

Bodyguard 3401

Chapter 3401 Bio-Human No. 4

He was now a high-ranking criminal, so he often read some books on criminal psychology. There was also an introduction in this area in them. Of course, whether it was true or not, he did not know.

"I see, then next ..." Little pure was asking if Lin Yi could analyze the next robbery.

"The robbery this time wasn't arranged randomly. I made my decision after Lin Yi intervened and left. It's different from my random decision, so Lin Yi wouldn't be able to analyze it." "If Lin Yi did, why would he leave?" Jianwen asked. Aren't you going to stay in the antique shop for the night and wait?"

"That's true," Little purity nodded in relief.

However, as soon as little purity finished speaking, there was an urgent knock on the door.

Jianwen frowned, but still said, "Little purity, go and see who's here."

"Yes!" Little pure went to open the door and found that it was one of her trusted subordinates, little madman.

"Brother Chunjie, bad news." The little madman said in shock as soon as he entered the door.

"What's the matter? Also, when you come in, call Master Wen first!" Little purity frowned slightly. If it wasn't for the fact that little crazy was pretty and reliable, he wouldn't have raised her.

"Yes ... Master Wen, something has happened!" The little madman quickly nodded and said,""According to our observations from the ambush at the intersection, Lin Yi's group didn't leave this place. They should be hiding somewhere nearby ..."

"What?" Jianwen's eyes went wide-this couldn't be a coincidence, right? he'd just decided to continue robbing the antique shop, and he'd received a report saying that Lin Yi hadn't left yet? wasn't Lin Yi a God?

"Master Wen, why don't we go to another place?" Little pure jumped as well-how did Lin Yi guess that? This wasn't realistic. This was a little too strange, right?

Thinking about all the things they'd done these days, everything they'd done hadn't been done, and everything had been ruined by Lin Yi-she wondered if Lin Yi was their nemesis.

"Change location?" Jianwen had regained his composure by now. He paused for a moment and laughed coldly,"Why do we have to do that? not only are we not doing that, we're also going to inject the test subject with the improved No. 4 drug. If Lin Yi really does interfere, we'll make him stay there forever!"

"Improved drug No. 4 ..." Little pure was stunned."Master Wen, the professor said that number four was for Earth Class and above-if we give it to these test subjects, they won't be able to take it, and even if they can, they won't be able to use it that well. Plus, even if they don't die after the injection, they'll be disabled after they recover, and we can't use it again ..."

"I know, go get the professor here, I'll ask him if it's possible!" Jianwen had made up his mind. He waved his hand, telling Chunchun to go get them.

"This ... Alright!" Little Chunjie nodded and ordered little madman to call for help.

Not long after, the professor walked in. "Master Wen, you were looking for me?"

"It's like this. If we inject the improved No. 4 drug into the few test subjects we have now, will the expected effect be achieved?" Jianwen asked directly.

"This ... Improved medicine No. 4 was made by my uncle, professor Benjamin the second. This medicine is targeted at Masters above Earth Class, and only Masters above Earth Class can take it. If it's used on a lower-class body, it might cause immediate death ..." The professor said.

"In other words, it's impossible?" Jianwen frowned.

"It's not that it's impossible-it's possible, but it's a bit troublesome. Plus, the recipient can't possibly reach the peak late phase of the Sky Class as uncle expected-it'd be good enough if it could reach the late phase. " The professor said.

"Oh? That's enough. What should we do? tell me!" Jianwen's eyes lit up.

"Here's the thing. We can first use drug No. 1 to stimulate the potential limit of this receptor, overdrawing his physical strength in advance. Then, we can inject improved drug No. 4. There's a possibility of success, but there's no guarantee of success." The professor explained, "there must be some patients who can't take it and die. Plus, there's a limit to how long they can live. I'm afraid they'll die in about an hour ..."

"One hour should be enough!" "Professor Yin, you know how much of a threat Lin Yi is to us. He's always been the one to cause trouble during our operations. If it weren't for him, we'd have earned quite a bit of money already." Jianwen said after some thought.

"That's true. I'll try my best then!" "I'll call my uncle-master tonight and see if he has a way to solve this!" The professor gritted his teeth.

"En, thank you for your hard work!" Jianwen said, satisfied.

.....

The night passed quickly, and the sky brightened. Lin Yi stretched and stood up. Wang Xinyan was still asleep, and Lin Yi didn't disturb her. He wanted to let her absorb more energy from the energy stone.

Yushu couldn't sleep well after Lin Yi woke her up, "Shield bro, you're awake?"

"Shush ..." Lin Yi made a shush gesture and pointed at Xinyan. "Let her rest for a while."

"En!" Chen Yushu never had any enmity towards Wang Xinyan. Perhaps in her heart, people who were good to Lin Yi were all good people, and she could get along with them.

"I'll go get something to eat. You guys wait for me. " Lin Yi didn't know that Jianwen already knew that he was staying here, so he didn't bring everyone to the hotel restaurant for breakfast in order to keep a low profile.

"I want to eat fried eggs." Chen Yushu said.

"Alright," he said. Lin Yi nodded and walked out of the room. He didn't expect to see Tang Qiqi waiting for him at the door! Or rather, Tang Qiqi never left and had been waiting for Lin Yi.

Lin Yi was surprised.

"Mister Lin." "Are you going to have a meal?" asked Tang GE respectfully. I'll get it for you and send it to your room?"

"No need, let's go together." "When did you get here?" Lin Yi waved his hand.

"Ah, I came in the morning ..." Tang Yingzhi was shocked. He thought that Lin Yi was referring to him monitoring Lin Yi at the door and quickly explained, ""I woke up early, so I came to see if you needed my help...I

Chapter 3402 An Uneasy Feeling

"It's nothing. You don't have to be so careful. We're pretty close. " Lin Yi smiled and waved his hand. He could feel Tang Jingzhi's restraint and knew what he was thinking. He smiled and said, ""Your Grandpa is your Grandpa. He wanted to kill me at the Hidden House Summit, and that's within reason. But we've been getting along well, so you'll be in charge of house Tang's future, right? You don't have to be so formal, just call me Lin Yi. "

"En!" A look of gratitude flashed across Tang GE's face, and he probed, ""Then I'll call you brother Lin from now on ... Brother Lin, my sister is now ..."

However, Tang Yingzhi also felt that it was a bit confusing. He called Lin Yi brother Lin, so he should be Lin Yi's brother-in-law, right? But now, he didn't dare to randomly call out.

"Your sister?" "Who's your sister?" Lin Yi blinked.

"Ah uh ..." Tang Qiqi saw that Lin Yi's attitude was good and wanted to get closer to him, but she didn't expect Lin Yi to be like this when he mentioned his sister. "It's nothing ..."

"Don't think about those things. I already have enough women by my side. Don't think about marriage ..." Lin Yi misunderstood Tang Jingzhi and thought that Tang Jingzhi wanted to give his sister to Lin Yi.

"Ah?" Tang Yingzhi froze, feeling a little strange. She didn't know what Lin Yi meant by that. Did he break up with Tang Yun?

At the thought of this, Tang jizhi didn't dare to say anything more. From his point of view, it must be the snowy valley that made Lin Yi's mood bad. However, he didn't have a say in this kind of fight between gods. He could only lower his head and accompany Lin Yi to the restaurant of the hotel.

