

Bodyguard 3471

Chapter 3471 Delivering Pills From A Thousand Miles Away

He'd been calling Lin Yi a scammer all along, trying to trick Xuemin ... How could he be a scammer?!

Oh my God, what have I done? Guan Xiaoxiang felt even more embarrassed than when he found out that Guan Xin was a delinquent!

"Lin Yi ... You're the one I went on a blind date with?" Guan Xin's eyes were wide open as she looked at Lin Yi.

"There's an 80% chance!" Lin Yi said with a bitter smile.

"Why didn't you tell me earlier? I was so worried!" Guan Xin sighed in relief, but still couldn't believe it. "How could you be the disciple of father's benefactor? Why didn't you mention this before?"

"I just found out about it ..." Lin Yi smiled bitterly, ""To be honest, if it wasn't for master's wife telling me about this, I wouldn't even know that I had an engagement! I didn't even know that you were the one they were engaged to!"

"Is that so?" Guan Xin was surprised and happy at the same time. She blushed shyly and said, "If I had known earlier, I wouldn't have made it like this. I'm giving aunty Shen a bad impression. It's all your fault for coming up with such a bad idea!"

"How can you blame me for this?" "I didn't know!" Lin Yi didn't know if he should be laughing or crying.

"It's fine, I think it's pretty good. I used to have a friend who also liked non-mainstream clothes like you. I thought it was quite friendly!" Shen Yuxi said with a smile, "it's good that you two like it!"

"Right, right. Young people are all a little crazy. It's fine as long as they like it!" Guan Xiaoxiang's mood was finally a lot better, he didn't expect the matter to be solved so dramatically!

As a result, the dinner became a happy and harmonious scene. Guan Xiaoxiang even asked expectantly, ""Xinxin, how many months is the baby in your stomach? When can I be a grandfather?"

Guan Xin was embarrassed. "Dad, I was just spouting nonsense, Lin Yi and I didn't ..."

"I didn't!" "I thought there'd be one," Guan Xiaoxiang said, a little disappointed, "I was so happy for nothing, you guys better hurry up ..."

With that, the matter was settled, and in the following days, Guan Xin returned to master Bai's house, and Lin Yi had to prepare for the Sky Class test ...

However, Lin Yi received a call from Kang Zhaoming as soon as he arrived in Donghai city!

"Master Lin Yi, where are you? I have good news for you!" Kang Zhaoming said excitedly to Lin Yi after the call connected.

"Kang Zhaoming? I'm in Eastern Sea city. What good news do you have?" Lin Yi's heart skipped a beat- could it be that Zhaoming's Qi gathering pill was done? That was really fast. Could it be that he was scared of her?

Kang Zhaoming kept delaying the Qi gathering pill. He promised Lin Yi during the test at the sky elixir sect, but he waited for so long without any progress. Lin Yi was about to give up, thinking that Kang Zhaoming couldn't make it for him anymore. Could it be that Kang Zhaoming was scared and decided to make it for him?

Lin Yi didn't understand.

"It's like this. I've finally succeeded in refining the Qi gathering pill after much effort!" "God Lin Yi, when do you want me to send it over?" Zhaoming said.

Zhaoming was right-he'd put in a lot of effort to make this pill! The ultimate Qi-gathering pill was not like the Qi-gathering pill. The Qi-gathering pill was easier to make, but not many people had successfully refined the ultimate Qi-gathering pill.

Zhaoming was also trying to figure out the process, but with the help of the xuanchen and xuanzhen patriarchs, he was able to make one pill successfully!

"Is that so? It's been refined? Then you can help me send it over!" Lin Yi didn't think that Zhaoming would be so straightforward-he thought that he'd have to go get it himself!

"Alright, I'll go over to you in two days! The villa in Donghai city, I'll go there!" Zhaoming said.

"Come, on the account that you helped me refine pills, I'll forget about the matter last time." Lin Yi said, "but you need to hurry. I'm Sky Class mid phase peak now, and I'm about to Max out. I'll be useless if you don't come!"

"Argh! Alright, I'll leave tonight. Wait for me!" Kang Zhaoming quickly said. If it was someone else, they might not even be able to level up, but Lin Yi was different. This guy leveled up whenever he wanted, and there was no pattern to it at all. Sometimes it was fast, sometimes it was slow. Kang Zhaoming was really afraid that Lin Yi would level up. If Lin Yi stopped eating the extreme Qi gathering pill and gave it to his follower, wouldn't Lin Yi come to him for revenge if his follower died from eating the extreme Qi gathering pill?

So this pill had to be taken by Lin Yi! Only by killing Lin Yi would this matter be resolved! Zhaoming didn't dare delay any further at the thought-he'd have to move now!

After hanging up the phone, Lin Yi became even more suspicious. This wasn't Kang Zhaoming's personality at all. This kid was evil and vicious. When did he ever think of others like this? Even if he were to concoct pills for him, he would definitely ask him to retrieve it and then think of a way to trick him again. However, this time, it was really refreshing.

But no matter how much Lin Yi thought about it, he couldn't figure out the whole story. If Kang Zhaoming really did send the Qi gathering pill over tomorrow, then Lin Yi really didn't think that Kang Zhaoming could do anything to it.

Lin Yi and Xinyan slept in each other's arms the whole night, and the warmth made Lin Yi feel at ease. Xinyan's condition was stable, too-it seemed that the energy stone was quite effective, but it would be even better if Xinyan could cultivate!

The next morning, Lin Yi had just woken up and made breakfast when he heard the doorbell. Lin Yi walked out to take a look and saw Kang Zhaoming! He didn't think that Kang Zhaoming would come so quickly!

They set off last night and arrived this morning. This speed was quite good. It seemed that they had not slept all night!

"God Lin, Good Morning!" Kang Zhaoming warmly greeted Lin Yi, "I've brought you the pills. See, you won't hold me responsible in the future, right? Let's just forget about the misunderstanding from last time?"

"Where's the pill? take it out and let me see!" Lin Yi said as he extended his hand.

"Here!" Kang Zhaoming took out a small wooden box and gave it to Lin Yi, "I'm not too good at color formation. You know my standard. It's not bad to be able to make it like this. It might be slightly different from those top-notch Qi gathering pills!"

Kang Zhaoming said this so that Lin Yi would be the first to judge the pill. Even if he found out that the extreme Qi gathering pill was different from the normal one, he would think that it was a problem with Kang Zhaoming's skill.

Chapter 3472 The Side Effects Of The Qi Gathering Pill

Lin Yi took out the pill and observed it under the sun! Lin Yi wasn't a real refiner, but he had done some research on elixir making, especially after taking so many Chi gathering pills. He had an understanding of the smell and color of the pills.

This pill was indeed a little different from the ones he'd used before, but the taste was the same as before!

Of course, they couldn't rule out the possibility that Zhaoming had put poison in the pill, but they were all Sky Class Masters, and poisoning someone would require the intelligence of a golden class or Mystic class. Sky Class Masters could force the poison out of their bodies-this was common knowledge, and as a Sky Class master, there was no way Zhaoming didn't know this.

So he wouldn't do something like this that wouldn't do him any good. If Lin Yi didn't remember him after he forced the poison out, he'd just make Lin Yi waste some time and it wouldn't affect him much.

"Cheng SE's fine. Thank you so much. Alright, I'm going to take the pill now. You can get lost." Lin Yi didn't hold back when he looked at Kang Zhaoming. After all, the pill was what he deserved, and Kang Zhaoming took so long to give it to him.

