### Chapter 3541 The Cave Adventure (2)

"However, I only have a small part of my original body's memories. The rest of my memories have not been solidified. I don't know even if you ask me." "If you really want to ask, then I'm afraid I'll only show up when you reach a certain level!" Elder Jiao said.

"Appear again?" "You're leaving?" Lin Yi blinked.

"I'm not leaving. I can't explain it clearly. You'll know when the time comes." Elder Jiao said.

"Alright," he said. Lin Yi knew about elder Jiao's personality-there were things he wouldn't tell you if he didn't tell you, and he probably didn't even know himself."Then what's in this small box?"

"It's nothing. You can go back and see for yourself. Why are you asking me?" "Now, you basically know everything I know," elder Jiao laughed. "My mission is complete."

"Alright," he said. Lin Yi sighed and left the cave. There was still some time before dawn. He sat cross-legged at the entrance and waited for the sky to light up. He waited until the stone door was completely closed before he left and returned to the inn.

Although there was nothing left in the Xuanyuan mansion, it was still a memory of Lin Yi 'S. He didn't want anyone to find or destroy this place. He only left after the stone door was completely closed.

Lin Yi returned to the inn-it was time for him to leave. He said goodbye to old Lin. This time, he might be away for a few months, or even a few years. It all depended on how well things went on Sky Class Island.

However, old Lin was very supportive of him going to Sky Class Island. Lin Yi told him his decision, and old Lin only nodded with a smile, "Very good. You didn't have anyone to rely on in the common world, and you've been able to make a name for yourself on Sky Class Island with your own strength!"

Lin Yi didn't actually mention that Liju was his support, but he didn't know if he'd be able to meet him in the first place, or if he'd be qualified to meet him at his level.

Perhaps only after he reached a certain level would this backer be useful? Previously, he had to rely on himself!

What Lin Yi didn't know was that he was the same in the secular world. In the later stages, when he reached a certain level, Lin Dongfang only appeared once and helped him deal with the unexpected factor, the blood-clad yellow spring sect. Other times, he still relied on himself!

After bringing the girls back to Yanjing city, Lin Yi didn't stay in Donghai city anymore. He went to find Feng Tianlong and song Lingshan. He wanted to cure the two of them and then gather all his followers in the secular world for a meeting to discuss and arrange everything after he left!

Saving Feng Tianlong and song Lingshan and raising their strength to Sky Class late phase peak wasn't hard for Lin Yi. He was still worried about the materials for the Qi gathering pill, but now that he had Tian Ji as the young master of the sky elixir sect, he had all the materials he needed.

Lin Yi gathered the rest of his men who weren't going to Sky Class Island, even Dafeng bro and kun cun!

Lin Yi needed to get these lackeys to know each other so they could help each other and unite against a common enemy!

Some of these lackeys knew each other, but some weren't familiar with each other. But with Lin Yi, the soul of the group, these people could all gather together!

Lin Yi said that he might be gone for a few months or even a few years. He wanted these people to stay united and not cause trouble, but they shouldn't be afraid of trouble either. They had to be under the control of Song Lingshan's supernatural investigation Bureau!

Naturally, these people didn't say anything and just agreed. In their eyes, Lin Yi was a god-like existence. He raised them all to Earth Class late phase peak, and then gave them so many Qi gathering pills to level up-this was too much!

Xiaobo and fatty Lai were here as well-they knew that leveling them up wouldn't be of much use, but Lin Yi still did. He'd leveled Ruoming up to Mystic, but he didn't give him anything higher-he didn't need that much strength at his level anyway!

After that, Lin Yi bade farewell to Sun Jingyi, Yang Qiqi, Xu Shihan, Cheng Yiyi, and Ying Ziyu one by one! But Lin Yi suddenly remembered Chen Xi and turned to look at Tian Gang, "Tian Gang, where's Chen Xi?"

"She's doing great. Tiandie's taking care of her, and she's called Tianxi now. I'm going to take them with me when I go to Tianjie Island. " Tian Gang said.

"Uh, who's Tian die? And Chen Xi's already a Paragon??" Lin Yi was a little shocked. How long had Chen Xi been gone for?

"I've eaten small Qi gathering pills, medium Qi gathering pills, and so on until I've reached the middle stage of the earth Class. But don't you have a whole bunch of Qi gathering pills? If I bring some back, won't I be able to become a Paragon?" "As for Tian die, she's the one who went to your house to save you. She's my personal maid," Tian Gang said indifferently.

"I see ..." Lin Yi was speechless.

With everything settled, it was time for Lin Yi to return to the five elements sect Inn. The five elements sect hadn't gathered everyone yet, but it was still good for Lin Yi to wait for them!

As for Tang Yun, Lin Yi had already found a way, but he didn't tell them yet. This involved his biggest secret, the Jade space!

Secondly, Lin Yi wasn't ready yet, and it was too early to say it!

From behind the fourth stone door, Lin Yi took out a small box. There were two scrolls as well-one was the chant for the fourth stage of the art of Dragon mastery, but it said that one could only practice it after breaking through to the sky Realm! When breaking through to the heavenly Dao, it could play a supporting role in the breakthrough!

Cultivation below the heavenly Dao was ineffective, and the lightest consequence was Qi deviation, and the worst was death from body explosion! The art of Dragon mastery also had a cool name-the glorious heaven-seizing!

Of course, Lin Yi wasn't stupid enough to test it out. Although he could train when he broke through to the sky Realm, when would that be considered? Would it be when he consumed the heaven's path golden pill, or ...

All of this was still unknown, and Lin Yi didn't dare to try it. If he went into Qi deviation now, it would be terrible! So, Lin Yi decided to ask elder Jiao when he had the chance! Lin Yi didn't even have the chance to enter the Jade space to chat these past few days.

The second silk scroll, on the other hand, was about refining the space in the Jade, and what was written in it surprised Lin Yi!

Chapter 3542 People From Sky Class Island

After refining the Jade, he could let others enter the space as well, not just Lin Yi! Of course, it was his essence spirit that had entered, not his body!

However, there was a prerequisite, and that was that they had to be extremely loyal to Lin Yi, with no bad intentions at all. Even if they had bad intentions, they couldn't enter the Jade space!

And this wasn't Lin Yi's decision, it was the Jade space's decision! After all, it was only his essence spirit that entered the Jade space. If he had any ill intentions, he could very well turn the tables on him. As for the details, Lin Yi didn't know because the refinement manual didn't explain it!

It only meant that those who were not absolutely loyal could not enter the Jade space! However, Lin Yi didn't see any problem with Tang Yun. Her feelings for Lin Yi were extremely deep. In order to make Lin Yi not suffer, she would rather suffer! Wasn't such a person loyal enough?

She must have been able to pass the test through the Jade space, right?

As long as Tang Yun could enter the Jade space to cultivate, she would be able to break through to the full circle state in a matter of minutes. After all, she had already reached the bottleneck!

As for the energy stone, Lin Yi had thought about it before and tested it on Tang Yun, but the results were minimal. After all, Tang Yun's practitioner's Arts were different from Wang Xinyan and Zhang naipao-they could actively absorb as much as they wanted, but Tang Yun could only absorb passively. The energy stone would provide more energy than the natural Qi, but it wouldn't be too much-it definitely wasn't enough for her to break through to the full circle state.

And so, only the Jade space could do anything. Lin Yi brought the girls back to the five elements sect Inn and started refining the Jade space ...

At the same time, in patriarch xuanchen's room in the five elements sect, there was a handsome man with long hair dressed in ancient clothing. He looked very warm and gave off a sunny feeling. However, his eyes carried a faint gloominess, making one feel awe at first glance and not look down on him just because of his appearance!

"Libation Nantian, your subordinate has done as you ordered and is ready to hold the heaven class meeting!" At this moment, patriarch xuanchen was actually kneeling on one knee! If there was anyone present, they would definitely be shocked!

The high and mighty acting sect leader of the five-elements sect, patriarch xuanchen, was actually treating the person in front of him like this! As the founder, organization, and executor of the Sky Class Island Plan, the five-elements sect was known as the number one sect in the ancient times. It was a rather impressive existence, and all ancient sects who wanted to become the heavenly Dao had to show the ancestor xuanchen utmost respect!