Lin Yi took some food, but didn't take too much-there were only women in the room, so he couldn't eat too much.

Seeing Tang Jizhi being so careful, Lin Yi didn't know what was wrong with her. What did he say to make her so careful? However, Lin Yi had no choice. If Tang Jizhi had to be so careful, then he couldn't say anything.

Back in the room, other than Wang Xinyan, the others were all awake, but it didn't affect Wang Xinyan at all. They all knew that Wang Xinyan had used up a lot of energy last night, and it was hard to say if she could wake up before noon.

Lin Yi gave breakfast to Yushu, Lingshan, and Xiaoke before placing the energy stones evenly beside Xinyan. He watched them enjoy their breakfast, enjoying the peace and quiet.

Ever since he came to Songshan city, Lin Yi's life seemed to have become a mess. Almost all kinds of things came to him, and he couldn't stop working. Even now, he still had to work hard for the inheritor's plan, and it was rare for him to have free time.

However, this kind of leisure time could only last for the morning ...

The professor came to Jianwen's room in a hurry.

"Professor, how's it going? do you have a solution?" Jianwen was surprised and happy to see the professor here-he'd been waiting for news from him.

"En, it's like this, master Wen. My uncle-master saw the video of Lin Yi fighting the bio-human. He gave a few suggestions," "He said that Lin Yi's moves are very aggressive. Our bio-humans are strong, but they can't take hits. This way, it's okay to fight against low level Masters, but against Lin Yi, they might be killed before they can kill him. Even if they're all Sky Class late phase, it's still not enough. Lin Yi's one move, one person. At most six moves, and they'll all be dead."

"Well ..." Jianwen thought about it carefully, and it was true. The professor's words made him feel a little discouraged, but he had to admit that it was the truth."Is there any solution? Are we just going to let Lin Yi go?"

"It's impossible to let him go. My uncle-master also suggested that we take this opportunity to kill Lin Yi, so he suggested that we inject the bio-humans with medicine No. 1, No. 2, and No. 4!" "This way, not only can our bio-humans increase their strength, but they can also take a lot of hits. As long as they don't get hit by their heads, even if they lose an arm or leg, they can still continue to attack!" The professor said.

"Oh? Then it's settled!" Jianwen nodded, overjoyed."Then what's the problem?"

"There's also a problem. The side effect is that the effect can only last for twenty minutes. So, when injecting the drug, it has to be done in the car. Then, the hypnosis can be done in the car. We can't waste any time." The professor said.

"That's great! Let little purity and the hypnotist go together!" Jianwen said.

"That's possible, but I'm afraid that the matter will be exposed. " The professor hesitated, "Lin Yi won't come out, will he?" Back then, they were pretending to be ronima and Chui mianshi to trick Liu Tianli ..."

"Stay in the car and don't get out. What are you going to expose? Lin Yi doesn't have x-ray vision. Does he think he's yang Ming?" Jianwen said with a wave of his hand.

"Ugh, master Wen, you also know Yang Ming?" The professor was surprised. He didn't expect Jianwen to know about Yang Ming. This was the core secret of the firewolves!

"En, isn't he our ultimate enemy? Miss LAN has already told me about it. " An Jianwen said faintly. He was very valued by miss LAN and had started to get in touch with the core secrets of the Firewolf gang.

"Okay, master Wen, I'll make the arrangements." The professor nodded and didn't say anything else. He went to prepare.

At noon, a white van drove into the Hidden House Tang's antique store. Jianwen was there to attract Lin Yi's attention, so he didn't even change his car. He still used his old one to attract Lin Yi's attention.

Little pure was driving the car. Before he left, he had already given some instructions to little crazy. He was a little worried about this operation. He felt like it was going to fail, but he couldn't tell an Jianwen. An Jianwen would definitely scold him for worrying too much.

So, in order to continue Scorpion's spirit, little pure had trained little crazy to be her successor. If she really met with a mishap today, little crazy would take over her position and become the next Scorpion.

In the car, there was a hypnotist and three bio-human receptors. These three were the professor's limit. Out of the six, half of them failed and died on the spot, but the remaining three were still usable.

Chapter 3403 Underestimated The Enemy

Reagent No. 4 had been injected, and all that was left was for little pure to inject them with the mixture of reagent No. 1 and 2.

In order to attract Lin Yi's attention, she drove around the Tang family's hotel before turning to the hypnotist, ""We can start now."

She had rehearsed this action many times before coming here. Little pure skillfully injected the drug into the three bio-humans in front of her, and then the hypnotist began to hypnotize them. Little pure drove to the antique shop, and the time was just right.

In fact, Lin Yi had noticed it when purity drove around the hotel. He was a little confused-what was she trying to do? to provoke him? Could it be that an Jianwen knew that he was staying in a hotel and wanted to tell her that he was going to Rob someone?

Or was he just here to check out the place and Rob the hotel after the antique shop?

Of course, the second possibility was more likely, but no matter what, Lin Yi still went to the antique shop with the Tang family.

On the other hand, Tang Taizhong admired Chen Yushu more than anything. She said that she was going to Rob them again today, and she really did come.

Lin Yi was already waiting for them when the van arrived at the store. There weren't any other customers around, and the tangs had cleared the area to avoid unnecessary attention.

Little pure stopped the car, and for some reason, her heart was beating very fast. Her purpose here was to fight Lin Yi, but Lin Yi was just waiting here, and she couldn't be happy at all. She had a feeling that something bad was going to happen.

"How is it, hypnotist? is it done?" Little purity asked.

"No problem. I've ordered them to get out of the car and carry out the mission!" The hypnotist nodded and gave an order to the five bio-humans. The three of them got out of the car and surrounded Lin Yi.

The order they received this time was to surround Lin Yi. No matter who interfered, they would ignore them and only attack Lin Yi.

Lin Yi frowned. He felt that something was wrong as well. There were other people in the van. Didn't this person know that he was the one who killed the bio-human yesterday? Why did you bring three over today? Did he think that these three bio-humans were his match?

All six of them died yesterday, and half of them died today. There seemed to be something strange about this!

Since he couldn't figure it out, Lin Yi didn't think too much about it and decided to use yesterday's strategy, breaking them down one by one.

"The tenth style of the wild fire Fist!" Lin Yi attacked the one closest to him.

"BOOM!" The moment the fist landed on the bio-human's body, the bio-human didn't want to be outdone. He threw a punch back at Lin Yi's fist. It was a head-on attack.

Lin Yi didn't expect to be hit like that. The punch from the bio-human made his blood boil, and the huge force pushed him back. He fell to the ground with blood flowing out of his mouth ...

Sky Class late phase! This bio-human actually had the physical attack power of Sky Class late phase! That ordinary-looking punch actually contained such a huge explosive force. Lin Yi didn't expect it at all, and he suffered a very serious internal injury.

However, that wasn't all. After exchanging blows with Lin Yi, the bio-human flew back and even spat out a mouthful of blood. It looked like his condition was more serious than Lin Yi 's, but he quickly got up from the ground. The dent in his chest didn't seem to affect him at all. He didn't even slow down and ran towards Lin Yi again!

