

Bodyguard 3521

Chapter 3521 The Death Of Little Eleven

"Roar!" The Dragon of five evils roared at Lin Yi as if it was angry, but it meant that Lin Yi knew.

Lin Yi ran and pretended to chase the dragon of five evils, but at this time, the Dragon of five evils seemed to be a little afraid of Lin Yi. Seeing the dagger in Lin Yi's hand, he didn't dare to get close!

What the hell was going on? Wasn't it the Dragon of five evils chasing Lin Yi? How did it become Lin Yi Chasing the Dragon of five evils? This Dragon of five evils was such a coward-was he that scared of Lin Yi after being stabbed?

However, he had been suppressing it for a long time. Why was it F * cking fine? it even dared to chase him? Pinliang said, troubled.

But pinliang was afraid of the Dragon of five evils, so he naturally ran to Zhaoming's side where there were a lot of people. This saved Lin Yi the trouble of faking a chase. Zhaoming was shocked as he turned to the crowd,"Get ready for battle!"

As soon as he finished speaking, the Dragon of five evils suddenly increased its speed and rushed in front of him. Fortunately, Kang Zhaoming was a cunning person. After saying "get ready for battle," he quickly dodged to the back and the Dragon of five evils grabbed little eleven who was beside Kang Zhaoming!

"Ah!" Little eleven exclaimed, she didn't expect the Dragon of five evils to come so suddenly,""Kang Zhaoming, save me!"

In fact, even if Kang Zhaoming didn't run, the Dragon of five evils wouldn't catch him. It was following Lin Yi's orders to catch little eleven, but Kang Zhaoming didn't know that. He saw little eleven being caught and his heart jumped. Luckily he ran fast, otherwise he would be the one being caught!

Save little eleven? Kang Zhaoming wouldn't do anything! Previously, he had refined pills for her because the five-elements sect had enough energy stones to replenish their physical strength and true Qi, allowing them to refine pills infinitely. Furthermore, he did not have to spend money on the materials. He had done her a favor and curried favor with patriarch xuanchen!

But, to ask him to risk his life to save little eleven? What kind of joke was this? Kang Zhaoming didn't dare to do it, but on the surface, he still shouted, "Woof! That dinosaur, let go of that heroine!"

The Dragon of five evils looked at Zhaoming coldly. "Roar!"

Kang Zhaoming was so scared that he almost kneeled on the ground.

Little eleven looked at Zhaoming's soft face and felt hopeless. Her breathing became rapid as she struggled, ""Kang Zhaoming, get them to save me! If I die, my father, patriarch xuanchen, won't let you off!"

"Everyone, let's go together and kill the Dragon of five demons!" Zhaoming yelled before turning to pinliang. "Brother Liang, quickly suppress the Dragon of five evils again and ask it to let go of little eleven!"

"My physical strength and true Qi are almost used up, the pressure won't last long!" "I'll only be able to do it for another thirty seconds at most, or it'll affect my stamina and Qi!" Pinliang said.

No matter what, Zhong pinliang still gave Kang Zhaoming face. After all, he was the son-in-law of the five elements sect's elder xuanchen. Zhong pinliang couldn't just ignore it.

However, as soon as pinliang finished speaking, the Dragon of five evils raised its front claws, as if it could hear him. It suddenly spun a few times in the air and threw it in han Jingjing's direction.

"Waah ah ah ah ..." Little eleven flew out. To be honest, she had all the levels, but no strength-she was a cripple with damaged meridians. She'd leveled up, but she couldn't store any Qi in her body, and she couldn't use her Arts either. To be honest, she could only extend her life indefinitely, just like naipao-she still had her level, but she didn't have any strength. Her true strength wasn't even golden class.

Therefore, her head was directly buried in the soil without any protection. It was unknown half of her body was Dead or Alive ...

"Wayayayayaya ... There's a monster!" Suddenly, two silver needles appeared in Han Jing Jing's hands and she inserted them into little Eleven's legs! Originally, han Jingjing wanted to stand in the middle, but she did not do so.

She was not a vicious person. Although little eleven was very cruel to her in the past, it was impossible for Han Jing Jing to be the same as little eleven. Han Jing Jing immediately used two pill fires to burn the silver needles, and little Eleven's legs immediately started to tremble!

It was obvious that she was not dead and was still alive. The high temperature of the alchemy fire passed through the silver needles into the meridians under her feet. Especially since her meridians were still broken, it spread directly through her body, causing her to be in unbearable pain.

"What are you doing!" Zhaoming was starting to get angry, but pinliang didn't use his mad dragon power anymore-he didn't want to waste any more energy now that he'd thrown eleven out.

"There's a big monster with a head that looks like a leg here. Jingjing is so scared!" Han Jing Jing's entire body trembled as she spoke in a terrifying voice.

"You ..." Zhaoming was pissed off as he laughed coldly,""I wanted to let little eleven kill you personally, but I don't think there's a need to keep you alive now! Go to hell, to be able to die under my ultimate move, you can be considered happy!"

With that, Zhaoming took a step forward and pushed out with his hands, activating his strongest move, the blazing pill bomb!

"BOOM! BOOM!" A fireball was sent flying towards han Jingjing's head! This was the ultimate move that patriarch xuanchen taught Kang Zhaoming. He had been preparing to use it against the Dragon of five evils, but he didn't expect to use it on han Jingjing!

It was a move that consumed a lot of pure Qi and energy, but Zhaoming couldn't care less right now.

However, at that moment, the Dragon of five evils wasn't affected by Zhong pinliang's crazed dragon power. After throwing little eleven away, it ran towards little eleven again. When it reached little eleven, it reached out its front claws and pulled little eleven out of the ground!

BOOM! BOOM! At that moment, Kang Zhaoming's pill fire bomb flew over. Kang Zhaoming had calculated that the pill fire bomb would pass over little Eleven's legs and hit Han Jing Jing's head, but the Dragon of five evils just happened to pull little eleven out, so the pill fire bomb coincidentally hit little Eleven's stomach, blasting a super big hole in it!

Little eleven instantly let out a blood-curdling screech, and the Dragon of five evils just happened to lift it up, raising its front claws in the sky. In the end, little Eleven's upper and lower body were only connected by a layer of skin and flesh, and the bones were already broken. Hence, after two swings, little Eleven's upper body flew out!

Her entire body was split into two from her abdomen! Originally, if she was saved in time and ate a big recovery pill, she might still be able to keep her life, but now, little Eleven's upper body flew out and directly flew down the cliff of the five evils mountain range. Even if she wasn't injured, it was still difficult for her to fall down. Not to mention now, she would definitely die!

Chapter 3522 Back And Forth Playing Around

The Dragon of five evils looked at little eleven, who was only half of its body, in shock. It twisted its mouth and threw little Eleven's legs at Zhaoming!

Kang Zhaoming was dumbfounded. He didn't think that his pill fire bomb would land on little Eleven's body. When he saw the top half of little Eleven's body fly out, he was scared out of his wits!

Although this little eleven was killed by the Dragon of five evils, he should also be considered an accomplice. He was the one who shot out the pill fire bomb! Would patriarch xuanchen blame him after he returned? What should I do?

"Bang!"

Little Eleven's two legs smashed into Kang Zhaoming's head, making him even dizzier. What should he do? Little eleven definitely wouldn't be able to survive, but how was he going to deal with the Dragon of five demons now?

Zhaoming was starting to regret his decision-wasn't he a bastard? why did he let pinliang pressure him? he should've just let Lin Yi and the Dragon of five evils run into the circle! But now, not to mention little Eleven's death, it seemed that the five evils Zhou Long would not let it go!