However, patriarch xuanchen was as careful as a servant.

"En, this King came here because the middle Island Lord asked me to be in charge of guiding the disciples of each Island." The man in the ancient costume nodded. "Xuanchen, you've done well. When the time comes, you will follow me and be my subordinate."

"Thank you for your support, Chancellor Nantian!" Patriarch xuanchen was overjoyed! Chancellor Nantian was obviously an important figure on Sky Class Island. Otherwise, he wouldn't have come to the secular world as a guide to contact him!

Ancestor xuanchen was worried that he would not have any backing on Sky Class Island. If everyone else was stronger than him, he would be screwed. In the end, Chancellor Nantian came to his door! This was a great opportunity!

"En, just do your job well, this Lord needs some vicious and intelligent subordinates." Chancellor Nantian chuckled and said indifferently.

"By the way, libation Nantian, speaking of viciousness, my disciple is also a Dragon and a Phoenix. Do you think he can learn from you?" Patriarch xuanchen quickly recommended Zhaoming to libation Nantian.

"I can't do that. It's already my limit to take you away! As for where the Sky Class island's newbies go, the teleportation formation will decide it-I have no right to interfere. This is the rule of the Sky Class Island, and not even I can interfere!" Said Chancellor Nantian.

"I see!" The xuanchen elder was a little disappointed-it seemed like Zhaoming could only rely on himself.

"En, the Sky Class Island Plan is going well, right? Because there's only one newcomer from the secular world who comes to the sky Island every thousand years, our Middle Island owner takes this very seriously. Back then, the sky island's newcomer, master Zhang Liju, came from your five elements sect in the secular world, and now he's a figure of the five islands, even the middle Island owner has to be respectful to him! I hope that someone like that will appear in your mortal world this time. Don't let our Middle Island Lord down!" Said Chancellor Nantian.

"Haha, I think Kang Zhaoming has the potential! Zhang Liju's martial ancestor is a pill master, and so is Zhaoming. His potential is limitless, and I think he can make the middle Island Lord happy! Oh, Zhaoming's my disciple!" Patriarch xuanchen hurriedly explained.

"Oh? Was it? That's good! However, is this the only Alchemist from the secular world?" Asked Chancellor Nantian.

"Of course not-my senior has another disciple called Tian Ji, and he's also an Alchemist, but he's not that strong. His brother's better at alchemy, but he'll definitely go to Sky Class Island. I think there's another two solo cultivators, a man and a woman, but they're a cheating couple." Said patriarch xuanchen.

"Adulterous couple? What do you mean?" Asked Chancellor Nantian.

"She's just a rogue cultivator who thinks she's so good at acting tough. She's always acting tough. That woman is her woman!" "By the way, Chancellor Nantian," ancestor xuanchen said. "We have to be on guard against that kid when we go to Sky Class Island. He's not only pretentious, but he's also strong. He's our sworn enemy. I'm afraid he'll continue to go against us when we get to Sky Class Island ..."

"He still dares to go against us on Sky Class Island?" Chancellor Nantian laughed arrogantly, "Hahahaha! That's the funniest joke I've ever heard. If he dares to make trouble, I'll send him into the sea with a slap!"

"Oh? Oh right, I forgot-that Lin Yi may be acting cool in the common world, but he's nothing on Sky Class Island!" Patriarch xuanchen said in a flattering manner.

"Don't worry, you'll follow me when we get to Sky Class Island, and you'll be awesome!" Chancellor Nantian said arrogantly.

"Then I'll have to thank you, Chancellor Nantian!" Patriarch xuanchen was greatly relieved. From what Chancellor Nantian said, he should be doing very well on Sky Class Island.

"Okay, then you can call for the Sky Class meeting. The inheritors don't need to participate in the meeting. When the time comes, we'll all gather together, and I'll tell them about the things they need to pay attention to." Chancellor Nantian said indifferently.

"Ah?" Ancestor xuanchen was stunned. Why aren't they participating in the meeting of the heaven class?"

Chapter 3543 You're So Meddlesome

"Heh ..." Chancellor Nantian made a throat-slitting gesture and said indifferently, ""You'll know when the time comes. "

"Alright, alright!" Patriarch xuanchen was shocked. What did this mean? Dead? But Chancellor Nantian didn't say much, and he didn't dare to ask. This was better, though-he'd planned to target Lin Yi at the meeting and announce something bad. It'd be a blow to Lin Yi, but he was afraid of his retaliation!

After all, the inheritors were on Lin Yi's side. It was fine to force them, but it wouldn't be fun if they were on the same side as Lin Yi! But now, all of the inheritors weren't going to the Sky Class meeting, and Lin Yi was all alone!

None of the participants would support Lin Yi-they were all doing this for their own benefit, especially with the two demons pinliang and naipao leading the way! There was no way they'd go against Lin Yi!

After all, Zhong pinliang and Zhang naipao weren't just for show-they'd kill whoever didn't like them! These two people were existences that even patriarch xuanchen had a headache over! If pinliang's pressure caused him to lose his defense, and naipao used his wasp absorption Arts on him, he'd be in danger!

And so, this was why naipao decided to show his goodwill to the everyday and every day sect as soon as he recovered!

"Alright, go make a public announcement and tell the participants to come back. Prepare to land on Sky Class Island!" Said Chancellor Nantian.

"Yes!" "Yes," said patriarch xuanchen hurriedly.

"Okay, then I'll go rest." Said Chancellor Nantian.

"Alright, please!" Said patriarch xuanchen.

After that, Chancellor Nantian directly passed through the wall in front of patriarch xuanchen! With a "whoosh," he disappeared! However, patriarch xuanchen seemed to be used to it and did not show any surprise at all ...

The Jade was made in the same way as last time, but Lin Yi now could get whatever materials he wanted from the inheritor's sect, especially Tian Gang's sky elixir sect, they had everything they needed!

And so, materials weren't a problem. Lin Yi had already successfully made a heaven grade weapon, so upgrading the Jade space was a piece of cake!

In just one night, Lin Yi had successfully condensed it, and he called Tang Yun to his room.

"Lin Yi, what are you doing here so early in the morning?" Ever since Tang Yin found out that her practitioner's Arts were about love, she didn't have as many taboos between her and Lin Yi, and Xue Li wouldn't interfere anymore.

"I'm looking for you to sleep. " Lin Yi said.

"Sleeping?" "What do you mean by sleep?" Tang Yin asked.

"Sleep with me, now." Lin Yi said.

"Ah?" Tang Yin's eyes were wide open, her face red as she looked at Lin Yi. "What are you talking about?"

"You'll be able to break through if you sleep with me," Lin Yi smiled. He was just teasing Tang Yin.

"I broke through after sleeping with you?" "How's that possible?" Tang Yin was dumbfounded.

"Hehe, it's actually like this. Sit down and I'll tell you slowly." Lin Yi was about to tell Tang Yin about the Jade space-she wasn't an outsider, after all, she was his first real girlfriend, and she'd be entering the Jade space soon. "Do you know why I'm cultivating so quickly?"

"I don't know. Don't we have the energy stone and Wang Xinyan?" Tang Yin asked, confused.

"Uh, Wang Xinyan's late-game, I'm talking about early-game," "I relied on the Jade space in the early stages!" Lin Yi said.

"Jade space?" Tang Yin looked at Lin Yi, troubled. "What Jade space?"

"It's a place where I usually cultivate. You can enter it when you're asleep." "But first, you have to be with me and hold my hand!" Lin Yi said.

It wasn't that Lin Yi was trying to take advantage of Tang Yun, but it was the truth. For others to enter the Jade space, they had to hold hands. Of course, this was only the first time. After the Jade space recognized its owner, Tang Yun would be able to enter on her own the next time. As long as she was within Lin Yi's range, she could send a request signal to Lin Yi, and Lin Yi would agree to it. Then, Tang Yun could enter the Jade space herself!

The first time, he relied on the Jade to determine if the person was loyal to Lin Yi, but the second time, he had to rely on Lin Yi to determine. The Jade didn't stop him anymore!

