Chapter 3801 Challenging Meng Tong

Qiao hongcai might seem a little reckless, but he was not.

Three days passed by in a flash, and the fourth round of the rookie Challenge began as scheduled.

After the warm-up from the previous three rounds, especially after the fierce battle between Qiao hongcai and Meng Tong, the two early Foundation establishment stage experts, the newcomer Challenge Round had clearly entered the stage of white heat.

No newbie would be hiding anymore. As long as there was a chance, they would definitely pounce out like hungry wolves to grab the points. It was a very exciting battle.

However, on the GreenCloud Pavilion's side, the highlight was obviously the top five. To be more precise, it was the two early Foundation Stage experts, Meng Tong and Qiao hongcai, who had just fought to the death in the last round.

In the last round, Meng Tong and Qiao hongcai had both suffered heavy injuries. If it had been any other ordinary newcomer present, even if they were lucky enough to survive such brutal injuries, they would probably not be able to get up for ten days to half a month.

However, to the surprise of the newcomers, after only three days of recuperation, both Meng Tong and Qiao hongcai could move freely like ordinary people. However, both of them still looked a little weak, as if they had not recovered from their serious injuries.

If it weren't for the fact that their ranking in the immortal's caves was still very low, the other newcomers might have really taken advantage of the weak state these two people were in. After all, even if they were both early Foundation establishment experts, so what? at this time, it was obvious that a Tiger was being bullied by a dog when it fell into the sun, and a sick Tiger was not as good as a cat!

As the rookies waited with their own thoughts, the judge finally arrived. The fourth round of the rookie Challenge officially began.

Qiao hongcai, Lin Yi, and the others looked at each other. Under everyone's surprised gazes, he slowly walked up the stage and pointed at Meng Tong, "Come on, newbie Meng. You were lucky enough to escape last round. Let's continue today. I'd like to see who will have the last laugh!"

Qiao hongcai challenging Meng Tong wasn't unexpected at all. After all, anyone who had been treated unfairly like Qiao hongcai would lose their cool. Naturally, they had to vent their anger as soon as possible, otherwise, they wouldn't be able to think straight!

Hearing Qiao hongcai's declaration of challenge, Meng jueguang and Meng Tong looked at each other and couldn't help but laugh evilly.

I'm not afraid of you challenging me, but I'm afraid that you don't dare to challenge me!

What the newcomers didn't expect was that Meng Tong's weak appearance was just an act for Qiao hongcai to lure him into a challenge!

In fact, two days ago, Meng Tong had already fully recovered from his injuries after consuming a fourth-grade great recovery pill given to him by Meng jueguang. After two days of quiet recuperation, he was now at his peak.

The reason why Meng jueguang was willing to spend so much on Meng Tong was to deal with Qiao hongcai. Since he'd realized that Lin Yi's group was getting bigger and bigger, he couldn't just let them continue to grow like this.

Qiao hongcai had yet to recover from his serious injuries and was the weakest link. Meng jueguang would definitely not show any mercy at a time like this.

However, even if he could get a grade four great recovery pill to help Meng Tong recover in a day, there was one thing that could not be changed.

Qiao Hong was currently in cave abode number thirteen at the foot of the mountain, while Meng Tong was in cave abode number twelve. His ranking was higher than Qiao Hong Cai 's, which meant that he didn't have the right to take the initiative to challenge. It meant that only Qiao Hong Cai could decide when to challenge him. Meng Tong had no right to speak.

Therefore, in order to take advantage of the fact that Qiao hongcai was still seriously injured, Meng jueguang had asked Meng Tong to feign weakness to lure Qiao hongcai into his trap!

With Qiao hongcai's hot-tempered personality and the unfair treatment he had received in the last round, he must be holding a stomach full of resentment. If he showed weakness to the enemy at this time, as long as he could recover a little strength, he would definitely not be able to swallow his anger.

As it turned out, Meng jueguang's plan had succeeded. Just as he and Meng Tong had wished, Qiao hongcai, that reckless idiot, had jumped out to court death!

"This time, we can't leave anyone alive." Meng jueguang whispered to Meng Tong before he went on stage.

This was an opportunity that could not be missed. If he missed this golden opportunity, it would be very difficult to openly kill this trash Qiao in the future. After all, good-for-nothing Qiao was also an early Foundation establishment expert. If he were to fight Meng Tong at his peak, it would be difficult for Meng Tong to kill him even if he had the advantage of martial arts techniques.

"Ninth cousin, don't worry. Trash Qiao will definitely not live past today!" Meng Tong grinned without a change in his expression. His eyes were filled with killing intent and a trace of disdain that was deeply hidden.

One had to know that Lin Yi was the opponent that Meng Tong was determined to trample on. Trash Qiao was just one of Lin Yi's lackeys. He was the new boss of the pavilion, and if he had to fight with a Lackey like trash Qiao twice in a row, how could he face Lin Yi in the future?

Under everyone's gaze, Meng Tong walked up to the ring with a cold smile, pretending to be weak.

Originally, with his arrogant style, he wouldn't have put in so much effort to pretend to deal with trash Qiao. Not only was this not his style, but it would also lower his status. Moreover, even if he was pretending, he could only do so when Qiao Hong took the initiative to challenge him, because the other party had already taken the bait and achieved his goal.

However, today, Meng Tong seemed to be a completely different person. Not only did he pretend until Qiao hongcai took the bait, but he was still pretending even when he was in the ring. He wanted to take the opportunity to trick Qiao hongcai and end everything once and for all.

"This kid has matured a lot after suffering!" Meng jueguang couldn't help but feel gratified.

Meng Tong was his most reliable subordinate. Although his loyalty and strength were not bad, the most terrible problem was that he never used his brain. In the long run, he would only be a new fighter at most, and would be far from being able to take charge.

But now, this guy had finally opened his aperture, which was a rare unexpected gain.

In Meng jueguang's calculations, Lin Yi's group's financial resources couldn't be compared to his own, who had young master Xu's backing.

Although he didn't know what method had allowed Qiao hongcai to recover a lot in just three days, it was impossible for him to compare with Meng Tong, who had taken a grade four great recovery pill and was now at the peak of his recovery. In addition, Meng Tong had the advantage of martial arts, so the possibility of killing Qiao hongcai today was almost zero.

Chapter 3802 Tricked

But even so, Meng Tong still chose to continue to show weakness to numb his opponent, waiting for an opportunity to kill him in one blow. Putting aside whether his acting was good or not, it was already rare for him to have such a scheming mind.

Walking to the ring and standing still, Meng Tong stared at Qiao Hong and sneered, "I was tricked by you in the last round, which was why you were able to fight to a draw. Today, I won't be so lucky. Even if I'm not fully recovered, killing you will be as easy as killing a chicken."

Unexpectedly, Qiao hongcai didn't take it seriously and said, ""Are these your last words, newbie Meng? It sounds like he hasn't made arrangements for his funeral!"

Meng Tong choked. After a moment of shock, he gritted his teeth and snorted, "Sharp-tongued, you don't know what's good for you,"

Seeing that both sides were ready, the judge immediately announced, ""The first match of the fourth round of the GreenCloud Pavilion newcomer challenge, Qiao hongcai from cave number 13 at the foot of the mountain, challenges Meng Tong from cave number 12 at the foot of the mountain. It will now begin!"

As soon as he finished speaking, Meng Tong's figure shot out like an arrow from a bow. He feigned weakness and used the most powerful 21st form of the thousand legs against Qiao hongcai without hesitation.

He was preparing to cut the Gordian knot. No disguise could be delayed for too long. As long as it had the effect of confusing the opponent, he had to immediately tear it off and seize the opportunity to deal the most fatal blow. Otherwise, if he delayed for too long, he would reveal his weakness. This was the strategy Meng jueguang had taught him.