Lin Yi was shocked-it was indeed unusual!

The five bio-humans today were on a completely different level from yesterday. Not only were their attacks stronger, but their ability to take hits was also stronger. Lin Yi's tenth form of wild fire Fist didn't do anything to them.

Lin Yi wanted to use the art of Dragon mastery to heal his injuries, but he didn't have the chance. Before the other bio-human could run over, the other two had already arrived on Lin Yi's left and right, punching at him!

Lin Yi jumped and quickly used butterfly microstep to Dodge the two bio-humans "attacks! After all, these two didn't seem to be very smart, and their mobility was restricted. They weren't as agile, which was why Lin Yi could get up from the ground and Dodge their attacks so quickly!

However, there was a saying that was right-he couldn't avoid all the attacks. Just as Lin Yi dodged the attacks of the second and third bio-humans. The first bio-human was already behind Lin Yi and suddenly threw a punch at Lin Yi, making him fall over!

Fortunately, the Jade had a strong warning in that instant, so the sneak attack didn't reach its maximum effect. Lin Yi had already used his pure energy to protect his body. Although his injuries from before had worsened, at least it wasn't worse.

"Go to hell!" Lin Yi turned around and used the eleventh form of the raging fire Eight Trigram palm! Lin Yi didn't want to use this move at first, but the bio-human in front of him was too strong. Lin Yi had to use his strongest move.

"Boom ..." Bio-human one still exchanged a blow with Lin Yi. Because Lin Yi used all his strength and didn't hold back too much Qi to protect his body, the damage to Lin Yi was quite huge!

As the bio-human flew back, Lin Yi was also sent flying back by the huge impact and landed on the ground with a loud crash.

This time, the bio-human was shattered into pieces by the power of the eleventh style of the flaming Eight Trigram palm. It was impossible for him to survive, but Lin Yi's stamina was severely depleted, and he had suffered serious internal injuries.

However, Lin Yi knew that he couldn't afford to be careless. There were two more bio-humans coming at him from behind ...

In the van, the hypnotist stared coldly at the scene outside the van and said indifferently, "It seems that this Lin Yi has some skills, but he's already used to it!"

"That's true, I hope these two bio-humans can kill Lin Yi!" Xiao Chunjie nodded, but she still didn't feel at ease.

Lin Yi dodged the two bio-humans' attacks with the killer's butterfly micro-steps, but he knew that it was not a solution. He would make a mistake sooner or later if he kept dodging!

Lin Yi cried out in his heart-he'd underestimated the enemy ...

Chapter 3404 All-Out Effort

He didn't expect these three bio-humans to be this strong. It seemed like an Jianwen knew that he would be fighting here, so he purposely sent so many strong people.

However, with Lin Yi's current physical condition, he couldn't use the eleventh style of the palm anymore. He could only keep dodging.

This way, even if Lin Yi kept on fighting, he wouldn't be able to fight the two of them. He was very worried as his stamina was decreasing by the second. He was already a strong arrow that was shot from a bow.

Lin Yi's steps were getting slower and slower, and his movements were getting more and more strenuous. Right now, Lin Yi had seriously overused his physical strength, and he was still injured. If it wasn't for his faith, he would've fallen for it.

"Hehe, Lin Yi's only so-so! Three bio-humans were enough to make him this miserable. If the few from yesterday came together, Lin Yi would have been dead!" The hypnotist laughed coldly at Lin Yi, "you dare to go against our master Wen with this level of skill? you're asking for it!"

"Let's hope Lin Yi doesn't live past today ..." Xiaochun Jie nodded and relaxed a little. Lin Yi was clearly at a disadvantage now. It seemed to her that Lin Yi was doomed.

"It's dangerous!" Lin Yi dodged the second's attack, but the third's attack was coming. It seemed like Lin Yi couldn't Dodge it, so song Lingshan immediately cried out to warn him!

Subconsciously, she wanted to rush up and help, attacking the bio-human three with all her might. However, when her fist landed on the body of the bio-human three, he didn't feel it at all, as if it was useless. He continued to attack Lin Yi!

"All of you, come and help!" Lingshan said, worried.

Tang Taizhong, big brother Tang, second brother Tang, and Tang gezhi all rushed forward to help attack the bio-human. Tang Taizhong knew that if anything happened to Lin Yi, the Hidden House Tang would be finished as well!

However, these people weren't very strong. Even if they attacked bio-human 3, they couldn't cause much damage to him. The movement of bio-human 3 was only slowed down slightly, allowing Lin Yi to Dodge the attack.

However, as soon as Lin Yi dodged the attack, the second one attacked again, which made Lin Yi cry.

One bio-human three was already too much for Lingshan and the others to handle, let alone the second one. She couldn't even react in this critical moment.

"Nüwa sky-patching scroll ..." Just as the second bio-human was about to attack Lin Yi, you Xiaoke shouted and activated her defensive Arts! In fact, Yu Xiaoke had been preparing for this, and now that she saw Lin Yi's stamina was running out, she quickly used her ultimate skill!

However, these two weren't weak at all-their attacks were Sky Class late phase. Yu Xiaoke was only sky Class early phase, and even if she could defend against Sky Class late phase attacks, she wouldn't be able to defend for long.

"Boom ..." The second bio-human's attack didn't land on Lin Yi's body. Instead, it seemed to have hit a layer of protective shield ...

Lin Yi, at this moment, was completely free. He even fell to the ground. He had used up all his energy and needed to recover his Qi as soon as possible, as well as heal his internal injuries!

He knew that Yu Xiaoke couldn't hold on for long, so he started channeling the art of Dragon mastery to heal his injuries and recover his Qi.

Song Lingshan knew about Yu Xiaoke's defense and let out a breath of relief, letting the two continue their attacks on Lin Yi. Although Tang Taizhong was a Sky Class master, he was a Sky Class master who had taken a lot of pills. His attacks were weak, and they couldn't even cause serious injuries to the three. It made him depressed.

He couldn't help Lin Yi at the moment, so he could only watch helplessly as the two bio-humans attacked Lin Yi.

Yu Xiaoke didn't feel anything at first, but after holding on for only a minute, a layer of sweat appeared on her forehead. She felt like her Qi was being swallowed by a black hole, flowing out of her body like a tide!

At this time, she also understood how difficult it was to defend against the two people in front of her with her current strength. Their attack power really consumed too much of her physical strength and true energy!

However, no matter what, Yu Xiaoke had to hold on and create a chance for Lin Yi to recover his energy. Otherwise, Lin Yi would be in danger!

Song Lingshan and the others were worried, but they couldn't do anything to help. They couldn't defeat the bio-humans, so they could only watch.

"Xiaohe sis, you have to hold on!" Yushu had a lot of ideas, but she didn't know what to do. "But I think we'll definitely be able to turn danger into safety."

"En ..." You Xiaohe replied almost inaudibly. She was too weak, and she was holding on with one belief.

Lin Yi was worried as well, but he had no choice-his injuries were too severe, and using the 11th style of the raging fire Eight Trigram palm consumed a lot of his Qi. After dodging for a while, his Qi was almost depleted, and he could only hope that Yu Xiaohe could hold on for a little longer ...

