Chapter 3331 Lin Dongfang's Memories

Wang Xinyan was a very regular person, and unless she was sick, she would have woken up by now even if she slept in.

"Shu, go upstairs and check, why isn't Xinyan up yet?" Lin Yi didn't realize that something was wrong yet, he was just a little confused.

Chen Yushu didn't think that there was anything wrong with it. She went upstairs and saw that Wang Xinyan was still asleep. She pushed Wang Xinyan, but Wang Xinyan didn't wake up. She pushed a few times, but Wang Xinyan still didn't move. Chen Yushu started to panic!

It wasn't that Xinyan didn't have this kind of situation before, but it was a long time ago, and Lin Yi had taken her medicine from the valley, too. Xinyan was no different from a normal person after taking the medicine, and Shu started to relax. But now ... It seemed like Xinyan was acting up again!

"Shield bro!" Shu ran out of the room in a hurry and shouted at the stairs on the second floor, "Oh no, sister Xinyan fainted again!"

"What?" Lin Yi was washing the dishes in the kitchen when he heard that-he quickly ran to the second floor. Xinyan fainted again? What's going on?

He couldn't be bothered to talk to Shu anymore and rushed into their bedroom, putting his hand on Xinyan's wrist to feel her pulse. Lin Yi frowned immediately!

Lin Yi was a doctor, after all-how could he not see that Xinyan was in a coma? But why was Xinyan unconscious? At that moment, Lin Yi could clearly feel the life force in Xinyan's body weakening ...

Could it be that the lanjie Yuling grass was no longer effective? Or was it that the one he had taken last time was not enough?

But that was impossible. Old Lin said that Xinyan would be fine as long as she had the herb-what was wrong with her now?

But the truth was right in front of him, and he couldn't question it. After a moment of silence, he decided to call old Lin!

"Lil" Yi, congratulations-you've been getting stronger pretty quickly, huh?" Old Lin had also heard from the blood-clad sect that Lin Yi could now kill Sky Class late phase peak in seconds. He was very pleased-it seemed like Lin Yi had dodged another disaster and was growing stronger.

"Old man, let's talk about this later. I have something more important to discuss with you." Lin Yi wasn't in the mood for small talk-he'd normally tell old Lin about his experiences, but Xinyan was a problem right now, and he really didn't want to waste any time.

"Oh?" Lin Dongfang was stunned for a moment, then said sternly, ""What happened?"

"Wang Xinyan, she fainted again." "I checked her body just now," Lin Yi said directly, "her life force is decreasing. What's going on?" Didn't the orchid mustard grass completely cure Wang Xinyan's problem? Why did she faint?"

"He fainted again?" Lin Dongfang frowned! He knew Xinyan's condition the best, because he was the one who treated her back then, but he didn't expect it to happen again ...

Inborn weak and sickly ... Consumed the orchid mustard grass ... Wait!

Lin Dongfang's expression suddenly changed. He seemed to have thought of something, but he couldn't grasp it. These two keywords unlocked Lin Dongfang's memories that had been sealed for many years, and made him recall some things from his youth ...

Lin Yi's master, Yang Ming, the things he did in the underworld, those people, those things ...

Yes!

Lin Dongfang shot to his feet-he'd just thought of something, something very, very important. He couldn't be sure right away, but from Wang Xinyan's condition, it seemed ... Pretty close!

Lin Dongfang was silent, and Lin Yi could feel his rapid breathing. He knew that old Lin was thinking about something, so he didn't disturb him and waited quietly.

As expected, after a while, Lin Dongfang's voice rang out again, ""Yi, Wang Xinyan's situation made me think of something, but I'm not sure. How about this, I'll do some research, wait for my call!"

"Then, how do we treat Xinyan?" Lin Yi asked.

"Don't worry about her for now. Her life isn't in danger for the time being, if my guess is right." Lin Dongfang slowed down his tone, then continued with a heavy tone, ""If I'm wrong, I don't know what's wrong with her either. I'm even more helpless, so you'd better wait for my news!"

"Alright then!" Lin Yi was worried, but he knew that there was nothing he could do now that old Lin had put it this way. The only thing he could do was wait.

Time passed by, and although it was only ten minutes away from ending the call, Lin Yi felt like years were passing by. Shu, on the other hand, was panicking, "Shield bro, sister Xinyan, is it an inheritance too?"

"Inheritor?" Lin Yi was surprised. He knew that there were seven inheritors of the five elements and seven attributes, including Xiaoxiao, Shu, Yaoyao, and little Jiu. He was still missing three. Could Xinyan be one of them?

Lin Yi didn't think it was impossible, but he didn't think that there was anything special about Xinyan after interacting with her. He couldn't rule out the possibility that it was a hidden attribute that just showed up.

However, the possibility of that happening was very low-Xinyan's fainting problem wasn't a new one, it was a result of her being weak since she was young! "It's possible, but not very likely. Let's wait for my grandpa's news." Lin Yi shook his head.

"En ..." Chen Yushu only said it casually. The two of them stood guard by Wang Xinyan's side, quietly waiting for news.

Half an hour passed by like a year for Lin Yi, and Lin Dongfang finally called.

"Old man, how is it? Is there any news?" Lin Yi heard his phone ring and quickly picked it up.

"Yi ... If I'm not wrong, Wang Xinyan's body type ... Is similar to someone I've met before ..." Lin Dongfang said slowly.

"What kind of physique?" Lin Yi blinked-could it be that Xinyan had some sort of special Constitution? Why else would old Lin say that?

Chapter 3332 Going To The Ice Palace Again

"I can't tell you what this Constitution is called. That person can't tell either. However, she called it the sponge Constitution." Lin Dongfang said.

"Sponge body? What's the meaning of this?" "Is it a practitioner's body as well?" Lin Yi didn't understand.

"You can say that. It's called a sponge body, but it's actually just a metaphor!" Old Lin explained, "the so-called sponge has a strong absorption ability, but there are a few holes on it, and it's very leaky. In other words, this person's body is the same as a sponge, they can absorb large amounts of Qi, but they can also squeeze out the water like a sponge. It's irreversible."

"You're saying that Wang Xinyan has this type of body?" Lin Yi thought about it carefully and realized that it really was the case! Xinyan's body seemed to have some energy that he could absorb, and Xinyan herself could absorb the Qi from the Jade and store it in her body ...

"It should be like this!" "Lin Dongfang nodded," because back then, my friend's sister had the same physique-with the right practitioner's Arts and Qi, they'd level up very quickly. Going from a normal person to Sky Class late phase peak would only take a few months! Of course, the timing might be different depending on the spiritual energy of heaven and earth ..."

"Then Xinyan's ..." Lin Yi was shocked at the speed of someone with this body, but he was more worried about Xinyan's condition! Xinyan had already fainted, what was the point of training?

"Wang Xinyan's body type ... It's the same as that person's, it was triggered by consuming the lanjie Yuling grass." "It's also because of this herb that I thought of this," Lin Dongfang said.

"Old man, it doesn't matter if I know what you're saying or not. What I want to know is, what should Xinyan do now?" Lin Yi asked.

"Are you telling the truth?" Lin Dongfang smiled bitterly. "I don't know either!"

"Ah? You don't know either?" Lin Yi blinked, not sure if he should laugh or cry. "Then Where can I find your friend's sister?"

