

Bodyguard 3391

Chapter 3391 Song Lingshan Asks For Help Again

"That's good. " "Find out where these people came from and why they're targeting our hidden house Tang. Then we'll take appropriate measures!" Tang Taizhong nodded.

"Then ... Who's going to make the call?" Eldest brother Tang also felt that this idea was more reliable. At least, he had to figure out the origin of this group first.

"I'll do it myself!" Previously, eldest brother Tang was disdainful of the supernatural Investigation Bureau, but now, in order to show enough sincerity, he had to make this call in person ...

.....

Lin Yi had just woken up and was preparing breakfast for Shu and Xinyan when he received Lingshan's call.

"My dear, what are you doing?" Lingshan's voice was soft and gentle, and Lin Yi had a physiological reaction ...

"Lingshan, what are you doing so early in the morning? Don't tell me you have something to ask of me?" Lin Yi subconsciously assumed that Lingshan had something to ask of him!

Before, Lingshan was very busy with work, and Lin Yi had a lot of things to do as well. He only found a chance when he was free to raise her strength to Earth Class late phase peak. After that, he was busy with other things and didn't see her again.

"I've been promoted," Lingshan said.

"Promotion? You're the chief now? Where's Jun bro?" Lin Yi blinked.

"He's still the Deputy Chief. " Lingshan said.

"And you're the Deputy Chief? How can that be considered a promotion?" "You're just toying with me, aren't you?" Lin Yi didn't know whether to laugh or cry.

"Hehe, no, I'm now the Deputy Director of the supernatural Investigation Bureau and the eastsea police station." "Right now, I'm even more important than the director of a Department. No matter where I go, they'll have to listen to my orders and commands," Lingshan explained.

"Why did you go to the supernatural Investigation Bureau? Or the Deputy Chief? Uncle Feng is your subordinate now?" Lin Yi found it strange-the change was way too drastic! One had to know that the authority of the supernatural Investigation Bureau was much greater.

"Well, chief Feng is my direct superior. He was promoted. The former chief Xia is old now, so he was transferred to another department to be a leader. He's no longer in such a dangerous frontline position." "I'm here because you've helped me level up," Lingshan said. I've become an Earth Class late phase peak, and I'm from a common house! The common houses have always been in contact with the investigation Bureau, and now they've captured me to be a soldier!"

"Pfft ... What about Wu Chengtian and the others?" If Lingshan was going, wouldn't Chentian have to go too?

"Wu Chentian didn't agree, he said he'll wait for you to come back and ask for your opinion. He's just a head instructor now." Lingshan explained, "I'm different from him. I'm part of the organization, and I'm the Deputy Director of the police. I can only follow the orders of my superiors, but Chentian is different."

"So that's how it is." Lin Yi nodded, but he wasn't really interested in the position. "You were looking for me to talk about this?"

"No, we received a report from the Hidden House Tang this morning. Chief Feng hasn't agreed to help them with the investigation yet, so he asked for my opinion first. I called you right away ..." Song Lingshan said weakly.

"Pfff ..." Lin Yi was speechless, "Uncle Feng is asking for your opinion, why are you asking for my opinion? This is your internal matter ..."

"Isn't it because it involves the hidden tang family ... Uh, aren't you quite familiar with their Tang Gege?" Song Lingshan suddenly remembered that she couldn't tell anyone about Tang Yin, so she pushed Tang Jingzhi out.

"What happened? Plus, hidden houses aren't under the jurisdiction of the investigation Bureau, right?" Lin Yi asked, confused.

"In fact, after uncle Feng took over the chief's Baton, he wanted to put the hidden houses under the jurisdiction of the investigation Bureau. You know, these uncertainties, if we don't restrict them, we're afraid that they'll do something against the morals of the world." Lingshan said, "this is a good opportunity. Chief Feng doesn't want to miss it, but it's a tricky situation. It's good if we handle it well, but if we don't, we'll lose face and it'll have the opposite effect!"

"Hidden houses, it's good to put them all together." "Uncle Feng's right," Lin Yi said faintly, "this is indeed an opportunity, and if we use it well, uniting the hidden houses won't be a difficult thing!" After this matter is settled, you can use the name of the supernatural Investigation Bureau and the China cultivators Alliance to send out notices to the hidden noble houses and ordinary sects. Tell them to join the China cultivators Alliance Association and be under the jurisdiction of the supernatural Investigation Bureau and me! This will also bring corresponding benefits. When they encounter difficulties and troubles, I will choose to help. If they are unwilling, then they are my enemy. "

"Uh ..." Song Lingshan didn't expect Lin Yi to support her so much and she was very touched, "Lin Yi's a good person ... Thank you, I don't even know how to repay you!"

"Actually, I'm very close to the supernatural Investigation Bureau. I've trained there before, and you and uncle Feng are the closest people to me. If I don't help you, who should I help?" "Tell me, what happened to the Hidden House Tang?" Lin Yi smiled.

"This seems to be related to the case I've been investigating. Lin Yi, do you still remember that unsolved bank robbery case?" Lingshan said.

"Bank robbery? I think it was an Jianwen's doing. " "He's probably the only one who can make those weird puppet masters go rob banks and jewelry stores!" Lin Yi said directly.

"That may be true, but I'm a police officer. I can't do anything to him without evidence. Besides, he's no longer doing it, so I can't find any clues." Lingshan sighed, helpless. "But, the recent case at the hidden tang family's house isn't much different from the bank robbery case!"

"What do you think?" Lin Yi asked, interested.

"It's like this, there's a group of people similar to the bank robbers. They looked like death Warriors, and they all had the strength of heaven rank. They went to the Tang family's property and directly robbed them without saying anything!" "The most frustrating thing was that the Head of House Tang, Tang Taizhong, a Sky Class early phase, was seriously injured when he tried to stop this! According to him, the robbers didn't seem to be afraid of being beaten at all. They were beaten until their arms were broken and they vomited blood, but they still moved forward bravely. They didn't feel pain at all and didn't speak. "

Chapter 3392 Both Care A Lot

"It's similar to the jewelry store robbery, bank robbery, and kidnapping case. You're saying that this was all an Jianwen's doing?" Lin Yi asked directly.

"We don't know if it was an Jianwen who did it, but I think these cases are very similar. We can investigate them together! Moreover, it's already out of the police's range. The supernatural Investigation Bureau has taken over. " "The main problem is that the strongest practitioners in our Department are just Wu Chengtian and me, we're just supernumerary personnel. We're no match for those men of sacrifice," Lingshan said.

"You mean, you want me to help?" Lin Yi finally understood why Lingshan was calling.

"En, I do have this idea!" "You ... Do you have time?" Lingshan asked, a little embarrassed.

"When do we leave?" Lin Yi asked after some thought.

"As soon as possible, the Hidden House tang can't hold on much longer ..." Song Lingshan said.

"Then let's set off today." Lin Yi thought about it-he didn't have anything to do right now, and Yushu wouldn't be leaving for the next two days. Lin Yi didn't have anything to do either, so he agreed.

"That's great!" Lingshan said, excited."Lin Yi, I love you! Great, I've just arrived at the supernatural Investigation Bureau and I've made a great contribution! In the future, the hidden houses will be controlled by the supernatural Investigation Bureau, and I'm the founder!"

"..." Lin Yi didn't know what to say, but he remembered that song Lingshan was someone who valued honor and credit, so he would help her if he could,""En, then when you're ready, come find me."

"Good, good man!" Lingshan hung up happily.

