

Bodyguard 3941

Chapter 3941 Deep Respect

Everyone present was dumbfounded. Once could be attributed to luck or Meng Tong underestimating his opponent, but what was the point of doing it again?

"Wayayayayaya!" Meng Tong himself was stunned by the slap. He shook his head in disbelief and got up from the ground again. His eyes were already bloodshot to begin with, but now they were completely red.

The side effect of the meridian heart-shattering pill was not only to make people suffer from the pain of heart-shattering at midnight and noon, but those with a slightly weaker will would be tortured to the point of losing their mind and even become a complete lunatic.

Meng Tong had never been a person with a strong will. Otherwise, he would not have changed so much in just ten days and become such an evil person.

His eyes were bloodshot, which meant that he had completely lost his mind and was about to go berserk.

Seeing Meng Tong charge at him again, Lin Yi smiled and shook his head, "Don't eat anything that isn't clean. You've really set a living example for everyone. "

Then, without waiting for his opponent to attack, he raised his hand and slapped Meng Tong to the ground.

Seeing this scene, the crowd was silent. They had been completely numbed by the shock. At this moment, there was only one sound left in the crowd, Meng Tong's heavy breathing.

"Go ... To ... Death ..." Meng Tong was like a beast, lying on all fours and gasping for breath. He gritted his teeth and said word by word.

As he spoke, the hard stone under his feet cracked one after another, giving people the feeling that it couldn't support Meng Tong's weight at all. The monstrous momentum that gathered on his body almost made everyone's eyelids jump. Did this guy really lose his mind and go berserk?

However, Lin Yi turned a blind eye to it and continued to look at Meng Tong with a calm expression, watching his every move.

From the first day he came to Sky Class Island, he had never considered Meng Tong a worthy opponent. Not before, not after Meng Tong had taken the meridian heart-shattering pill, but still not.

Although Meng Tong was losing his mind, he could still sense the deep disdain in Lin Yi's eyes. Perhaps Lin Yi didn't do it on purpose, but it was the natural disdain of the strong towards the weak.

The greatest form of contempt wasn't all sorts of disdain and mockery, but plain disregard.

"Hahahaha!" Meng Tong suddenly started laughing crazily as he stared at Lin Yi with a ferocious face, "You dare to underestimate me? How dare you underestimate me? Do you know how to spell the word 'death,' pretentious leader?"

"Of course, I went to school. Don't you know that? Do you need me to teach you, but the price might be a little high. " Lin Yi teased, not putting the man in his eyes at all.

"You're looking for death!" Meng Tong exploded in anger. He exerted force with his thousand legs, and the broken stone slabs under his feet instantly exploded, splattering on the ground. The people below the stage were in a sorry state, and they couldn't even Dodge in time.

"Hehe, so fierce, but too bad ..." Lin Yi's eyes focused as a burning fist intent condensed around him. He threw out the 24th style of wild fire Fist with a faint smile, ""It's far from enough to deal with me. "

BOOM! With a loud bang, a figure was sent flying like a cannonball in the dust. He landed on the ground a few dozen feet away, his condition unknown. It was Meng Tong, who had been beaten beyond recognition.

As the dust settled, everyone, including Meng jueguang, gasped in shock.

The GreenCloud Pavilion's newcomer's challenge ring, which had been perfected after countless rookie competitions, was now completely unrecognizable. With just a single wild fire Fist's 24 forms, more than half of the challenge ring had been smashed into pieces!

The only place that was still intact was the area under Lin Yi's feet. Everyone was dumbfounded by this scene. The power of one punch was so strong!

One had to know that the stage was protected by a special protective array. Its defensive strength was much higher than other places. It was extremely difficult for ordinary newcomers to even leave a mark on the stage, let alone destroy it.

This was the first time that a newcomer had destroyed the stage. Today's scene could be recorded in the history of the welcoming new pavilion.

"You want to challenge me? He's just using crooked ways, where did he get such confidence from?" Lin Yi didn't look at the reckless Meng Tong, but instead glanced coldly at Meng jueguang.

Under his intense gaze, Meng jueguang, the eldest senior in charge, was actually suppressed by a mere newcomer to the point that his scalp went numb and he did not dare to look him in the eye.

Right now, Meng Jue was already a mid Foundation Stage practitioner himself, but the pressure Lin Yi was giving him made him want to run away. It was unimaginable.

"Could this guy already be in the middle stage of the foundation building realm? If that's the case, then it's understandable that Meng Tong isn't his match. But how is that possible?" As he watched Lin Yi walk down the stage, Meng jueguang was taken aback by the thought that came to his mind.

No matter how he thought about it, a newbie reaching mid Foundation Stage was too much of an exaggeration. Even the legendary miracle doctor Zhang Liju didn't reach such a terrifying level back then!

Let alone the GreenCloud Pavilion, there were only two people who had reached the peak of the early Foundation Stage-Murong Zhen, who joined halfway through, and Meng Tong, who had been beaten to a pulp by Lin Yi.

Murong Zhen was already at the peak of the early-stage Foundation establishment before he came to the three pavilions. This was nothing to be surprised about.

As for Meng Tong, if Lin Yi wasn't there to compare him to, he could be considered a legendary newcomer in the welcome Pavilion. After all, he went from Sky Class full master all the way to Foundation peak early stage in just a few months. If one didn't take into account the evil ways of the meridian heart-shattering pill, this speed was already scary enough, and 99% of the newcomers couldn't catch up.

Unfortunately, his opponent was Lin Yi. As the saying goes, "if there's a talent, there's no talent." Besides, Meng Tong didn't seem to be at Zhou Yu's level.

Even Meng Tong and Murong Zhen, the two peak early Foundation Stage practitioners, paled in comparison to Lin Yi. The other newbies, naturally, paled in comparison.

In an instant, everyone looked at Lin Yi with deep respect.

As they watched Lin Yi grow stronger and stronger, their respect for him was rooted in their bones. Even if Meng jueguang wanted to order them to go against Lin Yi in the future, it would be hard for them to listen.

Chapter 3942 The End Of The Newcomer's Competition

Let alone the others, even Meng jueguang himself felt a little guilty when facing Lin Yi, let alone these Sky Class peak Masters.

Murong Zhen's eyes lit up as he looked at Lin Yi, a hint of jealousy in his eyes! Why? why is Lin Yi protecting you when you're going against him? And Lin Yi wasn't interested in a beauty throwing herself at him?

Shangguan LAN 'er, just you wait, I'll make Lin Yi fall under my skirt! I'll join forces with him and make you wish you were dead!

"Junior Brother Lin, you've completely secured the first place this time. Congratulations!" The poor guy was genuinely happy for Lin Yi.

According to the rules, the winner could get all the points of the loser. Lin Yi already had two hundred and eighty-one points, and with Meng Tong's one hundred and eighty points, his total was four hundred and sixty-one points. It was a terrifying result.

The other newbies in the pavilion might not even have as many points as Lin Yi even if they combined all their points, let alone chasing him. They weren't even on the same level.

"The points are secondary. However, I was a little careless this time. I miscalculated." Lin Yi looked at Meng Tong from afar and said regretfully.

According to his original plan, he would kill Meng Tong this time to avoid any future trouble. After all, the current Meng Tong was a completely different person from before. He could ignore the previous idiot Meng Tong, but he had to be careful of this one.

In Lin Yi's expectation, the twenty-four forms of the wild fire Fist was enough to kill a peak-level early Foundation Stage practitioner, but Meng Tong had taken the meridian heart-breaking pill, and was different from the normal way of leveling up. It was hard to say if he could kill him this time.

