

## Bodyguard 3341

### Chapter 3341 Preparing To Leave

However, he didn't know what Lin Yi's plans were. He was afraid that he wouldn't have anything else to do after leaving.

"How about this? I'll talk to you Panhu, and then you can come to my villa to find me. I have something to tell you." Lin Yi said.

"Yes, Mr. Lin!" Yu Dake was both surprised and happy. He wanted to have a relationship with Lin Yi. Who wouldn't want to follow a strong person? With Yu Dake's talent and house you's strength, it would be very difficult for him to advance further, so following Lin Yi was a shortcut.

After hanging up, Lin Yi called Yu Panhu.

"Ah, isn't this boss Lin Yi? Why are you looking for me?" Yu Panhu was pissed at Lin Yi, but he didn't dare to say it out loud! He didn't have any thoughts of taking revenge on Lin Yi now. The difference in strength between the two was too big, and even his backer couldn't do anything to Lin Yi. What would he do then? Obviously not. He didn't want to die yet. He didn't want to implicate the hidden you family!

"I want someone from you." Lin Yi said.

"Ah?" The right Panhu was shocked and said with a bitter face, ""Boss Lin Yi, what kind of people do you want? don't accuse me, I wouldn't dare to take your people ..."

Yu Panhu obviously misunderstood and thought that Lin Yi said he kidnapped Lin Yi's friend! In the past, he was fearless because he didn't know. He dared to kidnap Guan Xin with Kang Zhaoming, but now, he didn't have the guts to do that. Even if he were to eat a hundred Qi gathering pills and become a Sky Class late phase peak, he wouldn't dare to act rashly in front of Lin Yi!

Even that Sky Class late phase peak died in Lin Yi's hands.

"It's useless to say that. There's a person called Yu Dake, right?" Lin Yi asked.

"Ah? Yu Dake? I think so ..."The right Panhu was stunned."Boss Lin Yi, you mean this guy? Did he offend you? This person is only a guest of our family, not a member of our family! I'll go and punish him now!"

"I'm not asking for your punishment. I have something else to discuss with him. " Lin Yi interrupted him, "He's been working in your house for many years, right? You can give him something good and let him come to me. "

"Sure, no problem!" You Panhu quickly agreed. Although it was not easy for a guest to leave the family, not to mention giving money, this was a treatment that could only be obtained after a great merit! But when Lin Yi asked, he agreed without thinking. To him, this was a small matter. If house you really pissed Lin Yi off, it would be a big deal.

Lin Yi didn't waste any more time talking to him. He hung up the phone and waited for Yu Dake to come.

Yu Dake's speed wasn't slow, but this was also because the Hidden House you wasn't too far from Lin Yi's Villa.

"Yu Dake? Why are you here?" Chen Yushu was watching TV in the living room when someone knocked on the door. She walked over to open the door and saw that it was Yu Dake. She was a little confused.

"Shu, Hello, Mister Lin Yi asked me to come. Is he here?" Yu Dake asked politely.

"Oh, shield bro's in the bedroom, I'll go get him for you ..." Lin Yi walked out before Yushu could say anything.

"Yu Dake, you're here. Sit down and let's talk," Lin Yi made an inviting gesture to Yu Dake.

"Okay, Mr. Lin, I wonder why you asked me to come ..." Yu Dake was a little confused. Why did Lin Yi suddenly ask him to come here?

"It's like this. I'm going to the hakunamarta desert. To put it bluntly, I'm going to find the energy stone you gave me." Lin Yi didn't beat around the bush and spoke his purpose directly, "I've never been there before, but you've been there once. So, if we go together, it'll be much easier with you as a guide. "

"Of course, no problem!" Yu Dake agreed without even thinking. He had always been grateful to Lin Yi and worried that he wouldn't have a chance to repay him. Now that Lin Yi needed his help, how could he reject it?

"Hehe, it's good that there's no problem." "Alright, pack up then. We'll leave tomorrow!" Lin Yi nodded.

"That's fine, but ... Can I bring another person along?" Yu Dake hesitated. He knew that it wasn't a good idea to make Lin Yi a request. After all, he was the one who asked him to lead the way. What was the point of bringing another person? Could it be that he wanted a share of the loot? However, Yu Dake didn't think that way. He had his own thoughts and goals, so he still asked tentatively.

"Oh? Who are you bringing?" Lin Yi frowned. Although he didn't reject it directly, his tone was a little unhappy. He didn't want too many people to know about his trip to the hakunamarta desert, but Yu Dake was related to Yu Xiaoke, so Lin Yi didn't want to be rude.

Yu Dake wasn't someone who didn't know what to do. He saw Lin Yi's displeased face and felt a little awkward. He rubbed his hands and said carefully, "Actually, I want to bring my sister Xiaoke along. If it's too difficult, then I'll just forget about it."

"Xiaoke?" Lin Yi blinked and smiled. "Why didn't you say so earlier? Of course she can, but what's the point of bringing her along?"

"It's like this, don't I have a family heirloom secret art? My home ... Used to be in the hakunamarta desert. That secret technique is hidden in the desert. I want Xiaoke to go because of that secret technique!" Yu Dake didn't hide anything and told her his purpose.

"Oh? Xiaoke's strength is relatively weak. Will she be able to follow us? Why don't we get that secret art back and give it to her?" To be honest, Lin Yi was worried that Yu Xiaoke was in danger due to her low strength.

"It's not impossible, but according to some information passed down in my family, it's easier to get started if you practice the first level of the secret art in my family. There's no need for it in the future." Yu Dake said.

"So that's how it is." Lin Yi didn't question that-after all, many practitioner's Arts required the right environment to train in. For example, if you let Bing Tang train in the fire Mountain, he wouldn't be able to achieve anything in his entire life. So Lin Yi agreed, "Then bring her along! How about this, you go to the orphanage in Songshan and prepare with Xiaoke, then come over tomorrow morning and meet me at my villa's entrance. "

Chapter 3342 Go Home Together

"Alright, thank you for your help, Mr. Lin!" Yu Dake said happily. In fact, even if Lin Yi didn't go to the desert, he would find a chance to go there again. However, he didn't want to look for energy stones. He just wanted to get Yu Xiaoke's chant.

The reason why he didn't bring you Xiaoke was because he wasn't that strong himself, but Lin Yi was different. Now that Lin Yi could kill Sky Class late phase peak in seconds, he had enough power to protect you Xiaoke. So even if there were some dangers, it wouldn't be a problem with Lin Yi around.

Yu Dake said goodbye to Lin Yi and got into a Wrangler's SUV. This was the money that right coiled Tiger gave him. At least he had a means of transportation when he went out.

Yu Xiaoke was finally able to catch her breath. The construction of the orphanage had taken shape, and it was now the biggest charity organization in the province. Not only did they take care of abandoned babies, but they also provided free medical aid to poor families!

It must be known that some parents abandoned their sick babies not because they were cruel, but because they really did not have the money to treat them. Instead of letting their children die in their

own homes, they might as well try their luck and see if they were picked up by good-hearted people to raise and treat them.

If the child could be cured, they wouldn't abandon him, and so Yu Xiaoke's orphanage was providing free help to these families!