According to common sense, tearing off the disguise and launching an all-out attack as soon as the fight started, such a sudden attack was indeed enough to catch any opponent off guard. If the opponent was injured, it would be easy to kill him in one blow.

In order to achieve the desired effect, Meng Tong had no intention of using the thousand-leg Phantom image to test the waters. He immediately attacked with full force.

However, to the surprise of Meng Tong, Meng jueguang, and the others below the stage, Meng Tong's sudden attack, which had torn off his disguise, was forcibly repelled by Qiao hongcai's 21st form of the cold iron Palm!

"F * ck! You piece of trash, you dare to pretend to be injured to scare me? You're despicable!" Feeling the sharp pain in his leg, Meng Tong's face turned green.

He had always thought that someone like Qiao hongcai would never be able to get his hands on a rare pill like the grade four great recovery pill, and that it would be impossible for him to recover in three days. Thus, when he saw Qiao hongcai's unsteady steps, he had assumed that the guy was really injured.

From the beginning to the end, neither Meng Tong nor Meng jueguang had any suspicions. They had never thought that this good-for-nothing would have the same idea as Meng Tong, having the exact same idea!

Otherwise, how could an injured person use such a powerful cold iron Palm and beat back Meng Tong's thousand kick 21 moves?

In order to trick someone, he did not hesitate to throw in a grade four great recovery pill. In the end, not only did the goose not hit him, but it was pecked at the eye first!

Off-stage, Meng jueguang's face heated up. He had always known that trash Qiao was the same as Meng Tong, a straightforward and explosive temper. How did he suddenly become so sinister?

What puzzled him even more was that Qiao hongcai had clearly been seriously injured before, but in just three days, he was as lively as Meng Tong, who had taken a grade four great recovery pill. How the hell did he do it?

With Lin Yi's small background, there was no way he could have something as rare as a fourth grade recover pill!

Could it be Lu bianren? Come to think of it, only Lu bianren, the third Pavilion master, had the ability to obtain a grade four great recovery pill! F * ck, just wait and see how I'll deal with you when I'm promoted, you nosy old thing!

As Meng jueguang bore a grudge against Lu bianren, Qiao hongcai, who was on the stage, sneered at Meng Tong. "Same to you, we're all on the same path, what face do you have to say I'm despicable?"

Meng Tong was suddenly speechless. Since he himself was acting, Qiao Hong was also acting with the same thoughts. It was not strange to give him a taste of his own medicine!

After choking for a while, Meng Tong snorted coldly, "Hmph! Well, since you've already broken it, there's no need to continue hiding it. I'll use my strength to stomp you to death fair and square, and let you see how big the gap between us is!"

Qiao hongcai immediately laughed. "You're only speaking in an upright manner after your scheme has been exposed. Newbie Meng, did you learn your shamelessness from one of your cousins?"

As soon as these words came out, everyone in the audience couldn't help but hold back their laughter. The "cousin" that Qiao hongcai was talking about was Meng jueguang. He was indirectly scolding Meng jueguang for being thick-skinned!

Meng jueguang's face darkened. He knew that the good-for-nothing Qiao was indirectly scolding him, but he couldn't fight back. After all, he was only talking about Meng Tong's "cousin," not his "ninth cousin." If he spoke now, wouldn't he be taking the initiative to make the connection and slapping himself in the face?

Fortunately, the awkwardness didn't last too long. On the stage, Meng Tong had already used his actions to fight back for him. Without saying a word, he directly transformed into a thousand shadows of his legs and pounced straight at Qiao Hong Cai.

Because of the previous round where both sides had suffered heavy losses, both Meng Tong and Qiao hongcai had a deep understanding of each other's strength. It was clear at a glance where the other party was strong and weak, and there was nothing they could hide between them.

As the saying goes, the one who knows you best is often your enemy. From this point of view, Meng Tong's so-called "open and aboveboard" was somewhat reasonable. Since they knew each other like the back of their hands, there was nothing they could hide or hide, and there was no chance to trick the other.

The only choice for both sides was to bring out their strongest strength and fight to the death again.

The following confrontation between the two once again showed everyone what was called cruel and tragic. Qiao Hong had just been hit by the 21st form of a thousand kicks, and Meng Tong immediately had to follow up with the 21st form of the cold iron Palm.

Vomiting blood was considered light, but after a few exchanges, the final situation was exactly the same as the previous round. After a few exchanges, both sides once again fell to the ground and could not move.

And this time, the two of them were even more seriously injured than the previous round. It was completely impossible for them to stand up again. It was already a rare feat for them to be able to hold their breath.

Looking at the familiar scene, everyone was dumbfounded. "Aren't these two people's strengths a little too similar? they've fought two rounds in a row and both of them have suffered heavy losses?"

As sworn enemies, it was rare to see two people with such close strength.

Chapter 3803 Almost Vomited Blood

After a moment of stalemate, Meng jueguang could only helplessly invite the pavilion master over again. Although he had already learned from the previous example, this was still outside of the rules. In the end, only Hu Yun Feng could make the final decision. No one else, including the judge, had the power to do so, and they could not afford to take the risk.

"These two again?" Hu Yunfeng heard the news and came over. When he saw Qiao hongcai and Meng Tong on the stage, who were in a tragic state, he was speechless.

Exchanging a glance with Meng jueguang, Hu Yunfeng did not have any room for private discussion with Meng jueguang.

After all, a similar situation had already occurred in the previous round. In order to maintain the glorious image of fairness, he, as the welcoming new pavilion master, could only follow the previous round's statement.

Otherwise, once he changed his mind, he would be slapped in the face in this round for the statement he had just put forward in the previous round. Not only would this matter be a joke when it spread out, but it would also be fermented by people with ulterior motives. When the time came, who knew how big a storm it would stir up?

Although Meng jueguang had now joined young master Xu, and Hu Yunfeng did have the intention to rope him in, the premise was that it would not affect his own future. Otherwise, when it came to his own future, he might not even give face to young master Xu, let alone Meng jueguang.

After clearing his throat, Hu Yun Feng announced, "Although both sides have suffered heavy losses, according to the previous round's record, I hereby announce that the winner of the challenge is Qiao hongcai from cave number thirteen."

Meng jueguang's face instantly turned as black as the bottom of a pot. He spared no expense and threw a grade four great recovery pill on Meng Tong. In the end, not only did he fail to kill Qiao hongcai, but the other party also returned the favor. Meng jueguang forcibly took back four points and became the winner!

Just the thought of it made Meng jueguang so aggrieved that he almost vomited blood!

One had to know that this wasn't just a battle between Meng Tong and Qiao hongcai. Both sides represented Meng jueguang and Lin Yi's faces.

Meng Tong was Meng jueguang's most capable newcomer, but he lost to Lin Yi's Lackey. Where was Meng jueguang's face?

However, the matter had already been decided, and no matter how aggrieved Meng jueguang was, he did not dare to raise any objections to Hu Yunfeng's words.

After all, Hu Yunfeng was also in young master Xu's faction and had the same backing. His status and strength were both far above Meng jueguang 's, and he was also his direct superior. It was clear who was listening to whom. If Meng jueguang could not even understand this, then he would not have been able to obtain young master Xu's recognition.

Qiao hongcai and Meng Tong had both suffered heavy losses. In the last round, Hu Yunfeng's black-hearted judgment was that Meng Tong had won. In the end, only three days had passed, and he had immediately met with retribution. This scene was truly ironic.

If Qiao Hong's loss in the previous round had somewhat made the crowd sigh, then the same fate had befallen Meng Tong in this round. Not only did the crowd not feel that it was unfair, but they also felt that it was a very satisfying slap in the face.

These newcomers had already joined Meng jueguang's camp in name and were on the same side as Meng Tong. However, Meng Tong, the self-proclaimed leader of the newcomers, had a terrible character and poor popularity.

