

Bodyguard 3381

Chapter 3381 Shu's Troubles

"It's nothing. By the way, did Yuyi tell you about your parents?" Lin Yi felt that he had to tell Shu about this-with her personality, she wouldn't do anything irrational.

"Oh? No, shield bro, did you go to the Hidden House Yu just to help Shu find her parents?" Chen Yushu quickly asked.

"Part of it, you should have heard of Yu Ning, right?" Lin Yi nodded.

"En, isn't she shield bro's first love ..." Chen Yushu had heard about Yu Ning before, so she wasn't too surprised.

"Her other identity is a Water-type inheritor." Lin Yi said.

"Ah? She was also an inheritor? Holy shit, all the inheritors are shield bro's wives?" Chen Yushu's eyes widened in shock.

"Pfff ... But there's still the mist and wood element, right ..." Lin Yi thought it was quite a coincidence, too. All the inheritors were related to him somehow ...

However, was it really a coincidence? Lin Dongfang and kongwen might have just smiled and said nothing. Was it a deliberate arrangement? Or?

"Mist element ..." Yushu opened her mouth but didn't say anything. "I think so too ..."

"Ahem ... Okay ... It can't be Yu Xiaoke and Wang Xinyan, right?" Lin Yi smiled bitterly.

"I don't know," "Ah, so the Miss of house Yu is an inheritor as well." Yushu shook her head.

"Her most important identity is not the inheritor, but your sister!" Lin Yi said suddenly.

"Oh?" "My sister?" Yushu asked, surprised. What do you mean by that?"

She obviously didn't understand what Lin Yi was trying to say because it was too sudden and hard for her to understand.

"Yuning, she's your sister," "Your real name is Yushu, you're from the Hidden House Yu," Lin Yi said seriously.

"Ah? Yuning is my sister? "Then my parents ..." The usually calm and playful Shu was starting to panic- Lin Yi's news was way too shocking! It overturned everything she'd known for the past ten years!

Although Shu knew that she wasn't from house Chen, she always thought that house Yu kidnapped her parents and forced her to do something. But now Lin Yi was saying that she was from house Yu? How was this possible?

"Your parents are actually Yu Xiaochen and his wife, your grandfather is Yu Xingxing, and you and Yu Ning are twin sisters. She's the older sister, and you're the younger sister-it's that simple!" Lin Yi said.

"How ... How is this possible? Then why did Yu Yi Do that to me? Lin Yi bro, are you lying to Shu? Is it because Shu's parents are in trouble, and you're saying this to comfort her?" Chen Yushu didn't really believe Lin Yi's words.

"When have I ever lied to you?" "Well, it's like this ..." Lin Yi smiled bitterly.

Lin Yi explained what Yu Tianxing said to Yushu in detail.

Chen Yushu wasn't stupid, she was very smart. Lin Yi's words made her fall into silence, but it was clear that she believed the truth. She was indeed from the Hidden House Yu, and she was Yu Tianxing's granddaughter!

"So you're saying that ... House Yu was forced to lie to me because they were afraid that I'd come home to visit my parents and sister after I found out about my identity?" Chen Yushu sighed.

"Yes, although they lied to you, there was a reason behind it. Of course, I'm not trying to exonerate them. I just think that since they're your family, and you've been looking forward to it for so long, there's no need to make things unpleasant ..." Lin Yi explained.

"It won't ... Actually ... They think I'm crazy and reckless, that's not the case. Shield bro, you know Shu the best, don't you? "If Shu knew the truth, she'd never go to her sister ..." Yushu mumbled, shaking her head.

"I know, but all these years, you've successfully fooled a lot of people, including Yaoyao. So, there's a reason why house Yu lied to you," "But you don't hate your sister, do you?" Lin Yi asked. Back then, if you had given her away, you would've been the princess of house Yu. "

"No, Shu thinks she's lucky. It'd be so sad if she stayed in the Hidden House Yu forever. Where would she meet Yaoyao sis? she wouldn't meet shield bro!" Yushu said happily and confidently.

"Didn't ning meet me too?" Lin Yi sighed in relief.

"Even if they did, it wouldn't be as easy as Shu meeting shield bro. Her family doesn't even allow her to meet him, but Shu can live with shield bro. Hehe, I'm afraid my sister would be jealous of me!" Yushu said with a smile.

Lin Yi didn't know if Shu was telling the truth or not-she was too good at hiding her true feelings and thoughts, but no matter what, Lin Yi breathed a sigh of relief at her attitude.

"But, even though she's my sister, Shu still supports Yaoyao sis being the main wife. This won't change-Shu's stand is firm!" Chen Yushu suddenly said.

"Pfff ... Ahem, Shu, I'm talking about something serious, why did you bring this up all of a sudden ..." Lin Yi was a little embarrassed.

"Shu's talking business!" Yushu said matter-of-factly.

"Ha ... So, you can let go of the knot in your heart and go to the fiery flame mountain now? I'll go with you to the Hidden House Yu before we leave. " Lin Yi asked.

"I'm not going ... Actually, my parents are just something I've been looking forward to. Now that I know, I don't really want to see them anymore. Thinking about it, Shu's closest people are still Yaoyao sis and shield bro, as well as house Chen's parents, Grandpa, and brother. Hidden house Yu, Shu doesn't have a sense of belonging at all. My sister Yu Ning, Shu can accept her because of shield bro, but I don't want to see the others anymore ..." Yushu shook her head lightly.

"Alright, I'll do as you say." Lin Yi suddenly felt a little sad. Yushu always thought that her parents were forced by house Yu, but now that she knew that it wasn't the case, her persistence was shattered. Naturally, she didn't feel much for the Hidden House Yu anymore.

"Shu's a little tired, I'm going to sleep. Shield bro, see you tomorrow ..." Chen Yushu stood up slowly, and for the first time, she didn't ask Lin Yi about his adventure in the hakunamarta desert.

Lin Yi knew that Shu must've suffered a huge blow today, so he didn't say anything else, "Yes, good night. Have a good dream."

"En ..." Shu slowly walked up the stairs, her back disappearing from Lin Yi's sight.

Chapter 3382 Feng Xiaoxiao's Chance To Level Up

Yu Xiaoke and Yu Dake actually felt sorry for Chen Yushu. She was a girl with a poor background, especially since she had helped the orphanage before. Yu Xiaoke didn't have any bad feelings towards her.

Yu Xiaoke had started to accept the people around Lin Yi. Although she liked the male thief's identity, in reality, Lin Yi was still Lin Yi.

"Male thief, my brother and I are also sleepy, are there any empty rooms here?" Yu Xiaoke didn't disturb Lin Yi. She knew that Lin Yi would go to see Wang Xinyan, so she didn't want to cause any trouble.

"En, I'll help you find two guest rooms." Lin Yi nodded and stood up, helping Yu Xiaoke and Yu Dake to their rooms.

After everything was settled, Lin Yi walked back to his room, where Xinyan was. Now that he had the energy stone, he naturally had to save Xinyan first.

He pushed the door open and saw Xinyan lying on his bed with a pale face. She looked more Haggard than when Lin Yi left, but it might just be an illusion.

Lin Yi took out two energy stones from the space in his Jade. They'd been fully charged these past few days, but he wasn't sure if they could wake Xinyan up. He didn't know if Xinyan could absorb the energy from the stones on her own when she was unconscious.