Time passed, second by second, and Yu Xiaohe's collar was soaked in sweat. Her face was pale, and her body was shaking ... It had only been two minutes!

But then again, with Yu Xiaohe's strength, being able to defend against two Sky Class late phase attacks was already a miracle.

He had to persevere, he had to persevere!

You Xiaohe kept reminding herself, but her strength was getting weaker and weaker, and she couldn't follow her heart. She could only burn her own life force in exchange for Lin Yi's safety.

Yu Xiaoke's faith was strong. She did it for the orphanage before, and now it was for Lin Yi, so she would rather die than give up.

The people and things in front of her were getting more and more blurry. She gritted her teeth and mechanically circulated the chant. At this moment, she felt her body become lighter. She didn't need to use all her strength to circulate the chant ...

Her thoughts suddenly returned to that dark tomb, but everything that happened there was so beautiful and bright in her memory. The confession outside the tomb was forever imprinted in her heart, frozen in this moment ...

She slowly fell to the ground

Chapter 3405 A Hard-Won Victory

When Yu Xiaoke fell to the ground, the chant was still running, and the two bio-humans still didn't hit Lin Yi ...

Lin Yi's eyes were bloodshot. He didn't think that today's sure-win battle would become so miserable. He wanted to stand up and rush over to see what was wrong with Yu Xiaoke, but if he was hit by the bio-human, then he would be letting down Yu Xiaoke's good intentions!

Lin Yi knew that Yu Xiaoke's defense should be over. He stood up and dodged quickly, avoiding the attacks of the two bio-humans. He glanced at Yu Xiaoke from the corner of his eyes. At this moment, Yu Xiaoke had fallen to the ground, motionless. Song Lingshan and the others were surrounding Yu Xiaoke ...

Lin Yi wanted to see what was going on, but he couldn't split his attention at the same time. He could only keep dodging the attacks of the bio-humans. Although he had recovered some of his injuries and recovered some stamina and Qi, Yu Xiaoke only gave him two minutes of time to block. It was impossible for him to recover much stamina and Qi in such a short time.

So Lin Yi couldn't use the eleventh style of the palm, he could only continue to Dodge ...

"What kind of move did that girl use? How can it block the bio-human's attack?" Yu Xiaoke's chant stunned little pure and the hypnotist. They had never seen anything so strange before. It was only when Yu Xiaoke fainted and Lin Yi continued to hide that little pure reacted.

"I don't know. We don't know much about martial arts, but who cares? now that the girl fainted, let's see how Lin Yi will deal with it!" The hypnotist didn't really care about Yu Xiaoke.

"But ... The bio-humans only have five minutes left ..." Pure's face was bitter. Lin Yi held on for more than ten minutes and Yu Xiaoke held on for more than two minutes, so the bio-humans only had five minutes left. In other words, if they couldn't kill Lin Yi in five minutes, these two bio-humans would die on their own.

"Motherf * cker!" The hypnotist was stunned for a moment before he realized that it was a matter of time. He immediately frowned. "Little pure, calculate the time. If they can't kill Lin Yi, we'll drive away immediately!"

"I understand!" Xiao Chunjie nodded, but she no longer had any hope for the bio-humans. She was ready to drive away.

Lin Yi couldn't use the eleventh style of the palm, so he had to Dodge. The inescapable net was gone, or he could use it now to escape, but he didn't have any weapons with him.

Although he was wearing the lightning-chasing Gale boots and had no problem escaping, what about the others? He couldn't just ignore it, right? He didn't know if an Jianwen had any more cards up his sleeve. If he left and an Jianwen made a move on song Lingshan and the Hidden House Tang, what would he do?

So Lin Yi could only keep dodging and trying to think of a way to break out of this situation, but he really couldn't think of anything.

However, Lin Yi noticed a strange phenomenon after fighting with the two bio-humans for a while. The speed and attack power of the two bio-humans were decreasing!

In terms of speed, Lin Yi could feel it very easily. After all, at the start, Lin Yi had just dodged one round of attacks and the next round of attacks would follow. But now, Lin Yi still had time to breathe after dodging. These two people weren't as agile as before.

As for the strength, Lin Yi didn't receive a direct hit, but he could feel the force from the side. From the force, he could tell that these people's fists had shrunk from Sky Class late phase to Sky Class mid phase.

This surprised Lin Yi-could it be that the bio-human's energy had been exhausted?

With that thought, Lin Yi continued to fight back and forth. As expected, what happened next confirmed Lin Yi's guess-the two were getting slower and slower, and their strength was getting weaker and weaker!

Finally, at the 19th minute, the two's movements became out of sync, and the power of their attacks dropped to the initial stage of the heaven rank.

"Let's go!" The hypnotist knew that if this went on, the two bio-humans would die naturally, and he couldn't do anything to Lin Yi anymore. He decided to leave. If he stayed here and waited for the bio-humans to die, he might not be able to escape.

Little purity also saw the problem, so she started the car and was about to drive away.

"Lingshan, stop that car!" The two bio-humans were no longer a threat to Lin Yi, so he could still pay attention to other things. He quickly told Song Lingshan to stop the van when he saw it start moving.

Lingshan didn't even need Lin Yi to say anything-she could tell that there was something wrong with the van, and there was someone inside! She, Tang Taizhong, Tang eldest, Tang second, and Tang gezhi surrounded the van together!

Little pure was shocked and stepped on the gas pedal, but unfortunately, Tang Taizhong reached out and stopped the van with one hand, stopping it from moving forward. The van's tires screeched against the ground, but it couldn't do anything to Tang Taizhong.

Tang Taizhong couldn't deal with the bio-humans. However, stopping a van was a piece of cake for a Sky Class master like him. Song Lingshan, boss Tang, and the others took this opportunity to rush into the van and grab the hypnotist and purity.

These two people were not cultivators at all, so there was no room for resistance at all. If they did not want to suffer, they could only wait to be captured.

When little purity and the hypnotist were caught, the two bio-humans fell to the ground and stopped moving.

Lin Yi was surprised, but it wasn't out of his expectations. Lin Yi reached out to check the pulse and breathing of the two bio-humans. They had stopped breathing. He was a brilliant doctor, and he could tell if they were really dead or faking it.

Seeing that they were really dead, Lin Yi quickly walked to Yu Xiaoke and checked her condition.

She was still breathing and had a pulse. Lin Yi let out a breath of relief, but his expression turned weird the next moment.

Yu Xiaoke's breathing and pulse were abnormal! It could be said that it had become very slow, just like the breath of a hibernating animal. Although it was still alive, it was different from normal people!

Yu Xiaoke's body, on the other hand, didn't have any injuries. Lin Yi checked and found that Yu Xiaoke's body was normal!

Chapter 3406 Unconscious

This made Lin Yi fall into deep thought-did Yu Xiaoke only lose her pure energy?

But how was she going to recover her stamina and Qi? Could he also use energy stones? Because it was to increase strength and Qi, Lin Yi's art of Dragon mastery couldn't do anything about it. Yu Xiaoke couldn't use her Arts right now, and he couldn't force energy into her body.

Lin Yi was panicking, but he quickly thought of a way. He could try the spring rain from the sky now-it could passively recover his teammates "stamina and Qi!