Not only did Lee Zheng Ming, who had been scammed by him time and time again, refuse to accept him, even the other newbies did not buy it. If the first newbie Meng knew this result, he really did not know what he would think.

However, the current situation wasn't entirely bad for Meng Tong. After all, when he lost four points, his ranking dropped back to cave abode No. 13 at the foot of the mountain. He fell behind Qiao hongcai and took back the initiative.

More importantly, he was in an awkward situation where he was seriously injured again, and he had Xiao ran, the leader of Lin Yi's underlings, behind him. He wouldn't be able to fight back if he was challenged, but he had already been challenged by Qiao hongcai today. According to the challenge rules, he had the right to reject any subsequent challenges.

In other words, even if Xiao ran wanted to add insult to injury, at least he would not have the chance this round. This was a rare piece of good news.

With an experienced master like Meng jueguang around, Xiao ran's early Foundation Stage strength was already seen through during the last round against Cha Wu. And according to the strength of the sky Class full foundation, even if everyone was in the early Foundation Stage, Xiao ran's true combat power was probably above Qiao hongcai.

This point could be seen from Xiao ran's effortless throw of Cha Wu off the stage in the last round. If it was Qiao hongcai, who had also just entered the Foundation Stage, or even Meng Tong, who had already been in the Foundation Stage for some time, they wouldn't be able to do it as smoothly and easily as he did.

Trash Qiao alone had already fought with Meng Tong for two consecutive rounds, and both sides had suffered heavy losses. If Xiao ran, who was even stronger, joined in, then both Meng Tong, who bore the brunt of the attack, and Meng jueguang, who was standing behind the scenes, would only be at a disadvantage.

The most ironic thing was that these two were only Lin Yi's underlings. Lin Yi didn't even need to do anything himself-these two underlings were enough to mess up Meng jueguang and Meng Tong's formation.

He was the eldest senior brother of the GreenCloud Pavilion's new manager and the future third Pavilion master of the welcome Pavilion. How could he accept the fact that he was being beaten by a mere mortal world's newcomer?

Although Meng Tong had managed to escape this round due to the rules of the challenge, he was still at a loss as to what to do next.

With Qiao hongcai in front and Xiao ran behind him, Meng Tong didn't even dare to move an inch.

If they continued to fight, they would either continue to fight with Qiao hongcai, or they would skip Qiao hongcai and go directly to the newcomers who ranked higher in the cave abode to Rob more points. But in either case, after the challenge, one of Qiao hongcai and Xiao ran would inevitably take advantage of the situation.

If he kept his position in cave No. 13, Qiao hongcai wouldn't have the right to challenge him. However, Xiao ran was behind him. He would have to fight to the death with others, and the challenge points he could get in the end would be pitifully few.

This was the challenge Round, and Lin Yi, that idiot, had gotten himself into a trap. It wasn't easy for him to get a chance to overtake Lin Yi's points, and if he kept on fighting with Lin Yi's lackeys, he'd miss this once-in-a-lifetime opportunity.

After all, there were only eighteen rounds in the Challenger League, and this was the fourth round. If he didn't quickly find a way to get away from Qiao hongcai and Xiao ran, he wouldn't be able to get the hundred points he was expecting. If this continued, it would be a fool's dream to catch up or even surpass Lin Yi.

Chapter 3804 The Only Way

After all was said and done, the biggest problem Meng jueguang and Meng Tong were facing right now was that Xiao ran and Qiao hongcai were just Lin Yi's underlings, but they'd both suddenly and inexplicably entered the Foundation Stage, becoming early Foundation Stage Masters!

Lin Yi alone was enough to make them scratch their heads, but now the situation had taken a turn for the worse. Not only was Meng Tong no match for Lin Yi, but he couldn't even defeat any of Lin Yi's minions. How were they supposed to play?

Meng jueguang had a lot of new people under him, but only Meng Tong was in the early Foundation Stage. On the other hand, Lin Yi's group only had three people, but they were all in the Foundation Stage. It was clear who was stronger.

In the face of such a vast difference in strength, Meng jueguang's schemes and plots were useless. In the face of absolute strength, all these so-called schemes and intrigues were just fleeting clouds!

At this moment, even Meng jueguang, the scheming eldest Senior Steward who had always been a man of few words, could not help but feel a little flustered.

He'd realized that if things continued like this, he might not be able to do anything to Lin Yi's group even if he successfully became the third master with young master Xu's support.

Lin Yi and the other two's performance was just too eye-catching. Once they attracted the attention of the upper echelons of the pavilion, it would be very difficult for him to make trouble again. He might even get himself into trouble if he wasn't careful, and it wasn't impossible for him to fail!

Meng jueguang thought for a long time and finally came up with the only effective solution, which was to find a way to upgrade Meng Tong's level as soon as possible, so that he could once again have the crushing advantage over Xiao ran, Qiao hongcai, and even Lin Yi. Only then could he control the situation again.

No matter how disrespectful Lin Yi and the other two were to him, they were still newbies of the GreenCloud Pavilion who were heavily protected. If he didn't want to take the risk and rely on outsiders, the only way to deal with them was to support a stronger GreenCloud Pavilion newbie to crush them.

And this person could only be Meng Tong.

Other newbies like li Zhengming were only sky Class full Masters, after all. It was obviously unrealistic to raise them to the level where they could crush Lin Yi and the others, and they weren't as reliable as Meng Tong in terms of loyalty.

However, Meng Tong had only just reached the early stage of the foundation building realm and had only succeeded by taking the foundation building elixir and foundation building elixir. It was easy to imagine how difficult it would be for him to reach the next level in such a short time.

The normal way was certainly out of the question. The only way was to take a medicinal pill, and it couldn't be an ordinary medicinal pill with the nature of assisting cultivation, but the kind of rare medicinal pill that could forcibly increase one's level, which could decide the outcome with one blow. Other medicinal pills, such as the foundation building barrier-breaking pill, which were sought after by the foundation building experts, were useless.

Unfortunately, if Meng jueguang had such a pill, he would have given it to himself long ago. How could he have kept it until today?

However, just because Meng jueguang did not have it on hand did not mean that he would not be able to get it. Don't forget that he still had the backing of Xu lingchong. With young master Xu's unfathomable background and power, it would not be difficult for him to obtain this type of elixir if he really had the intention.

After all, increasing Meng Tong's strength was to deal with Lin Yi. Although Meng Tong wasn't in young master Xu's eyes, he was still his follower's follower. Increasing Meng Tong's strength was killing two birds with one stone for him.

After making up his mind, Meng jueguang felt a little more at ease, but the way he looked at Lin Yi and the others was a little more vicious than before.

I'll let you guys be arrogant for a while. After I convince young master Xu, I'll deal with you!

Lin Yi frowned as he felt Meng jueguang's cold gaze. "Could it be that Meng jueguang is up to something again?"

Since the miserable senior brother had already escorted Qiao hongcai back to his cave to recuperate, Xiao ran was the only one left with Lin Yi.

After all, with the powerful strength that Qiao hongcai had just displayed and Xiao ran's protection, newbies like Cha Wu wouldn't dare to provoke him. So even if he hadn't been challenged in this round, he could be sure that no one would challenge him, so he might as well go back to his cave to recuperate.

Of course, if Meng Tong could recover in a short time, he might directly launch a battle of revenge against Qiao hongcai. Unfortunately, this was not realistic. With his current injuries, even if he took a grade four great recovery pill, he would need a day to fully recover.

Xiao ran couldn't help but smile at Lin Yi's suspicion. "Boss, you're thinking too much. In this situation, we have three early Foundation Stage cultivators, but he only has one subordinate, Meng Tong. The gap is too big. No matter what he does, it's useless!"