"Oh? Is that true?" Tang Yin felt as if she was listening to a holy book-she didn't know what Lin Yi was talking about!

"You'll know when you try!" Lin Yi nodded.

Tang Yin lay down next to Lin Yi, still skeptical. If it weren't for the fact that she trusted Lin Yi completely and knew that he wouldn't use such a method to trick her into sleeping with him, she'd really think that Lin Yi was up to no good!

Tang Yin lay down beside Lin Yi, holding his hand. Her breathing became erratic-this was the scene she'd dreamed of, lying next to Lin Yi and whispering to each other. It seemed so far away to her before, but it felt so real now.

"Are you asleep?" Lin Yi asked.

"En, no!" Tang Yin shook her head. How could she fall asleep? He couldn't be more excited.

"That won't do. If you don't sleep, you won't be able to enter the Jade space!" Lin Yi said helplessly.

"Yes, yes, I'll try my best." Tang Yin closed her eyes.

"Alright then!" Lin Yi nodded.

Finally, after half an hour, Tang Yin fell asleep, and Lin Yi saw her in the Jade space!

Tang Yin needed to sleep, but Lin Yi didn't. He could enter the Jade space directly.

"Ya, where is this?" Tang Yin, who'd just entered the Jade space, was a little scared. It was dark inside, and there was nothing around her. She couldn't see the end at all, and she couldn't see Lin Yi's storage space, "Ya, Who are you?"

Tang Yin took two steps back in shock upon seeing elder Jiao.

"I'm the one who told Lin Yi to save you after you were drugged by Zhong pinliang. " Elder Jiao said proudly.

"Oh, it's you ..." Tang Yin nodded, ""You're so meddlesome!"

"Gah!" Elder Jiao was stunned-he'd been waiting for Tang Yin to thank him, but she said "you're such a busybody "instead! He was going crazy!

"Hahaha!" Lin Yi entered the Jade space and heard the conversation between Tang Yun and elder Jiao. He couldn't help but laugh!

Tang Yin thought that Lin Yi didn't come in because she wasn't asleep yet, but Lin Yi heard her!

Chapter 3544 What Is The Heavenly Dao

This made Tang Yun a little embarrassed. She coughed and said, "Lin Yi, is this the space in the Jade?"

"That's right. Haven't you noticed that the spiritual Qi here is especially dense?" Lin Yi said with a nod.

"Eh? It really is like that!" Tang Yun was too curious to notice the Qi here, but she realized that the Qi here was several times more than the outside world-way more than in the valley!

With that thought, Tang Yin quickly sat down cross-legged and started channeling her merciless tactics ...

All of a sudden, the spiritual Qi in the air gathered towards Tang Yun and formed a huge vortex above her head!

The Qi of heaven and earth was gathering rapidly, which meant that Tang Yun was not far from a breakthrough. The Qi of heaven and earth started to resonate with the Qi in Tang Yun's body. It started to spin faster and faster around her body, and she felt her body temperature rising!

Lin Yi seemed to smell something burning, probably outside the Jade space! Lin Yi couldn't help but smile bitterly. Did Tang Yin burn her clothes when she broke through to the full circle state? It only worked when he took the Qi gathering pill, but it was rare for his clothes to burn during a normal breakthrough. How did it happen to Tang Yun?

Lin Yi was still thinking about it when Tang Yin's clothes started to burn into pieces and fell to the ground.

The room next to the inn!

Chen Yushu, Chu Mengyao, Wang Xinyan and Han Jingjing were chatting. The four of them were the most familiar with each other. Suddenly, they felt a movement in the next room. Their pure Qi was quickly gathering towards it. The fluctuation of pure Qi was huge!

"Is Yunyun about to break through?" Mengyao asked, surprised.

"It's possible!" "Let's go take a look and protect shield bro!" Yushu said with a nod.

"That's not good. What if we disturb them?" Xinyan hesitated-she shared a room with Lin Yi, and she had the key to it as well.

"No way, we're shield bro's closest people. He knows. Let's go and take a look!" Chen Yushu replied.

"Alright," he said. Wang Xinyan nodded in agreement ...

"BOOM!"

What followed was a loud explosion. The Qi in Tang Yun's body was increasing and it finally exploded!

Breakthrough!

Tang Yin's face was a little pained, but she was happy-she'd finally broken through to Sky Class late phase peak!

At that moment, the door of the room was opened!

"Holy sh \* t, shield bro and Tang Yun sis are having s \* x! But how can XO break through? it's so powerful!" Chen Yushu looked at the naked Tang Yin on the bed and started to dance, "It's over, Yaoyao sis, you're falling behind-someone's taking your position as the main wife!"

"What nonsense is this!" Mengyao glared at Yushu, "one person taking off his clothes and you'll ... That, can't you see that Lin Yi's fully dressed?"

"Of course, of course, men just need to pull down their pants!" Yushu said with a serious face.

Tang Yun had just broken through, and she woke up immediately when she heard the noise outside. She came out of the Jade space and saw that she had nothing on her. She was embarrassed when she heard Shu's words. She quickly found a blanket and covered her body, "Shu, don't say that-I just blew up my clothes when I broke through."

"Ohoho, that's good, you still have a chance, Yaoyao sis!" Chen Yushu replied.

"Yunyun, you've broken through?" Mengyao asked, ignoring Yushu.

"En, I've already broken through!" Tang Yin nodded.

Mengyao was surprised-what did Lin Yi Do to make Tangyin break through in such a short time? He was really powerful!

However, as they were talking, Zhaoming's voice came from outside the inn!

"Attention all cultivators, attention all cultivators, the five elements sect is now making an important announcement! [The heaven class meeting will be held at 8 am tomorrow morning at the conference room of the five elements sect Inn. Please attend on time, latecomers will not be invited!] The inheritors will also be holding an inheritor's meeting at 8 am in the open space behind the inn!" Kang Zhaoming shouted.

The trial-takers and inheritors were not in a meeting? Lin Yi was surprised, but he didn't think too much about it as inheritors and practitioners had different duties.

The time quickly arrived at eight o'clock the next morning. The inheritor and Tian Gang were called to the open space behind the inn alone! Perhaps, ancestor xuanchen had already sensed that there was something wrong with Tian Gang, so he did not let her participate in the heaven class meeting!

This way, Lin Yi's position in the meeting would be even more disadvantageous, and it would be easier for the xuanchen ancestor to execute his plans.

In the meeting room, all the practitioners, including Bing Tang, Xue Li, and dark elder who were related to inheritors, were all arranged to the open space below the inn. When Lin Yi entered the meeting room, the atmosphere was indescribably depressing!

Everyone looked at him with weird expressions-Zhaoming had already made the connection, and it was only natural for them to look at Lin Yi with pity. As far as they were concerned, Lin Yi was going to be the sacrifice for the Sky Class Island Plan!

To Lin Yi's surprise, he saw taganlong! This fellow must have been an important part of patriarch xuanchen's plan. Otherwise, patriarch xuanchen would not have taken the risk to find trouble with him and force sun Jingyi to save him!

"Ahem, alright, since everyone's here, the meeting of the Sky Class is about to officially begin!" Ancestor Xuan Tian entered the meeting room after Lin Yi, with Kang Zhaoming following behind him. However, to everyone's surprise, he and Kang Zhaoming sat on the two sides of the meeting room, not in the middle!

Could it be that there were more distinguished guests coming? This caused all the cultivators to whisper to each other. They wanted to know what had happened and who was more powerful than the five elements sect? How was that possible?

"Silence!" "Let's give a round of applause to the emissary from Sky Class Island, Chancellor Nantian!" Zhaoming's face turned serious.

The so-called "Chancellor" was a position similar to a teacher on Sky Class Island. The position could be big or small, but Zhaoming could tell from the guy's cocky attitude that he was a powerful person. He didn't look old either, only in his forties!

He looked like he was in his 30s, and he probably had a bright future on the Sky Class Island. Otherwise, he wouldn't have been sent to the secular world for a mission!

Just as everyone was stunned, not expecting someone from Sky Class Island to show up, a black figure appeared in the meeting room with a whoosh. He came and went without a trace, without any warning at all-no one knew where this guy came from!

