

Bodyguard 3621

Chapter 3621 Continue To Steal The Jade

This time, it was li Zhengming who was stunned. When did this Lin Yi become so gentle and humble? according to his tough style, he even dared to talk back to people like Xu lingchong and Meng jueguang in front of him. It was normal for him to come looking for trouble at a time like this. Why did he become a coward without saying anything?

However, li Zhengming couldn't help but let out a sigh of relief. He had seen Lin Yi's strength on his first day in the welcome Pavilion. He was able to defeat Meng Tong in one move, which showed that Lin Yi was not an easy opponent. If Lin Yi really wanted to find trouble with him, he would have to be willing to be beaten into a pig's head. Otherwise, the fact that he had been hiding his strength would be exposed. It was not worth it!

After giving up on the high-quality mine that li Zhengming had taken, Lin Yi randomly found a slightly more remote mine with no one around. It wasn't in the corner, but the attention wasn't as high as before. As long as he was a little more careful, it was safe to operate.

But just as Lin Yi was about to put down the basket, someone cut in line and stared at Lin Yi with hostility, "Kid, this is the mine that I've set my eyes on. Do you want to snatch it from me?"

Lin Yi frowned. This person was one of the many "newbies" who were digging in the seventh Kuangqu. Lin Yi had some impression of these unfamiliar faces because he observed the environment, but he didn't remember this person digging in this area.

But some people often moved between different mines, and it was normal. Lin Yi didn't mind-it wasn't like he had to go to this one, anyway. He nodded and went to the other mines.

However, Lin Yi soon realized that something was wrong. Every time he walked to a mine, there would always be someone rushing over to grab him. For convenience's sake, he chose the mines that were less crowded, and according to yesterday's observations, there was no one there. It felt as if everyone in the Kuangqu was targeting him!

Could it be that Meng jueguang and the other man had found someone to disgust him because they couldn't find any Jade in the tenth Kuangqu?

Thinking back to Li Zhengming's previous actions, Lin Yi quickly guessed the whole story. These people really did listen to Meng jueguang's orders, and so they teamed up to target him! Not only Lee Zheng Ming, but everyone else in the room was also Meng Jue Guang's minion!

Meng jueguang was a very experienced manager of the welcome Pavilion. Not only were Lin Yi's batch of new disciples affected by him, but even the "previous batch of new disciples" had his mark on them. He had a lot of connections in the spirit Jade Hall. In order to get rid of these dark days as soon as possible, these people would naturally try their best to get on his good side. Not to mention, running on Lin Yi was a small matter!

Although the Kuangqu didn't have a rule that only one person could mine at a mine, Lin Yi couldn't stop them from robbing the mine. He could just stay here and not leave. The other party couldn't do anything to him, could they? they couldn't just attack him for a mine, right? Under the covetous eyes of so many Foundation Stage experts, making a move without permission was simply courting death. If they were accused of a Kuangqu riot, they would be killed on the spot without any reason.

However, if he were to share the mine with someone else, it would be completely different from his original intention of hiding away. Not only would his efficiency be affected, but more importantly, it would be like having one more person to closely monitor him. Lin Yi wouldn't be able to steal any spirit Jade at all.

So when faced with this kind of situation, Lin Yi didn't have his usual strong stance, but chose to retreat again and again. In the end, he was forced to a corner of a mine, and no one came to disturb him.

This was the most broken-down mine in the entire seventh Kuangqu. Not only was the Jade yield far lower than the other mines, but it also seemed like no one had mined here for a long time.

"What did this unlucky newbie do? He's actually being squeezed by this bunch of Foundation Stage failures and doesn't even dare to let out a fart. Isn't he too weak?"

"Hey, I heard that it was Meng jueguang who greeted him. This kid is blind to have offended someone like Meng jueguang. He deserves to be unlucky!"

"The broken mine he found hasn't been used for many years. Can you still mine Jade?"

"Who cares if we can dig out the Jade or not, it has nothing to do with us! That broken mine is so remote, I can't even turn around to take a look. It's good that we can't dig out any Jade, it saves us the trouble of running back and forth!"

.....

The group of guards looked at this scene and clicked their tongues in admiration. All of them had an expression of watching a good show, but they had no intention of interfering in this.

They were the guards of the Kuangqu, and they were bored to death. They liked to watch this kind of harmless fun, but if they crossed the line, like not leaving Lin Yi the last mine, or if someone attacked him, they would have to intervene.

After some discussion, the guards' attention quickly shifted away from Lin Yi. Because of the location, even the guard closest to Lin Yi was at least forty to fifty steps away from him. He wouldn't notice Lin Yi's small movements at all, which was exactly what Lin Yi wanted.

This way, there would be no problem for him to continue operating like he did in the tenth Kuangqu.

Lin Yi couldn't help but laugh to himself as he dug for the Jade while the guards weren't looking. Although Meng jueguang was an enemy, when he recalled all the things that had happened before, he felt that Meng jueguang was the benefactor of his life. Not only had he given him an immortal's cave, spiritual Jade, and a Kuangqu, but he had also immediately helped him solve the slightest problem. If he were in the secular world, he would have been given a few good-person cards!

Lin Yi was in a good mood, but Meng jueguang and Meng Tong, who were busy working in the tenth Kuangqu, weren't in a good mood. In fact, they were in an extremely bad mood.

The same Kuangqu, the same mining spot, Meng jueguang also personally went to work. However, after working for an entire day with Meng Tong, the result was the same as yesterday-nothing! He dug up a few pieces of useless Jade, but there was still not a single piece of good Jade!

After yesterday's lesson, Meng jueguang no longer held onto the hope that he had misjudged the situation. At this moment, he was sitting next to Meng Tong, who was also covered in dust and dirt. The two of them were in a mess!

Chapter 3622 Did I Miss Something?

"Motherf * cker! How could there not be a single good Jade? Could it really be like what that kid said, that he was the only one who could dig out good Jade in this dead Kuangqu? This is too strange!" Meng jueguang couldn't help but go crazy. After two consecutive days of fruitless search, even someone as shrewd as Meng jueguang could no longer keep his cool.

"Ninth older cousin, could it be that this dead Kuangqu area doesn't have any good Jade? That Lin Yi guy just got lucky and found these pieces-he's already dug out all the good Jade in this Kuangqu?" Meng Tong mumbled dejectedly as he scratched his head.

"Your words have enlightened me. If there is really good Jade in this Kuangqu, then it is absolutely impossible that he is the only one who can dig it out and we can't!" Meng jueguang nodded thoughtfully and said, "We've been busy for two whole days without any harvest. Maybe there's really no good Jade here! This mine isn't the high-quality one we thought it was-there were only a few good jades here and there, and Lin Yi just got lucky!"

"Then ... What should we do? Are you still coming back tomorrow?" Meng Tong looked at Meng jueguang with wide eyes.

He was about to go crazy after two days of hard work without a single piece of good Jade in his account. A Senior Steward like Meng jueguang might not care about the reward of mining, but he, Meng Tong, was still a newcomer. Instead of wasting time here, he might as well return to the seventh Kuangqu as soon as possible. Even if he could earn an extra half a piece of spiritual Jade as a reward, it would be a good thing.

Meng jueguang shook his head, "but what if this is really a high-quality mine?" We just happened to run into a relatively thick fault, and maybe we can dig out some good Jade tomorrow. If we give up so easily, wouldn't we be making a big loss?"

Worried about his gains and losses, Meng jueguang had unconsciously fallen into the typical gambler's mentality. He was definitely unwilling to continue wasting time here, but he was also unwilling to give up just like that. He was afraid that he would miss out on the good spiritual Jade that was so close to him!

