### Chapter 3881 Friend Or Foe?

"In front of eldest martial aunt, this disciple would not dare to lie. However, this item is the same as the star inkstone. It has only appeared in extremely ancient books. Ordinary people would not be able to recognize it even if they saw it." Yu Zhe made a solemn vow. The meaning was obvious. Other people couldn't recognize this thing, but only this Lord could!

Nan Tianba's heart was finally moved. After a moment of silence, he said, "Good, you follow second brother for the time being. If this Lord has time, I will personally give you some guidance. In the future, do a good job for this Lord. If you have any disloyal thoughts, you know what the consequences will be."

"This disciple will obey!" Yu Zhe was immediately overjoyed. He had now secretly hidden a huge amount of Nan Tian Yong's inheritance. If he could also obtain the southern Heaven Gate's lesser formless divine skill and Nan Tian BA's personal guidance, even if he didn't have the star inkstone, he would still be able to soar into the sky in a single bound!

A month passed in the blink of an eye. The 16th round of the rookie Challenge competition officially began.

"F \* ck, what is this woman thinking? does she really want to go against me?" Meng jueguang looked at Murong Zhen's alluring figure from afar and gritted his teeth in hatred.

In the past month, Murong Zhen had been doing things in an orderly manner. He had been slowly challenging his way up from the last-ranked cave dwelling. His intentions were self-evident.

Whatever Lin Yi could see, he could too, but the problem was that he had to hold it in despite knowing what Murong Zhen was planning. It was a depressing feeling.

If Murong Zhen had gone to Lin Yi's side right from the start, the situation would've been worse for Meng jueguang, but it wouldn't have been so bad.

However, it was a good thing that this mystery would be solved in today's round of the challenge. More than a dozen rounds had passed in the newcomer challenge, and it was now entering the final stage. The ranking of the cave abodes was gradually confirmed, and there wouldn't be too many changes.

First was Lin Yi, second was Qiao hongcai, third was Xiao ran, fourth was Meng Tong, and fifth was Murong Zhen. These were the top five new disciples in the GreenCloud Pavilion.

As for the other strong fighter, Lee Zheng Ming, he did not reveal his strength as an early-stage foundation building cultivator in the past ten rounds. His cave was originally ranked second, but he wisely chose a roundabout strategy. He took the opportunity when another newcomer challenged him to admit defeat. Not only did he push himself to a lower-ranked cave to gain more room to challenge, but he also successfully bypassed the menacing Murong Zhen, killing two birds with one stone.

According to the current rankings, today's newcomer challenge was the round that revealed Murong Zhen's true intentions. The reason was simple-Meng Tong was above her.

In the previous rounds, the newcomers that Murong Zhen had challenged were all Meng jueguang's subordinates in name, but they were not core members of the direct line. Meng Tong was different. He was a direct descendant that Meng jueguang had nurtured with all his might, and he was where Meng jueguang's bottom line lay.

It didn't matter if Murong Zhen challenged the other newbies, but if he challenged Meng Tong today, it would be the same as declaring war on Meng jueguang. From then on, she would be an enemy to Meng jueguang, just like Lin Yi. There was no turning back.

However, if Murong Zhen skipped Meng Tong and challenged Xiao ran, he would be expressing his goodwill to Meng jueguang. In Meng jueguang's eyes, he would be one of his own that he could use.

Whether they were friend or foe, it all depended on Murong Zhen's choice.

Before the battle, Meng Tong nervously asked Meng jueguang, "Ninth cousin, if beauty Murong challenges me today, what should I do?"

Although the meridian heart-shattering pill had been in place for a long time, Meng jueguang had deliberately prevented Meng Tong from using it. As such, he was still in the early Foundation establishment stage. On the other hand, Murong Zhen was at the peak of the early Foundation establishment stage. There was no way he could defeat him.

"What do you mean what should we do? if she dares to challenge you, that means she's our enemy. Fight her with all your might!" Meng jueguang snorted and looked at Meng Tong suspiciously. "I heard that this slutty woman has been taking the initiative to invite people to her wooden house to drink tea recently. Don't tell me you're one of them?"

"Ah? No! Definitely not!" Meng Tong quickly denied.

In this month, not only did Murong Zhen successfully make Lin Yi and Meng jueguang indecisive, but his position was also gradually stabilizing. Some of the new disciples under him were already starting to become fence sitters, the most obvious being the acceptance of Murong Zhen's invitation to her so-called wooden house Tea Party.

Of course, it was a very pure tea Party on the surface. To put it bluntly, it was just to watch the coquettish woman Murong Zhen dance. Even if they could not taste any substantial benefits, it was still enough to make people salivate when they saw such a beautiful and enchanting woman in simple clothes and in all kinds of seductive poses.

Furthermore, the benefits of attending Murong Zhen's Tea Party was not just a feast for the eyes. To the newbies at the bottom of the GreenCloud Pavilion, there were actually substantial benefits.

As it turned out, Murong Zhen had deliberately avoided all the newcomers who had been invited to the wooden hut Tea Party this month. Otherwise, she would not have been able to fight her way from the so-called cave abode number sixteen to cave number five in just a month.

The two newbies who had skipped in the middle had actually profited. They could not only feast their eyes at the wooden hut Tea Party, but also lose fewer challenge points in the crucial newcomer challenge. Why not?

However, this was not without its disadvantages. At least, when Meng jueguang saw that Murong Zhen had intentionally let them off, they had already been blacklisted. Even if they did not betray him on the surface, Meng jueguang would definitely come after them when the time came!

This was also the reason why even though Murong Zhen was so alluring, he was only able to attract two new recruits in a month. Although the others were also drooling, under Meng jueguang's tyrannical abuse of power, many people had the heart to do so, but not many had the guts to do so.

"You really don't?" Meng Jueguang glanced at Meng Tong. This guy was his most valued younger brother from the direct line of descent. He would at most be annoyed if other newcomers were to be fence sitters, but if even Meng Tong had problems, then he, the eldest senior brother in charge, would become a commander with no power.

Meng Jueguang did not doubt Meng Tong's loyalty, but he could not compliment the latter's intelligence. If Murong Zhen were to tease him a few times, something might go wrong. He had to be careful.

"I really didn't! I'll swear a poison oath, ninth older cousin brother, you can't listen to other people's slanderous words!" Meng Tong quickly made a vow.

However, he still felt a little guilty when he said this. When he first heard about Murong Zhen's Tea Party at the wooden hut, he had really thought about it. If he was not afraid that the other newcomers would see it and Meng Jueguang would hear about it, he would have probably sneaked into the house and attended the Tea Party.

Chapter 3882 Challenging Xiao Ran

"Hmph! It's good that you don't, let's see what this woman Murong Zhen will choose. If she's smart, then she'll have a place in the future. But if she doesn't have eyes and comes to challenge you, then there's nothing to be afraid of. Just fight her to the death, she won't dare to kill you!" Meng Jueguang coldly snorted.

"Uh ... Okay." Meng Tong unconsciously shrank his neck. Meng Jueguang had said it with confidence, but he was the one fighting. What if this woman was completely unscrupulous? wouldn't she be beaten to death?

Under the watchful eyes of the crowd, Murong Zhen slowly walked up the stage. Every round of the newcomer challenge, this beautiful woman would be the first to go up the stage. This had become a tradition of the GreenCloud Pavilion's newcomers, and there had been no exceptions for the past month.

Murong Zhen's mesmerizing eyes swept across everyone's faces, especially when he saw Meng jueguang and Lin Yi. He paused for a while until everyone's hearts were hooked before he spoke.

"My Lord, Murong Zhen from cave number five at the foot of the mountain challenges Xiao ran from cave number three!" Murong Zhen smiled charmingly as his eyes finally fell on Xiao ran. He even threw him a seductive look.

As soon as he finished speaking, the entire place went into an uproar.

