

## Bodyguard 3871

### Chapter 3871 Reversal

With that, Yu Zhe didn't give Lin Yi any chance to react. Sword energy gathered in his hand, and he attacked with the 21 styles of deadly consecutive sword!

For an ordinary cultivator in the early stage of the foundation building realm, this move was already enough to kill him.

Lin Yi's heart jumped. He had sensed the existence of the southern sky Gate, but he had no way of knowing what they had just said to Yu Zhe. Who knew that Yu Zhe would suddenly attack him like a madman, and it seemed like he really wanted to kill him!

Lin Yi knew that there was a master like Nantian gate watching him from afar, so how should he deal with it? this was a difficult problem for him.

If it was just Yu Zhe alone, Lin Yi wouldn't have any trouble. He had a high chance of winning in a one-on-one fight. It didn't matter even if his identity was exposed. After all, even if he couldn't kill Yu Zhe, he still had a fatal weakness in his hands.

But now, Lin Yi didn't dare to expose his identity easily. Once they confirmed that Lin Yi was the Lin er they were looking for, who knew if the southern Heaven Gate would jump out and kill him!

Lin Yi didn't have the chance to form a super energy bomb this time-he had no way of dealing with this perfected Foundation Stage from the southern sky Gate!

If that really happened, Lin Yi would probably have to use the fact that Yu Zhe killed his teacher. This treacherous disciple of his would be dead for sure, but whether Lin Yi could survive after that would be up to the southern sky sect.

Perhaps southern sky Gate would let him go, or perhaps southern sky Gate would take care of him as well. Whether he lived or died was all in the hands of the other party.

Besides, Southern Heaven Gate would also suspect where he had gotten the video. Why was he there?

Lin Yi's reaction wasn't slow at all-the moment Yu Zhe made his move, he made the decision to continue acting!

Since Yu Zhe was making a move, he'd just Dodge it. Unless it was the last resort, it'd be really troublesome if he exposed his identity and used his true strength now!

Lin Yi dodged Yu Zhe's sword Qi by a hair's breadth, relying on his instincts. Yu Zhe, on the other hand, didn't give up after missing Lin Yi's attack. He raised his hand and used the 21 styles of deadly consecutive swords, forcing Lin Yi into a difficult position.

Although he successfully dodged it again, his right arm was scratched by the sword Qi that brushed past his body, and a bright red blood stain appeared. Fortunately, he had dodged quickly enough and was only scratched a little. Otherwise, his entire right arm would have been cut off.

This was the awkward situation Lin Yi was in right now. It wasn't hard to make the decision to keep up the act, but it was even harder to do it in real life!

If he didn't want to expose his identity in front of Yu Zhe, then he couldn't use any of the skills he'd used in front of him before. Raging fire Eight Trigram palm, raging fire Fist, butterfly profound steps-these were the skills that Lin Yi was most familiar with. He couldn't use a single one of them, or Yu Zhe would immediately see through him. This was the most difficult part!

Lin Yi didn't just reveal his peak early Foundation Stage strength in front of Yu Zhe, he couldn't even use any of his skills. It wasn't hard to imagine how he'd end up in this situation.

But it was a good thing that Yu Zhe didn't use his true strength, even though he had killing intent. For example, if it was only the twenty-one styles of deadly continuous sword, Lin Yi wouldn't be able to hold on to it completely.

After two or three exchanges, Yu Zhe saw that Lin Yi was still injured by his 21 styles of deadly continuous sword. The killing intent he released on purpose weakened a lot. At least from these few exchanges, this Lin Yi and the Lin er he was looking for were two different people.

Words could lie, and even looks could lie, but when it came to fighting, especially in the face of death, the fighting style would not lie. Even if one wanted to deliberately hide martial arts, in the face of danger, the body would subconsciously react. This was an uncontrollable instinct.

The more powerful the cultivator, the stronger this self-protection instinct was. This was also the reason why the more powerful the cultivator, the harder it was to be killed by a sneak attack. Because even if one could paralyze his will, it would be difficult to fool his self-protection instinct.

This was supposed to be a good thing, but it wasn't necessarily a good thing for Lin Yi at this moment. He wouldn't be able to hold on much longer if this continued.

In fact, this was the case. Lin Yi had only held on for a few moves, and he was already unable to control the Qi in his body. If Yu Zhe had held on a little longer, he might have lost control and used his real strength.

However, at this moment, Yu Zhe suddenly stopped.

"I have no enmity with you, why do you want to kill me? Don't tell me that you don't know what crime it is to assault a newcomer of the welcoming new pavilion?" Lin Yi panted heavily, his face in a mess. He was putting on an act, but it was true that he had put in a lot of effort just now. There were many wounds on his body, and it wasn't fake.

"Cut the F \* cking crap. If you want to live, try using your alchemic bomb. I'll give you this chance!" Yu Zhe said in a deep voice with a cold face.

"Pill fire bomb?" Lin Yi was stunned, wondering why Yu Zhe suddenly changed his strategy. He put on a surprised face, ""How did you know about the pill fire bomb?"

"Hmph, so you really know this move. Then I've really come to the right place!" Yu Zhe's eyes brightened-he'd already ruled out Lin Yi as a suspect after the test, but he still needed a final confirmation.

What he wanted to know now was whether this so-called pill fire bomb was the same as the killing weapon that Lin er threw at Nan tianyong's face that day!

"Did Kang Zhaoming tell you about the pill fire bomb?" Lin Yi suddenly asked.

He didn't know if there was a pill bomb on Sky Class Island, but the only person in the welcome Pavilion who could link it to a pill bomb was Zhaoming.

Yu Zhe was stunned. Kang Zhaoming told him that this Lin Yi was a refiner and knew how to use alchemy bombs. It wasn't strange at all, but this Lin Yi guessed that Kang Zhaoming was here right away. This was strange.

"What do you mean?" Yu Zhe asked in a deep voice.

Lin Yi smiled coldly, "who else in the entire Welcome Pavilion would blame the pill bomb on me other than that guy?" That guy is my sworn enemy, and he would never let go of any opportunity to frame me. " Originally, they had agreed to burst out on the 19th, but the murlocs had persevered until the 29th. "

Chapter 3872 It's Her?

Did that mean he was being used by Kang Zhaoming? Yu Zhe immediately realized that if Kang Zhaoming had a personal grudge with this Lin Yi, then he and the southern sky Gate might really have been used this time.

"There's something you might not know yet, but Kang Zhaoming is a pill master, and pill fire bombs have always been his specialty. " Lin Yi said, his expression unreadable.

"Is everything you said true?" Yu Zhe's face turned cold. Kang Zhaoming had a personal grudge against Lin Yi. He knew how to use alchemy bombs, but he tricked him and Southern sky Gate into testing Lin Yi. It was obvious what Kang Zhaoming was up to.

"With your ability, can't you tell if it's true?" Lin Yi asked calmly.

"I hope you're not lying. Otherwise, I believe you know better than I do what will happen to you." Yu Zhe looked at Lin Yi coldly and left as if he had received some orders.

Before he left, Yu Zhe stopped and turned to Lin Yi, "Do you know why I want to kill you? Because you're very similar to the person I'm looking for, at least in some aspects. That's why you're so unlucky. "

With that, Yu Zhe quickly disappeared from Lin Yi's sight, and immediately after, Lin Yi saw Xiao ran and Qiao hongcai coming over.

Lin Yi finally understood why Yu Zhe stopped all of a sudden. Southern sky Gate must have noticed Xiao ran and Qiao hongcai, and they were afraid that more newbies would come and cause trouble.

"Boss, how are you?" Xiao ran and Qiao hongcai saw Lin Yi's injuries and were shocked. They quickly ran over and asked nervously.

"It's fine. It's just a small wound. There's no need to make a fuss." Lin Yi shook his head with a smile, but he was glad that his two brothers came to his rescue in time. Otherwise, he wouldn't be able to get through this.