"Alright, I'll be leaving then!" Kang Zhaoming couldn't wait to leave as soon as possible. If Lin Yi ate it in front of him and died, then things would be hard to say. If he left, even if Lin Yi died, it would have nothing to do with him. Who knew how he died!

"Baibai," Lin Yi waved his hand, but he was a little troubled. This Kang Zhaoming really changed this time. He came all the way here just to give him pills? This was really amazing!

With Lin Yi's understanding of Kang Zhaoming, there must be something wrong, but Lin Yi couldn't tell what it was. So Lin Yi took a closer look at the pill in his hand-could it be a fake pill?

But it didn't look like it! Lin Yi shook his head and went back into the villa, ready to take the pill! Even if it was fake, it wouldn't be good or bad, so Lin Yi wasn't afraid.

After making sure that Kang Zhaoming had left, Lin Yi started his journey of leveling up ...

According to Lin Yi's previous experience, he placed the pill by his side and sat down cross-legged to calm himself down.

With that, Lin Yi picked up the pill and put it in his mouth, swallowing it!

In an instant, a warm current flowed from Lin Yi's stomach to the rest of his body, followed by a burning sensation as if all his meridians were on fire!

That's right, this was the effect of consuming a Qi gathering pill. Lin Yi relaxed a little-it seemed that Zhaoming wasn't lying to him. This was indeed a Qi gathering pill.

Because Lin Yi had already taken the Qi gathering pill many times, he was very familiar with this feeling, so he didn't try to resist it. He let nature take its course and gritted his teeth.

The burning sensation was getting stronger and stronger, and Lin Yi felt like he was on fire. But the more pain he felt, the more he felt the same feeling he had when he broke through. Lin Yi felt more at ease-if he didn't feel anything, it meant that Kang Zhaoming's pill was no longer effective!

Gradually, the Qi in the air started to gather towards Lin Yi, circling above his head and forming a small invisible vortex!

The gathering of the Qi meant that Lin Yi was close to breaking through. Because the Qi of heaven and earth resonated with the Qi in Lin Yi's body, it was spinning faster and faster, and Lin Yi could feel his body temperature rising!

Suddenly, Lin Yi smelled something burning, and he couldn't help but smile bitterly! She had forgotten to take off her clothes again. How many clothes had she burned? why didn't she remember? Very quickly, his clothes had already turned into pieces of charred shards that fell to the ground.

"BOOM!"

What followed was a loud explosion as the pure Qi in Lin Yi's meridians exploded!

This feeling was as if a true Qi bomb had exploded in his body. Then, he felt an endless and majestic medicinal power being released in an instant, spreading to all parts of his body, constantly transforming into extremely pure true Qi, and integrating into his veins and vessels.

Breakthrough!

Lin Yi was now a Sky Class late phase! From the middle stage to the late stage, it seemed to be a qualitative leap! It was a great feeling. After Sky Class, the higher you go, the harder it is to break through, but Lin Yi was using the Qi gathering pill to level up all the way-he was blessed by the heavens.

Lin Yi wanted to stretch his muscles, but to his shock, the Qi in his body was still rising! Although it wasn't as intense as when he broke through, the speed at which it rose was the same as when he had just taken it. It was clear that he had taken another Foundation Stage golden core!

What was going on? Lin Yi was a bit shocked-why did the pill continue breaking through after breaking through one level? But how was that possible? Even Zhang Liju's Qi gathering pill didn't have such a miraculous effect, and Kang Zhaoming's pill did?

However, he had no choice but to believe it. The Qi in Lin Yi's body was still rising, as if it was about to break through to the next level. This feeling surprised and delighted Lin Yi. He quickly sat down cross-legged and continued circulating the art of Dragon mastery to adjust the Qi in his body!

However, what happened next was a little strange! Lin Yi felt that the Qi in his body was still rising, but it didn't come from the residual effect of the Qi gathering pill inside his body, but from outside his body!

The Qi from the sky and earth above Lin Yi's head was all absorbed into his meridians, turning into his Qi! Lin Yi didn't feel like he was going to stop, and that was why.

However, the Qi above his head was very limited. As Rock Candy said before, the Qi in the natural world was pitifully scarce, especially in the city. The Qi above Lin Yi's head was only automatically gathered when he broke through, so when it was absorbed, it was gone!

After the Qi was gone, Lin Yi suddenly felt an indescribable discomfort! This feeling was like a person who lacked oxygen. The oxygen in his body was not enough to sustain his breathing. If he wanted to live, he had to breathe as hard as he could!

Lin Yi was feeling this way right now. His body needed the Qi of heaven and earth, but he didn't have that much Qi around him. It was extremely uncomfortable, as if he was suffocating, and all the meridians in his body were twitching and compressing!

Chapter 3473 3471-Breakthrough, Sky Class Late Phase Peak

"It's so hard ..." Lin Yi's face turned red. He didn't understand why this was happening!

He had clearly taken the Qi gathering pill before, and there had been no problem. Why did it have such a huge side effect this time?

It was a suffocating feeling-it wasn't breathing, but it was Qi suffocation. Lin Yi couldn't absorb the Qi from the world, and his meridians were twitching in protest.

Kang Zhaoming!

Lin Yi suddenly thought of Kang Zhaoming. Kang Zhaoming was the one who gave him the Qi gathering pill. Could Kang Zhaoming have done something to it, causing it to be different from the past?

No matter how he thought about it, this was the only possibility!

No wonder Kang Zhaoming was able to deliver the pills so smoothly. There was a conspiracy!

But Lin Yi couldn't be bothered to hate Kang Zhaoming anymore. He needed to think of a solution! Right now, there wasn't enough Qi left for Lin Yi to absorb, so he needed a solution.

Suddenly, Lin Yi smacked his head. He really didn't know that he had a mountain of treasures!

There wasn't much Qi left in the common world, but the Jade space had everything. Lin Yi could go in and absorb endless Qi! With that thought, Lin Yi quickly entered the Jade space.

At this moment, Lin Yi was like a dragon flying into the sea, his whole body was extremely comfortable. The pure Qi in the Jade space flowed into his meridians and dantian, and the Qi in Lin Yi's body also soared at this moment!

It felt as if he had just taken another gathering Qi pill.

However, even so, Lin Yi was still a little worried. After all, he didn't know if there were any side effects from the pill. If there were, there might be more problems if this continued!

But even so, Lin Yi had no choice but to take it one step at a time-he had to satisfy his current need for spiritual Qi first!

In a few short breaths, the Qi in Lin Yi's body had more than doubled, and it was still rising!

All of a sudden, the Qi stopped rising, and Lin Yi once again touched the wall of Sky Class late phase peak!

No way? This Qi gathering pill could actually raise two levels in a row? Lin Yi was shocked! Other than being a little scary, this was a rare treasure. Did the xuanchen ancestor know that Zhaoming gave it to him?

Lin Yi didn't know where it came from, but a huge force suddenly appeared in his body, overbearing and attacking every vein. Wherever the force passed, no matter big or small, the veins swelled up. At the same time, the barrier that he had touched earlier began to melt slowly.

The process was so smooth that even Lin Yi himself found it hard to believe, but the Qi that was continuously rising in his body clearly showed that the barrier had indeed been broken by the strength of the breakthrough pill!

It wasn't as painful as when he broke through to Sky Class late phase-it was a completely natural and smooth process.

Could it be that the second breakthrough wasn't as painful as the previous one because of the consecutive breakthroughs?

