

## Bodyguard 3781

### Chapter 3781 No Tears

"You ..." Cha Wu's eyes suddenly opened wide. However, he only managed to say one word before he was greeted by an incomparably hot fist, wild fire Fist 20 forms.

BOOM! Cha Wu couldn't resist at all and was sent flying off the stage, leaving a human-shaped pit in the ground. He struggled for a long time but couldn't get up and could only fall to the ground, spitting out blood.

Lin Yi didn't kill him, but for a newbie like him, the 20th style of the wild fire Fist was already an unstoppable force. Plus, he was caught off guard, and it was already a miracle that he was still alive. The injury wasn't light, and it wouldn't heal in a few days.

"You're noisy. " Lin Yi glanced indifferently at the battered Cha Wu and walked off the stage under the respectful gazes of the other newbies.

At that moment, everyone was still confused about Lin Yi's motive for attacking, but they were also shocked. Many of the opportunists who had the same thoughts as Cha Wu looked at each other in fear.

Although Cha Wu was publicly known to be the weakest of the weakest, he was still a Sky Class full master no matter what-and yet he was beaten up like this by just one normal 20 forms. Other than the ridiculous difference in strength, Lin Yi was a little too cruel!

If killing someone would not cause any negative effects, with this guy's overbearing power, he might even be able to kill Cha Wu on the spot in one move!

However, what made the newbies let out a sigh of relief was that Lin Yi wasn't so cruel as to kill people without restraint.

Although the challenge didn't avoid casualties, killing people when there was a huge gap in strength and it was unnecessary would more or less cause a bad reputation. It would then affect the future development of the three pavilions. It was not worth it.

"GreenCloud Pavilion's newcomer challenge, round one, round two, Lin Yi wins!" The referee finally gave the final verdict for the duel.

Lin Yi smiled faintly. He didn't really care about the points, but he had four points now. His total was 124 points, and it felt pretty good.

Especially when he punched away a self-righteous idiot like Cha Wu just now, this feeling was really great!

"Junior Brother Lin, I'm surprised by your decision. I didn't expect you to do this." The bitter-faced senior brother and the others greeted him with a smile.

"Indeed, I didn't expect this either." Xiao ran nodded in agreement.

With him as a precedent, it wasn't hard for Lin Yi to make the decision to retreat for the sake of advancing, but they didn't expect Lin Yi to ignore it at all and take care of the cheapskate in one move. The result was really out of their expectations.

However, Qiao hongcai said proudly, ""I'm not surprised at all-our boss Lin Yi is a hero, and a weakling like him dares to stroke the Tiger's whiskers? he thinks that by holding cave number twelve, our boss Lin Yi will pay attention to him for sure, he's really reckless! This kind of clown should be ruthlessly taught a lesson and let him know why flowers are so red!"

Lin Yi and the others couldn't help but smile at each other-this guy was just as stubborn as ever.

With that, Qiao Hong suddenly paused and looked at the still-groaning Cha Wu on the ground, his eyes turning.

Then, before Lin Yi and the others could say anything, Qiao Hong walked up to the stage and said, ""Cave number thirteen, Qiao hongcai, challenges cave number twelve, Cha Wu!"

As soon as these words were spoken, the entire place went into an uproar. Cha Wu, who had just suffered a great loss, was immediately dumbfounded when he heard these words.

By the time he reacted, Cha Wu only felt his vision go black and he almost died on the ground.

F \* ck! Don't you have any F \* cking sense of shame? didn't you see how badly your boss just beat me up? at this time, you still want to jump out and hit me when I'm down. Do you have any F \* cking humanity left?

However, no matter how miserable and helpless he was, the rules of the challenge match were as such. As long as he had never been challenged before, he could not refuse the first time he was challenged.

So no matter how much he wanted to cry, no tears would come out, and no matter how much he wanted to lose his exam, Cha Wu could only brace himself and go up the stage when faced with Qiao hongcai's face to face challenge. He couldn't escape even if he wanted to.

The other rookies were now looking at him with gazes of schadenfreude and some sympathy. Although everyone had bad intentions, who asked that idiot Cha Wu to jump out so impatiently to put on a show?

Now, not only was he seriously injured because he failed to put on a show, but he also had to face Qiao hongcai's inhumane attacks. He really deserved it!

After waiting for Cha Wu to drag his injured feet and slowly walk up the stage to stand still, the profound secrets Pavilion's judge immediately announced, "GreenCloud Pavilion Rookie Challenge Round one, third match, cave number thirteen at the foot of the mountain, Qiao hongcai challenges cave number twelve, Cha Wu. It begins now!"

Qiao Hong Cai didn't attack immediately. Instead, he looked at Cha Wu and sneered, "Weakling, since you're challenging our boss Lin Yi, you should understand the logic of retreating to advance, right? Of course, if you don't understand, then I can only reluctantly help you. "

Because of his serious injuries, Cha Wu's face was already deathly pale. After hearing Qiao Hong Cai's words, his face instantly turned red. This wasn't because his injuries were getting better, this was purely due to his anger!

What was present karma? this was present karma, and it was taking your life while you were sick, and paying you back even when you were dead!

Putting aside the fact that he was not as strong as Qiao hongcai to begin with, with Cha Wu's current miserable state, if he were to fight someone, he would probably be dead before he even had a chance to fight. Playing with his life wasn't the right way to play.

However, if he were to admit defeat just like that, it would make his heart ache.

He'd only gotten eleven points in the two rounds before, and he'd already lost four points from cave fourteen when he challenged Lin Yi. If he admitted defeat again, he'd lose four points from the eleven.

If that was all there was to it, it would not be a big deal. After all, he was already in the last place, so it would not matter how many points he had in the end. However, the problem was that he still had Meng Tong, Xiao ran, and other strong people behind him. He might even lose more points in the next few rounds.

One three points, one two points, that was absolutely not a small amount. In this way, his pitiful points would be deducted completely. When the time came for the spiritual medicine trial segment to deduct a few points, it might directly become a negative number. That would be a big joke!

Even if the person ranked last didn't care about how many points he had, if his points became negative, then it would naturally be the same as blocking the path of the GreenCloud Pavilion. Even if he managed to Reach Foundation establishment in the future, the GreenCloud Pavilion wouldn't be willing to accept him anymore. That would really be a scam! #### Chapter 3782 What A Tragedy

If he didn't challenge Lin Yi, he would still have fifteen points in martial arts. Even if he was beaten by Meng Tong and Xiao ran, it wouldn't be a problem. At least, it would be a positive point. But now, it was impossible for him to get a positive point. He might even get a negative point.

At this moment, Cha Wu really wanted to slap his own mouth-what the f \* ck was he doing, challenging Lin Yi for no reason? he'd screwed himself over!

It's a pity that things have come to this point. Not to mention slapping himself, even a 360-degree fancy beating is useless. There are only two choices left for Cha Wu. He can either admit defeat or be beaten to death.

Qiao hongcai couldn't be blamed for being beaten to death if he still insisted on fighting, even though he was already seriously injured. This disabled person who would die if he touched him was trying to extort him, so there was nothing he could do. He couldn't take the initiative to give in, could he? he could only hit him hard!

Seeing Qiao hongcai's fierce and brutal manner as if he was ready to kill him, Cha Wu immediately felt guilty and hurriedly said, ""I admit defeat! I admit defeat!"

Compared to directly losing his life, it was more worthwhile to admit defeat and lose some points. Even if he might lose negative points later, at least he would have a chance to struggle. It was better than dying here.

Qiao hongcai suddenly laughed and gave him a thumbs up, sneering, ""You really know how to retreat in order to advance. I'm impressed!"

Cha Wu was so angry that his face turned into a pig's liver. However, the situation was more powerful than the person so he couldn't even let out a fart. He could only limp off the stage dejectedly. What welcomed him was the other rookies "unbridled laughter. His heart instantly turned to dead ash.

