

## Bodyguard 3451

### Chapter 3451 New Underling

"Oh?" Lin Yi blinked, not feeling that hot. In fact, there was definitely heat on the way to the hakunamarta desert until they entered the fiery mountain, but it was not as hot as it was before!

Yu Yi was already sweating, but Lin Yi and Yushu were fine! It was understandable that Yushu was an inheritor, but Lin Yi ... Right, Lin Yi was a practitioner of the five elements and seven attributes. He had the fire element in his body, so it was reasonable that he wasn't afraid of the heat!

Lin Yi had the same Constitution that these fire element practitioners had-it was stronger, no weaker than theirs!

"It's fine. I have the fire element in my body too. " Lin Yi shook his head and quickly entered the cave!

Yang shuizhen was lying on a rock in the cave. His face was dark green, and he looked terrible. Lin Yi would've thought he was dead if it weren't for the weak Qi fluctuations!

But it didn't matter-as long as there was still a breath left, Lin Yi could heal her!

"Help me guard him, I'll heal him," Lin Yi said. In fact, they didn't even need guardians in the Huoyan Mountain. This was Huo Shaoyun's territory, and Lin Yi was just used to it.

"Okay, boss. Don't worry, I won't let anyone disturb your treatment!" Said Huo Shao Yun quickly.

Lin Yi nodded and sat down cross-legged, holding yang shuizhen's pulse and channeling the art of Dragon mastery to treat him.

Yang Shui's injuries were really serious, and even though Lin Yi was at the peak of the third stage of the art of Dragon mastery, he still needed some time to heal!

Huo Shao Yun stared at Lin Yi nervously. He knew that Lin Yi was confident, but he couldn't relax until he saw yang shuizhen fully recover ...

Time passed, second by second, and Lin Yi finally stopped the practitioner's Arts, and yang shuizhen's face turned from green to red! Although it was white with a tinge of red, and not particularly healthy, it was obvious that it was not much different from a normal person, just a little weak!

"Alright, that's enough." "She'll probably wake up soon," Lin Yi said as he stood up.

"That's great, boss, thank you so much for this! Otherwise, Shui Zhen will never be able to leave this cave in his life!" Said Huo Shao Yun with a sigh.

"It's nothing," "You don't have to be so polite with us," Lin Yi said, waving his hand.

Just as he said this, yang shuizhen opened his eyes in a daze. Before he could see his surroundings clearly, he shouted, "The everyday and every day sect ... You guys are so vicious!"

The environment of this cave was similar to the cave they were in during the test, and yang shuizhen's memory was still stuck at the moment when he was hit by naipao-he called out subconsciously.

"Shui Zhen, how are you!" Huo Shao Yun heard yang shuizhen's voice and was both surprised and happy. He quickly ran over, bent down, and called out.

"Ah!" Yang shuizhen froze at the sound of the cloud's voice-he opened his eyes and saw that the cloud was right in front of him, not naipao. He let out a breath of relief, "It's brother Shaoyun! Why am I here? Didn't I go for a trial?"

"Shui Zhen, the test is over. You've been heavily injured by Zhang naipao from the everyday and every day sect, and you're on your last breath. In order to keep you alive, my grandfather put you in a cave in the fiery mountain, and that's why you're still alive ..." Huo Shao Yun explained.

"So that's how it is ... That's right, I thought that I was going to die ..." Yang shuizhen nodded, but he was a little puzzled. "Then how did I recover from my injuries? You guys helped me find a fourth grade great recovery pill?"

"No, it's my boss, young master Lin Yi, who saved you! Shui Zhen, get up, I have to thank the boss for saving you!" Said Huo Shao Yun.

"Lin Yi?!" Yang shuizhen paused-he had some impression of this name. It was said that he was the only one who could go against naipao in the test, but how did he become the boss of the burning clouds?

But yang shuizhen wasn't stupid-if Huo huoyun was convinced by him, he had to be capable, and just the fact that he could save him meant that he wasn't a normal person. He quickly got up from the ground and bowed to Lin Yi,"Thank you for your help, boss Lin. I'll be like brother Shaoyun in the future and serve you with all my heart!"

"Haha, I won't be at your beck and call. It's good that you're fine!" Lin Yi smiled,"from now on, focus on your training in the sect, don't get into conflict with people like Zhang naipao!"

"I understand. This trial has also taught me that there's always someone better. Only people like boss Lin can look down on other cultivators. I'm still far from that." Yang shuizhen had died once and understood many things.

"Alright, it's time for the banquet. Let's go together!" Lin Yi said with a nod.

"Okay, I think I haven't eaten for a long time, so I'm a little hungry!" Yang shuizhen was instantly amused.

The three of them returned to the living room in the Huoyan Mountain. Chen Yushu and Yu Yi had already been arranged to rest, but when Hu Yan and yang dingtian heard that yang shuizhen had woken up and could walk on his own, they ran over excitedly!

"Shui Zhen, you're alright?" Yang dingtian was so excited that his body was shaking. In his mind, Lin Yi could save yang shuizhen's life, and he could even make him a disabled person. But now, he could actually walk!

"Yes, Grandpa, not only that, I still have my strength! We have to thank boss Lin shaoxia this time!" Yang shuizhen was also very excited.

"Young hero Lin, this old man ... Doesn't know what to say. I'm really grateful!" Yang dingtian looked at Lin Yi with tears in his eyes. The gratitude in his heart couldn't be expressed in words.

"It's my duty. Shaoyun is my little brother. I can't just leave his friend in the lurch." Lin Yi waved his hand.

"Uh ... Boss, me too. You won't abandon me, right ..." Yang shuizhen said quickly after hearing it.

"You're following Huo Shao Yun, so you're naturally following me as well. I won't just stand by and watch your matters." Lin Yi said with a smile.

"Haha, that's great!" Yang shuizhen was instantly happy after hearing this.

A disciple went to invite Yu Yi and Chen Yushu to the dining room, and Lin Yi followed the rocket launcher to the dining room ... After the meal, Lin Yi should be leaving.

Chapter 3452 Yu Tianxing's Promise

Although Lin Yi wanted to stay here and accompany Chen Yushu, Yu Yi had to send Yu Ning to the endless West Sea after sending her off. Lin Yi also had to say goodbye to Yu Ning, and then find little nine and go to the yellow Earth high sect!

He'd always thought that the inheritor's departure wouldn't be so quick, but now he realized that it was already right in front of him!

Was the Sky Class Island about to open?

He wondered what was on Sky Class Island. Would he meet Zhang Liju? Would there be many experts up there? Would he be able to land on the Sky Class Island?

Or rather, could the Sky Class Island be opened successfully? All of this was unknown, and Lin Yi was a little lost thinking about it. But for you Xiaoke, for the pangolin, for the inheritors, Lin Yi had to keep going, no matter how difficult the road ahead was!

Lin Yi had a premonition that Sky Class Island was where his real life began. After all, he'd gone from the bottom of the world to where he was today-the world of practicing was still too small!

Lin Yi hadn't met a single one of those legendary figures!

Fourth class alchemists, forgers, repairmen, and all those powerful weapons-Lin Yi had never seen any of them before. There were Sky Class Masters who used Sky Class weapons, but from Lin Yi's point of view, most of them used Qi and martial skills to strengthen their weapons!

However, could a heaven-grade divine weapon only act as a weapon's bearing? Lin Yi felt that the current weapons were still a bit weak, and the Shennong cauldron was a top-tier weapon. It was just broken, and he didn't know how to repair it.