Lin Yi didn't know the exact reason, but after breaking through the barrier, he could clearly feel that the Qi in his body, be it in terms of purity or density, had increased by a huge amount. Even now, the

genuine Qi in his body was still rising. Although it was not as strong as before, it was still rising very obviously. This was clearly the residual effect of the Qi gathering pill!

This process continued for the time it takes an incense stick to burn before it gradually calmed down. At this time, the amount of Qi in Lin Yi's body was a third more than when he first broke through!

He was only one step away from Sky Class late phase peak!

Lin Yi's body gradually returned to its normal state and stopped absorbing spiritual Qi. The heat from the pill in his stomach disappeared as well. Was the pill used up?

However, Lin Yi didn't dare to leave the Jade space just like that. He sat quietly in the Jade space, just in case he needed it.

However, Lin Yi sat in the Jade space for about two whole hours, and nothing weird happened. Everything was normal!

Lin Yi's strength had stabilized as well-he was Sky Class late phase peak now, not far from the full circle.

This Qi gathering pill sure was something good, Lin Yi thought. Kang Zhaoming only gave him one, if he had another one, wouldn't he be a master at the great circle? Perhaps he could even break through to heavenly Dao!

Of course, Lin Yi was only thinking about it-this was no Qi gathering pill, at least not a normal one! Lin Yi finally understood Zhaoming's goal-that Qi gathering pill, according to common sense, should've brought about serious consequences after Lin Yi consumed it.

If Lin Yi didn't have the Jade space before, he might've had a problem due to the lack of pure energy, and his life might've been in danger! After all, the previous feeling was as painful as suffocation!

Zhaoming sure was a cunning kid-if he didn't have the Jade space, he'd be dead meat!

However, since this kid had given him such a good thing, it would be unreasonable if he didn't give him a call to thank him!

After Lin Yi left the Jade space, he picked up his phone and dialed Kang Zhaoming's number!

Zhaoming said he left, but he didn't. He called patriarch xuanchen and told him about what happened. Although Lin Yi took the extreme Qi gathering pill, the latter was worried that Lin Yi gave it to someone else and he didn't take it himself, so he asked Zhaoming to keep an eye on the area. If Lin Yi went out or Lin Yi's followers came, he would stop them.

However, Kang Zhaoming waited for a long time without seeing anyone. He was about to fall asleep when his phone rang. He quickly picked it up and saw that it was Lin Yi's number! Zhaoming was confused!

Lin Yi hadn't taken the ultimate Qi gathering pill for such a long time? It'd been a few hours already, and Kang Zhaoming thought that Lin Yi was dead. He didn't expect Lin Yi to still be able to make a call!

However, despite his suspicions, Kang Zhaoming still pretended as if nothing happened and picked up the phone,""God Lin Yi, what's up? You haven't taken the Qi gathering pill, have you?"

Chapter 3474 Depressed And Sullen

"Why did you say I didn't take it?" Lin Yi asked.

"Uh ... Doesn't it take a long time for an ordinary person to take a Qi gathering pill? After that, I still have to consolidate my strength and so on. It's a little slow, so I don't have the mood to make a phone call!" Zhaoming said.

"Oh, I thought you meant that I couldn't make a call if I died!" Lin Yi said.

"Haha, God Lin, you must be joking. No matter how much you eat a Qi gathering pill, it's not a poison Qi pill!" Zhaoming said with a laugh.

"That's hard to say. What if you do something bad? I'll eat to death!" Lin Yi said.

"Uh ... How is that possible!" "I don't know how to make any poison Qi pills, and we're both Sky Class Masters-there's no point in poisoning them!"

"What if it's a special poison?" Lin Yi asked.

"Uh ... God Lin, what's the matter? I'm still resting. I've been traveling day and night to deliver the pills to you without sleeping. I've finally gotten some rest and planned to return to the five elements sect after I wake up. Why are you telling me all this ...?" Kang Zhaoming didn't know what was going on. What was Lin Yi implying? Could he have discovered something wrong with the Qi gathering pill?

That shouldn't be the case, there shouldn't be any difference on the surface! Please don't find out!

"Oh, it's nothing much, I just ate this pill and I felt good. Not only did I level up, I even leveled up two times. Thank you for the pill, do you have any more? I'll have another one!" Lin Yi said.

"Gah!" Zhaoming's eyes went wide, and he almost dropped his phone. And it was upgraded? Two levels in a row? How could this be possible? it didn't make sense! "Ha, God Lin You're joking right?" Zhaoming asked in disbelief. How can there be a pill that can raise your cultivation by two levels? you must not have eaten it yet, right?"

"I ate it. Why don't you believe me?" Lin Yi was speechless-did this Zhaoming really not know what was wrong with the pill?"I thought you specially refined this extra-added medicinal pill for me. The effect really has nothing to say!"

"This ... God Lin Yi, you really took it? And it even increased by two levels?" Kang Zhaoming still didn't believe it! "Wait for me," he said."I'll go over now. I'll see what's going on!"

"Oh, then you do it." Lin Yi was even more certain that it was Zhaoming's doing when he heard that Zhaoming was coming. He wanted to kill him with a pill, but he didn't get what he wanted, and he even got him to level up twice. Anyone would be shocked by this.

Not long after, Kang Zhaoming rushed into Lin Yi's Villa and asked, ""Master Lin Yi, you really leveled up? Let me take a look?"

"You haven't seen the world yet, why are you so excited about me leveling up?" "You're an idiot," Lin Yi curled his lips, " but I'll let you take a look. "

With that, Lin Yi showed off his Sky Class late phase peak strength-it was impossible to fake that strength! Zhaoming's eyes widened! This was too unbelievable, right? Lin Yi was fine after taking the ultimate Qi gathering pill?

Could it be that there was a problem with the pills he had made, or that there was no problem with the ultimate Qi-gathering pill at all?

Seeing Kang Zhaoming standing there like a fool, Lin Yi coughed twice, "I say, Kang Zhaoming, you're done, is there anything else?"

"No... No more ..." Zhaoming didn't believe it, but the truth was right in front of him. He shook his head and walked out of Lin Yi's Villa in a daze. He worked so hard for so many days and nights to make the ultimate Qi gathering pill, but he didn't expect it to be Lin Yi's wedding dress. He felt so wronged.

Zhaoming didn't walk far before he took out his phone and dialed the xuanchen ancestor's number!

"Zhaoming, how's it going? did you give Lin Yi the ultimate Qi gathering pill? Did that kid eat it?" Xuanchen was even more anxious than Zhaoming-he wanted Lin Yi to die as soon as possible.

"I did ... Lin Yi ate it too, but he didn't die ..." Kang Zhaoming smiled bitterly and said in a daze.

"He didn't die? The effects of the ultimate gathering Qi pill you made were not good? That's impossible. Xuan Zhen and I have checked it. " Patriarch xuanchen asked in confusion.

"He didn't die! "Not only that, he even went up two levels, becoming Sky Class late phase peak. From his presence, he's not far from the full circle ..." Zhaoming sighed.

"What did you just say? Kang Zhaoming, Are you sure? Lin Yi even leveled up? Sky Class late phase peak, too? How is this possible?" Patriarch xuanchen's breathing quickened.""Are you sure that he took the ultimate Qi-gathering pill and leveled up because of it?"

"This ... Should be it!" Zhaoming said.

"You saw it with your own eyes?" Asked patriarch xuanchen.

"No, he didn 't. When he consumed the medicinal pill, he couldn't have let me watch by the side!" Zhaoming said.