After today's events, he'd offended both Lin Yi and Meng jueguang-he'd obviously messed up Meng jueguang's plans with this opening, and the other newbies wouldn't have to worry about him anymore. They could even take the chance to kill him.

Originally, he was already a weakling at the bottom of both his strength and ranking. Now, he was not falling behind on either side. Cha Wu could already predict what would happen to him next.

Putting aside whether or not he would be able to enter the GreenCloud Pavilion in the future, what he needed to consider now was whether or not he could survive the next challenge!

Right now, Cha Wu's intestines have already turned green with regret. F \* ck, this kind of thing like speculations really kills people!

Unfortunately, there was no medicine for regret in this world. Not to mention how regretful Cha Wu was, Qiao hongcai was in a very good mood after he left the arena.

"That's right. I didn't expect that you, Hong Cai, who looks hot-blooded and rash, would actually be so meticulous in embroidery!" Lin Yi nodded with a faint smile.

The miserable senior brother and Xiao ran only realized the trick after hearing Lin Yi's words, and they both gave him a thumbs up.

To be honest, neither of them had thought that there would be such a trick, but Qiao hongcai, this hotheaded guy, had seen through the opportunity. You really can't judge a book by its cover, and you can't measure the sea with your hands.

Qiao hongcai chuckled, "even a weakling knows that. How could I not? boss Lin Yi, don't look down on me!"

With his identity as the owner of cave number thirteen at the foot of the mountain, challenging Cha Wu of cave number twelve at the foot of the mountain wasn't just adding insult to injury, it was a real stroke of genius!

First of all, Lin Yi had already heavily injured Cha Wu, and Qiao Hong was able to follow up with the finishing blow. He didn't need to use any pure energy, and he had four points in his hands-he was able to vent his anger on this clown.

The most important thing was that he replaced Cha Wu as the owner of cave number 12 at the foot of the mountain. This was the truly wonderful finishing point that made people clap their hands and exclaim in admiration!

Don't forget that Meng Tong had just shouted in public that he would challenge Qiao hongcai in the next round.

Originally, Qiao hongcai was in cave No. 13 at the foot of the mountain, blocking Meng Tong's way. It was reasonable for Meng Tong to be so arrogant. However, with this incident, Cha Wu was between him and Qiao hongcai. This made things a little awkward for Meng Tong.

If he followed the agreement and challenged Qiao Hong Cai, then he would have to skip Cha Wu in the middle, which was equivalent to giving up the 3 points Cha Wu had.

Three points weren't a lot, but this was a crucial time for him to catch up and overtake Lin Yi. He'd really be in deep trouble if he lost three points to Lin Yi.

However, if he didn't give up these three points, he would have to break his promise and challenge Qiao hongcai after another round. However, he had already made his promise in front of everyone. If he couldn't fulfill it at that time, wouldn't he be a joke?

If the opponent was someone as overbearing as Lin Yi, then it would be fine, but the problem was that the opponent was trash Qiao, Lin Yi's Lackey. How could Meng Tong admit defeat?

Where would he put his face in the future? He was still the boss of the GreenCloud Pavilion's new disciples!

Seeing Lin Yi and Qiao hongcai talking and laughing, even someone as dumb as Meng Tong quickly realized the danger. He gritted his teeth and said, "F \* ck, why didn't I see that this good-for-nothing Qiao was so sinister? he even used such a despicable move. Ninth older cousin brother, you have to help me think of some ideas!"

When Meng jueguang heard this, he turned around and bowed to Xu lingchong. "Young master Xu, what do you think?"

"It's just a small matter, you guys can do as you see fit. " Lingchong Xu didn't care about this at all. He only cared about how to deal with Lin Yi. As for other things, they didn't even enter his eyes.

"Alright," he said. Meng jueguang nodded.

He was also well aware of this, but no matter big or small matters, he had to report them to his master. This was the standard of serving his master. Even if he knew that his master would not care about some small matters, it could at least express his attitude. This was a truly brilliant skill of flattery.

Meng jueguang turned to look at Meng Tong and sneered, "Although the other party's move is indeed sinister, it's not a big deal. You don't have to worry about him at all. Just follow the original plan and crush them one by one."

"But ... But, wouldn't I be embarrassed like this?" Meng Tong said, his face flushed.

He had always wanted to be the boss of the GreenCloud Pavilion's new disciples. Just a moment ago, he had challenged trash Qiao, but in the blink of an eye, he had gone to challenge trash. In the eyes of the other new disciples, this was no different from admitting defeat. I can't afford to lose this face!

"Embarrass what?" "You're an early-stage Foundation establishment cultivator," Meng jueguang rolled his eyes. "Do you really think there's someone stupid enough to believe that you're afraid of trash Qiao?" It's impossible, so you don't have to worry about it. So what if he's arrogant for a round? the more arrogant he is, the more he'll be trampled on!"

## Chapter 3783 Next Target

"Yup! Isn't this the legendary saying of 'desire to rise but be suppressed first'?" Meng Tong was suddenly enlightened and immediately turned his worry into joy, "Ninth cousin brother, you're really resourceful. It's too easy on trash Qiao to step on a clown like him! We should let him be arrogant, let him think he's awesome, and then step on him. The higher he climbs, the more pain he'll feel when he falls. Only then can we teach him a lesson!"

"That's the logic. Meng Tong, you have to remember that the most important thing right now is points. That's the most practical thing. Try to find an opportunity to surpass Lin Yi and force him to make mistakes. That's the key. Everything else is secondary. "

"It's fine to step over trash Qiao, but there's no need to pay him any attention. As an early-stage Foundation establishment cultivator, you must have the courage and vision of an early-stage Foundation establishment cultivator. Do you understand?" Meng jueguang lectured him earnestly.

"Yes, yes, ninth cousin is really thoughtful. I'm a dignified early Foundation establishment expert, and I'm thinking too highly of a small character like Qiao hongcai! We should just leave him hanging like this, let him think he's all right, and then stomp him to death!" Meng Tong chuckled.

Meng jueguang laughed heartily and then whispered, ""That Xiao ran is more tactful and took the initiative to admit defeat. That's why he didn't have a chance to make a move. "But this trash Qiao is different. With his reckless personality, he'll definitely fight you even if he knows he's no match for you. You must grasp this opportunity and find the right opportunity to kill him in one move. Don't leave him alive, do you understand what I mean?"

"I understand. Ninth cousin, don't worry. As long as I run into him, this kid can only wait to die." Meng Tong patted his chest and promised.

To test Lin Yi's strength and get rid of Xiao ran and Qiao hongcai-that was Meng jueguang's goal for this round.

It was still too early for the first target-after all, the only person he had who was strong enough to test Lin Yi out was Meng Tong, an early Foundation Stage practitioner. The others, even strong newbies like li Zhengming, weren't qualified to do so.

However, the latter goal was more urgent.

If they wanted to get rid of Lin Yi, they had to get rid of his wings first-this was the plan that Meng jueguang and Xu lingchong came up with after some discussion. After all, they'd tried to kill Lin Yi a few times before, and they'd all failed. If they continued like this, the chances of success wouldn't be high, so they might as well find a way to get rid of Xiao ran and Qiao hongcai-these two couldn't possibly be as hard to deal with as Lin Yi, right?

Not only could this weaken his strength, but it could also dampen his spirit, forcing him to do something desperate, killing two birds with one stone.

It was a pity that although this intention was bloody, Meng jueguang was restricted by the rules of the challenge competition. No matter how many newcomers he had, he couldn't carry out the human wave tactic. Moreover, because Xiao ran and Qiao hongcai's ranking in their cave abodes was very low, there was only one person who was qualified to take the initiative to challenge them-Meng Tong.

Of course, with Meng Tong's strength at the early Foundation Stage, he was more than enough to deal with Lin Yi's two lackeys.