Lin Yi wanted to go out, and naturally, he had to tell Chen Yushu and Wang Xinyan. But this time, Lin Yi planned to bring Wang Xinyan along. After two days of cultivation, Lin Yi found that Wang Xinyan didn't faint. On the contrary, she was full of energy. In other words, lying in the middle of the energy stone to cultivate was a very feasible method. Lin Yi put the energy stone into the Jade space in the day to charge and took it out at night. The energy stone basically didn't lose any energy. It would not cause a time lapse.

"Woohoo, it smells so good! I think it's the congee with pork and century egg that shield bro made for me and Yaoyao sis when he first came!" Chen Yushu woke up and saw the pot of lean meat porridge in the dining room. She immediately drooled.

Lin Yi couldn't help but let out a breath of relief as he looked at Shu. It seemed that she had accepted the fact that she was going to the Huoyan Mountain.

Xinyan was up as well, but she wasn't as excited as Yushu. She liked Lin Yi's cooking as well, but she didn't scream. She sat down quietly at the table and started getting congee for everyone.

"I'm going out for a bit, I have some things to take care of. Shu, can you stay at home?" Lin Yi asked after some hesitation.

"What about sister Xinyan?" Chen Yushu didn't answer but asked back.

"She's with me. " "Shu, you know that Xinyan can help me with my training," Lin Yi said.

"Then ... Can Shu come with us?" Chen Yushu raised her head and looked at Lin Yi, "Shield bro, this is the last time you're going out with Shu"

"Alright," he said. Lin Yi looked at Shu's eyes and didn't have the heart to reject her. Shu was right-this might be the last time he'd take her out, and he'd have to send her away next time. "I'll give Yu Xiaoke a call, then we'll leave. "

Yu Xiaoke and Yu Dake went to the orphanage these two days. Yu Xiaoke still didn't want to leave the orphanage, so she went with her brother to see if there was anything they could do. She wanted to at least tell Xiao Ken and the others about the future direction of the orphanage.

Yu Xiaoke heard that Lin Yi was going out and naturally rushed back. In fact, there were fewer and fewer things that the orphanage needed her to do. Her way of getting money wasn't suitable for the orphanage now!

The orphanage needed to be healthy in the long term, so stealing was out of the question. Fatty Lai had hired a few financial experts to run a Welfare Fund, and all the money they earned would be invested in the construction of the orphanage. This was the final development model.

Lin Yi brought Yu Xiaoke along mainly for safety. With Yu Xiaoke as a shield, Lin Yi was basically undefeatable in a battle.

Song Lingshan drove over as Lin Yi was ready.

Her car was still the same SUV, but she got into Lin Yi's Grand Cherokee after parking in Lin Yi's Villa. Lin Yi's car had been specially modified by the supernatural Investigation Bureau, and it was good in both performance and comfort, suitable for long distance travel.

Lin Yi looked at Lingshan and suddenly realized that her chest seemed to have gotten a lot bigger. Did she go for breast enhancement?

Feeling Lin Yi's gaze on her, Lingshan said proudly, "How's it going, you're about to surpass Shu, aren't you?"

This was the thing that made song Lingshan the happiest. In the past, Shu didn't like her, and she thought that she didn't lose to Shu in any area, except for her chest. It made her unhappy, and although the two of them buried the hatchet when Lin Yi fainted, song Lingshan always wanted to surpass Chen Yushu.

Lingshan's daily training had increased a lot after joining the investigation Department-she'd been a spiritual practitioner before, so she'd basically ignored the physical training that only physical practitioners did.

However, the supernatural Investigation Bureau had its own rules. Even director Feng Tianlong had to go through regular training every day, so how could song Lingshan be special?

However, what Lingshan didn't expect was that the regular exercises like push-ups and pull-ups had actually helped her chest develop a second time. It was getting bigger and bigger, and it was finally on the verge of surpassing Yushu!

"I'm younger than you. I can still grow. " Yushu, on the other hand, didn't care at all. Lingshan and her were fine now, but the two of them still didn't get along.

"You're not as tall as me. If you grow any longer, you'll be light on your feet. You'll have to carry me when you go out. How tiring!" Lingshan said sarcastically.

"Alright, Lingshan, Shu, stop fighting-what's there to fight about? "Xiaoke's so nice, you don't even care ..."Lin Yi stopped the two's argument, troubled.

"Sister thief, how did you enlarge your breasts? can you teach me?" Yu Xiaoke said weakly.

"..." Lin Yi almost fell to the ground! It turned out that all girls cared about this?

Chapter 3393 Son-In-Law Returns Home

"Female thief?" Lingshan looked at Lin Yi, surprised. "You told her?"

"Yeah, she knows. Otherwise, why would she be so close to me? You still don't know her personality?"
Lin Yi said with a bitter smile.

"Oh." Lingshan nodded, not saying anything else.

The five of them got into the car. Yu Dake stayed at home to look after the house, and the car drove directly in the direction of the hidden tang family home ...

On the way, Lin Yi kept feeling like he'd been to the Hidden House Tang before, but it also felt like he'd never been there before. There were a few fragments of his memory, but they just didn't come together-this made Lin Yi a little confused!

What was wrong with him? Ever since the Qi deviation, Lin Yi seemed to have forgotten a lot of things. Some seemed to be very important, but Lin Yi had no impression of them at all. This made Lin Yi very helpless, but there was nothing he could do.

He didn't know what he'd forgotten, either-it was just a feeling, and he didn't know how to ask anyone. They didn't know what he'd forgotten or remembered, and he didn't even know who to ask-he didn't even know who he'd gone through the things with.

The hidden tang family had heard that the supernatural Investigation Bureau had taken over the matter and had sent people to investigate it as soon as possible. Tang Taizhong had also shown enough sincerity and sent eldest brother Tang to the gate of the Tang Castle to welcome them in person!

Of course, in Tang Taizhong's opinion, he had already given enough face by sending his eldest son to welcome the people from the supernatural Investigation Bureau. After all, in the past, the head of the family didn't have to personally welcome the people from the supernatural Investigation Bureau when they went to the secular families.

The Grand Cherokee slowly approached, and Lin Yi stopped the car beside boss Tang. However, he couldn't help but frown when he saw that there was only one person from the Hidden House Tang coming to welcome him!

Of course, Lin Yi wasn't someone who liked to put on airs, but the Hidden House Tang's face wasn't for Lin Yi, but for the supernatural Investigation Bureau, for song Lingshan and Feng Tianlong!

Their attitude pissed Lin Yi off a lot, and Lingshan wanted to get off the car when she saw boss Tang, but Lin Yi stopped her.

Eldest brother Tang was originally waiting for the people in the car to get out, but when he saw that the car had stopped for a long time, no one got out, he suddenly became a little annoyed."Even if I beg you, you don't have to be so ostentatious, right?" he thought.

"The strongest of you isn't even at the heaven rank, so why are you putting on such a show? Do you need me to personally invite you out of the car?"

Thinking up to this point, eldest brother Tang opened his mouth and spoke with a bit of resentment in his voice, "My friends from the supernatural Investigation Bureau, why aren't you getting out of the car? what do you mean by that?"

Lin Yi rolled down the car window. Boss Tang couldn't see the people inside the car because of the car window film, so he didn't know that Lin Yi was inside. But when Lin Yi spoke, he was shocked!

"Is this how you, the hidden tang family, ask for help? We've come, and your Tang family only sent you to welcome us?" Lin Yi said coldly.

