Chapter 3511 The Purpose Of The Trial

Lin Yi took a deep breath. He didn't know why the xuanchen elder made this arrangement, but if Zhaoming was the only assistant, then he'd probably cause a lot of trouble during the test!

This wasn't what Lin Yi wanted to see, but if Tiangang was here, Lin Yi believed that Tiangang would help him no matter what.

"Most of you come from ancient families and sects, so I won't go into details about the danger of the trial. Since you're here, you should be very clear about it. I believe even individual cultivators know that the trial is full of danger. If you don't want to die, you can leave now. Once you enter, your life and death will be up to fate!" At this point, patriarch xuanchen paused for a moment. His gaze swept across the inheritors, and he continued, ""The trial-takers are in danger, so are the inheritors. But what you need to do is to protect the inheritors and not let them be in any danger! Otherwise, everyone would be finished! If the sky Class Island can't be opened, all our previous efforts will be wasted!"

Patriarch xuanchen's words made all the cultivators fall silent. Indeed, they only had one goal in coming here, and that was to advance to the heavenly Dao. If something happened to the inheritor, everyone's dreams would be shattered!

Many people wanted to go to Sky Class Island to show off their skills and look up to the legendary seniors who had gone there. If everything went to waste, they would regret it to death.

However, thinking about it, everything had its risks. As long as everyone did their best, it would be fine.

Patriarch xuanchen was very satisfied when he saw the expressions of the cultivators below. The trial this time was different from the other trials. If something went wrong, everyone would be doomed. But now, it seemed that everyone was taking it seriously!

"Alright, since everyone understands the importance of this trial, I'll explain the rules of this trial! The duration of this trial was three days, and it was fluctuating to five days! This is probably the shortest trial you've ever participated in. Not bad, if it's too long, you won't be able to hold on, and it's meaningless. As long as you consolidate the inheritor's inheritance attribute power, it'll be enough, and the purpose of the trial will be achieved!" "The location of the trial this time is still the icy five evils Savage Land that many people have been to," ancestor xuanchen said. "However, the location of the trial this time is different. It should be the five evils mountain range!"

What patriarch xuanchen said was very different from the previous trials, so everyone listened very seriously. When they heard that it was still a trial in the five evils Savage Lands, everyone's expressions turned grave!

Last time, when the spirit beast tide broke out, many people almost died there. Going to the five evils Savage Land again would definitely be extremely dangerous.

"The destination of this trial is the cave of the dragon of five demons in the five demons mountain range! I'm sure you've all heard of the Dragon of five demons, right? This is the king of all beasts in the five evils Savage Land. According to my investigation, it's already a Sky Class late phase peak full cultivation spirit beast, and has a good chance of breaking through to the sky path! Therefore, you must be extremely careful!"

"What you need to do is to lure the Dragon of five demons out of its cave and let all the inheritors enter the cave! This was because the cave was the spring of the Qi of the five evils. After all the inheritors entered, they would absorb the demonic Qi of their own inherited attributes to enhance the inheritance. Similarly, the inheritors would resist the remaining four types of demonic Qi and break through the pressure to break through their limits. Inheritors who had not advanced to the complete stage would also advance under the pressure! This process would probably last for two to three days!

Until all the inheritors have successfully received the inheritance attribute and advanced to the peak of the heaven rank!"

"As for the other inheritors, you have to remember that you're no match for the Dragon of five evils. Don't even think about fighting against it or killing it. Your goal is to deal with it, lure it out of the cave, and not return. Then, you'll have succeeded."

"At the same time, under the pressure of the Dragon of five evils and the Qi of five evils, those who haven't advanced to the completion of heaven class can take this opportunity to advance to the completion. This is a rare opportunity, I hope you don't waste it!"

"In the trial, all the inheritors will listen to Tian Huan's arrangements and commands! All the practitioners will listen to Kang Zhaoming's orders-anyone who doesn't listen will be disqualified from the test. They won't have the chance to land on Sky Class Island anymore!"

The xuanchen ancestor's voice was very strict, and the participants were all very careful. However, Lin Yi was a little worried when he heard that Zhaoming had to mobilize all of them during the test!

Kang Zhaoming had a grudge against him, and if he caused any trouble during the test, Lin Yi wouldn't be able to defend against it! What would Lin Yi do if Kang Zhaoming said that he wasn't going to cooperate?

However, at this point, Lin Yi could only endure it. If Kang Zhaoming really did disqualify him, he might even have to fight to the death and make all the inheritors leave. He would have to stop the plan and see what the xuanchen ancestor would do!

"Alright, that's all the rules for this test. I'm going to activate the teleportation formation now, so you guys can talk among yourselves. If the inheritor has any questions, you can ask Tian Gang. If the other participants have any questions, you can ask Kang Zhaoming!" With that said, patriarch xuanchen left in a hurry, clearly to prepare for the transfer of the inheritors to the five evils mountain range.

It was impossible for these inheritors to enter the five evils mountain range naturally. Firstly, there was no path, and secondly, it was extremely dangerous. It was difficult for them to even make it there!

Fortunately, the seniors of the five elements sect had left behind a teleportation array. After it was activated, it could send the trial-takers and inheritors directly to the five demons mountain range, near the cave of the dragon of five demons.

After the xuanchen ancestor left, all the participants surrounded Kang Zhaoming. Of course, other than Zhong pinliang and Zhang naipao who were a little reserved, the others were almost on their knees licking their shoes. It could be said that Kang Zhaoming held the life and death of the participants in his hands. He could pass and fail as he wished.

"Isn't that Liang bro and Pao? Come, let's discuss the division of labor when we reach the five demons mountain range!" Zhaoming said to pinliang and naipao-he needed their cooperation to kill Lin Yi!

The other cultivators would have to kneel and suck up to him, but the people from the everyday and every day sect would not do so! This was because the everyday and every day sect was one of the instigators of the sky order Island Plan!

Chapter 3512 Tang Yin, Lin Yi

Not to mention how useful naipao was, Zhaoming had also learned from the xuanchen elder that pinliang was the Mad dragon Master. Hence, he called him "Liang bro"-it was a respectful form of address.

Pinliang walked over proudly after seeing that Zhaoming's attitude was pretty good, "Alright, brother Kang, go ahead!"

Zhaoming looked into the distance and saw that Lin Yi wasn't coming over, but was walking towards the inheritor. He was overjoyed and lowered his voice, "Liang bro, I know that you and Lin Yi are enemies, and I have a way to get rid of him. I need everyone's help!"

The other practitioners' faces changed when they heard Kang Zhaoming say that he wanted to kill Lin Yi, but they understood. Since Kang Zhaoming said it in front of them, it meant that they were on the same side. As long as they stood on Kang Zhaoming's side and didn't try to get close to Lin Yi, the test was basically a walk in the park!

At least Kang Zhaoming wouldn't cause them any more trouble. After thinking this through, everyone was very happy.

"Oh? Tell me!" Pinliang was actually really worried that the five elements sect would interfere with him and Naipao fighting Lin Yi. After all, this test was different from the ones before-the main goal was to protect the inheritor, not to be a hero.

But now, since Kang Zhaoming wanted to deal with Lin Yi, he didn't have to worry about anything anymore ...

"When we go to the test, we just need to do this and this ... And then, Liang bro and Paozi, you guys are always there to support ..." Zhaoming said this and this ...

"Brilliant plan!" Everyone agreed after hearing this. This was simply a good thing that would benefit them at the expense of others. They had no reason to disagree!

