

## Bodyguard 3311

### Chapter 3311 Chu Mengyao's Request

Lin Yi had a trump card now-he wasn't the Sky Class early phase peak that the overseas practitioner's Association was chasing after like a stray dog anymore. He was now a Sky Class middle phase, and with the essence Necklace, he should have the strength to kill Sky Class late phase peak!

After all, he was only sky Class early phase peak back then, and he was able to injure he tianzu, a Sky Class late phase peak, even without the essence Necklace. Now that he was stronger, and even had the necklace, he couldn't even take on a Sky Class late phase peak-he should just kill himself with a piece of tofu!

Perhaps, Lin Yi could even fight against a master at the full circle state! Of course, the prerequisite was that Lin Yi could use the eleventh form of the palm!

Although the five elements Eight Trigrams palm only had ten forms, the wild fire Fist had thirty forms! When the big fire Lion told Lin Yi this secret, Lin Yi was already very excited. If they continued to combine like this, in theory, he should be able to use the thirtieth form of the wild fire Eight Trigram palm. Then, its power would be invincible!

Lin Yi was only using the five elements Eight Trigram Palm's activation method, but the practitioner's Arts were all from the raging fire Fist. The activation method remained the same, and Lin Yi could combine more and more powerful moves by just changing the practitioner's Arts along the way.

However, these were all Lin Yi's conjectures. In fact, he didn't know if he could use more than ten forms. In theory, it was possible, but it didn't mean that it was possible in reality. After all, the five elements Eight Trigram palm had a limit of ten forms.

He opened the door and looked at the familiar yard, a sense of security surging up in his heart. Unknowingly, Lin Yi had already treated this place as his home, or rather, home was where Chu Mengyao and Shu were.

"Oh? Shield bro?" Chen Yushu was sleeping when she heard noises from the yard. She looked out the window and saw Lin Yi, Xu Shihan, and Cheng Yiyi coming back! Yushu had heard some of the ancient world's news-Mengyao would call her from time to time to ask about Lin Yi's situation, after all, and she'd blurted out her worries and rumors when she found out that Lin Yi wasn't in the country.

"Shu, it's late, why aren't you sleeping?" Lin Yi didn't expect Shu to come out, "how's it been?" Did anyone come to find trouble with you?"

"No, I didn't!" "Right, shield bro, is Yaoyao sis telling the truth?" Yushu shook her head. You were chased by the overseas cultivators Association when you were overseas?"

Lin Yi let out a breath of relief after hearing that there wasn't anything going on. It seemed that the people of the ancient level still had some rules, and didn't mess around. He didn't expect that even Shu knew about his matter, but it wasn't surprising that it was Chu Mengyao who told him.

"MHM, but it's all in the past now. Oh right, how's Yaoyao doing in the dark Palace?" Lin Yi was still worried about Mengyao-the Dark Palace was different from the Ice Palace, after all. The Grand Elder was obviously a snob, and while Mengyao had found a temporary balance, it'd be broken if the two didn't agree!

"She's fine, but she misses shield bro a lot. Why don't you give her a call, shield bro?" Yushu always liked to pester Lin Yi to tell her about his experiences when he came back, but today she made Lin Yi call Mengyao first-it was clear how important Mengyao was to her.

"Alright, I'll call her tomorrow morning. It's really late today." When Lin Yi got home, it was already midnight. He decided to call tomorrow, but to his surprise, his phone rang at this time!

Lin Yi froze as he looked at the caller ID. It was Chu Mengyao, and Lin Yi was puzzled. How did Chu Mengyao know that he was back? Did Shu tell him? No, Shu came out right after he came back-could it be Wang Xinyan?

But Xinyan wasn't as alert as Shu-she should be sleeping right now, or she'd come downstairs and call Mengyao!

"Hello, Yaoyao?" But no matter what, Lin Yi still picked up the phone first.

"Lin Yi, where are you? Have you returned?" Mengyao's voice was a little nervous and rushed. It was no wonder-if Lin Yi was still abroad, he wouldn't make it back in time.

"I just got home, and I'm talking to Shu in the yard. Why are you calling me now?" Lin Yi found it strange that Mengyao didn't know where he was. It seemed like no one told her.

"Lin Yi, something happened in the dark Palace ..." Mengyao didn't hide anything. From the time Zhaoming brought people to propose to her, to the time when three Sky Class late phase peak came to Rob the Dark Palace, she told Lin Yi everything.

Lin Yi couldn't help but frown when he heard Kang Zhaoming jump out again. He was furious. It seemed that this guy was still up to no good. After hearing the news from abroad, he finally couldn't help but jump out again to cause trouble!

The young master of the sky elixir sect was going to marry Chu Mengyao? At the very least, Lin Yi didn't believe it. After all, he'd already learned from Xiaobo and little peach that the heavenly silkworm transformation wasn't a bad person. Not to mention, it'd even helped him a few times. How could Lin Yi believe that it would do something like this?

It was probably the work of patriarch xuanchen and Zhaoming. However, Lin Yi was a little surprised that Kang Zhaoming married little eleven. Little peach only said that Kang Zhaoming abandoned him after he slept with him, but she didn't mention the identity of patriarch xuanchen and little eleven. So, now that she knew that Kang Zhaoming was the son-in-law of the patriarch xuanchen, Lin Yi was extremely shocked!

The two of them were actually together? They were all extremely bad people. What good could come out of them together?

However, Lin Yi smiled coldly. He was worried that he wouldn't have a chance to re-establish his power after he returned. Now that all the forces were ready to make a move, if Lin Yi didn't make a name for himself as fast as he could, it would be too late by the time his enemies United and came for him!

Lin Yi had a new trump card, but he couldn't fight against multiple Masters at the same time! And now, this group of robbers came to his door-it was time for Lin Yi to make his move!

Especially since this group of robbers didn't belong to any power in name. Even if Lin Yi killed one or two of them, it wouldn't make him a big enemy.

Chapter 3312 Heading To The Dark Palace

Of course, Lin Yi didn't believe that these people just appeared out of nowhere. As far as he was concerned, they had to be related to Zhaoming and the xuanchen ancestor.

It was just that it wasn't a bad thing to be able to spread Lin Yi's strength through these people's mouths. It was just three Sky Class late phase peak Masters ... If they attacked him at the same time, it would be hard for Lin Yi to deal with them. He had to find an opportunity to kill one of them instantly and intimidate the rest, making them back off!

Lin Yi didn't know if it would work, but he prayed that the necklace wouldn't fall apart!

"I know, I'll go to the Dark Palace tomorrow!" Lin Yi nodded. "Don't worry, Yaoyao. I said I'd protect you forever!"

"En!" Mengyao blushed-she'd probably be thinking, "who needs your protection forever?" But Mengyao understood her feelings now, and Lin Yi's words only made her happy.

"Rest early. I'll be there tomorrow morning." Lin Yi said.

"Alright, I'll wait for you!" Mengyao didn't know why, but Lin Yi's words put her at ease, as if the things that were about to happen tomorrow were nothing.

Lin Yi sounded relaxed, but he didn't want to waste any more time after hanging up. He turned to Yushu and the others. "Shu, take Han and Yiyi to rest, I need to prepare for tomorrow's trip to the Dark Palace!"