The next morning, Lin Yi said his goodbyes to the rocket launcher, Chen Yushu, and the others. He was going back to the Hidden House Yu with Yu Yi.

On the way back, without Yushu's laughter, Lin Yi and Yu Yi didn't talk at all, and Yu Yi didn't know what to say to Lin Yi!

It wasn't until they reached the Hidden House Yu that Yu Yi asked, "Young hero Lin, are you coming with me to the Hidden House Yu?"

"Let's go and see ning. She's leaving after all. " Lin Yi said, a little sad.

"Alright, young hero Lin!" Yu Yi quickly nodded.

The car drove all the way into the Hidden House Yu. With Yu Yi in the car, the car didn't face any obstacles, and they finally stopped in the Yu's parking lot.

Yu Tianxing, who had heard the news and rushed over, was also waiting in the parking lot!

Lin Yi's visit this time was different from last time! Last time, Yu Tianxing respected Lin Yi, but he was also worried and afraid of the five elements sect. He didn't dare to get too close to Lin Yi.

But now, Yu Tianxing had received the news of the five-elements sect's death. Lin Yi had killed so many five-elements sect disciples, and ancestor xuanchen had actually endured it. It was clear what the problem was!

Yu Yi also reported the whole incident to Yu Tianxing. Yu Tianxing knew that without Lin Yi, Yu Yi wouldn't have been able to complete the mission so smoothly!

"Lin shaoxia, welcome to our hidden house Yu again!" Yu Tianxing walked over with big steps and opened the door for Lin Yi.

"Elder Yu, there's no need to be so formal-with our relationship, you're like my Grandpa, I'm a little embarrassed to be so polite." Lin Yi quickly stopped Yu Tianxing, "I'm from the same generation as ning and Shu, you can just treat me as the younger generation in the family. "

"Haha, that's good. I won't stand on ceremony then. But Lin shaoxia, you don't need to stand on ceremony either. Just treat this place as your own home." Yu Tianxing suddenly paused, "I heard that Mr. Lin created a practitioner's Association Alliance, I wonder if we, the Hidden House Yu, can sign up?"

"Oh?" Lin Yi blinked, understanding immediately that this was Yu Tian's way of expressing his goodwill! Yu Tianxing had probably noticed something as well. There weren't many people who could threaten Lin Yi in the cultivation world now. This way, the Hidden House Yu didn't have to worry too much about the five elements sect. As long as Lin Yi could control the Hidden House Yu, then ancestor xuanchen wouldn't dare to act rashly unless he wanted all his disciples to die! "You can sign up with song Lingshan from the supernatural Investigation Bureau. She'll be the Vice President of my Association! He's also the Deputy Director of the supernatural Investigation Bureau. "

"Alright, I'll remember that. I'll talk to the heads of the other hidden houses and sects, and we'll all join together and receive young hero Lin's protection!" Yu Tianxing said.

"Alright, then I'll have to trouble you, elder Yu!" Lin Yi naturally wanted the other hidden houses and normal sects to join the practitioner's Association, but with his current status, it wasn't appropriate for him to ask them to join. This was something that elder Yu was doing.

"Then leave it to me." Elder Yu nodded and said, "Oh, ning hasn't been in a good mood these days. Lin shaoxia, can you help her?"

"Alright, that's exactly what I'm thinking of coming here!" Lin Yi replied.

Under Yu Tianxing and Yu Yi's lead, Lin Yi came to Yu Ning's room. Yu Ning sat quietly in front of the window, deep in thought. She heard the sound of footsteps but didn't turn around, she only said softly, "I'm ready. We can set off for the endless West Sea tomorrow ..."He said.

"Ning, I'm here." Lin Yi walked in quickly, his heart aching! She was the same as Shu-they both had an important mission! Although she was the little princess of house Yu since she was young, and seemed to be stronger than Yushu, Yushu was right-Yushu was much more free and happy than her!

Yu Ning was like a bird in a cage, she couldn't fly out of the Hidden House Yu's cage. She didn't have friends, she couldn't do what she liked, she had to spend every day in loneliness!

In the past, Lin Yi pitied Shu, but at this moment, Lin Yi felt that Yu Ning was the most pitiful.

"Ah, Lin Yi, you're here?" Yu Ning turned around in surprise, a touch of surprise flashed in her eyes. She didn't expect Lin Yi to come again before she left!

"Yeah, I just sent Shu off, so I'm here to see you," Lin Yi nodded, "actually, you don't have to be so sad. Once the Sky Class Island is over, we can come back. No one can control us then."

In fact, with Lin Yi's status and strength today, no one would say anything even if he tried to stop the Sky Class Island Plan. But Lin Yi was looking Forward to the Sky Class Island Plan, because he wanted to find Zhang Liju!

Chapter 3453 Bai Weitao's Accident (1)

"En ..." After Yu Ning heard Lin Yi's words, she seemed to be full of hope. She turned to Lin Yi, ""I've heard a lot about you recently. You're already more powerful than the people of the ancient level, right?"

Girls always hoped that their Ideal Husband was the best, and Yu Ning was the same.

"Hehe, I'm not that much stronger than them. At least, they can't be easily bullied." "So, you don't have to be afraid from now on-I'll be with you the entire time, even when we're going to Tianjie Island ..." Lin Yi smiled.

"Yeah, so many of your wives are inheritors, of course you have to follow them." Yu Ning glanced at Lin Yi.

"Most importantly, I still have you, don't I?" Lin Yi smiled as he held Yu Ning's hand.

"En ..." Yu Ning replied softly.

Yu Tianxing and Yu Yi had already left. They believed that Lin Yi and Yu Ning couldn't have done anything. At this moment, Lin Yi was a master senior. In their hearts, he was an existence that they respected, and they couldn't doubt him.

Lin Yi and Yu Ning didn't have much to say at this moment. When two people were together, the communication of the heart was more than words. It was a kind of feeling and tacit understanding. The two people just stood in front of the window holding hands under the sunset, enjoying the peace and quiet of parting.

But time always flew by, and in the blink of an eye, the sun set, and house Yu's dinner started!

Lin Yi and Yu Ning held hands as they entered the banquet hall, but no one said a word, including Yu Xiaochen.

"Elder Yu, uncle Yu." Lin Yi greeted Yu Tianxing and Yu Xiaochen politely, and the two were extremely flattered, especially Yu Xiaochen!

At this moment, if he could tell others that Lin Yi was his son-in-law, then Xiaochen's status in the world of practicing would instantly rise. Even those ancient level Masters wouldn't dare to mess with him—they'd have to avoid him! Who wasn't afraid of death?

"You're welcome, young hero Lin. " Xiaochen quickly said,"please have a seat. You're an important guest of our hidden house Yu. We hope that young hero Lin will come here more often. Even if ning leaves, this is still your home, right?" And there's also Shu ..."

Lin Yi paused-Xiaochen meant that he'd agreed for Yu Ning and Yushu to be with Lin Yi in the future. Of course, that would be after the Tianjie Island Plan, but at least he wouldn't be against Lin Yi.

Thinking about it, this was the reality-these big families put benefits first, and now that Lin Yi's name could bring them enough benefits, it was only natural for them to have this attitude!

Even if Lin Yi, Yu Ning, and Yu Shu went to Sky Class Island in the future, there would still be many of Lin Yi's direct descendants left in the secular world. Unknowingly, Lin Yi's die-hard followers had spread to all levels, and the strength of these people was no weaker than Lin Yi 's!

