

Bodyguard 3441

Chapter 3441 Kang Zhaoming Visits

"Forget it, I still have things to do. You can go on your own." Lin Yi waved his hand.

"Ah, that's right, can you bring me to see the people from the Paoli clan?" Zhaoming said suddenly.

"The Paoli clan? What are you doing?" Lin Yi blinked, not understanding what Zhaoming was talking about.

"Oh, it's like this. Small one's body is gone, and I want to get it back. I think only the Paoli clan knows a little about this. I want to ask, didn't they come here a while ago?" Kang Zhaoming asked.

"You're here?" Lin Yi frowned and asked without changing his expression.

"Yeah, I heard that they're here to help drive away some foreign master ..." Zhaoming said.

"Oh ..." Lin Yi's mind was spinning, trying to figure out what Kang Zhaoming meant by that! How did Kang Zhaoming know that house song sent a foreign master to cause trouble? What did he mean by asking about the Paoli clan?

Could it be ... That he was related to those foreign experts? Or rather, did he think that it was because he had invited the Paoli clan that those foreign experts were killed? Thinking about it, that was the only possibility!

"Oh? Did you see them?" Kang Zhaoming asked quickly. He didn't know what Lin Yi meant by "Oh"?

"What does it have to do with you?" Lin Yi asked.

"Didn't I tell you? I'm looking for small one's body. I suspect they've hidden it!" "After all, I was the one who lost the body," Zhaoming said with a bitter face. "Xuanchen's father-in-law entrusted this task to me!"

"Is a corpse that important?" Lin Yi asked, confused.

"It's not important, but we have to find out where the body went. " "Master Lin Yi, your master is xuanchen ancestor, so I won't hide it from you. You know that the disciples of the five elements sect have soul Jade cards, right?" Zhaoming said.

"I've heard of it, but I don't really know. " Lin Yi said.

"It's like this. If a disciple of the five elements sect were to die outside, the soul Jade card would also break accordingly. However, little one's Jade card only cracked, but it hasn't broken yet. Since his body is gone, we can't be sure if he's Dead or Alive. So, I have to find out the truth!" Zhaoming explained.

Lin Yi's heart skipped a beat. So, the xuanchen ancestor had already noticed the problem? Little one had been transformed into a puppet. He was dead, but he wasn't dead. No wonder the soul Jade plate only cracked but not shattered!

"Then you should go to the hakunamarta desert. They have already gone back." "I'm friends with them, but they can't be with me all the time, right?" Lin Yi said. I still have my own matters to attend to!"

"I see!" Zhaoming's face was a little disappointed, but he was overjoyed inside. "Then forget it, the journey there is too far. I can't afford to go there again! By the way, you're staying with the song family?"

"Yes, what's the problem?" Lin Yi nodded.

"It's nothing. Anyone else? Can I stay there?" Kang Zhaoming asked.

"There's also Lingshan's sister, Ling LAN, and her second Grandpa. You can't stay here. We're all annoyed by you. " Lin Yi said honestly. If Zhaoming knew that house song had a foreign master looking for trouble, how could he not know about song Lingrui and song Xianghua?

"Then forget it, I'll be leaving first!" Kang Zhaoming nodded and waved to Lin Yi.

"Don't forget about my pill!" Lin Yi reminded. If he had another Qi gathering pill now, then Lin Yi should have some confidence in breaking through to Sky Class late phase!

"I can't forget. I'll give it to you next time!" Kang Zhaoming said and quickly left.

After Zhaoming left, Lingshan said, "Lin Yi, I think there's something wrong with this Kang Zhaoming. My professional instincts tell me that he's hiding something ..."

"I can tell, but who knows what he's thinking? Anyway, be careful when you go back, this guy probably came with bad intentions. " Lin Yi nodded.

Because of the incident with Kang Zhaoming, Lin Yi and song Lingshan didn't have the mood to walk around anymore and returned to house song.

At the song family dinner, Lin Yi told song xiangwen about his encounter with Kang Zhaoming. Song Lingrui and song Xianghua didn't know who Kang Zhaoming was, but Lin Yi briefly explained his identity so that they could get to know him better.

"That's weird, this Kang Zhaoming is an elder of the heavenly elixir sect and the son-in-law of the five elements sect, why would he come all the way here to get involved in this?" "How did he find out that there are Masters from the outside who came here to attack us?" song Lingrui was confused.

"I think it's weird too-I feel like that foreign master has some sort of connection with Kang Zhaoming, but I'm not sure what that connection is yet!" Lin Yi said, shaking his head.

"Forget it, I'll deal with it when the soldiers come, and I'll deal with it when the water comes!" Song Lingrui waved her hand and said, "Although the five-elements sect is powerful, there aren't many people left after brother-in-law killed a few experts. Even if their ancestor xuanchen is very powerful and came in person, second Grandpa, brother-in-law, and that helper will be able to easily annihilate them!"

"It's always good to be careful! Xiao Ling, don't be so arrogant!" Song Lingshan frowned and reminded. She realized that song Lingrui's confidence was getting a little too high. She was too dependent on and believed in Lin Yi's strength!

"Well, what you said makes sense. It's right to be careful. However, with the strength of the five elements sect, even if xuanchen comes, we have the confidence to fight!" Lin Yi said with a nod.

"Haha, brother-in-law is the best!" Song Lingrui looked at song Lingshan proudly.

Lingshan shook her head helplessly.

The family finished dinner together and was about to go back to rest when they suddenly heard a loud shout from the song family's door!

"People of the song clan, listen up. The five elements sect's Messenger has arrived. Please quickly come out to welcome him!"

This voice was very abrupt, causing everyone present to be shocked! However, upon hearing the words 'five elements sect's emissaries', these people's faces revealed a look of understanding!

They were just talking about Kang Zhaoming, and here he was! Speak of the Devil and the devil will come!

But the voice wasn't Kang Zhaoming 's.

"Let's go and take a look. " Lin Yi had unknowingly become the pillar of support for house song-he saw both song xiangwen and song Xianghua looking at him, so he nodded and stood up first.

"Alright!" Song xiangwen and song Xianghua also nodded. They were confident now!

Chapter 3442 Let's See If You Can Insta-Kill One

He wasn't as nervous as the first time the Firewolf gang Masters came. With Lin Yi here, he was confident!

Song Lingrui was even more excited, as if there was going to be a good show!

Under Lin Yi's lead, house song's people arrived at the main entrance. Lin Yi saw Kang Zhaoming, a stranger, and three familiar faces standing beside them!

Lin Yi hadn't seen this stranger before, but from his clothes, he should be a disciple of the five elements sect. He didn't know his rank. As for the other three familiar faces, Lin Yi frowned.

They were actually from the Zhao family! Zhao Qibing, Zhao Guangyin, and mianhua! Why were the three of them here?

"Kang Zhaoming, so you were here to bullshit with me during the day, and now you're here at night. Are you here to destroy me and house song?" Lin Yi looked at Kang Zhaoming and said coldly.

"Ha, Lin Yi, you still don't want to build one?" Zhaoming laughed. "I'm here because the five elements sect and the overseas Firewolf gang have started a full-scale cooperation. Those four were from the overseas Firewolf gang, and you got the people from the Paoli clan to kill them. How can we let you go?" This time, not only you, but the song family will be finished too. We'll take song Lingrui away too! Now, you're all crying for help, and there's no response. Without the Paoli clan, what can you do?"

"Are you done?" "You're that confident that you can kill me?" Lin Yi looked at Zhaoming indifferently.

