

Bodyguard 3601

Chapter 3601 Continue Acting!

After a moment of shock, Meng jueguang's face was filled with disbelief. He couldn't help but raise his head and ask the person at the quality inspection Office, "Senior Tong, you gave the wrong name, didn't you? this Lin Yi is from the tenth Kuangqu, how could he have eight pieces of good Jade?"

This senior Tong was an old man and a disciple of the mysterious Pavilion. As the person in charge of the quality inspection Office, although he usually didn't think much of the people of the GreenCloud Pavilion, after a few interactions with him, he had a good impression of this Meng jueguang.

"The tenth dead Kuangqu?" Senior brother Tong couldn't help but frown in surprise. How could there be eight pieces of good Jade in the tenth dead Kuangqu? did I really give the wrong name?

However, when she looked back and checked it carefully, she realized that Lin Yi's name was indeed written on the basket, and the eight pieces of good Jade were indeed taken out from this basket. She shook her head in disbelief, "Eight pieces of good Jade, they're Lin Yi 's, I'm not wrong."

"Uh ... Senior brother Tong, are you sure those eight pieces of jade are good? did you make an error in judgment?" Meng jueguang continued to ask, unwilling to give up. Meng Tong and the others beside him also had expressions of disbelief on their faces. They could say that they were defeated by Lin Yi in one move due to carelessness, but now they couldn't even mine better than him, not to mention that he was an unlucky guy assigned to the tenth Kuangqu. It would be too embarrassing if they told others about this!

"Misjudged? Could it be that Junior Brother Meng's ability to identify spirit Jade is even more accurate than an old man like me? Why don't you come in and try?" Senior brother Tong's face immediately darkened. The good impression that Meng jueguang had deliberately created several times before was instantly destroyed by this one sentence.

"I don't dare, I don't dare, I'm not good with words, senior brother Tong please don't take it to heart!" Meng jueguang hurriedly apologized, wishing he could slap himself. To tell senior brother Tong, the person in charge of the quality inspection Office, that he had made an error in judgment, and in front of so many people, this was no different from digging up someone's ancestral grave. Was his brain damaged?

"Hmph, even if it's the tenth Kuangqu, as long as you're lucky, you can still find some good Jade sometimes." Senior brother Tong glanced at him coldly and finally concluded, ""Lin Yi, eight pieces of good Jade, I can confirm it!"

F * ck! What kind of world is this! An unlucky fellow from the tenth Kuangqu could actually dig up eight pieces of good Jade! How could this be?

The newbies looked at the calm Lin Yi, wanting to cry, but no tears came out. They turned to look at their big senior, Meng jueguang. They didn't dare to show it on their faces, but they were already cursing in their hearts. This was completely different from the script they agreed on!

They thought that it was the wisest choice to lean on the senior Steward, Meng jueguang, but it turned out that Meng Tong and Li Zhengming only got six or seven pieces of good Jade after receiving special care from Meng jueguang, while Lin Yi, the unlucky guy who was obviously pranked, got eight pieces!

They didn't really believe that the tenth Kuangqu area had such a high Jade drop rate, but they could at least guess that Lin Yi's high Jade drop rate was due to their miserable senior brother. It was very likely that the poor senior brother was the one who chose the mining area for Lin Yi, which was why the Jade drop rate was so high!

In this case, the choice of side just now was not so wise. Other things aside, at least in the field of Jade Collection, following the miserable senior brother seemed to be more reliable than Meng jueguang, the steward eldest senior brother!

After all, he had Lin Yi as a role model, and his poor Shixiong didn't have many people under him. If he went to Lin Yi now, he would definitely receive the same special treatment as Lin Yi. Even if he couldn't get eight a day, he could at least get six or seven!

On the other hand, Meng jueguang, who had always been a strong eldest Senior Steward, would definitely have the majority of the people who sought refuge with him. One more or one less would not make much difference. Even if they sought refuge with him, they might not receive much special treatment. The final result would definitely be much worse than Meng Tong and Lee Zhengming. Perhaps they could only dig up four or five pieces a day, which was no different from their current situation!

At that moment, the newbies who were already on Meng jueguang's side started wavering again in front of Lin Yi as a living example. At least they didn't insult Lin Yi as they did before.

This bunch of useless fence-sitters! Meng jueguang quickly noticed this and his face turned green with anger. He wanted to hang these bastards up and beat them up one by one. Compared to enemies like Lin Yi who had a clear stand, these wavering fence sitters were more detestable!

However, because of the potential opponent, the bitter gourd, Meng jueguang could only suppress his anger for now. Otherwise, if he were to really flip out and push this bunch of fence sitters to the bitter gourd, then his good days as the eldest senior brother steward would come to an end.

He couldn't open his mouth to scold these fence-sitters, so he decided to make fun of Lin Yi in the end. "Hmph, it's just a stroke of dumb luck, what are you proud of! I dare to bet that our pretentious

newbie will only be able to dig up two pieces of good Jade at most tomorrow! You can't always be lucky. If you can dig up seven or eight pieces of good Jade every day, it wouldn't be called the tenth mining area. The spirit Jade Hall would have redistributed it!"

"Ninth older cousin brother is right! How did the saying go again? Oh right, a villain gets what he wants! I'd like to see how long our pretentious newbie can achieve his ambitions. I can't wait to see this guy cry without tears tomorrow! Hahaha!" Meng Tong chimed in from the side.

Lin Yi, who was too lazy to say anything, suddenly smiled when he saw everyone's complicated expressions. "Oh, if you say I'm lucky, then I'm lucky. You're right, I'm a solo practitioner, if I didn't have that kind of luck, how did I end up on Sky Class Island? Maybe I'll continue to be lucky tomorrow, and I'll be lucky everyday ..."

"Haha.....Act! Continue acting! Let's see if you can still pretend until this time tomorrow! Let's just wait and see if he's really lucky every day!" Meng jueguang and the others rolled their eyes, obviously not taking Lin Yi's words seriously.

They'd already decided that Lin Yi getting eight pieces of good Jade today was a once in a thousand years thing. After all, there weren't many people in the dead Kuangqu all year round, and it wasn't impossible for a few pieces of good Jade to drop once in a while, but it was only once in a blue moon- how could one be so lucky all the time? This country bumpkin from the secular world wasn't the son of destiny, and his true colors would definitely be revealed tomorrow!

Plus, even if Lin Yi's luck was off the charts, it would only count if there were spiritual jades Kuangqu!

Chapter 3602 The Third Pavilion Master Of The Welcoming Pavilion

Since this Kuangqu had been unanimously evaluated as the worst mining area by the big shots of the three pavilions, how could it possibly produce good Jade continuously? wouldn't that mean that everyone had made a mistake? It was impossible!

After watching the show, everyone went their separate ways, and Lin Yi went back to his own cave.

Although he had been tricked by Meng jueguang Kuangqu the morning, the day's events had been relatively smooth. In any case, he had obtained two pieces of spiritual Jade, which was very much in line with his expectations. Moreover, the facts had proven that the method he had figured out to secretly hide the spiritual Jade was very reliable. He could definitely do this for a long time in the future.

Now that he had five pieces of spirit Jade in his possession, he would be able to make a trip to the market to purchase the five medicinal herbs in two days 'time if things continued to develop at this rate. After that, he would have to wait for the trial to start before he could find a way to obtain the heart-devouring exquisite grass. After that, he would be able to prepare to refine the heaven's path golden pill, and there was hope for him to reach the peak of the early Foundation establishment stage.

It was a quiet night.

The next morning, Lin Yi set off for the spirit Jade Hall again, and the other newbies did the same. They had to work for at least twelve hours a day. This was the rule of the spirit Jade Hall. Perhaps it was too harsh for ordinary people with limited physical strength, but for these experts who were at least at the late stage of the heaven realm, they would not feel any pressure even if they had to do this all year round.

But what Lin Yi didn't know was that even though he felt that everything was going smoothly and that he was quite satisfied with the situation, there was someone out there who was running around for him, trying to get justice for him. This person was obviously his miserable Shixiong.