No matter what, Lin Yi put the energy stone next to Xinyan's pillow and observed it quietly. He wanted to see if the stone's color would darken bit by bit, which would prove that Xinyan had absorbed the energy!

Lin Yi was actually wondering if Xinyan could absorb the Qi from his body. But it didn't seem to work- Xinyan didn't have a practitioner's art, and the energy in his body wasn't pure natural Qi-he couldn't convert it into the energy Xinyan needed. She was different from spirit beasts.

However, after observing for a while, Lin Yi didn't notice any obvious changes in the stone. He took out his phone and was ready to ask aunt Qing since she should know more.

"Aunt Qing?" Lin Yi dialed aunt Qing's number. With her position in the Ice Palace, she had her own satellite phone.

"Yi, how's your friend's condition?" Aunt Qing's caring voice came from the other end of the phone, warming Lin Yi's heart.

"Aunt Qing, I found the energy stone. However, the energy stone was placed beside her pillow, but she didn't wake up. Also, I don't see much change in the energy stone. She doesn't seem to be absorbing it?" Lin Yi asked, panicking.

"It's impossible not to absorb it. She's relying on her body to naturally absorb the surrounding spiritual energy. However, the speed and flow are relatively slow, and you can't see it with the naked eye." Aunt Qing explained, "don't even mention her. Even if a cultivator uses an energy stone to cultivate, they won't be able to see any changes in the energy stone without a few days. There's nothing strange about this!"

"So that's how it is!" Lin Yi let out a breath of relief, "Then ... When will she wake up?"

"That's hard to say. It depends on the richness of the world Energy around her, and also the amount of energy contained in the energy stone and the size of the energy stone. " Aunt Qing said.

"How big is the area?" "The size of the area?" Lin Yi blinked.

"That's right. The bigger the energy stone, the more energy it can absorb within the same amount of time. Of course, this also has to do with the amount of energy the energy stone itself contains." Aunt Qing explained.

"Then, what if we have more energy stones? If we put a lot of energy stones around her, will it help her wake up faster?" Lin Yi was delighted at aunt Qing's explanation.

"That's natural. However, energy stones are relatively rare, so very few people would do this." "Oh right, Yi, you got a lot of energy stones?" aunt Qing asked.

"Yeah, I brought back a car full of energy stones from the Ryu tribe. The trunk is full." Lin Yi didn't hide the truth, but he didn't tell them about the condition of the stones.

"So many?" Aunt Qing was surprised, "if that's the case, I suggest you give Xiaoxiao a few if you have time. She doesn't have a level barrier, and if you have energy stones, it'll help her quickly reach Sky Class late phase peak!"

"This works too?" Lin Yi didn't expect the energy stone to have this kind of use.

"Sure, but there aren't many energy stones left in the world of cultivation right now. The only ones left are in the five elements sect, but even though the five elements sect is ..." Aunt Qing suddenly stopped. She didn't know how much Lin Yi knew, so she didn't want him to get involved in it to avoid trouble.

"What's wrong with the five elements sect?" "The inheritor plan is led by the five elements sect, right?" Lin Yi asked. Won't they give the energy stones to the inheritors?"

"If there were any left, they might. But now, they are focusing on improving the strength of a cultivator called 'medium', so he must be the first to be improved." Aunt Qing said, "as for Xiaoxiao ... The relationship between the Ice Palace and the five elements sect is very delicate. I don't know if we'll be able to get it in the end. Of course, if it's just one or two pieces, it won't be of much use."

"Then how many energy stones does Xiaoxiao need to get to Sky Class late phase peak?" Lin Yi asked.

"Fist-sized energy stones, about twenty pieces." Aunt Qing said, "from golden class to Earth Class, one stone is enough, but from Earth Class to Sky Class late phase peak, you need around twenty stones. The higher the level, the more spiritual Qi you need. You can understand the logic behind this, right?"

"I know that. Twenty? No problem, I'll get someone to send you 30 yuan!" Lin Yi had a lot of energy stones-thirty really wasn't much.

"What? 30 pieces? You won't need that much!" "Yi," aunty Qing was shocked, "if you're giving all of this to me, what about your friend?"

"It doesn't matter, I still have more." Lin Yi said, "Oh right, but please don't throw away the used energy stones. Bring them back to me. I still have use for them."

"Used? Do the Li clan need to recover the used energy stone bubbles?" Aunt Qing paused. "There should be over a hundred used energy stones in our storage. If you need them, you can get someone to bring them back. They're not of much use to us."

Chapter 3383 I Want To Be Hugged By You

Mobile readers, please give a few monthly votes!

"That's good, I'll get someone to send it over!" Lin Yi didn't expect this to be a surprise-he could still go to the hakunamarta desert and ask for energy stones from the Paoli, but they were too far away from here. He had the purple lightning Beast, but he couldn't bring back too many at once. The Ice Palace, on the other hand, would be able to make up for the lack of numbers! "As for the rest of the energy stones, you can give them to the Ice Palace as a reward. Let me know when you've used them up-don't be shy, the Ice Palace is Xiaoxiao's family now, and we have your connections too, aunt Qing-I'll have no problem with that."

"Oh? That's great!" Aunt Qing was overjoyed-with the remaining stones as rewards for the Ice Palace disciples, they could encourage these people to train and raise a new Sky Class!

After all, breaking through from Earth Class late phase peak to Sky Class early phase didn't require that many energy stones-one stone was enough, and the extra ten could raise ten Sky Class Masters-the Ice Palace's strength would increase as well!

"Thank you, Yi!" Aunt Qing said gratefully.

"It's nothing, I should be grateful to you, aunt Qing!" "Aunty Qing, about the practitioner's Arts ... I'll need your help ..." Lin Yi said, shaking his head.

"Alright, I got it." Aunt Qing replied.

After hanging up, Lin Yi took out all the energy stones in the Jade space and placed them around Wang Xinyan. There were thousands of energy stones, and Wang Xinyan was surrounded by them. It was like she was sleeping in a stone pit-it was quite interesting!

After that, Lin Yi called qikun.

"Qitan, come over for a moment." Lin Yi didn't explain too much, and qikun responded and quickly appeared in Lin Yi's Villa.

"Boss, I'm here. You're back? What do you need me to do?" Qikun was the type of person who was always on standby.

"Ride the purple lightning Beast to the Ice Palace and give Xiaoxiao thirty energy stones, and also bring back all the used ones." "Go get energy stones from Han Jing Jing, she has a lot," Lin Yi ordered.

Lin Yi didn't touch Wang Xinyan's, but told him to get Han Jingjing's-he wanted to give Wang Xinyan as much as he could.

"No problem. I'll leave now?" Qikun had been to the Ice Palace before, and he knew Xiaoxiao.

"En, go now. Come back quickly." Lin Yi said.

"Alright, I'll go now." Qikun didn't waste time and left.

Lin Yi, on the other hand, went back to Xinyan's room to find that her eyes were open, and she was looking at the energy stones around her with curiosity and confusion!

"I ... Where am I? Am I dead? This is my coffin?" Xinyan looked at the pile of energy stones around her-she thought it was some sort of special coffin, and didn't know where she was.

"Xinyan, you're awake!" Lin Yi was surprised and happy.

"Lin Yi? I'm ... In your house?" Xinyan suddenly remembered that she'd followed Lin Yi from school to his villa, and then went to sleep with Yushu. She didn't know what happened after that-could she have been unconscious until now?