"Gah!" Boss Tang heard Lin Yi's voice and remembered it clearly. He was especially scared when he saw Lin Yi's face, "It's ... It's hero Lin. I ... I thought it was the supernatural Investigation Bureau."

"I used to be a member of the supernatural Investigation Bureau, didn't you know?" Lin Yi asked with a cold smile.

"Ah?" Eldest brother Tang was stunned. He didn't expect the supernatural Investigation Bureau to have such a strong backer! Of course, this backing only rose up recently. At the Hidden House Tang level, they could more or less come into contact with things from the ancient world. They knew some of Lin Yi's past, and there weren't many people who dared to go against him in the ancient world. Not to mention that, just in the hidden world, Lin Yi could destroy any house he wanted!

Didn't house Zhao, who had held the Hidden House Summit, get destroyed just like that? At the thought of this, boss Tang hurriedly said, ""My father is personally preparing a dinner for everyone. Please forgive me for my poor reception. I'll call my father now and ask if he's ready!"

"Haha ..." Lin Yi smiled, not denying it.

Eldest brother Tang quickly took out his mobile phone and dialed Tang Taizhong's number. ""Father, is the dinner ready? If you're ready, come out and welcome them. Lin shaoxia and the others are here!"

Tang Taizhong was sitting in the living room, waiting for song Lingshan. He was stunned when he received the call from his eldest brother. Prepare a banquet? Didn't they already prepare a banquet? Besides, Tang Taizhong didn't need to prepare the banquet in person.

Wait ... What did eldest brother Tang say? Lin shaoxia is here? Asking him to go out and welcome them? Who was this Lin shaoxia?

However, Tang Taizhong also knew that his eldest brother wouldn't call him for no reason to lower his status in front of the supernatural Investigation Bureau. There must be a reason, so Tang Taizhong directly stood up and said to second brother Tang, "Second brother, go to the kitchen and tell them to prepare the banquet of the highest level!"

"Yes, father!" Second brother Tang was also a little puzzled. Why did his father change his mind after his eldest brother called him? although the standard of the previous banquet was very high, it was only relatively speaking. It could only be said that it was used to invite guests of a hidden level!

The highest-level banquet was used to invite important guests from the ancient plane. Could it be that such important guests had come today?

Tang Taizhong kept thinking about Lin shaoxia as he walked. When he was about to reach the door, he suddenly thought of someone. He quivered and quickened his pace!

Tang Taizhong knew he was right when he saw Lin Yi in the driver's seat of the Grand Cherokee, talking to his eldest brother Tang. Only Lin Yi could make boss Tang so nervous.

This young man who didn't even care about the ancient levels was even suppressed by a few noble houses at the Hidden House Summit some time ago! But now, even the ancient sects didn't dare to cause him trouble.

Things were really unpredictable-if he'd known this would happen, Tang Taizhong wouldn't have tried to suppress Lin Yi, and he wouldn't have tried to separate Tang Yin and Tang Yin from each other at the birthday party. What a bad move-one wrong move, and all the wrong moves.

"Lin shaoxia, you're here. I didn't expect to trouble you with this matter! It's an honor for young hero Lin to be here!" Tang Taizhong laughed as he ran over to Lin Yi.

"Haha, father, you can't say that. Lin Yi's our son-in-law after all, isn't it normal for him to come home?" Boss Tang started to get close to Lin Yi.

Chapter 3394 Warm Reception

His words, however! Surprised Lin Yi! Who was the son-in-law of the Tang family? When did he become the Tang family's son-in-law?

Seeing Lin Yi standing there in a daze, Tang eldest brother felt a little awkward. Tang Taizhong, on the other hand, didn't know what Lin Yi's expression was and didn't know what to say.

"Shield bro, I think they've gone crazy thinking about a son-in-law!" Chen Yushu got out of the car and said to Lin Yi, "Oh right, Ice Palace's rock Candy seems to be related to the Tang family."

"Oh ..." Lin Yi was enlightened. Did the Tang family hear that Bing Tang wanted to be his little little little wife, so they thought of him as their son-in-law?

Seeing Lin Yi's indifferent expression, boss Tang didn't dare to say anything more. He thought that Lin Yi was still angry about the dissolution of the relationship between house Tang and Tang Yun at the birthday banquet. If Lin Yi's anger still hadn't subsided, wouldn't he be looking for death if he continued to talk about it now?

"Young hero Lin, I've already ordered the kitchen to prepare a banquet. Do you want me to take my seat now or take a rest first?" Tang Taizhong didn't dare to mention Tang Yun anymore. He became more and more respectful to Lin Yi. He even called himself "this one" to get Lin Yi's forgiveness.

Although Tang Taizhong had asked second brother Tang to add some dishes later, it wasn't necessary for them to serve all the dishes at the dinner party. They could eat them one by one, so they could take their seats now.

"I'm not hungry nor tired. We're here to solve the problem. Let's talk about your hidden house first, shall we?" Lin Yi waved his hand and rejected Tang Taizhong's suggestion. He went straight to the point!

Lin Yi was a chef himself, so why would he miss a dinner party? Moreover, he was a cultivator. This kind of fatigue from the journey was nothing to him.

"Then ... That's good. Lin shaoxia, chief song, this way please. Who are these three?" Tang Taizhong didn't know who Chen Yushu and Yu Xiaoke were.

"Hidden house Yu's Yushu, the flying Sparrow from the Steal sect, and the fiancée of Kang Zhaoming's brother from the heavenly elixir sect." "They're the closest people to me," Lin Yi introduced briefly.

"Argh! I've long heard of your name, long heard of your name!" Tang Taizhong quickly cupped his fists and said. However, he had never heard of these three people. Especially the last one-he did know the heavenly elixir sect's elder Kang Zhaoming, but why was his brother's fiancée with Lin Yi?

This Lin Yi was pretty F * cked up, wasn't he? And Kang Zhaoming agreed to it? However, it seemed like he had agreed. Otherwise, why didn't he dare to even let out a fart? At that thought, Tang Taizhong felt that Lin Yi was even more impressive.

"Elder Tang sure is knowledgeable. Chen Yushu used to be from the common house Chen, and she just found out that she was from house Yu! She made up the name, she's Yu Xiaoke. " "As for Wang Xinyan, I've already forced Kang Zhaoming to kick her brother out. She's my girlfriend now," Lin Yi said.

"Uh ..." Tang Taizhong felt embarrassed. He was just flattering her casually. He didn't know that he had flattered the wrong person."I think the people around Mr. Lin are all ruthless people. They must be famous ..."

However, he heard that Lin Yi was forcing Kang Zhaoming's big brother to get lost. Just how powerful was that for Kang Zhaoming to do it?!

The group entered the living room. Tang Taizhong wanted to give the main seat to Lin Yi, but Lin Yi waved him off and sat on the guest seat. Lin Yi didn't care about these superficial things at all."Elder Tang, it's not like we haven't met before. Let's just talk."

"Alright, I won't be polite then. It's like this ..." With that, Tang Taizhong told Lin Yi and the others about what had happened to the Tang family's business during this period of time. Of course, this was what Tang Taizhong and Song Lingshan had told him before.

"In other words, did these people come to rob us again in the past two days?" Lin Yi asked.

"Yes, they came yesterday and the day before yesterday. They came continuously. I wonder if they will come today!" Tang Taizhong said helplessly, "Our hidden house Tang just started a lot of business in the secular world. If we keep being robbed like this, we'll go bankrupt!"