This was the truth. With Meng jueguang's strength, he could take on Lin Yi and the others, but he couldn't do it himself. He only had Meng Tong as a powerful chess piece, and it was unrealistic to use him against the three of them. After all, even a clever housewife couldn't cook a meal without rice.

"I hope this guy knows his place." Lin Yi nodded. If Meng jueguang could accept reality and give up, there wouldn't be so much trouble anymore, and he'd be able to focus on improving his strength.

"What's your plan?" Lin Yi asked after a pause. Are we going to be a bystander this round, or are we going to directly challenge the higher-ups to get points?"

Previously, Xiao ran had maintained the position of the rear guard and deliberately placed the ranking of the immortal's cave behind Meng Tong. This was to ensure double insurance. This way, even if Qiao hongcai couldn't deal with Meng Tong, he could take the opportunity to make up for it. He could protect Qiao hongcai, who was in the top ranking of the immortal's cave, and at the same time, effectively restrain Meng Tong.

However, the two consecutive rounds of losses had already proved that Qiao hongcai had the strength and confidence to confront Meng Tong head-on. In this case, Xiao ran's double insurance seemed unnecessary and unnecessary.

Instead of wasting time with Meng Tong, this trash, it would be better to directly challenge and get points. This way, it would be more reliable.

However, Xiao ran replied with a smile, ""I'll just wait for a round. If I don't beat Meng Tong up and let him go so easily, I'll feel sorry for Hong Cai and myself."

Currently, Meng Tong's cave abode was number 13 at the foot of the mountain, while Xiao ran's cave abode was number 14, which happened to be behind Meng Tong 's. Since they were on opposing sides, even a kind person like Xiao ran wouldn't let go of such an opportunity to join the ranks.

Moreover, he wasn't only venting his anger for Qiao hongcai, but also for Xiao ran himself. Don't forget that Meng Tong had directly challenged Xiao ran in the first round. At that time, he hadn't even reached the foundation establishment stage and was forced to admit defeat in public. He had been holding back his anger for a long time.

Chapter 3805 The Spy Lee Zhengming

A kind man also had a temper. Now that the tables had turned, how could Xiao ran let Meng Tong go so easily?

This was why he didn't mind waiting one more round.

Lin Yi chuckled, "that's good. I'm also curious to see if our senior brother Meng can get another Grade 4 great recovery pill for Meng Tong. Xiao ran, you can go and cripple him. It'll be interesting."

With Li Zhengming as a spy, the fact that Meng Tong took a Grade 4 recover pill couldn't be hidden from Lin Yi's eyes and ears.

During the last round of the resistance test, Meng Tong had already consumed a grade four great recovery pill. This time, he had used another to attack Qiao hongcai. If he were to use another pill and it didn't achieve the same effect, Meng jueguang would probably cry.

After all, the grade four great recovery pill was an extremely rare life-saving medicinal pill. It was a spiritual Jade! With Meng jueguang's own Foundation, it was already his limit to be able to get one. The previous one had been sponsored by Xu lingchong.

Meng jueguang was already on the verge of tears when he saw no effect on Meng Tong's body after two consecutive hits. If he were to throw another one and still see no effect, he would probably be driven to his grave.

Three fourth-grade great recovery pills. Many cultivators had never seen so many healing pills in their entire lives. Of course, it was still unknown whether Meng jueguang would be able to get a third for Meng Tong. With the previous two examples, the possibility was not high.

After the intense fight between Qiao hongcai and Meng Tong, the two early Foundation Stage experts, the challenge competition returned to the right track. However, the development of the next round was slightly different from the previous round. This round finally had the turn of another one of the top five newcomers of the GreenCloud Pavilion, li Zhengming.

After three rounds of nonchalance, he finally got the chance to be challenged by someone else. Lee Zhengming could not help but feel emotional.

However, what really made him sigh with emotion wasn't that his ranking in the cave abode was too high, and he couldn't take the initiative to earn challenge points from other newcomers because he didn't have the chance to go on stage. Instead, it was because he had to watch Xiao ran and Qiao hongcai successfully break through to the foundation establishment realm.

Of the top five, the other four were all in the foundational stage already, and Lin Yi was even at the peak of the early foundational stage. Li Zhengming was the only one left, still struggling at the peak of the Sky Class-he was still far away from the foundational stage. This was an awkward situation that made everyone's balls hurt.

As for the other four, Lin Yi didn't need to be mentioned, Meng Tong took a Foundation elixir and a Foundation elixir, Xiao ran and Qiao hongcai each took a Foundation elixir, but li Zhengming didn't even get a Foundation elixir.

Otherwise, as long as he could get a foundation building elixir, with his talent and Foundation, he would have enough confidence to successfully break through to the foundation building realm like Xiao ran and Qiao hongcai. Unfortunately, he had nothing.

In the end, the biggest problem was that he'd gotten the wrong support from Meng jueguang. He'd switched sides halfway through and secretly turned to Lin Yi as a spy, but he still had to pay for his mistake.

At first, he had thought that if he joined under the senior Steward, Meng jueguang, he would have a chance to fight for more cultivation resources. Even if he could not eat meat, he would at least be able to drink a few mouthfuls of meat soup. Now that he thought about it, he had been blinded. Not only did he not get any decent benefits from the beginning, but he had also been repeatedly squeezed out by Meng Tong, that scammer!

If she'd had her eyes on Lin Yi a little brighter, she might've been in the Foundation Stage already!

Unfortunately, there were no 'ifs' in this world. Only he could taste the bitter fruit that he had brewed. Even if he had to shed blood and tears, Lee Zhengming could only silently endure it. He believed that as long as he could be a good spy for Lin Yi, Lin Yi would treat him well in the future!

But then again, although Lee Zheng Ming had yet to reach the foundation establishment stage, and was overshadowed by the other top five, he still had a sufficient advantage over the other GreenCloud Pavilion newbies.

The newcomer who challenged him was now in cave No. 3 at the foot of the mountain. He had won two out of two rounds in the previous rounds. He had fought his way up from cave No. 5 at the foot of the mountain. It should be said that his strength was quite good. However, the gap was immediately reflected when he was up against Lee Zhengming this time.

From the beginning to the end, he was suppressed in every aspect. After three short illumination shots, he was blasted off the ring. He lost this match under Lee Zhengming's hands, and it was a clean loss. He was convinced.

Lin Yi's eyes lit up as he watched li Zhengming's performance. He couldn't help but think that it was time to find an opportunity to get some benefits for li Zhengming.

Speaking of which, although Lee Zheng Ming had not been under him for a long time, he had been working as a spy for him during this period of time, and he had provided a lot of valuable information in secret.

Even if Lin Yi had Zhong pinliang as a spy, he was still in the pavilion-he could only keep an eye on Kang Zhaoming, but not Meng jueguang. The biggest threat to Lin Yi right now was Meng jueguang.

Li Zhengming was the one who contributed the most to Lin Yi's ability to see through Meng jueguang's schemes in advance and deal with them calmly.

Kindness must be rewarded, mistakes must be punished, using kindness and might together was the best way to control subordinates.

Hence, it was necessary for Lin Yi to help li Zhengming obtain some benefits. Otherwise, if the time dragged on and this Lackey didn't taste the sweetness, who knew when he would leave li Zhengming? it would be a huge loss.

In Lin Yi's eyes, li Zhengming's potential was far above Qiao hongcai 's, even surpassing Xiao ran' s. Once trained well, li Zhengming would definitely be able to hold his own in the future.

As long as he could guarantee the loyalty of a talent like this, Lin Yi naturally wouldn't let him go to waste.

At the end of the day, the strong were always respected in the world of cultivation. The strength here did not only refer to strength, but more importantly, power.

No matter how strong they were, they couldn't do anything if they were alone. Only if their subordinates became stronger together could they gain a foothold in the cruel competition of the Sky Class Island. Only then could they gain enough power to speak and pave the way for their future.

