

## Bodyguard 3421

### Chapter 3421 Ying Ziyu's Sorrow

Soon, Ziyu's reply came. Lin Yi bro, you're here? That's great! There's a self-study class this afternoon, Xi and I will go out to find you now!

Lin Yi couldn't help but smile bitterly at the text-this Ziyu sure was in a rush, not even going to school ... But he knew how she felt about him, he just couldn't Promise Her Anything right now.

The Miss, Xiaoxiao, Wang Xinyan, Shu, Yu Xiaoke, and the others were all connected to their own destinies, future, and missions. They couldn't be separated, but Lin Yi didn't want Ziyu and Chen Xi to get involved. They were too young to understand the cruelty of the practitioner world.

If one day he was able to live a peaceful life, and all these things were settled, they'd still want to follow him. Lin Yi would bring them along, but not now.

Not long after, he saw Ziyu running out of the school, her face full of excitement and joy. Lin Yi didn't know if she'd still be this happy after he told her about her brother, Ying Zhijia.

Lin Yi sighed at that thought, deciding to tell her the truth. He had news of the pangolin now, and he didn't want to hide it from Ziyu anymore.

"Lin Yi bro, you're here! Why didn't you see me all this time? did you not miss me after Xi sis left?" Ziyu ran over and jumped into Lin Yi's arms, making him helplessly carry her.

"That's enough, Ziyu, you're already a big girl, don't you know that men and women shouldn't touch each other? How are you going to get a boyfriend in the future?" Lin Yi said as he put her down.

"I'm Lin Yi bro's sister, why would I have a boyfriend?" Ziyu looked at Lin Yi, confused.

Seeing Ziyu like this confirmed his suspicions even more-he didn't think that after all this time, he'd still not come to see her, and yet her thoughts didn't die down-they only got stronger!

He'd thought that Ziyu would distance herself from him after Chen Xi left. However, it seemed that this was not the case.

Before, Ziyu only used Chen Xi as an excuse, but now she didn't hide her feelings anymore. This made Lin Yi wonder if they'd made some sort of agreement before.

In fact, it was true! Ziyu had always been joking around with Lin Yi and Chen Xi, but one night, she had a dream and accidentally blurted out her own thoughts!

Chen Xi had been suspicious of her from the start, and now that she'd recorded her Sleep Talk, Ziyu couldn't deny it!

But Ziyu wasn't a shy person like Chen Xi-now that she'd opened up, she continued brainwashing Chen Xi, telling her that they'd follow Lin Yi together-they wouldn't have an advantage with so many people competing for Lin Yi!

Plus, Chen Xi wasn't the type to take the initiative, so wouldn't she be at a disadvantage in the future? she wouldn't even see Lin Yi once in ten days to half a month, right? Chen Xi thought about it-this was her personality, after all. It was better to have Ziyu's help, and so she agreed.

But what they didn't expect was that before the two of them could do anything, Chen Xi was already taken to the sky elixir sect.

But Lin Yi didn't know, so he asked.

"Sister ... What does it have to do with a boyfriend ..." Lin Yi blinked.

"Lin Yi bro, haven't you heard of this song? "How many good sisters do you have ..." Ziyu started singing boldly.

"Pfff ..." Lin Yi finally understood what she meant, and he was troubled! To be honest, Lin Yi didn't want Ziyu and Chen Xi to talk about their feelings right now. It'd be hard for him to deal with them.

There were too many dangerous things Lin Yi had to do, and it was better to maintain the vague sibling relationship from before. Lin Yi pretended not to understand, ""What does this have to do with singing?"

"Aiya!" Ziyu said, panicking at the confusion. "Sister, that kind of sister, not biological sister, godsister ... Is 'godsister'..."

"What do you mean godsister ..." Lin Yi pretended that he didn't hear the difference between the two words.

"Lover! A mistress! Do you understand?" Ziyu said, panicking.

"..." Lin Yi regretted shooting himself in the foot. If he'd changed the topic earlier, there wouldn't have been so much trouble, but he didn't know how to deal with it now that Ziyu had said it.

"You're still young. We'll talk about it when you grow up. " Lin Yi didn't reject her directly-Ziyu was going to face a bigger blow later, and so he didn't go into the topic.

"I told you, Lin Yi bro can't abandon me ... I'm young and invincible, I have too many advantages!" Ziyu nodded, pleased.

"Ziyu, let's not talk about this for now. I've called you here for another reason, but you have to be strong after hearing it ..." Lin Yi's expression turned serious.

"Ah?" Ziyu paused, not expecting Lin Yi to say something like that. She spoke carefully after a while."Is it ... About my brother?"

"En ..." Lin Yi nodded. It looked like Ziyu was happy on the surface, but she was still thinking about her brother."You need to be mentally prepared ..."

"I know ..." Ziyu's eyes reddened. "Lin Yi bro ... I knew it from the moment you came to look for me ... My brother asked you to look after me, and even if you were comrades, he would've left a letter or a voice recording, not just a photo ... My brother used to contact me occasionally when he was on a mission, but this time, it's been so long ..."

Ziyu's tears started falling as she spoke, and Lin Yi's heart ached a little. He pulled her into his arms and patted her soft back, "Ziyu, don't be sad, the truth isn't as bad as you think, your brother Ying Zhijia didn't die ..."

"Ah?" Ziyu raised her head immediately, her eyes wide with tears. "Lin Yi bro, do you think my bro ..."

"He didn't die, but right now, he's in a vegetative state ..." Lin Yi could only explain it this way.

She didn't understand what the practitioner world was saying, but it was more accurate to say that he was a vegetable!

However, a person in a vegetative state had no ability to move. Ying Zhijia, on the other hand, could move under hypnosis. However, on the surface, they looked similar.

Chapter 3422 Eager To Return

Without the hypnosis, Ying Zhijia would be no different from a vegetable even if he woke up.

"Ah? My brother is not dead? Where is he?" Ziyu said, excited at the news. "Lin Yi bro, you're a miracle doctor, right? You can even cure Xi's mother's cancer, so you must have a way to cure my brother's illness too, right?"

"This ... Is good!" Lin Yi knew that he was lying to Ziyu, but he had no choice. "But now, I'm missing an important herb. I can only get it in a more dangerous place ..."

"More dangerous?" Ziyu paused, worried! One side was her brother, the other was the person she liked. She wanted her brother to wake up, but she didn't want Lin Yi to be in danger, ""Then ... If it's too dangerous, we can think of another way?"

Lin Yi could tell what Ziyu was thinking, and sighed at how much she loved him. "If I go now, it'll definitely be dangerous because I'm not strong enough. But after some time, when my strength increases, it'll be a piece of cake! However, you'll have to wait. "

"En, en, it's okay to wait for a while, as long as you're all safe!" "Lin Yi bro, you have to get stronger before you go! Don't take the risk!" Ziyu said quickly.

"I understand. I'm not only being responsible for myself, but also for the pangolin. Otherwise, if I don't have enough strength, not only will I lose my life, but I also won't be able to get the medicinal herbs. Won't it not be worth it?" Lin Yi smiled as he shook his head.

"En, en, that's good ..." Ziyu sighed in relief, not as pessimistic as before. After all, there was still hope for her brother, and she trusted Lin Yi a lot. If he said there was a way, then there must be a way.