Meng jueguang and Lin Yi weren't the only ones who were concerned about Murong Zhen's stance. The other newbies were equally concerned, but they might not be able to predict the woman's intentions as early as the two.

He skipped Meng Tong and challenged Xiao ran!

Meng jueguang let out a breath of relief. Murong Zhen's action was undoubtedly a gesture of goodwill. It didn't mean that the woman would join his side, but one thing was for sure-the person Murong Zhen wanted to deal with was Lin Yi, not him.

"This woman is quite tactful!" Meng jueguang smiled proudly. Although he was furious that Murong Zhen tried to steal his men, he could still use him as an ally if he went against Lin Yi's group.

"Not only is she tactful, ninth older cousin brother, this Murong beauty is actually on our side!" Meng Tong chuckled.

Now, not only did he not have to force himself to fight with Murong Zhen, he could even fantasize about a better future. Since they were all on the same side, he believed that the slutty Murong Zhen would not mind letting him, Meng Tong, have a taste of the sweetness.

Xiao ran wasn't surprised to be challenged by Murong Zhen. He exchanged a glance with Lin Yi and the others before walking up the stage.

"Please give me some pointers!" Xiao ran cupped his fist and bowed to Murong Zhen. His expression was calm and he didn't seem to be flustered at all.

"Brother Xiao ran, you're so charming," Murong Zhen said with a smile. "I didn't notice it before."

Xiao ran had always been the type of person who didn't reveal his true strength. Even if everyone knew that he was Lin Yi's right-hand man and that his strength wasn't to be underestimated, very few people would pay attention to him. On the other hand, hot-blooded people like Qiao hongcai were the ones who attracted the attention.

Ever since he'd come to the pavilion, he'd been observing everyone. Lin Yi was the first to be seen, and his underling Xiao ran wasn't one to be let off the hook either. She'd thought that this guy was just an ordinary person, but now that they were in the arena, she realized that he wasn't.

With the strength of the early Foundation Stage, facing a peak early Foundation Stage expert like him, he could still maintain such a calm and composed manner. How could such a person be an ordinary person? Even if his boss, Lin Yi, were to make a move personally, he wouldn't be able to do much. He really didn't know why this guy would follow Lin Yi so easily!

"Brother Xiao ran, are you interested in coming to my wooden house Tea Party after this? I'm willing to sleep with you for your sake!" Murong Zhen said seductively.

The crowd swallowed their saliva in envy. When Murong Zhen told them about this, he did not say anything so sincere. Even the two who had mustered up their courage to attend the meeting could only have a good look at him. They could not touch him.

However, now that Murong Zhen had said this in front of everyone, didn't it mean that such a beautiful flower was going to fall into the hands of Xiao ran, the silent pile of cow dung?

"Hey, if I were Xiao ran, I'd agree to it first. It's a waste not to take advantage of a free deal. Don't you think so, boss?" Qiao Hong joked with Lin Yi.

Lin Yi couldn't help but laugh, "yeah your head!" This is a man-eating flower that will eat people, how can it be given for free? by the time you have a taste of the sweetness, you'll already be meat in the mouth of others, and retreating in one piece is simply wishful thinking. "

"Tsk, tsk, what a terrifying vicious woman!" Qiao hongcai shrank his neck and turned to look at the stage with anticipation. ""I'm curious about Xiao ran's reaction. He's a quiet and taciturn person. Maybe he's also a boring guy!"

"Then we'll just watch." Lin Yi smiled, not worried about Murong Zhen's seduction at all. If Xiao ran couldn't control himself that easily, he wouldn't have been able to escape the cruel competition of the secular world.

Faced with Murong Zhen's unconcealed seduction, or rather, bold seduction, Xiao ran's face actually turned red, and he looked a little shy like a boy.

"Yo, brother Xiao ran, you're actually shy. How cute!" Murong Zhen's eyes brightened. She had been around for so many years but she had never seen a cultivator who would blush after being teased. It was really rare.

Xiao ran's blushing face surprised not only Murong Zhen, but also Lin Yi and the others below the stage. "It can't be. He blushed after being teased by someone. Has this guy never dated a woman before? he's too honest!

The others, like Meng Tong, were all laughing without restraint. This guy couldn't be a Virgin at this age, could he? it was too funny! As a cultivator in the early stage of the foundation building realm, he had never touched a woman before. He was such a failure!

As for Meng jueguang, his eyes were greedily looking at the important parts of Murong Zhen's body. This woman was a real slut!

After a while, Xiao ran's expression returned to normal. He said awkwardly, ""Miss mu Rong, I have no interest in the MU she Tea Party. If there is nothing else, let's start as soon as possible."

"If you're not interested in the wooden house Tea Party, then you're interested in other people's bed-sweeping services? I didn't expect brother Xiao ran to be such a boring guy, but I like it!" Murong Zhen covered his mouth and laughed.

Chapter 3883-Defeat

She wanted to continue teasing him, but when she saw that Xiao ran had adjusted his expression and was unmoved, she lost interest and said, ""Alright, alright, alright. Since brother Xiao ran wants to fight, I'll play with you!"

With that, Murong Zhen snorted and dashed towards Xiao ran.

As soon as she moved, everyone in the audience, including Meng jueguang and Lin Yi, opened their eyes wide and carefully observed her strength.

Although she had been in the welcoming new pavilion for a month and was always the first person to appear in the newcomer challenge, the difference in strength was too great. Every newcomer who was called out to challenge her had tactfully taken the initiative to admit defeat, so no one had seen her fight in the past month.

But now, Xiao ran was different from the other newbies. As an early-stage Foundation establishment cultivator, although he felt the same pressure, it was not to the point where he was afraid to fight her.

With Xiao ran's background, unless Murong Zhen was an invincible being at the peak of the early-stage Foundation establishment, it would not be easy for her to defeat Xiao ran even if she had the victory in her hands.

As soon as Murong Zhen moved, Xiao ran followed suit. Xiao ran had never liked to fight head-on with his opponent, especially since he had the Shadowstep. He would use the Shadowstep to deal with his opponent and then find an opportunity to attack. This was Xiao ran's fighting style.

It was also this style that gave him the confidence to fight Murong Zhen, who was at the peak of the early stage of the foundation building realm. Otherwise, if it was someone like Qiao hongcai, who was used to fighting head-on, challenging someone of a higher level was almost equivalent to courting death.

"Yo, brother Xiao ran, you're so good at body movement!" Murong Zhen's eyes lit up again.

Due to her advantage in strength level, her speed was obviously faster than Xiao ran 's. In theory, Xiao ran couldn't escape from her palm at all. However, in the limited space of the ring, Xiao ran made her unable to attack.

This was all thanks to the Shadowstep. Although the speed in a straight line might not be very fast, the dodging and moving in this small area was definitely second to none among all movement martial arts techniques.

Even so, Xiao ran did not dare to be careless. He had already used his Shadowstep to its maximum. However, he could only hold his ground against Murong Zhen at most. He could not lose, but he could not find an opportunity to attack.

After all, it was not easy to deal with an expert at the peak of the early-stage of the foundation building realm. The reason why Murong Zhen had been summoned to the rising Sky Pavilion was not only because of her relationship with elder Murong, but also because of her own strength. This woman was not just a pretty face but a useless flower vase.

Xiao ran had already anticipated this situation. If he could take the initiative by using the footstep Mirage alone, then his opponent was too weak. However, if this continued, the situation would not be in his favor.

The Shadowstep had an amazing effect, but it also consumed a large amount of true Qi. If this continued, Xiao ran knew that he would not be able to last longer than Murong Zhen.

Just as Xiao ran was about to take the risk and wait for an opportunity to strike, Murong Zhen, who was in hot pursuit, suddenly chuckled. "Brother Xiao ran, it's said that a man chasing a woman is separated by a mountain, and a woman chasing a man is separated by a veil. I've been chasing you for so long, you should at least give me a response!"