Unfortunately, the battle was over, and it was too late for Lin Yi to finish him off. He should've used all his strength and used the 23rd Style of the flaming Eight Trigrams palm.

"In my opinion, Junior Brother Lin, you don't have to be disappointed. Meng Tong is so badly injured that it's hard to say whether he can survive. Let's just leave it to fate." The miserable senior brother consoled.

"Yes, that's the only thing we can do now." Lin Yi nodded. He was strong enough to suppress his opponent, and even Meng jueguang was no match for him. There was no need to be too afraid of Meng Tong, even if he was a little strange.

At this moment, the others were still shocked by the battle between Lin Yi and Meng Tong.

From the first day, Lin Yi and Meng Tong had been in constant conflict. The scene of Lin Yi defeating Meng Tong in one move was still fresh in the newbies' minds.

After that, Meng Tong had been trying his best to get back at Lin Yi, but he could only watch as the gap between them grew bigger and bigger. At one point, even Qiao hongcai, Lin Yi's Lackey, could take him down.

Now that he had finally consumed the meridian heart shattering pill, he thought that he could finally make a comeback. However, he did not expect such an embarrassing outcome. Even though Meng Tong's life and death were unknown, the newcomers could not help but feel heartbroken for him.

After the battle, the stage had been destroyed by Lin Yi, and the GreenCloud Pavilion disciples had no choice but to find an empty space to continue their final battle.

With the battle between Lin Yi and Meng Tong, the other challenges didn't have this hair-raising feeling anymore.

Although it could be considered as gambling with their lives, and everyone was fighting very hard, there were many instances where both sides were injured, and the scene could not be said to not be intense, after all, they were limited by their strength, and could only say so much.

What was worth mentioning was that Lin Yi actually came out to challenge Murong Zhen again.

Meng Tong was the one who challenged him, and Lin Yi only had one more chance to challenge someone else.

Lin Yi was doing this not only for his own group, but also for Shangguan LAN 'er. If Murong Zhen decided to accept the challenge, Lin Yi could use this chance to get rid of her.

After the incident at the Half Moon Lake, he had a bad impression of Murong Zhen. If he had the chance, he would not show any mercy to a woman. He would beat her to death.

Unfortunately, Murong Zhen was smart enough to admit defeat. Fifty points weren't important to her at all, and Lin Yi's strength was already deeply rooted in people's hearts. A woman like her who was good at hiding her strength wouldn't give Lin Yi any chance to take advantage of her.

After that, Murong Zhen went for an eye for an eye, challenging Xiao ran by name. Even if she wasn't Lin Yi's match yet, she could still get back at him with her lackeys.

Lin Yi, on the other hand, was helpless. He was strong now, but he couldn't take Xiao ran's place in the fight. Xiao ran was only in the early Foundation Stage, and he was obviously not Murong Zhen's match.

Xiao ran had no choice but to do the same as Murong Zhen. He handed over fifty points and admitted defeat.

The most important part of the newcomer's test had finally come to an end, and the results were obvious-Lin Yi was first, Qiao hongcai was second, and Li Zhengming was third.

According to the pavilion master Hu Yun Feng's announcement, the points of this year's newcomer assessment would not only affect the treatment and status of those who entered the three great pavilions in the future, but the winners would also receive extraordinary rewards.

The top three from each of the three pavilions would each receive a pill as a reward. They could choose one between the foundation building pill and the foundation breaking pill.

Lin Yi and the other two were all at least in the early stages of the foundational level, so they all chose the breakthrough pill without a doubt. Lin Yi gave the pill to Xiao ran as soon as he got it.

After all, he'd only just broken through to mid-Foundation with three golden elixirs and a Foundation-breaking pill. He wouldn't need this pill in a short time, and even if he did, he could make it himself.

This Breakthrough Foundation pill was even more important to Xiao ran. With his strength and talent, he might be able to surprise Lin Yi and become a peak-level early-stage Foundation.

After a few months, there were a total of six segments, and the newcomer test finally came to an end. The final result was a mix of joy and sorrow, and Lin Yi's group was undoubtedly the biggest winner among all the newcomers.

After the newcomer's assessment, the new members of the welcome Pavilion could finally heave a sigh of relief. They could finally relax after being on tenterhooks for so long. Those who needed to rest and reorganize, those who needed to cultivate, all had their own plans.

What Lin Yi needed to do now was to stabilize his realm. Although he was very strong towards Meng Tong, he had just broken through not long ago. He had to rely on a lot of elixirs to succeed, so stabilizing his realm was very important. Otherwise, there might be hidden dangers in the future.

Chapter 3943 The King Of Trash Is Looking For You

During this time, there was a piece of news that caught Lin Yi's attention. It was from li Zhengming, about Meng Tong.

After the newcomer's assessment had ended, Meng jueguang had searched for many holy healing medicines in an attempt to save Meng Tong. However, none of them had been effective. In fact, some of the medicines had even had the opposite effect, almost causing Meng Tong to die on the spot.

However, just as Meng Jue was at his wits 'end and could only watch as Meng Tong died, Meng Tong, who had been tormented by endless pain that was worse than death for several days, actually managed to turn around from the edge of death by relying on his own desire to live.

By now, Meng Tong's injuries had gradually stabilized. Although he would not be able to fully recover in a short time, it was only a matter of time.

"He really is an unkillable cockroach!" Lin Yi couldn't help but frown after reading the report.

He had a bad premonition. After this incident, Meng Tong, who was originally a small character, seemed to be gradually growing into a major threat.

Just like opening Pandora's box, the meridian heart-shattering pill seemed to have created another Meng Tong, a Meng Tong that was even more difficult to deal with. Given time, this guy might grow into a powerful figure, which would be a bit difficult to deal with.

However, Lin Yi didn't have any good ideas at the moment. He could kill this threat before it sprouted. He had the strength, but he didn't have the opportunity to make a move. This made Lin Yi experience the helplessness of Meng jueguang and the others. He couldn't order Li Zhengming to assassinate Meng Tong, could he?

Whether Lee Zheng Ming was willing or not, even if he really wanted to do it, it would be difficult for him to do it under Meng Jue Guang's eyes. If he revealed a slight flaw, he would be finished.

Other than this information, after training hard for a few days and stabilizing his realm, Lin Yi finally decided to go to the market.

During his one month in the back mountain, he had collected a lot of natural treasures and killed some high-level spirit beasts that had their eyes on him.

The corpses of spirit beasts were different from herbs-they needed to be processed by professionals before they could be used. Lin Yi had no use for them, so he might as well trade them in the market.

Lin Yi needed to start preparing for his next breakthrough, but he'd been searching the back mountain for an entire month and still couldn't find the heart-devouring exquisite grass.

This result made Lin Yi even more depressed, and at the same time, it made him realize that it wasn't realistic for him to search for the heart-devouring exquisite herb by himself every time. After all, there was a limit to human strength. It wasn't easy to find the heart-devouring exquisite herb in the back mountain all by himself!

So, he was prepared to go to the Hong Chamber of Commerce again. If Hong Zhong was willing to help him buy it, with his connections and influence as a Big Boss, he didn't dare say he was 100% sure, but it was still better than Lin Yi himself.

Other than that, for some reason, Southern Heaven Gate and Yu Zhe's investigation on Lin Yi had stopped for the past two months, so Lin Yi's trip to the market wasn't too risky in theory.

After making up his mind, Lin Erchong, who had been silent for a long time, appeared in the streets outside the market. His goal was clear-he went straight to find Chen Heihu, who specialized in the spirit beast business.

