

Bodyguard 3501

Chapter 3501 The Attitude Before And After

Lin Yi and the other two settled down and rested for a while before heading to the dining room for dinner.

Lin Yi brought Wang Xinyan and Han Jingjing to the restaurant on the first floor of the inn. He heard two people talking not far away when he went downstairs, and one of them was the Loutai shoe he met earlier.

"Brother Lou, although you're powerful, there are a few people you can't provoke in this trial!" The one who spoke was also a rogue cultivator from another world. However, because they were both from another world, he naturally got along well with Lou Taishu.

"Oh? Little Tu, you're quite well-informed. Tell me, who can't be provoked?" Lou Taishu said loudly. He was a Sky Class full master, and in his eyes, there was nothing he couldn't mess with!

"It's from Kang Zhaoming. We can't mess with him. He's the son-in-law of the founder of this trial, patriarch Xuanchen. Although he's only an Alchemist, we can't mess with him!" Tu Xiaoxiao said.

"Oh, that's natural," Although Lou Taishu felt good about himself, he was not a fool. He knew that the power of the Five Elements Sect was not to be provoked by ordinary people, "Who else is there?"

"And there's a guy from the Everyday and Every Day Sect who's really strong-I heard that in all the previous trials, the practitioners had always been in conflict with him, and they've never been able to

get anything out of him. He's called Zhang naipao, and his practitioner's Arts are pretty weird too!" Tu Xiaoxiao said.

"Zhang naipao, I've heard of him before, he's a really strong man ..." Lou taisxie immediately backed down upon hearing that it was from the everyday and every day sect. He knew how strong this sect was, they were only second to the five elements sect!

"There's one more, the one you can't mess with the most-he's a freelancer, but I heard that he's been able to beat naipao every time he's here!" Tu Xiaoxiao said.

"That can't be, right? a rogue cultivator is that powerful?" Lou taisue had heard of Lin Yi's name, but how strong could a freelancer be? They were probably just bragging, so he said disdainfully, "It doesn't seem like there's anything great about it."

"Shush, I say, brother Lou, you have to be careful. Walls have ears, don't let Lin Yi hear about this, and you'll be in trouble!" "Let's not talk about whether the rumors are true or not-even if they're not, Lin Yi's at least a match for Zhang naipao. Even if he lost, Zhang naipao didn't do anything to him, and that's enough to prove that he's not a simple guy!"

"Hmph, is it true? Maybe Zhang naipao took pity on him and let him live!" Lou taisue snorted, a little disdainful of tu Xiaoxiao's cowardice. "That Lin Yi ... No matter how strong he is, he's at the peak of Sky Class-he's a solo practitioner without any sect or school. You and I are Sky Class Masters at the peak-it's two against one, you think you can win?"

"You're right, but I heard that Lin Yi's practitioner's Arts are very weird, and so are his martial arts. He's known as the number one under the path of heaven, and I heard that he can kill Sky Class full Masters in seconds-I think it's better to be careful!" Tu Xiaoxiao said in a low voice.

"Fine, no matter what his strength is, we don't have much to do with him, so we'll just let that Zhang naipao fight Lin Yi!" Lou taishu waved his hand.

"Okay ... Let's not talk about this anymore ..." Tu Xiaoxiao shook her head. It seemed like Lou taishu still didn't take Lin Yi seriously. It was normal for disciples from a sect like this to look down on individual practitioners, just like how tu Xiaoxiao was a Sky Class full master, just like Lou taishu. However, when the two were together, Lou taishu was the leader.

Lin Yi heard their conversation from a distance, but he wasn't interested in looking for trouble with them. He didn't care if the guy thought he was strong. He didn't even look for trouble when he was downstairs, let alone now.

Lin Yi shook his head. He only brought Xinyan and Jingjing in after the two entered the restaurant.

Lin Yi saw the practitioner Xiao ran from afar as soon as he arrived at the dining room. He was eating at a table, and he raised his head to give Lin Yi a friendly smile when he saw Lin Yi.

Lin Yi nodded-there was no need to be cold to him if he was being polite, but he didn't think about building a good relationship with him. This test was different from the past, and he didn't want to stand out too much, nor did he want to form factions!

Originally, many inheritors who participated in the trial were related to Lin Yi, so if Lin Yi formed groups with other trial-takers, then xuanchen would give him some warning and create some unnecessary trouble against him. Lin Yi would lose more than he gained!

His purpose here was simple-he didn't want to make anyone his enemy, but he wanted to pass the test, attend the Sky Class meeting, and head to Sky Class Island. As long as he could achieve that goal, he could just muddle through his days-there was no need for any more trouble.

The restaurant was a buffet, and there were no servers. They had to order from the window themselves, and Lou taisue and tu Xiaoxiao were ordering when Lin Yi arrived. Lou taisue hmped in disdain when he saw Lin Yi."Wait in line behind you. You don't know the rules at all!"

Lin Yi only looked at him faintly, not saying anything.

"What the hell are you looking at? Do you think you're that great? You're just a wandering cultivator, do you dare to state your name?" Lou taishu glared at Lin Yi-he was here to get a sense of presence and enjoy stepping on people.

"I'm Lin Yi," Lin Yi said.

"Lin Yi, okay, I'll remember, see you at the test ..." Tu Xiaoxiao's face changed as Lou taisue was talking, pulling on his arm,"I'll see you at the test ..." "What? why are you pulling me?"

"Brother Lou, it's Lin Yi, he's Lin Yi!" Tu Xiaoxiao reminded him with a bitter expression.

"Lin Yi? What's wrong with Lin Yi?" Lou taisue froze, his face changing as he looked at Lin Yi in disbelief."You ... Y-y-y-you ... You're that Lin Yi who fought with Zhang naipao?"

"Resist? It's almost the same. " "Yeah," Lin Yi nodded,"he's the one who gets hurt every time. "

"Uh ... That young master Lin, you order first ... I'll wait, I'll wait ..." Lou taishu was acting cool, but she didn't write it because she didn't care. Once she saw Lin Yi, her legs went soft!

After all, those who could come to the trial were not real fools. Groundless rumors might not be unbelievable!

Chapter 3502 Naipao Arrives

There must be a reason behind Lin Yi's rumors-he could still act cool, but he didn't want to risk his life when he really met Lin Yi.

When they were Mystic or Earth Class, some people might still be unconvinced and think they were the strongest, but once they reached Sky Class, everyone became more cautious. After all, this strength didn't come easily, and no one wanted to fight to the death with someone without enmity.

This was what Lou taishu was thinking now. He could step on people who were obviously weaker than him, like Xiao ran, who was a small level lower than him, but he didn't know Lin Yi's strength yet. He heard that Lin Yi could kill Sky Class Masters in a second, so he was probably at the peak of Sky Class. He didn't dare to do anything to people who were at the same level as him.

Lin Yi looked at him, amused. He then brought Xinyan and Jingjing to get food.

Perhaps Han Jingjing did it on purpose-she whispered something to Wang Xinyan, and so the two of them revealed their Sky Class late phase peak strength at the same time. This surprised Loutai Shue, who was standing to the side, and almost knelt down!

These weren't Lin Yi's family, they were two top-tier practitioners! Wasn't he too F * cking powerful? Thinking of this, Lou Taishu didn't hesitate and quickly said, "The two ladies as well. Haha, I was just afraid that someone else would beat me to it, so I reserved seats for the two ladies. Please order ..."

