

Bodyguard 3531

Chapter 3531 Xue Li Changed Rooms

"This ... Good!" Pinliang nodded. Lin Yi was his enemy, after all, and he'd stopped the development of Tianjie island's plans. Killing him was a piece of cake for Lin Yi.

"Alright, I'll be leaving first. See you then!" After taking care of Zhong pinliang, Zhaoming still had to deal with the others. Other than the inheritor, there were quite a few other practitioners who had reached full circle state in the test, and Zhaoming wanted to win them over.

Lin Yi's eyes were calm as he watched Zhaoming get out of pinliang's car. It was unrealistic to expect pinliang to change his side just because he gave him some energy stones. After all, the two were enemies, and Lin Yi wasn't that naive to think that pinliang would extend the favor infinitely.

It was a deal, and it was a deal. If Lin Yi could help naipao recover, he could do the same to him after opening the Sky Class Island-it was all up to them.

Xiao ran left as well, obviously still having some things to do. Before he left, he cupped his fists at Lin Yi. "Young hero Lin, thank you for your help earlier. I'm going back now, take care!"

"Alright," he said. Lin Yi nodded, "you're alone, so you should be more careful. Don't let Zhong pinliang and Kang Zhaoming cause trouble."

"I won 't. My hometown is in songning city. It's not on the way to them." Xiao ran shook his head.

Lin Yi nodded and didn't say anything else as he watched Xiao ran leave.

Song Lingrui and tuo riyue didn't tell Lin Yi when they left. They were busy with Kang Zhaoming and didn't know what to talk about. Lin Yi didn't dare to use his Sky Class full Foundation's spirit to investigate because they were all at the same level. If he did that, the others would notice it immediately.

But it wasn't anything good, and Lin Yi didn't really care about it. Kang Zhaoming was a person who would feel bad if he didn't do anything. He was a person who didn't stop. He created trouble for Lin Yi, but he always returned in failure!

She didn't know where he got so much courage and endurance from. If it were anyone else, they would have collapsed long ago.

The people he was familiar with all left one by one, and so did the people from the inheritor's sect. They went back to their sects to take care of some things, but it was worth mentioning that Bing Tang and Xue Li were planning to go to the tie Yi sect with Lin Yi.

Rock Candy, on the other hand, was Lin Yi's Lil "Lil" Lil "Lil" Lil "Lil" Lil "Lil" Lil "Lil" Lil "Lil" Lil "Lil" Lil "Lil"
Lil "Lil" Lil "Lil" Lil "Lil" Lil "Lil" Lil "Lil" Lil "Lil" Lil "Lil" Lil "Lil" Lil "Lil" Lil "Lil" Lil "Lil" Lil "Lil"
Lil "Lil" And Xue Li had agreed to follow them.

After all the preparations were complete, Lin Yi and the other inheritors set off! A dozen Sky Class full Masters going to a sect to demand an explanation-this was unprecedented. Of course, it was hard to say if it would never happen again, but at least it had never happened before.

The tie Yi sect was located near the Qingfeng Highlands-normal people would suffer from altitude sickness if they went there, but Lin Yi's group was different. They were all Sky Class full Masters, and were immune to normal environments.

However, the information on the iron cloak sect was pitifully little. What kind of sect was it, how many practitioners did it have, and what level were they? Lin Yi had almost no idea!

Even Tian Huan, the young sect master of the sky elixir sect, the leader of the ancient sect, knew very little about it.

Before, Lin Yi thought that the iron Yi sect was a physical sect, but that was only based on the name of the sect and the Golden Bell sect. The iron Yi sect should be a physical sect, but according to Tian Gang, they had a spiritual master too!

"There's an inner force expert? Then why didn't they come to the heaven class test?" Lin Yi asked, troubled.

"Actually, there are some ancient sects and solo practitioners that might not even come to the Sky Class test-everyone has their own goals, and they're all chasing different things." "Take the iron cloak sect for example. They have never participated in any training activities and have been living their own lives. That's why the other sects don't know much about them. They just mind their own business. It was the same for the blood-clothed yellow spring sect. They were an assassin sect, and their goal was to kill and get paid. They didn't care much about the way of heaven. If they had the chance, they would break through. If they didn't, they wouldn't force it. As for going to the Sky Class Island, they wouldn't go. Who would return to the secular world after going there? Their business is still in the secular world, so they haven't participated in any trial activities ..."

"So that's how it is." Lin Yi nodded-that's right, he was already a top-tier being in the common world-there was no need to pursue the ethereal path of heaven!

It was said that the heavenly Dao was immortal cultivation, and one could step into the ranks of Immortals. It was on a completely different level from the martial Dao of today! However, legends were just legends. No one knew what the Sky Class Island was like, and no one knew if it was a blessing or a curse!

Everything looked beautiful, but if you thought about it carefully, Sky Class full Masters were probably the lowest level of existence on Sky Class Island-if there were so many masters there, and they'd be killed the moment they went up, then they might as well not go!

Lin Yi had a reason to go, otherwise he wouldn't even bother!

For the pangolin, for you Xiaoke, for boss Bai's five elements sect, Lin Yi had a goal and a mission.

"That's right. However, if we were to go to the iron cloak sect with our group ..." Tian Gang looked at everyone present and was speechless. This was simply bullying!

But thinking about it, didn't the tie Yi sect bully Feng Tianlong and song Lingshan the same way?

The five elements sect and the iron cloak sect weren't near each other-it was impossible to make it in a day's time. Lin Yi parked the car in a town in the evening and found a hotel to stay.

The hotel wasn't big, and it wasn't the tourist season yet, so there weren't any customers at all. But this was even better-Lin Yi booked the entire hotel, and the boss happily hung up a full house sign.

Because they had been on the road for the whole day and had to get up early the next morning to continue on their journey, everyone went back to their rooms to rest after dinner!

Although the hotel wasn't very big, it was still more than enough for everyone to have a room.

Everyone went into the room, including Tang Yun. She planned to take a shower and go to bed early, but there was a knock on the door. Tang Yun opened the door and saw Xue Li.

"Sister Xue, it's you. What's the matter?" Tang Yin felt weird-Xue Li was fine when they broke up just now, but she was back all of a sudden.

"It's like this-I've thought about it, but I'm still worried. This place is different from the five elements sect's Inn. We slept in the same room back then, and Lin Yi didn't dare to come to you. Now that you're in your own room, what if Lin Yi comes to you?" "So, you can sleep in my room, I'll stay here and deal with Lin Yi!" Xue Li said.

Chapter 3532 Wrong Person

"Oh ..." Tang Yun was happy to hear that Lin Yi might come to see her, but she was a little disappointed after changing rooms. She knew that she wasn't Sky Class full master yet, and she needed to keep a distance from Lin Yi. Otherwise, the emotionless art wouldn't work.

After taking Xue Li's key, Tang Yun went to the room next door, while Xue Li took a shower and went to bed early ...

Lin Yi had his own room as well.

After the shower, Lin Yi couldn't really calm down and train anymore. To be honest, he was already a top-tier practitioner under the realm of heavenly axiom-it didn't matter if he trained or not.

And so, Lin Yi couldn't help but think of Tang Yin when he had nothing to do.

He hadn't been close to Tang Yun ever since he returned to the West Star Village.

He'd already forgotten about Tang Yin back then, but thinking about it now made him feel like he hadn't seen her in a long time. If Xue Li wasn't there, he'd have wanted to talk to her alone.

But with Xue Li watching him like a tiger watching its prey, Lin Yi couldn't do anything.

But tonight, they were all sleeping in separate rooms. Lin Yi hesitated for a moment before sneaking out of the room.