He'd only met Chen Heihu once, but Lin Yi had a good impression of him.

This didn't mean that Chen Heihu was a good person. In fact, anyone who could do well in a place like the market was never a good person. It was just that Chen Heihu knew how to conduct himself well. He was a smart person who knew when to advance and when to retreat. He was also generous. Working with someone like this suited Lin Yi's taste better.

"Yo, brother Lin, long time no see!" They'd only met once, but Chen Heihu recognized Lin Yi with a smile.

Lin Yi blinked and smiled. "Brother Chen Heihu, how have you been?"

Chen Heihu looked at the big bag of things Lin Yi was dragging behind him and nodded, "Brother Lin, you have to take care of my business again. Every time I see you, something good happens. You're really a rare honored guest, a kind guest!"

"There are some spirit beasts" corpses in this sack. Brother Chen, please give me a price. "Lin Yi didn't hesitate.

"Alright, don't worry, brother Lin. You know what kind of person I am. I'll definitely make sure you're satisfied with the price!" Chen heihu immediately called his manservant and started to get busy.

But he pulled Lin Yi aside and whispered, ""Brother Lin, there's been someone looking for you at the market recently. He seems to have a strong background, so you have to be careful."

"Thank you for the reminder," Lin Yi nodded.

"Hey, what's there to thank? do you have to be grateful for just a reminder between friends? that's too polite." Chen heihu laughed heartily and then said, "Recently, there have been fewer people coming, but they still come out to patrol sometimes. Brother Lin, as long as you pay a little attention, there shouldn't be a big problem."

"Yes, I know what to do. Thank you for your concern, brother Chen." Lin Yi replied.

Although he already knew about this, he still appreciated the favor. If it was someone who was more opportunistic, they would have already secretly sent people to inform Southern Heaven Gate and Yu Zhe, let alone reminding him. After all, the information provided would be heavily rewarded. Who would want to go against spiritual Jade in this year and age?

Chen heihu waved his hand and said, "Oh, by the way, there's another thing. The king of junk seems to be looking for you too. I'm just informing you about this, brother Lin. In fact, it's right for you to ignore this kind of guy who only knows how to talk big but can't produce any actual results."

Lin Yi couldn't help but sweat. It had been a few months since he promised to go to the Qingyun Pavilion to find the king of junk to forge a weapon, and he'd completely forgotten about it. He felt sorry for the king of junk.

Lin Yi was indeed very busy these days-he had to take the newbie exam, and he also had to prepare for refining elixirs to increase his strength. He'd also told the king of junk that he'd be looking for him after a while, but it'd been a few months already. He'd been giving the king the cold shoulder for a while.

"This is my mistake. After a few days, I will go to the GreenCloud Pavilion to find him." Lin Yi replied.

Previously, he had obtained a 10000-year tree crystal and a 1000-year tree crystal from Half Moon Lake. He wanted to discuss with the king of junk how to maximize the value of these things and how to upgrade his steel staff.

Chapter 3944 The Ancient Pure Land

While the two were talking, the servants had finished counting the things Lin Yi brought. After making a list, Chen heihu quickly gave Lin Yi a fair price, eight hundred spirit Jade.

Lin Yi didn't have any objections to this and immediately nodded in agreement. However, what surprised him was that Chen heihu's shop allowed people to use spirit Jade cards. It was the only shop in the outer and middle streets of the market.

The spiritual Jade card was a rare, high-end item. Even Nan tianyong, who was at the peak of the late Foundation establishment stage, could not get his hands on it. The difficulty of obtaining it was evident.

As for the merchants, there were even fewer who had the right to use the spiritual Jade card. On the North Island, unless it was a Business Alliance giant like the Hong Chamber of Commerce, ordinary merchants did not have the right to do so.

From this, it could be seen that Chen heihu was not as simple as he looked on the surface. If he had a wild background, he must have a strong background. If one thought that he was just an ordinary small businessman on the outer Street and looked down on him, they might suffer a big loss.

Lin Yi changed his mind at the last minute, "Brother Chen heihu, besides the spirit beast business, are you also involved in the spirit herbs business?"

Chen heihu was slightly stunned and immediately replied, "Of course, spirit beasts and spirit herbs are not separated. It's just that I've always been focused on spirit beasts and not on spirit herbs. Why are you asking this, brother Lin?"

"I've been searching for some spirit herbs recently, but they're relatively rare and difficult to buy normally. I rarely come to the market, so I wanted to see if you could help me with this. " Lin Yi said.

He had originally planned to ask Hong Zhong for help in gathering the heart-devouring exquisite grass, but after seeing Chen heihu's power, he couldn't help but change his mind. With this guy's connections, he might be able to get the heart-devouring exquisite grass.

"I see ..." Chen heihu stroked his beard out of habit and nodded. "Alright, brother Lin, write down the spirit herbs you need. I'll keep an eye out for them for you. If I encounter any, I'll take them for you. Is that okay?"

"I'm very grateful. The price is negotiable. I won't let you suffer a loss. " Lin Yi was overjoyed and immediately wrote down a series of herbs on the paper. Other than the heart-devouring exquisite grass, there were a few other less common herbs, naturally for cover.

Chen heihu glanced at it. His eyes were curious, but he didn't ask any more questions. He said directly, "Brother Lin, don't worry. Although it's not easy to find these spiritual herbs, with my connections, it shouldn't be a problem. Just wait for the good news."

The tone wasn't small, but it didn't sound out of place when it was used on Chen heihu. It was as if he was born to be this powerful. Even Lin Yi couldn't help but sigh. This guy was a strange person!

After finishing, Lin Yi walked out of Chen heihu's shop and headed towards the inner street. Fishing required a wide net. Even if he had high hopes for Chen heihu, he couldn't put all his hopes on one person. He still had to make a trip to the Hong Chamber of Commerce.

The Foundation Stage golden core was useful to all Foundation Stage cultivators, after all, so the more the heart-devouring exquisite grass was, the better it was for Lin Yi. He didn't have to worry about not being able to digest it.

On the way to the inner street, Lin Yi didn't forget to pay attention to the small shops on the outer and middle streets. These places didn't have much high-end stuff, but if he paid attention, he might have a chance to pick up something.

Some people with extensive knowledge and outstanding vision even made a living by picking up scraps. For example, Yu Zhe had done this kind of business before.

Lin Yi didn't have Yu Zhe's three years of experience in the library, and he didn't know all kinds of treasures, but he still had a damn thing with him!

No matter how many ancient books and classics Yu Zhe had read, in terms of knowledge, ten couldn't compare to one ghost.

There were so many shops in the market, and if he paid attention, he'd be able to pick something up. As expected, Lin Yi soon found an unexpected surprise in an inconspicuous roadside stall.

It was a pot of Blue Grass, called blue light grass. It was one of the more common spiritual herbs, but what caught Lin Yi's attention wasn't the blue light grass, but the black mud that no one would pay attention to.

Lin Yi wouldn't have noticed it if it wasn't for the damn thing's reminder. Compared to the normal blue light grass, this black mud was much more powerful.

It was called Pure Land. According to the ghost, this kind of soil only appeared in ancient times. It was a magical land that could breed life and spirituality. Later, due to environmental changes, Pure Land gradually became a legend. Now, no matter how much money one spent, one might not be able to find it.

What made Lin Yi's heart skip a beat was that if pure Land was used in forging, it could increase the weapon's spirituality. This kind of weapon's spirituality could only be understood, not explained.