"Primordial spirit?" Lin Yi looked at the person and was a little surprised. This person wasn't a physical body, but something like a spirit. A normal practitioner wouldn't notice this, but Lin Yi had been dealing with two spirits all day. Naturally, he could tell this person's attributes with one look!

Chancellor Nantian had just sat down when he heard someone say that he was a primordial spirit. He snorted coldly, ""Who is this little brat? You actually dare to criticize me? Xuanchen, is this the quality of you cultivators from the secular world?"

"Lord libation of Southern Heaven, please calm down!" Kang Zhaoming laughed coldly in his heart. This Lin Yi sure was lucky. He offended Chancellor Nantian as soon as he arrived? However, he didn't know that Chancellor Nantian had already received a hint from ancestor xuanchen. Even without this incident, he would still target Lin Yi, ""This guy's an unorthodox practitioner called Lin Yi. He's a poser, so just ignore him. Someone like him will die on Tianjie Island!"

"That's right, Kang Zhaoming's right. Don't think that you're all-powerful in the common world, but you're nothing on Sky Class Island. You're the lowest of the newbies on Sky Class Island, the same as all the other newbies. If anyone thinks they're all that, then I don't even need to do anything-they'll die a horrible death!" Chancellor Nantian nodded, "that Lin Yi, do you think you can act so arrogantly just because I'm an essence spirit?" Alright, I'll remember you. My primordial spirit clone isn't much, but don't let my main body run into you when you go to the Sky Class Island, or you'll die a horrible death!"

Lin Yi didn't think that his casual words would attract so much hatred from this Chancellor of the southern sky. Wasn't this a little unrealistic? Could it be ... That Chancellor Nantian had made some secret agreement with patriarch xuanchen and Kang Zhaoming? Thinking about it, it should be like this! Otherwise, why would this guy target him?

Lin Yi made a mental note to hide from this libation when he gets to Sky Class Island. He will find a chance to kill him later.

"Haha, Chancellor Nantian, don't lower yourself to his level. Next, let's talk about what we need to take note of when we go to Sky Class Island." Kang Zhaoming laughed as he said in his heart. As far as he was concerned, Lin Yi's death was already in the countdown!

Even if Lin Yi didn't do anything, he'd still be dead once they reached Sky Class Island.

"Well, the first thing I want to talk about is the heavenly Dao. What is the heavenly Dao?" Chancellor Nantian's words made everyone hold their breath, including Lin Yi!

Everyone had heard that above the sky Class was the heavenly path, but what exactly was the heavenly path? No one knew! No one knew whether the heavenly Dao was a level or a general term!

Therefore, everyone was ready to listen to Chancellor Nantian's explanation.

"The so-called heavenly Dao is the pursuit of the heavenly Dao. What is the heavenly Dao? It's a path to the heavens, and to reach the heavens is to cultivate immortality!" Chancellor Nantian said, "all of you are the strongest among humans now. However, in the end, you are still humans. Your cultivation is only to refine your body and Qi. What the heavenly Dao pursues is cultivation! "If you are cultivators now, then above the heavenly Dao are cultivators! And right now, you are only equivalent to the Qi refining stage in cultivation. Only when you truly step into the foundation building stage can you be considered to have started cultivation! It was also the beginning of the heavenly Dao! At that time, you'll realize that you'll become stronger than ever!"

Chapter 3545 Heart Cultivation Pithy Formula That Doesn't Exist

The words of Chancellor Nantian shocked all the cultivators present! It turned out that the heavenly Dao was immortal cultivation. This was a legendary existence! It turned out that it could really be realized! And cultivators were equivalent to cultivators in the Qi refining stage. Thinking about it, it made sense!

After all, cultivators cultivated true Qi. Wasn't this the Qi refining stage? However, what they couldn't accept was that their prideful strength would be nothing if they went to Sky Class Island.

Would there be a lot of experts? Or ... Were experts like Chancellor of the southern Heaven just a minority? They didn't dare to ask these questions-after all, they'd learned from Lin Yi's experience.

"Next, according to the rules of the previous years, I will give everyone the mantra of cultivation!" Chancellor Nantian's words made everyone in the meeting room breathe rapidly!

A cultivation mantra? Didn't that mean that everyone could break through to become a heavenly path expert by cultivating this chant? In other words, they would become the so-called Foundation Stage experts?

If that was the case, then ... Could he not go to the Sky Class Island and cultivate in the mortal world?

Lin Yi was excited as well-he didn't think that there really was a heart chant for breaking through to the sky!

Looking at the excited crowd below, Chancellor Nantian suddenly sneered and said, "I haven't finished yet, you guys don't have to be happy too early!"

"Ah?" Everyone's joy lasted for less than a minute before they heard Chancellor Nantian's words, which were like pouring cold water on them.

"Although this mantra can allow one to break through to the heavenly Dao, it's an incomplete one. It's not a complete mantra!" "As we all know, every cultivator can only cultivate one mantra. If they want to cultivate other mantras, their strength will be completely crippled at best, or they'll go crazy at worst!" And when you step into the ranks of cultivators from cultivators, you only have one chance to re-choose your mantra! If you feel that the current mantra is not useful, you can change it, or you can change it to this cultivation mantra passed down from the ancient times. But this mantra has a problem and can only help you break through to the foundation establishment stage. If you want to go further and reach my level, it won't work! There's no doubt that this chant is just for show. If the practitioner tries to force himself to practice it above the Foundation Stage, he'll go crazy and become an idiot. There's an example on our sky-class Island-the Vice-Island lord of the sky-class Mid Island, Tian Xing, has become an idiot because of this useless chant! You can follow in his footsteps!"

After hearing this, everyone trembled in fear! Even the Vice Island master of the Sky Class island within an island became an idiot? Then this mental cultivation method was really useless! The people who originally wanted to give it a try all lost interest at this moment.

Although they didn't know what a sky-class island within an island was, the Vice Island Master title was already scary enough.

"Then may I ask senior Nantian, our practitioner's Arts all stop at the peak of the Sky Class-if there's no more practitioner's Arts after that, we'll have to change it! Even though our own cultivation methods are quite handy now, we can't continue. " Pinliang asked.

"Not bad, that's a good question!" Chancellor Nantian nodded,"after you come to Sky Class Island, you'll have a chance to obtain the continuation of your original cultivation method. Your cultivation method

may be a secret to you, but it's no secret on Sky Class Island!" Other than some very unpopular ones, like the chrysanthemum Arts that some of you practice, I can find everything else! But the chrysanthemum Arts should be able to be trained further as well, as long as you know how to break through to the heavenly Dao. "

"I see. Thank you for your explanation, senior Nantian!" Pinliang nodded.

"Alright, xuanchen, distribute the breakthrough mental cultivation method!" Chancellor Nantian said, "this thing is just a formality. It has been a rule for thousands of years. However, I suggest that you throw it away directly. Otherwise, hehe, you'll be making a mistake. Don't blame me for not warning you!"

"Yes!" The xuanchen ancestor nodded and passed a stack of printed mantras to Zhaoming for him to distribute!

Zhaoming sent out the chant before returning to his original position.

Most of the cultivators did not even take a look before tearing it up. They were also afraid that if they could not help but take a look, they would not be able to help but cultivate and suffer from Qi deviation! However, there were also people who threw it away after taking a look. This was something that couldn't help but be curious!

However, everyone either tore it up, threw it away, or left it on the table without touching it. Only Lin Yi picked it up and looked at it with interest!

"Creation battle technique?" Lin Yi took a look at the practitioner's Arts-it was a very Grand one! What surprised Lin Yi was that the style of writing was similar to the art of Dragon mastery's fourth stage, heaven-stealing, but the content was completely different.

So Lin Yi couldn't help but read it carefully.

"Some people are so full of themselves. Do they think they are awesome or powerful? I've already said that this mental cultivation method is trash, and some people still can't help but look at it?" Chancellor Nantian saw that Lin Yi was actually reading it carefully and was a little annoyed. Did he just ignore my words?

