Chapter 3691 Who Has The Final Say In The First Volume Of The Curly Bear

"Xiao Bai, come back quickly. They're doing something serious!" Shangguan LAN 'er quickly tried to pull the little Curly Bear back, but the little Curly Bear hugged Lin Yi tightly, not letting go no matter what she said.

"Wuwuwuwu!" Not only did the little Curly Bear refuse to come down, but it also kept barking, as if it wanted to express something.

Shangguan LAN 'er was stunned for a moment. Other people might not understand the little Curly bear's Wuwu bear language, but she had played with it since they were young. She could not say that she could understand the little Curly bear's meaning 100%, but it was not a problem to understand 80% of it.

"You're saying that you want Lin Yi to get first, and that Meng Tong is a bad guy?" Shangguan LAN 'er asked with a frown, her suspicious eyes immediately falling on Meng Tong.

With how close Curly Bear was to Lin Yi, it was understandable that he wanted Lin Yi to get first place, but it was a little weird to call Meng Tong a bad guy because of that.

Curly Bear wasn't as scheming as humans. He always spoke his mind and wouldn't belittle Meng Tong just for Lin Yi to get first. There must be a reason for it to say this.

Looking at Shangguan LAN 'er's profound eyes on him, Meng Tong broke out in a cold sweat. The only thought in his mind at that moment was, "damn, did this little thing remember what happened that day?"

This was not impossible. Although the little Curly Bear was still in its infancy, its intelligence was comparable to that of a human child. It was not strange for it to recall what happened that day.

"Tell me, what did you do to my Xiao Bai? Little white would never slander you without any basis!" Shangguan LAN 'er's expression turned serious as she stared at Meng Shuangqing.

Although she didn't like to use her brain, it didn't mean that she didn't know how to use her brain. Now that she thought about it, her search for the little Curly Bear that day had indeed been a little strange. At the very least, Meng jueguang and Meng Tong's words had definitely been untrue. However, it had been late at night, and they had successfully found the little Curly Bear, so she had not thought too much about it.

"No... I didn 't!" Meng Tong quickly stammered in denial. If what had happened that day were to be exposed, he would die a horrible death.

"No?" Shangguan LAN 'er looked at him doubtfully, then turned to the little Curly Bear,""Little white, why did you say that this guy is a bad guy? Did he do anything bad to you?"

"Wuwuwuwu!" The little Curly Bear gestured with its hands and feet again, and even pointed at Meng Tong a few times.

Meng Tong's heart almost jumped out of his throat. Even Meng jueguang, who was standing nearby, was so scared that he broke out in a cold sweat. He was afraid that the case would be solved in public.

Lin Yi, on the other hand, was watching everything with cold eyes. If Curly Bear could really recall what happened that day, then Meng jueguang and Meng Tong would be doomed for sure, and that would save him a lot of trouble.

Shangguan LAN 'er pondered for a long time before understanding what the little Curly Bear meant, and said helplessly, ""Little white, you're saying that Meng Tong's aura is very annoying, as if he kicked you in your dream, and that he's not a good person?"

"Wuwu." The little Curly Bear nodded repeatedly.

F * ck! It turned out that this little thing didn't even recall it at all. It just instinctively felt that it was annoying!

Meng jueguang and Meng Tong glanced at each other and sighed in relief, their hearts filled with lingering fear.

A spirit beast like the curly Bear had much more sensitive senses than ordinary people. Even if it didn't have a clear memory, it would subconsciously be on guard against anything that had hurt it.

However, as long as it did not clearly recall the situation that day, everything would be easy to handle. After all, even a lady like Shangguan LAN 'er would not directly go against the two of them because of a groundless crime, just because of a little pet's preference.

"Alright, I'm fine. You can continue." Shangguan LAN 'er rolled her eyes at the little fellow. Just as Meng jueguang and Meng mingshu had thought, she was Shangguan Tianhua's granddaughter. In such a public setting, she had to consider Shangguan Tianhua's image. She could not simply accompany the little fellow and throw a tantrum.

The bald elder nodded and was about to announce the results, but unexpectedly, Shangguan LAN 'er curled her lips at Meng Tong and said, "Although I don't have any grudges with you, since even Xiao Bai hates you so much, that means you're not a good person! Hmph!"

"Uh ..." Meng Tong wanted to cry but had no tears. He was still glad that he had escaped a disaster, but in the end, he was immediately blacklisted by this lady. Everything was really bad today.

Fortunately, the case of the little Curly bear's abuse was not solved on the spot. For him, this was already a blessing in the midst of misfortune. Moreover, he would be able to obtain first place in the trial today. At least, he could comfort himself.

However, what the bald elder said next almost made him spit out blood. "In this test, both Meng Tong and Lin Yi's points were the same, but looking at the entire test, Meng Tong incited the other newbies to attack Lin Yi. He's not a good person, so I think Lin Yi should be the winner. Do you have any objections?"

What the hell? The first was Lin Yi?

From Xu lingchong, Hu Yunfeng, to Meng jueguang and Meng Tong, everyone was dumbfounded. It was clearly agreed that Meng Tong would be first, but this wasn't how the script was written?

"No objections," The two elders at the side nodded. As for the others, no matter how big their opinions were, they didn't have the right to speak at all. Even Xu lingchong couldn't do so.

"Then let's do this." The bald-headed elder's last sentence directly sealed the coffin of this newcomer's trial.

Holy shit! Xu lingchong and the others were dumbfounded. The situation had taken a turn for the worse all of a sudden!

Xu lingchong stared at the bald-headed elder in disbelief. This was simply standing him up in public. Even if he didn't agree from the beginning, it would be better than going back on his words now. With this, where would he put his face as a young master? He had previously vowed to Hu Yun Feng and the others that he could easily settle this!

The bald-headed elder gave him a look and pointed in the direction of Shangguan LAN 'er. It was obvious that between young master Xu and miss Shangguan, the latter was more respected. Even if Xu Yuanzheng was a big Shot in the elders Guild, how could he compare to Shangguan Tianhua, the powerful Pavilion master of the rising Sky Pavilion?

Shangguan LAN 'er had said in front of everyone that Meng Tong was not a good person. If he still gave the first place to Meng Tong as planned, wouldn't he be openly opposing this young lady?

Chapter 3692 Post-Event Analysis

If the eldest young miss went back and left a bad impression on Shangguan Tianhua, he would be beaten down to the ground sooner or later, even if he was a high and mighty elder. After all, there were more than one or two elders who had fallen to Shangguan Tianhua's Iron Fist.

Xu lingchong had nothing to say now. Even if he was in the position of the bald-headed elder, he would probably do the same.

In fact, now that he thought about it, he was actually a little glad that the bald elder did not give the first place to Meng Tong. If he had left a bad impression in Shangguan LAN 'er's heart because of this, he would have really suffered a big loss.

On the other hand, letting Lin Yi get first place by luck wasn't a big deal to him, other than losing some face.

Since even lingchong Xu didn't say anything, the other people like Meng jueguang naturally didn't dare to say anything either. They could only watch as Lin Yi received his reward.

"Everyone, thank you for letting me win." Lin Yi smiled faintly and purposely showed them the extra ten spiritual jades in front of them.

"Tsk, what a small man." Meng Tong's expression was extremely ugly as he curled his lips. At this moment, he felt as if he had eaten hundreds of flies. It was extremely disgusting, but he could only pinch his nose and swallow it down.

Meng jueguang's face was dark as well, but his eyes lit up when he saw Lin Yi's bag of spiritual Jade. "It's fine. Let him be proud for a while. When we go back, we'll smash a few pieces of useless Jade. This bag of good Jade will be ours sooner or later."