As for Lin Yi, who had decided to join him, the poor guy wasn't able to help much, but it was rare for him to put so much effort into it. This confirmed Lin Yi's initial impression of him. The guy didn't have much ability, and his personality was a mess, but he had a good character, and was a lot more reliable than most people.

However, even if he was running around for Lin Yi, his senior brother's experience wasn't as deep as Meng jueguang's, and he didn't have a huge network of connections like Meng jueguang. Not many people in the spirit Jade Hall knew him, let alone have any connections with him.

On the other hand, the other managers of the welcoming Pavilion were only in charge of the affairs of the other two pavilions. They were too lazy to care about the trivial matters of the GreenCloud Pavilion. As for the several people with higher positions, the great Pavilion master Hu Yunfeng had always been on Meng jueguang's side because he had deliberately tried to curry favor with him. Although the Vice Pavilion Master Feng Song and Hu Yunfeng were both openly and secretly competing, his backer was the profound secrets Pavilion. He simply did not care about these obscure and marginalized people. Not to mention speaking up for him.

After much thought, the miserable senior brother could only set his target on the last person. In name, he was a vice Pavilion master of the same level as Feng Song, but in reality, he was the third Pavilion master, Lu bianren, who was ignored by everyone.

Speaking of this third Pavilion Master Lu bianren, whether it was the way he dealt with people or the awkward situation he was in, he was quite similar to his miserable senior brother.

Although he was the lofty vice Pavilion master in name, and in theory should be one of the three heads of the welcoming new pavilion, in reality, due to the joint suppression of Hu Yunfeng and Feng Song, as well as the lack of support from the GreenCloud Pavilion, Lu bianren's actual power as the third Pavilion master was to a large extent inferior to that of the senior managers of the three pavilions.

As for prestige, there was no need to mention it. He didn't even have the opportunity to show his face at the welcome meeting. Many new disciples didn't even know his name. At most, they only knew that there was such an invisible third Pavilion master. His influence was weak.

Of course, no matter how weak Lu bianren was as the third Pavilion master, he was still a vice Pavilion master. In terms of status, he was still higher than the Senior Manager. More importantly, he was from within the GreenCloud Pavilion. If he were to speak, no matter how arrogant and despotic Meng jueguang was, he would still have to give him some face. Otherwise, if Lu bianren were to get angry and decide to act first before reporting, there was nothing he could do! Although he could still find someone to back him up and get him a position in the GreenCloud Pavilion, he would lose all his face!

Because their temperaments were similar, among all the high-level figures in the welcoming new pavilion, Lu bianren was the only one who looked at the miserable senior brother in a different light, and the only one who could make the miserable senior brother talk to him. Although the miserable senior brother knew that it was impossible for the third Pavilion master to do anything big in his current awkward situation, it shouldn't be a problem for him to speak up for the new disciples in the GreenCloud Pavilion.

Lu bianren wasn't in his cave number three. His senior brother had to go to several places before he finally found out his position. As the third Pavilion master of the welcome Pavilion, he wasn't usually in the welcome Pavilion. Instead, he had been sent to the back cliff thirty li away from the main building.

The so-called back cliff was also known as the cliff of reflection in the welcoming new pavilion. Generally speaking, only the disciples of the welcoming new pavilion who had made a mistake would be sent here to face the wall and reflect on their mistakes. Because of the remote location, the thin spiritual Qi, and the lack of cultivation resources, even the new disciples would never be willing to come here.

Of course, Lu bianren wasn't sent here because he had made a mistake. In fact, if he, the third Pavilion master, had really made a mistake, the welcoming new pavilion itself, and even Hu Yunfeng, the great Pavilion master, had no right to punish him. He had to be handed over to the people of the law enforcement Hall.

The reason why he was here today was because the great Pavilion master Hu Yun Feng and the Vice Pavilion Master Feng Song had jointly proposed a few days ago for him to take charge of the cliff of reflection. This was to show the importance the welcoming new pavilion placed on the discipline of newcomers. Although the cliff of reflection didn't have many visitors throughout the year, these two people's proposal was perfectly justified. With Lu bianren's weak position as the third Pavilion master, he couldn't resist at all, so he could only agree in the end.

He was now permanently stationed here. In name, he was in charge of the cliff of reflection, but in reality, he had been banished by Hu Yunfeng and Feng Song. Originally, even if he, the third Pavilion master, had little say in the welcome new pavilion, he still had some power. But now, let alone power, he didn't even know what was happening in the welcome new pavilion. He had been completely stripped of his power.

If it were anyone else in Lu bianren's position, they would probably fly into a rage, but Lu bianren didn't show any signs of dissatisfaction. On the contrary, he brought over all the ancient cultivation texts he had collected in the past. All he did all day was read the ancient texts and comprehend the heavenly Dao. He was very content with the poor and happy with the Dao.

When the miserable senior brother came to find him, Lu bianren happened to be sitting in front of the cliff of reflection, reading a book. When he saw the miserable senior brother, he couldn't help but smile. "It's great to have friends from afar! I was wondering who had been sent here, but it turns out that it was you!"

Chapter 3603 Seeking Help

"Pavilion Master Lu, I've been looking for you for a long time!" The miserable senior brother said, panting heavily. In fact, it wasn't because of the thirty-mile run, but because he was looking for Lu bianren, making him dizzy! Even an early Foundation establishment expert like him was a little confused!

Ordinary disciples didn't even know where Lu bianren had gone to. The two Pavilion Masters who knew wouldn't even bother to see a Senior Manager of the GreenCloud Pavilion.

The poor senior brother had made a huge profit, but in the end, he had no choice but to try his luck and look for the senior brothers in charge of the other two pavilions. Only then did he find out where Lu bianren had gone!

"What's wrong? Junior Brother ku, what's the matter? Didn't I tell you to just call me senior brother Lu? what Pavilion master? I don't have the final say now! Come, have a glass of water and sit down. " Although Lu bianren was a little surprised, he still calmly poured a glass of water for the poor man and even specially brought out a chair.

After drinking the water, the miserable senior brother said impatiently, "Senior brother Lu, do you know that there are newcomers from the secular world this year?"

"I know. It's a pity that I moved in before the welcoming ceremony. I can't leave without Pavilion master Hu's orders. Otherwise, I'd really like to meet these newcomers and find out what the secular world is like now." Lu bianren sighed with regret.

He was born on the Sky Class Island, but ever since the North Island had the legendary Zhang Liju from the mortal world, he'd been interested in the mortal world. Unfortunately, it'd been a long time since someone from the mortal world was teleported here, and there was no news of him at all these years.

However, Zhang Liju's time on the North Island was too short. At that time, the GreenCloud Pavilion had become a legend because of Zhang Liju, an outsider. But now, hundreds of years had passed and the GreenCloud Pavilion had declined.

"Don't worry, senior brother disciple Lu. You'll have the chance to meet them soon. " Seeing Lu bianren's interest in the newcomer from the secular world, the miserable senior brother instantly let out a sigh of relief. In this case, he probably wouldn't refuse to ask for his help next time, so he said,""Our GreenCloud Pavilion has also been assigned two newcomers from the secular world. Their strength and character are both quite good. I'm sure they'll get along well with you, senior brother Lu. However, because they came from the secular world, they were suppressed by senior brother Meng and the other local newcomers. They're not having a good time now."

"They've been jointly suppressed? Was it because they were newcomers from the secular world? This is preposterous!"

Lu bianren's expression suddenly changed. Although he was easy-going and had a similar personality to his miserable senior brother, he had his own persistence in certain things."Our GreenCloud Pavilion has been weak for a long time, and we can't compete with the other two pavilions in terms of the local newcomers. What we need the most now is fresh blood from the secular world. If we can produce a legendary figure like Zhang Liju, it's not impossible for us to turn the tables around. Meng jueguang, as the eldest senior brother, is actually leading the way to suppress the newcomers from the secular world. He's really short-sighted and stupid!"

The senior brother had known the third Pavilion master for so long, and he had always been calm even in the worst of situations. He had never seen him so angry before. He carefully said,""Don't worry, senior brother Lu. Although we're being suppressed, our two new disciples from the secular world aren't easy to deal with either. Especially one of them, Lin Yi. Because of the cave allocation, he defeated senior brother Meng's cousin in one move on the first day. Even senior brother Meng suffered with him!"