If it were someone else, Lin Yi would've been a bit more careful, but Tang Yin was his first girlfriend, and they were already very close when they were together.

Even if they didn't sleep together, they were pretty close. If it weren't for what happened in the valley, Lin Yi and Tang Yin would've probably been living together already.

And so, sneaking into Tang Yin's room at night wasn't a big deal to Lin Yi.

Not to mention a small hotel like this, even an electronic door could be easily opened with the skills he'd learned from his uncle-master.

Lin Yi remembered Tang Yin's room number, so he opened the door and closed it before sneaking into the room.

Tang Yin should be asleep already, as her back was facing Lin Yi. He didn't wake her up, but took off his pajamas and jumped onto the bed.

Lin Yi didn't plan on doing anything, but Tang Yin's bare shoulders made it clear that she'd gone to bed without her pajamas.

After getting on the bed, Lin Yi lifted Tang Yin up from behind. He was surprised to feel something soft in his arms!

Lin Yi hadn't touched it before, but he could tell that Tang Yin wasn't this big-she wouldn't have lost to Yushu over this in the first place if she'd been this big! Tang Yin's size was clearly bigger than before!

Even if it wasn't as super as Yushu 's, it was still much bigger than before. Lin Yi was a little surprised- could it be that training also increased the size of one's chest?

Xue Li was also exhausted these days. Tang Yun didn't break through to the Sky Class completion, so she didn't feel good either. This was a big event in the valley, and she had to worry about it every day. She was exhausted, so after the shower, she laid on the big bed and fell asleep.

After sleeping for a while, she suddenly felt that someone was on her bed ... This made Xue Li suddenly surprised! She was a Sky Class full master-only a Sky Class full master would be able to hide from her ...

Just as Xue Li was trying to make sure if someone was really coming, she felt a big hand wrapped around her chest. Xue Li was shocked and suddenly woke up. She shouted from the bed, ""Perver! Hand over your life!"

"Ah?" Lin Yi jumped up from the bed in shock. This was obviously not Tang Yun's voice. Wasn't this Xue Li's voice? Where's Tang Yin? Wasn't this Tang Yin's room?

"Ka!" Xue Li turned on the bedside lamp and was about to attack when she saw that the person standing in front of her was Lin Yi! On top of that, Lin Yi was naked, not wearing anything. This made Xue Li stunned, and she quickly covered her eyes with her hands, ""Lin Yi, you're shameless!"

If it was someone else, Xue Li would've already started a fight, but it was Lin Yi. She knew that she wasn't his match, so she only glared at him and didn't make a move.

However, she covered her eyes and suddenly realized that she was also naked. In the end, when the lights were turned on, wouldn't they be completely exposed?

Xue Li put down her hands that were covering her eyes and wanted to cover her body, but the more she thought about it, the more aggrieved she felt! Although she was almost 30 years old, she still had the heart of a little girl. After all, she had lived in an ancient sect since she was young and had never been in contact with the outside world. The only things she knew about the outside world were from some books.

And so, Lin Yi saw her naked body and even touched her body-she felt really wronged. Why was she so unlucky?

Xue Li sat on the bed, hugging her legs and curled up into a ball, crying. Lin Yi didn't know what to do!

He didn't even know that the person in the room was Xue Li. If he knew, he wouldn't be so presumptuous, but now that the problem had occurred, Lin Yi couldn't do anything about it. He thought that Xue Li would beat him up, and Lin Yi didn't want to fight back. Anyway, Lin Yi had the art of Dragon mastery to heal his injuries, so it didn't matter how heavy his injuries were!

But now, Xue Li didn't even hit or scold him, she just cried. Lin Yi didn't know how to deal with this, so he could only force himself to say, ""Xue Li, I'm sorry, it was a misunderstanding. I thought it was Tang Yun in the room ..."

Xue Li ignored Lin Yi and continued to cry, making Lin Yi sigh helplessly. He sat on the side and looked at Xue Li quietly.

Lin Yi didn't know how old Xue Li was, why did she look like a child. From her appearance alone, Xue Li should only be in her early twenties. She probably broke through to Sky Class in her twenties, and after that, her appearance never changed.

So she could be in her twenties, eighty, or even a hundred years old. Lin Yi waited for Xue Li's crying to die down before continuing, ""Xue Li, don't cry, we're all adults, and top-class Masters at that, you shouldn't care too much about these things ... Our goal is to go to Sky Class Island ..."

"Don't you know that men and women shouldn't touch each other?" "What do you think we should do?" Xue Li raised her head and glared at Lin Yi.

"I ... I'll go back now and pretend that nothing happened, okay?" Lin Yi asked. A normal modern woman would've agreed to it if he said so-they didn't really lose anything, after all.

At most, she'd ask Lin Yi to compensate her with something.

Chapter 3533 You Are Right

"As? How could he? You've already seen it, hugged it, and touched it. Are you going to just let it go?" Xue Li gritted her teeth and glared at Lin Yi, "How can there be such a good thing in the world?"

"Uh ... What do you want then?" Lin Yi asked with a bitter smile.

"You don't want to take responsibility?" Xue Li glared at Lin Yi.

"This ... You want me to take responsibility just like this?" Lin Yi pointed at himself, stunned.

"You already have so many wives, and I'm the only one you lack?" "What do you mean?" Xue Li was furious.

"Well ... It's not about pretty much ..." Xue Li's words really made Lin Yi speechless. What kind of logic was Xue Li making? What he meant was that he had no emotional Foundation with her. What was going on with him accepting her for no reason?

"Xue Li, calm down, this isn't fair to you ..." Lin Yi quickly explained.

"It's unfair if you don't take responsibility. " Xue Li said,"if a woman is treated like this by a man, how can I still be with someone else?" If you don't take responsibility, I'll be alone for the rest of my life. How can you be so wicked?"

..."Wicked? Lin Yi didn't know what to say. Xue Li's logic ... Huh? Wait a minute, Lin Yi suddenly remembered Bing Tang. From Bing Tang's point of view, Lin Yi's hug made her one of them, and Xue Li ... She was a girl who grew up in an ancient sect, too. She was probably influenced by the ancient times and cared a lot about these things, which was why she said that!

This gave Lin Yi a headache. He hadn't even solved Tang Yin's problem yet, and now there was Xue Li!

"Alright, one more ... One more then." Lin Yi nodded,"but, I don't know anything yet. If we're together, you should at least tell me about yourself, right?"

"You agree? That's good. " "I'll tell you about my life, so you should tell me about yours!"Xue Li laughed through her tears.

In Xue Li's opinion, wasn't this how blind dates were in the past? Everyone's family background matched each other 's, and then they talked about each other's situation, and then they got together. That was it.

"Okay ..." Lin Yi felt that it was a scam. If he didn't want to give Tang Yun a surprise, he wouldn't have to do this! Fortunately, Xue Li looked like she was in her early 20s, and her character was like a little girl. Otherwise, it would be a lot of pressure to be with a woman who was older than him!

But now, it seemed that Xue Li was still a little girl, no matter from the perspective of her heart.

"En ... By the way, how did you get in? How come I didn't know about it? Did I lock the door before I went to bed?" Xue Li looked at Lin Yi, confused."Did you collude with Tang Yun and she gave you the key?"

Xue Li didn't understand-even if Lin Yi was a Sky Class full master, he should've broken in after she locked the door, right? Even if it was a heavenly path expert, could he break a door without making a sound?

If there had been some movement before, Xue Li wouldn't have been asleep, she would've woken up to respond, and Lin Yi wouldn't have gotten his way! Besides, from Xue Li's point of view, no matter how bold Lin Yi was, he wouldn't break the door of a public Inn, right?