Lin Yi, on the other hand, didn't go over to Zhaoming. It was obvious that he wasn't welcomed here, and he didn't want to bother him. He brought Jingjing and Xinyan over to where the inheritors were.

Tian Gang was in the middle of explaining to the inheritors what to pay attention to when receiving the inheritance and breaking through in the cave when he felt someone behind him. He turned around and saw Lin Yi, smiling at him.

This smile matched the yellow clothed girl in Lin Yi's memory. Lin Yi took a deep breath, still thinking about Tian Gang's catchphrase "I'll kick you." What surprised Lin Yi was that Tian Gang was the young master of the sky elixir sect.

At this moment, Lin Yi suddenly understood why the sky elixir sect's attitude towards him was so ambiguous. Kang Zhaoming was against him, but the young master of the sky elixir sect seemed to help him a lot. If the young master was Tian Gang, then everything could be explained.

"Tiangang, long time no see." Lin Yi said as he walked over.

"En ..." Tian Gang replied faintly, as if he wasn't very familiar with Lin Yi. Perhaps Tian Gang already knew about Lin Yi's relationship with the other inheritors, so he didn't want to show that he was close to Lin Yi in front of them.

Or perhaps Tian Huan was just as she had said. After they parted in the five evils Savage Land, they were each other.

"I'll leave the inheritor's safety in your hands," Lin Yi said after taking a deep breath.

The inheritors all looked at Lin Yi in surprise. They didn't know how Lin Yi and Tian Gang knew each other. It seemed like it wasn't the first time the two met, and they knew each other very well.

Lin Yi nodded and looked at the inheritors. Other than the people he was familiar with, his eyes landed on Tang Yun. He didn't know why, but Tang Yun seemed to have a special attraction to him.

This feeling was as if he had seen it in his previous life. It was very mysterious.

Tang Yin felt Lin Yi's gaze as well, and her breathing quickened. This was the man she'd been thinking about and loved, but she couldn't acknowledge him!

Tang Yin was very happy that Lin Yi was able to grow to his current strength and appear in the Sky Class test, but it was impossible for her not to be jealous when she saw all these pretty girls around Lin Yi.

Luckily, most of these people were people she already knew and had established deep friendships with when she was still around-the Miss Chu Mengyao, Chen Yushu, Feng Xiaoxiao, Guan Xin. Only Yuning and little nine were new, but she had already talked to Chu Mengyao before and knew that Lin Yi knew these two people before she met them, so she was relieved.

Besides, Tang Yun couldn't be in love because of her practitioner's Arts, so these things didn't really concern her.

She was now Sky Class late phase peak, not yet at full cultivation. Her merciless Arts was still stuck, and this made Tang Yun worried. Xue Li was even more worried, and so when she saw Lin Yi looking at her, she subconsciously coughed twice, telling Tang Yun not to rekindle their relationship with Lin Yi. Otherwise, she wouldn't be able to reach Sky Class full cultivation, and everything would be for nothing.

Tang Yun heard Xue Li's cough. She knew that Xue Li was trying to remind her, so she didn't raise her head.

Lin Yi realized that Tang Yin wasn't looking at him, and he could only sigh and leave.

Tian Gang was explaining something related to inheritors, and Lin Yi couldn't just sit in and listen. What was he doing?

Zhaoming called out to Lin Yi as he walked back.

"Isn't that the strongest freelancer Lin Yi?" Kang Zhaoming gave Lin Yi so many titles the moment he opened his mouth. Lin Yi felt that something was wrong. This guy must be up to no good!

As expected, after Lin Yi walked over and looked at him, Kang Zhaoming continued, ""We've discussed it. Since you're the strongest among us, we'll leave the task of luring the Dragon of five evils out of the cave and charging through the enemy lines to you! After all, whoever was stronger would have to put in more effort! Do you have any objections to my arrangements?"

So he had been waiting here! Lin Yi laughed at Zhaoming's plan-luring the Dragon out of the cave was the most dangerous part, and he could die at any moment.

And this mission, Kang Zhaoming actually wanted Lin Yi to do it, and he even said that this was his arrangement and asked if Lin Yi had any opinions. It was a blatant threat, telling Lin Yi that if Lin Yi didn't listen to him, he had the right to cancel Lin Yi's qualification!

If it were any other time, Lin Yi might have fought with him, but right now, he didn't want to have any conflict with the five elements sect before the opening of Sky Class Island. Plus, the Dragon of five evils was something others were afraid of, but not Lin Yi!

Chapter 3513 Need A Helper

With the senior as his trump card, Lin Yi basically wouldn't be in much danger!

"Just me?" Lin Yi looked at Kang Zhaoming and asked indifferently.

"That's right, we just had a meeting and decided that you're the most suitable. This was the result of our vote. Of course, you can disagree and we'll choose someone else, but if you don't listen to orders, I can only refuse you from participating in the heaven class test!" Zhaoming said.

"Do you think there's any meaning in your words? And even unanimously decided? Who decided this? You decided? You decided? Or you?" Lin Yi pointed at a few of the practitioners that were kneeling around Kang Zhaoming.

However, all of them lowered their heads, not a single one of them daring to look Lin Yi in the eye. After all, Lin Yi was a notorious figure in the ancient level. He could kill whoever he didn't like in an instant. These people wanted to kneel down and lick Zhaoming's feet, but they didn't dare to offend Lin Yi.

After all, even Zhaoming wouldn't be able to save them if Lin Yi were to beat them to death.

"Lin Yi, don't worry about that-are you going to listen or not?" A flash of embarrassment crossed Zhaoming's eyes-he'd only said that to make it sound more impressive, but Lin Yi didn't even give him any face at all, exposing him right away!"If you don't want to go, then please go back. The trial doesn't welcome you!"

"Who said I didn't agree?" Lin Yi asked back,"which ear of yours heard that?" I'm just questioning it. "

"You ..." Kang Zhaoming was furious. If you agreed, you should've said so earlier. You're making me lose face! He snorted,"did you see that? in this trial, I am the authority. Those who follow me will prosper and those who don't will die. Even this number one solo cultivator under the heavenly path doesn't dare to disobey me. He said a bunch of bullshit and still has to obey!"

Kang Zhaoming wasn't stupid. In an instant, a bad thing turned into a good thing.

"Oh, then I won't do as you say. I'm leaving." With that, Lin Yi turned to leave.

"Gah!?" Kang Zhaoming froze. He didn't think that Lin Yi would leave just like that. He didn't know what to do! Lin Yi had already agreed to it, so why was he still acting all high and mighty? now that Lin Yi was gone, all his plans were for nothing! This made him a little uncomfortable. He hesitated for a moment and quickly said,"Don 't, I'm just joking, haha, Lin Yi, don't get too excited, you're already here, it'd be a waste if you didn't join!"

"Oh, since you want me to stay, I'll force myself to participate. However, I'm going back on my word. Send me an assistant to lure the Dragon of five demons. I think this person is quite good. What do you think?" Lin Yi said as he pointed at the shoes.

Lin Yi didn't like two-faced people like this-he'd be lying if he let this guy go after he'd chosen to submit to him after hearing his name, and now he'd joined Zhong pinliang's side.

"I think ..." Kang Zhaoming was in a difficult position. This person was obviously Zhong pinliang's underling. If he made the decision himself, it would be the same as offending Zhong pinliang. Besides, he was obviously protecting someone else just now. Now, he had to hand over a person for Lin Yi. This wasn't the right way!