"Oh? There was such a thing? Come, come, come, tell me in detail!" Lu bianren's eyes lit up, and he was immediately interested.

The poor guy wanted him to stand up for Lin Yi, but he wasn't in a hurry. He sat down and told Lu bianren everything that had happened these past few days, including Lin Yi's assignment to the tenth Kuangqu, and the purpose of this trip.

"In that case, our Junior Brother Lin is also a wonderful person. However, he's a newcomer after all, so he'll definitely suffer under Meng jueguang's control. If he really wasted three months in the tenth Kuangqu for nothing, it'll be equivalent to increasing the difficulty of reaching the foundation establishment stage within a year." Lu bianren analyzed with great interest. After listening to his miserable senior brother's explanation, he was getting more and more interested in this tough new Lin Yi from the secular world.

"Junior Brother Lin doesn't know how dangerous this is, and it's exactly what senior brother Meng wants. So, after thinking about it, I can only ask you for help." The poor guy didn't know that Lin Yi had picked eight pieces of good Jade yesterday. As far as he was concerned, Lin Yi staying in the tenth Kuangqu for one more day was a waste of time. It was better to get the third house master to save him.

"Well ... I'm in charge of the cliff of reflection now. Without Pavilion master Hu Yunfeng's orders, I can't go out." Lu bianren muttered to himself. He wasn't trying to avoid the question, but was speaking the truth. Otherwise, he wouldn't have not even had the chance to show his face at the welcome ceremony.

The poor guy's heart sank. The third house master was the only helper he could get. If even the third house master couldn't help, then there was no way he could help Lin Yi.

Unexpectedly, Lu bianren's tone changed. "However, this matter concerns the newcomers of the secular world. It concerns the grand plan of our entire GreenCloud Pavilion. Even if I have to risk being lectured by Pavilion master Hu, I have no choice but to make a trip."

"That's great. I'll thank senior brother Lu on behalf of Junior Brother Lin. Shall we go and find senior brother Meng now?" The miserable senior brother was immediately overjoyed. Although Lu bianren didn't have much power or prestige, he was still the third Pavilion master who had the backing of his own GreenCloud Pavilion. If he was willing to appear, Meng jueguang wouldn't dare to disobey him.

"No, let's go to the Lingyu Hall directly." Lu bianren shook his head.

He knew what his brother was thinking-he wanted him to pressure Meng jueguang from top to bottom so that he would stop targeting Lin Yi. This was the only way to end things, but he understood Meng jueguang. He was an ambitious and practical man, and while pressure might work on others, it wouldn't work on Meng jueguang. Meng Jue might agree to it on the surface, but he'd go against it in secret. He might even target Lin Yi behind his back.

In comparison, he could go to the spirit Jade Hall directly and use the connections he'd accumulated in the past to save Lin Yi from the tenth Kuangqu.

Seeing that Lu bianren had made up his mind, the miserable Shixiong didn't say anything more. As long as he could help Lin Yi, he'd already achieved his goal.

Chapter 3604 I Really Can't Help!

The two left the back cliff immediately and went straight to the spirit Jade Hall. However, they didn't go to the tenth Kuangqu to look for Lin Yi. Instead, they went to the person in charge of the contract at the entrance, Dai Wuchang.

"Yo, isn't this Pavilion Master Lu? long time no see!" "Senior brother!" When Dai Wuchang saw Lu bianren, he immediately stood up and greeted him with a smile. As for the miserable senior brother behind him, he was completely ignored.

Although Lu bianren was in an awkward position in the welcoming new pavilion, he was still a vice Pavilion master. In the spirit Jade Hall, he was a high-level figure. He was not someone that Dai Wuchang, who was just a small person in charge, could compare to. Not to mention that Lu bianren had taken good care of him when he was at the GreenCloud Pavilion, so the relationship between the two of them was not bad.

"Hehe, looking at Junior Brother Dai's spirit, you're obviously proud of your success!" Lu bianren replied with a smile. This Dai Wuchang was in charge of the contract, and if they wanted to change Lin Yi's Kuangqu, he was the best choice. After all, the spirit Jade Hall had their rules, and once a contract was signed, it couldn't be changed easily.

"Senior brother disciple Lu is a rare guest. Are you preparing to go to the Kuangqu to inspect the new members of your Welcome Pavilion?" Dai Wuchang asked with a chuckle. At Lu bianren's level, no matter how unhappy he was, he wouldn't go to the mine to mine. He was basically here to inspect the newcomers.

"To tell you the truth, Junior Apprentice-brother, I've come to find you specifically. I have a favor to ask of you." Lu bianren got straight to the point. "Because of a misunderstanding, our GreenCloud Pavilion has a new junior Brother who has been assigned to the tenth Kuangqu. As seniors of the GreenCloud Pavilion, we can't just leave him be and let him waste such a good time."

"The new guy that Lu Shixiong was talking about, could it be Lin Yi?" Dai Wuchang's expression changed.

"That's right, it's Lin Yi. I wonder if Shidi can help me with this?" Lu bianren nodded.

"This ..." Dai Wuchang was in a difficult position.

To him, Lin Yi was just an insignificant small character, and since Lu bianren was speaking up for Lin Yi, giving him face was as easy as lifting a finger. There was no need to offend people over such a small matter, but this Lin Yi was a thorn in his side that Meng jueguang had specifically warned him about!

On one side was Lu bianren, and on the other was Meng jueguang. This put Dai Wuchang in a difficult position.

Although independent departments like the spirit Jade Hall and the welcoming new pavilion were independent of the three pavilions in name, in fact, all the positions in these independent departments were appointed by the three pavilions from top to bottom. The personnel were also selected from the three pavilions, and they retained the power to recruit at any time.

In other words, whether it was Lu bianren, the Vice Pavilion master of the welcome Pavilion, or Dai Wuchang, the manager of the spirit Jade Hall, no matter how well they did outside, they were still people of the GreenCloud Pavilion. Once the time limit was up, they would still be transferred back to the pavilion.

No matter how down and out Lu bianren was, he was still the Vice Pavilion master of the welcoming new pavilion. If he were to be transferred back to the GreenCloud Pavilion in the future, he would definitely be a figure with real power. For Dai Wuchang, even if it was for his own future, it was definitely not a bad thing to do him a favor at this time. But the problem was that this matter also involved Meng jueguang!

Although Meng jueguang was currently only a small steward of the welcoming new pavilion, his status could not be compared to Lu bianren's. Moreover, Meng jueguang was still Lu bianren's subordinate in the welcoming new pavilion in name. From the looks of it, this choice did not seem difficult. But the key was that while Lu bianren was a distant favor to Dai Wuchang, Meng jueguang's was a matter of vital interest!

It would not be an exaggeration to say that eighty percent of the spiritual Jade that Dai Wuchang had saved up was from Meng jueguang. Of course, this was all done through shady means. With the strict supervision of the spirit Jade Hall over spirit Jade, if not for Meng jueguang's smooth connections, Dai Wuchang alone would not have stood a chance. Even if he had the position of the person in charge, he would not have been able to get any benefits!

If he were to offend Meng jueguang just to do Lu bianren a favor and cut off his greatest source of income, it didn't seem like a wise choice at all! However, Lu bianren's side wasn't a small character like ku bi, so it wasn't good to offend him!

"What's wrong? Is there any difficulty in this?" Lu bianren couldn't help but frown at Dai Wuchang's lack of response. In his view, this should have been a simple and trivial matter. After all, he had never thought that Dai Wuchang would have such a deep connection with Meng jueguang.

Dai Wuchang pondered for a moment and finally made up his mind. He smiled bitterly and said, ""Pavilion Master Lu, since you've spoken, I'm sure I won't object. However, to be honest, our spirit Jade Hall has been very strict in investigating such matters recently. This is not an easy matter to handle."

"The checks are very strict?" Lu bianren was taken aback. If it had been anyone else, he might have been fooled by Dai Wuchang, but he had already heard the bitter senior brother describe the situation. Seeing Dai Wuchang's unnatural expression, he immediately understood.