"Of course, did you see that? This is my second senior, Sky Class late phase peak!" Kang Zhaoming pointed at the waiter beside him, "If you think that there's only one Sky Class late phase peak, then you're gravely mistaken! Because there's still more!"

"There are more?" Lin Yi frowned and turned to the three Zhao 's-there were only a few of them here, so if Kang Zhaoming said there was someone else, it had to be these three.

But Lin Yi knew their strength before, they weren't too strong, so he didn't pay much attention to them before. But now, he was surprised! These three people were Sky Class late phase peak?

How could that be possible? How did the strength of these three people increase so quickly? If they were all inheritors, Lin Yi would believe it, but three normal practitioners from house Zhao were able to become top-tier Masters in such a short time? this was too unbelievable!

However, Kang Zhaoming didn't know that Lin Yi had this kind of golden finger. He turned to Kang Zhaoming and smiled faintly, "What else is there? Tell me. "

"These three masters from the Zhao family are now Masters of our five elements sect, and they're also my bodyguards and fighters. I'll just kill you for fun!" Kang Zhaoming looked at Lin Yi arrogantly, "Now, I'll give you a chance. Tell us, how did the four overseas experts die?"

"He died just like that." Lin Yi said faintly.

"Hey, I think you're just refusing a toast only to drink a forfeit!" Zhaoming's face changed-he didn't think that Lin Yi would be this relaxed even when facing four Sky Class late phase peak Masters. He wasn't happy, "Second senior, teach him a lesson! Let him know who had the final say here! Don't you want to take revenge for eldest senior brother? He was the one who killed eldest senior brother!"

"Lin Yi, right? I've long heard of you. " The waiter said indifferently, "you can't beat him, but you found someone else to kill eldest senior brother. How despicable!" I've long wanted to settle the score with you!"

"Hehe, you mean Kang Zhaoming? You can't beat me, so you found a bunch of people?" Lin Yi didn't mind at all, smiling faintly.

Song Lingrui, on the other hand, looked at Lin Yi in shock! The first time Kang Zhaoming called Lin Yi, she thought she heard it wrong and heard it as Ling Yi, but this time, she was sure that it was Lin Yi! And not Ling Yi!

This man was Lin Yi? Isn't that the person I want to kill? How was this possible?

Although Ling Yi's name was similar to Lin Yi 's, song Lingrui didn't mind. After all, it was like the Chinese people hearing the names of foreigners-they would think that the pronunciations were similar! Song Lingrui grew up overseas, so it was the same for her. She thought that there were many people with the same name and pronunciation in China, so she didn't think too much about it at the beginning.

Now that she thought about it, her sister's weird expression when she heard Lin Yi's name. She finally understood-this Ling Yi was Lin Yi, the person she wanted to assassinate, her brother-in-law!

Thinking of this possibility, song Lingrui was a little discouraged and scared! If this man wasn't her brother-in-law, she would be killed if she went to him! Didn't you see how badly the four Fire Wolf war gods died?

Song Lingrui sighed. Luckily, she didn't do anything rash. Otherwise, she wouldn't even know how she died!

"Don't say those useless things!" Zhaoming wasn't pleased at being exposed,"Look, these experts of the Zhao family who were once trampled under your feet are now all ruthless people! You'll be crying in a while!"

Lin Yi glanced at the Zhao's practitioners, his eyes turning cold."Zhao Qibing, long time no see, you're still showing off?"

"Hehe, Lin Yi, The Winner Takes It All-I, Zhao Qibing, am finally here! Not only you, but also Chu Mengyao and Chen Yushu, I'm going to get back at them for the humiliation and hurt they've caused me! After you die, they will follow in your footsteps!" Zhao Qibing was finally showing off, so he started to scream like crazy.

"Is that so? Then don't regret it later. " "You chose to go against me," Lin Yi said faintly, "you won't have a good ending! You may be Sky Class late phase peak, but you should know that I'm good at killing people above my level!"

"Instakill?" Qibing's face changed as he thought of something, but he quickly calmed down. "Hmph, instantly killing a Sky Class late phase peak? What a big joke. If you have the ability, why don't you try killing one of them in seconds?"

"I've already Insta-killed you. What are you going to do?" Lin Yi looked at Qibing mockingly.

"Stop talking nonsense. Since you can instakill, you can instakill me first! Take my move!" The waiter shook his hands and an ink-black staff appeared in his hands. This was his heaven-grade weapon, and it could be combined with pure Qi to unleash a powerful attack. It could raise the power of the twentieth form to its limit, and even if it couldn't kill Lin Yi in one hit, it could at least cripple him!

Chapter 3443 The Three Traitors Run Fast

He came here with the intention of getting revenge for small one, and since he had the chance to show off his strength to Lin Yi, he didn't hold back at all. He activated his Arts and swung his staff at Lin Yi's face!

The waiter was fast, but Lin Yi was prepared for it. He put on his lightning storm boots and dodged the attack with butterfly steps! The speed depended on who the target was. Song Lingrui and Song Xianghua might be caught off guard, but Lin Yi had the lightning storm boots and butterfly microsteps. It would be weird if he got hit even when he was prepared!

The waiter blinked when he saw Lin Yi Dodge! He was confident that his speed was the fastest in the five elements sect, but he had yet to see anyone who could easily Dodge it! But Lin Yi dodged it!

He wanted to chase after Lin Yi, but when he turned around, he saw a palm covered in flames coming at him!

"The twelfth style of the wild fire Eight Trigrams palm!" Lin Yi shouted and used the chance to slap at the waiter!

Since the waiter wanted to use him to establish his might, then he was actually using the waiter to establish his might!

After a few days of training in the song house, Lin Yi was able to successfully activate the twelfth style of the palm! The 12th move was already quite powerful, and with the enhancement of the essence Qi necklace, the waiter would be disabled if not dead!

With a boom, the waiter was sent flying by the force of Lin Yi's palm, landing beside Zhaoming with a loud crash. His legs twitched for a moment before he stopped moving. No one knew if he was still alive or not!

"Gah!" Zhaoming was dumbfounded, and so were the three masters from house Zhao! What was going on? Did he really kill her instantly?

"Alright, it's over. Zhao Qibing, did you see that?" Lin Yi smiled as he looked at Qibing-he didn't look like someone who'd just taken out a Sky Class late phase peak!

"Ugh ..." Qibing's face turned ashen, and he kneeled on the ground with a "plop"-he peed his pants!

Zhaoming's face paled! He didn't expect Lin Yi to be this strong, taking out the waiter in one move!

Could it be that Lin Yi had the ability to kill small one back then, but he didn't do it? was he looking for the Paoli for something else? At that moment, Kang Zhaoming didn't know what to do. He stood there, not knowing what to do!

"Master Bing, what's wrong? Is there something wrong with your leg?" Lin Yi looked at Qibing mockingly-he'd used up all his Qi! Because he realized that with his Sky Class mid phase peak strength, he could only use the 12th style once!

It was impossible to activate even a little more, as it consumed too much physical strength and true Qi! Therefore, even though he appeared to be very powerful on the surface, he was actually making the best use of the time to recover his physical strength and true Qi!

If the three masters from house Zhao came to Lin Yi and surrounded him, he would have to summon the purple lightning Beast and run! He didn't even have the strength and true Qi to activate the butterfly microsteps.

"Ah ... Yes, I've been practicing the thousand kick, there's some side effects ... Haha, I often can't stand still, and I'm scared to the point of kneeling when I see God Lin ..." Zhao Qibing laughed dryly, ""It seems like the side effects of my strength increasing too quickly are quite obvious!"