"Oh, since Lin Yi needs it, then let Lou taishu go. It's a test anyway! I think it's normal for him to sacrifice a little. " Pinliang was about to make trouble in the test-who was he supposed to deal with if Lin Yi left now?

As for Lou taishu, he was just an insignificant nobody. It didn't matter if he had to hand him over.

Lou taishu's face changed. He didn't expect to be the first one to go out after he joined Zhong pinliang. This made him very depressed. He should've just joined Lin Yi. Although he could go with Lin Yi to lure the Dragon of five evils, at least Lin Yi would protect him then. Now, he was completely cannon fodder!

"Um ... Liang bro, I can't do it. I'm not experienced enough. What if I screw things up?" Lou taishu's claws were numb. He didn't want to die. It wasn't easy for him to come here and participate in the trial. His goal was to advance to the heavenly Dao, not to die.

"Since Lin Yi values you so much, you must have something special about you." Naturally, Zhaoming wasn't going to let Lou taishu off the hook so easily. He cut him off immediately, "I think you shouldn't undervalue yourself. This matter is settled!"

With Zhaoming's firm decision, Lou taishu had no choice. He knew that he was dead for sure, so he looked at Zhaoming gloomily, "I'm withdrawing from the trial. Cancel my registration, I'm not going!"

"Oh?" Kang Zhaoming was stunned. He didn't think that Lou taishu would do this! To be honest, it didn't matter to Kang Zhaoming whether Lou taishu went or not. What he was worried about was that Lin Yi would be unhappy if Lou taishu left. It wouldn't be fun if Lou taishu left too.

Pinliang's face changed as well, but Lin Yi raised his hand and threw a punch at the shoe!

The twentieth form of the wild fire Fist was Lin Yi's most powerful move, but even if it was just a normal martial skill, it was far stronger than the twentieth form of other people. It was equivalent to the twenty-first form, and even if it hit Lou taishu, he would be half-crippled if not dead!

With a loud bang, Lou taishu was sent flying by Lin Yi's slap, landing on the ground not far away, creating a human-shaped pit. She spat out a mouthful of blood, evidently suffering from serious internal injuries.

"Since he's no longer a participant, I'll just take care of him here, so that I don't have to take him to the trial." "I could've let him go if he'd put in some effort during the test," Lin Yi said faintly, "but since he doesn't want to go, then there's no need for that."

Lin Yi's tone was calm, but it made everyone shiver. Lin Yi was too overbearing, attacking without warning. They couldn't afford to offend him! However, Kang Zhaoming felt that he had vented his anger. Who told this dirty old woman to not listen to orders?

"Haha, that's right. Since he's not participating, then his life and death has nothing to do with our five elements sect!" "So Lin Yi, who do you need help with?" Zhaoming said faintly.

"No need, I'll do it myself." Lin Yi waved his hand and glanced at Xiao ran, who was standing at the back of the group. He was a little excited to see Lou taishu get hit.

But Lin Yi obviously didn't want him to help, because it wasn't a good job. Lin Yi didn't want to hurt him. In fact, he could face the Dragon of five evils alone.

Chapter 3514 Messy Memories

"Haha, that's good. In that case, let's go to the trial!" Zhaoming also saw the xuanchen patriarch walking over.

After ancestor xuanchen walked over, everyone present immediately quieted down. After all, ancestor xuanchen was unattainable in their hearts. Although they were both Sky Class full Masters, Lin Yi was probably the only one who could go against him.

"Alright, the teleportation array has been activated. Participants, please follow me!" Said patriarch xuanchen.

Zhaoming nodded and led the inheritors to follow ancestor xuanchen. They walked towards the teleportation formation in the distance. It was a formation left behind from ancient times. It was said to have been set up by an array master, but the array master had disappeared, and there was not even a

single piece of information left behind. Therefore, no one knew how to set up and repair the formation, only how to use it.

And this formation could only be used a few times. It was said that there was a limit to the number of times.

Patriarch xuanchen made a hand gesture, and Zhaoming had the trial participants enter in a line. They entered what looked like a teleportation tunnel, and the trial in front of them disappeared ...

Lin Yi, Xiao ran, Xinyan, and Jingjing were the last to enter before Zhaoming. It was pitch black in front of them, but it didn't take long for everything to clear up.

Almost instantly, Lin Yi arrived at the five demons mountains. He couldn't tell where he was, but from the surrounding environment and the density of the five demons Qi, he could tell that he was in the mountains!

He took a deep breath and turned to the girls. "You two, you're here to get experience. Don't get too close to the Dragon of five demons."

"Alright," he said. Han Jingjing and Wang Xinyan both nodded. "Be careful!"

"I'm fine!" Lin Yi said nonchalantly.

Kang Zhaoming came in right after. Behind him were the inheritors and their sects. These people were going to follow the inheritor into the dragon of five evils's cave and protect him.

Boss Bai wasn't there, but Tian Gang was there to protect Guan Xin.

Once everyone was gathered, Zhaoming and pinliang brought the practitioners to a safe place to hide. Before they left, Zhaoming said, "The number one person under the heavenly Dao, we'll be counting on you later. In order to prevent affecting your performance, we'll hide first. When the time comes, you can lure out the Dragon of five evils yourself!"

Lin Yi smiled coldly, signaling for Xinyan and Jingjing to hide with Xiao ran. It was obvious that Xiao ran didn't get along with Zhong Pingliang and the others, and he hid further away. Lin Yi trusted his character, so he had Xinyan and Jingjing hide there.

The Dragon of five evils's cave was a little steep. Tian Gang and the other inheritors were hiding at the side of the cave, waiting for Lin Yi to lure the Dragon of five evils out. Then, she would take the inheritors and enter.

Although what Lin Yi was going to do was a little dangerous, Tian Gang wasn't too worried. After all, she and Lin Yi were on good terms, and it wasn't the first time they'd interacted with the Dragon of five evils. They were quite familiar with each other.

Lin Yi made arrangements for Wang Xinyan and han Jingjing and jumped up first. There was still a distance from the cave, so Lin Yi couldn't see what was going on inside. He didn't know if the Dragon of five evils had noticed them!

The Dragon of five demons was very smart and liked to play with people, so Lin Yi wasn't sure if it sensed someone coming. Was it planning to play with them later?

Tian Gang followed closely behind Lin Yi and went up to the platform where the cave was located. The other inheritors followed behind her and went up to the high platform one by one. Because these people were the closest to Lin Yi, he didn't go and lure the Dragon of five evils directly. He planned to wait for them to come up and settle down before he lured the Dragon of five evils out.

Chu Mengyao, Chen Yushu, and Feng Xiaoxiao were all on the stage. It was Tang Yun's turn. She saw Lin Yi but couldn't acknowledge him. She was very conflicted in her heart. In the end, she slipped and almost fell down.

Although she was a Sky Class and wouldn't break even if she fell, she still jumped in shock, "Ya ya ya ya"

Lin Yi was watching the inheritors go up the stage, and when he saw Tang Yin fall, he subconsciously reached out to hold her back, preventing her from sliding down.

It was an unintentional move, but Lin Yi's hands were holding onto Tang Yin's soft ones. His heart started beating fast, as if there was a familiar feeling to it. Feeling the coldness of Tang Yin's hands, Lin Yi's heart moved a little. This pair of hands, it was like they had held each other in his past life. Lin Yi didn't want to let go of them when he held them ...

Lin Yi looked at Tang Yin blankly as he held her hand in his. Tang Yin's face was red, and she couldn't pull her hand out. She didn't want to pull her hand out either. At this moment, Tang Yin wanted time to stop and freeze here!