"She has already left ... For now, you won't be able to find her." Lin Dongfang said, "all I know and can tell you is that with this kind of physique, without the help of a mantra, it can absorb the spiritual Qi of heaven and earth and wake up to recover. There won't be too much danger to your life for a year!" It's just that you can't become a cultivator without the mantra. "

"That's not important. What's more important is to stay alive!" Lin Yi sighed in relief. "Don't you also know that? You scared me to death!"

"I've only heard about it. I don't know if it'll work or not." "Besides, do you think it's that easy to find a place with abundant spiritual Qi?" Lin Dongfang said helplessly.

"A place with abundant spiritual Qi ... Can't those ancient sects do it?" Lin Yi asked after some thought.

"It was possible in the past, but I'm afraid it's not possible now." "The spiritual Qi is getting thinner and thinner, it's not enough for her to absorb anymore," Lin Dongfang said.

"Is that so ..." Lin Yi felt helpless. Old Lin was right-it was really hard to find a place with rich spiritual Qi! Lin Yi had a space right there, but only he could enter it-Xinyan couldn't! The Jade space could store things, but it didn't work on living things-he couldn't just kill Xinyan and put her in, could he? That person is already dead, what's the use of putting him in?

"But don't be disappointed. Although that person has left, his sister, who is my friend, is still alive. You should be able to get some answers from her!" Lin Dongfang suddenly sighed, ""Originally, I didn't plan to contact her for the rest of my life ... But, for your sake, it seems like I have to face some things!"

"Old man, what are you talking about?" Lin Yi didn't know what Lin Dongfang was talking about.

"It's nothing," Old Lin shook his head. "Go. When you see her, tell her that you're my descendant. I believe she won't make things difficult for you. She'll help you answer your questions!"

"Who is it? Where do I want to go?" Lin Yi didn't know who the old man was talking about.

"Ice Palace, she's called little Qing." Lin Dongfang said slowly.

"Ice Palace? Aunt Qing?" Lin Yi blurted out aunt Qing's name. The Ice Palace had a person called Qing- who else could it be but aunt Qing?

"Yes, but she's actually your grandmother's generation." Lin Dongfang said, "but don't let anyone know about me. You have to tell her in private. Also, don't tell her where I am now. Just say you don't know. I probably left with your master."

"Alright, I know." Lin Yi didn't ask why. Since Lin Dongfang said to talk in private, then so be it. As for Lin Dongfang's current position, it was probably because of his special situation. He couldn't leave the West Star Village and didn't want others to know too much.

And so, Lin Yi agreed without hesitation.

"I wish you good luck!" With that, Lin Dongfang hung up.

Lin Yi, on the other hand, didn't hesitate at all-since Lin Dongfang had said that aunt Qing might have a way to solve this, Lin Yi would naturally head over to the Ice Palace immediately.

Although Lin Yi's plan was to go to the hakunamarta desert to find the Paoli, things changed quickly. Xinyan said that his life wouldn't be in danger for a year, but how could Lin Yi take the risk?

If aunt Qing couldn't do anything about it, Lin Yi would naturally have to think of something else-he'd have to wait until he came back from the Ice Palace!

With that in mind, Lin Yi repeated old Lin's words to Yushu, and she didn't refute him at all, only telling him to be careful.

"It's fine-it's not my first time there, I'm familiar with the way. " Lin Yi only smiled.

That night, Lin Yi tied Xinyan to himself with a rope and rode the purple lightning Beast back to the Ice Palace.

It was his first time going to the Ice Palace, and he'd driven there-it was a long journey, and hard to find.

Chapter 3333 Carrying Another Person

But it was different this time. The purple lightning Beast was extremely fast, and it only took one night for Lin Yi, the two of them, and the Beast to reach the town.

The familiar town, in the blink of an eye, the events that happened more than half a year ago were still vivid in his mind, as if it had happened yesterday.

Lin Yi was only a Mystic before, not even Earth Class, but now he was Sky Class mid phase!

At the ice Spirit Inn, Lin Yi didn't hide anything as he walked into the lobby with Xinyan and the Beast on his back!

Before the Ice Palace test, the ice Spirit Inn was basically empty. Although manager li was here every day, his job was to collect letters from the secular world.

At this time, he suddenly heard footsteps and knew that someone had entered the inn. He raised his head in confusion to see who it was.

"Manager li, long time no see. Do you still remember me?" Lin Yi's cautious attitude was gone, replaced by a calm and indifferent smile as he looked at manager li.

"You ... You're Lin Yi!" Manager li jumped-he didn't think that Lin Yi would visit the Ice Palace all of a sudden! Lin Yi's name wasn't Ling Yi, and manager li already knew that. Not only that, but he also knew

what happened in the dark Palace a while ago-Lin Yi killed a Sky Class late phase peak and injured two Sky Class late phase peak all by himself, what kind of record was that?!

Although this wasn't confirmed yet, and there were still people who were suspicious, Lin Yi's past achievements were enough for elder li to look up to him! Lin Yi's Sky Class mid phase strength was something elder li couldn't even hope to catch up to!

The world of practicing was a world where strength was everything. Manager li didn't have the arrogance he had when he first met Lin Yi. He quickly stood up from his seat and welcomed Lin Yi!

"Hehe, it's me! It seems that manager Li's memory is quite good. " Lin Yi said with a smile.

"Lin shaoxia, I wonder why you've come to the Ice Palace this time?" Manager li asked carefully.

"It's nothing, it's been half a year since we last met, and I really missed the people here, so I came over to see if your Ice Palace's Candy Girl is here?" Lin Yi asked.

Ice ... Rock Candy Girl? Manager Li's face darkened. What kind of title was that? only Lin Yi would dare to say that. If it was someone else, they'd be dead already! However, elder li didn't dare to say anything. He could only say carefully, ""The sect master's in the Ice Palace-Lin shaoxia, do you want me to inform her to come and welcome you?"

Lin Yi's strength was there for all to see, and Rock Candy was more than qualified to come out and welcome him!

Lin Yi blinked-he was just joking, why would manager li send Rock Candy out to welcome him? Lin Yi was a little emotional. Half a year ago, Rock Candy looked down on him and didn't even want to see him, but now, he came to welcome him?

At that thought, Lin Yi's interest was piqued. He said faintly to manager li, "Alright, let her come and welcome me!"

"Yes ..." Manager li nodded. He didn't think that anything was wrong-with Lin Yi's strength, even a normal Sky Class would have the right to see the sect master.

However, what surprised Lin Yi was the fact that manager li didn't use a pigeon to send the message this time, but a satellite phone! "You guys don't use messenger pigeons anymore?" Lin Yi asked, surprised. Why did you change it to a phone call?"

"Ahem ... This ... Actually, the sect master has fallen in love with these high-tech products under vice sect Master Feng's influence ..." Manager li explained. He knew about Lin Yi and Xiaoxiao's relationship, so he didn't hide it.

"Oh." Lin Yi nodded.

At this moment, manager Li's phone was connected. Rock Candy's voice came from the other end, ""Manager li, what's the matter?"

"Palace Master, Lin Yi, young hero Lin, has come to our Ice Spirit Inn. He's heading to the Ice Palace- would you like to welcome him personally?" Manager Li asked carefully.

