

## Bodyguard 3921

### Chapter 3921 Lin Yi Appears

Ever since he was sent to the GreenCloud Pavilion, everything Murong Zhen had done was to build up his strength. In the end, he only had one goal-to take revenge on Shangguan LAN 'er, the lady who had caused her to fall to the ground!

Due to the huge difference in status between them, under normal circumstances, the chances of her getting her revenge were close to zero. No matter how deep her resentment was, Murong Zhen knew it in his heart.

At least for now, she had no chance of revenge. Perhaps after she worked hard for several years or even decades, there was a glimmer of hope that she could wait until the day she could hold her head high.

However, Murong Zhen did not expect this day to come so quickly and so suddenly. It was so sudden that she did not even have time to react before it had already happened.

Fortunately, her subconscious reaction in that instant had perfectly achieved her goal of revenge. The displacement effect of Phantom finger was only a supplementary effect. In essence, it was a real killing martial art.

Shangguan LAN 'er had never thought that her kind reminder would not only cause the other party to be ungrateful, but also bring such a fatal disaster upon herself. She had often heard her grandfather say that the Jianghu was dangerous, and today she had truly learned a lesson and deeply understood what it meant to be vicious!

Until now, she still did not know that the other party was Murong Zhen, whom she had met once before. Of course, even if Murong Zhen had told her his family name in front of her, she might not have been able to remember it.

It was just like how she had ignored Murong Zhen's provocation back then. The difference in their status was obvious. If Murong Zhen wanted to leave an impression in her heart, it was impossible for him not to do something outrageous.

However, this time, Shangguan LAN 'er would definitely have a deep impression of it, if she could survive this.

Both Murong Zhen and Shangguan LAN 'er were at the peak of the early Foundation establishment stage. However, Shangguan LAN 'er clearly lacked actual combat experience. She was flustered and at a loss for what to do when faced with Murong Zhen's sudden Phantom finger.

"Very good, that's the expression. Obediently die for this beauty, the high and mighty miss Shangguan!" The veins on Murong Zhen's face were bulging.

At this time, she had completely thrown the threat of the ugly giant octopus to the back of her mind. Nothing could make her more excited than killing Shangguan LAN 'er. Moreover, the occasion in front of her was simply tailor-made for her.

The Half Moon Lake was publicly acknowledged as one of the most dangerous places in the outer area of the back mountain. Even if Shangguan LAN 'er were to die Here, no one would suspect her, a newbie of the GreenCloud Pavilion who had nothing to do with it.

This time, even the heavens were on his side. With The Phantom finger, not only did he successfully escape from the fish's mouth, but he also took the opportunity to reap miss Shangguan's life. Could there be anything more wonderful than this in the world?

Shangguan LAN 'er could only watch helplessly as Murong Zhen's illusionary figure pointed at her throat. She could not move at all at this moment. There was nothing to restrict her steps. However, she had already been scared silly by the other party's fierce attack.

At this time, Lin Yi was still on the giant fir tree on the other side of the lake. They weren't too far apart, but there was a giant ugly octopus between them. It was obviously too far for him to save them.

Lin Yi, Murong Zhen, and Shangguan LAN 'er didn't expect that the one who saved her life at the last moment was a guy that no one cared about, a little Curly Bear that seemed to have no fighting power at all.

In fact, the little Curly Bear did not do anything difficult. It only gave Shangguan LAN 'er a gentle push at the last moment. That was all.

However, with just a light push, it had pulled its owner back from the edge of the yellow spring. After all, Shangguan LAN 'er was also a cultivator at the peak of the early Foundation establishment stage. As long as Murong Zhen's Phantom finger did not hit her throat, it would be impossible to kill her in one blow.

Feeling the sharp pain in her shoulder, Shangguan LAN 'er finally recovered from the fear of death and hurriedly escaped with the little Curly Bear.

She couldn't remember who the opponent was, but she knew that she wasn't a match for him. If she stayed here, she might be killed before Lin Yi could come to her rescue.

Seeing that The Phantom finger had failed, Murong Zhen gritted his teeth in anger. The reason why she had come today was actually the same as Shangguan LAN 'er. She had wanted to try her luck and get a thousand-year tree crystal.

But now, she had long forgotten about the 1000-year-old tree crystal. If she still could not kill Shangguan LAN 'er with such a God-given opportunity, she would never have such a good opportunity again in her life. It was an opportunity that could not be missed!

"Shangguan LAN 'er, today is the day of your death. This will be your burial ground, no one can save you!" Murong Zhen grinned hideously and chased after him.

Shangguan LAN 'er was at the peak of the early Foundation establishment stage, but she did not have the corresponding combat experience. She was no match for Murong Zhen at all. Moreover, she had to take a little Curly Bear with her, so she could not run fast even if she wanted to.

"Let's see who can save you this time!" Murong Zhen once again used Phantom finger and instantly appeared behind Shangguan LAN 'er's head. The small Curly Bear that caused her Phantom finger to fail was already sent flying by her palm.

This time, there was nothing that could interfere with her Phantom finger. Shangguan LAN 'er, the young lady who had caused her to fall into the dust, was definitely going to die!

Just as Murong Zhen was overjoyed and thought that he had succeeded, he was shocked to find that a familiar figure had appeared beside her. Her Phantom finger, which should have pierced through Shangguan LAN 'er's vital points, had been caught by a single hand and could not move.

Murong Zhen's eyes narrowed when he saw the man's face. He cried out in horror, ""Lin Yi!"

Visibility at night was low to begin with, and even the fluorescent light of the Half Moon Lake didn't change that much. Moreover, her attention was completely focused on the ugly giant octopus and Shangguan LAN 'er, so it was normal that she didn't notice Lin Yi's existence.

If she had known that Lin Yi was here, she might not have had the courage to attack Shangguan LAN 'er directly. Not to mention whether Lin Yi would harm her or not, even if the news of miss Shangguan's assassination were to spread, she would be dead without a doubt, with no chance of survival.

"Looks like I really shouldn't have let you off during the rookie Challenge. I should've just killed you. That way, the world would be a little cleaner." Lin Yi held Murong Zhen's Phantom finger in one hand, killing intent radiating from his body.

Before fighting the mirror puppet, Murong Zhen's Phantom finger might have been able to pose a threat to him, but now, Lin Yi could completely destroy his opponent with his simple punches and kicks.

They were both at the peak of the early Foundation establishment stage, but the difference in their abilities was like a chasm.

Chapter 3922 Let Her Go!

Murong Zhen was shocked. She was no match for Lin Yi in a one-on-one fight. There was no doubt about it, but Lin Yi caught her trying to kill Shangguan LAN 'er!

The situation took a sharp turn for the worse. The shadow of death that had originally shrouded Shangguan LAN 'er's head had quietly shifted to her own head.

Cold sweat trickled down Murong Zhen's forehead. Time seemed to have frozen at that moment. It was so slow that it made one's hair stand on end. It made one anxious and even fearful.

Finally, Lin Yi opened his mouth again, "If you don't have any last words, I'll send you on your way."

He did not have any deep enmity with Murong Zhen. That was why he did not have any intention of killing him at the end of the newcomer's challenge. However, after seeing what Murong Zhen had done to Shangguan LAN 'er, his hidden killing intent was triggered.

Shangguan LAN 'er didn't remember what happened between Murong Zhen and Shangguan LAN' er, so Lin Yi didn't know either. But this woman deserved to die for her evil behavior just now.

Such a scumbag didn't deserve to live in this world.

"Wait ... Wait!" Murong Zhen cried out in panic as Lin Yi was about to make his move.

She wasn't Lin Yi's opponent at all during the end of the challenge, and it seemed like he'd improved a lot. She'd lose for sure if they really fought, especially now that she'd been caught.

In his panic, Murong Zhen's eyes darted back and forth between Lin Yi and Shangguan LAN 'er, asking before Lin Yi could do anything, "You ... What's your relationship with her?"

Miss Shangguan's hatred for Lin Yi was a well-known fact in the pavilion, and it wasn't hard for Murong Zhen to know as well. She thought that Lin Yi would be her natural ally, and that was why she was trying to get him on her side.