The medical building in the orphanage was already completed. After all, miracle doctor Guan's medical company was in this industry. Building a hospital and using Guan Xueming's position in the medical school to make a call, many students would want to join the hospital. Moreover, Guan Xueming's son, Guan Xiaoxiang, had rich experience in running a hospital. It was easy to send a director who knew how to manage it.

Therefore, even though the orphanage's Hospital was newly established, its technical standard was not bad at all. Therefore, there were people coming and going at this moment!

What made her even more surprised was that there was a huge sum of money in the orphanage's account. This money came from foreign exchange. Although this was the public donation account of the orphanage, the amount of money donated was limited. At most, it was in the tens of millions, but this time, it was in the hundreds of millions, and it was in euros too! This made Yu Xiaoke a little confused!

Who would donate such a large sum of money? If it was a domestic donation, Xiaoke would believe it, but a foreign donation? she didn't believe that foreigners would know about her orphanage. Even if he knew, he wouldn't have donated so much, right?

And so, Yu Xiaoke's instinct told her that this money was related to Lin Yi, but she couldn't rule out the possibility that it was from the male thief. She didn't know why, but she felt that the possibility was higher!

Sometimes, Yu Xiaoke had to admit that the money the male thief gave her wasn't as much as Lin Yi 's. The more it was like this, the more Yu Xiaoke felt conflicted. There were a few times when she wanted to call Lin Yi and ask him if he was the one who got the money.

However, she was afraid that Lin Yi would be arrogant and make some unreasonable requests, which would make things even more difficult for her! However, Yu Xiaoke wasn't an ungrateful person. She hesitated for a long time before calling Lin Yi's phone. Who knew that Lin Yi's phone was turned off!

Lin Yi had no choice but to ask fatty Lai. Fatty Lai couldn't find Lin Yi, so he called Chen Yushu and learned that Lin Yi went abroad to Europe. Fatty Lai told Yu Xiaoke about it.

This time, Yu Xiaoke didn't doubt it anymore. This money was definitely Lin Yi 's, but the more it was like this, the more Yu Xiaoke felt that she owed Lin Yi! In fact, this money was for the orphanage, and she didn't have to spend a single cent. She had every reason to treat Lin Yi as a "good person" and not worry about it. There were so many foundations in the world, and if the person in charge of each Foundation were to worry about the person who donated the money, wouldn't it be a mess if they didn't want them to have bad thoughts?

However, Yu Xiaoke treated herself as a member of the orphanage. Even if the money wasn't spent on her but on the children, she felt that it was for her own sake. This was the reason why Yu Xiaoke was conflicted.

Now that the orphanage was on the right track, Yu Xiaoke wasn't as busy as before. To put it bluntly, she was of little use now. Now that the orphanage was on the right track, she didn't have to go around looking for money anymore.

However, the more free she was, the more she was afraid that Lin Yi would come to her. She lived her life in a dilemma. Today, an uninvited guest came to her office, and she took a closer look-it was her brother!

"Brother, why are you here?" Yu Xiaoke was surprised. Her brother didn't come back after he left last time. Yu Xiaoke missed him too but she didn't know how to contact him. She wanted to ask Lin Yi but she was afraid that she would be a sheep in a Tiger's mouth.

"Xiaoke, how have you been? I didn't expect this orphanage to be of such a large scale!" The last time Yu Dake was here, the orphanage wasn't this big.

"I'm fine. How about you, brother?" Yu Xiaoke asked.

"I've already left the hidden you family and am free now. I will have more time to accompany you in the future. But Xiaoke, are you free? I'm going back to our hometown tomorrow, are you free? If you're free, let's go together!" Yu Dake didn't have much time to waste since they were leaving tomorrow morning. He had to talk to Yu Xiaoke that night.

"Ah? Back to your hometown?" Yu Xiaoke was adopted by the old principal when she was very young. At that time, she didn't remember much, so she didn't have much concept of her hometown. Now that Yu Dake mentioned it, she naturally wanted to go back and see her home! A true home! "I'm alright. I'm not too busy these days. Shall we leave tomorrow? Wasn't he in a hurry? Although many things are on the right track here, I still have to make some arrangements. "

"Yes, tomorrow! This time, Mr. Lin is looking for me. We'll go back together. Mr. Lin is in a hurry, so we have to get to Eastern Sea city early in the morning and leave with him. " Yu Dake said.

"Lin Yi?!" Yu Xiaoke was quite happy when she said that she was going home, but who knew that Lin Yi wanted to go too? What was the meaning of this? If she went home with her brother, that was her own home. Why would Lin Yi go back? Did he also treat him as family?

Chapter 3343 Almost Exposed

And so, Yu Xiaoke's face darkened, ""What is he doing there? Brother, can't the two of us go back on our own? What's with Lin Yi going back? I don't want him to go back with us!"

"Ahem ..." Yu Dake paused and immediately knew that Yu Xiaoke misunderstood him. He quickly explained, ""Xiaoke, Mr. Lin's main purpose isn't to go home with us. He's going to a big desert nearby to do something. I think it's closer to our hometown, so I suggested that we bring you along!"

"Ah? Is that so?" Yu Xiaoke didn't believe it, "He went to do something. Why did he look for you?"

"Xiaoke, you've misunderstood! Although Mr. Lin likes you, he doesn't have any other intentions this time!" Yu Dake quickly tried to explain. He didn't want his sister to misunderstand his Savior. "Actually, it all started from the treasure map I gave him ..."

With that, Yu Dake told Xiaoke about the White energy stone and the treasure map. He didn't tell Xiaoke in detail before since they met in a hurry.

Then, Yu Dake talked about his family's Secret Arts and requested to bring Yu Xiaoke along. He wanted to know the benefits of cultivating with Yu Xiaoke in his hometown.

After saying this, Yu Xiaoke finally understood that she had misunderstood Lin Yi. It seemed that she was very biased against him, but if he didn't like her and wanted to pursue her, Yu Xiaoke wouldn't have misunderstood.

"I see ..." Yu Xiaoke was a little embarrassed, but the person in front of her was her brother, not Lin Yi, so she didn't really mind, ""Then ... Let's go, but if Lin Yi tries to get close to me on the way, you have to help me block him!"

"I'll try my best ..." Yu Dake was actually quite optimistic about Lin Yi and his sister being together, but his sister already had someone she liked. This was a difficult thing to do, and it put Yu Dake in a dilemma.

Since Yu Xiaoke had decided to leave with them, she got busy and made arrangements for the orphanage. She let Xiao Ken take over her position as the Vice Director and was in charge of the operation.

The next morning, Yu Xiaoke sat in Yu Dake's car and arrived at Donghai city, in front of Lin Yi's Villa.

Looking at Lin Yi's Villa, Yu Xiaoke frowned and mumbled, ""Such a big villa, how much would it cost? it would be great to give it to the orphanage!"

Yu Xiaoke's voice was soft, but Yu Dake was a practitioner. There was no one else in the car, so he heard her clearly. He couldn't help but smile bitterly! Yu Dake also found out how much money the orphanage had from the conversation with Yu Xiaoke last night. There was so much money, and it was impossible to spend it all. Yu Xiaoke was still thinking about other people's villas, which made Yu Dake speechless!

However, Yu Xiaoke was just saying that. She was just that kind of person. She would split her money in half and spend it. She did her best for the orphanage.

"Xiaoke, come with me and wait for Mr. Lin." Yu Dake parked the car and said to Yu Xiaoke.

