### Chapter 3431 Thunder From A Clear Sky

On the other side, number eight and little one were locked in a stalemate. However, it was difficult to determine the victor in a short period of time!

On the other hand, Lin Yi didn't dare to use the eleventh style of the palm of raging fire Eight Trigrams on this number seven. Although Lin Yi had already calculated that this time, he would use an attack skill with the essence Necklace, but it wouldn't be able to instantly kill a master of the great circle stage. He could only heavily injure him, and if he were to defend, he wouldn't be able to even heavily injure him!

However, after using the eleventh form, Lin Yi's strength would be weakened to a certain extent, and he would need to recover for a while, so Lin Yi brought the purple lightning Beast! The purple lightning Beast had two strengths, one was lightning skills and the other was running away. Lin Yi's chances of winning today were in these two moves!

"Little Feng, help me hack him to death!" Lin Yi ordered.

"Roarrrr! Roarrrr!!!"

Little Feng roared three times as he received Lin Yi's order. Suddenly, his horn started to flash with lightning, and a huge lightning bolt shot towards number seven!

That number seven was shocked. Although he was very powerful, he had never seen such a strange spirit beast that could actually activate lightning martial arts. If he was struck by this, the consequences would be hard to say!

However, even though he wanted to Dodge, the purple lightning Beast seemed to be able to control the direction of the lightning. The lightning just happened to strike in the direction that number seven was dodging in, directly striking him like a bolt of lightning from a clear sky!

At this moment, number seven started to do a breakdance on the spot! Although the electric shock couldn't kill number seven, he still had a normal reaction.

"The eleventh style of the wild fire Eight Trigrams palm!" Lin Yi took this opportunity to use the eleventh style of the raging fire Eight Trigram palm, smashing towards the defenseless seventh's chest!

"BOOM!"

The huge force sent No. 7, who was still performing his breakdance, flying. He fell on the ground far away and spat out a mouthful of blood! It was obvious that number seven had suffered heavy injuries!

Lin Yi and number seven were still in shock, but the other three Firewolf WarGods didn't have the energy to watch! Their opponents were also top-notch experts of the same level. A single distraction could cause them to fall into a situation beyond redemption. Who would dare to go and watch the show?

"Little Feng, let's take a look at the situation. If this person doesn't do anything, then when he catches up, you run! I'll also be recovering my strength and true Qi!" Lin Yi lowered his voice and ordered the purple lightning Beast, "But don't let him catch up with you!"

The purple lightning Beast nodded its head and thought, "an uninjured consummate level expert might not be able to escape, but an injured soft-legged shrimp, what's there to be afraid of?"

Number seven got up from the ground with difficulty. He was about to go crazy. When he was hit, he lost control of his body. Even when he saw Lin Yi was about to attack him, he couldn't do anything because he was in an electrified state!

Hence, he had no choice but to take the hit! He'd thought that Lin Yi was only a Sky Class mid phase- even if he used his strongest skill, it'd only be around the fifteenth form, and he'd still be able to take it!

He heard Lin Yi say that it was the eleventh form of the wild fire or something, and that made sense. He was thinking that this guy was so arrogant that he didn't even use the fifteen forms and tried it eleven times.

Therefore, he accepted it calmly, and then he became stupid.

The Firewolf Wargod No. 7 felt as if all of his organs had been shifted to another location, and not only that, his bones and meridians were also damaged. Right now, he could only use the power of a mid-stage Sky Class fighter, and that was already pretty good!

However, even if he was injured, Lin Yi didn't dare to underestimate him. At this moment, Lin Yi's strength was extremely weak! After making sure that this guy only had Sky Class mid phase strength left, Lin Yi calmed down and ordered Feng, ""Catch up!"

"Roar! Roar! Roar! Roar! Roar!" "Yes!" Little Feng replied and ran towards seven with Lin Yi! In fact, with number Seven's remaining strength, Lin Yi could end his life with the ninth or even eighth style of the raging flaming Eight Trigram palm, but Lin Yi didn't do that. He carefully activated the tenth style of the palm!

The 10th move could kill a Sky Class late phase, and so even if he used all his strength to defend against the remaining Sky Class mid phase, he would still die!

As expected, seeing Lin Yi coming over again, number seven tensed up. He didn't dare to be careless anymore-his life was more important now. He quickly activated his Arts to protect his body! He didn't understand how Lin Yi's martial arts could cause so much damage to him-was it because he wasn't prepared for the shock?

"The tenth style of the wild fire Eight Trigrams palm!" Lin Yi sent a palm towards Seven's chest.

Seven couldn't run away anymore-Lin Yi's Mount was too fast, and he was injured too. He could only use all his Qi to protect himself, but the result was regretful-there was a loud "boom" and number seven was killed instantly.

Until his death, he finally understood one thing, how awesome it was to be one with the beast! However, it was too late! In fact, Lin Yi's "man-beast fusion" wasn't really a human-beast fusion. He was just playing with them.

Even though Firewolf Wargod No. 5,6, and 8 were locked in a fierce battle with song Lingrui, song Xianghua, and little one, they still managed to catch a glimpse of something as big as the death of No. 7. They were instantly shocked!

No wonder Lin Yi, a Sky Class mid phase, was so cocky-it seemed like he was a capable man! He was still testing the waters with his attacks, but Lin Yi had already finished his battle-seven was dead!

"Senior ghost, is little Seven's corpse useful? Can I use it to make a puppet clone?" Lin Yi couldn't help but ask the ghostly thing in the Jade space, but the ghostly thing was still sleeping and didn't respond to Lin Yi. Lin Yi didn't dare to disturb small one, either, so he could only wait!

After using the 11th and 10th style of the palm, Lin Yi's pure Qi was completely depleted. He needed to rest and recover!

"Little Feng, if someone attacks me, run!" Lin Yi whispered to Feng.

"Roar! Roar! Roar! Roar! Roar!" Little wind also growled three times in a low voice, indicating that he already knew.

Lin Yi nodded and started channeling his practitioner's Arts on Lil "Feng's back, quickly recovering his energy.

Chapter 3432 The Two Of Them Are Finished

On this side, Lin Yi took out number seven, and on the other side, Firewolf Wargod number five, six, and eight lost their arrogance and confidence. Firewolf Wargod number five wanted number eight to ambush them, but now, they were praying that Lin Yi wouldn't ambush them from behind!

However, after a while, they saw that Lin Yi was still waiting there and didn't attack. They were confused. Why didn't Lin Yi attack them? Could it be that this guy was one with the beast, so his thinking was different from other cultivators and he believed in the spirit of chivalry? No sneak attacks?

It seemed that it was really possible! Because Lin Yi also rode a spirit beast, which was quite similar to a Knight. Maybe it was true, Lin Yi didn't attack again after killing one person!

That's really a super idiot! The Firewolf Wargod No. 5 was greatly relieved. He also went all out and started fighting with Song Lingrui! As long as Lin Yi's man-beast fusion didn't mess things up, he didn't have anything to worry about.

At that thought, Firewolf Wargod No. 5 used their own secret signal to inform No. 6 and No. 8, telling them to go all out and not worry about Lin Yi's sneak attack! Because, if he wanted to sneak attack, he would have done so long ago.