"Alright, shield bro." Chen Yushu was very clear when it came to right and wrong. She knew that Lin Yi had something urgent to do, so she didn't pester Lin Yi about the trip. Xu Shihan and Cheng Yiyi could explain it to him anyway.

Lin Yi didn't go straight back to his room, but went to the backyard instead. Lin Yi came here to try the eleventh style of the palm. Before, he only thought that he could use the eleventh style of the palm, but he didn't try it!

After all, theory was theory, and reality was reality. Logically speaking, Lin Yi should've been able to use the 10th style when he was Earth Class late phase peak and Sky Class early phase peak, but he couldn't- he only managed to use it when he was Sky Class early phase peak.

So Lin Yi had to try. If he could successfully activate the eleventh form of the palm, then he would have more confidence when he went to the Dark Palace tomorrow. By then, he wouldn't have to be afraid of anything. If it didn't work, then he could only leave it to fate!

He came to the familiar backyard of the villa, and general Weiwu, Skybolt pig, and little Feng all ran out and surrounded Lin Yi affectionately. These three spirit beasts had the best relationship with Lin Yi, so they were naturally happy that Lin Yi was back.

"Go play on the side, I don't have time to accompany you today." Lin Yi waved his hand, telling them to play by themselves. Lin Yi's mission tonight was the eleventh style of the raging fire Eight Trigram palm!

The three spirit beasts naturally understood Lin Yi's words. They were a little disappointed, but they still went to the side and didn't disturb Lin Yi.

Lin Yi calmed himself down and practiced the tenth style of the palm. He was forced to use it when he was fighting he tianzu overseas, but he could use it freely now. After using it, he could clearly feel that there was still a lot of pure Qi in his body. At least, he could use it again!

This probably wasn't just the benefit of strength-the most important thing was the essence Necklace. It didn't just increase attack and defense, it also increased stamina, so Lin Yi's stamina and Qi were a little more than before. It was reasonable, but this discovery made Lin Yi very excited. The tenth form of the palm could heavily injure Sky Class late phase peak, and if he used it twice tomorrow ... Injuring two Sky Class late phase peak Masters was enough to intimidate everyone.

However, if possible, using the eleventh form of the palm was the most important. After using the tenth form of the palm, Lin Yi didn't have enough energy left to use it again, but he had enough energy to use the ninth form or to escape.

Lin Yi sat cross-legged on the ground and started circulating the art of Dragon mastery. His stamina and Qi recovered quickly, and he realized that his recovery speed was also faster than before. This was probably because of the essence Necklace. This Essence Necklace was a good thing!

Very quickly, Lin Yi had recovered his strength and started to activate the eleventh form of the palm. However, the eleventh form was obviously not as easy as the tenth form. Lin Yi's first attempt ended in failure, but Lin Yi was not discouraged. The first few forms had also failed, but this time, Lin Yi could clearly feel that he was just a little bit off from activating it. If he continued to try, he would succeed.

Because of that one belief, Lin Yi spent the entire night trying to activate the eleventh style of the palm. Finally, at dawn, Lin Yi successfully activated it and was very familiar with it!

Lin Yi, on the other hand, had a rough idea of how the necklace increased his attack power-the probability was fifty percent, which meant that if Lin Yi failed the first time, he would succeed the next time!

And if he succeeded this time, then he wouldn't succeed the next time. In other words, this probability wasn't random, but a solid fifty percent. This discovery made Lin Yi very happy. Before leaving, Lin Yi activated the eleventh form of the wild fiery Eight Trigrams palm at home, and the next time, he could get the attack power of the eleventh form of the wild fiery Eight Trigrams palm!

After discovering this pattern, Lin Yi got on the purple lightning Beast at dawn and headed to the Dark Palace with confidence!

It was Lin Yi's first time in the dark Palace, but Mengyao had already given him the address. Lin Yi rode on the purple lightning Beast and headed towards the Dark Palace.

It was early in the morning, and the sky was still dark, so no one noticed Lin Yi and his beast.

Looking at the Dark Palace's majestic mountain Gate and the broken stone phoenix statue, Lin Yi sighed to himself. This Kang Zhaoming was too arrogant. Did he really think that he was a stray dog?

Chapter 3313 A Thousand Words

Lin Yi wouldn't believe it if the Dark Palace robbers had nothing to do with Zhaoming and the xuanchen-where did all these Sky Class late phase peak come from?

Lin Yi knew more about the xuanchen ancestor. These three people were probably brought here by the xuanchen ancestor. Setting up a sect was nonsense. The Dark Palace wasn't a place with abundant spiritual energy. If one didn't have the Dark Phoenix bloodline, cultivating here would only be ordinary.

Lin Yi went to look for other forests in the mountains and found that there was more spiritual energy there. Lin Yi believed that these bandits could Rob cultivation resources, but he didn't believe that they could Rob territory. Lin Yi didn't believe it.

However, did patriarch xuanchen and Zhaoming really just want to cause trouble for the Dark Palace? Or did he have some other purpose?

"You ... You ... What are you doing ..." Just as Lin Yi was standing in front of the gate, a disciple hiding in the dark came out, trembling. He looked at Lin Yi and asked timidly!

The disciple couldn't be blamed for being a coward-he was scared out of his wits after what happened yesterday, and Lin Yi came here riding a spirit beast today. No matter how he looked at it, he was so domineering that the disciple hid far away and only dared to come out and ask after seeing that Lin Yi wasn't making a fuss.

"Is Yaoyao in?" Lin Yi looked at the disciple and frowned. Wasn't he a little too timid? To be a gate-guarding disciple like this, there was really no one else in the dark Palace!

"Ah ... Yaoyao?" The disciple was stunned for a moment, but then he thought of something. ""You ... Are you looking for our Palace Master Chu?"

"Yes, is she here?" Lin Yi asked.

"You ... You can't be the young master of the sky elixir sect, the heavenly silkworm transformation, right?" The guard jumped in shock-Zhaoming had come to propose, and now that a young man with

such a domineering air was standing in front of them, the guard immediately thought of the heavenly silkworm transformation.

"What heavenly silkworm transformation?" Lin Yi blinked, not sure if he should laugh or cry. Why was this disciple acting like a bird startled by the mere twang of a bow? I don't look like that pretty boy from the heavenly silkworm transformation, right? "Go to your Palace Master and tell him that Lin Yi is here!"

"Ah? You're Lin Yi? Alright, alright, wait a moment!" Although Lin Yi's reputation had been damaged recently, it didn't stop his previous fame from being respected in the disciples' hearts. After seeing Lin Yi's powerful appearance, they naturally didn't dare to underestimate Lin Yi and quickly turned to report to Chu Mengyao!

Lin Yi's eyes sharpened as he looked in the direction the disciple left—he wasn't looking at the disciple, but an old acquaintance not too far away. It was Zhao Qibing!

However, Lin Yi didn't stop Qibing immediately. He wanted to see what this kid was up to.

One had to know that the perception of a Sky Class master was very strong, and Lin Yi could easily monitor Qibing's every move. Qibing sneakily took out his phone from his pocket and dialed a number!