"He's a Big Shot. Do we still have to welcome him?" Although Yu Xiaoke said that, she still got out of the car. After all, Lin Yi was someone who donated so much money to the orphanage. Even if Yu Xiaoke didn't like him, she still had to put on an act, right?

Lin Yi heard the sound of the car in the yard and came out of the villa. He saw Yu Dake's smiling face and gloomy face of gloominess. He suddenly felt that it was funny. Yu Xiaoke still treated him like an enemy!

"Just drive my car! Your car is a little small. " Lin Yi said as he pointed at the Grand Cherokee in the yard.

"Alright, I'll drive!" Yu Dake understood that he should be Lin Yi's underling. His life was given to him by Lin Yi, and he should be at his beck and call. However, Yu Xiaoke was a little unhappy. Wasn't her big brother too attentive? He might even sell himself out!

Yu Dake got in the car, and Lin Yi wanted to sit in the back and talk to Yu Xiaoke about the orphanage. After all, Lin Yi gave the orphanage a sum of money through bullet head, and he still had a box of money in the Jade space. He wanted to give all this to Yu Xiaoke, but he didn't expect Yu Xiaoke to be unhappy, "I'm going to sleep in the back, you can sit in front!"

Yu Xiaoke wasn't being unreasonable, but she was worried that Lin Yi would do something to her. How was she going to deal with that? She couldn't fall out with Lin Yi, but she couldn't just take it, could she? So Yu Xiaoke still felt that Lin Yi should sit in the front.

Yu Dake started the car and drove towards the desert. Lin Yi could have ridden the purple lightning Beast, but it couldn't fit so many people, so driving was more convenient.

Yu Dake was helpless at Yu Xiaoke's lack of respect, ""Xiaoke, Mr. Lin is sitting in the back. He wants to discuss the orphanage with you ..."

He was trying to help Lin Yi, but he didn't know what Lin Yi really thought. Yu Dake just wanted to create an opportunity for Lin Yi.

"Can't you say that?" Yu Xiaoke said.

"Hehe, it's nothing much. You received the money, right? It's from the foreign exchange. " Lin Yi asked.

"Yes, I did. It's really you. Thank you." Yu Xiaoke thought to herself-it was Lin Yi after all. But the more he acted like this, the more unhappy she was. After all, she owed Lin Yi more and more.

"I have a box of money here. I'll give it to you. I also brought it back from abroad." Lin Yi said as he took out the money bag from the Jade space."Oh right, this is also in euros, but it shouldn't be too difficult for you. The box of money I gave you at the market last time was also in foreign currency ..."

Lin Yi suddenly stopped talking as he realized that he had made a mistake in his identity. In the practitioner's market, Lin Yi's identity in front of Yu Xiaoke was male thief, not Lin Yi.

"Which market did you give me a box of foreign currency?" Yu Xiaoke paused and looked at Lin Yi in confusion. However, as confused as she was, she was shocked by the amount of money Lin Yi took out! Where did this money come from? Lin Yi didn't take any money with him when he got in the car-could he have left it in the passenger seat? The car was parked in the courtyard. Weren't they afraid of losing it?

But that didn't make sense-the bag was so big, and Lin Yi had trouble carrying it-how could it have been in the passenger seat?

Chapter 3344 To Take Revenge Or Not To Take Revenge

Besides, how could her brother not see so much money when he got into the car?

"It's nothing. I mean, I've also transferred you a lot of money in my bank card. Now that the orphanage is big and you've received more donations, it's not that eye-catching in foreign currency anymore. " Lin Yi said casually.

It wasn't that Lin Yi wasn't careful, but he didn't have the concept of it. After all, it was Lin Yi back then, and it was normal for him to get mixed up.

"Oh ... That's a lot of money. The money from before should be enough. Now that the orphanage has passed the period of rapid development, we don't need so much money." Yu Xiaoke didn't know if she should take the money. After all, she would feel uneasy if she took the money.

"Ha ... You can keep it first. A tier two automatic cauldron ... It's still an unknown, and I'm afraid Liu Jinghan and fatty Lai's business will shrink. They won't have much spare money to support you guys." Lin Yi said.

"Oh ... But ... I can't bring this much money with me ..." Yu Xiaoke was moved by Lin Yi's words, but how was she going to take this much money?

"Oh, I'll give it to you when we get back." With that, Lin Yi threw the money back into the Jade space.

If Yu Xiaoke said that she didn't see it clearly, then she was really shocked now. Where did the money go? Yu Xiaoke's eyes were wide open, but she couldn't figure out where Lin Yi hid the money. Was this a trick? Even conjuring couldn't be this powerful, right?

One had to know that those close-range magic tricks all required props and props, but Lin Yi was different. His brother was driving, and Yu Xiaoke just watched as the bag of money disappeared. The car was only so big, and there was no place to hide the money. This didn't follow the laws of Space Science!

"Where ... Did ... Your money ... Go?" Yu Xiaoke asked in surprise.

"I'm not telling you," Lin Yi said, he wanted to tease Yu Xiaoke.

In fact, Yu Dake was confused as well. Why did Lin Yi lose all the money after changing hands? Was there a ghost? But it wasn't his place to ask. He knew that Lin Yi had his own special abilities.

Yu Xiaoke, on the other hand, was surprised by Lin Yi's words. She asked curiously, "Where did he go? That's impossible!"

XiaoKe said as she looked at the front passenger seat. She didn't see the bag of money, and it made her even more confused.

"Hehe, I only tell my own people. If you want to be my girlfriend, I'll tell you." Lin Yi said with a smile.

"Hmph!" "I don't want to know anymore!"XiaoKe's face changed.

Lin Yi smiled and didn't say anything else. After all, he couldn't tell anyone about the Jade space, even if he trusted her. He used this reason and she didn't ask anymore.

The car moved forward slowly. Yu Dake's driving skills weren't bad, and he knew the way. The journey was uneventful, and Yu XiaoKe obviously didn't want to talk to Lin Yi. She fell asleep as soon as they were on the road. First, she was really tired. She had been busy with the orphanage recently, and it was hard for her to relax, so she wanted to rest. Secondly, she really didn't know what to say to Lin Yi.

Thank Lin Yi? She was indeed grateful, but what if Lin Yi asked her to give herself to him?

Yu Dake was helpless in this situation, but he knew that he couldn't control his sister's thoughts. He didn't dare to offend Lin Yi either, so he could only drive quietly.

"Big ke, do you live in the Hakuna Marta desert?" Lin Yi asked.

"Yes, I grew up there ..." Yu Dake sighed as he recalled the past. Back then, he was the young master of a cultivation family. Although his family wasn't very big, it was at least stronger than the hidden families. It could even be compared to the ancient families.

However ... Because they had offended a group of people, their entire family had been exterminated! Fortunately, Yu Dake was not at home when he was carrying his sister out to play. That was how he managed to escape. However, when he was carrying his sleeping sister back home, he saw with his own eyes that this group of people had killed his parents, family, uncles, and siblings. Not a single one was left alive!

At that time, Yu Dake was very angry, but he also felt very helpless. He clenched his hands, but he didn't dare to move. Although he wanted to rush over and stop these people's evil deeds, he knew that he couldn't stop them alone.