"Ninth cousin is brilliant!" Only then did Meng Tong's heart feel much more balanced. He gritted his teeth and said, "I'd like to see what kind of expression he'll have when he finds out that all the spiritual jades he's collected are useless!"

"That goes without saying. He'll definitely cry to death." "It's not impossible for his heart to fall out from the shock!" Meng jueguang sneered.

Even a normal person would feel heartache for a long time if they lost a good piece of Jade-Lin Yi, on the other hand, had lost dozens of pieces in a row. His heart would be bleeding by the time he realized what had happened.

The newbie trial finally came to an end in this dramatic turn of events.

Lin Yi was first, Xiao ran was third, and Qiao Hong was fourth. Although he didn't take all the top three places, it was still a great harvest compared to the miserable results of the new recruits under Meng jueguang.

There were a total of 12 newcomers under Meng jueguang's command. Other than Meng Tong, who came in second and received a Foundation establishment pill as a form of consolation, the others were completely insignificant. Compared to the key reward of the foundation establishment pill, the three pieces of spiritual Jade that were distributed to them could not even be considered a consolation prize.

What was even worse was that five of the twelve people did not even get the consolation prize of three spiritual jades. Not only did they not get any benefits, but they also dropped out of the top ten and were blacklisted in their first trial. They simply wanted to cry but had no tears.

For a moment, all the rookies looked at Meng jueguang with extremely resentful eyes. They had originally sought refuge with Meng jueguang for the sake of obtaining more benefits. In the end, they had not obtained any benefits at all. Instead, they had lost their bright future. This was simply a scam!

"Are you all trash? There were only three of them, and you guys couldn't even handle twelve of them? You still have the face to complain to me? Complain, my ass!" After returning from the rear Mountain Hall, Meng jueguang had gathered all of his new subordinates and couldn't help but roar.

He'd expected that they'd be able to kill off Lin Yi's trio for sure-after all, they were all Masters at the same level, and it didn't make sense for twelve people to fail against three.

The rookies looked at Meng Tong, who had to step forward and explain, ""Ninth cousin, the original plan was going quite smoothly, but then something happened and it messed up our entire plan. You can't blame us for not putting in enough effort."

"I don't blame you for not putting in the effort? Alright, tell me, what accident happened in the middle that could allow them to reverse such a huge disadvantage!" Meng jueguang snapped.

"Ninth cousin, you probably didn't notice before, but Lin Yi's already in the early Foundation Stage." Meng Tong looked at Meng jueguang with a wry smile.

"What? An early Foundation Stage expert?" Meng jueguang had originally thought that Meng Tong would come up with some compelling reason, but after hearing this, he was shocked and looked around at everyone in disbelief. "That's impossible, right? All of you saw it?"

Everyone nodded in unison. Meng Tong said with a bitter face, "I saw it with my own eyes. We had already surrounded him and were about to succeed, but he wasn't afraid of us at all. He released the aura of an early Foundation Stage master and scared all of us on the spot."

All the newbies looked at Meng Tong with weird expressions. It was true that they were all scared, but if Meng Tong didn't run away first, the situation wouldn't have fallen to Lin Yi's control.

After all, there were twelve of them, and Lin Yi had Xiao ran and Qiao hongcai, two exhausted burdens, by his side. If they were to really fight, it was hard to say who would win.

However, Meng Tong obviously wouldn't say anything about such an embarrassing thing. If he didn't say it, the others present naturally wouldn't say anything either. Otherwise, they would offend him and would definitely be put in a difficult position in the future.

Seeing everyone say this in unison, Meng jueguang had no choice but to believe them. "So Lin Yi really did break through to the early Foundation Stage? But from his aura just now, it didn't look like it. He was no different from you guys at the great circle of the Sky Class! Did you really confirm it with him?"

"Uh, we didn't. When we saw that the situation wasn't good, we immediately dispersed on the spot." Meng Tong replied awkwardly.

"You didn't make a move?" Meng jueguang was taken aback. He pondered and said, "So you're saying that you were only frightened by his aura?"

Everyone looked at each other before nodding. It was embarrassing, but they were indeed scared to death by Lin Yi's aura.

"That's right, you must have seen it wrong!"

"Don't you guys know that there's a pill called the Golden limit pill?" Meng jueguang suddenly clapped his hands. "Once you take it, you'll be able to instantly unleash strength far beyond your usual self-even a Sky Class full master will be able to display the power of an early Foundation Stage master, but the effect will only last for a very short time!" I speculate that this guy must have given him a limit Jindan in advance, so you guys were scared by him!"

Chapter 3693 Lee Zhengming's Resentment

"This ... Is possible." Meng Tong and the rookies looked at each other. When they recalled the situation at that time, it did seem a little strange.

"It's simple-if Lin Yi's really at the early Foundation Stage, then the aura he usually exudes should be at that stage as well, not Sky Class full Masters like you guys. Think about it, it's only been less than a month, and no one from the ascending Sky Pavilion or the mysterious Pavilion has reached the Foundation Stage yet. Lin Yi is just a kid from the common world, how could he be more powerful than these newbies? Nonsense!"

Meng jueguang paused and then asked, "Plus, you guys said that Lin Yi didn't attack you guys after he scared you guys, and he let you guys go, right?"

"Yes, I am." All the rookies nodded.

"This further confirms my speculation!" Meng jueguang sneered and analyzed, ""Think about it, with the conflict you had with Lin Yi, if he really was an early Foundation Stage master, how could he let you guys

go so easily after injuring Meng Tong on his first day? Even if I can't kill you due to the rules of the trial, it shouldn't be a problem to cripple you, right?"

All the rookies were stunned. This was the question that puzzled them the most. Meng Tong and Lee Zhengming had run away first, but the rest of the rookies had only been deducted 100 points each. This was too easy for them.

"So, he's obviously afraid that once he really starts fighting, the effect of the ultimate golden core will disappear, and it won't be good to end it. After all, the duration of the ultimate golden core is very short. For him, the safest way is to scare you with his aura!" The more Meng jueguang spoke, the more likely he felt that this was the case. It was almost ninety percent true.

"So you're saying that all of us were tricked by Lin Yi? Damn, this kid is too treacherous!" After Meng Tong reacted, he couldn't help but grit his teeth in hatred.

With the situation at that time, if they weren't scared by Lin Yi, they could've completely wiped out all three of Lin Yi. If that happened, there wouldn't be so many twists and turns later on. Lin Yi might even get last place, let alone first place!

"But senior brother Meng, Lin Yi gave me the feeling that he was very confident, it didn't seem like he was pretending," Lee Zheng Ming was still a little doubtful.

Meng Tong rolled his eyes at him and sneered, "Are you stupid? since he's decided to lie to us, of course he has to pretend to be confident. Otherwise, how could he lie to us? He's a newbie at acting tough, and he's best at acting tough!"

Lee Zhengming immediately stopped talking. Other than Meng Tong, the other newbies were also convinced, but they were still mumbling in their hearts.

If Lin Yi only managed to trick one or two of them, it would be understandable, but there were twelve of them here, and there had to be a few who were more observant. If Lin Yi managed to trick all of them with just a peak golden core, wasn't his acting a little too good?

Meng jueguang looked at everyone's expressions and said, ""There's a 90% chance that Lin Yi got through with his golden core, but the ranking competition is in two days, we can't be careless. How about this, whoever goes and test the truth, I'll give him a spiritual Jade as a reward!"

Everyone looked at each other, but no one stood up.