"Who did this? Boss, should we go after them now?" Qiao hongcai couldn't hold back his anger. A guy like him wouldn't just stand by and watch his boss get hurt. Even if he couldn't win, he had to try.

Moreover, this was the welcome Pavilion. The other party would have some scruples. Even if they were not strong enough in a one-on-one battle, they might have a chance if they attacked together.

"No need. Compared to the possible returns, this small injury is worth it." Lin Yi smiled mysteriously. The scene just now was very dangerous, and it would've been fatal if he accidentally exposed his identity, but the last few words he said to Yu Zhe were enough for him to get back at him.

If he wasn't wrong, then Southern Heaven Gate and Yu Zhe would probably turn their attention to Kang Zhaoming. The best part was that Kang Zhaoming used the pill fire bomb as an excuse to make the two focus their attention on him, but he didn't know that in the end, he was the one who got himself into trouble.

Nantianmen and Yu Zhe were both smart people, and smart people were always suspicious. Yu Zhe didn't want to place the suspicion on Kang Zhaoming since he didn't look much like Lin er after all. But now, it was impossible for the two to not suspect him, especially since this guy knew how to use the pill fire bomb.

Lin Yi really wanted to describe Kang Zhaoming with two words. One was to go for wool and come home shorn, and the other was to get caught in a cocoon.

"By the way, how did you guys find me?" Lin Yi asked Xiao ran and Qiao hongcai as he healed his wounds.

Although this place wasn't far from the GreenCloud Pavilion's immortal's cave, under normal circumstances, no one would come here. Moreover, judging from Xiao ran's and Qiao hongcai's expressions, it was obvious that they had come out to look for him.

Xiao ran and Qiao hongcai looked at each other and said, ""Well, actually, that woman told us. She told us to come and collect your body ..."

"Murong Zhen?" Lin Yi blinked and remembered that when Yu Zhe came to find him, the other newbies were in the cave and couldn't see what was going on outside, but this woman, Murong Zhen, lived in a small wooden house outside. Even the slightest movement wouldn't escape her eyes.

But after last night's events, this woman was obviously on the opposite side of him. If he was allowed to be killed by Southern Heaven Gate and Yu Zhe, wouldn't that be just what she wanted?

Although his words weren't pleasant to hear, his intention was obviously to let Xiao ran and the other man come out and help him out of the situation. What was he planning? could it be that he still hadn't given up on her?

Lin Yi couldn't help but sigh. Women were really hard to understand. They started a feud for no reason, and then suddenly came to help out for no reason. He didn't understand the situation at all! However, he definitely didn't have any good intentions.

"Boss, do you think that woman has really fallen for you?" On the way back to the immortal's cave, Qiao hongcai chuckled, his face full of curiosity.

Right now, in the eyes of the new disciples of the GreenCloud Pavilion, the most attractive person was undoubtedly Murong Zhen. Her every move and action would affect the nerves of the new disciples. Even a guy like Qiao Hong Cai would unconsciously pay attention to her.

Ever since Murong Zhen's appearance yesterday, he didn't show too much enthusiasm towards the newbies, even though his every move and smile was attractive. It was only when he was with Lin Yi that he was different, taking the initiative.

If they knew that the Murong beauty had suggested going to Lin Yi's cave to take a bath last night, they would probably go crazy!

Lin Yi rolled his eyes and pouted. "What do you see in me? Is it strength or background?"

"Ugh ..." Xiao ran and Qiao hongcai didn't know what to say. Their boss Lin Yi was unfathomable, but in terms of strength and background, he wasn't even as strong as the Murong beauty herself.

At this moment, Murong Zhen suddenly appeared in front of the three and smiled coldly at Lin Yi. "This beauty thought you didn't know how to appreciate favors, but now it seems that you still have a lot of self-awareness! That's right, no matter if it's strength or background, in this Beauty's eyes, you're just a piece of trash. So I advise you to be more sensible and make a wise choice quickly, this Beauty's patience is not that good. "

"Choice?" "Miss Murong, I've made myself clear. Well water doesn't interfere with river water. This is my choice." Lin Yi raised an eyebrow.

After hearing this, Murong Zhen looked at Lin Yi deeply before leaving, "It's not easy for a stupid guy like you to live to this day. You won't be so lucky next time. No one will help you escape this time. "

#### Chapter 3873 Shifting The Disaster To The East

Xiao ran and Qiao hongcai looked at each other as they watched Murong Zhen leave. They knew that this woman was an enemy when Lin Yi warned them to keep their distance from her yesterday, but they didn't think that this day would come so soon.

An expert at the peak of the early stage of the foundation building realm, and a beautiful woman with an extraordinary background at that. This kind of enemy was very troublesome.

But that wasn't what Lin Yi was thinking about-he suddenly understood why Murong Zhen was helping him this time. The reason was simple-she needed him to keep Meng jueguang and Meng Tong in check!

Among the new disciples, Meng jueguang and Meng Tong were on the same side, Lin Yi's group was on the other side, and Murong Zhen didn't seem to want to join any of them. After her failed attempt to recruit Lin Yi, she didn't have any intention of joining Meng jueguang's group. Instead, she wanted to become a third-tier force that could compete with the two groups!

This was the only way to explain why this woman had called Xiao ran and Xiao Rou to help her out. If anything were to happen to her, then Meng jueguang would undoubtedly be the dominant one among the new disciples of the GreenCloud Pavilion. Even if she, Murong Zhen, was a scheming person, it would be difficult for her to compete with Meng jueguang. After all, she was new to this place and had no foundation.

It was still possible to deal with a fool like Meng Tong, but Meng Jue was the eldest senior brother in charge. She could not replace him no matter what. Joining him was no different from submitting to him. This was not what she wanted to see. This woman wanted to control the whole situation!

She needed Lin Yi to distract Meng jueguang's energy, and that was the real reason why Murong Zhen wanted to help her.

This confirmed Lin Yi's previous impression of this woman-this woman, Murong Zhen, was indeed up to something big. Otherwise, she wouldn't be planning all this!

After all, according to a normal woman's vengeful mentality, even if her first reaction wasn't to kill Lin Yi, she wouldn't help him out. She was already generous enough to just stand by and watch!

The balance of power between the three countries was a choice that only a truly shrewd person would make. This woman, Murong Zhen, was really a scheming person!

"It seems like the following days won't be so peaceful." Lin Yi shook his head helplessly as he looked at Murong Zhen's back.

Originally, Lin Yi only needed to deal with Meng jueguang and his gang, and it was still quite easy for him. Especially after Meng Tong's retreat, no one was looking for trouble with him, and Lin Yi could focus on improving his strength. But now, with the addition of the scheming Murong Zhen, it was unrealistic to think of such a carefree life again.

Xiao ran and Qiao hongcai looked at each other and nodded in agreement. Although they had yet to understand Murong Zhen's true intentions, they had a premonition that the GreenCloud Pavilion's newbies were going to be very lively soon.

"Let's go. The challenge is about to begin. Let's see what this woman will do." Lin Yi said with a smile.

With Murong Zhen's participation, the situation had become complicated. Lin Yi was confident that he could handle these people, but he couldn't be too careless. He might lose if he messed up.

After Yu Zhe failed to test Lin Yi, he went back to the southern Heaven Gate and told them everything that happened.

Although the southern sky Gate had seen everything from start to finish, Yu Zhe was the one who had really fought Lin er. The southern sky Gate didn't even know what Lin er looked like, so Yu Zhe had the biggest say on whether this Lin Yi was the Lin er they were looking for.

After listening to Yu Zhe's detailed description, South Heaven Gate was silent for a moment, and finally said, ""Just tell me one thing, is this Lin Yi the Lin er we're looking for?"

"Uncle-master, although he looks a little similar, he's actually a completely different person. I almost killed him several times when we fought just now. If he really has the strength of that Lin er, he wouldn't be able to hold back when faced with the threat of death." Yu Zhe replied in a deep voice.

If this guy obviously had powerful strength, but he suffocated himself to death in order to hide his identity, that would be too stupid. There was no such idiot in the world. If he didn't even have his life, then what was the point of hiding?

