

## Bodyguard 3861

### Chapter 3861 Strange

If it were anyone else present, they'd be begging for her hand with just a look, let alone reaching out. They wouldn't even be as cold as Lin Yi, who didn't even reach out his hand.

Even though he was a little embarrassed, Murong Zhen quickly regained his composure and said in a coy voice, ""In the future, we'll all be newbies of the GreenCloud Pavilion, while I'm just a weak girl who has no one to rely on. Big brother Lin, you have to remember to take good care of me!"

The ravings were seductive, and as they hadn't seen a woman in a long time, even the practitioners with strong self-control couldn't help but feel their hearts flutter. They wanted to replace Lin Yi with themselves and take this soft beauty into their arms and cherish her.

Lin Yi only responded with a noncommittal smile, not planning on talking at all.

This scene made everyone's jaws drop once more-if they'd thought that Lin Yi was just stupid and didn't know how to appreciate favors, they were no longer thinking that way.

Thinking back to the rumors about Lin Yi having countless girlfriends in the common world, a thought appeared in everyone's mind-this lecherous Lin Yi probably didn't ignore this beauty at all, but was just acting like he was used to acting cool and playing hard to get!

As high and mighty cultivators, even if it wasn't easy for them to win the favor of female cultivators of the same strength, their status among ordinary people was undoubted. If they really wanted to, they would definitely not lack women. Naturally, they also had a set of skills in dealing with women.

Playing hard to get, as long as the timing was right, this move could not only leave a deep impression in the other party's heart, but it was also more useful in many cases than unbridled ingratiation!

However, the prerequisite for using this move was that it had to be attractive enough. In the cultivation world where the strong were respected, it meant that one had to have enough strength and a strong background at the same time. Otherwise, it would only backfire.

In terms of strength, Lin Yi was the head of the pack. He was strong in front of the new disciples, but he was only at the early Foundation Stage. Murong Zhen, on the other hand, was at the peak of the early Foundation Stage, which was a whole level higher!

In terms of background, Lin Yi was just a rookie from the common world. Even if everyone here was a grassroots individual practitioner, their background and strength were much better than Lin Yi's. After all, no matter how poor they were, as local practitioners, they still had some connections.

Not to mention, this beauty Murong was rumored to be related to elder Murong of the rising Sky Pavilion. This background was unattainable for anyone here, let alone a weakling like Lin Yi who came from the secular world!

"Just wait and see. This pretentious leader will lift a stone and smash his own feet sooner or later. It will be interesting when he is stepped on by the Murong beauty!" Meng Tong sneered.

Li Zhengming couldn't help but smile when he heard this. He didn't know if boss Lin Yi really had any feelings for Murong Zhen, but he knew that if they really fought, boss Lin Yi would definitely crush his opponent in a matter of minutes!

Therefore, Meng Tong's self-indulgent thoughts could only be described in one word-naive!

But he obviously wouldn't say it out loud, and just laughed coldly. Of course, the person he laughed at wasn't Lin Yi, but the newbie.

Seeing that Lin Yi didn't respond to her, Murong Zhen was really annoyed. This guy, why didn't he give her face?!

The only reason she was trying to get on Lin Yi's good side was because he was the stronger one among the group, and the other newbies seemed to be afraid of him. She felt that he wasn't simple, and she could use him.

She'd thought that this sort of thing would be a piece of cake for a beauty like her, and that she'd be able to get Lin Yi to bow down to her like a piece of cake, but she didn't think that Lin Yi would be so insensible, turning a blind eye to her two public displays of goodwill!

Did this guy really think that he was a super young master like Xu lingchong? did he really want a beauty like her to take the initiative to throw herself at him?

You're just an early Foundation establishment cultivator without any background. It's already a blessing that I'm willing to take a look at you, and you want me to throw myself at you? PEI, you're not worthy!

Although she was angry, there were so many people watching and it was her first time appearing in front of everyone. Murong Zhen did not want to lose her demeanor and affect her image. She had not given up on herself yet.

Even if she was to be banished to the GreenCloud Pavilion as a newcomer, Murong Zhen had no intention of giving up. She was still planning to use the time she had left in the welcoming Pavilion to rope in a few powerful newcomers with a bright future so that she could prepare to deal with Shangguan LAN 'er in the future!

In order to deal with the high and mighty young miss Shangguan LAN 'er, the new disciples of the GreenCloud Pavilion would definitely not be of much use. However, they were not completely useless. At that time, it would still be possible to set up a scheme and use them as cannon fodder.

Lin Yi's cold response made Murong Zhen feel awkward and annoyed, but Meng jueguang, the senior Steward, stepped out to help her out.

"Alright, everyone, quiet down. I'll formally introduce everyone!" Meng jueguang pretended to smile at Murong Zhen gently and then introduced in a clear voice, "From today onwards, this miss mu Rong is officially a newcomer of our GreenCloud Pavilion. Like everyone else, she will be participating in the newcomer's test. As for the tests that have already been taken, there will no longer be a make-up test for them."

After a pause, Meng jueguang continued, "In addition, as the fifteen cave abodes at the foot of the mountain are already full, according to the instructions of the higher-ups, we are to build a wooden house for miss Murong as a temporary residence."

Everyone looked at each other when they heard this. They would be lying if they said that they were not suspicious of Murong Zhen's arrival.

With Murong Zhen's strength and background, he could join one of the three great pavilions with just a word. The fact that he had joined the welcoming Pavilion halfway through was already strange enough, not to mention that he had not joined the rising Sky Pavilion, but the GreenCloud Pavilion.

In this way, even if he were to leave the welcoming new pavilion in the future, according to the rules of the three great pavilions, he could only become an inner disciple of the GreenCloud Pavilion and not an inner disciple of the rising Sky Pavilion. The difference in treatment between the two was huge!

To Murong Zhen, who was supposed to become an inner disciple of the rising Sky Pavilion, this was an inhumane and merciless suppression!

Furthermore, after Murong Zhen became a new member of the GreenCloud Pavilion, not only did she lose the starting line in the important newcomer assessment, she did not even have a broken-down immortal's cave. All she had was a temporary wooden house!

Chapter 3862 Friendly Reminder

As long as one calmed down and thought about it carefully, one would be able to figure out that there must be a hidden story behind this. It was very likely that this Murong beauty had offended some Big Shot, and that was why she had encountered such a situation!

It was also because of this that Lin Yi had considered this problem from the start, and intentionally distanced himself from Murong Zhen. He didn't want to get involved in the battle between these big shots.

However, the others did not think so. Murong Zhen was a beautiful woman. Even though they had their own speculations, they could not help but be attracted to her. They could not help but feel their hearts sway.

Even if Murong Zhen had offended a higher-up, it would definitely be someone from the rising Sky Pavilion. It wouldn't matter much if they went to the GreenCloud Pavilion in the future! Moreover, it might even be the elders who deliberately trained!

Taking in everyone's expressions, Meng jueguang sighed and said, "From my point of view, I also feel that this is a little unfair, but this is the order of the higher-ups, after all, and no one can change it. But fortunately, miss mu Rong is already at the peak of the early stage of the foundation building realm. Her future is destined to be boundless. I believe that she won't care too much about the newcomer's assessment and the cave dwelling. For the time being, I can only trouble you. "

Although Meng jueguang was putting on an act, half of his sigh was sincere. After all, even heroes would fall for the charms of a beauty. No matter how deep Meng jueguang's schemes were, he was still a man full of vigor and vitality. The temptation of a beautiful woman like Murong Zhen was huge.

Under everyone's watchful eyes and hearing Meng jueguang's words, two clear trails of tears appeared on Murong Zhen's face. However, he still pretended to be strong and said, "Senior brother Meng, from today onwards, I'm no longer miss mu Rong. I'm just an ordinary new disciple of the GreenCloud Pavilion. You can just call me Junior Sister. Also, regarding the newcomer examination and the cave abode, I have no problems with it. Please don't worry about me. "

With just a few words, almost all the men present, including Meng jueguang, had been captured by this woman!