"This Lin Yi's so cunning, he's good at acting tough and lying!" "I think that Lin Yi might've been Sky Class late phase peak a long time ago, and he lied to us that he's Sky Class mid phase peak to make us dumbfounded so that we'd make elixirs for him!" Because, with his Sky Class late phase peak strength, he'll most likely reach full completion after taking a Qi gathering pill-we can't let that happen! Lin Yi took

our ultimate Qi gathering pill this time, and I suspect that he recognized that there was something wrong with the pill, so he didn't take it. When he saw that we couldn't make pills for him anymore, he didn't need to hide his strength anymore, so he revealed his true strength to you! It made us think that it was the effect of the ultimate Qi gathering pill, and we were so aggrieved for a while!"

"This is right!" Zhaoming was enlightened after listening to the xuanchen elder's analysis. Thinking about Lin Yi's personality and style, it was possible! A grassroots freelancer was Lin Yi! Realizing that Lin Yi didn't level up because of his extreme Qi gathering pill, Kang Zhaoming's mood brightened up again. "Forget it, if he recognizes it, then so be it. Maybe boss Bai taught him!"

"Yes, come back. If he wants to level up, then go level up. We don't care about him anymore-as long as he can't participate in the Sky Class Island Plan, let him do whatever he wants!" Ancestor xuanchen gave up on going against Lin Yi at this time. What was the point? Lin Yi's strength was there, and there were few who could match him!

Chapter 3475 Difficult Registration

Even the xuanchen ancestor himself could not kill Lin Yi.

"That's good. Anyway, I won't bring him along when the time comes. I'll piss him off!" Zhaoming's heart felt much better at the thought.

"Right, anger him to death, anger the monkey to death!" Patriarch xuanchen consoled himself and said, ""There's nothing he can do even if we don't let him come-he can't just go against all the ancient sect Masters! Today, I'll announce the rules of the test to the public and cut off Lin Yi's thoughts!"

"That's great, I'll go back now!" Zhaoming said.

After sending letters to all the ancient sects and families, ancestor xuanchen made an announcement regarding the participation of itinerant cultivators in the heaven class test!

All solo practitioners and disciples of sects who didn't have the qualifications could use the Sky Class Island Map fragment as a token to participate in the test! Of course, the fragments of the map were scattered all over the cultivation world of Huaxia, so it was very difficult to really get them.

Although there were many pieces of the map fragment scattered outside, only a few people could get their hands on them.

Following that, patriarch xuanchen also announced the registration number, which was his, and allowed those with the map fragment to register.

Lin Yi was naturally the first to receive the news-it was boss Bai who informed him, and he was just about to ask about the Qi gathering pill he took before!

So after hearing the news, Lin Yi said,"Master, there's something that's very strange. It's like this ..."

With that, Lin Yi told boss Bai about the weird situation after taking the Qi gathering pill, and boss Bai cried out,"What? You've taken it? According to what you said, that's not a Qi gathering pill, but a type of elixir called the ultimate Qi gathering pill!"

"Ultimate Qi gathering pill? What's that?" Lin Yi blinked.

"It's like this. The so-called ultimate Qi-gathering pill has the effect of leveling up, and at the same time, it can unleash the potential of the cultivator. It allows the cultivator to absorb the pure energy in the pill and a large amount of spiritual energy from heaven and earth at the same time. The effects are much more than normal Qi-gathering pills, and it can allow one to continuously break through and level up!"

"But if you don't absorb enough," boss Bai explained, "you'll suffer a backlash. In the light case, your meridians will be broken. In the heavy case, your body will explode and you'll die!"

"Yes, it's indeed this feeling!" Lin Yi nodded in agreement.

"This is the ultimate Qi gathering pill. It looks like a good thing, but it's like poison! Was there still a place where he could absorb so much spiritual energy? Therefore, xuanchen and the rest used this pill to harm you!" Boss Bai was a little indignant, but then he thought of a very serious problem. "Lin Yi, so you're fine after taking it?"

"Hehe, don't forget, I have the energy stones from the Paoli clan!" Lin Yi didn't talk about the Jade space, but pushed the problem to the energy stone.

"I see!" Boss Bai suddenly understood, 'no wonder! But this is a little too dangerous. In the future, if there are such pills, you must not eat them. You must bring them to me for identification before we talk!"

"Alright, I got it!" "I'll call ancestor xuanchen now and tell him that I want to sign up for the Sky Class test?" Lin Yi nodded.

"Sure." Boss Bai nodded. The xuanchen ancestor had always rejected Lin Yi and did not want him to participate in the test, but now, he felt like he had shot himself in the foot.

After hanging up, Lin Yi called the xuanchen ancestor.

"Ancestor xuanchen? I'm Lin Yi!" Lin Yi said after the call connected.

In fact, he had saved Lin Yi's number but never called it. It was Zhaoming who contacted Lin Yi.

"Lin Yi? What's the matter?" The xuanchen ancestor was curious why Lin Yi would call him all of a sudden!

"Ancestor xuanchen, I want to sign up to participate in the heaven class trial." Lin Yi said.

"Well ... Lin Yi, you know that you're Xuan Tian's Disciple Now, so you'll need his recommendation if you want to sign up. But the person he's recommending is Guan Xin, a wood element inheritor, so you have no chance!" Said patriarch xuanchen.

"Oh, I didn't say that. I was talking about another registration method!" Lin Yi said.

"Another way to register?" "Registration?" patriarch xuanchen was slightly taken aback. "What registration method? do you have a fragment of the Sky Class Island Map?"

The Sky Class Island Map was released many years ago, and it was only a year ago that Lin Yi went from being a golden class to Sky Class-he was a genius, but it shouldn't have much to do with the map.

"Naturally," "I have three map fragments-I'll sign myself up first. I haven't decided who to give the other two to yet, so I'll give you a call!"

"Ah?" Patriarch xuanchen was instantly dumbfounded! As far as he was concerned, it was impossible for Lin Yi to have something like this, but not only did Lin Yi have it, he had three of them! That was quite a lot! However, patriarch xuanchen was a smart man. He adjusted his emotions and said,""Well, Lin Yi, you're not a freelancer, you have a sect. If the person in charge of your sect doesn't agree, then you can't join!"

"So you're saying that I'm from the five elements sect and you're the person in charge of our sect?" Lin Yi asked with a frown.

"Uh, of course not. The person in charge I'm talking about is senior brother Xuan Tian, your master!" Elder xuanchen wanted to ruin Lin Yi's plans, but he couldn't say it out loud. It didn't make sense, and boss Bai would definitely kick up a fuss if he found out. Also, if boss Bai said that the five elements sect never limited the number of disciples who could participate in the Sky Class Island Plan, how would xuanchen answer?

It would be better to just give Lin Yi away!

"Oh, then he'll definitely agree!" Lin Yi said with a nod.

"That's not for sure. It's best to confirm it!" "We're just following the rules," ancestor xuanchen said. "You have to get boss Bai to write you a letter!"

"I know." "Just you wait!" Lin Yi said.

With that, Lin Yi hung up the phone, feeling a little strange. This ancestor xuanchen knew that boss Bai would agree and even send a letter, so why did he still say that? Could it be that he was unhappy because he had the map fragment and wanted to make his presence known?

No matter how he thought about it, that was the only possibility. Lin Yi couldn't think of any other possibilities!

On the other hand, patriarch xuanchen's expression was particularly gloomy after he hung up the call! He didn't think that he'd miss out on Lin Yi having the map fragment!

Chapter 3476 Sowing Discord

"Father-in-law, what's wrong? why are you so angry?" Zhaoming, who had just returned, saw that the xuanchen patriarch was frowning. He was puzzled. "Didn't we say we wouldn't bring Lin Yi along?"