They didn't know that other people would fight back when faced with life and death, but Lin Yi had the art of Dragon mastery to heal quickly. Even if he was half-dead, he could recover! Xiao ran and Qiao hongcai's sudden appearance helped Lin Yi out of this situation.

Nantianmen nodded slightly. His opinion was similar to Yu Zhe 's. Although he didn't really interact with Lin er, he knew that Masters all had their own pride. If this Lin Yi was really a master who could kill Nan tianyong in one move, they wouldn't let Yu Zhe be so presumptuous without nantianmen's presence.

"Lin Yi's just a normal newbie, he's just a little stronger, but he's far from Lin er's level. According to what Meng jueguang said last time, this guy's a pauper without a spiritual Jade. Think about it, how could a pauper like him catch the eye of an old fox like Hong Zhong?" Yu Zhe continued.

He'd already done his research last time, so he didn't really believe that Lin Yi and Lin er were the same person from the start. It was just that after hearing Zhaoming mention the pill fire bomb, he felt that this move might really be similar to Lin er's killer move, so he decided to try his luck.

"If that's the case, then we can rule out this kid's suspicion. But we didn't get nothing out of this-didn't the kid say that he has some sort of grudge against Kang Zhaoming, and that the pill fire bomb has always been Kang Zhaoming's specialty?" South Heaven Gate said with a dark face.

"Not bad! This Kang Zhaoming obviously knows how to use the pillfire bomb, but he's trying to get our attention on someone we don't even know-he's really up to no good!" Yu Zhe also had an unhappy expression.

Both Yu Zhe and the southern Heaven sect thought that they were smart people who could toy with others. How could they be happy when they were toyed with by a rising Sky Pavilion newbie?!

"Those who are unaccountably solicitous are either evil or thieves!" Nan Tianmen's eyes glinted coldly and he asked, ""Think about it, nephew-could that Kang Zhaoming be Lin er?"

"This ... It's hard to say. If it's really as Lin Yi said, that kid really knows how to use the pill fire bomb, then the possibility of him doing it to distract us is pretty high!" Yu Zhe said thoughtfully.

#### Chapter 3874 Easily Solved

Although Kang Zhaoming looked the same as Lin Yi, completely different from the Lin er they were looking for, this alone wasn't enough to eliminate them from the suspicion. Otherwise, they wouldn't be testing Lin Yi.

Putting his face aside, no matter how one looked at him, Kang Zhaoming was the biggest suspect.

First of all, he was a disciple of the rising Sky Pavilion, and he had a master like Xu lingchong backing him up. In theory, he should be above Lin Yi in terms of both Foundation and strength, and should be closer to the image of Lin er. Secondly, if he wasn't Lin er, why would he try so hard to divert their attention and frame the irrelevant Lin Yi? If it was purely for personal vendetta, why didn't he say that he knew how to use the pill fire bomb?

"It's easy to find out if Kang Zhaoming knows how to use the pill fire bomb or not-you can use the same trick you used on Lin Yi on him, and the truth will come to light!" South Heaven Gate sneered.

"Ah? Shibo, this isn't good, is it?" Yu Zhe jumped. To be honest, he was already taking a big risk when he tried to test Lin Yi just now. If Xiao ran and Qiao hongcai had seen him, he might have had to turn himself in at the law enforcement Hall!

And now, southern sky Gate wanted him to test Kang Zhaoming. Kang Zhaoming was a new member of the sect, and his position was much higher than Lin Yi, who was just a normal grass root new member of

the sect. He also had Xu lingchong behind him. If something happened, it wouldn't be something an inner sect disciple like Yu Zhe could handle!

South Heaven Gate frowned in dissatisfaction. "I'll bear all the consequences for you, what are you afraid of? You won't be able to achieve great things if you shrink your head and feet!"

"This ..." Yu Zhe couldn't help but fall into a dilemma.

Although Southern Heaven Gate's words were domineering, the other party was still young master Xu's subordinate. If they really angered young master Xu and caused a big mess, Yu Zhe felt that not only Southern Heaven Gate, but even the Big Brother of the three Nan family, Nan Tianba, might not be able to handle it. Once Southern Heaven Gate couldn't hold on, the first one to suffer would definitely be Yu Zhe.

However, Yu Zhe was now coveting the southern sky Gate's minor phaseless magic, and he was also counting on the southern sky Gate to find Lin er for him. So he couldn't wait to please the southern sky Gate, how could he dare to disobey the other party's will?

If he went to test Kang Zhaoming, he would probably get himself into trouble. However, if he went against southern sky Gate's wishes, it would only add to their bad impression. Southern sky Gate was a sensitive and smart person. Once he left a bad impression, it would be hard to correct it. When that happened, he wouldn't be able to count on his lesser formless power anymore.

This time, Yu Zhe was really caught in a dilemma.

Looking at Yu Zhe's cowardice, Southern Heaven Gate was about to reprimand him when they suddenly heard a clamor coming from the welcoming Pavilion not far away. Judging from the commotion, the newcomer challenge should have begun.

Yu Zhe instantly found a life-saving straw, and hurriedly said, "Look, uncle-the newcomer challenge has started, even if I wanted to test him, I'd have to wait until it's over. I can't just attack Kang Zhaoming in front of everyone, right?"

If they really did attack Kang Zhaoming in the newcomer's challenge, then not to mention Yu Zhe, even the South Heaven Gate's big senior managing disciple wouldn't be able to handle it. They'd be beaten to the ground by the law enforcement Hall.

This reason was impeccable, so South Heaven Gate could only nod and say, "Alright then, after the challenge, you can find a chance to test him out. We can ignore the rest for now, but we have to find out whether Kang Zhaoming knows the pill fire bomb or not by today. Do you understand what I mean?"

"I understand." Yu Zhe hurriedly nodded.

Southern Heaven Gate's meaning was clear-if Zhaoming knew how to use the pill fire bomb, then from how he'd tried to divert their attention for no reason, the possibility of him being Lin er was pretty high.

As for the southern Heaven Gate, Lin er could be anyone in the welcome Pavilion, and with the southern Heaven Gate's power, they could easily crush anyone in the welcome Pavilion. But if it was Kang Zhaoming, a man lingchong personally admitted to be his underling, then things would get complicated if young master Xu was involved.

With the background of Xu lingchong's covetous desire to take over the position of the eldest senior brother of the rising Sky Pavilion, anything that might involve young master Xu was no longer a small matter in the eyes of the southern Heaven Gate. If they were not careful, it might become the fuse for an all-out war between him and young master Xu.

It wasn't that Southern Heaven Gate was guilty, but that they were far from ready to deal with it.

However, from Yu Zhe's point of view, even though he was relieved after hearing Southern Heaven Gate's orders, he was still a little worried. The rookie Challenge could only buy him some time. Once the challenge ended, even if he didn't want to jump into this hole, Southern Heaven Gate would force him to.

There was no helping it. This was the sorrow of being an underling. There would always be times when he had to act as cannon fodder.

"Come, let's go see that Kang Zhaoming kid." Southern Heaven Gate walked toward the rising Sky Pavilion's newcomer's stage. Even if Yu Zhe couldn't directly test the waters, it was still a good opportunity to observe the situation. Perhaps he might get some unexpected gains.

"Yes." Yu Zhe followed behind Southern Heaven Gate with complicated thoughts. He was pondering over a question. After the rookie Challenge ended, what excuse should he use to continue to decline?

He knew that this was a trap with great risks, but a smart person like him wouldn't jump into it even if he was forced by the southern Heaven Gate. However, Yu Zhe didn't think that this was a problem he couldn't think of. Kang Zhaoming took the initiative to help him solve it.

The reason was simple-Zhaoming was forced to use the pill fire bomb in the upcoming Rookie Challenge!

There were so many newbies in the soaring Pavilion, and although they'd all been told by young master Xu to take care of Kang Zhaoming, these newbies all came from powerful families. Even if they weren't as arrogant as Xu lingchong, they were at least from the second generation, and not a single one of them was gentle.