Compared to acting cute, a woman like her, who was obviously weak but pretended to be strong, could arouse men's desire to protect her. People couldn't help but feel tender and protective towards her!

This woman was really good at acting! Lin Yi's lips twitched. They didn't know each other and had no grudges against each other, but his instincts told him that this woman wasn't as weak and harmless as she appeared to be.

He'd been in contact with all sorts of women in the common world, and he knew how to treat people—he had his own way of reading people.

Murong Zhen's brows were very far apart. He was no longer a Virgin. Whether it was the space between his brows or the way he walked, he exuded a flirtatious aura. If his judgment was correct, this woman's nightlife should be more frequent and chaotic.

The Sky Class Island wasn't as open as the secular world. There were still many ancient customs, and the boundaries between men and women were very strict. With such a background, a woman like Murong Zhen couldn't be considered a good person.

Lin Yi just wanted to level up in peace and go to Nakajima to find Zhang Liju. He didn't have time to waste with this woman.

But what Lin Yi didn't know was that for some narrow-minded women, his behavior of keeping a distance from them was enough to make them hate him!

"Alright, if everyone doesn't have anything urgent to do, then bring out your manliness and help our Junior Sister Murong build a house!" Meng jueguang beckoned to the crowd.

"Alright!" The response immediately exploded. In order to leave a good impression in front of beauty mu Rong, all the new disciples of the GreenCloud Pavilion rushed to do their best, afraid of falling behind.

Xiao ran, Qiao hongcai, and the others didn't follow them immediately, but stayed to wait for Lin Yi's orders.

"Let's go. Since they are all newbies of the GreenCloud Pavilion, let's go over and help them. " Lin Yi smiled faintly.

Although he didn't want to interact too much with this Murong Zhen, they were both newbies of the GreenCloud Pavilion. Even if it was just for the sake of his reputation, he had to help him.

Of course, there were already so many people rushing to go, even if Lin Yi and the others went, they would at most be there to help. Building a wooden house was a small matter to practitioners like them.

In just half an hour, under the hard work of the new disciples of GreenCloud Pavilion, a wooden house had been built in front of the cave dwelling at the foot of the mountain. Although it was a little rough and the feeling of living in it would not be good, other than the spiritual Qi, cultivators did not have high requirements for the outside environment. This was already enough to make do with it.

As for spiritual Qi, even the best cave abode at the foot of the mountain would not be able to satisfy Murong Zhen's cultivation needs, let alone the wooden house. Therefore, in theory, the effect of the cave abodes and the wooden house was almost the same to Murong Zhen.

Of course, the cabin was only temporary for her. If she had the intention to fight in the next challenge, then the one who would live in the cabin would be an unlucky person.

Regarding this point, the GreenCloud Pavilion's new disciples, who had been completely mesmerized by Murong Zhen, seemed to have yet to react. Right now, all they could think about was how to please this beautiful woman.

As long as he could win Murong Zhen's heart, not only would he be able to win the Beauty's favor, he would also have one more backer. Why not?

Putting aside Murong Zhen's rumored background, she herself was a true foundational peak-level practitioner! This level of strength was enough to kill all of the new disciples in the pavilion, including Lin Yi!

Even if he was suspected of living off a woman, if he could find a way to hug such a thick leg, that situation was wonderful just thinking about it!

After building the wooden house for Murong Zhen, the new disciples of the GreenCloud Pavilion quickly dispersed, with the exception of a few who had ulterior motives and wanted to please Murong Zhen.

They still had to prepare for the next round of the challenge competition and spend their true Qi to grow the spiritual herb seeds. There were many things that needed to be done, and they didn't have much time to waste.

As for Murong Zhen, the beauty who had descended from the sky, to most of them, it was just a feast for their eyes. With their strength and qualifications, it was not realistic for them to get the beauty. No matter how much lust had blinded them, they knew their own limits.

As for Lin Yi and the others, before they left, Lin Yi specifically reminded them, ""This woman is not simple. If there is no need, we should keep a distance from her."

#### Chapter 3863 Visiting In The Middle Of The Night

Femme fatale. There were countless examples of his brothers falling out with each other because of women. Although Xiao ran and Qiao hongcai had good characters, if they were really seduced by this woman and tried to drive a wedge between them, it would be hard to say what would happen.

Lin Yi had to be on guard against this, so he needed to give them a heads up.

"Don't worry, boss. We'll do whatever you do!" Xiao ran and Qiao hongcai nodded without hesitation. It was true that after staying in the welcoming new pavilion for so long, Murong Zhen was more or less attractive to them, but not to the point of being blinded by lust.

There was no need to talk about Xiao ran. He had seen all kinds of people's fickleness since he was a child in the secular world. His calm, rationality, and self-control were beyond doubt. Although Qiao hongcai looked hot-blooded and simple, he could tell from the previous challenge against Meng Tong that this guy was meticulous even though he was rough. He was not a character that could be easily used by others.

After returning to the cave, Lin Yi entered the Jade space out of habit. Other than his daily training, his main task now was to take care of the two heart-eating exquisite grass that had just sprouted.

Because these seeds were cultivated in batches by the spirit medicine nursery through a special method, they belonged to the category of congenital deficiencies. Moreover, the method of true energy infusion changed the growth cycle, which was a kind of destruction to the spirit medicine seeds themselves, which were already lacking in Yuan Qi. Therefore, under normal circumstances, the color of the spirit medicine cultivated in this way was generally low, and basically did not reach the average standard.

It wasn't easy to get two heart-devouring exquisite grass seeds, but in the end, he only got two malnourished ones. Lin Yi couldn't accept this.

Fortunately, there was sufficient spiritual Qi in the space of the jade pendant. To a large extent, it made up for the disadvantage of the congenital deficiency. The color was not very good, but it could still reach the average standard.

What Lin Yi needed to do now was to continue taking care of these two heart-devouring exquisite grass seedlings. When they were fully grown, he could start making Foundation-stage golden pills.

Other than the two stalks of heart-devouring exquisite grass, Lin Yi didn't just give away the other seedlings in the Jade space to exchange for points. He kept them here and returned the seedlings he'd gotten from the others in batches.

They had to split the saplings in batches so that they wouldn't raise any suspicions. After all, they didn't have the Jade space like Lin Yi did, and the other people wouldn't be able to grow the saplings in their hands. They'd have to hand them all over in one go.

If they really did that, Xiao ran, Qiao hongcai, li Zhengming, and even Zhong pinliang from the rising Sky Pavilion would definitely attract attention if they handed over ten or more seedlings at the same time, given that most of them couldn't even grow one.

By then, if someone really wanted to investigate, not only would the secret of them growing the seeds be exposed, but pinliang and Lee Zhengming's identities as spies would also be exposed. That would be troublesome.

For safety's sake, Lin Yi decided to make it more complicated and have these people hand in the herbs in batches. As long as they didn't hand in the herbs at the same time, it didn't matter if they had a higher survival rate.

The sissy manager of the spirit herb nursery had said that cultivating spirit herb seeds not only depended on strength and skill, but also luck.

If the survival rate of a few people was higher, the others could only be envious. At most, they would suspect that these people had mastered the key tricks, but they would not think too much.

Lin Yi had Xiao ran and the others give out their seedlings in batches, but he didn't give out his thirty-nine seedlings in batches. Instead, he kept them in the Jade space, planning to take them out all at once.

How many people would be blinded by his brilliance? especially people like Kang Zhaoming, who was waiting to laugh at him.

It was night time, and Lin Yi was in the middle of practicing when his heart twitched-someone was activating his cave's restriction.