That seemed to be the case, but what were these things around him? Why did Xinyan suddenly feel like she was filled with energy? He seemed to be full of energy? It was as if he had never been sick?

"En, you were at home. Before, you fainted, and then I heard that your body can absorb the world's spiritual energy on its own, so I got some energy stones, and they really are useful! It seems like your body can absorb the energy from these energy stones!" Lin Yi said it so casually as if it was an extremely normal thing, but Xinyan knew that it wasn't easy for Lin Yi to do this!

Xinyan didn't know how precious these energy stones were or where he got them from, but they were definitely extraordinary. It wasn't easy for Lin Yi to get so many of them.

Xinyan was touched, but she wasn't very good at expressing her gratitude. She was a quiet girl, and wasn't very good at expressing her feelings with words.

She just felt that Lin Yi was very good to her, and if Lin Yi asked her to do anything right now, she would be willing to do it, including giving up her life ...

All of a sudden, Wang Xinyan seemed to have thought of something. "With these energy stones, I can stop fainting? Lin Yi, I feel like I'm full of energy. Is it all because of these stones?"

"Eh? You feel energetic? It seems that these energy stones are very effective. That's great!" Lin Yi was very happy after hearing Xinyan's words-it seemed like aunt Qing's plan was very effective.

"Then ... Can you hold me while you cultivate ... You don't have to worry that I'll faint ... Because there are energy stones, right?" Xinyan said, her face red.

"Practition ..." Wang Xinyan was a fatal temptation to Lin Yi. He could sleep with her and get stronger as well. It was the best of both worlds, and Lin Yi liked it.

However, he wasn't sure if his training speed would be faster than Xinyan's own absorption speed. It wouldn't be a problem if it was slower than Wang Xinyan, but if it was faster, then wouldn't Wang Xinyan faint every day?

One or two days was fine, but if he fell unconscious every day over time, would it cause any problems to his body? Lin Yi felt that it was better to be cautious-this was related to Xinyan's health, after all.

"You've just woken up, so let's forget it. I'm afraid it will affect your health. " Lin Yi rejected after some hesitation.

"It's okay, just try ..." Xinyan said, suddenly embarrassed."I haven't ... Been hugged by you for a long time. I kind of miss you ..."

Being hugged to sleep by Lin Yi made Xinyan feel extremely comfortable and at ease. It'd been a long time since she'd felt this way, and she missed it.

"Then ... Alright." Lin Yi didn't want to reject Xinyan's offer again-he could always stop after a night of testing if it didn't work.

Lin Yi jumped onto the bed. "I'm a little sleepy, so let's start ..."

Chapter 3384 Honored Guest Song

"But ... I'm not tired right now, I'm in good spirits. Lin Yi, can you tell me where these energy stones come from, and what's with my body?" Xinyan's breathing was a little heavy from Lin Yi's hug, and she decided to change the topic.

"Okay, let's start from the day you were unconscious ..." Lin Yi didn't reject the offer. Xinyan had been unconscious for so many days, and she had just woken up. It was normal to talk to her.

Xinyan listened to Lin Yi's story. He may have described it in a light tone, but it was still extremely dangerous. Running into Kang Zhaoming in the Paoli family alone wasn't a good thing. Kang Zhaoming was a narrow-minded person, and he was always unhappy that she was with Lin Yi and not with his brother. How could he not look for trouble now that he met Lin Yi?

However, Lin Yi's words made it seem like Lin Yi had met Kang Zhaoming, and because he didn't like him, he got a friend from the Paoli to kill small one. Then, because Kang Zhaoming still owed him a Qi gathering pill, he let him live. No matter how one looked at it, Lin Yi was bullying Kang Zhaoming!

Of course, Xinyan knew that Lin Yi wasn't that kind of person, but she didn't question him. She listened quietly and was surprised to see so many energy stones around her, "You're saying that the jade pendant on your chest can charge the energy stone?"

Xinyan and Lin Yi often hugged each other to sleep, so she naturally knew that Lin Yi had a Jade too, but she didn't ask much about it. After hearing Lin Yi's explanation today, she finally understood how powerful Lin Yi's Jade was-not only did it have a spatial storage, but it could also charge energy stones.

"Yeah, it's just that living people can't go in. If they could, I'd let you in directly and you wouldn't have to worry about your body's energy loss." Lin Yi said, a little regretful. He had an unspeakable trust in Xinyan, and so he told her about the Jade.

Plus, with Lin Yi's strength now, there was no need to hide it anymore. Things were different now, and all the enemies he was afraid of before were now afraid of him.

"It's okay. The energy stone is the same. I can recharge it with the energy stone and take it out again. I'll still be full of energy." Xinyan suddenly felt that she was very blessed-Lin Yi was willing to risk his life for her, going through mountains and rivers to get these energy stones ..."Can you tell me what happened before? I want to hear ..."

"Alright," he said. Lin Yi knew that Xinyan had fainted before, and even though there were enough energy stones, she was still worried that she'd faint again. It was better to talk to her more at a time like this.

Gradually, Xinyan was getting tired as well, and she fell asleep in Lin Yi's arms, the satisfied and happy smile still on her face.

Lin Yi took a deep breath and entered the Jade space, trying to use Xinyan's scent to speed up his training again!

Although Lin Yi's strength had gone through a few upgrades and was now Sky Class mid phase-this was a forced boost from the Qi gathering pill, so it wasn't easy for him to level up again. However, Lin Yi's art of Dragon mastery third stage was already close to completion, and he was already looking forward to the benefits of the fourth stage!

The next morning, Lin Yi drove the Grand Cherokee as usual, bringing Chen Yushu and Wang Xinyan to school.

Lin Yi hadn't been to school for a while, and he was a little dazed at the eastern sea city industry University again. In the blink of an eye, two people were gone-han Jingjing and Chu Mengyao wouldn't appear in the school anymore.

Ever since han Jingjing's identity was exposed, she never came to school again. Her previous identity seemed to be used to hide from Lin Yi, while Chu Mengyao never came back after going to the Dark Palace.

After that, it would probably be Shu's turn, right? Shu didn't have much time left in this school ...

However, Lin Yi realized that there was no one in the school!

"Right, it's the holidays now ..." Lin Yi smiled bitterly, ""Why didn't you guys remind me?"

"Ah? Oh?" "Shield bro, where are we going?" Yushu asked, lifting her head.

Lin Yi couldn't help but smile at Yushu's words-it seemed like he wasn't the only one who'd been in a heavy mood these past few days, even Yushu was the same. It seemed like she didn't even know about him going to school, and just followed Lin Yi out in a daze.

"It's fine, we're just out for a ride. " Lin Yi said with a shrug.

"I ... I lost track of time in my coma, I thought school started ..." Wang Xinyan was a little embarrassed.

"Alright, let's go home." Lin Yi smiled and started the car ...

.....

This year, He dan TOU also received an invitation to the heaven class test, and he was the first one to receive it. As the younger brother of the five elements sect's acting sect leader, patriarch xuanchen, the only reason patriarch xuanchen informed him was because they were relatives. In reality, patriarch xuanchen didn't even have much hope that He dan would send someone to attend. After all, it was a long journey, and the rewards of the heaven class test were not enough to tempt him.

However, bullet head he was really tempted!