"Holy shit!" Kang Zhaoming stood up and started running. After killing little eleven, the Dragon of five evils didn't attack han Jingjing but ran towards Kang Zhaoming instead!

Fortunately, Lin Yi didn't kill Kang Zhaoming on time. Killing little eleven was the limit of what the xuanchen ancestor could take, but if he killed Kang Zhaoming as well, the xuanchen ancestor would probably go crazy!

Lin Yi didn't want to affect the opening of Sky Class Island, so he asked Zhaoming to stay.

And so, Lin Yi was much more relaxed. The dragons of five evils would be chasing after Kang Zhaoming and Zhong pinliang for the rest of the time, switching targets when they were about to be caught up so that they could rest for a while and continue their rotation.

Gradually, Zhaoming and pinliang understood that the Dragon of five evils was toying with them! However, was the Dragon of five demons really that intelligent?

"Hey, Dragon of five evils, can you stop for a moment? I really can't take it anymore!" It'd been two days, and Zhaoming was having a hard time-the dragons of five evils didn't attack anyone else, but chased him around!

Of course, every time he ran out of energy, the Dragon of five evils would turn its target to Zhong pinliang, and when Zhong pinliang ran out of energy, it would turn back to him. The cycle repeated itself, and he really couldn't do anything.

The other cultivators also saw this clearly, so they were naturally happy to be idle. They all ran to the side to hide and did not participate with them. They stood at the side, acting as if it was none of their business!

Anyway, the Dragon of five demons was just playing with them. No one would die, so why did they have to stand up for him? Moreover, even if they wanted to stand out, they needed strength. They didn't have the strength to do so!

The Dragon of the five evils had thick skin and thick flesh. Now, it was only one step away from comprehending the heavenly Dao and was about to cultivate into a spirit. How could human cultivators like them hope to reach this kind of spirit beast?

Besides, didn't he see it before? Lin Yi was such a powerful being, and what was the result? Lin Yi used his Sky Class late phase peak strength and only managed to make a small wound on the Dragon of five evils. Even if they attacked together, they probably wouldn't be able to cause any real damage to the Dragon even if they were idiots!

Zhaoming had been running for a day and a night, and he'd only just recovered a bit of energy before the Dragon of five evils came after him again. He was going crazy as he cursed, "Dragon of the five demons! F * ck you!"

"Roar!" The Dragon of five evils understood and quickened his pace, grabbing Zhaoming with his claws and saying, "I'll turn you into a Mud Horse first!"

With that, the Dragon of five evils swiped its front claws and slammed Kang Zhaoming into the ground, just like little eleven did.

Zhaoming thought that after the Dragon of five evils threw him here, he could just play dead and calm down for a while, but he didn't expect to hear rumbling footsteps behind him as soon as he entered the soil!

This sound was so shocking, it was obviously the footsteps of the Dragon of the five demons! Zhaoming's face lost color-he wasn't little eleven. He could use his strength and Qi, and the soil was soft as well. He used his strength and jumped out of the soil. He raised his head and saw the Dragon of five evils right in front of him, ready to attack!

Kang Zhaoming jumped in shock and quickly increased his pace, dodging the attack but the Dragon of five evils didn't seem to have any intention of letting him go. It was still chasing him at full speed!

Zhaoming couldn't do anything as he smiled bitterly inside. Not only was the Dragon of five evils intelligent, but it could also understand and speak human language! This meant that the Dragon of five evils had heard everything about Kang Zhaoming and Zhong pinliang's plan!

No wonder this Dragon of five demons was not targeted by others but specifically targeted the two of them!

Finally, Zhaoming ran out of energy. He knelt on the ground, panting like a dying dog. The Dragon of five evils stopped in front of him, looked at him, and ran towards pinliang instead of attacking him!

Pinliang was sitting on the ground with naipao, recovering his Qi. Just like Zhaoming, he needed a high level pill like the Qi recovery pill-the Qi of the five evils couldn't be cultivated in the five evils wild lands.

Naipao, on the other hand, was absorbing the Qi of the five evils. Although he could absorb this demonic Qi, his cultivation speed was too slow-he hadn't even stepped into the Golden class yet!

He even wanted to find a few people to use his wasp absorption Arts to absorb the Qi, but it could only be used in Mystic class, and there were side effects. He couldn't absorb it endlessly, and he had to have enough time to resolve it every time.

Only when one reached Sky Class could they absorb other people's Qi without fear! This was much worse than the South nether divine power! Of course, just from the perspective of the heaven rank, the power and effect of the two were similar.

And so, even if naipao went to find someone to absorb his Qi, he'd have to wait until he was Mystic-he wouldn't even be able to step into golden class right now-the Sky Class Island Plan was just around the corner.

At this rate, naipao wouldn't be able to make it in time-this made him a little depressed! One had to know that when he was golden class, he'd put in so much effort to reach Mystic!

He didn't have Lin Yi's Jade space, and he didn't have the art of Dragon mastery. Once he lost all his strength, he'd lose all his advantages. He'd basically be a cripple.

When would Dongshan rise again? that was unknown!

Chapter 3523 Failed Promotion

Even if he was Zhong pinliang's follower, without the important role of the Sky Class Island Plan, the everyday and every day sect couldn't just focus all their resources on him.

Pinliang stood up and continued to run as fast as he could, with the Dragon of five evils chasing after him. However, after a while, pinliang decided to play a little trick-it was too tiring to keep running like this, and so he pretended to fall to the ground!

After he fell, he was waiting for the Dragon of five evils to turn and attack Kang Zhaoming!

Kang Zhaoming saw Zhong pinliang fall and paused. How did he manage to last so long? But he understood immediately-pinliang was cheating! He was trying to be lazy!

Zhaoming was pissed off-wasn't this the first time they were attacking him? Why didn't I think of such a good idea before?

However, as Zhaoming was still angry, he saw that the Dragon of five evils didn't turn to attack him. Instead, it reached out its front claw and grabbed pinliang, "Don't f * cking play dead!"

If even Kang Zhaoming could see the problem, how could the Dragon of five evils not? The Dragon of the five fiends raised its front claws and threw pinliang's upper body into the ground ...

Pinliang wanted to cry, but no tears came out-he'd been trying to slack off, and now he was being attacked! He was shocked and quickly climbed out of the soil and continued to run. He didn't want to be hit like this again ...

Pinliang wanted to curse at the Dragon, but he held it in. It was too good to curse at a Dragon, but his whole family would be cremated!

Just look at Kang Zhaoming, isn't that the case? His wife was dead, and he almost died himself. This was not something he could casually scold! Helplessly, he could only run with all his might. He knew that the Dragon of five demons was playing with him, but he had no choice but to run!

Time passed quickly. In the blink of an eye, three days had passed. The Dragon of five demons had also lost interest in playing. The inheritors had already stayed in its cave for a long time. If they stayed any longer, they would not be able to hold on any longer.

When the Dragon of five evils saw the group of inheritors walking out of the cave, it gave up on chasing Kang Zhaoming and Zhong Pingliang and returned to its cave in a hurry. When it passed by the group of inheritors, it disappeared without even looking at them!

This made everyone very puzzled. This Dragon of five evils was really strange. It actually turned a blind eye to the inheritors' behavior of taking over its nest!

Kang Zhaoming and Zhong pinliang both sat on the ground, panting heavily!

They were too tired. They had been running non-stop for three days. This was simply the two of them fighting against the Dragon of five demons! But who could they blame? Back then, they wanted to harm Lin Yi and their little tricks caused the Dragon of five demons to be furious!

But now that things were over, Zhaoming stood up and looked at the inheritors, "Young sect master Tian, how's the inheritor on your side? Have you all received the legacy and successfully broken through to Paragon?"

