

Bodyguard 3631

Chapter 3631 Star Inkstone

The bigger the shop, the better the stuff there was. Lin Yi didn't want to miss out on-rare big shop like this-he followed the crowd and walked in.

After entering the shop, Lin Yi quickly noticed the difference between this Hong Chamber of Commerce shop and the other shops on the inner street. The decoration was more majestic, but the key was that there were more people wearing the iconic uniforms of the elite disciples of the three pavilions than the other shops. In other words, even if today was not the opening day of the inner street, the business of this Hong Chamber of Commerce would definitely be much more popular than other shops. It could be seen that there must be something extraordinary about it.

"The gall of a Northern Sea Dragonfish, priced at five hundred and eighty-eight spirit Jade."

"Mysterious water droplet, priced at 649 spirit Jade."

"Ground snake skin, priced at three hundred and twenty spiritual jade pieces."

.....

Lin Yi's eyes were opened just by looking at one row of displays.

These were things that Lin Yi had never heard of in the common world!

Although these things didn't have specific uses, just by looking at the appearance, one could tell that they were not ordinary items!

Lin Yi also realized that in this Chamber of Commerce, there wasn't a single item that was priced below a hundred spiritual jades. Not to mention the outer and middle streets, even the other shops in the inner streets paled in comparison to this. They were almost not on the same level. No wonder it could attract so many elite disciples from the three pavilions.

The layout of the Hong Chamber of Commerce's shops was divided into three floors in the shape of a pyramid. The higher the floor, the smaller the attic space, and the fewer exhibits there were. Of course, the price of each exhibit was much higher, and several of them were already priced at thousands of spiritual Jade. It was common sense that the exhibits on the second floor were always better than those on the first floor.

Lin Yi took a quick look around the second floor, not planning on stopping for too long. After all, he didn't have much money left, and it'd be a waste to look around.

As for the third floor, Lin Yi wanted to go up and broaden his horizons, but was stopped by the people from the Hong Chamber of Commerce. The third floor was the VIP area of the Hong Chamber of Commerce, and only guests who had spent more than a thousand spirit Jade were allowed to enter.

The inner street was already a VIP existence in the market square, and this Hong Chamber of Commerce was one of the top shops in the inner street. Then wouldn't this restricted third floor be the fighter among the VIP?

Lin Yi guessed that whoever was able to enter this place was probably a Big Shot in the entire Sky Class Island!

He was curious as to what was on the third floor, but he had no choice but to suppress his curiosity since the rules were set.

But at this moment, his heart skipped a beat as if he'd missed something important. Just as Lin Yi was confused, the voice of the ghost sounded in his mind, "Don't leave yet. Go to the corner of the display rack on the right and take a look."

Lin Yi blinked. The thing had been in the Jade space for a while now, but it rarely spoke unless it was something important. Did it find some treasure?

With doubts in his heart, Lin Yi followed the ghostly thing's instructions and walked to the corner of the display shelf.

There weren't many eye-catching items here, and there were clearly fewer people here compared to other places. There was only one person standing next to Lin Yi, and he was probably an inner sect disciple.

"Senior ghost, you mean this place?" Lin Yi used his consciousness to communicate with the thing.

"That's right, this star inkstone is a good thing. Think of a way to get it. " The ghostly thing said.

"Star inkstone?" Lin Yi looked left and right-there were only two or three items here, and he quickly found what the damn thing was talking about ... Star inkstones, but they didn't have a label, only the price!

It was placed in the corner of the display cabinet. From its shape, it looked like a black stone the size of a fist. From the outside, it looked completely ordinary, but its price was quite shocking: 1000 spiritual jades.

Compared to the other expensive items, this star inkstone that was priced at 1000 was not only unsightly in appearance, but it was also completely useless. In the eyes of others, it was simply a scam, which led to no one stopping here.

However, Lin Yi knew that this star inkstone wasn't simple. The moment he saw it, he felt the same throbbing in his heart again. It was as if he was telepathically connected to it. This ordinary-looking stone was attracting him.

Could it be that this was a treasure that had been neglected by others? Lin Yi didn't know what was going on and asked the ghost, "Senior ghost, what's the use of this star inkstone?"

"It's no use telling you now. You should think of a way to get it first. " "I'll go with you," the ghostly thing said and left Lin Yi alone, staring at the black stone in confusion.

Lin Yi rolled his eyes speechlessly. She didn't even tell him what use it had, and he just got this stone for no reason. One thousand spiritual jades? it wasn't that easy to get!

Fortunately, he had the Jade space, a cheating artifact. If it were anyone else, they would have been so scared that their legs would have gone soft after hearing the price!

But he knew that he'd regret it in the future if he missed this star inkstone! Even if the ghostly thing didn't say anything, he couldn't let go of that strange telepathy just now!

Lin Yi observed the star inkstone in silence. He noticed that this inner sect disciple beside him seemed to be interested in the star inkstone as well. His eyes were burning with passion, and he seemed to want to buy it on the spot. However, his expression was conflicted. It seemed like he didn't have that many spirit jades on hand.

Even for the inner disciples of the three pavilions, a thousand spiritual jades was a huge sum of money. It was impossible for ordinary disciples to have so many spiritual jades. Unless it was a young master with a deep background like Xu lingchong, or a high-level manager who held great power within the three pavilions, it was impossible for them to have it.

Lin Yi let out a sigh of relief-it was a good thing the star inkstone was priced so high, or this guy would've gotten it already.

But even if this person couldn't gather that many spirit Jade in such a short time, he didn't look like a normal disciple-he gave off the feeling that he was much stronger than someone like Meng jueguang. Who knew when he'd be able to gather a thousand spirit Jade? if he wanted to get the star inkstone, he had to get it before the other party did, and so Lin Yi felt a considerable pressure.

Lin Yi only had around fifty pieces of spiritual Jade on hand right now. With his current rate of mining and hiding two pieces a day, it would take him at least a year to get a thousand pieces of spiritual Jade-that was obviously unrealistic!

Chapter 3632 Unintentionally Making Enemies

Lin Yi wouldn't have stayed in the Kuangqu for so long, and the star inkstone would've been bought by someone else already. Therefore, if he wanted to obtain these star inkstones, he had to think of a way to quickly earn spirit Jade in the short term!

It seemed that he had to find time to test the feasibility of the idea of exchanging good Jade for useless Jade! Lin Yi made up his mind. Other than this, the other methods were too slow. This was the only way to maximize the effect of the Jade space. Of course, there were risks involved, so he had to test it out!

Just as Lin Yi was observing the star inkstone, the inner sect disciple turned around to look at him. He was surprised to find someone who knew what was good as he did, and his eyes were filled with hostility as if he was a competitor. However, after seeing Lin Yi's attire, his eyes were filled with disdain, as if he didn't care about Lin Yi anymore.

This wasn't surprising, since Lin Yi didn't just change his face with the qiansi mask, he didn't even wear the signature clothes of the pavilion's inner disciples. In the eyes of others, he was just a grassroots practitioner.

Although the market was open to all cultivators on the north side of the Sky Class Island, grassroots rogue cultivators were obviously at the bottom of the hierarchy compared to the disciples of the three pavilions. It was harder than ascending to heaven to get these poor guys to take out an astronomical figure like a thousand spiritual jades! It was already a blessing for such a person to come in during the inner Street's open Day to have a look, yet he wanted to buy a treasure worth a thousand spiritual Jade? In your dreams!

However, even though he looked down on this poor "grassroots practitioner" Lin Yi, it didn't change the fact that this soaring Pavilion inner sect disciple was also short of money. After greedily looking at the star inkstone a few more times, he could only turn around and leave, leaving behind a disdainful sentence as he passed Lin Yi, "A Toad lusting after a Swan's flesh, there are really all kinds of people these days ..."

Lin Yi shook his head with a half-smile as he watched the man leave. He wondered what the guy's expression would be like if he were to get the Swan meat first one day.