She didn't expect that Lin Yi would want to kill her for that B \* tch Shangguan LAN 'er!

"Are these your last words? I'm sorry, but I don't have the obligation to answer you. So that's it. " With that, Lin Yi's right palm suddenly gathered an unparalleled amount of pure Qi. Murong Zhen's left arm was already caught by Lin Yi's left hand, and even if he used Phantom finger or other similar skills, he wouldn't be able to escape Lin Yi's next palm.

Murong Zhen could feel that Lin Yi was full of openings, but her instincts told her that she'd be the one to die if she made a move on him because she thought that he was full of killing intent.

What to do? What to do? He would really die if this continued!

Lin Yi's killing intent was getting more and more intense, and Murong Zhen was sweating profusely. No matter how cunning she was, her mind went blank at a time like this.

They were too close to each other-even if he cut off his right arm and let go of the one Lin Yi was holding, he wouldn't be able to Dodge Lin Yi's next palm. He'd still die.

There was nothing she could do but wait for death. Facing Lin Yi's merciless palm, Murong Zhen felt defeated. The best years of her life had come to an end. She couldn't accept it, she couldn't accept it!

However, the palm suddenly stopped in the middle, not because Lin Yi was soft-hearted, but because Shangguan LAN 'er opened her mouth.

"Little Junior Brother, let her go." Shangguan LAN 'er clutched the wound on her shoulder with one hand and comforted the little Curly Bear that had been slapped dizzy by Murong Zhen with the other, gasping in pain.

Lin Yi and Murong Zhen were both taken aback by the question.

"She was determined to kill you just now. You didn't think she was joking, did you?" Lin Yi said with a frown.

At any time, pitying the enemy was being cruel to oneself. There were countless examples of people being soft-hearted and leaving behind a painful lesson.

No matter how young miss Shangguan LAN 'er was, no matter how inexperienced she was, Lin Yi didn't believe that she didn't know something as simple as this. Even if she didn't know it herself, her grandfather, Shangguan Tianhua, would let her know.

"I know. If it wasn't for Little Junior brother's timely return, I would have been dead by now." Shangguan LAN 'er nodded seriously.

"And you still want to let her go? If you don't kill her this time, she'll still find an opportunity to kill you next time. " Lin Yi rolled his eyes at him.

The human heart was sinister. Even if he let her off this time, a sinister woman like Murong Zhen would only become worse. If he thought that she would turn over a new leaf, he could only say that his little Senior Sister was too naive.

Unexpectedly, Shangguan LAN 'er still insisted,""It's okay, but I still don't want her to die because of me. So, Little Junior Brother, let me be willful this time. Please forgive her this time. "

Lin Yi wasn't the only one who was stunned by the story-even Murong Zhen himself was in disbelief.

To her knowledge, this kind of thing was simply laughable and childish to the point that it was difficult to understand. If not for her current position, she would have long mocked him.

Looking at Shangguan LAN 'er's serious expression at the moment, it was not that she did not understand the sinister truth of the Jianghu. But even so, she still wanted to continue doing such naive and ridiculous things, even if she had to bear the huge risk of being devoured by others in the future.

If this was naivety, then Shangguan LAN 'er, the young lady who had never experienced the world, seemed to have realized that she would continue to be naive.

Lin Yi looked deeply into Shangguan LAN 'er's eyes, making Murong Zhen wait uneasily for a long time before opening his mouth, "Since she's your enemy, as long as you're aware of this, you can decide her life and death."

"Yes, yes. Thank you, Little Junior Brother." Shangguan LAN 'er nodded heavily.

"Alright," he said. Lin Yi didn't have any more objections and nodded seriously.

Murong Zhen was overjoyed. She was able to escape death this time. It was something that she didn't even dare to imagine in her dreams. She thought that even if Shangguan LAN 'er was naïve and childish, she might not be able to escape. Lin Yi wouldn't let her go so easily.

What she didn't expect was for Lin Yi to be so stupid as to agree to it.

Murong Zhen laughed coldly to himself. 'This adulterous couple is really too naïve and childish. I'll definitely return the humiliation I've suffered today a thousand times over in the future. I'll let you experience the true meaning of the evil of the martial world before you die!'

However, just as Murong Zhen was gloating to herself, Lin Yi let go of her right arm. At the same time, he flashed and hit her back with a palm!

Pfft! Murong Zhen was sent flying dozens of meters away and spat out a mouthful of blood. He turned around and glared at Lin Yi with a venomous look on his face, "W-why?"

Chapter 3923 The Reason For Letting Her Go

Lin Yi looked at her faintly, "I'm just teaching you a lesson. Although I'll spare your life this time, if you try to play any tricks in the future, I advise you to consider your own weight first. If I want to kill you, it'll be as easy as blowing off dust!"

"You!" Murong Zhen was furious, but when he thought of the other party's strength, he could only swallow his anger and say, "Alright, I've learned."

She had wanted to use this opportunity to pretend to be remorseful-with Shangguan LAN 'er's naive personality, she might have a chance to get closer to her and make a move on her in the future, but after Lin Yi's slap, she gave up on that idea.

Shangguan LAN 'er was childish and laughable, but Lin Yi wasn't the same. If she continued to play tricks here, she might really be killed by Lin Yi with one palm.

Lin Yi couldn't help but sigh as he watched Murong Zhen run away. He turned to Shangguan LAN 'er and said, "This woman has the heart of a snake or Scorpion. I really don't know if what I did today was right or wrong. You have to be careful in the future."

"Yes, I know." Shangguan LAN 'er nodded obediently, but then she suddenly reacted and said, "I'm your little Senior Sister, if even you know about it, how can I not know? Little Junior Brother, what do you mean by that? are you looking down on me?"

"Ah? I dare not, I dare not!" Lin Yi blushed at the sudden change in attitude.

"That's more like it ... Ouch!" Shangguan LAN 'er raised her fist proudly, but because she pulled on the wound on her shoulder, she was in so much pain that she even cried.

As she had been so focused on Murong Zhen earlier, she did not think much of the wound on her shoulder. However, now that she looked at it, not only was the wound ghastly, the sharp pain that came from it was enough to make her scalp tingle.

Shangguan LAN 'er was not an ordinary young lady. She was at the peak of the early Foundation establishment stage, so a normal injury was nothing to her. However, her wound was left by Murong Zhen's Phantom finger. After hitting her shoulder, not only did it grind her flesh, but there was also a sharp Barb on her finger, which was extremely vicious.

Even a master at the peak of the early stage of the foundation building stage might not be able to bear this kind of terrible pain, let alone a pampered young lady like Shangguan LAN 'er.

Lin Yi's eyes twitched as he quickly went up to check on her injuries. The wound was so deep that the bones could be seen. Fortunately, there were no signs of poisoning.

"Let's go. We'll find a hidden place. I'll help you heal. " Lin Yi picked up the dizzy little Curly Bear and left with Shangguan LAN 'er.

After all, this place was not far from Half Moon Lake. If he stayed here for too long, he couldn't guarantee that the terrifying existence that even the ghostly thing was afraid of would not suddenly attack him. Even if its body couldn't move, if it was a Vine Whip or a puppet, it might be able to attack him here.

After finding a hole in the tree, Lin Yi started to heal Shangguan LAN 'er. With the art of Dragon mastery, healing her shoulder injury was a piece of cake.

However, the process was still excruciatingly painful. In order to prevent the Miss from crying out in pain and attracting unnecessary trouble, Lin Yi had to find a topic to divert her attention.

"Little Senior Sister, I'm sure you understand the principle of uprooting the root of the problem. Why did you let Murong Zhen go when you had such a good opportunity?" Lin Yi asked.

Lin Yi wasn't just trying to divert his attention-he was curious, after all.

For a young lady like Shangguan LAN 'er who had never seen blood before, it was reasonable that she would not dare to kill anyone. However, in such a situation, Murong Zhen had repaid her kindness with ingratitude and knew the consequences of letting her go. She did not even need to do it herself. Any normal person would not be soft-hearted.