Lin Yi didn't know who he was calling, but he could hear everything he said!

"Elder Kang? I'm a little soldier!" Qibing said in a low voice, as if he didn't know that he was being monitored by Lin Yi. He thought that his location was hidden and Lin Yi wouldn't be able to find him, and he wouldn't think that there would be someone in the dark Palace who would report him.

"Oh? Qibing, what's up?" "Is it Lin Yi?" Zhaoming asked after picking up.

"That's right, elder Kang, Lin Yi's here, he's at the entrance of the Dark Palace!" Qibing said.

"Alright, I got it. Don't worry about your matter. I'll make arrangements." Zhaoming said faintly.

"Good, good, thank you elder Kang. I'll be waiting to be the sky elixir sect's Deacon then!" Qibing said quickly, hanging up the phone and leaving in a hurry.

Lin Yi's face was expressionless, but he laughed coldly in his heart. It seemed like his guess was right- what happened in the dark Palace had something to do with Kang Zhaoming. That robbery gang seemed to be sent by Kang Zhaoming, or why else would Zhao Qibing call him?

However, Lin Yi's suspicions were slowly becoming clear. He could guess some of Kang Zhaoming's intentions. Kang Zhaoming was so concerned about whether Lin Yi came to the Dark Palace or not. He was afraid that Kang Zhaoming's trouble there wasn't for Chu Mengyao, but for Lin Yi!

Lin Yi, Kang Zhaoming, and elder xuanchen had deep grudges between them, and it was impossible for Kang Zhaoming not to be tempted when Lin Yi revealed his strength abroad. However, Lin Yi didn't come back for a while, so Kang Zhaoming didn't have the chance to find trouble with him. He probably couldn't hold it in anymore and wanted to use the Dark Palace to lure him out!

Zhaoming knew that it was related to Mengyao, and he couldn't just leave it be. But what he didn't know was that Lin Yi wasn't hiding overseas-he was leveling up and refining the Jade space!

Lin Yi was worried that he wouldn't have a chance to show off his new strength and become someone who could actually kill Sky Class late phase peak in seconds, and now Zhaoming had given him the chance!

And so, Lin Yi didn't even try to stop Qibing-who would've told him if he did? Lin Yi wasn't afraid of the robbers coming to cause trouble today, they were the only ones who didn't!

If they didn't come, wouldn't Lin Yi's trip be in vain? If things didn't go well, she might even have to stay here and wait for them to come. How much time would that waste? Lin Yi had a lot of things to do now. After this, he'd suppress the enemy forces and go find the armadillo. He had the location of the base now, and all he needed to do was act!

Not long after Zhao Qibing disappeared, Chu Mengyao came floating over. What Lin Yi didn't expect was that in such a short time, Chu Mengyao was already an Earth Class early phase!

"Yaoyao, I didn't expect you to improve so quickly!" Lin Yi looked at the familiar face in front of him and smiled.

"Lin Yi ..." Chu Mengyao also missed Lin Yi a lot. After separating with him, Chu Mengyao finally realized how important he was in her heart! Mengyao had a thousand things to say to Lin Yi after not seeing him for a while, but all of them were condensed into one word in that moment!

Yes, the Miss had always been like this, cold on the outside but warm on the inside. She couldn't say something nauseating like how she missed Lin Yi, even if she really did.

Chapter 3314 Very Fast

"My power ... Is not as strong as Xiaoxiao 'S. I'm still a little weaker." "How did you get here so fast?" Mengyao asked with a smile. I thought you'd have to wait. "

"You're in trouble, can I not come?" "Don't worry about an Jianwen, leave it to me. It's not a big deal," Lin Yi said.

"The Grand Elder is injured ..." Mengyao sighed, ""She's injured now, and it'll be hard for her to recover in a short period of time. She won't have the chance to step into Sky Class late phase peak ... It's a loss for the Dark Palace ..."

"Haha, Yaoyao, you don't have to say anything. I understand what you mean." Lin Yi smiled, "this old woman deserves to be so unlucky. She's so snobbish!" However, you're the palace Master of the Dark Palace, so I'll still help you. "

"En, thank you." Mengyao knew that Lin Yi didn't like the Grand Elder, but she was the head of the Dark Palace now-she couldn't consider her own feelings. She had to consider the big picture. She had a part to play in the rise and fall of the Dark Palace, "Although the Grand Elder is a bit snobbish, her feelings for the Dark Palace are unparalleled."

"I know that. Otherwise, I wouldn't have helped you." "When this is over, I'll treat her!" Lin Yi said. In fact, I also want to raise your strength to Earth Class late phase peak, but I'm afraid that it'll affect your own training!"

"En, I don't need it. I'm already very fast in my cultivation." "But, I wonder if they'll be here today?" Mengyao asked, not really bothered. Lin Yi, are you really confident?"

"Don't worry. " "If I wasn't sure, I'd just bring you guys back to Starwest village," Lin Yi said with a smile.

"That's true!" Mengyao couldn't help but laugh.

"As for whether they will come today, I think they will definitely come." Lin Yi said with certainty.

"Why? How do you know?" Mengyao blinked.

"There's a traitor in your Dark Palace. " Lin Yi said.

"A mole?" Mengyao's face changed, but then she remembered something. "Zhao Qibing?"

"That's right, it's him," Lin Yi nodded. "It seems that my Yaoyao didn't become a Palace Master for nothing. She's still very powerful."

Mengyao's face reddened upon hearing the words "my Yaoyao." "Do you really think that I don't know anything?"

"Hehe, that's right. If you can manage me, what's the big deal about managing the Dark Palace?" Lin Yi said with a smile.

Chu Mengyao was a little shy and ignored the topic of Lin Yi. She changed the topic, "Zhao Qibing, this kid sure has guts. It seems like I didn't give him a light punishment."

"There's no need to touch him for now. It won't be too late to deal with him after this matter is over. " Lin Yi waved his hand.

"Okay, I'll listen to you." Chu Mengyao and Lin Yi walked towards the living room of the Dark Palace. At this time, the Grand Elder also heard the news of Lin Yi's arrival!

Although Chu Mengyao had full control of the Dark Palace, it didn't mean that these people had betrayed the Grand Elder! Lin Yi's arrival was immediately reported to the Grand Elder by the other elders!

In the eyes of these disciples, the Grand Elder did not receive guests. However, these elders could still go and find the Grand Elder.

"Elder su, you're saying that Lin Yi came here with his head held high, and he's not feeling helpless or worried?" The Grand Elder was confused by elder SU's report. She didn't think Lin Yi would do anything, and he'd never shown his face before. What was the meaning of this?

Was he really confident, or was he just acting all high and mighty for the sake of a beautiful woman in order to intimidate the robbers? From the Grand elder's point of view, Lin Yi shouldn't be that strong. If he really was, why would he be hunted by the practitioners from overseas?

Plus, it'd been so long since the chase started-why'd lin Yi been hiding? If Lin Yi was really that strong, was there a need to hide? Therefore, the Grand Elder felt that it should be the latter!