After visiting the Chamber of Commerce, Lin Yi went on to visit the other shops on the inner street. He didn't pay much attention to the other items because he was too focused on the star inkstone. As for the heart-devouring exquisite grass, he couldn't find it even after searching the entire inner street. It seemed that he would have to think of a way to find it during the welcoming new pavilion's trial.

After leaving the market, Lin Yi went back to the cave and organized the five herbs he bought before, placing them next to the Jade.

This was an automatic Shennong medicine cauldron that han Jingjing had specially made for him back in the mortal world. As long as the ingredients were prepared, and heaven class Qi was injected into it, it would automatically produce a third-grade pill. If heaven class full circle Qi was injected into it, it could produce a fourth-grade heaven's path golden pill. It was truly a divine tool for alchemy!

Thinking about han Jingjing, Lin Yi lost his focus ... She came to Sky Class Island as well, but she wasn't on the North Island ... Where was she now?

Jing Jing, are you okay? Thank you for developing the automatic Shennong medicine cauldron for me!

Thinking of han Jingjing, Lin Yi's eyes became determined. For the sake of these familiar people, Lin Yi had to keep moving forward!

Now that he wanted to refine the heaven's path gold pill, everything was ready except for the crucial element. As long as he could get his hands on the heart-devouring exquisite grass, everything would be fine!

Other than making the heaven's path golden pill to increase his strength, Lin Yi's other task right now was to quickly earn spirit Jade. After all, the star inkstone might be bought by someone at any time. The most reliable choice was to earn a thousand spirit Jade within a month and buy it on the next inner street opening day.

However, the matter of exchanging good Jade for useless Jade still had to be carefully planned. If he were to put it into practice before that, he was afraid that it would attract unexpected trouble.

On the second day, Lin Yi went to the spiritual Jade Hall to mine as usual, but he bumped into Meng jueguang and Meng Tong at the entrance. He didn't know if they were blocking the way on purpose.

Seeing Lin Yi's figure from afar, Meng Tong couldn't wait to speak, "Yo, isn't this the newbie who's acting cool? you've only rested for a day and your chest is already feeling better?"

"Lin Yi-Shidi, if your chest feels stuffy, I suggest you rest for a few more days!" Meng jueguang pretended to be understanding and chuckled. "I can't promise you anything else, but I can still give you a few days off. After all, you're a super newcomer of our GreenCloud Pavilion. If you become depressed and go crazy because you can't find any good Jade, then I'll be guilty of a great crime, don't you think so?"

Lin Yi looked at the two, a smile on his face. "Thank you for your understanding, senior brother Meng. However, I've already adjusted my luck and accumulated quite a bit of character after resting for a day yesterday. Who knows, I might be able to explode again today!"

Pfft!

Meng jueguang and Meng Tong burst into laughter upon hearing this. Accumulate character? So this guy was actually an idiot. He could even say such stupid words. There was indeed no end to the road of an idiot!

"Haha, to think that there's such an amazing ability. Lin Yi Junior Brother is indeed a genius who stood out from the common world! Then go ahead and dig. Today, I'll invite you to show us your prowess. When the time comes, I'll definitely gather all the new disciples of the GreenCloud Pavilion to watch and learn from you. We'll wait and see!" Meng jueguang and his partner laughed so hard that they almost fainted. To think that they had previously regarded this idiot as a great enemy, but now that they thought about it, they were simply blind!

This Lin Yi, other than having good luck, he really was nothing! "However, hehe, I, Meng jueguang, am known as the luck Terminator. Just you wait!

"Hehe ... Then I'll look forward to it." Lin Yi turned around and walked into tunnel number ten.

Twelve hours passed in a flash, and it was time to hand in work again. Meng jueguang had already gathered a bunch of newbies to wait at the door. Since this idiot Lin Yi wanted to make a fool of himself, there was no reason to stop him-he had to cooperate!

Lin Yi was the last to appear as usual, and the first thing Meng jueguang said was, "Come, let's give our super rookie a round of applause. Let him show us how he's going to explode with power today!"

The rookies immediately laughed and clapped enthusiastically. This way, it wasn't just them. Some of the other people who hadn't left were also attracted over. Even the guards couldn't help but turn their heads in this direction.

Chapter 3633 If You Lose, It's On Me

Meng jueguang was overjoyed-he wouldn't have had the confidence to do this if he hadn't scouted the tenth Kuangqu before, but he was sure that Lin Yi wouldn't be able to find anything good now. It was obvious that Lin Yi would be embarrassed in this situation, and the more people there were, the better it was. He yelled, "I'll introduce him to the other disciples who don't know what's going on. This is our GreenCloud Pavilion's new disciple, Lin Yi. He promised us that he'll be able to dig out some good Jade from the tenth Kuangqu today. If you don't have anything else to do, you can come and witness it!"

"You can dig out good Jade from the tenth Kuangqu? Is there something wrong with this guy's brain?" The other people who were attracted over immediately sneered.

"That might not be the case! Didn't you say that someone dug out a lot of good Jade from the tenth Kuangqu a few days ago? could it be this guy?" Someone in the crowd retorted.

Meng jueguang turned to the man and laughed disdainfully."Then, do you want to make a bet with me? If Lin Yi gets more than three pieces of good Jade today, I'll lose ten spiritual jades to you. But if he doesn't get three, you don't have to give me ten spiritual jades, just five-oh no, three will do! How was it? Do you dare to make this bet?"

"I, I don't want to bet." The man backed off-he'd only heard about Lin Yi's success in Kuangqu area ten, and he didn't dare bet his hard-earned money on something like that.

"Tsk! Since you don't have the guts, why are you clamoring, you coward!" Meng jueguang sneered, causing the man's face to turn red. He then pointed to another man and shouted,"You! From your

expression, you seem to believe that Lin Yi will be able to dig out a good piece of Jade. Do you want to bet with me?"

"I wouldn't dare ..." The man pointed at by Meng jueguang quickly shrank his neck, causing the others around him to burst into laughter.

Meng jueguang's mouth twitched in disdain, and then he pointed at the others. "You! You! And you! Do you dare to bet with me? Three Yuan and you can win ten Yuan, it's a rare opportunity, but you won't get it once you pass this village!"

The people Meng jueguang had pointed out all cowered in fear, not daring to make a sound.

What a joke! For people like them who worked hard mining, they could only earn three spiritual jades after a month's hard work. Who would be so stupid to spend a month's hard-earned money on a stranger like Lin Yi?! Digging out more than three pieces of good Jade in the tenth Kuangqu, this kind of bet that was obviously a sure-lose, whoever agreed would definitely be an idiot!

"A bunch of balls-less cowards!" Meng jueguang looked around smugly, and his eyes finally fell on two people. He said jokingly, "Xiao ran, Qiao hongcai, aren't you two Lin Yi's supporters? don't you want to bet too? Could it be that you're looking down on your boss Lin Yi and want to turn to Meng Tong now? Although it's unpleasant to hear, it's a wise choice. I won't stop you!"

After being called out by Meng jueguang in public, everyone's eyes instantly focused on the two of them. Xiao ran and Qiao hongcai were suddenly at a loss.

The two didn't sign up for Kuangqu area, so they wouldn't appear here under normal circumstances. Meng jueguang had specifically asked Meng Tong to call them over so that they could witness Lin Yi's tragic state. To put it bluntly, it was a warning to the monkeys!

Since this was the order of their big senior brother, Meng jueguang, Xiao ran and Qiao hongcai didn't dare to disobey. Besides, Lin Yi's incident in the Kuangqu had been a hot topic these days. As the saying went, "seeing is better than hearing." As Lin Yi's gang, it was reasonable for them to come and care about Lin Yi's situation, but they didn't expect this to happen!