It would not increase its attack power, nor would it increase its other special abilities. There might not be any obvious intuitive effect in the short term, but the weapon's spirituality was a mysterious thing. It would only slowly manifest its magic over time.

A weapon with a spirit and a weapon without a spirit were on two different levels.

Without intelligence, it would forever be a dead object. However, once it gained intelligence, it meant that it had infinite possibilities. Even the legendary growth-type weapon was no longer out of reach.

First the ten thousand year tree crystal, then the ancient Pure Land. Lin Yi was getting more and more interested in his meeting with the king-he couldn't wait to see what the steel staff would look like when it leveled up.

However, the most important thing right now was to buy the Pure Land first.

"Boss, how much is this blue glow grass?" Lin Yi asked, his face calm.

This kind of thing like picking up scraps was to make a fortune silently. Even if one knew that the ancient Pure Land was a treasure that could only be encountered by luck and not sought, one absolutely couldn't show any strange expression on his face.

Things like this happened quite often in the market, and every stall owner was extremely sensitive to it. If Lin Yi revealed even the slightest flaw, it could cause a lot of trouble.

The owner sized Lin Yi up and felt that he looked familiar, but he couldn't really remember who he was. After all, southern sky Gate and Yu Zhe's side had been giving up for the past two months, and even if he'd seen Lin er's portrait, his impression of him was a blur.

"Seven pieces of spiritual Jade!" The stall owner was too lazy to think about it and quoted the price without a second word.

Lin Yi couldn't help but smile and shake his head, "boss, you're ripping me off. Blue glow grass has some value, but it's a very common spiritual herb. You're not the only one who has it. The price is too ridiculous."

Chapter 3945 The Secret Was Discovered

The owner couldn't help but pause at Lin Yi's experience, "Then I'll take a step back. Six spiritual jades. Look at the quality of my blue light grass. It's not something you can find anywhere."

Lin Yi calmly extended a hand. "Five, not one more."

"You ..." The owner wanted to try again, but seeing Lin Yi's determined expression, he thought that five spirit Jade was already quite a profit for the blue glow grass. He nodded, "Alright, five pieces of spiritual Jade then. I'll pack them up for you."

After saying that, the stall owner was about to dig out the blue glow grass from the pot out of habit. Those who came out to buy spiritual herbs were basically out to make elixirs and not to grow them back home, so they usually took them away in bags to make it easier to carry.

Lin Yi's eyes twitched as he stopped her, "Wait a minute. Boss, give me the pot directly. I'll take it back and plant it."

What kind of joke was this? he was here for the ancient Pure Land in the basin. Buying the blue glow grass was just a cover to deceive people.

"Alright, whatever you want." It was just an ordinary basin anyway, so the stall owner didn't suspect anything and nodded in agreement.

Lin Yi let out a breath of relief and tried to get the Jade out, "If I may ask, where do you usually cultivate your spirit herbs? I see that the color of your spirit herbs is quite good."

He was testing the waters because he wanted to know where the other party had dug up the soil. If he could find out, he might be able to get more Pure Land.

"Hehe, you flatter me. I don't know how to cultivate spiritual herbs myself. These are all purchased from others. For example, this blue glow grass of yours, even the soil was purchased from an unfamiliar rogue cultivator." The owner took the spiritual Jade from Lin Yi's hands and laughed happily.

"So that's how it is." Lin Yi nodded, disappointed. There was no point in asking anymore since he was an unknown practitioner.

But just as Lin Yi was about to turn around and leave, he heard a familiar voice behind him. "Young hero Lin, what a coincidence to meet you here."

Lin Yi's body froze-he didn't even need to turn his head to know who the voice belonged to. It was his nemesis, Meng jueguang.

Why would this guy appear here?

What shocked Lin Yi even more was the fact that he was wearing a mask-how did Meng jueguang recognize him?

Just as Lin Yi was in shock, Meng jueguang walked up to him and patted his shoulder affectionately, his face full of joy."Lin shaoxia, even if we have a little bit of history, you don't have to pretend that you don't know me, right? No matter what, I'm still your eldest senior brother in charge!"

With nowhere to run, Lin Yi forced himself to face the man and put on a blank face."Who are you?"

Meng jueguang froze and looked at Lin Yi. His face changed and he said awkwardly,"So you're not Lin Yi, I've got the wrong person."

Lin Yi let out a breath of relief-it'd be really dangerous if Meng jueguang found out that Lin er was the same person as him.

By then, Meng jueguang would spread the news to the southern Heaven Gate, and even with Lin Yi's mid-foundation strength, it would be hard for him to deal with such a powerful enemy. He didn't even know if he could keep his life.

Not daring to stay any longer, Lin Yi picked up the blue light grass and glanced at Meng jueguang before turning around to leave.

Meng jueguang pinched his chin as he watched Lin Yi's back disappear into the distance. From the back, this person looked exactly the same as Lin Yi-not just the figure, but even the aura was the same!

Unconsciously, Meng jueguang's gaze swept across the stall owner's hand and he was stunned. The spiritual Jade in the stall owner's hand looked very familiar.

"Boss, let me take a look at your spiritual Jade!" A thought flashed through Meng jueguang's mind and he hurriedly called out.

"Why?" The stall owner looked at him warily. Was there something wrong with this person's brain? who would ask for spiritual Jade for no reason? was he trying to Rob someone in broad daylight?

Meng jueguang took out two pieces of spiritual Jade and threw them in front of the man. "I'll exchange two pieces for one of yours. Is that okay? give it to me now!"

The stall owner examined the two pieces of spiritual Jade doubtfully and found that they were both good Jade filled with spiritual energy. He then threw the spiritual Jade that Meng jueguang had pointed out.

Meng jueguang took it and flipped through it carefully twice, thoroughly confirming that the spiritual Jade in his hand was one that he had used before!

It was a complete coincidence. As everyone knew, the process of cultivation had always been boring. Once, when he was using the spiritual Jade to cultivate, Meng jueguang had a sudden impulse to try out a micro-carving on the spiritual Jade.

The result proved that he did not have this talent at all. The beautiful statue was sculpted by him, and it was extremely ugly and unsightly, which was why he had this strange spiritual Jade in his hand.

However, Meng jueguang remembered clearly that this piece of weird spiritual Jade should have been with the other pieces of jade and given to Meng Tong and the others to exchange with Lin Yi. How did it appear here?

In addition, there was another thing that greatly puzzled Meng jueguang. The Jade he had given Meng Tong before was a useless piece of Jade that had almost exhausted its spiritual energy, but the one in his hand was clearly a good piece of Jade that was full of spiritual energy!

Today's matter was really strange!

However, if the spiritual Jade in his hand was not the same one he had, then it would be too much of a coincidence. The same spiritual Jade of similar size had the same pattern!

Back then, Meng jueguang had clearly remembered that when he had been bored to death, he had casually carved a figure on the spiritual Jade. It was a symbol that represented him, Meng jueguang. Of course, only he himself knew what it meant!

If one didn't look carefully, they would think that this was formed accidentally when they were mining spiritual Jade. It wasn't a big deal!

If Meng jueguang was a famous master of micro-carving, it would not be surprising. The signature or mark of a master of micro-carving had always been highly sought after, and it was normal for people to deliberately imitate it. But the problem was that he was a pure layman. Why would he waste his spiritual Jade to imitate a failed product like him?

Therefore, no matter how unbelievable it was, Meng jueguang was at least 90% sure that the spiritual Jade in his hand was the same one he had before. It was just that for some reason, someone had re-injected spiritual energy into it!