Lin Yi was an impulsive guy for women, and this made the Grand Elder look down on him even more. She hmped and shook her head,"Does he really think that he can intimidate those people by putting on an act? Too naive! If it was in the past, when those people who were killed by the blood-clad yellow spring sect misunderstood you, you could still intimidate them. But now, who would believe you? Sigh, Yaoyao, you're still too young. You're easily blinded by love, just like ye Wan 'er back then!"

"Then ... Grand Elder, what should we do now?" Elder su smiled bitterly. If it was the old ye Wan 'er, he would still dare to talk about her behind her back, but now that it was Chu Mengyao, elder su didn't dare to speak rashly and could only ask awkwardly and carefully.

"Forget it, I'll talk to them when they come back. If it really doesn't work, we'll just give them the Dark Palace first, and I'll think of a way. As long as there's life, there's hope. I'll talk to Yaoyao. She'll be disappointed when she sees that Lin Yi isn't reliable. I'll talk to her again and ask her to marry into the sky elixir sect. With the sky elixir sect backing us up, these people will have to return the way they came in!" The Grand Elder said helplessly.

"Grand Elder is really considerate!" Elder su quickly said.

The Grand Elder waved his hand."Forget it. This is a good thing. Let Yaoyao understand that those wandering cultivators are not reliable."

However, just as the two of them were talking, a disciple on guard duty ran over, panting heavily. This disciple was elder SU's trusted aide, so he came here immediately and didn't go to find Chu Mengyao!

Every elder had their own trusted disciples, which were actually their direct disciples. On the surface, these disciples were under Chu Mengyao's management, but they only listened to Chu Mengyao's general direction. If one were to calculate carefully, they were still the best friends with their master.

However, there was nothing she could do about it. Every sect was like this, and Chu Mengyao couldn't change that. As long as these people didn't cause trouble, Chu Mengyao wouldn't bother with them. After all, there were very few direct disciples like this. An elder only had one or two with him, and the others were all normal disciples.

"Grand Elder, elder su is in trouble!" The disciple had just changed shifts, taking over from the one who saw Lin Yi before, and now he was in trouble-the same group from yesterday was here again!

Chapter 3315 Ridiculous

This disciple didn't even dare to show his face and ran over to report to the Grand Elder and elder su while panting!

"What? He's actually here so quickly?" The Grand Elder was taken aback-he didn't think that these robbers would come again not long after Lin Yi arrived. What a coincidence! However, she didn't have high hopes for Lin Yi. She was hoping to hold on for a few more days until her injuries were better, but now it seemed like she had no choice but to go out!

At the thought of this, the Grand Elder helplessly said to elder su beside him, ""Elder su, support me and go out to take a look!"

"Yes, Grand Elder!" Elder su quickly responded ...

As for the people Kang Zhaoming sent, their goal was clear-they were here to target Lin Yi. They wanted to draw Lin Yi out to test his strength. Their plan was to injure Lin Yi severely but not kill him. This way, Lin Yi's enemies would come out and kill him, and they wouldn't be exposed. They wouldn't become enemies with boss Bai either. Even if boss Bai guessed that they didn't kill Lin Yi, he couldn't do anything.

Of course, if those enemies didn't do anything, then these people would kill Lin Yi themselves.

So, these people knew that Lin Yi was in the dark Palace, but they didn't shout at the door this time. They rushed into the dark Palace to look for Lin Yi!

Their purpose was very clear. They didn't see any disciples at the entrance of the Dark Palace, so they simply didn't ask. After rushing in, they went straight to the direction of the living room!

It wasn't that they knew Lin Yi was in the living room, it was that Zhao Qibing had once again told Kang Zhaoming where Lin Yi was, and that was why these people went to the living room!

In the living room, Lin Yi and Mengyao were reminiscing. The two hadn't seen each other for a long time, and they had a lot to talk about. Lin Yi told Mengyao about his experiences during this period of time, and Mengyao also told him about how she built her authority in the dark Palace step by step ...

The two of them had different experiences, but their hearts seemed to be connected. When they talked about these things, they felt especially warm and happy for each other ...

However, this beautiful scene didn't last long. As the two of them were talking, there was a rush of footsteps from the door of the living room! This was little three, little four, and little five bringing a group of people over to take pictures!

"Five, how is it? what's Lin Yi's strength?" He was a calm person, and although Lin Yi's strength was already exposed, he still needed to confirm it again.

"Let me see." Five stood at the door and didn't step in. He looked at Lin Yi and instantly knew his strength level, ""Third brother, Lin Yi's Sky Class mid phase now."

"Oh? So it's only sky Class mid phase!" San let out a breath of relief-it seemed that Lin Yi's actual strength wasn't that high. He didn't know where the rumors about him killing Sky Class late phase peak came from, but it was a scam!

"Yes, only sky Class mid phase," Little five said with certainty.

"Let's go. Follow behind me and enter!" Three laughed coldly, thinking of how to humiliate Lin Yi later.

He came here with Kang Zhaoming's orders-he had to humiliate and mock Lin Yi as much as he could before he injured him. It would be best if Lin Yi could not show his face! Even if Zhaoming didn't say anything, mo would've done it, not to mention that Zhaoming, the son-in-law of xuanchen, did.

And so, as soon as little three entered, he looked at Mengyao arrogantly. "Little girl, is that old hag of your Dark Palace dead? Have you made your decision? Are you prepared to give us the Dark Palace? You must know that we're here today to take over the Dark Palace!"

Mengyao was about to say something when Lin Yi interrupted her. Lin Yi didn't seem to care about the mistress at all and continued talking to Mengyao, "Our grade two automatic medicinal cauldrons are about to be on the market. Do you need a few of them for the dark night Palace?"

Mengyao blinked-Lin Yi was looking down on her. She smiled, "If it's possible, of course I want it. I'm not taking the back door, am I?"

"Haha, we're family. I'll talk to Jingjing." Lin Yi said with a smile.

"En en, then I won't go to the pre-auction qualification conference." Chu Mengyao smiled. The practitioner's trade fair was to build up momentum. The first opening of Tier 2 automatic medicinal cauldrons wasn't open to just anyone. One had to make an appointment and obtain the right to participate in the auction first!

After all, the cultivators all knew how magical grade one automatic cauldrons were, and now that the grade two automatic cauldrons were on the market, miracle doctor Guan's medical company was a Golden Brand. It was no longer like when the grade one automatic cauldrons first came on the market, where everyone was skeptical. Now, even before they were on the market, they had attracted the attention of many ancient sects!

Mengyao's Dark Palace, on the other hand, naturally wanted to buy a few automatic cauldrons. If they could really make things as convenient as the first grade cauldrons, then their first grade Alchemist could make second grade pills!

It must be known that this first grade Alchemist of the Dark Palace was at the level of a second grade Alchemist. However, he lacked experience and control, so he failed repeatedly and did not officially become a second grade Alchemist.

If this Automatic Grade two medicinal cauldron was the same as the grade one automatic medicinal cauldron and didn't have such strict requirements on The Alchemist, as long as The Alchemist could control the alchemy fire and change the temperature, he could refine pills. Then, the Dark Palace would also be able to refine grade two pills.

"F \* ck! Are you guys deaf? Didn't you hear me?" Little San was about to explode from anger. This was not putting him in his eyes, naked contempt! At this moment, he simply couldn't bear it anymore!