Teasing! Teasing again!

Although Xiao ran didn't want to pay attention to it, his Shadowstep slowed down subconsciously. Then, his heart turned cold and a murderous intent suddenly appeared behind him!

Xiao ran was already very careful. While he was using the Shadowstep to deal with Murong Zhen, he was constantly paying attention to his opponent's position and movements. However, in that moment of distraction, a blinding light flashed across Murong Zhen's fingertips. He was 50 feet away just a moment ago, but in the blink of an eye, he was already behind Xiao ran.

Bang! Bang! While everyone was in a state of shock, Xiao ran fell directly out of the ring.

Lin Yi and the others quickly came forward and helped him up to check his injuries, "Are you alright? Are you badly injured?"

Before Xiao ran could say anything, Murong Zhen had already spoken on his behalf. He said in a tone that was half surprised and half regretful, "Of course he's fine. You're the first early-stage Foundation establishment cultivator to escape from my Phantom finger, Xiao ran. You should be proud of yourself!"

With the help of his senior brother and Qiao hongcai, Xiao ran slowly stood up, his face a little pale. "Many thanks for miss mu Rong's advice. If there is an opportunity next time, I will definitely return it!"

He was sure that Murong Zhen didn't hold back at all just now-she really wanted him dead! She'd made it sound so sweet, but she'd used the chance to distract him to kill him! This woman was just like what boss Lin Yi said-she had the heart of a snake!

If it was not for his natural alertness and constant vigilance, Murong Zhen would not have been able to Dodge the attack even with his Shadowstep. Moreover, he had made use of the edge of the ring to throw himself off the stage as a forfeit. Even if he had managed to Dodge the attack, Murong Zhen would have had a backup plan.

"Brother Xiao ran, you're making me very scared. Why don't you change your method and come to my little wooden house to play next time? I'm really looking forward to it!" Murong Zhen's mesmerizing eyes were ogling at Xiao ran. His admiration for him was beyond words, as if he had never tried to kill Xiao ran.

She turned hostile faster than flipping a book. This woman was really outrageous!

Lin Yi and the others shook their heads speechlessly, getting to know Murong Zhen better-this woman wasn't easy to deal with at all. She wasn't any easier to deal with than the manager, Meng jueguang.

Seeing that Xiao ran was ignoring him, Murong Zhen had no choice but to give up on the idea of continuing to tease him. He said in a soft voice, ""Brother Xiao ran, although I won, I'll leave cave number three at the foot of the mountain for you to continue living in. Don't forget to come to the small wooden house to play, I'm waiting for you."

After he finished speaking, Murong Zhen sashayed down the stage under the greedy gazes of the crowd, swaying his alluring waist.

"Hong Cai, if I'm not wrong, this woman will definitely challenge you in the next round. Don't try to be brave and admit defeat." Lin Yi warned with a serious face.

"That's right, this woman is indeed dangerous. Although I saw her move just now, I couldn't react in time. I was lucky to be by the side of the ring today, otherwise I would probably be a corpse by now." Xiao ran said with lingering fear.

In fact, Lin Yi had told him that he could give up before he went up the stage, but Xiao ran still wanted to test his strength, so he decided to play around with Murong Zhen, who was a rare opponent. As a result, the scene just now happened, and he would be killed if he was not careful.

Chapter 3884 Challenging Lin Yi!

Even Xiao ran, who was more adaptable, was already in such a state. If it was Qiao hongcai, who only knew how to fight head-on, the consequences would be obvious. Judging from Murong Zhen's performance today, he wouldn't hold back if he had the chance to kill anyone in Lin Yi's group.

As far as the situation was concerned, out of the three new factions of the GreenCloud Pavilion, Murong Zhen was stronger, but he was still alone. Meng jueguang could only rely on Meng Tong, and it would be difficult for him to make a comeback in a short time. So the strongest faction was still Lin Yi's group.

If they could get rid of Xiao ran and Qiao hongcai, both of Lin Yi's henchmen, it would be beneficial to both Murong Zhen and Meng jueguang. No one would let go of such an opportunity.

After hearing Lin Yi's words, Qiao hongcai decided to put an end to his stubborn thoughts. He nodded, "Don't worry, boss. I treasure my life. I won't take things so hard. "

Lin Yi and the others couldn't help but laugh at that-you think you value your life? Then who was the guy who had almost died in the previous two matches against Meng Tong?

Just as everyone had expected, in the seventeenth round of the newcomer challenge, Murong Zhen challenged Qiao hongcai from cave number two.

Due to Lin Yi's stern warning, Qiao hongcai decided to give up on the match even though he wanted to have a good fight with this evil woman.

"What a wise and cute little brother!" This was Murong Zhen's evaluation of Qiao hongcai.

This wasn't just for show-it was a genuine comment. If Qiao hongcai was a one-track minded person, Murong Zhen would've been able to make him attack even with Lin Yi's warning, but it turned out that

no matter how much Murong Zhen tried to talk, Qiao hongcai was able to control himself from the start, like a general who stood as still as a mountain.

Xiao ran and Qiao hongcai were both highly regarded by Murong Zhen, but she was even more interested in Lin Yi as her boss now.

She'd tried to get in touch with Lin Yi on her first day at the pavilion, but she had no idea how strong he was. Someone who could make Xiao ran and Qiao hongcai follow his orders couldn't be an ordinary person!

Three days later, the 18th round of the rookie Challenge finally arrived as scheduled. This was the final round of the assessment, so it naturally attracted a lot of attention.

Everyone was rubbing their fists and wiping their palms. Looking at the previous four rounds of the newcomer assessment, as long as one had the ability, the challenge Round was undoubtedly the easiest round to grab points. And now, this eighteenth round was already their last chance.

If he didn't give it his all now, he would really be in deep trouble when his points were deducted helplessly during the spirit herb assessment.

The intensity of this round of the final battle could be imagined.

Other than that, there was something even more interesting. Murong Zhen was now in cave number two, and she'd already defeated Xiao ran and Qiao hongcai. Would she challenge Lin Yi in the last round?

One was an expert at the peak of the early Foundation Stage who had joined halfway, while the other was the number one newcomer who had made everyone feel helpless. Once these two people fought, it would be no different from Mars colliding with earth in the eyes of the newcomers of the green cloud Pavilion. This was a battle that could determine the future situation.

However, Murong Zhen wasn't an idiot. She had already taken out Xiao ran and Qiao hongcai, but that didn't mean she would go after Lin Yi.

She'd only been trying to get on Meng jueguang's good side, but she wasn't completely on his side. If she challenged Lin Yi today, then no matter who won or lost, the biggest beneficiary would be Meng jueguang.

When the Sandpiper and clam fought, the third party would benefit. There was no need to explain this principle.

Before this, Murong Zhen didn't think much of Lin Yi, who was rumored to only be in the early Foundation Stage. However, after seeing Xiao ran and Qiao hongcai's potential, she changed her mind.

Even if this Lin Yi was only at the early Foundation Stage, he wasn't an easy opponent to deal with. One wrong move and he'd die.

According to Murong Zhen's original plan, she didn't want to challenge Lin Yi today, but what Meng jueguang said last night changed her mind.

"The higher-ups have already decided that I will take over the position of the third Pavilion master of the welcoming new pavilion. With miss mu Rong's connections, I believe it won't be difficult to verify whether this news is true or not. At that time, the position of the eldest senior brother of the GreenCloud Pavilion's new manager will be vacant."

Murong Zhen's heart skipped a beat.

In the past month, she had found out that Lou Tianyou was the one who had sent her to the welcome Pavilion.

Not only was he Xu lingchong's sworn brother, but he was also the young master of the rising Sky Pavilion with a strong background. In addition, this fellow had spread the news of her offending lady Shangguan everywhere. This had caused Murong Zhen to become a rat on the street in the rising Sky Pavilion. Even elder Murong, who was backing her, did not dare to speak up for her, let alone the others.