Although they believed that Lin Yi could be pretending, what if he wasn't? what if he was a real foundational level master? if he went to test Lin Yi for a spiritual Jade, he'd be dead!

Not to mention, even if Lin Yi wasn't an early Foundation Stage master, he could still defeat Meng Tong with one move. It would be a piece of cake for him to take care of these people in a one-on-one fight. He'd just be asking for a beating!

"Meng Tong, lead the way and test the waters," Meng jueguang called out.

"Uh ..." Meng Tong backed off immediately. He was 100% sure that Lin Yi wasn't an early Foundation Stage master, but he was still afraid of getting beaten up. He rolled his eyes and immediately shirked, ""Ninth cousin, let's give this opportunity to Zhengming. He needs spiritual Jade."

"That's fine. Zhengming, you go then. " Meng jueguang waved his hand.

F * ck! Li Zhengming immediately exploded in anger. 'This bastard Meng Tong didn't dare to go, so he pushed this kind of hard work to me. He even gave me a chance to make a contribution in the name of it. F * ck, he doesn't even want his face!'

But since Meng jueguang had already said so, he didn't give him a chance to refuse. Unless he fell out with Meng jueguang and the others on the spot, he could only brace himself and accept the challenge.

In the end, Lee Zhengming gritted his teeth. For the sake of his family's vengeance, he would endure it!

In contrast to Meng jueguang's group's gloom and suspicion, Lin Yi's group was in a good mood-they even gathered for a few drinks to celebrate.

During the meal, the poor guy looked at Lin Yi, dumbfounded, after listening to Xiao ran and Qiao hongcai's description of the test. "Junior Brother Lin, you're exaggerating! You've only been in the welcoming new pavilion for less than a month, yet you've already reached the foundation building stage. If I remember correctly, not only are you the first among this batch of newcomers, but you've also broken the welcoming new pavilion's historical record!"

Although many newbies were already Sky Class full Masters the moment they entered the pavilion, going from Sky Class full master to Foundation early stage required a lot of sweat, sweat, and resources, as well as a lot of luck.

Even if some people were stuck on this for decades, if they did not have the opportunity, they would still be unable to break through the last barrier.

In the history of the welcome new pavilion, the record holder for the fastest time to Reach Foundation establishment was precisely the divine Alchemist and medical Saint, Zhang Liju, who was currently at the peak of his career. His record was forty-eight days. Lin Yi, on the other hand, was at least twenty days ahead of him!

I've already reached the foundation establishment stage before coming here! Lin Yi smiled bitterly, but didn't want to tell the truth. Compared to breaking the records of the welcome Hall, breaking a Foundation in the common world where the Qi was thin was even more shocking. If word got out, he'd probably be cut into pieces for research.

After a few perfunctory sentences, Lin Yi turned to the group seriously. "Senior brother ku, Xiao ran, and Hong Cai, please don't tell anyone about my success in building the foundation yet. After all, keeping a low profile is the best way to do it. Hiding some of my strength might be useful at a critical moment."

"But didn't you already display the strength of an early Foundation establishment stage cultivator in front of Meng Tong and the others?" The miserable senior brother and the others couldn't help but ask curiously.

Chapter 3694 Not Necessarily

Happy Mid-Autumn Festival~!

Lin Yi shook his head. "That's not necessarily the case. I've only displayed the strength of an early-stage Foundation Stage cultivator, but I've never really fought them. With Meng jueguang's suspicious personality, he'll definitely be suspicious of me after the fight."

The miserable senior brother and Xiao ran looked at each other and nodded. ""That's good. "

After all, everyone had their own style of doing things, and since Lin Yi had chosen to keep a low profile, they would naturally cooperate.

"According to the rules of previous years, new disciples usually stay in the pavilion for a year," the senior brother said. "But if they successfully reach the foundation establishment stage, they'll be allowed to enter the three pavilions as an inner sect disciple. What are your plans for the future, Junior Brother Lin?"

"What's the benefit of becoming an inner disciple early?" Lin Yi asked.

"Other than being valued by the higher-ups of the sect, the main benefit is that you can enjoy some of the benefits of being an inner disciple in advance. Other than that, there's nothing else." The senior brother explained.

"Then forget it. I'll stay in the welcoming new pavilion for a while and improve my strength first." Lin Yi said, shaking his head.

With his current status, he didn't have much need for the sect's benefits. If he chose to enter the GreenCloud Pavilion early, not only would he not be able to obtain any obvious benefits, but he would also be valued by the upper echelons and become the leader of the group. This would inevitably lead to countless troubles, so it would be better for him to first accumulate strength in the welcoming new pavilion.

After all, compared to other places, the welcome Pavilion was definitely a gentle rocking bed. There were not many quarrels, and it was just the right place to concentrate on cultivation.

Lin Yi knew very well that he wanted to go to Nakagama to find Zhang Liju. Other than getting stronger, doing anything else was a waste of time. No matter where one went, strength was King.

"Well, that's good." The miserable senior brother nodded.

Over the years in the welcome Pavilion, he had seen many outstanding newcomers who immediately became ordinary after joining the three great pavilions. This was not because they had become weak, but because the environment they were in had become stronger.

In the end, the welcome new pavilion was just a school. The three great pavilions were a truly cruel society. The strength of an early-stage foundation building cultivator was already very good in the welcome new pavilion, but in the three great pavilions, he was nothing. Lin Yi's decision to stay in the pavilion was a very wise one.

Lin Yi suddenly remembered something, and pushed the foundation pill in front of Qiao hongcai with a smile. "I don't need it anyway, so I'll give you this foundation building pill. You two have to break through as soon as possible."

Qiao hongcai blinked. Lin Yi did mention this during the test, but now that the pill was right in front of him, he still couldn't help but blush.

This was a foundation building pill that all newcomers dreamed of. Even the second generation cultivators of the rising Sky Pavilion with profound backgrounds and the powerful old men of the mysterious Pavilion would use all means and schemes in the trial to obtain this foundation building pill. Even so, most people still couldn't get it in the end.

On the other hand, he was an ordinary rookie from the grassroots. He had no background, his strength was not very strong, and he had not achieved any decent results in the trial process. Even his spiritual herbs had been snatched away by others, but he was able to receive such a gift. If word of this got out, a large number of people would die from jealousy.

And all of this was thanks to Lin Yi. If it wasn't for Lin Yi, he wouldn't even be able to get fourth place in this test, and would end up with zero points instead. He'd be forever marked as useless and never be valued by the sect.

"Then, then I won't stand on ceremony. Thank you, boss Lin Yi." Qiao hongcai stood up and walked to Lin Yi, kowtowing three times.

Lin Yi jumped and quickly helped him up, frowning. "What are you doing? You and I brothers still need this?"

The miserable senior brother and Xiao ran were also dumbfounded when they saw this scene.

In the world of cultivation, it was common to form gangs and acknowledge bosses, but as the saying went, there was gold beneath a man's knees. Any cultivator was an existence above all living beings. Other than their sect elders, they would not easily kneel to anyone. Even if Meng jueguang, a Senior Steward, wanted Meng Tong and the other newcomers to kneel to him, it was impossible. Qiao Hong's actions were beyond their expectations.

"Hehe, boss Lin Yi, don't be mad. I was just too excited and couldn't control myself." Qiao hongcai finally realized what he had done. Even he himself was a little surprised, and he couldn't help but laugh.

Lin Yi smiled, but he understood that Qiao hongcai wouldn't do something like this if he didn't really see him as a boss.

"Next time, don't kneel so involuntarily. I just gave you a Foundation establishment pill, and you scared me so much that I'm sweating!" "I thought you were going to propose to me!" Lin Yi said, laughing.