Xue Li fell asleep without any preparation, and she didn't even bother to put on her clothes after the shower. In her subconsciousness, Lin Yi would've knocked on the door if he wanted to come, but who knew that this would happen?

That was indeed the case according to normal logic, but Xue Li forgot that Lin Yi also had the ultimate skill of opening doors and picking locks! From her point of view, a Sky Class master learning how to open locks was something that was completely impossible and unnecessary.

"No... Before I became a cultivator, I was a notorious thief. I was a godly thief." Lin Yi said.

"Pfft ... Really?" Xue Li's eyes widened in disbelief, ""How old are you this year? how could you have been a notorious thief before? when did you start cultivating?"

"I was still a golden class master a year ago, would you believe that?" "I told you to introduce us," Lin Yi smiled bitterly, "I don't have to lie to you ..."

"You're leveling up really fast!" "Hey, I'm almost thirty, you won't mind, will you?" Xue Li sighed.

"You look like you're even younger than Tang Yin!" Lin Yi didn't know whether to laugh or cry, "look at you ..." "I don't look like I'm thirty, don't fool me. "

"Hehe." Xue Li couldn't help but smile, "then you can just treat me as 18 years old."

"Even eighteen is too old, you're sixteen at most ..." Lin Yi knew that there was no turning back. Xue Li was very conservative, so he could only comfort her first. But today's incident was really a big mistake!

If Lin Yi didn't hide his strength or made some noise, Xue Li would've noticed, but Lin Yi didn't want Tang Yun to find out, so he ended up like this ...

Xue Li told Lin Yi about her life, but her life was very boring, almost the same as Bing Tang 's. She grew up in the snow Valley, training and not interacting with much. Because of her practitioner's Arts, no one came to ask for her hand in marriage, and Xue Li never thought about being with a man in the future ...

"Eh? That's not right, aren't you also cultivating the emotionless technique? Why do I feel like you're so easily moved? I touched you and you want me to take responsibility?" Lin Yi suddenly asked.

"I didn't drink the medicinal liquid of the senseless herb, and I didn't like anyone in the past. I'm only asking you to take responsibility because that's what the book says." Xue Li said.

"I feel that there's something wrong with the emotionless art that your Grandmaster created. If he's really emotionless, he wouldn't be interested in men. However, the situation now is that he's only emotionless on the surface, but he has feelings inside." Lin Yi said.

"Don't you dare slander Grandmaster Xue!" Xue Li said.

"I'm not slandering you, but didn't your Grandmaster Xue end up with Grandmaster Zhang Liju? Her emotionless art lost its effect?" Lin Yi was familiar with Xue Li now, so he could say that.

"Don't talk nonsense, how is that possible? Grandmaster Xue went to pursue the heavenly Dao, how could he be with Zhang Liju!" Xue Li didn't believe Lin Yi's words.

"After this matter is over, I'll take you to a place." Lin Yi thought about it. Only when he brought Xue Li to the tomb would she believe that their Grandmaster really was living with Zhang Liju, and that she was sharing the same husband with the Ice Palace's Grandmaster.

"Oh ..." Xue Li still didn't believe it. Grandmaster Xue had always been the faith of the snow Valley, so it was reasonable for her to not believe it. "What you're saying seems to make sense ... The heartlessness technique only makes one look cold on the outside, but it doesn't affect one's actual feelings ... Perhaps Grandmaster Xue still had Zhang Liju in her heart back then."

Chapter 3534 Tied

She saw Lin Yi as the closest person to her now, and naturally, she'd voice out her thoughts that she didn't dare to say before. It might be disrespectful to the Grandmaster, but that was what she'd been thinking before.

"Have a good rest. We still have a long journey tomorrow. I'll be going back now." Lin Yi said.

"Ah ... You're leaving just like that?" "Aren't you going to do anything?" Xue Li was slightly surprised.

"What are you doing?" Lin Yi asked.

"Didn't the book say that we should do something on our wedding night?" Xue Li said shyly.

"We'll talk about it after we get back from Sky Class Island. " Lin Yi hesitated. In fact, when it came to being together, Lin Yi's ideal partner for the first time was one of Yu Ning, Chu Mengyao, Chen Yushu, or Tang Yun.

After all, these people were the first people Lin Yi got to know, but they had no feelings for Xue Li at all! Although feelings can be cultivated, they haven't been cultivated yet.

Plus, if his first time was with someone other than these four, Lin Yi wouldn't be able to accept it. Taking a step back, it should be Yang Qiqi or Wang Xinyan.

"En ..." Xue Li was relieved. To be honest, she was a little scared. Although the books said that after two people got married, they would sleep together and do that kind of thing, and the ancient sects didn't care about those cumbersome marriage rules, and the people of the martial world were simple.

Lin Yi put on his clothes and walked out of Xue Li's room. He took a deep breath and looked at Xue Li's room, which was now Tang Yin's room. He couldn't help but sigh, not in the mood to go there anymore.

Lin Yi couldn't fall asleep for a long time after returning to his room. He thought back to the past year and was filled with emotions until dawn ...

The next morning, everyone left the hotel after breakfast. Xue Li's attitude towards Lin Yi had obviously changed. There was no more vigilance and hatred in her eyes, but a touch of gentleness. This made Tang Yun confused. Did Xue Li not object to her and Lin Yi's relationship anymore?

"Sister Xue, why do you keep looking at Lin Yi?" Tang Yun asked Xue Li.

Lin Yi was driving a sky elixir sect's minibus, provided by Tian Gang. Everyone could sit in it, and Tang Yin was sitting with Xue Li. Tang Yin noticed that Xue Li would always look up at Lin Yi, who was driving.

"Ah ..." Xue Li didn't expect that her little movement would be noticed by Tang Yun, and her face turned red. She was not good at lying, and she didn't want to lie to Tang Yun at this time, ""Yesterday ... Lin Yi came to my room to look for me ..."

"Ah?" Tang Yun was shocked, thinking that Lin Yi and Xue Li had some kind of conflict, ""Sister Xue, you and Lin Yi ... You guys ..."

"We ... We slept together ..." Xue Li was a little embarrassed, looking at Tang Yun who was suddenly stunned.

"Ah? Sister Xue ... What did you say?" Tang Yin didn't quite get it.

"I'm sorry, it's all my fault. I fell asleep after the shower and didn't wear any clothes. How would I know that Lin Yi used to be a thief? "He opened the door and got into bed. He thought I was you ... In fact, you can't blame him ..." Xue Li said helplessly.

"Pfft ..." Tang Yin finally understood what was going on. This was a huge mess, but she didn't blame Xue Li or Lin Yi. Lin Yi went to her room yesterday, which meant that he was thinking about her. It was just a coincidence that they met!

Xue Li had changed rooms to guard against Lin Yi, but she didn't know that Lin Yi didn't play by the rules. He locked the door and went to bed directly, this was ...

It wasn't Xue Li's fault, but the relationship between Lin Yi and Xue Li was something Tang Yun didn't want to get into. It seemed that Lin Yi already had a lot of women around him, and she couldn't stop him even if she wanted to. During this period of time in the ancient sect, the ancient books she read outside of cultivation had all instilled in her the thoughts of ancient women, so she didn't have that much resistance to Lin Yi having multiple wives.

Besides, Xue Li was a good friend of Tang Yin 's, and although Xue Li had been on guard against Lin Yi before, it was for the sake of Xue Gu. Now that Xue Li and Lin Yi had such a relationship, Tang Yin felt that there would be no more obstacles between her and Lin Yi.

"Yunyun, you ... Why don't you give me a scolding? actually ... It's not that I'm forced to do it, but I think that Lin Yi's actually a good person. There's an indescribable attraction to him ..." Xue Li said.