Meng Jue was forcing the two of them to make a stand in front of everyone-it'd be embarrassing if they cowered like the others and said they didn't want to bet, and it'd chill Lin Yi and even their Shixiong's heart!

It was all thanks to Lin Yi that the two of them could have their cultivation homes. If they didn't stand up and support Lin Yi now, they'd be an ingrate! Was he really going to join Meng Tong's sect as Meng jueguang had said?

However, they didn't have the capital to make a bet. Xiao ran and Qiao hongcai only had two pieces of spiritual Jade in total, and that was the one that Meng Jue had given them previously. They had almost used up all the spiritual Qi in the world. If they lost the bet and couldn't take out the spiritual Jade, wouldn't they be giving themselves up to be threatened? When that time came, no matter how Meng jueguang wanted to deal with them, they wouldn't be able to say a single word of complaint!

Plus, judging from Lin Yi's current situation, if he agreed to this bet, he would lose for sure. There was no chance of him getting lucky at all!

He didn't have the capital to gamble! If you don't gamble, you'll be ungrateful!

For a moment, Xiao ran and Qiao hongcai were in a dilemma.

Meng Tong chuckled as the crowd looked on with a half-smile, "Although both of you are trash and even your eyes are stupid, but for the sake of being brothers and for ninth cousin's face, I can reluctantly accept you. In the future, just be more diligent and bring me tea every day! Wahahaha!"

Bring tea and water? This was something a manservant should do! As Sky Class Masters, they were respected by everyone outside-they wouldn't just be servants, not to mention that there was no way they'd ever make peace with Meng Tong!

The whole Hall burst into laughter. Xiao ran and Qiao hongcai's faces turned red instantly. They wanted to refute, but they didn't know what to say. After all, they didn't have spiritual Jade on hand. Even if they wanted to fight, they didn't have the confidence.

Seeing that they were about to be humiliated, Xiao ran and Qiao Hong were about to clench their teeth and endure the humiliation when a familiar voice suddenly came from outside, ""You guys bet with him. If you lose, I'll pay for the spiritual Jade."

The crowd suddenly burst into a commotion. After seeing the face of the person who had come, Xiao ran and Qiao Hong were overjoyed, while Meng jueguang's face suddenly turned gloomy. "I was wondering who was so boastful. So it's the miserable Junior Brother!"

The miserable senior brother walked over and said to Meng jueguang, ""Senior brother Meng, it shouldn't be a problem for me to pay for the spiritual jades they made a bet with you, right?"

Meng jueguang was immediately amused. He curled his lips and laughed. "Of course, no problem. Since Junior Brother is so eager to give me spirit Jade, I'm more than happy! But no matter what, you're still a Senior Steward. Since you're going to step forward to be their backing, a 3:10 bet is too low! How about this, I'll take care of you this time. The odds are five to fifteen. You just have to pay five pieces of spirit Jade for them, and if you win, you'll get fifteen pieces of spirit Jade. How about it?"

Chapter 3634 Where Are You In A Hurry?

"This ... Alright." The miserable Shixiong's face couldn't help but stiffen. Although he was on Lin Yi's side, even he didn't think that Lin Yi would be able to dig out more than three pieces of good Jade in the tenth Kuangqu. Meng Jue only said that because he wanted him to lose more and more miserably!

However, even if he didn't think Lin Yi would win, he still had to grit his teeth and accept it. After all, under Meng jueguang's instigation, today's matter was no longer a matter of victory or defeat. It had evolved into a direct confrontation between the two new factions of the GreenCloud Pavilion.

Meng jueguang and Meng Tong were on the same side as the other newbies, while Lin Yi and Xiao ran were on the same side. The battlefield of this confrontation was this bet.

In this situation, even if he knew that he was going to lose the bet, the poor Shixiong could only choose to lose Jade rather than the formation. Losing five spirit Jade was painful, but he had to keep the confidence Lin Yi and the others had in him.

"Senior brother ku, if we lose this time, we'll definitely save up some spiritual jades and return them to you!" Xiao ran and Qiao hongcai looked at each other and thanked their senior brother.

Although the two of them knew that they had no choice but to bet in the current situation, and there was a 99% chance that they would lose the bet, no matter what, their miserable senior brother had only joined in because of them, so it was reasonable for them to pay for the spiritual Jade. Even if he didn't have enough money now, he would be able to pay it back in the future.

"There's no point in you two talking like this. Even if I lose this time, it doesn't matter. I'm still a Senior Steward, so I can afford to lose these few pieces of spirit Jade! And come to think of it, if you guys support Lin Yi, doesn't that mean you're supporting me? How can I make you pay for it?" The miserable senior brother smiled, but his smile was bitter no matter how you looked at it.

Five spiritual jades were precious savings that could only be saved for several months for a low-level manager like the poor senior brother who had no other means!

Lin Yi saw this scene and couldn't help but feel touched. A friend in need was a friend indeed. It was precisely because his senior brother, Xiao ran, and Qiao hongcai were in such dire straits that they had come forward to support him. If these people had a large amount of spiritual Jade in their hands, it would not have been surprising for them to make this bet with Meng jueguang.

Lin Yi had wanted to stop Meng jueguang when he was pressuring Xiao ran and Qiao hongcai, but he didn't have to do that now that his poor senior was here. After all, he was the person involved, and he knew how many good and useless pieces of jade he had. If he joined the bet now, he might scare Meng jueguang away.

Lin Yi smiled faintly and didn't say anything else. He just carried the baskets over the scales and went for quality inspection. Today, he was destined to give this group of people a big surprise!

Everyone was looking forward to it, and the quality inspection Office quickly gave the results: "Lin Yi, twelve pieces of good Jade, seven pieces of trash Jade, and twenty pieces of trash Jade."

F * ck! Twelve pieces of good Jade!

The entire arena was thrown into chaos, especially the confident-looking Meng jueguang and Meng Tong. They were so shocked that they almost fell to the ground.

Previously, the exploration expert senior brother MA had clearly guaranteed that there would be at most thirty to forty pieces of good Jade in the tenth Kuangqu, and it would take at least two to three months to dig them all out!

In other words, under normal circumstances, Lin Yi would be considered lucky if he could get one piece of good Jade a day. As for three pieces a day, that was impossible!

Otherwise, Meng jueguang wouldn't have dared to say three to ten, and even make a bet of five to fifteen. He was sure that Lin Yi wouldn't be able to dig out three good pieces of jade!

In the end, the other party managed to produce twelve pieces in one go, instantly shocking everyone so much that they did not dare to say anything!

Twelve pieces of good Jade in a day, what kind of concept was this?

Not only could it instantly defeat all the seventh, eighth, and ninth Kuangqu under the GreenCloud Pavilion's name, even the fifth and sixth mining areas of the profound secrets Pavilion would be directly overshadowed. The fourth mining area might be able to do so, but it was already the best and most high-quality mining area of the profound secrets Pavilion!

Lin Yi couldn't help but smile sarcastically as he took in everyone's shocked and confused expressions. He'd purposely hidden three pieces of spiritual Jade today to confirm what he'd told Meng jueguang this morning, and only then could he make twelve pieces of good Jade with a legitimate reason, blinding everyone's dog eyes!

With his results from the previous day as a baseline, Lin Yi was sure that even if he were to suddenly explode today, it wouldn't raise any suspicions that shouldn't be there. At most, people would think that he was just as lucky as before, except that his luck was especially good this time.

Compared to the others, Xiao ran, Qiao hongcai, and Lin Yi were ecstatic. They thought that they were going to lose for sure, and the poor guy was even ready to take out the five spiritual jades. They didn't expect Lin Yi to give them such a huge surprise!

In this way, not only did the poor senior brother not have to lose five pieces of spiritual Jade, but according to the bet they had made earlier, Xiao ran and Qiao hongcai could win fifteen pieces of spiritual Jade from Meng jueguang! For those who had long thought that they would lose, this was simply an unexpected windfall. Even if they won the lottery in the secular world, it would not be worth more than this!