Xiao Ran was speechless, but it was also the first time he felt Lin Yi's power, making someone as arrogant as Lou Taishu so submissive. He and Tu Xiaoxiao were Sky Class full Masters before, but they were already a little scared when they saw Lin Yi alone. Now that the two girls Lin Yi brought were Sky Class full Masters as well, he regretted saying those words before, but Lin Yi didn't mind. Otherwise, he would really be crippled before he even participated in the trial!

Although the Five Elements Sect had rules that forbade any private fights before the test, the rules were dead, and people were alive. Did the rules really work on someone like Lin Yi, who had killed so many Five Elements Sect Masters in one go? Lou Taishu was very suspicious.

He led Tu Xiaoxiao and stepped aside quietly. However, when he passed by Xiao Ran's table, he suddenly saw Xiao Ran looking up at him. He immediately flew into a rage. "Look at your mother's a * s, are you looking for a beating?"

Xiao Ran was taken aback and lowered his head in fear. He was just looking around, but who would have thought that Lou Taishu's displeasure would be directly vented on him? However, he knew this, but he didn't dare to refute, and could only say, "I don't dare ..."

"You don't dare? I think you're very bold, simply too bold? You're laughing at me, right?" Lou taishu had finally found an explosive point, so how could he give up so easily? He didn't dare to mess with Lin Yi, but Xiao ran wasn't a problem. A Sky Class late phase peak freelancer was easy to deal with.

"I didn't. I just felt the aura of the completion of the heaven class, so I looked up ..." Xiao ran smiled bitterly.

"No? I think you're very rich, you're simply too rich!" "Shut up!" Lou taisue slammed the table and said, "you F * cking stand up!"

"I ..." Xiao ran felt humiliated! House Xiao had been in decline for many years-they were even worse than normal houses, and if it weren't for his luck, he wouldn't have been able to reach Sky Class late phase peak. He planned to shock the world with a single feat through the sky Class test, land on Sky Class Island, and become a sky path practitioner-he'd come back and revive house Xiao!

Before the Xiao family reinvigorated, all grievances could be tolerated! He took a deep breath and slowly stood up.

However, just as she was about to fly into a rage, an accident happened ...

Lin Yi turned around and looked at Lou taishu indifferently, "Brother Xiao ran, I ordered too many dishes. Can you help me carry them?"

"Ah ..." Xiao ran was stunned for a moment before a look of gratitude flashed across his face. Lin Yi was here to help him out of the situation, and he didn't believe that the three of them couldn't get the food.

Lin Yi nodded, signaling for him to come over. In fact, Lin Yi didn't want to form any gangs before, but seeing Xiao ran being bullied, Lin Yi decided to help. After all, Xiao ran did warn him out of kindness before!

Even if Lin Yi didn't need his reminder, it was his good intentions. Helping Xiao ran now was as easy as lifting a finger for Lin Yi, so he spoke up for him.

Of course, Lin Yi didn't have the intention of becoming friends with Xiao ran yet. He wanted to keep a low profile before he landed on Tianjie Island.

Lou taishu was a little stunned, but he immediately understood that Lin Yi was trying to help Xiao ran. He sighed helplessly and walked out of the restaurant with tu Xiaoxiao. He was too ashamed to stay here anymore. He was furious, but he had no choice!

Wanted to take revenge on Lin Yi? He didn't dare, and he didn't have the strength. If that was the case, he'd have to leave first and see if he could cause Lin Yi some trouble during the test! He was a vengeful person-he'd give in on the surface, but he wasn't. He'd give Lin Yi a bloody lesson if he had the chance.

However, just as he was about to go out for a walk after leaving the restaurant, he heard a commotion at the entrance of the inn. Two cultivators, one on the left and one on the right, opened the door of the inn like doormen. Then, two people, one in front and one behind, walked in arrogantly!

These two people were Zhang naipao and Zhong pinliang, the two people Lin Yi hadn't seen in a long time! Pinliang walked in front, and naipao followed-no matter how one looked at it, pinliang was naipao's boss, and the founder of the everyday and every day sect!

One thing worth mentioning was that after a period of soul and body training, pinliang finally fully digested the Mad dragon patriarch's inheritance and stepped into Sky Class late phase peak again. He was ready to use this opportunity to push his potential to the limit of Sky Class full phase near the cave of the dragon of five evils with the pressure!

Naipao, on the other hand, had successfully broken through his heart's demon and entered Sky Class late phase peak, becoming a true top-class practitioner. He had two goals in coming to this test-one was to train his ability to absorb and defend against the five evils Qi, and the second was to help Zhong pinliang take Lin Yi out!

The two people who opened the door were Dongfang Badao from the Dongfang family, and Lin Yi didn't know who the other person was. He was probably a practitioner from one of the families.

Chapter 3503 Poison Divine Art

Dongfang Badao had already reached Sky Class late phase peak, and he wanted to use this trial to stimulate his potential under the pressure of the five evil Qi and break through to Sky Class full phase!

In fact, most of the people who came here, including the inheritors, wanted to rely on the pressure of the rich Qi of the five evils to break through their limits. Ordinary cultivators broke through themselves, while inheritors strengthened their own inheritance!

The so-called Qi of five evils was actually a kind of demonic Qi that was similar but different to the spiritual Qi of heaven and earth. The spiritual Qi of heaven and earth was universal, but the Qi of five evils was different. The Qi of five evils was a mixture of the true Qi of five attributes of metal, wood, water, fire, and earth. This kind of true Qi was called demonic Qi!

Because it had five attributes, normal cultivators couldn't absorb and use it at all. While absorbing their own attributes, they also had to absorb the true Qi of the other four attributes. This way, if it was light, it would cause Qi deviation, and if it was serious, it would cause the body to explode and die!

Of course, in the five evils Savage Land, this situation was not serious. As long as one did not cultivate, there would be no problem. However, it was different in the five evils mountain range. Even if one did not cultivate here, the five evils Qi would enter one's body on its own, so one could not just give up on it.

In this way, you have to go all out to fight against the Qi of the five evils, resist the pressure, and break through your limits in the battle with the Qi of the five evils to improve your strength!

It was the same for the inheritor. The inheritor also used his own powerful five elements attributes to resist the Qi of five evils to achieve the purpose of strengthening his own attribute!

Other than that, the only ones who weren't affected were practitioners of the five elements like Lin Yi and a small number of demonic practitioners, like Zhang Naipao. This guy was a practitioner of the Wasp Absorption Arts, and he could absorb all sorts of Qi, demonic Qi, and poison to convert into his own Qi!

Back then, he trained in a group of poisonous bees and poison, and was now known as the mobile antidote by the everyday and every day sect. If the food was poisoned, he could just suck it from Zhang Naipao, and if someone was poisoned, he could just suck it from Zhang Naipao.

And so, not only was Naipao unaffected by the five evils barren land, he could even practice! This was also why he shone so brightly in the test at the heavenly pill sect!

Dongfang Badao, on the other hand, knew how dangerous the test was, and so he ran into the two masters from the everyday and every day sect.

However, Dongfang Badao was a scheming man-he knew that he wasn't a match for naipao at all. He didn't even need to make a move, and so he chose to submit and become naipao and pinliang's follower!

In comparison, he hated Lin Yi even more. After all, Dongfang Busu was killed in the test-life and death were up to fate. He couldn't blame the other practitioners, but Lin Yi was different. He was in the common world, and he'd killed more than one master from the Dongfang family! The Dongfang family had a total of ten Sky Class Masters, and six of them had died. Now, only Dongfang Badao and Dongfang jinxing were left, while the other two weren't even from the Dongfang family, but were guest elders.