"That's true, but some things just don't go as you want! Lin Yi has more than one map fragment!" Said patriarch xuanchen.

"Arggh! "I remember now-Lin Yi did get his hands on a map fragment at the common world's house Yu auction, but I didn't think of it before. Now that you've mentioned it, I remember ..." Zhaoming had a vague impression of it, but he didn't think it was a fragment of a Sky Class Island Map.

"Yeah, this matter is really not easy to handle!" "Unless boss Bai doesn't send Lin Yi a letter," the xuanchen ancestor said. "That way, Lin Yi won't have the chance to participate in the Sky Class test. But, boss Bai can't not send Lin Yi a letter ..."

"What if boss Bai hates or detests Lin Yi?" "Do we have any way to drive a wedge between us?" Zhaoming said after some thought.

"Sowing discord? Very good!" Patriarch xuanchen slapped his thigh and suddenly thought of something. He laughed. "Zhaoming, you're really xuanchen's proudest disciple. That's a great suggestion!"

"Oh? Father-in-law, you've already thought of a way to sow discord?" Kang Zhaoming quickly asked.

"Not bad!" "Yes." Ancestor xuanchen nodded. "Go and rest first. You must be tired from refining pills. Recuperate and prepare for the heaven class trial!" "I'll just have to make the arrangements!"

"Alright then, I'll go and rest first." Kang Zhaoming was indeed exhausted, like a dead dog. He finally made an ultimate Qi gathering pill, but Lin Yi didn't even do anything to him!

After Zhaoming left, patriarch xuanchen picked up his phone and dialed a number after a moment of hesitation! After the call was connected, patriarch xuanchen instructed the person on the other end in a low voice.

However, the person on the other side was clearly agitated and wanted to reject patriarch xuanchen's suggestion, but patriarch xuanchen said, ""You have to do this, do you hear me? Otherwise, you know the consequences. Your parents and family will be finished!"

On the other side, after hearing this, they fell silent, tacitly agreeing to this suggestion ...

Lin Yi called boss Bai again and told him about the recommendation letter.

"I know about this. I'll write you a letter and you can give it to xuanchen." Boss Bai agreed without even thinking. ""By the way, Victor said that meiyue and the others want to invite you over for dinner tonight to thank you for saving them in Southeast Asia!"

"There's no need to thank me, but I don't mind eating. I'm going to get the letter anyway!" "I'll go over tonight then!" Lin Yi smiled.

"Alright, see you tonight!" Boss Bai said.

That evening, Lin Yi arrived at master Bai's house. A nice aroma was already wafting out of the kitchen. Bai Weitao was wearing an apron and working with Guan Xin in the kitchen! Lin Yi didn't expect him to be able to cook.

Guanxin smiled at Lin Yi-she was in a much better mood now that the problem was solved. She'd be cooking tonight, and Lin Yi would be her assistant.

"Boss, meiyue is in my bedroom. She said she wanted to thank you in person and bought you a gift online ..." Bai Weitao said.

"You two are too polite." "What gift? I don't need anything!" Lin Yi said with a bitter smile.

"Just a token of appreciation, haha!" Bai Weitao was also very happy recently. The incident in Southeast Asia had obviously allowed him to successfully capture he meiyue's heart. Although he meiyue had not agreed to the last line of defense, the two of them had now slept together.

Lin Yi nodded and walked towards his bedroom.

"Lin Yi, you're here!" He meiyue waited for Lin Yi to come in before closing the door behind her. She then said shyly, "I really have to thank you for what happened in Southeast Asia ... I ... I've always liked you. I'm really grateful ..."

"Ah?" Lin Yi froze, not understanding what he meiyue was trying to do. "He meiyue, stop joking ..."

"I'm not joking. I like you. Although I can't be with you, but ... But we can secretly ..." With that, he meiyue tore off her pajamas. She was actually wearing nothing underneath!

Lin Yi was stunned as he looked at he meiyue. He didn't understand what was wrong with her.

"If it's nothing ... Then I'll go first ..." Lin Yi didn't want to take advantage of he meiyue. He quickly turned his head and was ready to leave, but he didn't expect he meiyue to pounce on him and hug him!

Logically speaking, Lin Yi was Sky Class late phase peak, and was close to full cultivation. It should be easy for him to escape, but he didn't put up any defenses against he meiyue, and it was really shocking.

He wanted to push he meiyue away, but she wouldn't let go. Lin Yi wanted to force her away, but she yelled, ""Help, help!"

Lin Yi frowned-this was weird, no matter how he looked at it. He was a Sky Class master, but it wasn't easy to push he meiyue away without hurting her.

He meiyue shouted and the door was pushed open. Bai Weitao rushed in with a kitchen knife in his hand!

However, when he saw the scene in front of him, his kitchen knife fell to the ground with a clang ...

Boss Bai and Guan Xin walked in as well, surprised by what they saw.

"Weitao ... Lin Yi ... Wants me ..." He meiyue 'broke' out of Lin Yi's embrace and ran to Bai Weitao's side. She threw herself into his arms and started crying!

"What?" Although Bai Weitao didn't believe that Lin Yi would do anything to he meiyue, he couldn't come back to his senses after seeing her naked body.

Boss Bai turned his head around. He meiyue's clothes were untidy, and he didn't want to look at her, but he didn't know what was going on. Lin Yi was molesting he meiyue? How was that possible?

Guan Xin was stunned as well. Lin Yi ... Was there a need to do that to he meiyue? How nice would it be if he molested her? he could even COSPLAY in a nurse's outfit ...

"What's going on?" Boss Bai's face was a bit ugly-whether it was because of Lin Yi or he meiyue, it was their misfortune, and he had to find out the reason!

Chapter 3477 He Meiyue's Identity

"I ... I wanted to thank Lin Yi for saving me and Wei Tuo, but he told me to use ... Use my body to thank him ..." He meiyue cried.

"You want me to thank you with your body?!" Bai Weitao looked at he meiyue in his arms in shock! To be honest, he didn't believe it, but it was his girlfriend who said it, so he was in a dilemma!

He wasn't an idiot-Lin Yi had so many pretty girlfriends, and Guan Xin was one of them. Why would he do that to he meiyue?

As expected, Guan Xin was starting to get annoyed. She was now in a relationship with Lin Yi, and she was speaking with confidence,"He meiyue, what's the meaning of this? why would Lin Yi Do this to you? If he wants to molest me, he can do it to me. Are you more beautiful than me? Is your figure better than mine? Is he gentler than me? Do you know how to cook better than me? Can I help Lin Yi?"

Guan Xin's words made him even more suspicious!

Boss Bai, on the other hand, stood quietly at the side, watching the people in the field. He didn't say anything, but observed!

"Bai Weitao, I don't know what's going on either, believe it or not ..." Lin Yi shrugged helplessly.

"I do!" Bai Weitao suddenly nodded and sneered. He pushed he meiyue away and slapped her on the face. He scolded, ""Bitch, are you crazy? You tried to seduce boss and even framed him? Do you think I'm an idiot? If big brother Lin wanted to do something to you, he could have gotten kun cun to send you over alone in Southeast Asia. Why did he have to save all of us?"

"I ..." He meiyue was also dumbfounded. She looked at Bai Weitao in disbelief. She didn't expect Bai Weitao to hit her.