Lin Yi's eyes sharpened as he looked in the direction the disciple left-he wasn't looking at the disciple, but an old acquaintance not too far away. It was Zhao Qibing!

F \* ck, you're still acting cool in front of me? Do you think I don't know your real situation? A mere Sky Class mid phase being chased like a stray dog overseas-if you were acting tough with me before, I wouldn't dare to act rashly because of the rumors, but what's there to be afraid of now?

Do you think that you still have the capital to be proud because the news of what happened overseas hasn't spread? It was truly laughable!

Chapter 3316 Fearless

"Yaoyao, who's this idiot? Is he a disciple of your dark night Palace? How can you be so unruly?" Lin Yi's words were arrogant, but his purpose was to anger the mistress.

"Pfft ..." Chu Mengyao heard Lin Yi calling her a mistress and couldn't help but laugh, ""Lin Yi, this idiot ... This idiot isn't from the Dark Palace. I don't know where he came from."

Chu Mengyao trusted Lin Yi and said whatever he said. She didn't think that Lin Yi was no match for these people.

"Little girl, do you think that this kid can back you up just because he's here? Dumb \* SS? I'd like to see who's the real idiot!" Three hmphe coldly and walked over to Lin Yi, "A Sky Class mid phase kid, and you dare to be so cocky in front of me? Today, I'll let you know why flowers are so red!"

The third party was actually disguising himself by saying these hoodlums. He wanted to act like a group of robbers from an ancient sect so that he would not cause trouble for patriarch xuanchen and prevent others from suspecting their origins and origins.

"You're too noisy!" Lin Yi stood up and started chanting the wild fire Fist in his heart, but he looked calm on the surface, not acting like he was facing a powerful enemy. When the three walked over, Lin Yi seemed to wave his hand casually and pushed his palm out, thinking, "Wild fire Eight Trigram palm, the 11th style of the Pixiu!"

The 50% increase in attack chance came into effect at the right time-with Lin Yi's move, the three was dead for sure! Lin Yi was well aware of the strength of the eleventh form of the palm after the enhancement.

At first, three didn't really care-Lin Yi's true strength had been exposed, and with Five's confirmation, Lin Yi was only sky Class mid phase-there was nothing to be afraid of!

Plus, when Lin Yi stood up just now, he used his practitioner's Arts-it made San feel that Lin Yi's strength was indeed comparable to Sky Class middle phase!

So, little three wasn't afraid of Lin Yi at all. In his eyes, Lin Yi was just a piece of meat for him to kill. But, the moment Lin Yi's martial skill was activated, little three suddenly felt that something was wrong!

No, this definitely wasn't something a Sky Class mid phase could do-no!

He wanted to use his Qi to protect himself, but it was too late. Lin Yi's attack was just like a flash of lightning, and he wasn't prepared for it at all. He was in big trouble.

"BOOM!"

Lin Yi's seemingly casual palm landed heavily on the third party's chest. The third party, who was still yelling at Lin Yi about why the flowers were so red, suddenly flew into the air and flew backward. At this moment, he spat out a mouthful of blood!

"Yaoyao, look, he's right. I've finally seen why the flowers are so red!" Lin Yi pointed at the rain of blood in the air and smiled faintly.

"En ..." It was a bloody scene, but as the head of the Dark Palace, Chu Mengyao had already gotten used to it. She didn't feel scared at all! On the contrary, she was extremely excited. Lin Yi was strong indeed, those rumors ... They were ridiculous!

Who was the mistress? That was a Sky Class late phase peak, after all, and Lin Yi killed him in one move! And they were saying that Lin Yi was being chased by a Sky Class late phase peak from the overseas practitioner's Association?

Who was chasing who? Was it the wrong way? Could it be that the overseas practitioner's Association made up a lie to save their face, making everyone think that the one being hunted was Lin Yi, and that the real one was themselves?

Of course, Mengyao wasn't the only one who was shocked-little four, little five, and the people behind them were as well!

Little four and little five looked at little three flying backwards, their hearts filled with shock. The two of them subconsciously took a few steps back and looked at little three who had fallen heavily to the ground in front of them. They saw his eyes bulging out and blood flowing from his seven orifices, dyeing his face mask red. There was also a huge depression in his chest. He was clearly dead. Even with a top grade fourth grade great recovery pill, there was no way to save little three's life!

This move was way too brutal, but what shocked them was, what kind of master was Lin Yi? He looked like a Sky Class mid phase, but when he used the practitioner's Arts, he still showed the same strength. Even now, Lin Yi was still using the practitioner's Arts, but he still showed the same strength-how could the skill be so strong?

They had seen their master, patriarch xuanchen, activate the martial technique. The power of the martial technique that patriarch xuanchen activated was only so-so, right? Only a Sky Class late phase peak could reach this level of power, killing a Sky Class late phase peak in seconds!

Furthermore, this Sky Class late phase peak couldn't be a normal Sky Class late phase peak. It had to be someone like ancestor xuanchen, a Super Master stronger than the other Sky Class late phase peak Masters!

Could it be that Lin Yi's true strength was now on the same level as the xuanchen ancestor? But how was that possible? However, they had seen it with their own eyes. It was a hundred times more shocking than hearsay. It couldn't be faked.

And so, little four and little five were a bit confused-they were here to show off and hurt Lin Yi, but it seemed like they were lucky that Lin Yi didn't hurt them!

No, it should be said that they were lucky that Lin Yi didn't kill them!

Lil 'San was the strongest among the three of them, but he was killed by Lin Yi in one move! He couldn't be more dead!

They weren't wrong-after Lin Yi killed three, he'd been channeling the arts to replenish his stamina and Qi. Using the eleventh style of the palm didn't completely exhaust all of Lin Yi's stamina and Qi, but he'd used up half of it already. What was left wasn't enough for him to use the eleventh style again, so Lin Yi had to take advantage of little Four's situation. Xiaowu was still in shock, but she was desperately trying to recover her physical strength and true Qi!

Chapter 3317 Accept The Punishment

"Tell me, who sent you here?" Lin Yi asked faintly.

"W-who sent us here? "We're here to Rob, but we've got our eyes on this place in the dark Palace and want to take it ....."Four was shocked-did Lin Yi notice something? However, he would never admit it. If Lin Yi found out that they were the disciples of ancestor xuanchen, he would kill them all.

One had to know that the hatred between Lin Yi and ancestor xuanchen was not hidden but exposed!

Lin Yi even dared to torture the xuanchen ancestor's daughter, little eleven. How could Lin Yi let them go, let alone these disciples? Therefore, he must not admit it!

Whether it was to keep it a secret or to save his life, he couldn't say it.

Lin Yi's lips curled into a mocking smile. He knew that they wouldn't tell him, but it was fine if they didn't. He knew who sent them, and he didn't need to prove anything.

However, just as Lin Yi was about to say something, there was the sound of hurried footsteps from the side door of the living room! It was the Grand Elder. With the help of elder su, he came to the guest hall!

The Grand Elder saw Lin Yi, Mengyao, and the robbers in the living room as soon as he entered. He thought they were about to start fighting, and jumped in shock!