Otherwise, if Lin Yi was alone, he might not be able to see Zhang Liju even if he entered the island, and even if he did, Zhang Liju might not be willing to help.

Chapter 3806 Little Senior Sister's Message

But if they saw that Lin Yi's group was full of Masters, then Lin Yi could go to Zhang Liju as a Big Shot and ask him to do him a favor. It would be much more confident.

However, it was still a pipe dream for him to reach that level.

But there was one thing that was for sure-even if Lin Yi's strength didn't change, bringing along a bunch of weak minions and bringing along a bunch of strong and powerful minions was a completely different concept. This was something that was vividly reflected in Meng jueguang's case.

Back in the common world, Lin Yi was already invincible by himself, and the importance of a strong follower wasn't too obvious. But now that he was in Sky Class, he had to start from the beginning all over the Sky Class Island.

Sky Class Island, what a good name. Sky Class was just the beginning of everything, and Sky Class was basically the most ordinary existence!

And so, just having Xiao ran and Qiao hongcai wasn't enough. Li Zhengming was a potential seedling, and as long as he could guarantee his loyalty, Lin Yi wouldn't be stingy with the benefits he'd give him. Even if he had to open a furnace just for him to make pills once, it wouldn't be a problem.

The fourth round of the newcomer challenge was over, and Lin Yi went back to heal Qiao hongcai. After that, he transferred his Qi into the eighty seeds in the Jade space as usual.

Other than the 80 spiritual medicine seeds that still showed no signs of germination, the pace was as usual. However, he unexpectedly received a letter.

There was no name on the letter, but Lin Yi was sure that it was written by his Senior Sister, Shangguan LAN 'er, whom he hadn't seen in a while.

The reason why he knew that Shangguan LAN 'er was behind this was very simple-the one who delivered the letter to Lin Yi was Shangguan LAN' er's exclusive pet, the little Curly Bear.

As the only granddaughter of the soaring Pavilion's master, Shangguan Tianhua, Shangguan LAN 'er was the well-deserved little princess of the three pavilions. Not only was she strictly brought up, but her every move was also watched by people. At most, she could only sneak out to play when people were not paying attention.

So, even if there was something important, Shangguan LAN 'er couldn't just go to Lin Yi directly, as that would be too obvious a target, and people would talk about it easily. It would also make the false image that she and Lin Yi had deliberately put up come to light, and Xu lingchong and the others would be suspicious.

At this time, she could only hope that the little Curly Bear would pass on the information to her when there was no one around.

The playful little Curly Bear, on the other hand, couldn't ask for more. Lin Yi was an out-and-out temptation to him, and he'd been to Lin Yi's cave once before, so he was pretty familiar with the place.

However, no matter how intelligent Curly Bear was, he didn't expect Lin Yi to move to a different cave. In order to avoid detection, he came over when it was getting dark and triggered the restrictions of cave number fourteen.

It sneakily waited outside for a while, only to realize that it wasn't Lin Yi at all. The little Curly Bear was dumbfounded and ran away in fear.

Fortunately, it was none other than Lin Yi's partner, Xiao ran, who was now living in cave number fourteen.

Combined with the way the little Curly Bear clung onto Lin Yi and refused to come down from the back mountain, Xiao ran quickly realized that the little guy was probably here for his boss. Without a second word, he ran down the mountain to find Lin Yi in cave number one, and only then did he manage to get the little Curly Bear back.

Fortunately, the little fellow's legs were not fast enough. Otherwise, it would have caused a lot of trouble if it had run away in a panic since it was already dark.

Xiao ran couldn't help but ask curiously when he saw the little guy riding on Lin Yi's neck affectionately after he chased the little Curly Bear back with Lin Yi. "Boss, didn't you say that this little thing's master doesn't get along with you? what's wrong with it?"

Miss Shangguan's dislike of Lin Yi was a well-known fact in the welcoming new pavilion, exaggerated by some people. Moreover, from Shangguan LAN 'er's previous appearance, it seemed that she didn't have a good impression of Lin Yi, which further confirmed the rumor.

Lin Yi smiled, "it's an act between the owner and I. We're just trying to numb young master Xu. Xiaoran, it's good that you know. Don't tell anyone else."

"Don't worry, boss. I understand. " Xiao ran understood immediately, and was filled with respect. His boss Lin Yi was able to befriend miss Shangguan, who was a noble, and even get her to play along with him. He was truly unfathomable.

After bringing the little Curly Bear back to his current cave abode number one at the foot of the mountain, the little fellow slowly took out a small envelope from his little shorts. It was obvious that the envelope was originally very beautiful, but after it was taken out from the little fellow's shorts, it was crumpled and did not deserve any compliments.

Although the little Curly Bear was a spiritual pet, Shangguan LAN 'er had specially designed a pair of shorts for it, euphemistically saying that it wouldn't be exposed.

Lin Yi didn't know whether to laugh or cry as he opened the letter. The handwriting was pretty and fresh, but there was one thing that made Lin Yi frown.

Shangguan LAN 'er reported that there was an inner sect disciple named Yu Zhe in the rising Sky Pavilion who was looking for people to inquire about the recent situation in the welcoming Pavilion. He paid special attention to the powerful newcomers who had recently risen. It was said that the supervising Deacon of the rising Sky Pavilion, Nan tianyong, who was also this guy's master, went to the Hong Chamber of Commerce and caused a scene. In the end, he was disgraced. After returning to the rising Sky Pavilion, he seemed to be helping with the same thing and caused a great deal of trouble.

Shangguan LAN 'er wasn't interested in these rumors at first, but when she heard the word "strong newcomer," she suddenly thought of Lin Yi. After all, if one were to talk about the most popular newcomer in the welcome new pavilion, even if all the newcomers from the three pavilions were put together, Lin Yi would be the one.

After all, obtaining full marks at the divine level in the previous two rookie assessments was something that no other rookie would dare to imagine. Although the three pavilions 'rookies were split into points, the difficulty of the first two segments was the same. Just this point alone made the other rookies have no choice but to accept it.

Shangguan LAN 'er guessed that this might have something to do with Lin Yi, and so she sent the little Curly Bear to inform him.

Yu Zhe? Could it be the fellow who had fought with him for the star inkstone last time?

After reading the letter, Lin Yi instantly guessed the whole story. After all, the clue was too obvious-rising Sky Pavilion inner disciple, Hong Chamber of Commerce, and a powerful newcomer of the

welcoming new pavilion-these three distinct words were right there. It'd be a miracle if Lin Yi couldn't figure it out.

Chapter 3807 Preconceived

Lin Yi was at least 99% sure that this Yu Zhe was the one who had stolen the star inkstone last time, and that the newcomer they were looking for was him.

What made Lin Yi a little suspicious was that he'd only fought with Yu Zhe after buying the star inkstone. Even if this guy could tell that he was from the welcoming new pavilion from the route he took, how could he be so sure that he was a newbie and not the manager?

After all, Lin Yi didn't hold back his strength at all when they first fought-any normal person would've thought of him as the pavilion's manager, not a newbie, right?

He read the letter carefully again and saw the words "Nan tianyong, manager of the rising Sky Pavilion." Lin Yi quickly understood.

The reason why the other party didn't inquire about the manager of the welcoming new pavilion was probably because he knew the background of the manager of the welcoming new pavilion, and even the background of the pavilion master Hu Yun Feng, who was a high-level figure. Thus, he had already ruled them out in advance.

After eliminating all the possibilities that could be eliminated, the last possibility was left. No matter how ridiculous and unbelievable it was, it was often true and reliable.

It wasn't strange at all that Yu Zhe was looking for him for revenge after what he'd suffered last time, but what surprised Lin Yi was that he even brought up Nan tianyong as his master.

If it was just Yu Zhe, Lin Yi wouldn't be afraid even if he was found out. But if there was Nan tianyong, who he had never met before and was very likely to be very strong, it would be a little tricky.