"Who's here? Lin Yi?" Rock Candy froze, not expecting Lin Yi to come to the Ice Palace. But, it was a little embarrassed. Lin Yi, was he here to show off? She remembered that she promised Lin Yi that when he reached Sky Class late phase peak or became a Mystic first level refiner, she would be his little little little little little wife.

But now, Lin Yi was here. Did he want her to fulfill that promise? Rock Candy naturally knew about Lin Yi's past in the dark Palace, killing Sky Class late phase peak Masters in seconds. So even though Lin Yi was only sky Class mid phase now, from the strength he displayed, Lin Yi was already at Sky Class late phase peak or above. How else would he be able to kill Sky Class late phase peak Masters in seconds?

So, naturally, Rock Candy thought that Lin Yi was here to show off, and even wanted him to welcome him? In your dreams, Hmph Hmph! Don't think I don't know who the palace Master of the Dark Palace is. Is it that hard for her to help you spread rumors?

Hence, when Rock Candy thought of this, it became even angrier. ""Pick him up? Don't even talk about picking it up, I won't even see it!"

With that, Rock Candy hung up the phone, leaving behind an innocent and nervous manager Li. Was he going to offend Lin Yi? But ... You've offended Lin Yi, and I have to face it!

He didn't have the guts to complain, though. He only smiled bitterly at Lin Yi. "Young hero Lin, the palace Master has something to do ..."

"Alright, I heard you. Lead the way, take me to the Ice Palace." Lin Yi waved his hand, not bothered at all. After all, he and Bing Tang were old acquaintances. Although Lin Yi was a little pissed off at her domineering attitude and condescending attitude back then, she had helped him before, and they were pretty close too. Naturally, he wouldn't be angry at her.

"Okay ..." Manager Li let out a breath of relief. It seemed like Lin Yi was easy to talk to.

But, it was a little weird-Lin Yi had someone on his back the last time he came here, and now he was the Vice sect master. This time, he was carrying another person-was he addicted to carrying people? He always brought people to the Ice Palace? Or did Lin Yi always carry someone on his back? What kind of habit was this?

But no matter what, he didn't dare ask too many questions. He walked carefully in front, bringing Lin Yi in the direction of the Ice Palace.

This wasn't Lin Yi's first time going to the Ice Palace, but the last time, they didn't take the shortest path because of their strength.

Chapter 3334 The Emissary Of The Five Elements Sect

After all, Mystic class Masters didn't have the ability to fly, but Earth Class and Sky Class Masters were different. Their Qinggong would be greatly improved, especially Sky Class Masters.

This time, manager Li didn't go in circles with Lin Yi-he chose the closest path. He knew that for a master like Lin Yi, the so-called secret path of the Ice Palace was bullshit. Lin Yi's perception was extremely strong, and going in circles with him was asking for trouble.

The two of them headed towards the Ice Palace.

"The Ice Palace is right in front of us. Lin shaoxia, can you wait in the waiting room at the entrance for a while? "I'll go report to the palace Master ..."Manager Li was in a difficult position-he didn't want to bring Lin Yi into the Ice Palace without Bing Tang.

"Of course you can." Lin Yi nodded faintly. No matter what, Xiaoxiao was the Vice sect master of the Ice Palace, and Lin Yi didn't need to treat her as an enemy. If the rock Candy girl's pride acted up, he'd just pretend he didn't see it.

"Thank you for your understanding, young hero Lin!" Manager Li let out a sigh of relief.

"Haha ..." Lin Yi smiled, not saying anything.

But, when the two of them got close to the gates, and just as he was about to speak to Lin Yi, an arrogant and domineering figure appeared at the gates with unbelievable speed!

Lin Yi didn't go at full speed because he had to take care of the manager's speed as an Earth Class, and so the figure appeared right in front of the gate, not caring about Lin Yi and the manager at all.

"Who is this?" Lin Yi frowned-there was actually someone this unruly in the Ice Palace? He'd never heard of any powerful male elders in the Ice Palace.

"Ah? Don't you know him?" Manager Li was also quite confused as to where this person had come from-since when did the Ice Palace have someone like this? It seemed like he was an expert?

Lin Yi assumed that this person was from the Ice Palace, but the manager said that he didn't know him. Only then did Lin Yi look at the person who had already walked to the entrance. He wouldn't have known if he didn't look, but he jumped up!

This man was Sky Class late phase peak! It was actually on the same level as Rock Candy? And it was a man? Then this person probably wasn't from the Ice Palace-after all, they weren't men, they were all women! This person didn't look friendly!

What confused Lin Yi the most was the back of the person. He looked familiar, but he couldn't tell where he came from!

"So this person isn't from your Ice Palace?" Lin Yi stopped in his tracks-he didn't rush forward, deciding to observe the situation first. After all, he had something important to do here-if this person was here to cause trouble, he'd have to plan what to do!

Of course, a Sky Class late phase peak like this wasn't much to Lin Yi, but what he was afraid of was that this person was the one opening the path, and there were others behind him!

Lin Yi couldn't be blamed for being suspicious-after all, it wasn't realistic for someone to come to the Ice Palace looking for trouble alone. Bing Tang was Sky Class late phase peak, and one of her was enough to deal with someone.

Although it couldn't be said that the person was going to kill him, it was unrealistic for the person to want to do evil.

That was why Lin Yi decided to wait and see.

"Yes, I don't know him ... Lin shaoxia, what are we doing now?" Manager li didn't know what Lin Yi was thinking when he saw Lin Yi stop, so he asked, "We're not leaving?"

"Since there's a guest here, let's just wait. Who asked him to run so fast?" Lin Yi said faintly.

"This ... Alright!" Manager li couldn't tell what Lin Yi was really trying to say, but his tone was calm. He didn't know if Lin Yi really cared about etiquette and allowed the customer to go first, or if he was just unhappy with the customer.

Just as he was thinking, the Sky Class late phase peak practitioner spoke up, "Where's the rock sugar? Hurry up and come out to welcome the emissaries of my five elements sect!"

The man's voice was full of depth, and the moment he opened his mouth, it was like a Bell-the entire Ice Palace could hear the sound. If it was before, Lin Yi would've been quite envious, but now, it was just a small skill to him.

However, the man's words made Lin Yi's eyes light up. The five elements sect's Messenger? In that case, this person was from patriarch xuanchen's side? Lin Yi finally understood why he looked so familiar!

This person's attire was very similar to the group of robbers who went to the Dark Palace, but ... Was that all? Lin Yi didn't think of it that way-the reason was probably the last part, but what was the real reason?

Because this person's voice was familiar to Lin Yi!

However, no matter what, there was no doubt that this person was from the five elements sect. In that case, the three bandits that he had injured and killed were probably disciples of the five elements sect as well. If that was the case, wouldn't patriarch xuanchen be vomiting blood? His three disciples were in such a state because of him? One dead and two disabled?

After all, there weren't many Sky Class Masters in the five-elements sect-there were only two digits of Sky Class Masters in the entire ancient world, and there were only a hundred or two hundred of them in total, including those from overseas and foreign lands. The five-elements sect lost three of them all of a sudden, so how could they not be heartbroken?

Bing Tang was waiting for elder li to bring Lin Yi over, and she was thinking about how she was going to respond if Lin Yi brought up the promise he made to her as a small wife. En ... If Lin Yi mentioned it, then he'd do it-he'd let her know that rumors stop with the wise!