If nothing unexpected happened, her becoming a disciple of the GreenCloud Pavilion was already a foregone conclusion. Even if she entered one of the three great pavilions in the future, she would still be a member of the GreenCloud Pavilion and would never be able to return to the rising Sky Pavilion.

If she wanted to make a name for herself in the GreenCloud Pavilion, and if she wanted to take revenge on Shangguan LAN 'er, she could only rely on herself.

Although the position of the senior brother of the welcoming new pavilion's new person manager was not very important or prominent, nor did it have much power, if she, Murong Zhen, could hold it during her time as a new person, it would be a very bright and rare resume.

Once he entered the GreenCloud Pavilion, he would immediately be promoted by one level. This kind of opportunity was almost impossible to come by.

Murong Zhen wanted this position, and if what Meng jueguang said was true, and he was promoted to the third Pavilion master of the welcome Pavilion, then he would be the former and immediate superior. He would have a great deal of say in the candidate for this position.

Meng jueguang saw through Murong Zhen's ambition and suggested this condition. He would recommend Murong Zhen to the top position, and the price would be to challenge Lin Yi.

"My Lord, number two, Murong Zhen, is challenging cave number one, Lin Yi." Murong Zhen's usual flirtatious attitude was replaced by a serious and stern look.

Lin Yi raised his head in surprise. He didn't believe that Murong Zhen would be willing to become Meng jueguang's subordinate. There must be a reason for her to do such a stupid thing.

"Forget it. I haven't fought with anyone for a long time. It's a good time to loosen my muscles and bones." Lin Yi's lips curved into a faint smile as he walked up the stage calmly.

Recently, he had been facing experts like Nan tianyong. Although he won miserably in the end, he didn't have the pleasure of stepping on people. It had been a long time since he had stepped on a low-level opponent like Murong Zhen.

Chapter 3885 Serious

"Hehe, this is going to be interesting. I've never seen boss with such a strong fighting spirit." Qiao hongcai said with excitement.

Xiao ran nodded in agreement-he'd seen Lin Yi fight in the common world, but he'd been quiet ever since he came to Sky Class Island. Even if he did, it'd only be small fights-he'd never seen Lin Yi get serious.

What they didn't know was that Lin Yi had been keeping a low profile ever since he came to Sky Class Island, but he wasn't always quiet. Not only did he beat Yu Zhe half to death, but he even blew up Nan tianyong, a peak late Foundation Stage cultivator, to the point that he was on the verge of death. It was just that no one knew that he was Lin er.

The miserable senior brother beside him was a little worried.""Murong Zhen is at the peak of the foundation establishment stage. Junior Brother Lin might be in danger. Sigh, it's better to be careful!"

Murong Zhen chuckled as he watched Lin Yi walk up the stage,"Big brother Lin, this beauty has long wanted to fight with you. Today, I finally have the chance. You have to show mercy later."

"Don't worry, I will,"Lin Yi nodded.

F \* ck! The audience couldn't help but curse. Beauty Murong was a peak early Foundation establishment expert. She was just being polite. You're only in the early Foundation establishment stage. Why are you acting like a big Shot?

As expected of the head of posturing, he didn't forget his true nature of posturing in any situation!

Not only were the people below the stage disdainful, even Murong Zhen was surprised. This attitude and tone, wasn't he a little too arrogant?

After a moment of shock, Murong Zhen came back to his senses and said, ""That's good. Big brother Lin, you have to keep your word!"

As soon as he finished speaking, Murong Zhen's body disappeared into thin air. When he reappeared, he was less than three inches away from Lin Yi. His finger glowed with a blinding white light as he pointed it at Lin Yi's throat. Phantom finger!

Last time when he was facing Xiao ran, he was able to hold his ground for a while, but this time, he was going for the kill right from the start. It was clear how important Lin Yi was to him.

To be honest, even if he didn't make a deal with Meng jueguang, Murong Zhen himself wanted to teach Lin Yi a lesson. He'd taken the initiative to seduce Lin Yi, but the guy didn't appreciate it at all. How could he let go of such an ignorant guy?

Women were very vengeful creatures.

"So fierce? Women are indeed not to be trifled with!" Lin Yi pursed his lips as if he was panicking, but he didn't panic. He used butterfly steps and dodged Murong Zhen's surprise attack at the last second.

"Big brother Lin is indeed not simple!" Although Murong Zhen had expected that his attack would miss, he was still a little disappointed.

However, this also confirmed her speculation-Lin Yi's strength was far above Xiao ran and Qiao hongcai. If it were Xiao ran, he wouldn't be able to Dodge the attack so easily even if he could.

Murong Zhen saw it clearly-Lin Yi's reaction looked dangerous, but it was all within his control. To be able to do this against his Phantom finger, this man's strength wasn't just at the foundational level-it was unfathomable!

Lin Yi smiled faintly. He hadn't used his true strength yet, and while Murong Zhen was pretty strong-she shouldn't be considered weak even among the peak of the early Foundation Stage-she was still far from Lin Yi's level.

Even if he didn't use the energy bomb, Lin Yi could fight a mid Foundation Stage practitioner like Yu Zhe with his own strength. He could even beat him half to death. Compared to Yu Zhe, Murong Zhen was obviously weaker.

Hmph! Seeing this, Murong Zhen snorted coldly. While he was secretly angry, he had completely put away his initial contempt.

In this situation, it was clear that Lin Yi, an early Foundation Stage, was looking down on her, a peak early Foundation Stage master!

"Big brother Lin, do you know why this technique is called Phantom finger?" Murong Zhen suddenly laughed.

"Phantom finger?" Lin Yi raised an eyebrow. The move was fast, and the blinding white light was confusing, but it didn't seem to match the word "Phantom."

However, just as Lin Yi and the crowd were waiting for an explanation, Murong Zhen suddenly moved. His moves looked exactly the same as before, but that was only from the perspective of the audience. From Lin Yi's perspective, it was a completely different feeling.

The Phantom finger was just a flash of white light, but there were dozens of white lights in Lin Yi's eyes, coming from all directions.

Visual deception? Lin Yi reacted instantly. Was he using visual deception to create an illusion effect that people couldn't defend against?

However, wasn't this a little too dramatic? This kind of move was indeed quite brilliant and impossible to guard against at a lower level, but it should be known that for cultivators above the foundation establishment stage, even if they closed their eyes and did not use their vision, their superhuman perception alone was enough to cope with the battle.

Lin Yi's senses were sharp, but when he closed his eyes, he realized that something was wrong. The dozens of white lights were still in his mind!

"Do you think that this Beauty's Phantom finger is just to deceive the eyes? big brother Lin, you're too childish!" Murong Zhen laughed coldly. If it was just a low-level martial art, how could it be her signature killer move?

The Phantom finger didn't just deceive one's sight, it also deceived one's divine sense!

When one reached the foundation establishment stage, it was already very difficult to rely on basic senses such as sight and hearing to control the battle. What cultivators relied on the most was the perception of the divine sense.

Murong Zhen's Phantom finger, on the other hand, was used to deceive one's divine sense. For most cultivators, if they could not even tell the difference between the real and the fake, they would be at a loss.

The speed was extremely fast, but it was hard to tell whether it was real or fake. Phantom finger was a powerful martial art technique that condensed all the genuine Qi into one point to create explosive damage. Murong Zhen often chose fatal spots such as the throat.

These points alone were not too difficult to deal with, but when put together, even for a peak early Foundation Stage expert of the same level, it would be a mountain of pressure.

"Interesting, this woman's finally serious. Lin Yi can only wait for death now!" Below the stage, Meng jueguang's eyes lit up.

To the others, this move was no different from the first test-the only one who'd been tricked was Lin Yi, but Meng jueguang had heard of Phantom finger before.