"Forget it. In the snowy valley, you and I were like sisters. This is nothing. You and I are no longer women of the secular world. My thoughts have changed a lot. As long as we get along, it's fine." Tang Yin shook her head.

Back in the common world, she'd had the idea of being Lin Yi's first wife or something, but now that she thought about it, it was just a form of address. Perhaps it was the merciless tactics that changed her personality.

Xue Li didn't expect that Tang Yun would let this matter go so easily. She was very surprised! But seeing Tang Yun's sincere expression, Xue Li finally let out a sigh of relief.

As far as she was concerned, the biggest obstacle in her relationship with Lin Yi was Tang Yun. If Tang Yun was fine, then there was no problem at all. Xue Li didn't care what other people thought.

Xue Li became more cheerful as she had nothing to worry about anymore. Tang Yun only realized that Xue Li was a talkative girl after chatting with her all the way ...

"Ohohohoho, Yaoyao sis, I told you, that Xue Li from the snow Valley is no good, she's a boring and coquettish Vixen, trying to seduce shield bro! The older he was, the more shameless he was! An old cow eating young grass!" Yushu said.

"Alright, Shu, Yunyun didn't say anything, so you don't have to be so mean." Mengyao patted Yushu's hand. "Plus, Xue Li still looks young, just like us. Sky Class Masters don't care about their age anymore, and the time they have to train will be extremely long. Some people even forget how old they are,"

"Alright, Yaoyao sis, you're the main wife, you should exercise your authority as the main wife!" Chen Yushu encouraged.

"Yunyun's sacrifice is greater than mine. " Mengyao said.

"Then we'll tie!" Chen Yushu didn't want Chu Mengyao to be second to others, not even Tang Yun. Although her relationship with Tang Yun was extremely good, it was not as good as Chu Mengyao's.

"Hehe, sure." Mengyao thought it wasn't a bad idea. It didn't hurt their relationship.

"What if the others also compete?" Yushu said, worried.

"Then we'll tie them all up." Mengyao said with a smile.

Chapter 3535 Hollering At The Iron Cloak Sect

"Eh? Yaoyao sis, why are you so good-tempered now?" Yushu asked, confused.

"The dark night is quiet. The Dark Phoenix Heart technique that I've cultivated has the effect of calming one's mind. I finally understand why my mother has such a good temper." Mengyao said with a smile.

"But why is elder an ye that old hag so hot-tempered?" Chen Yushu said.

"Although her heart technique is also related to the Dark Phoenix, it's not the same. Only people with the Dark Phoenix attribute can cultivate it." Mengyao said.

"Oh, alright." Yushu's temper was still as hot as ever-she was a fire element practitioner, after all!

They were all Sky Class full Masters, and unless they weren't listening or guarding against each other, it was easy for others to hear what they were saying.

Xue Li still didn't know that the broadcast had been heard by the radio. It wouldn't be long before everyone else knew!

As expected, after Chen Yushu told Chu Mengyao, she went to chat with Feng Xiaoxiao, and then Rock Candy found out, and then Wang Xinyan and Han Jingjing in the back row found out, and so on ...

When they got off the car, everyone looked at Xue Li with a strange look, which made Xue Li a little puzzled. What was going on with everyone?

"What are you guys looking at?" Xue Li was finally frightened by Bing Tang's gaze. She glared at her with some dissatisfaction, "Rock Candy, what are you doing?"

"It's nothing, sister Xue Li," Rock Candy said with a smile.

"I'm older than you, so why are you calling me little sister?" Xue Li was stunned.

"You know it in your heart." Rock Candy said with a smile.

"I'm clear about it?" Sidney was stunned and suddenly thought of something, "What do you mean by that?"

"In the future, you'll be the youngest here, so you have to know the rules!" Rock Candy finally got back at them. Before, the Ice Palace and the snow Valley had always been competitors, with wins and losses. But from now on, Xue Li would always be smaller than Rock Candy!

"You ... You ... You all know?!" Xue Li was very surprised, and her face suddenly turned red, from her face to the root of her neck.

"If you don't want people to know, then don't do it!" Rock Candy laughed.

Rock Candy's words made all the girls laugh, especially Xiaoxiao and Yushu. Even Lin Yi was surprised. How did they all know? How did this news spread?

If I can't say it, Xue Li should be too embarrassed to say it, right? This was really ...

However, just as they were joking around, two black shadows suddenly appeared in front of them and the bus. One of the black shadows glanced at the crowd and shouted arrogantly, ""Where did this group of idiots come from? hurry up and get lost. Is this a place you can come from? This is private property, you have one minute to leave. If you continue to play here, don't go back!"

This was the iron cloak sect's territory, and Lin Yi parked the car in front of the mountain Gate to wait for someone to come out. It also saved him the trouble of barging in and looking around aimlessly, so he didn't stop the Men in Black. Two mere Earth Class early phase disciples weren't worth Lin Yi's attention.

"This is the tie Yi sect?" Lin Yi looked at the two indifferently.

"That's right. Where are you from? Are you also a cultivator?" The black figure was surprised. He didn't expect Lin Yi to mention the iron Yi sect. This meant that Lin Yi was someone who knew about the sect.

Even the villages nearby did not know the name of the iron cloak sect. They only knew that it was a very powerful sect.

"I'm Lin Yi, I'll get the people you can talk to to see me. " Lin Yi didn't want to waste time with him.

"Lin Yi? I've never heard of you, who are you!" The leader of the black shadows said impatiently.

"Senior su, this Lin Yi, isn't he the powerful guy that those guys from the investigation Bureau were talking about?" The other black figure suddenly thought of something and said to the previous black figure, who was senior Brother Su.

"Oh? "So, the investigation Bureau is here for revenge, huh? looks like you guys are itching for a beating again ..." Su Yushu laughed coldly, but before he could finish, Lin Yi sent him flying with a slap. He landed on the ground not far away, twitched a little, and stopped moving. He was dead.

How powerful was a Sky Class full master? One move was enough to kill an Earth Class early phase!

The guy didn't stop talking, but Lin Yi didn't care. He just killed him and turned to the other shadow, "Ask your manager to come out and see me!"

"Argh! Yes, yes, yes, yes!" The black shadow was scared out of his wits-he didn't think that Lin Yi would be so much stronger than Lingshan and Tianlong. No matter how strong those two were, they couldn't kill an Earth Class early phase with one slap, but Lin Yi just killed him like that!

He was so scared that he left in a hurry and turned to run back to the mountain Gate!

The girls were all Sky Class full Masters, and they knew how cruel the world of practicing was-it was either you die or I live, and so they had no sympathy for Su Shixiong at all. This school was no longer good-the apple doesn't fall far from the tree, the apple doesn't fall far from the tree! The whole school was a bunch of arrogant and despotic people, saying they wanted to annihilate the whole school every time they opened their mouth. If someone wanted to get their skin dirty, then they'd rather die than let them!

The one on duty today was Ironclad's second disciple, the second senior brother of these disciples. When he received the report from this Junior Brother, Black Shadow King, he was furious!

It was the helper of Song Lingshan and Feng Tianlong, Lin Yi?

Last time, the one who escaped to the Tie Yi sect was only an outer sect disciple, but with the Tie Yi sect's usual tyrannical way of doing things, it didn't matter if he was an inner sect disciple or an outer sect disciple, as long as he was from the Tie Yi sect, the Tie Yi sect would always be on the right side. Hence, Feng Tianlong and Song Lingshan were severely injured without asking for the reason!

However, what he didn't expect was that Lin Yi really had something up his sleeve. However, that was nothing. No matter how powerful he was, could he be more powerful than him, Old Zhu? He was Tie Yi's proud disciple and an expert at the peak of the late stage of Heaven realm. Although he didn't break

through as early as his eldest senior brother and third Junior Brother, he was still a top expert in the sect.