He was just a child who had just stepped into the cultivation world. He had just become sensible. How could he compete with these people? Therefore, the only thing he could do was to remember their faces and bury this hatred in his heart.

Back then, he swore to himself that he would take revenge one day. However, as he grew older, he understood that he was too weak!

After so many years, he was still an Earth Class. His achievements were just a guest of the Hidden House you. He wasn't even as strong as a common house. How could he get revenge with this alone? For so many years, he didn't even know who his enemy was, let alone take revenge.

Sometimes, people had to face reality. When one's ability was seriously insufficient, one could only give up some of the ideas in one's heart. Yu Dake was like this once. He knew that if he continued to mingle

in the you family, he might never be able to take revenge for the rest of his life. This was also the reason why he wanted to commit suicide when he was seriously injured.

But after meeting Lin Yi, he had hope again! If the rumors were true, and Lin Yi could kill Sky Class late phase peak in seconds, then he'd be a peak existence in the world of practicing-even a full circle master wouldn't be able to claim that they could do that!

However, Yu Dake also knew that Lin Yi only treated him as a normal good friend, and this was because of Yu Xiaoke. Otherwise, he and Lin Yi wouldn't have much interaction in the future.

So, deep in Yu Dake's heart, he was more inclined to let Yu Xiaoke follow Lin Yi. First, Lin Yi was their family's Savior, and second, Lin Yi had the ability to avenge their family.

But the problem was that his sister didn't like Lin Yi!

Chapter 3345 Story

Yu Dake couldn't force his sister to take revenge. That would only make him lose his eyes in hatred. After so many years, Yu Dake had calmed down.

Thinking of all these, Yu Dake sighed slightly,""However, that's a long time ago. There's no need to mention it."

"There seems to be a story behind this?" Lin Yi looked at Yu Dake and heard a faint sadness in Yu Dake's tone. In fact, Lin Yi had a vague understanding of Yu Dake's situation before. He guessed that Yu Dake was someone with a story. The journey was still long, and Yu Xiaoke didn't want to talk, so Lin Yi could only chat with Yu Dake.

"I won't hide it from you, Mister Lin. Actually ... My family ... Was annihilated ..." Yu Dake wanted to ask Lin Yi for help, but he didn't know how to do it. Since Lin Yi asked, he naturally didn't hide it anymore. He took the opportunity to tell Lin Yi about it and see if Lin Yi could be merciful and help him.

"What?" Yu Xiaoke was sleeping, but she sat up all of a sudden, her face pale.

It seemed like Yu Xiaoke wasn't asleep at all, but was pretending to be asleep. She just didn't want to talk to Lin Yi, but now, Yu Xiaoke heard her brother say that her family was destroyed and she couldn't sleep anymore.

Lin Yi, on the other hand, frowned slightly. He didn't expect Yu Dake to have such a tragic experience. "Annihilate the entire sect? Then, you and Xiaoke ..."

"I was only four years old at that time, and I took Xiaoke out to play. That's how I escaped death. Xiaoke didn't remember anything at that time, but I still remember everything that happened ..." Yu Dake couldn't help but sigh, then continued, "I've been keeping this to myself and didn't tell Xiaoke that much, but now that we've come to this point, I won't hide it anymore ..."

"Who did this?" "What's the reason?" Lin Yi asked.

"I don't know the specific reason. It seems that they offended someone. I'm too young to remember the reason. I can only remember the faces of the leaders ..." Yu Dake shook his head helplessly. "However, when I grew up, I kept trying to find out the whereabouts of these people, but I didn't have any news. After all, our family was in a foreign land at that time and didn't have close connections with the

cultivation world in China. They didn't even hear of the foreign land's Yu family, so it was impossible for them to know who we hated ..."

Lin Yi nodded. There were too many grudges in the ancient world, and Lin Yi couldn't see them. Every generation had its own strong Masters, but their personalities were different. Some were bullies, and some wouldn't attack unless they were attacked.

Just like the Lin Yi now, he wouldn't take the initiative to bully anyone, but if the person provoked him, then Lin Yi would attack. Of course, in many cases, Lin Yi would still give the opponent a chance, but the opponent just didn't know how to grasp it.

What happened to Yu Dake's family might have been because someone else was bullying the weak, or it might have been because Yu Dake's family had offended someone they couldn't afford to offend, which led to the current situation.

If it was the former, Lin Yi would choose to help since he had a good relationship with Yu Xiaoke. But if it was the latter, Lin Yi couldn't force it. Lin Yi wasn't an unreasonable person. If the Yu family really offended someone and got annihilated, they could only blame it on their bad luck.

"In the world of cultivation, the weak are prey to the strong. This is the truth." Lin Yi said faintly, "sometimes, you don't have to worry too much. For example, the common house Yu and the Hidden House Zhao were destroyed because of me. But this time, it's not my fault for bullying them. If they didn't provoke me, I wouldn't have provoked them."

"Mr. Lin, I understand what you mean, but ... Our Yu family's family motto ... Is to help others for the sake of happiness. Helping others is helping yourself. Although I'm young, my parents have taught me since I was young that as a person in the martial arts world, I must have a chivalrous heart. When others are in trouble, I must lend a helping hand in time. "That's completely different from the common house

Yu and the Hidden House Zhao-they're asking for it, but we ..."Yu Dake understood what Lin Yi meant and quickly explained.

"Oh?" Lin Yi was a little surprised-he didn't think that house Yu would be like this, but this was quite similar to Yu Xiaoke's personality. Perhaps Yu Xiaoke had inherited her family's personality? Although she was insensible at that time, there were some things that she was born with.

And so, Lin Yi unconsciously believed Yu Dake's words. Plus, he didn't think that Yu Dake had any reason to lie to him. After all, if they really investigated this, Lin Yi would be able to find out the truth at his level.

Lin Yi's current level was different from Yu Dake 'S. Yu Dake's power was only limited to the hidden level, limited to the Hidden House of you. But Lin Yi was different now. Lin Yi was a famous figure in the ancient level, and there was also GE Xian, who was a detective.

"Ke, there's something I still have to tell you. Maybe it's because of this that your family was exterminated!" Lin Yi's words weren't nice, but he had his own thoughts.

"Oh? Why? Did I do something wrong?" Yu Xiaoke was a little unhappy. Her whole family was wiped out. It was a very sad thing, but Lin Yi said it like that. Wasn't he mocking her?

"Yu Xiaoke, then let me ask you, why were you attacked by a group of thieves? You stole money and did a good deed, but they don't think so. They think you broke their rules, so there's no room for discussion when they come to you for trouble!" "Maybe it's because your family went to help others before, and now you've become a thorn in their side," Lin Yi said faintly.

"Ah!" Yu Xiaoke was shocked. Yes, she thought too simply. After Lin Yi said that, she understood that her family might have made a mistake while helping someone else.

"Mr. Lin, your words ... I understand now. These are things that I didn't think of before. Perhaps my family was helping someone else and got in the way of someone else, and that's why they got into this mess. They can't be blamed ..." Yu Dake heard Lin Yi's words and sighed sadly. Although he didn't want to believe it, Lin Yi's words were very reasonable. "We can only say that this matter was caused by our family's meddling."

Chapter 3346 Arriving At The Paoli Clan

"Ke, don't be disappointed. If that's the case, I'll see if I can help you. After all, it's not your fault." "I hate hidden houses like house Zhao, not houses like yours," Lin Yi said with a wave of his hand.