"He meiyue, tell me, what happened?" At this moment, boss Bai finally spoke. ""Before, I always felt that you and Bai Weitao were together with a purpose. This feeling has never disappeared, but it was just a feeling! You've been doing well these days, and you're a qualified granddaughter-in-law, so I'll allow you to be with Wei Tuo. But what happened today made me feel that my feeling was right! To be honest, if there's a reason for this and Wei Tuo forgives you, you can still stay here. Otherwise, you can just leave!"

"You don't believe me?" He meiyue gritted her teeth and raised her head, looking at Bai Weitao stubbornly.

On her fair face, the handprint was particularly eye-catching, making people feel a little shocked.

Seeing that no one spoke, he meiyue also fell silent. She did not know what to do. She was hesitating and struggling in her heart!

He meiyue, what's your relationship with xuanchen?" Boss Bai suddenly said.

"Ah? I ..." He meiyue raised her head in shock and looked at boss Bai.

When I was in the five elements sect, xuanchen had two female disciples, little ten and little eleven. Little eleven is his daughter, he Meiqi." Boss Bai seemed to be lost in his memories."According to xuanchen's rules, his disciples must change their surnames to he. You're he meiyue and she's he Meiqi. You're the tenth disciple who' died young 'according to xuanchen, right?"

"I ..." He meiyue looked at boss Bai, unable to speak.

"In the past, I didn't think too much about it. After all, there are many people with the same name. But today, I suddenly thought of something. Little ten?" "Back then, you might have only been injured and lost all your strength, but you didn't die and became an ordinary person. Xuanchen sent you back to the secular world and treated you as a chess piece that might never be used, right?" boss Bai said indifferently.

"I'm sorry ... I'm sorry ..." He meiyue cried, her heart tearing. She knelt down in front of boss Bai."Eldest martial aunt, I'm sorry. I didn't mean it. It was master who forced me to do this ..."

"So that's how it is ..." Boss Bai sighed helplessly. Based on his understanding of ancestor xuanchen, this fellow was really capable of doing anything. Therefore, his dissatisfaction with he meiyue faded a lot. "Stand up and talk-since we're from the same sect, there's no need to be like this. Lin Yi is your senior now. Tell me, why did you frame him?"

"I'm indeed patriarch xuanchen's disciple, ranked tenth ... I'm not sure what my real name is either. When I was very young, I was brought to the five elements sect by my master. Later, I was severely injured during an alchemy process, and my meridians were all broken. It seemed like my master wanted to experiment on something, and I almost died ... After I recovered, I lost my strength and was sent to the secular world. From then on, he sponsored my studies and contacted me one-way. I've been here until now. He's been using my parents as a hostage to force me to work for him ..."

"Experiment? Is the pill you're making called the Golden pill of resurrection?" Boss Bai suddenly asked.

"Yes, do you know about it?" He meiyue was slightly taken aback.

"I know ... I was also injured in the explosion because of this pill back then ..." Boss Bai smiled bitterly, and the way he looked at he meiyue also softened a lot! It seemed that xuanchen had used such a sinister method to get rid of him back then, but he had treated he meiyue as a sacrifice for his experiment!

"Ah?" He meiyue was stunned.

"Alright, let's not talk about this anymore. I've studied the pill formula carefully. It's a formula for a seventh or even eighth-grade pill. It's impossible to refine it. If we use ordinary methods, the furnace

will definitely explode and cause injuries or Qi deviation!" "Did he force you to do what you did today?" boss Bai waved his hand and asked.

"Yes, I fought with him, but he didn't agree and used my parents as hostages. I had no choice but to agree ..." He meiyue sighed and said firmly, ""But, great aunt, I really like Bai Weitao and I want to be with him!"

"Meiyue ..." Bai Weitao regretted hitting he meiyue. It seemed that she had her own difficulties. She was also a pitiful person!

"Alright, I don't blame you for this." Lin Yi remembered Chen Yushu. They were both girls who had a hard life, for the same reason, and were both being controlled. If Lin Yi could forgive Chen Yushu, why couldn't he forgive he meiyue?

"Thank you ... Thank you ..." He meiyue said gratefully.

"He meiyue, other than this, have you done anything bad?" Boss Bai nodded and continued to ask.

Chapter 3478 Plundering Chi-Amassing Pills

"The rest ... Is to monitor Lin Yi bro ..." He meiyue didn't hide anything, ""Master xuanchen gave me an irregular mission to monitor Lin Yi's every move and to report to him whatever he says or does!"

Lin Yi nodded, "then this time, just say that I knocked you out and didn't get what I wanted. Don't say that you've been exposed either. I'll help you investigate your parents!" Lin Yi said.

"Thank you, Lin Yi bro!" He meiyue said gratefully.

"Wei Tuo, he meiyue had no other choice. Let's forget about this. Don't blame her." Lin Yi said. Since he meiyue had admitted her mistake, there was no need to pursue the matter.

"En, as long as big brother Lin doesn't blame her, I'll be fine." Bai Weitaο said, "from what meiyue said, she's also a pitiful person. It's all because of that ancestor xuanchen. Meiyue, I'm sorry. I was too impulsive and hit you."

"It's okay ... It's my fault. You should have hit me. I should have been honest with you. I shouldn't have taken the risk!" He meiyue said.

"Alright, meiyue, give xuanchen a call and tell him. Then, let's go for dinner!" Boss Bai waved his hand. This matter was over.

"Yes ..." He meiyue nodded. She did not hide anything this time and dialed ancestor xuanchen's phone number in front of everyone.

"Little ten, how's the matter?" Patriarch xuanchen picked up the phone and asked anxiously.

"I'm sorry, master, Lin Yi is a very alert person. I just tore my clothes and revealed my intentions, and he knocked me out!" He meiyue said.

"Oh? According to Zhaoming, Lin Yi's a lecher with so many pretty girlfriends, and he doesn't want you even when you offer yourself to him?" Patriarch xuanchen immediately frowned! It was possible for Lin Yi to knock him out in an instant. After all, Lin Yi was close to a complete master, so it was normal for him to have this kind of skill.

But why wasn't Lin Yi moved at all? He didn't even want the food that was delivered to his door?

"This ..." He meiyue smiled bitterly and said, "Maybe I'm not as pretty as his girlfriend?"

"That's not right either. His girlfriends are inheritors who can only look but not eat. He shouldn't be uninterested in you!" Patriarch xuanchen was still a little puzzled.

"Let's not talk about the distant stuff. Let's talk about my classmate, Wang Xinyan. Do you think Lin Yi would still let her have a relationship with Zhaolong with his strength? Who knows, maybe Lin Yi already had something going on with her ... Of course, this is just my guess. " In order to gain patriarch xuanchen's trust, he meiyue was not afraid to speak nonsense.

"What you said does make sense!" Patriarch xuanchen sighed. He was truly at his wit's end and had only thought of using this move in his desperation! He didn't want he meiyue to be exposed so quickly, but he didn't succeed. Lin Yi wasn't as stupid as he thought!

If it wasn't for the fact that there was no other way, ancestor xuanchen wouldn't have done this. Now that Lin Yi's participation in the Sky Class test was unstoppable, he had to let him participate. Otherwise, there was no reason to reject!

But, thinking about it, what could Lin Yi do even if he went? With him around, it would just be more annoying to watch! It was also a good thing for him to protect those inheritors to receive the final five elements inheritance. After all, they were his girlfriends. How could he let anything happen to them?

He'd just have to find another reason to get rid of Lin Yi in the Sky Class meeting.

At the thought of this, patriarch xuanchen felt a little more at ease and continued, ""Did Lin Yi suspect you, or did he have a secret with them?"