For him to come at this time, could it be that Lee Zheng Ming had some new information? That was Lin Yi's first reaction, but when he opened the door and saw the person standing in front of him, he couldn't help but freeze.

"Big brother Lin, my wooden house is transparent on all sides, can I borrow your cave to take a bath? The weather is so hot, and it's so uncomfortable to be stuck all over!" Murong Zhen was wearing thin clothes, leaning against the door with her eyes on Lin Yi.

Lin Yi looked at her coldly and raised an eyebrow. What was she up to this time?

"I'm sorry, but I don't think there's any water in my cave. " Lin Yi replied, his face calm.

He had to admit that this Murong Zhen was pretty-even Lin Yi, who'd seen all sorts of pretty girls before, had to admit that she was the best!

But Lin Yi wasn't interested in women like her-he was even more on guard.

Once he got too close to this woman in front of him, needless to say, he would be in trouble and it would be impossible to hide from her.

Lin Yi didn't know what Murong Zhen's true intentions were, but one thing was for sure-there was something wrong with this. This woman wasn't up to anything good.

Lin Yi's reaction was as cold as it was during the day, and Murong Zhen was surprised again. He thought that he'd be able to make the other submit this time.

After half a day, it would be a piece of cake for her to find out the current situation of the GreenCloud Pavilion's new disciples. As a bystander, she could see that Meng Tong's group was far weaker than Lin Yi's group, even though he had Meng jueguang's support.

After summarizing everything that had happened to Lin Yi before, one would realize that this new guy from the common world wasn't just stronger than the other newbies, his potential wasn't to be underestimated either!

With his own strength, he was able to make Meng jueguang, the eldest senior brother steward who had the backing of young master Xu lingchong, feel helpless. How could this be something that an ordinary person could do?

This man was not simple! This was Murong Zhen's judgment on Lin Yi after gathering all the information from the rookies. It was because of this that she had to put down her pride and seduce Lin Yi at night when there was no one around.

In order to take revenge on Shangguan LAN 'er, the number one young lady of the rising Sky Pavilion, Murong Zhen had to think of all sorts of ways to accumulate power. Even among this group of newbies of the GreenCloud Pavilion who had no background or strength, she had to think of a way to pick out a few with potential as cannon fodder.

Chapter 3864 Not Joking

This Lin Yi seemed to be quite capable, so it was obviously a good choice. Moreover, Lin Yi and lingchong Xu had enmity, so naturally, they were on the same side!

As for how to get Lin Yi on his side, it was a piece of cake for Murong Zhen.

For a beauty like her, wasn't her body the best method? Murong Zhen would never find it too much to be a guest and a subject under her skirt. If necessary, she would not even mind letting the other party have a taste of sweetness, just like the current situation!

As far as she was concerned, it was understandable for a man like Lin Yi to be so cold to her during the day in front of so many people. If he acted like a pig, it could damage the image he'd built up before.

Now, in the dead of the night, there was no one around, and he, a beautiful woman, had taken the initiative to come to his door. There should be nothing to pretend anymore!

The result was completely out of Murong Zhen's expectations-it was just a man and a woman alone, and he'd already hinted so obviously, but Lin Yi was still pretending! Murong Zhen couldn't help but start suspecting if there was something wrong with Lin Yi's brain.

Or was this person sick in that area and had no interest in women? otherwise, there was no reason for him to resist her temptation!

Lin Yi's cold eyes made Murong Zhen calm down quickly, but he didn't give up. He licked his lips seductively and said, "If you don't have water, you can get water from outside. Big brother Lin, you can't bear to see a weak girl go get water by herself, right? I'm so sticky right now, it's really uncomfortable not to shower!"

If it was any other newbie in the GreenCloud Pavilion, such as Meng Tong, who was a simple-minded person, Murong Zhen Zhen would probably have already started to make moves on her and become her loyal subject.

Unfortunately, the person Murong Zhen was facing right now was Lin Yi.

Lin Yi couldn't help but sigh as he looked at Murong Zhen's alluring ways, making men's noses bleed. This woman really wouldn't stop until she got what she wanted!

"Miss mu Rong, it's getting late. In addition, men and women should not touch each other. Your request is a little inconvenient. I'm sorry that I can't do anything. Please go back." Lin Yi shook his head indifferently.

"You!" Murong Zhen wasn't panicking at all-his chest was already heaving up and down as he pointed at Lin Yi, speechless.

Over the years, she had more than twenty men under her skirt. Murong Zhen had always been very confident in her looks. Besides, she knew men very well. As long as she gave them a little bit of sweetness, they would definitely take the bait.

Whether it was in her hometown or in the days when she came to the three pavilions, Murong Zhen had always tried seducing her. If she had not offended Shangguan LAN 'er, she would have been like a fish in water by now and become a famous lady in the three pavilions.

Even though they had been sent to the welcome Pavilion, from the reactions of the new disciples of the GreenCloud Pavilion, these people were nothing more than trash in Murong Zhen's eyes!

But Murong Zhen didn't think that her tried and tested tactics wouldn't work at all in front of the Lin Yi of the common world. He didn't even want to throw himself at him! How could a beauty like her stand this?

No matter how loose she was, she, Murong Zhen, was still a woman. When she could not even seduce a man with her body, it was a huge blow and stimulation to her. It was definitely fatal and the consequences were terrifying.

Murong Zhen pointed at Lin Yi for a long time before turning to rage. "Are you even a man! Don't you know what it means to have tender and protective feelings for the fairer sex? You're just a grass root from the secular world, what's there to be arrogant about? I'm giving you a chance because I'm praising you. Otherwise, I wouldn't even bother to look at you, a trash with no strength or background!"

"In that case, it's this one's honor?" Lin Yi smiled faintly, not denying it.

"Isn't it? An idiot like you who doesn't know how to flirt, this beauty is sure that you won't be able to hook up with any woman in this life. You can just wait to be single for the rest of your life!" Murong Zhen paused for a moment before he added, ""Even if there are, they're at most those ordinary people from the secular world who have never seen the world. They're trash that can't even compare to a toe of this beauty!"

"Then I'm really sorry. My girlfriends are not the most beautiful, but compared to you, miss Murong, they're more than enough." Lin Yi said with a cold smile.

He had originally planned to play along with this Murong Zhen. Even if he did not want to get too close, there was no need for them to become enemies. No matter what, the other party was quite powerful and had a strong background. If he could avoid provoking him, it was better to do so.

But now that the other party had started calling his girlfriends trash, Lin Yi didn't intend to pretend that he didn't hear it. After all, women had always been Lin Yi's most untouchable reverse scale!

Well water doesn't interfere with river water-this was Lin Yi's original plan, but now that the other party had crossed his line, there was nothing more to say.

So what if you're a peak early Foundation establishment cultivator? so what if you have the backing of an elder from the rising Sky Pavilion? if you dare to cross my bottom line, I'll beat you to death!

"More than enough compared to this beauty?" Murong Zhen laughed as if he had just heard the funniest joke in the world. He pounded his chest and stomped his feet, unable to straighten his back.

Lin Yi, on the other hand, just stood at the door, watching coldly. He wanted to see what this woman was up to.

After laughing for a while, Murong Zhen finally straightened his back and pointed at Lin Yi, shaking his head. "Big brother Lin, I thought you were a stupid man who didn't know how to love, but it seems like I really misunderstood you. If you were really so stupid, how could you make me so happy with just one sentence? Speaking of which, I haven't heard such a funny joke in a long time!"

Murong Zhen even poked Lin Yi's chest affectionately as she spoke, her intentions clear as day.

