder and the other members of the Dark Palace, but he couldn't do anything to Chu Mengyao. She was the metal element inheritor of the Dark Palace and played a vital role in ancestor xuanchen's future plan for the Sky Class Island. If he injured Chu Mengyao, he would have to bear the consequences when he returned.

Thinking of this, little San had an idea and snorted: "Oh? You actually know about it?"

"You guys ... Were really sent by Kang Zhaoming?" Mengyao was just suspicious, but she didn't expect her little brother to admit it. Her face darkened, "So you're saying that you're deliberately looking for trouble over that matter?"

"So you're from the sky elixir sect?" Even though the Grand Elder was seriously injured, hearing little san's words at this time, he was immediately very angry: "Sky elixir sect, are you going to break the ancient rules?"

"What do you mean?" Little San pretended to be puzzled and said, ""We wanted to Rob the sky elixir sect-we heard that they were the richest sect in the ancient world, and that they were probably all alchemists with no real strength, but we didn't expect them to be so tough. Damn it, there were so many masters, and even a great circle master! We didn't get anything out of it! If it wasn't for that elder

Kang Zhaoming telling us that your Dark Palace was the weakest and easy to bully, we wouldn't have come here!"

"It's still related to Kang Zhaoming after all!" Mengyao gritted her teeth in anger. These people weren't sent by Kang Zhaoming, but they were definitely related to him! This Kang Zhaoming didn't get to propose yesterday, and now he's been up to no good, bringing this bunch of people here!

Or rather, this group of people didn't just arrive yesterday-Zhaoming had told them about it before, but Zhaoming came before they arrived. How else would they have known that the ancient level wasn't peaceful?

"Little girl, don't bother with that Kang Zhaoming. You're the palace Master here, right? I'll give you a chance to think about it, and we'll come back in a few days!" "Let's retreat for now!" Little San said with a wave of his hand.

After saying that, little San led the people down the mountain. The younger brothers behind him left together without even having the chance to attack. They were only here to cheer for him. If little San had not injured the Grand Elder, these people might have attacked together and killed a few disciples of the Dark Palace to establish their might. But now, there was no need for that. Their goal had been achieved.

"Grand Elder, are you alright?" Mengyao waited for them to leave before walking over and helping the Grand Elder up.

"You're going too far!" The Supreme elder's face was filled with anger and unwillingness, but there was also a deep sense of helplessness! Although this group of robbers was arrogant, they were extremely powerful. The Grand Elder could not compete with them at all!

Now that she'd suffered a serious internal injury, all hope was lost-she knew her own body well, and she'd planned on breaking through to Sky Class late phase peak soon. If she did, not only would the Dark Palace's strength improve, she'd be able to participate in the Sky Class Island Plan, and if everything went well, she'd even be able to step into the sky path!

However, his ideal was good, but he did not expect such a thing to happen at this critical moment. This made the Grand elder's eyes filled with despair! 'It's over, it's all over. Let alone raising their strength, it's hard to say if the dark night Palace can even survive this time. As for the heavenly Dao, it's even more impossible. '

Chu Mengyao was silent. Kang Zhaoming's actions were indeed a little wrong, but Chu Mengyao knew the law of the jungle before she joined the Dark Palace. If it wasn't for Lin Yi's strength, Chu Mengyao would've been eaten without bones.

But now that something like this was happening to the Dark Palace, Mengyao wasn't happy at all."Grand Elder, what should we do? This group of people ..."

"Yaoyao, in order to protect the Dark Palace, we can only agree to the sky elixir sect's request. Marry their young master, the heavenly silkworm transformation, and you can ask for their protection!" Although the Grand Elder was somewhat unwilling to do this, she didn't think there was any other solution if they didn't do it now.

"Ah?" Mengyao blinked at the Grand elder's words, "No, I don't want to! This is impossible!"

"Yaoyao, I hate the sky elixir sect more than you do, but this is the only way to protect the Dark Palace. I'm no match for these people. The next time they come, it'll be the day the Dark Palace is destroyed!"

"You don't want the Dark Palace that your ancestors built to be destroyed, do you?" the Grand Elder said seriously.

Chapter 3310 Tip Off

"But, I wouldn't do something like that either. I ... I like Lin Yi, I wouldn't betray him." Mengyao shook her head, determined. "Grand Elder, I'll talk to Lin Yi about this. I'm sure he'll have a way to solve this!"

"Lin Yi? Hmph, Yaoyao, don't be stupid. Lin Yi's just a freelancer, how could he have a plan? His true strength had already been exposed, so how could he be a match for these people? You have to know that there are at least three Sky Class late phase peak Masters among them-in this ancient level, who else could suppress them other than the sky elixir sect?" The Grand Elder said disdainfully after hearing Mengyao's words. She'd never even considered Lin Yi.

"No, Lin Yi will find a way!" Although Chu Mengyao said this, her heart was beating like a drum. She had been with Lin Yi for the longest time. Chu Mengyao knew Lin Yi's strength.