"Elder Nantian, please calm down. This Lin Yi is known as the number one pretentious rogue cultivator. He can watch if he wants to!" Kang Zhaoming wanted Lin Yi to die from Qi deviation, "There's a good saying that if you don't seek death, you won't die. If he seeks Death himself, what can we do? Everyone has their own choices!"

"En, but since I've already given you the chant, it's up to you to decide whether you want to read it or not. If you're willing to cultivate it, then I don't care." Chancellor Nantian nodded and said indifferently.

"Yeah, I think it's not bad." Lin Yi took out his phone and flipped to the picture he took of the art of Dragon mastery's fourth stage, the heaven-defying chapter. He started comparing and studying it!

The fourth floor said that you can't use it unless you've broken through to the path of heaven, so Lin Yi didn't bother fixing it! Was the lesson from his Qi deviation small?

Lin Yi's memory was better, and after reading the art of Dragon mastery, he started studying the creation battle tactics. He locked his phone and put it on the table.

However, pinliang's eyes were sharp-he wasn't sitting too far from Lin Yi, and he saw that Lin Yi was studying the phone, as if he was comparing it to something. Could it be that Lin Yi's phone had some good stuff? I'm afraid so! This Lin Yi kid had a lot of hidden cards up his sleeves! He'd suffered so many losses! And Lin Yi always won big every time-it wasn't just luck, either. Pinliang assumed that Lin Yi had something good in his hands again!

Chapter 3546 Arrogant Tagan Dragon

And so, pinliang took the phone from Lin Yi when he wasn't looking!

Lin Yi blinked-he wasn't expecting someone to steal his phone in a situation like this. However, he wanted to take it, but he gave up on it after thinking about it. He just wanted to keep a low profile. If he caused trouble at the meeting, he would fall into ancestor xuanchen's trap and might even be kicked out of the meeting!

There was a lock on the phone anyway, so pinliang couldn't get in even if he took it!

As expected, pinliang was a little disappointed to see the password on the screen. He glanced at the background picture of Lin Yi's phone, and couldn't help but be envious! It was a picture of Lin Yi with the inheritors, Bing Tang, Xue Li, Tian Gang, Wang Xinyan, and Han Jing Jing. The location seemed to be a small village town ...

Eh? Who was this old man? F \* ck!

Pinliang shivered at the sight of the old man standing next to Lin Yi in the picture, almost dropping the phone!

F \* ck, isn't this the dual fiends of the Vajra! Pinliang's eyes were wide open-it was one of the two Vajra evils! Why was he taking a picture with Lin Yi?

Pinliang remembered something all of a sudden-they were called Lin Dongfang, and Lin Yi ... What the hell was he doing! No way?

Pinliang wanted to cry. Was this guy messing with him? He had actually been going against the descendants of the dual fiends of King Kong? This was simply the rhythm of seeking death! Lin Dongfang said he was going to introduce him to the younger generation as a follower-wasn't that the younger generation Lin Yi?

Pinliang's fear of Lin Dongfang was deeply rooted in his heart, and his mind went blank! He had already forgotten what he was doing. The scene of the Mad dragon patriarch being killed by Lin Dongfang in his previous life was still fresh in his mind ...

Lin Yi looked at pinliang discreetly, only to see him staring blankly at his phone as if he'd just been struck by lightning. Did this guy get emotional after seeing Mengyao's picture?

"Alright, has everyone finished reading this mantra? Then let's move on to the next step!" Chancellor Nantian said indifferently.

"That's right, senior, let's talk about the next segment!" Kang Zhaoming nodded.

"The next step is the opening of the Sky Class Island. As everyone knows, the opening of the Sky Class Island is a very difficult task, so it requires the inheritor and the initiator to work together! All inheritors must have the spirit of sacrifice and sacrifice, and do their best to help the initiator resist the pressure of the true Qi from the opening of the sky island's passage! If the inheritor slacks off, then the one who opens it will face unprecedented danger, and all our previous efforts will go down the drain. The Sky Class Island Plan will fail!" Said Chancellor Nantian.

"Ah!" The crowd was in an uproar. They didn't expect this plan to be so difficult.

Lin Yi, on the other hand, frowned. He'd expected the inheritor to be in danger when opening Sky Class Island, but he didn't think that the inheritor would be the protector's bodyguard. Wouldn't that be life-threatening?

"Therefore, in order to ensure the smooth execution of the plan, in order to make the inheritors willingly give up their lives for the enlightened ones, we must take a step." At this point, Chancellor Nantian paused and said, ""That is to let the Enlightener mate with seven inheritors at the same time. I will use a special method to set up a heart-linking lock array. If one wins or losses, we will all lose. If the Enlightener has any problems, then all the inheritors will die! On the other hand, the problem with the inheritor would not affect the Awakener! This was also the reason why the inheritor had to remain a Virgin! Once the inheritors lost their virginity because of their loved ones, the heart-linking lock array would be ineffective. They would only be together with their loved ones for good or bad, and would not have anything to do with the inheritors! And the mating of virgins is a crucial step in the heart-linking lock formation!"

"I don't agree!" Lin Yi didn't think that the inheritor had to keep their virginity for this reason, and he was furious! Previously, he had thought that there was something to say, but he did not expect it to be such a dirty reason!

These inheritors were all the people closest to him. How could he agree to this suggestion?

Zhaoming and the xuanchen elder looked at each other and saw the cold sneers in each other's eyes! I knew Lin Yi was going to jump out. Haha, not only did you offend Chancellor Nantian, but you've also offended all the practitioners. Let's see if you're going to die!

"Lin Yi, are you going to ruin the entire legacy plan for your own selfish desires?" "You're saying that if you don't agree, the Sky Class Island won't open?" the xuanchen ancestor said coldly. And we don't have to go to the Sky Class Island, so Chancellor Nantian came for nothing?"

Ancestor xuanchen was very sinister. His words pushed Lin Yi to the opposite side of all the participants, the opposite of Chancellor Nantian, and Lin Yi had no way to refute it!

As expected, the practitioners all glared at Lin Yi-they were all afraid of Lin Yi and didn't dare to voice their anger, but if someone were to make a call, they'd all gang up on him!

"That's right, Lin Yi, don't be so stingy! I'm just using them for a bit-I'll return them to you after the Sky Class Island opens!" Taganlong looked at Lin Yi, a cheeky smile on his face. He'd been waiting for this moment for a long time!

He'd been taking Lin Yi's hits all this time, and now he finally had a chance to retaliate! Sleeping with Lin Yi's women, that was quite a satisfying thing, especially since Lin Yi didn't even defile them. Didn't that mean she was the first one to do it? Second-hand was already great, let alone first-hand!

Taganlong kept fantasizing about the wonderful scene of pushing down so many inheritors.

"He's the Awakener?" Lin Yi looked at taganlong and asked indifferently, "Why can he be the Enlightener? What was so special about him? Then others can't open it?"

"You? Stop dreaming and fantasize. " Tagan long laughed, "I'm a once-in-a-thousand-years expert in cultivating the five elements!" My body has all five attributes! Only the five elements can open the sky Class island's formation, can you? If an ordinary person went up, they would die immediately! So, Lin Yi, just accept your fate! You're just a loser, you'll never have that fate. People like you only exist as supporting characters in TV dramas and novels! I'm the main character! At that time, I will take care of your woman!

"Don't say so much useless things. He must have his own special features to be able to open it!" "You think anyone can open it?" Zhaoming interrupted. If that was the case, he wouldn't need sun Jingyi to save him!"

"Him? What's special?" "Tell me, maybe I can open it too," Lin Yi replied.

"You? Stop dreaming and fantasize. " Tagan long laughed, "I'm a once-in-a-thousand-years expert in cultivating the five elements!" My body has all five attributes! Only the five elements can open the sky Class island's formation, can you? If an ordinary person went up, they would die immediately! So, Lin Yi, just accept your fate! You're just a loser, you'll never have that fate. People like you only exist as supporting characters in TV dramas and novels! I'm the main character! At that time, I will take care of your woman! Wahahaha, 7p, just thinking about it felt great! "Oh, there's rock Candy too, so that's eight waves ... I like Chen Yushu the most, she's so strong ..."