She really wanted to be the only two people left in the world, with no one else! However, she knew that it was just a fantasy and not realistic! She wasn't at full circle yet, so she couldn't meet Lin Yi yet. She had to endure a little longer, and maybe ... She'd be able to do it soon!

"Cough cough!" Xue Li, who was standing behind Tang Yun, coughed a few times. She didn't want anything to happen to Tang Yun at this critical moment.

Tang Yin snapped out of her daze and subconsciously tried to pull her hand away from Lin Yi's grasp, but the sudden force caused the ring on her finger to scratch Lin Yi's palm.

Lin Yi subconsciously let go and saw the ring on Tang Yin's ring finger. He froze! Normally, a woman would only wear a ring on her ring finger after she got engaged or married. But Tang Yun was the inheritor, and she was wearing a ring-this made Lin Yi a little confused.

However, when the ring's appearance entered Lin Yi's eyes, there was a loud bang in his head, as if something had attacked his brain. Countless memory fragments suddenly rushed into Lin Yi's mind at this moment!

Those messy fragments of memories filled Lin Yi's mind in an instant-the barbeque stand at the food street, that young girl under the tree that afternoon, the one who accompanied him back to his old home, that kind girlfriend ...

Lin Yi suddenly grabbed Tang Yin's hand again. The messy memories slowly formed into a complete memory, becoming clearer and clearer in his mind. Those beautiful memories formed a happy History of Love.

Lin Yi didn't know why these memories didn't seem to belong to him, but he also felt like he'd experienced them himself!

Chapter 3515 Remembered

Was it her past life? However, the time, place, and people that happened were all in this life ...

This ring left a deep impression on Lin Yi-it was the first time he bought a ring in a mall, and he'd given it to his first girlfriend. He couldn't help but think back to the night he'd established his relationship with Tang Yin.

Pinliang and naipao had ordered Heibao bro to kidnap Tang Yin, and Lin Yi had saved her. It was also that night that Tang Yin's impression of Lin Yi changed completely.

If it weren't for Zhong pinliang beside him, Lin Yi wouldn't have been able to put the pieces together so quickly. However, with the help of Zhong pinliang, it was a lot easier.

Plus, Lin Yi had a deep impression of this ring when he first bought it. He bought it at a place called "Liu Weishan jewelry shop," and there was a shop lady from another jewelry shop next to it who mocked him!

Later, when he went to Liu Weishan to get pure yellow jade, he felt that the name Liu Weishan was very familiar. There was a sense of deja vu, but he didn't remember it at that time. Now it seemed that it was because he had bought the jewelry in the store.

The memory fragments were pieced together, and Lin Yi remembered a lot.

But, why would Tang Yun go to the valley? Why didn't Lin Yi have this part of memory? Lin Yi remembered the memories from before, but he had no memory of anything after that!

It was as if Tang Yun had disappeared into thin air, going straight to the valley and leaving Lin Yi's life. But, this shouldn't be possible, so why would Tang Yun suddenly leave?

Was someone forcing her, or did she have no other choice? And why did he forget about Tang Yin? It was as if this person had never appeared in his life!

Although there were some memory fragments, Lin Yi didn't suspect much before. After all, memory loss was a strange thing, but it seemed like it really happened to Lin Yi.

And why did he lose Tang Yun's memories, and Tang Yun didn't seem to know him?

Why did Mengyao, Yushu, and even Xiaoxiao never mention Tang Yun to him?

Could it be that everyone had lost their memories?

But that didn't seem right ... It seemed like Mrs. Tang didn't lose her memory! Otherwise, why would Mrs. Tang treat her so well? He always gave him good things and helped him time and time again?

At that time, Lin Yi was confused and thought that Mrs. Tang was a good person, but thinking back to her personality, he didn't know whether to laugh or cry. Mrs. Tang was probably only like that to him!

"Yunyun?" Lin Yi tried calling out Tang Yin's name.

Tang Yin's body shuddered as she raised her head in disbelief. Did Lin Yi think of something?

She was conflicted-she wanted Lin Yi to remember her, but she didn't want it to affect her training ...

"Yunyun, you remember me, don't you?" Lin Yi saw Tang Yin's reaction and immediately confirmed that she remembered him. Otherwise, she wouldn't have such a big reaction!

If an unfamiliar person had called her that, she would have only appeared to be a little confused and confused. It was impossible for her to be this excited.

"Mister Lin, you've got the wrong person." Tang Yun took a deep breath and said faintly.

"Lin Yi, please mind your manners-this is the inheritor of the snow Valley, don't touch her, or I'll show you what I'm capable of!" Xue Li opened her mouth and warned Lin Yi. This was the critical moment for Tang Yun to break through to Sky Class full master. If Lin Yi were to interfere with her emotions, it would be a huge sin.

Lin Yi looked at Xue Li coldly, "You think you can threaten me? Ask Kang Zhaoming. Even patriarch xuanchen doesn't dare to talk to me like that. "

"You ..." Xue Li's breathing stopped as she saw that Kang Zhaoming didn't reply. She couldn't help but feel annoyed. Indeed, with Lin Yi's strength, he was basically invincible under the realm of heavenly Dao, but Lin Yi's life was also saved by Xue Gu!

Xue Li frowned at the thought and turned to Lin Yi, ""Young hero Lin, let's talk in private!"

"Oh?" Lin Yi didn't want to come, but he didn't want to offend Xue Li. After all, she had a good relationship with Tang Yin, and there must be something more to it. He nodded, ""Alright then!"

Lin Yi followed Xue Li to the edge of a cliff not far away. Although Kang Zhaoming saw it, he didn't say anything. Lin Yi was going to die sooner or later anyway, so what was the point?

"Lin shaoxia, you've probably recalled something, right?" Xue Li sighed. She already knew that the heartless herb's medicinal liquid was effective for normal practitioners, but once one reached the peak of the Sky Class, it would be useless!

As long as there was an opportunity to trigger it, he could regain his memory. Lin Yi was already a master with such strength, so Xue Li wasn't surprised that he could remember.

"That's right, why is Yunyun in the valley? What was going on? I hope you can give me a reasonable explanation. " Lin Yi said.

"Although you're strong enough to look down on the snow Valley, I still have to say that you and Tang Yun made a deal with the snow Valley! I don't want you to ruin this deal after you have the strength!" Xue Li continued,"although the strong are respected in the world of cultivation, at least we have helped you before. Besides, Tang Yun agreed to this deal of her own will. Chu Mengyao and Chen Yushu were there too, so they didn't object to it. So ..."

"Alright, tell me what happened." Xue Li's words made Lin Yi even more surprised. Chu Mengyao and Chen Yushu knew about it too? And it was a deal? Tang Yin did it willingly?

"You needed the ice Spirit fruit back then, but something happened to Chu Mengyao's family, and they couldn't afford it. So, Tang Yun accepted the inheritance of the snow Valley, and we offered him to stay as a condition to help you solve the problem." "Don't you remember that you were possessed by the devil before?"Xue Li said simply.

"Oh?" Lin Yi fell into deep thought. Indeed, that was the second time he opened the stone door after returning to the West Star Village. He was going to use the method in the stone door to refine his body, but he went into Qi deviation ...

It turned out that his Qi deviation was so good! Chu pengzhan's company did run into some problems at the time, but Lin Yi didn't think too much about it. He only helped solve the problem and didn't look into it in detail after that because of other things.