Of course, what he was interested in wasn't the rewards, but the fact that Lin Yi was going to the Sky Class test!

This was what the xuanchen ancestor said in the letter attached to the invitation. He was prepared to let his disciple Xiao er and the young master of the sky elixir sect, the heavenly silkworm transformation, attack together to kill Lin Yi!

He dan TOU hated Lin Yi to the bone, so he wanted to be a part of what the xuanchen ancestor said.

"Elder Wang, go and call guest elder song. I have something to tell her." He dan TOU said after a moment of silence.

"Ah? Honored guest song? "President, are you planning to let her ..." Elder Wang had also read patriarch xuanchen's invitation and letter and knew what he dan was thinking.

"Yes. I've been thinking about it. Only honored guest song is more familiar with the Central Plains, and his strength is not a problem." Bullet head nodded.

"However, guest elder song promised to do three things for the overseas cultivators Association. We've already done two, and there's one more left ..." Elder Wang sighed."If it weren't for the fact that guest elder song owed us a favor during the International devil training competition, he wouldn't have agreed to three things. But now, there's only one thing left. President he, are you sure you want to let guest elder song take action?"

Chapter 3385 Second Master Song

"If you have something to say, just say it, no need to hide!" Bullet head he saw the hidden meaning in elder Wang's words. However, elder Wang was one of them, so there was nothing to hide.

"Yes ..." Elder Wang nodded. After a moment of silence, he carefully said,""President, although guest elder song owes us a favor, you've forgotten that her status is extraordinary. If you want to ask her for help, it's fine for small matters. But if it's a big matter, shouldn't you ask the honorary great elder of our overseas cultivators Association?"

"I almost forgot about it if you didn't mention it!" He dan suddenly realized-in the overseas practitioner's Association, there was an honorary elder, who was also a practitioner maniac. All these years, he'd used the resources of the overseas practitioner's Association to break through, and now he was Sky Class late phase peak full. When he first came here, he was only a Mystic late phase peak, but after getting the resources, he'd been progressing all the way-he was a rare practitioner genius!

However, this person's current strength was special, so bullet head he did not dare to restrict him too much. Therefore, he was given the title of honorary great elder and did not usually interfere with the matters of the Association. He only cultivated in seclusion every day, seeking an opportunity to step into the heavenly axiom.

Of course, the overseas cultivators Association did not have any use for him for the time being. He had not seen this person for a few years. If Chairman Wang had not mentioned it, he would have forgotten about it!

It wasn't without reason that the honorary Grand Elder was mentioned at this time. The Grand elder's name was song Xianghua, and it was said that he was honored guest song's second grandfather!

This made bullet head he deeply feel that it was true that a Tiger didn't have a dog grandson. The whole family was a top-notch expert! Of course, this news had never been verified, and no one dared to ask song Xianghua about it.

As for guest elder song, she was only a guest elder of the overseas cultivators Association. She was even more distant than an honorary elder. Her main job was an assassin and mercenary. She was usually not in the Association. She would only come if there was a major event. However, when there was a major event, it was even more impossible for anyone to ask about this.

"How about this? invite guest elder song here, and I'll ask her. If she's really Grand Elder song's granddaughter, I'll take her to see him!" Bullet he had to be careful. Although Xianghua song was his subordinate, they were equal in strength. Strength was everything in the world of cultivators. "We'll have to use this last thing sooner or later. Besides, she's a mercenary and an assassin, she's not on the same path as us. Even if she's already trained to the top of physical arts and is considered a practitioner, she won't join us in the end. Since he would have to use this opportunity sooner or later, he might as well use it now! I'm only using her this time because I'm afraid that my brother can't take care of that Lin

Yi! That Lin Yi was very strange-what if the waiter and the heavenly silkworm transformation weren't a match for him? wouldn't Lin Yi be able to leave this place alive? But with a Sky Class late phase peak physical assassin here, Lin Yi's dead for sure!"

"Oh, you're right. I'll go invite guest elder song over ..." Elder Wang nodded.

In the afternoon, Chairman Wang came back. With him was a little girl who looked to be about 18 or 19 years old. She looked like a sunny and beautiful student, wearing a T-shirt, hot pants, and sunglasses. Walking in the crowd, the only thing that caught people's attention was that she was quite beautiful. From other aspects, it was really hard to tell that she was a female killer.

Seeing honored guest song come in, bullet head he didn't dare to be arrogant. He stood up and greeted, ""Honored guest song, you're here. Welcome, welcome!"

"President he, are you looking for me for the third matter?" Honored guest song smiled and said, ""After this matter is over, I will no longer be honored guest song."

Bullet head he's face froze for a moment, then he laughed dryly and said, ""Even if he's not our guest elder, we're all cultivators from overseas, so we're still friends!"

"Speak, what's the matter?" Honored guest song did not say anything more and asked directly.

"Before I say anything, I want to ask if guest elder song has any thoughts of returning to the Central Plains?" Bullet head he asked.

"Return to the Central Plains? Huaxia?" Honored guest song was stunned.

"Yes, it's China." As He dan said that, he handed the invitation letter that patriarch xuanchen had given him to guest elder song and said, ""Honored guest song, please take a look at this invitation."

"Oh? Invitation letter? Where are you from?" Honored guest song was slightly stunned. He then took the item from bullet head he and looked at it, ""The heaven class trials? The five elements sect? An ancient sect?"

Apparently, honored guest song was not very clear about the division of power in the cultivation world of the Central Plains, but he roughly knew the framework.

"That's right, and it's the strongest sect in the ancient times. " "Can guest elder song participate in this trial?" He dan TOU nodded.

"Why do I have to go?" Honored guest song didn't answer, but asked a question in return.

"I want you to find an opportunity to kill someone in the trial. If you agree, I will tell you in detail." Bullet head he said.

"But, isn't this mission a little too far away?" Honored guest song frowned slightly."And, according to the rules set by the King of Assassins back then, it's against the rules for our assassins to appear in China without permission. President he, you should know who the King of Assassins is, right?"

"Of course I know. One of the famous dual fiends of Vajra ..." He dan TOU laughed dryly and said, ""Honored guest song is a relative of Grand Elder song Xianghua?"

Honored guest song raised his eyebrows slightly and looked at bullet he with a faint smile, ""President he is really well-informed! That's right, he's my second Grandpa. "

"As far as I know, Grand Elder song is from the Central Plains, so you can go back home to visit your family. Even if it's the dual fiends of the Vajra, they can't do that much, right?" "Besides, it's been a long time since I've heard from the dual fiends of King Kong ..." Bullet head he laughed.

"Come with me to meet my second Grandpa. I'll ask him what he has to say!" Honored guest song thought for a moment and said.

"I was thinking the same thing. Honored guest song, please follow me!" He said. Bullet head he made a gesture of invitation.

Song Xianghua's place of seclusion was located in a villa with a single door and courtyard where the overseas cultivators Association was located. Bullet he brought guest elder song to the front of the villa, but he didn't enter rashly. Instead, he said loudly, "Is great elder song here? I have something to discuss with you!"

After a while, song Xianghua's voice came from the villa. "Please come in, President he!"

Chapter 3386 Reminiscing About Home

Only then did bullet head and honored guest song enter the mansion. Song Xianghua was already sitting on the sofa in the living room, welcoming them."President he, welcome ... Eh? Xiao Ling? What are you doing here?"

Song Xianghua looked at honored guest song and was surprised.