"Hmph, take me there! Whoever dares to be arrogant here, I, old Zhu, will slap him to death!" The second brother arrogantly said to Junior Brother Wang.

Wang Shidi let out a breath of relief. Although he didn't see Lin Yi's strength clearly, it seemed like he was only sky Class early phase when he attacked, so he was very assured, "With second senior brother, Lin Yi will be a piece of cake!"

"En, did Lin Yi come alone?" Although second brother was arrogant, he was not a brainless person. He had to ask.

"It's Lin Yi and a group of women. Lin Yi's the only man, and they came in a bus. It looks like they're here for a vacation!" Junior Brother Wang said.

Chapter 3536 Three Senior And Junior Brothers

"Oh, then it's nothing." In second senior brother's subconscious mind, women were no good, and experts were all men. In fact, the iron cloak sect was indeed like this-yang was strong and Yin was weak.

Second brother walked out arrogantly with Wang Shidi. He looked at Lin Yi and the woman behind him, and his eyes lit up with lust, "That Lin Yi, kill yourself and I'll leave you with an intact corpse. Leave your women behind! I'll do it for you!"

Lin Yi looked at the fat guy in front of him, stunned. He was only a Sky Class late phase peak-where did he get his courage from? He even wanted him to commit suicide?

"Forget it, I won't do anything. You guys take Yunyun to practice with her pear with sugar!" Lin Yi wasn't interested in killing this guy-it was just a trick!

"Alright!" Snow Pear with sugar nodded. Although they had conflicts usually, they were both Lin Yi's women now, and so was Tang Yin. They had to stand together against outsiders!

Because they were both water element Arts, they were more suitable to support Tang Yun.

"Ning, Xiaoxiao, you guys help Yunyun too." Lin Yi looked at Yu Ning and Feng Xiaoxiao and said. After all, Tang Yun's combat experience was not enough. It would be bad if she fell into this guy's trap.

All of a sudden, Bing Tang, Xue Li, Xiaoning, and Xiaoxiao surrounded Tang Yun, and Tang Yun locked her eyes on second senior brother!

At first, he didn't think much of it, but when he saw Tang Yun reveal her Sky Class late phase peak strength, he was dumbfounded! How could this woman be so powerful?

However, he wasn't too afraid. After all, the opponent was just a woman, and he was a master who had been famous for a long time. As for Lin Yi, he completely ignored him. As far as he was concerned, Lin Yi should be a normal Sky Class master, at most around the early phase!

Why else would Lin Yi let the woman do it? How unmanly was this! As far as second brother was concerned, Tang Yun was the most powerful person in the group!

However, Junior Brother Wang didn't look too good. This second brother's strength was on par with Tang Yun 's, so there was only a 50 - 50 chance of winning. If Lin Yi was secretly causing trouble, then the chances of winning would be low! At the thought of this, he quickly turned around and ran back. He wanted to report to his eldest senior brother, third senior brother, and patriarch tie Yi so that they could quickly send reinforcements!

After running a few steps, he heard second senior brother's scream from behind, ""Awoo!"

Junior Brother Wang was shocked and quickened his pace. Was this the rhythm of second senior's death? I'm afraid so, but that person's strength is similar to second brother 's, and he could actually kill second brother?

In the iron cloak sect, where forefather iron cloak cultivated, his first and third disciples were both present. Forefather iron cloak was currently explaining some cultivation matters to them.

Junior Brother Wang ran in, stumbling, and came in front of the three people.

"Junior Brother Wang, what are you doing? Didn't you hear that master is explaining the principles of cultivation to us?" "What's the point of being so rash?"the eldest brother glared at Junior Brother Wang.

"Not good! Master, when we beat up song Lingshan and Feng Tianlong last time, that Lin Yi they were talking about came. Second senior brother was killed by that Lin Yi!" Junior martial brother Wang said breathlessly.

"What? Killed?" "What's going on?" ironclad was dumbfounded. What level of master was Lin Yi? Your second senior is Sky Class late phase peak, how can you just kill him like that?"

"Even if he's not dead, it's still enough. Master, please quickly send someone to help us!" "They have Sky Class late phase peak on their side!" Wang said.

"Oh, so that's how it is. But I won't die so quickly. Even if there's a difference between the two, it won't be too big! Even if the other party was about to advance to the consummate level, there wouldn't be much of a difference before that. How about this, third bro, you go and take Lin Yi in!" Ironclad nodded and turned to third senior. "You are a Paragon. Dealing with him will be a piece of cake for you!"

"Yes, master!" Third senior brother nodded, picked up his heaven-grade weapon, and followed Junior Brother Wang. "Let me, old Sha, kill him!"

With that, the third brother revealed his Sky Class late phase peak strength!

However, when Junior Brother Wang and third senior brother arrived at the mountain Gate, they found that their second senior brother Zhu was already dead. He was lying on the ground, not breathing!

At first, third senior brother wanted to show off and talk nonsense, but now he was not going to. He was instantly furious. "Who did this?!!!"

Tang Yun didn't expect her opponent to be so weak. She had used the nineteenth move of her "flying mist" and killed him! How was this accumulating battle experience? it was a one-sided crushing.

Of course, this was also because the iron cloak sect was arrogant and thought that they were very powerful, but in fact, they had no battle experience even compared to Tang Yun! Besides, Bing Tang, Xue Li, Feng Xiaoxiao, and Yu Ning were all protecting Tang Yun. The four of them directly revealed their strength, and just the pressure alone was enough to suffocate second brother. So when Tang Yun attacked, he didn't even have the courage to fight back before he was killed. This was really weak.

"I ..." Tang Yin's weak voice sounded, "I didn't expect that he would die after one hit!"

"Hmph, then you'll pay with your life!" The third brother said, revealing his Sky Class late phase peak strength. "You think a Sky Class late phase peak is all that? Don't you know that there's a Sky Class full master in this world? Hmph Hmph, now I'll let you see what it means to say that there's always someone better!"

"Yunyun, back off. You're not his match." Lin Yi said faintly after taking a look at his third senior brother's strength. However, as he spoke, he also revealed his strength as Sky Class late phase peak!

This made third senior brother stunned! Why was there a Sky Class full master here?

Wang Shidi, on the other hand, was shocked as well-not good, the opponent was a Sky Class late phase peak and a Sky Class full master! If the two of them attacked together, then third brother would be at a disadvantage!

Thinking of this, Junior Brother Wang turned around and ran off to report the situation! Naturally, Lin Yi saw Wang Shidi going back and forth, but he didn't care. How could he lure the Masters of the iron cloak

sect out if he didn't leave someone to report to them? It would be too troublesome if he had to look for them one by one.

"Aowu aowu!" Junior Brother Wang didn't run far before another scream came from behind him. It was obviously from third senior brother! Could it be that third senior brother had already met with a mishap? No, I have to quickly report this and get help!

Chapter 3537 Entire Sect Mobilized

Junior Brother Wang stumbled into patriarch tie Yi's room and came before him and his senior brother.

"Junior Brother Wang, what are you doing? What about third Junior Brother? Why are you not with him?" The eldest brother was stunned and glared at Junior Brother Wang again. "Third Junior Brother has already gone to help us out. What are you still panicking for?"

"Not good! Master, first senior brother, third senior brother, I think they were also killed by Lin Yi!" Junior martial brother Wang continued to speak while gasping for breath.

"What? He was killed again?" "What's going on?" ironclad was stunned. Isn't your third senior a Sky Class master at the great circle?"