"Eh? She's called Murong Zhen. Little Junior Brother, do you know her?" Shangguan LAN 'er was so surprised that she even forgot about the pain in her shoulder.

"She's a new disciple of the GreenCloud Pavilion. Before that, she seemed to be a relative of one of the elders of the skyward Pavilion. " Lin Yi explained.

Shangguan LAN 'er was stunned. After a long while, she finally reacted,""I know why she wanted to kill me. She's the woman I met at the Huayang residence! But I've only met her once, so I don't think there's any enmity between us. I didn't even talk back to her when she scolded me for being uncultured!"

So that was how it was! Lin Yi understood now-the reason why Murong Zhen had been sent as a new member of the GreenCloud Pavilion was probably because he'd offended Shangguan LAN 'er. After all, even if Shangguan LAN' er didn't mind, there would be others who'd do it for her.

Otherwise, no matter how vicious Murong zhenxin was, she wouldn't have returned her kindness with enmity to the point where she had to kill this lady.

"A woman like her probably hates you even more because you don't take her seriously. In the end, it's all because of jealousy. This time, you're kind enough to let her off, but she'll probably get even worse. She'll definitely find more opportunities to lay her hands on you in the future." Lin Yi shook his head.

From his point of view, no matter how he looked at it, Shangguan LAN 'er's decision was playing with fire, and she might get herself into trouble at any time.

"Yes, but I still don't want to kill her. Not only her, but I don't want any other person, spirit beast, or all living things to die because of me." Shangguan LAN 'er paused, her eyes clear,""Because I want to be merciful."

"Great mercy?" Lin Yi froze-this was the first time he'd heard of something like this, and it didn't sound like a normal training method.

"Grandpa said that as long as one is merciful, they can change their fate. Therefore, great wishes will definitely come true. I must be merciful." Shangguan LAN 'er said in a serious tone.

"Then, what is your Grand wish?" Lin Yi asked curiously.

"Of course!" Shangguan LAN 'er smiled, "I want my father to come back safe and sound!"

"Your father? What's wrong with him?" Lin Yi was surprised.

He had been here for a long time, and he was already familiar with big shots like the pavilion master of the rising Sky Pavilion, Shangguan Tianhua. However, Shangguan LAN 'er's father, who was Shangguan Tianhua's only son, had never heard of such a person, as if he did not exist at all.

By right, with Shangguan Tianhua's backing, no matter how bad one's cultivation talent was, one should be able to do well and not have no sense of existence in the three pavilions.

"I heard from my grandfather that my father went on a very mysterious mission with some other people. He's been gone for a few years, and there's been no news of him until now." Shangguan LAN 'er said dejectedly.

Chapter 3924 Owing A Favor

She quickly recovered before Lin Yi could say anything, "That's why I must be merciful and pray for father to return safely. This is what Grandpa said personally. It's not a lie!"

Seeing how confident Shangguan LAN 'er was, Lin Yi couldn't help but fall silent. Although he was a practitioner, luck was something that was illusory. With his current level, not only was he unable to touch it, he couldn't even imagine it.

However, even if he could not come into contact with it for the time being, it did not mean that it did not exist. The so-called great mercy might be a white lie that Shangguan Tianhua had deliberately made up to comfort his granddaughter, but he could not rule out the possibility that it really existed.

This was because above the heavenly Dao, it was not just the cultivation of the body, but also the cultivation of immortality.

Lin Yi would only know if it was real or not after he reached that level and experienced it for himself.

After less than half an hour, Shangguan LAN 'er's injury had fully recovered. Looking at the White and tender skin on her shoulder, she could not help but be surprised and happy, ""There are no scars at all, and your skin is even better than before. Little Junior Brother, you're really amazing!"

After a pause, Shangguan LAN 'er's eyes rolled around, and she said with a flattering smile, ""Why don't you help me treat the other areas, Little Junior Brother?"

"You'll have to be injured like just now. You can only be reborn after being injured. Aren't you afraid of pain?" Lin Yi didn't know whether to laugh or cry-everyone loved beauty, even this innocent miss.

"Don't be afraid, don't be afraid. Junior Brother, you don't understand women. You should know that women are very incredible creatures. Compared to beautiful white and tender skin, this pain is nothing!" Shangguan LAN 'er said with a look of righteousness.

"Uh ... Then we'll wait for a chance in the future. Danger lurks everywhere in places like the back mountain. It's easy to be in danger if you consume too much true Qi." Lin Yi said, speechless.

"I see ... Alright then, it's a deal. You can't go back on your word after you go back! Come, let's hook!" Shangguan LAN 'er immediately snatched Lin Yi's hand away, not forgetting to stamp it after pinky promise.

Lin Yi shook his head helplessly and let her do as she pleased. He then took out a dark green crystal and gave it to her. "This is a thousand-year tree crystal. You can keep it first."

"Wow!" Shangguan LAN 'er took the 1000-year-old tree crystal and stared at it. Although she had come for the 1000-year-old tree crystal, she did not have much hope.

After all, the danger level of Banyue Lake was second to none in the outer area of the back mountain. She had seen the dangerous situation when Lin Yi crossed the lake before, and it was already not easy for Lin Yi to escape unscathed this time. Shangguan LAN 'er was even regretting letting Lin Yi do this.

As for the thousand year tree crystal, she didn't even think about it anymore-it was something you could only come across by luck. Even if Lin Yi reached the giant fir tree in the center of the lake, the chances of finding it were extremely low.

Especially after the incident with the Murong Zhen incident, Shangguan LAN 'er had completely forgotten about the thousand-year tree crystal. She didn't expect Lin Yi to actually get it.

"It's so beautiful!" Shangguan LAN 'er held the thousand year tree crystal carefully, her eyes shining. Her drooling look really made Lin Yi feel disgusted.

It had to be said that the thousand-year tree Crystal's appearance was indeed impeccable. This kind of crystal treasure with a mysterious breath of life was not comparable to a dead object like the spirit Jade. It was a Fatal Attraction to women, and Shangguan LAN 'er was no exception.

Compared to the 10000-year tree crystal in Lin Yi's Jade space, it was far more valuable and useful than the 1000-year tree crystal. However, the only thing that was lacking was its appearance. It was like a piece of burnt wood.

After a long time, Shangguan LAN 'er finally put the 1000-year-old tree crystal into her purse reluctantly. At the same time, she turned around and secretly took out a handkerchief to wipe the saliva from the corner of her mouth.

After that, this young lady put on the dignified posture of a Senior Sister and said solemnly, "Little Junior Brother, with our friendship, there's no need to thank you. I'll remember this in my heart and will definitely repay you in the future."

"Little Senior sister's words are too serious, this is what I should do." Lin Yi tried to hold in his laughter, but he still put on a cooperative face.

Unexpectedly, Shangguan LAN 'er suddenly reached out and patted him on the head. She said resentfully, "What should I do? If you want me to owe you a favor, it's the same as asking my grandfather to owe you a favor. I don't need to tell you how precious a favor from the pavilion master is. Those big shots dream of having him owe you a favor. Little Junior Brother, you're really stupid!"

There was such a thing? Lin Yi couldn't help but be stunned, looking at Shangguan LAN 'er's winking face at him. He was speechless. Was this girl trying to trick her Grandpa?

However, to Lin Yi, getting Shangguan Tianhua's favor would definitely bring him great benefits in the future. One had to know Shangguan Tianhua's influence-even the higher-ups of the GreenCloud Pavilion wouldn't dare to ignore him if he just said something.

Shangguan LAN 'er had always been innocent and innocent, but she was quite cunning at times like this. Lin Yi didn't know whether to laugh or cry at her reasoning, but he was still grateful for it.

This so-called favor, whether or not it would be used in the future, was still Shangguan LAN 'er's good intentions, and he could not let her down.

"Now that we have the thousand year tree crystal, what are your plans, little Senior Sister?" Lin Yi asked.