Even among the new disciples of the Qingyun Pavilion, there would be people like Lin Yi. The new disciples of the rising Sky Pavilion had more confidence, and there were naturally many who were dissatisfied with young master Xu's arrangement.

Of course, not all the newbies from the rising Sky Pavilion dared to ignore young master Xu's abuse of power. Therefore, in the past two months, most of the newbies of the rising Sky Pavilion had been cooperating with young master Xu's orders on the surface.

However, when they found someone who was as strong as young master Xu, these people would vent their dissatisfaction without hesitation.

Chapter 3875 This Is The Move

The newcomer who'd challenged Kang Zhaoming was called Shi Yuda. His background wasn't all that impressive, but with the help of his family, he'd recently found himself a strong man-he was the nephew of the soaring Pavilion's second elder.

Although this young master's status was not as high as Xu lingchong, the direct grandson of the third elder of the rising Sky Pavilion, he was already impressive enough to not be afraid of Xu lingchong.

As a result, the dissatisfaction that Shi Yuda had been suppressing for more than two months finally burst out in an instant!

To be honest, Kang Zhaoming was just a newbie from the common world, and the word "strong" didn't even make sense. If it wasn't for Xu lingchong's care, the newbies of the rising Sky Pavilion would've treated him like sh \* t. They were already being kind by not stepping on him!

And because of young master Xu, they had to hold their noses and praise Kang Zhaoming. They had to watch this scum from the secular world ride on their heads and do whatever he wanted. What the hell was this feeling?

Aggrieved! After holding it in for two whole months, Shi Yuda finally found the courage to go against Xu lingchong in public. He could challenge Kang Zhaoming in the newcomer's challenge without any fear!

This was not only to vent his anger for himself, but also to express goodwill to the second elder's nephew. It should be known that Xu lingchong's ambitions had always extended far and wide within the circle of the soaring Pavilion's second generation. Many of the second generation's young masters were quite dissatisfied with him, and this second elder's nephew was one of them.

Now that Shi Yuda took the initiative to pick on Kang Zhaoming, Xu lingchong's little brother, it was a clear sign of loyalty. If he succeeded, he would be appreciated even more in the future!

As for strength, he was only sky Class full phase right now. Challenging Zhaoming, an early Foundation Stage practitioner, might seem like suicide, but it wasn't impossible-Zhaoming was an Alchemist!

An elixir master who barely reached the early Foundation Stage by taking pills was obviously weak-even Shi Yu da, a Sky Class full master, might have a chance of winning!

Think about it, in a place like the newcomer's challenge, if they could defeat someone stronger than them and defeat Kang Zhaoming, an early Foundation Stage practitioner like never before, how big of a commotion would that cause?

Not only would he be able to vent his anger, but he would also be able to make his new backer proud. More importantly, he might even leave an impression on the higher-ups of the rising Sky Pavilion. What a great harvest this was!

If Shi Yuda still didn't dare to challenge Kang Zhaoming, then he really didn't deserve to be called a rising Sky Pavilion newbie!

It wasn't like he didn't have a hidden card up his sleeve-he'd just consumed a golden pill, and now he'd have the strength of an early-stage Foundation Stage cultivator for a short period of time. He'd be even more confident in dealing with Zhaoming!

Zhaoming froze when he saw the cold smile on Shi Yuda's face as he stood up to challenge him. It was just as Shi Yuda had thought-he may be a Foundation early phase, but he might not be able to beat a Sky Class full master in a fight to the death!

If he lost to a Sky Class full master, then he'd really be nailed on the pillar of shame of the rising Sky Pavilion. They wouldn't care if he was an Alchemist or not-they'd only pay attention to one thing-you were a Foundation early phase, and you couldn't beat a Sky Class full master!

Not only would Kang Zhaoming lose all his face, but he would also lose the face of Xu lingchong, who had the support of a mountain behind him. When that happened, it would be hard to say if young master Xu would still take care of him like this!

So this time, facing Shi Yuda's public provocation, Kang Zhaoming didn't dare to fail no matter what. If he lost young master Xu's care, who knew how miserable he would be in the future!

What made Zhaoming helpless was that even though he was an early Foundation Stage practitioner, he didn't have any guarantee of winning against a Sky Class full master. If his opponent really took the initiative in the ring, then even with all the Qi He had, he'd still be suffocated to death.

The only killer move he was confident in was the pill fire bomb.

The power of the pill fire bomb went without saying-if he really did use it, even an early Foundation Stage master of the same level would be killed in one move, let alone a Sky Class full master. The biggest flaw, however, was that it took time to charge-and the more powerful it was, the longer it took to charge!

Normally, Shi Yuda wouldn't give Kang Zhaoming such a chance, but for someone as cunning as Kang Zhaoming, it was too easy for him to find an excuse to delay the time!

I'm a new Deacon. If I go up to the stage to accept the challenge directly, my injury might affect my responsibility of recording the points of the newcomers. This is an irresponsible behavior, so I need some time to find someone to hand over the work in case of any mishaps.

This was the reason Kang Zhaoming gave, a Royal and irreproachable one.

Shi Yuda didn't think that Kang Zhaoming would secretly use this opportunity to prepare a big move, and when both sides entered the arena, Kang Zhaoming threw out a pill fire bomb without a second word. Shi Yuda was blown up on the spot and couldn't even take care of himself, ending the battle in one exchange. He ate a peak golden core for nothing!

Everyone was dumbfounded as they watched Kang Zhaoming walk down the stage with a smug look on his face. They thought that Kang Zhaoming was a soft persimmon that relied on young master Xu to get to his position, but they didn't expect him to be such a ruthless character!

To deal with a mere heaven class peak, he actually used such a powerful killing move, almost blowing up the entire ring that had been reinforced by the array into pieces. How much hatred did they have?!

At that moment, everyone looked at Kang Zhaoming with an unprecedented amount of respect, which made Kang Zhaoming feel great!

All this while, although he had been tyrannical in front of the rising Sky Pavilion rookies, it was only because of Xu lingchong's influence. The other party only dared to be angry but did not dare to speak out. However, today, he had killed the blind Shi Yuda with one move, and he had even used an extremely threatening move like a pill fire bomb.

This time, Kang Zhaoming finally experienced what it felt like to be the new big brother of the rising Sky Pavilion!

Zhaoming didn't think that his pill bomb would catch the eyes of Yu Zhe and Southern Heaven Gate, even though it was enough to shock all the new disciples!

"That's right. The technique that Lin'er used to kill master was this pill fire bomb!" Seeing this, Yu Zhe was overjoyed and quickly pointed out to the southern Heaven Gate.

Strictly speaking, Kang Zhaoming's fire bomb and Lin Yi's Qi bomb were similar, but they were two different things. Not only were the methods of activation different, but even the energy was different. One was the fire, the other was Qi.

Chapter 3876 Really Inexplicable

When Lin Yi used the Super energy bomb to deal with Nan tianyong, Yu Zhe couldn't see the details because it was too sudden and he was too far away. He could only vaguely feel the shocking power.

At first glance, the feeling was quite similar to when Kang Zhaoming used the pill fire bomb.

"Are you sure?" Southern Heaven Gate frowned.

"Disciple is sure!" Yu Zhe said firmly. Kang Zhaoming's pill fire bomb was very similar to the one he had seen before. Even if there was a slight difference, he would insist on it in case southern sky Gate forced him to test other people. It was very risky to do this kind of thing!

Seeing how certain Yu Zhe was, Southern Heaven Gate didn't doubt him, and his eyes were instantly filled with anger. "So that means that Kang Zhaoming could be that Lin'er? How dare you fool this Lord? did you eat the guts of a leopard and think that this Lord won't kill?"

"I don't dare to say I'm 100% confident, but from this pill fire bomb and this kid's cunning method of deliberately diverting our attention, I'm 80% sure it is!" Yu Zhe was also boiling with rage-he was an inner sect disciple, after all, and he couldn't take it when a newbie like Kang Zhaoming toyed with him like this.