"But what if he doesn't?" Meng Tong said with a sad face. Of course, he also hoped to dig out some good Jade, but if he continued to waste his time with nothing, he would be the one who would suffer the real loss.

Didn't Meng jueguang throw Lin Yi into the tenth mining area so that he could waste his time? now, Lin Yi was transferred to the seventh mining area, and it was Meng Tong, his loyal follower, who was sent to the tenth mining area to suffer!

"If only we could know if there's any good Jade in here ..." Meng Tong couldn't help but Mutter. He really didn't want to continue wasting his energy here.

The speaker had no interest in it, but his words caused Meng Jue Guang's eyes to light up. He slapped his head and said, "Yeah! We can find the exploration experts of the spiritual Jade Hall to see if there is any good Jade in this dead Kuangqu. We'll know if there is any good Jade after another exploration!"

"It's really good to watch?" Meng Tong was stunned. He looked at Meng jueguang with a strange expression and said, "Ninth older cousin brother why didn't you say so earlier, wouldn't these two days of hard work be in vain?"

"Uh, that was then and this is now, what do you know!" Meng jueguang couldn't help but reprimand with a red face.

In fact, it was not that he had not thought of this move. The main thing was that he had been thinking that after discovering a high-quality mine, he could make a fortune on his own. If he had invited the exploration experts of the spiritual Jade Hall, once a high-quality mine was discovered, even if he did not report it, he would at least get a share of the loot. This was obviously not in line with Meng jueguang's interests.

However, they had been busy for two days and had not found a single piece of good Jade. Now that they were in a difficult situation, it was not a bad idea to find an exploration expert. Even if they shared some benefits with the other party, it was better than continuing to work blindly like headless flies.

After making up his mind, Meng jueguang immediately left the Kuangqu. Over the years, Meng jueguang had managed to establish a network of connections and he knew one of the exploration experts in the spirit Jade Hall. However, the other party was still a person at the level of the manager of the spirit Jade Hall. He was not someone Meng jueguang could order around at will. Meng jueguang planned to spend the night to make friends with the other party so that he could invite the other party over for help tomorrow.

As for Meng Tong, he was sent off by Meng jueguang with a sullen face. There wasn't a single good piece of Jade after digging out a pile of useless Jade-it was already embarrassing enough that Lin Yi had caught him in the act yesterday. If this happened again, where would he put his face as the eldest martial brother?

However, Meng Tong was glad that Lin Yi wouldn't be waiting for him here to make a fool of himself. The tenth Kuangqu was very far away, and by the time he finished his work, almost all the people had left.

Early the next morning, Meng jueguang eagerly invited the exploration expert he had found to the No. 10 dead Kuangqu. Along the way, the exploration expert could not help but ask curiously, "Old Meng, I'm just wondering, what's there to explore in the 10th Kuangqu area, this kind of godforsaken mining area? aren't you just wasting time by asking me to come here?"

"Senior brother MA, I was thinking the same thing. However, a few days ago, there was a newcomer in our GreenCloud Pavilion who dug out eight to ten pieces of good Jade in two days. That's why I felt that there might be something fishy about this!" Meng jueguang explained.

The exploration expert called senior brother MA was originally absent-minded, but he was stunned when he heard this. "You've dug out so many good jades in two days? Could it be that he found a high-quality mine by accident?"

"Senior brother MA is indeed an expert. You hit the nail on the head. I was thinking the same thing, so I specially asked you to make a trip, senior brother MA," Meng jueguang nodded.

As the two of them conversed, they arrived at the tenth Kuangqu. After hearing Meng jueguang's words, this senior brother MA no longer acted perfunctorily, but instead began to explore seriously. After all, for an exploration expert like him, if he could find good Jade in the tenth Kuangqu and report it to the spirit Jade Hall, it would be a huge contribution!

Under Meng jueguang's expectant gaze, senior brother MA busied himself with work for a while before quickly coming to a conclusion. With a sullen face, he said, "There's no high-quality mine like you said, old Meng. It's about the same as the results of the regular exploration last time. The proportion of spiritual Jade in the tenth Kuangqu is less than ten percent, and the concentration of spiritual energy is far from enough. In other words, even among these ten percent of spiritual Jade, it's basically useless Jade with thin spiritual energy. It's unlikely that there will be any good Jade."

"This ..." Meng jueguang was stunned. He was prepared for this, but he still dragged MA to the mine where Lin Yi dug out the good Jade. "Senior brother MA, check this mine again carefully, will you miss anything?"

Chapter 3623 Still Want To Exchange

"You don't believe me?" Senior brother Ma's expression was unfriendly, but because of his past friendship with Meng jueguang, he still patiently scouted the mine again, and then he let out a slight gasp of surprise.

"What's wrong? Did you find a good Jade?" Meng jueguang hurriedly asked. Meng Tong, who was following behind him, also had an expression of anticipation.

"The ratio of spiritual Jade in this mine is slightly higher than in other places. It should be about fifteen percent, and the concentration of spiritual Qi is much higher." Senior brother MA pondered for a moment, then shook his head and said, "However, it's still far below the average standard. Even if this place can produce good Jade, it'll be at most thirty to forty pieces. It's not worth much at all."

"Only thirty to forty pieces?" Meng jueguang's face, which had been full of anticipation, suddenly collapsed. This was completely different from the high-quality mine he had expected.

"Yes, and that's an optimistic estimate. In fact, if we want to dig out these thirty or forty pieces of good Jade, we don't know how much effort it will take. It will take at least two or three months!" Senior brother MA said firmly.

"F * ck, so I've really shot myself in the foot. I've been working for nothing these two days?" Meng jueguang muttered to himself. He did not have the slightest doubt about senior brother Ma's judgment. After all, the other party was an exploration expert hired by the spirit Jade Hall. He had absolute authority in this area. Since he had come to a conclusion, it would definitely not be wrong.

"Old Meng, you're the No. 1 figure in the welcome Pavilion, so you'd better be more prudent. Next time, don't drag me in just because some newbie got lucky. It's just a waste of time!" Senior brother MA grumbled in dissatisfaction, and Meng jueguang could only nod repeatedly as he respectfully sent the exploration expert off.

After senior brother MA left, Meng jueguang, Meng Tong, and the two bored guards were the only ones left in the tenth Kuangqu.

"Ninth cousin brother, what should we do now? there's no need to waste any more time here, right?" Meng Tong asked. According to senior brother MA, although there were still 30 to 40 pieces of good Jade in this mine, it would take at least two to three months to dig them out. On average, there was less than one piece a day. It could not be compared with the seventh Kuangqu.

Meng jueguang nodded with a dejected expression. "Indeed, there's no need to waste any more time. The tenth Kuangqu is a place to screw people over. I must've been possessed for a moment to be bewitched by this evil Lin Yi. I came here to waste my energy, but instead, I let him mine comfortably in the seventh mine for two days!"

Although Meng jueguang had specifically spoken to the people at the seventh Kuangqu to make things difficult for Lin Yi, it didn't change the fact that Lin Yi was staying there. Even if the seventh mine was the worst, it was still far better than the ten dead mines that birds don't even shit on!

Thinking of Lin Yi's comfortable life in the seventh Kuangqu, Meng Tong gritted his teeth. That was his territory, and now it was taken by this bastard. He gritted his teeth, "Ninth cousin, let's kick that Lin Yi guy back here, we'll let him die of boredom in this Kuangqu!"

"Indeed, we need to quickly think of a way to kick this guy back, or else it'll be too easy on him!" Meng jueguang nodded unwillingly, but then he said awkwardly, "But how can we make him agree to exchange it back? this is another problem. This guy has tasted the sweetness of Kuangqu 7, he definitely doesn't want to return to this godforsaken mining area 10!"