"Elder Tang Yun of the snow Valley didn't break through to the Great Perfection. The others are fine ..." Tian Gang felt a little regretful. Only Tang Yun had failed to break through to the Great Perfection.

He was afraid that he wouldn't be able to try it in a short period of time. If he insisted on trying, it was very likely that he would go berserk and cause even greater damage to his body. Therefore, he had to leave this place first.

"Ah? Tang Yin's failed!" Kang Zhaoming laughed coldly in his heart. Lin Yi may be powerful, but even his girlfriends were trash! He looked at Tian Gang with a slightly regretful expression. Back then, if he had known that the heavenly silkworm transformation's young sect master was a woman, why would he have pursued little peach? Pursuing little eleven? as long as he kneeled and licked Tian Huan's boots, Tian Huan might really like him!

At that time, he'd become the son-in-law of the sky elixir sect, and he'd still be able to achieve great things! Although it was not bad now and could receive the care of ancestor xuanchen, little eleven was far inferior to Tian Gang!

Sigh, it's unbearable to recall the past!

Zhaoming didn't want to stay here any longer-he was afraid that the dragons would come back out after a while, and that would be the end of him. As for whether Tang Yun broke through or not, it didn't matter to Zhaoming anymore. Zhang naipao was already crippled, so losing one inheritor wasn't a big deal. He'd let the xuanchen elder deal with this problem-he couldn't do it!

"It's a temporary failure. Let's go back and think of a way. How's it going on your side?" Tian Gang asked indifferently.

Lin Yi looked at the familiar girl in yellow. It was hard to connect her with the beautiful girl he met in the five fiends mountains. At that time, Tian Ji was a cute little girl. Now, he was the cold and arrogant young master of the sky elixir sect!

However, Tang Yin had failed in her breakthrough? Lin Yi was surprised, but he could think of something when he got back.

"On my side, the practitioners have all reached the full circle stage under the pressure of the five evils Qi, but Zhang naipao is crippled ..." Zhaoming was a little depressed. "Let's go back and see how we can recover!"

"Ah?" Tian Gang paused as well-naturally, she knew how important naipao was, but she didn't think that he'd be crippled as well! This wasn't good!

However, the most important thing now was to leave this place. Therefore, Tian Gang said, ""Activate the teleportation array. You take the trial-taker out first. I'll bring up the rear and escort the inheritor away!"

"Alright!" Kang Zhaoming wanted to leave this place as soon as possible. He was so happy to be able to leave first.

Zhaoming activated the teleportation formation in the five fiends mountain range according to what patriarch xuanchen had taught him. Then, he took the lead and charged into the formation without caring about anyone else ...

Pinliang and naipao followed closely behind, and the rest of the inheritors left as well. Lin Yi told Jingjing and Xinyan to leave first-he'd be the last one to leave after Tian Gang and the other inheritors left!

These inheritors were the closest people to him, including Tian Gang. There was a complicated relationship between him and them, so Lin Yi wanted to send them away.

Chu Mengyao, Feng Xiaoxiao, Chen Yushu, Yu Ning, Guan Xin, and little nine all looked at Lin Yi as they left. Only Tang Yun lowered her head, looking troubled.

After these people left with the rest of the sect, only Lin Yi and Tian Gang were left.

Tianshuo looked at Lin Yi and knew that he was staying behind on purpose. She stretched lazily. After all, the teleportation formation wouldn't close so quickly after it opened, so she didn't rush in, "You've been leveling up pretty fast. I was able to kill you last time, but I can't now ..."

Chapter 3524 Some Rumors About Sky Class Island

"Man, if you wanted to kill me, you wouldn't have needed to help me so many times before." "Right, what's up with Tang Yin?" Lin Yi smiled bitterly.

"Tang Yin? Your girlfriend?" Tian Gang asked.

"Aren't you my girlfriend?" Lin Yi said with a smile.

"I'm going to kick you!" "You think I don't know that those inheritors are your girlfriends?" tianshuo said, glaring at Lin Yi.

"I didn't say no." "I mean, aren't you the same?" Lin Yi said.

"Don't spout nonsense. " Tian Gang snorted."Here, I'm Tian Gang. When we go back, I'll be the heavenly silkworm transformation. It's impossible for us to ..."

At this point, Tian Gang suddenly sighed."Actually, there are some things that are meaningless once they're said out loud. It's fine as long as everyone is clear about it in their hearts ..."

"You're not going to Sky Class Island?" Lin Yi suddenly asked.

"Hmm?" Tian Gang was slightly startled. "Maybe ... But so what if I go? it's not like I won't be coming back."

Lin Yi wanted to say that they should go to Sky Class Island for a gay relationship, but decided against it. It was obvious that Tian Huan had a lot of concerns. She had her identity and life, and even if she went to Sky Class Island, it wasn't like she wouldn't come back.

However, how many people who went to Sky Class Island ever returned? It seemed like there had always been no news of anyone who went to Sky Class Island, right?

But Lin Yi didn't say anything-he'd just leave it to fate.

The two of them exited the teleportation array one after another and did not attract much attention, because patriarch xuanchen was already dumbfounded!

He almost fainted after listening to Kang Zhaoming's description!

"Father-in-law, master, you must hold on!" Zhaoming jumped in shock when he saw that the xuanchen ancestor was about to faint. The xuanchen ancestor had been guarding the teleportation formation the whole time and naturally didn't know that little Eleven's soul Jade card had shattered.

"Wayayayayaya! Lin Yi, he and I are irreconcilable!" "Lin Yi!" Patriarch xuanchen roared in grief and anger. Almost all of his disciples had died at Lin Yi's hands. This hatred was absolutely irreconcilable! It

was a good thing that Kang Zhaoming didn't die, or he would have gone crazy! "It's a good thing you're fine. If something happened to you, I'd really have to fight Lin Yi to the death. But now, he's connected to all those inheritors. Even if I kill him, I can't just go all out!"

Patriarch xuanchen was a formidable character after all, so he quickly regained his calm! As the five-elements sect's sect leader, he still had his old ways of thinking. His daughter was just a girl, and if she died, so be it. Zhaoming, on the other hand, was his last disciple, and he liked how bad he was. He'd already made plans to let Zhaoming take over as sect leader-he wanted Zhaoming to take over the five-elements sect when they went to Sky Class Island, and bring it to greater heights.

The favoritism towards boys and the thought of taking over one's mantle made patriarch xuanchen value his 'only' disciple even more.

As long as Kang Zhaoming was fine, the balance between him and Lin Yi wouldn't be broken. Lin Yi knew this, and that was why he let Kang Zhaoming live.

"I understand, but there's nothing we can do right now. Don't worry, master, I'll find a way to kill him even if we get to Sky Class Island!" Zhaoming grinned.

"En, I know what you're capable of!" "Yes." Ancestor xuanchen nodded. "You don't have to worry about anything when little eleven is there. After you go to Sky Class Island, try to find a dock if possible. It'll be great if you can get married! As long as you can carry forward the five elements sect of my xuanchen branch, it doesn't matter what you do!"

"Father-in-law, you're not going to Sky Class Island? Even if we go to Sky Class Island, you'll still be my backer!" Zhaoming said.

"Sky Class Island ... We might not be able to be together, and why are we going there? We're both at the peak of the Sky Class, and there's a huge gap between us and the path of the heavens. Anyone from that side is probably stronger than us!" Patriarch xuanchen seemed to have realized something.

"Eh? Father-in-law, you seem to have suddenly understood Sky Class Island?" Zhaoming looked up curiously. Xuanchen didn't know much about Sky Class Island before, and didn't tell him much, but it seemed like he had some new information today!

"That's right. I know something, but it's not the time to tell you yet!" "I'll announce it to everyone during the heaven class meeting," said ancestor xuanchen.