Chapter 3946 Meng Jueguang's Suspicion

This guess was bold and bizarre, but it was not entirely impossible.

Meng jueguang knew that the spirit Jade Hall had a special method to transfer spiritual energy into useless Jade and turn it into a treasure. However, this process was extremely long and would take at least several hundred years.

The world was full of wonders and cultivators were all wise and resourceful. Since there was a precedent of the spirit Jade Hall, it might seem unreliable to charge the spirit Jade in a short time, but it was not entirely impossible.

If that was really the case, then the meaning that this spiritual Jade represented really needed to be carefully thought over.

"Boss, where did you get this spiritual Jade?" Meng jueguang asked.

The stall owner looked at him in confusion and said, ""The customer just now gave it to me."

As expected, it was him! This answer caused Meng jueguang's heart to tremble. Now, he finally realized that this person had looked very familiar at first sight, because he had seen this person before!

When Yu Zhe had come out to look for Lin er, he had a portrait of Lin er in his hands. Although it was somewhat different from the real person, the general outline was correct. Meng jueguang happened to have carefully looked at this portrait.

In other words, the guy he mistook as Lin Yi was the Lin er that the southern Heaven Gate and Yu Zhe were looking for!

What made Meng jueguang even more suspicious was the fact that Lin er had his weird spiritual Jade on him. It was supposed to be in Lin Yi's hands-what did this mean?

In addition, in order to find this Lin er, Yu Zhe had run to the welcoming new pavilion several times. The truth behind this had already been revealed.

Meng jueguang was at least 70% sure that Lin Yi and Lin er were the same person, only that they had changed their appearance through some kind of method!

In the world of cultivation, it was not uncommon to change one's appearance. In addition to the use of props such as human skin masks, even some obscure martial arts techniques could achieve the same effect.

Even Meng jueguang himself found this speculation hard to believe, but if he thought about it carefully, he would realize that all the previous signs were corroborating with each other!

Just the fact that a useless Jade with thin spiritual energy had suddenly become a good Jade with abundant spiritual energy was enough to explain Meng jueguang's doubts.

Although it was Meng jueguang himself who had mocked Meng Tong and the others at the beginning, using the despicable method of exchanging useless Jade for good Jade to trick Lin Yi, and because of the repeated success of the same method, Meng jueguang was secretly pleased and thought that Lin Yi was an idiot who couldn't even tell the difference between good Jade and useless Jade.

But after that, he'd stumbled time and time again at Lin Yi's hands. He'd even watched Lin Yi grow into a master that even he himself was scared of. Meng jueguang couldn't help but wonder if Lin Yi, a legendary newcomer, was really stupid. Force?

If Lin Yi really was an idiot ... If he was a B * stard, how could he have come to this point? and what was Meng jueguang? Even a F * ck could step on his sh * t and pee?

For this kind of thing, even if one used their toes to think, they would know that there must be a hidden story.

Only a brainless idiot like Meng Tong would think that Lin Yi was a lucky idiot. But he, Meng jueguang, was a smart man. Even if he had been momentarily carried away, he would naturally come back to his senses after a long time.

Now that she thought about it, trading useless Jade for good Jade was exactly what Lin Yi wanted. It was clear that this guy was the one who had been luring them to give him useless Jade all this time.

Otherwise, even if Lin Yi really did something stupid, the people around him would've stopped him long ago if they realized something was wrong. They couldn't just let him be until now, not caring at all.

For a normal person, using one's own good Jade to exchange for someone else's useless Jade, even if it could be exchanged for more, that was still an out-and-out prodigal.

But Lin Yi was obviously different-if his guess was right, he should have a way to quickly recharge the Jade!

This was the only way to explain why the spiritual Jade in Meng jueguang's hand had turned from a useless piece of Jade to a good piece of Jade. This was the only way to explain why the crude trick of exchanging useless Jade for good Jade, which could be seen through by ordinary people at a glance, could succeed again and again.

This was all Lin Yi's doing, waiting for them to come and give him useless Jade.

They were still gloating at first, thinking that they'd gotten a huge advantage from Lin Yi, but now that they thought about it, they'd been played in the palm of this guy from the start!

Now that he'd put everything together, the truth was clear-even if there were still some doubts, they'd only need further confirmation. From what Meng Jue could see, the fact that Lin Yi was Lin'er was a fact!

"Hehe, today's trip to the market City was not in vain!" Having thought this through, Meng Jueguang couldn't help but sneer.

Originally, he'd already planned on making peace with Lin Yi because of Lin Yi's overbearing behavior-after all, a wise man submits to circumstances. This was something he couldn't do anything about. Lin Yi's strength now was so strong that even he, Meng Jueguang, was scared witless. What else could he do?

Now that things had come to this, it was unrealistic for him to expect his men to kill Lin Yi. Whether it was Meng Tong or Murong Zhen, they were far from being Lin Yi's opponent.

Meng Jueguang was a smart man, after all-he'd realized that if he and Lin Yi continued fighting, he'd be the one to suffer.

Meng Tong had already escaped death once, and if he were to do it again, he'd probably be dead by then. If things really did develop to that point, Meng Jueguang would be in a completely passive position. Even if he became the third Pavilion master, he wouldn't be able to suppress the overbearing Lin Yi if he didn't have anyone under him. His situation might be even worse than Lu Bianren's!

And so, he'd decided to play along with Lin Yi for now-as long as the situation was under control, he didn't mind losing face a little. He'd settle the score with Lin Yi after he'd secured his position as the 3rd house master.

It was precisely because of this consideration and plan that he'd been so polite when he'd met Lin Yi at the market, even calling him "young hero Lin"-it was clear how empty his heart was right now.

Chapter 3947 Nan Tianba Is Back

However, those were all thoughts from before. Things were different now that he had a huge handle on Lin Yi.

As long as he could confirm that this was true, then the situation wouldn't be him bowing down to Lin Yi anymore-it'd be the other way around!

Meng jueguang laughed coldly. If he used this well, no matter how strong Lin Yi was, he wouldn't be able to escape from him!

What made him even happier was the fact that Lin Yi could turn a useless Jade into a good one-he was like a hen that laid golden eggs! As long as he could control him, he'd be able to soar in the future!

According to Meng jueguang's speculation, the secret should be in the tenth spirit Jade Kuangqu! Back in the common world, Lin Yi didn't even know what spirit Jade was! After Lin Yi entered the tenth Kuangqu, he kept mining for good Jade. It seemed like there was something like a spiritual eye in the tenth mine, and as long as he put Jade in it, it would be filled up quickly!

This also explained why Lin Yi was able to find good Jade, but he and Meng Tong couldn't! The Jade was not dug out, but rushed out!

Lin Yi, on the other hand, was drenched in cold sweat. Even with his personality, he couldn't help but feel scared.

Although his reaction just now had not revealed any flaws, his intuition told him that a cunning fox like Meng jueguang would not be so easily fooled.

He had to be prepared for the worst, and the only thing he needed to think about was what he'd do if Meng jueguang found out about his identity.

If that really happened, Lin Yi's situation would be extremely disadvantageous. Meng jueguang could use this to blackmail him, but Lin Yi wouldn't be able to do anything to him.

The opponent was first Shixiong, and might even be the third house master in the future. No matter how strong Lin Yi was, he had no chance of fighting him face to face. Unless he took the risk and found a chance to assassinate him, it wasn't impossible, but the risk was huge.

"Now that things have come to this, we can only take one step at a time." Lin Yi shook his head, thinking that he'd miscalculated. He couldn't be sure if Meng jueguang had found out or not, so he could only bide his time.