"Hahaha!" Firewolf Wargod No. 5 looked at Song Lingrui, who was in front of him, and said, "Don't even think about having someone help you! Song Lingrui, although we're about the same level, do you know? Physical practitioners had an obvious weakness—they didn't have Qi and only had stamina. So if you didn't have physical strength and had stamina, you'd be able to last longer than other Sky Class late phase peak Masters, but I'm not weak either—I'm one of the best among Sky Class late phase peak Masters! That idiot man-beast fusion or whatever, he's completely a Knight's spirit. He won't sneak attack. He won against number 7, so he'll just stand there stupidly!"

"Hmph! How do you know so much? What do you know?" Although Lingrui said that, she was actually very confused. What did her brother-in-law mean by that? Why did he just watch the battle and not help? Song Lingrui didn't believe that Lin Yi had the spirit of a Knight, but she couldn't figure out why!

Song Lingshan, on the other hand, understood Lin Yi very well. As far as she was concerned, Lin Yi must have run out of energy, so he was resting there to recover. When Lin Yi recovered his energy, it would be time for him to show off his strength!

And so, after seeing Lin Yi take out a number seven, Lingshan's heart was set in stone-there was an 80% chance that he'd win this battle! It was only a matter of time.

However, she didn't dare to open her mouth. The fewer people who knew about this, the more Lin Yi would surprise them. So, she kept her mouth shut and watched the fight nervously.

Lin Yi quickly recovered his strength and circulated the art of Dragon mastery's third stage to its maximum!

As time passed, Lin Yi's Qi was also recovering at a fast speed. Finally, Lin Yi's Qi was back to his peak condition, but Lin Yi didn't attack directly. Instead, he put his hand on Lil "Feng's body and started to transfer energy to the purple lightning Beast. The purple lightning Beast had used the Thunderbolt skill once and used up a lot of energy. Although it said that it could use it two to three times depending on whether or not it used all of its strength, it was still a waste of energy. It must be using all its strength now, so it could only be activated twice.

But, although the purple lightning Beast could still use the Thunderbolt, Lin Yi couldn't let it run out of pure energy. What if it wanted to escape again? So Lin Yi had to make sure it had enough energy!

And so, Lin Yi started to help the purple lightning Beast recover its energy. Luckily, Firewolf Wargod number five, six, and eight were all held back by song Lingrui and the others, so they wouldn't attack Lin Yi for now.

Finally, Feng's Qi was back to its peak state. Lin Yi smiled coldly and patted Feng's neck. He looked at little six, who was fighting with song Xianghua. This man was his second target!

In the entire arena, song Xianghua was at a slight disadvantage! Firewolf Wargod No. 6 was a master only second to No. 5. Song Xianghua was Sky Class late phase peak, but there was still a gap between him and No. 6. It wasn't obvious, but after a while, he was at a slight disadvantage.

Even if he could hold on, he would still lose in the end. Song Lingrui's side, on the other hand, was still very calm. Small one, on the other hand, only tied with number seven, but he wasn't at a disadvantage. Lin Yi didn't need to interfere.

"Little Feng, this time, we'll take out that number six who was fighting against song Xianghua's second Grandpa! Do you understand?" Lin Yi ordered.

"Roar! Roar! Roar! Roar! Roar!" Little wind quickly responded.

"Alright, let's begin!" Lin Yi said.

"BOOM!" A bolt of lightning condensed on the purple wind thunder lightning beast's horn, and then turned into a bolt of lightning on a clear day, directly falling on number six's head! Because number six was fighting with song Xianghua, he didn't expect the beast to strike him!

He was enjoying himself, because he had finally gained the upper hand after the exchange. If he had more time, he was sure he could defeat Song Xianghua. However, that beautiful thought had turned into a fantasy. With a scream, he began to do a breakdance, just like Number Seven had done!

"The 11th style of the Wild Fire Eight Trigrams palm!!" Lin Yi took the chance to quickly activate the eleventh style of the Raging Fire Eight Trigram palm, smashing it towards the back of Number Six's heart!

Song Xianghua was an old fox and he wasn't a good person either. He saw Lin Yi starting to use his strength and his Mount shot a bolt of lightning towards him. He was ready to attack but he had been maintaining his strength. He was the weakest among Song Lingrui, Small One and him so he didn't dare to use his full strength from the start. He was at a disadvantage but he finally found the chance and used all his strength to activate his strongest skill, the twentieth form of "Shocking the Sky Blue Sea"! A white mist covered the top of Number Six's head, and Lin Yi's eleventh form of the Raging Fire Eight Trigram palm hit him!

"BOOM!" This palm attack was also enhanced by the Essence Necklace, so it didn't give Firewolf Wargod No. 6 an easy time. Not only that, but Song Xiangwen's martial skill also followed!

He had already been electrocuted, so if he had been hit by a Water-type martial skill, he would have felt like dying. The current flowed through the mist and back and forth around his body, making a crackling sound.

Chapter 3433 The Third Target

Not long after, the Firewolf Wargod No. 6 turned into a pile of charcoal and fell to the ground, dead. It was obvious that Lin Yi and Song Xianghua's combined attack had killed it!

"Hahahaha!" Song Xianghua laughed out loud. He had used up all his energy, but he was still excited. He had finally killed his opponent, and now there were only two enemy Masters left!

Song Xianghua wasn't worried that these two would suddenly turn around and attack him because he had his own people holding them back. Wasn't there Lin Yi watching over them? And so, Song Xianghua swaggered back to his home, sat down cross-legged, and began to cultivate, recovering his strength and true Qi!

However, he was different from Lin Yi. He didn't have the space in the Jade or the art of Dragon mastery, so the time for him to recover his pure energy was extremely slow.

If he'd known that Lin Yi was the same as him—even if he wasn't that weak, he wouldn't have dared to be so cocky! However, as far as he was concerned, Lin Yi must be a very powerful being to be able to use so many powerful skills in such a short time. There was no way he would run out of stamina.

Lin Yi's, on the other hand, could still use the 10th style of the flaming palm, and it was the 10th style without the necklace's bonus, so the damage wasn't as high!

Lin Yi thought about it. He should be able to work with the purple lightning Beast again and use the same method to kill the Firewolf Wargod No. 8! But it was a little risky—if he couldn't kill him, small one wouldn't be able to help him kill number eight, and Lin Yi would be in danger!

At that time, the purple lightning Beast wouldn't have any energy left and wouldn't be able to help Lin Yi escape. He himself wouldn't have any energy left and wouldn't be able to use all his strength to kill the Firewolf Wargod No. 8. Wouldn't that be dangerous?

It was too risky! Lin Yi couldn't guarantee that the Firewolf Wargod No. 8 wouldn't retaliate with all its might after being attacked, so he decided to recover his energy first!

He quickly circulated the art of Dragon mastery again and greedily absorbed the spiritual Qi of heaven and earth in the Jade space. On the other side, song Lingrui and Firewolf Wargod No. 5, and little one and Firewolf Wargod No. 8 were all locked in a fierce battle.

Lin Yi stopped again and didn't fight the enemy. This made Firewolf Wargod No. 5 confused again. What was Lin Yi's battle strategy? Why did he stop after taking out the Firewolf Wargod No. 6?

Could it be that he had used up all his physical strength and true Qi? But that didn't make sense. The first time he defeated the Firewolf Wargod No. 7, Lin Yi also stood there for a long time. He didn't know what he was doing! However, the next moment, he once again made his move and killed the Firewolf Wargod No. 6!

It was impossible to say that Lin Yi had lost all his stamina and Qi, because Firewolf Wargod No. 5 had never heard of any practitioner who could recover his stamina and Qi so quickly, and he had never seen Lin Yi use any pills!