Even if Meng jueguang had a deep network in the spirit Jade Hall, the spirit Jade Hall's rules were clear. If someone wanted to change Kuangqu, they had to sign the contract. Just like when he wanted Lin Yi to move to the seventh Kuangqu, he tried everything he could to get Lin Yi to sign the contract on the spot. He needed to find a way to get Lin Yi to sign the contract if he wanted to get Lin Yi back.

If Lin Yi didn't agree, it'd be useless even if Meng jueguang went to Dai Wuchang to complete the procedures. After all, the other party wasn't a "previous batch of newbies" who lost their rights after failing to build their Foundation. Without any special reasons, even Meng jueguang couldn't force Lin Yi to do something like this.

"Ninth cousin, why don't we give him another 25 pieces of useless Jade?" Meng Tong frowned and said.

"You're an idiot!" Meng jueguang didn't know whether to laugh or cry. Why did he have such a stupid cousin? he rolled his eyes and scolded, "You think Lin Yi's an idiot like you? Wasn't it enough that you fell for it once? will you fall for it again?"

"Uh ..." Hearing Meng jueguang's words, Meng Tong suddenly felt that he was a little stupid, so he replied weakly, "Then what should we do? If Lin Yi doesn't agree, then he'll be stuck in the seventh Kuangqu forever!"

"It's easy to invite a God, but hard to send him away!" Meng jueguang scratched his head helplessly.

Two days ago, he'd thought of a way to lure Lin Yi to the seventh area-he'd thought that he'd be able to make a fortune out of the ten Kuangqu, but he'd wasted two days instead of finding the good stuff. Now, he didn't even know how to kick Lin Yi back-he was shooting himself in the foot!

In fact, it was fine if he couldn't kick Lin Yi back to the tenth Kuangqu. As long as Meng Tong went back to the seventh mine, it wouldn't be a loss for Meng jueguang. He just didn't like Lin Yi's comfort, but the problem was that he had a very serious hidden worry!

The key reason why he was able to get Lin Yi out of the Kuangqu was that Xu Ling nodded to young master Xu. Otherwise, no matter how good his relationship with Dai Wuchang was, Dai Wuchang wouldn't dare to go against young master Xu's wishes.

The reason why Xu lingchong agreed back then was because he, Meng jueguang, swore to Lin Yi face to face that he wouldn't let Lin Yi off easily once he found out the dirty secrets of the tenth Kuangqu! And now, not only did he not find out anything about the tenth Kuangqu, Lin Yi even made him stay in the seventh mining area. If young master Xu heard about this, he would have to bear the consequences!

Now that he thought about it, chasing Lin Yi back to the tenth Kuangqu wasn't a dispensable act anymore-it was a death mission that he had to complete! This was because not only did this involve Meng jueguang's personal grudges, but it also concerned Xu lingchong's reputation!

However, the more he realized the severity of the situation, the more troubled Meng jueguang became. He couldn't think of a way to kick this Lin Yi back to the tenth Kuangqu a short time.

Chapter 3624 Zhong Pinliang's Suggestion

He couldn't think of a way himself, so he naturally couldn't count on the dimwitted Meng Tong.

The two walked out of tunnel 10 with a long face. Meng jueguang was about to find Dai Wuchang to change Kuangqu contract for Meng Tong when he saw two familiar faces-Kang Zhaoming and Zhong pinliang.

Not only were these two disciples of the rising Sky Pavilion, but they were also Xu lingchong's direct disciples. They were considered to be the more prominent figures among the newcomers of the welcoming new disciples Pavilion.

Especially Kang Zhaoming, who had almost locked onto the new Deacon's position under young master Xu's special care. According to Meng jueguang's observation, this person was quite scheming. He had been coming to the spirit Jade Hall quite frequently these days, and he must have had his eyes on the spirit Jade in the mine.

Meng jueguang suddenly had an idea-that's right, these two were Lin Yi's archenemies back in the common world-they'd be more than happy to help him deal with Lin Yi! Maybe they knew Lin Yi better and had some tricks up their sleeves!

Thinking of this, Meng jueguang quickly stepped forward and greeted,"Junior martial brother Kang, junior martial brother Zhong, I didn't expect to see you two here, what a coincidence."

"Yo, if it isn't senior brother Meng!" Kang Zhaoming and Zhong pinliang looked at each other and smiled.

It was only natural for disciples of the rising Sky Pavilion to look down on people from the GreenCloud Pavilion, but Meng jueguang was still the pavilion's manager Shixiong, after all. He even had Lin Yi as his subordinate, and Xu lingchong seemed to have some admiration for him as well. As such, Kang Zhaoming wanted to make friends with him. As for Zhong pinliang, he would follow whatever Kang Zhaoming did. He would never fall behind.

The few of them exchanged a few pleasantries before Meng jueguang asked, "Are the two junior brothers preparing to enter the mine?"

"Not bad, we newbies aren't as free as you, senior brother Meng. Other than mining for spiritual Jade, there's no other way," Kang Zhaoming replied with a smile.

"Hey, Junior Brother Kang, you're being too humble! Not only are you two disciples of the rising Sky Pavilion, but you're also young master Xu's most valued subordinates. Even if you were to go to the mine, it would definitely be the number one Kuangqu. It's a matter of course that you'd be able to dig up 30 to 40 pieces of good Jade a day. Even a senior brother like me, who's in charge, is a little envious. It's a little unreasonable for you to call yourselves newbies!" Meng jueguang chuckled as he complimented.

Meng jueguang's words were merely a compliment, but Meng Tong, who was standing beside them, could not hide the envy in his eyes as he looked at the two of them. What did it mean to dig up thirty or forty pieces of good Jade a day? This meant that a day's work could be worth five days' worth of work, and a spiritual Jade's reward for three or four days' work. It was really infuriating!

"You're too kind." Zhaoming looked humble on the outside, but he was actually quite pleased with himself after noticing the envious look in Meng Tong's eyes.

From this, it could be seen how correct his decision to cling onto Xu lingchong when he first arrived on this Sky Class Island was. Otherwise, he would have been sent to a miserable place like the GreenCloud Pavilion, where he could only dig up five or six pieces of good Jade after a day of hard work. That would have been truly miserable! Of course, if they were targeted like Lin Yi, it would be even worse!

But if Kang Zhaoming knew that he, a key newbie of Kuangqu one, could only earn one spiritual Jade after three to four days of hard work, while Lin Yi could steal at least two spiritual jades every day without any risk, wouldn't he be extremely jealous?!

Of course, with Zhaoming's personality of taking shortcuts, he wouldn't be satisfied with just digging for Jade. He dragged lingchong along to build up his network a few days ago so that he could find an opportunity to fill his own pocket. This was his nature.

However, the spirit Jade Hall had strict supervision. Even with Xu lingchong's help, it wasn't easy for Kang Zhaoming to achieve what he had.

One had to know that even a senior like Meng jueguang wouldn't dare to lay his hands on good Jade with his current connections. He could only find an opportunity to take some useless Jade, and these pieces of jade could only be exchanged for a small amount of money. Even if he tried to bring them out, he could only use them to cheat people like he did to Lin Yi two days ago. Other than that, there was no other use.

"Senior brother Meng, two days ago, you told young master Xu that you were going to investigate Lin Yi's digging of good Jade in the tenth Kuangqu. Did you make any progress?" Kang Zhaoming changed the topic and asked. Even though he thought that digging eight to ten pieces of good Jade a day was already quite bad, but if he could make Lin Yi not get a single piece of good Jade, wouldn't that be even better?

Meng jueguang was secretly happy. He had been waiting for this reply. He immediately sighed and said, "Sigh, don't mention it! The two of you know that I kicked this Lin Yi to the 10th Kuangqu in the first place to avenge young master Xu and the two of you, but he found good Jade two days in a row! Isn't this going against our original intention of punishing him? Not to mention anything else, just for the past grudges between him and my two junior brothers, we can't let him continue to be so free and unfettered!"