However, to their surprise, Xiao ran, who was usually quiet, was so slippery that he didn't give Meng Tong any chance to attack and directly chose to admit defeat.

However, with Qiao hongcai's personality, it was impossible for him to admit defeat like Xiao ran. So what if he was allowed to be proud for a while? as long as he faced Meng Tong, he would definitely die with his mere strength of the complete heaven class.

This was good too. Since Xiao ran had escaped, he would use this good-for-nothing Qiao as an example. He would also see blood!

In the first round of the GreenCloud Pavilion's Rookie Challenge, the first three matches were full of surprises.

None of the matches were a real battle of strength, but each one had a deep meaning. A single mistake could cost a life, and the danger was self-evident.

But after that, whether it was Lin Yi's group or Meng Tong, the most dazzling newcomers of the GreenCloud Pavilion had all finished their challenges. Because of the ranking of the caves, no one else could challenge them, so it was none of their business.

As for the remaining newcomers, they were far less eye-catching than these few people in terms of strength and topic of conversation. Although they had fought a few scattered matches, winning and losing, there was nothing special about them overall. It was dull and boring.

Among these people, with Lee Zheng Ming's strength, he should have been able to suppress the other newcomers.

Unfortunately, he was in the same awkward situation as Lin Yi, stuck in cave number two. He had the strength, but there was no use for it. He had no choice but to hold it in and wait for the other newbies to challenge him.

First, he was Lin Yi's Secret follower, so it wasn't very possible. Second, he'd be sending himself to his death. He wasn't that crazy.

In the end, there were a total of seven matches in the first round. Other than the match between Meng Tong and Lin Yi's group, as well as the overconfident and unlucky Cha Wu, which was a bit interesting, the rest of the people were either happy or sad, and there were no more surprises.

In just an hour and a half, all seven matches had ended. The first round of the GreenCloud Pavilion's Rookie Challenge had ended.

The rookies then dispersed. Those who needed to recuperate, those who needed to think of countermeasures, and those who needed to cultivate spiritual herb seeds, all began to make preparations.

After all, the spiritual medicine trial and the newcomer's challenge were two trials stacked together, and the intensity was self-evident. Other than a powerful cheater like Lin Yi, no one would be able to rest.

"Not bad, not bad. In the first round of the challenge competition, all of you have gotten a good start. Congratulations!" The poor guy said to Lin Yi and the others.

This wasn't false at all. Counting the three Lin Yi 's, Lin Yi won one battle and got four points. Qiao hongcai won one battle and got four points. Although Xiao ran lost two points, he gave up on his own accord and didn't let Meng Tong get hurt at all. So, to some extent, it was also a victory.

More importantly, Lin Yi was the number one newbie that no one dared to mess with. Xiao ran and Qiao hongcai didn't use any pure Qi, which meant that they didn't have to waste time on recovering pure Qi. They could break through to the Foundation Stage as planned. Once they succeeded, the situation would be very different when they faced Meng Tong.

Among the two of them, Xiao ran had a strong foundation. In addition, he was now in cave abode number 15 at the foot of the mountain, which was advantageous in all aspects. His prospects of building his Foundation were great.

Chapter 3784 Quite The Courage

As for Qiao hongcai, although his strength was far inferior to Xiao ran 's, his personality had determined that he was more driven. At the critical moment, this personality might be able to play a miraculous role.

Not to mention that even though he wasn't as lucky as Xiao ran, he was separated from Meng Tong by Cha Wu. If nothing went wrong, Meng Tong would probably trample on him after Cha Wu in order to get as many points as he could to surpass Lin Yi. In that case, he would have plenty of time to break through to the Foundation Stage.

"Xiao ran, Hong Cai, I'll be waiting for your good news."

Lin Yi encouraged with a smile before adding, "There's no need to carry any mental baggage, just throw them all away. If you fail, at most you'll waste a foundation building pill, what's the big deal? As long as you need it, I can get it for you in minutes. Don't forget that I'm an Alchemist!"

Qiao hongcai chuckled, "with your words, boss Lin Yi, I'll go all out when I get back. If I fail, you'll have to take responsibility!"

"F \* ck! Responsible my ass, I don't like men, you better stay away from me!" Lin Yi jumped twenty feet away exaggeratedly, looking at Qiao hongcai with a guarded face.

The miserable senior brother and Xiao ran looked at each other and laughed out loud. Only Qiao hongcai had a bitter look on his face. "Boss, you can't be like this. How can you break the words you just said? you're a heartless man who forsook others after having sex!"

"Get lost!" Lin Yi didn't know whether to laugh or cry.

In contrast to Lin Yi's group's joy, the other GreenCloud Pavilion newbie was in a gloomy mood-he even wanted to die. Naturally, this person was Cha Wu.

Originally, he was already at the bottom of the rankings. In the end, because of this unexpected mishap, not only did he lose all his points, he even suffered heavy injuries. Cha Wu's current situation was more than just tragic.

Lin Yi didn't kill him in the ring, but he was still a foundational peak-level master. Even the 20 forms of fist of raging fire weren't something a Sky Class full master could handle. He was lucky that Lin Yi didn't kill him.

Although it wasn't fatal, with his current strength, he wouldn't be able to recover without seven or eight days. After these seven or eight days, he wouldn't be able to do anything other than heal.

Not only could he not fight in the next round of the challenge, but he was also forced to give up on the spiritual herb seeds that he was cultivating. After all, he was already in such a miserable state. How could he have the energy and true energy to serve these delicate Masters?

However, it was also fortunate that he had been cautious before. He did not immediately start with all ten spiritual herb seeds. Instead, he only picked three and tried. Even if he gave up, he would only give up three and not all.

Otherwise, if all 10 spirit herb seeds withered, 10 points would be deducted from the spirit herb trial. Then Cha Wu would have to kneel down this time and would never be able to rise again.

After losing four points to Lin Yi and Qiao hongcai, Cha Wu only had seven points left, and this didn't include the dangerous situation he was going to face with Meng Tong, Xiao ran, and the others.

If he lost ten points in the spirit herb trial, he would lose three points. After that, with Meng Tong and Xiao ran's help, this negative number would only get bigger and bigger. It would be impossible to make up for it. With Cha Wu's strength, it was impossible. Otherwise, he wouldn't have fallen to this point.

If he ended the newcomer's test with a negative score, then he, Cha Wu, would be crippled for the rest of his life. With the current situation of the sky order island's cultivation world, most of the cultivation resources were in the hands of the major sects. Grassroots rogue cultivators had no future at all.

Unless he had some sort of heaven-defying opportunity, otherwise, for a practitioner with average talent like Cha Wu, not being able to get into the three pavilions meant that he could at most stay in the Foundation Stage for the rest of his life. There was no way better than this-those without any opportunities wouldn't even be in the early phase of the Foundation Stage, and would only be in the completion of the Sky Class at the end of their lives.

In the common world, Sky Class full Masters were already impressive-they could do whatever they wanted, but this was Sky Class Island!

Sky Class Masters were like dogs, and even the early Foundation Stage was just the beginning. A mere Sky Class full master wouldn't even be able to greet anyone, and that was all he could do before he died-he'd be stepped on by anyone he saw, and he'd be dead!

However, if the final score of the test was negative and he had such a stain on his name, then Cha Wu would never be able to get into the GreenCloud Pavilion again. If he couldn't get into the GreenCloud Pavilion, then it would be even more impossible for him to get into the other sects. He would only be able to do this for the rest of his life.

"I'll only be a complete heaven class until my death. How can such a pitiful, laughable, and shameful thing happen to me, Cha Wu!" Cha Wu clenched his fists so tightly that the veins on his fists were bulging. He gritted his teeth and muttered to himself.

After that, he ignored his injuries and struggled to his feet, walking towards the entrance of the immortal's cave. Everything that had happened earlier could no longer be changed. He was very clear that if this continued, he would have no chance of entering the GreenCloud Pavilion. This was an inevitable outcome.