However, Lin Yi's unmoving stance on the side made Firewolf Wargod No. 5 a little scared, and he wanted to end the battle as soon as possible! However, his enemy was song Lingrui, a Sky Class late phase Peak Master, but her opponent was a physical master. She was on par with him, and the Firewolf Wargod No. 5 didn't have any chance of winning!

It would be great if he could have a divine weapon in hand! Firewolf Wargod No. 5 sighed. There was still a huge gap between the central and those ancient sects that had been around for thousands of years. Among the Firewolf WarGods in the central, he was ranked fifth in strength, but he didn't even have a divine weapon! However, only number one and number two had divine weapons. Even number three and number four didn't have any, so number Five's heart was more balanced!

Luckily, song Lingrui and song Xianghua didn't have any either. Otherwise, they would be at a disadvantage! Of course, this was also because the foundation of the overseas cultivators 'Association was still too shallow! The entire overseas practitioner Association was founded by bullet head, and although he'd been trying his best to search and buy godly weapons over the years, godly weapons were too rare in the world, and not every Sky Class master had one.

The few divine weapons in the overseas cultivators Association were given to bullet head, his son, and the Vice President. It was not even the turn of an elder or a guest elder like song Lingrui!

For example, elder Wang and elder Chen, who had come here for a mission to kill Tang Yuqi, didn't have any divine weapons on them at all.

However, the two of them were evenly matched, which made Fire Wolf Wargod No. 5 very depressed. If he didn't take down song Lingrui as soon as possible, they would all be wiped out today! Lin Yi didn't make a move-if he did, it'd be one of their Masters dying, either him or number eight!

In fact, the Firewolf Wargod No. 8 was also wondering why Lin Yi wasn't doing anything. Could it be that Lin Yi was still a Knight? He only helped because he saw that song Xianghua was at a disadvantage, but he and number five were evenly matched. Was that why Lin Yi didn't help?

Thinking about it, this was the only possibility. He really couldn't think of any other possibilities!

On Lin Yi's side, he had finally recovered his Qi and started to help the purple lightning Beast recover. After both of them had enough Qi, Lin Yi's third target was small one's opponent, the fire Wolf Wargod No. 8!

Small one's way of fighting made Lin Yi very depressed. It was fine if the clone didn't know how to use small one's sky-grade weapon. After all, everyone's weapon needed to be paired with their own practitioner's Arts to use it. It was reasonable that the ghost didn't know small one's practitioner's Arts.

However, what troubled Lin Yi the most was that even if he couldn't use small one's practitioner's Arts, the thing had its own practitioner's Arts, right? Couldn't he activate his martial arts? He was actually able to take on the Firewolf Wargod number eight head-on. If this was the old little one, this number eight would have died long ago, right?

"Little Feng, we're ready. Let's end that number eight who's fighting little one!" Lin Yi ordered the beast.

"Roar! Roar! Roar! Roar! Roar!" The purple lightning Beast roared three times, indicating that it understood. Suddenly, its horn began to flash with lightning ...

This situation caused the fire Wolf Wargod No. 5 and No. 8 to be startled! Was he going to electrocute people again? However, she was on par with her opponent, and her opponent didn't seem to be at a disadvantage. Why did Lin Yi want to help her? This ... Changed his way of thinking?

"BOOM!"

A bolt of lightning struck down, striking the Firewolf Wargod No. 8 right in the head!

Chapter 3434 End Of The Battle!

He did want to Dodge, but he was fighting with small one. How could he have the energy to Dodge? Moreover, even if he wanted to Dodge, he might not be able to do so with the purple lightning beast's speed!

"

"The eleventh style of the wild fire Eight Trigrams palm!" Lin Yi quickly activated his strongest martial skill at the moment. It was just that this move didn't have the bonus attack from the essence Necklace, but it was enough to severely injure the Firewolf Wargod No. 8!

"Small one, hit him, use martial arts to hit him!" Lin Yi took the chance to order small one.

However, little one raised his head and looked at Lin Yi. He continued to punch the fire Wolf Wargod No. 8 that was still being electrocuted. He didn't follow Lin Yi's instructions and use his martial arts!

"..." Lin Yi was speechless-how many hits would he need to kill this number eight with this? No matter how much strength he used, it was still far inferior to a martial technique!

Originally, Lin Yi could have continued to use the 10th style of the wild fire Eight Trigrams palm with an attack boost, which was equivalent to the 11th style of the wild fire Eight Trigrams palm. He could have let the purple lightning Beast give Firewolf Wargod No. 5 a lightning strike, and then Lin Yi would use the 11th style of the wild fire Eight Trigrams palm, followed by song Lingrui's strongest move, and little one's help. Then, number five would be dead for sure. Lin Yi could just recover his and little Feng's strength and Qi later. It could save some battle time.

But now it seemed that small one didn't know how to use any martial arts. If Lin Yi didn't continue to attack, then when the Firewolf Wargod No. 8 recovered, it would be troublesome!

Helplessly, Lin Yi could only give up on his previous plan. He had to do it step by step. He used the tenth style of the raging fire Eight Trigram palm on the Firewolf Wargod No. 8's back to finish him off!

However, Lin Yi's energy had been used up. He could tell that although the clone looked strong, it was useless. It didn't know any martial arts, so it could be controlled, but it was a bit troublesome to hurt the enemy!

But now wasn't the time to think about that-his top priority was to recover his Qi, so that he'd have enough energy to fight the last enemy! They entered the Jade space and started to absorb energy while small one went to help song Lingrui!

Even though song Lingrui had the help of small one, she was still not Firewolf Wargod No. 5's match. This was because the current song Lingrui was already showing signs of exhaustion. Firewolf Wargod No. 5 had the upper hand, but he was not happy at all!

If it was before, he would be very excited. However, the people he brought with him were all dead. He was the only one left. Fire Wolf Wargod No. 5 already had the intention to retreat. There was no way he could take song Lingrui away today. Therefore, his life was more important!

However, with the current situation, could he leave? Only song Lingrui was still fine. After all, song Lingrui's physical strength was starting to weaken. However, little one had joined the battle, causing the Firewolf Wargod No. 5 to be flustered!

Plus, Lin Yi was watching from the side, so he didn't know when Lin Yi and his spirit beast would start attacking! The Firewolf Wargod No. 5 couldn't understand either. If Lin Yi joined the battle now, he would be dead for sure, but Lin Yi didn't come. He felt that something was wrong, but he couldn't figure it out and didn't have time to think about it!

All his energy was focused on fighting song Lingrui and small one!

Originally, song Lingrui was already at a disadvantage. However, with the addition of little one, the two of them quickly suppressed Fire Wolf Wargod No. 5. Fire Wolf Wargod No. 5 was complaining non-stop!

If they had known that there was such a powerful man-beast integration cultivator in Huaxia's cultivation world, and that he was the song family's helper, they would have asked around first before coming. Now, song Lingrui was not taken away. Instead, she was madly beaten by the man-beast integration cultivator and three of them died!

He was puzzled. How could this person be so powerful? every time, it was a lightning strike and two palm strikes from the spirit beast, and number seven and number eight were killed. Even if it was an expert of the consummate level, he had never heard of anyone who could deal with an expert of the same level in three moves, right?

However, it happened right in front of his eyes, so he had no choice but to believe it!