The Dongfang family fell from being a peak ancient sect to a god-like existence. After all, other than the Ice Palace and the five elements sect, most ancient sects and families only had two or three Sky Class Masters. For example, the Dark Palace and the ancient house Feng only had one or two Sky Class Masters before Chu Mengyao and Feng Shasha broke through!

As a result, the Dongfang family was considered a leader-level existence, and yet they were beaten to the bottom by Lin Yi. How could Dongfang Badao not be angry and resentful? So he would kill Lin Yi whenever he had the chance!

Dongfang Badao also understood that Zhang naipao and Zhong pinliang had grudges against Lin Yi. They'd already worked together to kill the three old ancestors of blood-clad yellow spring sect last time, so they didn't mind working together again!

Lin Yi spent a lot of money to hire bodyguards from the blood-clad yellow spring sect. In the secular world, Dongfang Badao didn't dare to do anything to him, and after Lin Yi leveled up, he didn't even dare to do anything to him. But it was a different story in the test. Who would care if he died in the test?

Even the people from yellow spring sect wouldn't come here to protect Lin Yi, right? Plus, thinking back, she was too shocked by the dual fiends of the Vajra sect that she forgot about Lin Yi's existence.

Now that he thought about it, even if Lin Yi had the money to hire the blood-clad yellow spring sect, he might not be able to hire them as his bodyguards all the time. If he killed Lin Yi now, there wouldn't be so much trouble before Lin Yi leveled up.

Sigh, one step slower, every step slower! Now, he'd placed all his hopes on naipao and pinliang-he'd found out that pinliang was the reincarnation of the Mad Dragon's old ancestor from the everyday and every day sect, and he was even more confident in killing Lin Yi now.

As for the other person who opened the door, it was boxer WUFA from the godly fist position-he'd come here to get revenge for his poor disciple, but he'd been taken down by naipao the moment he saw him. He'd rather die than live, and now he had something to say-naipao had put poison in his body, and naipao could control the poison to take effect at any time, making him wish he was dead.

This poison was actually a special type of Qi that came from the combination of the Wasp absorption Arts and the chrysanthemum Arts-it was similar to the mother-son Qi, and naipao could use it to hit other people and control them!

Just think about it-if this person didn't listen to him, naipao would activate the poison, and the person would be in so much pain that they wouldn't be able to use any strength at all. If they attacked now, they would die for sure!

Of course, this was only effective against physical practitioners in the long term-spiritual practitioners could get rid of their Qi when they reached Sky Class, it was just a matter of time.

However, if he couldn't counter it, then it would definitely have some effect-it could make the person lose their ability to attack for a short period of time, and so this move was pretty powerful. Only someone like naipao who had both the chrysanthemum Arts and the Wasp absorption Arts would be able to use this move-otherwise, both were needed.

And so, the fighter was temporarily under naipao's control. He was a physical practitioner, and had no Qi in his body-he couldn't get rid of naipao's poison Qi at all. As long as naipao was within a hundred meters of him, his Qi would explode, and he'd be in so much pain that he'd rather die.

He had no choice-in order to live, he had to be naipao and pinliang's follower, but he'd still fight back if he had the chance.

Chapter 3504 Surrender And Instigation

Lou taishu saw how powerful these two were-even a Sky Class master was helping them open the door-they must be ruthless,"Little hand, what's the background of this?"

"I don't know the one at the front, but I've seen the drawing of the one at the back. It's Zhang naipao, the guy who's known as the most ruthless person after Lin Yi." Tu Xiaoxiao explained.

"He's Zhang naipao?" Lou taisue's eyes flashed with excitement. He muttered to himself for a moment, then quickly ran over,""Brother Pao, I've heard so much about you!"

Naipao blinked, looking at Lou taisue with a strange look. After making sure that he didn't know this guy at all, he asked, "Who are you? You know me?"

"Brother Pao, I'm from the abyssal swamp sect in the foreign realm. My name is Lou taishu! I've heard of your name many times, and I'm here to join you!" Lou taisue quickly introduced himself. Other than the ancient sects of the Central Plains, there were also some other families and sects in the foreign lands, but these sects didn't have any contact with the Central Plains. They lived their own lives, and only appeared when the Sky Class Island was about to open.

Lou taishu had chosen to side with naipao because he wanted to vent his anger. He had a conflict with Xiao ran first, and then with Lin Yi, so naturally, he wouldn't be able to side with Lin Yi anymore. He probably wouldn't be welcomed if he did.

He wasn't convinced, either-he wanted to teach Lin Yi and Xiao ran a lesson, and the best choice was Zhang naipao! He'd heard that naipao and Lin Yi had some sort of enmity between them, and that he was a pretty strong guy as well-as long as he did it right, he'd definitely get into a fight with Lin Yi again, and he'd be able to enjoy himself then.

To be honest, he was still under the influence of the dark side of his mind, thinking that Lin Yi was humiliated when he taught Xiao ran a lesson.

"Oh?" Naipao was a little confused-how did this guy know who he was? It would be understandable if the people from the Central Plains were to join them. "What's your strength?"

Naipao wanted to make sure that this guy wasn't too weak and wanted his protection-luckily he'd gotten some points from the test! Naipao didn't mind getting a stronger follower, just like how Lin Yi had a bunch of followers.

But the key problem was that he couldn't take in a burden. If he had to take care of his little brother when he went to the trial, there would be a lot of things to do.

"I'm Sky Class late phase peak," With that, Lou taishu showed his strength, and then pointed at tu xiaoshou, "He's also my friend, with the same level of strength!"

Although tu Xiaoxiao didn't know why Lou taisue was with naipao, it was definitely a good thing to have someone strong backing him up in the test. He'd only joined Lou taisue because he wanted to find someone to back him up-otherwise, he wouldn't be able to handle it on his own, and he'd die in the test.

"Pao, since they're so sincere about being your underlings, you should take them!" Pinliang said faintly.

"Yes, Liang bro!" Naipao nodded, "Alright, if that's the case, then you guys follow me. This is my boss, Zhong pinliang, and also the Mad dragon patriarch of the everyday and every day sect. You guys have to show some respect!"

"Ah!" Lou taishu looked at pinliang subconsciously-a guy this young already? He was really powerful! However, thinking of the evilness of the everyday and every day sect, it was not surprising that he was the patriarch at such a young age. "Greetings, patriarch crazed Dragon!"

Tu Xiaoxiao also came over to greet naipao and pinliang.

"En, let's go and eat something together. I'm going to starve to death on the way here!" Pinliang said with a wave of his hand, telling everyone to go eat first.

"I'm sorry, can you please register?" The shopkeeper in the eight-trigram robe walked over carefully. He had already confirmed the identity of the visitor, so he didn't dare to act rashly.

"Register your mother! Do you think I'm a fake?" Pinliang slapped the shopkeeper and sent him tumbling! He wasn't the normal Zhong pinliang anymore-he was the Mad dragon patriarch, Zhong pinliang. The Sky Class Island Plan was initiated by him and the xuanchen patriarch, so he could only talk to the xuanchen patriarch. If it was anyone else, he wouldn't even bother with Zhong pinliang!

The everyday and every day sect was an indispensable sect in opening the Sky Class Island! And naipao was one of them! Naipao's job was the same as all the other inheritors-he'd absorb the demonic Qi at the entrance and reduce the pressure on the inheritors!

Only someone like naipao could absorb the Qi, and so pinliang had every right to be arrogant! You can't open the sky Class Island if you don't look for us!