With that thought, Ziyu returned to her lively self. "Lin Yi bro, where's my brother? can I see him?"

"Of course you can, it's in the car!" Lin Yi said as he pointed at the Grand Cherokee.

Ziyu quickly ran over.

Yu Dake got out of the car and helped Ziyu open the trunk. He saw Ying Zhijia lying inside.

"Brother ..." Ziyu blurted out, but then she realized that her brother couldn't hear her. Her brother's face was pale, and she felt a bit of relief as well as heartache. If it wasn't for Lin Yi bro's help, she might never have been able to see him again.

"Ziyu, you don't have to be so sad. I'll do what I promised you!" Lin Yi said seriously as he patted her shoulder.

"Okay. You said that I'll be able to be with you when I grow up, right?" Ziyu suddenly asked.

"Gah?!" Lin Yi didn't think that Ziyu would ask that, and it was a bit awkward. It was just a casual question, and now it was pushed to the point where he had to say yes. It put him in a difficult position, but he wasn't the type to be shy. He nodded after some hesitation, "As long as you're willing, you'll always be my sister."

"Godsister!" Ziyu blinked.

"Alright, I'll treat you to a meal since you're back!" Lin Yi didn't know whether to laugh or cry.

"Okay, but I want to eat Lin Yi bro's cooking. Your cooking is better than the ones outside!" Ziyu didn't look too sad, evidently trusting Lin Yi a lot.

"That's good, let's go buy some vegetables now!" Lin Yi nodded quickly and got into the land Rover with Ziyu. He told Yu Dake to go back to his villa in Donghai first-it'd be easier for him to take care of Ying Zhijia there.

Ziyu was still living in her old house, and after Chen Xi left, she was all alone. Lin Yi really pitied her-he didn't know how she was doing now that Chen Xi was gone, but she didn't call Lin Yi to complain.

After making a meal for Ziyu, Lin Yi accompanied her to eat and left, encouraging her to study hard.

.....

Song Lingshan brought little purity and the hypnotist back to the supernatural Investigation Bureau. Feng Tianlong didn't expect song Lingshan to be this strong. It was her first mission and she was already victorious, bringing back the suspect!

Plus, from their statements, they were involved in a lot of big cases, and Lingshan did a great job!

"Shanshan, you've done well!" Feng Tianlong looked at the report and smiled,""I heard that when you were in the police station, you solved a few big cases in a row. Now it seems that it was a wise decision to transfer you to the supernatural Investigation Bureau. Even I have a headache and don't know how to

start. Plus, the Hidden House Tang actually joined our Investigation Department, this is something unimaginable! Since when did our Investigation Department have the power to lead the hidden houses!"

"Chief Feng ... I ..." Song Lingshan blushed at the compliment. She hesitated for a while but still told the truth, "Actually, it's all thanks to Lin Yi. If it weren't for him, I wouldn't have been able to capture these two people, and the Hidden House Tang wouldn't have been able to join us so easily."

"Oh? Lin Yi?" Feng Tianlong paused for a second before nodding. He knew a little about Song Lingshan and Lin Yi's relationship but he didn't want to interfere. His daughter wasn't Lin Yi's official girlfriend. If Chu Mengyao and Tang Yun didn't interfere, why should he? He smiled and nodded, "Lin Yi is considered a supernumerary personnel of the supernatural Investigation Bureau. He came from our branch. With his help, it's also the strength of our supernatural Investigation Bureau."

"Yeah, and Lin Yi said that he'll have the other hidden houses report to the investigation Bureau one by one, and they'll be in charge of the whole thing." Lingshan said.

"Very good, Shanshan. Although it's Lin Yi's help, he's not an outsider to us. We can trust him completely. I can even see that the glory of our supernatural Investigation Bureau will start from us!" Feng Tianlong said happily, "Alright, Shanshan, this matter has come to an end. According to our supernatural Investigation Bureau's rules, you can take a break before going back to work. From today onwards, you can rest!"

"Alright!" Even if she didn't have a day off, she'd still ask for one. Her family just called to say that her sister was back, and she wanted to go home as soon as possible!

#### Chapter 3423 The Trouble Of The Song Family

She hadn't seen her sister Song Lingrui for many years. She didn't know how she was now. "My sister just came back from abroad, so I'll take a break for a while."

"Go!" Tianlong nodded, "you're the vice-director now, so you should be able to control your vacation time. However, if there's an emergency mission, you need to return to the team immediately!"

"Chief Feng, don't worry. I know what's important." Lingshan quickly nodded ...

Song Lingshan was happily preparing to go home, but she didn't know that a conspiracy was already brewing against her house ...

Overseas, central. This was the headquarters of the Firewolf gang and the red conch. It was located on a mysterious island.

The person in control of the center was miss LAN, who was cooperating with ancestor xuanchen! The person in charge of the center was a man called professor Benjamin II.

"I heard that song Lingrui went back to Huaxia?" Professor Benjamin II's voice was filled with hatred when he said the name!

"Yes, I heard that she has left the mercenary organization and the overseas cultivators Association. The honorary great elder of the overseas cultivators Association, song Xianghua, has also returned with her!" The person who spoke was the central military Force's chief, Qiu shanlong.

"Back then, if it wasn't for her interference, our people would have been the ones to inherit the ancient spiritual beast, and my latest genetic modification would have been successful! Once he succeeded, he

would become a powerful helper for teacher Li and teacher Lan's wife! "I failed to live up to their trust ..." Dr. Benjamin II said with hatred.

The inheritance from the ancient spiritual beast was obtained by Song Lingrui by accident, making her a Sky Class late phase peak physical practitioner. This was a rare existence even in the world of practitioners.

If one of professor Benjamin II's men got it, he could study it from his genetic modification and create a similar biochemical agent. By injecting it into the recipient, he could mass-produce countless Masters!

This was much stronger than the current bio-humans. Lingrui was far better than the current bio-humans. Whether it was in terms of strength, defense, or endurance, she was far better than the current bio-humans. It could be said that Lingshan was a perfect expert who had been modified. As long as she could master this technique, Dr. Benjamin II's biochemical drugs would advance by leaps and bounds.

"This can't be blamed on you, doctor, Man proposes, God disposes, who knew she would just happen to replace her?" Moreover, if it wasn't for the protection of the overseas cultivators Association and mercenary organizations, we would have taken action against her long ago. Now that she has returned to Huaxia, do you think we should ..." Qiu Shanlong made a throat-slitting gesture.

"En, when the time comes, you must bring me her body. I want to study her blood and genes!" Professor Benjamin II sneered and nodded. "Go make the arrangements, but be careful-those two are Sky Class late phase peak, top class Masters-we have to take them out with absolute advantage. How about this, send Four Masters!"

"Four Sky Class late phase peak?" Qiu Shanlong pondered for a moment and said, "we have to ask Miss Lan for permission to mobilize so many experts. It's not easy for instructor Li to train these people. We

can't use them at will!" Moreover, these people are our secret forces. In the world of cultivation, no one else knows that there are so many powerful cultivators in our Center. "

"Alright, I'll talk to Miss LAN about this." Professor Benjamin II nodded.