"Oh, I see." Lin Yi nodded, "then what are you three masters from house Zhao doing here?" Are you here to attack me and the song family? Come on, I'll kill the three of you in seconds, and I still have to go back to eat! I'm really upset to be interrupted halfway through my meal!"

"Ahem ..." Qibing was scared out of his wits, and guangyin and mianhua took two steps back subconsciously! This Lin Yi was too strong! Back then, Lin Yi was like a god of death who massacred house Zhao!

They thought that after joining the five elements sect and going through so much pain, they'd become Sky Class full Masters one day, and then they'd be able to kill Lin Yi to avenge house Zhao's destruction!

But today, they regretfully discovered that the gap between their dreams and reality was too great! They realized that it was impossible to kill Lin Yi for revenge! At least, it would be impossible in this lifetime!

Before, when Lin Yi wasn't this strong, they still had hope, but now that Lin Yi was at the peak of the world of practitioners, able to kill Sky Class full Masters in seconds, they had no more hope!

Sometimes, hope and giving up could be decided in a single thought! Unless they could advance to the heavenly Dao, that unattainable legendary realm. However, experts like them who had been man-made would never be able to advance again in their lives!

If they didn't use medicine to maintain their strength, then after their bodies lost the medicinal effect, they wouldn't even be as strong as before. They would only be much weaker than ordinary people.

But now, the three of them felt dispirited. It was impossible. They would never be able to take revenge! Lin Yi's strength had wiped out any thoughts of revenge in that instant!

"That God Lin Yi, we're just here to watch the show. In fact, we've long seen through the mortal world, and the three of us have long wanted to leave the five elements sect. We've been preparing to convert to Buddhism-yes, yes, to become monks! We're leaving! "Amy's tofu, I'm leaving ..."Qibing said incoherently and turned to run!

Guangyin and mianhuaxu followed behind him, running as fast as they could! However, they all had the same idea, which was to find a place to live in seclusion from now on. Because there was no hope of revenge in this life, there was no point in playing with the five elements sect, and they could just live the rest of their lives in peace!

The Zhao family had a lot of savings overseas, enough for three people to live.

Seeing his three bodyguards run away, Kang Zhaoming was a little scared! Wasn't this betrayal a little too fast?

"Zhaoming, you're not being honest-you didn't say you were coming when you bumped into me! I'd have to prepare if I knew you were coming!" Lin Yi said with a half-smile as he looked at the lonely Kang Zhaoming.

"Haha, boss Lin Yi, you must be joking ... I ... I was forced to do this, it's that miss LAN from central! She asked me to investigate the death of the four overseas experts. The three bio-humans of the Zhao family were also modified by the central. I was just leading the way, it has nothing to do with me!" Zhaoming explained with a sad face.

"Is that so? What was the center? Isn't it the firewolves?" Lin Yi asked.

"The firewolves and the red conch are both subordinate organizations under central. Their superior organization is called central!" Kang Zhaoming was afraid of death, so he told them everything he knew. There was no one else here to tell on him, so he could just blame it on the waiter.

Chapter 3444 Sky Class Trial And Sky Class Meeting

"Oh?" Lin Yi frowned, "so, central and five elements sect are working together, and people from central want to take song Lingrui away from house song, right?"

"It's like this! So, I have nothing to do with this! The waiter wanted to get revenge for small one, so he was in a hurry to make a move. I've already told him on the way here that boss Lin Yi was unbelievably strong and that he was no match for him at all, but he didn't believe me!" "But there's nothing we can do about it-he's been in the five elements sect for too long, and he doesn't know how strong the outside world is, and how many masters there are. Sigh, let's not talk about him, he's dead!"

"Then what are you doing here?" Lin Yi asked with a smile.

"I ... This, hehe, I'm here to look for the body, I told you ..." Kang Zhaoming quickly replied.

"Oh, the corpse isn't here." Lin Yi waved his hand. "Next time, when I see you, bring me the pills. I'll remember what happened today. If you don't have the pills, you'll die, because you're worthless to me."

"Alright, alright! Definitely, definitely!" Kang Zhaoming quickly nodded. He didn't think that he would be able to escape this time. It was really fortunate!

"Then you can go. I won't keep you for dinner." Lin Yi didn't kill Kang Zhaoming because of the Qi gathering pill, and also because he didn't want to make things too difficult for the five elements sect at the last moment!

After all, the five-elements sect was the founder of the inheritor plan, and those inheritors were all related to Lin Yi. Lin Yi didn't want to be on bad terms with ancestor xuanchen too early. Now that the waiter was dead, Zhaoming was letting him go as a form of respect!

Since they were the ones who started the trouble, patriarch xuanchen could only suffer in silence! He did not know how many of patriarch xuanchen's disciples were left, but most of them were probably dead.

"Alright then, boss Lin Yi, I'll be leaving!" Kang Zhaoming was relieved as if he had just been granted Amnesty. He turned around and ran, but after two steps, he remembered the waiter's body and didn't dare to turn back!

"You can take this man's body back." Lin Yi didn't have much use for it, "Also, you can take the bodies of the four overseas Masters. But this staff is a good weapon. I'll confiscate it!"

"I should, I should." Kang Zhaoming didn't dare say no. It would be good enough if they returned the corpse to him!

House song's people quickly brought out four woven bags and threw them on the ground next to the waiter's body. Kang Zhaoming put the things into his car, jumped in and sped away ...

Looking at Kang Zhaoming's back, Lin Yi didn't say anything more. He turned to the song family, "I don't think he'll come again-there aren't many masters left in the five elements sect, and even if there's a Sky Class full master, it's still possible for Xiao Ling and second Grandpa to fight one of them. Plus, they won't come here to die."

"Wow, brother-in-law, you're so handsome! You've only broken through one level, and you're able to kill a Sky Class late phase peak in seconds?" Song Lingrui looked at Lin Yi curiously, "Do you know that the overseas cultivators Association's mission was for me to kill you?"

"I know." Lin Yi didn't expect Lingrui to react like this after knowing his identity. "When do you plan to make your move? While I'm sleeping?"

"Haha, how is that possible? I'm not that stupid!" Song Lingrui shook her head, "what will happen to my sister if I kill you?" Besides, I can't beat you. What if you're dreaming and you kill me with one palm? Where can I go to reason with you?"

"Hehe." Lin Yi smiled, not expecting the awkwardness to be resolved so easily.

"So, master Ling Yi is Lin Yi! No wonder the overseas cultivators Association suffered such a big loss. This time, even the five elements sect and the fire Wolf Gang suffered heavy losses. They should really regret being your enemy!" Song Xianghua chimed in.

"It's alright! "I could only kill Sky Class full Masters in seconds after breaking through, otherwise I'd have to fight them twice before ..." Lin Yi sweated.

"Brother-in-law, what kind of heart cultivation method and martial skill are you using? how are they so powerful? Can I cultivate it?" Lingrui asked.

"If you can endure hardship, you can cultivate it too. However, this mantra is a mantra that is extremely yang and masculine. You are a girl, so you shouldn't be able to cultivate it." "And it seems like I'm the only one who can train, it's hard for others to make progress!" Lin Yi said.

Lin Yi was talking about the Jade space. Without the Jade space, Lin Yi's art of Dragon mastery would never progress.

"Alright, then forget it." Lingrui shook her head, "brother-in-law, you know about the Sky Class test, right?"

"A heaven class trial? What is this?" Lin Yi shook his head. He seemed to have heard of it before, but he wasn't sure.

