Chapter 3361 A Lot Of Energy Stones

The knot in her heart was finally untied, and she felt happy. Lin Yi liked her, and he was the male thief she liked!

Once upon a time, Yu Xiaoke didn't know what to do with this problem, but now, Yu Xiaoke had the urge to bite Lin Yi to death.

"Hehe ... Alright, let's leave this place first, shall we?" Lin Yi was a little embarrassed and embarrassed, but luckily they were in the dark, so no one saw his expression.

"En ..." You Xiaoke became a good girl at this moment and replied softly.

Yu Dake was shocked. He didn't expect his sister to get together with Lin Yi just like that. Weren't the two supposed to be at loggerheads? Could it be that Lin Yi really was the male thief that his sister liked? That was really amazing!

"By the way, why didn't you look like this before?" You Xiaoke suddenly thought of an important question.

"Was it like this before?" Lin Yi took out the thousand silk mask from the Jade space and put it on. The three of them were at the next junction, and Lin Yi's face was illuminated by the light.

"Ah!" Yu Xiaoke jumped and looked at Lin Yi in shock, "You can actually change your face?"

"..." Lin Yi was speechless. Yu Xiaoke was overreacting, wasn't she? He took off the thousand-thread mask from his face and said, ""It's just a mask, are you trying to scare me to death? Alright, let's talk after we get out of here!"

"En ..." Yu Xiaoke was 100% sure that Lin Yi was the male thief now, and her grip on Lin Yi's arm tightened.

After a few more intersections, Lin Yi suddenly stopped! Because they had passed through the last passage, or rather, the last passage, because after this passage, there were no more forks, but an extremely huge Hall!

But the hall wasn't empty. On one side of the hall, there were small stones piled up like mountains. Lin Yi couldn't even see the end of it. It was like a huge underground warehouse!

On the other side of the hall, there was a wall. There was nothing. On the last wall, there was a door, but no one knew where it led.

"What is this place?" Yu Xiaoke was surprised.

"Yeah, the spiritual Qi of heaven and earth here is so abundant! It's a good place to cultivate!" Yu Dake said in surprise.

Lin Yi, on the other hand, was dumbfounded as he looked at the pile of small stones. He couldn't say a word-those were white energy stones!

"This is ..." Yu Dake followed Lin Yi's line of sight and saw the huge pile of energy stones! At this moment, Yu Dake was also very excited. "Mr. Lin, aren't these the energy stones we need? We've struck it rich! We've actually found the Pauli race's energy stone storage!"

Was this place really the warehouse where the Paoli clan stored their energy stones? Lin Yi didn't quite believe it. Putting the vault and the prison together was a very stupid thing to do. Although the passage to the prison was full of danger, and it was impossible for normal people to get here, there was still the possibility that there were special people, like him.

As far as Lin Yi was concerned, the people of the Pao li race wouldn't make such a low-level mistake, placing their treasure with the enemy. Even if the enemy couldn't come here easily, if they did, they'd probably regret it if they destroyed it, let alone steal it.

However, he couldn't not believe what he saw. He took a deep breath and quickly walked towards the huge pile of energy stones. However, when Lin Yi's feet stopped near the pile of energy stones, he couldn't help but sigh in disappointment. Because, these energy stones were actually used!

The energy stone was dim and didn't have any energy left. This kind of energy stone had no value at all. Lin Yi still had two in the Jade space!

This discovery made Lin Yi very disappointed, and Yu Dake obviously noticed it too, "Mr. Lin, these energy stones ..."

"You also noticed? These energy stones have all been used before. They were probably thrown here after the Paoli used them. Aren't you afraid that the people locked up in the dungeon would steal these used energy stones?" Lin Yi shrugged with a bitter smile. He was still wondering why the Paoli would do something like this, but it seemed that no one was stupid. These were all used energy stones, and even if the enemy found out and stole them, it didn't matter!

"Yeah, I thought we had a big discovery!" Yu Dake shook his head and said, "let's go there and take a look?" Maybe there are some that haven't been used?"

"I don't think so." Lin Yi didn't have much hope anymore, but since he was here, he might as well go take a look.

Yu Xiaoke was very happy at first, thinking that she had found what she was looking for, but after hearing the conversation between Lin Yi and Yu Dake, she knew that it wasn't the case. The energy stones here were all useless, making her extremely disappointed.

Lin Yi walked in the front, and Yu Dake and Yu Xiaoke followed behind. Even though Yu Xiaoke was the weakest practitioner, her Qinggong was great, so the three of them were very fast. Although there seemed to be a lot of used energy stones, it would only take half an hour to reach the end if they walked. Of course, this half an hour shouldn't be underestimated. The three of them would definitely walk over a hundred kilometers!

At the end of the energy stone, Lin Yi bent down and looked at the energy stone in front of him. He couldn't help but cry out!

"Mr. Lin, these energy stones actually have some energy in them. Although it's not a lot, it's definitely not the kind that has been used up!" Yu Dake said as he picked up an energy stone. He had also noticed that something was unusual.

"Why did you leave it here before you used it?" Wang Yao asked. "Let's go to the middle and see!" Lin Yi said, confused.

"Alright," he said. Yu Dake nodded.

The three walked back for some distance, and the energy stones on the ground still had some energy- and it wasn't just one or two, but a common phenomenon. This made Lin Yi even more confused. What was the Paoli doing? Was it so extravagant? Although there wasn't a lot of energy, it was still useful to collect it. Was it really not useful to just throw it in the innermost area?

Lin Yi walked back for a while, checking the energy stone every once in a while. At first, he didn't find anything wrong with it

Chapter 3362 The Magical Use Of The Jade Space

But as they walked, Lin Yi noticed another strange phenomenon. The energy on the energy stones under his feet was getting less and less!

From a little before to a little now, and then as he continued to move forward, the energy on the energy stone became almost imperceptible!

What was going on? Lin Yi stopped in his tracks-there had to be something strange going on.

"Yu Dake, what did you find?" Lin Yi asked.

"The energy in the energy stone is getting lesser and lesser!" Yu Dake said.

"Yes, the energy in the energy stone is getting less and less." Lin Yi nodded, "what does this mean?" Previously, I thought that the Paoli had too many good things, and they were too extravagant and wasteful. They had not used up all the energy within and left it in this underground warehouse. But now, it seems that the possibility of that is not high!"

"That's right. That's what I thought as well. The energy stone in the deepest part must have been thrown into the underground vault first. I'm guessing that the Paoli's ancestors had a lot of energy stones in their hands. They had an endless supply of them. That's why they didn't use them as carefully as they did." Yu Dake said, "but as we walked, I found that my idea was a little naive. How could the energy stone have a regular energy that is getting less and less?" With such a gradual transformation, wouldn't it be more troublesome for the Pauli tribe to achieve this than to absorb all the energy in the energy stone? Moreover, wasn't there something wrong with them doing this? For fun?"

"Hmm...You're saying that the energy stones at the end of the warehouse were the first to be placed in?" Lin Yi didn't mind what Yu Dake said at the end, but this sentence caught his attention. His eyes lit up. "I seem to have discovered some secret ..."

"Oh? What secret?" Yu Dake was shocked and quickly asked.

"The energy stones in the innermost area were placed here first. This speculation shows that those energy stones have been placed in this basement for at least a few thousand years, right?" Lin Yi said.

"That's only natural. With so many energy stones, I'm afraid it's at least a few thousand years old. " Yu Dake nodded.