They knew that the guy was trying to make them look good, but the two still nodded. Meng jueguang continued, "So, I set a trap and tricked him into coming to the seventh Kuangqu to investigate the secrets of the tenth mining area. In the end, when I invited an exploration expert from the spirit Jade Hall to take a look, they found that there was no good Jade in the tenth mining area, nor was there anything fishy about it. He was just lucky the last two days. If he were to continue to stay there, he would definitely not be able to dig out any good Jade no matter how lucky he was!"

"Isn't that great? we can just kick him back to the tenth Kuangqu. Don't you think so, junior martial brother Zhong?" Kang Zhaoming's eyes lit up. He wanted to see Lin Yi in trouble. If Lin Yi didn't get a good piece of Jade for a few months, that would be great!

Pinliang nodded, not saying anything. He was Lin Yi's spy, and he couldn't just say anything without understanding the situation. He might help Lin Yi, but he might also make things worse!

"Hey, I had the same idea as my two junior brothers!" "But the problem is, if we don't think of a way to make Lin Yi sign the contract, he'll just stay at the seventh Kuangqu. There's nothing we can do about that!"

"This ... Is a problem." Kang Zhaoming frowned, "Then how did you guys get Lin Yi to come out? According to my understanding of Lin Yi, he's not an idiot. If he was able to dig up eight to ten good jades in two days, it should be better than the seventh Kuangqu. Why would he agree?"

Chapter 3625 A Very Good Person

"Because I found an excuse and gave him twenty-five pieces of useless Jade in exchange for the only piece of little spirit Jade that was still full of spiritual energy in his hands!" Meng jueguang replied smugly.

"Useless Jade? What use did this guy have for useless Jade? He actually exchanged good Jade full of spiritual energy for useless Jade. This thing can't be eaten? He must have been kicked in the head by a donkey!" Kang Zhaoming couldn't help but be surprised. Even Zhong pinliang was stunned.

The spiritual Qi inside this useless Jade was too thin. It was far less than the immortal's caves that the welcoming new pavilion had assigned to the newbies. Even the useless newbies of the GreenCloud Pavilion didn't care about the spiritual Qi inside this useless Jade!

Meng jueguang smiled smugly and said,"hehe, don't be surprised, junior brothers. When I gave him the spirit jades, he didn't know that they were useless jades. He thought that all twenty-five of them were good jades, and that one small spirit Jade could be exchanged for twenty-five good jades. This big pie that fell from the sky directly hit him unconscious, so he was tricked by me into signing the contract on the spot. Even if he found out that they were useless jades later, he couldn't go back on his word!"

"So that's how it is! Lin Yi was tricked by senior brother Meng!" Zhaoming chuckled as he realized what was going on-he'd love to see Lin Yi get beaten up like this.

Pinliang, on the other hand, didn't think that way-he'd interacted with Lin Yi the earliest, and understood him the best. As far as he was concerned, boss Lin Yi's miraculous abilities had been proven time and time again in the common world-he wasn't the kind of guy who would be tricked so easily. It was already good enough that he didn't trick others, but who would? Pinliang had to endure the pain of shooting himself in the foot! He even lost his kidney!

So getting tricked into exchanging good Jade for useless Jade was something so stupid that it wouldn't happen to Lin Yi unless he wanted these pieces of useless Jade to begin with and was willing to be tricked!

He didn't know what Lin Yi wanted these pieces of jade for, but pinliang had a feeling that it'd be of great use to Lin Yi's boss. Meng jueguang and the others thought that they'd just scammed their boss, but they might end up falling into his trap instead.

The group laughed for a while before Zhaoming continued, "Then, how do we kick Lin Yi back to the tenth Kuangqu? Has senior brother Meng thought of any good ideas? We can't just let him stay in the 7th Kuangqu forever, can we?"

"I'm having a headache over this problem as well. Meng Tong just said he'd use twenty-five more pieces of jade to trick Lin Yi back. I knew Lin Yi wasn't an idiot, why would he fall for it again? Both of you are smart people, what do you think?" Meng jueguang looked at Kang Zhaoming and Zhong pinliang with wide eyes.

"Indeed, it's only been two days and they want Lin Yi to fall for the same stupid trap again. Do they think Lin Yi is an idiot, or do they think they're idiots?" Kang Zhaoming laughed as he glanced at Meng Tong, the disdain in his eyes was obvious. Meng Tong's face was red from the words.

Pinliang interrupted. "Actually, I think that Junior Brother Meng Tong's suggestion might work!"

"Oh? Junior martial brother Zhong, why do you say that?" Zhaoming and jueguang asked in surprise, while Meng Tong looked gratefully at pinliang.

'He's such a good person! This senior martial brother Zhong is too good! I must get closer to him in the future and discuss things with him!'

Zhong pinliang was different from Meng Tong. Like Kang Zhaoming, he was personally recruited by Xu lingchong into the rising Sky Pavilion. He was no idiot either. The same words from Meng Tong would only make people laugh at him, but from his mouth, Meng jueguang and Kang Zhaoming would have to think about it.

"The two brothers were right. With Lin Yi's shrewdness, he wouldn't fall for the same trick again after two days." Pinliang analyzed, "However, there's a prerequisite for that, which is that he has already realized that he has been tricked. What if he still hasn't realized that the 25 pieces of spiritual Jade that senior brother Meng gave him are useless Jade?"

"Is ... Is this possible?" Meng jueguang and Kang Zhaoming looked at each other. Zhong pinliang's words did make sense. If Lin Yi still didn't realize that the spiritual jades were useless, he might be able to succeed again if he tried again!

Pinliang continued after seeing the two hesitating, "According to senior brother Meng, it's only been two days since Lin Yi took the twenty-five pieces of useless Jade, and he's been Kuangqu these two days, so he didn't really use spirit Jade. Since he didn't use it, he wouldn't have found out that these were useless Jade, so I think there's a high possibility that he didn't find any!"

"But even if he has to mine during the day, he'll still need spiritual Jade at night for cultivation, right?" Meng jueguang thought that pinliang's words made sense, but he was still confused.

Pinliang shook his head, "I don't dare to boast about the others, but I'm sure that none of you senior brothers understand Lin Yi as well as I do! This guy looks ordinary on the surface, but he's actually very arrogant in his heart, thinking that he's a cultivation genius that only appears once in ten thousand years. So, when he was in the secular world, he was already used to taking advantage of opportunities and never cultivated as hard as we did. So I bet that he definitely didn't cultivate seriously in the past two days, so naturally, he doesn't need spiritual Jade!"

Zhaoming nodded from the side, "I do agree with that, junior martial brother Zhong." Senior brother Meng might not know this, but Lin Yi is actually a refiner in the common world. His strength is basically all thanks to elixirs. People like him who are used to taking elixirs don't care about daily cultivation. I think he's probably saving up to buy elixirs! As for cultivation, a guy like him who was addicted to medicinal pills probably didn't even know how to use spirit Jade to cultivate, right? Hahaha!"

The group burst into laughter-pinliang was secretly happy at Meng jueguang's expression of complete trust. He'd already decided that Lin Yi's boss would have a use for the Jade, and that was why he'd intentionally led these people to give Lin Yi the useless Jade again. He'd been suspicious when it was just him, but now that Zhaoming was speaking up for him as well, he had no choice but to believe.

At this moment, Meng Tong seemed to have thought of something. He suddenly slapped his thigh and shouted, "I remember now, ninth cousin, the little spirit Jade we exchanged with Lin Yi didn't look like it's been used at all, which confirms what senior Zhong and senior Kang said-Lin Yi didn't rely on spirit Jade to cultivate at all!"