Chapter 3516 Using The Tiger's Skin To Make A Big Flag

Now that he thought about it, he realized that he wasn't the one who had caused his Qi deviation. The valley had helped him. So that was how Tang Yun had stayed in the valley.

Thinking of this, Lin Yi suddenly sighed. Xue Li was right, Xue Gu did do him a favor, but Lin Yi didn't understand,""Tang Yun is already an inheritor, so I won't force her to give up. In fact, Chu Mengyao,

Chen Yushu, and Yu Ning all went to their respective sects to become practitioners with my permission. Why do you want me to forget about Tang Yin? What did you do to me?"

"The mantra of the snow Valley is different from other sects. Not all inheritors are the same." Xue Li said, "The training in the snow Valley is the art of heartlessness, and you have to be emotionless in order to reach the full circle of Sky Class. Although there are no barriers for inheritors, it's useless if your practitioner's Arts can't break through. Our initial idea was to let Tang Yun forget you and then train the art of heartlessness, but she was afraid that you'd suffer the pain of separation, so she gave you the herb's medicine, and you forgot about her. That way, she'd have to bear the pain of love alone and train slowly. And because you've forgotten about her, she doesn't have any feelings for you anymore, so she can cultivate smoothly! Tang Yin's only one step away now-you remember her, but I hope you won't disturb her and let her reach the full completion of the Sky Class. Otherwise, it'll affect the entire legacy plan and the sky Class Island Plan ..."

"I see ..." Lin Yi took a deep breath and nodded, "Okay, for the sake of the bigger picture, I won't disturb her anymore. But, when she reaches the full completion of the Sky Class, can we meet again?"

"...Sure!" Xue Li hesitated but didn't reject it. She knew that even if she wanted to reject it, Lin Yi wouldn't agree. Lin Yi only asked out of respect for her.

Besides, Tang Yun had already reached the completion of the Sky Class, and the next step would be to reach the sky path. By then, it would be unknown how she would advance, so Xue Li didn't think too much about it.

"Alright," he said. Lin Yi replied as he looked at Tang Yun. He wanted to hug her so badly. What a nice girl she was, enduring the pain for Lin Yi's sake!

Lin Yi wanted to tell her that he missed her so much and that she had suffered a lot during this time, but he couldn't do that after he promised Xue Li, ""You take Tang Yun and leave. I'm going to lure the Dragon of five evils."

Xue Li nodded and walked towards Tang Yun without saying anything.

Tang Yun was waiting for the result nervously. She didn't know what Xue Li and Lin Yi were talking about, and she didn't use her Sky Class perception because Xue Li would've sensed it if she did.

Although Tang Yun didn't know what Xue Li and Lin Yi said, it was obvious that the two of them had come to an agreement. Tang Yun sighed and stepped aside with Xue Li.

The ones who were the most disappointed were Xiaoxiao, Mengyao, and Yushu-they were all waiting for Lin Yi and Tang Yun to reunite, and Yushu and Xiaoxiao had already discussed it-they'd shout "together, together, together"!

However, Xue Li and Lin Yi didn't give them a chance!

Lin Yi walked towards the Dragon of five evils's cave, while Tian Gang gathered the inheritors to the side of the cave.

He walked into the dragon of five evils's cave quietly and realized that the Dragon of five evils seemed to know what was going on outside. It was staring at the entrance of the cave and yawned in surprise when it saw Lin Yi, ""Why are you here?"

"Why not me?" Lin Yi smiled bitterly.

"Why is it always you?" The Dragon of five evils asked.

"..." Lin Yi was speechless, "do me a favor and let me have your cave for a while. Then, we'll go out for a walk and pretend to fight. How about we fight for 300 rounds?"

"It's boring," The Dragon of the five evils shook his head. "I've already touched the opportunity of the heavenly Dao. I'm free to comprehend the heavenly Dao. I don't want to do boring things."

"Senior ghost, this Dragon of five evils isn't very obedient. Should we teach it a lesson ..." Lin Yi started to pull the Tiger's skin to make a big flag ...

"If you didn't have such a powerful backer, I would have thrown you out long ago. Would I still be able to talk to you so calmly?" The Dragon of five demons was a little depressed. "Alright, stop looking. I'll cooperate with you!" He's really looking for trouble!"

"Hehehe, actually, I have a presumptuous request. Later, I'll give you less blood, but you give me some blood, okay?" Lin Yi asked, a little thick-skinned.

"You're pushing your luck, aren't you?" The Dragon of five evils glared at Lin Yi.

"Senior ghost, it's not giving it to me ..." Lin Yi said.

"What else do you know besides calling for backup?" After hearing this, the Dragon of the five demons was even more depressed. "Alright, I'll give it to you, alright?"

"Thank you!" Lin Yi chuckled. In fact, senior ghost was still sleeping, and wouldn't care about such a small thing. As long as it wasn't a life or death situation, he would usually be in a dormant state. He wouldn't even communicate with Lin Yi, let alone teach the Dragon of five evils a lesson.

However, the Dragon of five evils didn't know what Lin Yi's relationship with the ghost was. He was afraid that Lin Yi would really call the ghost out and scare him, so he agreed to Lin Yi's request.

"Okay, let's pretend to fight. I'll get injured and you get some blood. I'll pretend to be defeated and run away. I'll come back when you're done with the cave." The Dragon of five evils said to Lin Yi.

"OK!" Lin Yi nodded, satisfied.

With a roar, Lin Yi ran out of the Dragon of five evils's cave, and behind him was a Dragon of five evils. He didn't know what Lin Yi did to offend it, but it seemed like it was going crazy.

Seeing the Dragon of the five evils run out of the cave, Tian Gang led the inheritors and quickly entered the Dragon of the five evils's cave. Then, the inheritors each occupied a position of the five elements according to the position that Tian Gang had given them. They began to circulate the mantra and incantation to enhance the inheritance, and prepared to resist the pressure of the other Qi of the five evils and prepare to level up and break through!

Behind them were the people from the sect, protecting them, and Tian Gang was there to help Guan Xin!

Lin Yi ran out of the cave and led the Dragon of five evils to where Kang Zhaoming was. As he ran, he shouted, "The Dragon of five demons is here. Everyone, get ready for battle!"

Chapter 3517 What If I Accidentally Hurt You?

A cold smile appeared on Zhaoming's face as he watched Lin Yi use the Dragon Seal!

Lin Yi, I've had enough of you! Let's see if you'll die today! In the secular world, I couldn't kill you, so I had to compromise and force a smile in front of you. But this time, you're dead!

"Everyone, don't move. Lin Yi is the number one under the heavenly axiom, the number one freelancer. Let him deal with it himself. We'll only cause more trouble if we go up!" Zhaoming said with a cold smile as he looked at the others.

"Alright!" Everyone nodded in agreement. This was a great thing. Everyone didn't have to spend any effort. They could just stay here and gain experience. It was safe and comfortable. Who didn't want this?

As for Lin Yi's life and death, what did it have to do with them? Everyone had the same thought, but Xiao ran was a little nervous when he saw Lin Yi, and wanted to jump out to help.

"Ladies, can young hero Lin do it alone? Why don't we go and help?" Xiao ran suggested after some hesitation. Although this might piss off Kang Zhaoming and his men, he couldn't just ignore it. After all, Lin Yi had stood up for him before!

"Lin Yi bro should be able to handle it, we don't need to worry." "No!" Han Jingjing shook her head and said, "if we go up, we'll only be adding to his trouble!"