"Yeah, but there's a Sky Class full master on the other side too, and it seems like second brother's dead! Even if you don't kill him, it'll be enough. Master, please quickly send someone to rescue him!" Junior Brother Wang said.

"Master, let me, old hou, go and take a look ..." The eldest senior brother suddenly stood up and anxiously scratched his ears and cheeks, wanting to go and help.

"You're the eldest senior brother of the sect leader. I'll go and take a look. I've already passed the position to you. What you need to do is to be calm and steady. You can't be too anxious just because something happens every day. You'll hold the fort while I go and get it!" Tie Yi stood up and left with Junior Brother Wang.

When they arrived at the mountain Gate, tie Yi's face turned pale with fright. His second and third disciples were lying on the ground, and it was unknown if they were Dead or Alive. The remaining group of people were still chatting leisurely.

"Who killed my disciple? Do you dare to stand out?" Ironclad roared.

"And you are?" Lin Yi asked.

"I am forefather ironclad, and I am here to avenge my disciple!" "You're that Lin Yi?"ironclad glared at Lin Yi.

"That's right, I'm Lin Yi, but are you sure you're the only one taking revenge? You can do it?" Lin Yi asked.

"Gah?!" Ironclad was furious at first, but he suddenly remembered that his second and third disciples were both dead, and he himself was a Sky Class full master-how could he be a match for this guy?

One of them was Sky Class full cultivation, and the other was Sky Class late phase peak-it was a two-on-one fight, and they could easily suppress him. Ironclad's face changed at the sight."You ... You wait,

don't do anything yet. Lil" Wang, go back and spread the news. Ask your big senior to ask the elders to help us catch this Lin Yi!"

"Yes!" Wang replied and turned to run. Lin Yi didn't stop him and let him run back-he had so many Sky Class Masters on his side, and they weren't just for show. He didn't even need to use them!

"You ... Wait for a while. When our men arrive, we'll have a showdown!" Ironclad was beginning to cower. He knew he was no match for the man, so he tried to stall for time.

"Oh, sure." Lin Yi nodded nonchalantly. He'd wait until all the Masters from their sects were here, and then he'd kill them all. It'd be troublesome if he chased after them one by one.

Ironclad himself didn't expect Lin Yi to agree right away-what was going on? Why did Lin Yi look so stupid? If it were her, she would never agree to it, but Lin Yi agreed! What an idiot!

With that thought, he looked at Lin Yi and took two steps back subconsciously."Alright, let's fight fairly. When my men arrive, we'll fight as a group. We'll fight one-on-one, so we're not heroes!"

"Oh, whatever you want. Then let's gang up on him. Our people will attack him together!" Lin Yi nodded.

"Sure, no problem!" Ironclad chuckled inwardly. What are you women? Won't I beat you up? He'd kill Lin Yi and tie up all these pretty girls into the iron cloak sect-he wouldn't be lonely anymore!

After Junior Brother Wang returned, he stumbled into patriarch tie Yi's room and went to the only remaining senior brother.

"Junior Brother Wang, what are you doing? Where's master? Why did you come back alone?" Seeing that Junior Brother Wang had returned, the eldest senior brother could not help but be surprised. "Are you going back and forth to train your body?"

"No! Eldest senior brother, this is bad! Do you know? Third senior is dead, and master was captured by Lin Yi as soon as he left!" "Master told me to come back quickly to report this!" Junior Brother Wang said.

"What? Third Junior Brother was also killed?" The eldest senior brother's eyes widened, "alright, I'll go now!" I, old hou, will kill them all!"

"Don 't, big senior brother, it's useless for you to go. That Lin Yi is too strong, master wants you to ask for help from the Celestials and the elders! Ask them to deal with Lin Yi together!" Junior martial brother Wang quickly said.

"What? He even had to seek help from the various Empyrean exalts and patriarchs? That Lin Yi is that strong?" The eldest senior brother was stunned. "Alright, wait for me here. I'll go and get them!"

The tie Yi sect didn't just say that the strongest would become the sect leader-that wasn't the case, it was passed down from generation to generation. If not for those Sky Class full Masters who had their lifespans extended indefinitely, when would they be able to change their sect leader?

The iron cloak sect had a large number of disciples, and it was really tiring to be the sect leader for a long time. Therefore, it was passed down from generation to generation. In any case, the old sect leaders were either ancestral Masters or heavenly Venerables, and their positions in the sect were not low.

For example, ironclad's master, the iron-clad heavenly venerable, was a very powerful figure who had already reached the great circle of perfection. As for ironclad's senior and junior brothers, they were also very powerful. The gold-clad, silver-clad, bronze-clad, and aluminum-clad elders were all Masters of the great circle of heaven class!

Of course, these titles would only be given to one of them after he or she inherited the position of sect leader. The one who inherited the title would be called forefather tie Yi, while the others would be called by other names. Tie Yi sect was not the most powerful sect, it was just a title!

The eldest senior brother searched for a long time and called all the Masters of the iron cloak sect over. They were iron cloak heavenly master, aluminum cloak heavenly master, gold cloak elder, silver cloak elder, bronze cloak elder, and aluminum cloak elder. Including himself, there were a total of seven Sky Class full cultivation Masters!

No one would have thought that tie Yi sect would have so many Sky Class full Masters-this was something that no other sect or practitioner knew about!

If he'd known, he wouldn't have let ironclad live and waited for the others to come! This way, the enemy had eight full Masters, while Lin Yi's side only had Tian Gang, Chu Mengyao, Chen Yushu, Yu Ning, Xiao Jiu, Guan Xin, Wang Xinyan, han Jingjing, Bing Tang, Feng Xiaoxiao, Xue Li, and Lin Yi-Twelve Sky Class Masters, eleven full Masters and One Sky Class late phase peak.

Although the difference was huge, han Jingjing and Guan Xin weren't good at fighting.

Chapter 3538 Tang Yin's Breakthrough Opportunity

The eldest senior brother led the group of experts from the iron cloak sect to the mountain Gate. When the iron cloak forefather saw them, he was overjoyed. "Wahahahaha! Lin Yi, you're dead for sure this time-you're asking for it, coming to the iron cloak sect and acting so cocky! Everyone, show your strength and scare this little brat to death!"

"Hehe!" The big senior took the lead and revealed his Sky Class late phase peak strength! And then, the Masters behind the Big Brother also began to show their full strength of Sky Class!

"How's it, Lin Yi? you peed your pants, didn't you?" Ironclad looked at Lin Yi proudly, ready to act cool at any moment!

"Oh, that's right. I almost peed my pants from laughing. Only eight!" Lin Yi said with a smile.

"Gah? What did that mean? Are you out of your mind?" In ironclad's mind, Lin Yi should've peed his pants right away. Why was he acting like he was fine? This is not scientific!

"Oh, everyone, show them your strength! This old thing will be scared to death!" Lin Yi said to everyone.

"Alright, alright, I'll scare you to death!" With that, Yushu revealed her full strength as a Sky Class full master! The others, on the other hand, thought that Lin Yi and ironclad were a little funny, but they still cooperated and revealed their strength!

"Gah!" Ironclad's eyes widened as he stared at Lin Yi's group in disbelief. His legs were shaking! 11 Sky Class completion?

"Little one, come out and show them." Lin Yi waved his hand, and small one puppets appeared in the group. Twelve Sky Class full Masters!

"Uh ..." Ironclad's eyes blurred-Another Sky Class full master had appeared! He was almost scared to death! Before, 12 to 8 was already a big win. Now, 13 to 8, wasn't it a one-sided crush?

He subconsciously took two steps back. ""That young hero Lin, this is a misunderstanding! We are here to welcome you ..."

"Welcome us? You're making it sound nice, aren't you? Didn't you want to gang up on me?" Lin Yi said faintly.