"Argh! Thank you very much, Mr. Lin!" Yu Dake was both surprised and happy. He thought that he would never have the chance to take revenge. He didn't expect that Lin Yi would agree to his request.

Although Lin Yi's words came with a condition, Yu Dake understood his family well. They wouldn't cause trouble for themselves, so it was probably the case.

.....

There was a very solemn ancient castle in the hakunamarta desert. Of course, if one didn't know, they would think that it was like a Mirage. After all, these things were very common in the desert.

However, this ancient castle really did exist. This was the place where the Paoli lived, and they lived in the Hakuna Marta desert.

Today, there were two uninvited guests standing in front of the castle! These two uninvited guests were Kang Zhaoming and little one from the five elements sect. They were here under the orders of patriarch xuanchen to reach an agreement with the Ryu tribe.

"Junior Brother Kang, it seems that the navigation that old thing gave us is quite accurate!" Little one pointed at the GPS in Zhaoming's hand.

"That's right, only an idiot wouldn't use the technology they have-only that idiot, Lin Yi, is still trying to figure it out by following the map!" Zhaoming said proudly,"if we didn't have people here, we wouldn't be able to get here so quickly!" It'll be bad if Lin Yi gets here first!"

"Yup! From the looks of it, we should be quite fast!" Little one nodded his head.

"Who are you people? This is a private area, please do not come any closer, please return quickly!" As the two were talking, a weird-looking man with pointy ears and triangular eyes, wearing a totem suit, appeared in front of them and scolded.

The appearance of this man in the totem suit surprised both Zhaoming and small one-this man was Sky Class late phase peak! He was an expert of the same level as little one!

That's right, the man in the totem suit had taken the initiative to reveal his strength. In his opinion, if these two were cultivators, they would definitely be able to sense his strength and be intimidated. If they were ordinary people, they wouldn't be able to sense it even if he didn't reveal it. They would only feel a sense of Majesty.

"This brother must be an expert from the Paoli clan, right? We're cultivators from the Central Plains of the eastern land. We're going to your clan to discuss something!" Zhaoming calmed himself down and cupped his fists carefully.

"Oh? A cultivator from the Central Plains?" The man in the totem suit was stunned and frowned,""Which sect are you guys from?"

The Paoli clan had not had any contact with the cultivators of the Central Plains for hundreds of years. For two people to suddenly appear at this time, the man in the totem suit was naturally a little puzzled. However, since they were here to visit, the man in the totem suit had to ask them about their background.

"We're from the five-elements sect. This is our eldest senior brother, the eldest disciple of the acting sect leader of the five-elements sect, ancestor xuanchen. I'm the son-in-law of ancestor xuanchen!" Zhaoming said.

Zhaoming really didn't dare to make up nonsense about the sect leader. Elder xuantian, or boss Bai, wasn't dead yet, and there was no way elder xuanchen could claim to be the sect leader. The sect leader of the five elements sect was always a single person, chosen by the previous sect leader. It was impossible to change the position halfway through, unless the person died and his Junior Brother took over.

The current situation was that boss Bai was not dead yet. Therefore, although patriarch xuanchen was the actual controller of the five-elements sect, he did not dare to violate the rules of the five-elements sect. He was also afraid of challenging boss Bai's bottom line.

After all, acting as an official was only a matter of title, and the power was the same. Thus, patriarch xuanchen did not mind this.

"Oh? So the two of you are experts from the five elements sect. Please wait a moment, I'll go and report this to my father!" Naturally, the man in the totem suit knew about the five elements sect. As a disciple of the Paoli clan, he had been familiar with the history of the Paoli clan since he was a child. One of them was the trade with the Central Plains. The sect that was the middleman was the five elements sect. Therefore, the Paoli clan was very friendly to the five elements sect.

Although the man in the totem suit didn't know them, it didn't affect his deep-rooted thoughts, so his attitude towards the two changed immediately.

"Sure, sure. This brother, please!" Zhaoming heaved a sigh of relief. It seemed like elder xuanchen was right. The Paoli family was very friendly to the five elements sect. From their attitude, they were at least halfway to success.

The man in the totem suit entered the castle in a flash. Kang Zhaoming and small one didn't follow him. These two knew who he was, and they came to ask for help. How could they act rashly?

The man in the totem suit went straight into a huge square Hall in the castle. In the square hall, there was an old man sitting on an armchair, resting with his eyes closed. When he saw the man with the totem walking in, he immediately opened his eyes and asked, "Torto, who is outside?"

The man in the totem suit was tortu, the third son of the old man.

"Father, there are two cultivators from the five elements sect from the Central Plains outside the door. They said that they have something to discuss with our Paoli clan." Torto said.

"Oh? The five elements sect of the Central Plains?" The old man raised his eyebrows in surprise, but then he nodded and said, ""Let them in to see me! Also, call your big brother, second brother and the other elders. "

"Yes!" Tortu quickly replied.

After he left the square hall, he ordered one of his followers to inform his Big Brothers, second brothers, and the elders. He then returned to the entrance of the castle.

"How is it, brother?" Kang Zhaoming quickly asked when he saw tortu.

"Please come in, my father wants to see you!" As tortu spoke, he made a gesture of invitation.

"Alright!" Kang Zhaoming and small one quickly followed behind.

In the square hall of the castle, tortu's elder brother Tortai, second brother torkang, and the three elders of the Paoli clan were standing behind tortu's father, torriyue.

"Father, these two are the guests from the five elements sect from the Central Plains!" Tortu said to torriyue after he entered.

## Chapter 3347 Exchange Of Conditions

"I'm Kang Zhaoming from the five elements sect in the Central Plains of the eastern lands. I'm the son-in-law of our five elements sect's acting sect leader, ancestor xuanchen. This is my eldest senior brother, he Yi." Kang Zhaoming introduced himself.

Thor riyue sized up Zhaoming and little one, his eyes burning like torches. Zhaoming felt a little uncomfortable when he suddenly opened his mouth, ""From what I know, the current sect master of the five-elements sect is ancestor Xuan Tian. How did it become ancestor xuanchen?"

Even though the Pao li race was located in the foreign lands, it did not mean that they did not care about the cultivation sects in the Central Plains. It might not be easy for those sects to find out about the Pao li race since they were a closed-off family. However, it was not too difficult for the Pao li race to find out about those sects. After all, these sects were not closed off and hidden.

"This ... Ancestor Xuan Tian ... Is no longer in the five-elements sect due to other matters. My father-in-law, ancestor xuanchen, is now the acting sect leader of the five-elements sect." Kang Zhaoming said vaguely.

"Oh, patriarch xuanchen. I know him too." Thor riyue was just asking a random question. He was a cunning old man, and he knew that the five elements sect was on bad terms with each other from Zhaoming's tone. But this was their sect's internal affairs, after all, and he didn't want to get involved."Do the two of you have a token?"

"Yes. Here is a letter that my father-in-law, patriarch xuanchen, personally wrote to you. Please take a look, old patriarch!" Zhaoming could tell with one look that tuo riyue was the one in charge of the Paoli, and so he handed the letter to him.

Tortu didn't let Zhaoming get close to him, but took the letter from him and passed it to him.