Today's trip to the market City had not been met by Yu Zhe and the others who had been deliberately trying to find him, but by Meng jueguang. This kind of thing couldn't be described as cheating, it was simply cheating eighteen generations of ancestors!

Lin Yi wiped the cold sweat off his forehead and suppressed his worries. He went to the Hong Chamber of Commerce as planned.

Lin Yi's sudden visit surprised even Hong Zhong, who was usually calm and collected.

Unlike Lin Yi, with Hong Zhong's position and level, plus the fact that he had close connections with many of the higher-ups of the three pavilions, even the slightest movement in the three pavilions couldn't escape his eyes and ears.

Perhaps in Lin Yi's knowledge, only Southern Heaven Gate and Yu Zhe were investigating Lin er's identity, but Hong Zhong knew that the leader of the three Nan brothers, Nan Tianba, had returned from his mission.

Even among the core disciples of the three pavilions, he was known to be someone not to be trifled with. Furthermore, he had the backing of the Nantian family of the central island. Many of the higher-ups in the three pavilions were rather tolerant of him.

Moreover, everyone knew about Nan Tianba's protectiveness. After he learned of Nan tianyong's death, he would definitely fly into a rage. Although he did not know why he did not cause any big movements for the time being, one thing was certain. This person would definitely not let go of the investigation of the enemy who killed his brother.

Facing the threat of such a strong enemy, nothing had happened to Lin er so far. Not only was he safe and sound, but he even dared to walk out of the city square in public. Such courage and ability made Hong Zhong dumbfounded.

What shocked Hong Zhong even more was that Lin er's strength had increased by another level in just two to three months. Lin Yi's mid-Foundation Stage could fool others, but not Hong Zhong.

With Hong Zhong's unfathomable strength and vision, no one could hide their cultivation level from him unless they were at the same level as him. Lin Yi was no exception.

This Lin'er looked young. The last time they met, he could clearly feel that he had advanced not long ago. However, he did not expect that from the peak of the early stage to the middle stage of the foundation building realm, a threshold that ordinary people might not be able to cross in a hundred years, he had actually done it in just two or three months. Even Hong Zhong, who had seen countless people, had never seen or heard of such a thing.

"Young hero Lin, long time no see, how have you been!" Hong Zhong secretly suppressed the surprise in his heart and took the initiative to stand up and welcome him.

"Manager Hong, how have you been?" Lin Yi smiled and cupped his hands in greeting. "One doesn't come to the temple without a reason. I have come today to ask for a favor. I hope shopkeeper Hong can help me."

"No problem, no problem. Young hero Lin, just say what you need. I will do my best." Hong Zhong immediately said.

He'd been through a lot, and his eyes were sharp. Lin Yi was now a potential player in Hong Zhong's eyes, someone who'd make a name for himself in the future. He'd be too short-sighted if he were to be so calculative-doing Lin Yi a favor now was something he couldn't ask for more.

Lin Yi was overjoyed. He immediately repeated what he said to Chen heihu to Hong Zhong.

After hearing this, Hong Zhong immediately called the manager of the shop, er ti Ming, and gave him some instructions. It was just a small matter for him to purchase rare spiritual herbs like the heart-devouring exquisite grass, and someone would do it for him.

Doing Lin Yi a favor for something so simple was a huge profit, even from a business perspective!

"Then many thanks, manager Hong." Lin Yi said gratefully. This way, he finally had some confidence in getting the heart-devouring exquisite grass.

With a giant like the Hong Chamber of Commerce and a wild and powerful person like Chen heihu, if he still couldn't get the heart-devouring exquisite grass, then it'd be God's will. Lin Yi had no fate with the heart-devouring exquisite grass.

"You're too kind, young hero Lin. " Hong Zhong smiled, reminding Lin Yi before he left."The eldest of the three Nan brothers, Nan Tianba, has returned. This man is no ordinary person. He seems to have encountered some trouble recently, so he hasn't made any moves. However, don't underestimate him."

"Thank you for your reminder, manager Hong." Lin Yi blinked-he'd never heard of what happened with Nan Tianba, and Hong Zhong's reminder came at the right time.

Chapter 3948 Waiting

This information wouldn't have affected Lin Yi much before-he'd successfully shifted the attention of the southern sky Gate and Yu Zhe to Zhaoming, after all. Nan Tianba should've been misled as well.

But the sudden situation just now had placed this danger in front of Lin Yi's eyes. If Meng jueguang really did see through his identity and told the southern Heaven Gate and Yu Zhe, then he had to think about how to deal with the southern Heaven BA!

Now that he'd broken through to the mid-Foundation Stage, Lin Yi's strength had increased by a huge amount. If he was given a good enough opportunity, he might be able to kill Nantian gate like he did to Nan tianyong.

But if the opponent was Nan Tianba, who was on a completely different level, then there was nothing he could do. He didn't want to admit it, but it was the truth-there was no way he could win against such a strong opponent. He could only run, and he might not even be able to escape!

Lin Yi had to be prepared for the worst-it'd be a tragedy if he let things get to this point.

After leaving the Chamber of Commerce, Lin Yi didn't stay for long and went straight back to the pavilion. Before he returned to the cave, he looked for a remote corner and sized it up from a distance, and what he saw made his heart drop.

Meng jueguang and Murong Zhen were sitting at the coffee table next to the wooden house, flirting, drinking tea, and chatting.

Lin Yi wasn't surprised at all that the couple was hanging out together, but Meng jueguang's appearance here wasn't to fool around with Murong Zhen. He clearly had other intentions.

This Meng jueguang was clearly trying to use this opportunity to confirm whether he was the Lin er he had met at the market earlier!

It was a good thing that Lin Yi was cautious enough-if he'd just appeared out of nowhere, even if Meng jueguang wasn't sure at first, he'd be completely suspicious.

Lin Yi immediately dismissed the idea of returning to the cave and stayed where he was, wasting his time with Meng jueguang.

Lin Yi had always been in isolated practicing anyway-as long as he didn't show up on his own, Meng jueguang wouldn't be able to confirm if he was in the cave or not. It was useless even if he tried to call the door-practitioners never talked to anyone when they were in isolation.

Meng jueguang stayed in Murong Zhen's wooden house until midnight, but Lin Yi was nowhere to be seen. He left unwillingly, even instructing Murong Zhen to keep an eye on Lin Yi's movements.

However, Lin Yi's patience was far beyond that of ordinary people. After Meng jueguang left, he waited until he made sure that Murong Zhen was completely silent and let his guard down before quietly returning to his own cave.

This response might not be able to dispel Meng jueguang's suspicions, but it was still better than him making his own speculations. As long as there was no concrete evidence, this matter would still be a groundless one, and Meng jueguang wouldn't dare to act rashly. This was the only chance Lin Yi could fight for.

A few days later, Meng jueguang didn't come looking for trouble again, and there was no news from Southern Heaven Gate and Yu Zhe either. Lin Yi's response seemed to have a good effect.

Immediately after, the pavilion master of the welcoming new pavilion, Hu Yun Feng, once again gathered all the newcomers of the three great pavilions. Although the newcomer assessment had ended, it did not mean that the newcomers were completely free.

Back then, before he announced the start of the newcomer examination, Hu Yunfeng had personally told all the newcomers that he would give the mysterious Pavilion and GreenCloud Pavilion's newcomers a chance to challenge someone from another Pavilion.

Cross-Pavilion challenge! From the time the newcomers had joined the welcoming new pavilion, so many things had happened. There had been so many trials and tests. This was the first time that it had ever happened. Before this, the three great pavilions had always conducted their own tests.