At that thought, Lin Yi couldn't care less about himself anymore. The situation wasn't urgent anymore, and his injuries could recover in a while. He used his remaining pure energy and performed spring rain once. It wasn't his full strength, but it was definitely effective.

After using the spring rain, Lin Yi could clearly feel that Yu Xiaoke's strength and Qi had recovered. Although it wasn't completely recovered, it was partially recovered.

However, Yu Xiaoke's face was still pale, and she didn't show any signs of waking up.

Could it be that he didn't have enough pure Qi left to wake her up? With that thought, Lin Yi quickly sat down cross-legged and started circulating the art of Dragon mastery, quickly recovering his injuries and stamina. He planned to use the spring rain again when he was at his peak.

At this time, song Lingshan had already brought little purity and the hypnotist over. Lin Yi looked at little purity and the hypnotist and froze! Lin Yi knew these two people!

After Tianli was scammed, Jinghan-Jingjing-had asked him to draw a portrait of ronnima and cui mianshi. Lin Yi had seen them, but he didn't know them, so he didn't pay them much attention.

But now that he saw little purity and the hypnotist, he suddenly realized that these two people were actually the same two people from back then.

"Ronnima, cui mianshi, long time no see!" Lin Yi was using his practitioner's Arts to recover his energy, but as long as he didn't use his skills, it didn't affect his speech. He looked at purity and the hypnotist and said coldly.

Little purity was stunned for a moment, and she knew that this was not good. She had wanted to lie and say that she and the hypnotist were just drivers hired by the bio-humans and had nothing to do with them. In that case, she might let them go.

He wasn't too scared of falling into song Lingshan's hands. After all, song Lingshan was a police officer and she needed evidence. The bio-humans were dead, and there was no one to prove it. If they insisted that it was the driver, song Lingshan probably wouldn't be able to do anything.

He and the hypnotist were both normal people, not practitioners. Lingshan would probably release them eventually.

But it would be different if they fell into Lin Yi's hands. Lin Yi wouldn't talk about evidence with them, and now that he recognized them as ronnima and cui mianshi, it didn't matter if there was evidence or not. Lin Yi wouldn't let them go. They would die if they fell into Lin Yi's hands!

At that thought, little purity still felt that it was better to fall into song Lingshan's hands. He could say that they were just running errands, and that the real mastermind was the higher-ups of the Firewolf gang. That way, he wouldn't die even if he was sentenced to jail.

"Officer song, I'll be honest. Ronnima and Chui mianshi are just our aliases. Our real identities are members of the Firewolf gang. We're just running errands. We'll tell you everything we know ..." Little pure quickly shouted.

"Right, right, lying to Liu Tianli before was also an order from our boss. We're just members, we'll confess everything!" The hypnotist naturally understood what little purity meant and quickly shouted.

To be honest, Lin Yi wasn't really interested in them. He didn't like Tianli to begin with, and if it weren't for Jingjing's father, he wouldn't let him off so easily even if he didn't kill him.

He didn't plan on standing up for Liu Tianli now. Since these two wanted to come clean, then he'd just go to song Lingshan. After all, song Lingshan had done a great job. The fire Wolf Gang's matter had always been the responsibility of the supernatural Investigation Bureau.

"Let's see if they've told us about an Jianwen. If they did, that means they're serious about telling us the truth. If they didn't, tell me and I'll open their skulls for you to see if they're lying. " Lin Yi said faintly.

"Ah ..." Little pure didn't want to sell out an Jianwen. He said he was from the Firewolf gang, but it was also to cover up an Jianwen. The Firewolf gang was huge, who knew which higher-ups he was from?

But now, Lin Yi seemed to have his eyes on them and knew some truth. It seemed like it was impossible to lie to them. Little pure sighed helplessly, "I told you ... The person in charge is a man called master Wen. I don't know if he's an Jianwen or not ..."

"Yes, everyone calls him master Wen. That's all we know ..." The hypnotist also quickly added.

"Isn't it an Jianwen? We'll know whether you tell us or not. " Lingshan glared at the two. Come on, follow me!

Lin Yi recovered his injuries and Qi and used spring rain again, but what made him depressed was that Yu Xiaoke's Qi seemed to have recovered, but she didn't show any signs of waking up!

"Shield bro, Xiaoke sis, she ..." Chen Yushu only dared to come over now. She didn't want to disturb Lin Yi when she saw him concentrating.

"I don't know what's wrong with her either. When this situation gets worse, I've already recovered her strength and true Qi, but she hasn't woken up yet." "Could there be some other problem?" Lin Yi frowned and shook his head.

Chen Yushu touched Yu Xiaoke's head and checked her breathing. She was surprised, "Ah, why is Xiaoke sis" breathing so weak!"

"It's not weak, it's slow!" "She's like an animal in hibernation," Lin Yi said. "I've never seen anything like this before."

"Then ... Will there be any problems?" Chen Yushu was shocked as well. She didn't think that Yu Xiaoke's help would cause a problem.

"For the time being, there won't be any life-threatening danger. Her vital signs are very stable, just like she's hibernating." Lin Yi said.

"Then could it be like sister Xinyan, missing something, that's why she fainted? Or was she also an inheritor? Just like Xiaoxiao?" Yushu asked after some thought.

Chapter 3407 No Solution

"The inheritor won't. I previously suspected that she had used up all her strength and true Qi, but I used the spring rain martial technique to restore her strength and true Qi. Her strength and true Qi are fine now, but she hasn't woken up yet. It doesn't seem to be because of this." Lin Yi shook his head, "the only thing we can do now is to bring her back and ask Yu Dake if there's any way to solve this!"

"I guess this is the only way." Chen Yushu nodded.

The Hidden House Tang's problem was temporarily solved. Little pure and the hypnotist were caught, and an Jianwen probably wouldn't cause any trouble for a while. Lin Yi could leave without worry.

However, Lin Yi didn't feel happy at all. Yu Xiaoke fainted for no reason, and his heart was heavy!

Lin Yi's heart was filled with regret-if he hadn't underestimated Yu Xiaoke, he wouldn't have let her get hurt. If he had prepared a true energy bomb in advance, he would not be in such a tragedy.

During the battle, when he was healing, he did think about compressing a pure energy bomb or using the puppet in the Jade to help, but he thought that Xiaoke could last for a while.

At that time, Lin Yi's body was weak and he didn't have enough time to form the energy bomb. He also didn't want others to know his trump card too early.

After all, this trump card was not ordinary. If the xuanchen ancestor knew about it, Lin Yi would be in even greater trouble. As long as Lin Yi was not an idiot, he would not let anyone see this puppet.

But now that he thought about it, he might as well have made the decision. He didn't know that Yu Xiaoke would become like this, but if he did, he would've done it even if he had to risk being discovered and angering the xuanchen ancestor.

Wang Xinyan was already awake when he got back to the hotel, but she didn't leave. She sat on the bed quietly, waiting for Lin Yi. She was shocked when she saw Lin Yi carrying Yu Xiaoke in, "Lin Yi, what happened to Xiaoke? You're injured?"

"She's not injured, she fainted or perhaps she's in hibernation ..." Lin Yi explained Yu Xiaoke's situation.