BOOM! Before Yu Zhe's voice had died away, a huge rock beside Southern Heaven Gate instantly turned to dust, attracting the curious gazes of the rising Sky Pavilion's new disciples. They all pointed and discussed.

The rock was shattered by the southern Heaven Gate in a fit of rage. He wanted to tear the kid into pieces in front of everyone, but he wasn't a brainless idiot. No matter how angry he was, he knew that he couldn't do anything to Zhaoming in front of everyone, so he could only vent his anger on the rock.

Being stared at by Nantian gate and Yu Zhe, even with so many people around, Zhaoming couldn't help but feel a chill down his spine.

What the hell were these two doing here, glaring at him instead of killing Lin Yi?

Under everyone's gazes, Zhaoming walked over and asked, ""Senior brother, is there anything I can help you with?"

The southern Heaven sect was the head of the rising Sky Pavilion, and in theory, all of the rising Sky Pavilion disciples, including the new disciples, had to call him big senior. Zhaoming's actions might be a little too much of a compliment, but it wasn't wrong.

South Heaven Gate looked at him coldly and said emotionlessly, ""I've seen Lin Yi's side, and I really have to thank Deacon Kang for your guidance this time. Don't worry, I'll keep it in mind and repay you in the future. "

Kang Zhaoming thought that the two had taken down Lin Yi and was overjoyed, "It's nothing, it's junior brother's duty to serve eldest senior brother. I don't need anything in return. Eldest senior brother, you're really too polite!"

He had thought that the reward from the southern Heaven Gate would be something great, so he was still looking forward to it with joy. After all, the southern Heaven Gate was the eldest senior brother of the rising Sky Pavilion, so they would definitely be generous. Little did he know that the reward they were talking about was not what he had expected at all!

"Don't worry, I won't be polite. " South Heaven Gate sneered, turned around and left with Yu Zhe.

Zhaoming was overjoyed as he watched the two leave, but he couldn't help but wonder why they looked at him so coldly just now.

"Uncle-master, what should we do next?" Yu Zhe couldn't help but ask.

They'd locked the suspicion on Kang Zhaoming, and their target was clear-what they should do next was obvious. If it was someone else, they'd have captured him without a second thought, but this was Xu lingchong's follower. Even the southern Heaven Gate wouldn't dare to do anything to him.

South Heaven Gate suddenly stopped in his tracks, coldly looking Yu Zhe up and down, until Yu Zhe's hair stood on end, then he said, ""Junior-martial nephew, how exactly did you get into a conflict with Lin er?"

Regarding the matter between Yu Zhe and Lin er, Southern Heaven Gate was not clear. He only knew that Nan tianyong was killed by Lin er because he wanted to stand up for his disciple, but he had never asked in detail what the cause was.

"Uh ..." Yu Zhe stammered for a moment, and vaguely replied, ""Reporting to martial uncle, this disciple had initially competed to buy an item from the Hong Chamber of Commerce, and that was how I became enemies with this Lin er."

The word star inkstone, unless it was absolutely necessary, Yu Zhe would never let the southern Heaven sect know. After all, the southern Heaven sect was now a Foundation Stage peak stage expert, about to break through to the Golden core stage, so the temptation of the star inkstone to him was even greater than Yu Zhe 's.

Once the South Heaven Gate learned of the star inkstone's existence, even if they could take it back from Lin er, Yu Zhe wouldn't be able to get it. Yu Zhe obviously wouldn't do such a stupid thing as helping someone else do their own thing.

"What is it?" Southern Heaven Gate wasn't an easy target, and it wasn't easy for Yu Zhe to fool them. The key to this was immediately discovered.

Yu Zhe's heart immediately tightened, but he still forced himself to remain calm: "It's just an ordinary treasure used for cultivation. It's not very valuable, but it's not very common."

"An ordinary treasure?" Nan Tianmen furrowed his brows and asked suspiciously, "Is it really just an ordinary treasure? If Kang Zhaoming is this Lin er, he's Xu lingchong's underling, and he's been hiding his strength, why would he compete with you for a normal treasure?"

"Uh ..." Yu Zhe couldn't say anything. He had just made up a lie in a hurry, but he forgot that the person in front of him was also extremely shrewd. He was caught by the loophole in an instant.

Seeing Yu Zhe stammering and unable to say anything, South Heaven Gate's face instantly became even more gloomy and cold. He said in a deep voice, "I've thought about it carefully just now. This Kang Zhaoming, it was Xu lingchong who sent us here to ask him for help, and he's Xu lingchong's little brother. If he's Lin er, I suspect that Xu lingchong's orders are behind this!"

Nan Tianmen paused, looked at the flustered Yu Zhe, and said in an unprecedentedly stern tone, "Now that Xu lingchong is coveting my position as the eldest martial brother, I will definitely not let go of any possible hidden dangers. If necessary, I don't mind using some insidious means even against you, martial nephew. Martial nephew, you should have heard from your master before that this Lord is good at the minor non-phase method, and also some of those crooked martial arts, so I know a soul searching technique, which can directly read other people's spiritual awareness memory, right?"

When Yu Zhe heard this, his back instantly broke out in cold sweat. If he wasn't covered by the powerful aura of the southern Heaven Gate, he would've been so scared that he would've turned and run!

Chapter 3877 3875-Misunderstanding

Yu Zhe had indeed heard his cheap Master Nan tianyong, who had died in his hands, mention the soul-searching technique. This was a secret technique that the South Heaven Gate had specially learned and cultivated when he had been serving in the law enforcement Hall in the early days. It could directly read the memories of other people from their divine sense.

In front of him, there was no secret to speak of. Of course, this secret skill could only be used when the other party lost the power to resist, and the strength of the other party's consciousness must be lower than the user's own. Once it was used, the target's consciousness would collapse. Even if they were lucky enough to survive, they would only become a muddleheaded fool.

Yu Zhe knew very well that if he continued to deceive them like this, the southern Heaven Gate might really take action in a fit of anger. At that time, let alone snatching the star inkstone, he might not even be able to live past today. Even if he was lucky, he would at most become a fool. Then what hope would he have left?

For a moment, Yu Zhe was so scared that he was sweating like rain!

Although he wanted to make up another lie and continue to cover up the secret of the star inkstone, under the pressure of the South Heaven Gate, even a cunning person like Yu Zhe's mind was completely blank!

It was easy to make up a lie, but it was impossible to make it perfect in a short time. Once the southern Heaven Gate couldn't find any flaws, Yu Zhe would be finished today. With his strength, he couldn't escape from the southern Heaven Gate.

At this moment, Yu Zhe was so regretful that even his intestines turned green. He wished that he could give himself eighteen mouths! What kind of person was the South Heaven Gate? why did he want to use him in the first place?

This was great. He didn't get any benefits at all and instead, he got himself into trouble!

"Are you done thinking? If you don't want to say it, then don't blame this Lord for not considering our relationship as martial nephews!" As Southern Heaven Gate spoke, he was about to attack. There was no one around, so there was nothing to worry about.

Yu Zhe jumped in fright. He didn't dare to have any more hesitation and quickly said, ""Martial uncle, please wait. It's not that this disciple is deliberately hiding it. It's just that this matter is a long story and I'm afraid of wasting martial uncle's time. Now that martial uncle wants to hear it, this disciple will not dare to hide anything."

"Alright, speak." Only then did Southern Heaven Gate's expression ease up a little.

Words could lie, but he never used the soul-searching technique. If it wasn't for the fact that the soul-searching technique was harmful to one's spiritual sense and couldn't be used frequently, he wouldn't care about Yu Zhe's life. He would've probably taken action long ago.

However, Yu Zhe didn't know that his life was more important. In the end, he had no choice but to tell the whole story to the southern Heaven Gate, including the star inkstone. He only omitted the fact that Nan tianyong had died in his hands.