"It's a trial by fire initiated by the five elements sect! I heard that this test will be the final selection of the people who will be able to participate in the meeting of the Sky Class! Only practitioners who pass the test will have the chance to attend the meeting!" Lingrui explained.

"Heaven class meeting? What do you mean?" Lin Yi asked.

"The Sky Class meeting-it's a meeting where everyone talks about landing on Sky Class Island, and only those who attend the meeting have the right to participate in the plan!" Lingrui said.

"Oh? So that's how it is-that means that all practitioners who want to participate in the meeting of the Sky Class and obtain the chance to become a sky-level practitioner have to first go to the trials, right?" Lin Yi understood what Lingrui was trying to say.

To be honest, he didn't know these things before, and no one told him.

"You can say that, but every ancient sect and ancient family has a fixed number of participants! However, this person had to be Sky Class late phase peak! If you don 't, then you've given up on the opportunity!" "And not everyone can take part in the Sky Class test," Lingrui said. "There are conditions!"

"There's a condition? What are the conditions?" Lin Yi asked quickly. He felt that it wouldn't be a problem if they forced themselves into the sky Class meeting, but if there were other ways, it would be better to follow the normal route.

"Every ancient sect or house-the five elements sect will give them a quota for the test, meaning that as long as they're a Sky Class, they'll be able to take part in the test. After the test ends, the practitioner who passes will have the chance to join the Sky Class meeting!" Lingrui explained.

Chapter 3445 The Secret Of The Map Fragment

"In that case, rogue cultivators don't stand a chance?" Lin Yi blinked-wasn't that the same as rejecting all wandering practitioners?

"No, solo cultivators have a chance as well. To balance things out, the rules for solo cultivators to participate in the test were set many years ago-any solo cultivator who has a map fragment of the Sky Class Island can use it as a sign up to participate in the test!" "However, this map fragment was hidden very well back then. I don't think many wandering cultivators have it!" Song Lingrui said.

"A map fragment of the Sky Class Island?" Lin Yi's heart skipped a beat. Could it be ... The map fragments he collected? He didn't know what it was before, but it seemed like it was possible now!

"Yes, but of course, it's not the real Sky Class Island Map. It's a copy of the map, made by the five elements sect back then. They cut it up and distributed it so that these wandering cultivators could have a chance to participate in the test!" Lingrui said.

It turned out to be an admission ticket! Lin Yi nodded. This made sense-if it really was a treasure map, then there wouldn't be a single piece missing. It'd be too hard to get all of it! However, if it was a ticket, only one of them could be used!

This also explained why these maps were so well-hidden.

"Then, if I don't have the map fragment, can I not go?" Lin Yi asked without changing his expression.

"In theory, yes. But this time, in order for me to kill you, the overseas cultivators Association has arranged for me to participate in the trial. Brother-in-law, you will also be allowed to participate." Lingrui said.

"Why is that? Does the overseas cultivators Association have such great power to influence the five elements sect's decision?" Lin Yi was taken aback."But that's not right. The five elements sect is working

with the central now, so the five elements sect and your overseas practitioner's Association should be opposing each other. How can they influence this?"

"I'm the only one who's opposing you!" Song Lingrui smiled bitterly. "Actually, I know a secret. The president of the overseas cultivators Association, he tuan TOU, is the younger brother of the current acting sect leader of the five-elements sect, patriarch Black Earth!"

"What?" Lin Yi's eyes went wide-he didn't know there was a secret like this! These two people were actually brothers? The relationship between them was really complicated!

"That's right. Patriarch xuanchen's real name is he Xizi. They are Blood Brothers, and he Xizi was also a member of the five elements sect in his early years. However, he wandered overseas a long time ago and established the overseas cultivators Association!" "Only my second Grandpa, a high-ranking official of the overseas cultivators 'Association, would know about these secrets!" Song Lingrui said.

"I didn't expect that ..." Lin Yi sighed, ""So, in order for you to kill me, he TOU TOU will get ancestor xuanchen to arrange a spot for me in the heaven class trial?"

"He should be." Song Lingrui nodded. "But it's hard to say if they will now. After all, if they communicate with each other, they might reveal our relationship ..."

"I know." Lin Yi didn't mind. Even if they didn't arrange for him, he still had the map fragment as his entrance ticket to the heaven class test. It wouldn't be up to the xuanchen ancestor to change the rules announced by the five elements sect. It would be too embarrassing!

Kang Zhaoming left, and so did house song's people. As for Lin Yi, it was time for him to go back. Shu was leaving, and Lin Yi still had to bring little nine to Huang tu Gao sect. Time was running out!

The automatic Grade one and grade two cauldrons almost wiped out the sky elixir sect's business. The entire cauldron market and the market for grade one and grade two pills were monopolized by the automatic cauldrons without any suspense. This made patriarch xuanchen extremely depressed!

"Miss LAN, when will professor Benjamin the second crack the new cauldron?" Patriarch xuanchen had to ask every day.

"Soon. Science and Technology aren't like cultivation. How can it be so fast? Mr. Xuanchen, don't be impatient. We will probably get the answer soon!" Miss LAN said.

"Reporting!" Suddenly, a disciple shouted loudly outside the door.

"Who is it? What's the matter?" The xuanchen ancestor asked. Now, Lil 'one was dead, Lil 'two went to find trouble with Lin Yi, and the remaining disciples of the xuanchen ancestor were either dead or disabled. The xuanchen ancestor had yet to find someone to replace Lil 'two, so the disciple who shouted was in charge of cleaning the soul Jade tablet.

"Reporting to ancestor xuanchen. Something bad has happened!" The disciple hurriedly entered patriarch xuanchen's room and said, ""Second senior's soul Jade tablet is broken!"

"What?" At this moment, patriarch xuanchen's head suddenly buzzed. He stood up abruptly and glared at the disciple. ""What did you just say? The waiter's Jade token was broken? Are you sure?"

"Patriarch xuanchen, how could I lie? it just happened ..." The disciple said carefully with a bitter face.

"Take me there!" Patriarch xuanchen was anxious. He did not care that miss LAN was still beside him and rushed out of the room to follow the disciple.

Miss LAN didn't care about this either-she was frowning as well-she knew the waiter's strength, he was Sky Class full master! If something happened to him, what did that mean?

The three modified disciples from house Zhao were probably dead too-was this Lin Yi really that strong? He could actually kill so many people?

Miss LAN followed him all the way to the place where the soul Jade tablet was stored. She saw patriarch xuanchen walk to a broken tablet with a dazed look in his eyes."As expected...As expected, the waiter is finished too!"

Looking at the row of shattered soul Jade tablets, patriarch xuanchen seemed to have aged a lot at that moment! What kind of sin had he committed!

Could it be that back then, he had set up a trap to drive out ancestor Xuan Tian, and now, boss Bai's disciple had come to seek revenge? Which of these disciples "deaths had nothing to do with Lin Yi?

"Mr. Xuanchen, my condolences. If anything happens to the waiter, I'm afraid the three Zhao family experts won't be able to come back." Miss LAN sighed and said, "it seems that I'm not the only one who has suffered heavy losses. You're the same!" We all have a common enemy!"

"That's true, but if you can really restrain your grief, that's good! Lin Yi, I'm going to kill you!" Patriarch xuanchen shouted with a ferocious expression, ""Right, where's Zhaoming's Jade card? Is he alright?"

"What's wrong?" the xuanchen ancestor suddenly thought of Zhaoming and quickly asked a disciple beside him.

Chapter 3446 Testing Boss Bai

"Senior brother Kang's memorial tablet is very good, there's no problem at all!" The disciple quickly said.