Working together with the Dark Palace to make up a story about killing a Sky Class late phase peak and crippling two Sky Class late phase peak-who would believe that? Even a full circle master wouldn't be able to kill a Sky Class late phase peak this quickly, right?

And so, Rock Candy didn't really believe this. Other than looking down on Lin Yi at the beginning, it was also because this was too unbelievable and out of its range of knowledge, so it didn't go and welcome Lin Yi.

Chapter 3335 Enemies Meet

But what Rock Candy didn't expect was that someone actually dared to shout outside the Ice Palace? Who was so bold? Don't you know that this is a famous ancient sect?

Could it be Lin Yi? However, what made Bing Tang surprised was that it didn't sound like Lin Yi's voice! She knew Lin Yi's voice!

Furthermore, the other party was referring to the emissaries of the five elements sect!

What was an emissary of the five elements sect doing here?

But no matter what this guy was doing, Rock Candy couldn't just ignore it. The five elements sect's name was right there, and the Ice Palace and the five elements sect had an unclear relationship. Besides, Rock Candy also knew that sky elixir sect was so arrogant because of who was backing them up, so she had to see this guy!

At the thought of this, Rock Candy didn't hesitate and flew out of his room, floating towards the entrance of the Ice Palace!

"The sect master sure is arrogant, making this old man wait for so long before you came out? Are you looking down on the five elements sect?" When the five elements sect's Messenger outside the door saw the rock Candy floating over, he pointed at it and questioned it arrogantly.

"An emissary from the five elements sect? I wonder what business you have with our Ice Palace?" Rock Candy looked at the person's strength-he was only sky Class late phase peak, on the same level as him, so naturally, he wouldn't be too polite. After all, he was the leader of an ancient sect, and it was already good enough that he came to greet him personally-did he think it was too slow?

"Hmph! Rock Candy, I won't waste time with you anymore. Have you considered the sky elixir sect's marriage? Do you agree or disagree?" The five-elements sect's Messenger asked. He came here to carry out this matter. The xuanchen ancestor was in a bad mood after being humiliated by Lin Yi, and he suddenly thought of the Ice Palace, so he sent his disciple, little nine, to the five-elements sect.

Little three, little four, and little five were all dead, and little six was the one who stopped Lin Yi at the Wulong hao te mountain! Twelfth brother was killed, but sixth brother also died later, along with seventh brother and eighth brother. There was no one in front, so little nine was able to step into the Jianghu. This was the first errand he had done since he stepped into the Jianghu. He had been holding back in the sect for a long time, so he was naturally not in a good mood, so he vented his anger on Rock Candy!

One had to know that this engagement was the most important and important thing to patriarch xuanchen! In order for that plan to be carried out, he had to make these inheritors agree to this marriage. Otherwise, it was hard to guarantee that they would not have any selfish motives. If that happened, they would be doomed eternally!

The matter with Rock Candy had been delayed for a long time, and the xuanchen ancestor sent nine here to knock some sense into Lin Yi, as well as to find out what Rock Candy wanted to say. He wanted to see if Xiaoxiao or Rock Candy would be the inheritor.

When little 9th mentioned the engagement, Rock Candy's face instantly changed! "It's really the five elements sect's doing!" She said angrily. I was wondering what was going on with this engagement, why was the sky elixir sect so strong, it's all because of you guys backing them up!"

"Support? So what? Rock Candy, Who Do You Think You Are? She's just the sect master of the Ice Palace-do you think that if it weren't for the fact that your sect is a subsidiary sect of our sect, you'd have your status in the ancient times? Would others be afraid of you? Give you face? In your dreams! If

you go against the five elements sect, I guarantee that the Ice Palace will be destroyed!" Little nine was here to vent his anger. Firstly, it was his own anger, and secondly, it was patriarch xuanchen's anger. Therefore, he was arrogant and did not care!

At that time, Xiaoxiao arrived as well-if Rock Candy could hear Nine's shouts, so could Xiaoxiao. As the Vice sect master, it was only natural for her to show up when there were guests.

It was just that she'd just reached Sky Class early phase, and her strength wasn't as high as Rock Candy-she was just a step slower.

She thought that it was some friendly guest, but Xiaoxiao's face changed when she heard 9th's arrogant words! Who was this Feng Xiaoxiao? He used to be one of the big four tyrants of Songshan's first school! One could imagine her temper-someone was shouting at the entrance of the Ice Palace, so of course she was pissed!

As the Vice sect master, if she didn't fight back, then where would the face of the Ice Palace be? Besides, there were many times when she had to do something that Rock Candy couldn't-this was related to the glory of the Ice Palace!

If Rock Candy opened her mouth, they might start fighting, but if Xiaoxiao opened her mouth, there would still be room for a buffer. This was the difference between a Palace Master and a vice Palace Master-they could attack and defend!

"Who are you, old man? Senior Sister Bing Tang is my husband's little little little little little little wife, what engagement? Is there something wrong with you, you old thing?" Xiaoxiao asked with a frown.

"Your husband?" Nine paused-he didn't know who Xiaoxiao was, but seeing that she was only a Sky Class early phase, he didn't think much of her-she wasn't that strong, either! Also, Rock Candy was someone else's little, little, little, little wife? Why didn't he know about this? It was probably just an excuse to reject the engagement! With that thought, nine wasn't afraid anymore-he didn't dare hit Rock Candy, but Xiaoxiao was an elder! That's right, he thought that Xiaoxiao was just a normal elder! No one had ever heard that Xiaoxiao was Rock Candy's sister-didn't his master leave the Ice Palace long ago? Where could he find a disciple? Then this person in front of him definitely wasn't Feng Xiaoxiao.

And so, 9th glared, reached out his hand, and slapped Xiaoxiao's face. Of course, he didn't want to kill her, he just wanted to teach her a lesson,""Little B * tch, you dare to shout in front of this old man? this old man will slap you to death!"

"Don't you dare!" Bing Tang jumped and quickly pulled Feng Xiaoxiao to the side, but after all, little nine was Sky Class late phase peak. His palm had already swung out, and although Feng Xiaoxiao dodged it because of Bing Tang, the wind from his palm still hit Bing Tang's body, tearing a few holes in his white clothes ...

But even so, Rock Candy didn't dare to say anything. If the people from the sky elixir sect were here, Rock Candy would dare to fight them, but the people from the five elements sect, Rock Candy really didn't dare to! Rock Candy's face turned red and she glared at little 9th!

"A disciple of patriarch xuanchen? It seems that I was too kind to you before, even daring to hit my little little little wife. When I have time, I should go to your five elements sect and kill some people!" Just as Rock Candy was feeling helpless, Lin Yi's cold voice rang out from behind 9th!

Chapter 3336 Showing Mercy?

Enemies meet on a narrow road! Lin Yi was afraid of him back then, but now? Since Lin Yi had already killed a few of ancestor xuanchen's men and made little eleven suffer, would Lin Yi let little nine go back in one piece?

"Who is it?" Little nine was shocked. He didn't expect someone to be so arrogant! He was the high and mighty emissary of the five-elements sect and the disciple of patriarch xuanchen, so he was furious. "It's really a Toad yawning. What big words!"