With something like the star inkstone to attract attention, the southern Heaven Gate would not care about this secret at all. After hearing about the use of the star inkstone, the eyes of this high and mighty senior disciple of the soaring Sky Pavilion's manager instantly lit up!

"Star inkstone. Martial nephew, are you sure that this thing can help one advance to the Jindan stage and can even make a perfect breakthrough, allowing the cultivator to become the strongest Jindan expert?" South Heaven Gate said in an urgent tone.

Although he was far above Yu Zhe in terms of experience and qualifications, he was not like Yu Zhe who had spent three years in the library and read almost all the ancient books. It was not strange that he did not know the use of the star inkstone.

"Reporting to martial uncle, I can't guarantee that it really has such a wondrous effect, but it is indeed recorded in the ancient books." Although Yu Zhe's heart was bleeding, he still replied respectfully.

Since the news of the star inkstone had already been leaked, then the star inkstone that he had been thinking about was definitely not related to him anymore. Thus, Yu Zhe made up his mind to do his best to please the southern sky Gate. Even if he couldn't dream of the star inkstone, he at least had to get the minor phaseless magic art from him, otherwise, he would really suffer a huge loss.

"Well, the ancient books in the library Pavilion are all well-documented classics. Since it's recorded in this way, there shouldn't be too much discrepancy. To be able to make people the strongest Jindan stage master, it's simply a rare treasure in the world!" Even the shrewdness of the southern Heaven Gate couldn't hide the greed on their faces.

For something like the star inkstone, it was impossible for any cultivator below the Golden core stage to not be tempted by it. No matter how deep their background was, they were no exception!

After a moment of excitement, South Heaven Gate suddenly smacked his head and said, ""That's right! Originally, I wasn't sure if this matter was related to Xu lingchong, but now that it involves a treasure like the star inkstone that can only be found by chance, everything makes sense!"

"Eh? This disciple is slow-witted, please enlighten me, uncle master. " At this moment, Yu Zhe was still immersed in the grief of not being able to obtain the star inkstone. He didn't even think of this.

"Think about it, martial nephew. If you and I want the star inkstone, and if that Lin er wants it, does that mean that young master Xu lingchong doesn't want it as well?" Southern Heaven Gate asked.

"Of course I want it too. Whoever gets it has the chance to become the strongest Jindan stage expert!" Yu Zhe nodded his head firmly. A treasure like the star inkstone was an existence that was above all forces and backgrounds. Even the second generation of cultivators with the most profound background couldn't resist its temptation, and Xu lingchong was naturally no exception.

"That's why, this also indirectly proves that Kang Zhaoming is Lin er. I suspect that Kang Zhaoming's stealing the star inkstone was all Xu lingchong's doing. This is the only reason that can explain why the two of them teamed up to lie to us!" South Heaven Gate said through gritted teeth.

"Martial uncle is wise!" Yu Zhe didn't say a word and started to flatter them. He didn't care if Southern Heaven Gate's speculations were reasonable or not. The only thing he needed to do now was to please Southern Heaven Gate.

"No wonder that Xu lingchong dared to openly challenge me today. It turns out that he has the star inkstone as his backing and doesn't have me in his eyes!" South Heaven Gate said through gritted teeth.

However, he immediately recalled Shangguan LAN 'er's reaction when he visited Shangguan Tianhua the other day. It seemed that she was also deliberately helping to hide Lin er's identity. Moreover, the fact that Xu lingchong was pursuing Shangguan LAN' er was well known in the rising Sky Pavilion.

Southern Heaven Gate couldn't help but guess that this miss Shangguan was involved in this matter and that Xu lingchong had gotten the star inkstone to please her.

It was not impossible, because it would be miss Shangguan's birthday soon. It was very likely that Xu lingchong would use the star inkstone as a gift to please miss Shangguan! Although star inkstones were rare, if he could become Shangguan Tianhua's grandson-in-law, the price of one star inkstone would definitely not be a loss!

People were like this. Once they thought in the wrong way, some specious things would become more and more the same, and even many other things would jump out to prove it. The so-called "those who are involved can't see clearly," this was a kind of self-deception, and the southern Heaven Gate was like this now.

#### Chapter 3878 Opportunity

Thinking up to this point, Southern Heaven Gate suddenly had a headache. This matter was getting more and more complicated. Not only did it involve young master Xu lingchong, but even young lady Shangguan was also involved. What should they do?

It was true that the southern Heaven sect was the eldest senior brother in charge of the rising Sky Pavilion. However, they were already under a lot of pressure when facing Xu lingchong alone. If they were to face lady Shangguan, who had an even more powerful background, they had no chance of winning at all!

This way, if he dared to lay a hand on Zhaoming, he would not only piss off lingchong, but also miss Shangguan, and even the two big shots behind them would be revealed!

If things really developed to this stage, not to mention the southern Heaven Gate itself, even if the leader of the three Nan brothers, Nan Tianba, came back, he would be scared to death. Even if their uncle, Nantian Aurora, who was far away in Nakajima, came forward, it would probably be useless!

Their uncle, Nantian Aurora Polaris, was one of the most powerful people in the Nan family's middle generation. Not only was he strong, but he was also the libation of the Sky Class island's cultivator college. Whether it was his status or influence, it was no small matter!

Unfortunately, this was the three great pavilions of the North Island. Even if Nantian Aurora Polaris had some power in the middle Island, he was beyond his reach. Even if he extended his hand, people like Shangguan Tianhua, who were at the top of the North Island, would not buy it.

The more he thought about it, the more complicated the matter became. It involved so many important people that even the southern Heaven Gate couldn't help but lose its mind. At least, before their boss, Nan Tianba, returned, they wouldn't dare to act rashly.

The water here was too deep. Although his title as the soaring Pavilion's eldest martial brother's steward was awe-inspiring, it was of no use!

"Let's go back first. We'll discuss the countermeasures when boss comes back in two days!" Southern Heaven Gate frowned and pondered for a moment, but in the end, he decided to bide his time.

Nantianmen and Yu Zhe returned to their caves with all their thoughts, while Lin Yi, on the other hand, appeared at the newbie challenge venue after saying a few words and shifting the blame onto Zhaoming.

However, seeing a newbie like Lin Yi appear with a body full of health surprised everyone. Even Meng Jue couldn't help but be dazed.

"F \* ck, what kind of Big Shot did this kid provoke this time? the heavens are blind, why hasn't he been killed after being injured to this extent?" Meng jueguang immediately cried out in pity.

Normally, his first reaction as a manager would be to report to the higher-ups when he saw a newbie getting injured, and then spare no effort to find the real murderer-but now he couldn't even be bothered to do this on the surface. His attitude towards Lin Yi's destruction was clear.

Meng Tong gloated,"Ninth cousin, do you think this kid went to harass beauty Murong and was beaten up by her?"

All of the new disciples of the pavilion, including the Senior Manager Meng jueguang, were all drooling at the sight of the seductive beauty Murong Zhen, except for Lin Yi and the others. The special treatment that Lin Yi received from Murong Zhen was something they couldn't help but covet.

Especially someone like Meng Tong, who wanted to kneel down in front of Murong Zhen and lick her toes. He was even more envious and jealous of Lin Yi, and he couldn't help but think in that direction when he saw Lin Yi's injuries.

It wasn't a random comment-last night, when Murong Zhen went to Lin Yi's house, it was already late at night, but he was living in a small wooden house in an empty space. Every move he made was the focus of the new recruits, so it was almost impossible to escape the eyes and ears of people with ulterior motives, and Meng Tong was naturally one of them.

He didn't know what exactly happened, but he was sure that Lin Yi and Murong Zhen didn't leave on good terms.

Lin Yi, on the other hand, was known to be a lecher. He might look serious on the surface, but who knew what he was thinking inside? With his strength at the early Foundation Stage, if he were to really piss off Murong Zhen, who was at the peak of the early Foundation Stage, he'd be lucky to get a beating-even killing him wouldn't be too much!