Lin Yi's stamina and Qi were quickly recovering. This time, Lin Yi didn't need to rush to recover the purple lightning beast's stamina and Qi. With one lightning strike and two raging fire Eight Trigram palms, Lin Yi could definitely take out Firewolf Wargod No. 5!

"Little Feng, get ready!" Lin Yi ordered.

"Roar! Roar! Roar! Roar! Roar!" The purple lightning Beast roared three times, indicating that it understood! It was also a little excited, knowing that it was the last enemy it was facing! Its horn began to flash with lightning again ...

Hearing the purple lightning beast's roar, the Firewolf Wargod No. 5's heart skipped a beat. He lost his balance and almost fell to the ground! Was it going to start again? My life is over!

He knew that Lin Yi was going to make a move, but he didn't know when! When he saw the flashing electricity on the purple lightning beast's horn, he suddenly understood something!

Right, maybe Lin Yi had to wait because his spirit beast couldn't use the skill continuously! This kind of lightning martial technique was a bit strange, and he would probably need a while to recover!

He didn't think of Lin Yi-after all, Lin Yi was a practitioner just like him, and he wouldn't think much about it. But spirit beasts were different ... He didn't know that he was already very close to it, and even if he was, he couldn't escape his fate!

"BOOM!"

A bolt of lightning struck down, striking the Firewolf Wargod No. 5's head. This time, he didn't even have the thought of dodging! He had already lost all hope. He stood in place, waiting for the lightning to come! Song Lingrui and little one also took advantage of this opportunity to attack Fire Wolf Wargod No. 5!

At the same time, little wind had already brought him to the back of Firewolf Wargod No. 5!

"The eleventh style of the wild fire Eight Trigrams palm!" Lin Yi quickly activated his strongest skill at the moment, but this move still didn't have the necklace's attack boost. It didn't matter though, as Lin Yi immediately activated the tenth form of the raging fire Eight Trigram palm! As for the 10th move, it had the additional attack power from the profound Qi necklace, which was equivalent to the 11th move of the ordinary wild fire Eight Trigram palm!

Firewolf Wargod No. 5 spat out a mouthful of blood and fell to the ground under the pincer attack of Lin Yi, Song Lingrui, and small one. He couldn't be more dead.

Chapter 3435 Breakthrough, Sky Class Mid Phase Peak!

"Phew ..." Lin Yi let out a long breath and was about to activate his Arts to recover the lost energy when he suddenly felt an uncontrollable hunger in his meridians!

Lin Yi's Qi had been exhausted all these times, but not once had he been so desperate to recover his Qi!

Lin Yi had a familiar feeling-it was the feeling of needing a lot of Qi before breaking through the level barrier!

He'd had this feeling before, back at the Hidden House Summit. It was the same-when he was replenishing his energy, the breakthrough he'd been waiting for came!

So Lin Yi knew that it was natural for him to desire the Qi of heaven and earth. He quickly continued to channel the art of Dragon mastery, allowing the energy in the Jade space to quickly flow into his meridians.

Slowly, Lin Yi's Qi was replenished, but it didn't stop there. Instead, it became more and more frenzied with the chant ...

"What ... What's going on with Mr. Ling Yi?" House song's people were supposed to be happy that four of their biggest enemies had been taken out, but Lin Yi's face suddenly turned red as if he was on fire, making them worried!

However, Lingshan understood Lin Yi the best. She could guess what was going on after seeing Lin Yi's condition, "Grandpa, second Grandpa, Ling Yi seems to be on the verge of breaking through. Let's not disturb him and guard him!"

"En, you're right. Some spiritual practitioners are like this when they're about to break through!" Song Xianghua nodded at song Lingrui's reminder. "In that case, let's protect Mr. Ling Yi together!"

Lingrui was a physical practitioner, and she looked at Lin Yi curiously-this guy seemed pretty strong, especially his ultimate move of becoming one with his beast! It seemed that his sister's eyesight was quite good!

The current song Lingrui was completely convinced. She no longer dared to say that she wanted to test Ling Yi! Song Lingshan said that she didn't want to hurt her, and it was true! Putting everything else aside, a lightning strike and two palm strikes would definitely kill song Lingrui!

And this was before Ling Yi broke through-if he did, wouldn't he be even stronger? Song Lingrui felt a little scared just thinking about it!

Fortunately, I didn't provoke him. However, my attitude towards him before didn't seem to be very good. I wonder if this brother-in-law will bear grudges?

And, other than that, there was that weird guy called small one-he was standing beside Lin Yi like a pillar, and Lin Yi didn't know where he came from, but he was Sky Class late phase peak! It was obviously Lin Yi who had brought them.

Lin Yi didn't bother explaining to them-since Lingshan explained, there shouldn't be any problems. He just needed to level up in peace!

At this moment, a warm current flowed into Lin Yi's body from the space in the Jade. It then started from his dantian in his abdomen and spread to his whole body, followed by a burning sensation as if his meridians were on fire!

But Lin Yi wasn't worried. This wasn't the first time he'd had this feeling-he was already used to it!

After that, the feeling of his meridians burning became even more intense. Lin Yi felt like his entire body was on fire, starting from his meridians!

But even so, Lin Yi still gritted his teeth and persevered. He was too familiar with this feeling-the feeling before breaking through, the more painful it was, the closer he was to breaking through!

Beads of sweat rolled down Lin Yi's forehead. The pain was getting stronger and stronger, but Lin Yi was very excited!

As Lin Yi's pain increased, the Qi in the air gathered and circled above Lin Yi's head, forming a weak vortex! It resonated with the pure Qi in Lin Yi's body and circulated around his body at a high speed, increasing his body temperature! In that instant, a large amount of pure energy poured into Lin Yi's body from the Jade space!

Finally, Lin Yi heard a loud bang, and his whole body trembled. His meridians seemed to have exploded in an instant, and at that moment, Lin Yi knew that he had broken through!

Sky Class mid phase peak!

The Lin Yi now had Sky Class mid phase peak strength-he didn't know if he could use the twelfth style of the palm yet. Could he instantly kill a Sky Class late phase peak? Lin Yi was very much looking forward to it!

Lin Yi opened his eyes and smiled at the person beside him.

Song Lingrui, song xiangwen, song Xianghua, and song Lingshan all felt the change in Lin Yi's strength-he went from Sky Class mid phase to Sky Class mid phase peak!

"Congratulations, Mr. Ling Yi! From now on, Mister Ling Yi can easily kill Sky Class late phase peak Masters!" Song Xianghua said with heartfelt admiration. This Ling Yi was really strong. If not for him, the entire song family would have been annihilated! And Lin Yi's appearance had brought about the complete annihilation of the enemy.

"Hehe, it's hard to say." Lin Yi shook his head. He didn't test it out yet. Who knew if he could successfully activate the twelfth form of the palm? Of course, if he could activate it successfully, and even increase his attack power, then killing a Sky Class late phase peak in one hit was still possible.

"Ling Yi, thank you so much for helping the song family so much!" Lingshan said gratefully. Lin Yi didn't let her down again.

"I was just lucky." Lin Yi smiled, "plus, how could I not help you?" Now, can you formally introduce your sister and your second Grandpa?"

"En, en!" Lingshan nodded quickly. House song was in a bad mood before, and Lin Yi only told them their strength and status when he came. They were all in a good mood now and cooperated.

"Hello, brother-in-law, it's nice to meet you. I'm song Lingrui, you can also call me Xiao Rui!" Lingrui politely extended her hand to Lin Yi. "As the saying goes, sister-in-law is half of brother-in-law's ass. You have to protect me like you protect your own ass!"