"That's good ..." Patriarch xuanchen heaved a sigh of relief and nodded. "That means Kang Zhaoming's coming back soon. We'll see the details when he's back!"

The xuanchen elder was right-Zhaoming didn't dare show off in house Kang anymore. He left house song and drove back to the five elements sect!

That night, patriarch xuanchen saw Zhaoming returning.

"Father-in-law, this is bad, that Lin Yi is too strong! No, we're simply raising a Tiger, we should've killed him long ago!" Kang Zhaoming entered the room and started shouting.

"What do you mean? If we could, we would've done it long ago. Why would we wait until now?" The xuanchen ancestor frowned, but he had temporarily calmed down from his sorrow. He glared at Zhaoming and said, "I already know about the waiter. Tell me in detail, what happened? Is Lin Yi really that strong?"

"It's like this, I followed your suggestion and went to Yanjing first. The waiter and I stayed in a nearby hotel to observe the situation of the song family!" "We've been observing for a few days, and we didn't see any Paoli, so I decided to test Lin Yi ..." Zhaoming said.

With that, Zhaoming told him everything that happened in detail. However, when he heard that they went to the door and Lin Yi killed the waiter with one palm, the xuanchen ancestor lost his calm completely!

"What did you just say? Lin Yi killed the waiter with one palm? Is that true?" Ancestor xuanchen found it a little unbelievable. Even he didn't dare to say that he could kill a Sky Class full master in one go because it was impossible!

"It's true! Father-in-law, Would I Lie to You? Isn't this boosting other people's morale and diminishing our own prestige?" "I saw it with my own eyes!" Zhaoming said with a bitter smile.

"Then, what about the three Zhao family experts? He was also killed by Lin Yi?" Miss LAN asked.

"No, I'm not done yet. The three masters of the Zhao family are really traitors. They ran away immediately after peeing their pants. I couldn't stop them!" Kang Zhaoming smiled bitterly, "not only did they surrender, but they also told Lin Yi about our cooperation with central. Lin Yi is very unhappy with us now!"

"He ran away?" Patriarch xuanchen immediately frowned. Aren't the three of them too cowardly? What kind of people were these! He clearly had the strength, but he didn't even have the courage to fight. He was too trash!

"Yeah, I really can't say!" Zhaoming said helplessly, "originally, according to our analysis, Lin Yi could kill Masters above his level in seconds, but he should have to pay a certain price under some special circumstances. He can't kill them continuously!" So, if the three of them surrounded Lin Yi at this time, they could still kill him, but who would've thought that they'd run away before I even gave the order!"

"Sigh, miss LAN, it's not that the five-elements sect is not doing anything this time. You've seen the situation for yourself ..." Ancestor xuanchen turned to look at miss LAN and said.

"I don't blame you this time." Miss LAN shook her head. However, she didn't really hate Lin Yi that much. Her main purpose of staying here was to research on bio-human transformation. No matter how bad Lin Yi was, she didn't really hate him!

Since this person is so powerful, then miss LAN intends to temporarily avoid confrontation with him and not confront him directly.

"It's good that miss LAN can understand!" "Yes!" Ancestor xuanchen nodded. "Don't worry, we'll definitely get rid of this Lin Yi!"

"Alright, since we've confirmed that it was Lin Yi and his group, I'll go back and rest first." Miss LAN nodded and left.

At this moment, only patriarch xuanchen and Kang Zhaoming were left in the room.

"Father-in-law, we have to get rid of Lin Yi this time. If we don't get rid of him, he'll be a problem for us in the future!" "He's Sky Class mid phase peak now-if he continues to grow, we'll be no match for him!"Zhaoming said.

"There's no mistake!" Patriarch xuanchen nodded and strengthened his belief. ""How about this, you start refining tomorrow and make the ultimate Qi gathering pill. You have to eat Lin Yi to death as soon as possible, or it'll be too late!"

"Alright, I'll start refining pills tomorrow!" That was what Kang Zhaoming thought as well. Lin Yi's strength level was getting higher and higher. If this continued and Lin Yi really fell to the peak of Sky Class, then the Qi gathering pill wouldn't have any effect on Lin Yi anymore. Even if he made it for Lin Yi, he might not want it anymore.

Therefore, this matter had to be resolved as soon as possible. Otherwise, it would be too late!

"Sigh, although this move is a little despicable, I have to do it. Even if boss Bai blames me, I have to do it!" Patriarch xuanchen finally made up his mind! Before, it was because boss Bai wanted to train a wood element inheritor, so he had to save some face, but now, Lin Yi had reached a point where he had to get rid of him!

"Okay, father-in-law, then I'll put down all the things at hand. I'll concentrate on refining medicinal pills for a while!" Zhaoming nodded. He'd made up his mind to make the pill and eat Lin Yi to death!

"I'll talk to boss Bai and see what he's thinking, and tell him about the Sky Class test. " "According to the normal rules, he's also the sect master of the five-elements sect," ancestor xuanchen said."I have to give him face and ask him to arrange for his disciples to participate in the trial!"

"Lin Yi?!" Zhaoming blinked,"Lin Yi's still here?" Then how are we going to deal with him? Second Shixiong is dead, and the three Zhao's are dead too. The young master of the heavenly silkworm transformation is the only one left, and he's no match for Lin Yi, right?"

"Not Lin Yi, boss Bai's spot can only be given to Guan Xin. Lin Yi won't be able to come-he can't join the test if I don't agree." "Why?" patriarch xuanchen said indifferently,"since we're going to kill him with pills, why did we let him participate in the trial?" Are you here to cause trouble? Don't ever let this kind of person come. He has connections with several inheritors. I'm afraid there will be problems!"

"En, that's good! Then I'll be able to go and gain some experience without worry. " Kang Zhaoming let out a breath of relief. He'd been looking forward to killing Lin Yi during the Sky Class test! But now, he was most afraid of Lin Yi going to the test!

These were two completely different feelings!

He told Zhaoming to go back and prepare the pills while he called boss Bai!

Chapter 3447 Preparing For Departure

"Eldest senior brother ... It's me!" Said patriarch xuanchen.

"Xuanchen? What's the matter?" Boss Bai asked indifferently.

"The Sky Class test is about to begin, and you should have a spot as well-when are you going to give me your disciple's information, so I can complete the registration!" Patriarch xuanchen probed.

"You mean Lin Yi?" "Don't you have his information?"boss Bai was slightly stunned.

"You're asking Lin Yi to come? You're not letting Guan Xin come?" "What is it?" asked patriarch xuanchen.

"Guan Xin?" "What?" boss Bai was slightly stunned."Inheritors also need to participate in the trial?"

"The inheritors have to participate in the trial, and I'll arrange for all of them to receive the final inheritance. They'll all reach Sky Class late phase peak, and their bodies will undergo a complete change as well, preparing for the final plan!" Said patriarch xuanchen.

"Then ... Lin Yi can't join?" Boss Bai frowned. To be honest, he wanted Lin Yi to go at first, and after he passed the test, he'd take him to the Sky Class meeting. But now, he couldn't even go to the test. Didn't that mean he was rejected?

Wouldn't that mean that Lin Yi had no chance of breaking through to the sky Realm? This was not what boss Bai wanted to see! In fact, he also knew that patriarch xuanchen was making things difficult for him! Wasn't the right to register for the heaven class test something that the five elements sect could decide?

If he asked Lin Yi to go, Lin Yi would definitely go, but the main problem was with ancestor xuanchen.