However, Lin Yi pushed her away with one hand without any mercy, his face playful, "A joke? I'm sorry, but I only joke with my friends. It's a pity that Miss Mu Rong isn't one, so you shouldn't think too much about it. "

When Murong Zhen heard this, he could not help but freeze. His originally seductive face suddenly turned extremely ugly, and the sinister look in his eyes made people shiver. Fourth update! Let's do an investigation. Does everyone want to let Tian Gang appear first or quietly appear?

#### Chapter 3865 Can Only Be Enemies

"Hmph! This beauty has put down her airs and expressed her goodwill in all ways possible. Since you don't know how to appreciate my kindness, then don't blame me for being impolite! I forgot to tell you, in this beautiful woman's heart, since we can't be friends, then we are enemies. I will not let any enemy live so leisurely!" Murong Zhen sneered.

This time, she was really angry, and the aura of a peak early Foundation Stage practitioner came out of her body without holding back, pressing on Lin Yi's head.

No matter how weak she acted, she was still a peak-level early Foundation Stage practitioner. If she really wanted to deal with a "early Foundation Stage" practitioner like Lin Yi, it would be a piece of cake.

Women were not to be trifled with, and a woman like her, who was not broad-minded but not weak, was even more so!

"I'll ask you one last time. Are you going to be his friend or enemy? Think carefully before you answer this question, or you will regret it, this beauty promises you!" Murong Zhen said in a cold voice.

"Hehe, since seduction didn't work, you've changed to coercion? It's only her first day at the welcoming new pavilion, and she's already so eager to establish a force. This woman seems to be plotting something big!" Lin Yi couldn't help but laugh inside, but he didn't show it on his face.

Lin Yi paused for a moment under Murong Zhen's intimidating aura before replying, "Miss mu Rong, we should mind our own business and I have no intention of becoming your enemy. But if you insist on doing this, then I will have to force myself to do so."

"Woof! Reluctantly? You're just an early Foundation Stage cultivator from the secular world. Do you have the qualifications to say such words in front of this beauty? You're too arrogant!" Murong Zhen was about to attack in anger.

If they were not friends, then they were enemies. There was no third possibility!

As for Lin Yi's "well water does not interfere with river water" talk, it was all bullshit to Murong Zhen. If she wanted to take revenge on Shangguan LAN 'er, she had to accumulate strength and power at all costs. Looking at all the new disciples of the GreenCloud Pavilion, there were only a few who had the potential to be cannon fodder for her.

Among these people, people like Meng Tong were the direct descendants of Meng jueguang, and Meng jueguang was Xu lingchong's man. She, Murong Zhen, would not be able to compete with him in a short period of time. In other words, even if she put down her status and took the initiative to seduce him, it would be impossible to make Meng Tong and the others become her true loyal fans. At most, she could use them a little behind young master Xu's back.

Lin Yi and the others, on the other hand, were different-they were actual grassroots without any background or backing. With a little bit of scheming, it was possible to make these people bow down to her.

If he wanted to get Lin Yi's gang under his control, the most important step was naturally to get Lin Yi under his control first. As long as he could get Lin Yi under his control, Xiao ran and Qiao hongcai would be no problem at all.

Not to mention, as far as Murong Zhen was concerned, Lin Yi was the one with the most potential out of all the new recruits. After he recruited Lin Yi, he might really become the number one figure in the future if he had the luck.

So, subduing Lin Yi was something that Murong Zhen had to do. Even if she was treated coldly during the day, she still lowered her status and came to seduce him at night. If it was necessary, she didn't mind giving Lin Yi a taste of sweetness. After all, Murong Zhen had always been confident in her own body.

It was a great idea, but it was all for naught now that things had developed to this point. Since seduction didn't work, she had to change her mind. If soft methods didn't work, she'd use force-force Lin Yi down.

The world of practicing had always respected the strong, and Lin Yi would probably fall for it as well.

Just as Murong Zhen was about to use his strength to force Lin Yi into submission, Lin Yi suddenly spoke up, ""Is this really a good idea? If you fight without reporting, you will be severely punished in the welcome Pavilion. Miss mu Rong, are you not afraid of being hit when you are down?"

Lin Yi's expression was calm as he spoke, not panicking at all. It was a casual reminder, and if Murong Zhen insisted on not listening, he wouldn't mind playing along.

Murong Zhen's aura faltered when he heard this. He could not help but shiver when he regained his senses.

As Lin Yi said, she was in a bad situation!

Originally, she could have become a member of the core circle of the second generation of the rising Sky Pavilion. Now, she had suddenly been knocked down to the dust and became a low-level newcomer with no status in the GreenCloud Pavilion. If she were to commit any crimes at this time, she believed that those people who had sent her away would definitely not mind stepping on her again in order to please Shangguan LAN 'er and Xu lingchong.

If that happened, she, Murong Zhen, would be blacklisted by the welcoming new pavilion. At that time, she might not even be able to enter the GreenCloud Pavilion. She would be completely cut off from the three great pavilions. That would truly be a tragedy. She would never have the chance to make a comeback in this lifetime!

With that thought, Murong Zhen quickly retracted his aura and glared at Lin Yi. It was all this Arrogant Bastard's fault that he almost made a big mistake!

"Just you wait, you'll regret this!" Murong Zhen left with a venomous look on his face. He turned around and left. Her seduction had failed, and she could not use force either. She would only be asking for a snub if she continued to stay here.

Lin Yi took a deep breath as he looked at Murong Zhen's alluring back. This was ridiculous-threatening after failing with seduction? If it wasn't for Lin Yi killing her now, she would be dead already!

He didn't want to expose his strength yet, but the girl was already on his blacklist.

There might be trouble in the future, but what was done could not be helped. This woman wasn't a good person, after all. If she was an enemy, so be it. Lin Yi had enemies all over the place, and it didn't matter if he had one more.

What Lin Yi didn't know was that even if he didn't become enemies with Murong Zhen today, he'd still have to stand against him in the future. He was just trying to make their relationship clear.

But it didn't matter-he'd just deal with it as it came. Lin Yi shook his head with a faint smile and entered the Jade space to continue his training as if nothing had happened.

What Lin Yi needed to do now was to stabilize his peak of the early Foundation Stage while the heart-devouring exquisite grass was still in its infancy stage, and do his best to strengthen his Foundation in preparation for his next breakthrough.

Although it was said that as long as one could refine the Foundation Stage golden core, one could guarantee a breakthrough, but cultivation was never something that could be solved by simply taking pills.

#### Chapter 3866 The Purpose Of The Banquet

Even if Lin Yi took the Golden dan of the Foundation Stage, a pill that had no side effects, if he didn't put in the effort to cultivate, it would still cause his strength to become unstable. One had to know that

there were huge differences between Masters of the same level, and the reason why Lin Yi was able to lead far ahead was inseparable from his hard work!

While Lin Yi was training in the Jade space, building up his Foundation for his next breakthrough, he didn't know that the two most troublesome enemies he was facing had met.

Just as Shangguan Tianhua had predicted, the southern Heaven Gate did not give up after being rejected by the Hua Lan House. Although there were not many big shots who could stand up for him and put pressure on Hong Zhong, Shangguan Tianhua was not the only one in the rising Sky Pavilion.

For example, Xu Yuanzheng, the third elder of the rising Sky Pavilion and one of the members of the Council of Elders of the three great pavilions, also had this ability.

This time, Southern Heaven Gate did not visit Xu Yuanzheng alone like they had visited Shangguan Tianhua. After all, Xu Yuanzheng was different from Shangguan Tianhua. Although he was also one of the few big shots in the rising Sky Pavilion, he was only the third elder, not the pavilion master.

Shangguan Tianhua was undoubtedly the head of the rising Sky Pavilion. If the southern Heaven Gate visited him, no one would be able to find anything wrong with it. However, if he visited Xu Yuanzheng alone, it would be easy for people to understand that he was siding with the southern Heaven Gate.