"Hahaha!" Lin Yi couldn't help but smile. "No problem. If anyone bullies you in the future, you can tell me. I'll help you kill them instantly!"

Chapter 3436 Can't Stop!

"Well, I can't blame you for being so arrogant. It's true. In the entire world of cultivation, no one is your opponent!" Lingrui nodded.

"Ling Yi, you're Shanshan's boyfriend, so you have to protect your second Grandpa from now on!" "I'm retiring and returning to my hometown. If the overseas cultivators Association comes looking for me in the future, you'll have to help me." Song Xianghua also laughed.

"No problem!" Lin Yi nodded.

"Haha, Shanshan, your boyfriend's not bad. You're lucky, and the song family is lucky too!" Song Xianghua teased.

"Second Grandpa ..." Lingshan blushed a little, but she seemed to be enjoying it.

"Lingshan, you guys clean up the battlefield first. I'm going to rest for a bit. Don't throw away these corpses for now." Lin Yi said.

"Alright," he said. Lingshan nodded quickly. She knew that Lin Yi had just broken through, and needed to consolidate his strength.

Lin Yi waved at small one and brought him back to the guest room.

After entering the guest room, Lin Yi closed the door and waved his hand, sending small one into the Jade space! At this moment, little one was living in a very strange form. He wasn't a living person, but he wasn't completely dead.

And so, Lin Yi's Jade space didn't have any restrictions.

"Senior ghost, what's wrong with you today? it's fine if you don't know how to use small one's heaven-grade divine weapon, but why didn't you use any martial arts?" Lin Yi asked with a bitter smile.

It was a freak combination of factors today. If that damn thing knew how to use a martial technique or a heaven-grade divine weapon, then today's battle wouldn't have lasted so long! But at the same time, Lin Yi didn't have the opportunity to break through!

"Hmph, don't ask what you shouldn't be asking!" Little one, who had been possessed by a trace of primordial spirit, snorted coldly and said, ""This puppet is too weak. It can't activate my martial arts technique! His physique is not good enough!"

"Ah?" Lin Yi blinked. Small one was at the top of the practicing world, and even if he wasn't as good as Lin Yi, he was still a disciple of the five elements sect. His overall strength was a level higher than other Sky Class late phase peak practitioners, but this thing said no. It was too weak, and it made Lin Yi very depressed. This meant that this thing's true body was very strong!

"Alright, then the other Sky Class late phase peak Masters ... Do you need them to be made into puppets or something?" Lin Yi asked.

"It's useless. Throw it away. Making one consumes a lot of my primordial spirit. I've finally recovered some primordial spirit power, and I don't want to waste it!" "Alright," the ghostly thing said impatiently. "Don't disturb me. I'm going to sleep!"

"Alright ..." Lin Yi nodded helplessly.

The ghost didn't say anything, and Lin Yi started channeling the third stage of the art of Dragon mastery to consolidate his strength. He'd just broken through today, so he didn't try to use any martial arts. It'd be easier to succeed if he tried again after he'd consolidated his strength.

After settling house song's problem, Lin Yi felt more at ease when consolidating his strength. He didn't have to worry about any unexpected events-at least for the next few days, it was an Sheng!

Even if the boss behind these people realized that they had lost contact with the four Fire Wolf war gods, it would be a few days before he could find them!

Lin Yi kept on circulating his practitioner's Arts, planning to consolidate his strength as soon as possible! Lin Yi was looking forward to the twelfth style of the palm!

The higher the level of the wild flame Eight Trigram palm, the harder it was to use it. However, its power gradually increased! In the past, it was only six levels higher than ordinary martial arts techniques. But now, it was far more than six levels.

Therefore, the higher the level, the harder it was to activate it. However, if it was really activated, it would be a very powerful existence.

Of course, this was also due to the wild fire Fist martial skill above the tenth level. The wild fire Fist itself was stronger than other ordinary martial arts skills. The first ten moves were basically one level higher than ordinary martial arts skills, but after the tenth move, it was not just one level higher, but even two, three, and four levels higher!

He had to admit that the wild fire Fist was a powerful martial art technique! Although the five elements Eight Trigrams palm was powerful, it only had ten forms. It would be the end once it reached the tenth form, so no matter how powerful it was, it was only invincible under the earth-class.

However, no one expected Lin Yi to have an all-purpose martial skill. He combined the two together to create an even more powerful raging flame Eight Trigram palm. The power was unimaginable!

This was also the reason why Lin Yi's enemies suffered so much! They couldn't think of a way to guard against it.

However, what happened next shocked Lin Yi!

Following the chant, Lin Yi's body's need for heaven and earth spiritual Qi seemed to increase! And the hunger he felt before the breakthrough came back again!

The hunger was getting more and more intense, and Lin Yi was starting to panic! It can't be, right? Could it be that he was about to break through again after just breaking through? This was completely unrealistic!

Lin Yi wanted to stop the chant immediately, but although he stopped it in his heart, the chant didn't stop in his body at all!

He simply couldn't stop!

At this moment, Lin Yi realized that the huge amount of pure Qi in the Jade space was rushing into his body from all directions at an extremely fast speed. This sudden change made Lin Yi jump!

What was going on? Why did it feel like he had lost control of his heart technique? Could it be that his breakthrough just now was not complete, so he wanted to continue? However, this feeling was familiar to Lin Yi. He felt like he'd encountered this before.

The energy poured endlessly into Lin Yi's body, and in that instant, Lin Yi felt like his body was about to explode. However, there was nothing he could do. He had stopped the practitioner's Arts, but it was useless!

Wait a minute ... Lin Yi suddenly thought of another possibility, and that was the practitioner's Arts breaking through!

Lin Yi's art of Dragon mastery was already close to the full moon third stage-could it be that he'd have a breakthrough as well? No wonder Lin Yi felt that it was so familiar-it was the scene of his first practitioner's Arts breakthrough. It was just that it had been a long time, and Lin Yi had only been breaking through in strength, not in his practitioner's Arts, so he forgot about it.

Chapter 3437 Breakthrough, Stage Three Great Circle Of Perfection!

So it was a double breakthrough! With that thought, Lin Yi calmed down and let the surrounding pure Qi flow into his body.

At this moment, Lin Yi's body was like a magnet, constantly absorbing the surrounding energy. The energy in Lin Yi's body was increasing, and gradually, Lin Yi felt that his body couldn't handle this huge amount of energy anymore. Then, his whole body exploded like a firecracker, and with a boom, his clothes were instantly burnt into pieces, flying in all directions.

He had broken through! Lin Yi didn't think that he'd be able to reach the full third stage of the art of Dragon mastery so quickly! It seemed that there was not much time left until the completion of the second level, right?

Breaking through was a good thing, but the problem was, when could he open the fourth stone door?

Before, Lin Yi's practitioner's Arts weren't at this level yet, so he didn't think too much about it. After all, there was no point in thinking about something he hadn't reached yet. But now that his cultivation method had reached the great circle of perfection, it meant that he could start cultivating the fourth stage of the art of Dragon mastery. If he had the fourth stage, other than increasing the speed of cultivation, healing, and recovery of physical strength and true Qi, what other benefits would it bring?

And what kind of benefits would there be in the fourth stone door? Something that was similar to an all-purpose martial technique, a jade pendant, or a divine weapon? Lin Yi was looking forward to it!