"If I'm not wrong, these energy stones should be able to reabsorb energy on their own, which is to charge!" Lin Yi made a bold guess. "This underground warehouse is filled with spiritual energy. Such a good place, yet it wasn't developed by the Paoli clan. Instead, it's used for cultivation, and there are some used energy stones here. I'm afraid that they want these energy stones to absorb the spiritual Qi of heaven and earth here, and then one day in the future, they can be reused!"

"Yeah!" Yu Dake slapped his thigh and exclaimed, "Mr. Lin, I think your guess is right! I'm afraid that's the case. Otherwise, there must be something wrong with the Paoli clan, leaving so much trash in a place with such abundant spiritual energy. "

Lin Yi nodded. Of course, the spiritual Qi here was only relative. At least, Lin Yi felt that it was far from his Jade space ... Wait, Jade space!

Lin Yi was shocked at the thought. He quickly took out the two energy stones he had stored in the Jade space!

"Si ..." Lin Yi couldn't help but suck in a cold breath when he saw the energy stone in his hand. He couldn't be more shocked! This was because these two energy stones had already become a state of full energy! It was even brighter than when Lin Yi and Jingyi found it in the Wulong hao te mountain range. Back then, uncle Fu had used up a lot of the energy stone, but it was probably full now!

The energy stone could absorb energy in the Jade space! Lin Yi's guess was right-the Paoli's energy stones were placed here to let them absorb the Qi of heaven and earth on their own, but the Qi here and the Qi in Lin Yi's Jade space were worlds apart!

"Eh? Mr. Lin, where did you get the energy stone?" It's actually filled with energy, even more so than the energy stone I found back then ... Eh, that's not right, one of these ... Why does it look so much like the energy stone I gave you back then?" Yu Dake looked at the energy stone in Lin Yi's hand and was stunned.

"Haha ..." Lin Yi smiled, his smile full of joy! The energy stones in the basement didn't have any energy, but Lin Yi had the Jade space, and he could charge them quickly. This way, there was no need for Lin Yi to do business with the Paoli-he could get some of these waste energy stones back and turn them into treasures."I used a special method to charge in the energy, but now it seems that they can naturally absorb energy!"

"Oh ..." Yu Dake was already used to Lin Yi's miraculous abilities and didn't ask any questions,""Then ... We just need to bring back some of these abandoned energy stones and that'll do? However, it should be very troublesome and difficult to charge it, right? I can't do it in batches, right?"

"Yes, it's similar to helping people level up ..." Lin Yi replied vaguely. Of course, Lin Yi didn't lie to him. Whether it was helping people level up or charging energy stones, they both needed the Jade.

However, Yu Dake thought that Lin Yi was using his practitioner's Arts to charge the energy stone. That was troublesome enough, and there was no possibility of mass production. He didn't ask,""Then, what should we do now ..."

"No matter what, I'll get some of these energy stones back first, then we'll look for the exit." Lin Yi said.

"Oh, okay. But our pockets are limited. We can't take much, right?" Yu Dake asked hesitantly.

"Hehe, you don't have to worry about it. I'll take it myself." Lin Yi smiled and started walking forward, putting the energy stones into the Jade space. Lin Yi didn't just keep putting them in one place, but he kept putting them in as he walked. It was hard to tell if one or two stones were missing at every distance.

But Yu Dake and Yu Xiaoke were dumbfounded. Where did Lin Yi put the energy stones?

"Hey, Lin Yi, didn't you say that if I became your wife, you'd tell me where you kept the stuff?" Yu Xiaoke suddenly remembered what Lin Yi said in the car and quickly asked.

She'd accepted Lin Yi completely, and Lin Yi was the male thief-what was there to reject? So she didn't think there was anything wrong with talking to Lin Yi, and just called herself his wife.

In fact, Yu Xiaoke didn't care about where Lin Yi put the things, but this feeling of happiness. She felt that she could finally be with the person she loved.

Chapter 3363 How Magical Is It?

"Hehe, I have a storage space on me. I can store some things." "But just keep it between you two, don't tell anyone else," Lin Yi smiled.

As for Yu Xiaoke and Yu Dake, Lin Yi could still trust them. Of course, this wasn't a big deal. With Lin Yi's current strength, so what if people were after them? There were more than one or two people targeting Lin Yi.

"Oh ... I see," Yu Xiaoke nodded, finding it novel, "Then ... Can you get me one?"

"What do you want to do?" Lin Yi asked, confused.

"This way, when I become a thief, I can directly store it in the space, and I don't have to worry about being discovered!" Yu Xiaoke said.

Lin Yi was speechless. "No! You don't have enough money to spend now?"

"This ... Is enough ..." Yu Xiaoke stuck out her tongue. The money Lin Yi gave her was enough to build the orphanage. She didn't need to steal anymore. She was just acting like that.

Lin Yi filled up the Jade's storage space and went to the exit. The only way to escape in this Hall was through the door in front. The Paoli probably used this door to deliver the White energy stones into the hall.

The three came to the door-it was a stone door that was tightly sealed, similar to the ancient mechanisms found in ancient tombs. There wasn't anything on it that could be opened.

Lin Yi frowned. He could go through the life-or-death Tunnel, but he couldn't do anything about this automatic door. After all, this wasn't his area of expertise.

"Flying Sparrow, how do you think we should open this door?" Lin Yi turned to Xiaoke.

"Are you making fun of me? You're so powerful, do you still need me?" Yu Xiaoke knew that Lin Yi was the male thief and he would have a way to solve this.

"That's just a fake identity-he's just helping song Lingshan catch old hei and the other gravediggers. The real couple is long dead!" "You really think I'm some male thief?" Lin Yi smiled bitterly.

"Ah?" You Xiaoke froze-so the male thief was just a virtual human? She knew that Lin Yi wouldn't lie to her, but she couldn't help but feel disappointed! So Lin Yi was his real identity, and the male thief's identity was just a fake. Yu Xiaoke actually hoped that Lin Yi's identity was fake, and the male thief was his real identity ...

However, Yu Xiaoke was also a person who could withstand the storm, and she quickly adjusted her mentality, ""So that's how it is ... But, why were you so powerful when you were walking through the passage of life and death? Also, you were very good at solving puzzles in the tomb?"

"Strong? This was just a sense of danger! I'm an Alchemist, so my mental strength is stronger. I can sense these things!" "Whether it's the tomb or the tunnel, the puzzles I've solved were all life and death situations, but it's different now. I really don't know how to open this stone door."

"Uh ... Alright!" You Xiaoke nodded and started searching around the stone door! However, it was obvious that the stone door's mechanism was very exquisite. Even you Xiaoke wouldn't be able to discover the secret in a short time.

.....

Tuo' er long had some friends in the practitioner world of the Central Plains. They weren't important people, but it was easy to get information from them. Lin Yi's information was quickly sent to tuo' er long, and he was shocked as he looked at the small piece of paper. This ... This was Lin Yi's life? It was too shocking and exciting!

Thor Dragon didn't dare to delay and quickly passed the information to his father, Thor riye, ""Father, I've found something on the thing you asked me to investigate. It's right here, please take a look, but ... This Lin Yi ..."

"What's wrong?" Thor riye asked hurriedly when he saw Thor Dragon's serious expression.

"Father, you can see for yourself ... This Lin Yi is a Sky Class master, and he's only nineteen this year ..." Tortu smiled bitterly. He looked young, but he was actually sixty this year. He only broke through to Sky Class when he was forty, and he took care of himself well, so he didn't look that old. But this Lin Yi didn't look young-he was really young!