Meng jueguang's face turned ugly as he looked at the overjoyed men. He wanted to slap himself in the face. Why did he have to bet on Lin Yi? wasn't it good to watch Lin Yi make a fool of himself? otherwise, he wouldn't have to suffer so much!

Fifteen pieces of spiritual Jade was a huge sum of money even for the smooth and slick Meng jueguang. If he were to lose to Xiao ran and Qiao hongcai, these two fellows who had always been an eyesore, he would probably be so angry that his liver would hurt for the next month.

"Let's go!" Meng jueguang secretly shot Meng Tong a look. He wanted to slip away from the crowd while everyone was still in shock. As long as he wasn't caught paying the debt on the spot, he could use his identity as the senior brother in charge to find an excuse to push back the debt.

However, Lin Yi was already staring at him, obviously not going to let him have his way. He said loudly, "Senior brother Meng, where are you in such a hurry to go?"

"He ... He didn't say where he was going." Seeing that everyone's attention had turned to him, Meng jueguang could only stop in his tracks. After all, he was still the number one figure of the welcome Pavilion. If he fled in front of so many people, it would be too much of a damage to his image.

Chapter 3635 Keep Your Word

"Since senior brother Meng is not in a hurry to go, please honor the bet just now. So many senior and junior brothers here can be the witnesses to prove that your senior brother Meng is a man of his word and has done things in an open and aboveboard way!" Lin Yi smiled faintly.

After all that had happened, he and Meng jueguang were already irreconcilable enemies. This was a great opportunity, so he naturally wanted to make the other party pay.

Upon hearing this, not only did the miserable senior brother, Xiao ran, Qiao hongcai, and the others look at Meng jueguang with anticipation, but also the others. After all, 15 pieces of spiritual Jade was not a small sum. Being able to witness this scene with their own eyes would be a good topic of conversation in the future.

These cultivators, who lived a boring life every day, always liked to watch the fun. Even if they did not personally participate, as onlookers, they were more excited than the people involved.

F * ck! This brat was really F * cking sinister!

Meng jueguang cursed under his breath. He was in a difficult position now-if he didn't pay up now, he'd be seen as a devious man who didn't keep his word.

However, this was a total of 15 pieces of spiritual Jade! If he were to take them out just like that, he would be heartbroken in the future!

Lin Yi continued, seeing that Meng jueguang was still hesitating."Senior brother Meng, you're not going to say that you don't have that many spiritual jades on you, are you? That shouldn't be the case. For someone like senior brother Meng who keeps his word, he must have prepared so many spiritual jades in his pocket since he dared to make such a bet. Otherwise, his words would be like farts. With so many eyes watching, I don't think our senior brother Meng would do such a stupid thing!"

The sarcasm in his words was too obvious. For a moment, everyone looked at Meng jueguang with a playful look in their eyes. If he continued to delay, he would be seen as someone who spoke as if he was farting. If word of this got out, not to mention establishing any prestige in the future, he was afraid that no matter where he went, he would be pointed at and criticized.

Meng jueguang was a man who was bent on climbing up the ranks, so he naturally would not allow himself to carry such a stain on his name. He could only brace himself and say, "What's the hurry? did I say I wouldn't give it to you on the spot? However, this is a Kuangqu, and my spiritual jades are in my personal workshop outside. I can only give them to you when I get out. "

Everyone came to a sudden realization upon hearing this. Meng jueguang's words were reasonable. In view of the strict supervision procedures of the spirit Jade Hall, under normal circumstances, no one was allowed to bring anything in, including the spirit Jade. In fact, even if they wanted to bring it in, they couldn't, and of course, they couldn't bring it out.

However, for the sake of convenience, there was a special temporary Public Storage room at the entrance of the spirit Jade Hall. As for senior brother Meng jueguang, who was in charge of the welcoming new disciples Pavilion, because he had to come here every year to help supervise the newcomers, he was basically half a staff member of the spirit Jade Hall. Therefore, he had his own private storage room, where he could rest or store things.

From Meng jueguang's point of view, even if he really did bring so many spiritual jades from the spiritual Jade Hall, they would definitely be stored in his personal office.

"That's fine. It's only a few steps away anyway. If any of you are interested, please come and witness it." Lin Yi immediately saw through Meng jueguang's intentions and shouted to everyone.

Everyone present was going out anyway, and since it was on the way, they were naturally happy to watch the show and responded with a smile. This was especially true for those who had been touched by Meng jueguang earlier but didn't dare to make a bet. They were all very eager to see Meng jueguang suffer a loss and vomit blood!

This cunning bastard! Meng jueguang cursed under his breath. After all, there were so many people watching the show. Even if it was just for the sake of the impact, he couldn't think of any other means to delay and deal with the situation, so he could only do as he was told.

Meng jueguang's personal workplace wasn't far from the entrance, and under the supervision of Lin Yi's group and a crowd of onlookers, Meng jueguang quickly took out the spiritual jades. However, just as he was about to hand over the fifteen spiritual jades, the miserable senior brother beside him suddenly opened his mouth. "Senior brother Meng, these must be good jades. You won't take out useless jades to fool us, right?"

Meng jueguang's heart skipped a beat-the pain was right! He'd brought out a bag of useless Jade this time to avoid vomiting blood. As long as Xiao ran and Qiao hongcai didn't verify it in person, he'd be able to get away with it like he'd done to Lin Yi.

As for if it was discovered to be a useless piece of Jade after this, he would be completely unrestrained. He could say that the other party had deliberately used a good piece of Jade as a useless piece of Jade to frame him. At that time, the public would say that they were right, and as long as the public opinion was not one-sided, he, Meng jueguang, could completely ignore it.

His original plan had been well thought out, but now that he was forced to bring it up, things were no longer as they seemed. After all, if it was really verified to be a useless piece of Jade in front of everyone, then he, Meng Jue Guang, would lose all his face. Once his reputation was tarnished, he would never be able to raise his head in the three great pavilions again!

Meng jueguang couldn't help but think that he had miscalculated. How could he have forgotten his suffering? Lin Yi, that idiot, didn't know how to verify spiritual jades, but he was experienced!

"How is that possible? As the senior brother in charge, would I do such a shameless thing? I'm really measuring the heart of a gentleman with the heart of a villain!" Meng jueguang retorted righteously, but his hand that was reaching into his bosom to take out the spiritual Jade trembled a little. He exchanged it for another bag of spiritual Jade. Fortunately, he had considered everything in advance and prepared an extra bag of good Jade in case of an accident. Otherwise, he would really be embarrassed.

Under the instructions of the miserable senior brother, Xiao ran took the bag of spiritual Jade from Meng jueguang's hands and asked Qiao hongcai to count it together. After he was done, he nodded to Meng jueguang. It was full of good spiritual Jade, fifteen pieces, not a single piece missing.

"Senior brother Meng is indeed the eldest senior brother of the steward. He really is a role model for our generation." Lin Yi said with a half-smile.

Meng jueguang gritted his teeth-Lin Yi's expression was as detestable as it could get. If it weren't for the consequences, he'd have taught Lin Yi a lesson himself to vent his anger!

Although it was Xiao ran and Qiao hongcai who had won fifteen pieces of spiritual Jade from him, Meng Jue still placed most of his hatred points on Lin Yi. If it wasn't for Lin Yi, how could these two useless people win so many spiritual Jade from him? These two newbies weren't even worth a fart, and even if it was this manager Shixiong, what could he do without Lin Yi?

Chapter 3636 Senior Brother Ku Is Also Very "Rich"

So in the end, it was Lin Yi who made him suffer. After all that he'd been through, he'd finally realized that he'd have a hard time if he didn't kill this Lin Yi!

"Just wait and see! You'll be crying in due time!" Meng jueguang glared at Lin Yi before leaving with his men.