"Not really, maybe Lin Yi really thought that I fell in love with him when I was saved in Southeast Asia. After all, many of his girlfriends fell in love with him when they were saving the damsels. Maybe he thought that I fell in love with him too?" He meiyue said, "he probably didn't say it out of consideration for his friendship with Bai Weitao. I woke up and went to take a look. I found that everyone was fine ..."

"En, that's good. Then you can continue to be undercover. This time, it's not your fault! It's true that you're not as pretty as Wang Xinyan, but it's nothing. " Patriarch xuanchen was also a person who did big things. Since it was impossible, he did not continue to be entangled with these trivial matters.

"I understand!" He meiyue quickly said.

The matter was over for the time being, and no one would bring it up again to make he meiyue feel bad. After all, she was also a victim.

Lin Yi took boss Bai's letter and started preparing for the Sky Class test. With Lin Yi's current strength and ability, he could support Han Jing Jing in her refining!

And so, before the Sky Class test officially started, Lin Yi went to find Han Jing Jing, planning to make more Qi gathering pills with her. He'd also contacted a few ancient houses he was familiar with, and got a huge amount of Qi gathering pill materials.

Although some of the ancient sects didn't have a good relationship with Lin Yi, and weren't very happy with his actions, they didn't dare to say anything! For example, the Dongfang family!

"Dongfang Badao? I'm Lin Yi!" Lin Yi said directly, "I've just broken through to Sky Class late phase peak recently, and I'm trying to break through to full circle. Your family should have the ingredients for the Qi gathering pill, right? give me some, so I can break through to full circle! Alright, send someone to bring it to me, don't make me go and get it!"

From the beginning to the end, Dongfang Badao was hung up without even saying a word. Although he was aggrieved, he was truly helpless! Both of them were Sky Class late phase peak, both close to full cultivation, but Lin Yi was stronger than him!

Even if he did break through to full circle after the Sky Class test, he still wouldn't be Lin Yi's match-didn't he hear about the ancient level already? Lin Yi could kill Sky Class late phase peak Masters in seconds, and unless there were a lot of Masters at full phase working together, there was no way they could do anything to him!

But where were they supposed to find so many full circle Masters to surround Lin Yi? It was a completely unrealistic idea. Even if he wanted to, the other party might not agree! Only someone like ancestor xuanchen, who was the initiator of the Sky Class Island Plan, had the right to do so!

And so, Dongfang Badao had his men find the ingredients for the Qi gathering pill-it wasn't a lot, but there were at least two sets, and he sent someone to deliver them to Lin Yi!

Chapter 3479 Asking For The Medicinal Cauldron

In any case, no one in the Dongfang family could refine this thing, so it was useless to leave this material in the warehouse.

At the same time, some of the ancient sects and Noble houses weren't willing, while others were just trying to get on Lin Yi's good side. Including the materials he had before, he had a total of fifteen sets of materials for Qi gathering pills!

Even if some of the ingredients for the Chi-amassing pill failed in the process, it would still be enough to make a lot of Chi-amassing pills! Lin Yi had three of the Sky Class test's entrance tickets and two spots left-he wanted to give one to Han Jingjing, and the other to either Wang Xinyan or Sun Jingyi!

Xinyan's body had some problems, and he didn't know if she'd be able to practice. Jingyi, on the other hand, was a support type-her Arts were different from Lin Yi's, and he didn't know if she'd be able to do it. The point was that Jingyi's level was different from normal people's, and it didn't really matter if she went to Sky Class Island or not!

However, he still had to refine the Qi gathering pill. Han Jingjing had to break through!

Han Jingjing's grade one and two automatic cauldrons were already on the market, but the sky elixir sect's ... Or rather, the five elements sect's replica was still not on the market! It wasn't that Professor Benjamin the second didn't want to hit the market, but the energy stone used in the automatic cauldrons, the so-called spirit stone, was impossible to get!

The five elements sect didn't have much of this kind of thing left. It was enough for him to keep it for his own use. However, if he were to use it to configure those medicinal cauldrons to use, he would be stretched thin. Moreover, even if he were to sell it, he wouldn't be able to provide after-sales services to those who bought it!

This news made patriarch xuanchen extremely vexed!

The extreme Qi gathering pill didn't kill Lin Yi, and he meiyue didn't do anything to him. Now that he had mastered the technology of automatic cauldrons, it was completely useless. The most important material, energy stones, was nowhere to be found!

"Zhaoming, I've received news from the automatic medicine cauldrons. They can't be replicated, and we don't have enough energy stones. I don't know where Lin Yi got them from!" Patriarch xuanchen said helplessly, ""Don't even think about making money. I don't think our five elements sect is suitable for business at all. We've been following the trend all this time, but we haven't made any money. Now, most of my disciples are dead, either injured or dead. When we go to Sky Class Island, I'm afraid the five elements sect of the secular world will decline ..."

"This ... Father-in-law, let's take it one step at a time. If you and I can break through to the heavenly Dao at the same time, it won't be difficult for us to rebuild the five elements sect when we come back! Lin Yi's energy stone probably came from the Pao li race, and they have a lot of them. I don't know what kind of agreement Lin Yi made with them, but they wouldn't have killed big senior brother otherwise!" "But, speaking of energy stones, I remember something!" Zhaoming said. Lin Yi took the extreme Qi gathering pill, maybe it's because he had an energy stone to absorb energy from, that's why he's safe!"

"Oh? That's very possible!" Patriarch xuanchen's expression darkened. "I didn't think of this earlier. If I had known, I wouldn't have refined the pill for him. It's really a waste of effort!"

"Not bad!" Zhaoming nodded. "From now on, I'll focus on preparing for the Sky Class test. Father-in-law, I'm going to make a few Qi gathering pills and raise my strength to Sky Class late phase peak!"

"Oh? Zhaoming, have you really decided?" Patriarch xuanchen was slightly taken aback. "Although we alchemists have the advantage of being able to refine Qi-gathering pills for our own consumption, the Qi-gathering pills are only effective for experts below the heavenly Dao. You can't advance to the heavenly Dao by consuming the Qi-gathering pill. If there are no more pills that can improve strength above the heavenly Dao, you will never be able to step into the heavenly Dao because no one can say for sure what will happen in the future. No one has experienced it before!"

"With my strength, I'll just be cannon fodder when we open the sky Class Island. So I have to improve my strength. This is my last chance, let's go all out! If I don't have any hope of breaking through in the Sky Class Island, then I'll come back here and continue leading the five elements sect! It's a good thing that I'm strong enough anyway. At most, I won't think about the heavenly Dao anymore. " "Plus, Lin Yi only got there by eating pills-he's never leveled up on his own, and I think he's been using pills the whole time. If he's fine, I think I'll be fine too!" Zhaoming said fiercely. Plus, Lin Yi's been collecting the ingredients for the Qi gathering pill like crazy recently. He said that it's for him to break through to the path of heaven, but I think it's probably for the people around him!"

"That's good too. You can go then. " The xuanchen ancestor nodded in agreement!

Lin Yi had the same plan in mind, and Zhaoming was right! Han Jingjing returned to Donghai city overnight after receiving the news.

"Lin Yi bro, you're talking about making third class pills? Although Jing Jing has some confidence, we don't have a third grade medicinal cauldron!" "Jingjing has been simulating and calculating the formula and method to refine grade three medicinal pills. It's just that I don't have a medicinal cauldron, so I can't test it out!" Han Jingjing said with some difficulty.