Once the elites left, the world would be theirs, and the Hidden House Yu would be able to use this opportunity to continue their glory! Xiaochen didn't even bother thinking about the Sky Class Island Plan-with his strength, it had nothing to do with him.

Even Yu Tianxing was focused on developing house Yu. He didn't think about breaking through to the next level, so they were still at the hidden level. At most, they'd be able to reach the ancient level when Lin Yi rose.

At that time, perhaps many years later, they would have the thought of continuing to strive for higher strength! This was also a matter of what to say and what to think.

Because of the Hidden House Yu's attention, the meal was a happy one, and Yu Ning was also very happy. The problem she had been struggling with, her father Yu Xiaochen finally gave her a clear answer!

In the past, Yu Ning wasn't worried about anyone else, but Yushu! Ever since she found out that Yushu was her sister, she'd been worried. It was normal for big cultivation families to have multiple wives.

However, it was a bit unrealistic for a pair of sisters in the family to marry the same person at the same time. In order to maximize the benefits, the family would not usually do this! But now, it seemed that the house valued Lin Yi's strong appeal, and no one could be compared to him anymore. That was why the Hidden House Yu made the final decision!

Happy times were always short. Tomorrow morning, Yu Ning and Yu Yi were going to the endless western sea. Lin Yi couldn't go there because he didn't know anyone, and he had to send tu Ranran back to the yellow Earth sect.

After saying goodbye to Yu Ning, Lin Yi drove back to Donghai city. On the way, Lin Yi called Bai Weitao again, but the phone was still turned off!

Lin Yi was a little troubled-phones could roam now, and even if it was overseas, the original number should be able to pick up the call. Even if the phone was out of battery and turned off, why was it still off?

Could there be a problem? However, Bai Weitao was just going on a trip. What could go wrong?

In fact, what Lin Yi didn't know was that Bai Weitao and his men were in trouble!

When Bai Weitao and he meiyue went out to play, Zhang duopan and fan ganhe, who had received the news, also followed. Zhang duopan had always been pursuing he meiyue. Even if Bai Weitao and he meiyue went out to play, he would still follow. His purpose was to prevent Bai Weitao and he meiyue from going any further!

Since they were all classmates, Zhang duopan pretended to have met by chance at the airport and proposed to travel together with Bai Weitao! In fact, he just had someone check the flight records and found out that Bai Weitao and he meiyue were on this flight.

Although Bai Weitao was unwilling, even if he was unwilling, he was on the same flight as him, so he couldn't drive him away! Besides, they were all classmates, so he couldn't go too far!

After all, what Zhang duopan had said was very Grand. Since everyone had met by chance, then they should travel together so that they could look out for each other! I'm just relying on my classmates and fellow townsmen!

He meiyue also did not agree to share a room with Bai Weitao in front of her classmates, which made him a little disappointed. Zhang duopan and fan ganhe also stayed in the same hotel.

Hence, the four of them went out together to play every day, and it was quite harmonious. There were no fights, and Zhang duopan had probably seen it clearly. What he had to do now was to prevent Bai Weitao and he meiyue from going any further, and also to improve his image and competitiveness in he meiyue's eyes!

After playing for a few days, one evening, Zhang duopan suddenly suggested that he treat them to the casino to broaden their horizons!

#### Chapter 3454 Something Happened To Bai Weitao (2)

In Southeast Asia, there were many legal and luxurious casinos, so Bai Weitao and he meiyue didn't refuse. After all, it was worth it to go and have a look!

Originally, Bai Weitao didn't want to go, but the two kept persuading him. If he didn't go, Bai Weitao couldn't do anything. He couldn't even do anything private with he meiyue. The two of them were stuck in their room like glue. They either took them here or there every day, or had supper and played cards until late at night, not giving Bai Weitao a chance.

In fact, Bai Weitao also understood their intentions and thoughts, but they didn't say it out loud. It was a tacit understanding, and Bai Weitao couldn't say anything about it. Since they had followed him, this situation was inevitable.

That was why Bai Weitao agreed to go to the casino to take a look. Anyway, the good thing was that Zhang duopan would bear all the expenses!

Bai Weitao was a poor student, and boss Bai wouldn't give him much pocket money, so he was happy to see Zhang duopan spend a lot of money.

Youmiao casino was a relatively large casino in the vicinity. It was only opened in the past ten years, so the decoration was quite luxurious.

The four of them took the hotel's taxi to youmiao casino, but the four guests were dressed as tourists, so they were soon received by the guide's waiter.

"The four of you are here for a vacation. Do you want to have fun or have some fun? If it's fun, I suggest you play with the first floor's corner machine or something. " The waiter enthusiastically introduced.

"En, we're here for a vacation, but we don't lack money. Exchange more chips for me!" Zhang duopan said.

"Okay, no problem. But please show me your identification, such as your passport or local ID card. I want to register your age. According to the rules, we will be punished if an underaged entered the casino!" The waiter said.

"Oh, that's so troublesome!" Zhang duopan casually took out his student ID. Fortunately, his student ID had always been in his wallet, and he had even left his passport in the hotel! "The four of us are classmates, so we can just watch one, right?"

"That's fine ..." The waiter nodded. As long as these people were really adults, there would be no problem. In fact, it wasn't that someone would check every day. It was just in case.

"Then let's exchange for chips!" Zhang duopan took out a credit card and said.

"Yes, sir!" The waiter said.

The four of them took the chips they exchanged and went in to play. On the other side, a man in the monitoring room looked at the synchronized registration information on the computer. His eyes suddenly lit up, and then he quickly picked up the phone and dialed a number!

"Tu Feng, what's the matter?" A vigorous voice rang out.

"Greetings, sect master kun. As per your orders, I've been keeping an eye on the guests from Eastern Sea city. There are four guests today, and one of them is from Eastern Sea city!" Tu Feng was the person in charge of this casino, and also the backbone of the right Miaomiao sect!

The youmiao sect was a very large local gang, and the youmiao casino was naturally a property of the youmiao sect. The sect master was called kun cun. In his early years, he was the subordinate of a high priest in the miaojiang region and had learned some Voodoo and evil mental cultivation methods. After the high priest fell from power, he fled to Southeast Asia and established the youmiao sect!

However, one of his disciples, Piao huotai, had gone to Eastern Sea city to train and there had been no news of him since! After waiting for a long time and not seeing him return, the sect master of the kuncun sect subconsciously felt that something must have happened!

However, the high priest had been killed by the supernatural Investigation Bureau back then, and the investigation Bureau still had an arrest warrant for kun cun. Therefore, kun cun did not dare to return to Huaxia in private for fear of being dealt with by the supernatural Investigation Bureau.

However, there was no such thing as an impervious wall in this world. Plus, it wasn't like no one knew about Lin Yi killing Piao Huo tai-at least there were some people in the casino who knew about it. In the end, the news still reached kun cun's ears!

Plus, he already knew that the person who killed Piao huotai was called Lin Yi, a student of East Ocean industry University. As such, he ordered his men to keep an eye on guests from East Ocean City, especially students from East Ocean industry University!

If they saw him, they would capture him immediately and ask him about the situation. If they knew Lin Yi, they could lure him to Southeast Asia and kill him!

"Oh? Was that so? Are they in contact with East Ocean industry University?" The sect master of the kuncun sect immediately asked.

"What a coincidence, that Zhang duopan guy is a first-year student at East Ocean industry University. He might know that Lin Yi guy!" Tu Feng said.

"En, you go test them out. If they know Lin Yi, bring them here immediately!" The sect master of the kuncun sect instructed.

"Yes!" Tu Feng quickly replied.