Therefore, in order to save his own fate, he had to do something. At least, he had to make some changes and seek a chance of survival.

As for the spiritual medicine trial, because of the lack of genuine Qi supply, the three spiritual medicine seeds were destined to wither and die. As for the remaining seven, even if he didn't consider the burden of the challenge, with the concentration of spiritual Qi and the supply of genuine Qi in his immortal's cave, the success rate of cultivating them was basically close to zero. It was negligible. If he could succeed in one or two seeds, it would already be considered a blessing.

However, just because there was no good way to get the spiritual herb seeds, it didn't mean that there was no turning point in other places.

To be honest, it's basically unrealistic for Cha Wu, who's at the bottom of the list, to try and get as many points as he wants in the brutal Challenge competition. He still knows his own limits.

However, while they could not take the initiative to steal points from the other rookies, they could at least think of ways to reduce the number of points they lost. As long as the points lost were not too great and they did not end up losing points in this segment, it would be considered a victory.

So what he had to do now was to go to someone and beg for mercy.

After making sure that there was no one around, Cha Wu quietly walked to the entrance of cave No. 14 at the foot of the mountain next to him and activated the restriction. The owner of this cave was originally Lin Yi, followed by Xiao ran, but now, it was Meng Tong.

"Oh, I was wondering who had the guts to touch the restriction of this master's cave abode, but it turns out to be you, a weakling! You've got some guts to be the first one to challenge Lin Yi!" Meng Tong sized up Cha Wu and laughed.

Chapter 3785 Using You To Clear The Way

Cha Wu was heavily injured but he still forced himself to be alert and said with a face full of joy, ""Boss Meng Tong, you're too kind. I'm not that brave. I'm just following your and senior brother Meng's call to go and cause trouble for that Lin Yi kid!"

"So that's how it is." Meng Tong shook his shoulders in an ambiguous manner.

"Isn't that so!" "Even if we're not strong enough, we can't just let that Lin Yi sit there and do nothing, can we? I can't say we'll win, but we'll at least use up some of his Zhen Qi and let all his 40 seeds dry up. That'll be a little help for you and senior brother Meng, right?"

"It's rare to see a weakling like you have such loyalty-I thought you were going to give points to that pretentious Lin Yi, betraying the enemy!" Meng Tong sneered.

Even if Meng Tong wasn't that smart, how could he not see through Cha Wu's obvious intentions when he jumped out to challenge Lin Yi? Even if he couldn't tell, he had the astute Meng jueguang by his side!

Although that idiot Lin Yi didn't think it through and chose to fight Cha Wu instead, he only defeated him in one move and gave him 4 points for free without using any pure energy.

What's the point of doing so little? That was simply bullsh \* t!

"Betray and join the enemy?" Cha Wu's face instantly changes color. He immediately smiles and waves his hand, ""Boss Meng Tong, you must be joking. With my little courage and strength, I can't wait to cling onto senior brother Meng and you, boss. How can I betray you and join the enemy? Plus, Lin Yi's unlucky face wasn't as smart and powerful as Meng Shixiong and big brother-wouldn't he be asking for trouble if he joined him? I'm not blind, how could I be so stupid!"

"Hey, what you said is quite reasonable. How can that unlucky pretentious guy compete with me and ninth cousin? Anyone with a discerning eye knows how to choose. It seems like I really misunderstood you before. " Meng Tong's spirit is instantly lifted by this round of flattery. He is in a very good mood and laughed as he patted Cha Wu's shoulder.

Only then did Cha Wu secretly let out a sigh of relief. Luckily, Meng Tong was simple and easy to fool. Otherwise, today's trial would not be easy to pass!

Striking the iron while it's hot, Cha Wu continued to flatter Meng Tong until he was completely comfortable. Seeing that the time was right, he then gathered his courage and carefully approached the purpose of this trip.

"Boss Meng Tong, by the way, you're probably going to crush that idiot Qiao in the next round, right?" Cha Wu seemed to be unconcerned but in reality, his heart was hanging in the air.

"Next round?" Meng Tong was stunned for a moment. He then looked at Cha Wu up and down with a playful expression and said, "You're wrong. Aren't you in cave number thirteen at the foot of the mountain? I'm going to use you to clear the way for me in the next round!"

Gah? Cha Wu's heart immediately sank. Even though he had already expected this before coming here, but when he really heard these words from Meng Tong, he could not help but feel a chill in his heart.

"But ... But, boss Meng Tong, didn't you say in front of all of us that you wanted to challenge trash Qiao in the next round? It wouldn't be good if we change our minds halfway. " Cha Wu quickly advised.

"What do you mean?" Meng Tong frowned.

"Boss Meng Tong, think about it. Going back on your word isn't a big deal for us ordinary newcomers, but you're the boss of us newcomers, and what you stand out about is your prestige! But how could he gain prestige? In addition to being powerful, the most important thing is to keep your word. If a boss goes back on his word, what prestige would he have, don't you think?" Cha Wu says earnestly.

"What you've said does make sense." Meng Tong pinched his chin and said thoughtfully.

In fact, he himself had such concerns. Otherwise, he would not have hesitated before. After all, he had always regarded himself as the new boss. As a boss, he had clearly promised to step on trash Qiao to death in the next round. How could he go back on his word?

However, after Meng jueguang's lecture, he had thrown this idea to the back of his mind.

It was just as Meng jueguang had said-an early Foundation Stage practitioner had to have the demeanor of an early Foundation Stage practitioner. If they took trash Qiao too seriously and missed out on the real benefit of points, then they'd be overestimating their opponent-it wouldn't be worth it.

One was actual points, while the other was an insignificant title. Moreover, he could get back at them very quickly. Which was more important was clear at a glance.

However, even though that was the case, for a new boss like Meng Tong, who was extremely concerned about his reputation, false reputation was also very important. If his reputation was damaged just for three points, it didn't seem to be worth it.

Seeing Meng Yi move, Cha Wu is overjoyed. He hurriedly continues to persuade: "That's right, with boss Meng Tong's strength, it's easy for you to get 100 points in this kind of challenge. At that time, it'll be easy for you to surpass Lin Yi, who's a pretentious prick who's trapped in his own trap. You won't need these three points from me, will you? For these insignificant three points, your prestige in everyone's hearts will be damaged. Forgive this little brother for being blunt, but this is a little bit of a waste!"

"Is that so? Then does that mean that I have to let you go?" Meng Tong squinted at him and said.

"Isn't that so, boss Meng Tong? if you let this little brother go and stomp on that idiot Qiao, you'd be killing two birds with one stone!" Cha Wu is exulting with joy as he brags.

"Two birds with one stone? Why don't you tell me how you can kill two birds with one stone?" Meng Tong was suddenly interested.

"Boss Meng Tong, think about it. If you let me go this time, first, you won't have to go back on your word and maintain your prestige in everyone's hearts. Second, you'll give up your points to protect your little brother. Isn't this the legendary righteousness? with such a loyal boss, who would dare to be unconvinced or dare to be disrespectful? don't you think so?" Cha Wu analyzed and bewitched him with a serious face.

"What you said makes sense." Meng Tong nodded as he listened.

Even in his dreams, he wanted to obtain the support of the other new disciples. His words were worth nine tripods, and no one would dare to have the slightest objection. Only then could he be considered the true boss of the new disciples of GreenCloud Pavilion. Otherwise, he would only be deceiving himself and others.

Seeing that Meng Tong seemed to have been completely moved by him, the joy on Cha Wu's face was beyond words. He continued to bluff, "Besides, boss Meng Tong, don't give trash Qiao any chance. If you don't stomp him to death in the next round, he'll definitely spread the word that you're a coward. Although no one will believe such an idiot's words, it'll be too damaging to your reputation if you leave him alone. People might even think that you're easy to bully."