"Ah? "Is that so ..." Xiao ran blinked, not knowing what to say after Xinyan nodded. He was an outsider, after all, and he could only let it go after hearing what the two closest people to Lin Yi said. He was still a little nervous as he looked at Lin Yi.

"Liang bro, we'll go with what we've discussed-if Lin Yi fails, you'll deal with Wang Xinyan, I'll deal with that Xiao ran, and leave han Jingjing to my wife to torture!" Zhaoming said.

"No problem," he said. Pinliang nodded-he wouldn't let go of a chance to turn things around, after all. He didn't really hate Lin Yi that much, after all-it was just that little thing at school.

He'd only gotten to where he was today after all that time and effort. He'd become so obsessed with Lin Yi that he'd set his sights on defeating him!

He wasn't convinced-they were all classmates, and he had a good fortune as well, climbing the mountain step by step and becoming the elder of the everyday and every day sect. Why was he still no match for Lin Yi?

On what basis? He wanted to prove his Dao, he wanted to turn over, he wanted to step on Lin Yi and prove that he was the strongest existence! With that thought, pinliang swore to himself that he'd make this test Lin Yi's grave!

However, Lin Yi didn't seem to be able to do anything to the Dragon of five evils, as if the Dragon of five evils couldn't do anything to him!

Zhaoming was panicking, but he could tell that Lin Yi's steps were exquisite. Every time the Dragon of five evils was about to attack Lin Yi, he dodged it!

He couldn't go on like this-his Qi would run dry eventually, but the problem was that he was a Sky Class full master! He wouldn't run out of energy even if he ran here for a month!

Kang Zhaoming felt depressed at the thought. If he waited for three days, the inheritor would have left and Lin Yi wouldn't have finished the battle. How could he kill Lin Yi if this continued?

"No, this isn't a solution!" "Do you have any ideas, Liang bro?" Zhaoming asked.

"What else can we do? We can't just go up and help the Dragon of five evils attack Lin Yi, can we? That's not the case!" "If you think it's okay, then we'll go surround Lin Yi!" Pinliang said, shaking his head.

"That won't do ..." Zhaoming shook his head. This was a matter of principle. If they didn't control the Dragon of five evils and let it return to the cave, it would interfere with the inheritor, or even hurt the inheritor by mistake. Zhaoming would have a huge responsibility!

However, Zhaoming's eyes lit up after hearing pinliang's words, and he immediately came up with an evil plan. "We can't help the Dragon of five evils attack Lin Yi in the open, but we can do something in the dark!"

"Secretly plotting something?" Pinliang blinked.

"That's right, we can get rid of Lin Yi's woman first and distract him. This way, he'll definitely be flustered, and the Dragon of five evils will have a chance to take advantage of him!" Zhaoming said.

"That's a good idea. Then ... Who should we kill first?" Pinliang nodded. To be honest, hitting a woman wasn't something he should do. He was the elder of the everyday and every day sect, after all, and it wasn't appropriate for him to do something like that.

"Let's kill Wang Xinyan first! I'll leave that han Jingjing to my wife, little eleven, and we'll kill her together!" Kang Zhaoming's eyes flashed with viciousness. Lin Yi blew up little eleven and every night when they were doing it, Kang Zhaoming had to turn off the lights and didn't dare to look at it!

"That's good. " Pinliang nodded and looked at naipao, "Pao, I'll leave this woman to you, let her be your tonic! However, you're already a master of the great fulfilment, so absorbing her true Qi won't be of much use to you. It's a waste!"

"Haha, it's okay. I'll just treat it as a game." Naipao said faintly before walking over to Xinyan. "Hello, Wang Xinyan, right? I'm Zhang naipao, and although I have no grudges with you, and you're quite pretty, who asked you to be Lin Yi's woman? If you die, you can only blame yourself for finding the wrong man!"

"Ah?" Xinyan looked at Naipao, stunned. "You ... You want to kill me?"

"..." Naipao didn't know what to say-where did this woman get her Sky Class full cultivation from? why was she no different from a weak girl? "That's right," he said helplessly. "I'm going to use the incantation to absorb all the energy in your body. If you don't want to suffer, don't resist it. Otherwise, you'll suffer even more!"

"Ah?" "What's that?" Xinyan asked, surprised.

"Wasp absorption Arts!" Naipao said proudly.

"Oh ..." Wang Xinyan nodded, ""Then ... Can I also use the mantra?"

"Of course you can, but if you use your mental cultivation method to resist, it will only make your physical strength and true Qi lose more rapidly!" "And once it's activated, it can't be stopped!" Naipao said.

"Oh ... Then, what if I accidentally hurt you?" Wang Xinyan nodded and asked nervously.

"Accidentally hurt me? Haha, if you're capable, you can try to hurt me by mistake!" Naipao said with a laugh.

Chapter 3518 Something Is Wrong

"Pao, don't waste your breath on her, just kill her!" Pinliang said, frowning.

"Alright!" Naipao said with a nod.

"Hey ... What's the big deal about bullying a woman?" Xiao ran couldn't stand it anymore.

"I'm telling you, don't poke your nose into other people's business. If you continue to make a fuss, I'll kill you." Naipao threatened as he pointed at Xiao ran. He used to be Zhong pinliang's Lackey back in school, and the way he spoke made him sound like a gangster.

"Ah?" It had been a long time since Xiao ran had heard someone say vulgarities to him. He was so angry that he was speechless! However, he still said, "the purpose of this trial is to protect the inheritors. We'll fight the dragon of five demons together. It's not a place for some people to vent their anger ..."

"Oh, if you want to resist, then go. I won't stop you." Naipao's lips twitched, "but if you dare to stop me, then let's see who gets in first!"

"Xiao ran, let me try. I haven't fought anyone since I advanced to the completion of heaven class. I want to ... Gain some experience." Wang Xinyan said.

Xiao ran was taken aback. It suddenly occurred to him that Wang Xinyan was a Sky Class full master, and he thought she was just a normal weak girl! He couldn't help but smile bitterly at the thought, but since Xinyan had already said so, he couldn't interfere anymore. He nodded. "Alright, be careful then, I heard that naipao's Arts are extremely evil ..."

"En!" "Alright, I'll be careful ..." Xinyan nodded.

Naipao was speechless-the ignorant really were fearless! He didn't even know how Xinyan reached Sky Class peak, but why did she look so stupid?

He didn't even know what a practitioner's experience was-they were both at the peak of the Sky Class, but how could they be the same? The level was the same, but the strength was different, and the mantra was also different!

Naipao started channeling his practitioner's Arts, and so did Xinyan-naipao didn't want to take advantage of a woman, and he was a eunuch, too, so he paid more attention to this.

"Paozi, give him a hard one!" Pinliang frowned as he ordered.

Xinyan and naipao were already at daggers drawn, but what surprised Kang Zhaoming and Zhong pinliang was that Lin Yi didn't seem to be affected by Xinyan's side at all. He only took one look at her before, and didn't even look at her anymore!

Did Lin Yi not care about Xinyan? That's impossible, that's not realistic. If he doesn't care, why did he bring it? If he didn't care, why would he go against the Kang family and the five elements sect because of her? If he didn't mind, why would he help her improve her strength?

The strange situation made both Kang Zhaoming and Zhong pinliang puzzled.

And so, pinliang told naipao to give Xinyan a hard time!

"Alright ..." Naipao was planning on using his wasp absorption Arts to kill Xinyan, but now that pinliang had said it, he had to change his mind and use the chrysanthemum Arts instead!