After hanging up the phone, tu Feng went straight downstairs. At this time, the waiters who came and went saw him and greeted him. Tu Feng waved his hand, indicating for everyone to keep quiet. He followed the surveillance cameras and easily found Zhang duopan and the other three.

"Let's bet on 32. This 32 will definitely win!" Tu Feng said to Zhang duopan, who was currently playing roulette.

"Really?" When Zhang duopan heard someone talking to him, he was momentarily stunned.

"Of course, I often play here!" "I guess you're also from China, right?" tu Feng laughed. Me too, hehe!"

"Is that so? So it was like this! Then I'll listen to you this once. " Although Zhang duopan had bet 32, he was just playing blindly and didn't know how to calculate probability or the like. Since someone had said so, he would just give him some face, or else he would have just bet casually.

However, what Zhang duopan had not expected was that the final number that came out of the roulette was really 32!

"Haha, what do you think? am I right?" Tu Feng smiled faintly.

"It's really accurate!" Zhang duopan was overjoyed, "big brother, are you the God of Gamblers?" Why don't you tell me what I should bet on to win the next round?"

"Let me calculate this round!" Tu Feng pretended to be mysterious and pondered for a while, then said, "27 then, 27 is fine!"

"Alright, I'll do as you say. 27 it is!" Zhang duopan had bet 27, but this time, he had bet more chips!

To tu Feng, these things were all child's play. With just a casual word from him, he could make his subordinates in the monitoring room change the data. So, whatever he said was true! The reason why he had been patient and told Zhang duopan so much was actually because he didn't want to randomly arrest people in the casino!

It would be fine if he caught the right person, but if he caught the wrong person, it would affect the reputation of the casino. After all, as the person in charge of the casino, the first thing he had to consider was the operating benefits of the casino!

Chapter 3455 Something Happened To Bai Weitao (3)

"27.....27...27!" Zhang duopan didn't expect it to be 27 again, which meant that he had won again! He looked at tu Feng beside him in surprise and said, ""Big brother, you're really amazing! Then aren't you invincible in this casino?"

"Shush ... Let me tell you a secret. I'm actually the casino's consultant. I'm also the senior dealer you guys call me. I can't gamble." "I saw that you're from the same race, so I spoke a few more words with you!" Tu Feng laughed softly.

"I see! Aren't you very awesome, big brother? consultants are usually the best in the casino!" Zhang duopan had watched a few movies about casinos, so he naturally knew what a consultant did.

"It's alright. Oh right, where are you from?" Tu Feng asked, pretending as if nothing had happened.

"I'm currently studying in Donghai city. Have you heard of Donghai city, big brother? It's a provincial capital in the North. " Zhang duopan said.

"Of course I've heard of it. I have a friend there!" Tu Feng said.

"Friend? Was that so? What a coincidence! Big brother, what's your friend's name? I might even know him!" Zhang duopan was trying to get close to tu Feng. His purpose was to get tu Feng to give him some pointers. This way, he could also satisfy his addiction as the God of gambling!

"His name is Lin Yi, he's a very powerful martial artist. I wonder if you've heard of him?" Tu Feng said as if nothing had happened.

"What? Lin Yi?" Zhang duopan's eyes immediately widened. However, he thought that it might be the same name, so he asked, ""What does this Lin Yi Do? I know him, but I don't know if they're the same person!"

"The Lin Yi I know is a first-year student at East Ocean industry University." "By the way, brother, which school do you attend?" asked tu Feng. Have you ever heard of it?"

"East Ocean industry University? A first-year student?" Zhang duopan was now completely convinced that this was the Lin Yi He knew! "Bro, I'm in this school! I know that Lin Yi you're talking about-he's my classmate, and we're pretty close!" Do you see that person over there? Bai Weitao, he's Lin Yi's follower, from the same dormitory!"

"Oh?" A hint of joy flashed in tu Feng's eyes. He had really obtained it without any effort! She was worried that Lin Yi wouldn't be forced to come if it was just a normal student who was kidnapped.

But now, this was Lin Yi's dorm follower, so he had no choice but to come! Thinking of this, tu Feng said, "that's really fate. How about this, you all come to my office and have a seat. I have to entertain my

friend's friend no matter what. I'll treat you all to something to eat, and then I'll show you around. The VIP Casino upstairs will definitely open your eyes!"

"That's great! I'll have to trouble you then, big brother. I'll go get them!" Zhang duopan was overjoyed- this was a free lunch! He'd hated Lin Yi at first, but now that he could use Lin Yi's name to eat and drink for free and get VIP treatment, he was more than happy to keep it a secret.

"Alright, I'll wait for you here!" Tu Feng nodded.

And so, Zhang duopan quickly walked towards Bai Weitaο! Bai Weitaο wasn't a gambler. He just came to have a look. If he really wanted to gamble, he just wanted to try. He didn't really play much.

There was still a large pile of chips left in his hands, and when he saw Zhang duopan walking over, he nodded, ""How is it? Did you win any money?"

"Haha, I won a small sum, but I got to know a great God!" "He's the consultant of this casino, the highest-ranking dealer. Guess what, he's from our side too, and he's a good friend of Lin Yi 's. We got to know each other after a chat, and he's inviting us to his office for a meal, then we'll see the VIP room upstairs!"

"Ah? There's such a good thing?" Bai Weitaο subconsciously thought that they were scammers. Could it be that they had set a trap to make them lose money?

"Aiya, don't be suspicious. He was the one who asked me where I was from, and I told him I was studying in Donghai. He asked me if I knew Lin Yi, I didn't tell him!" Zhang duopan saw Bai Weitaο's

hesitation and waved his hand,""Do you think he's a master of divination? Don't worry, there won't be any problems!"

"Like this?" After hearing Zhang duopan's explanation, Bai Weitao was relieved. It wasn't a trap, and they really knew each other. That was good! Bai Weitao knew that Lin Yi had a lot of connections, so it wasn't surprising that he knew people here! So, he turned to look at he meiyue.

"Then let's go and take a look!" Hearing Lin Yi's news, he meiyue's heart moved and she nodded in agreement.

Since he meiyue had agreed, Bai Weitao had no reason to refuse. He followed Zhang duopan and walked towards the casino.

At this time, tu Feng had finished his arrangements. The waiter beside him also started to greet him!

"Advisor tu, I'll take my leave first ..." A man in a dealer's uniform bade farewell and left after Zhang duopan and the others walked over.

"You go first. It doesn't matter if you won some money. Our casino is open for business, and we emphasize integrity. I can't come out to find trouble just because someone made some money. This is not in line with the rules." Tu Feng said as he waved his hand.

"Big brother, you're busy?" Zhang duopan walked over and asked.

When he saw Zhang duopan coming over with Bai Weitao, tu Feng smiled and explained, ""It's nothing. A new dealer saw a customer win a million Yuan, so he came to me. It's not a big deal! Let's go, I'll take you upstairs!"

With the previous dealer's conversation, Bai Weitao no longer doubted it. In fact, tu Feng was really a member of this casino, but he was not a high-level consultant, he was just the person in charge.

However, it was impossible for the person in charge of the casino to come to the first floor for a personal inspection. It was unrealistic, so he installed the title of consultant.

Fan ganhe, who was nearby, was caught by Zhang duopan. After introducing themselves, they followed tu Feng upstairs.

Along the way, many people addressed tu Feng as "Mr. Tu" respectfully. The four of them followed tu Feng into a high-class and luxurious office. The four of them no longer had any doubts. However, when they entered the office and tu Feng closed the door, he was suddenly restrained by four burly Men in Black. They tied his hands and feet and threw him on the sofa!