"Nineteen? Isn't that Kang Zhaoming only nineteen years old?" Thor riye didn't take it to heart. ""It's very normal for there to be many capable people in the cultivation world of the Central Plains ..."

"But Lin Yi's Sky Class is completely different from Kang Zhaoming's Sky Class. One is a refiner and the other is a practitioner, they're two completely different concepts ...""The most important thing is that Lin Yi was only a golden class master when he left the sect half a year ago! This meant that he'd reached Sky Class mid phase in half a year, what kind of speed was that? Of course, that's not all-at every level, Lin Yi can kill those who are higher than him in seconds. This guy's golden class against Mystic, Mystic against earth, earth against sky ... He's basically invincible above Sky Class, and even tortu was crippled by him ..."

"It seems like ... Our Paoli clan has really made a mistake!" Thor riyue looked at the information in his hands and immediately felt very regretful.

"Yes, other than that ... There is one more amazing thing. Father, you will know if you continue to read ..." Torrone smiled bitterly.

"What else is there?" Thor riyue was slightly stunned. Could there be something more shocking than this? He quickly looked behind him, and the more he looked, the more shocked he was-Lin Yi was crippled several times? And it wasn't just Lin Yi-his lackeys were all crippled too, but they all went to get revenge in one piece? What was going on? Could it be that Lin Yi had a peak grade four great recovery pill? And from the looks of it, there was more than one?

Thinking back to the fact that Lin Yi was the disciple of boss Bai, the xuantian ancestor, tuo riyue felt that it was even more possible. He stood up abruptly and said,"Come, come with me to the prison, I need to talk to Lin Yi!"

"Yes, father!" "Yes, father!" Torrone quickly replied. He knew that his father would do something like this after reading the information! If it wasn't for his father's order, he'd have run to Lin Yi first to see how amazing he was after reading the information.

Chapter 3364 Negotiating Terms

Tuo er riyue and tuo er long left the room and headed straight for the dungeon. This dungeon was actually the vault of the Paoli clan, and the entrance was right under the castle. However, they had to pass through many life-and-death passageways before they could reach the dungeon.

"Open the door." Tuo er riyue and tuo er long stood in front of an underground entrance of the castle as tuo er riyue ordered.

"Yes, father," Thor Dragon nodded and took out a strange-shaped iron key from his pocket. He placed it in a gap next to the underground entrance. The shape of the iron key was exactly the same as the gap, and it could fit in!

After the key was put in, the entrance opened slowly and quietly. It turned out that the entrance needed a key to open, and it was one-way. No wonder Xiaoke couldn't find the way to open the mechanism!

Lin Yi, on the other hand, was getting impatient-he'd just blow it up with an energy bomb if he still couldn't find a way to open it.

Yu Xiaoke was looking for a way to open the mechanism when the door in front of them opened quietly. A glaring light shone in from the crack, making Yu Xiaoke, Lin Yi, and Yu Dake all stunned. It was strange!

Of course, you Xiaoke was the weirdest. She didn't think she found any mechanism, but why did the door open all of a sudden? Could it be that she accidentally triggered some mechanism and opened the door?

Although the basement was also lit up by night-luminescent pearls, the light outside was a completely different color. It was a bright yellow light, so when the door opened, you Xiaoke didn't see anything. Lin Yi, however, was immune to this and saw the people outside!

Lin Yi was taken aback-they couldn't be so unlucky that the Paoli happened to be in the basement, could they? Lin Yi knew that this was the Paoli family's warehouse-they'd placed used energy stones here, but one of them was a Sky Class late phase Peak Master! This made Lin Yi very depressed!

However, it was too late to hide now. Lin Yi could only use his practitioner's Arts in secret to deal with the possible conflict.

"Mister Lin, right? Hello, let me introduce myself. I am the current clan leader of the Paoli clan, and my name is tuo er riyue!" Tuo riyue was shocked when he saw Lin Yi channeling the practitioner's Arts. He knew what Lin Yi was capable of-he'd be crying his eyes out if Lin Yi crippled his eldest son as well.

"Oh? You are the patriarch of the Paoli clan? You came here ..."Lin Yi didn't expect this friendly old man to be the patriarch of the Paoli family, and to be so polite to him.

"I'm sorry, Mr. Lin. My third son attacked you because he was bewitched by a demon. I'd like to express my sincerest apologies to you. I'm really sorry!" Thor riyue's attitude was very humble because he knew that this was his chance, and also his third son tortu's chance!

Lin Yi was surprised by the apology, but it didn't seem fake. Lin Yi didn't think there was a need to fake it, so he nodded,""Demon? What did that mean? Old patriarch, did you come here to make peace with me?"

"That's right. The demons claimed to be from the Central Plains. One of them is called Kang Zhaoming, and the other is he Yi. They're the disciples of the five elements sect's acting sect leader, patriarch xuanchen." Thor riyue didn't hide anything and sold Kang Zhaoming out in the blink of an eye.

"Kang Zhaoming? He Yi?" Lin Yi's face flashed with shock."So it's them?"

"Two people? From the Central Plains? The five elements sect?" Of course, Yu Dake was also shocked. According to Yu Dake's speculation, these two people must have come from the Gu family to find the enemies of the Pao Li family!

"It seems like Mr. Lin knows these two people!" A look of guilt flashed across Thor riyue's face. ""That's right. They promised to give our Paoli clan a fourth-grade great recovery pill, and then our Paoli clan would help them deal with an enemy! "Mister Lin, you should have noticed that my meridians are all destroyed and I need a fourth-grade great recovery pill to heal my injuries. So ... We agreed to this request. We just didn't expect that you're also a member of the five elements sect ..."

"Ah?" Yu Dake didn't expect Lin Yi to be from the five elements sect as well. If that was the case, then the two enemies were from the same sect as Lin Yi. Could Lin Yi still avenge him? Wait a minute, if they were from the same sect, why did they want to deal with Lin Yi?

"So that's how it is." "Then the old chief's purpose here is ..." Lin Yi nodded.

"Mr. Lin, let's not beat around the bush. I've heard a little about your past. If I'm not wrong, you should have a fourth-grade great recovery pill, right? And it's not just one?" Thor riyue asked tentatively.

"And then?" Lin Yi didn't admit to it, but asked.

"If Mister Lin is able to provide us with one ... Or even two of them, I believe that the Paoli clan would be eternally grateful to you, Mister Lin." Thor riyue said.

"You mean, you and your son's injuries should be treated, right?" Lin Yi asked.

"Yes, that's it. What do you think, Mr. Lin?" Thor moon nodded and asked.

"Do you think I'm crazy for treating me like that and even locking me up in the dungeon so that I can save him?" Lin Yi asked with a smile.

"Of course, this is a business deal. Mr. Lin, you can tell us what you think. My son tortu also said that Mr. Lin is here to discuss business with us." Thor riyue quickly added.

"Alright. First, help me kill ... He Yi." Lin Yi didn't ask the Paoli to kill Kang Zhaoming because Kang Zhaoming still owed him a Qi gathering pill. Plus, with his strength, Lin Yi could kill him in a second. There was no need for the Paoli to do it for him.

This he Yi, on the other hand, was a big problem. Lin Yi wasn't sure if he could kill him in an instant, and it wouldn't be worth it if he got killed instead. He had to kill as many as possible.