"Second Grandpa, I came to find you today because of my own business." Honored guest song, Xiao mo, said respectfully.

"Oh? Tell me, why are you looking for me?" Song Xianghua nodded. His current attitude was already very good. If it was only President he, he probably wouldn't have said so much.

"Let me say it!" Bullet head he laughed and took over the conversation,""It's like this ..."

With that, He dan TOU told him everything, including the matter of asking honored guest song to kill a person.

"Oh? "The Central Plains of China ..." Song Xianghua's eyes flashed with deep nostalgia."I haven't been back in a long time. I wonder how my family is doing. Xiao Ling, this time, I'll go back with you!"

Hearing that song Xianghua was going back, bullet he was overjoyed. If song Xianghua was going to help, then Lin Yi would be dead for sure.

"Grand Elder song, you're also going to fight?" Bullet head he asked carefully.

"I won't do anything. With little Jun's strength, it's enough for her to participate in that trial. I'll only be a laughingstock if I participate at my age. Besides, this trial should have an age limit, right?" Song Xianghua said indifferently.

There was no age limit for this trial, but since song Xianghua had said so, bullet he couldn't force it. He could see bullet he's lack of interest. "That's good, then does great elder song agree to honored guest song's request?"

"Little Jun owes you a favor, so it's only right for her to help. There's no need to seek my opinion." Song Xianghua shook his head, "Alright, President he. If there's nothing else, I'll be leaving with Xiao Ling. I'll be back for a long time this time, so we'll meet again. Whether Xiao Ling's mission is successful or not, it has nothing to do with us. I want her to live with me there for a while and feel the aura of home ..."

"This ... Of course it's good. There's no problem." Bullet he paused for a moment, then nodded. He didn't want both song Xianghua and honored guest song to go back, especially if they never came back. Who knew if song Xianghua would come back in the future?

But he couldn't say no-facing a Sky Class late phase peak, he was under a lot of pressure. He didn't have any confidence in winning, and even if he kept Xianghua here, it'd be a lose-lose situation for both sides!

Not to mention, he had fought with the General Manager of red conch and his injuries had not yet healed. He did not dare to be rash.

"Alright, we'll take our leave then. Xiao Ling, stay and help second Grandpa pack his things." Song Xianghua said to honored guest song, which was the same as asking bullet he to leave.

"Great elder song, I'll take my leave then. See you again!" Bullet head he laughed bitterly and turned to leave, ""As for the details of honored guest song's mission, I'll call him later and talk to him in private."

Before bullet head he could tell guest Master Song the details of the mission, song Xianghua asked him to stay. Bullet head he could only choose to talk to him later.

"Ling, I didn't think that you'd be Sky Class late phase peak at such a young age-house song's status will definitely be on the same level as the Ancient Ones this time! I'm so excited just thinking about the song family becoming an ancient family!" Song Xianghua's face suddenly showed a deep sense of longing and reminiscence. When he was young, he had left home in pursuit of cultivation. Thinking back to the determination in his eyes before he left, and his brother's reluctance and worry, song Xianghua immediately felt sad.

At the time, Xianghua didn't know how important a Mystic was to a common house-or rather, he didn't want to think about it at all. He only wanted strength and a higher level!

However, as he grew older and joined the overseas cultivators Association, he saw and felt too many things and too many people's fickleness. Song Xianghua finally understood how difficult it was for his brother at that time!

It was not easy for a family without any powerful experts to stand tall! However, he had no way to tell his big brother about his current situation.

A Noble's door was as deep as the sea. In fact, it was the same at the overseas cultivators Association. When he was young, he used the resources of the overseas cultivators Association and his strength rose steadily. In fact, it was equivalent to selling himself to the overseas cultivators Association. He had lost his freedom. Even if he was a member of the song family, he could not go back.

Just like Tang Yuqi, who had escaped without permission, the consequences were unimaginable! Tang Yuqi was lucky and had a master to protect him. However, if song Xianghua had returned to the song family before that, he would have been in a life-and-death situation.

Therefore, he didn't let Xiao Ling tell the song family about her situation. In fact, the song family didn't even know about Xiao Ling's own situation, because the assassin group had its own rules. They had to strictly keep her identity a secret from her family!

Even if he wanted to retire, it was impossible without a powerful person's permission. The assassin group behind Xiao Ling would never let him go easily.

But it was different now-he was Sky Class late phase peak, and so was flamy. Now that the two of them were working together to leave this place and return to the song family in China, even if those people didn't like it, they would have to be wary of their strength!

As long as the two of them did not truly leave the organization, neither bullet head nor the people behind Xiao Ling dared to act rashly! They could stay in the Central Plains of China for a while, or even return every year for a period of time. This way, they could take care of the organization behind them and improve the overall strength of the song family.

"I've let the song family down all these years. Are the other families trying to suppress us?" Song Xianghua's tears flowed as he thought of the past.

"Second Grandpa, actually ... You don't know this, but my sister's very strong too-she's Earth Class late phase peak now." Xiao mo quickly consoled.

"Oh? What? Are you talking about Xiaoshan? She was Earth Class late phase peak now? How is this possible?" Song Xianghua was stunned. It was hard for him to imagine that someone in the song family could reach such a level of strength. The song family's cultivation resources were too limited."Besides, isn't she a police officer?"

Chapter 3387 Mission Information

"Xiao Ling, don't mess around! What's your strength? In this world of cultivation, how many people are your match? In the world of assassins, you are also a rare existence. Other than the person who disappeared back then, you should be the number one person in the world of assassins now, right? If it wasn't for the spiritual beast's inheritance, do you think you could've reached Sky Class late phase peak? And it's even the great circle of the external style? I'm a talented practitioner, and with the help of the overseas practitioner's Association's elixirs, I only reached Sky Class late phase peak when I was 60. Do you think everyone's a practitioner genius? Do you think Xiaoshan's boyfriend can beat you? Especially since you're an assassin-you're stronger than a Sky Class late phase peak, plus you're a physical practitioner-your speed and strength are your strengths! Don't you dare bully me!" "Don't mess up your sister's business!" Song Xianghua lectured.

"Yes, but I heard from her that her boyfriend is very powerful ... I don't know what method he used to help her improve her strength ... But Hmph, if this person wants to be my brother-in-law, he'll have to get past me first. If he can't even beat me, then he'll have to get out of here as soon as possible!" Xiao Ling didn't seem to be too interested in her sister's boyfriend.

"Xiao Ling, don't mess around! What's your strength? In this world of cultivation, how many people are your match? In the world of assassins, you are also a rare existence. Other than the person who disappeared back then, you should be the number one person in the world of assassins now, right? If it wasn't for the spiritual beast's inheritance, do you think you could've reached Sky Class late phase peak? And it's even the great circle of the external style? I'm a talented practitioner, and with the help of the overseas practitioner's Association's elixirs, I only reached Sky Class late phase peak when I was 60. Do you think everyone's a practitioner genius? Do you think Xiaoshan's boyfriend can beat you? Especially since you're an assassin-you're stronger than a Sky Class late phase peak, plus you're a physical

practitioner-your speed and strength are your strengths! Don't you dare bully me!" "Don't mess up your sister's business!" Song Xianghua lectured. Look at you, you don't look like a top-tier master at all!"

"Hehe, I'm just saying. Everyone else is the same. Sister-in-law is half of brother-in-law's butt. If he's too weak, how can he protect half of his butt?" Flamy said with a smile.