Lin Yi's voice was heard by nine, as well as Bing Tang and Feng Xiaoxiao. Their faces changed slightly. Bing Tang was a little angry that Lin Yi didn't just call her little little wife, but also made enemies with the five elements sect! If Lin Yi stood up here, wouldn't he be pulling the hatred towards the Ice Palace? Rock Candy didn't think that Lin Yi had the ability to face the five elements sect alone.

Xiaoxiao, on the other hand, was different-she was overjoyed to see Lin Yi, even forgetting that the Ice Palace was in trouble. She hadn't seen Lin Yi in a long time, and missed him so much. She rushed into his arms and hugged him tightly, "Lin Yi honey, you've come to see me!"

"You ... You're Lin Yi?" Little six's face changed at Xiaoxiao's words. However, it wasn't because he was afraid of Lin Yi. He didn't know that little three, little four, and little five died in Lin Yi's hands!

After all, little three, little four, and little five had secretly carried out patriarch xuanchen's orders and pretended to be a robbery gang. Such a thing was extremely disgraceful, and even within the five elements sect, patriarch xuanchen could not speak of it casually to prevent it from reaching patriarch xuanzhen or boss Bai's ears.

Furthermore, when the three of them returned, one was dead and two were injured. Patriarch xuanchen would not say such an embarrassing thing to weaken his own morale!

Therefore, little nine didn't know the specific inside story of this matter. He only knew that the three senior brothers were killed and disabled during the mission, but he didn't know who killed or injured them. Although this matter was shocking, little nine also knew the rules. He wouldn't ask about things that he shouldn't ask!

Of course, if it had been a while longer, little nine could have gotten some clues from other people. After all, this matter couldn't be hidden for a long time. Unfortunately, it had only been a short time, and he was assigned a mission by patriarch xuanchen. Thus, little nine didn't know about Lin Yi's heroic deeds at all. His memory was still stuck at the Wulong hao te mountain range, when Lin Yi killed twelfth brother and injured taganlong!

"So it's you, Lin Yi! What an arrogant tone you have there! I let you escape in the Wulong haote mountain range, but this time, I'll kill you first and take revenge for my twelfth brother and taganlong!" Xiaojiu smiled coldly. He didn't expect to get such an unexpected reward from this trip. If the main culprit of Wulong haote mountain range, Lin Yi, could be killed, then he would have made a huge contribution!

Little nine also knew that his position among the five elements sect's disciples was not that outstanding in the past. There were six senior brothers above him, but it was different now. Other than little one and little two, he was the only one. If he were to make a contribution this time, patriarch xuanchen would definitely think highly of him, right?

With that thought, nine was determined to kill Lin Yi right there and then.

"Is that so? Then let's see who dies first!" Lin Yi's lips curved into a smile. As soon as he finished speaking, he put Feng Xiaoxiao aside and activated his practitioner's Arts. He used the eleventh form of the raging fire Eight Trigrams palm and hit Nine's chest!

Nine raised his guard against Lin Yi's palm, but he didn't care too much. After all, he could tell that Lin Yi was Sky Class mid phase when he used the practitioner's Arts. He was surprised at how fast Lin Yi's strength increased, but he didn't care much about it. After all, Lin Yi's strength did increase, but he wasn't worthy of his attention-he was Sky Class late phase peak.

Hence, little nine started circulating her Arts to protect her body with pure Qi, but she didn't Dodge. Instead, she was prepared to give Lin Yi a critical hit when Lin Yi attacked, fighting Lin Yi head-on!

"BOOM!"

The eleventh style of the wild fire Eight Trigrams palm landed on little Jiu's chest. The disdain in little Jiu's eyes turned into shock, and in less than a second, little Jiu's body was sent flying, crashing into the Ice Palace's wall with a deafening sound, creating a huge hole in the Ice Palace's pillar!

Nine was shocked, but Bing Tang and Xiaoxiao were even more shocked. Bing Tang's eyes flashed with a complicated look-Lin Yi could really kill a Sky Class late phase peak? How was this possible? Lin Yi's strength was Sky Class mid phase-how could he use such a powerful move? Rock Candy couldn't believe his eyes.

As for Feng Xiaoxiao, she was shocked, but she was even happier. Lin Yi was even stronger than before, he could even injure Sky Class late phase peak! In the entire world of practicing, who could look down on Lin Yi's existence?

"No... That's impossible!" Little nine clutched his chest. He was not dead yet. This was because he had used his Qi to protect his body. However, even with his Qi, the power of the eleventh style of wild fire Eight Trigram palm and the essence Qi necklace was not something he could withstand. He had suffered a very serious internal injury!

"The one dead and two crippled trash in the dark Palace were your fellow disciples, right? I say, little Jiu, why can't your five elements sect learn from this? You think it's fun to be killed by me?" Lin Yi said faintly as he looked at nine.

"What? Third senior brother, fourth senior brother, and fifth senior brother were all done by you?" Nine's eyes widened in shock as he looked at Lin Yi in disbelief. However, his words had also exposed the identities of three, four, and five.

Lin Yi only mentioned it casually because he saw that Lil "Jiu's dressing was similar to the three robbers from the Dark Palace, but he didn't think that the three of them were Lil "Jiu's Shixiong!

Haha, patriarch xuanchen lost three disciples at once. He's going to cry ... Oh, no, it should be four!

Even if nine didn't die, he'd still be a cripple that couldn't be cured. Lin Yi didn't kill him, but thought about it and decided to let him live."Little Jiu, do you know why I showed you mercy and didn't kill you?"

"Ah?" Little nine almost cried. You call this mercy? If you don't show mercy, what will happen?

Chapter 3337 Agreeing To The Inheritance

But thinking about it carefully, it was indeed so. Third senior brother was killed, so if Lin Yi wanted to kill him, it would be easy. He really was merciful!

Go back and tell xuanchen that he'd better not get involved in my Affairs." Lin Yi warned coldly,"the people of the Ice Palace are people I want to protect, but if he wants his disciples all dead, that's fine too. You're welcome to come again!"

"Yes ... Yes ..." Little nine dared to say no at this time? He could only nod in agreement.

"Get lost," Lin Yi waved his hand, signaling for nine to leave.

"I'll get lost now. Thank you for not killing me, Master Lin ..." Little nine was very depressed. He had come valiantly and left dejectedly. He had even gotten himself seriously injured. He probably couldn't be cured. When he returned, he would be like old fourth and old fifth.

During the whole process, Rock Candy didn't say a word. She didn't know what she wanted to say, what she could say. Lin Yi's strength really did exceed Sky Class late phase peak, otherwise, how could he kill Sky Class late phase peak?

Moreover, the incident in the dark Palace was actually true! With a seriously injured person like little 9th in front of him, and with little 9th personally admitting to it, although Rock Candy didn't believe it before, he had no choice but to believe that it was true.

"Lin Yi ..." Bing Tang wanted to thank Lin Yi, but he couldn't say it.

"Sugar candy, little, little, little wife, we meet again." Lin Yi smiled.

"I ... Who's your little ... Wife!" Bing Tang's face reddened, but she suddenly realized that she didn't hate Lin Yi as much anymore. Was it because Lin Yi helped her solve the problem? Or ... Did he really worship the strong? Were the words he said in a fit of pique really his criteria for a spouse?