Tuo riyue opened the letter, and when he saw the special communication code between the five elements sect and the Paoli tribe, he finally confirmed Kang Zhaoming and little one's identity. There was nothing else in the letter, just some greetings. The last thing it said was that Kang Zhaoming and little one had something to discuss with the Paoli.

"You're indeed a friend of the five elements sect. Take a seat!" Thor moon nodded and gestured.

Tortu quickly pulled two chairs over for Zhaoming and little one. After they sat down, he stood to the side again. It seemed like the house rules of the Paoli were very strict. Even a Sky Class late phase peak like tortu didn't have a seat in front of the elders.

"Many thanks!" Zhaoming and small one said.

"Is there anything you need from such a long way?" Thor moon asked after putting down the letter.

"Old clan, the reason we're here is to come to an agreement with the Paoli clan." Zhaoming said.

"What agreement? tell me the details." Thor riyue asked in a calm voice. He wouldn't make his stand clear before he could determine whether this matter was beneficial to the Paoli clan.

"It's like this. In a few days, there might be a cultivator from our Central Plains who will come here and want to buy your white energy stone! I hope you can refuse the deal!" Kang Zhaoming didn't beat around the bush and spoke his intention.

"Oh? Why is that so?" Thor riyue didn't think that Zhaoming would make such a request. Of course, he wasn't in a hurry to make a statement, only asking a question.

"I won't say much about the specific reason. We're sworn enemies! Of course, in return, we can give you some benefits, such as some cultivation resources, heavenly materials, earthly treasures, and so on. " Zhaoming's words suddenly changed as he continued,"Of course, if you can help us kill this person, we can provide you with even greater benefits. For example, we can specially refine some rare pills that you need! I believe that the old clan head is also aware of our five elements sect's alchemy techniques. "

"Oh?" What tuo er riyue was really interested in was actually medicinal pills! He knew his own situation. Because he had gone mad in his cultivation, he had forcefully tried to break through to the heavenly Dao. However, he was unable to do so and his meridians were all broken, turning him into a cripple! If he could consume a fourth-grade great recovery pill, he would be able to recover.

Nothing could be more painful to a cultivator than this. Moreover, he was the patriarch of the Paoli family. Although he had lost his strength, his son and the elders did not show him any disrespect. However, the more this happened, the more uncomfortable he felt in his heart. He was a useless person with no strength. Why did he need to be respected by others?

So, all these years, his only thought was to find a way to recover as soon as possible, so that he wouldn't miss the future Sky Class Island Plan! He was a little regretful now. If he hadn't been in such a hurry to charge at the heavenly Dao, things wouldn't have turned out like this.

Kang Zhaoming's arrival gave him a glimmer of hope. It wasn't a big hope, but he could still try! Plus, even if Zhaoming didn't say anything, Thor riyue wouldn't trade the White energy stone with anyone.

There were not many white energy stones left, and the Pauli clan wanted to keep them for their own use, so it was impossible for them to exchange them for others.

As for getting rid of Kang Zhaoming's enemy, that would depend on Kang Zhaoming's sincerity and the difficulty of the task.

"What rank of medicinal pill can you refine?" Thor riyue asked without changing his expression, "Furthermore, isn't the best elixir maker in the five elements sect ancestor Xuan Tian? Wasn't he the current alchemy God? It seems like there are some internal conflicts within the five elements sect, right? Can you still make him refine pills for you?"

"Ancestor Xuan Tian is a thing of the past. Let's not talk about him!" Zhaoming didn't want to talk too much about boss Bai, "Old clan head, you might not know this, but the best Alchemist in our five elements sect is my second senior uncle, patriarch xuanzhen. He can easily refine third-grade pills and is now in seclusion to strive for a higher level of alchemy. Fourth-grade pills are only a matter of time!"

"Rank-4 ... How long can I wait?" Tuo riyue's eyes lit up slightly. If he could really refine a fourth-grade medicinal pill, then his injuries could really be saved! At this thought, Thor riyue asked, "If you can help me refine a fourth-grade great recovery pill, we can consider agreeing to your request!"

Tuo riyue's words caused the other members of the Paoli clan to become excited. That's right, if they could really obtain a fourth grade great recovery pill, then this deal could be made even if it was a little more difficult.

"This ... I can't promise you anything now. I can only say that after my second Shibo successfully becomes a fourth-grade Alchemist, the first thing he will do is to refine it for you, old head!" "As for my second Shibo's abilities, you'll know once you ask around-he's the best refiner in the Central Plains right now!" If he can't do it, no one else can!"

Chapter 3348 Killing Lin Yi

"Yes, I've heard of patriarch Xuan Zhen. He's an Alchemist who's second only to patriarch Xuan Tian." Thor moon nodded.

"Ancestor Xuan Tian is already crippled. His meridians are all broken. How can he compare to my second Shibo?" Zhaoming said quickly, giving up on the idea of asking riyue to find ancestor Xuan Tian. He had to make sure!

In fact, Zhaoming's words were just a bait to lure the Paoli into the trap. How could Zhaoming not know what the xuanzhen master was capable of? He had failed to become a fourth-grade Alchemist several times, so how could a fourth-grade pill be so easy to refine?

But Zhaoming's promise wasn't going back on anything. We'll make it for you first when we can, but we can't do it now. And so, Kang Zhaoming decided to agree to this.

"Oh, then tell me, why didn't you kill this enemy of yours yourself, but let us do it?" "If I'm not wrong, you two aren't weak either, are you?" asked Thor riyue. Your five elements sect should have a gathering of experts, so why do you need us to take action?"

Thor riyue had to figure this out. Was there something fishy about this?

"Actually, it's not a big reason. It's just that this person can die in any way he wants, but he can't die in the hands of our five elements sect." Zhaoming lowered his voice. "The heavenly Dao's plan ... You know about it, right, old master? Our five elements sect is currently making preparations as we don't want to cause any more trouble ... The outcome of him dying in the hands of the people from the foreign lands and our hands will be different ..."

Zhaoming's words were as good as not saying anything-the reason was a bit vague, but Thor riyue didn't ask any further after hearing that it was related to the Sky Class Island Plan. Killing a person in the territory of the Paoli wasn't a big deal, after all.

Although they might become enemies, the Paoli clan wasn't afraid of that. Their strength was clear for all to see. Furthermore, even if they became enemies, they would just accept it, because tuo er riyue wanted to recover too much.

"What's that person's strength? When are you coming over?" Thor riyue asked.

"That guy's Sky Class mid phase right now, but he has some skills-he can fight people above his level, so you need to be fully prepared, old master!" Zhaoming said. As for killing Sky Class late phase peak in seconds, Zhaoming didn't say anything about it-he was afraid that the Paoli wouldn't be able to do it anymore. After all, even Sky Class late phase peak couldn't say that they could kill Sky Class late phase peak in seconds.

But Zhaoming did remind them that Lin Yi was strong enough to fight enemies of a higher level than him. They wouldn't be able to blame Zhaoming if the house of Paoli were to suffer losses.

Plus, Kang Zhaoming was a very evil person. He wanted Lin Yi to injure or kill one of the people from the Paoli family. Then, Lin Yi and the Paoli family would become mortal enemies. At that time, Kang

Zhaoming wouldn't even need to say anything, and the Paoli family would do their best to keep Lin Yi here.