Chapter 3547 Taganlong's Death

"Oh? Was that so? You're no longer needed here. " Lin Yi looked at taganlong indifferently, a cold light in his eyes. Without any warning, he attacked!

The 15th style of the wild fire Eight Trigrams palm! This was the second strongest move Lin Yi could use now. After breaking through several levels, Lin Yi could already use the fifteenth and sixteenth forms of the palm!

But with the necklace's buff, the 15th move could kill a Sky Class late phase peak in seconds, provided that the target wasn't prepared!

Otherwise, even with the 16 styles, it was hard to say that he could kill the opponent in seconds when the opponent was fully prepared!

"Boom! Boom! Boom!" Taganlong let out a blood-curdling screech as he was sent flying. He smashed a large hole in the wall of the inn and flew out ...

"You ... You actually killed Tagan long!?" Ancestor xuanchen stood up suddenly and looked at Lin Yi in shock and disbelief! He didn't expect Lin Yi to kill taganlong!

After all, taganlong was the one who opened the Sky Class Island-without him, they wouldn't even be able to go to the island. From Lin Yi's situation, he seemed to be very cooperative in opening the Sky Class Island, but why did he go berserk and kill people?

Didn't that mean that they had cooperated in vain? Kang Zhaoming and Chancellor Nantian looked at Lin Yi in disbelief. They didn't think that Lin Yi would do something like this!

Lin Yi's attack just now was way more powerful than a Sky Class late phase peak full master. Taganlong didn't even need to check-he was dead for sure.

It was impossible to save him even if he wanted to, and patriarch xuanchen was a little dumbfounded.

The cultivators present were also at a loss! It's over? I can't go to Sky Class Island? The Awakener is already dead?

"Go! Everyone, attack! Kill Lin Yi, kill the person who ruined our plan!" It was a pity that he couldn't go to Sky Class Island, but the problem now was that he'd maximize the benefits and get these people to kill Lin Yi first!

Of course, Zhaoming's shout made everyone angry at Lin Yi. He knew that taganlong was the Enlightener, and was so important, but he still killed him. He didn't have any respect for the Sky Class Island Plan and the inheritors!

But Lin Yi's strength was there for all to see-who didn't understand the saying "shoot the bird that sticks out"? Which of these practitioners were cowards when they were at the peak of the Sky Class? Their current goal was to advance to the heavenly Dao, not to casually fight to the death with others.

And so, even though Kang Zhaoming's words hit the nail on the head, no one dared to make the first move. They all looked at Zhong pinliang and Zhang naipao in unison!

After all, pinliang and naipao were from the everyday and every day sect, and apart from ancestor xuanchen, naipao and pinliang were the strongest people here. Only when they made a move would the rest of the people attack them!

Naipao, of course, was looking at pinliang-pinliang didn't say anything, so naipao wouldn't say anything either.

Zhaoming was looking at pinliang as well-he'd made a promise to Lin Yi that he'd be on Lin Yi's side if he tried to stop the Tianjie Island Plan.

"Ah? Why are you all looking at me?" Pinliang was still in shock, lost in his painful memories. He didn't know what was happening!

"..." Kang Zhaoming was speechless! Brother, what were you doing just now? Playing with the phone? You're still playing with your phone at a time like this? But he was still hoping for pinliang to call for everyone to attack, so he explained patiently,"Lin Yi didn't want his woman to have a relationship with taganlong, the founder of Sky Class Island, so he killed taganlong ..."

"Oh, well done!" Pinliang said immediately.

"Gah!" Kang Zhaoming's eyes were wide open as he looked at Zhong pinliang in disbelief. He thought that he had heard wrong!

"What the hell are you doing, patriarch crazed Dragon?" The xuanchen ancestor frowned and glared at pinliang. That wasn't what they said before. They said they would kill Lin Yi together. Why did they go back on their word?

"Screw your head!" "What's wrong with that?" pinliang said, enraged. If he's not dead, I'll give him another palm strike! What the f \* ck, touching boss Lin Yi's woman?! I'll kill him first! Am I right, Paozi?"

"Ah? "Yeah ..." Naipao blinked, but pinliang was right-he was a little confused, but pinliang was right. Lin Yi was his boss now that pinliang was calling him one. "I'll use my wasp absorption Arts to suck him to death!"

" ? ! ? ? !" Kang Zhaoming looked at the two people in front of him and was dumbfounded. What the hell was going on?

"You, do you think what boss Lin Yi did was right?" Pinliang pointed at the nearby fighter.

"Uh ... Yes!" Boxer WUFA nodded.

"How about you? Do you think it's not a good kill?" Pinliang pointed at a random foreign master.

"Good, very good!" The foreign expert hurriedly said.

"En, how about you? Pretty little girl?" Pinliang looked at Lingrui and asked. He felt like he'd seen this girl somewhere before.

"En, en, I'll go help too!" Song Lingrui nodded.

"Xuanchen, Zhaoming, there's no problem. You see, everyone's in favor of boss Lin Yi killing taganlong!" Pinliang shrugged, a big smile on his face.

"You ..." Ancestor xuanchen was fuming. This was a sign of a complete rebellion! "Chancellor Nantian, what do you think ..." He turned to look at Chancellor Nantian.

"They're rebelling! This was heaven-defying! But I don't care anymore-if you don't want to go to Sky Class Island, then I'll go back. The cultivators of the secular world are indeed of low quality! What the hell is this!" Chancellor Nantian shook his head.

"Lin Yi, what do you want? Do you know the importance of Tagan Dragons?" Patriarch xuanchen was furious! Although she still had Tian Huan as a backup, Tian Huan had four real and one virtual attributes. Although she could barely replace them, the most important thing was that she was a woman!

This was also the flaw of the spy that patriarch xuanchen had been worried about all this time! Tian Huan and those inheritors were not related, so those inheritors might not go all out! Even if Tian Gang and Lin Yi had a good relationship, she wasn't Lin Yi. The inheritor might not risk his life to protect her!

Therefore, patriarch xuanchen was a little mad at this moment! He had thought that he could stop using his spies, but he didn't expect that he had to use them! However, there was no other way. Even if there were flaws, he had to use them.

Chapter 3548 I Also Have A Five-Element Constitution

"I know, but it's not irreplaceable. Can't we just change it?" Lin Yi said faintly.

"Hu ... You mean Tian Huan? Tian Huan is a woman and can't use the heart-linking lock formation. How can you guarantee that the inheritors will do their best to protect Tian Huan?" Since he couldn't do anything to Lin Yi, and these people were rebelling with Zhong pinliang as their leader, he had to take a step back and discuss things with Lin Yi calmly. Otherwise, no one would be able to go to Sky Class Island.

However, patriarch xuanchen clearly had a better one, so why did he use a second-rate one? Previously, taganlong had been crippled, so he had no choice but to settle for second best. But now? Taganlong was fine, but Lin Yi killed him!

"It's not only Tian Ji who is a cultivator of the five attributes ... Actually, I'm also one. " Lin Yi said faintly as he started channeling his Arts. He condensed a ball of pure Qi in his hand, but he didn't release it. Instead, he switched between the seven elements-metal, wood, water, fire, earth, fog, and ice!

"What?" Patriarch xuanchen's eyes widened. He didn't expect Lin Yi to be a cultivator of the five elements, and not just the five elements, but the seven attributes! It was even more powerful than Tagan Long's five elements and five attributes.

The other inheritors, on the other hand, all backed down when they saw that Lin Yi was a five-element practitioner as well. They didn't dare to go against Lin Yi anymore-Lin Yi could open the sky Class Island as the Pathfinder anyway, so who cared if taganlong lived or died?

In their eyes, it was all the same as long as they could reach the sky Class Island.

"Alright!" The xuanchen ancestor was helpless. He didn't want to just let it go, but after thinking about it, taganlong was only of this use. Lin Yi was the initiator, and those inheritors were his girlfriends. He

wouldn't be able to protect him sincerely! This way, the chance of winning the Sky Class Island opening was even higher, almost 100%!

If the inheritor sacrificed himself for the sake of others, the opening of Sky Class Island would not fail.

The inheritors failed because they didn't try their best.