"Haha ..." Lin Yi laughed, not teasing Bing Tang anymore. He had been separated from Feng Xiaoxiao for so long, and naturally, his thoughts were on Feng Xiaoxiao. Lin Yi held Feng Xiaoxiao's hand, ""Xiaoxiao, how have you been for the past half year? Are you alright?"

"En en, not bad. Bing Tang is very good to me, and I'm very good in the Ice Palace ... It's just that I really miss Lin Yi and Tang ... Yaoyao sis and Shu sis." Xiaoxiao almost blurted it out-she wasn't as experienced in hiding as Mengyao and Yushu were, and this was the first time she'd seen Lin Yi after Tang Yun left. She almost blurted it out, but Lin Yi didn't mind as she changed the topic to Rock Candy, "Lin Yi honey, when are you going to marry your sister? she'll become your little sister then!"

"Ahem ... Xiaoxiao, what are you talking about?" Rock Candy jumped-he thought that Xiaoxiao and Lin Yi were getting intimate, and he'd avoided the question for now, but it seemed like that wasn't the case at all. Xiaoxiao remembered it better than Lin Yi! But what made Rock Candy puzzled was why Xiaoxiao wasn't jealous? Although everyone was from the ancient era and had preserved the ancient customs, there was also a saying of jealousy in the ancient times, right? How many battles were there in the harem?

"Haha, Rock Candy, did you forget your promise? You didn't say that you were spouting nonsense back then, did you?" Lin Yi looked at Rock Candy with a smile that wasn't a smile on his face. He felt like he was a farmer who had just been reborn. How proud was Rock Candy the last time they came to the Ice Palace? But now, the two of them were on equal terms, and Lin Yi was even stronger!

"I ..." Bing Tang was a little speechless. Yes, she admitted it herself, and now she was going back on it. She was the master of the palace, after all, and she couldn't say something like that. But, she didn't really want to marry Lin Yi just like that. After all, those were just words of anger, and there wasn't any emotional Foundation. Before, she looked at Lin Yi with a high and mighty attitude, because Lin Yi was weak in her eyes. But now, she had become the Savior of the Ice Palace. It was even more powerful than Rock Candy. How could Rock Candy accept this in her heart?

But, unknowingly, Rock Candy's impression of Lin Yi had changed completely. The Lin Yi now, Rock Candy didn't look down on him anymore, but was a little scared!

If it was before, she'd be able to find a random excuse to get away with Lin Yi's questions, but she didn't dare to say anything now ...

Luckily, Lin Yi didn't make things difficult for her. He got down to business."Rock Candy, let's get down to business. I'll try my best to make your icy heart Jadestone pill, but I'll also agree to let Xiaoxiao accept the inheritance!"

Lin Yi's words stunned Xiaoxiao. She didn't understand why Lin Yi would suddenly agree to let her accept the inheritance. After all, he rejected this firmly before, but now that he had the power to talk to Bing Tang and change this, he compromised. What was the reason?

Of course, Xiaoxiao hadn't been in contact with Mengyao and Yushu all this while, so she didn't know what had happened at home.

"Ah?" Rock Candy was confused as well-she didn't understand why Lin Yi would agree to Xiaoxiao's request if he was making the pill for her. This made Rock Candy very puzzled.

"Rock Candy, I'm going to say a few words to Xiaoxiao, but I hope you won't tell anyone." Lin Yi looked at Bing Tang and reminded her. With Bing Tang's strength, Lin Yi couldn't hide the content from her even if he hid to the side.

"Who cares? Do you think I'm that gossipy?" Rock Candy pouted.

"Ha ..." Lin Yi turned to Xiaoxiao, "Xiaoxiao, before, I didn't like being an inheritor, because the danger you face is unknown, but now ... The people around me have become inheritors, so I have to change my mind. I can protect you, so you are all inheritors and my girlfriends. It's not a bad thing to face danger together and help each other."

"Ah?" Xiaoxiao was shocked. She thought that Lin Yi already knew about Tang Yun. After all, the person beside Lin Yi was an inheritor, and Lin Yi's girlfriend at that. Who else could it be other than Tang Yun?

Of course, she didn't know that Chu Mengyao had already left for the Dark Palace.

"You haven't been in contact with your family all this time, so you might not be very clear. Now that Yaoyao has become a metal element inheritor, she's in charge of the Dark Palace." Lin Yi said with a faint smile. "Her words carry enormous weight in the dark night Palace. The Grand Elder there has more authority than your Senior Sister ..."

Chapter 3338 Aunt Qing's Shock

"Hmph!" Bing Tang hmped unhappily. She knew very well what kind of person the Grand Elder of the Dark Palace was. Lin Yi's strength was clear for all to see, so it would be weird if the Grand Elder didn't want to please him.

"Hehe, it's fine. Isn't Senior Sister also your little little little little wife? Besides, I don't like to deal with the matters of the palace. " Xiaoxiao didn't mind, "but, Yao Yao sis is an inheritor too?" It was so magical! But, didn't Lin Yi's husband say that she was his girlfriend? Could it be that you and Yaoyao sis have already ..."

"Haha, yes, Yaoyao is my girlfriend now ... And what's even more amazing is that Shu is the inheritor of the fire element of the fiery mountain. She hasn't left yet, but she's pretty close to it." Lin Yi said.

"Ah? Shu too?" Feng Xiaoxiao was completely shocked. She didn't think that Lin Yi would have so many inheritors by his side. These people were all related to Lin Yi!

At this moment, Rock Candy was also extremely shocked. She knew about Chu Mengyao's situation, but Chen Yushu didn't. Now, she couldn't imagine that Feng Xiaoxiao, Tang Yun, Chu Mengyao, Chen Yushu, all of these women were close to Lin Yi. Now that these people had become inheritors, even if Tianjie Island opened up, Lin Yi would still be the leader. Who asked these people to be Lin Yi's people?

"En, so you can rest assured and accept the inheritance. Your cultivation speed should be faster!" Lin Yi said. Xiaoxiao was the first one to receive the inheritance, but her practicing speed wasn't that fast. She'd been in the Ice Palace for half a year, and she was only sky Class early phase-and that was with all the resources the Ice Palace had-but how long had Mengyao been in the dark Palace? It was obvious that accepting the inheritance was different from not accepting it.

"Okay, I know." Xiaoxiao nodded, letting out a breath of relief. This had been bothering her for a long time-she knew that love didn't come without reason. In the Ice Palace, not only did he save her life, he even promised to save her mother and give her cultivation resources-what was all this for? Wasn't it all for her to become the inheritor?

But, without Lin Yi's approval, she didn't dare to just say yes-now that Lin Yi had confirmed it, she'd be a lot more loyal in the Ice Palace.

"This is the first thing I came here for ..." Lin Yi said as he pointed at the person he was carrying on his back.

At this time, Feng Xiaoxiao also suddenly remembered that Lin Yi was carrying someone on his back. Although Feng Xiaoxiao didn't know this person, but Lin Yi carried him over, so there must be something.

"You came to help Xiaoxiao last time-you don't need us to help you this time, do you?" Bing Tang looked at Wang Xinyan on Lin Yi's body and frowned.

"I want to see aunt Qing alone. Bing Tang, make the arrangements." Lin Yi didn't explain much-Lin Dongfang had told him to keep a low profile, and only tell aunt Qing about his identity, not letting too many people know.