"What ... What are you doing?" Zhang duopan turned pale with fright. He had not expected to be controlled the moment he entered!

Chapter 3456 Threatening Lin Yi

He took a deep breath-he'd felt that something was off before, but Zhang duopan said that it was tu Feng who brought Lin Yi up first, and it was proven later that this tu Feng really was a high-ranking consultant of the casino. But now, it seemed like he'd been wrong!

Or rather, this person was from the casino, but his purpose was not pure!

"I'm just a few poor students. I don't have much money. Even if you kidnap us, it's useless!" Fan ganhe shouted, "there are so many big bosses and rich people. Why didn't you kidnap them? why did you kidnap us?!"

"Shut up!" Tu Feng coldly glared at fan ganhe and said, ""If you want to blame someone, blame yourselves for knowing Lin Yi. Lin Yi and I have a grudge against each other, and in order to lure him here, I had to use you guys as bait!"

There was no need for tu Feng to hide it. Since he had already captured the man, what was the point of hiding it?

"Ah?" Zhang duopan was dumbfounded. He had never thought that this was the reason! So this tu Feng and Lin Yi weren't friends, but enemies! If she'd known earlier, she wouldn't have been so stupid as to get close to him and draw the line! This was revenge!

"Big brother, I was just lying to you. Lin Yi and I are enemies. If you catch me, he'd be even happier. He wouldn't even come!" Zhang duopan hurriedly said.

"Didn't you say that he's Lin Yi's follower, and that he's in the same room as Lin Yi? Why, have they become enemies now?" Tu Feng said with a cold smile.

"He's right, he's Lin Yi's follower, and we're even in the same dormitory, but I'm not. I'm on bad terms with Lin Yi, I hate him to death!" Zhang duopan said.

"You think I'll believe you? You and Lin Yi are enemies, and he's Lin Yi's follower, and you guys came out to play together? who are you trying to fool?" Tu Feng looked at Zhang duopan sarcastically.

"Uh ... This ... I'll be honest with you, Bai Weitao and I, Lin Yi's little brother, are pursuing the same girl, so we came out together. There's nothing else between us, we're actually love rivals!" Zhang duopan said.

"Oh, so what?" Tu Feng asked.

"Then you can let me go, big brother. Just hold onto that Bai Weitao-he's the most important person here. Lin Yi will definitely come if you hold onto him, I'm not lying!" Zhang duopan hurriedly said.

"And then let you go?" Tu Feng asked.

"Yeah!" Zhang duopan nodded.

"Then you'll call the police, and we'll all be dead, right?" Tu Feng said indifferently.

"How could that be? how could I call the police? I can't wait for Bai Weitao to die!" Zhang duopan said.

"Don't you like this woman? She's also being detained, can you not call the police to save her? Don't you know how to be a hero and save a beauty?" Tu Feng asked.

"This ... Why don't you let her go too? Just hold Bai Weitao!" Zhang duopan said.

"I think she treats Bai Weitao better than you do. If I'm not wrong, she and Bai Weitao have confirmed their relationship, right? If I let her go, would she not save Bai Weitao?" Tu Feng laughed mockingly, "alright, stop wasting your time. Just stay here. I won't do anything to you. My boss's target is Lin Yi!"

After saying that, tu Feng said to the four big men, "Lock them in the room and give them some food on time. Don't worry about them at other times!"

"Yes, Mr. Tu!" The four big men quickly responded, and then each grabbed one, threw Bai Weitao and the other three directly into the back room of the office, and locked the door with a "bang"!

"F \* ck, Bai Weitao, it's all because of your boss. Otherwise, how could we have been caught?" Zhang duopan grumbled dejectedly.

"You still dare to criticize me? You wouldn't be like this if you didn't try to get close to boss Lin Yi and say that he's your friend!" "If you want to blame someone, blame yourself for being stupid. Don't talk about others!" Bai Weitao said angrily.

"Alright, stop quarreling. The most important thing now is not to quarrel but what we should do!" He meiyue furrowed her brows and said, "I wonder if ... Lin Yi can save us?"

"Boss Lin Yi should be able to come, but these people are clearly prepared, I don't know if it'll be dangerous ..." Bai Weitao smiled bitterly, ""We really know how to cause trouble. We just came out to play and we caused such big trouble!"

"There's no other way. We can only wait. " "But Lin Yi's so strong, it shouldn't be a problem ..." He meiyue tried to persuade her.

"I hope so!" Bai Weitao sighed.

Hearing the conversation, Zhang duopan and fan ganhe let out a breath of relief. Luckily, Bai Weitao was here. Lin Yi would definitely come, and when he did, they would be useless. He would definitely let them go, but they would still be locked up for a while.

After tu Feng left, he went to report to the sect master. He told the sect master that these people were Lin Yi, and the sect master was very excited. He immediately called Lin Yi!

Lin Yi's number wasn't a secret-he'd found out about it a long time ago, but he'd never made the call, and there was no reason for that! If she said she wanted to make Lin Yi come to Southeast Asia, then Lin Yi couldn't come!

Lin Yi wasn't wrong-if you wanted to get back at him, come at him yourself, why send yourself to his door? How sick was this!

"Is it Lin Yi?" Kun-cun said after the call went through.

"Yes, it's me. And you are?" Lin Yi didn't know who it was from the unfamiliar number and voice.

"Hehe, let me introduce myself. I'm the sect leader of the youmiao sect in Southeast Asia. My name is kun cun!" "Do you know Piao huotai?" kun-cun chuckled and said. I wonder if you still remember?"

"Titanium Park?" Lin Yi furrowed his brows as his heart skipped a beat. Lin Yi had an impression of this man, of course. He was the one who colluded with the Hidden House Zhao and tricked Chen Xi away. He wanted to harm Chen Xi, and Lin Yi killed him! And what was the owner of this phone going to do? "So What if I do, and so what if I don 't?" Lin Yi said without changing his expression.

"Piao Huo tai is a disciple of my right Miaomiao sect! You killed him, so don't you think I, as the sect master, should get back at him?" "Come to Southeast Asia now," kun-cun said indifferently. "I'll wait for you here!"

"You want me to go? I don't have time. " Lin Yi thought that there was something wrong with this guy."I still have things to do. If you want to get back at me, do it yourself. If I'm not at home, you can wait at my door!"

"Alright (I won't force you (however, your four classmates will have to stay here for a long time ...

Chapter 3457 Er Goudan Is Here!

"I'm afraid they won't be able to return for a while. Come and pick them up when you have time!" Kun-cun was about to hang up the phone."Alright, I won't disturb you anymore. Goodbye, Mr. Lin Yi!"

"Wait! What classmate?" Lin Yi thought of Bai Weitao and the others immediately, "Speak clearly!"

"Aren't your classmates here for a vacation? I think they're called Zhang duopan and Bai Weitao, if you're not coming to pick them up, just let them play here first, they won't starve to death anyway!" Kun-cun said.

"Tell me the address, I'll come find you." "But, you have to make sure they're safe before I get there!" Lin Yi took a deep breath.

"No problem. Our sect has its own rules. We won't involve ordinary people. You're a cultivator. We're looking for you." "I'll send you my address in a bit," kun-cun said indifferently. "Come here as soon as possible!"

"Alright!" Lin Yi nodded in agreement.

"Then I'll be waiting for your arrival, Mr. Lin. Since you're here, don't go back, hahahaha!" Kun-cun laughed and hung up the phone.