However, there was no use in anticipating it. Right now, the prerequisite to opening the fourth stone door was to break through to the third stage of the art of Dragon mastery and to hit the stone door with a forged divine weapon. Only then would the stone door open.

Now, Lin Yi had the strength, but he still hadn't made the divine weapon. The only thing that made him happy was that the materials were ready. He just needed the Dragon blood, which was hard to get unless he entered the five evils Savage Lands again. But even if Lin Yi wanted to go in, the heavenly elixir sect wouldn't let him in.

It seemed like she had to find a chance to ask Kang Zhaoming ...

On the other side, the four Fire Wolf warlords were dead, but Dr. Benjamin II and Qiu shanlong were still anxiously waiting for their news!

They had reported to the song family that they had given them time to think about it after they went to the song family's house to demonstrate their power. They knew that they would go to the song family's house today. However, after waiting for a long time, it should be midnight according to the time in Huaxia. Why was there still no news from the four of them?

"Qiu shanlong, why is there still no news of the four Fire Wolf war gods? Will there be any accidents or new problems?" Dr. Benjamin II asked worriedly.

"Logically speaking, it shouldn't be a problem-they're Sky Class late phase peak Masters, after all, and they're the strongest existences in the world of practicing right now. Even the ancient sects wouldn't be able to fight against them unless they worked together, let alone house song," Qiu shanlong shook his head and said.

"That's true. " "That's right," professor Benjamin II said."But I still feel uneasy!" The rules in central are strict. After these four people have caught the person, they will definitely contact us at the first moment. "

"I'll make another call and see. " Qiu shanlong heard what professor Benjamin II said and picked up his phone again. He dialed Firewolf Wargod No. 5's phone, but no one answered.

Before Firewolf Wargod No. 5 brought his men to the song family, he didn't take his phone with him at all. He just left it in the hotel. He was an expert trained by the center, so he didn't usually use a mobile phone. Therefore, it was normal for him to not bring it with him when he left.

Qiu shanlong hung up twice, and still, no one answered. He frowned. ""Doctor, no one's picking up the phone ..."

"I understand. Let's wait a little longer. If it really doesn't work, we can only report it to master's wife, miss LAN." Professor Benjamin II said.

However, the two of them waited for another two hours. Even if Fire Wolf Wargod No. 5 brought people from the hotel and made a round trip to the song family, there was still no news. This caused the two of them to panic!

"Still no one picked up the phone. Doctor, let's report it ..." This time, even Qiu shanlong, who had always been calm, realized that something was wrong. "There's an 80% chance that there's a problem. "

"Alright!" Dr. Benjamin II called miss LAN directly. At this moment, miss LAN was also waiting for Dr. Benjamin II's news. Song Lingrui was a very important research subject for central.

"Benjamin the second, how is it? did you bring song Lingrui back?" Miss LAN asked.

"Ms. LAN, there's no news from the Firewolf warlords. Qiu shanlong called them, but no one answered. It's like they've suddenly disappeared ..." Professor Benjamin II said.

"What?" Miss LAN was shocked, "what happened?" Four Sky Class late phase peak Masters couldn't take song Lingrui away? Instead, it disappeared?"

"I suspect that something has happened. With the song family's strength, it is impossible for them to kill the four of us!" Professor Benjamin the second said, "if they had the power to do so, they would have done it the first time they went to the song family. They wouldn't have looked so helpless. I suspect that someone helped them. Or rather, it has nothing to do with the song family. They are in trouble!"

"I know, I'll get someone to investigate." After all, miss LAN was a person who did great things. After a short moment of daze, she calmed down. "You don't need to worry about this matter. Focus on researching grade one and two automatic medicinal cauldrons!"

"Alright, I got it." Professor Benjamin II agreed. Miss LAN had sent someone to deliver the automatic Grade one and grade two medicinal cauldron today, but professor Benjamin II had not had the time to study it.

After hanging up the call, miss LAN could not sit still any longer. She left her room and quickly went to patriarch xuanchen.

"Miss LAN, what's the matter for you to visit so late at night?" "What's wrong?" patriarch xuanchen looked at miss LAN strangely.

"There's something I'd like to trouble Mr. Xuanchen to help me with." "There shouldn't be anything that can be hidden from the five elements sect in Huaxia's cultivation world, right?" miss LAN said bluntly.

"That's true. I wonder what miss LAN wants xuanchen for?" Patriarch xuanchen was confused. He did not know why miss LAN was looking for him and why it was related to the cultivation world in Huaxia.

Chapter 3438 Send Someone To Investigate

"It's like this, four experts from my side came here to handle some matters, but we suddenly lost contact with them!" Miss LAN said.

"Four experts? What kind of expert was he? When did that happen?" Patriarch xuanchen was slightly taken aback and surprised. He did not expect miss LAN to bring someone over. What level was this expert?

"Four Sky Class late phase peak Masters. They lost contact with the people in the headquarters after they went to do something this afternoon, and we haven't been able to contact them since." Miss LAN did not hide anything. After all, if she did not give these details to patriarch xuanchen, where was he going to find her?

"What? Four Sky Class late phase peak Masters?" This time, ancestor xuanchen was completely shocked. He didn't expect central to have so much power and resources to send four Sky Class late phase peak Masters!

Previously, he had thought that they were only researching in the fields of technology and bio-human transformation. He did not expect that there were still hidden experts. Even ancestor xuanchen did not know about these experts, let alone others.

However, after his shock, he still asked, ""Where did they go and what did they do? With the strength of the four of them, they are almost invincible on our side. Except for our five elements sect, there is no one who can stop them!"

Patriarch xuanchen did not blame miss LAN for not mentioning this in advance. Although the five-elements sect was from the Central Plains of China, it did not mean that all the cultivators in the Central Plains were under the jurisdiction of the five-elements sect.

Furthermore, patriarch xuanchen and miss LAN happened to be working together. It was reasonable for patriarch xuanchen to help resolve this matter.

"It's like this. " Miss LAN didn't hide too much. It started from the devil's trial when a guest elder of the overseas cultivators Association snatched the inheritance from their Center. They waited until the guest elder returned to the Central Plains of China before they made a move ...

"The overseas cultivators Association!" After hearing this, although patriarch xuanchen felt that miss LAN was a little displeased with the people under his brother, he was only a guest elder after all. Furthermore, this person had already returned and did not have much to do with the overseas cultivators Association."Does that guest elder have a backer in the Central Plains?"

"According to our investigation, there's no such thing!" "The guest elder's real name is song Lingrui," miss LAN said."He's from the worldly song family. How could such a family have any backing?"

"What?" After hearing the names of song lingfei and the song family, patriarch xuanchen was shocked and stood up."Miss LAN, what did you say? This song Lingrui is from the common song family?"

"That's right ... Mr. Xuanchen, what's with your expression?" Miss LAN looked at the extremely shocked patriarch xuanchen with a strange expression. In her opinion, patriarch xuanchen had always been a very calm person and rarely revealed such a shocking expression.""Could it be that the song family ... A worldly family, has an ancient level backer? Would they be willing to live in a common family?"

"Although the song family is only a secular family and they do not have any ancient backing, they have an even more impressive backing. Even I have a headache over this person ..." Ancestor xuanchen smiled bitterly and said, ""Actually, miss LAN, you should've heard of him before. This person is Lin Yi!"

"What? Lin Yi?" Miss LAN was stunned for a moment and immediately frowned, "This Lin Yi ... He killed four Sky Class late phase peak Masters? That's impossible, right?"