Shangguan LAN 'er's letter came at the right time-if it weren't for her, Lin Yi wouldn't have found out about all this in such a short time, and if he let yingzhe and Nan tianyong focus their attention on the newbies of the pavilion and continue investigating like this, things might get out of hand as time went on.

He'd put on a thousand-thread mask to be safe when he'd dealt with Yu Zhe, acting as Lin er from the start to the end. Even if Yu Zhe and Nan tianyong were checking on the new disciples, they wouldn't be able to link it to Lin Yi.

However, there were still risks in this matter.

No matter how well Lin er's identity was hidden, it couldn't be flawlessly hidden. If Yu Zhe and Nan tianyong kept an eye on him for a long time, they would eventually find some clues. Once this fake identity was exposed, Lin Yi would be in big trouble.

He had already made countless enemies in the welcoming new pavilion. There was Meng jueguang and Meng Tong, Xu lingchong and Kang Zhaoming, and even people like the pavilion master Hu Yunfeng. They were all natural enemies. If he added Yu Zhe and Nan tianyong, the supervising Deacon of the rising Sky Pavilion, how could he survive in the welcoming new pavilion?

No matter how strong Lin Yi was, that was only in comparison to normal newbies. He was a little depressed to be targeted by so many powerful people with strong backgrounds!

Lin Yi's principle was to not be afraid of trouble, but his main purpose was to focus on his training, not to fight with these people!

This was a real crisis. It seemed to be far away, but it was actually close at hand. If he was not careful, he might face a disaster in the next few days.

After receiving Shangguan LAN 'er's message, Lin Yi's first reaction was to think of a way to divert these two people's attention.

However, how to divert their attention was another difficult problem.

Lin Yi couldn't come into contact with him at the moment, and even if there was a chance to meet him face to face, it would be logical to avoid him as much as possible. There was no way he'd jump out and meet him.

Otherwise, if he came into close contact with it, he might be discovered and fall into a trap. After all, his strength had reached the level of the middle stage of the foundation building realm, and the sensitivity of his perception was no small matter. He had to be careful.

However, if they didn't even have the chance to come into contact with the other party, what could they use to mislead the other? This was clearly a paradox.

"There it is!" Lin Yi's eyes lit up after a moment of thought.

With his current identity as Lin Yi, it was indeed not good for him to jump out and initiate contact with Yu Zhe and Nan tianyong. Even if he did, it would be unrealistic to want the other party to shift their attention away from the pavilion.

This was because he had already eliminated all other possibilities by locking onto the newcomer of the welcoming new pavilion. It was even more difficult to mislead the other party from this angle. Moreover, once the traces of misleading were too obvious, it would be easy to give others a handle.

But, even if he couldn't get the attention away from the pavilion, he could still make himself disappear from their sight without leaving a trace.

The reason was very simple. As long as he could find a way to get the other party to eliminate him from the suspect list, then no matter how long they would keep an eye on the welcoming new pavilion in the future, and no matter how detailed their investigation was, they would not be able to associate him with the case. This was because they had subconsciously labeled him as an impossible person.

It wasn't difficult to do that at all. He only needed to do one thing, and that was to get them to come and meet him before the other party reduced the number of suspects!

It seemed like this idea was no different from taking the initiative to die, but the one who fought Yu Zhe was Lin er, and the Lin Yi now was a completely different person!

If they hadn't seen Lin Yi's face, Yu Zhe and Nan tianyong would've easily locked onto Lin Yi after combining all the recent rumors about the welcome Pavilion. Once they matched Lin Yi and Lin er, the final result would only become more and more similar until it was confirmed to be true.

This target was too obvious-the Lin er they were looking for was at the peak of the early Foundation Stage, while the Lin Yi in the welcome Pavilion was only at the early Foundation Stage. But one thing was for sure-with enough effort, it was entirely possible for someone to hide their strength.

Not to mention, Lin Yi had taken a full-powered attack from a peak-level early Foundation Stage cultivator in the resistance test, and yet he was able to recover in such a short time-this was enough to prove his strength.

These were all the flaws that maintained the relationship between Lin Yi and Lin er. Once they made the connection and confirmed that Lin Yi looked different from Lin er, they'd still think that Lin Yi was a disguise or a human skin mask. Their identity would be exposed one day.

So, if he let Yu Zhe and Nan tianyong continue investigating like this, it would be very dangerous for Lin Yi.

The only way to solve this crisis was to let them be preconceived!

Chapter 3808 Silence

If they confirmed that he was the real Lin Yi and not the Lin er they were looking for, their subconscious wouldn't connect him to the real Lin Yi, and all of Lin Yi's flaws would be useless.

And the most direct and effective way to let the other party have a first impression was to find an opportunity for Yu Zhe and Nan tianyong to come over and take a look at him.

Seeing was believing. Ordinary people believed in their eyes more than their instincts. Even powerful cultivators would find it difficult to change this nature. Before Yu Zhe and Nan tianyong locked their suspicions on him, he had to let them see his face, which was completely different from Lin er 's.

Once they cut off the connection between Lin Yi and Lin er, the danger would be solved.

However, even though this method was simple and effective, it would be too deliberate if Lin Yi were to find an opportunity to approach them. It would make people suspicious. The best way was to use a third party to lure them over.

"Little white, wait here for a while. I'll write a letter to your master, and you can help me bring it back." Lin Yi thought for a moment, consoling the little Curly Bear that was playing around on his body. He then found a pen and ink to write back to Shangguan LAN 'er.

Indeed, the third party Lin Yi was thinking of was his little Senior Sister, Shangguan LAN 'er.

Shangguan Xiaojie was the number one miss of the three pavilions, but with her pure and passionate personality, she would be more than happy to help if Lin Yi asked.

However, Lin Yi didn't want her to go to Yu Zhe and Nan tianyong on her own initiative. After all, her identity was too conspicuous. It would be unreasonable for her to ask about irrelevant rumors like this. Even if he wanted her to help, he needed a reasonable explanation. He needed to make a detour and borrow someone else's hand.

There was a perfect candidate around Shangguan LAN 'er, Xu lingchong, young master Xu.

Lin Yi wrote this and that in the letter, explaining in detail how he needed Shangguan LAN 'er's help. He then folded the letter and handed it to Curly Bear. He then went out and protected Curly Bear all the way back until he saw him enter the core area of the inner sect of the rising Sky Pavilion.

After returning to the cave, Lin Yi acted as if nothing had happened and returned to his normal routine. He went to the spirit Jade Hall to mine during the day and poured Qi into the 85 seeds at night. Other than that, he meditated.

He was planning to go out and buy some herbs these few days to get some benefits for Li Zhengming, but before he dealt with Yu Zhe, it wasn't convenient for him to go out as Lin er anymore.

Fortunately, Lee Zheng Ming was not in a hurry, so it was not a big deal to let him wait a little longer.

As for Shangguan LAN 'er, after receiving Lin Yi's reply, her lips curled up into a faint smile. Hmph, looks like you owe me a favor again! However, she didn't hesitate and did as Lin Yi said. What she needed to do was actually very simple-she just needed to find a suitable opportunity to get some information from Xu Ling.

This opportunity was not hard to find. The second and third generation of cultivators like the young masters and young misses of the rising Sky Pavilion were naturally a small social circle. Every few days, they would have all kinds of gatherings.

With Shangguan LAN 'er's strong background, she was respected wherever she went. If she wanted to join this kind of gathering, she didn't need to say hello at all. Any host would only feel honored by her appearance and would never dare to be unhappy.

This young lady rarely attended the gathering of the second generation. It was rare for her to give her face. In the circle of the second generation, it would be something to brag about in the future.

However, although Shangguan LAN 'er rarely attended these gatherings, she was able to find Xu lingchong at any of these gatherings.