It was only after the Mad dragon patriarch died that the everyday and every day sect declined, and patriarch xuanchen started to ignore them. But now, Zhong pinliang was revived!

"I wouldn't dare ..." The Bagua-robed shopkeeper who was beaten had a bitter expression. He did not expect the people from the everyday and every day sect to be so overbearing, but he did not dare to question them anymore. He could only let them in while he secretly dialed ancestor xuanchen's phone number ...

Pinliang led naipao towards the restaurant with a swagger, but was stopped halfway by Lou taishu."Wait a minute!"

"What are you doing?" Pinliang wasn't happy. "Let's talk about it during dinner. Why are you stopping me?"

"No, there's something important that I need to remind the ancestor about!" "There's a ruthless man eating with his family in the restaurant," Lou taisue said. "Don't let anyone in. They'll be punished if they go in!"

"What? Who would be so arrogant as to occupy the restaurant alone? Isn't that something I do all the time?" "I've lived for so long, and there aren't many people who'd dare to act cool in front of me!" Pinliang said, amused.

"Yeah, but this person is very arrogant." "Yes!" Lou taishu nodded. "Just now, tu Xiaoxiao and I were scared out of our wits by him!"

"What a bear, you were scared out of your wits just like that? I'd like to see who's inside and whether they're going to scare me out!" Pinliang laughed coldly, not at all concerned.

"Right, let's see who's scaring who!" Naipao nodded-he'd just started, and was just about to show off when this guy came knocking on his door.

"That person said his name is Lin Yi ..." Loutai shoe said weakly.

"I don't care what he's called ... Mie!" Pinliang stopped in his tracks and turned to Lou taisue. "What did you just say? He's called Lin Yi?"

Naipao, on the other hand, was a little taken aback-he'd just arrived, and he was already up against Lin Yi? Then enemies really meet on a narrow road!

Chapter 3505 Zhong Pinliang's Challenge

"That's right, it's Lin Yi. I heard that he's a very hard to get along with freelancer-even I was kicked out. The only people eating inside are Lin Yi, his two family members, and a follower called Xiao ran!" Lou taisue said, fanning the flames.

At this moment, even tu Xiaoxiao had to admit that Lou taishu was really good at sowing discord-with just a few words, he'd shifted all the hate and conflict onto naipao! Zhang naipao and Lin Yi were already at loggerheads, and now that Lin Yi said he wasn't letting them in, he wouldn't be Zhang naipao if he could still take it!

As expected, pinliang, who was standing beside naipao, raged first, "Pao, let's go in and take a look-if it's that old friend Lin Yi, we should at least greet him! It's been a long time!"

He'd pissed his pants at the king Kong duo at West Star Mountain last time, but he didn't dare cause trouble for Lin Yi because of the threat. After all, the blood-clad yellow spring sect was under the protection of the king Kong duo, and Lin Yi was hired by the sect, so pinliang had to give him face!

However, an employer was an employer after all. The blood-clad yellow spring sect was under the king Kong duo fiends, but Lin Yi wasn't. He had already done his best to give them face!

Besides, conflicts in the trial were inevitable. How could the blood-clad yellow spring sect fall out with him because of an employer? It was obviously impossible.

"Alright!" Naipao nodded and followed behind him, swaggering into the restaurant.

Dongfang Badao, pugilist WUFA, Lou taishu, and tu Xiaoxiao followed behind him.

"Bang!" The door was kicked open by pinliang.

Lin Yi was eating with han Jingjing and Wang Xinyan, and he jumped at the sudden voice! Lin Yi turned around to see pinliang and naipao walking in.

"Isn't this Mister Lin Yi?" "Long time no see," pinliang laughed, "I wonder if you've remembered your old classmate ... Who always wanted to kill you?"

Lin Yi looked at pinliang indifferently. Sky Class late phase peak? This guy's leveling up wasn't slow at all. He didn't know what kind of natural treasure the everyday and every day sect gave him to actually be able to level up so quickly.

And naipao, on the other hand, was already a full circle! Last time, during the sky elixir sect's test, he'd been hit by Lin Yi's attack, and it'd turned into a demon in his heart. He didn't think that he'd be able to get out of it so quickly-what a martial arts genius!

Lin Yi was getting more and more suspicious that he came to Songshan city as a trap set by the people behind him! Otherwise, how could it be so coincidental that all the girls around him were inheritors, and all the classmates around him were martial arts geniuses!

However, this person who could see through the entire game from the start was a master. Even Chen Yushu couldn't be compared to him in terms of prediction.

Prophet Shu was already very powerful, but compared to this person, he was nothing.

"Zhong pinliang, what's up?" Lin Yi asked faintly.

"Haha, it's nothing much. Do you know why I'm here? I'll tell you, I'm here for Chu Mengyao! I'll have Chu Mengyao after the Sky Class Island incident-I can't have her heart, but the person who has her will be the same! I'm no longer the Zhong pinliang of the past, I'm Zhong pinliang, the Mad dragon!" Pinliang laughed as he threatened.

He'd always wanted Mengyao to fall for him, so he'd always used soft tactics. But after merging with kuanglong's personality, he'd become more decisive and ruthless, and his thinking had matured a lot!

Mengyao was just a pretty girl, what was the point of pursuing her after all that time in the everyday and every day sect? Strength was everything!

"Did you go to the everyday and every day sect and get your brain invaded by the devil Qi, turning you into an idiot?" Lin Yi looked at him,"if you want to die, just say it. I'll send you on your way. I didn't kill you before because I was your classmate, but I'm no longer the Lin Yi of the past. I can kill!" I've already

killed quite a few experts from the five elements sect, I don't need your everyday and every day sect anymore!"

"Good, very good. Do you dare to challenge us during the trial?" Pinliang was starting to get angry-who else had been disrespectful to him ever since he'd become the crazed Dragon forefather, other than the dual fiends of Vajra?

"Boring, are you crazy? I'm not going to beat you up. If you want to be beaten up, go to the inn and cancel your registration. I'll beat you up first!" Lin Yi said faintly. He didn't want to give ancestor xuanchen anything to use against him. Once he checked into the inn, he couldn't fight in private before the trial. It would have been fine if it was before, but Lin Yi had to participate in this trial. If not for himself, it had to be for the inheritors!

Lin Yi didn't want to cause any trouble, but pinliang's endless chatter was getting on his nerves.

"No problem. I didn't register when I came, so I'm not in the trial yet. If you're not convinced, let's have a fight!" Pinliang said directly.

"Are you sure?" Lin Yi looked at pinliang with a weird expression-was this guy out of his mind? A Sky Class late phase peak challenging a full circle?

In fact, what Lin Yi didn't know was that Zhong pinliang was the founder of the everyday and every day sect. How could he do that without some power? Zhang naipao had all those weird and mysterious Arts, and Zhong pinliang couldn't possibly not have them.

Plus, even though Zhang naipao had lost the test, he had to give Zhong pinliang a bone cleansing pill in order to calm the everyday and every day sect down and get them to wake him up.

After taking the pill and expelling all the toxins in his body, pinliang had successfully merged with the Mad dragon patriarch's soul inheritance. His cultivation method was actually very evil!

"That's right! However, in order to not hurt our relationship, you and I will stop when we are at it. We can injure each other, but we can't be ruthless!" Pinliang said, worried that Lin Yi might do something he'd never expect to do.