Lin Yi frowned as he looked at his phone. He'd planned to go to Island X where he used to train when he was young and take nine to the yellow Earth sect, but it seemed like things were changing faster than he'd planned. He had to go to Southeast Asia first.

Lin Yi had to inform boss Bai about what happened to Bai Weitao, and so he decided to return to Donghai city first before making a decision!

The kun cun sect wanted to use Bai Weitao to lure him to the youmiao sect in Southeast Asia-they should be fine before he went, and Lin Yi wouldn't have to worry!

The car drove all the way and finally stopped in front of his villa in Donghai city. It was evening now, and Xinyan should be home, judging from the lights in the living room.

Lin Yi opened the door and walked in. Wang Xinyan was indeed at home, but there were two people in the living room that surprised Lin Yi!

"Boss, you're back!" Goudan stood up from the sofa happily and gave Lin Yi a big hug!

Yu Yuanyuan, who was beside him, also stood up and greeted Lin Yi shyly.

"Er goudan, what are you two doing here?" Lin Yi looked at goudan in surprise-he didn't think that he'd be able to find the villa in Donghai city, but old Lin must've told him.

"It's the autumn harvest, so I sun-dried some meat. Yuanyuan wanted to come back for a walk, so we came here to bring the meat to boss. Didn't you like my bacon?" Goudan said.

"Er goudan, you're so kind!" Lin Yi didn't think that goudan would still remember this-he was touched! This might just be a small thing in his life, but it did show that goudan really did care about him-he even made the cured meat and sent it over personally!

"It's nothing, Yu Yuanyuan wanted to go out for a walk too. West Star Mountain is too small, she's a city girl, how could she stay there all day?" Goudan smiled.

"But Speaking of which, your way of speaking is a lot more standard now-you used to say" me "or something like that every time you opened your mouth, Yuanyuan corrected you, right?" Lin Yi said with a smile.

"Yeah, she taught me how to speak Mandarin!" Goudan scratched his head, but this also showed how much he cared about Yuanyuan.

"What's your plan?" Lin Yi's head started to hurt at the thought. He was planning to go to Southeast Asia as soon as he got back, but it seemed like he had to entertain er goudan now that he was here. He couldn't just leave Bai Weitao there and not help him, either!

"Nothing, Yu Yuanyuan just wanted to walk around!" "I promised her that I'd take her on a honeymoon after we get married, but I've been busy and didn't have time. Now that I finally have some time, I want to see where we can go!" Goudan said.

"Why don't you two come with me to Southeast Asia?" Lin Yi suddenly had an idea-Southeast Asia was a pretty good tourist spot, and goudan didn't have a destination anyway-it didn't matter where he went, and Lin Yi could save Bai Weitao and entertain him at the same time-two birds with one stone!

"I can ... But I ..." Goudan was a little embarrassed! He hunted for a living, and most of his money was used to supplement his family, so his savings were limited!

Lin Yi and ER goudan had known each other for so many years, how could he not know what he was thinking? "You've come to my place as a guest, so how can I let you spend money?" I'll pay for all the expenses. If you're not willing, then leave immediately. Take your cured meat and leave. I don't want it anymore!"

"This ... Hehe, alright then!" Goudan didn't bother being polite-he could tell from Lin Yi's words that he really didn't care about all this. If he didn't accept Lin Yi's kindness, then Lin Yi would really be angry.

"Boss, I'm really sorry to have made you spend so much." Yu Yuanyuan followed er goudan and called Lin Yi as well! In fact, in the countryside, the oldest child in the Butler's house was also called 'boss', which meant 'big brother'.

"Xinyan, arrange their accommodation first. I'll go to Mr. Bai's place, I have something to discuss with him." Lin Yi said to Xinyan.

"En, go ahead. Don't worry about me, I'm fine!" Wang Xinyan shook her head.

Lin Yi didn't say anything else and went straight to boss Bai's place!

Boss Bai was a little surprised at Lin Yi's late visit. "Yi, you're back?"

"En, I just finished my business over there, so I came back to take a look!" "Master, there's something I need to tell you after thinking about it!" Lin Yi said.

"Oh? What was it? Come in and talk!" Boss Bai waved his hand, signaling for Lin Yi to come in. "Xinxin, look who's here."

Guan Xin came out of her room, surprised and happy to see Lin Yi. "Lin Yi, you're here! I'll go cook?"

"Haha, no need. It's too late. There's no need to cook. I came here because I have something to discuss with master." "Go do your work!" Lin Yi said.

"Ah ... I see ..." Guan Xin was a little disappointed. After all, Lin Yi wasn't here for her. She lowered her head and prepared to go back to her work. She had been getting some inspiration from the herbs these days, and she believed that the inheritance would be complete soon!

"Yi, you're going to break your little sister's heart. These days, other than comprehending herbs and learning alchemy, she's been talking about you the most!" Boss Bai said with a smile.

Chapter 3458 A Sudden Confession

"Master ... I ... I'm not!" Guan Xin blushed.

"Damn, master, this isn't the time to joke. I really have something to do!" "Don't overthink it, Xinxin," Lin Yi smiled bitterly, "it's Bai Weitao. Didn't he go on a trip to Southeast Asia?" In the end, he was detained by someone!"

"Ah!" Guan Xin was shocked. So it wasn't that Lin Yi didn't care about her-he had something more important to do! In that instant, Guan Xin's mood lifted. She wasn't as depressed as before. "What happened? How could he be detained?"

Boss Bai wasn't as shocked as Guan Xin, but he frowned as he looked at Lin Yi. "Why? What did he do?"

"The other party is from the right Miaomiao sect. Back then, one of their disciples harmed people in the casino here, and I killed him." "I don't know what happened, but they probably found out that they're my friends, and they're probably very close, so they locked him up and asked me to go!" Lin Yi said. But I think they're targeting me, so they won't do anything to Bai Weitao!"

"This little rascal, what is he talking about? Don't you know that trouble comes from the mouth? If he doesn't say anything, who will know that you two are related?" Boss Bai couldn't help but get angry, "when this kid comes back, I'll teach him a lesson!" He's the one who's causing trouble at the critical moment!"

"Ugh ..." Lin Yi didn't expect boss Bai to be so angry instead of being worried. He smiled bitterly, "This can't be blamed on him. If you want to blame someone, blame me for offending that right Miaomiao sect!"

"You can't blame anyone for this. I have an impression of the youmiao faction disciple you mentioned. You've mentioned it to me before, right? What is it called?" Boss Bai waved his hand and said, "even if it was me, I would've killed him if I had the ability to know how this person harms girls. What does this have to do with you?" I'm just angry at this kid, Bai Weitao, he can't help me at all, he only knows how to go out and cause trouble all day!"

"Master, don't talk about Bai Weitao. He has a girlfriend, so it's impossible for him not to go out and play. He's a young man!" Lin Yi quickly explained.

"Aren't you a young man too? why don't you go and play?" Boss Bai snorted. "I don't think that he meiyue is good either. She's too narrow-minded. Bai Weitao is simple and honest. I'm afraid that she will be at a disadvantage in the future!"

Lin Yi didn't think that boss Bai would notice he meiyue's sneaky side, but it wasn't his place to say anything, "Forget it. Bai Weitao is not young anymore. He has his own choices and knows right and wrong."

"That's why I didn't interfere! Let's hope that the girl will use her mind in the right place!" Boss Bai waved his hand, "right, you know about the Sky Class trial, right?" "Patriarch xuanchen called earlier to talk about this. I wanted you to attend, but he specifically mentioned that the inheritor, Guan Xin, should be participating! Plus, each sect only has one spot, and we're not even a sect. Letting Guan Xin go is because she's an heir ... So, it'll be a bit troublesome for you. If you don't take part in the Sky Class test, you won't even get the chance to go to Sky Class Island ..."