These few days, the xuanchen ancestor was extremely troubled. He and Zhaoming were prepared to sell the grade 2 cauldron to Lin Yi's company at a high price, but no one from Lin Yi's company came to negotiate the purchase!

Left with no choice, ancestor xuanchen waited anxiously. He could only look for miss LAN again to discuss cooperation and prepare to replicate the grade two automatic medicinal cauldron!

Fortunately, Dr. Benjamin II was also very helpful. After a period of painstaking research, he finally made a replica! This was a little easier than cracking a grade one automatic medicinal cauldron. After all, a grade one automatic medicinal cauldron used other substitute materials. When researching and cracking it, some parameters in the program had to be changed to adapt to the real Grade one medicinal cauldron. There was a compatibility problem in this process. However, a grade two automatic medicinal cauldron did not have such a problem. It could be used after cracking it. Therefore, after cracking it successfully, it could be mass-produced and sold on the market!

However, everything had been well prepared. When the alchemy sect had put the grade two automatic medicinal cauldrons on the market and was about to vigorously promote and cooperate with the cultivator's trade association, the Association had actually launched the integrated intelligent version of the grade one and two automatic medicinal cauldrons!

Not only could it be used to refine first-grade pills, but it could also be used to refine second-grade pills! Of course, if professor Benjamin II wanted to replicate this function, he could do it without any technical difficulties.

However, that was not the main problem. The automatic Grade one and grade two medicinal cauldrons were too magical. As long as the other party was a grade one Alchemist and knew how to control the pill fire, they could complete the refining of grade two medicinal pills with the help of the pill fire's automatic energy in the automatic Grade one and grade two medicinal cauldrons!

This was a godly tool for alchemy! Even in their dreams, grade one alchemists wanted to make grade two elixirs. However, they could only give up because they were not strong enough. Now that they had the automatic Grade one and grade two medicinal cauldrons, they could quickly buy them back.

The appearance of this divine alchemy weapon caused the sky elixir sect's grade two automatic cauldron replica to go from someone paying attention to someone who was not interested in it. It made patriarch xuanchen so depressed that he almost vomited blood!

This was all money. So many grade two medicinal cauldrons, plus the modification fees, had all gone to waste!

"Miss LAN, what should we do now?" Patriarch xuanchen trembled with anger. He could only pin his hopes on miss LAN.

"The most important thing right now is to buy another set of their new grade one and grade two automatic medicinal cauldrons to study." "In my opinion, it's just an upgrade in function and a replacement material for a grade two medicinal cauldron," miss LAN said indifferently. "I believe we should be able to replicate it."

"That's good!" Patriarch xuanchen heaved a sigh of relief. This was all of the five-elements sect's assets, and they were all bet on the cauldron. If it could not be sold, wouldn't they cry to death?

"You don't have to be too anxious. This is what these things are all about. Technology is the absolute truth. We have high-tech, so why should we be afraid of them?" Miss LAN said indifferently.

"Alright, I'll arrange for someone to buy it!" Patriarch xuanchen heaved a sigh of relief.

#### Chapter 3424 Sisters Meet

As the two of them were talking, miss Lan's phone rang. She picked it up and saw that it was her subordinate, professor ban Jieming the second. She was also planning to buy a grade one and two automatic medicinal cauldron and let him study it.

"Hello? Second generation, what's the matter?" Miss LAN asked indifferently.

"Madam LAN, song Lingrui has returned to Huaxia. I want Qiu shanlong to kill her and bring her body back for research.

"Oh? Did she go back?" Miss LAN pondered for a moment and said, "alright, you make the arrangements!" However, a living body was more valuable. If possible, it was better to bring a living body back for research! If he dies and his genes change, it'll be difficult to handle. "

She did not want to say too much in front of patriarch xuanchen and expose Central's Foundation and strength, so she only gave a vague answer. However, this also meant that she acquiesced to this matter.

"Madam LAN is so thoughtful. I understand." Professor Benjamin II said.

"En, let Qiu Shan long make the arrangements. You should focus your energy on research. In a few days, I'll have someone send over the new grade one and grade two automatic medicinal cauldrons. You can replicate them as soon as possible!" Miss LAN ordered.

"No problem. Don't worry, Madam LAN!" Dr. Benjamin II agreed, hung up the phone, and told the news to Qiu shanlong, asking him to send someone to do it!

In order to succeed, Qiu shanlong was very careful this time. He sent Four Masters, all Sky Class late phase peak. These four people had never appeared in the ancient world before, and no one knew their identity!

They were all the foundation of central. Although central was quiet now, it actually had a lot of strength.

If they wanted to kill song Lingrui, then three complete realm Masters should be enough. Even if they had song Xianghua who was at complete realm, three against two should be more than enough! However, it would be difficult to capture song Lingrui alive.

The four of them went mainly to intimidate her. After all, song Lingrui was a living person, and a Sky Class late phase Peak Master at that. It would be extremely difficult to bring someone like her back by force. If something went wrong along the way and song Lingrui ran away, then they wouldn't be able to find her again.

So, according to Qiu shanlong's instructions, they were going to use song Lingrui's family as a threat, and then force song Lingrui to go back with them! Since song Lingrui had returned to the song family, it

meant that she had feelings for the song family. In order to prevent the song family from getting hurt, her only choice was to obey.

The four of them arrived in Huaxia quietly. Since they were all cultivators, they didn't take a break and rushed to the song family ...

Today, song Lingshan returned to the song family's house, which was filled with lights and decorations.

Song Lingshan and song Lingrui had a younger brother, but he was still in school and wasn't very strong. The song family was waiting for him to grow up before he could take over. After all, both song Lingshan and song Lingrui were girls. They would have to get married in the future and wouldn't be part of the song family.

"Ling LAN, you're back?" Lingshan was overjoyed to see her sister returning from abroad.

"En, this time it's not just me who came back, second Grandpa also came back!" Song Lingrui and song Lingshan hugged each other. The two sisters hadn't seen each other for a long time. Their relationship had been good since they were young and they were both very excited to see each other again.

"Second Grandpa?" Lingshan blinked, "what second Grandpa? ah!" Could it be grandpa's younger brother ... The second Grandpa song Xianghua who left the song family?"

"Yes, that's him!" Song Lingrui smiled and nodded, "second Grandpa and Grandpa are talking inside. We sisters should go and have a private talk." Did you bring my brother-in-law back?"

"Ah? "I ..." Lingshan blinked."He ... Is very busy, I didn't bring him back. Next time!"

"That won't do. Didn't we agree on this? Brother-in-law has to get past me first, otherwise, I won't acknowledge him as my brother-in-law!" "Sister, have you forgotten our promise?" Lingrui asked.

"He's very powerful. I'm afraid you're not his match. " Lingshan said.

"Me? You're not a match?" Song Lingrui paused, remembering that song Lingshan didn't know that she was Sky Class late phase peak. She only told song Lingshan to bring her brother-in-law back, but she didn't tell her her strength.

And so, she couldn't help but smile, not explaining anything. She just waved her fist lightly and hit a rock in the yard, and with a loud bang, the rock shattered into pieces. Her strength was revealed, and she looked down on a Sky Class late phase peak physical practitioner!