Looking at this scene, the miserable senior brother couldn't help but worriedly remind him,""Junior Brother Lin, you have to be more careful in the future. Senior brother Meng has never been a person who is willing to suffer losses, especially for a newcomer like you. He will definitely think of all ways to take revenge on you! According to his style in the past, it can be said that he would do anything!"

"Brother ku, don't worry. I know what to do." Lin Yi said with a smile, not thinking much of it.

He'd deal with whatever came his way-all schemes and intrigues were laughable in the face of strength. If Lin Yi's strength at the early Foundation Stage wasn't enough, then once he finished the heaven's path

golden core and reached the peak of the early Foundation Stage, he'd be able to kill someone like Meng jueguang in one hit. There was nothing to be afraid of.

At this moment, Xiao ran and Qiao Hong discussed for a while, then handed over a bag with 15 spiritual jades and said, ""Brother Lin, you're the one who earned all these spirit jades. Both of us don't think we should take them. You should keep them."

"That's a total of 15 pieces of spiritual Jade. You two don't want them?" Lin Yi looked at the two in surprise. He may have won the bet because of him, and his senior was also suffering, but these two had taken a huge risk to agree to the bet. Logically, these fifteen pieces of spiritual Jade were rightfully theirs. There was no doubt about it.

Xiao ran and Qiao hongcai looked at each other and subconsciously swallowed.

Fifteen pieces of spiritual Jade was a sum that even someone like Meng jueguang would feel a heartache over. It would be bullsh * t if they said that they weren't envious at all!

In fact, since they were on Lin Yi's side, other than Xiao ran's cave number one, which was pretty good, the other cultivation resources were extremely poor under Meng jueguang's special targeting. These 15 pieces of spirit Jade were like charcoal in the snow to the two of them. If everything went smoothly, it was very possible for them to successfully enter Foundation establishment with these spirit jade pieces!

However, although the two of them had won the 15 pieces of spiritual Jade, the premise was that their miserable senior brother had paid for their betting capital, and he had only stood up for Lin Yi's sake. In fact, if it weren't for Lin Yi's miraculous performance, they wouldn't have won at all.

With Xiao ran and Qiao hongcai's temperament, no matter how tempted they were by the 15 pieces of spiritual Jade, they couldn't accept it without a worry.

"Hehe ... You two don't have to be so polite with senior martial brother ku and me. You need these spiritual jades, and if you can successfully Reach Foundation establishment in the future, then you'll be able to make the best use of them, right? As for me, you don't have to worry about me at all. Just trust that I won't let you down. " Lin Yi smiled.

The poor guy was going to tell Lin Yi and the other two to split the Jade, but seeing how confident Lin Yi was, he decided to just say it,""That's right. Keep it for yourselves. Don't let down Junior Brother Lin's efforts in the future."

"Well ..." Xiao ran and Qiao hongcai looked at each other, and saw that Lin Yi really didn't want the spiritual jades."Alright then, we won't say any more polite words. If there's anything in the future, brother Lin, just let us know."

Xiao ran and Qiao hongcai had put themselves on the same level as Lin Yi's lackeys when they said that. With their characters, even if fifteen spiritual jades were envious, it might not be enough to make them bow down, but Lin Yi's performance from the first day had made the two of them willingly submit to him.

"Good." Lin Yi smiled. He'd made enemies everywhere after coming to the Sky Class Island, but he'd formed a force without him knowing. His bitter senior, Xiao ran, and Qiao hongcai were all on his side. They didn't seem strong, but there was still time!

With Lin Yi's help, these people would grow into strong Masters in the future!

Lin Yi paused, suddenly remembering something. "Oh, by the way, when you use these spiritual jades to cultivate, remember not to use up all your spiritual energy. Leave the last bit of spiritual energy for me. I'll use it to fool people when the time comes!"

"Yes, sure." Xiao ran and Xiao Yan were slightly taken aback, but they did not ask any further questions and immediately agreed.

On the other hand, the miserable Shixiong beside him was a little confused. Using only the last bit of spiritual energy would make him a complete useless Jade-who was Lin Yi going to fool with this useless Jade? Could it be that he wanted to trick Meng jueguang and the others into giving it back?

In fact, the news of Lin Yi being cheated of a good Jade by Meng jueguang hadn't been completely spread yet, but Meng Tong did. Xiao ran and Qiao hongcai didn't know about it, but the miserable Shixiong had heard about it from others.

He'd wanted to ask Lin Yi for confirmation, but he didn't want to hurt Lin Yi's pride-that was why he'd come to see him today. He didn't expect to see the bet.

"Junior Brother Lin, I actually have some useless jades with only the last bit of spiritual energy left. If you need them, I'll send them over in a few days." The miserable senior brother said from the side.

Although it was well known that waste Jade with thin spiritual energy had no value and could not be used for cultivation or trade, someone like the miserable senior brother would still save the last trace of spiritual energy so that the spiritual Jade would not shatter directly.

He did not have any ulterior motives, but the spirit Jade Hall had a waste Jade Recycling Regulation. As long as one collected a thousand pieces of intact waste Jade, they could exchange it for a good piece of Jade full of spiritual energy.

However, it was very troublesome to do so, and the rate of return was very low. Therefore, many people did not care about it. After all, for most people, they might not even have 1000 pieces of spiritual Jade in their entire lives, let alone useless Jade that had been used for cultivation.

Therefore, very few people took this waste Jade Recycling Regulation to heart. Only a calculative person like the miserable senior brother would pay attention to it. After all, saving waste Jade for good Jade was definitely more cost-effective than using up the last trace of spiritual energy and causing the spiritual Jade to shatter! Of course, for the poor senior brother, if he wanted to exchange useless Jade for good Jade, this was a task that required perseverance. He had to persist for at least ten years!

Chapter 3637 Public Guidance Day

But now that Lin Yi said it was useful, he wouldn't be reluctant to give up this piece of useless Jade, considering how his poor senior brother was willing to give up even good Jade.

"Then I'll have to thank senior brother ku." Lin Yi said happily.

According to his plan, if he wanted to successfully purchase the star inkstone, he would have to be ahead of the other competitors. For example, the soaring Pavilion inner sect disciple he had seen at the Hong Chamber of Commerce.

It wasn't like they'd be able to come up with a thousand spirit Jade anytime soon, but to be safe, Lin Yi thought that it'd be best to get the star inkstone before the inner street of the market opened next month. He'd have to wait another month, and any delay would bring trouble. Therefore, he was in urgent need of useless Jade now, and his senior brother was simply sending charcoal in the snow.

"Hey, there's no need to thank me. There are only three or four hundred pieces of useless Jade in total. They're useless anyway. If you need them, I'll give them to you." The miserable senior brother laughed.

Although he was saving these useless jades to exchange for good jades at the spirit Jade Hall, their value wasn't high. It was like collecting old newspapers to sell junk in the secular world-he was more than happy to be able to help Lin Yi.

Meng Jueguang had been constantly providing Meng Tong with cultivation resources, and he was the senior brother in charge. What was the big deal with giving Meng Tong some useless Jade? It can't even compare to a good piece of Jade! Seeing Lin Yi happy made him feel that he wasn't that useless after all!

"There's so many? That would be great. " Lin Yi let out a breath of relief.

Although the Jade space was a cheat-like item, a thousand spiritual jades was still no small amount. In the eyes of most practitioners, this was an astronomical figure that they would never be able to reach in their entire lives. Even for Lin Yi, it was very challenging to collect so many pieces of useless Jade in a month.

Now that he'd taken care of a third of the tough guy's stuff, Lin Yi felt a lot less pressure. He just had to think about how to use his own Jade to exchange for other people's useless Jade. From the looks of it, it did not seem like an impossible task to collect a thousand pieces of spiritual Jade in a month.