It was a little cruel to torture a girl, but naipao still had to listen to pinliang. He decided to torture Xinyan to distract Lin Yi!

"Give me your hand, let's exchange a palm strike." With that thought, naipao said to Xinyan!

"Oh ... Okay." Wang Xinyan nodded and reached out her hand.

And so, naipao and Xinyan's hands touched ...

The way the two were fighting made everyone's jaws drop-naipao was acting all cool, and Xinyan was a little dazed, as if they'd decided on a spar beforehand.

However, other than han Jingjing, almost everyone could already see what would happen to Xinyan-she'd be drained of all her energy, and it was a very tragic death. Without strength, even if she didn't die, she'd be better off dead!

Or, with naipao's Qi, he could also be tortured to the point where he'd rather die than live. Either way, it was extremely cruel!

Xinyan's and naipao's palms met-naipao had been confident enough to inject his Qi into Xinyan, but ... He felt something wrong the moment he started channeling!

His Qi had successfully entered Xinyan's body, but to his surprise, it didn't stop flowing-it kept flowing into her body!

What was going on? Naipao's face changed-why did it have an automatic Qi flow? That couldn't be right-the Qi He'd been using was the Wasp absorption Arts "mother-child Qi, and he could only send a little bit of it into Xinyan's body-it couldn't be as endless as it was now!

This heart technique of his didn't have such a function. What was the problem?

Xinyan didn't think that her [South nether art] would really work-she started absorbing Qi from naipao's body, and while she was Sky Class late phase peak now-the Qi wasn't of much use to her, it didn't stop her from absorbing it.

Naipao's face went pale-he wanted to stop the practitioner's Arts, but just like what he said before, he couldn't!

In fact, naipao was the unlucky one-if it weren't for pinliang's warning, he would've used his wasp absorption Arts on Xinyan already! But the Wasp absorption Arts and the South nether Arts were both from the same practitioner's Arts, and they were practically brothers from the same sect-they were on par in terms of power!

In other words, the result would be that neither of them could absorb the other's physical strength and true Qi, and the two would be immune to each other!

But it was different now-naipao had injected the Qi into Xinyan's body, and the result was that he'd fallen into Xinyan's trap. The Qi in his body kept flowing into Xinyan's body, and it was impossible to stop it.

Naipao's face was extremely dark, but he couldn't do anything about it. Pinliang and the others, of course, didn't know what was going on-they only saw Zhang naipao and Wang Xinyan exchanging palms. Although Zhang naipao's face wasn't looking too good, they thought that he was trying his best to dissolve the Qi that Wang Xinyan was sending him!

However, they gradually realized that something was wrong! Xinyan's face had been calm the whole time, but naipao's face didn't look too good-not only was he pale, but beads of sweat were also dripping down his forehead ...

"What's wrong, Pao?" Pinliang jumped in shock.

Chapter 3519 Zhang Naipao Is Crippled

Naipao was losing a lot of Qi, and he gritted his teeth as he tried to fight back-he wanted to slow down the absorption so he could think of a way to break free. He couldn't say anything at all, but he was worried that pinliang would be worried, so he spoke up after pinliang called out,"Not good, Wang Xinyan also knows the Wasp absorption Arts ... Ah!!!!"

As soon as naipao spoke, his Qi started leaking out-the defense line in his body was broken, and all his Qi started pouring into Xinyan-not long after, he was already lying on the ground!

Pinliang froze when he heard naipao say that Xinyan knew the Wasp absorption Arts as well-naipao was already on the ground before he could react!

Xinyan was still a kind person-she didn't kill naipao right away. She knew that naipao was an enemy, but she'd never killed anyone before, and it was hard for her to do that!

And so, she let naipao go, letting him Live!

"Cannon!" Pinliang's face went pale as he ran over and picked naipao up, taking out a pill and putting it in naipao's mouth!

Naipao's eyes rolled back as he swallowed the pill-he'd barely managed to keep his life! Even though Xinyan had gone easy on him earlier, she didn't want to do this to a Sky Class late phase peak-the southern nether Arts was too powerful! Naipao, on the other hand, couldn't take it-he almost died.

But, even if he managed to keep his life, he lost all his strength-he had no strength left at all, and was now a cripple who wasn't even a golden class master!

"Liang bro, I'm finished, I'm crippled!" Naipao's face went pale,"the Sky Class Island Plan, I can't go ..."

"What? You're crippled?" Pinliang's face turned pale-naipao was an important part of the Sky Class Island Plan, after all! If he died, the island wouldn't open, and none of them would be able to reach the sky Class realm!

At that time, he'd be an important Guardian for taganlong, just like the inheritor. Even if he wasn't as strong as naipao, if taganlong was a little stronger, this plan might have a chance of success.

However, the key issue was that taganlong was not very strong! With the xuanchen ancestor's help and training, he had successfully advanced to the full cultivation of the Sky Class and could be the most important chess piece in the Sky Class Island Plan. However, because of his previous injury, he had lost his previous drive and determination even though he had recovered.

If that happened, then he'd be dead if he couldn't hold on during the opening process, and naipao wouldn't be able to protect him.

Pinliang may be Lin Yi's enemy, but he was still the old master of the everyday and every day sect. Naturally, he knew how important naipao was to this plan.

If Zhang naipao was gone, would the xuanchen ancestor go crazy? Pinliang's head hurt at the thought-he didn't think that Xinyan would be able to cripple naipao!

"That's right, this Wang Xinyan also knows the Wasp absorption Arts, and she's no weaker than me!" Naipao said seriously.

"Wayayayayaya, you're looking for death!" Pinliang was furious-if the plan was ruined, then everyone would be ruined! He raised his Golden Dragon whip, ready to unleash his strongest move-mad dragon wags tail-to kill Xinyan!

"Wait a moment!" Kang Zhaoming suddenly shouted.

Pinliang frowned and looked at Zhaoming unhappily. "Assistant Kang, what do you mean by this? What are you doing?"

"Don't kill her, she's useful!" Kang Zhaoming quickly replied.

"What do you mean? You're the one who wants to kill her, and you're the one who doesn't. What are you trying to do!" Pinliang raged.

"Zhang naipao's gone, and the sky Class Island Plan will be affected greatly. But since Wang Xinyan knows the Wasp absorption Arts, she can absorb the demonic Qi of the five evils Qi as well, and protect ta ganlong and the other inheritors!" Zhaoming said.

"Hmm?" Pinliang blinked, but that was indeed the case-that was naipao's role, and Xinyan's role as well, so it wasn't like he couldn't use Xinyan as a replacement. The only thing was that the everyday and every day sect would become a subordinate sect, and he wouldn't be able to do anything anymore!

This made him regret listening to Zhaoming and letting naipao kill Xinyan-he didn't succeed, and naipao ended up getting killed instead.

"Alright, I'll keep her! But, Lin Yi can't stay!" Zhong pinliang was determined to kill Lin Yi himself!

The frenzied Dragon's Fury was pinliang's ultimate skill. It could force practitioners with weak minds to submit to him, and naturally, it could also Force spirit beasts to submit to him! However, he wasn't sure if it would work on Dragons! He was prepared to exert pressure on the Dragon of five demons and provoke its anger!

Right now, the battle between the Dragon of five evils and Lin Yi seemed very intense, but if you looked closely, you would realize that it was more like an eagle catching a chicken-one chasing and the other running, and it didn't seem like they were going all out.

The Dragon of five evils didn't have it, and Lin Yi didn't have it either. This way, Lin Yi would be able to maintain his stamina and Qi until the inheritor's blessing ended, and there wouldn't be any results.