"Arggh! Then, let her sleep in the energy stone at night and see if it works. " Xinyan suggested, thinking about her own situation.

"We can try, but there shouldn't be much hope." Lin Yi's [spring rain] was similar to the energy stone. Although it didn't provide as much energy as the energy stone, under Lin Yi's full effort, you Xiaoke had already recovered her strength and Qi. It shouldn't have much to do with the energy stone.

Wang Xinyan nodded, not saying anything. Song Lingshan and Chen Yushu were silent as well. Song Lingshan was the one who felt bad. She and Yu Xiaoke were enemies before, and Yu Xiaoke was a female cat burglar. She even wanted to bring Yu Xiaoke to justice.

But now, Yu Xiaoke had done a great job and helped her settle the Tang family's problem, and she was now unconscious.

He put Yu Xiaoke in the pile of energy stones and called Yu Dake.

"Mr. Lin, is everything going well on your end?" Yu Dake was looking after the house, thinking about Lin Yi and his sister's situation.

"Everything's been resolved, but Xiaoke has a little problem. " Lin Yi sighed and told Yu Dake everything in detail.

"Xiaoke, she ..." Yu Dake was a little emotional after hearing this, but he didn't blame Lin Yi. He and his sister's lives, as well as their Family Feud, were all saved by Lin Yi. He couldn't blame Lin Yi now for taking revenge. However, he was really worried about his sister's safety. If even someone as powerful as Lin Yi couldn't do anything, did that mean that his sister had no hope?

"Ke, don't worry. I'll definitely think of a way. Xinyan's problem is so serious, but we've found a solution in the end. I'll definitely work hard on Xiaoke's side too!" Lin Yi said.

"It's nothing, Mr. Lin. I believe you can wake Xiaoke up, but I'm afraid I don't know what's going on with her for the time being. The last time I came home, I brought back the Yu family's log. I'll look it up and see if there's any similar situation!" Yu Dake said. The log was long, but for Yu Xiaoke's sake, he had to read it from the beginning.

"Alright, I'll be waiting for your news!" Lin Yi didn't get an answer from Yu Dake, but it was within his expectations. Yu Dake said that there might be a solution in the log, which gave Lin Yi some hope.

"How is it? how is it?" Yushu asked after hanging up.

"Ah, he has no choice." "I guess I'll have to ask my old man," Lin Yi sighed.

"Yup, yup. Grandpa Lin is so powerful, he'll definitely have a way." Chen Yushu replied.

Lin Yi nodded and dialed Lin Dongfang's number. He wouldn't trouble old Lin for normal things, but he had no other choice.

"Yi, what's up? why are you calling me all of a sudden? Are you in trouble again?" It was said that no one knew a son better than his father, and old Lin, his God-grandfather, was no different.

"Old man, I've indeed run into some trouble." "Yu Xiaoke fainted," Lin Yi smiled bitterly.

"Yu Xiaoke fainted? And who was Yu Xiaoke? What the hell are you doing?" Old man Lin paused-he'd never heard Lin Yi talk about Yu Xiaoke before, so he didn't know how to react when Lin Yi brought it up.

"Uh ... She's just one of my ... Female confidants." "You don't have to worry about her for now, I'll talk about her first ..." Lin Yi explained.

With that, Lin Yi told old Lin about how Yu Xiaoke got the [Nuwa sky-patching art]. He also told old Lin about the special properties of the [Nuwa sky-patching art] and how Yu Xiaoke fainted while helping him block the attack.

"Blocking an attack and fainting ..." Old Lin paused."I really haven't met her before. Why don't you bring her back to see her? I'll see for myself what the problem is. "

"That's good too. I'll go back and take a look. " Lin Yi didn't have anything to do now, so he decided to go back and ask old Lin for help.

After hanging up, Lingshan said immediately, "We'll go back with you. This happened because of me, I was too greedy. If it wasn't for the investigation Bureau, I wouldn't have accepted this hidden house mission, and Xiaoke wouldn't have fainted. "

Chapter 3408 A Worthwhile Trip

"I don't blame you." Lin Yi waved his hand,"I'm also from the supernatural Investigation Bureau. Logically speaking, the supernatural Investigation Bureau's business is also my business. I can't just stand by and do nothing, not to mention that it's related to an Jianwen. I've disliked him for a long time. Even if this didn't happen, I would still attack him."

"Alright, I'll have to trouble you with Xiaoke's matter." Song Lingshan sighed.

At that moment, there was a knock on the door. Lin Yi quickly put away the energy stones on the bed and opened the door to see Tang Taizhong and the others standing outside.

Lin Yi didn't want others to see the energy stones. After all, he shouldn't show his wealth.

"Young hero Lin, how's miss Yu? Did he wake up? If there's anything you need, such as precious heavenly materials and earthly treasures, feel free to ask. As long as our hidden tang family is able to do it and find it, we will absolutely not refuse!" Tang Taizhong said sincerely this time. He knew that the Tang family's crisis had been resolved. The capture of little pure and the hypnotist indicated that these bio-humans would not appear in the near future.

Under song Lingshan's orders, eldest and second brother Tang had already gone to extort a confession from little purity and the hypnotist. These two were just ordinary people, how could they withstand the interrogation of a practitioner?

House Tang wasn't the police, so they didn't care if it was legal or not. They just followed the rules of cultivators. They got little purity and the hypnotist to tell them everything they knew, including the fact that master Wen was an Jianwen.

Lingshan didn't have to ask anymore questions.

"Not at the moment, but if there's a need, I won't hesitate to help." "But I have something I need on my side, you guys can help me think of a way," Lin Yi said faintly.

"No problem, please go ahead, young hero Lin!" Tang Taizhong quickly said.

"I have a list here. Please take a look, elder Tang." With that, Lin Yi picked up his pen and wrote down a list.

"Fine steel Darksteel, black Darksteel, colored steel, dark charcoal stone, pure Topaz, Blue crystal powder, dragon blood of the five evils ..." Tang Taizhong looked at the items on the list and was stunned. "Young hero Lin, you need these things?"

"That's right. I wonder if elder Tang has it?" Lin Yi nodded.

"There seems to be some, but these things don't seem to be of much use?" Tang Taizhong didn't know what Lin Yi wanted these things for, but he still gave the list to boss Tang. "Eldest brother Tang, you and giving Shi go to our hidden tang family's treasure house to look for these things."

"Yes, father!" Boss Tang nodded and left with Tang gezhi.

"Young hero Lin, I've gotten the statements of that little purity and the hypnotist. Do you want to take a look?" Only then did Tang Taizhong talk about another serious matter.

"Lingshan will take a look, I won't be looking." Lin Yi wasn't interested in the two. "Did they admit that master Wen is an Jianwen?"

"He did, and he even said a few other things about the firewolves." Tang Taizhong quickly said.

"Oh?" Lin Yi blinked-he didn't think these two would be this soft. They'd said so much in one go, and it piqued his interest.

As expected, an Jianwen was the mastermind behind the scenes. Many of the previous cases were starting to show signs of progress. The underground fighting arena, the kidney trafficking case, the kidnapping case, the robbery case, and so on were all planned by an Jianwen.