Lingshan couldn't believe her eyes as she looked at her sister in disbelief! A Sky Class late phase peak physical practitioner-this was a rare sight even in the practitioner world, and his sister was?

Lingshan hadn't seen her sister in the past few years, but she'd been on the phone the whole time. From what she could remember, her sister was only a member of a mercenary group, and yet she was this strong?

This made Lingshan a little embarrassed-Lin Yi was strong, but he couldn't beat her sister, a Sky Class late phase peak physical practitioner. She even said that her sister wasn't a match for him, that was embarrassing.

"You ... Xiao mo, what have you been through all these years? how did your strength advance so quickly?" Lingshan wouldn't have believed it if she hadn't personally witnessed Lingrui's strength. Even if Lingrui had called her to tell her, she would have thought she was joking.

"Hehe, my brother-in-law is better than me? Then I'll really have to experience it!" Lingrui giggled, but didn't reply. She didn't want Lingshan to change the topic.

"Xiao Ling, don't mess around. With your abilities, aren't you bullying others by testing them?" Lingshan said with a frown.

"But you can't be too weak, right? No, I have to see my brother-in-law!" Lingrui said.

"There will be a chance ..." Song Lingshan said helplessly, ""Now, can you tell me what you've been doing all these years?"

"Okay, I'll let you off for now ..." Song Lingrui smiled and nodded. She started to narrate her experiences all these years. Since she was back in the song family, she didn't need to hide these things anymore.

Song Lingrui told him everything in detail, from the time she joined the mercenary organization to the time she participated in the devil's trial. She especially told him about the time when she obtained the inheritance but was besieged. If it wasn't for the overseas cultivators Association helping her escape, she would probably have died there before she could digest the power of the inheritance.

## Chapter 3425 Why Is Your Face So Pale?

Lingshan didn't think that her sister had gone through so much all these years, especially the dangers of the test. It was unimaginable! Of course, in comparison, Lin Yi's experience was more dangerous, but he didn't have song Lingrui's luck.

However, with her level of strength, she was afraid that Lin Yi wouldn't be able to beat her. Seeing that she had given up, she let out a breath of relief! However, she didn't stop for more than a few minutes. Song Lingrui had finished talking and suddenly asked, ""Sister, didn't you say before that if you find a good man, you have to give him to me first? Why didn't you mention it this time?"

"Ah?" Lingshan blinked-that was something they used to say when they were kids. It had been so many years, and song Lingrui could still remember. Her memory was amazing! "Xiao Ling, why do you still remember this?" he asked awkwardly. This is all a joke, do you really take it seriously?"

"Yes, yes, of course!" "I haven't had a boyfriend for the past few years because I'm waiting for you to introduce me!" Song Lingrui said.

"This ... His strength isn't as high as yours, he's not suitable for you ..." Song Lingshan had no choice but to say this. She couldn't just give Lin Yi to her, right? With his sister's personality, she would probably really dare to ask for it!

"That's not necessarily true. You said before that he's extremely powerful and that he's unrivaled in the world of cultivators in the Central Plains. I think he can definitely protect me!" Lingrui said.

"Well ... Beauty is in the eye of the beholder, I was just complimenting him, it's not that great ..." Song Lingshan could only belittle Lin Yi now.

"Hehe ... I say, sis, you're afraid that I'll take brother-in-law away, so you're starting to belittle him? Are you trying to play dumb with me?" Lingrui saw through Lingshan's intentions and exposed her.

"This ..." Song Lingshan felt a headache towards her sister, ""Not really. How about this, if you like it, you can share it with me. I'm not your brother-in-law's only girlfriend anyway!"

Lingshan didn't argue anymore-she knew Lingrui's personality. The more you didn't want her to do something, the more she would do it! When she was young, song Lingrui couldn't cultivate true Qi. Her family wanted her to become an ordinary young lady so that she could marry into another family.

However, song Lingrui didn't want that to happen. Hence, she went overseas and joined a mercenary group. She wanted to achieve a breakthrough in physical skills. She didn't expect that after so many years, she would really make a name for herself!

"Ah?" "What? he has other girlfriends?" Lingrui was stunned.

"En, I'm just a mistress!" "If you want to be little four, little five, little seven, little eight, I'm fine with it!" Lingshan said.

"I say, sis, you're still my sister, the sister of a Sky Class late phase Peak Master, how could you find someone like that? It's fine if we were weak before, but now that second Grandpa and I are here, and he's Sky Class late phase peak as well, it'd be fine even if we were to become an ancient house!" Lingrui was getting anxious.

"Xiao Ling, you can't say that. First of all, I like him, and he meets my standards for a partner. He's better than me! Secondly, he was the one who helped us when we were in trouble. " "So don't bring this up. I have my choice, and I hope you can respect my choice," Lingshan said.

"This ... But, we clearly agreed that he had to be stronger than us sisters. Why are you not caring about me?" Lingrui said.

"..." Song Lingshan didn't expect song Lingrui to have her current strength. She'd been ignoring her all this time, and now that she'd fallen for Lin Yi, she couldn't just give up like that. It was impossible! Thus, she could only argue with reason."Xiao Ling, he has his own abilities to be able to intimidate the ancient level of Huaxia. Although he may not be as powerful as you now, he will definitely surpass you in the future."

"I see ..." Lingrui suddenly asked, ""Oh right, I heard that the strongest practitioner here is someone called Lin Yi. He's the strongest, right?"

"Ah ... You've heard of Lin Yi?" Song Lingshan was surprised. She was about to say happily that Lin Yi was her brother-in-law, but she didn't expect song Lingrui's next words. Her face turned pale.

"Of course I've heard of him. Not only have I heard of him, but he's also the sworn enemy of our overseas practitioner's Association. The only reason I can go home is because I promised the overseas practitioner's Association that I'd do one last thing for them-kill Lin Yi!"

"What? Kill Lin Yi?" Lingshan froze-she didn't think her sister would have a grudge against Lin Yi! What should I do? She quickly shut her mouth and did not dare to continue.

"What's wrong? Sister, why is your face so pale? You know this Lin Yi?" Song Lingrui paused. She didn't know that her brother-in-law was called Lin Yi. Of course, even if song Lingshan or the song family mentioned it unintentionally, song Lingrui wouldn't have any impression! She was just curious about Lingshan's reaction.

"N-nothing ..." Lingshan smiled bitterly and shook her head. "This person is very powerful. Sister, if you don't have any direct hatred for him, don't provoke him. I'm afraid ..."

"Ah? No way? Is this person really that powerful?" "Didn't you say that this guy is only sky Class mid phase?" Lingrui was a bit surprised.

"Yes, he's very strong, so I advise you not to act rashly ..." Song Lingshan nodded seriously, "Moreover, he's a member of the supernatural Investigation Bureau, so he's also my colleague. If you kill him, you'll be in deep trouble!"

"What the hell? he's from the supernatural Investigation Bureau?" Lingrui didn't expect Lin Yi to have this identity! She didn't mind, but the song family was still in the Central Plains of China. If they offended the supernatural Investigation Bureau, then the song family would have a hard time in the future! That wasn't what song Lingrui wanted to see. Although they could move overseas, her grandfather and second grandfather were old. The older they got, the more nostalgic they became. They couldn't leave. Hence, she had to be careful.