It looked ordinary to others, but if this move was used for real, it was extremely terrifying, especially when the strong bullied the weak. This move was especially effective!

#### Chapter 3886 Flying With A Slap

If he couldn't distinguish the real from the fake, he couldn't Dodge, and if he couldn't Dodge, he could only fight it head-on. Even if he could guess the direction of the true phantom finger's attack, how could he block it?

Other than tricking the spirit sense, The Phantom finger was also good at breaking through the surface with a single point. Even a master of the same level would be scared if they were to fight head-on, not to mention that Lin Yi's strength was clearly much weaker than Murong Zhen 's!

Meng jueguang had tried to lure Murong Zhen into challenging Lin Yi, and he'd also imagined the scene of Murong Zhen killing Lin Yi on the stage, but now that the moment was about to arrive, he suddenly felt that it wasn't real. This wonderful feeling was like a dream!

Unfortunately, Meng jueguang's beautiful dream was destined to never come true.

"The technique of deceiving the divine sense is indeed brilliant, but in front of absolute power, what use is it?" Lin Yi put his fists in front of his throat, his body emitting a shocking heat. It felt like he was in a sea of fire.

Although Lin Yi couldn't tell if the white light was the real Phantom finger yet, one thing was for sure- Murong Zhen had locked onto his throat. No matter which direction he came from, his throat would be the final target!

Then things were simple. As long as he protected his throat, this fatal point, he could wait for an opportunity to counterattack!

Murong Zhen jumped at the heat-it was rare to see a fist intent this overbearing. Even if Lin Yi didn't release it, the heat was enough to suffocate people. If it wasn't for Murong Zhen using his Qi to suppress it, his clothes would've been burnt to ashes by now.

But when she saw Lin Yi protecting his throat, she laughed coldly again. If she could block The Phantom finger just by protecting her throat, then she wouldn't be able to live in this world!

Murong Zhen changed his target to Lin Yi's chest. There were many vital parts on the body, and the throat wasn't the only one! With the maturity of her Phantom finger, even if she wanted to change it at the last moment, it would be an easy thing to do!

However, Murong Zhen soon realized that he was wrong. Not only was he wrong, he was extremely wrong!

This was because Lin Yi was waiting for the moment she changed her target. No skill was perfect, and no matter how good Phantom finger was at deceiving the spiritual sense, it would still reveal its flaws at certain times, just like the moment she changed targets!

Among the dozens of white lights, there was one that was clearly more sensitive than the others. The difference was almost negligible, and normal practitioners wouldn't be able to sense it, but Lin Yi could.

The 23rd Style of wild fire Fist! Two consecutive shots!

After all this time of training, Lin Yi had completely mastered the peak of the early Foundation Stage. Even powerful skills like the 23 forms of wild fire Fist could be used twice in a row!

One of his fists met The Phantom finger while the other was aimed at Murong Zhen's face!

BOOM! Phantom finger and Flaming Fist clashed head on, and as Lin Yi expected, even a skill as strong as Flaming Fist couldn't gain the upper hand against the opponent's attack.

After the collision, the 23rd Style of the wild fire Fist was pierced through and stabbed into Lin Yi's chest!

Fortunately, Lin Yi had a strong Qi protecting him, and after clashing with the wild fire Fist, The Phantom finger was like an arrow at the end of its flight. So although the scene looked extremely dangerous, Lin Yi's body was only injured on the surface, not in a vital area.

On the other hand, Murong Zhen's side wasn't having an easy time. She didn't think that Lin Yi would be distracted while dealing with her Phantom finger. It was hard to imagine that he still had the energy to deal with her!

Caught off guard, the wild fire Fist's scorching hot fist intent surged towards Murong Zhen. Her beautiful face instantly turned pale. The Phantom finger had already consumed more than half of her Zhen Qi. She was now in an awkward state of exhaustion!

"Ah!" In his panic, Murong Zhen, who was at the peak of the early Foundation establishment stage, was so frightened that he cried out involuntarily. He was at a loss as to what to do. He risked his internal injuries and used The Phantom finger again.

It was a pity that The Phantom finger was indeed powerful when used for offense, but it was not enough to be used for defense.

The characteristic of a single point breaking a surface was completely useless at this time. Phantom finger could at most break the strongest point of the wild flame fist, but it couldn't block the rest of the attacks.

Bang! Bang! Murong Zhen's entire body was instantly enveloped by the fiery fist's scorching aura. It was not enough to cause a fatal injury, but it was definitely not a good feeling. At least, at this moment, Murong Zhen's image was already in a mess.

Not only was his hair and face unkempt, but his exposed skin was also pitch black. Even his thin clothes were torn and tattered, revealing the alluring scenery that was wrapped inside, making everyone below the stage swallow their saliva.

They were all on Murong Zhen's side at first, but after the feast, they were all praising Lin Yi for what he did. If it wasn't for the lecherous Lin Yi burning their clothes, they wouldn't have had the chance to see Murong Zhen's beautiful body!

He was indeed a little embarrassed, but he had a rare charm!

On the stage, Murong Zhen was filled with anger. She was dressed in such a simple outfit and she did not mind being looked at by the people below. In fact, she enjoyed this feeling very much because it would attract the attention of the crowd. These people would not be able to control themselves and would take the initiative to fall for her.

However, she didn't think that Lin Yi would beat her up like this. She didn't challenge Lin Yi just to make a deal with Meng jueguang, but also to stand up for herself. Lin Yi didn't know what was good for him and ignored her seduction!

In the end, she did not expect that not only did she not vent her anger, but she also ended up in a sorry state. After losing so much face, how could she stand in front of these people in the future?

"Lin Yi, go ..." Murong Zhen didn't care about the awkwardness of her naked body being exposed. She gritted her teeth and was about to attack Lin Yi again. She only looked like she was in a bad shape, but she wasn't really injured.

At least in her own opinion, she still had the strength to fight. She absolutely could not tolerate this anger today!

But before she could finish, Lin Yi's figure had already appeared in front of her. Without a word, he raised his palm-slap!

With a crisp slap, Murong Zhen was sent flying out of the ring. In an instant, everyone was dumbfounded and stunned. The campus Belle's new uniform, Chu Mengyao, has been unlocked.

Chapter 3887 The Limit Of The Golden Core

"Tsk, tsk, what a turbulent wave!" Lin Yi said nonchalantly as if nothing had happened, giving off the feeling that he was just a bystander.

With just one slap, he sent an expert at the peak of the early Foundation Stage flying? What kind of bullsh \* t plot is this!

It took a long time for the audience to recover from their shock. Even Meng jueguang's mouth was agape as if he had seen a ghost.

As far as they knew, Lin Yi was only an early-stage Foundation practitioner. No matter how strong he was, he couldn't possibly be stronger than Murong Zhen, who was at the peak of the early-stage Foundation, right?

He'd thought that Lin Yi would be lucky enough to survive today, and that he'd at least have to pay the price of heavy injuries.

Unfortunately, reality was cruel. Not only did Lin Yi not die at Murong Zhen's hands, but the person he had high hopes for, Murong Zhen, was slapped to death. How could he accept this?

Lin Yi, on the other hand, only had a slight flesh wound on his chest. Looking at how nonchalant he was, it didn't even count as a light injury.

"Boss is mighty!" Qiao hongcai couldn't help but praise Lin Yi as he walked down the stage with ease. His miserable senior brother and Xiao ran were also excited.

They were confident in Lin Yi's strength, but they didn't think that he could win so easily. He just slapped his opponent off the stage-this was unbelievable! Boss Lin Yi was too strong!

Lin Yi smiled and turned to the stunned Murong Zhen."Miss mu Rong, you've let me win. I'm very sorry to have ruined your clothes. However, if you fight with me again, I'd advise you to wear something that is fireproof."