"Haha ..." Lin Yi chuckled. Pinliang was giving up after the fight? However, Lin Yi really didn't want to kill Zhong pinliang. He said that he wasn't done with the registration yet, but he was already at the inn. If he really killed him, he didn't want to waste his time on the xuanchen ancestor and Kang Zhaoming's nonsense. "Alright, wait for me for a while. Let me finish my meal!"

"Alright!" Pinliang gritted his teeth-Lin Yi sure was good at acting, but pinliang still let out a cold smile. Everyone thought that naipao had a trump card, but pinliang did as well!

Chapter 3506 Returning The Favor

Pinliang was very excited to be able to torture Lin Yi with his own hands. He didn't mind waiting a little longer! He brought naipao and the others to order some food, and started eating at a table not too far away.

Loutai shoe, on the other hand, had a gloating look on his face-he sure was smart, getting the God of the everyday and every day sect into a fight with Lin Yi with just a few words, and it even escalated to a challenge.

He was happy to see Lin Yi get beaten up, and then he could step on Xiao ran again! F * cking bastard, I'll let you see that your backer, Lin Yi, is also a piece of trash!

Although Xiao ran was helped by Lin Yi, he knew what he was doing. He didn't have any relationship with Lin Yi, and it was already a miracle that Lin Yi helped him once. It was unrealistic to expect Lin Yi to help him again! Lin Yi was probably just taking care of her.

And so, Xiao ran finished his food very quickly, and left the restaurant as soon as he saw naipao and the others. He didn't want to cause Lin Yi any more trouble-Lou taishu was obviously on naipao's side now, so if Lin Yi came looking for trouble with him, would he help or not?

However, just as he walked out of the restaurant, he heard someone talking about naipao-it was the other practitioners, chatting with the owner!

The eight-trigram robed manager had just reported to patriarch xuanchen about the everyday and every day sect's arrogance, but patriarch xuanchen did not say anything. After all, the five elements sect was no longer the same as it was in the past. In the past, they could suppress the everyday and every day sect with absolute superiority, but now, how many experts were left?

Plus, the Sky Class Island Plan really did require Zhang naipao's help-they really couldn't afford to offend him. As such, the xuanchen ancestor told the shopkeeper not to mess with them for now.

However, although the Bagua-robed shopkeeper knew that he was no match for them, he could still secretly complain. It just so happened that there were a few cultivators present, so everyone started chatting!

They told him about the things that naipao had done with the godly fist position Hall and Dongfang Badao, and while the owner was surprised, he was also sweating-he was glad that he didn't get into a fight with naipao, or he'd be in his hands too!

Xiao ran didn't expect naipao to be this strong, to be able to control a peak physical practitioner of the divine fist position? Wasn't he too vicious? Don't let Lin Yi be controlled by him! He didn't know the difference between Zhang naipao's practitioner's Arts-he thought that it was the same, and so he needed to remind Lin Yi!

He saw that Dongfang Badao was also a follower of naipao, and thought that he was under naipao's control!

Xiao ran returned to the restaurant and went to buy a bottle of water. He sat down beside Lin Yi as if nothing had happened. Lin Yi was a little confused. Why did Xiao ran come back?

"Brother Lin, listen to me." "Do you know about Zhang naipao?" Xiao ran lowered his voice.

"Oh? What's the matter?" Lin Yi blinked.

"Someone was talking about Zhang naipao outside, I heard it!" Xiao ran didn't waste any time and said directly, ""I heard that Zhang naipao got into a fight with the godly fist Hall's master WUFA on his way here-he wanted to take revenge for the disciple who got crippled last time, but before the fight even started, he was taken down by Zhang naipao with one move, and became his follower!"

"Oh? Unable to fight? Divine fist Palace? You've become naipao's follower?" Lin Yi frowned, a little surprised. He'd only seen Dongfang Badao before, and he could understand why he was with naipao.

He'd killed more people from his family than naipao, so it was normal for them to be on the same side. But the other guy was fistmaster WUFA from the divine fist position? Li Ciba of the divine fist Hall was Lin Yi's follower, and now this WUFA was Zhang naipao's follower? what an irony, "What's the strength of that master WUFA from the divine fist Palace? How did Zhang naipao do it?"

Lin Yi didn't know how strong this sparring master was, but he knew that he had to be pretty strong to be able to take part in the Sky Class test-and naipao made him a follower, that was pretty unbelievable!

Could it be that after the Wasp absorption, thorn Arts, and hell fist Arts, naipao had learned some other powerful Arts? Thinking about this, it was possible. After all, naipao had a whole bunch of weird tricks up his sleeves-he wouldn't be so cocky this time if he wasn't confident!

"A Sky Class late phase peak physical practitioner! He's a top-notch expert, even more powerful than an ordinary cultivator at the great circle of spiritual cultivation!" Xiao ran sighed,"I don't know how Zhang naipao did it, but I heard that he just casually smacked that fighter WUFA, and he fell to the ground and started rolling around in pain."

"What? There's such an outrageous thing?" Lin Yi asked, stunned. Could it be that naipao was now able to control someone of the same level as him with just a simple move? What did he rely on?

"This ... Although it's just a rumor, I think it's probably true ... Otherwise, I really don't understand why the pugilist is involved with them. The pugilist and the everyday and every day sect have a deep hatred!" Xiao ran said quietly,"plus, I suspect that Dongfang Badao was also tamed by naipao-he's a Sky Class late phase peak already! There's no need for him to be a follower!" Look at the way he and master WUFA treat Zhang naipao, it's completely different from Lou taishu 'S. Lou taishu's the type who uses his strength to fight with Zhang naipao, but those two, they seem to be really afraid of Zhang naipao ..."

"Is your information reliable?" Lin Yi nodded faintly. He had to admit that Xiao ran's analysis was quite accurate.

"Man, I'm just a loose cultivator, I don't have any information channels. It's just that I heard some people talking about it when I went out just now, so I took note of it." Xiao ran said, "brother Lin, just be careful. I'll be leaving first. I don't want to cause you any trouble. It'll be bad if you use me to cause you trouble!"

Lin Yi nodded and patted Xiao ran's shoulder. He had a good impression of this guy.

Xiao ran stood up and left quietly. Lou taisue noticed his return, but he didn't cause any trouble. Now that naipao had started targeting Lin Yi, there was no point in him doing anything!

Chapter 3507 Pinliang's Ultimate

If Lin Yi stood up for Xiao ran, it would be him going against Lin Yi, which was not in line with his original intention. If he wanted to target Xiao ran, he would have to wait until Lin Yi was finished.

Lin Yi finished his food and looked at pinliang. "I'm done, are you done?"

"We've just started eating, so we can't finish it!" Pinliang said.

"Then I'll go back and rest. Since you gave up the challenge, I'll take it as you've lost." Lin Yi said.

"You!" Pinliang couldn't take it anymore-what kind of logic was this? I can wait for you to eat, but can't you wait for me to eat? It didn't make any sense?

However, Lin Yi didn't seem to be a reasonable person. He'd never been one before, and he'd kicked her on the first day of school. Pinliang gritted his teeth helplessly, "Alright, I can still deal with you without eating! Let's go!"

"Liang bro, please!" Boxer WUFA and Dongfang Badao quickly opened the door for pinliang!

Zhong pinliang and Zhang naipao walked in front, with Lou taisue and tu Xiaoxiao following behind respectfully.

The group came to an open space in front of the inn before Lin Yi said, ""What's there to compete for? tell me, I can't kill you, you're so troublesome! You should know that I'm the best at killing my opponents in seconds!"