"That's right. Xiao Ling, I advise you to give up!" Lingshan reminded.

"I can't give up. I can come back this time because of this mission. Besides, I've already agreed to it. Unless there are very special circumstances, I can't break my promise!" Lingrui said.

## Chapter 3426 Four Experts At The Door

"I don't have any grudges with him, but he has a big grudge with the overseas cultivators Association. He killed one of our elders for a person named Tang Qi. Then, he injured President he's son and played President he and the General Manager of the red conch. They made them kill each other. The overseas cultivators Association will never let this go ..."

"Tang gezhi?" Lingshan blinked, not expecting that to happen! In fact, she had something to do with Lin Yi killing the people from the overseas cultivators Association. Tang Qiqi wanted to fight Lin Yi because of her. If Lin Yi didn't go to the duel, how would he have met the elder of the overseas cultivators Association? How could he make a move? It was a completely unexpected disaster. "Xiaozhi, speaking of Tang Qiqi, Lin Yi did it because of me!" Lingshan quickly said.

"Because of you? What's going on?" Song Lingrui was stunned.

"It's like this, Tang GE came back to look for his family. At that time, I was in charge of it. When I was in the police station of Songshan city, I handled a case related to his family, so Tang GE asked me to help find his relatives. At that time, my colleague Lin Yi was also there. At that time, the elder of the overseas cultivators Association came to find Tang GE and wanted to take her away. If Tang GE didn't leave, he would kill her on the spot!" Lingshan said, making some time difference. She didn't mention that she was at the Donghai police station, but pretended that she was already at the investigation Bureau. How else would she be Lin Yi's colleague? She continued, "you said that I'm a police officer, and I'm currently with the Deputy Director of the supernatural Investigation Bureau in charge of cultivators. How can I just watch them kill?" So ... To be honest, it's your sister's fault, are you going to kill me as well?"

"This ..." Song Lingrui didn't expect there to be such a hidden story. She had also heard that Tang Qiqi came back to find his family, and it matched what song Lingshan said. However, this made her a little embarrassed. "Hehe, who would know? It's fine as long as the overseas practitioner's Association doesn't know-he's the scapegoat now that I've killed him! He was the one who did it!"

"Xiao Ling, this is where you're wrong. How can you kill people at will?" Lingshan didn't expect Lingrui to do that.

"Sister, I'm a member of a mercenary organization. And in the world of cultivation, do you really think there are so many right and wrong people?" "I'm just returning the last favor," song Lingrui said with a bitter smile. I, song Lingrui, may not be a good person, but if I don't do what I've promised her, I should at least have a reason, right?"

"This ..." Lingshan wanted to say that her brother-in-law was Lin Yi! However, she was afraid that it would have the opposite effect if she said it out loud. What if song Lingrui still wanted to kill Lin Yi? In that case, there would be no room for negotiation between the two sisters!

"Okay, sister, don't bother about this. You just have to pretend that you don't know anything so that I can complete my mission and report back! Otherwise, if I can't complete it, I don't know what they'll want me to do in the future. I won't be able to live a peaceful life in China!" Lingrui said.

"Sigh ..." Lingshan couldn't help but sigh, ""How about this, let's put this matter aside for now. You should also think about whether it is necessary to offend the supernatural Investigation Bureau just because you killed a person! "You're saying I'm pretending not to know? that's impossible. You're my sister. If you really kill him, I'll be done for as the Deputy bureau chief. Not only that, I'll be punished, and the song family won't have a good time here either ..."

"Hehe, sis, I've already thought about all of this just now. There's a policy at the top and a countermeasure at the bottom!" Song Lingrui laughed and said, ""Isn't there an ancient trial in a while? I'll go too-the overseas practitioner's Association already gave me the right to sign up, and Lin Yi'll definitely be there too. Only the winner will have a chance to participate in Tianjie island's project Tiandao-how could a guy like Lin Yi not go? How could he give up the opportunity to advance to the heavenly Dao? And if I kill him in the trial, it won't be against the rules! If he wanted to participate in the trial, he had to follow the rules of the trial. If he died in the trial, he could only say that he deserved to be unlucky. At that time, no matter how powerful the supernatural Investigation Bureau was, they

would not be able to interfere with the ancient trial! That was started by the combined efforts of many ancient sects. "

"Ah?" Lingshan blinked, thinking that Lin Yi shouldn't go to the test, but Lingrui said that the test was for him to get the right to participate in the Sky Class Island Plan. Lin Yi would definitely go!

After all, many of the girls around Lin Yi were inheritors, and they'd all be participating in the Tianjie Island Plan. How could Lin Yi not go? Even if song Lingshan tried to persuade Lin Yi, he probably wouldn't listen.

Lingshan couldn't help but worry at the thought, but she couldn't tell Lingrui, "Then don't act rashly, it's better to think about it! Lin Yi's a very important master in the investigation Bureau, if something happens to him ..."

"Aiya, sister, why have you become so wishy-washy now?" "Alright, alright, I'll think about it!" Lingrui said impatiently.

Song Lingshan couldn't help but shake her head. Looking at song Lingrui's face, she didn't take her words to heart at all. She said that she would consider it, but in reality, she had already thrown it to the back of her mind!

The two sisters were talking when they suddenly heard a loud roar from the entrance of the song family's house!

"People of the song family, listen up. I'll give you one minute. Get the hell out here, or you'll have to bear the consequences!"

The sound was deafening, and Lingshan felt dizzy. Even Lingrui's face turned serious! It was ... A Sky Class late phase peak! Why would such an expert come to his door?

Song Lingrui didn't believe that the song family would offend such a master. If they did, the song family wouldn't exist anymore. They wouldn't have waited until now! She stood up and walked quickly to the door, intending to see what was going on.

"Xiao Ling, where are you going? Don't be rash!" Lingshan said worriedly as she felt the strength in the roar.

"Sister, I have to go and take a look. Didn't you hear that if we don't go out, we'll have to bear the consequences?" "I suspect that they have ill intentions. They might be related to me or second Grandpa!" Song Lingrui smiled bitterly.

Chapter 3427 Decided To Compromise

"What?" Lingshan was taken aback, but she had no choice and followed Lingrui out. As the Deputy Director of the supernatural Investigation Bureau, even if she couldn't manage these Sky Class late phase peak Masters, her status was still there-normal practitioners wouldn't dare do anything to her.

The two of them walked out the door, and on the other side, the Head of House song, song Lingshan and song Lingrui's grandfathers, song xiangwen and second grandfathers, song Xianghua, also rushed out!

Song Xianghua and song Lingrui looked at each other and saw the worry in each other's eyes.

"Who is making a ruckus in front of my song family's door? what business do you have?" Although song Xianghua knew that this person was not friendly and was very powerful, he couldn't afford to weaken the song family's momentum!

"You must be song Xianghua?" The person who had just shouted glanced at song Xianghua and said indifferently. His code name was Firewolf Wargod No. 5, and he was the leader of this team.

"It's me. Who are you?" Song Xianghua revealed his Sky Class late phase peak strength as he spoke to intimidate the newcomer!

"Hmph! We're here to take song Lingrui away!" The Firewolf Wargod No. 5 said as he continued to display his full strength of the late phase peak of the Sky Class.