Chapter 3626 Fortune Boy

"You're not wrong!" Meng jueguang thought back and confirmed that this was indeed the case. He couldn't help but nod!

"Senior brother Meng and Junior Brother Meng Tong should have seen Lin Yi these past two days, right? Did he show any flustered or exasperated expression after realizing that he had been tricked?" Pinliang bet that Lin Yi's boss wouldn't let it show even if he found out that all twenty-five pieces of jade were useless.

Meng jueguang was stunned for a moment. He and Meng Tong carefully recalled what had happened, and then they both said excitedly, "Yeah! I didn't see him yesterday, but I did see him the day before yesterday. But it's just as junior martial brother Zhong (senior martial brother) said, this kid's behavior is normal, as if he didn't notice that those are all useless jades!"

"That's it. We can follow Junior Brother Meng Tong's plan and prepare a pile of useless Jade before sending it to him!" Pinliang said with a smile.

Meng jueguang was just about to nod, but then he hesitated and said, "But what if he already finds out that it's a useless Jade? After all, what he said just now was just speculation. That kid had always been good at pretending. The reason why he looked normal these two days was probably because he had to swallow his pride. In that case, wouldn't it be a waste to give him useless Jade?"

This guy was really not easy to fool! Pinliang's lips twitched as he thought about it. "That's simple. Let Junior Brother Meng Tong find an opportunity to sound him out. Wouldn't we know after a little probing? But then again, it's just a pile of useless Jade. Even if it doesn't work, you won't lose much, senior brother Meng!"

"You're right, junior martial brother Zhong," Meng jueguang nodded.

The other party was giving him a plan, and since he'd already said it, it'd be embarrassing if he didn't agree. He'd make it look like he couldn't afford to pay for these pieces of jade. He didn't want to lose face in front of Kang Zhaoming and Zhong pinliang! And to be honest, pinliang's idea did sound reliable and worth a try!

After the discussion, Meng jueguang arranged for Meng Tong to talk to Lin Yi. Meng Tong was going back to the seventh Kuangqu anyway, so he was on the way.

When he arrived at the seventh Kuangqu, Meng Tong's first sight was Lee Zhengming, who was busy at the center of the mining area. He could not help but feel angry.

This mine was originally a high-quality mine that Meng jueguang had specially left for him. Now that he had wasted two days in the 10th Kuangqu, it was Lee Zhengming, this scheming kid, who had taken advantage of him. Of course, he was not happy!

Although li Zhengming had been hinted by Meng jueguang to make things difficult for Lin Yi, Meng Tong had automatically ignored this sentence.

Not to mention, li Zhengming had even searched Lin Yi's body and accused him of hiding the spirit Jade the last time they tried to frame him. This was a total rebellion! Although he couldn't do anything to Lin Yi for the sake of Meng jueguang's face, he'd already held a grudge against him!

Meng Tong was a very arrogant and selfish person, so in his opinion, li Zhengming had bad intentions and wanted to replace him! He felt that even though Lee Zhengming had followed Meng jueguang, the best resources would still be given to Meng Tong first, and the rest of the inferior resources would be his turn. If he could find an opportunity to replace Meng Tong, the benefits would be self-evident!

"Hmph, just you wait, I'll teach you a lesson one day!" Meng Tong spat angrily and started looking for Lin Yi. After all, his mission was to find Lin Yi's words, and he knew the importance of this.

When he found Lin Yi, Meng Tong's bad mood was swept away. He couldn't help but gloat.

Lin Yi's mine was in the most remote corner, the kind that no one had ever visited before. There were a few empty mines near the edge, and according to past experience, the Jade yield was better than Lin Yi's current one, but he didn't have any intention of moving them. In fact, if he wanted to move out, there would be people coming to fight him for the mine until he gave up. This was Meng jueguang's order-Lin Yi could only Kuangqu at the worst spot in the seventh area.

But Lin Yi didn't mind at all-he didn't need the others to go through all that trouble, and just settled down in this most remote and worst mine, just like Lu bianren. In fact, even if the others wanted him to come out, he didn't want to come out himself. It was great that he could completely avoid the guards 'sight in the most remote mine!

"Pretentious newbie, are you busy?" Meng Tong gloated alone for a while before walking over to Lin Yi. If it had been anyone else who had come to the Kuangqu and not done their work properly, they would have definitely been taught a harsh lesson by the guards. However, Meng jueguang had specially taken care of Meng Tong, so the guards had turned a blind eye to this.

"Eh? If you have something to say, say it quickly and don't hinder me from doing my work!" Lin Yi was about to put a piece of Jade into the Jade space, but he stopped when he saw Meng Tong.

Heh, he was clearly driven to the worst mine, but his temper was quite big! However, it was normal to have a temper. Who wouldn't have a temper here? Meng Tong couldn't help but curl his lips. He organized his words and said, "It's nothing much. I just wanted to ask you if you've used all the spiritual jades that ninth cousin gave you two days ago?"

Is he testing me to see if I've found any useless Jade? Lin Yi's heart skipped a beat, but he put on a cautious face. "No, it's still there. Why, are you going back on your word? Could it be that you want it back from me? I'm telling you, I'm not going back to the tenth Kuangqu, and don't even think about asking me to return these spiritual jades to you!"

"Hey! Why are you so excited? we didn't want it back, we were just asking!" Meng Tong's heart was set. He ignored Lin Yi after coming to a conclusion and turned to leave.

Lin Yi couldn't help but chuckle as he watched the guy leave. Meng jueguang actually let this brainless guy come to him for his excuses-he didn't know if he was careless or if there was a hole in his brain! It was all thanks to his cooperation. If it had been anyone else, they would have been suspicious of Meng Tong's rash words even if they had not been suspicious before!

But why had Meng jueguang sent this fellow to test him? Lin Yi went into deep thought, and shook his head after a while. Could it be that these two realized that they couldn't find any good Jade in the tenth Kuangqu area and were thinking of a way to kick him back?

Lin Yi's suspicions were quickly confirmed, and when he returned to the cave, he saw Meng jueguang and Meng Tong waiting for him.

It was the same remote corner as last time, and he saw the same black bag in Meng Tong's hands. Lin Yi didn't know whether to laugh or cry at this scene-these two fortune boys were here to give him spiritual jades again!

Chapter 3627 One Less

"Lin Yi Junior Brother, I'm planning to transfer you back to the tenth Kuangqu, please sign the contract!" Meng jueguang went straight to the point.

"On what basis?" Lin Yi glanced at him and smiled. "I'm doing well in the seventh Kuangqu, and I can find good Jade without any effort. Why would I go back to the dead mining area, which is a place where even birds don't want to shit, and waste my time? Or are you sick in the head?"

"I knew you wouldn't agree, but it's okay, I'll make you agree." Meng jueguang motioned for Meng Tong to place the bag of spiritual Jade on the stone table."In three months 'time, you can at most earn six or seven pieces of spiritual Jade at that lousy mining spot in the seventh Kuangqu. However, if you agree to change mining areas, I can give you ten pieces right now. How about it?"

"Ten pieces of spiritual Jade? It's just to get me back to the tenth Kuangqu. Do you think it's worth it to pay such a high price, senior brother Meng?" Lin Yi laughed and pretended to be suspicious, "There's no free lunch in the world. Senior brother Meng, you guys didn't dig a hole for me to jump into, did you?"

"Tsk! Lin Yi-you can't overestimate yourself, spending so much money just to set up a trap for you, do you think you're worth it?" Meng jueguang sneered disdainfully and explained after a pause, "To tell you the truth, young master Xu found out that I transferred you to the seventh Kuangqu. He's very angry, so I can only find a way to get you back. I was forced to pay this price. Now, you have nothing to doubt, right?"