"It's impossible based on common sense, but I'm afraid he's called for help, like the Paoli clan. My disciple little one was killed by the Paoli clan. " Patriarch xuanchen said helplessly, ""If the Paoli clan is involved, there's really a possibility of that ..."

Miss Lan's expression changed again and again. In the end, she said, Then, Mr. Xuanchen, do you have any solutions?"

"The way I see it, the most important thing right now is to investigate if this has anything to do with Lin Yi. If so, what kind of relationship is it, and who did Lin Yi hire!" "Yes!" Patriarch xuanchen thought for a moment and said, "the key problem is to carefully look for these four people. See if they're still alive and if they've already died!"

"Alright, I'll have to trouble Mr. Xuanchen with this matter. I'll ask professor Benjamin II to quickly develop the grade one and grade two automatic medicinal cauldrons! Get it on the market as soon as possible!" Miss LAN said.

"Yeah." Patriarch xuanchen nodded and shouted at the door, ""Waiter, come here for a moment!"

"Yes!" The waiter's voice was heard very quickly, and he entered patriarch xuanchen's room. "'Master, you were looking for me?"

"How about this? bring Kang Zhaoming to Yanjing city quickly to investigate something. It's like this ..." Ancestor xuanchen explained the disappearance of miss Lan's four men in the song family. "You have to be careful about this and listen to Zhaoming. He's a smart kid-if there's a strong enemy there, like the Paoli, don't try to prove that there's conflict, understand?"

"How about this, let Zhao Guangyin, Mian Huacheng, and Zhao Qibing follow and protect Kang Zhaoming. Your son-in-law's strength isn't strong enough, so don't let him suffer!" "After all, he's doing things for our Center!" Ms. LAN said after some thought.

"Oh? In that case, thank you very much, miss LAN!" Patriarch xuanchen was overjoyed. He was planning to let Zhaoming bring three masters with him to the Sky Class test, but he didn't tell miss LAN about it and didn't know if she would agree. But now, before he could even say anything, miss LAN brought it up first, which made patriarch xuanchen very happy!

When the time came for the test, Zhaoming would bring the three of them along. That would be the most logical thing to do.

"No need to thank me. I hope you can find out the whereabouts of the four people in our Center as soon as possible!" Ms. LAN waved her hand. The three Zhao family Masters were just experimental subjects and were not particularly important to her. Moreover, these four Masters also had flaws, so central didn't care too much. "Then, I'll go and rest first. I'll wait for news from Mr. Xuanchen!"

"Don't worry, Ms. LAN. I'll let you know as soon as I have any news." Patriarch xuanchen nodded and said.

With miss LAN gone, patriarch xuanchen sent the waiter to find Kang Zhaoming and the others to arrange for their trip to Yanjing

#### Chapter 3439 The Arrogant Kang Zhaoming

Kang Zhaoming felt that it was quite awesome to bring three top class Masters with him on a mission. He never thought that he would be this awesome one day!

Hmph Hmph, I, Kang Zhaoming, am the smartest and most understanding person! Lin Yi, you're unlucky to have met me! Zhao Qibing is trash, he's not fit to be my subordinate, only I can be your opponent! I, Kang Zhaoming, am the strongest!

Qibing was a little depressed as well-he was once the heir of a hidden Noble House, while Zhaoming was just a rich kid who wasn't even a Noble House. They couldn't be compared at all, but now, he'd become Zhaoming's follower!

He had no choice. He had to lower his head when he was under the roof! Who asked Zhaoming to be the son-in-law of the five elements sect's elder xuanchen? The three of them, on the other hand, were Sky Class late phase peak-stronger than Zhaoming, but it all depended on who gave them that strength!

The five-elements sect and the center were holding on to their lifelines. Although their strength was there, if they didn't take the drug regularly, they would be no different from ordinary people. They might even be weaker than before. Therefore, if they wanted to maintain the power of these top masters, they could only be the dogs of the five-elements sect.

But even so, a dog with a home was better than a stray dog. At least, they felt that if they saw Lin Yi again, it would be Lin Yi's death.

"Second senior, shall we make a trip to the common house Kang first?" Zhaoming wanted to show off his strength to the common house Kang, and let them think that he was doing pretty well.

"No problem, whatever Junior Brother Kang says, we'll follow. This operation is completely led by Junior Brother Kang!" The waiter quickly nodded and said. He wasn't as experienced as small one, and if small one and Kang Zhaoming came out together, then naturally the two of them would discuss things together. But now, Kang Zhaoming was the one in charge.

Kang Zhaoming nodded, satisfied.

This time, Zhaoming had returned home in glory, bringing so many top-class Masters with him, right in front of house Kang's door! The house Kang now was still a relatively independent existence-they weren't a common Noble House yet, but their status had already surpassed the common noble houses, and they might even be a hidden Noble House!

Everyone in the world of cultivation knew that house Kang had the eighth elder of the sky elixir sect, and those who were more well-informed knew that Zhaoming was the son-in-law of patriarch xuanchen. Who would dare to mess with house Kang?

Of course, no one dared to mess with house Kang, but house Kang wasn't exactly happy either! Because they didn't dare to provoke others! The common houses and the majority of the hidden houses were all under Lin Yi's command. Lin Yi was someone that even Zhaoming had a headache dealing with, how could house Kang dare to mess with him?

And so, house Kang only managed to get some small benefits, and couldn't get any big benefits. With the help of the sky elixir sect, they were able to do some moderate business, and their business was being pushed back by the automatic cauldrons.

"Zhaoming, what are you doing?" Zhaolong was now the young master of house Kang, and when he heard that Zhaoming was back, he quickly ran out to welcome him, but there were Sky Class late phase peak Masters standing outside for a few days now! Zhaolong was scared out of his wits!

He'd started practicing the practitioner's Arts Kang Zhaoming had given him, and he'd stepped a little into the world of practitioners. He wasn't strong enough, but that didn't stop him from sensing the strength of other practitioners!

"Haha, let me introduce you-these three used to be house Zhao's Masters, but now they're my subordinates. They're all Sky Class late phase peak Masters!" Zhaoming said as he pointed at the group.

"Ah!" Zhaolong was shocked-these three were Sky Class late phase peak already? However, her brother's strength had not changed. How could he control so many experts?

They weren't from the five elements sect, but the Zhao family. This was a little strange!

"Greetings, young master Kang!" Zhao Qibing, Zhao Guangyin, and mianhuapei quickly cupped their fists. The three of them knew what was going on-Zhaolong was weak, but he was still Eleven's brother-in-law, and they had to respect him.

"Oh?" Zhaolong was even more surprised as he nodded at them.

"This is my second senior, Sky Class late phase peak full master!" Zhaoming said.

"Young master Kang, I'll call you brother Kang, hehe!" The waiter also said in a very warm and humble manner.

"This ..." Zhaolong didn't know what to do. "Zhaoming, tell me, how did you get so cocky?"

"Haha, actually, father-in-law sent me here to investigate something. It's most likely related to Lin Yi, so I brought these Masters. If possible, I'll kill him along the way!" Zhaoming said faintly.

"Argh! That's great!" "You're going to kill Lin Yi?" Zhaolong asked. Zhaoming, do you know how much I hate this Lin Yi? His own fiancée, but sleeping with him all day long, your brother is so aggrieved every day! Even though people will think more highly of us when they talk about house Kang because you're the eighth elder of the sky elixir sect and the son-in-law of patriarch xuanchen, we don't know what they say behind our backs! We're so powerful, but we're not even as powerful as that freelancer Lin Yi, this is really ... Sigh, it's hard to explain!"