Before he had chosen a side, he had been able to maximize his benefits by being the senior Steward of the rising Sky Pavilion. However, once he was misunderstood as choosing a side and was labeled as belonging to a different faction, it would be difficult for him to be able to do so.

However, this didn't stop him from asking Xu Yuanzheng, the third elder of the rising Sky Pavilion, for help. This was because Xu Yuanzheng still had a well-known spokesperson under him, his grandson, Xu lingchong. Through Xu lingchong's words, the southern Heaven Gate could also achieve his intentions without taking any unnecessary risks.

The place where the southern Heaven Gate and Xu lingchong had agreed to meet was the number one restaurant in the rising Sky Pavilion, the Huayang residence.

"Young master Xu, aren't you overestimating that guy from the southern Heaven Gate by spending so much money to invite him?" The young master sitting next to Xu lingchong asked with a puzzled expression.

His name was Lou Tianyou. Like Xu lingchong, he was the grandson of a powerful elder in the rising Sky Pavilion. However, his grandfather was ranked below Xu Yuanzheng. According to the rules of the second generation, his status was slightly lower than Xu lingchong's.

He had a very close relationship with Xu lingchong, and the two of them had a very deep friendship. In the circle, he was Xu lingchong's most reliable and reliable brother.

Basically, wherever lingchong Xu was, he was the second in charge. As for Kang Zhaoming and Meng jueguang, the new lackeys of lingchong Xu, they were far below him in status.

This time, Xu lingchong had asked Lou Tianyou to arrange the meeting with the southern Heaven Gate personally. Not only was it set at the Huayang residence, but the banquet alone had cost them nearly a thousand spiritual jades. This level of consumption was a little too much for young masters like them.

"Tianyou, why do you think I invited Southern Heaven Gate to this banquet?" Xu lingchong asked with a profound expression.

"Wasn't it this guy who sent you a message, saying that he wanted you to help him pass on a message to third elder?" Although Lou Tianyou was Xu lingchong's hardcore fan and had good strength and family background, this young master had never liked to use his brain.

Xu lingchong couldn't help but smile when he heard this. "He asked me to help him pass on the message, so he should be the one to treat him to a meal. Why should I spend so much money to entertain him instead? it's not like I'm sick in the head!"

"Then ... Why is that?" Lou Tianyou scratched his head in confusion.

"The reason is simple. He's the eldest senior brother in charge of the rising Sky Pavilion, while I'm the second senior brother in charge of the rising Sky Pavilion. I'm ranked below him." Xu lingchong said with a profound smile.

"So what? He had to treat him like this just because he was ranked below him? With young master Xu's background, isn't it a piece of cake for you to step on this kind of trash? before, young master Xu's strength was slightly inferior, so there was nothing to say about letting him be the senior brother steward. But now that young master Xu is also in the perfected Foundation Stage, what is there to be afraid of?" Lou Tianyou was even more puzzled.

Two months ago, when he was the special envoy of the rising Sky Pavilion to welcome the new disciples, he was only at the peak of the late Foundation establishment stage. Now, two months had passed, and with the help of all kinds of pills, he was already at the perfected Foundation establishment stage, just like the eldest senior brother of the South Heaven Gate, who was in charge of the rising Sky Pavilion, and was only one step away from the Golden core stage.

Hearing Lou Tianyou's doubts, Xu lingchong couldn't help but smile. "Tianyou, don't you see it clearly? I'll be frank with you. The reason why I've invited the southern Heaven Gate to this banquet today is to tell them that I'm already a perfected Foundation establishment cultivator. It's time for him to give up his position as the eldest senior brother of the rising Sky Pavilion's manager."

"So that's how it is! I knew it, our young master Xu isn't the kind of person who would let others take advantage of him for nothing. It turns out that he has such a deep meaning!" Lou Tianyou laughed out loud, but then he frowned and said, ""However, that Southern Heaven Gate does have some background. Young master Xu, will he really give it up just because you said so?"

"Hmph, let's see if he knows what's good for him. We'll use peaceful means before resorting to force. Today's meal was just a greeting. He has many more tricks up his sleeve." Xu lingchong coldly snorted.

Even he, young master Xu, was still a little afraid of the background of the three Nan brothers. Unless he had no other choice, he was not willing to become enemies with the three Nan brothers. However, the interests of cultivators came first. If the other party was so blind that they wanted to block his path, Xu lingchong would not mind paying a price to step on them.

"You people are always full of schemes and plots. I'm tired of listening to you. Anyway, I'll do whatever you tell me to do, young master Xu." Lou Tianyou scratched his head, feeling a headache coming on. Then, his expression changed to one of excitement. "Let's not talk about these troublesome things. Young master Xu, let me tell you something fun."

"What's fun?" Xu lingchong raised her eyebrows in surprise. Young masters like them rarely had anything serious to do when they got together. Basically, they just played all kinds of tricks. And Lou Tianyou was the most playful one.

"Murong Zhen, that B \* tch! I've kicked her all the way to the welcome Pavilion and even made her look like a newbie at the GreenCloud Pavilion. Even if she leaves the welcome Pavilion, she'll have to stay at a place like the GreenCloud Pavilion for good-for-nothing! Young master Xu, don't you think that's fun?" Lou Tianyou laughed and said proudly.

Unexpectedly, Xu lingchong said in confusion, "Murong Zhen? Who is that?"

Chapter 3867 Don't Want To Back Down

Ever since Murong Zhen arrived at the three great pavilions, he had been trying to attract the attention of many young masters from the rising Sky Pavilion, especially someone as important as Xu lingchong. However, the sad thing was that even though Xu lingchong had shown some interest in her face, he had never really taken it to heart. He did not even remember her name clearly.

"The slut who scolded miss Shangguan here last time? Young master Xu, have you forgotten?" Lou Tianyou said in surprise. The reason why he had put in so much effort to punish Murong Zhen was to please lingchong Xu. It would be too boring if lingchong Xu had no impression of this woman.

"Oh, it's her," Xu lingchong reacted and nodded her head, still showing no interest. With his status and background, a small Murong Zhen was not enough to catch his eye. However, thinking about how she had scolded Shangguan LAN 'er back then, she agreed to the game indifferently, "That's good. Then let her stay. Out of sight, out of mind."

As for continuing to deal with Murong Zhen, Xu lingchong was not in the mood at all, especially since this person was related to elder Murong. It was enough for her.

"Uh ... Okay, I thought you would at least be happy. Since young master Xu is not interested, then forget it." Lou Tianyou shrugged his shoulders in disappointment.

He had no grudges with Murong Zhen in the past or in the present. He only wanted to play along with Xu lingchong, which was why he took action to deal with the other party. Now that young master Xu was not interested in him at all, there was no meaning to it.

With Murong Zhen and elder Murong's relationship as relatives, with big shots like lady Shangguan and young master Xu standing in front of them, no matter how much Murong Zhen was trampled on, elder Murong would not be able to protect him.

However, he was still an elder of the soaring Pavilion. Lou Tianyou wasn't stupid enough to provoke him for no reason.

Originally, he had prepared many tricks, but now, this woman had unknowingly dodged a disaster.

Just as Xu lingchong and Lou Tianyou were chatting, the door of the private room was suddenly pushed open, followed by a low voice. "It seems that I'm late, young master Xu."

"Hehe, it's US who arrived early. It's been a long time since we last met. How have you been, eldest senior brother?" Xu lingchong smiled and gestured for the people of the southern Heaven Gate to take their seats.

Nantianmen and Yu Zhe, who were following behind, looked at each other. After nodding to Lou Tianyou, they sat down opposite Xu lingchong and Yu Zhe.

This time, it was not to meet a top-notch Big Shot like Shangguan Tianhua, so there was no need to be too nervous and restrained. The reason why the southern Heaven Gate brought Yu Zhe along was to try to find that Lin'er through other means, other than having Xu Lingchong help to pass on a message to pressure Hongzhong.