"This ..." Thor riyue hesitated for a moment, then said, ""If you can really provide me with a fourth-grade great recovery pill, I can satisfy your request."

"A fourth-grade great recovery pill? Would Kang Zhaoming give it to you? He gave it to you?" Lin Yi didn't answer, but looked at tuo riyue with a faint smile.

Chapter 3365 The Shocked Thor Riyue

"This ..." Thor riyue was at a loss for words, and his expression was a little awkward. "It's a future trade. He hasn't given it to me yet. What he means is that after the five elements sect has successfully refined it, he will definitely give it to me. And it's not just one, but two ..."

"Oh, he still owes me a Qi gathering pill. He's been in debt for months. Do you think his words are trustworthy?" Lin Yi said, curling his lips.

"This ... Hehe, you're right, Mr. Lin. However, I've been tricked once. I have to learn from my mistakes, right?" Tuo riyue was thick-skinned, after all. He laughed it off and admitted his mistake, leaving Lin Yi speechless.

"The second condition is about the energy stone." "I need a batch of energy stones," Lin Yi said.

"Energy stone ..." Thor riyue's expression changed slightly. "Mister Lin, our Paoli clan doesn't have many of these energy stones left. If this is your request, then I'm afraid I can't comply! Although I'm the patriarch of the Paoli clan, I can't just hand over the cultivation resources of the Paoli clan's future generations and become a sinner for my own benefit. If that's the case, I'd rather not have this fourth-grade great recovery pill! "Of course, if you give us two fourth-grade great recovery pills, I can make the decision to give you a few energy stones, but it's impossible to give you a whole batch. You can see for yourself that there are mountains of used energy stones in this underground warehouse. It takes tens of thousands of years or even a hundred thousand years to fully recharge a used energy stone. That's too long! Oh, right, I forgot to tell you, Mr. Lin. These used energy stones can automatically recharge, but the speed at which they absorb the spiritual energy of heaven and earth is slower. "

"Hehe, I think the old clan leader has misunderstood my meaning. What I mean is that I want one-fifth of the energy stones you have in your storage!" Lin Yi said.

"That's impossible! We have 20000 energy stones in our storage, one-fifth of that would be 4000. That's too much, I can't agree to that!" Thor riyue immediately said.

"I'm not done yet. The energy stones I'm referring to aren't the old clan leader's storage, but the energy stones in this underground warehouse!" Lin Yi said as he pointed at the mountain-like pile of energy stones.

"Ah? Mr. Lin, are you talking about used energy stones? You want this? What's the use of that?" Thor moon froze, not understanding what Lin Yi meant. "Although one-fifth is a lot, it's useless. Oh? Mr. Lin, you're not talking about ... The energy stones that have been charged with some energy, are you?"

At this point, Thor riyue's expression changed! Could it be that Lin Yi had already checked the energy stones? Did he know that some energy had already been injected into it? This was about one-fifth of the total number! However, these energy stones had been here for more than 10000 years. Although each stone did not have a lot of energy, only about one-tenth of it could be charged, if they were added together, it was still a huge amount of energy!

Therefore, at this thought, Thor riyue was a little anxious. "Mr. Lin, aren't you a little too greedy?"

"Hehe, old chief, you misunderstood me again. The one-fifth I said was the one-fifth from this side. I don't want the rest inside." Lin Yi said, pointing at the energy stone at the edge.

"Ah? These were all left here in the last few hundred years. What use would it be for Mr. Lin? "Even if Mister Lin wants to start a sect, it'll be a hundred thousand years before these energy stones come into effect. It'll be different then ..." Tuo riyue really didn't understand what Lin Yi was doing.

"Old patriarch, you don't have to worry about my use. I'm just talking business. What do you think?" Lin Yi didn't explain further, "I'll heal you and your son's injuries completely. Can you agree to these two conditions?"

"This ... I can agree to it, but we must hand over the money and the goods at the same time!" Thor riyue had learned her lesson and no longer believed in futures.

"Alright, then I'll treat your injuries first!" "Old chief, please sit in front of me!" Lin Yi nodded.

"Ah? What's the point of consuming a top grade fourth grade great recovery pill?" Tuo riyue blinked, but he'd never seen a fourth class pill before, so he didn't know what Lin Yi meant.

But he still sat in front of Lin Yi obediently, like a primary school student.

"What's your name? Now, protect your father and don't let anyone disturb us. Otherwise, don't blame me if your father dies or suffers from Qi deviation!" Lin Yi said as he looked at him.

He was afraid that Thor Dragon would sneak up on him while he was healing Thor riyue, so he had to warn him in advance so that Thor Dragon wouldn't dare to act rashly. Of course, Lin Yi was talking about protecting Thor riyue.

"Don't worry, Mr. Lin. I won't let anyone disturb me. " Torrone quickly promised.

"Alright, give me your wrist. Then, close your eyes and rest." Lin Yi said to tuo riyue.

"Oh, okay!" Tuo riyue found it strange, but he still handed the wrist to Lin Yi.

Lin Yi, on the other hand, held onto tuo riyue's pulse and started circulating the third stage of the art of Dragon mastery, slowly repairing tuo riyue's damaged meridians.

Recently, Lin Yi's art of Dragon mastery was showing signs of breaking through to the third stage, but he felt that it was still a bit off. There was still a bit of difference, but Lin Yi didn't neglect his training every day. It was just a little bit off.

Lin Yi thought that it was probably because he'd only broken through to the second layer for a short period of time, so he couldn't break through to the third layer too quickly.

Tuo riyue didn't know what Lin Yi wanted to do, but he suddenly realized that there was a magical pure Qi flowing into his meridians from where Lin Yi had clasped them, starting to repair his broken meridians!

This ... What kind of magical mental cultivation method was this? Tuo er riyue was shocked. He opened his eyes and looked at Lin Yi in disbelief, ""You ... You ..."

Tuo erlong tensed up at the look on his face. He didn't see Lin Yi feeding his father the pill, but Lin Yi was channeling his Arts instead. Was Lin Yi trying to harm his father? Therefore, he subconsciously became alert. ""Lin Yi, what are you doing?"

"Don't ... Don't come over and disturb us! Shut up!" Thor riyue jumped in shock when he heard Thor Dragon's words! He was shocked, but his meridians were fully repaired. He didn't want to ruin the good thing just like that-he'd regret it if Lin Yi didn't want to treat him!

Chapter 3366 A Sincere Apology

Tuolong was taken aback, realizing that he'd been too rash. Lin Yi wasn't trying to harm his father, but he was doing something! His father's face was filled with excitement and happiness!

Therefore, torrone quickly shut his mouth and carefully dodged to the door, not daring to say another word.

"Don't be impatient," Lin Yi glanced at tuo riyue. In fact, all of his Qi came from the Jade space, and Lin Yi himself was only a conductor, so he didn't need to spend much energy. He could speak normally, but he was afraid that tuo erlong would suddenly attack and catch him off guard.

"Good, good!" Thor riyue nodded repeatedly in agreement.

However, although tuo riyue didn't say anything, the shocked expression on his face was getting more and more interesting. He couldn't believe that Lin Yi treated him like this. No wonder he and his friends were able to recover after being crippled. Lin Yi was even more powerful than some peak-grade fourth-grade great recovery pill!

Finally, the meridians in tuo' er riyue's body were all repaired by Lin Yi. Lin Yi let go of tuo' er riyue's wrist, but he didn't help him level up. He believed that tuo' er riyue would recover on his own after some time since he wasn't injured for long.