All of a sudden, the atmosphere between the newcomers of the three pavilions was obviously more tense and hostile. Putting aside what happened internally, this could be said to be a competition between the three pavilions. It would not be an exaggeration to say that it was a class struggle.

At the very least, at this moment, the newcomers present had a rather collective consciousness.

The root of this cross-Pavilion challenge was to show fairness. Although everyone knew that the law of the jungle was the unchanging truth in the cultivation world, as the higher-ups of the three great pavilions, this kind of superficial act was still necessary.

Even if he couldn't shut everyone up, it was enough to make most people speechless.

At this moment, the atmosphere was unprecedentedly tense. Many of the new disciples of the mysterious Pavilion and the GreenCloud Pavilion were drooling over the mountain top immortal's cave of the rising Sky Pavilion's new disciples. They wanted to replace it even in their dreams.

Now that this opportunity was truly placed in front of them, all of them hesitated to move forward.

As the natural disadvantageous group of the three great pavilions, each of them wanted the so-called fairness. However, when they were given the opportunity to fight with others, they did not have the confidence to do so.

Putting aside Lin Yi and the few other weird newbies, the strength of all the newbies present was clearly far above the other two pavilions, especially the GreenCloud Pavilion's newbies.

Even if people like Lin Yi and Murong Zhen were included, there were only six Foundation Stage disciples in the pavilion, and the rest were Sky Class full Masters. There were ten early Foundation Stage disciples in the pavilion!

In the past few months, the rising Sky Pavilion's new disciples' deep backgrounds had finally begun to show their usefulness. Even if they couldn't get the foundation building pill during the new disciples' trial, they could still get it through various private channels.

With their talent and Foundation, as well as the elixirs they had, their success rate in breaking through to the foundation building realm was naturally not low. The fact that there were 10 early foundation building experts among the 15 new disciples of the rising Sky Pavilion was proof of this.

As for the new disciples of the profound secrets Pavilion, although these old men could indeed be considered powerful during their time as new disciples, strength was not the only thing that could break through to the foundation establishment stage. In terms of medicinal resources, they clearly could not be compared to the second and third generations of cultivators of the rising Sky Pavilion. As a result, only six people had successfully reached the foundation establishment stage, which was the same as the new disciples of the GreenCloud Pavilion.

All in all, the strength of the new disciples of the three pavilions wasn't much different from the previous years, not mentioning the new freaks like Lin Yi. The rising Sky Pavilion was the strongest, followed by the mysterious Pavilion, and the GreenCloud Pavilion was still the weakest.

One of the reasons for this was the unfair distribution of resources. However, things had already become a foregone conclusion. The newbies of the GreenCloud Pavilion could only grumble a few words at most, and it was of no use.

Chapter 3949 Cross-Pavilion Challenge

Now that the so-called fair cross-Pavilion challenge opportunity was placed in front of them, it made them even more speechless and speechless.

Pavilion master Hu Yun Feng took in the expressions of the newcomers and sneered inwardly. Aren't you bunch of newbies clamoring for fairness? now that a great opportunity is placed here, this Pavilion master would like to see how you're going to face this dream of fairness!

In the face of such a difference in strength, the originally smug newbies of the profound secrets Pavilion and the GreenCloud Pavilion were all silent for a moment.

Although the new members of the pavilion were strong, it didn't mean that they were all at the early Foundation Stage. At least five out of fifteen of them were Sky Class full Masters, so they weren't that strong.

However, the problem was that if only a few people came forward to challenge them, even if they succeeded, they could easily imagine what would happen to them when they reached the territory of the rising Sky Pavilion.

Not only would they become the target of public criticism, but they might even be blacklisted by the many disciples of the rising Sky Pavilion. From then on, they would be targeted at every aspect, making it difficult for them to advance. This was not something an ordinary newcomer could bear!

In the end, the mentality of cultivators was not much different from that of ordinary people. When their strength was not strong enough, they would have the mentality of following the crowd.

If everyone had issued a challenge to the rising Sky Pavilion's newbies, perhaps many of them would have been eager to give it a try. However, now that everyone was filled with apprehension, the scene had inevitably fallen into an awkward silence.

In the eyes of the mysterious Pavilion's new disciples, although the cave abode on the summit of the rising Sky Pavilion was good, their current cave abode was not bad either. Just this small difference was not enough for them to take the risk.

As for the GreenCloud Pavilion's newbies, they were really envious of the cave at the top of the mountain. However, most of them were only at the great circle of the heaven class. Even if they were to face the weakest newbie in the rising Sky Pavilion, they might not have a chance of winning. If they really jumped out to challenge him, it would be a joke.

"What's wrong? Isn't this what you all strongly requested? why aren't you all saying anything now?" Hu Yun Feng deliberately glanced at the new disciples of the GreenCloud Pavilion and said disdainfully with a raised eyebrow.

The rookies were all speechless and unconsciously shrunk their necks. At this time, they did not dare to step forward.

"Cross-Pavilion challenge. This is because you strongly requested it. This Pavilion master deliberately applied to the higher-ups, but in the end, you don't even dare to let out a fart. How can you become a great person in the future if you are so timid and irresponsible?" As Hu Yunfeng lectured the newcomers, his eyes finally fell on Qiao hongcai. He still clearly remembered that this guy had been the loudest.

Under Hu Yunfeng's gaze, Qiao Hong Cai suddenly lost his cool. He had a fiery temper to begin with, so how could he stand the provocation of a hypocrite like Hu Yunfeng?

Furthermore, with his current strength, unless he was up against someone like Meng Tong or Murong Zhen, who was at the peak of the early stage of the foundation building realm, he should be able to win against any of the experts from the rising Sky Pavilion. At the very least, he should be able to put up a fight.

However, Lin Yi had instructed him and Xiao ran not to challenge him rashly. Both Qiao hongcai and Xiao ran were not the kind of people who liked to pick on the weak. However, if they were to challenge the same level early stage Foundation establishment cultivators from the rising Sky Pavilion, it was hard to say how much of a chance they would win. The risk was not small.

And because of Lin Yi's existence, he could guarantee that the two would have enough elixirs. In comparison, their need for the cave wasn't too high. It wasn't worth the risk just for the cave.

Qiao hongcai had a fiery personality, but he always listened to Lin Yi. Since Lin Yi had spoken, he could only suppress his impulse and close his eyes, ignoring the mockery in Hu Yunfeng's words.

Qiao Hong didn't care about Hu Yunfeng, and Xiao ran didn't either. As for the other powerful experts of the GreenCloud Pavilion, Meng Tong was still in a state of serious injury, Murong Zhen was kicked out of the rising Sky Pavilion, so he wouldn't come to them and make a fool of himself. Li Zhengming was trying to keep a low profile, so he didn't show any intention of challenging them.

"Still no one wants to challenge me? I've heard many people talking about how awesome and heaven-defying the new disciples of the GreenCloud Pavilion are, but now it seems like all of that is just a joke. Is this what you call "powerful"?" Hu Yunfeng continued to provoke him.

Not only was he being unreasonable, but this was also a rare opportunity for him to consolidate his prestige. He wanted to teach these ignorant newcomers a lesson so that they could manage them better in the future.

However, he forgot that not all newbies would be suppressed by his power, at least not Lin Yi.

Not letting Qiao hongcai and Xiao ran challenge him didn't mean that Lin Yi couldn't do it himself. Don't forget that with his current strength, he could completely suppress any newbies. There was no risk at all.