"That's good. " Kang Zhaoming nodded and didn't ask further.

"By the way, the cultivators who went with you have all advanced to the full circle, right?" Asked patriarch xuanchen.

"They've all advanced! The pressure of the Qi of five evils there is really not for show, it's too powerful!" Zhaoming nodded. The one he admired the most was pinliang-he was able to break through while resting! However, it was normal after thinking about it. After overusing one's true Qi and enduring the pressure of the Qi of five evils, it would be hard not to break through. "It's just that Zhang naipao's crippled now-he can go back, but I don't think it'll be possible any time soon. "

"Didn't you say that you can replace Wang Xinyan? Let's talk to Lin Yi, it should be about the same!" "That's why I don't want to fall out with Lin Yi,"said the xuanchen ancestor.

"Yes, Wang Xinyan can do it." Zhaoming nodded. "Right, among the inheritors, Tang Yun failed to level up ... She's not a full circle yet!"

"I failed!" Patriarch xuanchen immediately frowned and was a little displeased. "Only the mental cultivation technique of the snow Valley is troublesome. The other sects are pretty normal, but they came up with a heartless technique. How F * cking F * cking sh * t!"

"That's right. Why don't we give her a Qi gathering pill and help her improve?" Zhaoming asked. He'd gotten addicted to making Qi gathering pills recently, and Practice Made Perfect. His success rate was very high.

"No, there's something wrong with the practitioner's Arts in the Valley-the Qi gathering pill can only be used up to Sky Class late phase peak, and it won't work any further. You'll have to train on your own!" Patriarch xuanchen shook his head. "You don't have to worry about it. I'll force them to think of a solution as soon as possible!"

"Alright!" Kang Zhaoming nodded.

"Right, in this test, did any of the other practitioners have a good relationship with Lin Yi?" Asked patriarch xuanchen.

"No, it's just that Xiao ran. He's a little hot-blooded, but he has nothing to do with Lin Yi!" Zhaoming said.

"That's good-I'm afraid Lin Yi's going to gang up the most! I'll give him the most painful blow in the meeting of the heaven class, as long as there aren't too many people supporting him. " Ancestor xuanchen sneered.

With that said, patriarch xuanchen glanced not far away and saw that the trial-takers and inheritors had all come out and were waiting for him near the teleportation array

Chapter 3525 Seeking Help

Therefore, patriarch xuanchen coughed and strode over. Kang Zhaoming followed closely behind!

"I heard that the performance of the trial-takers and the inheritors were not bad. However, one of the trial-takers provoked others and was crippled. There's also an inheritor who failed to advance to Paragon, and he's also criticizing!" "Zhang naipao," the xuanchen ancestor said faintly."If you can't recover your Qi by the time the meeting is over, then the everyday and every day sect will be disqualified from the test. Wang Xinyan will take your place!"

"What?" Pinliang was shocked,"ancestor xuanchen, what do you mean?" We, the everyday and every day sect, are one of the sects that started the sky order Island Plan-what are you trying to do by kicking us out?"

"I didn't say that I was going to kick you out. It's just that if you can't recover, then I can't do anything about it. Once you recover, everything will be fine!" Said patriarch xuanchen.

Pinliang took a deep breath. He was very unhappy, but what the xuanchen ancestor said made sense. Who asked naipao to be crippled?

"Tang Yun, if you can't break through to full cultivation by the end of the meeting, then we'll disqualify Snow Valley from the Sky Class meeting and the sky Island!" Ancestor xuanchen continued."Tang Yun's position will be replaced by Ice Palace's rock Candy. Both of them have Water-type auxiliary attributes. Although they are not exactly the same, they can still be used. At least, perfection will be stronger than non-perfection!"

Xue Li's face didn't look too good either. This time, she also came with her dream and pursuit. If the snow Valley couldn't participate, then she could only go back depressed.

But there was still hope for Tang Yun-it was either after the test, or the meeting of the Sky Class!

After saying that, patriarch xuanchen slowly said, ""Other than the people I've mentioned, everyone else has earned the right to participate in the Sky Class meeting. But before that, I'll give everyone a break! "If there's anything, quickly deal with it. Then, I'll issue an ancient notice to call everyone back to participate in the heaven rank meeting! Zhang naipao, Tang Yun, this is your last chance, I hope you can use it well and Don't Let Me Down!"

"Alright, everyone, you may leave." Kang Zhaoming walked over and said to everyone,"But, if you're fine, you can also stay at the five elements Inn and wait for the news of the heaven class meeting!"

As the crowd dispersed, Lin Yi looked in the direction of the inheritor. He was worried about Tang Yun. He didn't remember her before, but now that he remembered her, Lin Yi wouldn't turn a blind eye to it. Tang Yun hadn't broken through to full circle state yet, and Lin Yi had to think of a way for her.

However, before Lin Yi could walk over, Xue Li blocked his way, ""Young hero Lin, what are you doing? Please respect yourself, and do what you promised me-don't just change your promise. Tang Yun hasn't reached the full completion of Sky Class yet, and she can't acknowledge you yet!"

"You're mistaken. " Lin Yi shook his head, "it's not that I want to meet her or anything. I just want to see if there's anything I can help with. You know that I'm a Sky Class full master, and so are the people around me. I have some experience in breaking through to full master, so we can discuss this together and see if we can solve Tang Yun's problem."

"Is that so ..." Xue Li hesitated after hearing Lin Yi's words. To be honest, she was tempted. After all, what Lin Yi said was the truth. He and the others were all Sky Class full Masters, and they had a lot of experience in breaking through.

Lin Yi, on the other hand, had gone from a solo practitioner to his current position, and it was impossible for him to not have some capabilities. So Xue Li hesitated and said, ""I'll go back and think about it. You can stay in the inn room for now, right?"

"I'm not leaving. " Lin Yi nodded. He planned to make a sky-grade weapon first before heading to the cave in West Star Mountain. He wanted to open the stone door and see if there was anything good inside.

But the prerequisite was to forge a heaven-grade weapon, and now that Lin Yi had the blood of the dragon of five evils, everything was ready. He just needed to make a move.

It didn't matter where he did it-there wasn't anyone else in his house, and he decided to stay at the Inn for now.

"Alright," he said. Xue Li left and walked towards Tang Yun.

Tang Yin really wanted to see Lin Yi, but she held it in. She'd tried her best to forget Lin Yi when she was receiving the inheritance and resisting the pressure, but she still couldn't break through to Sky Class full phase. It was a huge regret.

To be honest, Tang Yun was feeling very guilty today. She was the hope of the valley, Xue Li's hope. If she couldn't advance, then Xue Li would have no chance at the Sky Class meeting and the sky Class Island Plan.

After Xue Li left, the other inheritors also left. Lin Yi wanted to talk to them, but this didn't seem to be the place. He'd better wait until they got back to the inn!

Lin Yi, Xinyan, and Jingjing returned to their room, and it wasn't long before they heard someone knocking on the door.

Lin Yi thought that it was Xue Li, but she figured it out so quickly! It was Zhong pinliang and Zhang naipao!

Lin Yi was surprised-why were there two of them?

"What do you mean? You're here for revenge?" Lin Yi looked at the two coldly.

"That ... Young hero Lin, can you let us in? I have something to discuss with you. " Pinliang said after some thought. To be honest, it wasn't his style to lower himself and beg Lin Yi, but he had no other choice.

"You guys? You have something to discuss with me?" Lin Yi looked at pinliang with a half-smile, "I say, Zhong pinliang, are you okay? Do you think we're still in school? Is there any friendship between us?"

"No matter what, we were on good terms for a while, and I really do have something to talk to you about ..." Pinliang sighed.