The Hidden House Tang used to have business too, but it was all in the dark. Now that the Hidden House committee's restrictions were no longer in effect, house Tang became unscrupulous. Of course, it wasn't just house Tang, the other hidden houses were the same-they all went to the common world to make money, since hidden houses had many ways to make money.

The hidden Tang family wanted to make a fortune, so they invested all their money into many industries! Jewelry, rare medicinal materials, wholesale, private loan, and so on.

Originally, with the help of the Tang family's power, these industries were thriving. But who would have thought that a group of robbers would suddenly appear and start robbing the Tang family's businesses? jewelry stores, rare medicinal stores, wholesale retail stores, and loan companies were robbed one by one!

However, it was impossible for the Tang family to close down. Otherwise, the companies that had just gained popularity would have to gain popularity again! Therefore, the Tang family could only ask for help from the supernatural Investigation Bureau while replenishing their supplies.

"If that's the case, why don't we go to your store and take a look? if there's a robbery, we'll be able to act immediately." Lin Yi said after some thought.

"That's a good idea, but the problem is that our properties are very scattered. We have them in many nearby cities. If we go to one of them, we might not see any robbers for a month ..." Tang Taizhong said with a bitter smile.

"Damn, I thought you hidden houses can't do business? What are you doing with so many businesses?" Lin Yi glared at Tang Taizhong when he heard that the businesses weren't even in the same area, "Then there's no other way. We can only wait until you're robbed before we go and catch them."

"I guess that's the only way ..." Tang Taizhong nodded. There might be losses, but at least Lin Yi's arrival would minimize the losses, "Then everyone, shall we go to the dining hall for the banquet first?"

"Then let's go." Lin Yi didn't have anything to do, so he nodded in agreement.

In order to get on Lin Yi's good side, the Hidden House Tang put in a lot of effort this time. Second brother Tang asked the chefs to give it their all and prepare a feast similar to the Manchu Han Imperial Feast.

However, Lin Yi wasn't too interested in the food and only took a few bites. Yushu and Xiaoke, on the other hand, started eating.

Chapter 3395 The Pattern Of Crime

Xinyan was shy with everything she ate, and Lingshan was thinking about the case, so she only ate a little.

Chen Yushu was a foodie, and Yu Xiaoke didn't get to eat much good food in the orphanage. It would be a waste if she didn't eat all this good food, so naturally, she wanted to eat.

The two of them were enjoying their meal when Tang Taizhong's cell phone suddenly rang! Tang Taizhong wanted to refuse because he didn't want to disturb Lin Yi and the others, but Lin Yi stopped him, ""Pick it up, maybe something happened!"

"That's good. " Tang Taizhong nodded and picked up the phone, but his face changed after a few seconds. "What? The gold shop in lihuan County was robbed? Alright, I got it!"

"Old master Tang, is there a situation?" Lin Yi asked as he put down his utensils.

"That's right. Our hidden tang family's store in lihuan County has been robbed. The robbers are in the middle of committing a crime. What do you think ..." Tang Taizhong seemed very anxious.

"Let's go over now. Lingshan, come with me. Shu, Xiaoke, and Xinyan, you guys stay here and continue eating. I don't need you guys. " Lin Yi ordered quickly.

"I can help you." Yu Xiaoke threw away the plate in her hand.

"They're all Sky Class early phase, it's no big deal. " Lin Yi waved his hand, "you guys are tired from the long journey. You guys didn't eat. Your energy can't keep up. I'll go with Lingshan."

"Then ... Alright." Yu Xiaoke was very obedient-of course, she listened to the male thief's words. She knew that Lin Yi wouldn't do things he wasn't confident in, and if it was really dangerous, he wouldn't reject her.

Lin Yi, song Lingshan, Tang Taizhong, and Tang boss all walked out of the banquet hall. As they walked, Lin Yi asked, "How far is Lihuan County from here?"

"It's a 40-minute drive ..." Tang Taizhong thought for a moment and said.

"Then there's no need to go." Lin Yi stopped.

"Ah?" Tang Taizhong understood what Lin Yi meant and smiled bitterly. "Yes, these people Rob very fast. The slowest one took less than 15 minutes. They came and left in a hurry. We're rushing over now, but we can't even see their shadows."

"Old master Tang, when did you fight those people? How did you get here before those people left?" Lin Yi asked.

"It's like this. The first time they robbed our Tang clan's material management station, it's an organization that's in charge of concealing our Tang clan's daily expenses. There are some purchased heavenly materials and earthly treasures and cash inside. " "It's because it's relatively close to here, that's why I managed to get there in such a short time ..."Elder Tang replied.

"So that's how it is. After that, the places they robbed became the Tang family's shop and company?" Lin Yi nodded.

"Yes, I am." Elder Tang sighed."It seems like I've overlooked this point. From the looks of it, it's going to be difficult to fight them face to face."

"Let's not talk about this for the time being. I'm a bit curious about how these robbers know what business your Tang family has. And he even knew which city and which Street it was located in? This was too much of a coincidence, right? Could it be that there's a mole in your team?" Lin Yi couldn't help but be suspicious-it was something unbelievable.

"No, because the account books and distribution maps of these industries are already in the material management station. The material management station is also responsible for coordinating the cash flow of these shops. Those criminals got them when they robbed the material management station." Tang Taizhong explained.

"So that's how it is. Then you're really careless to give yourself up to the robbers." "Do you have a copy of your family's property?" Lin Yi asked, his head aching. Let me see. "

"Yes, there is!" Tang Taizhong quickly turned to boss Tang and said, ""Boss, go and ask second and giving Shi to go to the scene of the incident. Then, bring us the map of our property distribution!"

"Yes, father," Eldest brother Tang replied and then retreated.

After a while, eldest brother Tang brought over a map of their hidden tang family's property distribution and spread it on an empty table in the restaurant.

"Mr. Lin, you see ..." Tang Taizhong pointed at a few properties on the industrial division map and said, ""These few businesses have been robbed before. This is lihuan County, and the gold shop here was robbed today ..."

"Do you know the order in which these businesses were robbed? Mark the order of the numbers, and I'll see if I can find any pattern in the criminals "actions!" Lin Yi said to Tang Taizhong.

Lin Yi's words made song Lingshan's eyes light up, and she couldn't help but praise Lin Yi. In fact, this was her usual procedure when solving cases, but she was surprised to hear Lin Yi say it!

Lingshan was impressed by Lin Yi's speed at solving cases, but he didn't follow the rules at all. It was like the first time he found the bank robbers-he just circled around the cliff and pinpointed the location.

It was the same after that, and so Lingshan thought that Lin Yi must have used some practitioner's special ability to solve the case, but it seemed like Lin Yi knew the process very well today. Perhaps it

was because there weren't many clues this time, and Lin Yi was going through the normal process. In the past, Lin Yi had the confidence to find the suspect directly.

"Alright, alright!" Tang Taizhong quickly picked up a pen and started drawing on the map, but Lin Yi was speechless when he was done.

This was a completely irregular robbery. Today, tomorrow, there was no regular route to follow. Many crime locations were in the opposite direction. For robbers, this was the most time-consuming method of robbery, but it was also the most effective way to avoid waiting for the rabbit.

It seemed that these criminals weren't fearless, but they still had their own concerns. However, this would increase the difficulty of solving the case.

"Lingshan, what do you think?" Lin Yi wasn't a professional, after all, and many of his methods were special, but he was at his wit's end when it came to this kind of paper-style stuff.