Although Lin Yi could kill Masters above his level in seconds, he had a weak phase too. Chu Mengyao also understood how many high level Masters died. Now that there were three Sky Class late phase peak Masters, at least three of them, could Lin Yi really handle it?

"Yaoyao, it's settled then. I'll talk to the sky elixir sect and ask them to come and propose. If Lin Yi can't beat him, then our Dark Palace is done for!" The Grand Elder said firmly.

"Grand Elder, when I came to the Dark Palace, you said that you wouldn't interfere in my private affairs. If you insist on this decision, then I can only leave. Otherwise, I'd rather die than obey!" Mengyao replied firmly.

"You ..." The Grand Elder was dumbfounded. She knew what kind of person Chu Mengyao was. She was completely different from Ye Wan 'er. Ye Wan 'er was someone who would accept adversity, but Chu Mengyao knew how to fight back. With her personality, she might even fight to the death!

"But, Yaoyao, are you going to watch the Dark Palace get destroyed?" The Grand Elder sighed and asked.

"He won 't, Lin Yi will find a way!" Mengyao said firmly.

"Al!" The Grand Elder shook his head helplessly, "Yaoyao, help me back to my room to rest ... If you insist on this, then the heavens are going to destroy my Dark Palace! But you're an inheritor, so even if Kang Zhaoming is the son-in-law of the five elements sect, they won't make things too difficult for you. Yaoyao, promise me that one day, when you get to Sky Class Island and step into the heavenly path, you'll rebuild the Dark Palace ..."

"Grand Elder ..." Chu Mengyao didn't expect the Grand Elder to say something like this. She fell silent for a moment. Yes, the Grand Elder may have some shortcomings, but she was dedicated to the Dark Palace and that would never change. But ... How good would it be if she could trust Lin Yi?

"Alright, that's enough. Go find Lin Yi. When he's here, you'll know how weak a solo practitioner is!" The Grand Elder cut Mengyao off and slowly walked into the dark Palace with Mengyao's help!

The Grand Elder was heavily injured and went into isolation to recover. Perhaps she was completely disheartened and disappointed in Chu Mengyao. She was waiting for the end of the Dark Palace in her room.

Although Chu Mengyao didn't say anything, what happened at the entrance of the Dark Palace still spread to the entire Dark Palace. All the disciples were in a state of panic.

Mengyao couldn't help but frown at the situation, but she didn't explain anything. It was the reality that the Grand Elder was injured, and everything had to wait for Lin Yi to come. If Lin Yi decided the situation, it would be more effective than a thousand words from Mengyao!

"Go back and do your own things. The sky won't fall down yet." Mengyao said with a wave of her hand, telling the disciples to go back to their own business.

Chu Mengyao's authority in the dark Palace was second only to the Grand Elder, so her words were still very effective. These people all left and went back to their own business.

Chu Mengyao went back to her room and called Lin Yi. The incident just now was too sudden and there were a lot of disciples watching. Chu Mengyao didn't notice that Zhao Qibing, who was cleaning the toilet, had sneaked behind these disciples.

Although Mengyao and the Grand Elder didn't speak loudly, Zhao Qibing could still hear something. So, when Chu Mengyao called Lin Yi, he also called Kang Zhaoming's number.

"Elder Kang, I'm just a small soldier!" Qibing said.

"Oh, Qibing, what's up? Is there any news from the Dark Palace?" Kang Zhaoming asked.

"Yes, didn't you come to force me to marry you before? Today, a bunch of robbers came and injured the Grand Elder, but Chu Mengyao and the Grand Elder got into an argument. The Grand Elder wanted Chu Mengyao to marry into the sky elixir sect, but Chu Mengyao didn't agree and insisted on looking for Lin Yi. She might be calling Lin Yi now!" Kang Zhaoming whispered.

"Oh? Really? That's great!" Kang Zhaoming laughed happily, "I'm not afraid of her looking for me, I'm only afraid that she won't! Qibing, you've done well-don't worry, after this, you won't run away from your Deacon position. Not only that, if you get the recognition of ancestor xuanchen, my father-in-law, it won't be hard for you to become a master on the same level as Sky Class late phase peak!"

"Ah? Is that true?" Qibing was excited-he didn't think he'd have such a chance!

"That's right. You might not know this, but your father and elder Mian are highly valued here. They're currently secretly improving their strength. When the time comes, you might be able to enjoy such benefits!" The benefit Zhaoming was talking about was naturally the bio-human cultivation. It was a scam, but it turned into a great thing when he said it!

However, Zhao Qibing didn't know the inside story and thought that he was really valued because of his contribution. He said gratefully, "Don't worry, elder Kang. What do you want me to do next?"

"Next, pay attention to when Lin Yi will go to the Dark Palace. Once he goes, you have to call me immediately!" Kang Zhaoming ordered.

"Sure, no problem!" This was a piece of cake for Qibing, and he quickly nodded in agreement!

This time, Lin Yi returned to his villa in Donghai city with a low profile.