"Tell me, what's the matter?" Lin Yi nodded and let them in.

"Um, Lin shaoxia, I heard that you're really good at healing and helping people increase their strength, can you help Zhang naipao recover a bit?" Pinliang said after some hesitation.

"Do you think I'm a good person or do you think I've forgotten that you're my enemy?" Lin Yi couldn't help but pause at the words-this pinliang sure was a weirdo, saying anything he wanted!

Chapter 3526 Meeting To Study

Help naipao heal himself? How could he think of that?

"No, Lin shaoxia, listen to me!" "From what I know, when opening the Sky Class Island, other than the five elements, there's also the five evils demonic Qi. Zhang naipao's mission was to protect the inheritors and help them absorb the extra five evils demonic Qi-this was a very dangerous job, and accidents could happen! And now, the xuanchen ancestor wanted Wang Xinyan to take over naipao's position, but did he really want someone with no experience to do this? I know Wang Xinyan's situation, it must be Lin shaoxia who helped her level up, right?"

"Oh?" Lin Yi was moved by pinliang's words. Pinliang was right-Lin Yi wouldn't be able to rest easy if it was really Wang Xinyan! Those inheritors had been through the formal training of the sect and had some experience!

But Xinyan was different-she'd been forced to level up herself, and had no combat experience at all!

However, it was impossible for Lin Yi to use the art of Dragon mastery on naipao-he didn't want to focus all his attention on increasing naipao's strength, and he didn't want naipao to know the secret of his Arts.

And so, Lin Yi nodded slowly."What you said seems to make sense, but it doesn't seem to make much sense either. What benefits can I get?"

"This ... This is a fair trade. If Lin shaoxia doesn't agree, then I can't do anything." "This is our chance, and also your chance," pinliang said.

"Alright, I admit that your suggestion has convinced me." In the end, Lin Yi didn't want Xinyan to take the risk, so he turned around and reached into his luggage. Fifty energy stones appeared on his hand, and he put them on the coffee table."Get naipao to take these energy stones back for practicing-with his practicing speed, he'll be able to reach Mystic very easily, and once he does, he'll be able to use his wasp absorption Arts to quickly absorb the energy from the stones-Sky Class full master won't be a problem either!"

Pinliang and naipao were completely dumbfounded when they saw Lin Yi taking out so many energy stones! This Lin Yi always had energy stones with him! Why did he bring so many? But it didn't matter why Lin Yi brought the energy stone-the main problem was solved!

With these energy stones, it wouldn't be hard for naipao to level up to Sky Class full phase again! Even if these weren't enough, naipao would be able to absorb the stamina and Qi of others as he wished once he reached Sky Class-he'd just have to find a disciple from the everyday and every day sect to absorb it first.

Pinliang and naipao looked at each other, relieved.

"Well ... It'd be impolite if I didn't ..." Pinliang took the energy stone after some hesitation.

"Don't play with that Kang Zhaoming for no reason. Don't you understand how little eleven died?"

"Don't try anything funny before the Sky Class Island opens," Lin Yi said, looking at pinliang. "Don't blame me for not warning you if you do."

"Don't worry, Lin shaoxia, I know what to do. " "Thank you," pinliang said after a deep breath.

"Return the stones to me when you're done." Lin Yi reminded.

"Oh ... Okay." Pinliang didn't know what Lin Yi wanted the energy stones for, but he still nodded.

Pinliang and naipao turned to leave after getting what they wanted-they knew that Lin Yi didn't like them very much, and so they had no intention of staying.

Lin Yi only frowned after pinliang left. Helping pinliang wasn't just for Wang Xinyan. It was a good thing for the everyday and every day sect to get involved. Now that the xuanchen ancestor was in control of the situation and allowed pinliang, who owed him a favor, to participate, he could ask pinliang to help him when they landed on Sky Class Island.

Not long after pinliang left, there was a knock on Lin Yi's door again. Lin Yi opened the door and saw Xue Li. It seemed that she didn't have a good idea of how to help Tang Yin break through, so she had to come to Lin Yi.

"Young hero Lin, I went back and thought about it. What you said makes sense, so I plan to invite you to the meeting room to discuss elder Tang Yun's problem. The inheritors and the young sect master of Tian Huan will go with you. Let's think of a way to help elder Tang Yun!" Xue Li said.

"Alright, when?" Lin Yi asked.

"Now." Xue Li said.

"Alright, I'll go with you." Lin Yi nodded and left the room with Xinyan and Jingjing, following Xue Li to the inn's meeting room.

Xue Li had rented the meeting room from the inn, and since she said that it was to discuss Tang Yun's problem, the inn naturally wouldn't say no.

When Lin Yi and Xue Li arrived at the meeting room, they realized that the other inheritors and Tian Gang were already there, including Tang Yun. Lin Yi was the last one to arrive. It was obvious that Xue Li

had called everyone but not Lin Yi. She must have called Lin Yi because she was afraid that they couldn't come to an agreement.

However, Lin Yi didn't point it out. After all, Xue Li's worry was understandable. Tang Yun was the hope of the snow Valley, and she was afraid that Lin Yi and Tang Yun's relationship would rekindle.

"Yaoyao, Shu, ning, Xiaoxiao, Xinxin, xiaojiu ... And Yunyun and Tiangang, long time no see." Lin Yi took a deep breath and sat down at the head of the table, while Xinyan and Jingjing greeted everyone with a smile and found a seat.

"Hey, that's my seat ..." Xue Li pointed at the main seat of the meeting room. She was the one who initiated the meeting, so naturally, she was sitting at the main seat, but it was now occupied by Lin Yi.

Lin Yi, on the other hand, ignored her. It was impossible to say that Lin Yi didn't have any opinions about Xue Li, so he didn't want to let her dry.

"Everyone's worried about Yunyun, but Yunyun didn't level up and break through under the pressure of the Dragon of five evils in the cave. I think she'll either take the Qi gathering pill to break through to the great circle of perfection or level up and break through in battle. If neither of them works, I'm afraid we'll have to find the reason through her own mental cultivation method. Why don't you cultivate an invitation spell?" Lin Yi said.

"There's a limit to the mantra of the heartless spell. You can't use medicinal pills to break through. Your suggestion won't work!" Lin Yi didn't give up his seat, and Xue Li didn't give him a good face either.

Chapter 3527 Feng Tianlong In Trouble

"Can't the heartless technique be broken through with medicinal pills?" Lin Yi blinked-he didn't think that the arts would have this limitation, but every sect's Arts were different-his Arts of Dragon mastery had other uses as well.

So Lin Yi wasn't too surprised. He only nodded,"Then I can only break through in battle or find a problem with the mantra. Since your heartless mantra can't make a breakthrough with pills, it's possible that normal cultivation can't either. In the end, it's probably because there's a problem with your mantra."

"Your incantation is the one with a problem!" "Please don't insult the merciless incantation that our Grandmaster Xue created," Xue Li said angrily.

"..." Lin Yi was speechless. Even Grandmaster Xue ran off with Liju, and you still want to talk about the heartless technique? it's more like a spiritual technique! But Lin Yi didn't say it out loud, probably because Xue Li would go crazy if he did. "Let's try to break through during the battle," he said."Yunyun doesn't have much combat experience. She's only fighting against the pressure this time. There's a chance of failure."

"But, where is the chance to fight now?" "Why don't you fight her?" Xue Li said.

Lin Yi smiled bitterly. Unless it was a life and death battle, it was impossible to break through during normal sparring.

As they were talking, Xiaoxiao's phone rang-Bing Tang had given her permission to use her satellite phone, and since they were both small wives, he wouldn't make things difficult for her.

"Dad?" It was Xiaoxiao's father, Feng Tianlong,""I'm in a meeting, can I call you back later?"