Chapter 3786 The Second Round Of The Competition

"That's right, that trash Qiao has long been an eyesore to me. This time, I finally got the chance to kill him!" Meng Tong's eyes lit up.

"So you're saying, boss Meng Tong, you're going to let this little brother go and directly trample on trash Qiao, that idiot who overestimated himself, to death in the next round?" Cha Wu can't help but ask with hope.

Meng Tong was stunned for a moment. Then, he looked at him with a strange expression and sneered, "When did I ever say that? Did I say I'd let you go? Don't lie to yourself, you scum!"

"Gah?" Cha Wu was instantly stunned. After a moment, he quickly smiled and said, ""Boss Meng Tong, this little brother's heart isn't good and can't take a scare. Please don't joke with me!"

"Who's joking with you? Do you think I'm that free to waste my time joking with a weakling like you?" Meng Tong sneered, no longer showing the smug and satisfied expression he had earlier.

After hearing this, Cha Wu's mouth is crooked in anger. He has a stomach full of vulgarities but he doesn't dare to curse out loud.

F \* ck! I've been trying so hard to persuade you, and you've wasted so much saliva. If you don't agree, then why the hell are you nodding at me?! Do you have to be so shameless? how can you be the boss of newcomers with such a character?

Meng Tong was obviously a simple-minded guy. In Cha Wu's eyes, he should be easy to fool. They had already agreed on this before, but he didn't expect Meng Tong to suddenly go back on his words without any warning. This really caught him off guard!

What he didn't know was that Meng Tong was indeed very easy to fool. However, Meng jueguang had previously warned him that practical benefits were more important than anything else. Even if he really believed Cha Wu's words and wanted to let him off, Meng Tong would not have the courage to disobey Meng jueguang.

It must be known that Meng jueguang, the eldest senior brother in charge, was not only his ninth older cousin but also his only backer. As long as Meng jueguang opened his mouth to say a word, so what if a weak scum like Cha Wu, who was not well-liked by others, spoke to the heavens?

To Meng Tong, the question of whether he should listen to Meng jueguang or to that weakling Cha Wu was not a multiple choice question.

After hearing Meng Tong's sneer, Cha Wu immediately shivered as if he had fallen into an ice cellar.

Before this, he had never thought that Meng Tong would be such a cold-blooded and overbearing master. After coaxing and flattering him for so long, he still couldn't move this guy. All the hard work he had put in was in vain.

"Listen up, you piece of sh \* t. Get ready to surrender in the next round. Of course, if you're unwilling, I don't mind showing off my power. But whether you live or die at that time, I don't care. Do you understand what I mean?" The smile on Meng Tong's face became more and more ferocious.

Originally, he had planned to use Xiao ran as an example in the first round to show off his might. However, he didn't expect Xiao ran to be so sneaky and take the initiative to admit defeat as soon as he saw that the situation was not good. Therefore, Meng Tong had been holding back his anger and had no way to use it. If Cha Wu were to be blind and take the initiative to go up to him, the outcome could be imagined.

"Yes, yes, I understand. I'll take my leave." Although Cha Wu is constantly cursing in his heart and cursing Meng Tong's 18 generations of female ancestors, he still has to force a smile on his face. However, this smile looks so bitter that it's almost comparable to his miserable senior brother.

At this point, it's meaningless to say anything more. No matter how aggrieved and miserable Cha Wu is, he can only pinch his nose and retreat.

In this way, Meng Tong had already pointed out that he wanted to take three points from him. Xiao ran, who was waiting in the cave abode number 15 at the foot of the mountain, immediately wanted to take two points from him. To Cha Wu, who only had the starting point points left and was destined to lose a

lot of points in the spiritual medicine trial, it was almost certain that he would get negative points in the first four trials. His future was bleak and miserable.

Three days later, the second round of the rookie Challenge began as promised.

After the first seven rounds of battles, the situation of the GreenCloud Pavilion's new disciples had gradually become clearer. Each of them knew what they should and shouldn't do. Thus, they didn't fall into a stalemate like last time. Instead, there was no confrontation, and the battle began immediately.

In cave abode number fifteen at the foot of the mountain, Xiao ran was currently busy with building his Foundation. With his calm and reserved personality, he would definitely not take the initiative to challenge anyone before he successfully built his Foundation. He was not the kind of idiot who would destroy his own Great Wall.

Sure enough, Meng Tong was the first to go up the stage in cave number 14 at the foot of the mountain. He even named Cha Wu from cave number 13. Although this action was reasonable, it was still a bit unexpected to the other newcomers. After all, Meng Tong didn't look like a calm and rational person.

For a mere three points, he had directly thrown the declaration of war against Qiao hongcai to the back of his mind. This kind of reneging on one's words and disregarding one's reputation was not something that a simple-minded person like Meng Tong, who loved to show off, would do.

However, no matter what the others thought, Meng Tong did it, and it seemed like he didn't care about the crowd's comments at all.

In the face of such a powerful and overbearing early-stage Foundation establishment expert, a weakling like Cha Wu has no power to resist. Putting aside the fact that he's weak to begin with, even if he had the power to fight, he can't take the lead with his current state of injuries. He can only give up on his own.

Cha Wu directly admitted defeat. Meng Tong easily got three points and entered cave number thirteen. This result was logical and no one was surprised.

Although Meng Tong went back on his word, he was already not used to the world of cultivation where people tried to outwit each other, so it did not cause much discussion. However, in comparison, Cha Wu, who was the weaker party and was in a miserable situation, became the target of ridicule for the new disciples.

"He deserves it! This kid thinks he can take advantage of the situation, he's overestimating himself. He knows how weak he is, and yet he still dares to challenge Lin Yi. Heh, what an idea!"

"That's right. He doesn't know what material he is. He's quite bold. Unfortunately, he's too big!"

"That's right. Who doesn't know how to take advantage of others? but even if they do, it depends on whether they have the ability to do so. This weak idiot doesn't know his own strength. If he doesn't have the ability, he won't be able to go to Liangshan!"

"People are all cheap! With his puny strength, how dare he take advantage of senior brother Meng and Lin Yi's weaknesses? he's the kind of idiot that doesn't know what's good for him. Hehe, I think this guy won't be able to get away with a negative score, and he'll never be able to enter the GreenCloud Pavilion again!"

"That's right, Lin Yi's the king of acting tough, how could he let go of such a good time to act tough? However, isn't this good? if even a weakling like him can sneak into our GreenCloud Pavilion, then our GreenCloud Pavilion's value would be too low!"

Chapter 3787 Breakthrough In Seclusion

“.....”

Listening to these people's mockery, Cha Wu's heart instantly sank to the bottom of the valley. Although it's normal to kick someone when they're down, this situation is not only being stepped on, it's simply infuriating everyone!

If Cha Wu was strong and had the confidence like Lin Yi to go up against the big martial brother, it would be fine, but he wasn't strong at all. He was at the bottom and was in a difficult situation. Angering the public at this time was equivalent to cutting off his own three pavilions.

F \* ck! He was too smart for his own good. This time, he had really screwed himself over in a moment of heat!

Cha Wu really wanted to slap himself. If he'd just kept his points and didn't try to challenge Lin Yi for attention, he wouldn't have gotten what he deserved and ended up like this.

But now, wanting to cry but having no tears was already a light matter. Once he was locked in a negative score and had no fate with the GreenCloud Pavilion, all his previous efforts would have been for naught, and his life would be considered to have come to an end. There was only one outcome for him, and that was to be thrown into the Kuangqu to be mined ...

Not to mention how Cha Wu's side was remorseful, in contrast, the other GreenCloud Pavilion rookies were fighting back and forth in this round of the challenge competition. In order to compete for points, each and every one of them was full of energy, and the scene could be said to be very exciting.

However, Lin Yi and the other two had nothing to do with this.