According to Yu Zhe's deduction, this Lin'er was very likely to be related to the welcoming new pavilion. The welcoming new pavilion's master, Hu Yunfeng, was Xu Yuanzheng's direct subordinate. If they wanted to do something in the welcoming new pavilion in private, it would be impossible without young master Xu's approval.

Looking at the sumptuous feast on the table, Nantian gate couldn't help but raise his eyebrows after taking his seat. "I'm really flattered that I've been treated so well by young master Xu, even though I've asked for your help this time!"

This kind of sumptuous meal that easily cost thousands of spirit Jade was something that even the southern Heaven Gate would find difficult to afford, even if they were sitting in the position of the soaring Pavilion's manager, the eldest senior brother.

"It's only right. You're the eldest senior brother. As your junior brothers, we should naturally be more filial to you. This way, when it comes to critical moments, we'll have the cheek to ask for your help, right?" Xu Lingchong said with a smile.

"Young master Xu, you seem to be implying something." South Heaven Gate frowned.

"How could that be? eldest senior brother, you're thinking too much. This young master is sincerely looking forward to eldest senior brother's promotion." Xu Lingchong said in a seemingly casual manner.

After hearing this, Nantian men's eyes flickered. He was a smart person, and he already knew what Xu lingchong meant by saying this.

He had long heard that Xu lingchong had a breakthrough in his strength recently and had become a perfected foundation building expert who was on the same side as him. Now it seemed that he couldn't hold back his loneliness and was ready to replace him.

Although the southern Heaven Gate had always been very confident in their own strength, their background in the North Island was not very deep. If Xu lingchong really used all his means, it would be hard to say whether he could keep his current position as the eldest senior brother of the soaring Sky Pavilion's manager.

"Young master Xu must be joking. I don't even dare to dream about being promoted. I still plan to stay in my current position for a few more years to lay a good foundation for the future." The southern heavenly gate replied without any change in expression.

In the three pavilions, no matter how strong one's background was, one's strength was indispensable. If one was not strong enough, one would not be able to sit in the corresponding position.

With the strength of the perfected Foundation Stage of the southern Heaven Gate, although there was still a trace of room for improvement on the surface, the position of the soaring Pavilion's steward was definitely the most popular and crucial position at this stage.

Even if they could be transferred to some seemingly more prominent position, it would be a promotion in the open but a demotion in the dark. Therefore, unless they were forced to or had the opportunity to aim for a higher position like direct disciple or manager senior brother, the southern Heaven Gate would

never take the initiative to retreat. If they really fought, the three Nan brothers were not to be trifled with.

The so-called direct Senior Steward was the senior Steward of the Golden core stage disciples who had officially acknowledged him as their master. But for that position, even a person in the great circle of the Golden core stage would have to compete for it with his background, let alone him, who had not even reached the Golden core stage!

Besides, if he was in the Golden core stage, he would've already gone to the inner sect and become an elder's disciple in name. He would've been someone who could shake the entire Sky Class North Island!

An elder's direct disciple and him, the managing eldest senior brother, were worlds apart! In the world of cultivation, direct disciples and biological sons and grandsons were almost the same. If he could successfully acknowledge a master, he could be considered as one of the second or third generation of cultivators!

Even if he was not as prominent as Xu lingchong, he was still someone who had the ability to attend all kinds of upper-class parties! If he could become Shangguan Tianhua's subordinate, he would be almost on the same level as Shangguan LAN 'er. He would even have no problem stepping on Xu lingchong!

However, Shangguan Tianhua rarely accepted disciples. Gongyang Jie was one of his disciples in name, but he was not a direct disciple.

However, was the Golden core stage that easy to reach? Before he reached the Golden core stage, his position was still very useful!

As for Foundation Stage disciples, like Yu Zhe and Nan tianyong, they were all in name only. It was just like how the secular world recognized each other as relatives. In fact, the three pavilions didn't recognize it, but they didn't stop it.

It was normal for cultivators to form gangs.

"Really? big brother, you're such an important talent. Even if you want to slack off, the big shots in the upper echelons won't let you off so easily!" Xu lingchong chuckled and didn't dwell on this issue any longer. He changed the topic and said, "Eldest senior brother, why don't you tell me what you need my help with?"

Chapter 3868 Going To The Welcome Pavilion Again

"Alright," he said. South Heaven Gate nodded.

He was very clear that Xu lingchong was just greeting him today. If he was tactful and took the initiative to give it up, he might be able to get some benefits. However, if he was not tactful, then what awaited him next would probably not be good.

Suppressing his unhappiness, Nantian men explained the situation to Xu lingchong with a calm expression. His words were no different from when he was talking to Shangguan Tianhua, but his tone had changed.

"To pressure Hong Zhong of the Hong Chamber of Commerce? Alright, this young master will not say a word to grandfather, but whether he will agree to help or not, that's not for you or me to decide. Eldest senior brother, you also understand, right?" Xu lingchong said with a playful expression.

"Of course, we'll leave this matter to third elder." Nan tianman nodded expressionlessly. For the sake of the soaring Pavilion's position as the eldest senior brother, this young master Xu had already begun to use this opportunity to put pressure on him.

He had completely come to his senses now. There was no such thing as a good banquet. Young master Xu had prepared a feast at Hongmen's Gate for him today!

"In that case, other than this matter, is there anything else that eldest senior brother needs help with? I'll be more than happy to do so." Xu lingchong said, pretending to be diligent.

As long as the southern Heaven Gate begged him for more things, it meant that he would have more leverage in his hands. The success rate of forcing the other party to lower their head would also be higher.

South Heaven Gate gave Yu Zhe a look, and Yu Zhe immediately nodded, "Young master Xu, there's one more thing we need your help with. It's the same thing as last time. We want to know if Lin er is hiding in the welcome Pavilion."

"Lin er? Didn't I bring you there last time?" Lingchong Xu frowned. He thought that Lin Yi was the Lin er this guy was looking for last time, and thought that it would save him some trouble if he could borrow Lin Yi's knife to kill Lin Yi, but it turned out to be a completely different story.

"Young master Xu, the newbie you brought me to see last time, Lin Yi, is indeed not Lin er, but that doesn't eliminate the possibility of other people, especially the newbies from the ascending Sky Pavilion and the mysterious Pavilion." Yu Zhe replied.

When he was appraising Lin Yi last time, he'd also observed all the other newbies in the GreenCloud Pavilion, and none of them could match Lin er. He'd originally planned to observe the newbies from the ascending Sky Pavilion and the mysterious Pavilion as well, but he didn't expect Hu Yunfeng to kick him out so quickly after taking him away.

Now that he thought about it, probably because he had made a wasted trip and made young master Xu unhappy, Hu Yunfeng, this guy, was observant. In order to please young master Xu, he naturally would not give him a good face.

After eliminating the suspicion of the GreenCloud Pavilion's newcomers, the suspicion of the rising Sky Pavilion and mysterious Pavilion's newcomers had also increased greatly. Although it seemed unlikely for those old men to be the suspects, there were still some exceptions.

"You mean you want to go to the welcoming new pavilion to investigate again?" Xu lingchong's face was filled with impatience. Since Lin Yi wasn't the Lin er that this guy was talking about, then this kind of thing didn't benefit him at all. He didn't have the patience to waste time with a small character like Yu Zhe.

"That's right. This matter is of great importance to us. We hope young master Xu Can fulfill our wish!" Yu Zhe's expression was sincere as he loudly pleaded.

"Is that so ..." Xu lingchong glanced at the unmoved Southern Heaven Gate and said, ""Since big senior has stepped in, I'll definitely help you with this small matter. I'll write a letter to Hu Yunfeng right now, and tell him to cooperate with you guys when you get there. You can also ask Kang Zhaoming for help, he should know more about newcomers."