"Hmm ..." Shangguan LAN 'er frowned and thought for a while, then patted her head and said, ""It's rare for me to come to the back mountain, and I'm with you, little brother. It's a waste to go back like this. Don't you still have the newcomer assessment task? I'll follow you here and have some fun. Maybe I can find other forging materials!"

"That's good. " Lin Yi nodded-he'd been planning on using the rest of his time to explore the outskirts of the mountain anyway, and as long as he didn't go to a particularly dangerous place like Banyue Lake, bringing Shangguan LAN 'er along wasn't a big deal.

A 10,000-year tree crystal and a 1000-year tree crystal-even if he couldn't find the heart-devouring exquisite grass he wanted the most in the next few days, this trip to the back mountain was already a huge profit for Lin Yi.

However, while Lin Yi was having a great time, his two underlings, Xiao ran and Qiao hongcai, were worried sick about him.

They'd been looking for Lin Yi since the first day they were forced to part ways. It wasn't just because Qiao hongcai's ghost-eyed Golden Eagle was with him, but more importantly, Lin Yi's safety.

After all, they didn't know that Lin Yi had the Jade space on him!

Chapter 3925 Here Comes The Saboteur

According to normal logic, carrying a ghost-eyed Golden Eagle Cub in the back mountain would not only slow him down, but it would also make it easy for other people and spirit beasts to target him. He might even be discovered by the ghost-eyed Golden eagle in the sky. The consequences were unimaginable.

What made Xiao ran and Qiao hongcai feel helpless was that the outer area of the back mountain was as vast as the ocean, and they didn't have time to make an agreement with Lin Yi. It was like looking for a needle in a haystack if they wanted to find Lin Yi with their strength.

Fortunately, the two of them weren't stupid enough to only look for Lin Yi. Other than collecting the treasures they came across on the way, Xiao ran also had to pay attention to all kinds of spirit beasts they came across. Qiao hongcai had found a spirit pet, but his talismans were still in his hands.

With Qiao hongcai's ghost-eyed Golden Eaglet in front of him, Xiao ran's vision couldn't be too low. Not only must they have strength, but they must also have potential. Therefore, it was difficult for ordinary spirit beasts to catch his eye.

Although there were many spirit beasts in the back mountain, it wasn't easy to find one that met both conditions and was within the range of a low-level spirit pet talisman.

Unless Xiao ran was like Qiao hongcai, who specialized in targeting the young of some powerful spirit beasts, he would be able to meet these requirements. However, the risks involved were not something he could afford with his current strength.

Fortunately, Xiao ran had always been calm and wasn't too eager for quick success. Even if he hadn't found someone he liked yet, he wasn't in a hurry. There were times in life that one had to have, and there were no times in life that one could not force.

Xiao ran and Qiao hongcai wandered around the periphery of the back mountain. However, what was unexpected was that they didn't meet Lin Yi, but their nemesis, Meng Tong's group.

At this moment, the group of newcomers led by Meng Tong was on high alert, especially Meng Tong. He was so nervous that he was drenched in cold sweat and did not even dare to breathe.

There was no other reason. Meng Tong was trying to tame a spirit beast. He had forced a group of people to spend ten days before they finally found the perfect target for him.

The Black-backed rod ape was one of the rare spiritual beasts that could use weapons naturally. Its adult strength could reach the early stage of the foundation building realm. The one that Meng Tong had his

eyes on was a near-adult that had just left its parents' protection. Its strength was at the peak of the late stage of the Sky Class.

For Meng Tong, this black back rod ape was like a meat pie that fell from the sky. He was afraid that there was no other spiritual pet more suitable for him than this. There was only one problem at the moment. Could the low-level spiritual pet talisman in his hand subdue this black back rod ape?

Li Zhengming stood on top of the tree and watched coldly. Under Meng Tong's lead, the Black-backed rod ape had been surrounded by his group. There was no way for it to escape, and it had been seriously injured in many places. It was no longer as fierce as it was at the beginning.

The chances of success were not high if he wanted to tame a Sky Class late phase peak spirit beast with just a low level spirit pet talisman, but if the black back stick ape had lost its will to resist, it was still very likely that Meng Tong would succeed.

Meng Tong had already begun to subdue it. If nothing unexpected happened, the result would be out within the time it takes for an incense stick to burn.

Seeing all this, Lee Zheng Ming could not help but feel anxious. There was no doubt about the strength of the Black-backed rod ape. If it was equipped with a good rod-type weapon, it would be invincible among ordinary spirit beasts of the same level.

If Meng Tong could successfully tame this Sky Class late phase peak black back rod ape, he would be able to secure first place in this spiritual pet assessment without a doubt.

Li Zhengming, of course, didn't want to let him get away with it so easily, but there were too many people here. If he tried to sabotage the plan, he'd be exposed easily. As an important spy under Meng jueguang, it wouldn't be worth it to expose himself just for such a small matter.

But if this continued, once Meng Tong successfully tamed him, even Lin Yi might not be able to deal with him in a spiritual pet battle. After all, it was a spiritual pet battle, so it didn't matter how strong Lin Yi was.

Just as Lee Zhengming was caught in a dilemma, Xiao ran and Qiao hongcai happened to pass by not far away.

In fact, according to their original route, they would not have encountered Meng Tong's group. Under normal circumstances, they would have just passed by each other. However, now that Lee Zhengming was standing on the top of the tree, the situation was very different.

Looking down from above, a fruit that could be seen everywhere suddenly fell on the two of them, which really startled Xiao ran and Qiao hongcai, and their attention was immediately attracted.

As for Lee Zhengming, who was the one who started this, he pretended not to notice the two of them. He continued to stand on the tree crown as if nothing had happened, carrying out the task of keeping watch that Meng Tong had forced on him.

Xiao ran and Qiao hongcai were both Masters of the early stage of the foundation building realm. Under normal circumstances, they might not have been able to discover Meng Tong and his gang. But with li Zhengming's hint, it only took them a moment to discover Meng Tong and his gang.

"What a small world. Newbie Meng, what a coincidence that you're taming a spiritual pet. Do you want me to help you?" Qiao hongcai sneered, rolled up his sleeves, and rushed over.

Facing Meng Tong was a group of ten or so people, but he charged forward without any hesitation, not taking his opponents seriously at all.

Xiao ran followed closely behind, but he gave Lee Zhengming a meaningful look. Qiao hongcai might not be able to tell who had made the fruit, but Xiao ran could tell.

What was Lee Zhengming's intention to lure them over with the fruit?

Xiao ran couldn't help but feel puzzled. If Murong Zhen was present, he could have thought of this as luring the snake into the pot. After all, with the combined strength of Murong Zhen and Meng Tong, it was more than enough to deal with him and Qiao Hong. But now, Murong Zhen was nowhere to be seen. Wouldn't he be ruining Meng Tong's plan by luring them here?

While Xiao ran was hesitating, Qiao Hong Cai had already rushed in front of Meng Tong and his group. Meng Tong immediately panicked and hurriedly shouted to the GreenCloud Pavilion's new disciples, "Quickly stop him! I'll reward him handsomely after this!"

It was a crucial time for him to subdue the Black-backed rod-like ape, and he was about to succeed. If he was interrupted by Qiao hongcai, then all his efforts would be in vain, and even the spirit pet talisman he had used would be in vain.

It was just that Qiao hongcai's strength had already been obvious during the newcomer's challenge-even Meng Tong, an early Foundation Stage master, was beaten half to death by him. These GreenCloud

Pavilion newcomers were only sky Class full Masters, and they didn't dare to fight to the death with someone as reckless as Qiao hongcai.

Therefore, even though Meng Tong had used the huge reward to boost their morale, none of the new disciples of the GreenCloud Pavilion was willing to give their all. It was obviously not worth it to pay the price of heavy injuries or even their lives for such a so-called huge reward.

#### Chapter 3926 Beaten Up

In just a single exchange, Qiao Hong Cai easily broke through the line of defense of the GreenCloud Pavilion newcomers and directly arrived in front of Meng Tong.