"Take me, song Lingrui? We'll have to see if you have the ability to do so!" Song Lingrui couldn't help but sneer. "You may be strong, but I, song Lingrui, am no pushover!"

With that, song Lingrui took a step forward and revealed her physical strength as a Sky Class late phase peak.

"Hehe!" The Firewolf Wargod No. 5 laughed indifferently and waved his hand at the three people beside him. Immediately, the three of them also revealed their strength as heaven class late phase peak!

Four Sky Class late phase peak Masters!

This made song Lingrui and song Xianghua a bit dumbfounded-they were strong enough to do whatever they wanted, and even though there was a Sky Class late phase Peak Master, they didn't think much of it-they had the advantage when it came to two against one.

But who would've thought that four Sky Class late phase peak Masters would suddenly appear! In this case, even if song Lingrui and song Xianghua joined forces, they had no chance of winning!

When did Sky Class late phase peak become so cheap, with so many of them coming at once? Where did these four people come from?

Even with song Lingrui and song Xianghua's experience, it was hard to determine the background of these four people. So, now, they could only find out their intentions!

Song Lingshan and song xiangwen were equally shocked!

"You ... You're all Sky Class late phase peak Masters?" Song Lingrui looked at the four people in front of her in shock. "Who are you people? What are you doing ... Here?"

"Of course it's to take your people away!" The Firewolf Wargod No. 5 waved his hand and calmly said, "Song Lingrui, do you still remember the devil's test in the godera forest?"

"Devil's trial?" Lingrui's face changed-of course she remembered this test. It was this test that turned her from a normal golden class physical practitioner to a Sky Class late phase peak full master-she would never forget it!

However, what did this person mean by bringing this up? What was his intention?

"Hehe, the overseas cultivators Association helped you and you managed to escape. How are you going to escape now?" The Firewolf Wargod No. 5 sneered and explained the reason why he was here.

"So ... It's you guys!" Song Lingrui sighed. She didn't expect these people to come to her home after so many years! However, it was not difficult to understand. Overseas, with the double protection of the overseas cultivators Association and the mercenary organization, these people were not willing to go against these two organizations!

Even if they had experts, they were not willing to be enemies with them. Perhaps they could still rely on these two organizations, but now that they had returned to the song family of China, it was different. They could attack without fear.

"Not bad! It's US. " The Firewolf Wargod No. 5 nodded his head and said, ""Song Lingrui, we don't want to fight. This is Huaxia. We don't want to cause any trouble if we can. But, it's up to you!"

"What do you mean? If you have anything to say, just say it. " Lingrui was helpless, but she had no choice.

"Song Lingrui, come back with us. We will use your blood for research, but we won't kill you. If we succeed in our research and duplicate the genes in your body, we can let you come back." "However, if you don't want to leave, we can only take the necessary measures," said the Firewolf Wargod No. 5.

"Do you really think that a Sky Class late phase peak physical practitioner can be controlled by you? you're not afraid that I'll run away?" Lingrui asked.

"Yes. So, as long as you run away, we will attack the song family! If you come here again, don't even leave a chicken or dog alive!" The Firewolf Wargod No. 5 coldly threatened, ""If you don't come with us, the song family will end up the same! Four Sky Class late phase peak against two, it's clear who's going to win!"

"You guys ..." Facing Firewolf Wargod No. 5's threat, song Lingrui was very angry. However, there was nothing she could do. The other party was speaking the truth. She had no ability to resist!

"We what?" Firewolf Wargod No. 5 smiled faintly. "It's useless to talk too much. I'll give you some time to think about it. We'll come back in a few days. By then, if you still can't make a decision, don't blame us for not being polite! Of course, you can also choose to escape, but that is unless you never appear again! Song Lingrui, even if you go overseas and your family goes with you, I can't do anything to you but I can do something to your family. Think about the consequences!"

"This ..." Song Lingrui's chest heaved up and down as she stared at Firewolf Wargod No. 5. Ever since she advanced to Sky Class late phase peak, no one dared to threaten her anymore. But today, facing so many masters, she had no choice but to compromise. The other party was too strong, and she couldn't fight them head-on.

"Alright, let's go! You can think about it yourself!" After saying that, the Firewolf Wargod No. 5 waved his hand and led the other three people away quickly.

Song Lingrui's expression was uncertain as she looked at the few people who left. Finally, she sighed deeply. "I'm sorry, I've dragged everyone into this. But I'll go back with them when the time comes!"

Chapter 3428 Seeking Help From Lin Yi

Song Lingrui wasn't a shy person. At this point, she had to leave with these people to protect the song family. Otherwise, these people would definitely make a move on the song family. Song Lingrui couldn't do anything about it!

If she left with these people, her second Grandpa song Xianghua could still stay in the song family. Even without her help, the song family was still a powerful family. Song Lingrui could leave in peace.

"Xiao Ling, let's study it again and see if there's any solution!" Song Xianghua's expression was serious as well, but he didn't agree to song Lingrui's suggestion immediately. He was going to think of another way. If there was a way, he had to make song Lingrui stay. If she was taken away by these people, would there be a way out?

Letting song Lingrui go after the research was complete was a lie. Song Xianghua knew about song Lingrui's situation. How could these people let her go so easily?

"Xiao Ling, this time you can tell Grandpa what happened, right?" Song xiangwen took a deep breath. "You're now the backbone of house song. If I don't have to give up, I won't give up. If I really have no choice, I'll plan for the worst!"

"Grandpa, actually ... I became a physical practitioner because I stole someone else's inheritance ..." Song Lingrui said, ""In the devil training, I accidentally obtained the inheritance of an ancient spirit beast's body. However, this inheritance belonged to another relatively powerful organization that supported the Firewolf gang. This Firewolf gang should have an organization here and abroad. I snatched the inheritance that they had prepared for a long time. Naturally, they would not let me go. However, overseas cultivators Association and mercenary organizations were protecting me, so they were not willing to go to war. This is also the reason why I owe the overseas cultivators Association a favor. However, just when I thought that this matter was over, I didn't expect them to appear here. It seems that they have been looking for an opportunity ... But I didn't expect that the fire Wolf Gang

would have four such powerful Masters. This is really rare. If they have the power, they can take me away by force even when I'm overseas ..."

"So it's like this." Song xiangwen nodded. Even though song Lingrui didn't do it on purpose, she still stole the inheritance. It would be weird if they let her go!

No matter what, song Lingrui was in the wrong. It was just that from the song family's perspective, song Xianghua didn't want anything to happen to song Lingrui. After all, he felt that song Lingrui wasn't responsible. She just took advantage of it.

However, in the world of cultivation, whoever had the bigger fist was the one who had the right. So xiangwen and Xianghua exchanged a look and saw the helplessness in each other's eyes.

"Lingshan, is there really nothing you can do?" Song xiangwen had no choice but to look at song Lingshan again, hoping that she could give him some ideas.

"I ... I'll try!" Lingshan sighed. She was going to ask Lin Yi if he had any plans to get help from the ancient levels. "I'll go back and make a phone call. "

"Alright, you can go!" Song xiangwen nodded.

Lingshan went back to her room and pondered for a while before calling Lin Yi.

"Lingshan, how's it going on your end?" Lin Yi picked up and asked.