The second generation that could enter this circle, no matter which one of them, all had a prominent family background. Not to mention how many elites and geniuses could be produced from these second generation, just their family background alone was already very worthy of being made friends with. For Xu lingchong, who was dedicated to studying the future and carrying the Xu family's pillar, such a great opportunity in front of him would naturally not be let go.

The second day after receiving Lin Yi's reply, Shangguan LAN 'er brought the little Curly Bear to Huayang residence.

This was a luxurious place specially opened by the rising Sky Pavilion for internal consumption. A casual meal in this high-end place would cost over a hundred spirit Jade. The degree of luxury and luxury here was not inferior to any Chamber of Commerce or restaurant outside. It was the best place for second generation cultivators to gather!

Of course, cultivators generally did not need to eat. However, the food here was quite beneficial to cultivators. The vegetarian dishes were basically made of precious spirit herbs as vegetables, and the meat dishes were specially raised livestock that had absorbed the spiritual energy of heaven and earth.

Not only was it extremely delicious, but it was also very beneficial for the improvement and consolidation of one's strength after entering one's body!

However, this was not a place where ordinary itinerant cultivators and disciples without any background could afford to spend! However, there was no way to compare this. Other people could increase their strength by eating a meal!

Just as Shangguan LAN 'er had expected, young master Xu lingchong was not absent.

Seeing Shangguan LAN 'er's figure, all the second-generation heirs present were suddenly stunned. After a while, they reacted and hurriedly surrounded her to greet her.

Although these second-generation heirs were all proud and arrogant, they were nothing in front of Shangguan LAN 'er, who had a powerful grandfather like Shangguan Tianhua!

Even the elders in their family had to bow to her grandfather, so when it came to miss Shangguan, they could only be inferior.

Among the crowd, Xu lingchong was the one who was the most eager to curry favor with Shangguan LAN 'er. Don't forget that this guy was determined to become Shangguan Tianhua's son-in-law. At this time, he would be really stupid if he did not know how to seize the opportunity to curry favor.

Seeing so many second-generation young masters surrounding Shangguan LAN 'er like pugs, one of the women at the table was immediately displeased, and said sarcastically, "Some women really don't know

the rules. Just because their family has some background, they're wandering around with a broken spirit pet. This is the Huayang residence. Anyone who comes in and out is either rich or noble. Is this a place for a broken spirit pet like you?"

As soon as she said this, the entire place fell silent. All the second-generation heirs' eyes were focused on this woman, as if they were looking at a dead person.

Chapter 3809 Blind Person

"What ... What's wrong? Did I say anything wrong?" The woman suddenly panicked when everyone looked at her in confusion.

She didn't know Shangguan LAN 'er, nor did she have any personal grudges with her. The reason why she said this was purely out of anger and jealousy.

Before Shangguan LAN 'er's appearance, as she was the only woman present, and her looks were not bad, she could be considered to be the center of attention. Including young master Xu lingchong, who had a deep background, everyone was quite fond of her.

Unexpectedly, as soon as Shangguan LAN 'er appeared, everyone directly threw her aside and ignored her. The difference was too great, so she could not help but ridicule her.

When Shangguan LAN 'er heard this, she just looked at him indifferently and snorted. Without saying anything, she walked directly into the VIP private room on the side.

However, the little Curly Bear on her body whimpered at the woman from a distance. Don't forget, although this little fellow was still in its infancy, curly bears were naturally high-grade spirit beasts and had high intelligence since young. It could understand everything the woman said.

Seeing Shangguan LAN 'er walk into the VIP room with a look of disdain, the woman was instantly stunned and immediately flew into a rage out of embarrassment. However, before she could speak again, Xu lingchong's face had already turned completely black.

"Who brought this woman here?" Xu lingchong did not even bother to look at the woman's expression. Instead, he coldly swept his gaze over the group of second-generation young masters.

Other than Shangguan LAN 'er, young master Xu's background was the most profound among the people present. At this time, when he made the request, the other second-generation young masters could only obey.

"Young master Xu, it's me." A second-generation young master raised his hand weakly.

This woman was a relative of one of the lower-ranked elders in the rising Sky Pavilion. She had been raised in her hometown, and because of her strength, she had been brought to the rising Sky Pavilion recently. However, she did not expect such a thing to happen on her first trip out. She did not know the immensity of heaven and earth. If she wanted to court death, no one could stop her.

"Bring her back and tell her family about today's matter. Let them handle it as they see fit. Also, if any of you give her any face in the future, you'll have to bear the consequences. " Xu lingchong coldly said.

To be honest, this woman was quite pretty. When he first met her, he was a little tempted. But if this woman was put together with miss Shangguan, they were not even worth a fart. Naturally, Xu lingchong would step on her without hesitation.

As soon as he finished speaking, Xu lingchong turned around and entered the VIP room, leaving behind a group of second-generation young masters looking at each other outside. There was also a woman whose face had turned pale as she realized that she was about to face a great disaster.

"Junior Sister LAN 'er, I've already taught that blind woman a lesson on your behalf. Come, drink some spirit tea that was just imported from Nakajima to calm down." Xu lingchong said with an apologetic smile.

This kind of spiritual tea was made by Nakajima's tea art master. A sip of it could clear one's mind and concentrate one's mind. It was also greatly beneficial to cultivation and could purify the genuine Qi in one's body. Every 50 grams of it cost at least 100 spiritual jades.

Before Shangguan LAN 'er could even take a sip, the little Curly Bear immediately snatched it away and drank it like it was water. After that, she even flashed a cup of tea at Xu Ling, signaling for him to pour more.

Xu lingchong's eyelids twitched uncontrollably. However, for the sake of Shangguan LAN 'er, she could only force herself to fill the little Curly bear's Cup. Her heart was bleeding. What was the meaning of wasting a heavenly treasure? this was the true F * cking waste of a heavenly treasure!

Shangguan LAN 'er couldn't help but laugh when she saw Xu lingchong's pained face, forcing himself to pretend to be generous. This guy really liked to put on an act, hypocritical to the extreme. In comparison, her Little Junior Brother Lin Yi was much more straightforward.

After hearing Xu lingchong's words, Shangguan LAN 'er deliberately changed the topic, "That Lin Yi from the welcome Pavilion, how's he doing? didn't you say you're going to find someone to deal with him for me?"

Did Junior Sister LAN 'er come here to condemn him?

Although he was happy to see Shangguan LAN 'er and Lin Yi being at loggerheads, if Lin Yi didn't get into trouble for a long time, it would affect her impression of him as a senior brother, and that would be a huge loss!

Xu lingchong was shocked. She immediately patted her chest and promised, "Junior Sister LAN 'er, don't worry. I've already sent someone to keep an eye on that kid. We'll make a move after we've figured out how strong he is. It'll be easy to get rid of him when we have the chance."

Speaking of which, Xu lingchong was a little embarrassed when he said that-he was the young master of the sky-rising Pavilion, and yet he had to go through so much trouble to deal with a rookie from the common world. He'd be too embarrassed to face anyone if he said something like that.

"Oh." Shangguan LAN 'er nodded nonchalantly. She didn't come here to instigate Xu lingchong to deal with Lin Yi in the first place. The reason she mentioned Lin Yi was just to follow what Lin Yi told her in the letter to start a conversation and to lead the topic to Yu Zhe and Nan tianyong.

After a short pause, Shangguan LAN 'er said, "Recently, I've heard a rumor that someone from the rising Sky Pavilion is asking around the world about the new disciples of the welcoming new pavilion. I wonder if senior brother Xu has heard about it?"

"Junior Sister LAN 'er, are you talking about Nan tianyong and Yu Zhe?" As the young master of the rising Sky Pavilion, Xu lingchong knew everything about the rising Sky Pavilion.