"It's done. " Lin Yi let go of his hand and turned to Thor riyue."Now that you've seen my ability, you shouldn't doubt my words. Go kill he Yi and give me one-fifth of the energy stone here. I'll treat your son's injuries!"

"Okay, Mr. Lin, I'll get it done right away!" At this moment, tuo riyue's domineering aura as a practitioner was released. Although he couldn't reach the full strength of Sky Class late phase peak, he could already reach that level. He believed that with a little rest, he would be able to return to his peak state!

Of course, tuolong saw his father's strength as well. He was happy but shocked at the same time. Lin Yi's ability was too strong! He could heal his injuries just by taking his pulse? What kind of mental cultivation method was this?

But he didn't dare to ask-Lin Yi wasn't someone easy to deal with, after all. From the information he had, the kid killed his third brother with a single move-he didn't want to piss Lin Yi off again.

"Mr. Lin, please follow me. I'll arrange a vip room for you to rest in." Tuo' er long said respectfully. He already treated Lin Yi as an important guest of the Paoli clan. He could tell that Lin Yi wasn't a greedy person, and the conditions he proposed weren't difficult for the Paoli clan.

To be honest, the Pauli race did not have much use for the abandoned energy stones. Who could wait for a hundred thousand years? It was way too long ago, and the Paoli family didn't even exist anymore. Killing he Yi was a perfectly normal thing to tuo erlong. He Yi wanted to kill Lin Yi, and Lin Yi would kill him in return. There was nothing wrong with that.

"Mr. Lin, aren't you going to kill he Yi yourself?" Tuo er riyue found it strange-Lin Yi could heavily injure tuo er long, so he should have the strength to kill he Yi.

"No, it's not good to make a move." Lin Yi said, waving his hand.

It wasn't that he couldn't make a move, but he could injure he Yi, but it was hard to say if he could kill he Yi. Lin Yi had just used a big move, and if he couldn't kill he Yi, he couldn't use another big move immediately. It would be bad if he was exposed.

Thus, it was better to let the Paoli clan do it for him.

"Alright, I'll let tuo er long and tuo er Shan's two sons take care of him. They're both Sky Class late phase peak Masters, they should be able to take care of he Yi." Tuo riyue didn't say anything else. As far as he was concerned, if it wasn't convenient for Kang Zhaoming to make a move, then naturally, it wouldn't be convenient for Lin Yi to make a move!

"You don't have any more Sky Class late phase peak Masters in your Paoli family?" Lin Yi asked.

"There is, but to deal with he Yi, there's no need for so many experts, right?" Thor riyue asked.

"This he Yi is a bit stronger than a Sky Class late phase peak, so I suggest that you guys attack as a group. How about this-bring your other son here, I'll heal him, and you guys attack together!" Lin Yi said.

Tuo riyue was very touched by Lin Yi's words. Lin Yi was really thinking for them, unlike Kang Zhaoming who was pretending to warn them. Not only did Lin Yi warn them, but he also wanted to heal tuo Ertu in advance. This meant that Lin Yi was worried that the people of the AO Li family would be at a disadvantage, and he wanted to help them!

"Thank you, Mr. Lin! Don't worry, Mr. Lin, I'll get someone to help you pack up these energy stones. I'll pick out a portion of energy stones that have been flushed with energy and give it to you!" Thor riyue said.

"That's not necessary. There's no need to charge it. It's best if it doesn't have any energy!" Lin Yi waved his hand. "Since we've agreed on the conditions, it's fine if I treat your son earlier."

"Then ... Thank you, Mr. Lin!" Seeing that Lin Yi had rejected his good intentions, tuo er riyue didn't force him. He nodded and went to find tortu.

.....

Tortu's hopes were dashed. He knew that his father had gotten him another great recovery pill from Kang Zhaoming, but to be honest, was it that easy to make?

Zhaoming did agree, but he didn't know when he'd be able to make it. Tortu didn't think he'd be so unlucky-not only did he fail to kill Lin Yi, but he was also crippled.

However, when Thor riyue pushed open the door and entered tortu's room, tortu was stunned!

"Father, your strength ..." Thor riyue didn't hide his strength, so tortu could easily sense that he was a late stage heaven rank powerhouse. "You've recovered your strength? Kang Zhaoming ... Gave you the pill?"

"It's not Kang Zhaoming, it's Lin Yi!" Thor riyue sighed and told tortu what had happened.

Tortu's eyes lit up with hope-he'd never believe that Lin Yi had a skill like this before, to be able to heal someone with a mental technique, especially from a serious injury like this, but his father was standing right in front of him, alive and kicking. He couldn't just ignore that.

"I ... Can also recover?" Torto didn't expect happiness to come so quickly.

"Yes, Mr. Lin has already agreed. Come with me quickly. Remember to apologize sincerely and lower your stance! If he can cure you, then crippling you is as easy as turning his hand!" Thor riyue warned.

Chapter 3367 Pulling A Scapegoat

"Don't worry, father, I don't have any grudges against him. This is all because of Kang Zhaoming, and when I recover!! 'Ll go straight for Kang Zhaoming! Tortu said with hatred.

Tuo Ertu and tuo eryue came to Lin Yi's room, and Lin Yi started healing him without saying anything. Tuo eryue and tuo erlong protected him from the side, and they cried tears of joy when they saw that tuo Ertu had recovered his Sky Class late phase peak strength!

For the past few days, the Paoli tribe had been living in darkness. But now, they were finally able to see the light!

Knowing how to repay a debt of gratitude, tuo er riyue didn't rest at all. Instead, he brought tuo er long, tuo er Shan, tuo er tu, and the two elders of the Paoli to he Yi and Kang Zhaoming's room.

When Zhaoming opened the door, he saw a bunch of people standing there. He was a little confused. "Old master, you came here ... With so many people. What's the purpose of such a grand ceremony?"

"Hehe, it's nothing." Thor riyue smiled faintly as he stepped into Zhaoming's room. The five people behind him followed.

"No... Your strength ..." Zhaoming suddenly pointed at Thor riyue in shock. "How are you not a cripple?"

"Are you very surprised? There was something even more shocking! Do it!" Tuo er riyue suddenly shouted. As he spoke, he dodged backward slightly, and the five people behind him went straight for small one!

Little one's pupils contracted-he didn't think that the Paoli would attack them, but he reacted quickly and prepared his defense. But what made him helpless was that the five people in front of him were all Sky Class late phase peak Masters!

If it was a Sky Class late phase peak, he might still have a chance of winning-he was from the five elements sect, after all, and was stronger than other practitioners of the same level. But now, five of them were attacking him at the same time-no matter how strong he was, he wouldn't be able to fight them!

"Let's talk this out ..." Little one backed off. He had no confidence in surviving the combined attack of these five people.

However, Thor Dragon, Thor mountain, tortu, and the two elders didn't have any intention of explaining or stopping. The five of them simultaneously circulated their Qi cultivation and drew out a divine weapon that seemed to be made from some beast's bone armor from their waists. They smashed it at small one at the same time!

The Paoli clan's divine weapon was the bone armor of a spiritual beast. It was slightly different from the ones used by the cultivators in the Central Plains. Of course, this also had to do with their race.

Even if he didn't use the heaven grade weapon, he wasn't Lin Yi's match. He didn't even return the weapon after Lin Yi took it away. The situation made him want to cry but no tears came out. Lin Yi was trying to kill him!