"Thank you, young master Xu!" Yu Zhe immediately expressed his gratitude.

On the other hand, South Heaven Gate stood up and cupped his hands at Xu lingchong. "Since we've finished our discussion, if young master Xu has nothing else to say, I'll take my leave."

"Big senior brother, take care. I won't see you out." Xu lingchong nodded with an indifferent expression.

After watching nantianmen and Yu Zhe leave, Lou Tianyou opened his mouth and said, ""Why do I feel like this guy from the southern Heaven Gate is not willing to listen to you, young master Xu?"

Xu lingchong snorted coldly as he had already expected this. "In any case, this is one of the three heroes of the Nan family. He also has some background in Nakajima. It's not so easy for him to spit out a key position like the eldest senior brother of the steward. Today, I'm just greeting him. Next, I'll give him a good beating. I believe that this man is a smart person."

"What if this guy doesn't know what's good for him?" Lou Tianyou asked curiously.

Although Xu lingchong was the young master of the North Island, this Southern Heaven Gate was not a weakling. They were strong enough, and above them was the even more powerful leader of the three heroes of the Nan family. They even had a background in the middle Island. If the two sides really wanted to fight, it would be like Mars colliding with earth.

"You've been tactless? Then we'll beat him up until he's tactful. The position of the eldest senior brother steward is extremely important for our future development. Even if I have to pay a huge price for this, this young master will not hesitate!" Xu lingchong was determined to get it.

"Haha, then I really hope that guy from the southern Heaven Gate can be more unyielding. It's been a long time since we've had a good time in the rising Sky Pavilion." Lou Tianyou laughed without a care in the world.

Xu lingchong shook his head with a bitter smile. If Lou Tianyou wasn't his only sworn brother in the skyward Pavilion, he would have already turned hostile and killed him.

However, this guy didn't mean it. If he, young master Xu, really wanted to fight to the death with the three Nan brothers, Lou Tianyou would definitely not stand by and watch. No matter what, he was a young master. If this guy really got serious, he was definitely not an easy person to handle.

Coming out of the Huayang residence, the southern Heaven Gate's face was extremely gloomy. Today, they had originally asked Xu lingchong to help pass the message, but from beginning to end, they had been led by the nose by the other party, and there was a huge mountain on their shoulders.

Although Southern Heaven Gate did not show any obvious signs of weakness in front of Xu lingchong, this young master Xu's influence in the rising Sky Pavilion was undoubted. Now that he had his eyes on the position of the managing senior brother, it would be a lie to say that he was not under great pressure.

"Uncle master, when are we going to the welcome Pavilion?" Yu Zhe asked from the side.

"I don't have much time to waste. I'll go now." The southern Heaven Gate made a prompt decision.

The southern heavenly gate and Yu Zhe immediately went to the welcome Pavilion. It was almost noon when they arrived, and the newcomer challenge happened to be on this day.

After taking Xu lingchong's personal letter and reading it, Hu Yunfeng didn't make things difficult for Yu Zhe this time. He directly nodded, indicating that Yu Zhe could act as he pleased. After all, even if young master Xu's personal letter wasn't taken into account, there was still the southern Heaven Gate standing next to Yu Zhe.

In terms of actual authority, the eldest senior brother of the rising Sky Pavilion's manager was only higher than him, the pavilion master of the welcoming new pavilion. Unless they were enemies, Hu Yunfeng would not easily treat him with disrespect.

#### Chapter 3869 Kang Zhaoming Leads The Way

"There will be a newcomer challenge after noon. It'll be convenient for the two of you to observe. However, I have to say something first. If the two of you really find Lin er, it's best to Ask the Law enforcement Hall to come forward and not make things difficult for me." Hu Yunfeng warned.

If Lin er was really from the welcoming new pavilion, no matter how deep the hatred between him and Yu Zhe and the southern Heaven Gate was, Hu Yunfeng, as the pavilion master of the welcoming new pavilion, couldn't just sit by and do nothing. Unless the law enforcement Hall stepped in, they could only take him away.

"Don't worry, Pavilion master Hu. I know what can be done and what can not be done." South Heaven Gate nodded.

"That's good. This Pavilion master still has some matters to attend to, so I'll take my leave first. If the two of you have any questions, you can ask Deacon Kang. " Before Hu Yunfeng left, he specifically called Kang Zhaoming over to take care of the two.

Because of the young master Xu lingchong's care, Kang Zhaoming was doing pretty well in the welcome Pavilion. Even in the newbie challenge, which he was the least skilled at as a pill master, he was still able to handle it with ease because he was way ahead of the other newbies.

Out of all the new disciples in the pavilion, only Zhong pinliang was stronger than him, and with Xu lingchong's orders not to make things difficult for Zhaoming, he was doing very well.

Perhaps after a while, the other new disciples in the pavilion would all be able to get their hands on the pills, and they'd all be able to break through to the Foundation Stage as well. By then, even if Kang Zhaoming had young master Xu's help, he might not be able to stand out like he was right now. But at least for now, Kang Zhaoming was the one who had the final say.

Zhaoming pinched his chin after hearing the reason for their visit, "Senior brother Yu, are you sure that Lin Yi isn't the Lin er you're looking for?"

"Of course I'm sure. Why do you ask, Deacon Kang?" Yu Zhe asked curiously.

"Actually, I've heard about senior Nan tianyong's stuff as well. The move Lin er used was very similar to one I know. I wonder if the two of you have heard of the pill fire bomb that only an Alchemist can use?" And coincidentally, Lin Yi is an Alchemist. "

"Pill fire bomb?" South Heaven Gate and Yu Zhe were both stunned. Although they had never seen this kind of martial skill before, as the name suggested, it was definitely a move that used alchemy fire. It was not strange that only alchemists could use it.

However, alchemists were known for their weak combat abilities. Could a pill bomb be so powerful that it could instantly kill Nan tianyong, a peak late Foundation Stage expert?

Zhaoming quickly continued after seeing the two's hesitation, "Don't doubt it, you two. The pillfire bomb isn't very useful in actual combat, but its power is very shocking. If it had been charging up for a long time, it wouldn't be strange for it to kill anyone. "

"Is this true?" Nan Tianmen and Yu Zhe looked at each other. The characteristics described by Kang Zhaoming matched Lin er's actions. Don't forget that before coming out to deal with Nan tianyong, this guy stayed at the Hong Chamber of Commerce for two hours. He might be holding back this so-called pill fire bomb.

"If this little brother dares to lie, may the heavens punish me!" Zhaoming said with confidence. His intention was obvious-he was trying to frame Lin Yi.

He didn't know if Lin Yi was the Lin er they were looking for, but even if he wasn 't, he'd still try to push the blame onto Lin Yi.

He wouldn't lose anything even if he failed, and what if these two believed him and killed Lin Yi with one palm? wouldn't that be great?

Kang Zhaoming had already made the oath. It would be unreasonable if Yu Zhe and Southern sky sect didn't believe him. What the guy said did make some sense. Even if Yu Zhe had already confirmed that Lin Yi's appearance didn't match Lin er 's, he still had to confirm it just in case.

There was still some time before the Challenger League, and the two decided to test Lin Yi now. After all, if they waited until the Challenger League started, and all the newbies gathered together, it'd be hard for them to test Lin Yi again under the watchful eyes of the public.

Zhaoming couldn't be happier when the two suggested this idea. He led them to the cave number one, where Lin Yi was staying, and retreated before the two could attack.

With how much the three pavilions valued newbies, anyone who attacked a newbie without permission would be severely punished. Plus, Kang Zhaoming didn't know how heavy a hand the southern sky Gate and Yu Zhe would use. If he accidentally killed Lin Yi, it would cause a huge commotion.