Feng Xiaoxiao thought that her father was asking when she was going back because before the test, Feng Xiaoxiao had promised her father that she would return home after the test to see her mother and see if she could use the inheritance body to absorb the cold energy in her mother's body and drive it away.

However, it was obvious that the main business was not done yet, so she had to ask her father to wait!

"Xiaoxiao, dad's in trouble, are you with Lin Yi? I can't get through to him, can you pass him the phone?" Feng Tianlong's voice sounded very weak.

"Ah?" Feng Xiaoxiao was shocked and quickly said, "Dad, what's wrong? What happened?"

"Dad and your Sister Song are heavily injured, give the phone to Lin Yi!" Feng Tianlong said anxiously.

"Alright, alright!" Xiaoxiao quickly stood up and passed the phone to Lin Yi. "Lin Yi honey, my dad's in trouble, answer the phone!"

"Oh? Did something happen to uncle Feng?" Lin Yi was shocked as well. He quickly took the phone and said, "Uncle Feng, what's wrong?"

"Lin Yi, I can't get through to you? Lingshan and I were both heavily injured. " Feng Tianlong said.

"Phone ... My phone is not a satellite phone. There's no signal here." "Seriously injured?" Lin Yi asked. So, who did it?"

Lin Yi was shocked-someone still dared to injure someone from the investigation Bureau? Who did this? Who dared to do it? Were they really out of touch with the news? Didn't he know about his relationship with the supernatural Investigation Bureau?

Plus, be it Feng Tianlong or song Lingshan, they were the closest people to Lin Yi. He was obviously not giving Lin Yi face by beating them up!

"Tie Yi sect!" "We're tracking a martial artist who's doing all sorts of evil things in the secular world," Feng Tianlong said." But this martial artist seems to be an outer sect disciple of the iron cloak sect in name. He actually ran to the iron cloak sect. After that, Lingshan and I naturally brought people to the iron cloak sect to demand for her. We wanted to negotiate and ask them to release her, but who knew that the iron cloak sect would be so unreasonable, and a few of their men came out to surround us!"

"Oh? Tie Yi sect?" Lin Yi frowned. The iron cloak sect really didn't participate much. First of all, physical practitioners rarely pursued the path of heaven, and the divine fist Hall probably didn't send anyone here to give it a try. The other physical practitioners didn't even come!

Perhaps body and Qi practitioners were different, but the tie Yi sect should be related to the Golden Bell sect and the Zhen family of the East Sea. Lin Yi didn't expect the tie Yi sect to be so bold as to attack the people from the supernatural Investigation Bureau, "Did you say that Feng Xiaoxiao is your daughter?"

"We did, and Lingshan said you're her boyfriend, but the iron cloak sect said they've never heard of any Feng Xiaoxiao, but they've heard of your name. They said you're their enemy in name, and that's why

they're teaching us a lesson!" Tianlong said helplessly, "and so, two Sky Class Masters came out and heavily injured Lingshan and I. Not only that, but they also warned us that we must be tired of living to come to the iron cloak sect and ask for our people. They told us to go home and prepare for our funeral, and that they'll come and exterminate us in three days!"

"Exterminate the entire clan?" Lin Yi didn't know what to say after hearing Feng Tianlong's words. This iron cloak sect was too arrogant, wasn't it? Even if they were out of touch with the news, they shouldn't be so ignorant and arrogant, right?

"That's right, Lingshan and I are both disabled now, but I'm not worried about you being able to heal. I'm alone, single, so it's fine, but I'm worried about dragging the song family into this!" Feng Tianlong said.

"Uncle Feng, wait for us. We'll go over immediately. We were just worried that there wouldn't be a chance to fight, and now the chance has come!" Since they wanted to kill Lin Yi, Lin Yi naturally didn't mind killing them first!

Whether it was song Lingshan's whole family or Feng Tianlong's whole family, it all included Lin Yi. How could he just sit and watch?

"Alright, don't be impulsive. I'll wait for you. We'll talk in detail when you come back!" Feng Tianlong said.

After hanging up, Lin Yi passed the phone back to Feng Xiaoxiao. He didn't hide anything. Other than Xue Li, everyone here was the closest person to Lin Yi, so Lin Yi told her what happened to Feng Tianlong and song Lingshan.

"Oh! Annihilate the entire family! Shu loves it!" Chen Yushu agreed immediately after Lin Yi finished his sentence, "Sister Tang Yun, let's go to the iron cloak sect and fight. Shu hasn't destroyed anyone yet!"

Tang Yin didn't know whether to laugh or cry-did killing an entire family become a joke to Yushu?

"That's right, Lin Yi honey, if the iron cloak sect wants to destroy us, then we'll go and destroy them! The troublemaker and prankster duo have gathered again, I'm so excited!" Feng Xiaoxiao knew that Lin Yi could heal her father and Song Lingshan, so she wasn't worried about their safety. She was more interested in annihilating the whole family.

Lin Yi didn't know whether to laugh or cry when he saw how excited the two were. He'd destroyed the common houses and hidden houses before, but he'd never destroyed an ancient sect!

Chapter 3528 Meeting With Tiangang

He thought that he would be able to get ready to go to Sky Class Island in this time, but he didn't expect to run into this before he left!

"Let's go take a look first." Lin Yi pondered for a moment. He was going to Sky Class Island, and it could be a few months or a year or two. He didn't know how long it would take, but he still had many friends and family in the common world.

At that time, if any random person came looking for trouble, then Lin Yi would be out of his reach. It was important to show his power before leaving.

Otherwise, if another ancient sect that he had never come into contact with before or another ancient sect that didn't know him came, it would be hard to say what would happen.

"We're leaving tomorrow morning-this is a good chance for Yunyun to fight!" Lin Yi said after some thought.

"Alright, I'll go too." Xue Li thought for a while and said.

"Up to you, but you have to be a helper when you go over, otherwise you don't have to go." Lin Yi said with a smile.

"Okay ..." Xue Li hesitated for a moment and agreed.

People from ancient sects didn't care much about human lives-as long as they had a grudge, they would go to their door and fight, so Xue Li went with them. She thought about it-didn't Xiaoxiao's whole family include Tang Yun?

If Lin Yi was involved, then it would be related to Tang Yun, and it would be the Valley's problem, so Xue Li's action would be justified as self-defense.

"I'll go with you. " Tian Gang thought for a moment and then suddenly said.

"You? You're going?" Lin Yi blinked. It was normal for other people to go since they were Xiaoxiao's sisters, but for what reason would Tiangang go?

If he were to go as the young master of the sky elixir sect, it would be a bit too big of a deal. After the tie Yi sect was destroyed, it would add to the sky elixir sect's bad name.

"Yes, my mission is to protect these inheritors. If I don't go, patriarch xuanchen will say that I'm not doing my job well." Tian Gang said matter-of-factly, ""Lin Yi, do you have time? Come to my room later, I have something to discuss with you!"

"Oh? Good!" Lin Yi was a bit surprised-he didn't think that Tian Gang would invite him! However, Lin Yi understood that Tian Gang didn't just have something to discuss with him. Lin Yi didn't think that he had anything to discuss with Tian Gang.

After deciding on their schedule for the next day, everyone went back to rest. Since Xue Li and Tian Gang were there, Mengyao only glanced at Lin Yi, pursed her lips, and left.

Guan Xin, xiaojiu, and Yu Ning were the same. Shu, on the other hand, held Xiaoxiao's hand and left with the Miss. Tang Yin, on the other hand, was the last to leave, leaving with Xue Li. She looked at Lin Yi, not saying anything.

She knew that Lin Yi must have remembered what happened, but she couldn't say much to him because Xue Li was there.