"A bunch of trash!" Meng Tong gritted his teeth in anger. He had no choice but to do it himself. Fortunately, the spiritual pet talisman had already been stuck to the ape's forehead. Now, he only needed to find a way to stop Qiao hongcai from affecting the ape.

The thousand kick and the cold iron Palm collided, and it was hard to tell who was stronger. Although Meng Tong had lost to Qiao hongcai in the last Rookie Challenge, strictly speaking, his strength wasn't much weaker than Qiao hongcai 's. If he only had to hold Qiao hongcai back for a moment, it would be a piece of cake for him.

"You piece of trash, there's a way to heaven, but you refuse to take it. There's no Door to Hell, but you insist on barging in. Today is the day you die!" Meng Tong said with a ferocious expression.

However, Qiao hongcai curled his lips with an evil smile, ""Newbie Meng, are you sure you don't need to look at your spiritual pet like this? I'm just reminding you out of kindness that I'm not alone this time!"

Meng Tong was shocked. He was so agitated by Qiao hongcai's provocation that he almost forgot that Xiao ran was on the other side. He hurriedly shouted, "Stop Xiao ran quickly. Whoever dares to be perfunctory will be considered a betrayer and will be dealt with by ninth older brother personally when we return!"

The threat of betraying the enemy was much more effective than the reward and temptation just now. The newcomers might not believe the reward Meng Tong had mentioned, but the threat was real.

If Meng Tong slandered them as traitors, Meng jueguang would not let them off. Meng jueguang's promotion to the third Pavilion master was already set in stone, and the news had already spread. This was the time when he was at his peak. They did not dare to offend Meng jueguang.

After all, they were all Sky Class full Masters, and they had the advantage in numbers. Once the rookies got serious, their combined strength couldn't be underestimated-if it was someone like Qiao hongcai, who was only good at fighting head-on, he might not be their opponent.

It was a pity that they were not facing Qiao hongcai, but Xiao ran.

With the Shadowstep, no one in the world could match his ability to Dodge and move within a square inch. With Xiao ran's fighting style, as long as he was not weaker than his opponent, he would not be at a disadvantage even if his opponent had the advantage in numbers. Moreover, his strength was above everyone else's.

With his Shadowstep, Xiao ran was as Swift as a God. In less than a second, he had successfully passed through the encirclement of the rookies. He strolled around leisurely without a speck of dust on his body.

By the time everyone came back to their senses, Xiao ran was already standing beside the Black-backed rod ape. He was extremely relaxed and happy.

Hearing the crowd's exclamations, Meng Tong immediately noticed this. He immediately roared, "Xiao ran, if you dare to touch a single hair on it, I'll definitely tear you into pieces!"

"Dismembered into ten thousand pieces? Then try to kill me!" Xiao ran chuckled and raised his eyebrows. Then, he reached out his hand and tore off the spiritual pet talisman on the forehead of the Black-backed rod ape.

In this way, the rod-like ape quickly woke up from the trance-like hypnosis. All the efforts that Meng Tong had made were in vain.

Meng Tong almost spat out a mouthful of blood when he saw this.

He had used Meng jueguang's name to force so many people to find the Black-backed rod-wielding ape. He had spent so many days and finally found it. Now that he was about to succeed, he did not expect that Xiao ran would ruin it so easily.

Not only did he want to kill someone, Meng Tong even wanted to bite someone at this moment!

"I'm going to kill you!" Meng Tong's eyes were bloodshot. He immediately went after Xiao ran like a mad man, but he forgot that there was a powerful opponent standing behind him.

Bang! Bang! A cold iron Palm hit Meng Tong's back and sent him flying ten feet away, leaving a bloody arc. At the same time, Qiao hongcai sneered, "You actually ignored my existence and showed me your back. I really don't know where you got such courage and boldness from!"

Qiao Hong didn't hold back at all when he used the cold iron Palm. Meng Tong was caught off guard and didn't have any defense at all. He took all the damage, and not only did he vomit blood, but he also probably only had 20 - 30% of his strength left.

Well done! Lee Zheng Min, who was mixed in with the rookies, saw all of this and could not help but praise it in his heart.

Even with his picky taste, he had to admit that Xiao ran and Qiao hongcai each had their own unique points, far beyond the likes of an idiot like Meng Tong.

The potential that the two were slowly showing wasn't any less than Li Zhengming's. Lin Yi was really lucky to be able to recruit two people like this as soon as he came to Sky Class Island.

If Xiao ran and Qiao hongcai could be more ruthless, he might even lose his life here. This was a good thing for Li Zhengming!

As Li Zhengming had expected, Xiao ran and Qiao hongcai didn't stop after severely injuring Meng Tong. Instead, they joined forces and walked toward Meng Tong.

Sensing the looming killing intent from the two, the other rookies present immediately scattered like birds and beasts. At the end of the day, they were only subordinates of Meng jueguang. Meng Tong's life or death had nothing to do with their spiritual Jade.

On the contrary, if Meng Tong, the favorite of Meng jueguang, died, it would be a good thing for them.

Besides, Meng Tong had bullied them a lot, so no one would be stupid enough to stand up for Meng Tong and fight against Xiao ran and Qiao hongcai.

To them, the most important thing was to escape as far away as possible to avoid being caught in the disaster.

Seeing the rookies fleeing in all directions without any sense of loyalty, the already heavily injured Meng Tong was so angry that he spat out another large mouthful of blood. He clenched his fist with an unwilling expression. "Detestable! This bunch of damn bastards!"

Xiao ran and Qiao hongcai looked at each other, their eyes full of killing intent. Although they were not killers, they would not be soft-hearted at this time.

After all the conflicts that had accumulated between them and Meng Tong, they had long become mortal enemies. Just like when the rookie Challenge had first started, Meng Tong had tried to use this opportunity to get rid of them, so the two of them naturally had the same thoughts.

Getting rid of Meng Tong was like cutting off one of Meng jueguang's arms. This would have an extremely important impact on restraining Meng jueguang, who was about to become the third Pavilion master.

Moreover, this was the outer area of the back mountain where life and death did not matter. Even if they killed Meng Tong, the higher-ups of the three pavilions would not hold them responsible. Meng Tong's death at their hands could only be blamed on his own lack of strength and no one else.

#### Chapter 3927 Unreasonable At Home

Seeing Xiao ran and the other man getting closer and closer, Meng Tong suddenly felt as if he was shrouded in the shadow of death. His body began to tremble uncontrollably, and the endless fear that chilled him to the bone made his mind go blank.

At this time, Lee Zheng Ming's voice came from above, ""Miss mu Rong, this way!"

Xiao ran and Qiao hongcai were both shocked at the same time. The rustling sound in the dense forest in the North was getting closer and closer, which proved that someone was indeed approaching quickly. Lee Zhengming was not bluffing.

"What do we do?" Qiao hongcai turned to Xiao ran and asked him to make the decision.

Although Meng Tong had been seriously injured by his palm, he was not completely powerless to resist. Moreover, no one knew what kind of strength would erupt when a person was forced into a desperate situation.

If the two of them stayed behind, they were confident that they could kill Meng Tong. However, if they wasted even a little more time, they might get themselves killed. This was because Murong Zhen's strength had long been proven to be far above theirs.

"Let's go!" Xiao ran made a prompt decision. He also wanted to use this great opportunity to get rid of Meng Tong, but it was obviously not worth it to put himself and Qiao hongcai in danger.

Even if Meng Tong was to die, it would still be a loss no matter which one of them died.

In any case, with his strength, as long as he had the opportunity in the future, it would not be difficult to get rid of Meng Tong, so there was no need to take the risk.

Xiao ran and Qiao hongcai quickly retreated. A moment later, Murong Zhen emerged from the dense forest with a strong murderous aura.

Xiao ran's decision was a wise one. Murong Zhen had just suffered a huge loss at Lin Yi's hands and almost lost his life. He was now burning with rage.

If she ran into them at this time, Xiao ran and Qiao hongcai would have a narrow escape from death, because this woman would definitely vent all her anger on the two of them. She would kill them both at all costs and without caring about the consequences!