Hiss! Only then did Murong Zhen snap back to his senses. He looked at Lin Yi's calm but heart-palpitating eyes and couldn't help but shiver. He gritted his teeth and clenched his fists, not daring to say a word.

Lin Yi's strength had been deeply imprinted in her mind in that instant, and she shuddered without even thinking about it. She couldn't help but feel a little more fear towards Lin Yi, even though she didn't realize it.

He was a peak-level early-stage Foundation establishment cultivator, yet he was slapped down from the stage by a self-proclaimed early-stage Foundation establishment cultivator!

She'd never even heard of something like this before, let alone come across it. She'd thought that Lin Yi was just a little stronger than he was before, and that it was nothing.

But now, after that frightening slap, the shiver that came from the depths of her soul told her that no matter how unwilling she was, Lin Yi was someone she couldn't mess with!

What kind of strength does this guy have! Murong Zhen's heart was already roaring. If someone dared to tell her that Lin Yi was only an early-stage Foundation, she'd wring that person's head off and use it as a chamber pot! He slapped her right off her face-how the hell was this guy an early-stage Foundation?!

This guy was at least an expert at the peak of the early stage of the foundation building realm. He might even be stronger than this. Otherwise, he wouldn't have been able to do this!

Lin Yi knew that he'd achieved his goal today when he saw the fear in Murong Zhen's eyes. He smiled and walked back to the group.

If he could slap Murong Zhen just now, then he could kill him too. However, now was not the time to do so! If he won against Murong Zhen, no one would pay much attention to him. But if he killed Murong Zhen, it would be a different story.

Although there were a lot of fights in the welcoming new pavilion, not many people died. If they were noticed by the southern Heaven Gate and became suspicious, it would not be worth it.

Today's battle was not only a warning to Murong Zhen, but also a warning to Meng jueguang and the others. He did not expect these people to stop here, but at least they would be wary for a while. This would save them some unnecessary trouble.

As for his strength at the peak of the early Foundation Stage, it was only a matter of time.

After a month of observation, Lin Yi was sure that Yu Zhe and Nantian gate's eyes had shifted away from him. It wouldn't be a problem even if he showed his peak foundation level strength.

"F \* ck! What kind of freak was this kid? did he take the wrong medicine? Otherwise, how could his strength have increased so quickly?" Meng jueguang could feel Lin Yi's powerful aura from afar, and was surprised.

He was on the verge of breaking through to mid Foundation, but he was only at the peak of early Foundation. This meant that Lin Yi, a newcomer from the secular world who'd only been in the pavilion for less than four months, was already on the same level as him, the Senior Manager?

This was impossible!

Meng jueguang subconsciously ruled out this possibility. If Lin Yi's success in breaking through to the Foundation Stage was due to the foundation pill, it was still acceptable, but breaking through to the peak of the early Foundation Stage in just two months was something he'd never heard of before!

"It's definitely the limit Jindan!" Meng jueguang immediately found a more acceptable explanation for himself. The ultimate golden core could allow a person to exert power beyond their own level for a short period of time. Even at the level of the foundation establishment stage, this effect would not be weakened much. As long as it was below the foundation establishment stage, it would be effective!

Lin Yi must've predicted that Murong Zhen would challenge him today and prepared the ultimate golden pill beforehand. He might've even consumed two of them without caring about the cost to defeat Murong Zhen in the arena!

Right! This explanation made sense!

Meng jueguang was in a much better mood now-he'd be in deep trouble if Lin Yi really did become a peak-level early Foundation Stage practitioner.

This wasn't a matter of whether he could suppress Lin Yi or not-he'd only been in the pavilion for four months, and he'd gone from a mere Sky Class full master all the way to the peak of the early Foundation Stage! This was enough to attract the attention of all the higher-ups in the pavilion!

After all, Lin Yi wasn't like Murong Zhen-he was born in the common world, a true newbie from the grassroots. Every breakthrough he made was proof of his talent!

If Lin Yi could keep up this amazing performance, he'd have a bright future ahead of him. With just a little bit of luck, he might even become like Gongyang Jie of the rising Sky Pavilion, one of the future leaders of the GreenCloud Pavilion. He wasn't someone Meng jueguang could deal with at all, even if he became the third Pavilion master of the welcoming new pavilion!

But the good thing was that Lin Yi wasn't that weird-he'd only taken a golden pill at the limit beforehand, so there wasn't much to be surprised about.

#### Chapter 3888 The End Of The Challenge

While Meng jueguang was lying to himself, the embarrassed Murong Zhen sized up Lin Yi a few times before walking back to her own cabin.

This time, Lin Yi had taught her a solid lesson. No matter how much she hated him, at least for now, she wouldn't dare to mess with Lin Yi again.

Seeing that Murong Zhen was leaving early, Qiao hongcai couldn't help but want to jump out and challenge her. He wasn't a gentleman, and he didn't know what it meant to have tender feelings for a woman. He had been forced to admit defeat before, and he was full of anger. Now that he had a chance to take it back, he wouldn't let it go easily!

But Lin Yi stopped her.

It wasn't that Lin Yi was soft-hearted, but he knew that he didn't use up all of Murong Zhen's pure Qi in the fight just now, nor did he injure him severely. He only made her get off the stage in a sorry state, and if Qiao hongcai challenged her now, he'd be in deep trouble. He might as well be more magnanimous.

Since Lin Yi had spoken, Qiao hongcai naturally wouldn't disobey. It was the last round of the newcomer challenge, however, and other than Murong Zhen, there was only his boss Lin Yi left. He had no way to challenge him at all, and his hands were itching for a fight.

After holding back for a long time, Qiao Hong's eyes finally fell on Meng Tong, and he provoked, ""Newbie Meng, since you have nothing to do, why don't we have a match? This is the last round. I'm ranked higher than you, so I can't take the initiative to challenge you. But you can't be holding back and not dare to challenge me, right? or are you afraid of me, this trash, after the last two rounds?"

With that, the crowd who were still in shock of Lin Yi sending Murong Zhen flying suddenly became interested again.

Lin Yi had just finished off Murong Zhen, and Qiao Hong had gone to challenge Meng Tong. Today was the last round of the newcomer challenge, after all-it was exciting!

Being provoked by trash Qiao, whom he looked down on, under everyone's watchful eyes, Meng Tong's bad temper naturally could not tolerate it. "You motherf \* cker! It'd be fine if it was Lin Yi who said that, but you're just a useless F \* cking underling, and you dare to provoke me? You want me to challenge you? fine, I'll grant your wish. I'll let you die with a clear understanding today!"

Without waiting for Meng jueguang to speak, Meng Tong took the initiative to jump into the ring and curled his finger at Qiao hongcai with a cold smile.

If it wasn't for Murong Zhen, Meng jueguang's original plan would've been to use the meridian heart-shattering pill to push his strength to the peak of the foundational level in the last round before challenging Lin Yi.

But now, with the addition of Murong Zhen, Meng Tong wasn't in a hurry. He wouldn't lose a piece of flesh if he let Murong Zhen take the lead against Lin Yi anyway, so he was still in the early Foundation Stage.

If the one challenging him now was Lin Yi, the freak who just showed off his power, then Meng Tong really wouldn't have the confidence to go on stage. However, the opponent was just trash Qiao, and he only managed to survive two times. What the hell was he doing?!

"He's right. This guy is really an obedient idiot." Qiao hongcai chuckled, rolled up his sleeves, and walked up to the ring.

The whole audience was in an uproar. Every time these two guys fought, it was bloody and tragic. Today, there was really a good show!

"If you have any last words, hurry up and leave them behind. Don't say that I'm inhumane. I'll kill you directly later and people will say that I don't even allow you to leave a last word." Meng Tong sneered.

Although he hadn't taken the meridian heart-shattering pill yet, Meng jueguang had given him many supplementary pills to nourish and warm his body in order to ensure that he could fully withstand the pill's powerful medicinal effects.