"Okay ..." Bing Tang was helpless at Lin Yi's tone. It was as if he had turned her into his little girl. He wanted her to arrange it? Don't you know that I'm the sect master? If you want to see aunt Qing, instead of begging me, you directly asked me to arrange it?

Of course, to others, it was like this, but to the current Lin Yi, Rock Candy couldn't even get angry!

Lin Yi's words from back then were true-a hero shouldn't be afraid of his background. You could look down on the Lin Yi of the past, but you couldn't look down on the Lin Yi of the present. The winner was King, and the loser was a Bandit.

If Lin Yi wasn't strong enough, he would've been kicked out already.

Xiaoxiao paused, not knowing why Lin Yi wanted to see aunt Qing alone. Could it be that only aunt Qing could save the person in Lin Yi's body? She didn't understand, but she knew that Lin Yi wouldn't hide things from her. It was probably to avoid the rock Candy, so she didn't ask.

Aunt Qing, after receiving the disciple's message, also rushed over. When she heard from the disciple that Lin Yi crippled a Sky Class late phase peak Messenger from the five elements sect and ran away, she was shocked!

It seemed like the rumors were true-Lin Yi really did have that kind of strength now. But aunt Qing was different from Bing Tang-she was just happy. She thought Lin Yi was a man of integrity, and now that he'd succeeded, it meant that her judgment was right.

"Lin Yi, you were looking for me?" After aunt Qing came and saw Lin Yi, she found that he was still the same Lin Yi from before. From the outside, there didn't seem to be any difference. Who would've thought that he would change so much in just half a year?

"En, aunt Qing, let's find a place to talk in private." Lin Yi nodded.

With Lin Yi's words, Bing Tang couldn't say anything more. Lin Yi and aunt Qing went into a separate living room, and Bing Tang was with Xiaoxiao, so it wasn't appropriate for them to eavesdrop. The two of them went to study the inheritance, and since Xiaoxiao had agreed, they had to do it as soon as possible.

"Yi, I really didn't think that you'd have such strength in just half a year. I'm really happy for you!" Aunt Qing sincerely said. Then, her expression turned serious and she said, "Why did you come to see me this time?"

"Aunt Qing, with all due respect, may I ask if you have an older sister? Did he leave with Rock Candy's master?" Lin Yi asked slowly.

"Oh? How do you know?" Aunt Qing was very surprised by Lin Yi's question-this was something only a few people in the Ice Palace knew about, and no one else knew about it. She was very curious-how did Lin Yi hear about it? Even Xiaoxiao didn't know, so Lin Yi wouldn't know either.

"I have an elder who told me about this. He was also the one who asked me to come and find you!" Lin Yi said.

"Elder?" Aunt Qing was confused-Lin Yi had an elder? Lin Yi's elder knew her? Wasn't Lin Yi just a normal practitioner? Why are elders also people from the world of cultivation?

"Yes, he's my grandfather." Lin Yi nodded.

"Your grandfather? Who is he?" Aunt Qing was even more puzzled.

"His name is Lin Dongfang. Does aunt Qing know him?" Lin Yi didn't know what kind of connection Dongfang and aunt Qing had, but old Lin had to have his reasons for asking him to come.

"What? what did you say?" Aunt Qing cried out!

Chapter 3339 Another Energy Stone

"I said ... His name is Lin Dongfang, does aunt Qing know?" Lin Yi didn't think that aunt Qing would have such a huge reaction. He was very confused!

"He's called Lin Dongfang? Lin Dongfang is your grandfather?" At this moment, aunt Qing lost her composure. Her eyes were filled with disbelief and shock. However, she was more excited! There's news, there's finally news of him!

However, aunt Qing still felt a slight sense of loss. He was married? Of course, his grandson was already so big ... Lin Yi, Lin Dongfang, so Lin Yi wasn't a normal practitioner, he was a practitioner with a huge background!

Although it was common to have three wives and four concubines in the ancient times, aunt Qing was still not very happy. After all, Lin Dongfang had said that he could not consider his personal problems in his situation, not that he did not like aunt Qing!

But now, not only was Lin Dongfang married, even his grandson was already so big. How could aunt Qing be happy? Wasn't this a scam?

Therefore, at this moment, aunt Qing was a little sad. "So he's already married ... So you're his grandson, no wonder you're such a hero ..."

"Married?" Lin Yi blinked, remembering something from aunt Qing's resentful eyes. He couldn't help but smile bitterly. Could this be the old man's lover when he was young? However, it wasn't appropriate for a junior like Lin Yi to get involved in these things. He could only tell the truth, "Aunt Qing, my grandfather is not married. I am an orphan he adopted. He can be considered as my master, and he can also be considered as my family."

"Ah? So it's like this?" The disappointment in Qing's eyes was replaced with life and the way she looked at Lin Yi was much more kind! Lin Yi was Lin Dongfang's God-grandson, so wasn't that the same as him? It seemed that helping Lin Yi back then was the right decision! Aunt Qing's voice trembled as she asked, "is your grandfather alright?" Where is he?"

"He ... I don't know. He used a special way to contact me and told me to look for you, but I don't know what he's doing or what he's busy with ..." Lin Yi could tell that aunt Qing and Lin Dongfang had a special relationship, but he had to lie to not expose Lin Dongfang's location.

"Oh, I see ..." Aunt Qing sighed. Actually, she had already guessed it. How could Lin Dongfang not have left with her?

"Grandpa said that it's enough for you to know about this. He doesn't want too many people to know ..." Lin Yi said.

"Oh? "Okay ..." Aunt Qing was surprised. It seemed like Lin Yi didn't know Lin Dongfang's power, nor did he know what Lin Dongfang's grandson represented in the ancient world! If he had told Rock Candy about his family background, would Rock Candy still dare to say those words? He obviously didn't dare- Lin Yi claimed to be a freelancer, and a hero didn't care about his background-he probably didn't know Lin Dongfang's true strength either!

This also proved that Lin Dongfang left when Lin Yi was very young, and Lin Yi was still young!

"Aunt Qing, I came to find you this time because of this person on my body." Lin Yi said as he placed Xinyan on the sofa. "I heard that your sister's physique is very similar to hers ..."

Lin Yi didn't finish his sentence-there was no need for that. He believed that aunt Qing would understand what he meant.

As expected, aunt Qing's face turned serious as she looked at Xinyan."You said that she ... Also has a sponge body?"

Lin Yi nodded slowly and told aunt Qing everything about Xinyan from the beginning to the end, putting emphasis on the herb.

"If I'm not wrong, then it must be this physique." After aunt Qing heard this, she slowly nodded her head,"You came to me to find a solution, right?"

"Not bad!" With Lin Dongfang's connection, Lin Yi was much closer to aunt Qing, and his tone was much more natural,"I heard that aunt Qing's sister also had this kind of physique back then. However, her achievements on the path of cultivation were extraordinary ..."

"Yi, since you're Dongfang's God-grandson, you're like my junior. I'll help you with this no matter what."
"But, although I know my sister's story very well, you must know that her success can not be replicated!" Aunt Qing said.

"What do you mean?" Lin Yi blinked.