Kang Zhaoming was a person that everyone could scheme against.

"Sky Class mid phase?" Tuo er riyue let out a breath of relief when he heard Lin Yi's strength level. A person of this strength coming to the Paoli clan was basically a one-way trip, so tuo er riyue agreed without thinking, "No problem. I can help you get rid of this person. However, you have to honor the pill you promised me!"

It wasn't that tuo riyue was arrogant-with Lin Yi's strength level, even Sky Class late phase peak Masters wouldn't be afraid of him. Plus, the Paoli clan did have some understanding of the world of practitioners in the Central Plains, but they didn't know everything. Lin Yi's appearance only happened a year ago, and he'd only appeared in the ancient world a few months ago. It was normal for the Paoli to not know.

"Don't worry about that. If the elderly head really helps us get rid of this person, then as long as my second Shibo successfully becomes a fourth-grade Alchemist, he will definitely be the first to refine pills for your family!" Zhaoming patted his chest as he promised. Of course, he was also saying that if they didn't kill Lin Yi, or if his second Shibo didn't make it to the fourth realm, then sorry, but it wasn't his fault.

Of course, Thor riyue could tell what Zhaoming was trying to imply, but it was the latter. He didn't think that Zhaoming would think that they couldn't take down a Sky Class mid phase-it was impossible!

As for the latter, tuo riyue also knew that there were risks in everything. Now that ancestor Xuan Zhen was a third-grade Alchemist, who could guarantee that he would not become a fourth-grade Alchemist in the future? It seemed to be a vague promise, but one must know that patriarch xuanzhen had been

working hard. Only he himself would want to become a fourth-realm Alchemist. Who wouldn't want to improve their strength?

Therefore, this matter was still very hopeful. Moreover, Thor riyue didn't have any other hope now. As long as there was a glimmer of hope, he didn't want to give up, let alone that this hope was very likely to be realized.

"En, leave this matter to me. Give me this person's appearance, and then tortu, take these two guests to rest and wait for news!" Thor riyue said.

"Yes, father!" Torto replied.

Kang Zhaoming agreed readily. Even if tuo riyue didn't want them to stay as guests, they were still going to wait here and watch Lin Yi get killed with their own eyes. Naturally, they would leave with him now. At the same time, Kang Zhaoming sent Lin Yi's picture in his phone to tuo for reference.

Tortu didn't pay much attention to them after one look. He walked Kang Zhaoming and small one to the guest room and returned to the living room.

"Father, the two guests have already been arranged to rest." "This time ... Can the five elements sect really help us refine the elixir?" tortu asked.

"I don't know, but there's always hope! "It's good that there's hope. I didn't even have hope in the past ..." Thor riyue seemed very happy. "However, I can't bear to kill an innocent person who came here to trade for my own sake!"

"That's right. I'm afraid they're here to trade with us. Even if we don't trade with them, we can't say that they'll kill us!" Tortu's face was also a little gloomy. Their Paoli family was not the kind of family that liked to invade others.

"It's hard to say who's right and who's wrong in the world of cultivation. If this guy's Kang Zhaoming's enemy, can you say that he doesn't have a blood debt?" Thor riye asked.

Chapter 3349 Conflict

"This ..." Tortu hesitated after hearing this.

"I don't think so? So, we're only doing this to seek justice for those vengeful souls!" In fact, he didn't know that the people who died under Lin Yi's hands deserved to die. There were no ghosts.

"You're right-leave this to me then-I can handle a Sky Class mid phase. " Tortu asked.

"Sure. You're on duty this month, so I'll leave this person to you. You've got the photos, right?" Thor riye asked.

"En, I got it!" "I'll keep an eye out these few days as well ..."Tortu nodded.

In the guest room of the Paoli family.

Small one looked at Kang Zhaoming, confused, "Brother Kang, why didn't you tell the Paoli that Lin Yi is very strong? Even an expert at the consummate level might not be his match? What if they fail?"

"Hehe, failed? I'm not afraid of him failing, I'm only afraid of him not failing!" "Big senior, I'm afraid you don't understand why I'm doing this. But think about it, if Lin Yi killed or disabled one of the Paoli, wouldn't they be enemies? Why did the five elements sect want to kill Lin Yi so badly? Isn't it because our people have suffered heavy casualties in his hands?"

"This is right!" Little one smacked his head and suddenly realized, ""Junior Brother Kang, I didn't expect you to have such a strategy. I admit that I'm inferior to you. No wonder master likes you and relies on you!"

"Haha, these are all schemes and intrigues. They're nothing." Zhaoming waved his hand and smiled.

"No matter what, if we can get rid of Lin Yi this time, you and I will have done a great job, and we will get justice for my junior brothers!" Little one nodded.

At this time, Lin Yi's car was slowly approaching the hakunamarta desert.

"Mr. Lin, the Hakuna Marta desert is just up ahead. Shall we go to the Paoli clan first or go back to my home?" Yu Dake asked.

He wanted to go home, but he still needed Lin Yi's opinion.

"Let's go to your house first. After all, we have to search for the Paoli clan. But we can go to your house directly." Lin Yi said.

"Thank you, Mr. Lin!" Yu Dake was surprised and quickly said.

Since the route was decided, Lin Yi naturally closed his eyes and let Yu Dake drive.

In fact, Yu Dake's home was not in the hakunamarta desert, but on the edge of the desert. There was a small town on the border of the desert, and the Yu family was a famous family in this town!

However, this was more than a decade ago, and the residents here had long forgotten about the Yu family. After all, the Yu family was only a big family to the outside world. How would these ordinary people know about cultivators?

Therefore, when other families appeared, they would naturally replace the Yu family's position in the secular world.

"I haven't been here for more than ten years ... The changes in the town are really big!" Yu Dake looked at the town, which was becoming more and more modernized. Cars were also common, and he couldn't help but feel emotional!

When he was young, the main means of transportation here were horses and camels!

Yu Xiaoke's eyes were wide open as well, curiously looking at the culture here. She was too young and couldn't remember anything. She had no impression of this town at all.

They walked all the way to a Manor where Yu Dake's Yu family used to live. However, what made Yu Dake feel strange was that this Manor looked very neat and tidy. It didn't look like the dilapidated walls that had been abandoned for more than ten years. It was in ruins!

How was that possible? Although the Yu family used to give alms to the poor people in town, and they also spontaneously helped the Yu family clean the manor regularly when the Yu family was in ruins, the current situation was definitely not as simple as cleaning. Moreover, no one could sweep for more than ten years. The Yu family was gone, so what was the point of cleaning?

Moreover, the deeper they went, the more they could see that this Manor had been renovated.

"What are you three doing? This is private property, trespassers will be killed!" Just as Yu Dake was feeling strange, a group of men in Black suddenly rushed over and surrounded the three of them!

In fact, when these people appeared, Lin Yi had already felt it, but he didn't understand the situation here, so he didn't make a sound and decided to see what happened! After all, these people were just small characters in Lin Yi's eyes-their leader was only a Mystic.

"And who are you? What are you doing here?" Yu Dake was stunned. This was his house. Why were there a group of outsiders? Lin Yi could tell the leader's strength with his cheat, but Yu Dake couldn't.

"This is the Gu family's Manor. I'm the Grand guard here!" The leader said arrogantly, "from the looks of it, you're not from this town, are you?" Hurry up and leave this place, and I'll let bygones be bygones. Otherwise, Hmph Hmph, don't even think about leaving!"