Seeing the two of them quickly leaving, Lee Zheng Ming who was on top of the stage could not help but sigh in admiration, ""Decisive. This Xiao ran is not an ordinary person."

His warning sounded like he was guiding Murong Zhen in the right direction. In fact, he did not even have to say anything. Murong Zhen's senses had already sensed that something was wrong. His real intention was to inform Xiao ran and Xiao Yan.

From Li Zhengming's perspective, he didn't care about Xiao ran and Lin Yi's life, but he did care about Lin Yi's impression of him.

If he didn't do anything today and let Xiao ran and Xiao Lingyi meet with Murong Zhen, Lin Yi would blame him for it later, no matter what the result was.

However, if he had warned them in advance, and Xiao ran and the other man insisted on staying to kill Meng Tong, then it would not be his responsibility.

Even if he did nothing and watched as the two were killed right in front of his eyes, Lin Yi wouldn't say anything. He had done what he could.

Under the tree, Murong Zhen looked at Meng Tong with disgust. "You can't even handle two minions. You're truly a piece of trash. I really don't understand why Meng jueguang would value trash like you!"

"What did you just say?" Meng Tong's originally pale face turned red from her words.

Ever since Murong Zhen had arrived at the welcome Pavilion, Meng Tong had been drooling at the sight of her. Even though he had never taken any advantage of her, he was infatuated with her because of her constant teasing and seduction.

However, he had not expected that the goddess in his heart would despise him so openly!

Normally, Murong Zhen would not have said such things even if he did not like Meng Tong's sorry state. However, the incident at Half Moon Lake had made her grind her teeth in hatred. Now that she was in an extremely bad mood, she was no longer in the mood to play around with trash like Meng Tong.

"I said you're trash. What's wrong? do you have an opinion?" Murong Zhen's eyes were filled with a bone-chilling murderous intent.

Meng Tong suddenly shivered and came to his senses. The person in front of him was not an ordinary yes-man newbie. If he made her unhappy, he would be killed without a reason.

"Lee Zheng Ming, come over here!" Meng Tong did not dare to meet Murong Zhen's eyes again. He could only vent his anger on the weakling in Murong Zhen's eyes.

Lee Zheng Ming squinted his eyes. If it was not for Murong Zhen's presence, he would have already killed this arrogant fool.

After a short pause, Lee Zheng Ming slowly walked over and said, ""What is it?"

"Give me your spirit pet talisman!" Although Meng Tong was seriously injured, he still spoke in a carefree manner, as if he was the boss.

"On what basis?" Lee Zheng Ming's eyes flashed with killing intent.

Although it was only a low-level spirit pet talisman, it was a once in a lifetime opportunity for any new disciple of the GreenCloud Pavilion. Li Zhengming was no exception. How could he possibly give it up to Meng Tong?

"Because my spirit pet talisman is useless, because I'm your boss. Do you have a problem with that?" Meng Tong said triumphantly with a cold smile.

Xiao ran had only removed the spiritual pet talisman that he had stuck on the forehead of the Black-backed rod ape. At this moment, the Black-backed rod ape, which had been severely injured by them, was still in the same place and had not escaped.

In its current state, as long as it had another spiritual pet talisman, it was guaranteed to succeed.

Lee Zheng Ming took a deep breath and looked at Murong Zhen who was standing beside him. However, Murong Zhen did not seem to be interested in this, he just crossed his arms and looked on coldly.

How detestable! If this woman wasn't here, I would have killed you today!

Lee Zheng Ming took a deep breath and suppressed the anger in his heart. ""There's only one spiritual pet talisman. If I give it to you, what will happen to me?"

"You?" Meng Tong raised his eyebrows and said in a strange tone, "Do you have a F \* cking brain? you're not the only one who has a spirit pet talisman. Why don't you just snatch it from others? anyway, these people are all cowards who are afraid of death. With your strength, there should be no problem!"

"Snatch it from the other newbies?" Lee Zhengming was so angry that he almost laughed out loud. This Meng Tong was really stubborn. No matter what kind of blame it was, he wanted Lee Zhengming to be the scapegoat.

What he said was true. With Lee Zhengming's strength, it would not be difficult for him to snatch a soul pet talisman from another newbie. However, if he really dared to do so, Meng jueguang would definitely come after him for it!

These newbies weren't very loyal to begin with, and if he did that, it'd be the same as pushing them to Lin Yi-there was no way Meng jueguang would let him go.

"Alright, enough with the bullshit. Give me the soul pet talisman now-if you let my black back stick ape go, I'll tell ninth cousin that you're secretly working with Lin Yi and have him cripple you!" Meng Tong threatened.

#### Chapter 3928 Battle Of Spirit Beasts

Lee Zheng Ming was shocked, he thought that this guy had found out something, so he immediately said in a deep voice, ""You can't say things like that. What evidence do you have?"

Meng Tong laughed and said proudly, "I don't need any evidence for this kind of thing. I just need to tell ninth cousin. Do you think he will believe me or you?"

Lee Zheng Ming could not help but choke on his words. Although Meng Tong did not have much of a brain, he was born with the ability to play dirty tricks. Even Lee Zheng Ming, who was an expert at enduring silently, could not help but feel the urge to beat him to death.

"What's wrong? Do you still dare to resist this great master?" Looking at Lee Zhengming's gloomy face and the blue veins on his forehead throbbing, Meng Tong was not afraid at all. Instead, he provoked and clamored without fear.

Among the GreenCloud Pavilion's new disciples, other than Meng Tong himself, Li Zhengming was the first to join Meng jueguang. He had always been loyal and capable, so he should have been valued. However, in reality, he was the one who had been ostracized and oppressed the most by Meng Tong.

For no reason, Meng Tong just hated him. He felt annoyed from the bottom of his heart whenever he saw this person. He just wanted to step on him, bully him, and even destroy him.

Li Zhengming had noticed this kind of malicious intent a long time ago. If it wasn't for Lin Yi's need for him to continue acting as a spy, he would've already found an opportunity to turn against Meng Tong, just in case something bad happened.

After a long silence, Lee Zhengming took out a spiritual pet talisman and threw it in front of Meng Tong. Then, without saying a word, he turned around and left. He silently swore in his heart that he would endure this one last time, and the next time, he would definitely kill him!

Even if he was exposed and Meng jueguang took revenge on him, he would not hesitate!

"Hmph! At least this kid is tactful!" Meng Tong looked at Lee Zhengming's back and sneered smugly. He picked up the spiritual pet talisman without saying anything and gritted his teeth as he walked toward the Black-backed rod ape not far away.

After all, the Black-backed rod ape was not a common spiritual beast. At first glance, Murong Zhen did not seem interested in it, but what if she suddenly changed her mind? if she wanted to snatch the Black-backed rod ape, Meng Tong would not be able to do anything about it.

Murong Zhen could see Meng Tong's nervousness and wariness. He laughed disdainfully and said, "Don't worry, such an ugly spirit beast with no sense of beauty is not worthy to be this Beauty's spirit pet. Only trash like you would treat it as a rare item!"

Although these words were unpleasant to hear, Meng Tong felt relieved. As long as they didn't come to Rob him now, it would be fine. Only women would stupidly pursue the so-called beauty. In this world where the strong preyed on the weak, only strength was King.

'When the Black-backed rod ape beats your spiritual pet down, you B \* tch will kneel and lick my feet!'

Time passed in the blink of an eye. It had already been a month since the new members of the welcome Pavilion had entered the back mountain. Most of the new members had returned half a month ago, while those who were more powerful had stayed in the back mountain for the last few days before finally returning.

The spiritual beast assessment had finally entered the final round. It was a one-on-one elimination battle for spiritual pets.

All of the new disciples brought their spiritual pets and gathered around the stage in their respective pavilions according to the distribution of their spiritual pets during the previous Rookie Challenge. As for the GreenCloud Pavilion's new disciples, everyone's eyes were undoubtedly focused on an ape-type spiritual pet. It was the Black-backed rod-like ape that Meng Tong had subdued.