In the end, after everyone left, only tianshuo, Xinyan, and Jingjing were left in the meeting room. Lin Yi turned to the two girls."You two go back first. I'll go to Tian Huan's place and will be back in a while."

"Yeah, I want to go find Yaoyao." "It's been a long time since I've seen her," Xinyan said. "I'll go to her place with Jingjing!"

"Alright!" Lin Yi nodded. Wang Xinyan, Han Jingjing, and Chu Mengyao were very close. They were together almost every day in the last days.

After they left, only Lin Yi and Tianshuo were left in the meeting room.

"What for?" Lin Yi smiled as he looked at Tian Gang.

"I want to kick you, can't I?" "Let me kick you." Tianshuo rolled his eyes.

"Kick where?" Lin Yi asked.

"What do you think?" "Who asked you to die without any descendants? Who asked you to have such good luck with women?" Tian Gang said with a faint smile.

"Sweat." "I can repair myself," Lin Yi replied, speechless.

"I can't be bothered with you." Tian Gang walked out of the meeting room and turned to Lin Yi, "Follow me."

Lin Yi quickly followed and went to Tian Gang's room. It was a very luxurious suite, much better than Lin Yi's. It seemed that Tian Gang's treatment was different, "This room of yours is really good."

"You're moving in?" Tiangang Tian said.

"Sleep with you?" Lin Yi asked.

"It's not like we haven't slept together before. " "I know what you're thinking. You're so dirty!" Tian Gang said.

"How is it dirty ... You're the one who thinks it's dirty, right?" Lin Yi was getting mocked by Tian Gang a few times, and he felt helpless.

"I heard that you can make a lot of Chi-amassing pills?" Tian Gang asked.

"Yeah." Lin Yi nodded.

"Then ... I'll help my brother make some. Once he reaches the full completion of Sky Class, I can go to Sky Class Island in peace. Even if ... I don't come back, it's fine ..." Tian Gang said.

"Eh? What do you mean?" Lin Yi blinked, pleasantly surprised. Although Tian Gang didn't make it clear, his attitude made it clear.

"We'll talk about it when the time comes. " Tian Gang shook his head,"I haven't decided yet. You know that I've been in the heavenly silkworm transformation before. I'm very strong. I'm afraid that I won't be able to control myself and kill Chu Mengyao and the others."

Lin Yi didn't know whether to laugh or cry. "We're both at the peak of the Sky Class, how could it be that easy to kill? do you think you're my ..."

"Who knows, maybe I'll advance to heavenly Dao first?" Tian Gang said.

"Alright," he said. Lin Yi shrugged."Let's not talk about this for now. Is this what you're looking for me for?"

"Yeah." Tian Gang nodded.

"Then I'll go back first?" Lin Yi was in a hurry to go back and make the heaven grade weapon-the materials were all here, and he could start.

"And ..." Tian Gang stopped Lin Yi.

"What?" Lin Yi looked at Tian Gang.

"Give me a hug. I haven't hugged in a long time." Tian Gang suddenly said.

"Ah? "Alright ..." Lin Yi didn't hold back, since tianshuo had said so.

It was likely that Tian Gang had gone to the five evils mountain range again and recalled the scenery. After he returned, he had so many thoughts and made such a decision.

Lin Yi hugged Tian Gang gently, not taking advantage of her, just like when they were in the five fiend mountains.

In fact, the current situation was already taking advantage of Tian Huan.

After a while, Tian Gang pushed Lin Yi away, "Alright, you can go back now. I'm fine. Let me be alone for a while."

"Alright," he said. Lin Yi nodded.

"You're not allowed to tell anyone about our relationship! Do you know that?" "If not, I'll kick you!" Tianshuo glared.

"Haha, good." Lin Yi agreed with a smile.

Chapter 3529 Forging A Heaven-Grade Weapon

Lin Yi said goodbye to tianshuo and went back to his room. On the way back, he ran into Kang Zhaoming.

But Zhaoming knew he wasn't Lin Yi's match after one look. He lowered his head and walked away without saying anything.

Lin Yi didn't bother with him and quickly went back to his room to study the forging of divine weapons!

Lin Yi went back to his room and went into the suite. He took out the "heaven-grade divine weapon forging technique" he copied from the Jade space and started studying it.

According to the description, the following materials were required to forge a heaven-grade divine weapon that was specifically used for the art of Dragon mastery: Fine steel Dark Iron, black dark Iron, colored steel, dark charcoal stone, pure Topaz, Blue crystal powder, and the blood of the dragon of five evils!

There were a lot of materials, much more than the Jade and the necklace, but other than the Dragon blood, Lin Yi had gathered everything else. During the last days of making the Qi gathering pill, he also took some from the ancient sects and hidden houses. He had extra for each material now.

So Lin Yi had more than enough time to start making weapons now.

What made Lin Yi depressed was that he got the Dragon blood too late-if he'd made a God-tier weapon earlier, he'd be able to use it all the way through the sky Class.

Now that he was about to advance to the heavenly Dao, it was unknown if he could still use heaven-grade divine weapons above the heavenly Dao, and if they would have such great power after use.

However, in order to open the Xuanyuan cave's stone door, Lin Yi had to forge it. It was also a test for him.

Now that he had all the materials, Lin Yi started to read the latter part of the art of forging. It turned out that the divine weapon that was compatible with the art of Dragon mastery was a staff, and it needed a cylindrical steel and iron as the carrier, just like the essence Necklace, which needed a Jade as the carrier.

Steel and iron? Lin Yi couldn't help but think of the steel rod! This was a gift from Zhong pinliang. This guy was always giving him good things. It was good to keep someone like him around. Who knew what use he might have in the future!

Now that he had the materials, Lin Yi started to figure out the forging method. The forging fire-after two tests, Lin Yi was already very familiar with it.

The next step was to continue the actual combat.

After Lin Yi looked at the steps of forging a heaven grade weapon a few times, he carefully placed a certain proportion of black iron, colored Steel, Black charcoal stone, pure Topaz, Blue crystal powder,

and the dragon's blood around the fine steel Dark Iron rod. Then, he officially started forging his own heaven grade weapon.

The first step was to condense the forging flame. The steps that followed were actually very similar to the method of condensing the space of the jade pendant and the essence Energy Necklace!

With the previous two experiences, the process went smoothly. Lin Yi's hands continued to form the forging fire, and from time to time, he had to use his hands to change the shape and shape of the supplementary materials, fusing them with the steel Dark Iron rod on the ground.

One after another, the entire process went smoothly. After a period of time, they finally reached the most important step of the weapon's refinement!

This was the most important step, and also the step where Lin Yi had the least materials! Lin Yi had a backup of all the materials he used before, but the last step was to inject the blood of the dragon of five evils!

This step was completely different from the previous two forging steps! This was because the blood of the dragon of five evils was the most important material to change the attributes of a heaven-grade divine weapon!

As everyone knew, heaven-grade weapons had their own attributes, and only cultivators with the corresponding attributes could use them to their fullest!

Previously, in the city square, the Rogue cultivator had collected materials from heaven rank spiritual beasts with the corresponding attributes in order to change the attributes of heaven rank divine weapons!

Lin Yi was a practitioner of the five elements and seven attributes, and among the spirit beasts, only the Dragon of five evils belonged to the five elements. Lin Yi's divine weapon should be a divine weapon that corresponded to the five elements, so the last step was to use the blood of the dragon of five evils to determine the attribute of the heaven-grade divine weapon!

At this point, Lin Yi was pleasantly surprised as well-he'd only spent five hours here, and he'd heard Wang Xinyan and Han Jingjing enter the room, but the two saw that he was busy with something and went to rest.