"I can't see any pattern for now. The Tang family's business branches are too scattered. Even if there were some close ones, you see, the robbers robbed the credit company here, but they didn't Rob the communication store only one kilometer away from here. This shows that these people have a purpose. They will leave after robbing and won't commit crimes on the same day." Lingshan said as she pointed at the map.

Chapter 3396 Chen Yushu's Judgment

"If we really can't do it, we can only choose a place where we haven't robbed yet and wait for the rabbit ... Eh? No, elder Tang, what do you mean by this? The third and sixth crime were committed at the same location?"

"Yes. Who would have thought that they would return to the same gold shop to Rob? "We've just finished restocking our goods, and they robbed us again ..."Elder Tang looked depressed.

"It's a completely random crime. It's possible to go to the place where the crime has been committed again, which makes it more difficult for us to wait for the rabbit." Lingshan slapped her forehead, troubled.

"I think they might Rob this place next time!" Chen Yushu walked over with a piece of tiramisu and sucked on her finger as she pointed at an antique shop on the map.

"Do you have any evidence?" Lingshan blinked, not understanding what Yushu was saying.

"I think so!" Yushu didn't explain why, "Well, Prophet Shu is better than you, right?"

"What Prophet Shu? It's a mess?" Lingshan frowned. "Shu, don't talk nonsense. You're targeting me, but don't bring your emotions into work. This judgment can affect a lot of things."

Lin Yi wanted to stop Yushu from making a scene, but something came to mind when she called him Prophet Shu!

Yushu's words had come true in many ways, like Qibing's skyscraper and legs. Lin Yi thought that it was a coincidence, but after hearing Yu Tianxing's words, he realized that Shu and ning were both diviners, and they should have a sixth sense in this area. It might be possible that they robbed an antique shop!

"Let's go, we'll set things up overnight," Lin Yi said.

"Shield bro still believes in Shu!" Chen Yushu saw that Lin Yi listened to her words and was very proud.

"You trust her that much?" Lingshan blinked.

"We're just going to find a random place to wait anyway, and since Shu suggested it, we'll go here. " Lin Yi said with a smile.

"However, the criminals didn't seem to have laid their hands on the antique shop industry before. From a habitual point of view, they shouldn't have chosen an antique shop. After all, there isn't much cash here, and antiques aren't easy to sell." Lingshan analyzed.

"If this was really an Jianwen's doing, he'd be able to sell the drugs and firearms, let alone the antiques." Lin Yi said.

"Alright, let's go there then." Song Lingshan didn't trust Chen Yushu, but she trusted Lin Yi. She nodded and agreed to the suggestion.

Thus, the few of them packed up and went to an antique shop in cheokai town overnight! Chaokai town was an ancient town with a large antique market Street. The Tang family's antique shop was located here.

Lin Yi was driving the Grand Cherokee, while boss Tang and Tang Taizhong were in the Lando luzeres. Both cars had excellent off-road performance, and they had no problem taking the small roads of the old town.

.....

Lin Yi's guess wasn't wrong at all-this whole thing was Jianwen's doing.

An Jianwen's plan to Rob the Hidden House was put on hold after his failure in Donghai city. After a period of silence, he saw that the time was right and decided to make his move on the Hidden House Tang.

First, the Hidden House was far from Donghai city, and Lin Yi wouldn't be a busybody. Second, the Hidden House's business was huge, and they'd invested in a lot of profitable industries. It'd be easy for him to get some profit.

"Master Wen, I heard that the Hidden House Tang asked for help from the special Investigation Bureau, and that B * tch song Lingshan was transferred to the special Investigation Bureau as their Deputy Director. She's our nemesis!" Xiaochun said, pissed off. "Let's just kill her ..."

"No, that song girl is Lin Yi's woman. I may hate him, but he's getting more and more ruthless. Even the ancient rank people aren't his match. It's better for me to not mess with him. He has a lot of support now, too. I didn't expect Chu Mengyao to become the ancient Dark Palace's Palace Master. It's not good for me to get into a conflict with Lin Yi." "Just avoid that song girl," Jianwen said with hatred. "If you really run into her, don't hurt her, just retreat!" Talk to the hypnotist later and give him an order. "

"I understand!" "Then, where should we Rob tomorrow?" Xiao Chunjie nodded.

"Tomorrow ..." Jianwen opened up a map in front of him. This was the distribution of the properties he took from house Tang. It was a great weapon for robbery! Jianwen pointed at a location on the map."This antique shop then. We've robbed so many gold shops, so it's time for us to change our taste and steal some antiques to smuggle out!"

"Alright, I'll go arrange it now." Little purity replied.

Lingshan didn't think that the robbers would do anything to the antique shop-the traffic wasn't good, after all, and it was hard to escape from the fields. Even an off-road vehicle wouldn't be able to go very fast.

Of course, she considered the problem from the perspective of a normal criminal. An Jianwen didn't even consider these things! It was a three-hour drive from here to the headquarters of the Tang Clan Fort. Even if it was not easy to escape through the small road, by the time the Tang Clan Fort's people came, his men would have already run away.

Plus, even if someone did come, they might not be able to stop him. This was why Jianwen was so confident and chose house Tang!

The shopkeeper was an old disciple of house Tang, only Mystic mid phase. He was no match for the robbers, and had been under a lot of pressure these days. Now that Tang Taizhong had brought help, he let out a breath of relief.

"Disciple Tang xiaogui greets old patriarch Tang, young patriarch Tang, second master Tang, eldest young master Tang, and all the experts ..." The shopkeeper Tang xiaogui said respectfully.

"You don't have to be respectful to us, you have to be extremely respectful to these people. This is Lin Yi, young hero Lin, this is chief song from the supernatural Investigation Bureau, and this is miss Chen, miss Wang, and miss Yu. They're all powerful female heroes!" Tang Taizhong introduced.

"Yes!" Tang xiaogui quickly replied.

Obviously, the food here was not as good as the food in the Tang clan's Castle. Although Tang Taizhong had tried his best to book the most famous restaurant in the town and sent the food over, the quality was not as high as the chefs in the Tang clan's Castle, and the variety of dishes was not as good as those in the Tang clan's Castle.

But Lin Yi didn't care about that, which made Tang Taizhong let out a breath of relief. He was most afraid of Lin Yi, and he trusted him the most. As long as Lin Yi was there, the robbers wouldn't be a problem.

Chapter 3397 What's That?

They didn't talk for the whole night. Lin Yi hugged Wang Xinyan and cultivated while you Xiaoke and Chen Yushu lay beside him. There were limited rooms here, and Lin Yi stayed here in case of an emergency. Chen Yushu and Chen Yushu didn't want to stay in the inn, so they slept with Lin Yi.

Luckily, Lin Yi was close enough to Yushu and Xiaoke, so he didn't have to be shy. They were tired too, and fell asleep immediately after lying down. Lin Yi, on the other hand, was cultivating and paying attention to the outside.

However, these robbers didn't seem to act at night. These few robberies were carried out during the day. This was simply contempt for the hidden tang family, and they disdained to secretly commit crimes at night.

The second day was uneventful as well. There were quite a few customers, but the transaction volume wasn't high. Most of the customers paid with their cards, and they didn't have much cash. This made Lingshan frown-she felt that the robber shouldn't have chosen a store with less cash flow.

There was no movement in the morning, afternoon, and afternoon. The robbers didn't visit the shop or the other shops of the Tang family.

Just when Lingshan thought that Yushu was bullshitting, a group of people in white shirts and black pants barged into the antique shop without warning! After they came in, they started to move things from the antique shelves to a white van at the door.