Most of the people Lingshan caught were Jianwen's scapegoats, but with Jianwen's slyness and his Firewolf gang identity, she couldn't do anything to him before. Now that she was part of the supernatural Investigation Bureau, she naturally had the right to investigate the Firewolf gang.

But the firewolves were too powerful, and Lingshan had to investigate them step by step.

From this statement, the two most important people around an Jianwen were little pure and the hypnotist. The hypnotist was the main person controlling the bio-humans. Now that he was caught, even if the bio-humans were created, no one would be able to control them in a short period of time, so there was nothing to be afraid of.

Song Lingshan let out a breath of relief. It seemed like she could go back and close this case. As for an Jianwen, song Lingshan knew that it wouldn't be that easy to catch him. She wasn't the reckless little female cop song Lingshan was at the beginning. Now, song Lingshan knew how to plan before taking action.

"That's about it. They should have told me everything they know. " Lin Yi took a look at the list of crimes, including lying to Liu Tianli. But he couldn't get the money back from these two-the mastermind was an Jianwen, and he'd already handed it over to the firewolves, so he'd have to get it back from them eventually.

Just as they were talking, Tang eldest brother came back not long after. Behind him was Tang zhige, holding two brocade boxes in her hands. It was obvious that she had found what Lin Yi needed. Lin Yi's eyes narrowed slightly, and he was a little surprised.

"Young hero Lin, I'm sorry to keep you waiting." After eldest brother Tang came in, he politely said,""The things you mentioned are not commonly used. Our hidden tang family has found two of them, one is black profound iron and the other is dark charcoal stone. We've had some of the others before, like the pure yellow jade and blue crystal powder, but we didn't think much of them. We just gave them away at a hidden house Summit. "

Lin Yi nodded. Weaponsmiths had disappeared from the world of practicing for a long time, and without them, the materials wouldn't be of much use. They might look expensive, but they were actually worthless. It was only natural that house Tang didn't mind giving them away.

However, these two items were enough to make Lin Yi extremely happy! Black profound iron, dark charcoal stone! These two things were what Lin Yi was lacking-he really did have the rest!

Blue crystal powder, pure yellow jade, colored steel, and even black iron-with these two things, Lin Yi was only lacking the Dragon of five evils 'blood! This was the most difficult part, but Lin Yi let out a breath of relief now that everything else was here.

This trip wasn't a waste, and Lin Yi didn't stand on ceremony. He took the items and said, "Thank you, elder Tang. If that's the case, we'll take our leave first. If there's anything else, you can contact the supernatural Investigation Bureau."

"Alright, Lin shaoxia. As members of the cultivators Association, we will definitely follow the lead of the supernatural Investigation Bureau and will not cause unnecessary trouble for Mr. Lin.

"That's good. " Lin Yi nodded and picked up Yu Xiaoke. He left the room with song Lingshan, Chen Yushu, and Wang Xinyan.

Chapter 3409 Change Of Itinerary

"Mr. Lin, what should we do with little purity and the hypnotist?" Tang Taizhong asked.

"Lingshan, I'm going to Starwest village. You can go back first?" Lin Yi said to song Lingshan. After all, there were two suspects with them, and it wasn't convenient for song Lingshan to bring them along. Although song Lingshan said that she wanted to accompany Lin Yi because she was also responsible for Yu Xiaoke fainting, the situation now was different.

"Well ..." Lingshan hesitated, but remembered her mission. "Alright, I'll head back first. If Xiaoke needs anything, contact me at any time."

"En!" Lin Yi nodded, but an unexpected phone call changed his schedule!

Lin Yi's phone rang, and he looked at the caller ID-it was Yu Dake! So Lin Yi quickly picked up the phone. Would Yu Dake have news of Yu Xiaoke?

"Big ke, how is it? Have you found the problem?" Lin Yi asked after picking up.

"Mr. Lin, I have indeed found a case similar to my sister's. It's an ancestor of the Yu family." "In the log, it mentioned fainting," Yu Dake said. "The cause of this problem is that he overdrew his consciousness and spirit power, causing it to be empty. That's why he fell into a coma."

"Consciousness and spiritual energy? A deficit?" Lin Yi blinked-what was this? it was the first time he'd heard of something like this.

"Yes, when resisting a powerful pressure and blow, if one's strength has been exerted to the limit and still can not resist, then if there is a belief in one's body, with the help of the powerful consciousness and spirit power, one will continue to resist until the consciousness and spirit power is exhausted." "You're my sister's lover. She didn't want anything to happen to you, so after she used up all her strength and true Qi, she relied on her powerful consciousness and spirit to support herself. That's why this happened ..." Yu Dake said.

"So it's like this!" Lin Yi thought that it was a bit of a fantasy, but that was how the world of practicing worked-it was hard to explain with logic. "Then how can we wake her up, or rather, recover her consciousness and spiritual power?"

"I'm not sure about that either. Consciousness and spirit are different from stamina and true Qi. That's why Xiaoke hasn't woken up yet, even after you've recovered her stamina and true Qi, Mr. Lin! This Journal did not record anything about this. It only mentioned that my ancestor had recovered with the help of a Divine Doctor." Yu Dake said.

"Which Divine Doctor? How did you recover?" Lin Yi quickly asked.

"I don't know. This matter should have been recorded in my ancestor's life log, not the entire family's log. After all, the family's log would only briefly mention these personal matters, but not in detail! As for the specific details, we'll have to look at the diary of this ancestor. " Yu Dake explained.

"This ... Then, do you still have this ancestor's life diary?" Lin Yi couldn't help but feel nervous.

"There should be. In our house Yu's ancestral hall, under the names of our ancestors, there's a diary of every single one of them." "But, we'll have to go back again ..." Yu Dake said.

"Then, let's go back." Lin Yi wasn't afraid of the long journey. After all, he still had other things to do in the Hakuna Marta desert. He was too concerned about Wang Xinyan, and he didn't want to let Kang Zhaoming know why he was here.

Xinyan, on the other hand, was in urgent need of energy stones, so Lin Yi decided to go back first.

In fact, he was going to the hakunamarta desert to find a person, and that person was the pangolin! According to the map stolen from the red conch headquarters, there was a drug refinery base in the hakunamarta desert, and the pangolin was likely to be there.

According to the distance of the route on land, this was one of the most likely places for the pangolin to be.

So, if he were to go to the Yu family again this time, Lin Yi decided to look for the pangolin. Although the hope was slim, Lin Yi had to look for it.

That was why Lin Yi agreed without hesitation.

"Sure, as long as you don't think it's a long journey, we'll go!" Yu Dake was worried about his sister's condition as well. He didn't have anything to do, so it was fine for him to go with Lin Yi.

"Alright, let's split up and meet up in the direction of the hakunamarta desert. We'll set off from my place and your place. The nearest city should be Lin Bei city." "Let's meet at the highway entrance in bubei city," Lin Yi said.

"Okay. Then, Mr. Lin, can I drive the Land Rover in the garage?" Yu Dake asked.

"Land Rover ... Of course," Lin Yi smiled. He and Xiaoxiao got this land Rover back together, but when Xiaoxiao was unconscious, he didn't want to bring back memories, so he stopped driving it. Now that Xiaoxiao was fine, the car wouldn't bring back any bad memories, so it didn't matter.