Lu bianren thought for a moment and said, "substitute Junior Brother, this matter concerns the development of the newcomers. I'm not the only one asking you for help. This is also for the sake of our entire GreenCloud Pavilion. Please help me with this!" I'll remember today's favor in my heart. When I return to the GreenCloud Pavilion in the future, I'll definitely repay you!"

"Sigh, Pavilion Master Lu, aren't you making things difficult for your Junior Brother? I really want to help you with this, but I really don't dare to go against the rules of the spirit Jade Hall!" Dai Wuchang had already made up his mind and refused to give in. "Moreover, he's already signed the contract. If he wants to change it, I won't be able to do it without a letter of recommendation from your welcoming new pavilion's great Pavilion master. I won't be able to explain it to my superiors either! You also know that sometimes, only the main pavilion master has the authority to coordinate these things ..."

"You really can't help?" Lu bianren's expression turned cold. This wasn't a troublesome matter to begin with, and no matter what, he had taken great care of this Wuchang in the past. Now that things had come to this, the other party was still hesitating. Even a man made of mud had a temper.

Moreover, this guy even involved the main pavilion master. Did it mean that he did not have enough power as the Deputy Pavilion master?

"I really can't help." Seeing the other party's expression change, Dai Wuchang stopped pretending and rejected him directly.

He had already thought things through. Wasn't lu bianren just a mere figurehead of the welcoming Pavilion? he didn't have much power at all. Even if he were to be transferred back to the GreenCloud Pavilion in the future, he wouldn't be able to control him. In order to please this guy, he had to offend Meng jueguang, who had given him the spirit Jade? Was there something wrong with his brain? who would go against Lingyu?

Chapter 3605 Xu Ling's Arrival

"That's good. I have some friendship with your vice Hall Master, Tong Fei. I'd like to ask him when the spirit Jade Hall has such strict rules that they can't even let people change their Kuangqu!" Lu bianren looked at Dai Wuchang coldly.

Although the spirit Jade Hall did have the relevant rules that prevented people from changing Kuangqu at will, this was not an absolute rule. In many cases, special cases were allowed, especially when it involved the tenth mining area.

After all, everyone knew that it was impossible to dig out any good Jade in the tenth Kuangqu. Usually, only those unlucky people who offended the higher-ups would be sent to this mining area. However, from the perspective of the spirit Jade Hall, they did not want to waste their rare labor on such a place. Therefore, whenever the matter of changing mining areas was related to the tenth mining area, it was generally allowed as a special case.

"Uh ... Don't be so anxious, Pavilion Master Lu. This matter can actually be discussed!" Dai Wuchang was immediately anxious. He could look down on Lu bianren, but he couldn't look down on the Vice Hall Master of the spirit Jade Hall, Tong Fei. That was his direct superior, someone who could take his job away with a single word.

"Oh? Didn't you say that the investigation was very strict? why is there room for discussion?" Lu bianren looked at the other with a half-smile and a look of disdain.

"Uh ..." Dai Wuchang's face turned red, and he was speechless.

To be honest, he wasn't afraid that Lu bianren would ask nie Fei to change the Kuangqu for Lin Yi, but he was afraid that Lu bianren would mention him and Meng jueguang again! Tong Fei, the Vice Hall Master, was famous in the spirit Jade Hall for being impartial and incorruptible. If Lu bianren were to say a few bad things in front of him, or even cause Tong Fei to start investigating him, then he would really be done for. The matter between him and Meng jueguang would not be able to withstand investigation at all!

Once this matter was exposed, not to mention losing their jobs, according to the rules of the spirit Jade Hall, the embezzled person would have their cultivation crippled. In serious cases, they might even be executed on the spot!

Seeing the defeated look on Dai Wuchang's face, the miserable senior brother couldn't help but chuckle to himself. Last time, this guy had been so arrogant and full of himself. Now, he was scared off by the third Pavilion master. It was true that everything had its weakness. He had found the right person to ask the third Pavilion master for help this time!

Seeing that the other party was also a senior brother from the GreenCloud Pavilion, Lu bianren didn't make things difficult for him despite his anger. He directly said, "Let's not talk about anything else, please help Junior Brother change Lin Yi to the seventh Kuangqu!"

"This ... Alright." Dai Wuchang hesitated for a moment, but in the end, he had to agree.

Putting himself in danger for a small fry like Lin Yi ... Even if the possibility of Tong Fei coming down to investigate him wasn't high, Dai Wuchang couldn't afford to take the risk. There was no need to take it anyway. He could just explain it to Meng jueguang later, and he believed that he would understand!

Success! The senior brother felt relieved. The third Pavilion master was indeed a success. Junior Brother Lin could finally be freed from the sea of suffering!

However, before the miserable senior brother could heave a sigh of relief, a voice came from afar, causing everyone's expression to change. "I'd like to see who's bold enough to trade Lin Yi out of the tenth Kuangqu!"

This voice sounded a little familiar! The miserable senior brother was shocked. When he saw the face of the person in the distance, his face fell. Even Lu bianren, who was beside him, couldn't help but suck in a breath of cold air.

There were three of them, familiar faces from the GreenCloud Pavilion-Kang Zhaoming and Zhong pinliang. The one in front of them was the young master of the rising Sky Pavilion, Xu lingchong.

"Young master Xu! What wind has actually brought you here? please forgive me for not welcoming you!" Dai Wuchang hurried over.

With the backing of the third elder of the rising Sky Pavilion, Xu lingchong was a very popular young master no matter where he went. As for a nobody like Dai Wuchang who didn't have any background, even if he was from the GreenCloud Pavilion, he would try his best to curry favor with him. After all, if he managed to get close to young master Xu, as long as he put in a good word for him, his future would be bright!

Xu lingchong casually waved her hand, then turned her gaze to Lu bianren and laughed. "I was wondering who was so powerful to be able to change Kuangqu for people in the spirit Jade Hall. Isn't this the legendary third Pavilion master of the welcome new pavilion? I heard that he has recently taken charge of the cliff of reflection and has quite a lot of power. No wonder he is so powerful!"

"Cliff of reflection? Is there such a place in the welcome Pavilion? it sounds awesome. Could it be the legendary hidden stage? is this the legendary hidden BOSS? I didn't have the chance to see you at the welcome ceremony, but I didn't expect to see you here. It's really my good fortune, hahaha!" Zhaoming chuckled coldly as he followed behind. As new disciples, the manager had introduced the cliff of reflection to them on their first day here. The act of fussing over this place was obviously to piss Lu bianren off.

Normally, the cliff of reflection was one of the places under the management of the new Deacon, and it was a place that didn't have any major issues. However, since the new Deacon hadn't been selected yet, Lu bianren could only continue to manage it. He couldn't find a way to change places even if he wanted to. Otherwise, even if he didn't have the power, he would still suggest it to the GreenCloud Pavilion. This was also related to the status of the GreenCloud Pavilion. Even if the GreenCloud Pavilion was ranked third, it couldn't give up this power.

With a big leg like lingchong on his side, even a newbie like Kang Zhaoming didn't care about Lu bianren at all. Lu bianren's position as the third house master was very awkward.

Lu bianren's face couldn't help but stiffen at being teased by a newbie, but he couldn't get angry in front of the soaring Pavilion's young master. Even if he could control Kang Zhaoming in name, Xu lingchong could easily get back at him with a single word, and he'd still be the one to suffer.

Moreover, Kang Zhaoming was an outer disciple of the rising Sky Pavilion. His punishment had to be approved by the Grand Pavilion master, Hu Yunfeng. Otherwise, his position as the third Pavilion master was equivalent to bullsh * t, the kind that wouldn't make any noise.

Seeing Lu bianren's stiff face and silence, Xu lingchong's gaze towards him became even more contemptuous.

He didn't even dare to respond to the ridicule of a newcomer. This legendary third Pavilion master of the welcoming new pavilion was really as useless as the rumors said. Xu lingchong's mouth twitched. No wonder he didn't even dare to let out a fart when he was kicked by Hu Yunfeng to a godforsaken place like the cliff of reflection!