So even if Meng Tong wasn't at the peak of the early Foundation Stage yet, he was in an unprecedented good condition. He had no chance of winning against Lin Yi, but if it was just trash Qiao, he wouldn't even care.

However, Qiao hongcai looked at him as if he was an idiot. ""You're not going to stay for yourself? You've been beaten like a dead dog in two matches in a row. I'm curious where you get your confidence from? From your expression, you must have taken your medicine, or have you taken the wrong medicine?"

"Hmph! You have a sharp tongue!" Meng Tong hmphed coldly as he attacked. He'd always treated himself as Lin Yi's equal, and he didn't want to waste his breath on a small fry like Qiao hongcai. Even though they'd both suffered heavy losses, Qiao hongcai still wasn't worthy of his attention.

Feeling the strength of Meng Tong's leg, Qiao Hong was slightly stunned, "You're a little stronger than before, but I haven't rested for the past two months!"

Bang! Bang! Bang! Bang! Bang! Bang!

A series of muffled sounds of fists and feet hitting flesh could be heard. Qiao hongcai and Meng Tong's fight to the death was as tragic and bloody as ever. They were too familiar with each other. There were no tricks, just pure brute force!

After half an incense's time, under the dumbfounded gazes of everyone present, Meng Tong was thrown off the stage by Qiao hongcai like a dead dog. Although he was also in a terrible state, there was no doubt that Qiao hongcai had won this time!

"Motherf \* cker!" Meng jueguang's eyes almost popped out of their sockets. He had already sensed that something was wrong when Meng Tong had been goaded onto the stage, but Meng Tong's brain was so muddled that he had fallen into the trap before he could even stop him.

This was great. He had spent more than a month recuperating with medicinal pills in vain. If he wanted to make Meng Tong take the meridian heart-shattering pill, he would have to start preparing from the beginning again. This guy was a F \* cking hopeless case!

But seeing Qiao hongcai barely beat Meng Tong, Meng jueguang's previous speculations were confirmed. Lin Yi and his group must have used the Golden pill of limits. Not only Lin Yi, but Qiao hongcai must have used it too. Otherwise, with his huge disadvantage in martial arts, there was no way he could beat Meng Tong at his peak!

He didn't know that his miserable victory over Meng Tong was the result of Qiao hongcai's hard work in the past two months. Heaven rewarded the diligent, and not everyone would be like Qiao hongcai, spending 24 hours a day and night on cultivation.

First, there was the peak-level battle between Lin Yi and Murong Zhen, and then there was the fierce battle between Qiao hongcai and Meng Tong. With these two strong men leading the way, the other

newbies were also influenced and were all pumped up to take on the last challenge. Even Cha Wu, who was now nominally in cave number sixteen, gathered his courage and made a last-ditch attempt.

Of course, Cha Wu's reputation as a newbie of the GreenCloud Pavilion was confirmed in the end and he was defeated without any suspense.

When the final round of the challenge competition was over, all of the GreenCloud Pavilion's new disciples were wounded, with the exception of two or three people. Some of them had injuries that were as severe as Meng Tong 's.

At this point, the two-month-long 18 round Rookie Challenge segment had finally come to an end. The final result was naturally a mix of joy and sorrow.

#### Chapter 3889 Unexpected News

Apart from Lin Yi, who was trapped in cave number one, Xiao ran and Qiao hongcai had earned a lot of challenge points, especially Qiao hongcai. Although he had fought with Meng Tong, he had collected 96 points from the beginning to the end, which was the highest number of points among all the new disciples in the pavilion.

Xiao ran was doing pretty well as well, earning 75 points. Lin Yi, on the other hand, only had two chances to fight in the past two months-one against Cha Wu, and the other against Murong Zhen, earning him 18 points in total.

On the other hand, the proud Meng Tong only got fifty-four points because of Xiao ran and Qiao hongcai's sudden rise. He didn't even achieve half of his expectations, and he couldn't even beat Lin Yi-he was a complete failure.

Putting aside the test of spirit herbs, Lin Yi and Qiao hongcai both had 138 points, tied for first place.

Meng Tong had 126 points and was ranked third; Xiao ran had 118 points and was ranked fourth; Lee Zheng-min had 73 points and was ranked fifth.

This result was really out of everyone's expectations. No one had thought that Qiao hongcai, who was known as a waste, would suddenly become a well-deserved Dark Horse and sit on the first throne, blinding everyone's eyes.

Meng jueguang's face turned as black as the bottom of a pot as he looked at the ranking. The rumors above had already revealed that as long as he could break through to the mid-stage of the foundation building realm in the near future, it was almost certain that he would become the third Pavilion master of the welcome new pavilion.

This was supposed to be a joyous occasion, but the points ranking in front of him was a slap to his face no matter how he looked at it. He had spent a large amount of resources, but the newcomer under him could not even get second place. How could he have the cheek to call himself the third Pavilion master in the future?

Just as Meng jueguang's stomach was filled with anger, someone suddenly delivered an exquisite invitation. When he saw the name of the owner, Meng jueguang's eyes immediately lit up.

The next morning, someone triggered the cave's restriction. Lin Yi was taken aback by the person.

The person who had come this time was actually the publicly acknowledged weakest of the new disciples of the GreenCloud Pavilion, Cha Wu.

"Why are you looking for me?" Lin Yi looked at Cha Wu up and down, surprised. He had a deep impression of this weakling since he came out to challenge him in the first round.

He's weak, likes to take advantage of opportunities, but doesn't have much wisdom. He's just a little smart, he won't be able to do much in the future. This was the only impression Cha Wu left in Lin Yi's mind.

According to Lin Yi's understanding, the guy was one of the first batch of people to join Meng jueguang, but he'd never been liked. He seemed to be in a bad situation now, too-his points were almost negative.

Why did such a guy come to find him?

After seeing Lin Yi, Cha Wu put on a flattering smile, "Boss Lin Yi, I'm really sorry to disturb you, but I have some news that you might be interested in, so I wanted to report it to you."

"What news?" Lin Yi's face didn't change, but he understood what was going on. Could it be that this guy couldn't stay with Meng jueguang any longer, so he wanted to betray him and become a spy for him like Li Zhengming?

With Cha Wu's opportunistic nature, this is very possible. After all, in his current situation, if he continues to blindly follow behind Meng jueguang and the others, he will never be able to make it out.

On the other hand, if Lin Yi accepted him, he might not get much attention, but the key was that Lin Yi didn't have many people under him. Even if he didn't get the meat, he would at least get some soup.

Besides, there was an old saying that goes, "a thousand gold is needed to buy a horse's bones." As long as Lin Yi had the slightest bit of ambition, he wouldn't be too embarrassed by Zha Wu's example. In fact, not only should he not be embarrassed, he should treat him well. Only then would he be able to attract more people to join him.

However, once this matter was exposed, Meng jueguang's side would definitely not let him off. Cha Wu definitely didn't have such courage. He probably still wanted to be a spy and pass on information. As long as he was a little careful, he would be able to obtain benefits this way without too much risk.

But what surprised Lin Yi was that someone as insignificant as Cha Wu could actually get any valuable information?

Cha Wu looked around carefully and whispered to Lin Yi after making sure no one was around, "Boss Lin Yi, I saw Meng jueguang sneaking into the house last night, only leaving this morning when it was almost dawn. I don't think I need to explain what's going on here."

"Is this true?" Lin Yi narrowed his eyes.

"It's absolutely true. I've been staring at the cabin the whole night, but if I lie, I'll be struck by lightning!" Cha Wu quickly made a vow.

Lin Yi looked at him strangely-what was this guy doing, staring at the house instead of training? he was probably trying to take advantage of Murong Zhen, but he didn't have the guts or the strength to do it. He could only satisfy his dirty thoughts by peeking every day.