Lin Yi's joke had dissolved Qiao hongcai's awkward situation, but he didn't regret kowtowing to Lin Yi at all.

Whether it was strength, character, or generosity, Lin Yi was a rare boss-he was much more reliable than someone like Meng jueguang.

For a rookie like him with no background, being under Lin Yi was already a blessing he'd accumulated from a few lifetimes.

The four of them had a few more drinks, and Xiao ran and Qiao hongcai toasted to Lin Yi frequently. Xiao ran was an introverted person, and his gratitude towards Lin Yi wasn't any less than Qiao hongcai 's, but he wouldn't express it so obviously-he could only express it through a toast.

Lin Yi was well aware of this-both of them came from the secular world, and their temperaments were similar. He was closer to Xiao ran than Qiao hongcai, and it was easy to tell the truth after a few glasses of wine.

When they met a bosom friend, a thousand goblets of wine were few. At their level of strength, ordinary wine was no longer able to make them drunk. The four of them were in a good mood today and drank until late at night before they left.

This drinking session had unknowingly pulled the relationship between the few of them closer. They felt more like brothers to each other, and it was no longer as pure as before. At the end of the day, a relationship that was purely maintained by interests would break down sooner or later, but brothers could be together for a lifetime.

After returning to the cave, Lin Yi didn't go back to his usual training routine. Instead, he quickly pulled out the herbs he'd prepared earlier, as well as the heart-devouring exquisite grass he'd obtained from the test

Chapter 3695 Taking The Foundation Establishment Golden Core!

Today, he was going to refine a Foundation establishment golden core overnight!

The process was the same as the last time he had refined the foundation-breaking pill. After placing the herbs into Shennong's medicine cauldron, he only had to follow the instructions and input his true Qi. Although the effect of the foundation-building golden pill was better than the foundation-breaking pill, it was still a fourth-grade pill. There was no difference in the refining process.

"Please wait a moment, Jing Jing is calculating the time and temperature curve for Lin Yi bro, creating an automatic refining script ..."

"Pill refining script has been generated. According to the weight of the medicine cauldron, a set of materials have been added into the pill refining. The estimated refining time is six hours and twenty minutes. The estimated number of pills produced is one!"

As expected, there was only one! Lin Yi couldn't help but feel a little disappointed. He was hoping to get a few more pills like the last time he made the foundation breakthrough pill!

However, when he thought about it, he only had one set of materials this time. If he could successfully refine one pill, he would be very lucky. If he wanted more, he would be too greedy and would be a disgrace.

He sat down cross-legged and adjusted his condition, making sure his energy was back to its peak before channeling his art of Dragon mastery into the cauldron.

After all, he only had one set of ingredients this time. If he failed, he didn't know when he would be able to find another stalk of heart-devouring exquisite grass. So this time, even if he couldn't interfere with the changes in Shennong's medicinal cauldron, he had to at least ensure that it was within his capabilities.

The night passed by uneventfully, and Lin Yi finally let out a long breath and stood up slowly at the break of dawn.

Lin Yi couldn't help but feel glad when he saw the words on Shennong's tablet. "Congratulations, Lin Yi bro, you've made one successfully."

The foundation establishment golden pill was not comparable to others. It was considered a top-grade existence among all fourth-grade pills. One could successfully refine one with just one set of materials. Other than praising han Jingjing's genius transformation of the Shennong medicinal cauldron, the rest could only be attributed to luck.

Other than a few buzzing sounds, the whole process was extremely smooth without any accidents. If it were like the last time he made the breakthrough Foundation pill, he'd be scared out of his mind.

If he failed in refining the foundation-breaking pill, he would only waste a few sets of materials at most. However, he didn't have extra heart-devouring exquisite grass to refine the foundation-breaking golden pill this time. If he failed this time, he would really want to cry but have no tears. All the hard work and effort he had put in during the whole trial would be in vain.

Fortunately, everything went smoothly.

Opening the lid, Lin Yi quickly found the long-awaited golden pill. What was even rarer was the Golden pill's Halo.

Han Jing Jing was indeed a genius Alchemist. After she'd modified the Shennong medicine cauldron, she'd succeeded twice after coming to Sky Class Island, and every single pill she'd refined was of the highest quality with a pill Halo. If word of this got out, it'd probably make the other alchemists die of shame and anger.

According to the usual practice, if there wasn't something special like the newcomer's test, Lin Yi would have to report to the spirit Jade Hall for mining, but he didn't have to go these two days.

After all, it would be the beginning of the month in two days. It would be the first ranking competition of the entire welcoming new pavilion. In order for every new disciple to be fully prepared and fully digest the results of the trial so that they could display their best strength in the ranking competition, the welcoming new pavilion had already made an agreement with the spirit Jade Hall to allow the new disciples to be absent temporarily.

This was perfect for Lin Yi, who had just successfully made a Foundation Stage golden core. He needed time to digest this Foundation Stage golden core.

No matter how good a pill was, it would only have an effect after consuming it. Plus, the Foundation Stage golden pill wasn't the type of pill that had strong side effects, so Lin Yi didn't have to worry too much about it. He could use it as soon as he had time.

Taking a deep breath, Lin Yi slowly put the foundation-building golden pill into his mouth. He then focused and used all his Qi to digest the pill.

The Foundation Stage golden pill was extremely bitter in the mouth. Perhaps it was because of the heart-devouring exquisite grass, but after taking it, there was a burst of heart-devouring pain. If it was an ordinary person, they would probably have fainted from the pain.

Even Lin Yi, an early-stage Foundation Stage practitioner, had his Qi protecting his meridians, but this process was still extremely long and painful. If he hadn't personally refined this Foundation Stage golden core, at this time, he would probably have treated it as poison and forced it out of his body. This medicinal effect was too tormenting!

The heartache lasted for the time it took for an incense stick to burn, and Lin Yi was sweating profusely from the pain before it finally weakened. Just as Lin Yi thought he could let out a breath of relief, he felt a sudden jolt in his body.

This feeling was as if a true Qi bomb had exploded in his body. Then, he felt an endless and majestic medicinal power being released in an instant, spreading to all parts of his body, constantly transforming into extremely pure true Qi, and integrating into his veins and vessels.

Lin Yi thought that as an early Foundation Stage practitioner, his Qi was already very strong, but only now did he realize that he'd really been looking at the sky from the bottom of his heart. Because of the effect of the Foundation Stage golden core, the true Qi in his body had more than doubled in just a few breaths, and it was still rising!

No wonder they couldn't even find it in the market. Lin Yi only just realized the true value of a Foundation Stage golden core-one pill was worth decades of hard work from a normal early Foundation Stage practitioner!

Even Lin Yi himself, who had the Jade space, would need at least a few years of hard work to achieve this effect!

In comparison, the foundation-breaking pill, which was also a fourth-grade pill, did not have the terrifying effect of a single pill being equivalent to ten years of cultivation.

In the market, four hundred spirit Jade could buy a foundation building barrier-breaking pill, but a foundation building golden core was simply a priceless item. Not to mention four hundred spirit Jade, even if one was willing to pay ten times the amount, they might not be able to buy it!

After the Qi in his body exploded, Lin Yi quickly touched the barrier his bitter senior had mentioned before. He could clearly feel that the Foundation Stage golden Elixir's effects weren't fully used yet.

However, his current state was like a bottle that was filled with water. No matter how much water he poured in, it would only overflow from his mouth. The water in the bottle would not increase at all.

Chapter 3696 Breakthrough, Peak Of The Early Foundation Establishment Stage!