He'd heard of their modus operandi before, but seeing it with his own eyes still made him feel that these people were too arrogant and didn't put anyone in their eyes. However, Lin Yi felt that their eyes were dull, similar to the bio-humans that Jianwen had created.

"Stop!" Lin Yi shouted at one of the bio-humans.

However, the bio-human didn't seem to hear him at all. Lin Yi had no choice but to block the bio-human's path.

This time, the bio-human finally noticed Lin Yi and threw an antique bottle at Lin Yi. These people were doing things according to the hypnotist's hints, they didn't have their own thoughts, they only followed orders!

The hypnotist had shown them song Lingshan's picture, and song Lingshan was their white list target. They wouldn't attack her, but only avoid her. Lin Yi, on the other hand, wasn't the same. After being blocked, the bio-human started attacking Lin Yi.

The antique bottle was worth at least a few hundred thousand Yuan, and Lin Yi didn't want to waste it. He put it in the Jade space. It was a mess now, and no one would ask about it. He could just make it up, and Tang Taizhong wouldn't dare to ask too much.

Indeed, Tang Taizhong didn't dare to make a sound even though he was wondering where the bottle went. He didn't want to affect Lin Yi's battle. He didn't want to distract Lin Yi, so he didn't care how the bottle was gone.

"BOOM!" Lin Yi threw a punch at the robber in front of him, using the normal tenth form of the wild fire Fist. His purpose was to test the strength of this bio-human.

However, to Lin Yi's disappointment, he only used the tenth style of the wild fire Fist and the bio-human's chest caved in. The bio-human flew out and fell to the ground, blood spurting out of his mouth. He struggled but couldn't get up.

With such strength, Tang Taizhong was not a strong opponent at all. It was reasonable to say that with Tang Taizhong's strength, he could have killed these people. How could he be injured by these people?

Lin Yi was just wondering, but what happened next cleared up his confusion!

The bio-humans who were moving the antiques felt that their companion was being attacked. They all put down what they were doing and attacked Lin Yi together. There were a total of five people left.

Yu Xiaoke saw this scene and panicked. She wanted to use the Nuwa heaven repairing art to strengthen Lin Yi's defense, but Lin Yi saw it and shook his head, "No need. I'll test their strength. If it doesn't work, I'll call you."

"Okay ..." You Xiaoke nodded, but she still started channeling her Arts. She didn't use it, but she was prepared.

Five people attacked Lin Yi at the same time, and Lin Yi used his practitioner's Arts to defend himself, then attacked one of them.

"BOOM!" All four of their fists landed on Lin Yi at the same time, but one of them was sent flying. Lin Yi was still using the tenth form of the wild fire Fist.

Early phase of Sky Class! Lin Yi could feel the strength of these four people-they attacked at the same time, and even with his pure Qi protecting his body, he almost spat out blood. He quickly used his Arts to heal his injuries!

It wasn't a serious injury, but Lin Yi finally understood how Tang Taizhong got injured. He could take on five people at the same time, and it was no wonder he was injured!

If it wasn't for the fact that Lin Yi was much stronger than them, and that he could quickly heal his internal injuries, they would've been seriously injured.

And so, Lin Yi followed the same pattern and killed every single one of them, but he inevitably took a few more punches. Fortunately, these people didn't have any patterns in their attacks, and they were all direct, so Lin Yi could easily respond and defend.

The remaining robbers were all knocked down to the ground by Lin Yi. The first five were all merciless, and judging from the degree of their chests caving in, they probably wouldn't be able to hold on for long before they died. But the last one was only knocked to the ground, temporarily disabled.

Lin Yi wanted at least one of them alive, even though he didn't think he'd be able to get anything out of them.

"Lingshan, capture this person and hand the rest to elder Tang. Send them to the cemetery." Lin Yi said to Lingshan.

"Alright!" Song Lingshan skillfully handcuffed the last bio-human, and the others obviously wouldn't be able to survive. Tang Taizhong immediately ordered the Tang family's disciples to help pull them away.

The antiques that had been moved to the car were also returned to their original places. Tang Taizhong was very grateful to Lin Yi. If it weren't for Lin Yi, he would've lost another huge sum of money today.

"Young hero Lin, thank you for helping us today." "I've prepared a small gift," Tang Taizhong said gratefully, "I hope you won't refuse it. "

"What is it?" Lin Yi didn't put on any false pretenses and asked directly.

Lin Yi's straightforwardness surprised Tang Taizhong. This guy wasn't going to be polite at all. But then again, Lin Yi wasn't from the special Investigation Bureau, so it made sense.

Chapter 3398 Lin Yi's Conditions

Besides, Tang Taizhong was really afraid that Lin Yi wouldn't want it. In order to build a good relationship with Lin Yi, he had to make Lin Yi happy the next time he needed his help. "It's a bowl that was once used by one of the sect Masters of the everyday and every day sect. It's a rare antique in the cultivation world ..."

"How much is it worth?" Lin Yi asked.

"This ... If we're talking about the market price, it should be around ten to twenty million, right?" Tang Taizhong didn't expect Lin Yi to ask this question, but he still made a rough estimate. After all, no practitioner family would sell something like this so easily. It was something that could be exchanged for cultivation resources, and it couldn't be measured with money.

"Oh, then I'll take it as 15 million. I'll give you an account number, and you can transfer the money over." "You can keep the bowl for yourself, or you can sell it to the everyday and every day sect. You'll get a good price for it," Lin Yi said.

"Eh, isn't it just 15 million? I'll give you 20 million. Lin shaoxia, you misunderstood me. This bowl is a thank you gift, and a thank you token is a thank you token. I'm not done yet!" Tang Taizhong gave the

bowl to Lin Yi because he knew that Lin Yi didn't lack money. The automatic medicine cauldron that Lin Yi made was a very profitable thing, so he didn't mention money. If he knew that Lin Yi liked money, he would've asked for it!

"Oh, that's fine. Xiaoke, give him your account number." Lin Yi wasn't too interested in the bowl, and put it away in the Jade space.

"The account number is XXXXXXXX, the name is Songshan orphanage." Yu Xiaoke said.

"Ahem ... Okay, I'll remember that ..." Tang Taizhong paused, remembering that Lin Yi was only doing this for the orphanage, not for himself! But it didn't matter-the money was given to Lin Yi, and it didn't matter who he gave it to, as long as Lin Yi accepted it.

"If there's nothing else, let's go back first." Lin Yi looked at Yushu, a little surprised. It seemed that Yushu's ability to predict the future was true. Yu Tianxing's words made sense.

"Okay, okay, I'll arrange for a car!" Tang Taizhong quickly replied.

"Shu, I really have to thank you this time. I didn't think you'd be able to guess where they did it." Song Lingshan was very straightforward. Chen Yushu guessed the location of the crime, which was why she and Lin Yi were able to kill these people and catch one. If there was anyone else who contributed the most other than Lin Yi, it was Chen Yushu.

"How is it? are you convinced now?" Chen Yushu said proudly.

"So what if I admire you for being able to solve this case?" Lingshan wasn't one to let her emotions get the better of her when it came to work. She said seriously, "Shu, do you think they'll still do it? Where will their next target be?"

"It's still here. " Chen Yushu said.

"Or here?" Lingshan blinked.

Tang Taizhong, who had just gone to prepare the car, was also stunned. He hurriedly said, ""Lin shaoxia, chief song, are we going to stay here for a while longer?"

Tang Taizhong had complete faith in Yushu. She was a prophet, and if she said they would Rob the antique shop, then they would. If she said the robbers would come again, then they had to have a reason.