It was no wonder that this guy would become the weakest among all the newcomers. He had brought this upon himself.

Cha Wu blushed at Lin Yi's stare and shrunk his neck back. Lin Yi then said,"Is there anything else besides this? If you don 't, then I won't be seeing you out. "

"Uh okay, boss Lin Yi, I'll take my leave first." Cha Wu could only turn around and leave in disappointment. He thought that Lin Yi would at least say something after he provided the information, but he didn't get anything.

Lin Yi looked at Cha Wu's back and shook his head with a smile. This Cha Wu was thinking too much if he wanted to get approval with just one piece of information. As expected, he was just a little smart and couldn't do much.

However, this information was still very valuable to Lin Yi.

Even though Murong Zhen was an out-and-out slutty woman, she had never made anyone stay overnight since she came here. Even the so-called wooden house Tea Party was just a feast for the eyes and did not have any substantial benefits.

However, Meng jueguang was able to stay in the wooden house for a night. With Murong Zhen's flirtatious nature, it was easy to imagine what would happen if a man and a woman were alone in the same room.

The background of this incident was the closing battle of the newcomer's challenge yesterday. Lin Yi had slapped Murong Zhen off the stage, and Meng Tong had been beaten half to death by Qiao hongcai.

Putting everything together, the conclusion was obvious. Murong Zhen was ready to collude with Meng jueguang!

Had it evolved from the division of the Three Kingdoms to the Alliance of Wu against Wei? Lin Yi had expected this, but he didn't expect the two to react so quickly. They'd already gotten together last night.

They couldn't wait to hug each other and roll around in bed. As expected, they were a pair of adulterers!

Chapter 3890 The Day To Hand Over The Spirit Herbs

Lin Yi's group was the strongest among all the new disciples in the pavilion. This was a fact that had been confirmed after yesterday's battle. Whether it was Meng jueguang or Murong Zhen, they would only be looking for trouble if they faced them alone. However, if both of them were to join forces, the situation would become a little delicate.

Meng jueguang was about to be promoted to the third Pavilion master of the welcoming new pavilion. Both his power and influence would increase by a notch. Now, he had a peak early Foundation establishment expert under his command, Murong Zhen. In addition, if Meng Tong were to take the meridian heart-shattering pill, he would have two peak early Foundation establishment experts!

A lineup like this was already invincible in front of the new disciples of the pavilion. From Meng jueguang's point of view, even if Lin Yi didn't use a peak golden core to send Murong Zhen flying, there was nothing to worry about with his own strength.

How could two peak early Foundation Stage cultivators not be able to handle one Lin Yi?

As for Xiao ran and Qiao hongcai, these two Foundation Stage underlings, Meng jueguang didn't care about them at all. Without Lin Yi's protection, these two would be nothing more than stepping stones in front of Murong Zhen and Meng Tong.

"Two peak early Foundation Stage cultivators? Hehe, this is interesting. " Lin Yi shook his head and smiled indifferently, not at all worried.

The only ones who could really pose a fatal threat to him were people like Southern Heaven Gate and Xu lingchong. As for Meng jueguang and Murong Zhen, who were right in front of him, they had already been classified as shrimp soldiers and crab generals. They were not a threat to him at all.

Even with his current strength, it was more than enough to deal with it. Not to mention that the next two stalks of heart-devouring exquisite grass were about to mature soon. Once he successfully refined the foundation building golden pill, he could immediately advance to the middle stage of the foundation building realm.

In his eyes, people like Murong Zhen and Meng Tong were nothing but useless soldiers.

The newcomer challenge segment had already ended. For the next month, the welcoming new pavilion did not arrange any assessment tasks for the newcomers. The fifth segment of the newcomer assessment would only officially begin after the spiritual medicine trial segment had ended.

Murong Zhen and Meng jueguang working together wouldn't affect Lin Yi much in a short period of time. Even if these people wanted to do something, they'd have to wait until the fifth segment.

For the other rookies, this period of time was the best opportunity for them to rest and recuperate after a long and tiring Rookie Challenge. At the same time, it was also the best opportunity for them to cultivate the spiritual herb seeds.

After all, they had nothing else to do during this period of time. There was no newcomer assessment mission, and even the three-month mining contract signed with the spirit Jade Hall had expired. It was just the right time for them to cultivate the last batch of spirit herb seeds without any distractions.

This was also the initial plan of many rookies. During the previous two months of the challenge, they had only experimented with a small number of spiritual herb seeds to gain experience. Most of it was left in the last month. How many points they could get in this round, or whether they could keep their points from being deducted, all depended on their performance.

As the days passed, the new disciples all rushed to the pill Hall's spirit medicine nursery before the deadline to report their work.

In general, the spirit herb trial was just as expected for all the newbies, especially for the GreenCloud Pavilion newbies who had the worst conditions. It was a completely fraudulent segment.

Even if they had the last month to fully cultivate, the final results were still shocking. Xiao ran and Qiao hongcai both handed in six spiritual herb seeds, while Meng Tong, who was the best among the others, only managed to cultivate three seeds. The rest only managed to cultivate one or two seeds, and many people even ate duck eggs.

In other words, according to the points calculation method of the spirit herb trial, except for Xiao ran and Qiao hongcai, even Meng Tong, who had the best result, would have one point deducted in this round. As for the others, it was needless to say that they were even more depressed.

Fortunately, these people had been relatively wise when they had chosen the spirit herb seeds, choosing the least ten spirit herb seeds. If they had chosen more, they might have lost more than ten points in this segment, and they would have no place to cry.

However, after being reminded by some people, all of the newbies suddenly recalled that during the selection of spiritual seeds, not all of the newbies had only placed a bid of 10 seeds. There was a certain awesome newbie who placed a limit of 40 seeds in one go!

However, now that the deadline had arrived, it seemed that the number one newbie of the GreenCloud Pavilion, who was acting tough, hadn't even handed over a single seed of a spirit herb that had been successfully cultivated.

There was anger, but there was nothing to laugh at. This was the mentality of most people, even cultivators like them were no exception. If they were unhappy with their own losses, they would inevitably find a balance from others.

At the very least, Lin Yi was the one who made them feel the most comfortable in the test!

Back then, he had drawn a total of 40 spiritual herb seeds, but now there was no movement at all. This meant that this guy would have 40 assessment points deducted at once. To be able to see the number one newcomer suffer such a loss was something to be happy to see!

This was supposed to be Lin Yi's own business, and no matter how many points he lost, it had nothing to do with anyone else. However, with Meng jueguang and Meng Tong's instigation, it became a huge focus of attention.

Especially on the last day of the deadline, all the new disciples of the pavilion had come out in full force. They didn't want to do anything else but watch Lin Yi suffer.

They looked at Meng jueguang and the rest of the GreenCloud Pavilion newbies, who had been blocking the entrance of Lin Yi's cave since early in the morning, forcing their senior brother, Xiao ran, and Qiao hongcai to a corner.

"These guys are all F \* cking sick in the head. Instead of cultivating, they came to watch boss. Even if boss deducted 40 points, it'll be a matter of minutes for him to get first place in the future. It's none of their business!" Looking at the gloating expressions on everyone's faces, Qiao hongcai was displeased.

Even the poor senior brother, who was an honest man, was filled with righteous indignation at this moment. "Meng jueguang is too despicable. He's fanning the flames in order to destroy the prestige Junior Brother Lin has built up in the previous rounds of the assessment. Only then can he conceal his own incompetence!"

Although he was on Lin Yi's side, even his poor Shixiong couldn't help but break out in cold sweat for Lin Yi.

He'd been in the three pavilions for years, and he'd seen things far more clearly than a newbie like Qiao hongcai. If all forty seeds were lost, it wouldn't be as simple as losing forty points. If someone wanted to make a big deal out of this, Lin Yi would be in deep trouble.