And if he wanted to go up a level, there was only one way, and that was to change to a bigger bottle!

Before changing to a larger bottle, no matter how much medicinal effect there was, it would only be wasted. After a long time, the extra medicinal effect would disappear without a trace.

Normally speaking, in addition to having the effect of an experience pill, the Foundation Stage golden core also had the effect of a Foundation Stage barrier-breaking pill, which was enough to break through the barrier.

However, Lin Yi had clearly realized that this Foundation Stage golden elixir had already used up too much of its medicinal power, and the remaining medicinal power wasn't enough to break through the barrier. If this continued, all the excess medicinal power would be wasted.

Lin Yi's heart skipped a beat as he took out one of the foundation breakthrough pills he made last time and put it in his mouth.

A moment later, the breakthrough Foundation pill took effect-it was much gentler compared to the heartache he'd felt before reaching the Golden core stage. Lin Yi didn't feel anything at all, and he could feel the effects.

Lin Yi didn't know where it came from, but a huge force suddenly appeared in his body, overbearing and attacking every vein. Wherever the force passed, no matter big or small, the veins swelled up. At the same time, the barrier that he had touched earlier began to melt slowly.

"He broke through the barrier just like that?" The process was so smooth that even Lin Yi himself found it hard to believe, but the Qi that was continuously rising in his body clearly showed that the barrier had indeed been broken by the strength of the breakthrough pill!

After breaking through the barrier, Lin Yi could clearly feel that the pure Qi in his body was a lot purer and richer than before. Even now, the true Qi in his body was still rising. Although it was not as strong as before, it was still rising very obviously. This was clearly the residual effect of the Foundation Stage golden core!

This process continued for the time it takes for an incense stick to burn before it finally calmed down. At this time, the amount of Qi in Lin Yi's body was a third more than when he first broke through!

After feeling the change in his body, Lin Yi let out a long breath of relief.

Fortunately, he had just taken a Foundation-building barrier-breaking pill. Otherwise, the residual medicinal effect of this Foundation-building golden core would have been completely wasted. If he had followed the normal cultivation progress, the extra one-third of the true Qi in his body at this moment was at least equivalent to the effect of a year of hard cultivation!

At this moment, the ghastly thing beside him suddenly said, ""Not bad, you've reached the peak of the early Foundation establishment stage so quickly. You're pretty awesome!"

"Senior is too kind." Lin Yi was humble on the surface, but he was actually very happy. After all, this thing was once an elder of the spirit beast clan, one of the strongest existences on the entire Sky Class Island. It was very rare for him to praise someone with his knowledge!

Unexpectedly, the ghostly thing turned around and said disdainfully, ""What are you happy about? your insignificant strength is not even enough to look at the northern part of the island. You don't even have the qualifications to come to our place. What's there to be proud of ..."

The ghost didn't say anything after that, leaving Lin Yi alone with a bitter smile on his face. This was too much of a blow ...

But he could understand this damned thing's efforts. It was just as the other party said-the peak of the early Foundation Stage was stronger than the early Foundation Stage, but it was still just the beginning of the Sky Class Island. There was nothing to be proud of-there was still a long way to go.

However, as a newly advanced expert at the peak of the early Foundation Stage, he might not be enough to look at in other places, but at least in this small welcoming new pavilion, he was already more than enough.

This meant that Lin Yi's strength was now on par with a Senior Manager like Meng jueguang. Even if they had any conflicts in the future, they wouldn't have to be afraid of each other's strength. And with Lin Yi's invincibility, it wouldn't be hard to kill Meng jueguang if he had the chance!

Of course, this didn't mean that breaking through to the peak of the early Foundation Stage was enough for him to be at ease. In order to unleash all of his strength, Lin Yi not only needed time to consolidate his strength, but he also needed to practice the raging fire Bagua Palm.

Compared to before, even if Lin Yi used the twenty-first style of the flaming Eight Trigram palm now, he wouldn't use up all his Qi. In fact, with his current condition, he could use two of the twenty-first styles. More importantly, he could finally go one step further and try to use the 22 styles of the wild fire Eight Trigrams palm!

The twenty-first style of the flaming Eight Trigrams palm was enough to kill an early Foundation Stage practitioner-if it were the more powerful twenty-two styles, Lin Yi was confident that he could kill a peak early Foundation Stage practitioner of the same level in one hit!

He continued to cultivate in the Jade space for a while, and when he walked out of the cave, the sky was already dark. However, he didn't want to go out this time. Instead, he felt that someone was touching the restriction of his cave abode.

"It's you? What's the matter?" Lin Yi was surprised to see Li Zhengming at the door.

Li Zheng Ming's expression was slightly conflicted. After stammering for a while, he seemed to have made up his mind and said, "Brother Lin Yi, I heard that the reward for the first place is a high quality spiritual Jade. I wonder if I can exchange one with you?"

"You want to exchange spirit Jade with me?" Lin Yi finally understood Li Zhengming's intention and laughed to himself. Meng Jueguang and his gang were really impatient. They sent Li Zhengming to make the first move as soon as Lin Yi got the ten pieces of spiritual Jade.

"That's right. Aside from assisting in daily cultivation, high-grade spiritual Jade also has certain benefits for Foundation establishment, so I'd like to save a few. You're already at the early Foundation Stage, so you probably don't need this anymore, right?" Li Zhengming stared at Lin Yi's expression.

The main purpose of his visit this time, of course, wasn't to exchange the spirit Jade-it was just an excuse Meng jueguang had arranged for him to get close to Lin Yi. Otherwise, Lin Yi would just hide in the cave all day long, and he wouldn't be able to test him even if he wanted to.

Lin Yi's expression changed a little as he pretended to hesitate, "That's true, but even for an early Foundation Stage expert, high-grade Jade is still very rare ..."

"We can discuss the price. Three for one like last time is fine too," Lee Zheng Ming quickly said.

"That's more like it. Have you brought your spiritual Jade? let's exchange it in my cave abode!" Lin Yi nodded immediately. He was still thinking about the star inkstone from the Hong Chamber of Commerce, and since someone offered to give him a spirit Jade, he was more than happy to do so.

Chapter 3697 Sneak Attack

"Alright," he said. Li Zhengming nodded. As he followed Lin Yi into the cave, he suddenly asked,"Lin Yi bro, I don't think you need that Foundation pill anymore, can you sell it to me?"

"Oh? You still want to buy foundation building pills?" Lin Yi stopped and turned to him."Do you have that many spiritual jades? The price of a foundation building pill isn't low!"

Lin Yi wasn't lying to li Zhengming-the price of a Foundation elixir wasn't low at all. The market price wasn't as ridiculous as the four hundred spirit Jade price tag for the foundation breaking elixir, but even the lowest price would be at least a hundred spirit Jade. Logically speaking, a normal newbie like li Zhengming wouldn't be able to afford it.

Li Zhengming stared at every change in Lin Yi's expression and gritted his teeth, "I can think of a way,"

Could it be that he wanted to get Meng jueguang to get a pile of useless Jade to trick him? Lin Yi chuckled to himself and shook his head, "I'm sorry, but I've already given that foundation building pill away. "

"You gave it away?" Lee Zhengming was obviously taken aback. The foundation building elixir was such a precious item, and he was actually giving it away so casually?

Even if he couldn't use it, he could still exchange it for a large amount of spiritual Jade in the market. How could he give such a thing away?

Could it be that this guy's performance during the trial was really just a Bluff? Could it be that Meng jueguang's words were true? he was not an early Foundation establishment expert at all. Using such an excuse to brush him off, he probably wanted to keep it for himself!