"It's too hurtful to talk about instant kill. We're all old classmates. How about this, you and I will fight for a few moves. If you lose, you'd better stop!" Pinliang said, waving his hand.

"Oh, what if you lose?" Lin Yi asked.

"I won't lose." Pinliang said confidently.

Pinliang's words made Lin Yi chuckle. Some people were like that, arrogant to the point of being laughable. But there was nothing Lin Yi could do to make pinliang do. If pinliang lost, then so be it. There was nothing Lin Yi could do to him.

Could he kill him? Obviously not. Lin Yi wanted to keep a low profile in the test. If he killed him, would he still be able to participate in the test?

"Forget it, let's start." Lin Yi said calmly, waving his hand.

Pinliang's face hardened as he flicked his hand. A Golden dragon-like whip appeared in his hand-it was the Mad dragon patriarch's heaven-grade weapon!

Lin Yi's face changed-he didn't think that pinliang would bring out a heaven-grade weapon! One must know that in this era where blacksmiths had already gone extinct, it was extremely difficult to obtain a heaven grade weapon with one's own attributes. Not to mention obtaining one that matched one's attributes, even obtaining one with other attributes was extremely difficult!

Only sects with rich foundations would have them, such as ancient sects! It was impossible for ordinary sects and aristocratic families to have one.

"Mad Dragon's Fury!" Pinliang yelled. The whip was like a mad dragon, shining with a golden light as it lashed out at Lin Yi. The head of the whip was like a dragon's head spitting fire, and the heat made people sweat!

This was the mantra cultivated by the Mad dragon patriarch, called the Mad dragon divine technique! This cultivation method was also a very heaven-defying cultivation method. It could be seen just from

the name. It was a mad dragon. Everyone knew how powerful Dragons were. Moreover, it was a mad dragon. How powerful would it be?

Back then, the Mad dragon patriarch was also a well-known figure in the ancient world. He could even contend with patriarch xuanchen, but he was killed by the dual fiends of the Vajra realm. Otherwise, few people would be his match!

Even if pinliang was only sky Class late phase peak right now, he was still a powerful being!

Not only was the Golden Dragon energy he released extremely powerful, but it also had a kind of oppressive energy that could suck in people's hearts! Just think about how powerful the Dragon's pressure was. In the legends, Dragons were the Kings of all Kings. Otherwise, the ancient emperors would not have been called the true dragon Son of Heaven!

This kind of aura could make cultivators tremble in front of him, as if there was a mountain in front of them! In front of Zhong pinliang, even a practitioner with a slightly weaker heart would kneel down in fear! Even if one's heart was strong, they would not be able to use the chant!

After all, the pressure of a Dragon was no joke! With the Golden Dragon energy, pinliang could already imagine how Lin Yi was going to crawl under his feet!

Because, the surrounding people were already starting to shiver, not to mention Lin Yi!

"Plop!" Plop!"

The first to kneel down wasn't Lin Yi, but pinliang's lackeys-other than naipao, the others were all on their knees, too scared to look at pinliang!

On the other hand, naipao and pinliang had the same practitioner's Arts, and naipao could absorb any poison, Qi, or energy, including pressure! And so, other than having a hard time dealing with the pressure, naipao didn't really do anything.

Wang Xinyan and han Jingjing, on the other hand, felt their hearts palpitate, but for some reason, they didn't drop to their knees.

"Pa"

Pinliang's whip was caught in Lin Yi's hand. Lin Yi looked at pinliang and spoke indifferently,"What the hell is this? It's fun? Is it a firework?"

"Gah!" Pinliang's eyes went wide as he looked at Lin Yi. Lin Yi wasn't suppressed by the pressure, and the weapon was in his hand instead. What was the meaning of this?

That's impossible! His frenzied Dragon's Fury was effective on any cultivator. As long as one was a cultivator, they would definitely feel his pressure, unless the other party was not a cultivator.

But Lin Yi was a practitioner, and a top-tier one at that! How could pinliang's Dragon's Fury not work on Lin Yi?

Although the berserk Dragon's Fury looked very dazzling, its attack power was actually not that great. Its main purpose was to deter the opponent. As long as the opponent's psychological defense line was destroyed, wouldn't they be able to fight however they wanted?

"Why are you fine?" Pinliang asked, surprised.

"What do you mean I'm fine? Are you crazy? You're scaring me with an electric cannon and I'm in trouble? I thought your intelligence had increased after you went to the everyday and every day sect. I didn't expect you to still be so clumsy. You're starting to scare people when you're not strong enough!" Lin Yi said indifferently.

"Impossible, just you wait! "Wayayayayayaya!" Pinliang roared as an illusionary image of a Dragon appeared behind him. This was called the Dragon totem, the ultimate practitioner's art of the frenzied Dragon!

Chapter 3508 Zhong Pinliang's Submission

When the Dragon totem appeared, all the practitioners had to kneel down. This was a martial skill that could only be activated at the peak of the late phase of the Sky Class, and using it consumed a lot of their energy!

However, in order to defeat Lin Yi, pinliang couldn't care less. He used his strongest move and didn't believe that Lin Yi wouldn't submit to him!

Not to mention cultivators, even spirit beasts of the same level would have to kneel and submit to him!

"What are you doing? Magic?" Lin Yi looked at pinliang and asked faintly, "You didn't call me here just to let me see you play tricks, did you? Are you crazy? Is there anything? If there's nothing else, I'll go back."

"Impossible!" Pinliang's mouth was wide open as he looked at Lin Yi, who was completely fine! The trick he was so proud of didn't work on Lin Yi at all!

This was a practitioner's art created by the ancient mad dragon, and it had a strong suppression effect on the practitioner, especially the last one. Whoever saw it would have to bow to it, but Lin Yi didn't do anything at all-this was too unrealistic!

"Wayayayayaya, go to hell!" Pinliang raised both his hands and made a strange gesture, and the Dragon totem behind him lit up ...

Pinliang's practitioner's Arts were extremely overpowered and heaven-defying-they were Arts from the ancient times, and were on par with naipao's chrysanthemum Arts.

Pinliang didn't understand why his Arts didn't work on Lin Yi, but he also noticed that Jingjing and Xinyan were fine!

Did it not work on Lin Yi? This was not scientific!

Pinliang wasn't willing to give up just like that. He roared, and the Dragon totem on his body didn't disappear. He shook the Golden Dragon whip in his hand again, breaking free from Lin Yi's hand and striking at Lin Yi's head!

Lin Yi looked at pinliang with a smile that wasn't quite a smile. He didn't know why, but he felt like pinliang was his follower back when they were fighting. It was like he wasn't the one submitting to him, but pinliang!

And now, the feeling was getting stronger and stronger. Lin Yi tried to use his Arts and shouted, "Lie down!"

Pinliang froze, and as if he'd just received a blow, he sprawled on the ground, too scared to look Lin Yi in the eye. His face was full of shock and unwillingness, but his body was out of his control!

Pinliang's situation shocked Lin Yi as well, but he quickly thought of a possibility. Lin Yi's practitioner's art was called the art of Dragon mastery, and pinliang's practitioner's art was definitely related to Dragons.

Could it be that it had a restraining effect? When Lin Yi first started cultivating, he already thought that the art of Dragon mastery's name was very cool. To be able to control even a Dragon, that was quite powerful! So it wasn't surprising that pinliang's practitioner's Arts could suppress him!

It seemed that the name of the art of Dragon mastery wasn't just for show!

Pinliang stopped the practitioner's Arts as well, but the pressure on him lessened considerably. He tried to stand up, and found that he could!