"Lin Yi, I'm here, house song is in big trouble!" Lingshan said.

"Oh? What trouble? Tell me about it. " Lin Yi didn't really mind-after all, there weren't many things he couldn't handle in the world of practicing these days. He'd gone from a solo practitioner to the peak of the world, step by step-he'd finally reaped the fruits of his labor.

"It's like this. " Song Lingshan didn't hide anything and told him everything about song Lingrui, including the fact that song Lingrui wanted to assassinate Lin Yi, and the four Sky Class late phase peak Masters coming to their door.

"What? You have a younger sister? Is he the guest elder of the overseas cultivators Association? And you're here to assassinate me?" Lin Yi's thoughts were a little messed up-Lingshan's sister was this strong, Sky Class late phase peak physical practitioner, all she got was some spirit beast's inheritance!

As for the overseas practitioner's Association wanting to kill him, Lin Yi understood that it was understandable. After all, they were already at death's door. But sending song Lingrui over ... And she needed his help when she was in trouble? Was there such a magical thing?

Of course, as mysterious as it was, Lin Yi would do his best to help since this was the request of the silly girl. But how? Four Sky Class late phase peak Masters ... Lin Yi didn't have any confidence in taking them on.

If it was one or two, Lin Yi could still take them down one by one with little one ... But song Lingrui and song Xianghua were Sky Class late phase peak Masters!

That made it four against four-with the Jade's buff, he could kill Sky Class late phase peak in seconds, but against a full circle, he could only injure them, not kill them ...

However, if he let little one or song Lingrui take care of them after he killed them, there would be no more suspense! Small one and song Lingrui were both Masters who were stronger than ordinary Masters in the great circle. One was from the five elements sect and had been possessed by a ghost, so she was very strong. The other was a master in the great circle of physical practice, so she was basically the top existence in the world of cultivation. Ordinary Masters in the great circle of spiritual practice were not her match.

Lin Yi's heart settled at the thought,""It shouldn't be a problem. I've already thought of a plan. How about this, I'll go to the song family now and help you deal with this problem. But to let song Lingrui fight in peace, don't tell her my identity. Tell the other members of the song family to keep their mouths shut and not reveal my identity. I'm ... Your boyfriend, Ling Yi!"

"Alright, I understand! Thank you, Lin Yi!" Lingshan knew that if she told Lingrui that Lin Yi was here to help her, she'd feel a sense of defeat. He was someone she was about to kill, and yet he was helping her. Anyone would feel the difference, and it'd be bad if they weren't in their best condition. Lin Yi was very thoughtful.

"Hehe, no need to thank me." Lin Yi smiled and hung up the phone, preparing to leave for Yanjing

Chapter 3429 The Unhappy Song Family

Lingshan didn't head to the meeting room immediately after getting Lin Yi's confirmation-she texted her Grandpa, telling him not to disclose Lin Yi's identity before heading to the meeting room.

Song xiangwen received song Lingshan's text and with one look, he knew that song Lingshan was asking Lin Yi for help. He was a little confused as to why song Lingshan didn't want him to reveal it, but it seemed like song Lingshan had found a solution. His furrowed brows relaxed a little.

"Lingshan, you found a solution?" Song xiangwen looked at song Lingshan who was walking in.

"Yeah, Grandpa, my boyfriend Ling Yi said he has a plan and he'll come and help us." Lingshan nodded.

"Ah? Sister, your boyfriend? Could he be my brother-in-law? Wasn't he just a Sky Class mid phase? How can you help us? Isn't he here to die?" At this point, song Lingrui didn't want that Ling Yi to come. That would only be harming him. If she was captured by the firewolves, then this Ling Yi would be considered a helper for the song family. Song Lingshan wouldn't be at a disadvantage if she followed him, so song Lingrui didn't have any thoughts of testing Ling Yi.

"No, he's confident. If he wasn't, he wouldn't have agreed so easily." "Don't worry, Xiao, it'll be fine!" Lingshan said.

"Ah? I see ..." Song Lingrui still didn't believe it. "Then when he comes, I'll ask him what countermeasures he has!"

Song xiangwen trusted Lin Yi very much. The enemy was strong, but Lin Yi wasn't an easy person to get along with. He must have his own reasons for agreeing to this. Song xiangwen said, "Xiang Hua, since Shanshan has a solution, let's go and rest. Don't worry about this!"

"Shanshan, your boyfriend ... Is he really confident? You didn't say that just to please you, did you?" Song Xianghua didn't know Lin Yi's personality and was troubled.

"That's impossible. At the end of the day, I'm the one who's supporting him. There's no need for him to please me. He's also a man of his word. He'll definitely do what he says!" Lingshan said with certainty.

"Alright, then." "If that's the case, we'll head back first. We'll talk when he gets here!" Song Xianghua nodded.

Although song Lingshan said that Lin Yi would help, not many people in the song family were truly at ease. Even song Lingshan herself was worried. After all, Lin Yi's strength was there. What plan could he have? song Lingshan really couldn't understand!

The night passed uneventfully. The next morning, the song family woke up very early. Obviously, they did not sleep well. They all had dark circles under their eyes. They sat in the dining room and looked at each other. No one found it funny. Instead, their hearts were extremely heavy!

"Sister, if it really doesn't work, I'll leave with them. I've thought about it, brother-in-law's strength is not enough to compete with them. I'm also an experienced cultivator, but I've never heard of a low-level master being able to fight against a master of the great circle realm.

"It doesn't feel very likely, but I believe that Ling Yi can do it. Since he said it, he must have a certain degree of confidence!" Lingshan had no choice but to cheer her sister on. If even she said that she didn't believe Lin Yi could win, then they'd lose the battle without even fighting.

"Alright, we'll talk about it when we see him!" Although song Lingrui said that, she had already made a decision in her heart.

As the few of them were talking, suddenly, a long whistle came from the courtyard, making everyone's heart tremble. What was that sound? Those four Sky Class late phase peak Masters ... Could they be some powerful monsters they found?

But Lingshan seemed to have thought of something as she quickly walked out of the dining room and into the yard, only to see Lin Yi riding the purple lightning Beast in the yard!

Lin Yi got song Lingshan's call last night, and after making arrangements for his house, he came over on the purple lightning Beast. The beast was very fast, and Lin Yi only took two to three hours to get here.

"Ling Yi, you're here!" Lingshan didn't know why, but seeing Lin Yi made her feel at ease.

"Yeah, silly girl, you asked me to come, so how could I not come?" Lin Yi said with a smile.

"You're Ling Yi?" Song Lingrui looked at Lin Yi's cocky face on the purple lightning Beast and was a little pissed, "What kind of spirit beast is this? Earth Class late phase peak?"

"Hehe, you must be Xiao Ling, right? Shanshan often mentions you to me. " "It's a purple lightning Beast, Earth Class late phase peak!" Lin Yi smiled.

"I know. My sister said that you're confident in fighting those four people because of this spirit beast, right? While some spirit beasts could fight Sky Class Masters from the Golden class onwards, as the level of the spirit beast increases, this advantage will gradually weaken, and after breaking through to sky

path, the gap will widen again. But even if your spirit beast can help us fight a Sky Class late phase peak, it's still not enough! It's only three to four, one less. Don't tell me you can handle it!"