"No wonder he's so arrogant. He does have some capital." Chancellor Nantian looked at Lin Yi and said sarcastically, "But on Sky Class Island, the five elements are useless! Right now, you can only be considered to be at the Qi refining stage, laying the foundation. The real highlight is the foundation building! Only those who have successfully reached the Foundation Stage can be called heavenly path experts and embark on the path of immortal cultivation. Although you are now cultivators, you are still mortals in the end. "

Lin Yi smiled, not saying anything. Foundation ...

"Lin Yi, are you willing to be the one to open it?" Asked patriarch xuanchen.

"Sure." Lin Yi nodded.

"Alright, since that's the case, it's decided. Chancellor of the southern Heaven, please continue the topic of the meeting!" Said patriarch xuanchen.

"Good! When the Sky Class Island opens, I'll personally guide you guys-when I tell you guys to charge, just charge into the entrance. If you're too slow, don't blame me if you can't get through!" When Chancellor Nantian said this, he paused and said, ""There's one last important thing, and that's that when you go to Sky Class Island, it's best if you get your family and friends to send you off. If you want to come back after you go, hehe ..."

"Could it be that if I go, I can't return to the secular world?" Lin Yi asked, surprised.

"He'll definitely come back. How can he not come back? Only an idiotic rogue cultivator like you would ask such an idiotic question!" Chancellor Nantian sneered and said, ""However, with my strength, I can only make my essence soul avatar return under the effects of a secret technique. If my original body wants to come back, I'm not strong enough."

Everyone came to a sudden realization. So it wasn't that they couldn't return, but that those who weren't Almighty couldn't return! As for those Almighties who could return, they probably didn't have any friends or family in the secular world anymore, so there was no point in returning!

"Then ... Grandmaster ... Zhang Liyan, can you come back?" Lin Yi asked after some thought.

"Nonsense! What kind of god art was Zhang Liju-qianbei? Of course, he could come back! You're ignorant!" Chancellor Nantian snorted.

Lin Yi nodded and let out a breath of relief. The medicine cauldron in the tomb must have been taken away by Zhang Liju when he remembered it.

"Alright, that's all I have to say. Get ready, everyone. Get your friends and family to send you off. Tomorrow night at 11:30 pm, the Sky Class Island will officially open!

"Yes ..." Although everyone shivered in fear after hearing this, they were also full of excitement! After all, the path of heavenly Dao was already close at hand!

The crowd dispersed, and Lin Yi, Han Jingjing, and Wang Xinyan went back to their rooms. Meanwhile, Chancellor Nantian went back to his lecture.

Lin Yi muttered to himself, and decided to have Song Lingshan, Sun Jingyi, Xu Shihan, Cheng Yiyi, Ying Ziyu, and Tianxi send everyone off. Wu Chengtian, Pi Zhishan, Pi Zhihai, and a bunch of his lackeys would also come to send him off.

The inheritors had all returned to Lin Yi's room!

Chu Mengyao called Chu Pengzhan and Ye Wan'er, telling them that they would be leaving tomorrow, but with Lin Yi as a bodyguard, there shouldn't be any problems.

Yushu called Yutian, ignoring the Hidden House Yu.

Tang Yun, on the other hand, called her parents, and so did Feng Xiaoxiao. Her mother, Xiao Susu, had woken up, and the cold poison in her body had been absorbed by Feng Xiaoxiao, so Feng Xiaoxiao had nothing to worry about.

Yu Ning, on the other hand, called Yu Bing and house Yu, and mentioned Shu.

Guan Xin, on the other hand, called Guan Xuemin and boss Bai.

Xiaojiu called Qiqi as well.

Everything was arranged properly and everyone went to rest early. Tomorrow was an important day ...

At night, Lin Yi couldn't sleep for a long time. Wang Xinyan and han Jingjing were lying beside him. Tonight, Lin Yi wanted to test out the heaven's PATH Foundation Arts chant called "creation battle tactics"!

Although Chancellor Nantian had said that on the Sky Class Island, there was a vice Island master named Tian Xing Dao who had cultivated the creation battle technique, but later on, because his mental cultivation method was incomplete, he went crazy!

However, just from the fact that he was able to become the Vice Island master of the Sky Class island after cultivating the creation battle technique, it was clear that this battle technique was quite powerful!

It was just that they might not be able to continue on. When they reached a higher realm, their flaws would become bigger and bigger. And the heavenly path sect, unfortunately, went into Qi deviation!

Of course, it seemed that not everyone could practice this mantra. Otherwise, if everyone only practiced half of it, they could become a very powerful master even if they did not continue to practice later on!

#### Chapter 3549 Breakthrough And Ascension To Heavenly Dao!

At the very least, Tian Xing Dao couldn't have just started cultivating when he became the Vice Island master, right? He must have cultivated for a very long time and already possessed a very high level of strength! Therefore, this meant that only the Tian Xing path sect had cultivated this much of this mantra. Others had not even been able to cultivate it.

And Lin Yi wanted to try it too!

Of course, Lin Yi wasn't going to go head to head with Tianxing. He wanted to combine the creation battle technique and the art of Dragon mastery's fourth stage into one! The fourth stage of the art of Dragon mastery was a mantra that could assist in breaking through to the heavenly Dao. If the two were combined, with the art of Dragon mastery as the main, the creation battle technique as the secondary, and the omnipotent mantra from the third stone door as the thread, they would form a new mantra. Wouldn't that be a complete mantra?

With his previous experience, Lin Yi didn't feel that there was anything wrong with the combination of skills. He could level it up along the way, and the power was endless. It seemed that there was no problem with the combination of skills!

So Lin Yi did as he thought-after entering the Jade space, he started using the all-powerful Arts to combine the two arts!

Taking a deep breath, Lin Yi tried to use the all-powerful heart technique and started chanting the fourth tier of the art of Dragon mastery, heaven snatching, and the Fortune battle technique that Chancellor Nantian gave him!

These two arts constantly alternated in Lin Yi's mind, with the omnipotent Arts in the middle! At the start, Lin Yi was just chanting silently, but in the end, the contents of the two mantras automatically circled in Lin Yi's mind!

Then, the order of the mantra's pithy formula began to be messed up. The two mantras slowly combined together and merged into a completely new mantra!

Although Lin Yi knew that the things the Xuanyuan mansion brought out were extraordinary, he was still shocked! This was the rhythm of being able to create his own mental cultivation method!

And this new practitioner's Arts seemed to have been branded into Lin Yi's mind, making it impossible for him to forget it!

What surprised Lin Yi the most was that this newly fused chant could be used as two separate chants, which was quite rare. If he were to train, the art of Dragon mastery would be the main one, and the creation battle technique would be the supplementary one.

If he were to train in reverse, he would use the creation battle technique as the main component and the art of Dragon mastery as the supplementary mantra!

However, Lin Yi had to train properly. After all, his Foundation was the art of Dragon mastery, and the art of Dragon mastery was a heaven-defying art. Lin Yi naturally couldn't put the cart before the horse and give up his original advantage!

Lin Yi named this new practitioner's Arts "battle tactics for heaven's fortune." He calmed himself down and started training in the Jade space ...

Breaking through to the path of heaven was something that needed to be done sooner rather than later-no matter how good the arts were, they could only be effective after training. Now that he had a way to break through to the path of heaven and become a foundation level master, Lin Yi wouldn't waste any more time!

Sky Class Island was full of unknown dangers, so it was best for Lin Yi to increase his strength as soon as possible!

Taking a deep breath, Lin Yi calmed himself down and started channeling the new practitioner's Arts! The pure Qi in his body began to move, following Lin Yi's meridians and circulating ...

All of a sudden, Lin Yi felt like his body and meridians were about to explode! This chant didn't seem to be something Lin Yi could handle with his current strength-this kind of pain was something even a Sky Class full master like Lin Yi couldn't handle!

Lin Yi knew that his tolerance was strong enough, but at this moment, he still couldn't help but feel like he was about to die! However, the process of training was a long one, and no matter how painful it was, Lin Yi had to continue!

He didn't think that there would be a problem with this mental cultivation method. After all, it was converted from an all-purpose mental cultivation method, but the process was too torturous!