It was already Sky Class late phase peak, and after Meng Tong returned, he asked Meng Jueguang for help to give it a sharp black iron rod.

Although the rules of the welcoming new pavilion clearly stated that the newcomers were not allowed to use any weapons in their matches, it had never said that even their spiritual pets could not be equipped with weapons.

This time, Meng Tong had taken advantage of a loophole in the rules, and no one could say anything about it.

With one hand on the Obsidian rod, the Black-backed rod ape stood there, exuding a faint domineering aura that made the rookies present shudder.

If they were to face the Black-backed rod ape one-on-one, most of the people present might not be a match for it, let alone the spiritual pets that they had tamed. Even if they were to fight it personally, they might not be able to defeat it.

Spiritual beasts with strong combat talents were already stronger than human cultivators of the same level, and now that they had the advantage of weapons, it was almost easy for them to challenge these Sky Class Masters of the great circle.

Compared to the awe-inspiring and domineering black back rod ape, the gains of the other GreenCloud Pavilion disciples paled in comparison. Not a single one of them had reached the heaven rank or above, and they posed no threat to the black back rod ape at all.

Among the ten or so newcomers, four of them couldn't even tame a spiritual pet. After all, the low-level spiritual pet talismans that were given to them wouldn't have a high success rate if they encountered a spiritual beast with a bit of strength.

"Why haven't the others appeared yet? could it be that their spiritual pets are too inferior, so they don't have the face to bring them out to meet people? They're really a bunch of cowards!" Meng Tong put one hand on the shoulder of the Black-backed rod ape and laughed without restraint.

At this time, all the important figures of the GreenCloud Pavilion's new disciples had yet to arrive, except for Meng Tong. It wasn't just Lin Yi's group that hadn't appeared yet, even Murong Zhen and Li Zhengming hadn't appeared yet.

However, even if these people had not arrived yet, the Black-backed rod ape's combat strength was almost invincible in the heaven rank. Meng Tong was in no hurry to see it show its power.

After waiting for a while, these people finally appeared one after another. The first one to appear in everyone's sight was Lee Zheng Ming.

"Hehe, this kid probably doesn't have a spiritual pet and feels too ashamed to come out and see people. That's why he's so late!" Meng Tong looked at Lee Zhengming, who was alone, and sneered at his misfortune.

Meng Tong had returned half a month ago because he had subdued the Black-backed rod-wielding ape. He was one of the earliest newcomers.

However, Lee Zhengming, who had been scammed by him, was in a tragic state. It seemed that he had only returned yesterday, and he did not bring back any spiritual pets.

Meng Tong had already expected this outcome when he snatched the other party's spiritual pet talisman. Or rather, he had been looking forward to this scene from the very beginning. He was looking forward to seeing Lee Zhengming make a fool of himself in front of everyone.

Not to mention whether Lee Zheng Ming had the guts to snatch the talismans of other newbies, even if he did, the other newbies would have already scattered like birds and beasts. It would be difficult for him to bump into them in the vast outer area of the back mountain. Even if he was lucky enough to catch one, he might not have the luck to tame a powerful spiritual pet.

From the looks of it now, Lee Zheng Ming was alone and had not tamed any spiritual pets. Therefore, he was destined to score zero in this spirit beast assessment. He was a weakling.

#### Chapter 3929 Lee Zhengming's Spirit Beast

"Lee Zhengming, where's your spiritual pet? hurry up and show it to us! Are you trying to tell me that you can't even tame a tierless spirit beast? You're too much of a disgrace to us. If it were me, I would've already killed myself. How could I have the face to come out and see people?" Meng Tong jabbered on as he stepped forward and laughed.

Lee Zheng Min looked at him expressionlessly and ignored him. Then, he turned around and walked away.

However, Meng Tong didn't plan to let him go so easily. He followed closely behind and seized the opportunity to ridicule him, "Don't be in such a hurry to hide. It's really embarrassing that you didn't receive a spiritual pet, but shouldn't you face reality more directly? if you run away like this, won't you become a coward without balls? Everyone, don't you agree?"

"That's right!" The new players chimed in one after another. Meng Tong's Black-backed stick ape was envious of the situation, so he could only find a way to regain his balance by dealing with Lee Zhengming, who was even more unlucky than them.

After all, no matter what, Lee Zheng Ming was once one of the top five, a man of the moment who was above them. To be able to see this person suffer a loss, it made them feel very happy.

Lee Zhengming ignored the crowd's mockery and walked to the side. Meng Tong, on the other hand, did not have any intention of letting him go.

It was a rare opportunity, so this time, he had to step on Lee Zheng Ming's head and make him a laughingstock in the welcoming new pavilion.

However, before he could get any closer, a bone-chilling cold aura suddenly came from his side. Meng Tong was shocked and quickly jumped to the side.

"You're angry from embarrassment and want to hit me, right? Do you know how to spell the word 'death'?" Meng Tong thought that he had found something to use against Lee Zheng Ming, so he immediately turned hostile. He knew that Lee Zheng Ming was an expert in the sky frost fist, and the cold aura was a sign of a fight.

However, Lee Zheng Ming only glanced at him and said unhurriedly, ""Don't misunderstand, I'm not interested in fighting with you. It's just that you're too annoying, and you've provoked my spirit pet. "

"Spiritual pet? Where did you get this spirit pet?" Meng Tong's expression changed. He looked around for a while, but couldn't find the shadow of the other party's spiritual pet. He immediately reacted and said, "Hehe, if you don't have a spiritual pet, then so be it. It's just embarrassing, isn't it? is there a need to make such a big deal out of it? everyone here is smart. What's the point of pretending to be fat?"

The rest of the people were also confused. They looked at Lee Zheng Ming as if he was an idiot.

Lee Zheng Ming shook his head and muttered to himself sarcastically, ""It seems that there are many ignorant people who have not seen the world. I have no choice. I have to show myself and broaden their horizons, Phantom Tiger."

As soon as he finished speaking, a fierce tiger with strange stripes all over its body suddenly appeared next to Lee Zhengming.

Although its size was not too big, and its aura was not too strong, seeing the king of beasts in the eyes of ordinary people suddenly appear in front of them without any warning, Meng Tong and the others were still completely shocked.

"This is The Phantom Tiger? The Phantom Tiger that is said to have the stealth talent?" Among the rookies, there were still people who knew what was good, and they saw through the mystery with one sentence.

The Phantom Tiger was a very rare ice-type spirit beast. It was said that its racial talent was invisibility. Except for a few martial arts skills with the ability to see through true sight, very few people could detect The Phantom Tiger in its invisible state. Unless it launched an attack, otherwise, even if it walked next to it, it might not be able to detect the slightest abnormality.

However, there were exceptions to everything. If it was an ice attribute cultivator with keen observation skills, there was still a certain chance of detecting The Phantom Tiger's tracks because of the same attribute, and Lee Zhengming just happened to be an expert in this.

At that moment, the way everyone looked at Lee Zheng Ming changed, the mocking turned into envy and respect.

A rare spirit beast like The Phantom Tiger could only be encountered by chance. If it were anyone else present, they wouldn't even notice it even if they encountered it, let alone subdue it.

"How is that possible? Where did you get a spirit pet talisman?" Meng Tong's face was full of disbelief as he looked at The Phantom Tiger and muttered to himself.

"I'm sorry, no comment. " Lee Zheng Ming smirked and snapped his fingers. The Phantom Tiger then disappeared into thin air again in front of everyone's eyes.

It must be the spiritual pet talisman that was snatched from this bunch of trash!

Meng Tong glared at the four newcomers beside him. None of them had tamed a spiritual pet. Lee Zhengming was lucky enough to tame The Phantom Tiger, so the spiritual pet talisman must have been made by these four idiots. A bunch of trash!

What they didn't know was that li Zhengming's soul pet talismans weren't stolen from these people, but from Lin Yi's hands.

In the one-month trip to the outer area of the back mountain, Lin Yi didn't run into Xiao ran and Qiao hongcai, who were looking for him. Instead, he ran into li Zhengming, and after knowing what happened to li Zhengming, Lin Yi took out his soul pet talisman without saying anything, which really touched li Zhengming.