Xiao ran, on the other hand, was in cave number fifteen at the foot of the mountain, preparing for Foundation establishment. Lin Yi, on the other hand, was in cave number one, so he couldn't challenge anyone. With Cha Wu as a living example, the other newbies didn't dare to challenge him anymore even if they had the same luck.

What a joke! Lin Yi was a pretentious prick who didn't know what was good for him at all, and he was so strong that it was hard to understand. If he went up to him first, not only would he lose the limelight, but he'd also be beaten up to the next Zha Wu-he might even lose his life! Who would dare do something like that again?

Among the three, the one with the highest chance of causing a stir was Qiao hongcai, who was in cave number twelve.

Firstly, his ranking in the immortal's cave was not bad. He had the right to take the initiative to challenge the dozen or so newcomers above him, and he had the innate conditions to be blessed by the heavens.

Secondly, there was the early Foundation Stage Meng Tong from cave number thirteen right behind them. In the entire GreenCloud Pavilion, Lin Yi was probably the only one who could say that he wasn't nervous. Everyone else, including Qiao hongcai, was under a lot of pressure.

At this time, if there was a chance, normal people would try to stay away from Meng Tong.

Therefore, no matter from which perspective, Qiao hongcai could have used the same trick and challenged another person just like he had challenged Cha Wu. Not only could he obtain points, but he could also temporarily get rid of the threat of Meng Tong behind him and fight for a rare buffer.

However, to the surprise of all the rookies present, Qiao hongcai didn't do anything. He didn't take the initiative to challenge anyone, nor was he challenged by anyone. Instead, he just stood there and did nothing.

This result surprised even the miserable senior brother. He couldn't help but ask, "Junior Brother Qiao, didn't you say that you'd retreat in order to advance? why aren't you challenging the higher-ups?"

Qiao Hong was only sky Class late phase peak when he first entered the pavilion-he didn't have much of an advantage over the other newbies, but after joining Lin Yi, his strength had increased by leaps and bounds. Even if he faced Sky Class full Masters of the same level, he had the advantage-he couldn't kill them all, but he had a high chance of success.

In this way, he could once again fight for a chance to turn things around. Before he faced Meng Tong, he could buy time to break through to the foundation building stage. In the eyes of the miserable senior brother and the others, this strategy was actually very reliable.

However, Qiao hongcai shook his head and said, "Senior brother ku, you don't understand me. People like me only retreat once in a while when they're forced to. It's not my style to retreat again and again. Therefore, I will definitely not back down this time. The next round will be the day of my decisive battle with that Meng Tong fellow!"

With such a resolute answer, the bitter senior brother shook his head helplessly and suddenly had nothing to say.

After all, Qiao hongcai was a hot-blooded Qiao hongcai. In the last round, he had already reached his limit by being clever and taking a step back. It was really unrealistic to make him retreat again and again on this basis.

His attitude was already very firm. No matter what, no matter whether he could successfully build his Foundation, he had to fight Meng Tong in the next round. This was already an inevitable outcome.

However, if he managed to break through to the Foundation Stage in the next three days, it would be fine. If he failed, not only would he have to face Meng Tong as a Sky Class full master, but he would also suffer a serious backlash.

A Sky Class full master going up against an early Foundation Stage master with an injury, and one that they'd had a history with-it wasn't hard to imagine what would happen!

The guy gave Lin Yi a look, signaling for Lin Yi to talk him out of it. He was the manager, and the three of them were his disciples under his protection, but everyone knew what was going on.

In the end, Lin Yi was the core of their group. Once he spoke, not only would Xiao ran and Qiao hongcai listen to him, but even the miserable senior brother himself would follow his orders. This was something that the miserable senior brother had already realized.

Qiao hongcai had a cowardly personality-once he made up his mind, he wouldn't look back until he hit the wall, or even if he hit the wall, he wouldn't stop until he ran through it. However, it depended on the person. It was useless to force his seniors to persuade him, but it might work if it was Lin Yi.

Lin Yi's position in Qiao hongcai's heart was high and mighty. One sentence from him was equivalent to a hundred sentences from someone else.

However, Lin Yi only smiled,"Then work hard and try to break through to the foundation building realm before you fight Meng Tong. I'll be waiting to see your performance!"

"Alright! Boss, just wait and see. I'll go into seclusion now!" Qiao hongcai waved his fist excitedly, turned around, and went into his cave abode No. 12 at the foot of the mountain.

The poor guy was speechless. He looked at Lin Yi helplessly and complained,"Junior Brother Lin, how can I say this to you? You know better than me that Junior Brother Qiao's Foundation isn't strong enough. With his current strength, even if he uses the foundation building pill, his chances of successfully building his Foundation are definitely less than fifty percent, or even less than forty percent. What if he fails at that time?"

Chapter 3788 Taking Over As The Third Pavilion Master

If Qiao hongcai failed to break through to the Foundation Stage, then Meng jueguang and Meng Tong would definitely not let him go. They'd take the opportunity to kill him on the stage, and Lin Yi and Lin Yi wouldn't be able to interfere.

"It's okay. Don't be fooled by Hong Cai's reckless look. I can guarantee that he has thought these things through more thoroughly than us. Since he has already made up his mind to cut off all means of retreat, there is no reason for us to hold him back. Let him do it!" Lin Yi patted the poor guy's shoulder.

In his opinion, if Qiao hongcai failed to break through to the foundation building realm, he would most likely admit defeat like Xiao ran, given his rough yet subtle performance in the last round. He wouldn't be so silly as to risk his life to be brave.

Taking ten thousand steps back, even if Qiao hongcai really did fight Meng Tong, no matter how injured he was, as long as he could hold on and not die, Lin Yi was confident that he could save him. So to a certain extent, Lin Yi had the ability to save the situation, and there was no need to worry too much.

At this moment, Xiao ran suddenly said thoughtfully, "Boss Lin Yi, brother ku, you don't have to worry too much about him. I have a feeling that Hong Cai might be able to beat me in this."

After a few days of adjustment, Xiao ran felt that he was almost 80% confident of breaking through to the foundation establishment stage. He planned to make his move in the next two days, but no matter how well-prepared he was, the process of breaking through to the foundation establishment stage varied from person to person.

A person like Qiao hongcai, who was full of drive, might be able to produce a result in a moment, but if it was Xiao ran, the process would definitely be slow. Regardless of success or failure, it would probably be a stalemate for a while.

"Hehe ... That's a good thing. Hong Cai is perfect to be the vanguard. It's not a bad idea to let him fight with Meng Tong first. Then, Xiao ran, you can be the backup and have two insurance plans. Don't just sit here and do nothing, go into closed-door cultivation and wait for your good news!" Lin Yi said with a smile.

"Alright," he said. Xiao ran nodded and bade farewell to his miserable senior brother. He turned around and walked into cave abode No. 15 at the foot of the mountain.

After watching Xiao ran leave, the miserable Shixiong turned to Lin Yi and said, ""Junior Brother Lin, I won't hide it from you. Before today, I always thought that you were the only Dragon among us, but now I suddenly have a feeling that our Junior Brother Xiao and Junior Brother Qiao are not ordinary people either. If they follow you, they will definitely soar in the future. On the other hand, as a senior brother, I don't have any talent or ability. I'll just be like this for the rest of my life."

"Senior brother ku, you are undervaluing yourself." Lin Yi put an arm around the guy's shoulder. "I want to take this opportunity to give you a piece of advice. We cultivators must be confident. If you don't even believe in yourself, how can you dream of breaking through? By the way, senior martial brother ku, how was the effect of the two Foundation breaking pills you gave me last time?"

"I'm afraid of wasting your efforts, so I'm still adjusting and preparing. I haven't taken it yet," the senior brother said with a smile.

No wonder! Lin Yi held his forehead, speechless. No wonder he didn't see any movement from this guy. He thought that this guy had failed to break through the barrier. It turned out that he was just as careful as Xiao ran and didn't dare to bite him.