"Uh, that's just a joke, it's not true." Ironclad was scared before the battle even began. He was not on the same level as his opponent at all!

"Oh, but I'm not. Everyone, let's attack together. The gang fight has started!" Lin Yi didn't want to leave any trouble before he left Sky Class Island. If it was before, he might let them live and let them be his lackeys or something.

But with the iron cloak sect's attitude, they wouldn't be too loyal even if they were Lin Yi's underlings. They were too full of themselves, and so Lin Yi didn't want to leave this hidden danger behind. With that, he threw out the 20th style of the wild fire Fist, which he had been saving up for a long time, and with the help of the essence Necklace, it was enough to kill the old man!

The twentieth form of the wild flame fist was equivalent to the twenty-first form of a normal martial technique. With the essence Necklace, ironclad would be dead for sure!

"BOOM!" Ironclad had been killed by Lin Yi without even realizing it!

"Go, everyone, let's kill this kid!" Eldest senior brother was anxious. He roared and rushed forward! Since peace talks were useless, then they would fight. They couldn't escape anyway.

"Two against one." Lin Yi said faintly.

If these inheritors were to fight one-on-one, they might lose due to their lack of experience. However, in a two-on-one battle, the people from the iron cloak sect were no match for them! The inheritor was also one of the best sky Class Masters, no weaker than small one before. These people from the iron cloak sect were just playing around.

"Boom boom boom ..."

The continuous use of martial arts techniques was brilliant and colorful, illuminating thousands of miles. The experts of the iron cloak sect fell to the ground one after another. It was a completely one-sided attack ...

Sky Class full Masters were rare, and each one of them would be a tyrant when they went out, but in front of Lin Yi's team, they were nothing-they all died one by one, without even a chance to turn things around!

"Aowu!" The last one to die was tie Yi, and Lin Yi had personally sent him on his way. At this point, the iron Yi sect was completely wiped out, and the remaining disciples were no threat at all without the support and protection of these top-tier Masters!

The once illustrious tie Yi sect had been reduced to an ordinary sect that could not even compare to the ancient times! These practitioners couldn't do anything, and Lin Yi didn't want to cause them any more trouble.

What Lin Yi wanted now was to return to the village as soon as possible and open the next stone door. He wanted to see what else was behind the stone door, not waste his time here in iron cloak sect!

The xuanchen ancestor said that he would gather everyone after resting. Who knew when he would do it? what if Lin Yi couldn't open the stone door in time?

One had to know that the Sky Class Island Plan wasn't just waiting for Lin Yi. If Lin Yi didn't go, the xuanchen ancestor would be even happier, so Lin Yi had to hurry!

Although Lin Yi's current team was enough to challenge xuanchen, if xuanchen was anxious and refused to open the sky Class Island, Lin Yi had no choice. He didn't know how to get to Sky Class Island, and it was useless even if he had an inheritor by his side!

Without a wise person like patriarch xuanchen, everything was just an illusion.

So, after destroying the iron cloak sect, Lin Yi brought the girls back. To Lin Yi's regret, Tang Yun didn't break through during the battle. Of course, Lin Yi was afraid of problems, so he didn't dare let her fight alone. After all, the opponents were all Masters of the Great Perfection realm, while Tang Yun wasn't. If he let her fight alone and something happened, it would be too late for Lin Yi to regret.

With that thought, Lin Yi glanced at Xue Li, ""Xue Li, Tang Yun didn't break through. What should we do next?"

"I can go with Bing Tang in her place, but I'm afraid there will be problems ..." Xue Li didn't hide it anymore and said directly.

"Call me sister Bing Tang!" Rock Candy interrupted.

"...I'll support sister Rock Candy. Actually, I can barely replace the inheritor of the mist element. After all, everyone's origin is water." "Yes," Xue Li said. "No one has ever replaced him. No one knows if he will succeed."

"Lin Yi ... I suddenly feel like I'm on the verge of a breakthrough ..." Tang Yun suddenly said.

"Hmm?" "Could it be that fighting is effective?" Lin Yi and Xue Li were shocked.

"No, the fight didn't have much of an effect, but I think it's because I'm in a good mood ..." Tang Yun said, blushing.

"Are you in a good mood?" Lin Yi looked at Tang Yin, confused. "You're in a good mood after the tie Yi sect was destroyed?"

Chapter 3539 Going To West Star Mountain Again

"So annoying! No!" Tang Yin rolled her eyes at Lin Yi. "Why are you still so violent? you were like that when I first met you. You were always fighting and killing. I was worried about you."

"Uh ... We're all cultivators. Fighting and killing is a common thing!" Lin Yi blushed as he recalled the past. He smiled warmly, "By the way, what are you feeling?"

"I ... I found out about sister Xue Li and Lin Yi ... And I was relieved that you wouldn't stop me from being with Lin Yi. Then, I suddenly found a breakthrough ..." Tang Yun said.

"Eh? That's so strange!" Xue Li was stunned.

"Sister Tang Yun, you should call her sister Xue Li, not sister Xue Li!" Rock Candy said.

"You should still call her big sis, why do you call her little sister?" Xue Li glared at the rock sugar and refused to dry it.

"I'm her cousin, are you?" she asked. Rock Candy said proudly.

"I ... I'm her Senior Sister!" Xue Li said.

"Senior Sister is useless, I have to call her big sister Xiaoxiao!" Rock Candy said.

"Hmph, what's the big deal? I don't need you to tell me!" "Sister Tang Yun, did you really find the opportunity to break through?" Xue Li asked.

"En ... But it's only for a moment. It seems that the surrounding heaven and earth ling qi is not enough for me to break through. If I can go to a place with rich heaven and earth ling qi, I think I should be able to break through!" "Or, I could go back to the five evils Savage Land and I might be able to break through under the pressure!" Tang Yun said.

"I see!" Lin Yi frowned. "It's really hard to find places with dense spiritual Qi these days. Can we enter the five evils Savage Land again?"

Lin Yi said as he looked at Tian Gang.

"We can't. That teleportation formation can only be used once in a period of time. Once it's used, it'll lose its effect. If we want to use it again, we'll have to wait a long time." "I don't know the exact time," said Tian Gang.

"What about the teleportation array?" Lin Yi nodded, a little disappointed. If he had entered through the teleportation array from the previous trial, although it was a little far from the five evils mountain range, he would not have been in any danger due to the pressure of that ghostly thing!

"That thing can be activated once a year." Tian Gang said.

"A year's time is too late," Lin Yi felt helpless-it'd be great if Tang Yin could get into the Jade space. That was the place with the purest energy, but Tang Yin couldn't. He was the only one who could go in. "I'll just take it one step at a time. Who knows, I might even be able to break through on the way. Let's look at Yunyun's current situation first-why did she feel the breakthrough opportunity when she was in a good mood?"

"Could it be that ... Lin Yi, what you said was true? Grandmaster Xue really missed Zhang Liju, and that's why he was able to master the emotionless manual? And Yunyun only felt the breakthrough because she let go of the restraints in her heart?" Although Xue Li didn't want to believe it, the truth was right in front of her eyes.

"Heartless but affectionate?" "That's probably the case," Lin Yi agreed, "she would've broken through long ago if she'd let go of the pressure ..."

"This ... It's all my fault." Xue Li apologized.

"It's not your fault, sister ... Sister Xue. This is also a rule passed down in our Snow Valley." Tang Yin shook her head. "I'll try my best. Let's go back. We don't want to delay our work!"

"Alright! Since everyone on the bus is our own, then come back to the West Star Mountain village with me. It's a good opportunity to meet my old man, your parent!" Lin Yi didn't waste any time-he drove to Starwest village, and everyone could move together.