"That's a problem!" Lin Yi suddenly remembered that he didn't have a third grade medicine cauldron yet. He'd always wanted to get one, but right coiling Tiger wouldn't give it to him no matter what. Of course, now that he was willing to give it to him, Lin Yi decided to give him a call. "Wait, right coiling Tiger and I want one over!"

"Sure, hehe, right plate Tiger will definitely give it to you this time!" Han Jingjing said with a smile.

Lin Yi dialed Yu Panhu's number. Yu Panhu hadn't contacted Lin Yi for a long time, and he almost forgot about it. Lin Yi was gone, han Jingjing was gone, and he returned to his calm in class. Just when he thought that Lin Yi had disappeared and that they would never have anything to do with each other again, Lin Yi called!

"Boss Lin Yi, what's the matter?" You Panhu carefully picked up the phone and asked.

"Two things. One is to hide the you family and join the cultivator Alliance Association I founded. In the future, we will be under the control and jurisdiction of the supernatural Investigation Bureau. The second is to get me a grade three medicinal cauldron. Is there a problem?" Lin Yi said.

"Uh ... This ... It seems like there's a problem, but it's also fine. I'll have to discuss it with my uncle you zhentian. Boss Lin Yi, can you give me some time?" Right Panhu didn't dare to make the decision himself, so he could only find someone to discuss it with.

Chapter 3480 The Modification Of The Medicinal Cauldron

"Sure, I'll give you half an hour!" Lin Yi said.

"Half an hour ... Alright!" Although right coiling Tiger had no other choice, he still nodded in agreement! House you's Information Network was pretty well-informed, after all. Lin Yi had been searching the

ancient stratum for Qi gathering pill materials, and the ancient stratum didn't even dare to say anything. So what right did Yu Panhu have to challenge Lin Yi?

So, after hanging up Lin Yi's call, he went to zhentian you to discuss a plan! The two said that they were planning something, but they didn't have any plans at all. They talked about Lin Yi's recent achievements in the ancient level, and right Panhu said, "Uncle, Lin Yi's a Big Shot now, we can't afford to offend him. Even at the ancient level, you can't even say anything!"

"Yeah, that's what I think too. It's not embarrassing for us to join Lin Yi's practitioner Alliance, and we'll be protected in the future. I think it's a good thing!" You zhentian said after a moment of silence.

"Right, right, right. Then should we agree to his request?" You Panhu asked.

"It's a good thing to agree to him. Why not?" "Other families don't even have the chance to join!" You zhentian said.

You zhentian had directly turned a bad thing into a good thing. This was a change in mentality, and in fact, a decision that he had no choice but to make!

In fact, even if Lin Yi asked Zhaoming for it now, he wouldn't dare to refuse, but this guy was trying to drag it out, so there was nothing he could do! Furthermore, Lin Yi did not want to fall out with the xuanchen ancestor now!

Although he could threaten to not let these inheritors participate in the legacy plan, Lin Yi would be screwed if the xuanchen ancestor decided to give up and not start the plan!

If they didn't go to Sky Class Island and find Zhang Liju, what would happen to Yu Xiaoke and the pangolin?

Therefore, Lin Yi had to maintain this mysterious relationship with the xuanchen ancestor. They couldn't be too stiff!

Very quickly, you Panhu brought the third grade medicinal cauldron over. Although it was very precious, the you family had more than one. They didn't give it to them before because they were afraid that the sky elixir sect would scold them, but now ... Would the sky elixir sect dare to say it?

If the sky elixir sect had the ability, they'd go talk to Lin Yi themselves-they probably didn't have the guts to do that.

With the cauldron in hand, right Panhu saw han Jingjing and Lin Yi again and couldn't help but sigh, ""Boss Lin Yi, so you've already gotten Han Jing Jing, living with her shamelessly! I was wondering why I haven't seen you in a while!"

"..." Lin Yi was stunned. When did he live with han Jingjing? However, he didn't deny what right Panhu said. He nodded and said, ""Then don't harass her anymore, or you know the consequences."

"Haha, that's for sure. A Fair Lady is a good target for a gentleman. In the past, she had no master, but now she has one. Of course, I can't pursue her anymore!" You Panhu touched his bald head and laughed, ""Boss Lin Yi, I'll join your Association then. You can protect house you from now on, and we'll do things for you, but don't let other people cause us trouble!"

"That's natural. " "Yeah." Lin Yi nodded, "you'll be protected if you join. You know about the common house song and the Hidden House Tang, right?" So many masters went, all Sky Class Masters, equivalent to full circle, and they all died. "

"Yes, yes, our you family took a fancy to this!" You Panhu nodded. "If there's nothing else, I'll go first. You guys can refine pills and play!"

After he left, Lin Yi saw that Han Jing Jing was studying the cauldron. "How is it? can you refine a third ranked pill?"

"With Lin Yi bro's current strength level, helping Jing Jing shouldn't be a problem, but it's two people transferring Qi at the same time, after all, and Jing Jing might have problems! The ingredients for the Qi gathering pill are limited and expensive. Jing Jing's heart will ache if we waste them!" "I'm thinking if I can change this cauldron into a Tier 3 automatic one, and Lin Yi bro can just use his own Qi to make the Tier 3 Qi gathering pill. I don't have to be involved at all!"

"Oh?" Lin Yi's eyes brightened-if han Jingjing could modify the cauldron, then with Lin Yi's strength level, he could just keep on condensing the fire and change the temperature through the cauldron. He could then make elixirs!

Due to the appearance of Han Jing Jing's grade one and two automatic medicinal cauldrons, the disadvantages of the past completely disappeared!

"That's a good idea. Will it be troublesome to modify it?" Lin Yi asked.

"It's no trouble at all!" Han Jingjing said, "the principle is actually the same. The only troublesome part is the replacement of the medicinal cauldron's materials and the programming of the medicinal cauldron's fixing part. However, if you only use a grade three medicinal cauldron to modify it and don't find the replacement materials, it's very easy. Jingjing has already created some formulas for grade three pills. You just have to program it into the fixing part."

"Alright!" Lin Yi couldn't help but be impressed by Jingjing's intelligence-he could really mass-produce Qi gathering pills this way.

"Right, Lin Yi bro, can you fix that Shennong cauldron of yours? If it can be fixed, it's better for us to use that. In Grandmaster Zhang Liju's personal notes, there are a lot of Tier 4,5, and even higher recipes, so I think we might need to make Tier 4 or 5 pills in the future too. Why don't we do it all at once and use the Shennong cauldron to modify it? that way, we can use it forever!" Han Jing Jing said.

"Repairing the Shennong cauldron ..." Lin Yi suddenly remembered the incomplete repair technique manual he got from the Hidden House han. He wasn't a forge master yet, so he didn't think much of it. Now that he thought about it, he should be able to repair the Shennong cauldron!

With that thought, Lin Yi quickly took out the scroll and started flipping through it! As expected, there was a chapter on the restoration of the medicinal cauldron!

"Lin Yi bro, What's this? It looks quite old?" Han Jing Jing was a little surprised.

"It's a book about repairing equipment. There's a chapter on repairing medicinal cauldrons in it. I'll see if I can repair them." Lin Yi said.

"Alright!" Han Jing Jing nodded, "then I'll study the programming of the hardware first. Lin Yi bro will repair the cauldron. If it can really be repaired, we'll use the Shennong cauldron to make it. I'll give this Grade 3 cauldron to Jing Jing to research and release the product."

"Alright!" Lin Yi agreed, "then we'll split up and do the research!" I'll repair the cauldron, you study the fix. "