Not only that, even li Zhengming's success in subduing The Phantom Tiger was all thanks to Lin Yi's help. If it was just him alone, even if he could detect the existence of The Phantom Tiger, he wouldn't have the ability to capture it. It wasn't that there was no chance, but at least it would be very difficult.

Lin Yi and Shangguan LAN 'er had contributed a lot to this.

"Hmph, what's there to be proud of? so what if he can go invisible? he's only at the early phase of the Sky Class-he's no match for me, the black back rod ape!" Meng Tong straightened his neck and sneered.

Although the ghost Tiger's racial talent was rare, its strength was generally not too high. For example, the one that Lee Zhengming had tamed was only at the initial stage of the Sky Class. It was a kind of spirit beast that could only protect itself but not advance.

"It doesn't matter. If I can't beat it, then I can't beat it. I didn't take it in to play with a stick." Lee Zheng Min's words were laced with sarcasm.

A spirit beast like The Phantom Tiger was a typical representation of talent over strength. Even if its strength wasn't strong enough, its stealth talent alone was already very heaven-defying. It was no exaggeration to say that this was a very rare strategic type spirit pet.

Therefore, even though it was no match for the black back rod ape, its value was far beyond that of a monkey who only knew how to play with a rod.

Meng Tong was well aware of this, which was why he was so angry and wanted to get back his face. However, Lee Zhengming's retort made him choke for a long time, unable to speak.

At this moment, a few people walked over from the distance, attracting the newbies' attention. It was none other than Lin Yi's group.

Looking at the spiritual pets behind the three people, the whole place was in an uproar. The new disciples whispered to each other and discussed.

Above the three of them, a fallen spirit beast was flying neither too high nor too low. Anyone with good eyesight could easily recognize that it was the ghost-eyed Golden Eagle's young!

Chapter 3930 Regardless Of Life And Death

Although it was only at the early stage of the Sky Class, once it reached adulthood, it would be at the mid Foundation Stage and above. Its potential and talent were so strong that it was even far above Meng Tong's Black back rod ape.

All the newbies looked at their master, Qiao hongcai, with undisguised envy. They swallowed their saliva, silently cursing that this piece of trash Qiao had become Lin Yi's subordinate. What a reversal of fortune! Not only was his strength ridiculously strong, but he also had a ghost-eyed Golden Eagle Cub. This was a blessing that ordinary people couldn't get in a few lifetimes!

This time, even Meng Tong was completely stunned. He thought that his Black-backed rod ape was already invincible, but it turned out that Lee Zhengming had just gotten a Phantom Tiger, and now Qiao Hong had a ghost-eyed Golden Eagle. How could he survive this?

Fortunately, their pets were only sky Class early phase, despite their potential. They weren't his opponent yet, or he'd be so depressed he'd vomit blood.

Other than the ghost-eyed Golden Eagle, the other spiritual pet beside Xiao ran was a fat and strong rabbit. When it stood up, it was as tall as half a person. Its eyes were blood-red like jade, and it was very attractive.

"This ... This is a bewildering Overlord rabbit!" Someone suddenly exclaimed.

Upon hearing this name, the guys who had originally underestimated this Fat Rabbit could not help but feel a chill in their hearts. Even their eyes that were looking at Xiao ran were filled with envy and fear.

The bewitching Overlord rabbit was a very famous spirit beast in the outer area of the back mountain. It was also known as the newbie killer. It was said that many newbies who entered the back mountain for the first time had died under its claws.

The combination of its seemingly harmless and weak appearance, its strange and troublesome innate ability, and its generally strong body made the bewildering King Rabbit a genuine newbie killer.

Charm, this was the inborn ability of the bewilderment Overlord rabbit. It did not have any substantial killing power, but to anyone, it was an extremely troublesome ability. The so-called charm was not only used to charm people's eyes, but also their deific consciousness. This was quite similar to Murong Zhen's Phantom finger. However, it did not show layers of illusions, but instead, it triggered the target's most instinctive and deepest desire.

For those cultivators who were not determined, this ability was simply a nightmare. Once they fell into it, they would not be able to extricate themselves. By the time they woke up, they might have already become a cold corpse.

Even when facing someone with a strong will, the bewilderment Overlord rabbit's charm ability was not completely useless. It could still be effective, but the time it could make the target lose their sense of direction was very short. When experts were exchanging blows, this moment of confusion was often a fatal flaw.

What was surprising was that Xiao ran's Mystic Overlord rabbit's strength was the same as Lee Zhengming's Phantom Tiger and Qiao hongcai's Phantom-eyed Golden Eagle, they were all at the initial stage of heaven class.

'Good, good, none of them are my opponents. I'll kill them all one by one and end everything!'

Meng Tong could only comfort himself like this. However, when he saw Fang Lin Yi's spiritual pet at the end, his eyes widened in disbelief.

This Lin Yi guy had a Sky Class peak phase spiritual pet?

Heaven class full cultivation-this was the strongest spirit beast that the low rank talisman could tame in theory, and this possibility was only in theory. In reality, heaven class late phase peak was already the limit, and if it was really used on a heaven class full cultivation spirit beast, the success rate would be less than thirty percent.

But, no matter how unbelievable it was, the pet behind Lin Yi was a real Sky Class full master, and everyone could see it clearly-it was shocking.

However, although Lin Yi's pet's level was shocking, it didn't look that strong. At first glance, it was just a normal pet pig.

However, even Qiao hongcai and Xiao ran, these two underlings, had such powerful pets. No matter how much they mumbled in their hearts, they didn't dare to look down on Lin Yi. After all, he was the boss of those two, and his actions were always unexpected. They couldn't use common sense.

At this time, Meng jueguang's voice suddenly came from behind them. He looked at the pig behind Lin Yi and asked,"Skybolt pig? Isn't this a family-raised spiritual pet that only knows how to search for treasures and not fight? when did the back mountain have this kind of thing?"

The back mountain was filled with danger. Although Skybolt pig was a rare spirit beast and its treasure hunting ability was unparalleled, it was known for its weak fighting strength. It did not have the ability to survive alone in the back mountain, so it was normal for Meng jueguang to be suspicious.

Normally speaking, because of its treasure-hunting nature and cute appearance, Skybolt pig was a spirit pet raised by the disciples of the big families on the sky Island. It was rarely seen in the wild, not to mention in the back mountains where danger lurked everywhere.

Meng Tong let out a sigh of relief and said proudly, "So he's just a weakling without any fighting power! I thought this pretentious boss had some dog shit luck again and picked up a powerful heaven rank full cultivation spiritual pet from God knows where, so he could challenge my Black-backed rod ape. I didn't expect that it was just a useless snack to scare people. How disappointing!"

Even the other rookies standing by his side were rendered speechless by his words. Before Meng jueguang had exposed him, Meng Tong had clearly been so frightened that he did not even dare to breathe. His expression was so cowardly that it made people want to laugh.

Now that he found out that the other party wasn't a combat-type spiritual pet, this guy immediately became cocky again, acting like he was the best spiritual pet in the world, which really made people feel ashamed.

Lin Yi ignored him and turned to Xiao ran, "Is this guy an actor? He's pretty good at changing his attitude, so it's a piece of cake for him to get the best Actor award. "

Xiao ran couldn't help but laugh. Although the others didn't know what a movie King was, they could roughly guess what it meant. They all held back their laughter.

After he came to his senses, Meng Tong's face immediately turned red. After a long while, he aggressively shouted, "Only weaklings can talk. If you have the ability, don't take the initiative to admit defeat in the battle of spiritual pets. Let this stupid pig fight with my Black-backed rod ape. How about it?"

For a non-combat type spirit beast like Skybolt pig, even if Lin Yi had raised its strength to Sky Class full phase, it was still unknown how much of its strength it could use in a real fight. At least one thing was for sure-this guy was no match for the black back rod ape, that was for sure.

To her surprise, Lin Yi didn't back down at all. He smiled faintly, ""Alright, we'll fight to the death."