To be honest, with his years of experience and the extreme quality foundation breakthrough pill Lin Yi gave him, he had a hundred percent chance of breaking through to the peak of the early Foundation Stage. There was no need to worry.

"Senior brother ku, this Junior Brother has to say something to you. You're our leader, so we're counting on you to shelter us from the wind and rain! In addition, since I can refine something like the foundation breaking pill, senior martial brother ku, there's no need to be so frugal. If it's not enough, I'll refine more!" Lin Yi said.

Lin Yi's words stunned the miserable Shixiong. He nodded, "Junior Brother Lin, you're right. I'm used to being poor, so I'm afraid of wasting good things. That's why I didn't dare to move. I forgot that you're our Alchemist! If that's not enough, then I won't be polite!"

This guy was really afraid of being poor. He guarded the good stuff but didn't dare to use it! Lin Yi shook his head, speechless. "Of course, no problem! By the way, senior brother ku, there have been rumors recently that Xu lingchong is preparing to protect Meng jueguang from becoming the third Pavilion master. Have you heard?"

"There's such a thing?" The miserable senior brother was shocked.

In fact, Lin Yi only found out about this from Li Zhengming's information, and it was still in a top-secret stage. It was normal for his poor senior to not have heard about it.

"If this matter is really set in stone, then it's not too good!" The miserable senior brother said with lingering fear.

Lin Yi's words were still groundless, but if he thought about it carefully, if lingchong really wanted to push Meng jueguang to the top, the possibility of success was not small!

The position of the third Pavilion master of the welcoming Pavilion was usually given by the GreenCloud Pavilion. If there were no special circumstances, the rising Sky Pavilion and the profound secrets Pavilion would not interfere.

However, although the position of the third Pavilion master of the welcoming new pavilion didn't hold much power, it was still within the upper echelons of an independent Department. As for which disciple of the GreenCloud Pavilion would be given the position, it would still have to be submitted to the elders "Council for approval.

Generally speaking, for this unimportant position, no matter which disciple was submitted, the elders would only acquiesce and not reject it. However, if someone were to raise an objection, the GreenCloud Pavilion would not disobey the will of the elder Council.

Therefore, if Xu lingchong were to take the upper echelons "route and get his grandfather, Xu Yuanzheng, to speak on Meng jueguang's behalf, then Meng jueguang's position as the third Pavilion master of the welcoming new pavilion would basically be set in stone. No one else would be able to compete with him.

Once Meng jueguang became the third Pavilion master, the power in his hands would increase, and he would be able to interfere in everything. At that time, the situation would be even more difficult to predict.

"However, senior brother ku, you don't have to be in such a hurry. I heard that to compete for the position of the third Pavilion master, you have to be at least in the middle stage of the foundation building realm. So, we still have a chance to muddy the waters and fight for an opportunity. But before that, senior brother ku, you must improve your strength!" Lin Yi analyzed.

Without strength, there was no right to speak. No matter how much he said or fought for more opportunities, it would be in vain.

Lin Yi was strong enough, but he was still a month old and didn't have enough experience to compete for the position of the third house master. Only his miserable senior brother had a chance, but of course, he had to be strong enough first.

The senior brother nodded. "Junior Brother Lin is right. I'll go back and prepare for my breakthrough. I won't dawdle any longer. Just wait for my good news."

Chapter 3789 One Is Marked By Ink

Lin Yi nodded to himself as he looked at his poor brother's back. If everything went well, the three of them would be able to level up.

The stronger these people became, the stronger their own faction would become. At that time, their authority would naturally increase, and if Meng jueguang and the others wanted to do anything, they would have to think it over before doing so. This way, they would at least be able to avoid a lot of unnecessary trouble.

Of course, to Lin Yi, the most important thing was still his own strength, but because he'd just reached the peak of the early Foundation Stage, it wasn't realistic to break through in a short period of time. He needed to consolidate it first.

Other than that, Lin Yi's priority was to take care of the two heart-devouring exquisite grass seeds. As long as they were cultivated successfully, he wouldn't have to worry about the foundation-level golden elixir anymore. Otherwise, he'd have to start having a headache searching for the heart-devouring exquisite grass.

It'd been eight days since he'd received the seeds, but even with the Jade space and Lin Yi's Qi supply, the two seeds showed no signs of growing.

According to the sissy manager, if everything went smoothly, the seeds would be ready in fifteen to twenty days. Half the time had passed, and according to the normal growth pattern of plants, they should have started sprouting by now. Lin Yi was getting a little anxious.

But the good thing was that it wasn't just the two heart-devouring exquisite grass seeds-the other seventy-eight seeds in the Jade space were all the same, too. Lin Yi let out a breath of relief.

Although he still didn't know whether he was Dead or Alive, at least there was a comparison. It was enough that he could eliminate the possibility that the two heart-devouring exquisite grass seeds had died alone.

Lin Yi wouldn't believe it even if he was beaten to death if someone told him that the Jade space was so blessed with the conditions, and all 80 seeds still withered. If he couldn't even train them with his cheat-like conditions, then the other newcomers might as well give up. No matter how busy they were, it would be a waste of effort.

Three days passed in a flash, and the third round of the rookie Challenge began as scheduled.

This round was different from the previous two rounds. Although there were many matches between the rookies in the previous two rounds, there wasn't much to see.

Originally, the first round between Meng Tong and Xiao ran was supposed to be an intense match that could spark sparks. However, in the end, Xiao ran directly admitted defeat. As for the second round, it was even less interesting. Among the top five newcomers of the GreenCloud Pavilion, other than Meng Tong who effortlessly obtained 3 points from Cha Wu, the other four didn't make any moves at all. All of them were just bystanders in the first round, and there was nothing worth watching.

In the third round, Lin Yi, Li Zhengming, and Xiao ran might not make any moves, but there was no doubt that Meng Tong, who was currently in second place, would fight against Qiao hongcai, who was in fourth place. This was an inevitable outcome.

Although the ranking of both parties 'cave abodes was very low, and the stakes were not high regardless of whether they won or lost, and there was nothing worth watching between the other newcomers, one should not forget that these two people were natural enemies.

The two sides had long said that they didn't see eye to eye with each other. The battle had not even begun, but it was already destined that once these two people faced each other, it would be a battle full of gunpowder. One could even foresee a bloody battle between a Dragon and a Tiger.

Of course, it would be an overstatement to call this a battle between a Dragon and a Tiger for Meng Tong, who was only at the early Foundation Stage, against Qiao hongcai, who was only at the completion of the Sky Class. However, there was no doubt that Meng Tong would definitely make Qiao hongcai his target.

The only suspense was whether Qiao hongcai had the luck and strength to survive under Meng Tong's feet.

The third round of the GreenCloud Pavilion's Rookie Challenge had officially begun. The other rookies tactfully kept their silence, not planning to steal the show. They quietly waited for the two main characters to come on stage.

Meng Tong smiled smugly. He was very satisfied with the newcomers 'respectful performance. He immediately strode up to the ring and pointed at Qiao hongcai from a distance. His eyes were filled with killing intent. "Today is the day you die!"

"What should I do, trash Qiao? Don't tell me you want me to invite you up? I say, don't tell me you're thinking of being like that Xiao guy and cowering like a turtle in the face of danger?"

Meng Qi stood on the stage and sneered without restraint, "Then you've disappointed me. I thought that although you're a bit useless, you're still a man. I didn't expect you to be a woman? This Xiao guy was like this, and so was trash Qiao. No wonder people said Lin Yi was a lecherous demon-you guys weren't his type, were you? Damn, that's a really hardcore taste!"

The rookies in the audience burst into laughter. Meng Tong's mockery was too F \* cking funny.

What he didn't know was that this was the excuse Meng jueguang had specifically given him in advance in order to anger Qiao Hong and make him lose his mind. Otherwise, if this guy became a coward like Xiao ran, it would be meaningless.