"We can't not leave." Lin Yi shook his head, "they've lost this time. According to normal logic, we definitely won't stay here. They think the same, so they'll do the opposite. If we stay here, they'll see us and probably won't move."

"That's true!" "Then what should we do?" Tang Taizhong nodded.

"Let's pretend to leave first, then find a nearby place to stay. We can make sure that we can get there as soon as we get robbed." Lin Yi said.

"That's the only way. I'll have to trouble you then, young hero Lin!" Tang Taizhong quickly said.

"The trouble is secondary. This time, I have helped the hidden tang family solve their problem. So, should we talk about the real business?" Lin Yi glanced at Tang Taizhong and asked indifferently.

"What ... What business is this?" Tang Taizhong paused, thinking that Lin Yi still wanted some reward. After all, the reward was only for this one move. If Lin Yi continued to guard here, he would have to pay a certain price. Otherwise, why would Lin Yi keep helping him?

"Let's find a place to stay first. We'll talk about it later. " Lin Yi waved his hand and walked out without explaining.

"Alright," he said. Tang Taizhong's heart was beating like a drum, but he didn't dare to say anything. He quickly let Lin Yi and the others get in the car.

There was a hotel not far from here, which was also one of the Tang family's businesses. However, the hotel business was different now. The front desk didn't have a lot of cash. Modern people mostly used cards to spend money, and the deposit was also approved by the bank card. Even if the robbers went to Rob them, they wouldn't be able to get much cash.

Tang geiqi drove behind them, and Tang Taizhong personally drove Lin Yi and the others to the hotel. On the way, because Tang Taizhong was there, Tang geiqi didn't talk to Lin Yi.

When they arrived at the hotel, everyone got out of the car and got a room. Tang Taizhong opened a meeting room at Lin Yi's suggestion. The people from the Tang family and Lin Yi's side sat around a round table in the meeting room.

Naturally, Lin Yi sat at the head of the table with Lingshan on the side. Tang Taizhong sat opposite Lin Yi.

"Young hero Lin, if you have anything to say, just say it. We, the hidden tang family, will definitely do what we can." Tang Taizhong was a little nervous. He didn't know what Lin Yi wanted to talk to them about, and why he was so formal.

"Elder Tang, let's not beat around the bush. What I'm about to say may be a good thing or a bad thing to the Tang family, but you don't have much choice." Lin Yi said faintly.

Lin Yi's words made everyone's heart skip a beat. Lingshan knew what Lin Yi was going to say, too, and she tensed up. This was a matter that concerned the future of the investigation Bureau. Whether they could succeed or not depended on today.

If house Tang's side succeeded, the other hidden houses could do the same. Otherwise, house Tang's side wouldn't be able to do anything in the future.

"Please go ahead, young hero Lin." Tang Taizhong took a deep breath and made a gesture of invitation.

"I'm sure old master Tang is aware of the supernatural Investigation Bureau's previous duties. They were in charge of the cultivators of the secular world and the control of the secular families." "The hidden houses, by right, aren't under the jurisdiction of the investigation Bureau, but since we've made a move

this time, we'll have to do something about it as well. I wonder if the hidden houses are willing to accept our management and mediation?" Lin Yi said.

Chapter 3399 Decisive Decision

"This ..." Tang Taizhong was stunned. He didn't expect Lin Yi to be talking about this! In fact, how could Tang Taizhong not know that although the supernatural Investigation Bureau controlled the worldly families in the past, there were not many worldly families that could really be controlled. They could only coordinate from the middle!

The one who was really useful was Lin Yi. The establishment of the practitioner's Association made all these noble houses submit to Lin Yi and listen to his orders. Only then did the words of the supernatural Investigation Bureau work.

Right now, the investigation Bureau is probably starting to make a move on the hidden houses. Should I agree or not? It was reasonable to say that the hidden tang family asking the supernatural Investigation Bureau for help was equivalent to throwing out an olive branch, but the Tang family was more inclined to a cooperative relationship. Things could be discussed, not controlled!

But Lin Yi's words were already out there-he didn't dare to refuse, and he didn't want to embarrass the hidden houses if he agreed.

"Next, I'm going to expand the scope of the practitioner's Association. My Association and the supernatural Investigation Bureau are two different groups of people. I've already appointed song Lingshan as the Vice President, and she'll help me manage these things." Lin Yi didn't wait for Tang Taizhong's reply and continued, "The hidden families that join the alliance of the cultivators 'Association will be under my protection. However, they will also be under President song's management. Of course, if they don't join, we will not interfere if something happens in the future. After all, we have limited energy and can only help the members of the Alliance! What's your decision, elder Tang?"

"Ah, it's Lin shaoxia's practitioner's Association, I know that. I've wanted to join for a long time ... I heard that the Hidden House han, hidden house Zhuang, and hidden house Pi are all members?" Tang Taizhong asked tentatively.

"Yeah, they must be the first batch of members." Lin Yi nodded. "The rest is up to elder Tang. If you agree now, you'll be part of the first batch. You're a senior, so the treatment will be different!"

"Alright, I'll join!" Tang Taizhong didn't hesitate anymore and made a decision. "The hidden tang family is willing to join Lin shaoxia's Alliance of cultivators' associations and be under President song's management!"

"En, if that's the case, then it's fine. I'm going to rest, I still have to fight the robbers tomorrow." Lin Yi nodded in satisfaction-things were going pretty well. Of course, if it weren't for the robbers, the Hidden House wouldn't have agreed so easily. After all, the situation was pressing.

"Okay, Lin shaoxia, please ..." Tang Taizhong quickly got up to see him off. Tang GEI and the others also stood up.

Lin Yi nodded and prepared to rest. However, when choosing rooms, Chen Yushu and song Lingshan had to share a room with Lin Yi. This way, Yu Xiaoke would have to join in the fun.

However, Lin Yi wasn't really going to sleep-he was just training with Xinyan in his arms, and so he agreed to it.

And so, the more ridiculous scene of the night appeared-Lin Yi lay on the bed with Xinyan in his arms.

Lingshan, on the other hand, was very happy today. The investigation Department was going to be brought to new heights under her leadership. In the past, even the noble houses couldn't control the Department, but now, they could control the hidden noble houses. Only Lingshan could understand the difference between them.

The supernatural Investigation Bureau had finally gotten stronger, and Lingshan, as the Deputy Director, felt proud of herself.

And so, Lingshan loved Lin Yi to the core-she couldn't wait to lay down on the other side of the bed with Xinyan! It wasn't that Lingshan was in a rush, but this was the only way she could express her gratitude and love for Lin Yi.

However, Chen Yushu saw that song Lingshan was on the bed and naturally didn't want to be outdone,"Hey, Fox song, I'm shield bro's small wife, and I'm the hero of solving the case today. I want to sleep next to shield bro!"

"This ..." Song Lingshan didn't want to give it to Chen Yushu at first. She was already here to get the first move, how could she give it to someone else? Besides, she was a very strong-headed person when it came to people, but she remembered that Chen Yushu was the one who did the most in today's case. She hesitated and moved away,"Then you can sleep here."

"Oh, oh, oh." Chen Yushu didn't hold back and laid down beside Lin Yi happily.

But when it was Yu Xiaoke's turn, she didn't want to fight anymore-she was thinking it through. No matter what, the male thief would always belong to her alone, and the others could do whatever they wanted.

Yu Xiaoke laid down beside song Lingshan quietly. They were both small and the 1.8m bed was big enough for them.