However, even so, this was still a big challenge. If he couldn't find a suitable reason, he would take the initiative to exchange his own good Jade for the waste Jade used by others. This matter was too strange and would easily attract the attention of people with ulterior motives. At that time, it would be troublesome.

What Lin Yi didn't know was that while he was still having a headache over how to find someone to trade for the Jade, his enemy Meng Tong had already solved this problem for him. In the future, he wouldn't even need to worry about it anymore, and Meng Tong would already come to him on his own initiative.

When he realized this, Lin Yi couldn't help but sigh. Meng jueguang and Meng Tong really lived up to their reputation as super good people!

The poor guy accompanied Lin Yi and the others all the way back to the cave, but he suddenly remembered before leaving. He smacked his head and said, "Oh, right. I almost forgot to tell you that tomorrow is the annual public guidance day. Each of the three great pavilions will send an elder to the welcoming Pavilion to guide you in your cultivation. According to the rules of previous years, each person can ask three questions. Go back and think about it tonight. This is a very rare opportunity, so don't waste it."

The reason he came here today, other than wanting to see if he could help Lin Yi, was also for this. Normally, it was Meng jueguang who notified Lin Yi personally, but the poor guy didn't trust his character-that was why he came over to tell Lin Yi and the others.

Looking at the expressions on Lin Yi, Xiao ran, and Qiao hongcai's faces, he felt that he had made the right decision to come.

Public guidance day?

Lin Yi, Xiao ran, and Qiao hongcai were all taken aback-this was a very important matter, but Meng jueguang didn't even mention it to them. He probably wanted them to miss this opportunity for nothing. What a sinister man!

Although each person was only allowed to ask three questions, the other party was an important figure at the level of the three Pavilion elders. Needless to say, his cultivation realm was far above that of ordinary people. To be able to get the personal guidance of such a super expert was a very rare opportunity. It was said to be something that could only be encountered by luck and not sought by others.

For newbies like Lin Yi, if they grasped this opportunity well, the benefits they'd get would far exceed the elixirs and spiritual jades they'd always dreamed of. Perhaps a word or two from this guy could save them decades or even centuries of detours in the future-what a precious opportunity!

"Many thanks for senior brother ku's reminder." Xiao ran and Qiao hongcai obviously realized how rare this opportunity was. After thanking them, they returned to their respective immortal's caves with the spiritual jades in their hands. Judging from their expressions, they would probably be thinking about what questions to ask the entire night.

The bitter-faced senior brother couldn't help but chuckle at the two's back views. He turned to Lin Yi and said, ""Junior Brother Lin, I know that your strength, talent, and temperament are far beyond ordinary people. However, if you miss this opportunity to ask the elders of the three pavilions a question, it might be very difficult to encounter it again in the future. So, you must make good use of it tomorrow."

"Brother ku, don't worry, I know what to do." Lin Yi said with a nod.

In fact, Lin Yi had already realized that he needed to grasp this opportunity more than anyone else. However, what Lin Yi was about to ask wasn't the focus of everyone's attention-it was something more important to him.

The sun rose the next day, and if it weren't for his senior brother's reminder last night, Lin Yi would've already gone to the Lingyu Hall to mine by now. But now, he was waiting in the main hall of the welcome Pavilion, just like all the other newbies.

Meng jueguang's eyelids twitched when he saw the three, and he spat in disappointment.

Although he knew that it was naive of him to think that Lin Yi and the other two would miss the public guidance day because of his poor senior brother, he still couldn't help but want to do something bad. He was still bleeding in his heart after losing fifteen pieces of spiritual Jade yesterday, and he couldn't calm down if he didn't find a chance to get it back!

Small characters like Xiao ran and Qiao hongcai weren't that important-if they could think of a way to make Lin Yi, their arch-enemy, suffer a loss on this tutoring day, it would be best if he could make him regret it for the rest of his life. That would be great!

However, Meng jueguang could only entertain himself with these thoughts. If he wanted to use this guidance day to scam Lin Yi, he'd have to at least get in touch with the elders of the three pavilions. This was a fantasy story for a small manager like him.

Chapter 3638 Secretly Plotting

Not to mention the elders of the other two pavilions, even the elders of his own GreenCloud Pavilion stood at the peak of the entire Sky Class island's North Island. How could he, Meng jueguang, a low-level manager, have any say in this?

As the saying went, "a seventh-rank official in front of the Prime Minister's door." Even if one of these elders were a lowly handyman, he would still be an important figure that Meng Jue had to look up to. Even if he wanted to curry favor with them, he might not be able to!

As for talking directly to these elders, that was a fool's dream. Even if he really did have such a dream, he, Meng Jueguang, would probably still be trembling in fear in his dream!

At this moment, there was a sudden commotion in the crowd. The sharp-eyed newcomers had already noticed that the welcoming Pavilion master Hu Yun Feng was leading a large group of people in the distance. The elders of the three great pavilions had finally arrived!

There was! Meng Jueguang's eyes brightened as he saw a familiar face among the three elders-it was young master Xu Lingchong. Seeing how he was handling the three elders with ease, wouldn't it be as easy as asking him to teach Lin Yi a lesson?

Xu Lingchong's appearance here wasn't strange, because the elder from the rising Sky Pavilion was one of the Supreme members of the elder Council on the entire North Island of the Sky Class Island. He was the third elder of the rising Sky Pavilion, and also Xu Lingchong's grandfather, Xu Yuanzheng.

As for the other two elders, they were the mysterious Pavilion's fifth elder, Xie Xin, and the GreenCloud Pavilion's fourth elder, Zhao Hongbo.

Among the three elders, although Xie Xin of the profound secrets Pavilion and Zhao Hongbo of the GreenCloud Pavilion were also big shots that countless people looked up to, their status was still a level lower than Xu Yuanzheng's. The reason was very simple. The two of them were not members of the Council of Elders, but Xu Yuan was one of them.

Not being able to enter the elder Council meant that they didn't have the right to speak on many important matters of the three great pavilions. It meant that they were still a step away from reaching the peak of the North Island. So even though Xie Xin and Zhao Hongbo were high and mighty elders, they still couldn't avoid being inferior in front of Xu Yuanzheng, the Big Shot of the elder Council.

Very naturally, Xu Yuanzheng became the undisputed number one figure in this welcoming new pavilion's public guidance day. And his grandson, Xu lingchong, who was brought by him, also became the focus of the entire scene. He talked and laughed with ease in front of the three elders.

Because of Xu Yuan Zheng's face, even when Xie Xin and Zhao Hong Bo, these two elders, spoke to Xu lingchong, they didn't have the slightest intention of being superior. Their words and actions were kind and amiable, making others envious.

As for the people who accompanied them, such as Hu Yun Feng and the others, they did not receive such good treatment. In addition to smiling apologetically, they did not even dare to breathe loudly in front of these three elders, for fear of accidentally provoking the displeasure of one of the elders and bringing disaster to themselves.

However, even though he was trembling with fear, Pavilion master Hu Yunfeng was still extremely excited. According to past years, the elders sent by the three great pavilions to participate in the public guidance day were usually the last-ranked elders in their respective pavilions. Even people like Xie Xin and Zhao Hongbo might not necessarily be willing to appear. However, this year, not only these two, even Xu Yuanzheng had personally appeared!

The Council of Elders was a big Shot in the entire North Island!

Xu Yuanzheng's appearance was an unprecedented event for the small Ying new pavilion. Not only did it bring light to the entire Ying new pavilion, but it also brought honor to the head of the Ying new pavilion, Hu Yun Feng. As long as he obtained Xu Yuan Zheng's affirmation, then wouldn't his meteoric rise in the future be a matter of course?

Hu Yunfeng nodded gratefully at Xu lingchong. He knew that this was all thanks to Xu lingchong. If it wasn't for this young master Xu speaking up for him, a Big Shot of the elders Guild like Xu Yuanzheng would not have come to the welcome new pavilion at all. Naturally, the elders of the other two pavilions, Xie Xin and Zhao Hongbo, would not have made a move upon hearing the news.