Furthermore, they were all vicious moves that small one could not defend against! Although he had true energy to protect his body, he would die no matter how he defended against the simultaneous attacks of five top-notch experts. There was definitely no hope of survival!

Therefore, small one was anxious. He gritted his teeth. Even if he had to die, he had to drag someone down with him ...

"BOOM!"

The five experts from the Paoli clan struck he Yi at the same time. The bone armor weapons smashed onto he Yi's body, creating a loud bang!

The moment little one was hit, he moved as well. He suddenly activated his strongest martial technique, the misty five elements reincarnation fist, and attacked tuo er long who was at the front!

"If you let me die, I'll take one down with me before I die!" Small one's face was ferocious. He had never thought that he would die Here, but since he couldn't live, he would drag one down with him before he died!

Thor mountain had attacked with all his might. He had not expected that he Yi could still struggle in the face of the joint attack of several people. Although he quickly circulated his cultivation method and pithy formula to protect his body with true Qi, it was too late. Moreover, he Yi's five elements reincarnation fist was one of the strongest moves of the five elements sect, second only to the five elements Eight Trigrams palm!

However, as the practitioner's level increased, the disadvantages of the five elements Eight Trigrams palm would become apparent. It only had ten forms, so Earth Class practitioners could use it, but Sky Class practitioners would lose their advantage.

The five elements reincarnation fist was different, but it wasn't as powerful as the five elements Eight Trigrams palm in the earth Class. Of course, this also referred to the current five elements reincarnation fist. The current five elements reincarnation fist was actually an incomplete martial technique. Originally, it could only be cultivated by people with five elements attributes. Just like the five elements Eight Trigrams palm, it could only exert the most powerful power by combining all the attributes.

However, although the five-elements sect was called the five-elements sect, how many people in it had the five-elements attributes? It was no wonder that patriarch xuanchen attached so much importance to taganlong and Tian Gang!

Back then, there was an extremely talented senior in the five elements sect who had modified the five elements reincarnation fist so that it could be used with any single attribute of the five elements. However, its power had also been greatly weakened. However, it was still much more powerful than ordinary martial skills. However, there was a drawback every time he used it. It would drain all the physical strength and true Qi in his body. Therefore, little one would not use it unless he had no other choice. Now, he was dead for sure, so there was no need to leave any way out for himself.

The original five elements reincarnation fist was very powerful, even more powerful than the five elements Eight Trigrams palm. However, it had been lost! After that senior had taken away the five elements reincarnation fist and modified it, he had taken the original version of the five elements reincarnation fist's mental cultivation method and pithy formula to go into seclusion. He wanted to perfect his modified five elements reincarnation fist and see if it could become a martial technique that could be used by cultivators with two or three attributes.

However, that senior never came out of his closed-door cultivation. Instead, he suffered Qi deviation and exploded while modifying the secret manual. Even the original five elements Eight Trigrams palm secret manual was destroyed. From then on, this martial art technique was lost! Otherwise, patriarch xuanchen would definitely have allowed taganlong and Tiangang to cultivate the original five elements reincarnation fist.

"Boom! Boom! Boom!" Thor Dragon was sent flying by he Yi's critical hit before he died. He crashed into the door and broke it. He then fell into the corridor, bleeding from all seven apertures. He had obviously suffered a very serious internal injury!

He Yi laughed and fell on the spot, rushing to the netherworld in satisfaction.

Zhaoming, on the other hand, was completely dumbfounded. He didn't know what was going on-why did tuo riyue get his men to kill he Yi the moment he entered? he didn't even do anything to him! He hid in a corner and shivered, not knowing what to do.

"Thor Dragon!" Thor riyue shouted and quickly ran out of the room ...

Chapter 3368 Obtaining Another Qi Gathering Pill

Seeing tuo' er long on his last breath on the ground, tuo' er riyue hurriedly took out a Jade bottle from his bosom. He took out a grade three great recovery pill from within and sent it into tuo' er Long's mouth.

After taking the recover pill, torrone's complexion improved slightly, but his injuries had not recovered yet. He would not die for a while,"Father ... I can't take it anymore. I didn't expect he Yi to be able to use such a move before he died ..."

"Don't worry, torrone. Hang in there, Mr. Lin can save you!" Thor riyue said hurriedly.

"My injuries ... Are too severe ..." Torrone smiled bitterly."And why did you save me, Mr. Lin?"

Tuo erlong's words stunned tuo riyue. He immediately remembered that it was a deal between him and Lin Yi. Lin Yi cured his and tuo erlong's injuries in order to kill he Yihe in exchange for the wasted energy stones. Now that there was an extra tuo erlong, would Lin Yi help?

However, no matter what, Thor riyue still had to try! He picked up Thor Dragon and ordered the two elders of the Paoli race,""Thor big, Thor small, you guys look after Kang Zhaoming, don't let him escape!"

"Yes!" The two elders nodded in agreement.

"Thor mountain, tortu, follow me!" With that, tuo riyue quickly ran to Lin Yi's room.

A sudden knock on the door startled Lin Yi. He opened the door to see tuo riyue with tuo erlong in his arms, surprised. "Old chief, what is Mr. Torlong doing?"

"Mr. Lin, tuolong was severely injured by he Yi's last attack. I hope Mr. Lin can help him!" Thor riyue said.

"Oh?" Lin Yi looked at him-he was heavily injured, but the pill should be able to keep him under control. He wouldn't die so quickly, but Lin Yi didn't agree right away, "Old chief, do you think that I don't have to pay a price for treating others? I've lost a lot of stamina and true energy in treating you and tortu, and my strength level almost dropped. "

"This ..." Thor riyue only just realized that Lin Yi was using pure energy to heal someone! It was no wonder. How much physical strength and true Qi could a cultivator have? How precious was their physical strength and true Qi? Otherwise, energy stones would not be so valuable!

Lin Yi had to pay a price too, so it was a bit thick-skinned for Thor riyue to ask Lin Yi to heal torlong.

Of course, Lin Yi wasn't trying to make things difficult for them. In fact, Lin Yi and the Paoli clan only had a business relationship! If the Paoli didn't do anything to him from the start and locked him up in the dungeon, then Lin Yi wouldn't mind doing them a favor!

But now, the Pao li race was working with Kang Zhaoming first, and they only started working with him after seeing him get stronger. As a result, the Pao li race's position in Lin Yi's heart fell, and he wasn't as sincere to them anymore.

Sometimes, he had to be careful when he should.

"Mr. Lin, if you were to save torrone, what price would you have to pay?" Tuo riyue wasn't stupid-he made two deals with Lin Yi already, so there was no harm in making another one. "We've already killed he Yi. "

"Killing he Yi was the condition we agreed on." "I've lost too much pure energy in my treatment ..."Lin Yi shook his head faintly.

"We can use ten full energy stones to exchange ..." Thor riyue said after hesitating for a moment.

"I don't need an energy stone that's full of energy." "Do you guys have anything else?" Lin Yi rejected.

"Then ... There are pills and the like. I don't think Mister Lin needs them ..." Thor riyue suddenly thought of something! Didn't Lin Yi say that Kang Zhaoming still owed him a Qi gathering pill? Did Lin Yi need this pill? If that's the case ... Thinking of this, Thor riyue quickly said, ""Our Paoli clan still has one Chi-amassing pill. I wonder if Mister Lin needs it?"