In fact, no one would dare to do anything sneaky on the same bed. Even if Chen Yushu was bold, she wouldn't dare to move at this moment. Lin Yi was in the middle of training, and it would be serious if he went into Qi deviation. Chen Yushu still remembered the last time she went into Qi deviation. If it wasn't for Tang Yun, Lin Yi might not have woken up now.

He'd been fighting and running for days, and even a Wargod like Lin Yi was a bit exhausted, but with Xinyan's help, it was easier for him to replenish his energy at night. Lin Yi could clearly feel that his art of Dragon mastery was close to completion, and he was very happy.

However, the completion of the third stage of the art of Dragon mastery was only the beginning. He still needed to forge a heaven-grade weapon for himself. Only with a heaven-grade weapon could he open the fourth stone door.

He wondered what kind of benefits would be behind the fourth stone door. Lin Yi was looking forward to it ...

Chen Yushu, song Lingshan, and Yu Xiaoke had been busy the whole day and fell into a deep sleep very quickly. Lin Yi had no choice but to place the energy stones under Wang Xinyan's bed on the other side. However, because there were too many energy stones, it didn't cause any problems for Wang Xinyan.

.....

After Lin Yi left, only the people from house Tang were left in the meeting room.

"Tell me, what's your opinion on my decision?" Tang Taizhong looked at the other members of the Tang family and asked.

"Father, I think that your decision is very wise." Eldest brother Tang was the first to change his attitude. "We're the Hidden House Tang. We don't have any backing, and we can't use those ancient-level connections. With our relationship with Tang Yun, it's good enough that she doesn't blame us. We don't need to think that she can help us. Didn't you see Mr. Lin's expression when we mentioned this?"

Chapter 3400 Continue To Commit Crimes

"That's right, this matter is indeed like this. " Second brother Tang nodded, "the hidden houses that were on good terms with Lin Yi before are getting more and more powerful. Even the ancient level people don't dare to bully them anymore. As for the Hidden House Zhao that went against Lin Yi, didn't they just disappear?" Even now, the ancient Dongfang family, the ancient Feng family, the Black Horse gang, and the everyday and every day sect all had grudges against Lin Yi, but who would dare to go and cause trouble for him? And the weakest of the ancient levels, the Dark Palace, has become so powerful because of Lin Yi! If it wasn't for the fact that we didn't have any connections before, I would've suggested relying on Lin Yi!"

"Giving, what do you think?" Tang Taizhong was very satisfied with his two sons' support. He was most afraid that these two would go against him. Not only would they offend Lin Yi, but they would also push the Tang family into the fire pit.

"Grandpa, I think you've all made the right decision. Right now, the world of practicing is in chaos, and the Hidden House Council is like an empty shell. We need a strong organization or master to

intimidate these forces, or else it'll be a mess, and it won't do us any good." Tang GE nodded and said, "what we need to do is to develop steadily. Our Tang family is already weak. If things get chaotic, we'll be the ones who get bullied."

"Your words are crude, but your logic is not. Although giving-out's words are a little undervaluing of herself, the truth is the same." Tang Taizhong nodded. "If that's the case, we'll have to report to President song if there's any big event in the future. President Lin is too busy and may not have time for us. We'll go to young hero Lin for help when something big happens."

"Yes!" Everyone from the Tang family quickly agreed.

In fact, Tang Qiqi really wanted to talk to Lin Yi in private, but there wasn't a suitable opportunity, so he could only give up.

.....

The bio-humans that he sent out didn't come back either. Jianwen was getting anxious when he received a report from little pure.

"Master Wen, it's bad. Those bio-humans are all dead." Little purity rushed over to Jianwen.

"He hung up? What's going on? Could it be that the medicine has lost its effect?" Jianwen blinked.

These bio-humans, however, were all strengthened by the professor's medicinal liquid-it wasn't permanent, it was practical. After some time, these bio-humans would be weaker than normal people, and that was why Jianwen asked.

"No, master Wen, according to the recording device on the van, Lin Yi is here ..." Pure said helplessly.

"What? Lin Yi's here? Is that true? Why was he here? I thought only the people from the supernatural Investigation Bureau came?" Jianwen was surprised to hear that Lin Yi was here. He slammed the table and stood up. "Let me see!"

"Alright, I'll get the recording for you!" Little purity quickly went to get the video.

Soon, the video came back, and Jianwen's face darkened as he looked at it. He didn't expect Lin Yi to interfere again! The reason why he chose to hide house Tang was because it was far from Eastern Sea city, and it didn't have much to do with Lin Yi. He thought that Lin Yi shouldn't be a busybody, but who would've thought that song Lingshan would become the Deputy Director of the supernatural Investigation Bureau, and Lin Yi would come to help?

"How many of our experimentals are left?" Jianwen asked.

"There are only six left." Little purity said.

It wasn't easy to find an experimental body that could be injected with the biochemical liquid. Ordinary people couldn't withstand the strength of this medicine at all and would die immediately after the injection. Only people with strong physiques could do it.

In other words, this person had to have strength close to the Golden class. Even if he didn't reach the Golden class, he had to be an outstanding fighter in the gangs or one of the top few in the underground fighting arena.

People like that weren't easy to find, and it took Jianwen a lot of effort to find a dozen of them. Some of them even failed, because even with that kind of strength, there was no guarantee of success.

In the common world, people like this were too rare. After all, golden class Masters were as rare as Phoenix Feathers and water chestnuts, and these people were all almost golden class. Naturally, they were rare.

He couldn't go to the aristocratic families to arrest them, could he? Those noble houses were all more or less related to Lin Yi, and the hidden houses weren't easy to mess with. They could Rob, but catching people was a different story.

He'd planned to use these bio-humans for a big fight, but who would've thought that Lin Yi would kill five of them and take one away? it was a huge loss!

"Only six left ..." Jianwen frowned. He didn't know if he could succeed with all six.

"Master Wen, should we continue with the next step? Or should I stop?" Little pure asked carefully.

"Yes, why not?" It wasn't easy for an Jianwen to find a chance to make a fortune, how could he give it up so easily? he slammed the table and said, "From the video, Lin Yi's group has already left this place. So, we'll choose this place again for tomorrow's robbery!"

"You're still choosing this antique shop?" Little pure was taken aback for a moment before she thought it through. She felt that an Jianwen's idea was brilliant. "Master Wen, you're wise. No one would expect us to come back like this. Lin Yi's gone, and it'll take at least a few hours for him to come back. Our people would've left long ago after the robbery."

"En, this time, we can also ransack a hotel near the Tang family's residence." Jianwen said as he looked at the map. "There's a hotel here. Although we can't get anything from it now, since we're going there, we'll Rob it all. Don't let go of anything valuable in this hotel!"

"Yes!" Little pure knew that an Jianwen was determined this time. He didn't matter how much he wanted, it made the trip worth it. However, what made little purity feel a little strange was, ""Master Wen, how do you think Lin Yi knew we were going to Rob the antique shop here? Could it be that they have the ability to predict the future?"

"How is that possible? I think it's a blind cat that found a dead mouse, but this Lin Yi kid is a little weird. He might have analyzed something. " Jianwen said after thinking.

"Analysis? Didn't master Wen randomly choose these places? How can you still analyze it?" Little purity was even more puzzled.

"Actually, according to scientific analysis, everyone's random behavior actually follows a certain pattern. We don't know, but if we let those scientists study and analyze it, there are still patterns to follow. This is also often used in criminal psychology." Jianwen said.