"Let's take a look at this first!" "Right now, Lin Yi's still too weak. He's chasing after Kang Zhaoming to help him refine the Qi gathering pill. If he's stronger, it's fine to let him participate. The main thing is that I'm afraid he'll die from being too weak!" Said the xuanchen ancestor.

"Kang Zhaoming? Alchemy? Qi gathering pill?" Boss Bai knew about this too, but the so-called Lin Yi's strength was just an excuse!

"Yeah, but there's a limit to Zhaoming's skill-I don't know if he'll be able to make it, but even if he does, I'm worried that Lin Yi might eat something bad. So, if you have time, please talk to him and stop him from following Zhaoming around." Said patriarch xuanchen.

Master Bai naturally did not know what the xuanchen ancestor was thinking. He was only hinting that Lin Yi would not blame him even if he died! Therefore, boss Bai was a little angry. "We have to do what we promised them. This is a matter for the younger generation. We don't have to care about it!"

"Alright then ..." Patriarch xuanchen pretended to sigh unhappily. In fact, he was overjoyed. Boss Bai was still as gullible as he was back then! Everything was under his control!

"Is there anything else?" Boss Bai asked.

"There's nothing else, but since you've said so, I'll get Kang Zhaoming to make the pills. I don't care if he dies. " Said patriarch xuanchen.

"You can die from eating Qi gathering pills? Even if it doesn't taste good, it won't go bad either. Do you think that you know more than me when it comes to pill refining?" Boss Bai asked indifferently.

"Haha, that's for sure. Never mind, I'll hang up if there's nothing else. As for Guan Xin, get ready for the Sky Class test." Said patriarch xuanchen.

After hanging up the phone, patriarch xuanchen was extremely excited. This time, Lin Yi could die if he wanted to. He could say that he had already informed boss Bai, but boss Bai didn't listen to him. If he died, he deserved it!

.....

Lin Yi came back to Donghai city from house song. Shu had to go-she'd received an official message from house Yu, so Xiao Chen was going to send her to the Huoyan Mountain.

Lin Yi saw Yu Yi sitting in the living room when he arrived at Donghai city. Yushu seemed a little down.

During this period of time, she understood everything. She knew what house Yu had done all these years, and she knew her own identity. This made her force a smile, but in reality, she was still very lonely and repulsed.

She suddenly realized that the belief that she had held on to for so many years did not exist! Xiaochen was her father-she'd never met him before, but he gave her endless pressure. He'd worked with Yu Yi and made up a big lie, making Yushu lose all her father-daughter relationship with him. He didn't want her to go back to house Yu, and she couldn't be bothered.

The Chen family was her real home! The villas in Donghai and Songshan were her real home! Her home was where Lin Yi and Mengyao were!

"Mr. Yu Yi, you're here." Lin Yi entered the villa and nodded.

Yu Yi smiled bitterly. Chen Yushu's identity had been exposed and there was no need to hide it anymore. He looked at Lin Yi, "Miss Yushu's ignoring me, and she's not even talking to me Lin shaoxia, you see It's time for her to leave for the fiery Fire Mountain"

Before, Yu Yi could still threaten her with her parents, but now that Yushu's identity was exposed-she was the Miss of house Yu as well, how could he order her around?

Plus, even if he did order them around, he had to make sure Yushu listened! Chen Yushu wasn't the same as before. With Lin Yi's protection, even the five elements sect wouldn't dare to order her around, let alone the Hidden House. In the world of cultivation, strength was everything. To put it bluntly, whoever was stronger had more power!

"Shu, pack up and get ready. You'll have to accept the inheritance sooner or later. The sooner you accept it and complete the mission, the sooner we can meet up with Yaoyao. Isn't that the life you've always wanted?" Lin Yi said with a smile.

"Shield bro, you're back! Shu didn't say that! I just don't have anything in common with this old man!" Yushu's sudden happiness at Lin Yi's return was like a completely different person-it made Yu Yi want to laugh.

"Hehe, that's good. I knew it. There's no way you wouldn't want to go." "So we're getting ready to go?" Lin Yi smiled.

"Yeah, yeah. Shu's done. We're just waiting for shield bro." Yushu said as she skipped up the stairs to get her stuff.

Yu Yi didn't know what to say after Yushu agreed so easily. He looked at Lin Yi, "Lin shaoxia, you're so good at talking. I've been trying so hard to persuade her, but miss Yushu just ignored me, not even saying a word to me!"

"It's your fault for giving her so much psychological pressure in the past," Lin Yi smiled, "alright, stop complaining. That's how Shu is. She won't say a word to someone she doesn't like. You're lucky she didn't kill you. If it was someone else, you would've broken down already."

Chapter 3448 Didn't Turn On The Air Conditioner

"Ha, miss Yushu is right ... I'm quite lucky, it seems that miss Yushu still has some respect for me because I'm from house Yu!" Yu Yi nodded and laughed at himself.

"Right, what's the arrangement? Are we going to the fiery mountain directly?" Lin Yi asked.

"Yes, it has been arranged. We can go there directly!" "I hope that Lin shaoxia can come with us, otherwise I'm really worried that miss Yushu's going to have some conflict ..." Yu Yi said.

"Don't worry, I'll definitely go. Not just for Shu, but also because I promised a friend I'd help him save someone. " Lin Yi was talking about Huo Shao Yun's playmate, yang shuizhen.

"That's good ..." Yu Yi sighed in relief.

Very quickly, Chen Yushu finished packing up and carried her bag downstairs.

"Just this little thing?" Lin Yi looked at Yushu's bag, surprised. Wasn't this a little too little?

"Actually, there's nothing much to take. It's just a laptop with pictures and videos of me, Yaoyao sis, and shield bro. Shu can take a look when she's lonely. There'll be other daily necessities over there." Chen Yushu replied.

Lin Yi nodded silently. Yushu was right-what didn't Huoyan Mountain have? Plus, the young sect master was Lin Yi's follower, so Yushu would be treated like an important guest if she went.

"Oh right, where's Xinyan and the pangolin?" Lin Yi asked.

"Sister Xinyan went to school! The pangolin was resting in its room! Yu Dake went to Songshan to see Yu Xiaoke. " Chen Yushu replied.

"Oh, I was wondering why I didn't see them." Lin Yi blinked-it was the first day of school.

Lin Yi took out his phone, ready to call Bai Weitao and tell him that he couldn't go to school for the time being. He'd ask the guy to look after Xinyan, so that he'd be the first to know if anything happened to her!

He'd left Xinyan with a lot of energy stones, but he was still worried that something might happen to her!

He called Bai Weitao, but his phone was turned off. It wasn't evening, but day time. Why wasn't his phone on? Could he be in class?

However, during class, Bai Weitao would also set his phone to vibrate mode!

With that thought, he sent Xinyan a message, "Xinyan, I'm back, I'm going to take Shu to the fire Mountain. When you see Bai Weitao, tell him and give me a call!"

It wasn't long before Wang Xinyan's reply came. "I'm in school. Didn't bai Weitao go on a trip abroad? He's not back yet!"

"Still not back?" Lin Yi blinked at the text-the school was starting, and she wasn't back yet! But Lin Yi didn't think too much about it-according to his grades last semester, he had the right to take leave as well. This was the privilege of boss Bai's class, just like Lin Yi-the top few students in the final exam had the right to take leave as they pleased.

"Alright then, we're leaving. Are you coming back?" Lin Yi asked.

"No, I still have classes here. I wish you a safe journey." Xinyan didn't come back since she just met Lin Yi, and there was no need for her to do so.

He put his phone away and nodded to Yu Yi, "Let's go. We're leaving now? You drove here?"