Hehe, he clearly wanted to use a few pieces of useless Jade to trick him back to the dead Kuangqu, but this guy's lie was quite well-made!

However, Lin Yi was very willing to cooperate with this little trick of his. Since the other party was rushing to give him the spiritual Jade, there was no reason to reject him.

Super nice people like Meng jueguang and Meng Tong were rare, and Lin Yi was really happy to meet them on the high class Island.

"Alright then. Since senior brother Meng has already put it this way, as your Junior Brother, it doesn't seem right for me to disagree. However, senior brother Meng, don't you think that ten pieces of spiritual Jade is a little too little?" Lin Yi pretended to be in a difficult position, keeping Meng jueguang in suspense.

"These ten pieces ... Are already a lot ..." Meng jueguang said, pretending to be deep in thought.

"F * ck, you're raising the price again!" Seeing Lin Yi take the bait as he wished, Meng Tong was secretly pleased. He didn't care about wasting a few pieces of jade, but he cooperated with Meng jueguang on the surface and pretended to be unhappy, "Ten pieces of spiritual Jade is already a lot. It's far more than what you're paid for mining, alright? don't push your luck! It can't be any higher, it's already an astronomical price!"

These two fellows were quite into their roles! Lin Yi laughed in his heart, but put on a straight face and pretended to be angry, "Senior brother Meng, you have to speak with a conscience! Two days ago, you asked me to change it out, and today, you want me to change it back. From the beginning to the end, you've been tormenting me, Junior Brother, and I didn't even say a word of complaint! Since senior brother Meng feels like he's at a disadvantage, then fine, I won't change Kuangqu, alright?"

Meng jueguang quickly stopped Lin Yi when he saw him leaving. "Don't worry, Lin Yi-I didn't say that it'd be at most ten spiritual jades, right? That was what Meng Tong had said! How about this, I'll give you two more spiritual jades. That's 12 spiritual jades!"

"Twelve pieces?" Lin Yi looked at Meng jueguang and raised his eyebrows. "Senior brother Meng, two days ago, you gave me twenty-five pieces of spiritual Jade to exchange for Kuangqu number 10 to mine number 7. Now, you're kicking me back to mine number 10 from mine number 7. Don't you think this price is a little too cheap?"

"That's not the same! The previous twenty-five pieces of spiritual Jade were for your little spiritual Jade, not for you to change your Kuangqu!" Meng jueguang paused, as if he had made a great decision. "But since it wasn't easy for you to be assigned to the tenth Kuangqu as a newbie, how about this, I'll take a step back, fifteen spiritual jades!"

" 30 yuan. Don't talk to me again if you're missing one Yuan." Lin Yi said firmly. If this was a normal trade, the other party would've flipped out already, but Lin Yi knew what Meng jueguang was thinking- he wouldn't be stingy with these dozen pieces of useless Jade just to get Lin Yi on the hook.

At this time, if he didn't seize the opportunity to extort a few more pieces, he would be exterminated by the heavens!

Sure enough, after a moment of unsightly expression, Meng jueguang finally gritted his teeth and agreed, "Okay, in order to calm young master Xu's anger, I'll admit this loss. Twenty-five pieces, that's the limit I can take! Sign Kuangqu contract for the mine. "

"Alright then!" Lin Yi smiled and nodded, signing the contract without hesitation. He counted the number of spirit Jade and left.

In fact, Lin Yi knew that they were useless Jade, but he knew when to stop. He took them as good Jade, and if he insisted on a high number, it would be like he didn't value the Jade as money.

Only after Lin Yi had walked far away did Meng jueguang's expression change from suppressing his anger on purpose. He laughed coldly, "This kid is quite good at bargaining. I guess he used to go to the market to buy vegetables in the secular world. He's very calculative. It's a pity that he's smart, but he doesn't have much wisdom! To be able to fall into the same trap twice in a row-he's a rare prodigy that only appears once in a thousand years, to be able to come to Sky Class Island with that level of intelligence!"

"Hehe, who asked him to meet our ninth older cousin. In my opinion, it wouldn't be strange for him to fall in a few more times! This kid is good at nothing except for his dog-shit luck. He actually managed to dig out good Jade in the tenth Kuangqu, what the hell! However, after this exchange, I'd like to see if he can dig out any good Jade!" Meng Tong said expectantly.

"That goes without saying. Just wait for a good show tomorrow." Meng jueguang's face was full of mockery. The experts had already given the death sentence to the 10th Kuangqu, and he was sure that no matter how lucky Lin Yi was, he wouldn't be able to get any good Jade from the 10th mine. He couldn't wait to see Lin Yi's depressed face.

The next day, as soon as the bell rang, Meng jueguang and Meng Tong excitedly gathered the new disciples of the GreenCloud Pavilion and sat around the hand-over point to watch the show.

The rookies looked at each other. They did not know much about what had happened in the past few days, but Meng Tong and Lee Zhengming had deliberately spread the news, so they more or less knew what had happened.

It was said that in order to help Lin Yi change his Kuangqu, the poor senior brother even asked the legendary third master of the welcome Pavilion, Lu bianren, to come out, but the result was that he was humiliated and scolded by young master Xu. In the end, he could only run away in panic!

Chapter 3628 I'll Fight It Out With You!

But what the third Pavilion master couldn't do was done easily in the hands of Meng jueguang, the Senior Manager. With one simple sentence, he transferred Lin Yi to the enviable seventh Kuangqu.

However, this Lin Yi kid was really useless. He had the third Pavilion master's support, but he didn't show any gratitude to senior brother Meng. Instead, he talked bad about senior brother Meng after they arrived at the seventh Kuangqu. It didn't take two days for him to anger everyone. In a fit of anger, senior brother Meng kicked Lin Yi back to the tenth Kuangqu. He called everyone here to witness the first day of Lin Yi's return-they wanted to see if this arrogant idiot would still have his dog shit luck!

All of the newbies who were Sky Class and above were naturally smart people-not to mention how much credibility this rumor had, but at least they knew that Lin Yi's ore exchange these past two days was real, and it was indeed Meng jueguang who was pulling the strings behind the scenes. This was enough for

them to come to a very important conclusion. Their eldest senior brother steward, Meng jueguang, truly had the ability to do as he pleased. Those who followed him would prosper, and those who opposed him would not necessarily die, but their end would definitely be miserable!

As a result, even if there were still some rookies who were worried that Lin Yi would turn the tables on them, they still followed Meng jueguang's lead. Since Meng jueguang wanted them to watch Lin Yi, then they'd just watch-they weren't the unlucky ones, after all.

A moment later, under everyone's anticipation, Lin Yi's figure finally appeared on the long and dark tunnel 10. He didn't seem surprised at all by everyone's presence and passed the quality check as calmly as ever.

"Lin Yi, sixteen pieces of useless Jade and twenty pieces of trash Jade."

As soon as the results were announced, Meng jueguang and the others couldn't help but smile sarcastically, and the crowd burst into an uproar. Even the new recruits were gloating at Lin Yi's misfortune. There was anger, but no laughter. This was the innate bad nature of these people.

Lin Yi looked at the silent crowd. He didn't steal any spiritual Jade today, and naturally didn't recharge the useless Jade he dug up. After all, Meng jueguang and Meng Tong didn't find anything in the tenth Kuangqu for two days, while he found a good Jade right after he returned. This was a bit too strange. So, in order to avoid being suspected, he decided to pretend for two days.

Moreover, he had other reasons for doing so.

"Pretentious newbie, aren't you the legendary son of destiny? why aren't you lucky this time?" Meng Tong immediately jumped out to mock him. He had been waiting for this day for a long time, so he deliberately said in a surprised tone, "Oh, I understand. It can't be that you didn't step on dog shit when you went out today, so you're not lucky. Wahahaha!"