Qi gathering pills were not of much use to the Paoli race. They had a lot of energy stones for cultivation, so they had no use for Qi gathering pills. They had exchanged a few Qi gathering pills for them before, but they did not continue to exchange for more. Now, they only had one left.

"Qi gathering pill?" Lin Yi raised a brow, not expecting the Paoli to have something like that. He nodded slowly, "I can give you a Qi gathering pill, but you should know that the value of a third-grade pill is not enough for me to sell it."

"I understand, Mr. Lin. Our Paoli clan will forever remember your kindness! Our Paoli clan owes Mister Lin a favor. In the future, if Mister Lin has any requests, as long as our Paoli clan is able to do it, we will definitely do it!" Thor riyue said.

"Alright, you guys protect Thor Dragon!" With that, Lin Yi reached out and held onto tuolong's pulse, channeling the art of Dragon mastery!

Although Lin Yi only helped because of the Qi gathering pill, the Paoli clan hadn't even taken out the pill yet, and Lin Yi had already helped them. This made tuo riyue extremely grateful!

Lin Yi made it sound complicated, but saving tuolong was as easy as lifting a finger. After tuolong was fully recovered, Lin Yi let go of his hand, "It's done. "

Tuo' er riyue was just about to ask how tuo' er long felt when he jumped up and bowed deeply in front of Lin Yi, "Thank you, Mr. Lin, for saving my life. I will never forget it. From now on, Mr. Lin, tuo' er Long's life belongs to you. The Paoli clan owes you a favor, and I, tuo' er long, will only listen to you in private!"

Tuo riyue looked at his eldest son and didn't say anything in the end. He understood his eldest son's character. He was a person who knew how to repay kindness. He also knew that the value of a Qi gathering pill was not enough to exchange for his life!

To be honest, if the Paoli clan wanted to, a Qi gathering pill or an energy stone would be enough to exchange for it. They didn't even need ten! But Lin Yi didn't ask for ten energy stones, and instead asked for the Qi gathering pill. This meant that Lin Yi might be in need of this thing, and was doing the Paoli a favor at no cost.

"Hehe, how's Kang Zhaoming?" Lin Yi didn't need the Dragon for now-he was too far away from Lin Yi, and there was nothing he could do for now.

"Kang Zhaoming is being watched by our people. How do you think we should deal with him, Mr. Lin?" Tuo riyue asked. As far as he was concerned, Kang Zhaoming's life was in Lin Yi's hands.

Chapter 3369 Lin Yi's Weakness

"Let him go." Lin Yi said after some thought. Even if he had his own Qi gathering pills, he was planning to put Zhaoming back. There weren't many Qi gathering pills, and even if Lin Yi didn't need them anymore, there were still Han Jingjing and the others.

"Oh ... Okay." Tuo riyue didn't know why Lin Yi let Kang Zhaoming go, but since Lin Yi had made up his mind, he didn't ask. He ordered Tuo Ertu to get Lin Yi some Qi gathering pills, and Tuo Erlong to let Kang Zhaoming go. He and Tuo Erlong sat in Lin Yi's room and talked to Lin Yi.

"This time, I'm afraid I can't take all the energy stones back. My car can't fit them all." "I'll leave it here for now, I'll come back for it when I have time," Lin Yi said.

"Ah, Mr. Lin, are you leaving?" Tuo Erlong was shocked by Lin Yi's words.

"Yes, there are still many things to do at home. I've already achieved my purpose for coming here. I have to go back now." "If you need anything, you can call me, or you can come find me," Lin Yi said.

"Thank you, Mr. Lin ..." Tuo riyue was very touched. Lin Yi's words were like a promise. In the future, if the Pao Li family had their meridians broken again, Lin Yi wouldn't just sit by and do nothing.

Perhaps it was torlong's attitude that moved Lin Yi, but he'd made a good connection.

Kang Zhaoming was let go, and even his car was returned to him. They even filled up the gas for him. This made Kang Zhaoming a little confused. He didn't know what the Paoli were up to.

"Old patriarch, what do you mean by this? You killed my senior brother. Don't you want to cooperate with our five elements sect?" Zhaoming had a rough idea of what was going on-the Paoli had probably gotten on Lin Yi's good side. Didn't they see that tuo er riyue and tuo er tu had recovered? Even torlong, who was crippled by small one, seemed to be fine. Zhaoming would be an idiot if he didn't know what was going on!

He wasn't the Kang Zhaoming who ate dog shit anymore. He'd grown during this time, and that's why he wondered why Lin Yi would let him go. Why did he let him go?

Tuo riyue didn't say anything and retreated to the side. Kang Zhaoming was about to say something when a familiar voice sounded. It was Lin Yi, ""Kang Zhaoming, you and I are old acquaintances, and we can be considered fellow disciples. I'll let you go this time, and I hope you can make the pill for me as soon as possible."

"Ah ... Boss Lin Yi, thank you so much ..." Although Kang Zhaoming said that, he hated Lin Yi to death in his heart. Making Qi gathering pills? I'll make you an ultimate Qi gathering pill and eat you to death!

"I won't be sending you off. Send my regards to ancestor xuanchen. Bring small one's corpse back. To be honest, I hate him. If you came by yourself, you might not have died." With that, Lin Yi turned and left.

Kang Zhaoming knew about the grudges between Lin Yi and small one. Small one once beat Lin Yi to the point where he couldn't even fight back. He was like a dead dog. It was reasonable for Lin Yi to look for an opportunity to kill small one.

But, since Lin Yi let him go, there was no reason for him to stay any longer. He got in the car and drove away ...

Five elements sect.

Good things kept happening to ancestor xuanchen these days. Kang Zhaoming had good news that Lin Yi was imprisoned, and professor ban Jieming the second had good news too. The Tier 2 automatic cauldron's technical problem was solved. The replica was made and could be mass produced.

At that moment, Kang Zhaoming's call came in. Patriarch xuanchen picked up the phone. "Zhaoming, I was just looking for you-I have some good news for you!"

"Father-in-law, I have bad news for you ..." Kang Zhaoming said in anger.

"Bad news?" Patriarch xuanchen was stunned, and his good mood instantly plummeted. ""Then you go first ..."

"The Paoli family changed sides at the last minute, and they're working with Lin Yi now! They killed big senior brother!" "If Lin Yi didn't need me to make him the Qi gathering pill, I'd probably be left there too!" Zhaoming said bitterly.

"What? The Paoli clan doesn't want the fourth-grade great recovery pill anymore?" "What?" patriarch xuanchen exclaimed.

"Lin Yi, you've healed tuo er riyue and tuo er tu! "Lin Yi, this kid, he has a special ability in this area. We've all heard about it before, but who knew that the Paoli family would find out about it, and ..." Zhaoming explained with a bitter smile.

"I understand now ..." Ancestor xuanchen sighed. He had a vague idea of Lin Yi's ability, but he didn't study it too much. After all, there were only a limited number of mantras that a person could cultivate. There was no point in studying other things. Furthermore, if Lin Yi could cultivate it, the people of the five elements sect might not be able to. "Come back quickly, it's good that you're fine. Otherwise, little eleven will become a widow and his life will be hard."

"I'm on my way back. By the way, father-in-law, what's the good news you mentioned?" Zhaoming suddenly remembered the good news the xuanchen elder mentioned.

"Good news ... Sigh, I'm not in the mood to tell you now. Actually, this is what happened." "Professor ban Jieming the second has already deciphered Lin Yi's grade two automatic cauldron," the xuanchen ancestor said. "We can start mass-producing it now."