What was going on? Pinliang blinked. Was that an illusion? This move of his had never failed before. Therefore, he thought of giving it a try and once again circulated the Mad dragon divine skill. In the end, that kind of pressure suddenly came back!

To pinliang's dismay, he realized that he'd have to submit to Lin Yi every time he used the arts in front of him-wasn't it the same for other people? Why did he feel like he was going to submit to Lin Yi?

Impossible! He couldn't accept this! He couldn't accept this!

"Zhong pinliang, are you going to be my follower? It seems like Prophet Shu was right, you're destined to be my little brother!" Lin Yi said mockingly as he looked at pinliang.

"Prophet Shu?" Pinliang blinked as he realized who the Prophet was. Chen Yushu tricked him a lot back then, and he gritted his teeth in anger. "Don't talk about this, we'll see the truth in the trial!"

"Do as you wish. Alright, since you've knelt down, it's your loss. If there's nothing else, I'll go back." Lin Yi said as he waved at the two girls, and the three of them walked into the inn.

Xiao ran watched from afar as Lin Yi took down Zhong pinliang. He was shocked and admired Lin Yi from the bottom of his heart!

Pinliang, on the other hand, didn't want to give up, but he had no choice. He'd lost the first battle, and he'd wanted to use Lin Yi to establish his dominance! He couldn't do anything to Lin Yi, but making Lin Yi submit to him was a satisfying thing!

Wasn't Lin Yi the number one under the heavenly Dao? Now that the number one had submitted to pinliang, didn't that make him the number one? Unfortunately, all of this had turned into bubbles.

Pinliang's practitioner's Arts worked on all practitioners below the sky Realm, it was just a matter of how effective it was! It might be effective against an expert at the level of ancestor xuanchen, but ancestor xuanchen might react very quickly and not be suppressed for too long.

Lin Yi, on the other hand, wasn't affected at all!

Naipao didn't expect this to happen-he only came back to his senses after Lin Yi left. "Liang bro, do you want me to help?"

"No, you're a trump card, you have to be used in the test. You can't go up against Lin Yi too early!" Pinliang shook his head. He wasn't willing, but he had to accept it. "Let's go back!"

"Alright!" Pinliang nodded and followed.

The others, on the other hand, didn't betray pinliang after seeing him lose-they wouldn't be able to handle naipao alone, let alone someone as strong as pinliang!

Lin Yi wondered as he walked-why were han Jingjing and Wang Xinyan fine? But after thinking about it, the only possible explanation was that they had his Qi in their bodies. Perhaps the Qi He generated through the art of Dragon mastery was able to resist pinliang's crazed dragon power!

He couldn't make pinliang submit to him, but he could at least avoid being suppressed by him.

For the next two days, Zhong pinliang and Zhang naipao didn't provoke Lin Yi anymore. When Lin Yi brought han Jingjing and Wang Xinyan to the restaurant to eat, they acted like they didn't see anything. Lou taisue also acted like he didn't see Xiao ran, as if he had forgotten about him!

What made Lin Yi a little disappointed was that he didn't see Tian Gang. He didn't know if Tian Gang didn't participate in the test or if he didn't come. After all, the test's deadline was tomorrow!

Chapter 3509 Meeting Tian Huan Again

Other than that, Lin Yi saw a few familiar faces other than Zhong pinliang and the others!

Song Lingrui came, but she pretended not to know Lin Yi and didn't greet him.

Tuo riye from the Paoli came as well, greeting Lin Yi but not getting too close to him under Lin Yi's hint.

After all, Lin Yi didn't want to make a big scene this time, and he didn't make a move at all when he faced Zhong pinliang!

The remaining people from the sects with inheritors did not come, so they were probably not with the ordinary cultivators!

There were also a few people he didn't know from small sects. They didn't talk to him, and he didn't bother to greet them.

There weren't many people in the Sky Class test, and even if Lin Yi had reached the ancient level, there were still pitifully few Sky Class Masters. There weren't many Sky Class late phase peak and full Masters either.

On the last day of registration for the trial, nothing happened and no other participants came to register!

All the way until night, in the open space behind the inn, a voice suddenly rang out. Although the voice was not loud, it had a strong penetrating power and carried an extremely powerful Majesty, causing all the cultivators in the inn to tremble!

"All participants of the heaven class test, please take note that the registration time for this test has ended! Now, we will begin the registration process. All participants in the inn, please gather at the open space behind the inn within five minutes to accept the registration and inspection of the five elements sect. Any delays will be considered late!" The voice belonged to ancestor xuanchen, and Lin Yi was very familiar with it. He didn't hide his strength at all, showing it to Lin Yi!

It was actually patriarch xuanchen who had come personally! Lin Yi was a little moved-it seemed like the five elements sect was taking this test very seriously, but they didn't pay a security fee like the other tests. Lin Yi was a little confused-why didn't they use this opportunity to make more money after all the money Kang Zhaoming paid?

But thinking about it carefully, those who were here for the test were all elites from their respective sects, and they were all here to prepare for the Sky Class meeting and the right to land on Sky Class Island-it didn't seem right to take money at this point!

Furthermore, patriarch xuanchen probably wasn't thinking about money anymore. They were already going to Sky Class Island, so why would they need so much money from the secular world? It's not even certain what kind of currency it will be on Sky Class Island!

It must be known that the higher the cultivation level, the less the use of money. Those heavenly treasures could not be measured by money. Trading with other things was a more common situation.

However, when he thought about the other trials, there were very few sect leaders who shouted for people. Lin Yi thought evilly, "is it because there's no one else in the five-elements sect and all the disciples were killed by me? is that why ancestor xuanchen had to come personally?"

Lin Yi decided to bring Xinyan and Jingjing to the open space behind the inn.

In less than a minute, almost all the practitioners had left the inn, coming to the square behind the inn. After all, they were all Sky Class Masters, and they weren't slow.

Lin Yi, Jingjing, and Xinyan found a clean spot and sat down cross-legged on the ground. The other practitioners walked over and sat down as well.

Everyone had basically participated in the trial before and knew the rules. They knew that they were gathered here to explain the rules of the trial!

In the square behind the inn, on a temporarily built platform, patriarch xuanchen stood with his hands behind his back in his eight-trigram robe. Behind him were three people!

Lin Yi was very familiar with the three of them, and one of them made him very excited! It was actually Tian Huan, whom he had not seen for a long time!

Lin Yi had not seen Tian Gang since the sky elixir sect's test, but he did not expect her to be following behind ancestor xuanchen. Could she be a disciple of the five-elements sect?

However, Tian Gang didn't even look at Lin Yi, as if he didn't see him at all. This made Lin Yi a little disappointed! Tian Ji was a girl that he had fallen for, but their relationship had probably stopped at the sky elixir sect's trial.

The other two were Kang Zhaoming and little eleven. The three didn't hide their strength-Sky Class late phase peak!

Lin Yi wasn't surprised at all that Tian Gang was in the great circle, but wasn't Kang Zhaoming and little eleven leveling up a little too fast? Could it be that Kang Zhaoming made the Qi gathering pill for the couple?

The five elements sect must still have a lot of white energy stones for their own use, so it wasn't surprising that Zhaoming could make Qi gathering pills so quickly. A pill master could make as many pills as they wanted as long as they could recover their strength and Qi quickly.

However, patriarch xuanchen was really willing to pay a huge price! To them, the White energy stones were one less each time they used them. In the past, they were only used to assist in cultivation, but now they were actually used to refine pills.