"Back then, with the help of the old sect master, my sister found a place that was blessed by the heavens to practice. With the help of her Arts, she was able to quickly increase her strength and become

Sky Class late phase peak." Aunt Qing said, "however, the heaven and earth spiritual Qi contained in that unique cultivation site is limited. Most of it was used by my sister. Later, Palace Master Bing Tang also cultivated there, and some disciples also cultivated there. That place is no different from an ordinary place. There is nothing special about it!"

"In other words, without a training ground, just having a heart technique is useless, right?" Lin Yi frowned.

"Yes, I am." Aunt Qing said with certainty.

"I see ..." Lin Yi sighed. This was similar to what Lin Dongfang expected-Xinyan could recover in a place with rich Qi, and she could survive even without training!

But the key question now was, where could he find such a place? Lin Yi pondered for a moment and couldn't help but ask, "What's wrong? is there any other way? Must it be a place with abundant spiritual Qi?"

"This ... There seems to be another way ... Let me think!" As she spoke, aunt Qing closed her eyes and fell into deep thought.

Lin Yi didn't want to interrupt her, so he waited quietly for her answer-this was his only hope. He didn't think that Xinyan's body would be so complicated, but no matter what, Xinyan's problem was because of him. If he didn't absorb the scent from her body, Xinyan would still be safe and sound, and she wouldn't be able to become a practitioner at most without exposing her body.

However, so what if she revealed her physique now? If Xinyan wanted to become a practitioner, she had to have a place like a paradise that was full of natural energy-she couldn't just cultivate as she pleased.

"Yi, I remember what sis said before. If we have those energy stones for cultivation, we can achieve the same goal, but we'll need a lot of them!" "I don't know," said aunt Qing, "have you ever heard of this kind of energy stone?"

Chapter 3340 Contacting Yu Dake

"Energy stone? Is it white in color?" Lin Yi blinked as he asked.

"That's right. It seems like you know about it. I thought that you wouldn't know about such an ancient matter. I think it was your grandfather who told you about it, right?" Aunt Qing thought that Lin Dongfang was the one who said it, but Lin Yi didn't, and he didn't explain much.

"How many of these white energy stones do you need?" Lin Yi calmed down a little after hearing aunt Qing's words. He was planning to go to the hakunamarta desert to find the Paoli clan, and if everything went well, he could trade for some white energy stones. He didn't know the exact amount, but he would supply Wang Xinyan first. As for han Jingjing's medicine cauldron, what was the point of not earning this money?

"It's hard to say. If it was a normal practitioner, with such a big energy stone, they could cultivate to Mystic or earth grade without a problem ..." Aunt Qing said as she gestured with her hand. It was about the size of uncle Fu's stone, then continued, ""But there's a lot more of this type of sponge body-it'll take at least thirty to fifty to reach golden class!"

"What?" Lin Yi was shocked at the amount-thirty to fifty? What kind of joke was this, just golden class? If he needed so many energy stones just after starting on the path of cultivation, how much would it take to cultivate online?

Lin Yi guessed that he could probably get some energy stones from the Paoli, but he wasn't sure if he could get that many. He decided to settle for the second best option, ""What if I just want to maintain peace for a lifetime and not cultivate?"

"Then I'll need about ten pieces." "Of course, I'm just estimating," said aunt Qing. "In fact, there may be some discrepancies."

"Phew ... Ten pieces is okay!" Lin Yi nodded. This time, no matter what price he had to pay, he would bring back ten energy stones from the Pauli race. The Pauli race should have ten extra.

"You have such an energy stone?" Aunt Qing was surprised-this thing had been gone for a few hundred years already, so where was Lin Yi supposed to get it?

"No, but I plan to head to the hakunamarta desert to find the Paoli clan and make an exchange with them!" Lin Yi said.

"So that's how it is." Aunt Qing clearly knew about the matters of the Pao li clan."If that's the case, I can only wish you success, Yi! Aunt Qing can't help you much and can only provide you with this information. However, if you want to cultivate, aunt Qing can also find a way to see if big sister has left behind any cultivation methods!"

"Uh ... You still haven't found it?" Lin Yi thought that aunt Qing might have some practitioner's Arts, but it seemed like she didn 't.

"There should be, but I'm not sure because the rest of us can't cultivate it. It's useless to have it, so after my sister left, I didn't deliberately look for it." Aunt Qing explained.

"Okay, aunt Qing, I'll contact you if I need it!" Lin Yi nodded, "I won't disturb you then. I'm going back now. I'm going to the hakunamarta desert!"

"Alright," he said. Aunt Qing nodded, then hesitated for a moment before saying, "If you have news of your grandfather, tell aunt Qing ..."

"En!" Lin Yi smiled bitterly. Old Lin didn't want him to say anything, so he didn't dare to!

Lin Yi found aunt Qing, and although he got a better answer, he didn't know if he could find the Paoli race, and if he could make a deal with them.

Lin Yi had something on his mind, so he naturally wouldn't stay in the Ice Palace for long. After saying goodbye to Xiaoxiao, he said goodbye to aunt Qing and Bing Tang and left.

It hadn't even been a day in the Ice Palace, and as much as Xiaoxiao didn't want him to leave, she knew what kind of person Lin Yi was. Didn't he go around asking for help like this for her? And so, Xiaoxiao didn't want to waste Lin Yi's precious time.

Lin Yi returned to Donghai city on the purple lightning Beast. He came and left in a hurry, and Yushu was surprised that he was home so soon.

"Shield bro, you saw Xiaoxiao? Can sister Xinyan be saved?" Yushu asked, but her heart still sank when she saw the unconscious Xinyan. Lin Yi wouldn't have carried Xinyan back if he could be saved.

"There's hope, but it's a little troublesome. I'm going to the hakunamarta desert tomorrow, so Xinyan will stay at home." Lin Yi said after some thought. "Shu, it's pretty close to Huoyan Mountain, do you want to go with us?"

"I ... I think I'll pass. I'll drag it out as long as I can. After all, we still have to take care of sister Xinyan at home, right?" Although Huo Shaoyun was Lin Yi's follower, Yushu didn't want to face separation. She didn't know when she'd be back, and she was afraid that she'd have to stay in the mountain.

"Alright," he said. Lin Yi understood what Shu was thinking and didn't force her.

After returning to his room, Lin Yi started thinking. Who should he bring along this time? The hakunamarta desert was full of unknown dangers. To be honest, if Lin Yi were to bring someone, the most capable person would be Yu Dake. Yu Dake had been to the hakunamarta desert once. Although he didn't find the exact location of the White energy stone, he was very familiar with it. It was better than Lin Yi looking for it alone!

So, with that thought, Lin Yi dialed Yu Dake's number.

"Mr. Lin?" Yu Dake was very surprised when he received Lin Yi's call. Lin Yi was his Savior and his sister's helper. He had always wanted to meet Lin Yi again, but as Lin Yi's status rose, he was no longer the person who had to rely on luck to escape from the hidden level.

He wouldn't have been able to escape the combined attacks of a few hidden houses if it weren't for his luck at the Hidden House Summit, but he didn't care about them anymore now. The ancient level was about to be stepped on, right?

He'd heard that Lin Yi could kill Sky Class late phase peak in seconds-what kind of power was this? the gap between Yu Dake and Lin Yi was getting bigger and bigger, and Yu Dake was too embarrassed to contact Lin Yi.