The reason why the two of them had come this time was to take the opportunity to get closer to Xu Yuanzheng. Therefore, in the end, the reason why the welcoming new pavilion could have such an exaggerated and luxurious lineup for the public guidance day this time was all because of Xu lingchong.

However, lingchong Xu didn't seem to mind. The reason why he was trying so hard to convince his grandfather to come to the pavilion was that helping Hu Yunfeng was just in passing. The main purpose was to show off his power and show some blind ants what it meant to look up to a tall mountain, like Lin Yi.

Seeing the appearance of the three elders led by Xu Yuanzheng, the newcomers of the welcome Pavilion immediately held their breath. They stood on both sides and respectfully waited for the three elders.

Seeing the respectful behavior of this group of newcomers, Xu Yuanzheng slightly nodded his head and said: "Xiaoyun is not bad."

These four light words fell into his ears, and Hu Yun Feng suddenly felt as if he had eaten a miraculous elixir. His whole body felt comfortable, and it gave people the feeling that his most taboo white hair had turned black and bright.

Although the term "little Yun" was somewhat feminine, and it would be an insult if anyone else called him that, it was different when it came out of Xu Yuan Zheng's mouth. Hu Yun Feng was overwhelmed by the favor!

"Third elder, you flatter me. This is my duty." Hu Yun Feng quickly bowed and said.

In a public place like this, Hu Yun Feng, as the pavilion master of the welcoming new pavilion, should address Xu Yuan Zheng as elder Xu. After all, the third elder was an internal form of address for Xu Yuan Zheng by the disciples of the rising Sky Pavilion. However, Hu Yun Feng still did so. His goal was to get closer to Xu Yuan Zheng. He was a disciple of the rising Sky Pavilion, after all, so it was not wrong to call him that.

Hearing this, Xu Yuan gave him a glance with a smile that was not a smile. He saw through his intentions, but did not expose them.

On the side, Xie Xin and Zhao Hongbo frowned slightly, but didn't say anything for Xu Yuanzheng's sake. The soaring Pavilion had now wantonly occupied all the independent departments. This was already the general trend. The welcoming new pavilion was only a microcosm of it. So, it was meaningless for the two of them to make a mountain out of a molehill.

The three elders went on stage. Xu Yuan was giving a brief admonishment to the newcomers, and then they dispersed. The three elders were responsible for guiding the newcomers in their respective pavilions, entering the official segment of the public guidance day.

However, in the process, Lin Yi noticed a small interlude. While Xu Yuan was lecturing the new disciples, Meng jueguang, who was supposed to be in his own group, sneaked behind Xu lingchong and whispered something in her ear. During this time, the two of them even looked in his direction with bad intentions.

After that, while Lin Yi and the other new disciples were waiting in the third side hall under Meng jueguang's lead, Zhao Hongbo, the fourth elder of the pavilion, had a few words with Xu lingchong in a low voice before walking in.

There seemed to be a problem.

Chapter 3639 I'll Let You Run Errands!

"What the hell are these two people doing?" Lin Yi's intuition told him that these people were trying to set him up again, seeing that Meng jueguang was looking at him with ill intentions.

But thinking back, today was the public guidance day, and nothing could go past Zhao Hongbo, the elder of the GreenCloud Pavilion. Not to mention that Meng jueguang wouldn't be able to hook up with him at his level, even Xu lingchong wouldn't be able to order Zhao Hongbo to do anything, let alone frame Lin Yi.

Firstly, their strength and status were completely unequal. Even if Zhao Hongbo treated Xu lingchong differently for the sake of Xu Yuanzheng's face, it would only be limited to the courtesy of an elder. It was impossible for them to really be on equal footing, let alone lower his status to please the other party.

Secondly, the higher one's position was, the more one had to pay attention to their image. Even if Zhao Hongbo really did listen to Xu lingchong and helped him deal with Lin Yi, a newbie of the pavilion, he wouldn't dare to be too brazen. After all, if these words were to spread out, he, as the fourth elder of the GreenCloud Pavilion, would be drowned by the saliva of countless disciples of the GreenCloud Pavilion.

At that thought, Lin Yi calmed down a bit. No matter what Xu lingchong, Meng jueguang, and the others were up to, as long as he could ask the question and get the answer he wanted, everything would be fine.

What Lin Yi didn't expect was for Zhao Hongbo to point at him right away. "Who's Lin Yi?"

Lin Yi blinked, and under the surprised gazes of the new disciples, he stood up and replied, "I am Lin Yi, fourth elder."

Zhao Hongbo looked Lin Yi up and down and asked, "I heard you have a good relationship with Lu bianren?"

With the fourth elder's high and mighty status, he naturally wouldn't care about a mere third Pavilion master like Lu bianren, much less know about Lin Yi. These words were actually passed on to him through Xu lingchong's mouth, Meng Jue wanted to use this to make a fuss and punish Lin Yi.

Things were far from what he expected, but Lin Yi didn't panic. He nodded, "I wouldn't dare. I'm just helping the younger generation, Pavilion Master Lu."

"What a good" guide the younger generation "!" Zhao Hongbo snorted, and then said, "Since he's so supportive of the younger generation, why didn't he even show up on such an important day? This is really improper!"

Everyone immediately looked at each other. Zhao Hongbo, the fourth elder of the GreenCloud Pavilion, had openly criticized Lu bianren. If this matter were to spread, it would be a disaster for Lu bianren, who had already been completely marginalized by the welcoming new pavilion!

However, if one were to really talk about it, it was indeed a bit unreasonable for Lu bianren, the third Pavilion master of the welcome Pavilion, to not even appear on a day like this! If someone wanted to make a big deal out of this matter, it was not impossible for Lu bianren to be removed from his position as the third Pavilion master of the welcome Pavilion.

Lin Yi and the miserable Shixiong looked at each other helplessly. They knew instantly that Lu bianren had been scammed. It was probably by the pavilion head Hu Yunfeng, the Vice Pavilion head Feng Song, Xu lingchong, and Meng jueguang. Whether it was intentional or not, this large group of people had worked together to scam him!

Lu bianren was currently stationed at the back cliff, and there was not a single ghost within a thirty li radius. Although the public Instruction day was held every year, there had never been a fixed date. It was completely decided by the wishes of the three Pavilion elders. In other words, if Hu Yunfeng and Feng Song had not sent someone to inform him, he would not have known that today was the public Instruction day!

They didn't even know if today was the public Instruction day, and without Pavilion master Hu Yunfeng's permission, Lu bianren couldn't leave his post without permission. It was perfectly normal for him not to appear at a time like this, but he didn't expect that he'd be publicly reprimanded by Zhao Hongbo.

"If I had known, I would have sent a message to senior brother Lu yesterday!" The miserable senior brother couldn't help but blame himself.

He didn't think that Hu Yunfeng's group would go this far, not even informing Lu bianren of something as important as the public guidance day. He was also busy helping Lin Yi and the others out yesterday, so he didn't have time to make a trip down the back cliff.

However, if he had known in advance that the elder from the GreenCloud Pavilion was Zhao Hongbo, he would have warned Lu bianren no matter what, because this fourth elder was the enemy of the backer of the GreenCloud Pavilion behind him and Lu bianren. If something were to happen, it was easy to imagine that he would be targeted by Zhao Hongbo.

It was just a pity that he was just a small little manager, how could he possibly know these elders' arrangements in advance?

The poor Shixiong only thought that Lu bianren had been scammed, but Lin Yi had thought further than him. Lin Yi had already predicted that Lu bianren's scamming was just a bait, and he would be implicated as well.

As expected, Zhao Hongbo's next sentence revealed his intentions. "Since you have a good relationship with Lu bianren, then I'll have to trouble you to make a trip and call him over. Otherwise, the elders of the other two pavilions will see our GreenCloud Pavilion as a joke!"