"It's not like you're the one who's getting married. It's good enough that he can protect your sister. Are you going to marry him too?" Song Xianghua pulled a long face and spoke with the dignity of an elder, "You and I haven't been back in a long time. When we go back, don't point your finger at the song family's Affairs! Otherwise, if my big brother sees us, he'll think that we're powerful and come back to take over the song family. That won't be good, you hear me? Xiao Ling?"

"Uh ..." Flamy made a face, ""That's not for sure. When I was young, my sister told me that a good man would give up to me first. What if she gives up to me?"

"You still remember what children say when they play house? Xiao Ling, how old are you?" Song Xianghua glared at her.

"I'm just joking. Alright, alright, second Grandpa, when are we going back? I'm already so eager to go home!" Flamy said anxiously.

"We'll set off tomorrow. Pack your things first and come here to meet me tomorrow morning!" Song Xianghua ordered.

"Okay, second Grandpa, see you tomorrow!" With that, flamy was like a gust of wind, floating out of the window as fast as she could-a Sky Class late phase peak physical practitioner was rare, even faster than the purple lightning Beast ...

He dan TOU returned to his room, his expression a little ugly. Elder Wang hurriedly came up to him. "Guild leader, what's wrong? You don't look too good!"

"Al! Don't even mention it!" Bullet head he waved his hand, his face gloomy. "I'm afraid that after this mission, honored guest song will no longer be the honored guest elder of our overseas cultivators Association. Of course, this is understandable. After all, our people helped her in the past. She helped us three times out of gratitude. This is the third time, so it doesn't matter anymore. However, great elder song Xianghua will also go back to the Central Plains with us. I don't know when he'll be back!"

"What? Grand Elder song is also leaving?" "Then, you didn't stop him?" elder Wang was shocked.

"How? He's not an ordinary person, and his strength is on par with mine. How can I threaten him? I'm the only sky Class late phase Peak Master in the overseas practitioner Association, and I'm injured too-do I have the balls to do anything?" He dan TOU shook his head gloomily. "Forget it. The strange thing is that our overseas cultivators Association has only been established for a short period of time. We have very few experts and we don't have a strong sense of belonging to the sect. All these years, we've been using cultivation resources to tie them down. Otherwise, we would have disbanded a long time ago!"

"Sigh, you're right. However, now that honorary elder song has left and guest elder song has nothing to do with us, the strength of our overseas cultivators Association has suddenly weakened a lot ..." Elder Wang sighed.

"Forget it. I'll think of a way to see if my brother can help me in the future. If he really can 't, then we'll turn this place into a branch of the five elements sect!" President he had suffered a huge blow today.

"President, you don't have to be so pessimistic ... It will get better ..." Elder Wang said.

"I hope so ..." Bullet he nodded helplessly.

After Xiao Ling settled her matters with the assassin organization, she arrived at her second Grandpa song Xianghua's Villa the next morning.

Although the assassin group behind her tried their best to keep her, they did not dare to do anything to Xiao Ling's strength. They could only tell her to finish her work and come back as soon as possible ...

"Second Grandpa, I'm ready. Shall I go back now?" Xiao mo was excited and looking forward to it. After all, she was young and hadn't been back in a long time, so her emotions were all over her face.

"En, let's go now." Song Xianghua was also ready and had already booked the plane ticket. He picked up his luggage and got into a black extended Mercedes-Benz with flamy. This was arranged by He dan.

He didn't want song Xianghua to leave, but he had to be polite. Otherwise, he would have no reason to return.

"Eh? President he? You're here too?" After flamy got into the car, she suddenly realized that bullet head he was actually sitting in the front passenger seat!

"Great elder song and honored guest song are returning home in glory, I naturally have to send them off warmly!" "I've placed some cultivation elixirs in the car as a gift before we leave," He dan said with a smile.

"You're too polite, President he. " Xiao mo nodded with a smile. Of course, she didn't feel guilty. In fact, one mission was enough to pay off the help of the overseas cultivators Association in the devil's trial. However, Xiao mo was also a person who knew how to repay kindness. Therefore, she divided the mission into three missions and became a guest elder of the overseas cultivators Association in name. In fact, she deserved these things.

"This is the information of the person you need to kill!" Bullet head he handed a set of information to Flamy, then said, "I believe honored guest song has heard of this person."

"Lin Yi? I know. Isn't he the one who injured he tianzu, killed elder Chen, and stood up for Tang Yuqi?" Xiao Ling looked at the name on the information and knew who bullet head wanted her to kill.

Chapter 3388 The Young And Old Returned

"Yeah, that's him." Bullet head he nodded.

"He's just a Sky Class mid phase, is there a need to gather so much information?" Flamy shook her head after seeing Lin Yi's strength.

"Honored guest song, don't look down on him-this Lin Yi, he's a Big Shot in the practicing world of the Central Plains! It's said that he can kill Sky Class late phase peak Masters in seconds, but he couldn't do that overseas-maybe it's because he's not used to it, or maybe it's because of some other reason, but his name is like thunder in the practicing world of the Central Plains!" "I'll be honest with you, honored guest song-my brother is the acting sect leader of the five elements sect, and he's the one who started this test. He also wants to kill Lin Yi, and he sent two Sky Class late phase peak spiritual masters!" One of

them was the sky elixir sect's head, called sky silkworm transformation, he'd just broken through to Sky Class late phase peak not long ago, and the other was his disciple, Xiao' er, a long-established Peak Master! These two aren't completely confident in killing Lin Yi together, that's why I'm asking you to help!"

"This Lin Yi's that strong?!" Flamy was a little stunned when it heard bullet head he's words.

"That's right, this document has a detailed record of Lin Yi's past, you have to read it carefully!" He dan TOU nodded seriously. This information was compiled by the xuanchen ancestor. There were no exaggerations or depreciations. It recorded some things that happened after Lin Yi left the Dao as the truth!

Of course, some of these things were just guesses. There were no witnesses, so there were question marks on them to indicate that they had not been verified.

But even so, it was enough to shock flamy. This Lin Yi was a ruthless man in the Chinese world of practitioners!

"President he, I will be careful!" Flamy was speechless-she finally saw Lin Yi as a real opponent! This man had offended so many powerful figures in the cultivation world of the Central Plains, but he was still alive and well. This in itself explained a problem!

Plus, the five elements sect had been trying so hard to kill Lin Yi, but they lost a few of their men instead. This meant that Lin Yi wasn't easy to deal with.

"En, just be careful!" He dan TOU saw honored guest song finally take his opponent seriously, and he was relieved.

The car slowly drove towards the airport. Bullet head he sent them to the security check and left, while song Xianghua and flamy boarded the plane to Yanjing ...

House song's roots were in Yanjing city. Before, house song, house Liu, and house Chen weren't very prominent in Yanjing city, but with house Yu in front of them, they were too eye-catching, so much so that these three houses were just a foil!

However, after house Yu fell and Lin Yi established the practitioner Alliance, the noble houses "lives became much better. There were no more conflicts and suppression between them, and they were all allies, moving forward together.

House song was like that-the Head of House song, song xiangwen, was doing much better than before. Now, house song had also taken over some of house Yu's businesses in Yanjing! Even now, hidden houses didn't dare to act rashly in front of him!