"The Gu family?" Yu Dake had never heard of the Gu family. He was stunned. "You're quite arrogant, aren't you? The Gu family's territory? This is the Yu family's Manor, how did it become the Gu family's?"

"What Yu family? Kid, I think you're here to find trouble, right?" The leader of the guards had never heard of the Yu family, so he instinctively thought that Yu Dake was here to cause trouble.

"Looking for trouble? " Yu Dake frowned and asked, "who's in charge here? " Get him to come out and see me! This is clearly my home, how could it be forcibly occupied? "

Yu Dake wasn't worried about the house. He was more worried about whether the secret room had been discovered. There were some ancient books of the Yu family in there!

Lin Yi finally understood-Yu Dake's house was being occupied! Although Yu Dake's house had been empty for more than ten years, it was still unreasonable for them to occupy it directly!

Of course, Lin Yi didn't force the issue. If the other party was willing to give up this place, Lin Yi couldn't do anything to them. Lin Yi was a reasonable person, and he wouldn't just hurt people.

"I think you're here to find trouble! You still want to see our old master Gu? That's wishful thinking!" The leader of the guards snorted disdainfully, "Kid, don't tell me I didn't warn you. If you don't leave, I'll kill you, do you believe me? Don't you know that in this small town, our Gu family has the final say?"

Yu Dake was furious! It was originally easy to discuss, but now?

Chapter 3350 You Guys Have A Share Too

It was obvious that these people had taken advantage of his absence to occupy this "land without a master". Of course, Yu Dake didn't blame them. As long as they could give up their things, Yu Dake didn't need to be calculative with them.

However, this person's attitude obviously made Yu Dake very indignant. You're taking someone else's place. Do you think you're right?

"Kill me? I don't believe it!" Yu Dake said coldly. Although he wasn't much in the ancient world, he didn't believe that anyone would dare to bully him in the secular world.

"Since you don't believe me, I'll fulfill your wish!" The leader of the guards was also very angry. Since this person wanted to die, then he would die! As he spoke, he grabbed Yu Dake, and the aura of a cultivator was revealed at this moment.

Of course, he didn't use too much strength. After all, in his eyes, Yu Dake was just a nobody in the secular world. He could turn him into ashes with a wave of his hand.

"Mystic late phase peak? I didn't expect you to be a cultivator!" Yu Dake was shocked. He had thought that this place was occupied by some powerful rich businessman from the secular world. He didn't expect that it was occupied by a cultivator!

Could it be that these people had something to do with the extermination of the clan back then? Yu Dake couldn't be blamed for overthinking. In fact, cultivators in the secular world were very rare. Although Yu Dake usually met cultivators, it was because he stood on a different level!

This was because a rich person would definitely have many rich friends around him. As for a beggar, the people he knew were basically beggars and Wanderers. This was a problem of social circle.

However, Yu Dake couldn't help but be on his guard when he suddenly encountered a cultivator here!

"Oh? You even know about cultivators?" The guard leader's expression changed. He did not expect that the person who came could actually see through his strength! However, he didn't take it seriously. In his opinion, his strength was already quite impressive in the secular world. He didn't stop, but increased the strength of his fist!

"Hmph!" Yu Dake snorted coldly and didn't Dodge at all. Instead, he met the fist head on. He was an Earth Class late phase peak, and although he was weaker than Lin Yi, he could still suppress the guard!

"Bang! Bang! Bang! " The two fists met. Yu Dake stood there unscathed, while the leader of the guards was sent flying backward, spitting out blood. His whole body fell on the wall at the entrance of the manor, and he was dizzy!

Yu Dake didn't want to kill him, and he didn't use any martial skills. Just a simple head-on collision had caused the guard leader to suffer extremely serious internal injuries, but he wouldn't die.

"You ... You're an Earth Class late phase peak? What ... Do you want to do? "You actually dare to hurt me ... "Although the leader of the guards was questioning Yu Dake, his voice was obviously fierce on the outside but weak on the inside.

"I what? I'll spare your dog life. Go in and report, and let those who you can speak to come out to see me!" Yu Dake snorted coldly. He was obviously very angry. If it was anyone else whose home had been taken over and they were still unreasonable, they would not feel comfortable.

" Just you wait ... Just you wait ... " The leader of the guards was the most powerful one among them. Since he was beaten up, the others naturally didn't dare to go up. At this time, they all came over and helped the leader of the guards up, and walked into the manor.

In the manor's old castle, master Gu was having his breakfast. Under normal circumstances, no one would disturb him when he was having his meal, including his descendants and disciples. However, at this time, the leader of the guards limped quickly into the dining hall with the help of the other guards.

"Who is it? Don't you know that I don't like to be disturbed when I'm eating?" Old man Gu heard the footsteps at the door and immediately asked in a displeased tone.

"Old master Gu, something's wrong. Someone's here to cause trouble and beat me up like this ... Old master Gu, I'm your disciple. You have to avenge me!" At this moment, the leader of the guards still didn't know that he couldn't be saved. He still wanted to get back his face!

"What?" Old master Gu was shocked to see the leader of the guards in such a miserable state. He stood up and asked, ""Who beat you up like this? You're a Mystic late phase peak now, could this guy be stronger than you?"

"Yes, it's an Earth Class late phase peak-I'm definitely no match for him, so only you can do it yourself, old man Gu!" The leader of the guards complained.

"Hmph! You stay here and inform the rest of our men. I'll go out and take a look myself. I don't believe that anyone would dare to cause trouble in my Gu family's territory! Do you not want to live? " Old man Gu slammed the table and said angrily.

"Yes, old man Gu." The leader of the guards quickly replied. After old master Gu left, he quickly asked the other guards to inform the Gu family's people to go and cheer for them. He himself, supported by a guard, went out of the door. He wanted to see how Yu Dake would be taught a lesson.

Old master Gu rushed out of the manor first. When he saw Yu Dake and the other two standing at the gate, his eyes almost spewed out fire. How dare they act so atrociously in front of the Gu family's Gate? did they want to die?

"Who was the one who injured my Gu family's disciple? Come out and tell me the reason, and I'll give you a quick death. Otherwise, I'll let you die in a rhythmic manner!" Old man Gu asked.

With that, old man Gu revealed his Sky Class late phase strength-it was his biggest trump card, after all, this strength was extremely strong even in the ancient sects, not to mention the common world!

Old man Gu's strength scared Yu Dake a little, and he subconsciously took two steps back. However, Lin Yi patted his shoulder, telling him to be at ease.

With Lin Yi's encouragement, Yu Dake had more confidence. He took a deep breath and said, "I'm Yu Dake. This is where the Yu family lived for generations. Who are you? You're taking over my house and trying to kill me. If I didn't have some power, would I have been killed by now?"

"The Yu family?" Old man Gu was stunned for a moment, then he seemed to have recalled something. ""You're from the Yu family? Didn't your family get exterminated back then? Could it be that there were still fish that escaped the net back then? Looking at your age, you should be a descendant of the Yu family?"

After hearing old man Gu's words, Yu Dake's face suddenly became very ugly. He looked at old man Gu and asked coldly, ""Could it be that you were also involved in the extermination of the Yu family back then?"