"Pavilion master Hu, it seems like you haven't even announced the specific rules yet. How are we supposed to challenge you? Isn't it a little too early to say that you're a turtle?" Lin Yi said calmly.

Hu Yun Feng's face turned red, and he immediately realized that he had been a little too hasty. He straightened his neck and said, ""You're just a newbie. You don't have any comprehension. Do you need me to say more about this? the rules are the same as the arranged battle. The only difference is that you can challenge someone from another Pavilion!"

Lin Yi smiled nonchalantly and stood up. "Alright then, I'll take the lead and challenge the rising Sky Pavilion's newbie, Kang Zhaoming."

The words caused a huge commotion as everyone's eyes focused on Zhaoming.

Looking at all the new disciples of the three pavilions, there were two people who were the most famous. One was the freak Lin Yi of the GreenCloud Pavilion, and the other was Kang Zhaoming of the rising Sky Pavilion, who was supported by young master Xu and the pavilion master Hu Yunfeng.

The key point was that these two people were both from the secular world, and it was said that there was even a deep hatred between them. Unfortunately, because they belonged to the GreenCloud Pavilion and the rising Sky Pavilion, they were basically Kings who didn't see Kings in the eyes of the public, and there had never been an opportunity for them to meet each other.

However, this time, the opportunity had finally come. Everyone present had the intention to watch the show.

Kang Zhaoming had expected Lin Yi to call him out in front of everyone. With their history, Lin Yi would definitely make a move on him when the opportunity presented itself.

Hence, Zhaoming had been preparing for this since the beginning, but his trump card wasn't fully prepared yet.

Kang Zhaoming's eyes turned and he found an excuse, "I'll accept this challenge, but before I go on stage, I need to temporarily entrust some work to someone else, so I'll need some time."

Chapter 3950 Quickly Let Go!!!

It was the same excuse again. It was almost the same as when he had dealt with Shi Yuda in the rookie Challenge.

It'd been a while since he'd used the same tactics-he wasn't like Lin Yi, after all. The guy was a refiner, and even if he had Xu lingchong's support and managed to break through to the Foundation Stage with the help of elixirs, his actual combat strength was still weak. He didn't have any powerful skills, and he had no chance of winning against someone of the same level.

Fortunately, he had learned a pill fire bomb. The lethality of this move was beyond doubt. The only weakness was that it required a long time to prepare. If he did not use any means to delay, his opponent would not be stupid enough to give him this opportunity when he entered the ring.

The other thing was that the pill fire bomb might be immune to certain elemental Arts, but Zhaoming wasn't stupid-he knew how to choose who to use it on.

"You need some time?" Lin Yi raised an eyebrow. With all the grudges he had with Kang Zhaoming, of course, he could see through Kang Zhaoming's little tricks. However, he didn't plan to expose him in front of everyone. He said nonchalantly, "Up to you. After all, you're a new Deacon. You should have some special privileges."

One sentence and all the newbies looked at Kang Zhaoming with jealousy and hostility.

Unlike Lin Yi, even if other people were jealous of Lin Yi's limelight, they would still be respectful of Lin Yi's strength in private. However, Kang Zhaoming was different. Other than the care from Xu lingchong and the master Hu Yunfeng, no one could see any signs of strength from this guy!

He'd fought a few times, and he'd always killed his opponents in one move, but the feeling he gave people wasn't that of a true master-he was more like a sneaky villain who rose to power through love.

It was normal for people to look down on people like him. Even if Lin Yi wasn't a popular guy, it'd be great if he could trample Kang Zhaoming under his feet.

Kang Zhaoming didn't care about the unfriendly gazes from the crowd at all. Instead, he grinned. This Lin Yi was still as stupid and arrogant as ever!

I'll use a pill fire bomb to send you to heaven later. I'll have to properly appreciate what kind of faces these people have!

After a while, when everything was ready, Zhaoming walked up the stage with a victorious smile on his face. He hooked his finger at Lin Yi from afar. "Come on, we can finally settle things between us. But let's get the ugly words out first. Although we are old acquaintances, this Deacon can not guarantee that I will be merciful. I might even kill you later!"

"Hehe ... It's really hard to understand. Where did a guy like you, who only knows how to take advantage of opportunities, get such confidence and courage? are you trying to stall for time with just a small trick?" Lin Yi said with a smile, not thinking much of it.

Kang Zhaoming was never a strong opponent in his eyes. At most, he was on the same level as Meng Tong. Even if he had more brains than Meng Tong, strength was still his weakness.

In the face of absolute power, any strategy was a joke, not to mention that Kang Zhaoming's little tricks weren't considered a strategy at all. At most, they were just small tricks.

"Hmph, petty tricks? This is the only time you can show off your sharp tongue. If you don't die in peace later, don't blame me. " Kang Zhaoming laughed coldly.

In terms of strength, he knew that he wasn't Lin Yi's match. But now that the pill fire bombs were ready, so what if Lin Yi was strong?

When a pill fire bomb was thrown at his face, even the most powerful expert would be blown to smithereens. F * ck.

Last time, Shi Yuda was crippled on the spot, and he was still a cripple after a few months. Lin Yi, this self-righteous idiot, was going to follow in his footsteps soon.

While they were talking, the two of them had already stood at one end of the ring. The crowd below the ring unconsciously held their breath, their eyes wide open in anticipation of this rare battle.

Lin Yi was the strongest newbie in the pavilion, and everyone knew that without a doubt. As for Kang Zhaoming, at least in terms of fame and popularity, he was also the number one newbie in the rising Sky

Pavilion. The battle between the two could be seen as the peak battle of the newbies in the pavilion, and everyone watched it.

With Hu Yunfeng's order, the rookie battle officially began. However, in Zhaoming's eyes, the battle had just started, but it was already over.

He'd expected Lin Yi to die as soon as he threw the pill bomb at Lin Yi's face, and judging from Lin Yi's confident look, the idiot probably didn't realize the danger yet.

Kang Zhaoming really didn't think that all the grudges he had with Lin Yi in the common world would end up like this after coming to Sky Class Island. He killed Lin Yi in front of everyone! This was a beautiful scene that only appeared in his dreams!

"Go to hell!" Kang Zhaoming roared ferociously. The pill fire bomb in his hand that had been accumulating power for a long time flew towards Lin Yi's face without hesitation. At the same time, he exploded all the strength in his body and retreated with all his might.

The pill fire bomb wasn't just powerful, it was also a blind thing. If he wasn't careful, he might even get himself killed. It'd be bad if that happened, so he'd better get as far away as possible.

However, just as the pill fire bomb was about to leave his hand, Lin Yi, who was still a hundred feet away, suddenly moved. Before Zhaoming could react, Lin Yi was already in front of him.

"Your speed is really too slow!" Lin Yi smiled coldly as he grabbed Zhaoming's left hand. "There seems to be something amazing hidden in this hand. Do you need my help?"

In an instant, Kang Zhaoming's body was covered in goosebumps. Not only was he shocked by Lin Yi's terrifying speed, but more importantly, he was holding the pill fire bomb in his left hand!

If this thing was held in his hands for too long, even he himself would not be able to control it. If it accidentally exploded in his hands, then he would be in big trouble.

"Hey, hey, do you want to die? let go of me, you bastard!" Zhaoming was panicking-his trump card had suddenly turned into a hot potato, a deadly charm!

Lin Yi didn't panic, however, and continued to hold his left hand. He raised an eyebrow, "Oh? Isn't this your own scheme to stall for time and secretly come up with this method? why, it seems like you can't control it?"