As expected! Lin Yi couldn't help but smile coldly inside. Zhao Hongbo's words were reasonable and didn't seem to be targeting or making things difficult for him, but one had to know that today was a very rare public guidance day. If he missed it, he might never have the chance to make it up in his life.

Lu bianren was thirty miles away at the back cliff, and even if there wasn't any delay, it would take at least an hour to go back and forth. By the time Lin Yi got Lu bianren here, it was very likely that all the newbies here would have finished asking their questions.

Zhao Hongbo frowned at Lin Yi's silence. ""What's wrong? You're not even willing to run an errand to call Lu bianren? Could it be that all the new disciples of the GreenCloud Pavilion are of this quality?"

"Fourth elder, this Lin Yi is a newcomer from the common world. He's always been unruly and doesn't know the rules. It's all my fault for not teaching him well. Please punish him, fourth elder!"

"So you're from the mortal world, no wonder." Although Zhao Hongbo didn't show it on his face, the dissatisfaction in his words was obvious.

The Sky Class Island Masters "attitude towards practitioners from the secular world was divided into two sides. One side was for compatibility, and the other side was for rejection. This fourth elder clearly belonged to the latter, and he was the radical side, advocating banning all practitioners from the secular world. This was also the key reason why he was at odds with Lu bianren's backer.

Zhao Hongbo turned to Meng jueguang and said, ""You're Meng jueguang? I've heard Yu 'er mention you before, saying that you're very dedicated in your work. Not bad, but there are some newbies who can't be carved out of rotten wood. If necessary, we can still use some methods. After all, we can't go out and throw the face of our GreenCloud Pavilion. "

Chapter 3640 The Only Late One

"Yes, I will listen to fourth elder's guidance." Meng jueguang was overjoyed and hastily replied.

He'd tried so hard to get Lin Yi for the little spirit Jade just to please Zhao Yu, who was the grandson of elder Zhao Hongbo. Now it seemed that his efforts had not been in vain. If he could leave his name in the heart of the fourth elder Zhao Hongbo, it would save him a few decades of hard work in the future.

Meng jueguang accepted the praise happily and turned to Lin Yi with a frown. "Junior Brother Lin Yi, what are you still standing there for? go find Pavilion Master Lu, or are you really going to make fourth elder angry?"

Lin Yi looked at him and was about to say something when the guy gritted his teeth and said, "Fourth elder, senior brother Meng, it's not that Junior Brother Lin doesn't want to call for Pavilion Master Lu, but today is a rare opportunity for him to receive public guidance. As a newcomer, he really can't miss this opportunity. Why don't you let me call for Pavilion Master Lu?"

Lin Yi looked at the guy gratefully-it was a huge risk to stand up for him at a time like this. Zhao Hongbo might just take his anger out on him, and it wasn't a joke for a small-time manager like the guy.

"And who are you?" Zhao Hongbo glanced at his miserable senior brother. He had only heard of Meng jueguang's name from his grandson Zhao Yu. Under normal circumstances, he would not pay attention to a small manager of the welcome Pavilion, let alone know the names of these people.

The miserable senior brother took a deep breath and said, ""Fourth elder, disciple's name is bitter joy, and I'm also the senior martial brother in charge of the new disciples in the GreenCloud Pavilion."

"Bitter happiness? Finding joy in suffering? Heh, this name is a little interesting!" Zhao Hongbo laughed noncommittally, and then said with a righteous tone, "Since you know that you are the senior Steward, you should understand that your current task is to maintain the order of the newcomers. How can you leave your post without permission to go out and call for people? Just let this Lin Yi go!"

Zhao Hongbo thought for a while and felt that even if he agreed to Xu lingchong's request, it didn't seem right to deny Lin Yi's right to ask questions like this. It would damage his image as the fourth elder of the GreenCloud Pavilion, and so he continued, "Don't worry, I'll reserve your right to ask questions. Even if you're late, I'll make an exception and answer three questions for you."

Although Zhao Hongbo's words sounded as magnanimous as his name suggested, it must be known that the significance of the public guidance day was not only to answer his own three questions, but more importantly, to listen to the elders answer questions of others. Only by comparing could one gain insights. This was a very important lesson for newcomers, and it was even worth ten years of hard work.

Once Lin Yi agreed, it meant that he could still ask questions, but he wouldn't be able to hear the answers of the other newbies. This loss, in a sense, was even greater than the fifteen pieces of spiritual Jade that Meng jueguang had lost.

The poor guy wanted to continue, but Lin Yi stopped him. As long as he had the right to ask three questions, the rest weren't a problem.

"Thank you for your understanding, fourth elder. I will leave now." Lin Yi cupped his hands at Zhao Hongbo and left.

Hehe, Meng jueguang raised his chin at Lin Yi proudly, the mockery in his eyes obvious.

Even a thorn-covered troublemaker like Lin Yi couldn't fight back at all in front of the fourth elder. With the difference in status and strength, he could kill you with a few words and make you speechless!

Two hours later, Lu bianren and Lin Yi finally returned to the pavilion, travel-worn and weary. At this time, the three elders had finished giving guidance to the new disciples and were all gathered in the main hall, exchanging their training experiences.

Lu bianren and Lin Yi looked at each other, their hearts thumping. This scene was obviously created by someone!

Think about it, if Chu pengzhan had come to Songshan first high for an inspection, with all the school leaders, teachers, and students present, and then the only person who was late arrived in front of everyone, and even worse, this person had already been rejected by most of the school's teachers and students-what would he feel?

If it were a normal person, the only thought in their mind at this time would probably be to quickly find a hole to hide in!

But Lu bianren didn't. His expression didn't change at all as he walked toward the three elders in the middle with his head held high.

Lin Yi praised him in his heart. Although this senior brother Lu looked as weak as his miserable senior brother, and was treated like an invisible person despite being the third Pavilion master of the welcome Pavilion, this person's bearing and courage were far beyond ordinary people.

The reason why Lu bianren looked weak was because he was constantly backing down. When one's own strength was insufficient, choosing to retreat was far more wise than choosing to fight. It also required more courage.

However, in such a critical situation, he couldn't retreat anymore. Because if he retreated now, it wouldn't be a retreat, but a retreat.

Lu bianren knew that the moment he backed down, what awaited him would be eternal damnation. Not only would he be unable to stay in the welcoming new pavilion, but he would also be unable to stay in the GreenCloud Pavilion in the future.

Thus, even if he knew that there was a storm ahead, he could only move forward with his head held high.

"Greetings to the three elders. Disciple Lu bianren has arrived late, please forgive me." Lu bianren bowed. He didn't mention any reason or excuse, only sincerely asking for forgiveness.

Smart! Lin Yi couldn't help but praise him in his heart. If Lu bianren were to go on and on about why he was late, he would be at a disadvantage. Not only would Hu Yunfeng and the others shirk all responsibility, these three high and mighty elders wouldn't even be interested in why Lu bianren was late.

In their eyes, it was Lu bianren's fault that he was absent from such an important day. If he still wanted to find an excuse, then he would be adding on to his mistake and his crime!

But now, Lu bianren didn't say anything and just sincerely admitted his mistake and asked for forgiveness. This way, even if the three elders were dissatisfied, they couldn't say anything. After all, they were only late once. If they were to hold on to this small matter, it would appear that they were too calculative and did not have enough tolerance.

In the middle, Xu Yuanzheng glanced at Zhao Hongbo, but didn't speak. After all, this Lu bianren was a member of the GreenCloud Pavilion, so it was better to let Zhao Hongbo, an internal elder, deal with him. This could also be considered giving him face.

"Forget it, answer the question first. We'll talk about Lu bianren later!" Zhao Hongbo snorted coldly and waved his hand. After all, in front of so many outsiders, he couldn't let them see him as a joke.