The group of newcomers could not help but laugh even more unscrupulously when they heard this. Meng Tong usually did not seem to be very bright, but when it came to mocking people, he was quite good at it!

In the end, Lin Yi wasn't as angry as everyone thought. Instead, he looked at Meng Tong calmly and said, "Your words have reminded me. I kicked you in the face on the first day, so my luck has been pretty good since then. Is this what you call dog shit luck?"

"Ha?" Meng Tong was stunned. He asked in confusion, "What the hell are you talking about? What does kicking my face have to do with dog shit luck?"

At this moment, some of the rookies finally realized what was going on. Didn't this mean that Meng Tong's face was dog shit?! However, they wanted to laugh, but they didn't dare to. Meng jueguang's tyrannical might forced them to hold back their laughter, and their bodies twitched on the spot!

Meng jueguang glared at the crowd with an ashen face, then cursed with a dark expression, "He's indirectly calling you dog shit! You can't even tell from this, you're really stupid!"

"Hehe ... Senior brother Meng is wise! Brother Meng Tong, why don't you find an opportunity for me to kick you again? I still want to get lucky a few more times!" Lin Yi looked at Meng Tong with a sincere face.

"F * ck! You're the F * cking dog shit! You bastard, I'm going to kill you!" Meng Tong finally understood. He looked at the newcomers who were covering their mouths and trying to hold back their laughter. His face instantly turned red, and he rushed over in anger, ready to attack.

Lin Yi looked at him quietly, calculating in his heart. He'd wait for the opponent to attack him and then strike back. This time, he wouldn't let the opponent have an easy time like last time. Even if he couldn't kill him directly, he'd at least make him unable to get out of bed for a few months, so that he wouldn't come to him and make trouble in the future!

But at the same time, Lin Yi noticed that many of the guards had noticed the situation. Their eyes were filled with killing intent, as if they were going to pounce on him in the next moment. It was strictly forbidden to fight in the spirit Jade Hall and anyone who violated it would die. This was the first dead rule of the spirit Jade Hall!

These guards were all at least at the early Foundation establishment stage. Any one of them could kill Meng Tong in an instant. Moreover, from the looks of it, if Meng Tong were to pounce on them again, these guards would really kill him.

Meng jueguang's heart skipped a beat. Although he had a good network in the spirit Jade Hall, that was only limited to the stewards in charge of various Affairs. As for these guards, he did not have any connections. It was not that he did not want to make friends with them, but he did not dare to. This was because, according to the rules of the spirit Jade Hall, all the guards were strictly prohibited from coming into contact with anyone else, even the stewards of the spirit Jade Hall. Once discovered, it would be regarded as corruption and dereliction of duty, which was a serious crime that would cripple one's cultivation.

Therefore, if these guards really made a move, he was afraid that he wouldn't even have the opportunity to exonerate Meng Tong. Seeing this, he could only rush to stop Meng Tong before he could start a private fight.

"You disgraceful thing, get lost!" Meng jueguang cursed angrily. This was supposed to be a great opportunity to see Lin Yi make a fool out of himself, but this brainless idiot had messed it up! He was so scared that cold sweat was forming all over his body. What a failure!

Lin Yi's eyes twitched a little after seeing Meng jueguang's speed. It seemed like this Shixiong wasn't weak at all-he was at least at the peak of the early Foundation Stage, much stronger than his miserable Shixiong!

Seeing that the guards weren't paying attention to them anymore, Meng jueguang let out a breath of relief and looked at Lin Yi with a cold smile. "Lin Yi-Shidi sure has a sharp tongue, but it's a pity that all you can do now is talk. What's the point of that in front of absolute strength? Didn't he still not find a single piece of good Jade? Hmph, Hmph, you'll have to beg me in the future!"

Chapter 3629 Buying Medicinal Herbs

"Senior brother Meng, you didn't sound like this when you asked me to change Kuangqu yesterday. You changed your attitude way too quickly." "But, I do have something I need from you, senior brother," Lin Yi said, pretending to be depressed.

'This kid is really begging me?' Meng jueguang's heart was filled with joy-he wouldn't have felt so good if it were any other newbie begging him, since it was only natural. But this was the stubborn Lin Yi, and it was a completely different feeling!

The most pleasurable thing in the world was to appreciate the face of the enemy begging for mercy!

"Tell me, what do you want from me?" The anger in Meng jueguang's heart was instantly swept away, and he deliberately put on airs.

"I want to take a day off tomorrow. I hope you can approve it, senior brother Meng." Lin Yi said.

Although he and the other newcomers present had signed a contract with the spirit Jade Hall to mine here and were not allowed to be absent for no reason within three months, before they became miners of the spirit Jade Hall, their primary identity was still the newcomers of the welcoming new pavilion. Therefore, just like when the Kuangqu was allocated, Meng jueguang, the eldest senior brother in charge, could interfere with the management of the newcomers of the spirit Jade Hall. As long as Meng jueguang agreed, he could apply for a day or two of leave with just a word.

It turned out that this fellow wanted to take a leave of absence! Realization dawned on Meng jueguang, and he immediately pursed his lips. "What's the reason? Why should I approve your leave?"

"Senior brother Meng, you've seen it for yourself. I've been working hard all day, but I can't find any good Jade. My chest is a little stuffy, so I think I need to rest for a while." Lin Yi said, pretending to be depressed.

"Ha? Stuffy chest? I thought you didn't take it to heart when I saw your expression. So you have your chest feeling stuffy too?" Meng jueguang was instantly overjoyed, and even Meng Tong, who had flown into a rage out of humiliation, was smiling.

From the first day they'd known Lin Yi, no matter how they tried to deal with him, he'd always maintain a calm expression. Every time they saw that expression, especially when they'd been tricked instead of their plan, Meng jueguang and Meng Tong's mood was as bad as if they'd eaten sh * t!

But now, this Lin Yi was admitting to being depressed-this was an unprecedented victory!

It's good to be depressed! I'll make you depressed until you die in the future! Meng jueguang's mood brightened instantly, and he laughed as he patted Lin Yi's shoulder. "Originally, I couldn't approve this leave of absence for you. After all, if you cower at the slightest setback, it would damage the image of our GreenCloud Pavilion! But seeing how depressed you are, I'll be magnanimous and allow you to take a day off! If you really can't do it, you can ask for a few more days. You won't be able to dig anything out anyway, so don't be depressed to death after a few days of digging. Then you'll be the first newcomer to die of depression in the history of the heaven rank North Island!"

"Thank you very much, senior brother Meng." Lin Yi didn't pay any attention to the sarcasm in his words. He didn't look at the crowd again and turned to leave.

"Hehe, ninth older cousin, look at how ugly this kid's smile is, it's like he's crying! Wahahaha!" Meng Tong mocked unscrupulously from behind.

Lin Yi's expression didn't look any different from before, but in Meng Tong's eyes, it was as ugly as it could get. Before, he thought Lin Yi was just acting cool, and even wanted to kick his face, but now, it was more and more pleasing to the eye. It made him feel good!

Meng jueguang laughed sarcastically. "This is called having profound skills. Even if you're depressed, you have to pretend to be calm and smile. Otherwise, how can you live up to the title of a newbie acting tough!"

The newbies all started laughing-Lin Yi had been a thorn in the side since the first day, and was publicly acknowledged to be above them, the normal newbies. There was only one word to describe the feeling of being able to watch him get beaten up like this-great!

You deserve to be struck by lightning!

Lin Yi didn't even care how happy they were, and as for the depressed feeling, it was just a show for them to see. It was no different from a monkey show!