"Heroes, let's talk things out. I'm late ..." The Grand Elder didn't understand the situation and thought that the Dark Palace was still the disadvantaged group. Seeing the blood on the ground, he thought that some disciple had been injured. Therefore, the Grand Elder lowered his posture as soon as he entered the door and spoke in a flattering tone!

He had no choice. He had to lower his head when he was under someone else's roof. This was the principle that the Grand Elder had always pursued. As long as there was life, there was hope. If the Dark Palace was destroyed, then so be it. If there was a glimmer of hope, then he had to fight for it!

"Heroes, didn't you want the territory of the Dark Palace? Alright, I'll have my disciples withdraw today and give this territory to all the heroes to establish their own sects!" The Grand Elder continued.

"Gah?!" Little four and little five didn't quite understand what the Grand Elder was doing here. Could it be that she saw that someone was backing her up, so she came here to deliberately say the opposite to show off?

It must be like this! In the current situation, how could little four and little five still dare to ask for the territory of the Dark Palace? Wouldn't that be courting death? They moved in here and were all killed by Lin Yi-no one with a brain would do something like that!

So, in the eyes of little four and little five, the Grand Elder was the classic example of a poser, but even if they knew that the Grand Elder was posing, they didn't dare to complain. Didn't they see Lin Yi still standing there, glaring like a tiger?

Do you guys really want to die, going head to head with Lin Yi?

Thus, even though little Four's expression was a little ugly, he still carefully said with a pleasant expression, "That Grand Elder ... We brothers had eyes but failed to recognize Mt. Tai. We didn't know that the Dark Palace had such a strong backing. Please don't make fun of us ..."

"That's right. Palace Master Chu, we didn't know your boyfriend was so powerful. If we had known, we wouldn't have dared to cause trouble even if we had a hundred guts. We were wrong. We'll leave now!" Xiaowu also said in fear.

"Yes, yes, we'll leave now!" As little four spoke, he prepared to collect little three's corpse ...

"Ah?" At this time, the Grand Elder suddenly realized that the dead man on the ground was not a disciple of the Dark Palace, but the man who had severely injured him with one palm!

Although his face was covered, the Grand Elder still remembered his figure clearly. Wasn't this person the leader? How did he die?

Wait a minute, did Lin Yi kill him? Otherwise, why would these people be so careful and obsequious? The Grand Elder was a little confused-how did Lin Yi really have the ability? not only did he suppress these people, but he even killed the leader of the robbers?

One had to know that the robber was Sky Class late phase peak!

"Did I let you go?" Lin Yi's cold voice sounded again before the Grand Elder could recover from the shock.

This caused little four, who was currently collecting little three's corpse, to suddenly feel his heart tremble. The movements of his hands also stopped, not daring to continue moving. He raised his head and said carefully with an obsequious smile, ""Young hero ... Senior, we know we were wrong. You ... You mean ..."

"You're leaving after coming? do you think this is your home?" Lin Yi looked at four and said indifferently, "Do you think there's such a good thing in the world? Are you going back and forth through the city gate?"

"That ... Senior, what do you want?" Four was helpless-it seemed like Lin Yi was a real man with strength and power, he wasn't just acting! Now, he was a little regretful. Why didn't he investigate clearly before coming?

But how did little four know something that even patriarch xuanchen and Zhaoming didn't know?

"How about this? since you've admitted your mistake, you'll be spared from the death penalty, but you'll still be punished. The two of you, stand out and let me hit each of you once. Then, I'll forget about this matter." Lin Yi said slowly as he looked at the two.

At this moment, Lin Yi had already recovered his Qi and was back at his peak. Lin Yi did this not just to punish them but to intimidate them. He wanted the xuanchen ancestor to know that Lin Yi was very strong and could attack continuously, killing and injuring Sky Class late phase peak as he pleased!

"This ... Senior, we don't want to die ..." Little Four's face darkened. 'What's the point of standing and letting you hit us?' You'd have killed him directly!

"I can guarantee that I won't kill you. I'll show mercy and only punish you." Lin Yi looked at the two of them, a cold smile on his face, but a bitter smile on his heart. It would be difficult for him to kill the two of you, and it was unrealistic to kill you two when you were on guard!

"Really?" Four looked at Lin Yi in disbelief.

"Do you have the capital to bargain with me?" "If you don't want to be punished, then you can all stay here!" Lin Yi said coldly.

"Don't ... Please don't, senior, we'll accept the punishment! Can't you just accept the punishment!" Little four and little Five's foreheads were immediately covered in cold sweat! Yes, they didn't have the right to bargain with Lin Yi.

Chapter 3318 Sail With The Wind

If Lin Yi really wanted to kill them, then so be it. What could they do to resist?

At the thought of this, little four and little five could only compromise. The two of them walked to the living room in fear and trepidation, closed their eyes, and began to circulate their heart cultivation chant, using their true Qi to protect their bodies!

"Wild fire Eight Trigram palm, the 11th style of the Pixiu!" Lin Yi used the raging fire Bagua Palm again, aiming for Xiaosi's chest.

"BOOM! BOOM!" Under Lin Yi's attack, little four flew out quickly and landed heavily on the back wall of the living room, making a loud noise and breaking the wall in a few places!

However, after spitting out a few mouthfuls of blood, he realized that he was still alive and heaved a sigh of relief. However, this situation did not last long. Little four wanted to use his mental cultivation technique to heal his injuries, but he was shocked to find that most of the meridians in his body were

broken. In other words, he was now a cripple. Unless he had a superior grade 4 great recovery pill, he would be like ta ganlong, a cripple!

At this time, Lin Yi attacked again, ""Wild fire Eight Trigram palm, the tenth style of the Pixiu!"

Lin Yi didn't have enough stamina left to activate the eleventh style of the palm, but the tenth style was more than enough. This tenth style happened to trigger the attack bonus of the essence Necklace!

"BOOM! BOOM!" Five followed in little Four's footsteps under Lin Yi's attack and flew out as well, landing heavily on the wall that little four had hit earlier. Another loud sound was heard, and this time, a big hole was created in the already broken wall!

The tenth style of the palm with the necklace's attack power and the eleventh style without the necklace's attack power weren't that different, so in the eyes of the two, Lin Yi was using the same move!

Xiaowu also spat out a few mouthfuls of blood. Her meridians were all broken, but she was not dead yet, nor did she faint. This was the benefit of their true energy protection. Otherwise, they would not have died now, but they would definitely be like taganlong, unconscious and in a vegetative state!

One must know that even if the 11th style of the wild flaming Eight Trigram palm was not enhanced in attack power, its power was still very shocking.

"Alright, take them and leave." Lin Yi ordered the men that three, four, and five had brought. Lin Yi wasn't interested in these people, and he needed them to bring the three back!

"Yes ... Senior ..." The five elements sect disciples at the entrance were all scared out of their wits-little three, little four, and little five were Sky Class late phase peak, second only to little one and little two-but they'd been beaten to death and heavily injured without any difficulty at all! Just how strong was this?

They didn't dare to stay or ask any more questions. They walked in one after another and quickly carried little three's body, along with little four and little five, the two disabled people, and left the dark night Palace's reception room with their tails between their legs. They ran as fast as they could without a single pause!