The foundation pill was only useful for Sky Class full Masters-it was perfectly normal for Li Zhengming to think that way. Plus, he'd been observing Lin Yi's expression the whole time.

Putting all the signs together, he was eighty percent sure that Lin Yi hadn't reached Foundation yet!

But he couldn't just leave like that, because Meng jueguang's request was for him to see Lin Yi in action with his own eyes no matter what. Otherwise, all his other judgments wouldn't be reliable!

"Not bad, it's a gift." Lin Yi didn't want to go into the details-it'd only bring trouble to Qiao hongcai if he said it was for him.

The more Lin Yi explained, the more certain li Zhengming was that Lin Yi was keeping it for his own use. Why else would he be so quiet about it?

"Alright then, Lin Yi bro, take out the spiritual Jade and we'll trade." Lee Zheng Ming immediately urged.

Lin Yi nodded and blocked li Zhengming's line of sight. He turned around and took out a spiritual Jade from the space in the jade pendant, pretending to take it out from his chest. However, just as he was about to turn around and Exchange with li Zhengming, a cold force suddenly attacked him from behind!

He had seen this cold energy during the trial, it was Lee Zheng Ming's sky frost fist!

So that was how it was! Lin Yi finally understood-this guy was only trying to get the spirit Jade on purpose, he was just waiting for a chance to ambush him!

Lin Yi's lips curled up helplessly. No wonder the bastard said that to hurt him. It seemed like he was a little too full of himself after breaking through today. How could he not notice li Zhengming's little scheme under normal circumstances?

Lin Yi was alert, but he also found it a little funny. This li Zhengming was only a Sky Class full master, and he dared to sneak into the cave to attack him? where did he get this courage from?

Even before Lin Yi broke through to the peak of the early Foundation Stage, li Zhengming wouldn't be able to ambush him so easily, let alone now.

At this moment, li Zhengming was only two steps away from Lin Yi, and Lin Yi was facing him with his back. If it was a master of the same level, this would be a fatal sneak attack, and it would be almost impossible to Dodge. Unfortunately, Lin Yi wasn't a Sky Class full master, but a peak of early Foundation Stage, two levels higher!

Against a peak of the early Foundation Stage, even a hundred Sky Class Masters wouldn't be able to succeed in their sneak attack-this was an absolute level suppression, there was no chance of success.

Even the Lin Yi from back then couldn't fight someone so many levels above him!

Li Zhengming's feet moved slightly, and before his heavenly frost Qi could even touch Lin Yi, the person in front of him had already turned into an afterimage. In the next moment, Lin Yi suddenly appeared behind him and said in an unpredictable tone, "What's the meaning of this?"

Li Zhengming was taken aback, and before he could react, Lin Yi's foot had already pinned him against the wall, causing the entire cave to shake.

Lin Yi didn't use any martial arts in this kick. Under the huge level suppression, even if he only relied on speed and strength, it was far enough to completely crush li Zhengming!

Pfft! Li Zhengming spat out a mouthful of blood as he looked at the mysterious Lin Yi in front of him. His heart sank to the bottom as he couldn't help but curse in his heart, This guy was not a F * cking early Foundation establishment expert. His aura was clearly on the same level as Meng jueguang 's. This guy was a true peak early Foundation establishment expert!

When he thought about how he had just ambushed a master at the peak of the early stage of the foundation building realm, Lee Zheng Ming felt dizzy. This was like a three-year-old kid challenging a heavyweight champion. Even if he wanted to die, this was not the way to do it. This time, he was really killed by Meng jueguang and his gang of bastards!

Looking at li Zhengming's shocked face, Lin Yi couldn't help but think that he had miscalculated.

He originally wanted to hide his strength and pretend to be Sky Class full master, but because he just broke through, he couldn't control every inch of his strength perfectly. When he was ambushed just now, he instinctively revealed his peak early Foundation Stage strength!

Although he did not use any powerful martial arts because he did not want to kill anyone in his cave abode, with Lee Zheng Ming's eyesight, even if it was just a simple punch and kick, it was enough for him to judge his strength.

Lin Yi couldn't help but frown as he looked at the nervous li Zhengming. A thought flashed through his mind. Should he ... Kill him?

It was troublesome to kill someone in his own cave, but li Zhengming had launched a sneak attack first. Even if Lin Yi killed him on the spot, no one would be able to say anything.

According to the rules of the cultivation world, no matter what the reason was, trespassing into another person's cave was already an unforgivable crime. Even if it was exposed, Meng jueguang and the others behind the scenes would have to suffer in silence.

However, as soon as Lin Yi thought about it, Li Zhengming immediately sensed the danger and danger. His eyes were filled with fear and struggle. After all, from his perspective, it was a real threat of death.

Chapter 3698 Lee Zhengming Seeking Refuge

With the difference in strength, if Lin Yi decided to kill him, he wouldn't even have the chance to escape the cave and call for help!

Damn it, how could he die here so inexplicably! Lee Zheng Ming's eyes flickered, and blood was flowing out of the corner of his mouth. He looked extremely miserable.

As a grassroots newcomer with no background, he had quickly sought refuge with Meng Jue Guang after joining the Welcome Pavilion. This was an inevitable choice. Although he didn't think highly of Meng jueguang's character, at least in front of the new disciples of the GreenCloud Pavilion, he was the thickest and most practical support.

In order to achieve the goal that had been suppressed in his heart for a long time, he had to improve his strength as soon as possible, and in order to do this, he needed a large amount of cultivation resources. As a newcomer to the GreenCloud Pavilion, he had no other choice but to rely on the powerful Senior Steward, Meng jueguang.

In fact, this was indeed the case. After Li Zhengming decided to join Meng jueguang, he had indeed tasted a lot of benefits. Whether it was the number two cave at the foot of the mountain or the fact that he was assigned to the number seven Kuangqu, all of these benefits were envied by the other new disciples of the GreenCloud Pavilion.

However, what surprised him and all the other new disciples was that everything that seemed so beautiful would always develop in an unexpected direction after meeting Lin Yi. To be more precise, it didn't make any sense.

Now, Li Zhengming finally understood the root of this unscientific phenomenon. As a newbie who had only been in the pavilion for a month, Lin Yi was already at the peak of the early Foundation Stage! He was on the same level as a Senior Manager like Meng Jueguang! It would be a miracle if this thing could be scientifically proven!

There was no such thing as a free lunch in the world. There were benefits to being an underling, but there were also difficulties to being an underling. As Meng Jueguang's loyal minion, Lee Zhengming would naturally become the first cannon fodder in times of crisis. This was something that could not be pushed away.

Since he was cannon fodder, he had to have the awareness of cannon fodder. He had been lucky the first time or two, but he couldn't be so lucky every time. Just like now, Lee Zheng Ming knew very well that he had kicked an iron plate. If he did not make a decision now, he might die Here!

This time, Meng Jueguang and Meng Tong had really done him in!

Lin Yi looked down coldly at Li Zhengming, his face expressionless, "Since you dare to attack me, I believe you should have some understanding, right? I can tell that you're not on the same side as Meng Jueguang and his gang of idiots, but it's a pity that you'll have to pay the price for your mistakes. "

When he heard this, Lee Zheng Ming's heart trembled, because he could clearly feel the killing intent from the other party getting stronger. A thought in his mind made his hair stand on end. Lin Yi was serious, he really wanted to kill her!

Seeing that Lin Yi was about to make a move, Li Zhengming kneeled down first and quickly said, "Boss Lin Yi, please spare me! I was forced to do this. Meng Jueguang and the others forced me to test you!"

Lin Yi couldn't help but raise his eyebrows in surprise.