"That's great, we can't kill Lin Yi yet, but we can attack him from this angle!" Kang Zhaoming's morale was high again.

"Yes, that's what I meant as well. We can only do this for now ..." Ancestor xuanchen said helplessly.

"Oh right, father-in-law, small one's death isn't a bad thing!" Zhaoming said suddenly.

"Oh? Why do you say so?" "Little eleven?" patriarch xuanchen was a little stunned. "You mean, it's because of little eleven?"

Previously, little one also liked little eleven, which was why ancestor xuanchen had such a guess. After all, if the two of them were to be investigated further, they could be considered love rivals.

"Ah? Father-in-law, what are you thinking? what does this have to do with her?" Zhaoming quickly shook his head and analyzed, "it's like this-when Lin Yi fought tortu, he didn't kill him and fell into a trap instead. This means that Lin Yi might not have the strength to kill tortu. Of course, we can't be 100% sure. After all, tortu activated the trap and caught Lin Yi off guard!" But after that, Lin Yi didn't show up, and instead sent the Pao li clan to kill small one-this means that Lin Yi doesn't have the ability to kill a Sky Class late phase peak, or he wouldn't have sent the Pao li clan to do it. Lin Yi wouldn't do something like that, and he has a grudge with small one anyway-wouldn't it be better to get revenge himself?"

Chapter 3370 The Corpse Disappeared

"Zhaoming, what you're saying makes sense!" The xuanchen ancestor didn't think that much before, but after Zhaoming's analysis, he felt that it was true! Lin Yi didn't have the ability to kill a Sky Class late phase Peak Master-this was good news! At least, Lin Yi wasn't invincible!

After hearing the news, ancestor xuanchen heaved a sigh of relief. As long as Lin Yi wasn't invincible, there would be a way to deal with him.

"That's why I think that we should hurry up and make that pill. We should just let Lin Yi eat it until he dies, hehe!" Kang Zhaoming suggested.

"En, after you come back, you can start on this matter!" Said patriarch xuanchen.

Patriarch xuanchen hung up the phone and sighed slightly. Then, he shouted to the door, ""Waiter, come in for a moment!"

"Master, you were looking for me?" After a while, the waiter pushed the door open and walked in.

"Your eldest senior brother, small one, has already fallen. Now, you are the most important person among the five elements sect's senior and junior brothers. You have to shoulder this responsibility!" Patriarch xuanchen sighed.

"Ah? When did that happen?" The waiter was shocked.

"It's today. " Said patriarch xuanchen.

"That can't be right? The disciple who was in charge of cleaning the room with the soul Jade tablet just reported to me that everything was normal. Eldest senior brother's soul Jade plate didn't shatter!"

"Master, is this information accurate?" the waiter asked, somewhat puzzled.

"Kang Zhaoming sent it back, there can't be any mistakes!" "What?" patriarch xuanchen was also taken aback. "Get someone to bring small one's soul Jade tablet for me to take a look!"

"Yes!" The waiter didn't dare to disobey. He quickly nodded and went to prepare.

After a while, the waiter quickly brought little one's soul Jade tablet to patriarch xuanchen's room. However, his expression was a little strange.

"You brought it? Let me see!" Patriarch xuanchen said impatiently.

"Master, eldest senior brother's soul Jade plate didn't break, but there's a crack on it. If you don't look carefully, you won't be able to see it. I only noticed it when I took it over just now. What does this mean?" The waiter respectfully handed little one's soul Jade tablet to patriarch xuanchen.

"This ..." Patriarch xuanchen took the soul Jade card and was a little dumbfounded. This was the five-elements sect's Secret technique that had been passed down for thousands of years. However, it was broken. When the person died, the soul Jade card would break. There was no suspense. Patriarch xuanchen had never seen such a situation where the Jade card had a crack but did not break!

Did this mean that the person was dead or not? Still not completely dead? What was the meaning of this? Patriarch xuanchen was also a little dumbfounded!

"Alright, you can leave now. I'll do some research on my own!" The xuanchen ancestor frowned. After the waiter left, he called Zhaoming again.

"Zhaoming, where are you? Are you sure your senior brother is dead? Where is his body?" "What's wrong?" patriarch xuanchen asked anxiously.

"I'm on my way back. I'm sure he's dead. I saw him being beaten to death with my own eyes. As for his body, it's in the trunk of my car!" Zhaoming said.

"Then stop the car immediately and check on small one's condition. Is he still alive and can be saved?" Patriarch xuanchen immediately instructed.

"Alright, I'll go and take a look!" Zhaoming did as he was told and parked the car. He got out and opened the trunk, but the opening of the trunk gave him a shock-he almost fell to the ground!

He looked at the trunk of the car, dumbfounded, and speechless.

"Zhaoming, what's wrong? Did you see that?" "What's wrong?" patriarch xuanchen asked anxiously.

"Yue ... Father-in-law, eldest senior brother's corpse is gone!" Kang Zhaoming exclaimed.

"What? No more? What did that mean? You lost it?" Patriarch xuanchen frowned.

"That's not it. I saw with my own eyes that the Paoli race had placed the corpse into the car. I didn't stop the car along the way, and the trunk of the car wasn't even opened. However, eldest senior brother's corpse just disappeared into thin air!" Kang Zhaoming was scared out of his wits. He wasn't afraid of dead people, but he was afraid of supernatural things. This was too scary!

"Why don't you immediately go back and look for it? see if you dropped it on the road!" Patriarch xuanchen was also confused by Zhaoming's words. How could this person's body suddenly disappear?

"This ... Okay ..." Kang Zhaoming was scared, but he had to force himself to turn the car around. This was too much of a fantasy. How did the body disappear?

"Okay, call me immediately after you find it!" Patriarch xuanchen also felt that this was unusual! This was too unexpected, right?

.....

Lin Yi filled up the back of the Grand Cherokee with discarded energy stones and left the place under the cheers of the Paoli.

"Ke, do you still want to go back to your hometown?" Lin Yi asked Yu Dake, who was driving.

"There's no need to go back. We've already taken everything we need. Let's hurry back. Mr. Lin, you must have something important to do, right?" Yu Dake shook his head.

"Then let's go back." Lin Yi didn't try to be bashful-he really did want to go back as soon as possible, and get Xinyan's body cured. After some hesitation, Lin Yi took out the Paoli's Qi gathering pill and gave it to Yu Xiaoke,""Ke, we'll find a place later-I'll raise your strength to Earth Class late phase peak, and you'll be able to break through to Sky Class after taking this Qi gathering pill!"

"Ah?" Yu Xiaoke saw Lin Yi's action and froze, "I'll take the Qi gathering pill? Advance to the heaven rank? You ... Even if you're a male thief, you don't have to be so nice to me ... You need to get stronger right now, so you should take it yourself. Earth Class late phase peak is already amazing to me, you don't have to be a Sky Class. "

"Xiaoke, you've misunderstood. I'm not being nice to you without a limit. You can help me if you become a Sky Class." This was the result of Lin Yi's careful consideration."Ke, my attack isn't weak anymore-even if I can't kill a Sky Class late phase peak in an instant, I can still injure them. My defense, however, is a lot weaker-if I'd been hit by tortu before, we would've been wiped out already! And if you can provide me with defense at that time, we will be in an invincible position! I'll have a lot of enemies in the future, so after you become a Sky Class, you'll be able to be by my side at any time, providing me with defense-I'm a bit selfish, after all. "