"Brother, don't worry, I couldn't solve this before, but this time, as long as it has anything to do with Lin Yi, he's dead for sure!" Kang Zhaoming said proudly.

"Uh, what if they're not related?" Zhaolong asked.

"If it doesn't matter, I'll just make up a relationship and make him have a relationship! Don't worry, brother, I want him dead more than you do! Wahahaha!" Zhaoming laughed maniacally, but he had four Sky Class late phase peak Masters with him-killing Lin Yi was as easy as flipping his hand! He didn't need to spend any effort at all!

The most important thing right now was to find out if the Paoli were still here. Kang Zhaoming subconsciously thought that the Paoli were helping Lin Yi and house song. Otherwise, with Lin Yi's strength, killing four Sky Class late phase peak Masters would be a dream, Kang Zhaoming didn't believe it at all!

"Haha, you're awesome, brother. I'll leave this matter to you! I'll torture that bitch Wang Xinyan when I get her back! How dare she make me a cuckold! I'll dye her hair green! I'll kill her!" Zhaolong's heart was starting to twist-Lin Yi's attack had turned him into a demon.

Chapter 3440 A Chance Encounter On The Street

"Don't worry, big brother. I know you've been holding a grudge over this. If you lose face, I'll lose face as well. I'll take care of Lin Yi for you!" Zhaoming patted his chest."You can go and arrest them now. Get that bitch Wang Xinyan back first and wait for my good news!"

"Ugh ... Forget it, let's wait until Lin Yi's dead ..." Zhaolong didn't dare to do that. After all, if Lin Yi was dead, everything would be fine, but what if he wasn 't?

Then he'd bring Xinyan here first, and Zhaoming wouldn't be able to hold on for long. He'd be in big trouble if Lin Yi didn't kill him, or at least cripple him! Even if he didn't do anything to Wang Xinyan, he wouldn't be able to get away with it!

"Alright then, just wait for my good news!" Zhaoming saw his brother's cowardice, but didn't say anything. After all, he and Zhaolong were the pot calling the kettle black. He wouldn't dare go to Lin Yi alone if he didn't have a couple of Masters backing him up. It was too dangerous.

That night, the Kangs "house was decorated with lights and decorations, celebrating Kang Zhaoming's return to his hometown. It was only after one in the morning that everyone went to sleep. If it wasn't for Kang Zhaoming's investigation tomorrow morning, they would probably be staying up all night!

This was because Zhaoming was just too strong, bringing four Sky Class late phase peak Masters with him-this was something even the ancient noble houses couldn't compare to.

The next morning, Kang Zhaoming brought the three house Zhao's Masters and the waiter to Yanjing city!

Kang Zhaoming didn't look for trouble with house song directly. Instead, he stayed in the vicinity and observed slowly! He wanted to see if the Paoli clan was nearby!

He'd been to the Paoli tribe before, and he was quite familiar with their appearances. He could tell the difference with one look, and so if these people were nearby, they wouldn't be able to escape Kang Zhaoming's eyes.

"Junior Brother Kang, there doesn't seem to be any outsiders coming to the song family these days?" After two days of surveillance, there were no outsiders in the song family. Only a few disciples of the song family came and went, obviously shopping. Therefore, the waiter asked with some doubt.

"That's right, I don't think so. Even if the Paoli family came to the song family, they wouldn't stay at home all the time. It's meaningless for them to stay at home. If they don't walk around, they'll probably go back!" Kang Zhaoming nodded.

"What should we do next?" The waiter asked.

"Let's wait a little longer. We'll go after we're sure there's no one else in the song family!" Zhaoming was arrogant, but he was still careful.

"Alright! There's no harm in being careful!" The waiter agreed with Zhaoming's point of view.

That afternoon, Kang Zhaoming saw Lin Yi and song Lingshan leaving the song house together. It was as if he had discovered a new world!

"So Lin Yi is in house song!" Zhaoming was overjoyed,"if the Paoli were in house song as well, then Lin Yi wouldn't have come out without them. It looks like they're no longer in house song!" I'll go test Lin Yi!"

"Ah? Junior Brother Kang, you're going to personally take action?" "There won't be any danger, will there?" the waiter was shocked.

"That won't happen. I'll just pretend to run into him by chance and ask him a few questions. He can't do anything to me!" "I know Lin Yi, he won't go against the five elements sect just yet. Plus, he's asking me to make pills for him!" Zhaoming said.

"Alright, be careful then!" The waiter saw that Zhaoming had made up his mind, so he didn't say anything else.

In fact, Lin Yi was shopping with song Lingshan today because song Lingshan asked him to go out with her. After all, Lin Yi couldn't stay in house song forever, and he had to go back. Chen Yushu was going to the fiery mountain soon, and Lin Yi promised to take her there.

As for song Lingshan, she just wanted to find the feeling of being in love. Her relationship with Lin Yi was a bit rough, and she had many one-sided suitors. Although Lin Yi finally accepted her, song Lingshan always felt that her relationship with Lin Yi was far worse than Chu Mengyao, Chen Yushu, Wang Xinyan, Tang Yun, Feng Xiaoxiao, even sun Jingyi! So song Lingshan wanted to improve her relationship with Lin Yi!

It was rare for Lingshan to make a request like this, and Lin Yi naturally agreed.

In fact, Lingshan wasn't the type of girl who liked to shop. She only came out this time to get the feeling-she didn't care what she bought, she only cared about who she was shopping with!

The two walked aimlessly on the street, looking at all sorts of merchandise. Lingshan didn't pay much attention to them, however, and just continued walking with Lin Yi, talking about the interesting things that happened when they first met in Songshan.

Although it had only been a year, it felt like a long time. The two of them sighed.

As they were walking, someone walked up to them. Lin Yi froze, and so did Lingshan-they hadn't seen this person for a long time!

"Ha, isn't this boss Lin Yi? What a coincidence, what are you doing here?" Kang Zhaoming saw Lin Yi and ran over to greet him in surprise.

"Kang Zhaoming? Aren't you at the sky elixir sect and the five elements sect? What are you doing here?" Lin Yi didn't know why Kang Zhaoming was here, but nothing good ever came out of this man!

"Oh, I just went home to show off, and then came to Yanjing to find some connections and get some business!" Zhaoming shrugged. "I'm a member of the five elements sect and the sky elixir sect now. I'm so powerful, but my family isn't doing so well. The pill business has been affected by your cauldron, and I can't do much. I've got a lot of stock in stock, so I can only take a look and contact the auction house to sell those pills to the secular world!"

"Oh, really?" Lin Yi felt that Zhaoming was telling the truth, but the guy didn't seem like the type to tell the truth. It didn't really have anything to do with Lin Yi, so he said, "Where are my pills? When will you give it to me? I'm already Sky Class mid phase peak-if you don't give it to me now, I'll be max level already! There's no point in eating it now, so you'll have to keep it for yourself!"

"Uh ... You've leveled up again?" Zhaoming blinked, not expecting Lin Yi to level up again-he was Sky Class mid phase peak now!

"Don't talk so much nonsense, when are you giving me the pill?" Lin Yi asked.

"This ... Next time. It's almost done, but I didn't bring it. I didn't know I would meet you here, so I didn't prepare it!" Zhaoming said.