However, since they were about to go to Sky Class Island, he probably did not care about these things.

On the other hand, little eleven was injured and crippled by Lin Yi, but he could still increase his strength? How did he increase his strength? This made Lin Yi extremely surprised. It seemed that the five elements sect's Foundation was very deep, and it wasn't something he could understand!

Zhaoming's eyes scanned the crowd below, as if he was looking for something. When he saw Lin Yi, his eyes lit up with excitement and blood ...

This made Lin Yi's heart clench-the way this guy was looking at him didn't seem right. Was he planning on doing something bad during the test?

Kang Zhaoming had always been like this. If it wasn't for his identity as xuanchen's son-in-law, Lin Yi wouldn't have kept him alive until now! But Lin Yi didn't want to fall out with the xuanchen ancestor before reaching Sky Class Island. Without the xuanchen ancestor, Lin Yi didn't know how to get to Sky Class Island, so he left Zhaoming here.

Little eleven, who was beside Kang Zhaoming, glanced at Lin Yi. His eyes didn't leave han Jingjing and Wang Xinyan, obviously with hatred!

But Lin Yi heard that the Sky Class test was an important event before they landed on Sky Class Island-Zhaoming wouldn't go as far as to destroy his plans, would he? After all, the Sky Class Island was more important than anything else.

Soon, all the disciples who came to participate in the trial arrived. They sat cross-legged and looked at patriarch xuanchen respectfully.

Chapter 3510 The Inheritor Arrives

After a while, a minibus slowly drove over, and the door opened. A group of beautiful women got out of the car, which made the eyes of all the cultivators light up! However, no one dared to have any evil thoughts, because these were all inheritors!

At the Ice Palace, Rock Candy and Feng Xiaoxiao came. After getting off the car, they glanced at the participants and sat down beside patriarch xuanchen's platform, much closer to him than the other participants!

Lin Yi knew that they were looking at him, and he let out a breath of relief. He finally saw them!

Reuniting with the practitioner and going to Sky Class Island-this was what Lin Yi had been working hard for all this time, and the moment had finally come! Lin Yi was extremely excited.

Xue Li and Tang Yun came to the valley. Lin Yi had seen both of them before and had an impression of them, but his impression of them was that they were pure and beautiful. Xue Li was secondary, but Lin Yi suddenly had an inexplicable feeling about Tang Yun!

It was as if the woman he had seen in the snow Valley was her! Was it her? Yes! It was a very strange feeling, and he didn't know why, but the moment he saw Tang Yin, his heart beat faster.

Could it be that there was a special attraction between him and the inheritor? The other inheritors were all related to Lin Yi, and they were in a relationship like boyfriend and girlfriend, but the one in the snow Valley wasn't. And now, Lin Yi's feelings for Tang Yun made him feel like it was God's will.

In the dark Palace, Chu Mengyao and the Grand Elder came. The Miss, on the other hand, didn't hide anything. She got out of the car, stopped walking, looked at Lin Yi, and nodded at him with a smile. Then, she walked to Xiaoxiao's side with the Grand Elder.

Feng Xiaoxiao didn't care if the person on the stage was ancestor xuanchen or not. She chattered on and on with Chu Mengyao, making ancestor xuanchen's expression turn ugly. However, he still had to rely on these inheritors, so he couldn't say much.

It was boss Bai and Guan Xin who got off the car. Of course, boss Bai couldn't join the test since he wasn't high enough, and he didn't want to go to Sky Island.

Xinyan didn't use the rest of the Qi gathering pills when she leveled up, and Lin Yi decided to save them for boss Bai. With these pills, boss Bai could break through to Sky Class too, and maybe even complete it. It wouldn't be hard for him to take over the five elements sect!

From the endless West Ocean, an old woman came. Beside her was Yu Ning. This old woman's strength ... Didn't seem to have any strength at all! She should be an ordinary person, but Yu Ning's strength had already shocked Lin Yi!

Sky Class late phase peak-tantra's empowerment was indeed powerful, and Lin Yi couldn't help but be impressed. The world was big, and there were many capable people out there.

Huoyan Mountain, it was Hu Pao and Chen Yushu. Chen Yushu's strength had also reached Sky Class late phase peak, but her situation was very similar to Yu Ning 's. It was probably caused by tantra's technique.

The people from Huang tu Gao sect were tu Qingsong and tu Ranran. Tu Ranran's strength wasn't at the full circle state, only sky Class late phase peak. But even so, one could imagine how strong these sects from the foreign lands were.

The foreign sects all had some secret techniques that could quickly increase the strength of the cultivators. This was different from the ancient sects in the Central Plains. Of course, although the speed of improvement was fast, the price to pay was also quite huge.

One master might cost the strength of two or three masters. This kind of two for one or three for one situation was only in the foreign land. The sects in the Central Plains would not do this.

These inheritors all got out of the car and found a place to sit. The rules before the trial were made public, and it was probably about to start.

Indeed, when patriarch xuanchen saw that everyone had arrived, he nodded indifferently and said, ""Alright, since everyone is here. Then let's start! I'm Xuan Chen, the acting sect leader of the five elements sect, and the person in charge of the Sky Class trials, the Sky Class meeting, and the sky Class Island project!"

Patriarch xuanchen's words made the cultivators below tremble with excitement. Sky Class Island and the heavenly path were the higher goals of these cultivators. Who didn't want to have higher strength?

Someone once said,"you're already a top-tier existence in the mortal world. You're like a land atomic bomb. Why do you still want to advance?" There was a saying that there was no end to learning, and it was the same for martial arts cultivation!

After reaching a bottleneck, we hope to overcome it. This is the lifelong pursuit of cultivators of our generation!

"For this trial, two of my assistants will assist everyone in the trial! And one of them is my son-in-law, Kang Zhaoming. Everyone should've seen him before, he's also an elder of the sky elixir sect!" Said patriarch xuanchen.

These words surprised the cultivators below. Many of them didn't know Kang Zhaoming's identity, but now that the xuanchen ancestor had spoken, everyone immediately became cautious. This Kang Zhaoming was someone they had to please!

"The other one is the young master of the sky elixir sect-bi an Tian Ji!" Ancestor xuanchen once again released a bombshell as he pointed at Tian Gang!

The cultivators below all looked at patriarch xuanchen in an uproar. Wasn't the young sect master of the sky elixir sect a man? How did she become a beautiful girl? Was the rumor wrong, or ... Was this a demonic human?

Besides, wasn't the young master of the sky elixir sect called the sky silkworm transformation? How did it become Tian Huan?

Of course, the ones who were the most shocked were the inheritors and their sects. The young sect master of the sky elixir sect had more or less proposed marriage to the inheritors' sects, but now it seemed that the young sect master was a woman? Where did the rumor of having many wives and concubines come from?

Why did this woman want to propose marriage? Was patriarch xuanchen lying?

"As for the fact that the sky elixir sect's young master is a woman, it was I who told them to keep it a secret, and the marriage proposal to the inheritor's sect was also arranged by me. I'll announce the exact reason at the Sky Class meeting, but for now, your main task is to train, so don't think about these things for now!" Patriarch xuanchen gave a simple explanation and continued, "These two are disciples of the five elements sect. Kang Zhaoming is my disciple, and Tian Gang is my second senior brother's disciple. They're my first assistants in managing the trial!"

"Hua Hua Hua", the trial-takers below were shocked again! The young head of the sky elixir sect, Tian Gang, was also an assistant? It seemed that they had another target to please!