"You're saying that it was Murong Zhen who did this?" Meng Jueguang observed Lin Yi and Murong Zhen with a playful look on his face. He realized that the two didn't have a good relationship, and they seemed to be on guard against each other.

"Think about it, ninth cousin," Meng Tong laughed coldly, "who else but beauty Murong could make Lin Yi suffer such a loss among our newbies?"

"That's true. " Because Yu Zhe and South Heaven Gate had been very careful to hide their intentions, Meng Jueguang did not think in that direction. He was only concerned about one thing, which was the position of this woman, Murong Zhen!

Before Murong Zhen's arrival, he already had a hard time dealing with Lin Yi's group alone. Especially recently, when Meng Tong had to hold back, Lin Yi's group had completely overwhelmed him on the surface. It was almost embarrassing for him, the senior martial brother in charge. He could only comfort himself with one thing all day long-a little impatience will ruin the big plan!

And now, before he could even take care of Lin Yi, there was another Murong Zhen who was no less difficult to deal with than Lin Yi. Meng Jueguang had been worried for the whole night.

After all, from Murong Zhen's behavior at the start, he seemed to have a good impression of Lin Yi. Lin Yi's gang was already too much for Meng Jueguang to handle, what would happen if he had to deal with Murong Zhen, who was at the peak of the early Foundation Stage?

But now, after seeing the two's opposing relationship, Meng jueguang's heart finally settled down. As long as this woman didn't side with Lin Yi, things would be easy!

Murong Zhen was just a woman-she was strong, but she'd just arrived and had no foundation. No matter how scheming she was, she couldn't stand on her own in Meng jueguang's eyes. She only had two choices-either side with Lin Yi or side with him.

And now that Murong Zhen was at odds with Lin Yi, he had no choice but to rely on Meng jueguang!

"This woman can be considered a rare stunner!" Meng jueguang pinched his chin, his triangular eyes greedily staring at Murong Zhen's alluring figure. He couldn't help but click his tongue and sigh.

In the three pavilions of the North Island, female cultivators were rare to begin with, and a beauty like Murong Zhen was even rarer. Generally speaking, even if there was one, it would be the exclusive property of the second generation of the young masters like Xu lingchong. It was impossible for him, a low-level manager like Meng jueguang, to have such a good chance.

This time, Meng jueguang knew that his chance had come. It was obvious that Murong Zhen was not a chaste woman. Once she was forced to submit to him, she would not be pretentious. It was time to have a good time!

At the thought of this, Meng jueguang's lust was aroused. He stared at Murong Zhen with his triangular eyes and swallowed his saliva.

Chapter 3879 Murong Zhen's Motive

Sensing his burning gaze, Murong Zhen acted just as Meng jueguang had expected. He did not show any signs of displeasure. Instead, he licked his lips seductively and winked at him!

In an instant, Meng jueguang's entire body went limp. If it wasn't for the fact that they were in a public place like the newcomer's challenge, he probably wouldn't have been able to resist dragging this woman into the cave abode to fight for 300 rounds!

Meng Tong couldn't help but purse his lips in jealousy. Although Meng jueguang was his backer, when it came to women, even his own father had to step aside. Of course, with his current strength, there was no way he could escape Meng jueguang's protection. No matter how dissatisfied he was, he could only hold it in for the time being.

To his surprise, Meng jueguang quickly recovered from his lust and said, "You're indeed a womanizer, but you're still far from my approval!"

No matter how much he coveted Murong Zhen, Meng jueguang was not as simple-minded as Meng Tong. It was impossible for him to make Murong Zhen fall for him with just one look.

If Murong Zhen couldn't do anything substantial, then even if she really did offer herself, Meng jueguang would only be putting on a show and would never treat her as one of his own.

What Meng jueguang wanted to see was very simple-he wanted Murong Zhen to stand out and fight Lin Yi in front of everyone. That was a true sign of loyalty!

This newcomer's challenge could be considered Murong Zhen's first official appearance since he had arrived at the welcome Pavilion. Only through her actual actions could one truly guess her position. Other than that, all other flowery words were just floating clouds.

It wasn't just Meng jueguang, Lin Yi was also watching Murong Zhen's movements, trying to figure out the woman's true intentions.

This woman was at the peak of the early Foundation Stage, which meant that other than Lin Yi himself, all the other new disciples in the pavilion, including Xiao ran and Qiao hongcai, were no match for her. This was a variable that could change the situation of the new disciples in the pavilion.

If this woman really wanted to do something to him, even if Lin Yi was fine, Xiao ran and Qiao hongcai wouldn't be able to handle it.

A moment later, under the watchful eyes of the crowd, Murong Zhen, the newcomer, was the first to step onto the stage. He announced in a clear and charming voice, ""Lord Judge, cave number sixteen, Murong Zhen, challenges cave number fifteen, martial inspection."

As soon as these words were spoken, everyone present was stunned. Cha Wu, the person who was challenged, instantly had his face as black as the bottom of a pot.

Your sister! I've already been reduced to the most broken down cave abode number 15 at the foot of the mountain. Now, there's a F \* cking Murong Zhen here. He called me out the moment he came up. You're a F \* cking master at the peak of the early stage of the foundation building realm, beautiful!

Cha Wu couldn't help but want to roar in public. Unfortunately, he doesn't have the guts. After hearing what Murong Zhen said, he can only weakly walk up to the stage and admit defeat. Even if he had ten times the courage of a bear and a leopard, he wouldn't dare to challenge Murong Zhen, an expert at the peak of the early Foundation Stage!

Paying one challenge point and handing over cave number fifteen, which he originally thought was the worst, to move to an even worse-looking wooden house, was Cha Wu's fate. This way, he was destined to lose points for the first four rounds of the newcomer assessment. He wouldn't be able to escape.

To their surprise, before Murong Zhen stepped down from the stage, he suggested, "Little brother, if you don't mind, we'll just exchange our rankings, and you can continue to live in cave number fifteen at the foot of the mountain. What do you think?"

"Ah?" Cha Wu was instantly stunned. The others also had suspicious expressions.

Murong Zhen covered his mouth and laughed. He then said in a voice that made one's scalp tingle, "Ah, I'm a clean freak and don't want to live in a dirty immortal's cave. I prefer the small wooden house that everyone built for me!"

"That ... That's good. Thank you, miss mu Rong!" After Cha Wu reacted, he quickly said gratefully.

Cave number 15 was the worst cave in the welcome Pavilion and was not worthy of Murong Zhen's attention. However, for a lowly person like him who was at the bottom of the GreenCloud Pavilion's new disciples, the concentration of spiritual Qi in this worst cave was still much better than the small wooden house outside.

Murong Zhen smiled charmingly and walked down the ring.

While Murong Zhen was enjoying the admiration of the new disciples, Lin Yi and Meng jueguang both shook their heads at the same time. They didn't understand what Murong Zhen was doing.

In the rookie Challenge Round, fighting from the last cave to the next was the best strategy to obtain as many challenge points as possible. It wouldn't be strange for anyone to do this, but it was strange for Murong Zhen.

She had been transferred halfway through, and was now an expert at the peak of the early Foundation Stage. Furthermore, with the background of an elder of the rising Sky Pavilion, even if she were to stay in the GreenCloud Pavilion in the future, she wouldn't have to worry about not having a backer. In theory, there was no need for her to pay so much attention to the newcomer's examination, which was already more than half done, and there was no need for her to start from the last cave.

According to Lin Yi and Meng jueguang's conjectures, Murong Zhen's appearance today was very likely to show her position through actions in order to ensure that she could survive here in the future. For example, she could challenge either Xiao ran or Qiao hongcai, or she could challenge Lin Yi directly. Only then would Meng jueguang feel her value.

Of course, there were other possibilities, such as her challenging Meng Tong. Meng jueguang would see her as an enemy, but it was also a way to show her presence. With Lin Yi's group holding her back, even Meng jueguang couldn't do anything to her.

However, Murong Zhen didn't choose any of the above. Instead, he chose something that no one had expected-to challenge Cha Wu who was in cave number 15.