In his previous impression, Lee Zhengming was not a spineless guy. If it was Meng Tong who did this, he would have accepted it more easily. After all, that guy was obviously a bully who feared the strong. However, this Lee Zhengming did not seem like it before.

"I know you were sent by them to test me. As for whether you were forced to or not, that's not a reason for me to spare your life. Do you understand?" Lin Yi looked at him without a change in his expression, the killing intent still in his eyes.

"I understand! Boss Lin Yi, don't worry, I won't say a word about you!" Lee Zheng Ming quickly nodded.

The reason why Lin Yi wanted to kill him now was simple—he knew too much! Not only did they know that Lin Yi had successfully broken through to the Foundation Stage, they even knew that Lin Yi was at the peak of the early Foundation Stage. This was obviously a huge hidden danger for Lin Yi, who wanted to keep a low profile!

Not to mention, he was Meng Jueguang's underling. Once this information fell into Meng Jueguang's hands, not only would Lin Yi's plan of pretending to be a pig to eat the Tiger fail, it would also bring a lot of unexpected trouble!

After all, he was a newbie who'd only been in the pavilion for less than a month, and yet he'd jumped two levels to the peak of the early Foundation Stage-if word got out, it'd cause a huge commotion, and the situation would be out of his control.

Lin Yi laughed coldly, his tone unpredictable."You should have heard that only the dead will not reveal secrets."

"This ..." Li Zhengming's heart sank. Lin Yi was really determined to kill him!

Lin Yi's killing intent was getting stronger and stronger, and he might attack at any moment. He was only a Sky Class full master, and he had no way to fight back against Lin Yi, who was at the peak of the early Foundation Stage.

Once Lin Yi made a move, there would only be one outcome for him-death.

I can't accept this! He had suffered for more than ten years and entered the welcome Pavilion with great difficulty. He had finally found a glimmer of hope for revenge. How could he die Here for no reason at the hands of someone who had nothing to do with him?

Bang Bang Bang! Li Zhengming suddenly kowtowed three times in front of Lin Yi, his head full of blood.

Lin Yi's eyes twitched-why was everyone kowtowing to him these past two days? Qiao Hong was like this before, and now li Zhengming was doing the same thing again!

"Boss Lin Yi, I know you don't trust me, but I still have things I need to do, so I really can't die Here. No matter what, please believe me this once! I was forced to join Meng jueguang's side because I had no other choice. I really didn't want to act as a villain!" Lee Zheng Min said sincerely with a head full of blood.

"Something I have to do?" Lin Yi sized up Li Zhengming with his eyes. His words were sincere, and it didn't sound fake.

From his few interactions with Lee Zhengming, this guy was indeed a little weird. When he was sent to trick him, he even deliberately gave a lot of hints. This showed that at least in his heart, he did not really mean to trick him. He had only done this because he had submitted to Meng jueguang and had no other choice.

However, Lin Yi wasn't someone who trusted people easily. No matter how much Li Zhengming had his own difficulties and helplessness, it was a fact that he had followed Meng jueguang's orders to attack Lin Yi. Lin Yi had never truly trusted his enemies.

Chapter 3699 A Bizarre Life Experience

Li Zhengming knew that if he hesitated for even a second, he would be killed in one move. He had to tell Lin Yi everything he knew before Lin Yi made his move, so he might have a chance to survive.

"That's right-boss Lin Yi, you're from the common world, so you probably don't know much about the Sky Class Island. Have you heard of the qiushui villa massacre from sixteen years ago?" Li Zhengming stared at Lin Yi's expression.

"You mean the qiushui villa in the qiushui town on the North Island?" Lin Yi asked, his expression changing. I've heard of it. "

He'd talked a lot about the local customs of Sky Class Island when he'd been chatting with the guy, and the one that left the deepest impression was the case of the qiushui villa massacre he'd heard the guy talk about two days ago when they were drinking!

This had happened sixteen years ago. At the time, autumn Water Town was one of the few large towns on the island, and the most powerful of them all was the mound Hill Manor. It was said that at its peak, even the upper echelons of the three pavilions had to personally appear to prepare gifts for the old man's birthday.

At that time, aside from the three pavilions, qiushui villa was undoubtedly one of the most powerful families on the entire North Island. However, such a behemoth in the eyes of countless people had collapsed overnight at its most glorious time.

There were more than 1500 people in qiushui Manor, from the head of the family to the servants. All of them were killed, leaving no one alive. The luxurious Manor that occupied hundreds of acres was also burned down in one night. And this was the legendary case of the qiushui Mountain Villa.

After the incident, the three pavilions were shocked. In order to investigate the truth and arrest the murderer, they even sent out the top lineup of the law enforcement Hall. However, after investigating for several months, they found nothing in the end and left it unsettled.

No one knew who the true murderer was, and no one knew why he had exterminated the entire qiushui Manor in a single night. As time passed, people would often bring up this shocking tragedy as a topic of conversation over tea and meals, but that was all.

Li Zhengming's eyes were burning as he looked at Lin Yi. "My original name wasn't Li Zhengming, it was just a fake name. My real name was Qiu Jiming, and my father was Qiu Zhengtang, the head of the Qiushui Mountain clan. I'm the only survivor of the one thousand five hundred and forty-one people of Qiushui Manor. Therefore, the only meaning of my life is to seek revenge. Before that, I can not die!"

Lin Yi was stunned. He didn't think that Li Zhengming would carry such a deep hatred. No wonder he felt heavy when he saw this man. He thought that it was because of the man's schemes, but he didn't expect that the cause of all this was the death of 1540 people.

"I understand. I sympathize with your tragic experience, but that's all." Lin Yi nodded, but the killing intent in his eyes didn't decrease.

The reason was simple—no matter how many blood debts Li Zhengming had to bear, what did it have to do with Lin Yi? Could it be that he couldn't bear to let him off just because he had yet to take revenge?

He'd fought his way up from the common world, and he'd seen a lot of evil in people's hearts—he wouldn't be soft-hearted so easily.

In the world of cultivation, where the strong preyed on the weak, when one's life was already in the hands of others, it was obviously impossible to win sympathy alone if one wanted to live. At the very least, one had to show the value of their life. It was an obvious truth that Li Zhengming and Lin Yi understood.

"Boss Lin Yi, I'm not telling you this to gain sympathy, I'm just telling you the reason why I must live."

Lee Zheng Ming's expression returned to normal, and he paused for a moment before he said,""If you let me live today, I can serve you from now on, go through fire and water for you, and even spy on Meng jueguang and his men. This is the biggest bargaining chip I can think of-if you still don't believe me, boss Lin Yi, then I have nothing else to say. "

"You're going to be My Spy?" Lin Yi raised an eyebrow and pinched his chin."I can consider that."

According to his plan, even if he was already at the peak of the early Foundation Stage, he would still have to stay in the Ying Xin Pavilion for a period of time to cultivate and improve his strength. At present, his biggest problem in the Ying Xin Pavilion was Meng jueguang and his gang.

With his current strength, Meng jueguang wouldn't be able to do anything to him, but it'd still be troublesome for him if he thought of a bunch of dirty tricks.

However, if he could plant a spy in this group, everything would be different. Any so-called dirty trick, once seen through in advance, would inevitably be greatly reduced in effect. If used well, it could even have the opposite effect and gain benefits from it.

Li Zhengming's suggestion scratched Lin Yi's itch.

Looking at Meng jueguang's group, it was obvious that Meng Tong, who was a direct descendant, could not be bribed or controlled. The other newcomers were too marginalized, and they might not be able to understand Meng jueguang's plans. In comparison, Lee Zhengming was the most suitable candidate for the inside man.