"It's about this matter!" "Don't worry, master-even if we don't have a place, there's still another way. I have ... The Sky Class Island Map fragment!" Lin Yi said quickly.

"Oh? So you have that thing!" Boss Bai was relieved to hear that. If Lin Yi had the Sky Class map, then theoretically, he could participate in the Sky Class test!

According to the agreement, if a practitioner got their hands on the map fragment, they could participate in the test without any conditions. If it was a disciple from a sect or family, as long as the family didn't object or send another disciple to replace the disciple, then that person could also participate in the test!

Now, even if Lin Yi wasn't a practitioner, he was still boss Bai's disciple-as long as boss Bai didn't object, Lin Yi could still join the test!

"I obtained it a long time ago, but I didn't know what it was used for. I didn't expect it to be of great use now!" Lin Yi nodded, "that'll be all for now. It's getting late. I'll head back first thing in the morning tomorrow. I'm going to Southeast Asia to save Bai Weitao!"

"Be careful. I've heard of the right Miaomiao sect. It seems to be a remnant that ran to the miaojiang area in the past. I don't know how strong he is now, but he should not be underestimated!" "Do your best," boss Bai reminded him, "Bai Weitao may be my grandson, but you're also my disciple!" In my heart, disciples and children are the same. I don't want one to get hurt or die because of the other! If you can't do it, don't force it. This is a disaster he caused himself, so he should bear it himself. Who told him to go out and talk!"

"I understand. Don't worry. I don't care about a mere right Miaomiao sect." Lin Yi said it casually, but his heart was still pounding! Because this youmiao sect was obviously different from a normal sect. This was a sect that started off with evil Arts, and they specialized in different things from normal cultivation. Lin Yi didn't know if he had the advantage to win!

"Lin ... Lin Yi ..." Guan Xin panicked when she saw Lin Yi leaving. She stomped her feet and turned to Lin Yi. "Can you come over for a moment? I have something to tell you ..."

"Oh?" Lin Yi blinked and nodded. "Of course, no problem!"

Boss Bai was curious about what Guan Xin wanted to talk to Lin Yi about as well, but he wasn't that interested in such things. He stood up and said, "You guys go ahead, I'm going to wash up and rest too!"

With that, boss Bai left the living room and went to the bathroom.

"Um ... Lin Yi ... Do you ... Do you like me?" Guan Xin asked suddenly, her eyes on Lin Yi. She wasn't as shy as she used to be, but she was bolder than anyone else.

Lin Yi didn't know what to do with the sudden question. Why would the usually reserved Guan Xin suddenly say something like that? Lin Yi was a little troubled, but he still nodded. "I ... Like this!"

Guan Xin was overjoyed at Lin Yi's confirmation. "I like you too! Do you know? From the moment you took the bullet for me in the bank, I've fallen for you! "After that, I was really happy to see you again in the hospital ... After that, you came to my house and became good friends with Grandpa ... After that, you saved me again ..."

#### Chapter 3459 Guan Xin's Engagement

Guan Xin seemed to be talking to herself as she reminisced about her past with Lin Yi. There were some details that he'd forgotten, but Guan Xin still remembered them!

If Guan Xin didn't say it out loud today, Lin Yi wouldn't have known that he'd become so important in her heart!

Lin Yi felt emotional as he listened to her pour out her feelings. He did like Guan Xin, but it was just a normal kind of like-it wasn't to the point where he'd die for her!

Guan Xin's sudden confession, on the other hand, made it hard for Lin Yi to accept. Should he agree or not? But now it seemed that it was impossible to not agree!

He'd always been passive in relationships, and he'd always believed that it'd come naturally with these girls. It wasn't that he didn't like Guan Xin, but he still wasn't at the right stage to be her boyfriend yet.

"Master told me that I'm going to become a wood-type inheritor, accept the inheritance, and open sky Class Island. It's a very dangerous mission, and I'm afraid ... That I won't be able to see you again, so I have to tell you this today!" Guan Xin let out a long breath of relief.

Guan Xin was a wood-type inheritor? Lin Yi had heard boss Bai mention something about it before, but he didn't say it for sure. Today, both of them said it for sure, so it must be true!

He didn't expect Guan Xin to be the inheritor of the wood element! 'Does this mean that other than elder Tang from the snow Valley, all the other inheritors are related to me?' This gave Lin Yi a headache!

Was this a coincidence? Or was it the will of the heavens? Or perhaps he'd been set up since he'd arrived in Songshan? Lin Yi wasn't sure if old Lin knew anything about the whole life-guaranteed mission that got him to where he was now.

Lin Yi didn't know, and no one told him. The only thing he knew was that he had to keep going! Whether it was a trap or not, he could not stop moving forward!

"The Sky Class Island Plan ... Xinxin, you should know that the people around me-Chu Mengyao, Chen Yushu, Feng Xiaoxiao, and Yuning and nine you don't know-are all inheritors, so I have to follow the plan the entire time. Otherwise, it's hard to say what will happen, and I'm worried! Since you're also an inheritor, let's go together!" Lin Yi smiled as he consoled.

"Ah, these inheritors ... You know them all?" Guan Xin's face changed-it was weird. She knew that Feng Xiaoxiao was an inheritor, and she also knew that Tang Yun was an inheritor, but she didn't know that Chu Mengyao and Chen Yushu were inheritors as well!

Also, that Yu Ning and little nine Lin Yi knew each other, what was their relationship? They should be very close, right? Now that they were both inheritors, Guan Xin let out a breath of relief.

He wouldn't be alone and weak just because she was an exception.

But Lin Yi probably didn't know about Tang Yin yet. If he did, he'd be even more shocked! It was too much of a coincidence that all the inheritors were related to him.

"Yeah, other than the inheritor of the snow Valley ... Of course, we're not that close. The other inheritors ... More or less ... You know ..." Lin Yi was a little embarrassed.

Snow Valley, wasn't that Tang Yun? Guan Xin couldn't help but laugh. She was your first girlfriend! A girlfriend in the truest sense!

"En, then I'm relieved ..." Guan Xin nodded, ""There's one more thing I didn't want to say, but you've given me hope for the Sky Class Island Plan. Perhaps I'll really be able to come back alive, so I have to say it ..."

"What is it?" Lin Yi blinked, not understanding what Guan Xin was so concerned about. Something that didn't seem to have anything to do with practicing or becoming an inheritor!

"It's like this ... My dad arranged a marriage for me when I was young, and there wasn't much news about it, but ... Suddenly, he told me that there was news and asked me to get ready to meet that fiancé ..." Guan Xin said, troubled. "I've never seen him before, and I don't like him. It's fine that I don't know you, but now that the person I like is you, and dad wants me to meet him, what should I do?"

"F \* ck ..." Lin Yi didn't think that Guan Xin's father, Guan Xiaoxiang, would be so serious about the marriage. He thought that it was something that couldn't be confirmed, but this was their family's business, and house Guan didn't have any desires. They wouldn't fight for the ranking and status of some Noble House or hidden house. They wouldn't let Guan Xin and Lin Yi be together just for benefits!

This was completely different from the Hidden House Yu! If house Guan was the same as house Yu, then Lin Yi would have complete confidence in taking care of this, but things were different now. Guan Xiaoxiang's goal was different from the Hidden House Yu 's, and with his relationship with Xuemin, Lin Yi couldn't force Guan Xiaoxiang.