The pain lasted for the time it took for an incense stick to burn, and Lin Yi was sweating profusely from the pain. The pain finally subsided, and just as Lin Yi thought that he had gotten used to the new practitioner's Arts and could let out a breath of relief, he felt a sudden jolt in his body.

This feeling was like a true Qi bomb had exploded in his body. Then, he felt an endless majestic effect being released in an instant, spreading to all parts of his body, constantly transforming into extremely pure true Qi, and integrating into his meridians.

Lin Yi thought that as a Sky Class late phase Peak Master, his Qi was already very strong, but only now did he realize that he'd been too cocky. Under the effect of the mantra, the true Qi in his body had more than doubled in just a few breaths, and it was still rising!

Even the Qi gathering pill would not have such a magical effect!

After the Qi in his body exploded, Lin Yi very quickly touched the barrier that was similar to the one before he reached the levels of sky, earth, black, and yellow. His current state was like a bottle filled with water-no matter how much water he poured in, it would only spill out from his mouth, and the bottle wouldn't be filled with any more water.

And if he wanted to go up a level, there was only one way, and that was to change to a bigger bottle!

This should be the critical moment of the breakthrough! However, Lin Yi felt that he was missing something! Lin Yi didn't have a bigger bottle, but he knew that if the water flow reached a certain level, the bottle would break!

No, he had to work hard! Lin Yi suddenly thought of Wang Xinyan beside him. He pulled her over and held her in his arms!

At this moment, a huge force suddenly appeared in Lin Yi's body from who knows where. It overbearingly hit every vein, and wherever the force passed, no matter big or small, the veins swelled up. At the same time, the barrier that he had touched earlier began to melt slowly.

"He broke through the barrier just like that?" The process was so smooth that even Lin Yi himself found it hard to believe, but the Qi that kept rising in his body clearly showed that the barrier had been broken by the sudden burst of strength!

After breaking through the barrier, Lin Yi could clearly feel that the pure Qi in his body was a lot purer and richer than before.

Chapter 3550 Zhong Pinliang As A Follower

His entire person seemed to be different. The Lin Yi now felt like he was on a completely different level from before. He felt like he was looking down on the mountains, as if he was standing at the peak of something!

Was this the heavenly Dao? Was this Foundation establishment? Lin Yi felt that even if he were to face a Sky Class full cultivation master, he could easily kill them! There was no need for the sneak attack and instant kill from before!

This was the difference in strength!

Phew, Lin Yi let out a breath of relief and continued channeling his practitioner's Arts to consolidate his strength! Lin Yi realized that Xinyan had been giving him a lot of new things ever since she broke through to Sky Class.

The energy it provided was even more powerful!

Lin Yi didn't tell anyone that he'd stepped into the realm of heaven's will. He didn't want to spread it, as it'd make him a target for everyone.

The next morning, Zhong pinliang came to Lin Yi's door while he was talking to the girls.

Pinliang's support for Lin Yi yesterday surprised him a little, but he thought that pinliang was only doing so because he'd helped naipao-the guy's attitude wasn't that great when he asked him to come in.

After all, he'd already repaid pinliang's favor, and he was still his enemy.

"Zhong pinliang, what are you doing here?" Lin Yi asked faintly.

"Boss Lin Yi, I'm just here to show my loyalty to you because I admire you a lot. Paozi, call him boss!" Pinliang said to naipao.

"Boss Lin Yi, please accept my respect!" Naipao had complete respect for Lin Yi-he'd accept Lin Yi as his boss if pinliang wanted him to, but not so willingly.

But Lin Yi had helped naipao before, and he was grateful for that. Now that pinliang was asking him to do this, it made sense! Plus, naipao already knew the reason, so he wasn't surprised.

"What are you two doing? Is there a problem?" Lin Yi looked at pinliang, confused.

"Oh, liangy, you've thought it through? He was finally going to be shield bro's follower? I told you that you wanted to be shield bro's follower, see, you've finally done it!" Chen Yushu said proudly.

"Not bad, big sister Shu. Please take care of me in the future!" Pinliang didn't have the will to fight back anymore after knowing Lin Yi's identity.

"Zhong pinliang, are you for real?" Lin Yi realized that pinliang didn't seem to be joking.

"Of course not, I'm sincere! Besides, I also promised Lin shaoxia of the dual fiends of Vajra that I would be his Junior's follower. Lin shaoxia is Lin shaoxia's junior, so I naturally have to recognize you as my boss!" Pinliang explained.

"Dual fiends Lin, who are you talking about?" Lin Yi asked, confused.

"It's Lin Dongfang, the hero Lin ..." Zhong pinliang was surprised. Did Lin Yi not know about Lin Dongfang's past? But now that he thought about it, it was possible. Who would dare go against Lin Yi if he just said something? That would really be courting death!

"Lin Dongfang? Old man? My grandfather?" Lin Yi asked, surprised.

"Uh ... Yes." Pinliang confirmed that Lin Yi didn't know. "Then you know the other dual fiends, master yang, right?"

"Master yang? Who was it? My master, Yang Ming?" Lin Yi blinked.

"Ah, hero yang is boss Lin Yi's master, no wonder boss Lin Yi is so strong!" Pinliang's heart jumped. He was already shocked enough that Lin Dongfang was Lin Yi's master, but it turned out that Yang Ming was actually Lin Yi's master?

This background was enough to kill everyone! At that moment, pinliang had made up his mind-he'd follow Lin Yi for the rest of his life! As far as he was concerned, Lin Dongfang and Yang Ming were so powerful back in the day, so their successor shouldn't be bad either. Tianjie Island was full of unknown dangers, and it was impossible to not have a backer, so Zhong pinliang felt that following Lin Yi would give him a bright future!

"So ... They're the dual fiends of the Vajra ..." Lin Yi smiled bitterly. He'd heard of how strong the dual fiends of the Vajra were, but he didn't expect them to be the two closest to him!

So, master took those Sky Class Masters and left-where did they go? Was it a Sky Class Island? Or did he go somewhere else?

It wasn't hard for Lin Yi to understand why pinliang was like this-his master, the Mad dragon, was killed by Lin Dongfang back then, so it made sense for him to be afraid of Lin Dongfang!

As for why pinliang knew about this, it was probably because he saw the picture on his phone yesterday.

He wasn't too sure about pinliang's safety, but having a follower like him on Sky Class Island wasn't bad at all! "If that's the case, you can follow me from now on," he said."But I have to observe you. If you're useless, why would I take you in?"

"Alright, alright!" Pinliang quickly nodded. "It'll definitely be useful. Even if it's not, I can still be a spy!"

"En, we'll see how you perform when the time comes." Lin Yi nodded.

Zhong pinliang said his goodbyes, and Lin Yi and the others rested for a while. Wu Chengtian and the others got into a few cars and came to the inn, and the other practitioners and inheritors "friends gradually arrived to say goodbye!

At about six in the evening, patriarch xuanchen shouted from below the inn,""All trial-takers and inheritors, please take note. The five elements sect is now making an important announcement! The Sky Class Island will open at midnight tonight. All practitioners and inheritors, please gather at the inn's Plaza and head to the sky Class Island!"

The moment was finally here! Lin Yi was extremely excited as he brought the girls down the stairs. The other practitioners followed suit and came to the open space behind the inn!

The friends and family of the participants and inheritors were also on the square. It was unknown where the xuanchen ancestor found five full buses. Kang Zhaoming and Tian Gang were organizing the participants, inheritors, and friends to board the buses one by one!

It felt like he was going on a vacation, but it was not the case ...

As for the cars and luggage that the trial-takers and inheritors left at the inn, they would be taken away by the inheritors and trial-takers 'friends and family when they returned! Patriarch xuanzhen of the five-elements sect had also come. Patriarch xuanchen did not go to the Sky Class Island but chose to stay in the five-elements sect. The five-elements sect in the secular world needed someone to hold the fort!

Boss Bai had placed all his hopes of finding Zhang Liju and reviving the five elements sect on Lin Yi. As for the five elements sect in the secular world, he didn't want to fight for it anymore after the xuanzhen ancestor became the sect leader. He was in a good state now!