"Uh ... No..." Yu Yi was embarrassed. He was a practitioner, so he didn't usually drive. He always walked and maintained his old martial arts style.

"Then I'll drive." Lin Yi didn't say anything else and the three left the courtyard and got into the Grand Cherokee. The fiery mountain was deep in the hakunamarta desert, so Lin Yi knew the general direction.

"I'll have to trouble you, young hero Lin!" Yu Yi nodded and sat in the back, giving the front seat to Yushu.

The car drove towards the hakunamarta desert. Lin Yi had taken this route many times already, and was very familiar with it. However, this time, it was a little sad.

Yushu was still looking around in the car, curious about everything, but Lin Yi could see the disappointment in her eyes.

Even if she didn't show it, Lin Yi could still feel it, but he didn't expose her. Instead, he accompanied her and laughed along the way, talking about many interesting things, including what happened to house song, and the five elements sect's waiter being killed.

"Haha, I'm afraid that ancestor xuanchen from the five-elements sect is going to die of anger. Most of his disciples were either killed or crippled by you. He's really unlucky to go against shield bro!" Chen Yushu laughed out loud and said sarcastically, "I don't know why the Hidden House Yu is so afraid of this five elements sect, they're really gutless!"

Yu Yi sat in the back, feeling a little awkward. You have Lin Yi's support, but you're not scared at all? But we're afraid! The five elements sect couldn't do anything to Lin Yi, but house Yu would be a piece of cake to them.

Plus, she didn't know that Lin Yi had grown to this level before. When she first heard about him, he was still a Mystic, but he was at the peak of the world in the blink of an eye. Who could explain the change?

"Alright, Shu-you have to face some things eventually. You can't avoid meeting your birth parents forever, can you?" "I'm afraid ning won't be happy either," Lin Yi said with a bitter smile.

"Ah, alright, we'll listen to shield bro then. Whatever shield bro says!" Chen Yushu nodded.

While talking and laughing along the way, the three of them finally entered the hakunamarta desert. However, the direction of the fiery mountain was completely different from the direction of the Paoli tribe. The desert was huge, and they were in the opposite direction.

It was already very hot in the desert, but as the car moved forward, the weather became hotter and hotter. It was estimated that they were not far from the fiery mountain.

Lin Yi and Yushu, on the other hand, were fine, but Yu Yi was sweating! He used to be the strongest among these people, so it was not appropriate for him to complain at this moment. He could only endure it silently, but the heat almost made him faint in the end.

With that, Lin Yi turned on the air conditioner, and Yushu couldn't stop laughing.

"Lin shaoxia, why didn't you turn on the air conditioner earlier ..." Yu Yi felt better now.

"Who asked you not to tell us? we thought you weren't feeling hot. I only opened it when I saw that you were about to faint." Lin Yi smiled, "Shu and I are fine, we don't have to turn on the air conditioner."

Chapter 3449 Arriving At The Fiery Flame Mountain

"Yeah, yeah, we're very happy." Chen Yushu nodded.

Yu Yi had been teased and mocked by Yushu a lot, but he accepted it since he was the bad guy in front of her. It was only natural for him to be messed with-not to mention Yushu's status as the Miss of house Yu, he wouldn't dare to do anything even if Lin Yi was there!

Finally, it was no longer a desert in front of them, but a place that looked like a mountain stronghold. A Mountain Gate appeared in front of everyone, blocking their way forward! Of course, they could just go around it, but Lin Yi subconsciously felt that this was their destination!

"Is this the red fiery mountain?" Lin Yi looked at the map Yu Yi gave him and asked.

"This should be the place." Yu Yi hadn't been here before, but this was the only possible place in this direction.

Just when everyone was confused, two men in red robes appeared in front of Lin Yi's car and shouted, ""This is a private area. If you are explorers, please go back. We don't accept explorations here, and it is very dangerous!"

Lin Yi rolled down the window and looked at the two men. "This is the fiery Fire Mountain?"

The two men were taken aback when they heard Lin Yi mention the fire Mountain, "Who are you? What's your purpose in coming here?"

With that, the two men revealed their Sky Class early phase strength. As far as they were concerned, since Lin Yi knew about this place, he could be a practitioner. They showed their strength to scare Lin Yi.

After all, Sky Class early phase wasn't weak, even in the ancient world.

"We're from the practitioner world of the Central Plains-I'm the representative of the Hidden House Yu, Yu Yi. We're here to see the master of rocket cannon, and this is a letter from the head of our hidden house Yu!" At this time, Yu Yi got out of the car and spoke to the two men respectfully.

However, in order to prove that he was a practitioner and not a fake, Yu Yi revealed his Sky Class early phase strength.

"Hidden house Yu?" One of them looked at Yu Yi from the corner of his eyes, his attitude extremely cold. Yu Yi may be the same strength as them, but he didn't have any respect for him.

An early phase Sky Class from a hidden house, how could he compare to an ancient sect?

"That's right, it's the Hidden House Yu!" Yu Yi quickly nodded.

"Hidden house Yu? I've never heard of such a small family. If you want to see our sect master, just wait. We'll inform you when we have time!" The man said arrogantly, showing no intention of immediately reporting.

"This ..." Yu Yi paused, smiling bitterly. "Our family head sent us here under the orders of the five elements sect's patriarch xuanchen ..."

"Oh? What did that mean? You still want to use the five elements sect to suppress us? Alright, you can leave if you don't want to see me, but if you don't want to see me, then don't!" The man looked at Yu Yi coldly and sneered.

"You guys ..." Yu Yi didn't know what to do-these two weren't easy to talk to! But this was an ancient sect, not some other Noble House or hidden house, so it wasn't going to be easy to get these two to help.

Lin Yi couldn't stand it anymore. He didn't like to use his status and strength to pressure people, but these two were too much. Lin Yi looked at them indifferently, "Get Huo Shao Yun to come out and welcome me."

"Hmm?" The man blinked and turned to Lin Yi, but laughed out loud."Hahahaha! To welcome you? Who Do You Think You Are? Welcome you? what a joke! A small hidden house Yu, who does he think he is?"

"It's up to you whether you want to inform him or not. If yang Shui really dies, you two will be responsible. " Lin Yi said faintly.

"What?" The two of them were stunned and they looked at each other in shock! They thought that Lin Yi was from the Hidden House Yu as well, but he mentioned Huo Shao Yun and Yang shuizhen's names-it wasn't as simple as it seemed.

Huo Shao Yun was one thing, but yang shuizhen was an elder's grandson, and he didn't show his face much. Lin Yi didn't just say it, he even pointed out that yang shuizhen was injured. That meant ...

"Who are you?" The red-clothed leader looked at Lin Yi and asked.

"Huo Shao Yun called me boss. Who do you think I am?" Lin Yi said faintly.

The two men's expressions changed and they hesitated. Although they didn't know if it was true, they still said,""Please wait a moment, we'll make an announcement. May I know your name?"

"Lin Yi," Lin Yi said faintly.

"What? You're Lin Yi!" The leader of the red-robed men staggered and almost fell to the ground! He could ignore Yu Yi's name, but Lin Yi's name was a big name!

Plus, Lin Yi wasn't just bragging! Their young master, Huo Shao Yun, had been talking about this name all this while. He told everyone that his boss was Lin Yi, and how awesome he was. What he did today was what he would do tomorrow!

As long as it was news about Lin Yi in the ancient world, he'd find out and tell it to the people in the sect. Although everyone's ears had calluses from hearing it, they'd still remember the name and know how strong Lin Yi was!

To be able to kill an expert from the five elements sect, he was not a simple person! Therefore, the red-robed man was stunned!