"Eh? Shield bro, since when did you take down Tian Gang? She's one of us?" Yushu said, noticing the problem.

Lin Yi blinked, and tianshuo's face reddened! Lin Yi just remembered the problem with his tone-he subconsciously included Tian Gang in it!

"Haha, that's right ..." Lin Yi just opened his mouth, and tianshuo didn't want to.

"Don't say anything, I'm going to kick you!" Tian Gang glared at Lin Yi, embarrassed.

"Tell me, tell me, Shu loves stories! Hey, Big Dipper, if you want to be little little little little X100 's wife, you have to listen to your sister Shu!" Yushu said.

"I ..." Only then did tianshuo remember that there were a bunch of Lin Yi's wives here. He couldn't do anything alone and lowered his head helplessly.

"Alright, shield bro, hurry up and tell us!" Little Shu called.

"Hehe, it was during the sky elixir sect's trial. At that time, we didn't know that she was the young sect master of the sky elixir sect. The two of us barely escaped death in the five demons mountain range where the Dragon of five evils lives!" With that, Lin Yi told everyone about his encounter with Tian Gang. There was nothing to hide-it was normal for two people to develop feelings for each other in that kind of environment.

"Oh, so shield bro already knew the Dragon of five evils! I was wondering why the Dragon of five evils seemed to listen to shield bro. Haha, Kang Zhaoming and Zhong pinliang, those two big idiots, they're screwed!" Yushu burst into laughter.

Lin Yi didn't dare to drive straight into the village-that would be too shocking. Bringing so many pretty girls home would be like a tourist group, and people would see him as a monster!

Lin Yi could only stop the car in a small town closest to the village and find a hotel to stay in. He'd have goudan bring old Lin over!

All the girls were excited to see their legendary Grandpa Lin Yi, and they all asked Mengyao, Yushu, and Tang Yun for advice ...

But old Lin was very kind, as if he'd expected this scene. He just laughed and chatted with everyone, and Lin Yi breathed a sigh of relief when he saw the happy atmosphere.

He told goudan, Yuanyuan, and old Lin to stay, and left after telling everyone that he had something to do.

This was Lin Yi's fourth time opening the stone door, and he was extremely excited. He stood in front of the Xuanyuan cave and was filled with emotions!

But it wasn't night time yet! And the stone door couldn't be opened before evening. Lin Yi tried it, but it didn't open.

It seemed that the condition to open the stone door at night had not changed since the fourth opening! This was within Lin Yi's expectations, but he wouldn't be at ease if he didn't try again!

Chapter 3540 The Cave Adventure (1)

It was still early, and Lin Yi decided to calm himself down and wait for the night to fall. He was already a Sky Class full master, and he didn't need to train anymore. His current bottleneck was the heavenly Dao, but it wasn't that easy to break through. Even landing on a Sky Class Island might not be enough to break through, let alone in the mortal world!

So Lin Yi didn't try to waste his time, and decided to rest quietly.

As the night fell, Lin Yi stood up slowly and walked towards the cave. He stopped at the stone door in front of the cave and placed his hand on it, channeling the art of Dragon mastery!

With his previous experience, Lin Yi was very familiar with this step. After the stone door recognized him as its master, it slowly rose up, and the familiar first floor of the Xuanyuan cave was revealed to Lin Yi!

The scene behind the stone door was similar to the last time Lin Yi was here. He didn't stay for long and walked to the second stone door at the back of the hall. Just like last time, he activated his practitioner's Arts and the second stone door slowly opened!

The third stone door was also the most important stone door! Lin Yi walked over and stopped in front of the stone door.

Just like the second stone door, the third stone door slowly opened after he activated the mantra!

Lin Yi walked in and didn't look at what was inside the stone door. He came to the fourth stone door, which was the most important stone door! Lin Yi walked over and stopped in front of the stone door.

In front of the stone door, there was also a stone tablet standing on the side of the door. On it, there was a passage engraved in seal script: "Stage three top class, weapon in hand, and strike the door with it. Only then can you enter!"

Three levels of completion meant that the art of Dragon mastery was at the peak of the third level. Lin Yi took out the heaven-grade staff he made before, took a deep breath, and started channeling the practitioner's Arts. This time, Lin Yi was channeling the practitioner's Arts at full speed without holding back. At the same time, he poured his Qi into the staff and slammed it into the door!

"BOOM!" The force of Sky Class completion, coupled with the full operation of the chant, all the genuine Qi hit the stone door, making a loud bang!

Lin Yi was about to raise his hand and put the staff away, but to his surprise, the staff seemed to be stuck to the stone door, and he couldn't lift it!

Hmm? Lin Yi blinked, but he recalled his previous experience-his hand was stuck to the stone door, too. Perhaps this was the stone door's test as well! Lin Yi took a deep breath and let the staff stick to the door!

What happened next was within Lin Yi's expectations. He didn't even need to activate his practitioner's Arts anymore-it was as if it was activated automatically, and Lin Yi's Qi was slowly flowing into the stone door through his staff!

But with his past experience, Lin Yi didn't panic at all this time. It was the same every time, so he faced everything calmly.

As time went on, the Qi in Lin Yi's body became less and less until it all went into the stone door. Then, the Qi that went through the stone door flowed back into Lin Yi's body.

Unsurprisingly, the pure Qi was the same as last time, purer than before. The stone door helped Lin Yi complete the filtering again, and then the energy flowed back to the stone door again, going back and forth four times!

Finally, the fourth stone door let out a loud "boom" and the energy flow between Lin Yi and the stone door stopped. The stone door started to rise up slowly ...

"Hu!" Lin Yi let out a long breath. It seemed like the fourth stone door was opened the same way as the first two.

The stone door opened, and Lin Yi didn't want to waste any more time. He had to leave the cave before dawn, or he'd be locked inside. Of course, he could leave the next day, but he'd have to wait another day at most.

It was just that Lin Yi's time was a little tight right now-the five elements sect could summon the practitioners back for a Sky Class meeting at any time, so he had to hurry.

Just like behind the third stone door, it was a very simple room. There was still no light source in the room, but it was still as bright as day.

In front of the stone room, there was a small high platform. On the high platform, there was an ancient-looking small box. Other than that, there was nothing else in it!

Lin Yi wasn't happy or disappointed at all-there was nothing but a box, and that was within his expectations, but he'd always hoped that he'd come across something he didn't expect.

It was always a small box, and Lin Yi was already used to it!

He walked up and took the box down.

The small box was as light as a feather, and it was similar to the one before. It seemed that there should be something like a mental cultivation technique or a forging method inside.

After putting the box away, Lin Yi raised his head and looked around the room. He wanted to see if there was a fifth stone door, but to his disappointment, it was probably the last stone door.

This was because there was no fifth stone door in the stone room. There were only empty and smooth stone walls. It seemed that he had no way out.

His path in the common world was probably pretty much over-if everything went as planned, this would be the last time he'd come to the Xuanyuan mansion. There probably wouldn't be any more encounters in the future-what would there be on Sky Class Island?

But Lin Yi didn't think that the Xuanyuan cave would still exist-it was probably related to old Lin, after all. Who else could he rely on? He could only rely on his own two hands!

"Elder Jiao, this is the last stone room. Your memory should be unlocked, right? What's the follow-up?" Lin Yi took a deep breath and asked.

"That's right, this is the last stone gate, there's no more! "As for my memories ... I just remembered them, and they're actually limited. The days I'll be with you won't be long, because my mission has been completed!" Elder Jiao said word for word.

"What? Mission accomplished? You haven't even said anything yet. Who are you, Where do you come from, and now that the stone door is gone, where should I go in the future?" Lin Yi fired off a barrage of questions.

"Who am I