Zhaoming was happy to see this result, but if he was there, he'd be dragged into the mess as well. He'd better leave as soon as possible-he'd successfully shifted the blame to Lin Yi, after all. Whether he'd be beaten up or killed, that'd all depend on Lin Yi's fate.

Lin Yi was going to suffer this loss for sure!

"You do it." South Heaven Gate raised his chin at Yu Zhe, indicating for him to do it.

Yu Zhe's face was troubled. Attacking a new member of the pavilion without permission ... If this matter were to blow up, the punishment wouldn't be light. They were only suspicious of Lin Yi, and they weren't even sure yet. If they were to test Lin Yi now, wouldn't the price be too high?

South Heaven Gate saw Yu Zhe's difficulty and immediately said, ""If there are any consequences, I will bear them for you. Hurry up, don't waste time."

At this moment, there was no one around. However, if they waited any longer, when the rookie Challenge was about to start, the other rookies would probably all leave the cave abodes and gather. At that time, they wouldn't have the chance to test him again.

Helplessly, Yu Zhe could only force himself to activate the restrictions of cave number one. A moment later, Lin Yi opened the door and saw Yu Zhe standing in front of him. He couldn't help but freeze.

Could his identity have been exposed? Lin Yi's heart skipped a beat. That was his first reaction, but he felt that it was ridiculous. Even if this guy recognized him as Lin er, would he dare to come and find trouble with him so openly with his strength?

Even if the southern Heaven Gate were here, they wouldn't dare to attack him in broad daylight, let alone a mere mid Foundation establishment inner sect disciple. The law enforcement Hall would be the first to not let him off the hook for daring to attack and kill a newcomer of the welcoming new pavilion in the newcomer's cave abode!

The southern sky Gate had already moved to a corner when Yu Zhe activated the restriction, so Lin Yi only saw Yu Zhe alone.

#### Chapter 3870 Discovered Flaw

While Lin Yi was in a daze, Yu Zhe was also a little dazed. The moment the door opened, this Lin Yi did look a little similar to the Lin er in his impression, but the similarity was only in the figure and aura. The face was completely different.

The two came back to their senses at the same time, and Lin Yi said warily, "What business do you have here, Sir?"

Lin Yi asked in a very vague way on purpose-he wanted to see if the other party knew his identity, and what was he planning to do by appearing here today!

Yu Zhe studied Lin Yi-for a split second, Lin Yi did look a bit like the Lin er he was looking for, and this discovery made him overjoyed. But now that he was looking at this completely different face, the more he looked, the more he didn't look like Lin er, making him confused.

Could it be that I was too excited just now, so it was purely an illusion? Yu Zhe was a little disappointed, but no matter what, it wasn't enough to see with his eyes. He had to see the results of the test.

"Come with me. If you don't want to come, you can try." Yu Zhe said in a deep voice, then turned around and left.

Lin Yi couldn't help but frown-this guy was just as he remembered him to be, cunning and tricky. He'd wanted to test the guy, but he'd just come back with something so random-he couldn't get anything useful out of him at all.

However, why did it feel like a school in the secular world, where the senior students called the junior students out to teach them a lesson?

Looking at Yu Zhe's back, Lin Yi couldn't help but chuckle. He followed him without hesitation. It didn't matter if the other party recognized him or not, there was nothing to be afraid of when facing a mere Yu Zhe.

For the star inkstone, Yu Zhe wasn't the only one who wanted to find him. Lin Yi wanted to find a chance to kill him too.

It was a bit risky, but there was no reason for Lin Yi to let go of a chance like this. He still had a fatal weakness in his hands. Not to mention that Yu Zhe was alone at the moment, even if he called the southern Heaven Gate over and threw out this weakness at the critical moment, he could definitely protect himself!

He followed Yu Zhe silently. The two of them walked for two miles until they reached the foot of the mountain where other newbies wouldn't be able to notice for a short time.

"Can you tell me now? what is it that you want from me?" Lin Yi said, a little nervous.

Of course, this was all an act. On the surface, he was only a mere early Foundation Stage GreenCloud Pavilion newbie. Suddenly being called out by Yu Zhe for no reason, if he wasn't nervous at all, then it would be abnormal.

"What is it? You don't even know what you've done?" Yu Zhe laughed coldly. He knew that the southern Heaven Gate was watching from the side, so he didn't dare to mention the star inkstone at all. He might as well use his words to trick Lin Yi.

"Ha? What have I done?" Lin Yi was confused, but he suddenly realized something. "Could it be that you were sent by Meng jueguang to deal with me?"

Yu Zhe had appeared with Xu lingchong and the others last time, and it was obvious to all. So Lin Yi's question wasn't out of place at all from the perspective of a normal GreenCloud Pavilion newbie.

"Meng jueguang? What nonsense is this!" Yu Zhe was stunned when he heard this.

He didn't know about Lin Yi's history with people like Meng jueguang, but it was clear that the latter didn't like Lin Yi very much when he introduced him to him last time.

Having said that, he, Yu Zhe, was still a dignified inner sect disciple of the rising Sky Pavilion. Moreover, he was a mid Foundation Stage expert. That Meng Jue Guang was merely a new manager of the GreenCloud Pavilion. What right did he have to trouble Yu Zhe to personally help him?

"Meng jueguang didn't ask you to come? Then why did you ask me to come out?" Lin Yi pretended to be surprised.

Yu Zhe hesitated at Lin Yi's question.

If he had been able to trick the other party into leaving behind some clues, he wouldn't have felt any pressure to make a move. However, from the other party's reaction, he didn't seem to have any flaws at all. He was just an ordinary GreenCloud Pavilion newbie. This was a little difficult to deal with.

After all, from Yu Zhe's point of view, even if Kang Zhaoming was right, even if this Lin Yi in front of him was really an Alchemist and knew how to make a pill fire bomb, the possibility of this guy being Lin er was close to zero.

Was it worth it to take such a big risk and attack a newcomer of the welcoming new pavilion for such a small possibility?

Just as Yu Zhe was hesitating, he suddenly heard the voice of the southern Heaven Gate, ""Tell this kid that you're going to kill him. Then, don't waste time talking to him. Just attack him directly and watch his reaction carefully."

Yu Zhe's heart skipped a beat, and he subconsciously wanted to look around. After he came back to his senses, he forcefully restrained this impulse. The southern Heaven Gate wasn't in his sight. The reason why this voice appeared in his ears was because he used the thousand-mile true energy sound transmission technique.

Of course, although it was said to be a thousand miles, the actual effect couldn't be so exaggerated. However, there was no problem if it was a few miles away. Moreover, there was an advantage to this technique. After locking on to the target, only the target could hear the sound, while the others around them wouldn't be able to hear it, even if they were less than three meters away from the target.

However, they forgot that even if Lin Yi couldn't hear what they were talking about, he could still sense the fluctuations from the distance between them.

Of course, he didn't forget-normal practitioners didn't have Lin Yi's perception.

Not to mention, Yu Zhe's subconscious reaction of turning his head was already a flaw in Lin Yi's eyes, and the abnormal fluctuation just now confirmed it.

As expected, there were other people! Lin Yi instantly made a judgment, and it was very easy to judge that this person was very likely to be the second brother of the Nan family's three heroes mentioned in Shangguan LAN 'er's letter, Southern Heaven Gate!

Lin Yi had this suspicion when he first saw Yu Zhe. After all, Yu Zhe was only a mid-Foundation Stage inner disciple. It was very suspicious for him to come and find trouble with a newbie in the pavilion in broad daylight.

However, it would not be strange at all if the South Heaven Gate was behind the other party.

Just as Lin Yi's mind was spinning, thinking about how to deal with this situation, Yu Zhe suddenly emitted a strong killing intent, ""Brat, I don't care if you're the one I'm looking for or not. I can only say that you're very unlucky. You're dead for sure today!"