Li Zhengming was overjoyed when he saw Lin Yi's interest. He quickly struck while the iron was hot, "It's easy to Dodge a spear in the open but hard to defend against an arrow in the dark. Boss Lin Yi, you're strong and you don't need to fear any of them on the surface, but what if Meng jueguang tries to play dirty? After all, as the senior Steward, he has much more information than you and I. If he doesn't know in advance, he may be able to avoid it once or twice, but there will always be a time when he is careless, right?"

"You're right, but why should I believe you?" Lin Yi said with a glare. If you can betray Meng jueguang, then you can also betray me, right?"

Li Zhengming had already expected Lin Yi to have this concern. He took out a Jade token and handed it to Lin Yi, "This is my qiushui Manor's identity token, and my personal information is carved on it. Other than the deceased jade carving master of qiushui Manor, no one else in the world can make a copy of it. This is my biggest secret. Once this identity card is exposed, I'll definitely die without a burial place. "

Lin Yi took the identity card and looked at it carefully. It was made of high-quality spiritual Jade, and not only was it carved into the shape of a villa, but there were also dozens of small words carved inside. It was a set of birth characters, and Li Zhengming's original name was carved on it, Qiu Jiming.

Such a skill was really amazing. Lee Zheng Ming was not lying when he said that no one in the world could imitate it.

Chapter 3700 Acceptance

"This identity token can only prove that you're a survivor of the qiushui Manor at most. Why would you die without a burial place if it's exposed?" Lin Yi asked, confused.

"Boss Lin Yi, you should know that this case shocked the entire Hall of Justice back then, but it ended up with nothing, right? it's such a big case, do you really think that the Hall of Justice wouldn't be able to find out who's behind it with their capabilities?"

"Continue." Lin Yi said without changing his expression.

When he had heard his miserable senior brother's story, he had the same doubts. It was impossible for the entire Qiushui Manor's one thousand five hundred and forty people to be exterminated without leaving any clues. If the law enforcement Hall really wanted to investigate, it should not be difficult to find the real murderer.

However, after a few months of investigation, there was no conclusion. Such an outcome was really thought-provoking.

"It's not that they can't continue the investigation, but that they don't dare to. The biggest mastermind is the top boss of the Council of Elders of the three pavilions!"

Li Zhengming clenched his teeth and looked at Lin Yi, "Boss Lin Yi, you're also wondering why I'm using a fake name, right? The reason is very simple, because the biggest mastermind is surnamed Li. I need to use this fake name to constantly remind myself that I'm carrying the blood feud of 1540 people!"

Lin Yi finally understood. If that was the case, Li Zhengming's identity card would be exposed, and he would die without a burial place. The big boss of the elder Council with the surname Li would never allow Li Zhengming to escape the net.

In other words, if all this was true, Li Zhengming handing over the tag meant that he was putting his life in Lin Yi's hands. If he had any other thoughts, Lin Yi could kill him at any time, even if Meng Jueguang and the others protected him.

"Alright, I believe you." Lin Yi finally nodded. It would be a bit too much if he didn't do anything after Li Zhengming's words, unless he didn't want Li Zhengming as a spy from the beginning.

However, the reality was that he needed Lee Zheng Ming to be his spy, and Lee Zheng Ming had also shown enough sincerity. Now that things had developed to this point, the two of them naturally hit it off.

Li Zhengming couldn't help but be overjoyed, but before he could feel the joy of surviving a disaster, Lin Yi threw the identity card back to him, his heart trembling, "Boss Lin Yi, what's the meaning of this?"

Lin Yi smiled, nonchalant. "Since I've already believed that you're sincere in joining me, I don't need this cumbersome material. After all, if you're determined to betray me in the future, then there's no point in me holding onto this identity card."

This was the truth. Although this identity card was a fatal threat to Lee Zheng Ming, if he really wanted to find a way, it was still possible to get rid of the restriction of this identity card.

But even so, Lin Yi's action still made Li Zhengming feel flattered and quickly expressed his loyalty, "Thank you for boss Lin Yi's trust. I, Li Zhengming, swear to the heavens that no matter what happens in the future, I won't have any disloyal thoughts. If I break my oath, may the heavens and earth destroy me!"

"Hehe ... I don't believe in oaths, I only believe in my own strength. I'll say the ugly things first, if you have any disloyal thoughts in the future, I'll take your life as easily as turning my hand over. At that time, no one will be able to save you, do you understand?" As he spoke, Lin Yi's aura as a peak-level early Foundation Stage practitioner was released, causing the entire cave to tremble.

"I understand." Lee Zheng Ming quickly kneeled on the ground.

"Alright, you can get up." Lin Yi nodded faintly.

"Yes." Li Zhengming quickly got up. He was injured, but Lin Yi didn't use any martial arts when he hit him, so he was still able to stand.

Lin Yi pondered for a while before ordering, "When you return, report to Meng jueguang that I am now in the early Foundation establishment stage. Do you understand what I mean?"

Li Zhengming blinked as he quickly understood what Lin Yi was trying to say. He nodded, "I understand."

If he went back and reported to Meng jueguang that Lin Yi was still Sky Class full phase, he'd be exposed in the ranking competition, although it'd be the best way to hide his strength in the short term.

It was better to reveal Lin Yi's strength to Meng jueguang first-this way, he wouldn't reveal Lin Yi's trump card, and he'd be able to gain people's trust. This way, he'd be able to last long as a spy.

"Then ... Boss Lin Yi, I'll be leaving first." Li Zhengming said as he looked at Lin Yi. He'd been in the cave for a while now, and it'd be suspicious if he stayed here for too long.

"Wait a moment." Lin Yi suddenly stopped him and passed him a piece of spiritual Jade. "Didn't you say you wanted to exchange it for spirit Jade? After all, this is the reason you came in. If you return empty-handed, Meng jueguang and the others will definitely question you, right?"

"This ..." Lee Zheng Ming could not help but be a little stunned. He hesitated for a long time before he stammered, ""Boss Lin Yi, there's something I have to tell you. You have to be mentally prepared. You have to hold on."

Lin Yi knew what he was going to say with one look at his face. He couldn't help but laugh, "Alright, if you have something to say, just say it."

"T-then, didn't a lot of people come to you to exchange for spiritual Jade? actually, it was Meng jueguang who gave us a pile of useless Jade and asked us to use the useless Jade to cheat you of your good Jade. In other words, you used more than ten good jades to exchange for a pile of worthless useless Jade. You were tricked by Meng jueguang ..." Lee Zhengming said with an embarrassed look.

In fact, he had always been puzzled about this matter.

As far as he was concerned, with Lin Yi's shrewdness, there was no way he couldn't even tell the difference between good Jade and useless Jade, getting tricked again and again by these people with the same excuse. Even when he intentionally revealed a few flaws before, Lin Yi didn't react at all!

"I know," Lin Yi chuckled, "I knew it was a scam from the start."

"Ha? "Then why did you ..." Lee Zhengming was dumbfounded. Who would still cooperate with the scam even though they knew it was a scam?

Lin Yi smiled faintly, "I collect useless jades for a special purpose. In comparison, I don't really rely on good jades, so I'm happy to cooperate with you. I can't wait for you to give me more useless jades!"

"So that's how it is! No wonder I kept feeling that something was wrong!" Lee Zheng Ming finally understood and heaved a sigh of relief, "I knew that with boss Lin Yi's intelligence, how could he not see through such a simple scam! Then I'll encourage Meng jueguang to exchange Jade with you more often in the future!"