"I'll deal with one with little Feng. As for the other one, you'll know when the time comes. You and second Grandpa only need to deal with the other two consummate level experts!" Lin Yi smiled faintly.

"Oh? So you're saying that you can handle two?" Song Lingrui looked at Lin Yi and felt that he was asking for a beating! However, he was here to help her. Song Lingrui didn't lose her temper and asked patiently.

"You can understand it that way." "Don't worry," Lin Yi nodded, "I'll keep my promise to Lingshan."

"Tsk, forget it if you don't want to say." Lingshan said, pouting.

Lin Yi smiled and didn't think much of it. It wasn't that he didn't want to say it, but the thing with the puppet was too weird. Normal people wouldn't be able to understand it! It wasn't realistic for Lin Yi to take out a clone.

After all, if Lin Yi wanted to use a clone, he'd have to beg the thing-it was fine if he wanted to fight the enemy, but there was no way the thing would be willing to show it off.

So Lin Yi decided not to say anything-they'd see for themselves.

Song xiangwen, on the other hand, knew Lin Yi better. "Mr. Ling Yi, we'll have to trouble you this time. If there's any danger, we'll ask Xiao Ling to surrender and leave with them. You don't have to fight to the end!"

Chapter 3430 Trump Card

"Don't worry, Grandpa song. I'll try my best, but I won't be so stupid as to risk my life. " Lin Yi nodded. In fact, that was his plan when he came here. If something happened to song Lingshan, he would fight to the end, but this was song Lingshan's sister, song Lingrui. They weren't that close anymore.

Lin Yi hadn't even seen her before, and she was here on orders to kill Lin Yi. Lin Yi didn't mind, but he wouldn't lose his life for her. Lin Yi calculated everything before coming, and there would be danger, but he wouldn't die for nothing.

"That's good. " Song xiangwen nodded.

"Ling Yi, I'll bring you to a room to rest." Lingshan said.

"Alright," he said. Lin Yi nodded.

Normally, Lingrui would've gone to Lin Yi to ask him about this and that, even sparring with him. But she wasn't in the mood for that now. On the contrary, she felt that this brother-in-law of hers was loyal.

She might look disdainful on the surface, but that was because she was not one to admit defeat. However, she was actually thinking that Ling Yi's relationship with her sister was really not bad. Regardless of the third and fourth parties, he could at least come and help her sister when she was in trouble ...

Lin Yi stayed at house song for the first day, and the four didn't come looking for trouble. The entire house song was frowning, and even when Lin Yi went to the dining room, they didn't talk much. They didn't know what to say, and after eating, they went back to their own business.

On the afternoon of the second day, Firewolf Wargod No. 5's voice once again sounded from outside the song family's residence, ""Song Lingrui from the song family, have you made your decision? Do you want to come with us, or do you want us to kill the song family and then take you back?"

"Kill the song family?" Lin Yi took the lead and appeared in front of house song's door on the purple lightning Beast, "It's like a Toad yawning. If you want to take Xiao Ling away today, you'll have to fight to the death!"

"And who are you?" The Firewolf Wargod No. 5 was stunned. He did not expect someone to suddenly appear out of nowhere. However, he was not afraid. The four of them were all top-tier experts. Even if another top-tier expert appeared, it would not be able to change the outcome of the battle.

Even if he did bring a spirit beast, it would only be Earth Class late phase peak. There was nothing to be afraid of.

"Someone who came to help." Lin Yi said faintly, fully displaying his Sky Class mid phase strength!

"I thought you were a master-a mere Sky Class mid phase, and you're talking to me? Have you really not seen the world, or are you stupid and bold?" The Firewolf Wargod No. 5 was a little puzzled. Could it be that this person in front of him didn't know the strength of his group?

With that thought, the Firewolf Wargod No. 5 waved his hand, and the other three revealed their full strength as Sky Class late phase peak.

"En, generally speaking, my contractual spiritual beast and I can become one with the beast, and then you will die!" Lin Yi said with a nod.

"What? You are from the GaN mountain sect? You can actually become one with the beast?" After hearing Lin Yi's words, Firewolf Wargod No. 5's expression finally changed. He had heard of the Qian Mountain sect before. It was a small sect, and they had people and beasts as one!

However, he had never heard of such a high level spirit beast and disciple. Who was this person?

"There's no point in talking. Either get lost or fight. You choose one. Don't waste my time. " Lin Yi said faintly.

"..." Firewolf Wargod No. 5 was speechless. Who was this guy? he looked so confident. Was he really that powerful? But as far as he was concerned, even if Lin Yi was one with the beast, he'd only have One Sky Class late phase peak at most-song Lingrui, song Xianghua, and one more who could ambush the three of them! It was a sure win!

And so, he subconsciously thought that Lin Yi was bluffing. He hmped coldly,"Since that's the case, I'll grant you your wish if you want to die! However, can you even represent the song family? I think the song family probably doesn't want to die. "

"The song family is the same. If we are no match for you, I will go with you. However, it is not my style to lose without a fight. Since you have come here, I believe you know me well." Lingrui said.

"Haha, sure. Everyone, get ready. One each. I'll keep an eye on song Lingrui. Number six, you keep an eye on that old man song Xianghua. Number seven, you keep an eye on this man-beast fusion. Number eight, you launch a sneak attack!" The Firewolf Wargod No. 5 quickly assigned him a mission.

Song Lingrui and song Xianghua's expressions froze. The Firewolf Wargod No. 5 had made the mission arrangements, and if they were to fight, they would be at a disadvantage. They were hesitating when they heard Lin Yi say, "You're such a good person. I was just about to assign tasks. You assign them first, so I don't have to go through the trouble! Alright, small one, come out. That number eight or something is yours!"

Lin Yi said that, but he was very respectful to little one's clone in the Jade space, "Senior ghost, I'll have to trouble you to take action this time!"

"En ..." Little one nodded his head and immediately appeared in front of the fire Wolf Wargod No. 5 and the others from the Jade space!

Everyone present was shocked. Where did this person come from? Why did it seem to have appeared out of thin air? And ... This guy's presence was so strong ... He was Sky Class late phase peak!

And the situation on the field had suddenly changed from the previous four to three to the current four to four. It was really unknown who would win and who would lose! That was if Lin Yi could really become one with the beast!

Song Lingrui and song Xianghua were both very excited. This boyfriend of song Lingshan 's, Ling Yi, wasn't just bragging. He really had a trump card!

"Hmph, so what if he has a helper? Do it!" Firewolf Wargod No. 5 glanced at little one, but he wasn't too worried. Four against four, he felt that Lin Yi would be the first to die. As long as one of them died, it would be easy to deal with the rest!

Song Lingrui and song Xianghua were worried at the beginning, but now they were full of fighting spirit. They each took one and locked onto number five and six! These were all duels between top-tier experts. Very quickly, the four of them began to fight.

Small one, on the other hand, went to attack number eight, but to Lin Yi's disappointment, he couldn't use any of his old skills. He was only using his strength to attack number eight!

Number eight was the weakest among them. Logically speaking, small one, the disciple of patriarch xuanchen of the five elements sect, should be able to defeat him. However, it was not the case now. Without any martial techniques, small one could basically fight number eight to a draw!