Chapter 3606 Bullying

The reason why Xu lingchong came out from the inner sect was because of Kang Zhaoming's repeated pleas to bring him to the spirit Jade Hall to get to know his face so that it would be more convenient for

him to do things in the spirit Jade Hall in the future. Secondly, he received information from Kang Zhaoming that the ignorant secular world newbie, Lin Yi, had suffered a huge loss this time and was sent to the tenth Kuangqu area by Meng jueguang, so he decided to come out and see what was going on.

He didn't think that this would happen before he even got to see the show-a ten-thousand-year-old coward like Lu bianren actually wanted to change Lin Yi's Kuangqu? he was just a mere third Pavilion master-did he really think he was a big Shot?!

"Who was the one that said they were going to change Kuangqu for Lin Yi? Is that you, third Pavilion Master Lu?" Xu lingchong's mouth twitched as she looked at Lu bianren, but her face was filled with unconcealed disdain.

"That's right, it's me. " Lu bianren said, bracing himself.

"Oh, so it's really what third Pavilion Master Lu said. Then I don't understand. Since when can a mere third Pavilion master of the welcome Pavilion interfere in the matters of the spirit Jade Hall? Could it be that the Ling Yu Hall has already been merged with the welcoming new pavilion? or is it that the Ling Yu Hall has been merged with your cliff of reflection?" Xu lingchong sneered and said arrogantly.

"Hehe, look at what you're saying, young master Xu. The welcoming new pavilion is so poor. Even if we want to merge, it should be our spiritual Jade Hall that will merge with them!" Dai Wuchang chuckled in agreement. Even though he had been frightened by Lu bianren earlier, now that he had Xu lingchong's support, he naturally didn't have to worry about Lu bianren's expression.

Although they were both independent departments, the welcoming new pavilion and the spirit Jade Hall were on the same level in name. However, the welcoming new pavilion could only manage a group of new disciples. On the other hand, the spirit Jade Hall was in charge of the entire North island's money bag. Even the three great pavilions valued it very much. The appointment of the hall Master of the spirit

Jade Hall and the appointment of the pavilion master of the welcoming new pavilion were on completely different levels. The status of the two was completely different.

"Haha, I really hope that young master Xu's words are true. If third Pavilion Master Lu really has the ability to merge with the spirit Jade Hall, then I'll have to burn incense and worship him. When I become a new Deacon next month and take over the cliff of reflection, won't I be able to take charge of the spirit Jade Hall then? Just thinking about it is wonderful!" Kang Zhaoming laughed as he followed behind.

"You wish! You're simply a Toad lusting after a Swan's flesh. Oh, no, the toad should be some third Pavilion master!" Xu lingchong and the others immediately burst into laughter.

Lu bianren's face darkened as he listened to these people's unscrupulous mockery. He didn't have the confidence to go against Xu lingchong, but this concerned Lin Yi's future and his persistence. In the end, he said with a firm expression, "Young master Xu, you must be joking. I'm not interfering with the spirit Jade Hall's business. It's just that the spirit Jade Hall has this special case. The newcomers of the tenth Kuangqu can move to another mine at their discretion. Lin Yi is also a newcomer of the welcoming new pavilion, so I'm not overstepping my authority to request for Lin Yi to move to another mine."

"Oh? Was there such a special case in the spirit Jade Hall? Dai Wuchang, you're the person in charge of the contract of the Kuangqu, so you should be the most clear about this. Tell us." Xu lingchong raised her eyebrows and looked at Dai Wuchang.

"Young master Xu, I have been working here for many years, but I have never heard of such an exception. Why don't you ask third Pavilion Master Lu to point out to me which section and article of the rules of the spirit Jade Hall is this exception?" Dai Wuchang looked at Lu bianren with a serious face and a mocking smile.

"You!" Lu bianren's face couldn't help but turn green, and he choked for a long time, unable to speak.

The so-called special case of the tenth Kuangqu was actually a long-standing Convention. Everyone in the spirit Jade Hall knew about this and knew that it was reasonable to do so, but it had never been written into the regulations. Dai Wuchang had deliberately said this to pick a bone with them.

"Oh ... So the spirit Jade Hall doesn't have such a rule at all, but it was deliberately fabricated by third Pavilion Master Lu for the convenience of doing things! Fortunately, Dai Wuchang is here today, otherwise this young master would have been deceived by you. I've always heard that third Pavilion Master Lu is a coward, but now it seems that the rumors were wrong, and he is actually quite insidious!" Xu lingchong pretended to be angry. Of course, he knew about the special case of the 10th Kuangqu, but since the other party had already taken the initiative to give him a handle, it would be a waste not to get him!

"Don't you all slander me!" Lu bianren wasn't a smooth talker to begin with, and now that Xu lingchong and the others had joined hands to mock him, he had no way to refute them. He could only look at Dai Wuchang coldly and say, ""Junior Brother Dai, since you're so insistent on using a chicken feather as a token of authority, then I can't do anything about it. I'll ask vice Hall Master Tong Fei to come forward and see what you have to say then!"

With that, Lu bianren turned to leave with his miserable Shixiong, and Dai Wuchang's expression changed.

Although there were no loopholes in his words just now, anyone with a discerning eye knew that he was deliberately helping Xu lingchong to run Lu bianren down. Logically speaking, it was not justified. More importantly, vice Hall Master Tong Fei was from the mysterious Pavilion. He had never been able to stand arrogant young masters like Xu lingchong from the soaring Pavilion. If this matter were to reach Tong Fei's ears, he, the substitute Wuchang, might be blamed for it. He might even start investigating him. That would be a big deal!

Dai Wuchang immediately looked to Xu lingchong for help, but before he could say anything, Xu lingchong took the initiative and said,""Hold on!"

Lu bianren originally didn't want to bother with her, but due to her deep background, he could only hold his temper and stop in his tracks. He turned to look at Xu lingchong and said,""What else is there?"

"It's nothing much. I just want to tell you something, third Pavilion Master Lu. " Xu lingchong smiled sarcastically and said,"I won't stop you if you ask nie Fei to change Lin Yi's Kuangqu, but I'll tell my Grandpa that the people of the GreenCloud Pavilion are getting more and more outrageous. They're obviously the 3rd master of the welcoming Pavilion, but they're trying to get their hands into the spirit Jade Hall. They're simply too arrogant. Should we talk to the elders and ask them to reorganize the 3rd Pavilion again like three years ago?"

Si si si!

Hearing these words, Lu bianren couldn't help but suck in a breath of cold air. Looking at the smug Xu lingchong, his expression was uncertain.

The Council of Elders that Xu lingchong mentioned was the highest institution jointly established by the three great pavilions, the skyward Pavilion, the mysterious Pavilion, and the GreenCloud Pavilion. Each person in it was one of the top figures in the three great pavilions. Its nature was equivalent to the assembly of the secular world. They had the power to make decisions on all major matters of the three great pavilions and the major independent departments. Even the North Island sect master could be dismissed directly as long as all the elders in the Council voted.

Chapter 3607 Arrogant And No One Dares To Offend

It was not an overstatement to say that the elders Guild was the center of the highest authority in the entire North Island. The elders who could be ranked in the elders Guild were the most powerful

existences on the North Island. The third elder of the rising Sky Pavilion, who was also Xu lingchong's grandfather, was one of them.

When he thought of the Grand reorganization of the three pavilions three years ago, Lu bianren couldn't help but feel a chill in his teeth. The reorganization of the three pavilions was initiated by the elders Guild. It was a large-scale adjustment that involved all aspects, including the three pavilions and the various independent departments. To the weakest of the three, it was a catastrophe.

Because of its weakness, although the GreenCloud Pavilion had some people who could join the elder Council, they had the least number of people among the three great pavilions, and thus, their right to speak was also the weakest. During that reorganization, the GreenCloud Pavilion's already small power was almost completely divided up by the ascending heaven Pavilion and the profound secrets Pavilion. One of the most obvious examples was the fact that there were no longer any leaders from the GreenCloud Pavilion in the welcoming new pavilion and the spirit Jade Hall!