Even though Qiao Hong Cai was a straightforward and hot-blooded person, his previous action of challenging Cha Wu was already a sly old fox trying to avoid the confrontation with Meng Tong in the second round. This time, he had to be on guard.

It was a rare opportunity, and Lin Yi's gang was getting more and more arrogant. This time, they had to kill the chicken to warn the monkeys and leave a bloody lesson for them!

Being ridiculed in front of everyone, with Qiao hongcai's usual personality, he would have gone up to beat him up without a word. However, today, his expression was surprisingly calm.

F \* ck! He was really influenced by Lin Yi-even trash Qiao learned how to act tough after spending so much time with Lin Yi!

Meng Tong and the other newbies were surprised-Qiao hongcai greeted Lin Yi and the others before walking up the stage with a calm expression.

In a daze, Meng Tong suddenly felt that the good-for-nothing Qiao in front of him seemed to be a little different from a few days ago. Although he was still the same person, he gave off the feeling that he had been reborn. His entire person seemed to have changed, but he could not put his finger on what exactly was different.

!! Ck! What's there to care about a useless Qiao!

Meng Tong quickly threw this strange thought to the back of his head. What he needed to do next was to beat this useless Qiao into a dead man and see if Lin Yi and his group could continue acting tough!

After walking up to the ring, Qiao Hong looked Meng Tong up and down and suddenly said, "Newbie Meng, don't tell me you didn't brush your teeth today?"

"Ha?" Meng Tong's mouth twitched inexplicably. "It's none of your business whether I brush my teeth or not!"

Chapter 3790 Scared Silly?

Unexpectedly, Qiao hongcai seriously said,"How is it not related? It's because you don't brush your teeth that your tone is so stinky. You're deliberately affecting my mood, so that I can't use my strength when I'm in a bad mood. You're simply cheating!"

The rookies in the audience couldn't help but burst into laughter. With trash Qiao's straightforward personality, being able to insult others in such a roundabout way was really beyond his level.

"F \* ck! You're the one with bad breath, your whole family has bad breath!" Meng Tong's mouth was crooked with anger. If it wasn't for the judge watching from the sidelines, he would have kicked Qiao hongcai and turned him into a scumbag.

Mysterious Pavilion's judge also couldn't help but laugh. After a moment, he announced,"The first match of the third round of the GreenCloud Pavilion newcomer challenge, Meng Tong from cave number 13 at the foot of the mountain, challenges Qiao hongcai from cave number 12 at the foot of the mountain. It will now begin!"

As soon as he finished speaking, Meng Tong immediately accelerated to his maximum speed and pounced on Qiao hongcai, not giving him any chance to admit defeat.

As an early Foundation Stage master, and a martial skill that focused on the thousand kicks, Meng Tong's speed was one of the best among his peers. In the eyes of the new disciples of the GreenCloud Pavilion, his speed was so fast that they couldn't even see him with the naked eye, and there was no way to defend against him.

Many newcomers couldn't help but swallow their saliva. Although they generally didn't think much of Meng Tong's intelligence, this guy was indeed very strong. If they were in Qiao hongcai's position, they

wouldn't even have the chance to beg for mercy, let alone defend. They would probably be killed by the kick.

Although Qiao hongcai's strength was slightly stronger than theirs, it was limited. In the face of Meng Tong's ferocity, there was no second outcome except death.

" 21 forms of a thousand legs! Go to hell!" Meng Tong suddenly shouted and pushed his speed to the extreme. His figure flashed and appeared in front of Qiao hongcai.

The 21 movements of a thousand legs was already the strength of an early stage foundation building cultivator. The force on his legs was sharp, and the thousand shadows of his legs were cold. It was difficult to tell whether they were real or fake. Although he didn't use any weapons because of the rules of the challenge, the shock he gave off was no less than that of a divine weapon.

Even the rookies who were a hundred feet away from the stage could not help but hold their breath and feel their scalps go numb.

However, to everyone's surprise, in the face of Meng Tong's fierce 21 forms of the thousand legs, Qiao hongcai didn't shout and surrender as everyone had expected. He didn't even have the slightest intention of dodging. He just stood there without moving, allowing Meng Tong's thousand shadows of his legs to completely cover him.

After all, at the level of the twenty-first form of the thousand kicks, not only did the actual kick have unparalleled destructive power, but even The Phantom image that seemed to only have a confusion effect was also very destructive!

Although it couldn't be compared to the most fatal kick, for a Sky Class full master, if they were hit by these shadows, they would also be seriously injured, and those with weaker defense might even die!

"Did that trash Qiao get scared silly? Why aren't you moving?" The rookies below the stage could not help but look at each other.

Even a cultivator with poor eyesight could judge the danger inside. Qiao hongcai's solemn and motionless posture was no different from waiting for death!

If he had reacted a little more quickly and dodged at the first moment, even if he couldn't completely avoid Meng Tong's thousand shadow kicks, he would at least be able to avoid being injured. If he could survive the first wave of fierce attacks, he would have a chance to catch his breath and have the chance to say "I admit defeat"!

Although a serious injury was inevitable, if he tried hard, he would still be able to fight for a chance of survival.

However, with Qiao hongcai's current idiotic performance, Meng Tong's [ 21 moves of a thousand legs] would definitely kill him, let alone survive. It would be a blessing for his ancestors to leave him with an intact corpse.

"Heh, now I can prepare to collect this good-for-nothing Qiao's corpse. I'll let you all remember what the consequences are for opposing me, Meng jueguang!" Meng jueguang smiled coldly as he looked at Lin Yi's group, his heart filled with joy.

Ever since Lin Yi came to the pavilion, he'd been challenging the big Senior Manager time and time again, but what surprised him was that he'd never suffered any substantial losses. Other than the occasional exchange of good Jade for waste Jade, Lin Yi was the one who always took advantage of the situation miraculously. He'd made a name for himself, but he couldn't do anything about it-Meng jueguang's face was almost completely lost.

But now, if Meng Tong killed Qiao hongcai, Lin Yi's follower, on the spot as an example, then everything would be fine!

At the end of the day, no matter how strong Lin Yi was, he was still just a newbie. In terms of strength and influence, he wasn't on the same level as Meng jueguang at all. The only reason why he was able to compete with Meng jueguang was because of his miraculous performance of not being defeated. It was like blowing bubbles, expanding layer by layer and constantly attracting attention. Step by step, he'd reached the position of the Overlord of the newbies in the GreenCloud Pavilion!

However, once this momentum was stopped, the bubble would burst instantly, and Lin Yi, the Overlord of the new disciples, would be beaten back to his original state. At that time, the other new disciples would realize that other than being a new disciple like them, he was nothing!

Taking advantage of the rare opportunity of the challenge Tournament to have Meng Tong directly kill Qiao hongcai was the best way to break this bubble. The more bloody and thunderous the means were, the more shocking it would be!

Qiao hongcai's head wasn't too big or too small, just enough to be used as a sacrifice to the flag!

However, to Meng jueguang's surprise, Lin Yi and the others didn't seem to be worried at all when they saw that Qiao hongcai was about to die. From their relaxed and natural expressions, they seemed to be very confident in Qiao hongcai.

A mere complete heaven-ranked martial artist was trapped by Meng Tong's 21 moves of the thousand legs. Let alone surviving, he wouldn't even have an intact corpse, and yet they still had confidence in Qiao hongcai? These few idiots must be possessed!

At the same time, Qiao hongcai, who was the main character on the stage, finally began to move in the face of the thousand shadow kicks that were firmly covering him.

The crowd below the stage immediately curled their lips. This guy actually only reacted at this time? Wasn't he a little too slow?

Trash Qiao was indeed trash Qiao, this nickname was really not for nothing!

He'd thought that Lin Yi's strength had increased his points, and that he'd be in the top five of Qingyun's rookies-but he'd just been lucky! Trash was trash, and he'd never be able to turn the tables!