Both Lin Yi and Meng jueguang had no idea what the woman was planning.

From their point of view, challenging Cha Wu was a completely meaningless act to Murong Zhen. Even if he didn't do anything, there was no need to do anything unnecessary and cause suspicion.

Or perhaps, Murong Zhen's goal was to make Lin Yi and Meng jueguang suspect her, and make them hesitate?

It wasn't impossible-Murong Zhen had already fallen out with Lin Yi, but if she wanted to become the third force, she couldn't just side with Meng jueguang. She'd have to go against Lin Yi, and if Lin Yi misunderstood and they fought to the death, she'd become Meng jueguang's accomplice.

He wanted to make people feel uncertain about him and show his presence. He wanted to make Meng jueguang feel like he was getting closer to him, but at the same time, he didn't want Lin Yi to misunderstand him. He wanted to establish his position in front of the GreenCloud Pavilion's new disciples step by step. This was Murong Zhen's true intention!

The next few rounds of the newcomer's challenge went according to Murong Zhen's plan. He didn't face any of the core members from Lin Yi or Meng jueguang, and only challenged the higher-ups one by one.

There was no difficulty at all, and it seemed meaningless as well, but it was through these actions that no one could understand that Murong Zhen had successfully established her position. Even Meng jueguang, Lin Yi, and all the other new disciples of the pavilion no longer dared to treat her as a flower vase. She was now a real strong opponent.

Chapter 3880 The Return Of Nan Tianba

"This woman is really not simple!" Lin Yi had completely seen through Murong Zhen's plan this time, and he believed that Meng jueguang's side was doing the same. Even so, there was nothing they could do to Murong Zhen.

They could only watch as Murong Zhen became a third-tier existence that everyone looked up to, but they could not do anything. Otherwise, if Murong Zhen sided with the other side at the slightest sign of trouble, wouldn't that be asking for trouble?

They could tell that this was an open scheme by Murong Zhen and no one could stop it. Furthermore, they had no way of stopping it because of the rookie Challenge competition. They could only watch as this woman built her Foundation and slowly developed her wings.

However, there was one piece of good news for Lin Yi. He only had Xiao ran and Qiao hongcai as his subordinates. With Lin Yi's orders, it would be difficult for Murong Zhen to seduce them even if he wanted to.

However, things were different for Meng jueguang. His new subordinates were not very loyal to him, and every one of them, including Meng Tong, was drooling over the Murong beauty. As Murong Zhen's position was gradually established, it was very likely that these people would become fence-sitters.

After all, he'd been suppressed by Lin Yi's gang all this time, and his control over the new recruits had dropped to the freezing point. Even if these people didn't dare to betray him openly, if Murong Zhen were to give them a wink or even a little sweetness, he believed that no one would refuse to make eyes with this Murong beauty.

Murong Zhen's wisdom lay in the fact that even if Meng jueguang knew that she was trying to poach him, he could only endure it for the time being in order to not make the situation worse and force Murong Zhen to side with Lin Yi.

While Murong Zhen was stirring up a storm in the welcoming new pavilion, the southern heavenly gate and Yu Zhe, who were far away in the rising Sky Pavilion, finally saw the leader of the three Nan brothers, Nan Tianba.

Nan Tianba had just returned from his mission. He was still in his black armor. He sat on the master Chair and looked at Yu Zhe, who was trembling on the ground and didn't dare to move. Then, he looked at the nervous Southern Heaven Gate.

Nan Tianba suppressed his anger until the two of them could not breathe and said, ""I've only left the island for two months to carry out a mission, and such a big thing happened. Not only did third brother lose his life, but you still haven't caught the real murderer. Second brother, you've disappointed me!"

As he spoke, Nan Tianba's killing intent combined with his powerful aura forced Yu Zhe, a mid Foundation Stage cultivator, to lie on the ground, not daring to move an inch. This was because he had just experienced a brutal massacre.

After all, the person in front of him was an existence that was above the perfected Foundation Stage cultivator of the southern Heaven Gate. He was a true golden core stage expert and was regarded as a strong pillar of support in the three pavilions!

It wasn't just Yu Zhe, even the head of the Grand South Heaven Gate's eldest senior brother, the manager of the rising Sky Pavilion, was covered in cold sweat.

"Big brother, it's not that I don't want to take revenge for third bro, but I've already told you the details. This Kang Zhaoming doesn't just involve Xu lingchong, there's even miss Shangguan. This is a serious matter, and I can't act rashly." South Heaven Gate complained with a dark face.

When Nan Tianba heard this, he could not help but frown. With his powerful strength as a golden core stage cultivator, people like Xu lingchong and Shangguan LAN 'er would not enter his eyes at all. However, the big bosses behind these two people were existences that stood at the peak of the entire North Island. Even a golden core stage expert like him would not dare to provoke them easily.

Moreover, Xu lingchong was eyeing the position of the eldest senior brother steward of the rising Sky Pavilion covetously. This was the time when they needed high-level relationships. Otherwise, if a Big Shot like Shangguan Tianhua were to casually say something, perhaps the southern Heaven Gate would have to abdicate and give up their position without any resistance.

After a long silence, Nan Tianba finally opened his mouth and said, ""Well, this situation is not easy to deal with, and we can't blame it all on you, second brother. The most important thing now is to keep your position as the eldest senior brother in charge of the rising Sky Pavilion. As for the third brother, we'll find a way to avenge him later."

The position of the South Heaven Gate would allow them to make a fortune, and even Nan Tianba would benefit from it. So even if the South Heaven Gate wanted to give up, he would not agree.

Seeing that Nan Tianba had finally stopped harping on the matter of the third brother, Nan Tianmen immediately heaved a sigh of relief and nodded, "I'll follow big brother's orders. "

"Second brother, you've always been resourceful. Tell us what we should do next." Nan Tianba indicated for the southern heavenly gate to come up with a plan. Although he was the leader of the three Nan

brothers and his strength was beyond doubt, he had never liked these troublesome things, so he might as well leave it to the southern heavenly gate.

"Big brother, it's obviously not enough for us to do this alone. So, I think it's necessary for uncle Nakajima to write a letter to the higher-ups of the rising Sky Pavilion. Even if he can't convince all the higher-ups, he can at least give them some support. It won't seem like we're too weak. These higher-ups should still have some concerns, and not all of them will side with Xu lingchong." South Heaven Gate suggested.

"Alright, I'll do as you say. I'll write a letter to uncle." Nan Tianba nodded his head, then sighed, "It's fortunate that our grandfather has been in seclusion all these years. Otherwise, with his influence, who would dare to say no to him?"

"Yeah, I hope he can succeed in his seclusion this time. Then we can hold our heads high!" Southern Heaven Gate was also full of emotion.

After the two brothers finished their discussion, Nan Tianba turned his gaze to Yu Zhe. His face turned cold again, and he snorted, "Third brother's death was all because of you. According to my original intention, I wanted to kill you to comfort third brother's soul in heaven!"

Hearing this, Yu Zhe broke out in a cold sweat, and all the hair on his body stood up. Nan Tianba's killing intent was real, and he was not joking.

Fortunately, Nan Tianba's words had a follow-up, "However, seeing that third brother has always praised you, my disciple, I will spare your dog life today. Get lost!"

Yu Zhe hurriedly called out, "eldest senior uncle, please wait. This disciple has been staying in the library Pavilion for the past three years. I've read many ancient books. I know of a treasure that can help you become the strongest original infant stage expert!"

What a joke! Previously, he had revealed the secret of the star inkstone because he wanted the southern heavenly gate's minor phaseless magic art. Moreover, if he stayed, this great martial aunt would probably have even more benefits. How could he give up such an opportunity!

"The strongest Yuanying stage expert? Are you serious?" Nan Tianba was shocked. The star inkstone could only help people to break through to the Golden core stage perfectly. To a golden core stage expert like him, it was not of much use. So when he first heard about it, he was not moved. However, the title of the strongest original infant stage expert made him drool with desire!