One had to know that Meng jueguang, this super good person, had given him a total of fifty pieces of spiritual Jade twice. He could not be happier, so how could he be depressed?

This time, he had asked Meng jueguang for leave not because he wanted to slack off for a day, but because he wanted to take this opportunity to go to the market. After all, he already had enough spirit Jade on hand. He wanted to buy the five medicinal herbs needed to refine the heaven's path golden pill first. If he delayed any longer, the five medicinal herbs would be sold out, and that would be embarrassing.

Although the supply of those five medicinal herbs seemed to be quite large, it was better to be safe than sorry!

The next morning, Lin Yi put on the qiansi mask and went straight to the market.

Thanks to Meng jueguang's contributions and the spiritual jades he'd stolen from the mines, Lin Yi had a total of sixty spiritual jades on hand. It wasn't a very extravagant amount, but it was enough for him to be considered a tycoon among the newbies.

In a place like the market, the more you had, the more confidence you'd have. After spending eight spirit Jade to buy the five herbs he wanted, Lin Yi didn't turn back immediately, but decided to walk around the market.

It was his day off anyway, and he had plenty of time to go back.

The last time he was here, although he had strolled around twice, he didn't have many spiritual jades on hand. He only took a glance at many things from a distance and didn't ask much.

But this time, it was different. He had more than fifty pieces of spiritual Jade in his hand, which was enough to buy a lot of things.

He'd seen a lot of new things on the outer and middle streets, but there weren't many that caught Lin Yi's eye. In this kind of cultivator's market, no matter what it was, generally speaking, it could be classified into the following two categories, either to assist in cultivation or to assist in combat.

To Lin Yi, he had the Jade space, and he could make his own elixirs too. There was basically nothing in the market that could help him with his practicing-even the most valuable and effective practicing items on the outer and middle streets couldn't compare to his own Jade space, and there was no need for him to buy them.

As for support items, Lin Yi could basically kill those at the same level in seconds with his strength after mastering the raging fire Eight Trigram palm. He could even challenge those at a higher level if necessary, so he didn't have a high demand for these items.

Chapter 3630 Hong Chamber Of Commerce

Of course, there were still a few items that caught Lin Yi's eye after walking through the entire outer and Middle Street. However, the prices of these items weren't low, and they often cost tens or even hundreds of spiritual jades. To Lin Yi, these items were of some use, but they weren't particularly

important. They were in the range of whether he wanted to buy them or not. If Lin Yi had thousands of spiritual jades on hand, he might buy them, but for now, he'd better wait and see.

Lin Yi was about to head back after walking through the outer and middle streets, but he stopped in his tracks.

It was the entrance to the inner street, a place where only the top-ranked disciples of the three pavilions were allowed to enter. The last time he came, it was quiet and mysterious, but today it was bustling with people. What surprised Lin Yi was that many of them were only foundation level practitioners, and the guards didn't stop them like last time!

What was going on? Lin Yi was stunned for a moment before he finally found a special sign above the entrance of the inner street. It said, "inner street open Day!" There was also a line of small words at the bottom, "experts above the early stage of the foundation building realm can enter."

After all, he'd been exposed to all sorts of business tactics back in the common world, and it didn't take long for him to figure it out.

As the most mysterious and high-end street in the market, the reason for the limited entry threshold was mainly to highlight the distinguished status and attract the most elite inner disciples of the three pavilions. After all, these people had a large number of spirit Jade in their hands and were the main group of high-end consumers. After the entry threshold of the inner street was set, other people could not enter but they could. This in itself was a symbol of distinguished status and satisfied the sense of superiority of these people. Naturally, they were more willing to spend money in the inner streets.

In fact, the items that could be placed in the inner street were needless to say, much more high-end than those in the outer and middle streets. The prices were naturally much more expensive. It was impossible for people who had not reached the corresponding level to buy them. Therefore, instead of

wasting time with the low-level cultivators in the outer and middle streets, it was better to concentrate on the inner street to make a threshold effect and serve the most elite inner disciples of the three pavilions.

Therefore, from a business point of view, the inner street was equivalent to a Super VIP in the market, and its existence was very reasonable and effective. However, all business methods had their own drawbacks, and the existence of the inner street was naturally no exception.

At the same time that the threshold effect was created to attract the elite disciples of the three pavilions, the disadvantage of the inner street was also extremely prominent. It naturally had very few customers. There were only so many elite disciples in the three great pavilions. This meant that the market in the inner street was naturally limited. This was obviously not a good thing for a business organization that was striving to develop.

After all, although 99% of the low-level cultivators in the outer and middle streets could not afford the things in the inner streets, there were always some exceptional potential customers, such as those second generation cultivators who were not strong but had a large number of spiritual jades in their hands like the elite disciples of the three pavilions. Thus, the inner Street's open Day came into being.

The market's most mysterious inner street was open to ordinary cultivators who didn't meet the requirements on one day every month. This way, it could attract more potential customers, and at the same time, it wouldn't arouse the disgust of the elite disciples of the three pavilions. In fact, the inner Street's open Day every month would make more low-level cultivators realize the privileges they had, and they would be even more envious of them. Therefore, the existence of the inner Street's open Day did not make the elite disciples of the three pavilions feel that their value was lowered. On the contrary, it satisfied their sense of superiority even more, killing two birds with one stone.

This was a rare opportunity to see the inner streets, and Lin Yi wouldn't let it go just like that. He didn't have much to do anyway, and maybe he'd find some treasure he liked there. He could even buy the heart-devouring exquisite grass, the last ingredient he needed for the Golden pill, right there. It wasn't impossible.

He released the aura of an early Foundation Stage practitioner, and the inner street Guard let him through after one look.

Lin Yi followed the crowd into the inner street and looked around. He realized that the inner street was very different from the outer and middle streets. The layout of the streets and the structures of the shops were very obvious.

In simple terms, the shops on the outer Street were not fixed. They were just street stalls. Although the middle Street was better, its nature was not much different from the farmers' market in the secular world. However, the inner street was very particular. There were nearly 20 shops at a glance, each with their own loft shops. The layout was elegant and Grand. One could tell at a glance that it was a high-end place.

Normally, the flow of customers in the inner street wasn't that great. Every shop would be lucky if three or four people entered at the same time. However, today was the opening day of the inner street. At this rate, even 30 or 40 people wouldn't be able to stop them!

Fortunately, the storefronts of these shops were large enough, so even if there were so many people coming in, it would not appear too crowded. Moreover, there were trained disciples in charge of receiving them, so although the scene looked hot, it was still considered orderly, and there was no chaos.

Lin Yi followed the flow of people and looked at each shop with interest. As expected, the prices of the items on the inner street were far higher than those on the outer and middle streets!

Items that cost a few dozen spirit Jade outside were already considered expensive, and items that cost over a hundred were even rarer. But in the inner streets, any item was worth a few dozen spirit Jade. Lin Yi followed the crowd and looked around, and he didn't see anything below fifty spirit Jade. On the contrary, items that cost over a hundred or even a few hundred spirit Jade were everywhere.

As expected, he only realized how poor he was after entering the inner street! Lin Yi didn't think that he had a lot of spirit Jade, but it wasn't a small amount either. After looking around, he felt the same as last time when he had a small piece of spirit Jade on the outer and middle streets. He was short of money.

Lin Yi was planning on buying something, but he decided to just walk around and see what was going on. After all, even if he were to throw all of the fifty or so pieces of spiritual Jade he had at this place, he wouldn't be able to buy anything decent.

"Eh? Hong Chamber of Commerce?" Lin Yi looked at a shop not far away and paused. Compared to the other shops on the inner street, this Hong Chamber of Commerce was obviously better in terms of both the layout and the popularity. It was also located in the middle of the open space, with a prominent signboard and a presence of being the leader of the inner street.