"Then we'll meet at the highway exit!" Yu Dake nodded.

Lin Yi hung up and turned to Lingshan, Yushu, and Xinyan. "Lingshan, this time, you, Shu, Xinyan, and Xiaoke should go back. I'm going to the hakunamarta desert again. We might find a solution to Yu Xiaoke's fainting problem there. That's where the Yu family is."

Lingshan nodded. She didn't want to say anything else since Lin Yi had important things to do. Shu, on the other hand, was a little unwilling to go with Lin Yi, but she knew that Lin Yi had to take care of her if she went. She agreed, "Okay, shield bro, we'll take good care of Xiaoke sis!"

"En," Lin Yi was worried that Shu would follow him, but he didn't expect her to be so reasonable.

Song Lingshan, Chen Yushu, and Wang Xinyan took Yu Xiaoke to a car provided by the Hidden House Tang. It was the Lande Cruze Land Cruiser, and Lin Yi drove the Grand Cherokee.

Lin Yi didn't bring Yu Xiaoke because Yu Dake said that she was saved by a godly doctor. If they couldn't find the godly doctor, it was useless even if Lin Yi brought Yu Xiaoke along. Besides, they didn't even know if the godly doctor was still alive.

Lin Yi's main goal was to find a way to cure the miracle doctor, or find the successor.

Plus, Lin Yi wasn't just going to the Yu family this time. He had to go to the base as well, and bringing Xiaoke along would be troublesome.

Chapter 3410 Found!

Lin Yi didn't expect to go back to the hakunamarta desert again in such a short time.

The car sped all the way and soon reached the highway exit of North City. Since Donghai city was pretty close, Lin Yi saw Xiaoxiao's Land Rover parked not too far away after passing the toll station.

Lin Yi honked his horn twice, and Yu Dake acknowledged. The two of them headed towards the hakunamarta desert, one in front and one behind.

This was the second time they went there, and the two of them were familiar with the road. Finally, they arrived at the Yu family's residence the next day.

The place had returned to its usual peace. House Gu really didn't come back after they left, and they probably didn't dare to come back. Their backer was killed by Lin Yi, so they wouldn't dare to cause trouble.

"Where is the ancestral hall? Let's go, shall we?" Lin Yi said.

"En!" Yu Dake was worried about his sister's condition. He brought Lin Yi to a courtyard after many turns. There was an ancient building in the courtyard. This was probably the Yu family's ancestral hall.

Lin Yi hadn't seen a real ancestral hall before, but he'd seen something similar on TV. The exterior of this place was similar.

However, just as Yu Dake was about to enter the ancestral hall, he suddenly stopped and his face changed! He pointed at a plaque above the ancestral hall and said angrily, "Mr. Lin, you see ..."

Lin Yi raised his head and saw the words "Xuanji Gu family's ancestral hall" on the board. He frowned! What was the meaning of this? The Gu family's ancestral hall? Could it be that the memorial tablets enshrined here had all been replaced by the Gu family's?

With that thought, Lin Yi quickly rushed in. As expected, the memorial tablets were all Gu 's, and there was no Yu' s. This made Lin Yi very annoyed!

The Gu family had lived here for more than ten years, so they must have replaced the memorial tablets in the ancestral hall with their own family 'S. No one would worship the memorial tablets of other families. Wasn't there something wrong with them?

Moreover, it was likely that the son of the Gu family had run away in a hurry and had no time to take these memorial tablets with him, so he had left them here! That son Gu wasn't a filial person, so he probably wouldn't take him away even if he thought of it.

But, where did the memorial tablet of the Yu family go? Lin Yi didn't pay much attention to these things back then-he should've asked him about it. He'd have to look for it himself now.

Yu Dake's face was also very gloomy. There were no Yu family members here, so where could he find the ancestral tablets?

"Mr. Lin, let's split up and see if we've lost the memorial tablet somewhere." Yu Dake could only try to find it. After all, the tablet might have been lost by the Gu family, so it would be impossible to find it.

"Alright, I guess that's the only way! However, let's go to the previous underground Treasury and look for it. Who knows, there might be something there?" Lin Yi suggested.

"That's good. " Yu Dake nodded. The Yu family's treasure vault was used as the Gu family's warehouse. Last time, he went to find Yu Xiaoke's Nuwa heaven patching scroll and didn't pay attention to other things. Maybe those tablets were inside.

The two of them went to the warehouse. It was a mess. After the Gu family occupied it, there were many things placed there. They didn't know what they were. The two of them stood on either side of the warehouse and began to look for memorial tablets.

It could be said that they had ransacked the place from night until the next morning. However, to their disappointment, they did not find the memorial tablet! It seemed that the Gu family didn't leave the memorial tablet here!

But it was understandable-house Gu didn't want to keep someone else's tablet, after all. It just made Lin Yi and Yu Dake a little depressed.

"Let's go to other places to search, don't be discouraged. " Both of them were cultivators, so this level of physical consumption was not a problem. Therefore, the two of them left the warehouse together and began to search the house.

From the early morning when the sun had just risen to sunset, the sky was full of stars. The two of them had almost run through the entire house, but they still could not find where the memorial tablet was left.

If his previous estimation was correct, the Yu family's memorial tablets should have been thrown away. After all, who would be willing to put other people's memorial tablets here? How unlucky would that be?

"Al!" Yu Dake sighed, "I don't know where the Gu family went. I don't even have anyone to ask now ..."

"If they lost it, we can't ask them. If they didn't lose it, we'll find it." Lin Yi patted Yu Dake's shoulder and consoled him, "Let's go to the ancestral hall again! Maybe he's in a corner!"

"That's good. " Yu Dake thought that Lin Yi was right. He stood up and walked to the ancestral hall with Lin Yi. They didn't search the ancestral hall carefully before, so they went back.

The ancestral hall was also equipped with electric lights. Although the house was antique, it had long been in line with modern civilization. The two of them began to look around the ancestral hall, but after searching for a long time, they found nothing.

After all, the ancestral hall wasn't big, and there weren't many things inside. Everything could be seen at a glance.

Yu Dake sighed and sat on the ground helplessly.

"Ke, I want to ask you, the life diary you mentioned, are those behind the memorial tablet?" Lin Yi suddenly thought of an important question-the tablet was only that big, how long was a person's life log? At most, he could write a few sentences to summarize it, right?

"No..." Yu Dake suddenly stood up and slapped his thigh, ""Yeah! The diary is placed in the wooden groove directly below the memorial tablet!"

With that, Yu Dake quickly ran to one of the memorial tablets and hit it to the ground. Then, he dug a few times under the memorial tablet, and the wood under the memorial tablet was opened like a mechanism!

He took off the small cover on top and there was a space below. In the space, there was a small booklet-like book!

On the small booklet, there were three big words 'Yu dengtian'.

Yu dengtian was obviously a member of the Yu family. This explained a problem, and that was that the Gu family didn't discover the small mechanism under the memorial tablet that could place the diary. They only threw away the memorial tablet above, but they didn't discover the diary in the secret compartment below.

Seeing this, Yu Dake was both surprised and happy!