It was one thing for others to be muddleheaded, but for people like Lu bianren who had always hoped for the return of the GreenCloud Pavilion, that reorganization had been deeply engraved in their hearts. Even though three years had passed, the GreenCloud Pavilion still showed no signs of recovering its strength. In fact, it was even declining day by day, becoming weaker and weaker. If there was another reorganization of the three pavilions now, the GreenCloud Pavilion might directly fall apart.

Facing such an undisguised threat from Xu lingchong, other people who didn't have any sense of responsibility might not take it to heart, but to someone like Lu bianren, this threat was simply fatal! In truth, even if the other party had directly threatened his personal safety, with Lu bianren's personality, he might not have cowered. However, this matter concerned the fate of the entire GreenCloud Pavilion, so he had no choice but to be cautious!

Taking a deep breath, Lu bianren calmed the waves of shock in his heart. He looked at the other and slowly said, ""Young master Xu, it's just a small matter of changing Kuangqu for a newbie. There's no need to make such a big fuss, right?"

"Heh, insignificant? It seems that third Pavilion Master Lu has been sent to the cliff of reflection for too long and is ill-informed, so he doesn't know what is happening outside!" Xu lingchong sneered and then said in a cold voice, "Your GreenCloud Pavilion's newbie, Lin Yi, doesn't know the immensity of heaven and earth. How dare he disobey me in front of so many people, embarrassing me in front of so many people. Do you think I'll let this bastard go? If you dare to change Kuangqu for him, then don't blame me for bringing disaster to the entire GreenCloud Pavilion!"

"Young master Xu, aren't you being a little too overbearing? Besides, an adult will not hold a grudge against a petty person. You are the great young master Xu, why do you have to be so angry with a newcomer?" Lu bianren still wanted to fight for Lin Yi one last time, but he understood that it was impossible to get lingchong to give in now that he'd made it this far.

"Overbearing? I'm still so overbearing! Why? You're not convinced and want to bite me? Do you, a coward, have the guts to do that? Hahaha!" Xu lingchong laughed arrogantly. Putting everything else aside, just the fact that his grandfather was a member of the Council of Elders meant that no one in the GreenCloud Pavilion would dare to provoke him. As for Lu bianren, the famous good-for-nothing of the welcoming new pavilion, it was even more impossible for him to put him in his eyes.

Lu bianren's face instantly turned ashen, but in the end, he could only grit his teeth and endure it. Not to mention whether he could defeat Xu lingchong, just based on Xu lingchong's sensitive identity, if he really made a move against Xu lingchong, it would give the soaring Pavilion enough excuses to attack him. At that time, it would be an incalculable disaster for the entire GreenCloud Pavilion!

Letting out a long breath, Lu bianren knew that there was no point in staying here any longer, and that he would only bring disgrace upon himself. He could only turn his head to his miserable senior brother and say, ""It's impossible. Let's go. "

The miserable senior brother silently nodded. After letting out a helpless sigh, he could only turn around and leave with Lu bianren.

Now that things had developed to this point, Lu bianren couldn't be blamed for not giving it his all. In fact, he had already taken a big risk by helping Lin Yi several times. If he were to go against Xu Ling for Lin Yi, he would really become a sinner of the GreenCloud Pavilion in the end.

"Heh, young master Xu is indeed mighty and domineering! In front of our young master Xu, this so-called third Pavilion master is like a stray dog, he doesn't even dare to let out a fart. He's a complete and utter good-for-nothing!" Kang Zhaoming and the others looked at Lu bianren and Lin Yi's dejected backs and couldn't help but laugh loudly as they flattered them.

Xu lingchong smiled smugly. With his status, scaring Lu bianren away was a piece of cake. This kind of trash wanted to stand up for Lin Yi? he didn't even know how to spell the word "death"!

"Young master Xu, who are these two?" Dai Wuchang pointed at Kang Zhaoming and Zhong pinliang after laughing. When Lu bianren threatened him to look for Tong Fei, he was still on tenterhooks. But now that lingchong Xu had scared Lu bianren away, he naturally had nothing to worry about.

"This is Kang Zhaoming and Zhong pinliang. They're new to the secular world this year, and are now my outer disciples. They're also my men, so I brought them here to introduce them to you." Xu lingchong said indifferently.

"So it's junior Brother Kang and Junior Brother Zhong. The two of you are truly talented. No wonder young master Xu appreciates you!" Dai Wuchang hurriedly tried to please him.

Dai Wuchang wanted to get on lingchong's good side, but because he was from the GreenCloud Pavilion, the young masters of the skyward Pavilion didn't even care about him. At most, they'd just call him when he needed him. In comparison, it was more reliable to suck up to a new follower like Zhaoming. After all, that would be indirectly sucking up to lingchong.

"You're too polite. It's the same for senior brother. In the future, I'll have to take care of you on behalf of senior brother." Kang Zhaoming smiled politely. As a newcomer who had been taken care of by Xu lingchong, he had learned to put on airs. Although he had to make friends with people like Dai Wuchang, he could not lower his status. He had to maintain his psychological advantage and initiative so that he could use him.

At the same time, pinliang took the opportunity to get closer to Dai Wuchang. After all, he couldn't fall too far behind Kang Zhaoming if he wanted to play his role as a spy. Otherwise, he wouldn't be able to get the exact information even if the other party did something.

After the few of them exchanged a few pleasantries, Xu lingchong finally spoke, "Alright, I'll bring you two to meet the higher-ups of the spirit Jade Hall. Come back later when it's time to hand in your work. I'd like to see what kind of bad luck that Lin Yi has after being sent to the tenth Kuangqu! Hahaha!"

Chapter 3608 You're Catching Up To Me

He'd taken the time out this time to see Lin Yi make a fool of himself, but since he'd promised to build connections for Kang Zhaoming, he'd have to introduce a few higher-ups to him. As for a small fry like Dai Wuchang, he wouldn't even have bothered if it weren't for the fact that he'd just bumped into him.

"Uh ... Then take care, young master Xu and my two junior brothers!" Dai Wuchang hesitated for a moment before sending them off.

He'd wanted to remind lingchong not to be happy so early-after all, he knew that Lin Yi had dug out eight pieces of good Jade yesterday, and Meng jueguang and the others, who were ready to laugh at

him, were all given the cold shoulder. Who knew if this young master Xu would make the same mistake? But thinking about it, in a dead Kuangqu like the tenth, Lin Yi was already extremely lucky to have gotten eight pieces of good Jade yesterday. He couldn't possibly get another one today, right? this kid wasn't the legendary son of fortune!

Therefore, Dai Wuchang swallowed his words in the end, in case his warning didn't come true. He made it seem like he was deliberately ruining the mood and leaving a stain on young master Xu's heart.

In the blink of an eye, the sky turned dark, and the melodious sound of the bell rang throughout the major Kuangqu. It was time to hand in the work again.

In each mine tunnel, people streamed out one after another. They were first weighed before quality inspection. After finishing this set of eternally unchanging handover procedures, most of the people left one after another. After all, they had been mining for an entire day. Even if their physical strength could withstand it, they were still somewhat mentally exhausted. Even if they went back to their cave abodes to meditate and cultivate, it would also be a rare recovery.

However, Meng jueguang, Meng Tong, and the rest of the GreenCloud Pavilion's new disciples were waiting at the inspection Office as they had yesterday. They were waiting to see Lin Yi make a fool of himself. He'd been dejected by Lin Yi's eight pieces of jade yesterday, but he didn't believe that Lin Yi would have that kind of luck again. It was too strange!

To his surprise, Lin Yi hadn't even arrived yet-it was Xu lingchong and the others who came, rushing up to suck up to them.

However, when he was asked about the other party's intentions, especially about yesterday's situation, Meng jueguang's expression became strange. He could only force a smile and say, "That kid was lucky

yesterday and got a few good jades, but he can't be lucky every day. Today is the day he shows his true colors. Young master Xu, just wait and see how unlucky he is!"

That kid actually dug out a few pieces of good Jade yesterday? Xu lingchong was surprised, but he didn't take it to heart. After all, even the tenth dead Kuangqu would occasionally produce good Jade. However, it was absolutely impossible to produce good Jade every day. Otherwise, it wouldn't be called the dead mining area.