The other red-robed man quickly pulled the stunned red-robed man and said,""So it's swordsman Lin. We've long heard of your great name, and we're very impressed! Lin shaoxia, please follow us to the living room to rest. We will immediately inform the young sect master to welcome Lin shaoxia!"

If this person was really Lin Yi, then it was normal for him to lower his attitude. At that time, not only would Huo Shao Yun not scold them, but he would also praise them. But if it wasn't for Lin Yi, Huo Shao Yun would naturally deal with him when he came out, so there was no loss.

"En, you lead the way." Lin Yi nodded faintly.

Yu Yi was dumbfounded. So Lin Yi's name was already well-known in these ancient sects. He really was a powerful figure!

He'd been talking to them for a long time, but they didn't report him at all-but the moment Lin Yi opened his mouth, they'd become so respectful!

The two men in red led the way, and Lin Yi's group drove behind them, all the way through the gate

Chapter 3450 Saving Yang Shuizhen

Lin Yi couldn't help but exclaim as he entered-this was actually a Scenic Area surrounded by mountains! There was a circle of tall mountains outside, and there was another mountain inside!

If it wasn't so hot here, it would probably be a good tourist attraction!

Under the lead of the two red-robed men, Lin Yi, Chen Yushu and Yu Yi were brought to a Pavilion-like place. What surprised Lin Yi was that there were three big words written on the top of the pavilion-a reception room!

He didn't expect that the living room of the fiery Fire Mountain was actually outdoor! This also showed how hot this place was all year round! Of course, it was also because the red fiery mountain had inherited the customs of ancient times. Otherwise, they could have been like the Paoli clan and installed air-conditioning indoors.

The three sat down, and a disciple served them herbal tea. The tea was refreshing, and it was a specialty here. Lin Yi couldn't help but praise it after drinking it.

Chen Yushu, on the other hand, called for the disciple to bring more tea!

The disciple didn't dare to disobey and quickly agreed.

Before long, that disciple had yet to return, but he saw Huo Shao Yun rushing over! "Boss Lin Yi, you're finally here! I've missed you so much!" Lin Yi smiled. I wanted to look for you, but I was afraid that you wouldn't be there!"

"Hehe, I was indeed very busy a while ago. Otherwise, I would have come here long ago." Lin Yi nodded, "this is Chen Yushu. She's your inheritor. I'll leave her in your care!"

"Argh! Don't worry, isn't this sis-in-law Shu? this place is like your own home!" Huo Shao Yun was surprised to see that Chen Yushu was an inheritor. He didn't think that Chen Yushu was really an inheritor. Didn't that mean that she and Lin Yi were one family from now on?

"Hehehehe, Shu likes that name! I'll give you ten points!" Chen Yushu nodded happily.

Lin Yi couldn't help but smile! Yu Yi, on the other hand, didn't know whether to laugh or cry.

Not long after, an old man quickly walked over, and before he arrived, his voice rang out, ""Is that young hero Lin? Please forgive this old man for not welcoming you with his rocket cannon!"

Behind him was an old man who also said respectfully, ""This old man is yang dingtian. I welcome young hero Lin's arrival!"

Yang dingtian's attitude was obviously more humble than the rocket cannon. He clearly knew that if he wanted his grandson to live, he had to let Lin Yi Do it first. Therefore, he treated himself as the same position as Huo Shaoyun.

"So it's the sect master and elder yang!" Lin Yi didn't act arrogantly and stood up. After all, they gave him face, and Lin Yi gave them face as well. This was Huo Shao Yun's sect, and Lin Yi couldn't be as arrogant as he was in other sects.

"I'm Yu Yi of the hidden Yu family, and I'm here to escort the heir under the orders of the head of the Yu family, Yu Tianxing! "This is a letter from our head, please take a look ..." Yu Yi bowed respectfully and presented the letter.

"Haha, so it's Mr. Yu Yi, please rise! Those who have come with Lin shaoxia are all honored guests of our fiery Fire Mountain, no need to be so formal!" Rocket launcher laughed and quickly walked over to take the letter.

Yu Yi almost burst into tears-this was totally different from Lin Yi! He could imagine how difficult it would be for him to get through the door if Lin Yi didn't come and he came instead.

Even if they entered, they might not be able to see the rocket cannon so easily! And even if they saw the rocket cannon, they might not be so enthusiastic!

Of course, what Yu Yi didn't know was that Huo Shao Yun knew Chen Yushu. If he knew that Chen Yushu was an inheritor, he would probably be just as passionate!

"Don't worry about him, this old man is very annoying!" Chen Yushu said.

"Ah?" Rocket gun paused and looked at Lin Yi, "This young lady is ..."

"Grandpa, her name is Chen Yushu, she's the inheritor here, and also boss Lin Yi's ... Small wife!" Huo Shao Yun quickly introduced Chen Yushu's identity. He was afraid that his Grandpa would be disrespectful to Chen Yushu and make Lin Yi unhappy.

"Ah?" Rocket cannon was stunned once again. He then nodded and said, ""So you're Lin shaoxia's ... Mistress, swordswoman Chen. Don't worry, in our fiery Fire Mountain, it's like your own home, you're not an outsider. Shaoyun is Lin shaoxia's little brother, if there's anything, just let him do it!"

"Hehe, then Shu won't be shy!" At least for now, Chen Yushu was very satisfied! This sect could be said to be Lin Yi's direct line of descent, and he could contact Lin Yi whenever he wanted in the future, unlike Tang Yun sis and Xiaoxiao who were so restrained.

"Shu's considered a member of the Hidden House Yu, but there's some misunderstanding between her and the Hidden House Yu. " "This is where Yu Yi sent her," Lin Yi explained.

"Alright, I understand!" Rocket cannon nodded and said, ""Okay, everyone, let's go to the guest room to rest first. Then, in the evening, we will hold a banquet at the fiery Fire Mountain to invite you all. How about it?"

"No need, I'll go and see yang shuizhen first." "I'm here for the brother Huo Shaoyun mentioned, yang shuizhen!" Lin Yi waved his hand.

"This ... Wouldn't it be too much trouble for young hero Lin if we travel all the way?" Yang dingtian burst into tears. He didn't think that Lin Yi would want to see yang shuizhen right after he arrived. How could he not be touched?

"Boss, you know me the best. Shall we go now?" Huo Shao Yun was very familiar with Lin Yi, so he was more casual. He looked at Lin Yi excitedly.

"Let's go, you lead the way. " "Mister Yu Yi, take Shu and rest for a bit, I'll be back for dinner tonight."

"No problem," "Please don't worry, Mister Lin!" Yu Yi nodded.

Lin Yi nodded at rocket cannon and yang dingtian before following Huo Shaoyun to the cave yang shuizhen was in. Although rocket cannon and yang dingtian wanted to go and see as well, they were the owners and couldn't not entertain Yu Yi and Chen Yushu, so they gave up.

The two of them personally led Yu Yi and Chen Yushu to the guest room, leaving the two red-clothed disciples speechless. They almost offended these guests! It seemed that he had to be more enthusiastic in the future!

However, there were not many guests at the fiery Fire Mountain all year round, so they had unconsciously developed this kind of arrogant temper!

Yang shuizhen's "corpse" was left in the cave of the fiery mountain. Because of the characteristics of the fire element of yang shuizhen, it could be guaranteed that he was still breathing and would not die immediately.

Huo Shao Yun carefully opened the stone door on top of the cave and reminded Lin Yi, "It's hot here, boss Lin Yi, you have to be careful ..."