Lin Yi took a deep breath. The next step was to inject the Dragon blood into the steel rod for fusion. This step was also the most difficult step, as it wasn't just simply spraying the blood on the rod. He had to let the blood penetrate into the rod evenly. A slight deviation could cause the blood distribution to be uneven, which could cause a flaw in the weapon. It might cause an explosion or break!

Of course, Lin Yi wasn't in a rush. He followed the steps carefully and was very careful with each step.

Fortunately, the heavens didn't let down the determined. Finally, Lin Yi finished the most difficult step the next morning.

Lin Yi looked at the steel Obsidian rod in front of him, which had obviously become even darker ... It was a little strange. This thing was black, like a fire Stick. It didn't look like anything good, but it was low-key and luxurious!

Of course, Lin Yi didn't really mind the fact that the steel rod in his hand didn't look too different from before, other than being a little darker.

Anyway, it was something for combat and not for show. So what if it looked good or not?

After resting for a while, Lin Yi started injecting his Qi into the rod. The rod let out a buzzing sound, and a layer of colorful Qi suddenly appeared on top of the rod!

The black iron rod from before had suddenly become high-end and magnificent at this moment ...

However, Lin Yi only injected some Qi into it to test it out-he didn't dare to use it in the inn. The inn looked sturdy, but how could it withstand a full-force attack from a top class master using a god weapon? Then wouldn't it be smashed into ruins!

Although Lin Yi had a grudge against ancestor xuanchen, this was the property of the five-elements sect. Who knew if Lin Yi would take it back from xuanchen when he returned from Sky Class Island?

Chapter 3530 Secretly Recruiting

Lin Yi was the true heir of the five elements sect!

After that, Lin Yi put the staff away and left the room. Xinyan and Jingjing were already awake, washing up. They were looking forward to the next battle.

Lin Yi went to wash up, and brought Xinyan and Jingjing downstairs to the inn.

Tian Gang was already waiting at the door with Chu Mengyao, Chen Yushu, xiaojiu, Yu Ning, Guan Xin, Feng Xiaoxiao, Tang Yun, and Xue Li.

Practitioners usually woke up very early, but Lin Yi was delayed by the time he was forging the heaven-grade weapon. Otherwise, he'd be up early too.

However, to Lin Yi's surprise, pinliang and naipao came down not long after him, evidently preparing to leave.

"Lin shaoxia, thank you!" Pinliang cupped his fists at Lin Yi before getting into the car they came from.

Pinliang's actions caught Zhaoming's attention, and his heart skipped a beat. He was also loitering nearby, so he quickly ran over to pinliang's car.

However, Zhong Pingliang's car had already started, and with a "bang," Kang Zhaoming fell to the ground. He was in a sorry state.

If it was any other day, Zhaoming would've flipped out on Lin Yi, but he needed to know what the relationship between Lin Yi and pinliang was. Why was pinliang so close to Lin Yi all of a sudden? he even said hello to Lin Yi when he left?

Wasn't this fist salute only done for very respectful friends?

"Kang Zhaoming, what's wrong with you? Are you looking for death?" Pinliang cursed as he rolled down the window.

"Ha, Liang bro, wait for me, I have something to tell you!" Zhaoming opened the back door and got in-he was a Sky Class full master, and while he was a refiner, getting hit by a car was nothing.

"What are you doing?" Pinliang said impatiently.

"Ha, isn't Paozi crippled? "I can help. At that time, ancestor xuanchen, my master, was there, so I couldn't say much. However, it was my idea to deal with han Jingjing and Wang Xinyan back then. It was also my responsibility that Wang Xinyan sucked away Pao, so I want to do my best!" Zhaoming said.

"Oh?" Pinliang froze. What did this mean? Why did he suddenly say this to me? Naipao, on the other hand, was almost fully recovered-he was planning on getting himself a disciple to absorb some of his strength into, but Zhaoming could do whatever he wanted,"How are you going to help me?"

"I can make Chi-amassing pills, don't forget that I'm an Alchemist!" Zhaoming said.

"Oh? Alright, if you can make Chi-amassing pills, then it would be impolite of me to refuse. " Pinliang's eyes lit up as he looked at the picture-naipao wouldn't need to absorb other people's strength if he had a Qi gathering pill!

For other practitioners, the Qi gathering pill might be a bottleneck for them to break through to the sky Realm, but for Naipao, this bottleneck didn't exist! His current wasp absorption Arts had already been cultivated to the great completion level, and he could absorb anything. Naturally, there was no limit to upgrading and breaking through!

Naipao didn't rely on the Qi of the world to level up anymore, but on absorbing Qi from other sources. The Qi gathering pill's side effects were gone.

"No problem," he said. Zhaoming looked at Pinliang after he finished. "Right, Liang bro, what did you say to Lin Yi? Aren't you two sworn enemies?"

"Oh, Lin Yi gave us some energy stones, and Pao's back to mid phase golden class now. He'll probably be Mystic soon, and he'll be able to use the Wasp absorption Arts. You need to get the Qi gathering pill as soon as possible." Pinliang was a scheming person—he said that so Zhaoming would focus on making the pills faster!

Although he could get Naipao to level up by absorbing other people's Qi if he went back to the sect, how much Qi would he need to absorb?

Even if he took in two or three full circle Masters, it wouldn't be enough to get him to full circle after removing the Qi loss—not to mention how many full circle Masters the everyday and every day sect had! Pinliang wouldn't offer himself to Naipao, would he? It was impossible.

Finding a few Sky Class practitioners was already good enough, but that would still make it hard for Naipao to level up. However, with a pile of Qi gathering pills, it would be much easier.

"Oh, energy stones. The Chi gathering pill is better than that. You know, the upgrade of energy stones is too slow! Plus, this Lin Yi gives you good stuff and keeps trying to please you for no reason-you're two completely different people, don't be fooled by his false appearance! Think about how you lost your kidney!" Zhaoming said.

"En, that's true. Then I'll wait for your good news!" Pinliang nodded.

"Haha, no problem. You'll have to stand on my side at the meeting of the heaven class!" This was Kang Zhaoming's real goal. He was afraid that Zhong pinliang would stand on Lin Yi's side.

"That's not a problem. Lin Yi and I are enemies after all. Although I owe him a favor and won't attack him personally, I can't stand on his side!" Pinliang said.

This was his bottom line-he was Lin Yi's enemy, and he couldn't stand on his side over something like this. He'd also made it clear to Lin Yi that this was just a deal-naipao would take Xinyan's place in the demonic Qi, and Xinyan wouldn't be in any danger.

Lin Yi gave him the energy stone out of consideration, so pinliang didn't feel like he owed Lin Yi too much. At most, he wouldn't do anything to Lin Yi before the Sky Class Island incident, but if Kang Zhaoming went against Lin Yi, he wouldn't stand with Lin Yi to stop him.

That was what Kang Zhaoming wanted to hear. As long as Zhong pinliang wasn't on the same side as Lin Yi, then it wouldn't be a problem. Lin Yi couldn't even do anything in the Sky Class meeting. Wouldn't he die from grief? Haha, I'm so happy just thinking about it!

Yesterday, elder xuanchen told Zhaoming about the plan for the meeting, and Zhaoming was overjoyed. If Lin Yi dared to do anything, all the Sky Class Masters would kill him!

Before the meeting, Zhaoming had already started to make connections.

"What if Lin Yi blocks the Sky Class Island? If he wants to stop the Sky Class Island from opening, what will you do?" Kang Zhaoming continued to ask.

"Then I'll be on your side." Pinliang said after some thought.

"Alright!" Kang Zhaoming was overjoyed. "If Lin Yi dares to ruin our opportunity, I'll give the order for everyone to work together to kill him. Don't forget your promise."