The group waited for almost an hour, and when most of the people had left, they finally saw Lin Yi's figure in the empty tunnel, their lips curling up into a mocking smile. Kid, let's see if you can continue to be proud today!

"Eh? It's quite a big event today. Are you all looking forward to me digging out more Jade today?" Lin Yi raised his head and saw the group of people, especially familiar faces like Xu lingchong and Kang Zhaoming. He couldn't help but be stunned for a moment before he laughed inside.

Lin Yi didn't know if he should feel honored or sad that so many people had come to watch him hand in his work. Of course, if he had to feel sad, he should feel sad for these people.

Meng jueguang and the others were fine. After all, they were close to the Kuangqu. However, a "Big Shot" like Xu lingchong had come all the way here to see him make a fool of himself. If he did not see him as a joke and was given the cold shoulder instead, what else could he do if not be sad?

"Pretentious newbie, I've dug out eight pieces of good Jade today. Let's see if you'll still be as lucky as you were yesterday! However, out of humanitarian concerns, I guess you should be able to dig up eight pieces. Unfortunately, they are all useless Jade, hahaha!" Seeing Lin Yi, Meng Tong jumped out immediately. In order to stimulate Lin Yi, Meng jueguang personally guided Meng Tong to dig for Jade, and Meng Tong did the same. The result was one more piece than yesterday, making everyone envious!

Of course, because there were more people in the seventh Kuangqu, Meng Tong wasn't the only one there. There were also a few outer sect disciples who had failed to advance to heaven-Dao Foundation establishment in the previous batch.

They no longer had the benefits of a cave dwelling and could only rely on the Jades earned by hard work to cultivate slowly. When they had a breakthrough, they could participate in the registration trial for inner disciples again and advance to the inner sect.

Therefore, even with Meng jueguang's help, he could only help Meng Tong find the Jade in a place where there was no one around, which was not very efficient! He was a little envious of his bitter senior brother-this guy could help Lin Yi find Jade in the entire tenth Kuangqu.

Even Lee Zhengming, who was assigned to the same mining area as him, was looking at Meng Tong with envy, let alone the other new members of the No. 8 Kuangqu. He had only picked five pieces of good Jade today.

"Eight pieces? That's not bad, you're barely catching up to me, but you have to continue to work hard!" Lin Yi raised an eyebrow on purpose as he spoke casually, pouring the Jade in the basket onto the scale.

"F * ck! You're just a lucky bastard from the tenth Kuangqu, what are you so proud of? I'll see how you cry when the quality is checked later!" Meng Tong almost exploded in anger-he was trying his best to beat Lin Yi today, but the guy didn't even put him in his eyes! Compared to being looked down on, this kind of nonchalance was even more annoying!

"45.3 catties, no problem!" The staff in charge of weighing the scale compared it with the account book report handed in by the guard.

Lin Yi let out a breath of relief. Just like yesterday, he managed to hide two pieces of useless Jade that didn't have enough Qi. In fact, with the number of useless jades he dug out today, it was not impossible to hide one more piece. However, in that case, all the useless jades he dug out today would have to be filled with spiritual energy and become good jades. It was a little unscientific that all the good jades were full of spiritual energy without a single useless Jade. In order to avoid shooting the bird that takes the lead, it was better to be steady. After all, there was still a long way to go.

Upon hearing the number, Xu lingchong, who was waiting to see the joke, could not help but have a slight change in expression. Although he had never personally mined a mine due to his deep background, he had worked as a manager in the spirit Jade Hall for a period of time in order to gain experience. He more or less had some concept of these processes.

Weighing 45 catties was not uncommon for the first few high-quality Kuangqu, but for it to be weighed in the tenth dead mining area, it was a bit of an exaggeration.

Chapter 3609 You Need A Backer On Sky Class Island

Even the 10th dead Kuangqu couldn't stop him. Was this ignorant brat really that strange?

"Cheh, every time, you're just collecting trash and placing trash Jade inside. It's as if you've picked up a lot of good Jade. Truly, mud can't hold up a wall, you're a disgrace to our GreenCloud Pavilion!" Meng jueguang saw Xu lingchong's confusion and explained at the right time.

So that was how it was! Lingchong Xu's face softened as she smiled disdainfully and turned to Zhaoming, "I say, Junior Brother Kang, are you people from the secular world all so poor that you won't even let go of these worthless pieces of jade?"

"Young master Xu, we people from the common world may not have seen much of the world, but we're not all trash pickers. Lin Yi, on the other hand, is different from me-we may be from the common world, but we're from a true-blue top sect. I'm from the five elements sect, and this Junior Brother Zhong is from the everyday and every day sect, while that Lin Yi is a complete solo practitioner! He got lucky and came to Sky Class Island by picking up trash-we all despise and despise people like him!" Zhaoming grinned, depreciating Lin Yi as if he was a good-for-nothing-being despised on Tianjie Island, and then being despised in the common world-that was God-damn it!

"Oh? So you're from the five elements sect? That's a big sect! The pill God from our Sky Class North Island, master Zhang Liju, is a master from your five elements sect! I've heard of the everyday and every day sect, it was once a sect from Nakajima. You're all descendants of famous sects, no wonder you've joined my rising Sky Pavilion. You're just right!" Xu lingchong was enlightened-he was a proud man, and obviously had a lot of respect and admiration for Zhang Liju from the five elements sect. But he couldn't help but laugh after hearing Lin Yi's story, "That's true. If you guys were the same as this fellow, this young master wouldn't have taken a fancy to you guys back then. Trash like you who only knows how to pick up scraps should be left for the GreenCloud Pavilion. "

Xu lingchong had said these words in front of everyone. The expressions of the GreenCloud Pavilion's newbies changed drastically when they heard this. Wasn't xu lingchong implying that they were all trash as well? Although the GreenCloud Pavilion was the weakest of the three great pavilions, and it was true that it had a place for trash, saying such words in front of so many newbies of the GreenCloud Pavilion was like pointing at a monk and scolding a bald donkey. This young master Xu was simply too much!

However, Meng jueguang, the eldest Senior Steward who was the most representative of the GreenCloud Pavilion, turned a deaf ear to Xu lingchong's words. He continued to ingratiate himself with Xu lingchong, and his expression was one of complete flattery.

All of a sudden, the rookies felt a chill in their hearts! It was true that they were unaffiliated cultivators, and they could accept the current situation of the GreenCloud Pavilion. However, this didn't mean that they were willing to be humiliated in such a way!

And because of yesterday's incident, they were only here to watch Lin Yi make a fool of himself, but they were more of a bystander. They weren't on the same side as Meng jueguang and the others, and now that they'd been provoked by Xu lingchong, especially after seeing Meng jueguang's face, they suddenly felt like they were on the same side as Lin Yi!

As the rookies' attitudes changed, the atmosphere in the room changed. This crowd was originally here to see Lin Yi make a fool of himself, but it felt like they were cheering him on instead. Not only did they not want Lin Yi to make a fool of himself, they wanted him to show off a bunch of good stuff like yesterday, blinding Xu lingchong and Meng jueguang's dog eyes!

"Hehe ... It seems like this group of people isn't hopeless after all." Lin Yi smiled, deep in thought. He'd thought that these newbies were lackeys like Meng jueguang, but it seemed like they still had a bit of pride left.

It wasn't just Lin Yi-even Meng jueguang quickly noticed the subtle difference, and he couldn't help but complain bitterly as he watched the rookies turn their Spears on him.

He was someone who wanted to curry favor with the others and get to know Xu lingchong. It was a blessing that he had cultivated for eight lifetimes. He couldn't possibly give up this great opportunity just because of a word from the other party! But come to think of it, if he wanted to advance in the future, he had to keep his current position, and if he wanted to keep his position as big brother, he had to get these new people under his control. Yesterday was a great opportunity, but Lin Yi's "dog shit luck" ruined it. Today was another opportunity, and he didn't expect to be in such an awkward situation.

If he did not refute Xu lingchong's earlier taunting, then he, Meng jueguang, would definitely lose his reputation in front of the rookies. This was a matter of dignity and backbone, which was very vital. Once such an image was fixed, it would be even more difficult to subdue them in the future!