"Phew ..." Lin Yi let out a long breath. These two moves had used up all the energy in his body. If these disciples all attacked him at once, he would be in trouble!

After all, the Sky Class late phase Peak Master was heavily injured and couldn't fight, and the other disciples and elders weren't that strong either-they didn't have any chance of winning against those followers.

Although the possibility of those underlings daring to act rashly was close to zero, he still heaved a sigh of relief when he saw them leave.

"That ... Lin shaoxia ..." The Grand Elder was completely shocked. Lin Yi wasn't the weak practitioner she thought he was, he was a real master!

These three Sky Class late phase peak robbers, just how powerful and powerful were they? But in front of Lin Yi, they were either dead or injured-there was no room for negotiation! It seemed that her previous strategy was wrong-she had to build a good relationship with Lin Yi in the future!

Lin Yi looked at the Grand Elder indifferently. He wasn't the Grand elder's match back in the villa, but he didn't care about her anymore. He didn't have a good impression of a snob like her, but for Mengyao's sake and the Grand elder's sake, he didn't do anything too extreme. "I'm tired. Yaoyao, find me a room. I'm going to rest. "

"Alright!" Mengyao, naturally, knew what Lin Yi was up to-he'd used up all his energy after all the attacks he'd made today, and he needed to find a place to recover. She didn't hesitate to tell one of the disciples,"Go and prepare a guest room, I'll bring Lin Yi over!"

"Yes, Palace Master!" The disciple admired Lin Yi as well-he'd saved the Dark Palace from a huge disaster with one move. Back then, the disciples of the Dark Palace were all in a constant state of fear, afraid that the robbers would come and take away their shelter!

Those people who took over the Dark Palace would drive the original members out, but now, Lin Yi saved the Dark Palace, saved the lives of these disciples, so they were filled with gratitude towards Lin Yi.

The Grand Elder didn't get angry at Lin Yi for ignoring her, but chuckled instead, "That's right, Yaoyao, take young hero Lin to rest. He's your husband, so you can't neglect him. Although you're the palace Master of the Dark Palace, you still have to follow your husband's orders!"

"Ha?" Mengyao looked at the Grand Elder in shock. She didn't understand what the Grand Elder was saying. What did he mean by "he's your husband "? She and Lin Yi were just a couple that just confirmed

their relationship ... Besides, didn't the Grand Elder always object to them being together? He had been promoted from boyfriend to husband all of a sudden?

However, after a short moment of daze, Chu Mengyao understood the Grand elder's meaning! So the Grand Elder wanted to get closer to Lin Yi after seeing how strong he was?

"Yaoyao, hurry up, don't let him wait!" The Grand Elder smiled and said, "but you young people shouldn't be impulsive. You are the inheritor, so you must maintain your virginity. You can kiss and hug, but don't go to the last step!"

Chapter 3319 Enmity

"..." Mengyao didn't know what to say. This Grand Elder ... Was like a matchmaker? Mengyao shuddered at the words. She'd been looking down on Lin Yi for being a freelancer, but now ...

Lin Yi looked at the Grand Elder coldly. To be honest, he didn't like the Grand elder's attitude at all. He was a representative of the Grand elder's style. However, Lin Yi didn't say anything and walked out of the living room.

Lin Yi's cold glare scared the Grand Elder so much that he didn't dare say anything else. He followed Lin Yi carefully with elder cui's help ...

The disciple from before had already prepared the guest room, and Lin Yi was staying there for the time being! Activating the skill just now had used up all of Lin Yi's Qi, so he needed to rest for a while.

Chu Mengyao didn't disturb Lin Yi anymore and turned around to deal with the Dark Palace's matters. She was going to call for an entire Palace meeting to calm down the disciples. After all, the previous incident caused a lot of psychological pressure to these people.

She turned around and saw the Grand Elder running over. She blinked, "Grand Elder, you're injured, why are you running!"

Mengyao didn't like the Grand elder's attitude, but she didn't have to be polite to Lin Yi anymore since he'd accepted him.

"Yaoyao, is young hero Lin resting?" The Grand Elder asked carefully.

"En, he rushed over last night and even had to face such a fierce battle. He's naturally tired and needs to rest." Mengyao, naturally, wouldn't say that Lin Yi had used up all his energy before resting, pushing the blame onto the overnight journey.

"Oh ..." The Grand Elder didn't ask further. She was just asking casually, and her real purpose wasn't this. "Yaoyao, when do you think you should hold your engagement ceremony with young hero Lin?"

"Ah? Why would I hold an engagement ceremony? Since when did I have an engagement ceremony?" Mengyao looked at the Grand Elder, stunned.

"Yaoyao, it's not that I want to criticize you, but the Grand Elder has been through this before. I've always felt that this Lin shaoxia isn't a normal person, he's a Super Master. So Yaoyao, someone like him must have a lot of suitors, like your family's Chen Yushu, Xu Shihan, and so on. They must like Lin Yi too, so you have to hurry and get Lin shaoxia first. You have to confirm your relationship with him, don't let him be taken away by others!"

"What the hell is this!" Mengyao was speechless at the Grand Elder. What did she mean by "I knew" that Lin Yi wasn't a normal person? Didn't you say that he was a wandering cultivator? He even told me to cut off all contact with him, and now he's getting engaged? Do you have to be so shameless!

"Yaoyao, don't think that I'm annoying. I'm telling the truth!" The Grand Elder sighed, ""You must think that I'm a person who goes with the flow, trying to get on Lin Yi's good side after seeing him, right?"

Mengyao didn't reply, but her silence meant that she agreed with the Grand elder's words! Indeed, that was exactly what Chu Mengyao was thinking. She said that Lin Yi was a bad person before, and now that Lin Yi had revealed his strength, she wanted to get engaged to him!

"Yaoyao, I'm already injured and can't break through to the realm of perfection. The possibility of recovery is not very high, so I don't think I can live for long. The Dark Palace will still be under your leadership in the future!" The Grand Elder didn't seem to mind and continued, ""I've always wanted the Dark Palace to become a first-class sect in the ancient times. Pride and vanity are all fake. You may think that I'm shameless, but I'm just like that. As long as the Dark Palace is well, you can insult me or even kill me. So, Yaoyao, this is a request from me-you have to capture Lin Yi, young master Lin. This is a chance for the Dark Palace to rise ..."

Chu Mengyao was filled with emotions as she listened to the Grand elder's heartfelt words. Yes, she did look down on the Grand Elder before, thinking that she was someone who would change sides with the wind-she scolded Lin Yi and then tried to please him, this was shameless to the extreme!

However, after listening to the Grand elder's words, Chu Mengyao felt that the Grand Elder was someone worthy of respect. She had selflessly given her life for the Dark Palace. As long as the Dark Palace was well, she was willing to give up her life!

Mengyao didn't know how to judge a person like this—at least at this moment, she didn't blame her for standing in her way with Lin Yi. She sighed, "Grand Elder, you don't have to worry about my relationship with Lin Yi. Shu or Shihan won't be able to affect our relationship. As for your injuries, I'll ask Lin Yi to treat you. You won't die."

"Ah? What? Lin Yi can heal me? Is that true?" The Grand Elder was taken aback. He said excitedly, ""Yaoyao, is young hero Lin willing to help?"