There was no other reason other than the fact that Lingshan had an ambiguous boyfriend, Lin Yi. With Lin Yi around, who would be stupid enough to mess with house song? Wouldn't that be courting death?

A taxi stopped at the entrance of an alley. This alley was all the song family's property and was considered private territory. Of course, the taxi couldn't drive in as the alley was blocked.

Song Xianghua got out of the car with flamy and walked into the alley. He was dressed in a very different way, like the upper-class clothes of the 30s and 40s. He wore a top hat, a long robe, and gold-rimmed glasses. This kind of dressing made many passersby stop in their tracks.

Of course, there were a lot of extras these days, especially in Yanjing. Who knew if song Xianghua was an actor or not?

"You two, this is private property. You can't enter. If you're here for a vacation, please turn around!" Song Xianghua and flamy had just entered the alley when a disciple of the song family blocked their way.

"You're from the song family?" Song Xianghua stopped and looked at the grass and trees with emotion. It was just like 40 years ago when he left, but he didn't recognize this young disciple.

"Yes, you know the song family?" The song family disciple was stunned.

"Yes, I'm song Xianghua." Song Xianghua didn't get angry at the disciple's obstruction. Instead, he smiled. "I'm song xiangwen's little brother, the one who lives in your house,"

"Ah?" The disciple was taken aback by his words. "You ... You're telling the truth?"

"If second grandpa's words aren't true, then what I said isn't true either?" At this time, flamy walked over, took off her sunglasses, and glared at the family disciple.

"You ... You're ... Second miss?!" The disciple had seen Xiao mo five years ago. At that time, Xiao mo was only 14 years old. This year, she was already 19 years old. She had not returned home for five years, but she still looked the same. Her voice had not changed much, so the disciple recognized her immediately. "Second old master, second miss, please come in! Disciple's eyes are bad, I'm sorry, I'm sorry!"

"Hehe, it's fine. I don't blame you. It would be a wonder if you knew me!" Song Xianghua waved his hand and said indifferently, "My big brother is here?"

"Second old master, I'll take you to see the old master!" The disciple quickly said.

"Alright, you lead the way!" Song Xianghua nodded with a smile.

The disciple walked in front respectfully and led the two to a courtyard house at the end of the alley. There was someone guarding the door-it was a hunchbacked old man, a golden class late phase peak.

"Song Xiaowu, why did you bring your men here without permission? You don't know the rules here?" The old man's face darkened as he rebuked.

"Old Butler, these two are ..." The disciple called song Xiaowu hurriedly tried to explain.

"Xiang Da? You are Xiang Da?" Song Xianghua looked at the old man in front of him, his eyes flashing with excitement.

"You ... You are?" The old Butler, Xiang Da, turned to look at song Xiang Hua, a hint of suspicion flashing in his eyes.

"I'm Xiang Hua!" Song Xianghua said excitedly. It was no wonder song xiangda didn't recognize him, he didn't expect him to come back!

After all, there had been no news of him for so many years that song xiangda even thought that he would never see song Xianghua again!

It was in response to a poem, "when young, I left home, and the old returned, my local accent never changed."

Chapter 3389 What Capabilities Do You Have

But to song Xianghua, song xiangda was his and his brother's sidekick when they were young, he was like a Junior Brother to them. His face still had the same appearance as when he was young, and he was probably the only person close to his brother! Therefore, song Xianghua guessed that this person might be song xiangda.

"Xiang Hua? Second young master?" Song xiangda's face revealed an expression of disbelief, ""You are the second young master of Xiang Hua? Second young master, you're back?"

"Third Grandpa, you don't recognize me?" At this time, Xiao mo also walked over.

It's second miss Ling LAN. You're back too?" Song xiangda's way of addressing them was a little messy. He still called song Xianghua as a teenager, but he called flamy the Butler of a big family.

"Yes, I came back with second Grandpa!" Song Lingrui nodded. She was song Lingshan's sister.

"So it was the second miss who found second young master ... Second master!" Song xiangda nodded in realization and changed his address of song Xianghua to "second master" as he recalled their ages, "Second master, come with me. Master will be very happy to see you!"

"Alright, I miss big brother too!" "How has house song been all these years?" Xianghua nodded. Are you and my big brother alright?"

"Second master, we're all fine, the master is now a golden class late phase peak, me too ..." Xiangda said, ""Although I can't say that I'm one of the top aristocratic families, at least I've made it through. Of course, this year is even better because the secular aristocratic families have established the cultivator Alliance, so there's not much pressure."

"Al, I came back late! "You guys would've been more relaxed if you'd come back earlier ..." Xianghua said with some self-blame. "However, it doesn't matter. This time, little Jun and I will make the song family famous in the world of cultivation in the Central Plains. We will become an existence that is no less than an ancient family!"

"Ah?" Song xiangda was taken aback by his words, but he nodded, "Yeah, you were a Mystic late phase peak when you left-you've probably broken through to Earth Class by now, right?"

"Second grandpa's Sky Class late phase peak now!" Lingrui interrupted.

"What!" Song xiangda was shocked, he shouted and was stunned on the spot, unable to speak.

Song xiangwen, who was in the yard, heard song xiangda's exclamation. He had just walked out of his room, "Third brother, what are you making a big fuss about? What's happening?"

"Old master, you're here? Good news, good news! Second master Xiang Hua has returned!" "Not only that, the second master's strength ... According to the lady, he's at Sky Class late phase peak!" Xiangda said excitedly.

"Third brother, you're saying that second brother has returned? Xiao Ling is back too? Have they all returned?" Song xiangwen's body trembled as he quickly walked over. When he saw song Xianghua and song Lingrui standing beside song xiangda, he burst into tears, "Second brother, you're finally willing to come back!"

"Big brother, I'm sorry. I didn't know better when I was young and just left like this ..." Song Xianghua lowered his head guiltily. At this moment, he was no longer the high and mighty great elder of the overseas cultivators Association, nor was he a top cultivator. Instead, he was like a child who had done something wrong ...

"It's fine, it's fine. It's good that you're back!" Xiangwen patted Xianghua's shoulder with a smile, full of love and kindness, just like when he was a teenager.

"That's right. Now that I'm back, I realize how important home is to me!" Song Xianghua sighed.

"Right, second brother, I heard third brother say that you're Sky Class late phase peak now?" Song xiangwen suddenly remembered what song xiangda said.

"En, big brother, it's not just me, your precious granddaughter is the same as me, and she's also a physical practitioner at Sky Class late phase peak!" "Even I can't say I can beat her," Xianghua song said with a smile.

"What? Xiao Ling? You're Sky Class late phase peak now? And a physical practitioner at that?" Song xiangwen said in shock.

"I'm sorry, Grandpa, I hid it from you. It's the organization's rules that we can't reveal this to our family ..." Song Lingrui stuck out her tongue in embarrassment. "Second Grandpa is the great elder of the overseas cultivators Association, and I'm the guest elder of the overseas cultivators Association. That's why he knows ..."

"Oh? "So, you're ..." Xiangwen was surprised. "Then, are you guys still going back?"

"This ... Actually, we're back now because of our strength! The organization behind us doesn't dare to offend us!" "Especially with the relationship between me and flamy-we're family. Two Sky Class late phase peak working together is enough to shock the entire practicing world overseas, so they won't say anything if we come back now. They won't do anything to us until we fall out, as long as we go back every year and stay for a while. Of course, we can stay here for the rest of the time."