But if he retorted Xu lingchong, this would go along with the wishes of the rookies, but that would only make things worse. Young master Xu could just casually say hello to Hu Yunfeng and he, Meng jueguang, would never be able to rise again!

He'd either have to offend a newbie or Xu lingchong, and now that he'd been forced into such a dilemma, Meng jueguang wanted to kill Lin Yi in front of everyone. If he wasn't here to see this unlucky guy make a fool of himself, he wouldn't be in such an awkward situation. This was great. He hadn't even seen the joke yet, and he had become the unlucky fellow who had been shot first!

However, at this moment, Xu lingchong seemed to have noticed Meng jueguang's awkwardness. It was true that he didn't like the sight of the GreenCloud Pavilion, but he was a man with ambition and intelligence. Although he was usually arrogant and despotic, he was still very meticulous in his schemes.

Since Meng jueguang had the intention to join him, he would naturally accept it. It would be good if all the people of the GreenCloud Pavilion became his underlings! However, in order to make his little brother loyal to him, he still had to give him face.

"When I said that the GreenCloud Pavilion was trash, I only meant Lin Yi, Xiao ran, Qiao hongcai, and the others. They're destined to be trash if they follow people like poor guy who have no future, but it's different if they follow me or Junior Brother Meng jueguang. Even if you're trash, you'll still have a chance to turn the tables. What do you rely on to make a name for yourself in the sky division North Island?" He had to rely on his backer! You're all Sky Class Masters, and your aptitudes aren't bad either- you're all starting from the same starting line, and it's all about resources. Following the right people is important, or else you'll be relying on dog shit luck in the future!"

Xu lingchong's words immediately caused the blood of all the disciples of the GreenCloud Pavilion to boil! That's right, on this heaven rank North Island, what's the competition? Wasn't it all because of who had the strongest backing?

Don't be envious of that Lin Yi, he was just lucky!

Chapter 3610 Welcome To The Crowd

And what was the use of being good? Wouldn't Meng jueguang and the others still find trouble with him all day? If he didn't have good luck, how could the bitterness cover him? It was obviously impossible!

As for those who were disloyal, they stopped as well, understanding the situation. They didn't have Lin Yi's luck, and they'd be in a worse situation than Lin Yi.

Moreover, Xu lingchong's words were already very clear. If he would be Meng jueguang's backer, then what was there to be afraid of? this was a top-notch backer!

Meng jueguang looked at Xu lingchong gratefully. He suddenly felt like he would die for his friend. If Xu lingchong said that she would protect him, wouldn't he be able to live a better life in the future? Just thinking about it made him extremely happy. Following this kind of boss, it was so awesome!

Lin Yi, on the other hand, looked at Xu lingchong thoughtfully. This young master Xu wasn't an idiot. Although he looked arrogant and domineering as if he was the world's number one, in reality, he was quite smart!

However, Lin Yi didn't take it to heart. These people were his enemies, and he couldn't make peace with them. He could do whatever he wanted!

Therefore, he followed the handover procedure unhurriedly. After weighing, he packed up the spiritual Jade and went to line up at the quality inspection Office without any sense of urgency.

Lin Yi had the patience to wait, but lingchong didn't. He was waiting to see Lin Yi make a fool of himself. After greeting the people, he had Zhaoming send Lin Yi's basket to the inspection area. After all, lingchong's background was strong, and the others turned a blind eye to it, not daring to say anything.

Very quickly, the quality inspection results came out. It was still the voice of the mysterious Pavilion's senior brother Tong from yesterday. "Lin Yi, ten pieces of good Jade, seven pieces of trash Jade, and nineteen pieces of trash Jade!"

"Ten, ten pieces! How is that possible?" Meng Tong almost bit his tongue off in shock. He put in a lot of effort today and only got eight pieces of good Jade, and this was the seventh Kuangqu! But look at Lin Yi from the tenth area, not counting the eight pieces he got on the first day yesterday, he got ten pieces today!

Not only Meng Tong, but Xu lingchong, Meng jueguang, and the others also had a wonderful expression on their faces as if they had just eaten shit. Their faces were red and they looked like they wanted to vomit but could not. This was not just eating shit, they were almost stuffed to death by it!

Lin Yi was lucky to have gotten eight pieces yesterday, but what about the ten today? Could it be that this guy was really a son of luck, being so lucky for two days in a row?

"I have no choice. Who asked me to have such a good character? I can't stop my luck!" Lin Yi shrugged his shoulders helplessly. This was too much.

F * ck! There are only a few pieces of good Jade in the tenth Kuangqu a year. How can this guy dig out so many good Jade in two days? I don't believe this!

Xu lingchong was so pissed off by Lin Yi's expression that he pointed at the inspection Office and said, "Old man Tong, come out! Take out this pile of useless Jade and reexamine it in front of me!"

In front of Meng jueguang, a small manager of the welcoming Pavilion, this senior brother Tong of the mysterious Pavilion could still put on a show. However, in front of the young master of the rising Sky Pavilion, Xu lingchong, he could not do so. Although the mysterious Pavilion had never been on good terms with the rising Sky Pavilion, young master Xu was not someone a small fry like him could afford to offend.

"Yes," Shixiong Tong quickly replied, putting the Jade Lin Yi dug out back into the basket and carrying it out himself to inspect them one by one in front of everyone.

One piece, two pieces, three pieces ... When senior brother Tong finally picked out the ten good pieces of jade and placed them in front of him, everyone was dumbfounded again. Xu lingchong didn't believe it and picked up the pieces one by one to feel them. His already gloomy face completely collapsed.

The spiritual energy of heaven and earth was pure and rich, and its concentration was even higher than the spiritual jades he usually used for cultivation. Even the pickiest person would never say that these spiritual jades were useless jades. On the contrary, even among the good jades, these spiritual jades were of rare high quality!

"What do you think, senior brother Xu? these trashy spiritual jades that I picked up from the trash can't catch the eyes of a Big Shot like you, can they?" Lin Yi crossed his arms, smiling as he stood to the side.

Xu lingchong's face was ashen, but he was choked speechless for a long time. He couldn't possibly lie in front of so many people. If he were to really bite the bullet and say that these spiritual jades were all useless, what would happen to the spiritual Jade Hall? No matter how strong the young master's backing was, in the face of such an obvious matter, these people from the spirit Jade Hall would not dare to lie with their eyes open!

Young master Xu was in a pretty good mood today, especially after scaring away Lu bianren, who wanted to change Kuangqu for Lin Yi. He felt like everything was under his control, and although he couldn't personally teach Lin Yi a lesson for the time being, it was still a pleasure to be able to crush him to death in the tenth mining area. He didn't expect to encounter this in the blink of an eye!

He was already dead in the tenth Kuangqu area, and if it was anyone else, they'd be dead already, but this Lin Yi just dug out so many good jades! And this wasn't the first day, it was the second day!

Xu lingchong's current mood was as if she was filled with joy and was mentally prepared to eat a Manchu Han Imperial Feast. In the end, when the dish was served and the lid was lifted, it turned out to be pig's swill that had gone bad for half a month, and a swarm of buzzing green-headed flies! Not only that, but the problem was that he had to pinch his nose and drink the swill!

Lingchong's face turned green, and so did Zhaoming 's. One had to know that compared to lingchong, he was Lin Yi's true enemy. If there was someone who wanted Lin Yi to be in trouble the most, he would be number one. However, the more anxious he felt, the more swill he had to drink. That feeling could only be described in one word: he wanted to cry but had no tears.

Zhong pinliang was the only one in a good mood among lingchong's group. He would've cheered for lingchong if it weren't for his undercover identity! Boss Lin Yi was boss Lin Yi after all-he was obviously pinned down, but he still gave everyone a big gift without even saying a word. This was a slap in the face, it felt so good!

Taking in everyone's expressions, especially Xu lingchong and the others ", Lin Yi raised his eyebrows on purpose."Hehe ... I was just lucky for two days. I'm sure I won't be so lucky tomorrow, right? Please come again tomorrow, I don't mind losing face!"