"I told you, my relationship with Lin Yi isn't that simple. I'll go and beg him, he'll definitely help." Mengyao smiled. She didn't even need to say anything for Lin Yi to agree. Lin Yi understood the Miss, didn't he?

"That's great—that means I still have a chance of breaking through to Sky Class late phase peak?" The Grand Elder asked after hesitating.

"Not bad." "Yes, Grand Elder." Mengyao nodded, "this incident has taught you a lesson. Sometimes, you can't judge people by their own standards! Back then, you looked down on me, but what? You're looking down on Lin Yi, and then?"

"Heh ... I know. Besides, with you and Lin shaoxia in the dark Palace, I won't care anymore. I'll just focus on cultivating. I won't care about these things anymore!" The Grand Elder was a little embarrassed. Even with her thick skin, Mengyao's words still embarrassed her.

What else could Chu Mengyao say? All the grudges and dissatisfaction from before disappeared in this moment. Although she was angry at the unfair treatment her mother received in the dark Palace, and she was angry at the Grand Elder for looking down on Lin Yi, her feelings towards the Dark Palace had never changed.

Chapter 3320 Extremely Furious

"Grand Elder, you should go rest. We'll come find you when Lin Yi's done." Mengyao sighed.

"Okay, then I'll wait in the room for Lin shaoxia to come and help me heal!" The Grand Elder chuckled as he turned around and left.

A smile appeared on Mengyao's face as she watched the Grand Elder leave. She was finally the head of the palace of the dark night, and she had full control over the palace. Even the Grand Elder would have to follow her every order!

Mom, your daughter did it, with Lin Yi's help, are you happy?"

In fact, Chu Mengyao's control of the Dark Palace had always been because she wanted to clear her mother's name. In the future, when ye Wan 'er came back to the Dark Palace, who would dare to pretend to obey but secretly go against her?

"Yaoyao, come in!" Lin Yi's voice sounded in the room, pulling Chu Mengyao back from her thoughts. Chu Mengyao was shocked and quickly pushed the door open to enter Lin Yi's room.

"Lin Yi, you've recovered your Qi?" Mengyao was surprised-Lin Yi had recovered in such a short time?

"Not yet, but it's nothing. Let's talk." Lin Yi said.

"Yeah." Chu Mengyao nodded and sat beside Lin Yi obediently.

"Yaoyao, last but not least, is there any news about the Sky Class Island Plan?" Lin Yi's biggest concern now was the future inheritor, Sky Class Island. This was something that, from the moment Xiaoxiao had stayed in the Ice Palace, had everything to do with Lin Yi's fate.

However, what pissed Lin Yi off the most was that the person behind this was ancestor xuanchen, his arch-enemy.

"Not yet," Mengyao shook her head, "the Dark Palace and the five elements sect aren't on good terms. We'll only know the details when the Sky Class meeting comes."

"I know, I'll be there." Lin Yi said with a nod.

While Mengyao and Lin Yi were chatting, Zhaoming was in xuanchen's room, fantasizing about the tragedy that happened in the dark Palace. Footsteps came from the door, and Zhaoming guessed that the people he sent out were back. They should be back by now!

"Forefather, it should be little three, little four, and little five. They've returned." "I'll get the door," Zhaoming said as he got up.

"Alright," he said. Patriarch xuanchen nodded.

However, when Zhaoming opened the door, it wasn't little three and the others standing outside. It was the five elements sect's people in charge of guarding the soul Jade card!

"Patriarch xuanchen, this is bad. Third senior brother's soul Jade tablet has shattered!" The disciple held up a broken soul Jade plate and said in a hurry.

"What?" Patriarch xuanchen suddenly stood up and stared at the soul Jade tablet in the disciple's hand. His eyes widened and were filled with disbelief! How could this be? could little San have been killed? Otherwise, how could his soul Jade plate have shattered?

"Where are the others?" "What about little four and little five?" patriarch xuanchen asked hurriedly.

"The soul Jade plates of fourth and fifth senior brothers are fine." The disciple carefully replied.

Patriarch xuanchen heaved a sigh of relief. It seemed that only little three had died while little four and little five were fine. That was good as long as they weren't completely annihilated. Could it be that the people of the blood-clad yellow spring sect had made a move?

The xuanchen ancestor frowned. The development of the matter infuriated him. The blood-clad yellow spring sect had actually interfered again. It seemed that the sect would not know their place if he did not show up!

However, it was no wonder. Ancestor xuanchen thought that mo was killed by the blood-clad yellow spring sect. In his opinion, mo was a Sky Class late phase Peak Master. No one in the dark Palace could do anything to him, not to mention Lin Yi. In that case, the only one who could do it was the blood-clad yellow spring sect.

Just as patriarch xuanchen was feeling suspicious, the five elements sect's disciples arrived outside patriarch xuanchen's room with little three, little four, and little five. Seeing that the room was not closed, the disciples could not care less and rushed in to report to patriarch xuanchen immediately!

"You are ..." Patriarch xuanchen looked at the people who had entered. Little three's corpse was being carried by a disciple. Patriarch xuanchen was not surprised. With the soul Jade tablet shattered, there was no possibility of little three surviving. However, little four and little five were also being carried back, which made patriarch xuanchen's heart tremble!

"Master, fifth Junior Brother and I have been crippled ..." Little four said with a gloomy expression. He knew his injuries and that even with his master, patriarch xuanchen's abilities, he would not be able to save them. They could only be crippled for the rest of their lives.

"What? Damn blood-clad yellow spring sect, I'm not done with you!" Patriarch xuanchen went berserk on the spot. He knew that little four would definitely not speak nonsense. If he said that he was crippled, then he was really crippled. There was no hope of recovery. Otherwise, he could only be called injured, not crippled.

"Blood-clad yellow spring sect?" Xiao Si was stunned. Why was the blood-clad yellow spring sect involved again? What did this have to do with the blood-clad yellow spring sect? no one from the sect had ever appeared.

"Eh? What? today's incident wasn't done by the people of the blood-clad yellow spring sect?" When patriarch xuanchen saw the look of shock on little Four's face, he immediately realized that things might not be what he had imagined.

"Master, the one who attacked today was Lin Yi!" "That Lin Yi ... His strength is real!" Little four said, "he killed third senior brother in one move and disabled me and fifth Junior Brother with two moves!" What was he talking about being chased like a stray dog overseas? That's just bullsh \* tting-Lin Yi's really strong, I think he's on par with Sifu ..."

"What?" A hint of gloominess flashed across patriarch xuanchen's face. He dan TOU actually dared to deceive him? Although patriarch xuanchen didn't think bullet head would lie to him, his disciples couldn't lie. Three of them were beaten up by Lin Yi, one dead and two disabled. How could he say that Lin Yi was weak? "Lin Yi, you're Sky Class late phase peak now?"

"No, only sky Class mid phase!" "I've checked it a few times," Xiaowu said with certainty, "and from the strength he showed when he used the chant, it was all Sky Class middle phase, but the martial skill he used was definitely at the level of great completion. "

Elder xuanchen didn't think that Xiaowu was wrong. Lin Yi must be a Sky Class mid phase master!