"I think that's the name. I've only heard of it before, and I just feel that this newcomer they're looking for might have something to do with Lin Yi. I've always heard that the enemy of my enemy is my friend. If it's not convenient for you to make a move on Lin Yi directly, why don't you contact these two? who knows, you might get some unexpected gains!" Shangguan LAN 'er suggested, pretending to be indifferent.

Xu lingchong was stunned for a moment before her eyes lit up. "Yeah! Junior Sister LAN 'er is really smart. If you didn't remind me, I wouldn't have thought of this!"

This wasn't a lie. If it wasn't for Shangguan LAN 'er's guidance, Xu lingchong would've just let these rumors go in one ear and out the other. She wouldn't have thought of Lin Yi at all, and she wouldn't have thought of joining forces with someone like Yu Zhe.

Although Yu Zhe was also an inner sect disciple of the rising Sky Pavilion, his background was ordinary. They were on completely different levels, so he couldn't enter Xu lingchong's eyes at all. He felt that it was embarrassing.

In fact, not only Yu Zhe, even his master, Nan tianyong, might not really care about his position as the supervisor Deacon of the rising Sky Pavilion.

Chapter 3810 Did You See Wrongly?

However, although Xu lingchong didn't really intend to cut ties with this master and disciple pair, if it was really as Shangguan LAN 'er said, and the powerful newcomer of the welcome Pavilion they were looking for was really Lin Yi, then there was no harm in using him.

With the master and disciple's attitude of asking around the world, the only possibility was that this person was their mortal enemy. If they could confirm that it was Lin Yi, then he wouldn't even need to

worry about it. These two would go after Lin Yi themselves. It was easy to get someone else's help to kill him, why not?

More importantly, it was rare for Shangguan LAN 'er to personally ask him about it. Putting aside the fact that this matter would be beneficial to Xu lingchong, even if there were no benefits, he would definitely agree to it in order to please this Junior Sister of his, LAN' er. It was impossible for him to reject her.

After figuring out the key points, Xu lingchong immediately said to Shangguan LAN 'er, "I'll talk to them in a couple of days, and we'll go to the welcome Pavilion together to see if the person they're looking for is Lin Yi or not. If you're free, why don't you join us, Junior Sister LAN?"

"Alright," he said. Shangguan LAN 'er agreed without any hesitation.

Lin Yi didn't explain what happened in the letter, nor did he mention his other identity as Lin er. He only asked her to do him a favor according to the letter, so Shangguan LAN 'er wanted to see what Lin Yi was up to this time.

It was another good opportunity to develop feelings with Junior Sister LAN 'er! Xu lingchong was overjoyed to see this. However, when he turned around and saw what the little Curly Bear had done, his face instantly collapsed. He wanted to cry but had no tears.

As it turned out, while the two of them were talking, the little Curly Bear had not been idle at all. It had secretly finished the two pots of spiritual tea on the table. The price of the two pots of spiritual tea was 500 spiritual Jade!

In other words, in such a short period of time, the little fellow had helped young master Xu squander five hundred spiritual jade pieces. No matter how powerful his family background was, he couldn't afford to squander so much!

"Then ... I'll be leaving first." Seeing this, Shangguan LAN 'er did not know whether to laugh or cry. She could only drag the little Curly Bear and leave quickly. Otherwise, if they continued to stay here, she was afraid that Xu lingchong would lose her mind and go crazy on the little guy.

Time flew by, and the fifth round of the welcoming new pavilion's Rookie Challenge began as scheduled. As usual, all the rookies had already gathered by the side of their respective arenas, waiting for the challenge to begin.

However, the difference between this round and the previous four rounds was that there were a few uninvited guests on the GreenCloud Pavilion's side. They were Xu lingchong and his group.

All of the new disciples immediately broke into a heated discussion. This was because, apart from Xu lingchong and Shangguan LAN 'er, there was also an unfamiliar face who was also an inner sect disciple of the rising Sky Pavilion.

As expected, it was this guy!

Lin Yi's eyelids twitched the moment he saw Yu Zhe appear behind Xu lingchong. It was all thanks to Shangguan LAN 'er's tip-off and his timely reaction that this time around. Otherwise, it would be really dangerous if he let this guy continue his investigation.

"Young master Xu, you've finally come." When Meng jueguang saw Hu Yunfeng accompanying Xu lingchong's group, he quickly went over to greet them with a flattering expression.

Xu lingchong nodded to him and immediately introduced them to each other, "This is our rising Sky Pavilion's Yu Zhe, and this is the GreenCloud Pavilion's new manager, Meng jueguang, whom I told you about on the way here. You two should get to know each other."

This time, only Yu Zhe rushed over with Xu Ling. His master, Nan tianyong, also wanted to come over, but because of a mission midway, he was transferred over by the law enforcement Hall to cooperate, so he could only delay it.

"Oh, so it's senior brother Yu. It's an honor to meet you." Meng jueguang did not know what was going on. He thought that the other party was Xu lingchong's underling and that his strength was above his own, so he quickly tried to get close to him.

Yu Zhe couldn't help but want to roll his eyes. I've been hiding in the library Pavilion for three years, and even the inner disciples of the rising Sky Pavilion might not have heard of me. This Meng Jue Guang is just the new person-in-charge of the welcoming new pavilion, and he's actually saying that he's been looking forward to meeting you for a long time. I don't know whether to laugh or cry.

However, these were just words for show, so Yu Zhe naturally wouldn't expose him. He immediately replied, ""You're too kind, brother Meng is young master Xu's favorite. I should be the one saying "long time no see.""

Hearing this, Meng jueguang was secretly pleased. He thought to himself, "this Yu Zhe is really good with his words. Young master Xu's favorite is the direction that I'm working towards in the future. As long as I firmly hold on to young master Xu's thick leg, it's not a problem for me to rise to the top!"

The two of them exchanged pleasantries for a while. Seeing that the newcomer challenge was about to begin, Xu lingchong coughed lightly and interrupted,""Alright, stop being so polite. Let's get down to business."

Yu Zhe nodded and cut straight to the point: "Brother Meng, I've heard that there's a new disciple surnamed Lin in your GreenCloud Pavilion. I wonder if he's present today? can you point him out for me to take a look?"

"A newcomer with the surname Lin? His strength is particularly outstanding?" Meng jueguang frowned. There was no doubt that Yu Zhe was talking about Lin Yi, but why was he asking about Lin Yi?

Although he was puzzled, Meng jueguang still pointed out for him,"There, that's Lin Yi. He's not that strong among the newbies, but he's always liked to show off. He's not popular, and he's a bit retarded,"

Meng jueguang thought that something good was going to happen to the strongest newcomer, so he beat Lin Yi up and pushed Meng Tong out!

Following the direction of Meng jueguang's finger, Yu Zhe sized up Lin Yi from afar. His figure was quite similar to the Lin er in his impression, but when he took a closer look at Lin Yi's face, he immediately confirmed that this Lin Yi and the Lin er he was looking for were two different people. They looked completely different.

Yu Zhe looked at it for a long time before finally shaking his head at Xu lingchong and the others. He said in disappointment,""Although this person's figure looks similar, his appearance is completely different. He's not the person I'm looking for."

"Are you sure? Take a closer look, are you sure you're not mistaken?" Xu lingchong frowned and said.

He couldn't wait for Lin Yi to be the Lin er that the guy was looking for-he'd have another helper to deal with Lin Yi, and he'd be able to save himself from worrying too much.

However, Xu lingchong couldn't be more anxious than Yu Zhe.

After all, Xu lingchong only wanted to save some energy by using someone else to kill him. However, Yu Zhe was currently stuck in a quagmire. Not only were his injuries unhealed, but he also owed a huge amount of spirit Jade due to the high-interest loan. Not only was he in a hurry to dig out Lin er to take revenge, but more importantly, he wanted to get back the crucial Star inkstone!