If he wanted the Dragon of five evils to kill Lin Yi, he had to make it angry! This kind of ferocious spirit beast, according to common sense, had a temper. If you don't provoke it, it's fine, but once you do, it'll counterattack like a storm!

Hence, pinliang decided to pressure the Dragon of five evils and trigger its violent nature so that it could kill Lin Yi!

The Dragon of five evils was a type of Dragon, but it was a mutated one. It wasn't a real Dragon anymore, so pinliang was confident in his ability to suppress it! That was because he was the true Dragon's mantra!

"Berserk Dragon's Fury! The Dragon totem!" Pinliang took a step forward and yelled. The soft whip was like a mad dragon, striking towards the Dragon of five evils with a golden light. The head of the whip was like a dragon's head spitting fire, and the heat made the Dragon of five evils feel like it was being roasted even with its thick skin and flesh ...

As pinliang roared, an illusionary image of a Dragon appeared behind him. To be safe, pinliang used both the [Fury of the Mad dragon] and the [dragon totem] at the same time. The goal was to make the Dragon of five evils submit to him!

"Roar ..." The Dragon of five evils roared in pain and knelt on the ground. Pinliang's guess was right-the Dragon Spirit beast had disappeared!

Chapter 3520 Bad Lin Yi Too

The Dragon of five evils only looked like a dragon. Perhaps he had some ancient genes in his body, but he wasn't a Dragon in essence. He couldn't fight Zhong pinliang's dragon totem at all.

It was not willing to accept this, but it had no choice. This was not only the fear of the Dragon totem, but also the natural pressure of the spirit beasts. It was too powerful for it to resist.

"Hahahahaha!" Pinliang laughed maniacally. As far as he was concerned, the Dragon of five evils wouldn't be very smart after being tricked by Lin Yi. He thought that the Dragon would attack Lin Yi like crazy after feeling the humiliation from the pressure.

Lin Yi didn't know what was going on-was pinliang here to help him? After seeing that naipao was crippled by Xinyan, he wanted to please her and help her deal with the Dragon of five evils?

But it didn't seem very possible, but to Lin Yi, this was a good chance to hide. Although he had discussed with the Dragon of five evils before, he would find a chance to pretend that the Dragon of five evils was no match for him and get some blood from Lin Yi's knife.

However, in this situation, Lin Yi was running in front of them as a small being, and the Dragon of five evils was chasing after them. Lin Yi didn't have a chance to counterattack. If he were to cheat, it would be too fake, and Lin Yi would be too embarrassed to do it.

But now was a God-given opportunity. Lin Yi saw the Dragon of five evils lying on the ground and quickly took out a small knife and a small bottle from the Jade space. He cut the Dragon's leg and let out some blood to fill the bottle.

"Roar Roar Roar ..." The Dragon of five demons pretended to be in pain and cried out a few times.

Pinliang was stunned as well-he didn't think that Lin Yi would stab the Dragon of five evils with a knife. Was Lin Yi trying to kill a dragon? Was he trying to defy the heavens? It was already not bad to be able to deal with the Dragon of five evils. To kill a dragon was simply a fool's dream!

But this was good too-pinliang was worried that the Dragon wouldn't get angry, and now that it was under pressure, Lin Yi even stabbed it. If it didn't go berserk, it wouldn't be the king of spirit beasts!

He really wouldn't die if he didn't seek death! If you hadn't stabbed him, you might not have died. Now that you've stabbed him, you're dead for sure.

However, this Dragon of five evils was really tough and tanky. When Lin Yi stabbed it, he used all his strength at Sky Class late phase peak and only managed to make a small wound. This was a beast that no ordinary practitioner could deal with!

At that thought, pinliang quickly stopped his crazed dragon power-Lin Yi was still within range of the Dragon of five evils. Once the pressure disappeared, Lin Yi would probably be slapped away. Wakaka!

Pinliang looked at Lin Yi gleefully after finishing his training, imagining Lin Yi getting tortured to death by the Dragon. However, the scene he imagined didn't happen. The Dragon stood up and didn't attack Lin Yi, but turned around and attacked pinliang who was standing not far away!

"Ah?" Pinliang jumped-he didn't expect the Dragon to hit him instead of Lin Yi! He was scared out of his wits and ran for his life! The Dragon was chasing after Lin Yi, but it was Zhong pinliang now!

Pinliang was depressed. What the hell was this? the Dragon of five evils didn't look very smart. How could he tell that he was the source of the pressure? Even if it was from him, Lin Yi had stabbed it before. Why didn't it take revenge on Lin Yi, who was the closest to it? instead, it pounced on Zhong pinliang, who was not far away. It was unbelievable!

Pinliang didn't have a choice, though-who was he to reason with? There was no place to reason at all! Plus, he didn't dare to continue using the Mad dragon divine technique-it was effective against those under the full circle of the heaven class, and it wasn't weak against the Dragon of five evils either, but it consumed a lot of his stamina and Qi when he used it. If he kept using it, he'd run out of stamina and Qi!

What would happen when he ran out of them? Wouldn't he still be attacked by the Dragon of five evils? Then he wouldn't have any physical strength or true Qi, and he wouldn't be able to run even if he wanted to!

The pressure of the crazed Dragon divine skill was to take advantage of the pressure to attack. However, the Dragon of five evils was being suppressed. What was the use of attacking? Who could do anything to it? Didn't you see that the number one under the heavenly axiom, Lin Yi, only managed to make a small wound after using all his strength?

The Dragon of five evils was impossible to deal with, and this was what patriarch xuanchen had told him before! Since he couldn't deal with it, what was the use of the pressure?

And now, naipao was crippled as well-if he wasn 't, he could still let him try and see if he could use his wasp absorption Arts to drain all the energy from the Dragon of five evils, making it drop below golden class.

However, naipao couldn't test it out anymore, and pinliang was all alone.

"Assistant Kang, quickly send someone to pick me up!" Pinliang sweated-he didn't have Lin Yi's exquisite footwork, and while it might seem like a joke if Lin Yi were to fight the dragon, it'd be a lot more dangerous if it were him. One misstep and he'd be slapped by the dragon's claws!

Zhaoming was hesitating as well-he hadn't decided if he should help pinliang or not, since things had gone too far from what they'd expected. They'd planned on letting the Dragon of five evils deal with Lin Yi, but now it'd abandoned Lin Yi and was only chasing after pinliang.

Now, if they were to help, it would mean that everyone would be fighting against Lin Yi together, and it would be impossible to kill him.

"Lin Yi, why aren't you helping? You don't want to do anything?" Kang Zhaoming's eyes rolled as he shouted at Lin Yi.

"I've been working hard just now, and now I'm a little tired. I'll have to rest for a while." Lin Yi said faintly.

"If you still don't make a move, I'll take it as you're continuously dispatching people." Zhaoming said.

"Oh? Alright, I'll try!" Lin Yi nodded and laughed coldly in his heart. You forced me to do this. I didn't plan to attack little eleven in the test since everyone was against the Dragon of five evils.

It would be too obvious if Lin Yi was targeting eleven alone, but it seemed like he wasn't going to let him go, either. Zhaoming didn't want to be nice anymore, so he'd better not blame him!

Lin Yi stood up and ran to the Dragon of five evils, speaking to it through voice transmission, ""Go and target the girl next to Kang Zhaoming later. Play with her for a bit, then throw her in front of han Jingjing. That girl in a black suit standing there."