This was quite a headache, but Lin Yi said after some thought, "By the way, aren't you the best at making the food taste terrible and scaring away your future blind date? I can try it this time!"

Lin Yi had been through this a couple of times, and he came up with this plan.

"I've thought about it, but my father said we'll meet at a restaurant. He didn't give me a chance to show off my cooking skills!" Guan Xin sighed helplessly. "My dad was probably afraid that I'd do the same, so he purposely set the meeting place at a hotel!"

Lin Yi thought about it and realized that it was true. He used this trick too many times, and Guan Xiaoxiang would naturally notice it. This time, he didn't need to use it in a real meeting, but Lin Yi had to suffer himself!

"It seems like I'm the unlucky one!" "Who are they?" Lin Yi asked after some thought.

"It's said that he's the successor of the man who helped my father before. I don't know, nor have I seen him. I don't even know his name!" "If I knew his interests and hobbies, I'd create some uncertainties, and he might not like me anymore. But I don't know what he's like, so I can't really do the right thing!" Guan Xin said.

"Why don't you prepare according to common sense? for example, what kind of girl do boys not like? you can dress in that direction." Lin Yi thought about it and suggested, "for example, you can dress up very flirtatiously and say" one night stand,"" date,"or" you're pregnant "!"

"Pregnant with Xuanji?" Guan Xin was stunned.

Chapter 3460 Heading To Youmiao Gate

Her eyes were wide open, her round face red as she glared at Lin Yi. "This ... How can I say this out loud ..."

"If you don't make yourself sound like this, you can't break off the engagement!" "I don't know about other things, but normally, men wouldn't be able to accept being cuckolded and then becoming a father ... You're out of the picture now, no matter what interests the other party has ... Because in their eyes, this kind of woman is just for fun, but if they really marry her, they're out!"

"R-really?" Guan Xin thought about it-it was true, but it was a little difficult for her to dress up and say such shameless things.

"A trip to China, I think it's fine!" Lin Yi nodded.

"Then ... Let me think about it ..." Guan Xin agreed, but it was a little difficult to operate.

"En, if there's anything you need my help with, just tell me. I'll do my best to help!" Lin Yi said.

"If ... They ask me whose child it is, I'll say it's yours." Guan Xin said after some thought.

"This ... Sure!" Lin Yi nodded in agreement.

"En, en!" If Guan Xin were to say that the child was Lin Yi 's, she wouldn't feel any pressure at all. As far as she was concerned, it was just a matter of time-she just said it a little earlier, it wasn't a big deal!

"It's getting late. I'll go back first. I still have to go to Southeast Asia tomorrow. If your father forces you to meet him, you'd better delay it. When I come back, I can help you with the plan!" Lin Yi said.

"En, en, alright!" Guan Xin nodded happily.

Lin Yi said goodbye to boss Bai's house and went back to his villa. Goudan and Yuanyuan had already gone to rest in the guest room, and Lin Yi couldn't help but smile when he saw Xinyan on the bed!

It seemed like Wang Xinyan had been in her room all this time.

Although Lin Yi didn't dare to rely on Xinyan to cultivate yet, it was still a great pleasure to be with her every day!

If he could help Xinyan become a practitioner, then there wouldn't be so many hidden dangers. He wondered if aunt Qing would be able to find the chant.

Lin Yi lay down beside Xinyan and started practicing quietly ...

However, good times were always short-lived. In the blink of an eye, the sky brightened and a new day had arrived!

Lin Yi got up and went to the kitchen to cook-it was his habit to wake up early to cook, but he was surprised to find that Yu Yuanyuan was up even earlier than him!

"Yuanyuan, you're a guest, why don't you sleep a little longer? Just leave it to me to make breakfast!" Lin Yi said.

"I'm already used to it at home. Every day, I wake up at this time and Zhou Jiaming goes hunting in the mountains!" "Don't worry, leave it to me!" Yuanyuan smiled.

"Alright then!" Lin Yi didn't force her-he knew that she wanted to do her part, so he couldn't reject her.

Yu Yuanyuan's cooking skills were not bad, not as good as Lin Yi 's, but it was still considered good! It seemed like er goudan was quite lucky!

After the meal, Lin Yi said goodbye to Wang Xinyan and left for Donghai airport with er goudan and Yu Yuanyuan. Lin Yi had already told han xiaopo to book the tickets.

The flight was silent-Lin Yi was sleeping on the plane, but goudan and Yuanyuan were quite excited-it was their first time on a plane, and they looked at the clouds outside the window, thinking it was quite magical ...

After reaching Southeast Asia, Lin Yi didn't hide his whereabouts. He checked into a hotel called youmiao hotel and called kun cun in the lobby.

"Lin Yi, you're here?" Kun-cun asked.

"Yes, I'm in the lobby of your youmiao hotel right now. Can you help me get two rooms? I don't have money!" Lin Yi said.

"..." Kun cun was speechless, but he didn't care about the money since he wanted to find Lin Yi at any time."Pass the phone to their lobby manager. I'll talk to them!"

Lin Yi nodded and turned to the manager. "Come and answer the phone!"

The lobby manager was a little puzzled, but he still picked up the phone. However, when he heard the voice on the other end, his face suddenly changed and he nodded repeatedly in agreement!

After he finished the call, he turned to Lin Yi with respect, "Mr. Lin, the room card is ready. This way please!"

Although Lin Yi was an enemy, kun cun still had to treat him well before killing him. This was to prevent Lin Yi from running away with dissatisfaction! In his eyes, Lin Yi was already a dead man!

Criminals needed a full meal before they were executed, so kun cun wanted Lin Yi to die in a more comfortable way!

After hanging up the phone, kun cun found Piao huotai's master, the current Deputy sect master of the right Miao sect, Piao Nimei!

Piao Nimei was a bit of a parent, demanding that all her disciples have the same surname as him, but he was also very protective. Now that Piao huotai had been killed, he wanted revenge the most.

"Vice sect Master Park, Lin Yi's here, we can move now!" Kun-cun said to PU Nimei.

"Good! With you and I working together, Lin Yi is dead for sure!" "I'm good at demonic Arts, and I've already mastered them," PU Nimei said."Sect master, you're good at attacking. We'll attack and defend. Just like the dual fiends of Vajra, we'll be invincible!"

"That's right, this Lin Yi is very strong, he can kill Piao huotai, he's not a good person either, you and I have to be careful! After we get there, try your best to hold Lin Yi back and let him attack you. You just need to defend, and I'm good at attacking, so I'll sneak attack Lin Yi!" Kun cun began to assign tactics!

Although kun cun had learned this demonic technique from the high priest of miaojiang, who he had followed, he had not cultivated it to the great success. Instead, he had asked his Deputy sect master to cultivate it. He had also cultivated an attack technique. Although it could not be said to be very powerful, it was a modified version of a Miao village Gu poison called "vigor divine Gu", so his attack power was quite strong.

"Then, when do we take action?" PU Nimei couldn't take it anymore. She didn't want to wait any longer, she just wanted revenge! To take revenge for Piao Huo tai.

"Tonight! Lin Yi's staying at our hotel right now, he won't be able to run away!" Kun-cun told PU Nimei about Lin Yi's free accommodation."This Lin Yi sure is funny-he's a dying man, and he's still saving this little money!"

"Haha, maybe he thinks that we're only here to negotiate and that he won't die. He just needs to pay some price!" "Does he think that all the sects put benefits above all else?" PU Nimei sneered.