"That's great!" "Oh right, second brother, I'm not surprised that you're Sky Class late phase peak-you've been a martial arts fanatic since you were young, and I understand that you've been training all day. But, Yan, how did you become a top class master?" xiangwen said happily. And a top-tier physical practitioner at that? It's said that very few physical practitioners can reach Sky Class late phase peak, at least I haven't heard of it yet?"

"It's a coincidence ..." Lingrui didn't say the reason. There were too many inside stories. The fewer people who knew, the better! Song Lingrui didn't want to implicate her family. Although the matter seemed to have settled down for the time being, who would have thought that those people wouldn't settle the score with her?

Song xiangwen thought that song Lingrui didn't want to say it because of the organization's rules, so he didn't ask further, "It's good that you're back, it's good that you're back. It's Double Happiness for the song family! It's just that your sister isn't at home. If she were at home, she would be very happy!"

"I'll give her a call now. I heard that she's looking for her brother-in-law? I'm going to let her bring her future brother-in-law back with her. I'd like to see what this person is capable of to be my brother-in-law!" Song Lingrui said as she rubbed her hands together.

Chapter 3390 Requesting Help

"Xiao Ling, don't mess around ... You're a top-tier master now, how can you still be so naughty? Your brother-in-law is the benefactor of the song family and also your Sister's Choice. You don't have the final say in this!" Song xiangwen quickly replied. He was very concerned about Lin Yi. If it wasn't for Lin Yi, the song family wouldn't have their current status.

"Hmph, he's a man, but he's not my match. He's not worthy of my sister." Song Lingrui wanted to see the world in chaos. "Even if you can't defeat me, you should at least tie with me, right?"

"Your sister is very busy right now, I don't know if she has time to come back, let's talk about it when she's free ..." Song xiangwen's head hurt a little. He knew song Lingrui's little demon girl personality. Although he heard song Lingshan say that Lin Yi was a Sky Class mid phase master now, he still couldn't fight against a Sky Class late phase peak full master!

Song xiangwen only knew about Lin Yi's background within the noble houses, at most the hidden ones. He didn't know anything about the Ancient Ones, so he didn't know that Lin Yi's name had already shocked the whole of Huaxia's cultivation world.

Hence, he was afraid that Lin Yi would get beaten up by song Lingrui. That would be bad! No matter what, Lin Yi was the benefactor of house song, and song Lingshan had her eyes on him. Why was he getting beaten up by song Lingrui?

And so, song xiangwen was afraid that song Lingrui would go and cause trouble for Lin Yi in private-he didn't even dare to say Lin Yi's name, only beating around the bush, hoping that song Lingrui would forget about it in a few days.

"Alright, I'll call her myself later!" Lingrui didn't give up.

"Er, miss, master, I've already ordered the kitchen to prepare a sumptuous feast, let's go now ..." Song xiangda could tell that song xiangwen didn't want to talk about Lin Yi, so he interrupted.

"That's great! I haven't eaten the food from my hometown in a long time! I'm drooling, do you have Yanjing roasted duck?" Song Lingrui drooled when she heard that there would be a sumptuous banquet.

"Yes, second miss. The chef is roasting it!" Song xiangda nodded.

"Then what are we waiting for? I want to eat, I want to eat!" Song Lingrui had indeed forgotten about Lin Yi for the time being, and this made song xiangwen relax.

.....

These days, the hidden tang family had not been living well!

Among the hidden houses, other than house Zhao who had a grudge against Lin Yi, and house you who wasn't too close to him, the Hidden House Tang was the worst!

The Hidden House Tang and Lin Yi's relationship was very delicate. Boss Tang's daughter, Tang Yun, was Lin Yi's girlfriend, but boss Tang even broke off their father-daughter relationship back then. He even kicked Tang Yun's birth mother, Xiao Ming, out of the house!

In this way, the hidden tang family had cut off their relationship with Lin Yi. If it weren't for the friendship between Tang jiqi and Lin Yi, the Tang family would be even more embarrassed!

Although Tang Yun forgave eldest brother Tang when he went to the snow Valley, it was only forgiveness. It could only be said that Tang Yun or Lin Yi could not find trouble with the Hidden House Tang in the future, but it was impossible to really get any benefits from them.

She thought that it would be good enough if they could maintain this relationship if nothing unexpected happened. After all, house Tang had their own business and assets. As long as Lin Yi and Tang Yun didn't come looking for trouble, they would be able to live a good life.

But now, someone had their eyes on the hidden tang family!

A few of the Hidden House Tang's properties near the Tang Castle had been robbed, and the robbers were a group of "death Warriors"-they didn't communicate with others at all, and directly robbed them. Their strength was also very impressive, enough to fight against a Sky Class master!

Elder Tang, Tang Taizhong, was a Sky Class early phase, but he was surrounded by a group of Sky Class Masters. Not only did he lose the advantage, but he was also heavily injured-this made everyone in house Tang feel gloomy!

Tang Taizhong was lying in a wheelchair. Next to him were his eldest son, Tang eldest, his second son, Tang second, and his grandson, Tang Qiqi.

"Everyone, what should we do? Where did this group of people come from? A large group of heaven rank death Warriors came to Rob our Tang family's property. If this continues, won't our Tang family be robbed clean? Who knows when they'll come to our Tang family's base camp and commit murder. I can't stop them even if I want to!" Tang Taizhong looked depressed. House Tang had been a hidden Noble House for over a hundred years, but who would have thought that they would be bullied?

"I think, the most important thing for us to do is to figure out who these people are. If they're from a hidden level, we'll contact the hidden houses 'Council, and then we'll leak this information to the powerful ancient sects and ask them to make the decision ..." Eldest brother Tang said after thinking for a while.

"There can't be this many Sky Class Masters in the hidden level-if there were, it wouldn't be in the hidden level, it'd be in the ancient level!" Tang Taizhong shook his head."Plus, the Hidden House Council is only a name. It's useless. It's useless to report it."

"How about we go to the valley and ask for elder Tang Yun's help?" "Tang Yun is big brother's daughter, my niece. She can't just stand by and watch the Tang family get into trouble, can she?" second brother Tang said after some thought.

"No... You didn't see Xiao Ming's attitude towards me. Last time when I went with Shi Ying, if it wasn't for Shi Ying, she would have thrown us out. She was already being very kind. Why would she stick up for us?" Eldest brother Tang knew his place, and knew that asking Tang Yun for help at this time wouldn't be of much use. "Moreover, Tang Yun is only an elder of the snow Valley. In the end, there are still the Grand Elder and the valley master above her. With her current strength, she won't be able to fight against those people even if she were to attack!"

"That's true ..." Second brother Tang nodded. "However, this won't do, that won't do either. Won't our Tang family be in danger?"

"Why don't ..." Tang yingshi hesitated for a moment and said, "Should we ask the supernatural Investigation Bureau for help?"

"Supernatural Investigation Bureau?" Tang Taizhong shook his head. "The supernatural Investigation Bureau only has jurisdiction and coordination over the aristocratic families. With their strength, they can't manage things on the hidden level. What's the point of looking for them?"

"I think that the supernatural Investigation Bureau is a special official organization, so their connections should be wider than ours. Even if they can't help, they should be able to hear about these people's background and identity. As long as we can find out these things, we can also prescribe the right medicine!" Tang GE suggested.
